Duke Energy Kentucky
Case No. 2022-00372
Attorney General's First Set Data Requests
Date Received: January 11, 2023

SUPPLEMENTAL AG-DR-01-065

REQUEST:

Refer to the Park Testimony at 9. Explain in detail whether Duke Kentucky has requested funding through either the recently passed Infrastructure Investment and Jobs Act or the IRA, in order to offset costs to customers.

RESPONSE:

As part of its implementation of the IIJA, the Department of Energy (DOE) has established application criteria, including the submission of a concept paper, for funding opportunities under the competitive Grid Resilience and Innovation Partnerships (GRIP) Program for industry and utilities. Duke Energy Kentucky has submitted a concept paper. On February 2, 2023, Duke Energy Kentucky received a letter from the DOE stating that, based on the results of the concept paper review, the Company is hereby encouraged to submit a full application. The DOE advised that receiving a letter of encouragement does not guarantee that an application will be selected for negotiations leading to award.
