Duke Energy Kentucky
Case No. 2022-00372
Attorney General's First Set Data Requests
Date Received: January 11, 2023

AG-DR-01-001

REQUEST:

Refer to the Application generally.

a. Provide an organizational chart of Duke Kentucky. Designate what city each position is located in within Kentucky, and whether any position is vacant. If a position is based outside of Kentucky provide the city and state where it is located.

b. Provide an organizational chart of Duke Energy Ohio, Inc. ("Duke Ohio"), which wholly owns Duke Kentucky. Designate what city each position is located in within Ohio, what the allocation factor to Duke Kentucky is for each position, and whether any position is vacant. If a position is based outside of Ohio provide the city and state where it is located.

c. Provide an organizational chart of Cinergy, which wholly owns Duke Ohio. Designate what city and state each position is located in, what the allocation factor to Duke Kentucky is for each position, and whether any position is vacant.

d. Provide an organizational chart of Duke Energy Corporation ("Duke Energy"), which wholly owns Cinergy. Designate what city and state each position is located in, what the allocation factor to Duke Kentucky is for each position, and whether any position is vacant.

e. Provide an organizational chart of Duke Energy Business Services LLC ("DEBS"). Designate what city and state each position is located in, what the allocation factor to Duke Kentucky is for each position, and whether any position is vacant.

f. Provide an organizational chart that includes all of the parent companies/holding companies/affiliated companies that are associated with Duke Kentucky.

RESPONSE:

a. Organizational charts are not organized by work location or HR company, but by department. A current report of all employees paid by Duke Energy Kentucky payroll company is provided as AG-DR-01-001(a) Attachment. We are not able to include vacant positions on this report.

b. Objection. This request is overly broad, unduly burdensome and seeks information that is irrelevant, beyond the scope of this proceeding as it seeks information not related to Duke Energy Kentucky's application, and otherwise not likely to lead to the discovery of any relevant and admissible evidence. Without waiving said objection, and to the extent discoverable, organizational charts are not organized by work location or HR company but by department. A current report of all employees paid by Duke Energy Ohio payroll company is provided as AG-DR-01-001(b) Attachment. The work city for virtual employees is noted as "Virtual Employee." We are not able to include vacant positions on this report, nor can we provide the allocation factor to Duke Energy Kentucky for each position. Labor allocations are based on the accounting an employee charges each pay period on their timesheet.

c. Objection. This request is overly broad, unduly burdensome and seeks information that is irrelevant, beyond the scope of this proceeding as it seeks information not related to Duke Energy Kentucky's application, and otherwise not likely to lead to the discovery of any relevant and admissible evidence. Cinergy does not have employees; therefore, no organizational chart can be provided.

d. Objection. This request is overly broad, unduly burdensome and seeks information that is irrelevant, beyond the scope of this proceeding as it seeks information not related to Duke Energy Kentucky's application, and otherwise not likely to lead to the discovery of any relevant and admissible evidence. Duke Energy Corporation does not have employees; therefore, no organizational chart can be provided.

e. Objection. This request is overly broad, unduly burdensome and seeks information that is irrelevant, beyond the scope of this proceeding as it seeks information not related to Duke Energy Kentucky's application, and otherwise not likely to lead to the discovery of any relevant and admissible evidence. Organizational charts are not organized by work location or HR company but by department. A current report of all employees paid by Duke Energy Business Services payroll company is provided as AG-DR-01-001(e) Attachment. The work city for virtual employees is noted as "Virtual Employee." We are not able to include vacant positions on this report, nor can we provide the allocation factor to Duke Energy Kentucky for each position. Labor allocations are based on the accounting an employee charges each pay period on their timesheet.

f. Please see AG-DR-01-001(b) and AG-DR-01-001(e) Attachments.

PERSON RESPONSIBLE: As to objections, Legal
As to response, Jacob J. Stewart
