

Sharpsburg Water District serves an apartment complex through a 3" meter.  
The rate set up is the flat rate billing multiplied by 32 units. I have attached the tariff sheet dated March 01, 1996 – Multiple Users on One Meter.

Sharpsburg Water District

**RULES AND REGULATIONS**

**Multiple Users on One Meter.** That where two or more tenants or occupants (of different rental units) of property, including duplexes, apartment houses, mobile home parks, trailer parks or other multi-unit premises, are served by a single water meter, the rates and charges to each tenant or occupant shall be computed by dividing the number of gallons of water registered by such single meter by the number of customers being served through such meter and then applying the result thus obtained to the water rate schedule set out in Section 2 above, to arrive at the monthly bill for each tenant or occupant. Each tenant or occupant shall be separately billed unless the owner or operator of the property has agreed with the District to pay the total monthly water bill for such property. In no event shall the monthly bill applicable to each tenant or occupant be less than the minimum water rate stipulated in Section 2 above.
