

Grant County Sanitary Sewer Rate Increase Response (Case No.2022-00377)

**Question #** 5

**Witness** Ashley Dyer

**Answer**

This question doesn't apply to Grant County Sanitary Sewer District. The Grant County Sanitary Sewer District doesn't have any employees. The only individuals paid from the Sewer District are the Commissioners. All labor for Grant County Sanitary Sewer District is provided by Bullock Pen Water District and is part of the Management Agreement between the two companies. Since the Sewer District doesn't have any employees there are no insurance policies that detail coverage provided to employees.
