RE: Case No. 2022-00325
Electronic Lake Village Water Association, Inc.
Unaccounted-For Water Loss Reduction Plan, Surcharge and Monitoring

Dear Ms. Bridwell:

The effective date of the Phase 1 rates as found in the order for Case No. 2022-00068 is October 4, 2022. The effective date fell within the 9/15/22-10/15/22 billing period and the Association is unable to charge two different rates within a billing period. The Phase 1 rates were charged for the billing period immediately following the October 4, 2022 order. The billing period began on 10/15/22 for water usage within the 10/15/22-11/15/22 billing period. Reporting for the Water Loss Surcharge will be available once bills are printed on 11/29/22 and each month thereafter while the surcharge is being charged. Reporting for the collection of the surcharge will be available once the December 2022 billing software closeout occurs and each month thereafter while the surcharge is being charged.

Please contact the Association if modifications to the proposed schedule are necessary or if further information is desired.

Sincerely,

Mike D. Sanford, MPA
Executive Director
Lake Village Water Association, Inc.
