Case#: 2022-00363

Please accept this response to the Commission's request for information in the above referenced Case.

Highland Telephone Cooperative provides service in McCreary County and virtually none of its services are buried. Given the rural nature of its KY operating area, any inquiries about potential facility conflicts are handled through direct communications between the excavator and Highland plant personnel with no formal record keeping.

- a) Since January 1, 2022 the company has documented a single request for a normal locate.
- b) Not applicable. There were no second or subsequent requests.
- c) Not applicable. No such records exist.
- d) Not applicable.
- e) All requests about facilities are directly handled by outside plant personnel in conjunction with the excavator or utility making the inquiry.
- f) Not applicable.
- g) Not applicable.
- h) Not applicable. Facilities are almost exclusively aerial.

Respectfully submitted,

Mr. Mark Patterson, General Manager
Highland Telephone Cooperative, Inc.
