RE: Case No. 2022-00301
Big Sandy Water District

Dear Ms. Bridwell:

Please see the attached summaries for the Water Loss Surcharge Fund. At this time, the District has not received any further documentation or reimbursements from KIA. The District will file copies of any correspondence regarding the Cleaner Water Program Grant Funds within seven days of any decision or disbursement made by KIA when it becomes available.

On December 20, 2023 the District requested permission from the Commission to purchase 1,000 Mach-10 Ultrasonic meters in place of the previously approved Neptune T-10 meters. Since we have not heard any objections to our request, the District has ordered 500 of the 1,000 Mach-10 meters and plans to order the additional 500 once the finances are secure in the Surcharge account. The first transaction will most likely be shown in next month's reporting depending on when the meters arrive.

If you have any questions or concerns, please do not hesitate to contact me for further information.

Sincerely,

Jessica Sexton
