Re: Case#: 2022-00363

Please accept this response to the Commission's request for information in the above referenced Case on behalf of Foothills Telephone Cooperative and its wholly owned subsidiary Cellular Services, LLC.

- a) The majority of our plant is aerial and the very few requests we get are coordinated directly between the excavator and our plant personnel. While all emergency requests are dispatched immediately and normal requests are completed on the time line requested by the excavator, we do not maintain detailed records.
- b) Not applicable. There were no second or subsequent requests.
- c) Not applicable. No such records exist.
- d) Not applicable.
- e) All requests about facilities are directly handled by outside plant personnel in conjunction with the excavator or utility making the inquiry.
- f) Not applicable.
- g) Not applicable.
- h) Not applicable. Facilities are almost exclusively aerial.

Respectfully submitted,
