 Water Loss Surcharge Funds	 \$30,000.00
LVWA Contribution	\$8,050.00

REQUEST:

2. Refer to the October 4, 2023 Request and Lake Village Water's proposed Infrastructure Improvement Plan filed January 30, 2023. Provide further details regarding Lake Village Water's proposed replacement of the service lines, including whether Lake Village Water is proposing only to replace service lines from its main water line to the customers' meters.

RESPONSE:

The Service Line Replacement Project will replace all components of the service line from the water main to the meter box. The customer portion of the service line will not be replaced and will be reconnected to the Association's new infrastructure. The service lines that are selected for replacement are located in areas that are prone to leaks due to aged infrastructure and are identified in the Infrastructure Improvement Plan.
