

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
JANUARY 2020 MEETING**

The January 2020 Meeting of the Grant County Sanitary Sewer District was called to order on January 23, 2020, at 3:00 p.m. at the District Headquarters, One Farrell Drive, Crittenden, Kentucky. Present at the meeting were the following: Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, and Leo Saylor. Also present were Dianne Cook, HR Director Ashley Dyer, Superintendent William Catlett, Kerry Odle, HMB Professional Engineers, Inc., and Counsel Thomas R. Nienaber. Commissioner Robert Worthington was absent.

The first order of business was the swearing-in of the re-appointed Commissioner Leo Saylor. Commissioner Saylor took the oath of office and executed the attached Certification of Taking Oath of Office.

The next order of business was a review of the December 2019 Minutes. After discussion, upon Motion of Rodger Bingham and second by Danny Northcutt, it was unanimously,

“RESOLVED: that the December 2019 Minutes be and the same are hereby approved as attached.”

The next order of business was a review of the December 2019 Profit and Loss Statement and Warrants as attached. After discussion, upon motion of Leo Saylor and second by Rodger Bingham, it was unanimously,

“RESOLVED: that the December 2019 Warrants and Profit and Loss Statement, be and the same are hereby approved as attached.”

The next order of business was a presentation by Counsel Thomas R. Nienaber, as follows:

1. Mr. Nienaber reported that the District should conduct an election of Officers for the upcoming year. Thereupon, Chairman Givin opened the floor for nominations. Rodger Bingham made the following nominations:

Chairman - Charles Givin
Vice Chairman - Robert Worthington
Treasurer - Rodger Bingham
Secretary - Danny Northcutt

There being no further nominations, the Chairman called for a vote. Thereupon, the following Officers were elected by acclamation:

Chairman - Charles Givin
Vice Chairman - Robert Worthington

Grant Co. Sanitary Sewer District
Minutes
January 23, 2020

Treasurer - Rodger Bingham
Secretary - Danny Northcutt

2. Mr. Nienaber gave an update on the status of the Rate Increase Application currently pending before the Public Service Commission. Dianne Cook commented that representatives from the Public Service Commission came to the office on January 14, 2020, and reviewed the District's books and records. Dianne Cook was informed by the Public Service Commission representative that a response to our Application would be coming shortly. Mr. Nienaber commented that he had received comments posted on the Public Service Commission website from customers of the District voicing their opposition to the proposed rate increase. In response, Superintendent Catlett gave a brief history of District rates. In 1988, the predecessor, City of Crittenden, established an initial minimum rate of \$18.00 per month. Two years prior to the District taking over the City of Crittenden Sewer System, minimum rates were lowered by the City of Crittenden to \$13.00 per month. After the District took over the City of Crittenden Sanitary Sewer System in 2005-06, rates were raised in 2009 by the District to \$21.06 per month minimum charge. There have been no rate increases since.
3. Mr. Nienaber reported that he has not heard anything from Mr. Hurt at the Division of Water regarding outstanding on-site treatment facility permit applications for the Mobile Home Parks. Kerry Odle also reported that he has heard nothing. Kerry Odle also commented that the Kentucky Infrastructure Authority Director was not reappointed. At this time, there has been no new Director appointed. As a consequence, the program established by the Division of Water offering partial \$100,000.00 grants for taking on-site sanitary sewer systems out of operation may be in jeopardy. Kerry Odle will keep the District updated on any developments in that regard. Mr. Odle also reported that Pete Goodman is no longer with the Division of Water. He is now working at the Public Service Commission.
4. Mr. Nienaber reported that he has not heard anything more from the attorneys regarding Open Records Requests in the current litigation between Story and Wells.

The next order of business was a presentation by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Superintendent Catlett reported that the fine screen system has been installed at the sanitary sewer treatment plant. The current screen system is rated at 450 gallons per

Grant Co. Sanitary Sewer District
Minutes
January 23, 2020

minute. Kerry Odle reported that an equalization tank is needed at the sanitary sewer treatment plant in order to prevent extreme volume surges during periods of rain. Superintendent Catlett reported that an equalization tank would definitely be needed if the District were to take on any of the Mobile Home Parks. With that in mind, Kerry Odle shared with the Commissioners his Opinion of Probable Costs (attached) for a 100,000 gallon equalization tank. The total costs is over \$400,000.00 as itemized in the attached. This equalization tank would be concrete construction and approximately 30'x45'x10'. Commissioner Bingham inquired as to how the District could pay for such a substantial project. No answers were given. Kerry Odle gave his opinion that an equalization tank is necessary on a rather urgent basis. Chairman Givin inquired as to whether or not there were any ways of reducing the total construction costs. One suggestion was to install a metal equalization tank versus concrete. This idea was not looked upon with favor by Superintendent Catlett or Kerry Odle. Commissioner Northcutt inquired as to why a 100,000 equalization tank is necessary. Kerry Odle reported that given the volume of sanitary sewer treatment, a 100,000 gallon tank would be required. Commissioner Northcutt also inquired as to whether or not there were any alternative solutions for a short term resolution. Superintendent Catlett indicated that some modifications could be made at the various pumping stations which could possibly reduce demand and volume during high peak periods. Superintendent Catlett and Kerry Odle indicated that they would look over the situation and report at the next meeting. Mr. Nienaber stated that any construction project of this size would need to obtain Public Service Commission approval.

The next order of business was a report by Superintendent Catlett as follows:

1. Superintendent Catlett reviewed with the Commissioners his monthly Superintendent's Report as attached.
2. Commissioner Northcutt inquired as to where the District stands with respect to the Carl Crone Contract. Superintendent Catlett reported that Mr. Crone has terminated his services with the District effective January 1, 2020.
3. Superintendent Catlett reported that the fine screen system installed at the treatment plant needed some modifications. These modifications will increase the capacity of the fine screen system capacity from 450 gallons per minute to 650 gallons per minute. The cost of this upgrade is approximately \$1,500.00. Superintendent Catlett authorized that upgrade as he deems the improvement necessary and a good price.
4. Superintendent Catlett reported that he would like to have a topographical of the sanitary sewer treatment plant property conducted as soon as possible. Mr. Nienaber indicated

that perhaps we could get a topographical map of the sanitary sewer treatment site through the County's GIS system. Superintendent Catlett indicated that he would look into that. After discussion, upon motion of Rodger Bingham and second by Danny Northcutt, it was unanimously,

“RESOLVED: that Superintendent Catlett be and he is hereby authorized to purchase a topographical survey of the sanitary sewer treatment plant site.”

5. Mr. Rich Hanser, owner of the County Line Liquor Store and apartment properties on Kiley Ln. made a presentation to the District. Mr. Hanser wants to extend sanitary sewer service to the County Line Liquor store. Mr. Hanser indicated that he wanted to include an 8" line for sewer in the event additional development occurs in that area. Mr. Nienaber stated that the District would have to get approval from Sanitation District No. 1 in order to extend sanitary sewer service into Kenton County. Commissioner Givin and Superintendent Catlett indicated that had been done some years ago. Currently, Mr. Hanser stated that his improvement plans will add the County Line Liquor Store and one apartment building (8 units) to the sanitary sewer system. Kerry Odle reviewed the plans and submitted 8 modifications as attached. With those modifications, Kerry Odle approves the request. Superintendent Catlett said that the District has more than adequate capacity to handle the additional development. After discussion, upon motion of Danny Northcutt and second by Leo Saylor, it was unanimously,

“RESOLVED as follows:

- (1) That the Grant County Sanitary Sewer District be and is hereby authorized to provide sanitary sewer service to the property in question; and
- (2) Mr. Hanser is hereby authorized to make improvements to the sanitary sewer system to provide service to the County Line Liquor Store and one apartment building located generally at US Highway 25 and Kiley Drive subject to the 8 comments set forth in Kerry Odle's recommendation. All costs associated with those improvements shall be at the expense of Mr. Hanser.”

The next order of business was a report by Dianne Cook and Ashley Dyer as follows:

Grant Co. Sanitary Sewer District
Minutes
January 23, 2020

1. Dianne Cook presented to the Commissioners the Morris & Bressler Accounting Services Agreement for 2020. After discussion, upon motion of Danny Northcutt and second by Leo Saylor, it was unanimously,

“RESOLVED: that Chairman Givin be and he is hereby authorized to execute the attached Morris & Bressler Accounting Services Agreement.”

2. Dianne Cook presented to the Commissioners the Annual Audit Contract submitted by VanGorder, Walker & Co., Inc. This Contract is for the December 31, 2019 Annual Audit. The cost for that Annual Audit is \$6,200.00. Mr. Nienaber reported that this proposed Agreement is the same as last year. After discussion, upon motion of Rodger Bingham and second by Danny Northcutt, it was unanimously,

“RESOLVED: that Chairman Givin be and he is hereby authorized to execute the attached Annual Audit Agreement with VanGorder, Walker & Co., Inc.”

3. Dianne Cook reported that the next meeting is scheduled for February 20, 2020, at 3:00 p.m.

There being no further business to conduct, upon motion and second, the meeting was a

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of Grant County Sanitary Sewer District (a governmental entity), which comprise the balance sheet as of December 31, 2019, and the related statements of revenue and expenses - historical for the one month and year ended December 31, 2019 and 2018 and budgeted for the year ended December 31, 2019 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures and the statement of cash flows, the statement of changes in net position, and the supplementary information required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

We are not independent with respect to Grant County Sanitary Sewer District.

Total Estimated Non-Construction Cost				\$103,469
Total Project Cost				\$414,369

MORRIS & BRESSLER

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

CLIENTS COPY

We are pleased to confirm our understanding of the services we are to provide for Grant County Sanitary Sewer District for the year ended December 31, 2020.

We will prepare the financial statements of Grant County Sanitary Sewer District, which comprise the annual and monthly balance sheets and the related statements of revenues and expenses – historical and budgeted for the year ended December 31, 2020, and perform a compilation engagement with respect to those financial statements. These financial statements will not include a statement of cash flows, statement of changes in net position, supplementary information and related notes as required by accounting principles generally accepted in the United States of America.

We will also perform the following additional services: Perform bookkeeping services, prepare and input the annual PSC report, prepare annual payroll tax returns and W-2's, prepare the annual budget for the Commissioners' approval and submit the approved budget on the SPGE website.

Our Responsibilities

The objective of our engagement is to –

1. prepare financial statements in accordance with accounting principles generally accepted in the United States of America based on information provided by you and
2. apply accounting and financial reporting expertise to assist you in the presentation of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

We will conduct our compilation engagement in accordance with the Statements on Standards for Accounting and Review Services (SSARS) promulgated by the Accounting and Review Services Committee of the AICPA and comply with applicable professional standards, including the AICPA's Code of Professional Conduct, and its ethical principles of integrity, objectivity, professional competence, and due care, when performing the bookkeeping services, preparing the PSC report, preparing payroll returns and W-2's, preparing the annual budget, preparing the financial statements, and performing the compilation engagement.

We are not required to, and will not, verify the accuracy or completeness of the information you will provide to us for the engagement or otherwise gather evidence for the purpose of expressing an opinion or a conclusion. Accordingly, we will not express an opinion or a conclusion nor provide any assurance on the financial statements.

MORRIS & BRESSLER, PSC
Certified Public Accountants

7309 Dixie Highway • P.O. Box 545 • Florence, KY 41022-0545 • (859) 525-6306

Our engagement cannot be relied upon to identify or disclose any financial statement misstatements, including those caused by fraud or error, or to identify or disclose any wrongdoing within the entity or noncompliance with laws and regulations.

We, in our sole professional judgement, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Your Responsibilities

The engagement to be performed is conducted on the basis that you acknowledge and understand that our role is to prepare financial statements in accordance with accounting principles generally accepted in the United States of America and assist you in the presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America. You have the following overall responsibilities that are fundamental to our undertaking the engagement in accordance with SSARS:

1. The selection of accounting principles generally accepted in the United States of America as the financial reporting framework to be applied in the preparation of the financial statements.
2. The preparation and fair presentation of financial statements in accordance with accounting principles generally accepted in the United States of America and the inclusion of all informative disclosures that are appropriate for accounting principles generally accepted in the United States of America, if applicable.
3. The design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.
4. The prevention and detection of fraud.
5. To ensure that the Company complies with the laws and regulations applicable to its activities.
6. The accuracy and completeness of the records, documents, explanations, and other information, including significant judgments, you provide to us for the engagements
7. To provide us with –
 - access to all information of which you are aware is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.
 - additional information that we may request from you for the purpose of the compilation engagement.
 - unrestricted access to persons within the Company of whom we determine it necessary to make inquiries.

You are also responsible for all management decisions and responsibilities and for designating an individual with suitable skills, knowledge, and experience to oversee our bookkeeping services, payroll tax services, budget preparation services, PSC report preparation services and the preparation of your financial statements. You are responsible for evaluating the adequacy and results of the services performed and accepting responsibility for such services.

MORRIS & BRESSLER, PSC
Certified Public Accountants

7309 Dixie Highway • P.O. Box 545 • Florence, KY 41022-0545 • (859) 525-6306

Our Report

As part of our engagement, we will issue a report that will state that we did not audit or review the financial statements and that, accordingly, we do not express an opinion, a conclusion, nor provide any assurance on them. If, for any reason, we are unable to complete the compilation of your financial statements, we will not issue a report on such statements as a result of this engagement. We are not independent with respect to Grant County Sanitary Sewer District. We will disclose that we are not independent in our compilation report.

The following reference will be included on each page of the financial statements including supplementary information "See Accountant's Compilation Report."

You agree to include our accountant's compilation report in any document containing financial statements that indicates that we have performed a compilation engagement on such financial statements and, prior to inclusion of the report, to obtain our permission to do so.

Other Relevant Information

Peggy Gamble is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

Our fees for these services will be based on the number of hours spent and the individuals assigned to the engagement. Fees will be invoiced monthly and are due and payable within 30 days of the invoice date. If fees are not paid as agreed, we reserve the right to discontinue work.

We appreciate the opportunity to be of service to you and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you acknowledge and agree with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Sincerely,

Morris & Bressler, PSC

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
FEBRUARY 2020 MEETING**

The February 2020 Meeting of the Grant County Sanitary Sewer District was called to order on February 20, 2020, at 3:00 p.m. at the District Headquarters, One Farrell Drive, Crittenden, Kentucky. Present at the meeting were the following: Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, and Leo Saylor. Also present were Dianne Cook, Superintendent William Catlett, Kerry Odle, HMB Professional Engineers, Inc., and Counsel Thomas R. Nienaber. Commissioner Robert Worthington and HR Director Ashley Dyer were absent.

The first order of business was a review of the January 2020 Minutes. After discussion, upon Motion of Leo Saylor and second by Danny Northcutt, it was unanimously,

“RESOLVED: that the January 2020 Minutes be and the same are hereby approved as attached.”

The next order of business was a review of the January 2020 Profit and Loss Statement and Warrants as attached. Commissioner Northcutt inquired as to what the “Premium Payment” line item included. Dianne Cook stated that this is the \$1.25 per hour premium which Bullock Pen Water District employees charge for completed work for the District. After discussion, upon motion of Rodger Bingham and second by Leo Saylor, it was unanimously,

“RESOLVED: that the January 2020 Warrants and Profit and Loss Statement, be and the same are hereby approved as attached.”

The next order of business was a presentation by Counsel Thomas R. Nienaber, as follows:

1. Mr. Nienaber gave an update on the pending Rate Increase Application before the Public Service Commission. Mr. Nienaber reported that representatives from the Public Service Commission visited the District’s office over the last few weeks for the purpose of reviewing documents relating to the District’s Application. PSC representatives had issues with Commercial/Residential Rates the District charges its customers. Mr. Nienaber reviewed his February 5, 2020 correspondence which outlines this situation as well as the Supplemental Application filed by the District (attached). Briefly stated, the District’s Commercial Sanitary Sewer Rates were apparently not included in the Public Service Commission’s Order approving the District’s Tariff as entered April 12, 2006. As such, the Public Service Commission believes that the District should be charging Commercial Customers the Residential Sewer Rates. Mr. Nienaber reported that he conducted a few preliminary calculations which would indicate that the overall difference between the District’s proposed Commercial Rates and the actual approved Residential Rates are basically the same calculated at 20,000 gallons usage. Dianne Cook also reported that during the financial review of the District’s records by the Public Service Commission, requests for full payroll information and health insurance data was requested by the Public Service Commission. Mr. Nienaber stated that the Public

Grant Co. Sanitary Sewer District
Minutes
February 20, 2020

Service Commission could invariably use that information in reviewing the District's Application. Commissioner Northcutt inquired as to when a final decision by the Public Service Commission would be entered. Mr. Nienaber predicted 3 to 4 months.

2. Mr. Nienaber reported that a Water/Sewer District Training Seminar will be conducted on May 12, 2020, at the Northern Kentucky Water District. Mr. Nienaber reported that he and Bobby Burgess attended last year's seminar and it was very informative. Mr. Nienaber encouraged all personnel to attend if possible.

The next order of business was a report by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Kerry Odle reported that he had spoken with Jason Hurt of the Kentucky Division of Water ("DOW") regarding the pending on-site sanitary sewer permit application for Country Living Mobile Home Park. Kerry Odle reported that Jason Hurt informed him that nothing new has occurred.
2. Superintendent Catlett reported that he is having a survey performed at the Sanitary Sewer Treatment Plant site to determine the best location for construction of the equalization basin. Mr. Nienaber inquired as to whether or not a formal request should be made from the City of Crittenden to donate additional property at the Treatment Plant site for future expansion. Mr. Nienaber stated that when the District took over the Sanitary Sewer System from the City of Crittenden, the City of Crittenden stated that they would donate real estate to the District if it was needed for future expansion of the Treatment Plant. Superintendent Catlett reported that the City of Crittenden owns several acres adjoining the Sanitary Sewer Treatment Plant. He also stated that the District should not make a request for additional real estate at this time. He wants to wait and obtain the survey of the Treatment Plant before any decision is made in that regard.
3. Chairman Givin raised the issue of the Carl Crone situation. He reported that Carl Crone retired and was no longer providing services to the Bullock Pen Water District for supervision of the Sanitary Sewer Treatment Plant effective December 31, 2019. Those services previously provided by Carl Crone are now provided by Bullock Pen Water District employees. Chairman Givin also reported that the Bullock Pen Water District had passed a Resolution allowing the Bullock Pen Water District to charge the District an additional \$1,260.00 per month to cover the additional services provided by Bullock Pen

Grant Co. Sanitary Sewer District
Minutes
February 20, 2020

Water District employees previously provided by Carl Crone. Chairman Givin also reported that the Bullock Pen Water District would conduct a survey to see if those charges were reasonable. They would be addressed at the next review of the Sanitary Sewer Services Agreement between the District and Bullock Pen Water District scheduled for February 2021. After discussion, upon motion of Danny Northcutt and second by Rodger Bingham, it was unanimously,

“RESOLVED: that the District pay to the Bullock Pen Water District an additional sum of \$1,260.00 per month to cover the cost of services rendered by Bullock Pen Water District employees previously provided by Carl Crone. This issue would be addressed at the February 2021 review of the Sanitary Sewer Services Agreement between the District and Bullock Pen Water District.”

The next order of business was a report by Superintendent Catlett as follows:

1. Superintendent Catlett reviewed with the Commissioners his monthly Superintendent's Report as attached.
2. Superintendent Catlett reported that he met with Mr. Simpson who he hired to conduct a survey of the Sanitary Sewer Treatment Plant site. The original cost of this survey was estimated at \$2,000.00. It was subsequently changed to \$3,500.00. Given the scope of services to be rendered by Mr. Simpson, Superintendent Catlett reported that was a fair price. The survey should be completed sometime next week. Superintendent Catlett reported that once the survey is complete, he will work with Kerry Odle to start planning the location for the equalization tank.
3. Superintendent Catlett reported that despite the excessive amounts of rain of late, the Sanitary Sewer Treatment Plant has been functioning quite well.

The next order of business was a report by Dianne Cook as follows:

1. Dianne Cook reported that the Legislative Breakfast is scheduled for March 4, 2020. Anyone wishing to attend should notify Ms. Cook.

Grant Co. Sanitary Sewer District
Minutes
February 20, 2020

2. Ms. Cook reported that the next meeting is scheduled for March 19, 2020.

There being no further business to conduct, upon motion and second, the meeting was adjourned.

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of Grant County Sanitary Sewer District (a governmental entity), which comprise the balance sheet as of January 31, 2020, and the related statements of revenue and expenses - historical for the one month ended January 31, 2020 and 2019 and budgeted for the one month ended January 31, 2020 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures and the statement of cash flows, the statement of changes in net position, and the supplementary information required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

We are not independent with respect to Grant County Sanitary Sewer District.

Kentucky Rural Water Association's

2020 Legislative Breakfast

**Wednesday, March 4, 2020
7:00 a.m. – 9:00 a.m. EST
Capital Plaza Hotel
Frankfort, Kentucky**

**For room reservations call today: 502-227-5100 – Group Code 4409
(Cut-off date for room reservations is 2/18/2020)**

The Kentucky Rural Water Association is hosting a Legislative Breakfast to provide KRWA members the opportunity to meet with their legislators during the 2020 Session of the Kentucky General Assembly. The breakfast will provide a forum to express your views on legislation affecting utilities and discuss the many accomplishments of your utility.

KRWA will be sending an invitation to each of the members of the Kentucky Legislature. **However, to help make this a highly successful event, we need you to contact your legislators personally to ensure their attendance.** Your legislators can be contacted at their offices in Frankfort at 502.564.8100, or a message may be left for individual legislators at 800.372.7181.

To assist us in planning the breakfast, please return your registration form by mail or **register online at www.krwa.org by Friday, February 28, 2020.** Other hotels in the area include Best Western 502.695.6111; Fairfield Inn 502.695.8881; or the Hampton Inn 502.223.7600.

Please share this information with all interested personnel!

See You in Frankfort!

Grant Co. Sanitary Sewer District

Supervisor's Report

January

27th) – Rebuilt a spare low-pressure grinder pump.

- Met with Scottie Simpson to discuss plans for a map of the Sewer Plant.

29th) – Adjusted the speed down on both pumps at Claiborne lift station, to lessen the influent flow at the Sewer Plant.

30th) – Changed the oil in Truck #21.

February

4th) – Unclogged a blockage in the gravity line on Mockingbird Dr.

5th) – Replaced the skimmer on Plant #2 at the Sewer Plant.

- Pulled debris from all 4 plants at the Sewer Plant.

6th) – Installed pump #2 at Angela lift station.

10th) – Replaced the pump head on the chlorine pump at the Sewer Plant.

11th) – Replaced float #1 at Angela lift station.

- Pulled and removed debris from the bar screen at the Sewer Plant.
- Pulled pump #2 at Claiborne lift station and cleared a blockage. (Reinstalled the pump into the pit.)

12th) – Rebuilt a spare low-pressure grinder pump.

13th) – Replaced the metal around the chlorine pump at the Sewer Plant. (Chlorine line leaked and rusted metal siding.)

AGENDA

1. Call to order- Virtual meeting via Zoom
2. Visitor(s)
3. Minutes, Warrants, Maintenance & Operating Acct, Profit and Loss Statement
 - A. Reading of February, 2020 Minutes, Approval of Warrants, Maintenance & Operating Account, Profit and Loss Statement
 - B. Approval of March, 2020 Warrants, Maintenance & Operating Account, Profit and Loss Statement
4. Kerry Odle, HMB Professional Engineering
 - A. WWTP Improvements
 - B. Kyley Ln Apartments - Addition
 - C. KIA Loan Announcements
5. Tom Nienaber
 - A. Mobile Home Park Status – March Meeting
 - B. PSC – Rate Increase Status – April Meeting
 - C. COVID-19 Protocol – April Meeting
 - D. PSC Order re: COVID-19 - April Meeting
6. Billy Catlett
 - A. Supervisor’s Report – February
 - B. Supervisor’s Report – March
 - C. Coronavirus Response
7. Bullock Pen Management Fee
 - A. February 2020
 - B. March 2020
8. Dianne Cook/ Ashley Dyer
 - A. Next Meeting – May 21, 2020
9. Adjournment

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
APRIL 2020 MEETING**

A Special Meeting of the Grant County Sanitary Sewer District was called to order on April 16, 2020, at the hour of 2:30 p.m. The Special Meeting was conducted by live video and live audio teleconference which originated at the District Headquarters, 1 Farrell Drive, Crittenden, KY 41030. The Special Meeting was called pursuant to Senate Bill 150 and KRS 61.823. The Special Meeting was SB 150 compliant and KRS 61.823 compliant. Prior to beginning the Meeting, Chairman Givin announced that the Special Meeting was properly noticed with the compliant agenda. Those in attendance were Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, Robert Worthington, and Leo Saylor. Also present were Superintendent William Catlett, Dianne Cook, HR Director Ashley Dyer, Kerry Odle of HMB Professional Engineers, Inc., and Counsel Thomas R. Nienaber. All Commissioners attended the meeting by individual live video teleconference. Also attending the Special Meeting by video teleconference were Kerry Odle of HMB Professional Engineers, Inc., and Counsel Thomas R. Nienaber. Ashley Dyer, Dianne Cook, and Superintendent Catlett attended the meeting at the District Headquarters and followed all “social distancing” guidelines.

The first order of business was the call for visitor business. The Chairman recognized that there were no visitors. The Chairman also recognized that there were no third party attendees participating in the Special Meeting either by video teleconference or audio teleconference.

The next order of business was a review of the February 2020 Minutes. After discussion, upon Motion of Robert Worthington and second by Danny Northcutt, it was unanimously,

“RESOLVED: that the February 2020 Minutes be and the same are hereby approved as attached.”

The next order of business was a review of the March 2020 Profit and Loss Statement and Warrants as attached. After discussion, upon motion of Danny Northcutt and second by Leo Saylor, it was unanimously,

“RESOLVED: that the March 2020 Warrants and Profit and Loss Statement, be and the same are hereby approved as attached.”

The next order of business was a review of the April 2020 Profit and Loss and Warrants Statement as attached. After discussion, upon motion of Robert Worthington and second by Danny Northcutt, it was unanimously,

“RESOLVED: that the April 2020 Profit and Loss and Warrants Statement as attached are approved .”

The next order of business was a presentation by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Mr. Odle reported that awards of financing through Kentucky Infrastructure Authority (“KIA”) should be announced approximately May 1, 2020. Upon announcement of those entities qualifying for KIA financing, they would have 30 days to accept. There is no obligation on the part of the entity to accept financing if awarded. Mr. Odle reminded everyone that the District has a pending KIA application for financing the equalization tank.
2. Mr. Odle indicated that grant money should be coming available under President Trump’s Federal Infrastructure Bill. Mr. Odle suggested that the District begin thinking about projects to be financed through this upcoming program.
3. Mr. Odle reported that sanitary sewer service has been extended on Kyle Lane in order to provide service for 2 additional lots.

The next order of business was a report by Counsel Thomas R. Nienaber as follows:

1. Mr. Nienaber inquired as to whether or not anyone has heard anything regarding the extension of sanitary sewer lines on US 25 to service the existing mobile home parks. Mr. Odle reported that he spoke with a representative from the Kentucky Division of Water and that the permit application for one of the mobile home parks is “on their desk” and awaiting action. Mr. Odle has no idea when formal action will be taken. No one else has heard anything from DOW and/or the mobile home park owners.
2. Mr. Nienaber gave a report on the status of the application for a rate increase currently pending before the Public Service Commission. Mr. Nienaber reported that the District’s response to the Staff Report was filed. Given the COVID-19 State of Emergency, Mr. Nienaber is unsure as to when the Public Service Commission will act on our application. Mr. Odle stated that he spoke with representatives from the Public Service Commission indicating that the COVID-19 State of Emergency should not have any effect on applications.
3. Mr. Nienaber gave a report on the Public Service Commission COVID-19 Orders dated March 24, 2020 and March 16, 2020, as attached. Mr. Nienaber also reviewed with the Commissioners his summary of those 2 Orders. Briefly, Mr. Nienaber reported that the District is directed by the Public Service Commission not to terminate or disconnect any water service for customer nonpayment. This directive is to continue until further Orders from the Public Service Commission. The Public Service Commission Orders have also ordered all utilities, including Grant County Sanitary Sewer District to implement a protocol and policy for dealing with customer late and nonpayment of bills and customer payment of delinquent accounts during the COVID-19 state of emergency. Commissioner Bingham inquired as to the rate of nonpayment and/or late payment from District customers since the State of Emergency was declared. Superintendent Catlett reported that late or non-payments are up approximately 7% - 10%. Kerry Odle reported that speaking with other Water Districts across the state, the 7% - 10% delinquent rate is about average. Superintendent Catlett and Dianne Cook reported

during the next 30 days, the delinquency/nonpayment rates will increase somewhat. Superintendent Catlett did report that he and Dianne Cook are working on a formal District policy consistent with the Public Service Commission Orders. This policy should be complete within the next two weeks. Superintendent Catlett was directed by the District to prepare that policy as soon as possible and email it to all Commissioners for review and final action at the next meeting. Commissioner Bingham inquired as to whether the demand for water (and hence sanitary sewer service) in the District is up in light of the State of Emergency. Superintendent Catlett reported that nonpayment of sewer bills is up slightly. Superintendent Catlett expects a spike in sewer nonpayment in the next 30 days which could go as high as 15%. Mr. Odle stated that he has spoken with representatives from KIA and they have said that utilities with outstanding KIA loan obligations may contact KIA if that utility is having difficulty in making those scheduled payments.

The next order of business was a report by Superintendent Catlett as follows:

1. Superintendent Catlett reviewed with the Commissioners his February, 2020 and March, 2020 Superintendent Report as attached.
2. Superintendent Catlett reported that there has been a significant increase in blockages within the Indian Hill Mobile Home Park. Several of these blockages are the result of customers disposing of “wipes” in the sanitary sewer system. Superintendent Catlett stated that while some of the providers of these “wipes” claim that they are degradable, such is not the case. Superintendent Catlett reported that he estimates 75% of all blockages since the COVID-19 crisis began are the result of hand wipes being disposed in the sanitary sewer system.
3. Superintendent Catlett reviewed with Commissioners his COVID-19 response which includes in part:
 - (a) No visitors are permitted in the general office area;
 - (b) Water plant operators are only performing water plant tasks;
 - (c) Protective masks and gloves are offered to all employees;
 - (d) Employees are permitted to take voluntary sick leave during the State of Emergency;
 - (e) Social distancing requirements are enforced;
 - (f) COVID-19 updates from federal and state governments are given to all employees;
 - (g) Superintendent Catlett conducts a weekly manager meeting to discuss COVID-19 issues.
4. Superintendent Catlett reviewed with the Commissioners some of the steps that the Bullock Pen Water District employees are taking with respect to dealing with the COVID-19 State of Emergency.

The next order of business was a report by Dianne Cook and Ashley Dyer as follows:

1. They reported that the next meeting is scheduled for May 21, 2020. No one had any problems with that date. Mr. Nienaber commented that any meeting the District conducts by teleconference (audio or video) must be Senate Bill 150 compliant and KRS 61.823 compliant (as of this date). It was Mr. Nienaber's recommendation that the District move forward on the assumption that the May 21, 2020 meeting will be conducted in the same format as the April 16, 2020 meeting. If Governor Beshear lifts the current ban on public meetings in the interim, or if the General Assembly passes legislation to the contrary, the District could move to a normal meeting format. Otherwise, the District will need to prepare an Agenda for the next meeting with the appropriate notices to the general public.

There being no further business to conduct, upon motion and second, the meeting was adjourned.

MORRIS & BRESSLER

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of Grant County Sanitary Sewer District (a governmental entity), which comprise the balance sheet as of February 29, 2020, and the related statements of revenue and expenses - historical for the one month and two months ended February 29, 2020 and 2019 and budgeted for the two months ended February 29, 2020 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures and the statement of cash flows, the statement of changes in net position, and the supplementary information required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

We are not independent with respect to Grant County Sanitary Sewer District.

In re: Special Meeting

Greetings:

As part of the Emergency Legislation signed into law by Governor Beshear on April 1, 2020, governmental entities are required to include as part of their Special Meeting Notice an Agenda of items to be addressed at that Meeting. With that said, I would like for everyone to submit to Amy Ruark and/or Dianne Cook any items that they would like to be placed on the Agenda for discussion at the upcoming meetings scheduled for April 16, 2020, at 1:00 p.m. and 2:30 p.m. In order to meet the deadline for notification requirements, any Agenda items should be forwarded to Amy and/or Dianne on or before Wednesday, April 8, 2020, at 10:00 a.m.

If anyone has any questions, please call.

Very truly yours,

//s// Thomas R. Nienaber

In re: Public Service Commission Order

Greetings:

On March 16, 2020, and March 24, 2020, the Public Service Commission (“PSC”) entered an Order in Case No. 2020-00085 which addressed regulated utilities obligations in light of the COVID-19 State of Emergency. A copy of those two Orders is attached. I would recommend that everyone take the time to carefully read these documents. In summary, the Orders provide in part as follows:

1. ALL DISCONNECTIONS FOR NONPAYMENT OF UTILITY BILLS IS SUSPENDED UNTIL FURTHER NOTICE FROM THE PSC (p. 3¹).
2. UTILITIES SHALL WAIVE ALL LATE PAYMENT CHARGES FOR ALL UTILITY BILLS UNTIL FURTHER NOTICE OR OTHERWISE ORDERED BY THE PSC (p. 3).
3. UTILITIES ARE URGED TO IMPLEMENT THEIR TARIFFS AND REGULATIONS LIBERALLY (p. 4).
4. THE PSC EXPECTS UTILITIES TO USE FLEXIBILITY FOR BOTH RESIDENTIAL AND BUSINESS CUSTOMERS (p. 4).
5. ANY REQUEST FOR DEVIATION FROM A UTILITIES TARIFF SHOULD BE MADE THROUGH CASE NO. 2020-00085 (p. 4).
6. THE PSC EXPECTS ALL UTILITIES TO ESTABLISH LENIENT AND FLEXIBLE PAYMENT PLANS FOR ALL UNPAID BALANCES ON UTILITY BILLS (p. 5).

¹Page references are to those corresponding pages contained in the PSC Orders.

7. CURRENTLY REQUIRED QUARTERLY METER REPORTS, DISCONNECTION REPORTS AND NON-RECURRING CHARGES REPORTS NEED NOT BE FILED UNTIL A REASONABLE TIME AFTER THE STATE OF EMERGENCY ENDS (pp. 6-7).
8. THE PSC IS GRANTING TO ALL UTILITIES A TEMPORARY DEVIATION FROM QUARTERLY METER READING REQUIREMENTS; THE REQUIREMENT TO MONITOR CUSTOMER USAGE; ALL REQUIREMENTS RELATING TO BUSINESS HOURS; AND THE REQUIREMENT FOR PERIODIC INSPECTIONS OF ITS SYSTEM (p. 7).
9. BY WAY OF THIS CORRESPONDENCE, I WOULD REQUEST THAT DIANNE COOK PLACE THIS ITEM ON THE AGENDA FOR DISCUSSION AT THE UPCOMING MEETINGS CURRENTLY SCHEDULED FOR APRIL 16, 2020 AT 1:00 P.M.

If anyone has any questions regarding this correspondence, please feel free to call.

Thanks.

Very truly yours,

/s/ Thomas R. Nienaber

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC EMERGENCY DOCKET RELATED) CASE NO.
TO THE NOVEL CORONAVIRUS COVID-19) 2020-00085

ORDER

The Commission, on its own motion, establishes this docket to address the pressing issues related to utility service arising across the Commonwealth of Kentucky as a result of the novel coronavirus COVID-19. This Order is necessary to provide initial direction to the many utilities under the Commission's jurisdiction with service obligations, and this docket will serve as a venue to address on-going concerns resulting from COVID-19. This Order is in effect until further notice.

The Commission, pursuant to KRS 278.040(1), regulates utilities in this state and has the authority to enforce the provisions of KRS Chapter 278. Additionally, pursuant to KRS 278.040(2), the Commission has exclusive jurisdiction over the rates and services of the utilities in the Commonwealth.¹ The Commission has "the plenary authority to regulate and investigate utilities" pursuant to both KRS 278.030 and KRS 278.040.² Pursuant to the Commission's statutory and plenary authority, the Commission will use this docket to address the myriad and constantly changing issues associated with COVID-

¹ Notably, the Commission's jurisdiction does not extend the provision of retail services offered by municipal-owned utilities. The Commission, however, urges such entities to undertake a similar review of their disconnection practices and policies and to coordinate with local community action agencies to ensure continuity of service during the declared emergency.

² *Kentucky Public Service Com'n v. Commonwealth ex rel. Conway*, 324 S.W.3d 373, 383 (Ky. 2010).

19. The issues in this docket will take precedence over all other matters before the Commission, except for those matters in which the Commission is directed by statute to do otherwise.

Pursuant to Executive Order 2020-215³, there exists a State of Emergency in the Commonwealth of Kentucky. Due to COVID-19, many, if not all, public schools in the Commonwealth are closed.⁴ Many places of business are either closed or anticipating closing for an indeterminate time.⁵ Those exhibiting symptoms or those who have had contact with someone who has, or is likely to develop, COVID-19 are asked to self-isolate or quarantine in their home,⁶ thus depriving them of the opportunity to work.

Due to the current state of emergency, several utilities in the Commonwealth have informed the Commission that they will temporarily cease service disconnections due to non-payment and have taken efforts to reduce person-to-person contact. For example, several parent companies of utilities in Kentucky, such as Duke Energy Corporation,⁷ American Water Works Company, Inc.,⁸ American Electric Power Company, Inc.,⁹ Central States Water Resources,¹⁰ and Atmos Energy have all announced that their local

⁹ <https://twitter.com/AEPnews/status/1238612324937859081>

¹⁰ <https://www.centralstateswaterresources.com/bluegrass-water/>

affiliates would be suspending disconnection for non-payment. Several of the Commonwealth's smaller utilities also have contacted the Commission requesting guidance on how to best implement policies to forestall disconnection for non-payment. As of the date of this Order, many utilities in Kentucky have yet to officially announce that they are voluntarily suspending disconnections due to non-payment.

Based on the foregoing and being otherwise sufficiently advised, the Commission finds that good cause exists in light of the nature of the emergency to relieve jurisdictional utilities of certain non-essential requirements; further, the Commission strongly urges flexibility with regard to pressing matters. Specifically, for at least the next 30 days, and until further notice from the Commission, utilities should suspend disconnections due to non-payment and waive the assessment of late payment fees. Disconnection processes ordinarily lead to in-person contact and, as such, pose a significant health risk due to the potential for transmission of COVID-19. Pursuant to KRS 278.030, utilities are obligated to furnish adequate, efficient, and reasonable service. Given the pressing need to ensure continuity, and thus adequacy, of service in this time of emergency, the Commission finds that disconnections for non-payment are a waste of valuable resources and pose a significant risk. Disconnection to protect health and safety, or for reasons unrelated to non-payment, may continue if necessary and reasonable. Several other state utility commissions have already taken similar action to prevent disconnections for non-

payment, including New Jersey,¹¹ Connecticut,¹² New York,¹³ Ohio,¹⁴ Louisiana,¹⁵ and Wisconsin.¹⁶

With regard to disconnections for non-payment, non-payment generally, and penalties for late payment for services, the Commission urges utilities to implement their tariffs and regulations liberally. Most utilities are provided flexibility in their tariffs to offer payment plans or to waive late fees for non-payment. The Commission expects utilities to use this flexibility given the current circumstances for both residential customers and, when necessary or reasonable, businesses. If utilities believe their tariffs or Commission regulations preclude them from ceasing disconnections, waiving or extending the payment of late fees, or any other action that could relieve the hardship that exists due to COVID-19, this docket is available to provide any and all relief sought by those utilities, should the Commission believe such relief is reasonable and in the public interest. If, due to the current state of emergency, a utility finds it necessary to deviate from its tariff or Commission regulations, the utility should file its request with the Commission in this docket. If a formal request for relief from tariffs or regulations is burdensome, utilities may convey information directly to the Commission's Executive Director by electronic mail.¹⁷

¹⁶ <http://apps.psc.wi.gov/vs2017/NewsReleases/default.aspx>

¹⁷ The electronic mail address is PSCED@ky.gov.

Upon receipt of informal requests for relief, the communications will be introduced into this record and considered by the Commission.

Nothing in this Order should be conveyed as relieving customers from the obligation to pay for service rendered. Instead, the Commission is taking this extreme measure to ensure that the many consumers who are confined to their homes in a time of emergency are provided necessary services required to maintain health and safety. The Commission expects utilities to establish lenient and flexible payment plans for any unpaid balances. Utilities may also seek Commission approval, by written request filed in this docket, to offer free or reduced-rate service pursuant to KRS 278.170(2), which allows a utility to provide free or reduced-rate service during times of epidemic or calamity.

The Commission finds that, to the degree possible, the filing of physical documents with the Commission should be temporarily suspended. Accordingly, the Commission will suspend the filing of original paper documents with the Commission, except for the filing of confidential information. The Commission urges all parties that have non-electronic cases before the Commission to petition the Commission to convert the cases to electronic cases pursuant to 807 KAR 5:001, Section 8. If a non-electronic case is not converted to an electronic case, the Commission will grant a deviation from the filing requirements 807 KAR 5:001, Section 7(1), insofar that a filer will not be required to file an original document and ten copies with the Commission; the filer may file one original document with no copies, or send an electronic mail message with an electronic copy of the document to the Commission and to parties to the matter, with the expectation that the original(s) will be filed with the Commission once the state of emergency has ceased.

Any electronic email filed in this manner should be sent to this email: PSCED@ky.gov, and each message should include the case number in the subject line of the message and a read receipt to ensure the Commission received the message and documents. If electronic mail is used, please limit the size of documents to 5 MB. For electronic cases, the Commission will grant a deviation from all regulations requiring the filing of a physical copy of the document¹⁸ with the expectation that documents will be filed once the state of emergency has ceased, or service of a physical copy of a document,¹⁹ which can be accomplished via electronic mail. Likewise, applications filed pursuant to 807 KAR 5:063 must be filed using the Commission's electronic filing procedures, with the expectation that a physical copy be filed when the state of emergency has ceased.

If a utility needs to send a letter to the Commission or Executive Director, it should do so by electronically mailing the letter to the Executive Director.²⁰ Any other document that a utility is required to transmit to the Commission may be sent via electronic mail to the following address: PSCED@ky.gov.

Utilities have several ongoing reporting obligations to the Commission, such as quarterly meter reports,²¹ disconnection reports,²² and non-recurring charges reports.²³ The Commission finds that utilities should be granted temporary deviation from these

¹⁸ 807 KAR 5:001, Section 8(12)(a)(2)

¹⁹ 807 KAR 5:001 Section 8(7)(c)

²⁰ The electronic mail address of the Executive Director is Kent.Chandler@ky.gov

²¹ 807 KAR 5:006, Section 4(4)

²² 807 KAR 5:006, Section 4(5)

²³ 807 KAR 5:006, Section 9

requirements and that it expects the utilities to file these reports in a reasonable time after the state of emergency ends.

Utilities have a host of other obligations, such as monitoring of customer usage,²⁴ quarterly meter readings,²⁵ maintaining certain business hours and contact information,²⁶ and inspections of its systems.²⁷ In order to limit in-person contact, and also to allow the utility focus on essential functions of the utility, the Commission finds that utilities, until otherwise ordered, should be granted a temporary deviation from: the quarterly meter reading requirements in 807 KAR 5:006, Section 7(5)(b), the requirement to monitor customer usage in 807 KAR 5:006, Section 11(3); the requirements of maintaining certain business hours in 807 KAR 5:006, Section 14(1)(a),(b), and (c);²⁸ and the requirement for periodic inspections of its system in 807 KAR 5:006, Section 26.

The Commission anticipates that its day-to-day functions will continue uninterrupted, and that it will be able to discharge its statutory duties. However, in order to reduce person-to-person contact and minimize transmission risk, the Commission will take the following actions. The Commission will temporarily cease all in-person inspections conducted by its Staff. The Commission will not allow visitors into its building. Any conference or meeting that was scheduled to be held at the Commission's offices will be conducted by teleconference or videoconference. If a meeting or hearing cannot be conducted remotely, it will be rescheduled for another date.

²⁴ 807 KAR 5:006, Section 11(3).

²⁵ 807 KAR 5:006, Section 7(5)(b).

²⁶ 807 KAR 5:006, Section 14.

²⁷ 807 KAR 5:006, Section 26.

²⁸ This will exempt a utility from keeping its office open to the public.

The Commission will promptly address all requests for relief filed in this docket. The Commission may address informal concerns via informal means such as telephone or electronic mail. The Commission encourages interested persons to notify the Commission of suggestions that the Commission should consider in order to avoid the imposition of a service continuity hardship on customers or the creation of unnecessary COVID-19 risks associated with social contact. Comments may be filed in this docket electronically.

Based on the foregoing and being otherwise duly advised, IT IS HEREBY ORDERED that:

1. Until otherwise ordered by the Commission, utilities shall cease disconnections for non-payment.

2. Until otherwise ordered by the Commission, utilities shall waive all late payment charges.

3. Until otherwise ordered by the Commission, filers are granted deviation from filing or transmitting physical documents pursuant to the following requirements:

- a. 807 KAR 5:001, Section 7(1);
- b. 807 KAR 5:001, Section 8(12)(a)(2);
- c. 807 KAR 5:063; and
- d. 807 KAR 5:001 Section 8(7)(c).

4. Documents required by 807 KAR 5:001, Section 7(1), and 807 KAR 5:063 may be filed with the Commission by electronic mail at PSCED@ky.gov. An original of the documents exempted from filing in ordering paragraph 3(a), (b), and (c), shall be filed within 30 days of the lifting of the state of emergency.

5. A utility, in this docket, shall petition the Commission for relief from the provisions of its tariff or Commission, if not already granted deviation in this docket or if it is unable to comply with its tariff or Commission regulations due to COVID-19 related issues.

6. Any non-case related documents shall be filed with the Commission by electronic mail at PSCED@ky.gov.

7. Until further ordered by the Commission, utilities are granted deviation from the requirements found in:

- a. 807 KAR 5:006, Section 4(4);
- b. 807 KAR 5:006, Section 4(5);
- c. 807 KAR 5:006, Section 9;
- d. 807 KAR 5:006, Section 7(5)(b);
- e. 807 KAR 5:006, Section 11(3);
- f. 807 KAR 5:006, Section 14(1)(a),(b), and (c); and
- g. 807 KAR 5:006, Section 26.

8. The Commission may modify this proceeding by subsequent order.
9. This case shall remain open until further order by the Commission.

March 6, 2020

STATE OF EMERGENCY

WHEREAS, On January 31, 2020, the United States Department of Health and Human Services Secretary Alex Azar declared a public health emergency for the novel coronavirus (COVID-19), beginning on January 27, 2020; and

WHEREAS, there are numerous confirmed lab cases of COVID-19 throughout the United States; and

WHEREAS, COVID-19, a respiratory disease than can result in serious illness or death, is caused by the SARS-CoV-2 virus, which is a new strain of coronavirus that had not been previously identified in humans and can easily spread from person to person; and

WHEREAS, the CDC identifies the potential public health threat posed by COVID-19 both globally and in the United States as "high", and has advised that person-to-person spread of COVID-19 will continue to occur globally, including within the United States; and

WHEREAS, the World Health Organization currently indicates there are 98,192 confirmed cases of COVID-19 worldwide, and the CDC currently indicates that 164 of those cases are in the United States; and

WHEREAS, the planning and preparedness of all state and local agencies for a COVID-19 public health emergency in the Commonwealth is a concern to all Kentuckians; and

WHEREAS, the Kentucky Department of Emergency Management has special personnel and equipment resources to assist the state and local authorities in the protection of life, public health and safety, to promote the public welfare, to prevent undue loss and suffering, and to mitigate the effects of such an event; and

WHEREAS, the Kentucky Department of Public Health has specially trained personnel and resources to assist the state and local authorities in the protection of life, public health and safety, through coordinating a response to this emergency; and

WHEREAS, it is both appropriate and desirable to combine the resources of the ~~the Commonwealth~~ Kentucky Department of Emergency Management and the Kentucky Department of Public Health in joint operations with selected federal, state and local agencies to attain the maximum effective response to the circumstances described herein;

ANDY BESHEAR
GOVERNOR
KENTUCKY

ANDY BESHEAR
GOVERNOR

EXECUTIVE ORDER

Secretary of State
Frankfort
Kentucky

NOW, THEREFORE, I, Andy Beshear, Governor of the Commonwealth of Kentucky, by virtue of the authority vested in me by Chapter 39A of the Kentucky Revised Statutes, declare that a State of Emergency exists in the Commonwealth of Kentucky and do hereby order and direct the issuance of appropriate state active duty orders for the necessary officers, troops, personnel, equipment, including the resources of the Kentucky National Guard and other logistical support necessary for an immediate response to the novel coronavirus (COVID-19) emergency in the Commonwealth. I further order and direct as follows:

1. The Division of Emergency Management within the Department of Military Affairs and the Kentucky Department of Public Health shall coordinate the response and relief activities of all state agencies and private relief organizations in response to the COVID-19 emergency described herein.
2. The Division of Emergency Management within the Department of Military Affairs shall execute the Kentucky Emergency Operations Plan and, from the Kentucky Emergency Operations Center, shall coordinate the relief and response activities of all state agencies and private relief organizations in response to this emergency.
3. The Adjutant General is authorized to issue active duty orders for the mobilization of such National Guard personnel and equipment as he may determine to protect life and safety, to continue essential public services, and to prevent undue loss and suffering.
4. The Division of Emergency Management is authorized to request assistance, federal, state, local, private sector, volunteer, and donated resources as may be available to minimize human suffering and to restore essential services to the general population and to assist state and local governments and individuals impacted by this emergency.
5. The Finance and Administration Cabinet is directed to provide assistance with incident resource management, procurements, and contracting and to fund the urgent operational and/or response of the Division of Emergency Management and the unbudgeted expenditures and obligations of other state agencies that are incurred in response and recovery from this emergency incident and in executing the provisions of this Executive Order.
6. The Kentucky Department of Public Health and all other state agencies shall provide sufficient personnel required for the staffing of the Kentucky Emergency Operations Center or other command, control, and coordination points as may be designated by the Division of Emergency Management's Director and shall provide such personnel, vehicles, equipment, and other resources needed to protect life and property and to ensure continuation, restoration, and recovery of essential public services.

ANDY BESHEAR
GOVERNOR

EXECUTIVE ORDER

Secretary of State
Frankfort
Kentucky

7. The Kentucky Office of Homeland Security ("KOHS") shall provide information to individuals and private organizations, including volunteer and religious organizations, regarding how they can best prepare for and respond to the COVID-19 emergency described herein and whom to contact to volunteer help or services. Further, the KOHS shall specifically identify and encourage private organizations to commit to provide food, shelter, personnel, equipment, materials, consultation, and advice, or other services needed to respond to the COVID-19 emergency. Additionally, the KOHS shall coordinate its efforts with the federal Department of Homeland Security, as necessary, and administer the Kentucky Intelligence Fusion Center to facilitate information sharing about COVID-19 among public safety and public service agencies at the federal, state, and local levels, as well as the private sector.

This order is effective March 6, 2020.

ANDY BESHEAR, Governor
Commonwealth of Kentucky

RECEIVED AND FILED

DATE 3/6/2020

MICHAEL G. ADAMS

SECRETARY OF STATE

COMMONWEALTH OF KENTUCKY

BY 

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC EMERGENCY DOCKET)	CASE NO.
RELATED TO THE NOVEL CORONAVIRUS)	2020-00085
COVID-19)	

ORDER

On March 16, 2020, the Commission established this docket in response to a state of emergency brought on by the pandemic of the novel coronavirus, COVID-19. The Commission, in its March 16, 2020 Order, addressed several filing issues, *inter alia*, temporarily restricting paper filings with the Commission, in addition to encouraging utilities to request relief from other filing or reporting requirements should the utility deem such requests necessary. The Commission, however, has received several inquiries regarding these measures and finds that it is necessary to clarify and modify certain elements of the March 16, 2020 Order.

For electronic cases, upon submission of a file electronically, the filer SHALL NOT file the paper copy required by 807 KAR 5:001, Section 8(12)(a)(2), until later. Documents will be considered filed upon their electronic submission into the case file. Upon electronic submission of documents into the respective case file, no additional action is required, except that filers should retain the paper originals and submit those to the Commission within 30 days after the Governor lifts the current state of emergency.

The Commission expects that all parties that possess the ability to participate in their respective cases by electronic means should request that their non-electronic cases

be converted to electronic cases. Those that believe they do have the ability, but lack the expertise or knowledge, to participate in their respective case(s) by electronic means may contact the Commission by emailing PSCED@ky.gov in order to gain more information on participating by electronic means. In the event that a utility or party IS UNABLE TO convert a non-electronic case to an electronic case, the filing requirements for the case may be met by emailing the document for filing to the following address: PSCED@ky.gov. Documents received at this address will be deemed timely filed if transmitted within the allotted time. Similar to electronic cases, the filer should retain the paper originals of those documents and submit those to the Commission within 30 days after the Governor lifts the current state of emergency.

The Commission further finds, based on feedback and questions from interested parties, additional clarification is required regarding the filing of confidential information. The following *interim* guidance is provided:

For both electronic and non-electronic cases, a party may file confidential information with the Commission by (1) emailing the information to PSCED@ky.gov with a read receipt; or (2) sending by mail or delivery to the Commission's physical address, preferably on USB drive or compact disc, in the forms accepted by the Commission as provided for in 807 KAR 5:001, Section 8(4); or (3) use of an encrypted file-share site hosted by the filer or an affiliated or contracted third party, whereby the Commission may retrieve the confidential materials.

Nothing in the preceding sections relieves a party from serving other parties in a matter with filed documents. Further, redacted copies of confidential materials shall

continue to be filed with the Commission in one of the approved manners discussed above.

Additionally, the Commission finds that gas utilities should be granted temporary deviations from the *state* inspection requirements found in 807 KAR 5:006, Section 26(5). However, this does not grant deviation from any inspection requirements provided for in 49 C.F.R. Part 192 Transportation of Natural and Other Gas by Pipeline: Minimum Federal Safety Standards.

We also clarify our March 16, 2020 Order on two timely issues: request for extensions of time to file 2019 Reports of Gross Earnings from intrastate business¹ and Annual Financial and Statistical reports.² Pursuant to KRS 278.170, the Commission does not have the statutory authority to grant an extension of time for submitting the Report of Gross Earnings from intrastate business, and those reports must be filed on or before March 31, 2020. Moreover, the Commission already has an established procedure for requesting extensions for filing the Annual Financial and Statistical reports. Requests for extension of time to file an Annual Financial and Statistical report should be submitted electronically by generating an email to PSC.Reports@ky.gov after submission of the Report of Gross Earnings from intrastate business.

IT IS THEREFORE ORDERED that:

1. The Commission's March 16, 2020 Order in this proceeding is modified consistent with the discussion above;

¹ KRS 278.140.

² 807 KAR 5:006, Section 4(2).

2. Utilities are granted a temporary deviation from the *state* inspection requirements in 807 KAR 5:006 Section 26(5); and

3. All other aspects of the March 16, 2020 Order remain in full force and effect.

4. The Commission retains the right to modify, alter, or retract any portion of this Order, or any Order in this proceeding, at any time.

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
MAY 2020 MEETING**

A Special Meeting of the Grant County Sanitary Sewer District was called to order on May 21, 2020, at the hour of 2:30 p.m. The Special Meeting was conducted by video and audio teleconference which originated at the District Headquarters, 1 Farrell Drive, Crittenden, KY 41030. The Special Meeting was called pursuant to Senate Bill 150 and KRS 61.823. The Special Meeting was SB 150 and KRS 61.823 compliant. Prior to beginning the Meeting, Chairman Givin announced that the Special Meeting was properly noticed with the compliant agenda. Those in attendance were Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, Robert Worthington, and Leo Saylor. Also present were Superintendent William Catlett, Dianne Cook, HR Director Ashley Dyer, Kerry Odle of HMB Professional Engineers, Inc., and Counsel Thomas R. Nienaber. Those individuals attending the meeting remotely were Charles Givin, Robert Worthington, Leo Saylor, Kerry Odle, Thomas R. Nienaber and Chuck Dills. All "social distancing" guidelines were followed.

The first order of business was recognizing Grant County Judge Executive Chuck Dills who attended the meeting by remote.

The next order of business was the call for visitor business. The Chairman recognized that there were no visitors. The Chairman also recognized that there were no third party attendees participating in the Special Meeting either by video teleconference or audio teleconference.

The next order of business was a review of the April 2020 Minutes. After discussion, upon Motion of Robert Worthington and second by Leo Saylor, it was unanimously,

"RESOLVED: that the April 2020 Minutes be and the same are hereby approved as attached."

The next order of business was a review of the April 2020 Profit and Loss Statement and Warrants as attached. Commissioner Northcutt inquired about the screen expense at the sanitary sewer treatment plant. Superintendent Catlett stated that he had replaced the screen. Rodger Bingham inquired about sludge hauling costs. Superintendent Catlett explained. After discussion, upon motion of Danny Northcutt and second by Rodger Bingham, it was unanimously,

"RESOLVED: that the April 2020 Warrants and Profit and Loss Statement, be and the same are hereby approved as attached."

The next order of business was a report by Counsel Thomas R. Nienaber as follows:

1. Mr. Nienaber reported that the Public Service Commission has approved the District's rate increase request. Mr. Nienaber reviewed with the Commissioners the PSC's Order

Grant Co. Sanitary Sewer District
Minutes
May 21, 2020

Grant Co. Sanitary Sewer District approving the rate increase. He reported that the District now has a unified rate schedule. That is to say, sewer rates are the same for commercial, industrial, and residential customers. Overall, a unified rate schedule will not have a significant effect on District total revenues. Mr. Nienaber reported that the Public Service Commission approved a 10.5% rate increase versus the requested 19.5% rate increase. The additional revenues generated by the approved rate increase will be \$73,940.00 as opposed to \$136,527.00 that would have been generated by the requested 19.5% rate increase. Mr. Nienaber also discussed with the Commissioners the District's obligation to rebill commercial customers who were "underbilled" for the 2 year period preceding the Public Service Commission's approval of revised rates on May 6, 2020. Mr. Nienaber reviewed with the Commissioners a preliminary summary of refunds and new billings that will need to be adjusted and sent out to customers consistent with the Public Service Commission Order. The 5 year refund total will be approximately \$8,467.00. The total 2 year rebill for underbilling of customers will be approximately \$30,384.00. Commissioner Northcutt questioned whether or not the District should attempt to recover for underbilled customers as required by the Public Service Commission Order. Mr. Nienaber stated that the District has a responsibility to rebill those customers as required by the Public Service Commission. Commissioner Worthington stated that he had a similar issue with Duke Energy on underbilling for electric rates. He stated that Duke Energy allowed the customer who owed additional funds to work out a repayment schedule that was consistent with that customer's financial ability. Mr. Nienaber suggested that the District identify the exact amounts which need to be re-billed and prepare a cover letter to send to those customers seeking payment. Dianne Cook reported that she would have a final summary prepared in the next few days. Once that is complete, she should contact Mr. Nienaber to prepare an agreeable cover letter.

2. Mr. Nienaber shared with the Commissioners his report of March 2, 2020, regarding the District's ability to terminate sanitary sewer service to an apartment building owner for nonpayment of individual tenant sewer bills. A copy of Mr. Nienaber's report (attached) was reviewed with everyone.

The next order of business was a report by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Mr. Odle reported that Kentucky Infrastructure Authority and Division of Water have not yet released their project profile rating list. That should be released in the near future.

Grant Co. Sanitary Sewer District
Minutes
May 21, 2020

2. Mr. Odle reported that the federal government is currently working on a \$50 billion dollar infrastructure stimulus program that will earmark \$50 billion dollars nationwide for sanitary sewer treatment projects. Mr. Odle suggested that the District begin creating project profiles for potential sanitary sewer improvement projects.

The next order of business was a report by Superintendent Catlett as follows:

1. Superintendent Catlett reviewed with the Commissioners his Superintendent Report as attached.
2. Superintendent Catlett reported that the Phase I residential pumps are having issues. He is looking into purchasing replacement pumps from an alternate pump supplier.
3. Commissioner Givin inquired as to the issues Superintendent Catlett is having with Pumps at the Angela Lift Station. Superintendent Catlett reported that he has replaced seals on pumps 6 times. Superintendent Catlett is in the process of inspecting these pumps to determine the exact cause.

The next order of business was a report by Dianne Cook and Ashley Dyer as follows:

1. Ashley Dyer reported that the Bullock Pen Water District is having personnel changes. Suzanne Epperson is retiring effective August 1, 2020. Crystal Lower is resigning effective May 22, 2020. Ashley Dyer is currently in the process of advertising for replacement employees.
2. Dianne Cook reported that the next meeting is scheduled for June 18, 2020.

There being no further business to conduct, upon motion and second, the meeting was adjourned.

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of Grant County Sanitary Sewer District (a governmental entity), which comprise the balance sheet as of April 30, 2020, and the related statements of revenue and expenses - historical for the one month and four months ended April 30, 2020 and 2019 and budgeted for the four months ended April 30, 2020 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures and the statement of cash flows, the statement of changes in net position, and the supplementary information required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

We are not independent with respect to Grant County Sanitary Sewer District.

In re: PSC May 6, 2020 Order
Case No. 2019-00424

Greetings:

On May 6, 2020, the Public Service Commission ("PSC") entered the attached Order in the District's pending Rate Increase Application Case. The PSC approved those rates recommended by the PSC Staff. A copy of the approved Rate Increase Order is attached. The approved Rate Increases will generate an additional \$73,945.00 revenue per annum representing a 10.35% increase. The District's initial Application requested a 19% increase. A brief summary of the PSC's Order follows.

As expected, the PSC has generally adopted the Staff Report filed earlier in this proceeding. The basis for the reduction in approved rates versus those requested by the District is a product of 2 factors:

- (1) The PSC applied a 5-year average calculation rate, versus the District's requested 3-year average calculation rate; and
- (2) Allowable expense adjustments due to health care benefits.

The PSC justified using a 5-year average calculation rate since the BB&T Lease will be paid in full in 2023, thereby reducing the District's long term debt service by approximately \$114,000.00 per year.

The PSC's Order also has directed the District to readjust Commercial Water Rate bills as follows:

1. **Underbilled Commercial Customers:** The District is required to recalculate Commercial Customer bills for the two year period ending on the effective date of the PSC's Order (May 6, 2020). To the extent that any Commercial Customer was "underbilled" applying the then approved Residential Rates, that Commercial Customer should be invoiced for the additional cost.
2. **Overbilled Commercial Customers:** The District is required to adjust Commercial Customer bills for the 5 year period ending on the effective date of the PSC Order (May 6, 2020). To the extent that a Commercial Customer was "overbilled" applying Residential Rates then in effect, that Commercial Customer should receive a credit on their future bills until such time as the "overbilled" adjustment amount is reimbursed in full.

Other points of significance contained in the PSC's Order are:

1. The PSC has once again approved a "Unified Rate Schedule". That is to say, Commercial Customers and Residential Customers will be charged at the same rate schedule. The overall impact of this decision by the PSC has a net positive increase in "commercial" billings. The following chart demonstrates that Commercial Customers will be paying more by applying "Residential Rates" versus those "Commercial Rates" that the District requested in its original Application.

COMMERCIAL BILLING BASED UPON 10,000 GALLONS

	PSC Approved	District Request
(1) 5/8"/3/4" meter	\$87.87	\$71.65
(2) 1" meter	\$87.87	\$71.65
(3) 1 1/2" meter	\$87.87	\$71.65

Generally speaking, the application of a Unified Rate Schedule as approved by the PSC will have little to no effect on overall revenues generated by the District.

2. At Page 4 of the PSC Order, the PSC concluded:

"Although there is no statutory or regulatory requirement to seek a rate adjustment, the Commission strongly encourages utilities to apply for rate increases with greater frequency."

In some respects, this statement is contradicted by the PSC's granting of a lower rate increase than the District had requested. For example, the District stated in its original Application

and its Response to the PSC Staff Report that the District's infrastructure system is aging and needs significant repair and maintenance on an ongoing basis. This increased demand for additional maintenance and repair will obviously create an additional drain on the District's revenues as time goes by. It is, in part, this increasing cost of maintenance and repair expense and the ever growing number of repairs anticipated over the reasonably foreseeable future that require a 19% increase in rates. That is to say, the District requested a more significant rate increase to cover the future demands of maintenance and repair. Apparently, the PSC ignored this reality and yet they advise the District to file for more frequent rate increases! It just seems inconsistent to me.

If anyone has any questions regarding this Order, please feel free to call. By way of this correspondence, I would request that Dianne Cook place this item on the Agenda for the upcoming May 21, 2020 meeting.

Very truly yours,

/s/ Thomas R. Nienaber

TRN/krp

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF GRANT)	CASE NO.
COUNTY SANITARY SEWER DISTRICT FOR)	2019-00424
AN ALTERNATE RATE ADJUSTMENT)	

ORDER

On December 9, 2019, Grant County Sanitary Sewer District (Grant District), pursuant to 807 KAR 5:076, filed an application (Application) with the Commission requesting to increase its wastewater service rates. In its Application, Grant District requested rates that would increase annual sewer service revenues by \$136,527, a 19.47 percent increase to its customers.¹

BACKGROUND

Grant District is a sewer district created by an ordinance of the Grant County Fiscal Court pursuant to KRS Chapter 74 and 67. It owns and operates a wastewater distribution system through which it provides wastewater service to approximately 1,577 retail customers² in Grant County, Kentucky.³ The pending case is Grant District's first rate adjustment since it was granted a rate increase on April 12, 2006.⁴

¹ Application, Attachment 6.

² *Annual Report of Grant County Sanitary Sewer District to the Public Service Commission for the Calendar Year Ended December 31, 2018 (Annual Report)* at 25.

³ *Id.* at 9.

⁴ See Case No. 2005-00314, *Application of Grant County Sanitary Sewer District for Authority to Adjust Rates* (Ky. PSC April 12, 2006).

TEST PERIOD

The calendar year ended December 31, 2018, was used as the test year to determine the reasonableness of Grant District's existing and proposed wastewater rates, as required by 807 KAR 5:076, Section 9.

PROCEDURE

Grant District filed its Application on December 9, 2019. To ensure an orderly review of the Application, the Commission established a procedural schedule by Order dated January 2, 2020, which among other things, required Commission Staff (Staff) to file a report containing its findings regarding Grant District's Application by March 26, 2020.

On March 17, 2020, Staff issued a Staff Report finding that Grant District's adjusted test-year operations supported an overall revenue requirement of \$817,071 and that an annual revenue increase of \$73,945, or 10.35 percent, is necessary to generate the overall revenue requirement.

On March 27, 2020, Grant District, filed its written comments in response to the Staff Report. With its comments, Grant District did not request to hold a conference or a hearing.⁵

SUMMARY OF REVENUE AND EXPENSES

The Staff Report summarizes Grant District's pro forma income statement as follows:

⁵ Case No. 2019-00424, Grant County Sanitary Sewer District's Comments on Commission Staff's Report (filed March 27, 2020).

	2018 <u>Annual Report</u>	Pro Forma <u>Adjustments</u>	Staff Pro Forma <u>Operations</u>
Operating Revenues	728,155	\$ 13,100	741,255
Total Operating Expenses	<u>646,209</u>	<u>6,901</u>	<u>653,110</u>
Net Operating Income	81,946	6,199	88,145
Interest and Dividend Income	1,871	0	1,871
Miscellaneous Non Operating Income	<u>15,842</u>	<u>(15,842)</u>	<u>0</u>
Income Available for Debt Service	<u>\$ 99,659</u>	<u>\$ (9,643)</u>	<u>\$ 90,016</u>

ANALYSIS AND DISCUSSION OF ISSUES

In its March 27, 2020 response to Staff's Report, Grant District objected to Staff's recalculation of the Average Annual Principal Payments. Grant District states that the Commission should utilize a three-year calculation period.⁶ In support of its request, Grant District states that given the increasing demands for maintenance, repair and/or replacement of aging infrastructure, the financial demands for funding of these projects is vital to maintaining the district's ability to provide quality services to its customers.⁷

The Commission disagrees with Grant District's opinion in favor of utilizing a three-year method. Current Commission precedent utilizes a five-year period for Average Annual Principal and Interest Payments.⁸ As further support, Grant District's lease with BB&T has a projected payoff of 2023, and at that time principal and interest payments for the lease will not be incurred. If Grant District delays another 14 years between rate cases, the three-year method would improperly allow Grant District to recover costs that

⁶*Id.* at 2–4.

⁷ *Id.* at 4.

⁸ See Case No. 2019-00268, *Application of Knott County Water and Sewer District for Authority to Adjust Rates*. (Ky. PSC Mar. 24, 2020). Case No. 2018-00414, *Application of Crittenden-Livingston County Water District for Authority to Adjust Rates* (Ky. PSC May 23, 2019).

it no longer would incur. The three-year average, as calculated by Grant District, would result in a collection of \$1,253,054 over 11 years for which they are not incurring the expense. Although there is no statutory or regulatory requirement to seek a rate adjustment, the Commission strongly encourages utilities to apply for rate increases with greater frequency.⁹

MODIFICATIONS TO STAFF'S FINDINGS

In the Staff Report, Staff proposed to accept or reject adjustments made by Grant District in its Application and proposed additional adjustments. As discussed in the paragraphs above, Grant District filed one objection to Staff's findings. The Commission finds that it cannot approve Grant District's request to include the three-year average of its annual principal and interest payments, but rather will include the five-year average as calculated by Staff. Therefore, the Commission accepts the findings contained in the Staff Report.

REVENUE REQUIREMENTS

Based upon the Commission's findings and determinations herein, Grant District requires an increase in revenues from its wastewater service rates of \$73,945, or 10.35 percent above pro forma present service revenues, as shown below:

⁹ See case 2019-00041, *Electronic Investigation Into Excessive Water Loss by Kentucky's Jurisdictional Water Utilities*. (Ky. PSC Nov. 22, 2019), Appendix L at 16.

Pro Forma Operating Expenses	\$ 653,110
Plus: Average Annual Debt Principal & Interest Payments	149,055
KIA Loans & Capital Lease	<u>14,906</u>
 Total Revenue Requirement	 817,071
Less: Other Operating Revenue	(26,971)
Miscellaneous Nonoperating Income	0
Interest Income	<u>(1,871)</u>
 Revenue Required from Rates	 788,229
Less: Revenue from Sales at Present Rates	<u>(714,284)</u>
 Required Increase in Revenue	 <u>\$ 73,945</u>
Percentage Increase	<u>10.35%</u>

RATE DESIGN

Grant District proposed to increase all of its monthly retail wastewater service rates evenly across the board. The Commission finds that, in the absence of a cost-of-service study, the proposed across the board method is an appropriate and equitable method to allocate the increased cost to Grant District's retail customers. The rates in the Appendix attached to this Order will produce wastewater rate revenues from Grant District's retail customers sufficient to recover the revenue required from rates of \$788,229, which has been determined to be reasonable by the Commission herein. The monthly wastewater bill of an average residential customer using 3,713 gallons of water will increase from \$35.19 to \$38.85, an increase of \$3.66, or approximately 10.40 percent.

Grant District charges rates for sewer usage based on the water consumption of its customers. The rate structure is a tiered schedule based on water meter size. Grant District's Billing Analysis in its Application included rates for commercial customers that were not in the current tariff. Grant District submitted a supplement to the application on February 5, 2020, stating that it would charge the Monthly Sewer Rates as contained in

Appendix A of the final Order in Case 2005-00314.¹⁰ Grant District stated in its response to the Staff Report, that it will resubmit bills to commercial customers that were under billed and submit credit statements to those commercial customers overbilled in accordance with KRS 278.160 and KRS 413.120.¹¹ The Commission notes that, pursuant to KRS 278.160(2), a utility must demand and collect no more and no less than the rates prescribed in its tariff. Therefore, the Commission finds that to the extent that Grant District underbilled commercial customers, Grant District should bill those customers for the difference in the rate Grant District charged and the rate Grant District was authorized to charge, subject to the two-year limitation found in KRS 278.225. To the extent that Grant District overbilled commercial customers, Grant District should refund those customers for the difference in the rate Grant District charged and the rate Grant District was authorized to charge, subject to the five-year limitation found in KRS 413.120.

SUMMARY

After consideration of the evidence of record and being otherwise sufficiently advised, the Commission finds that:

1. The findings contained in the Staff Report are supported by the evidence of record and are reasonable.
2. The Commission has historically used a Debt Service Coverage (DSC) method to calculate the revenue requirement for water districts or associations with outstanding long-term debt. Application of the Commission's DSC method to Grant

¹⁰ Case No. 2019-00424, Supplemental Application of Grant County Sanitary Sewer District (filed February 5, 2020).

¹¹ Case No. 2019-00424, Grant County Sanitary Sewer District's Comments on Commission Staff's Report (filed March 27, 2020).

District's pro forma operations results in an Overall Revenue Requirement of \$817,071. A revenue increase of \$73,945 from wastewater service rates is necessary to generate the Overall Revenue Requirement.

3. The wastewater service rates proposed by Grant District should be denied.

4. The wastewater service rates set forth in the Appendices to this Order are fair, just, and reasonable and should be approved.

IT IS THEREFORE ORDERED that:

1. The findings contained in the Staff Report are adopted and incorporated by reference into this Order as if fully set out herein.

2. To the extent that Grant District underbilled commercial customers, Grant District shall bill those customers for the difference in the rate Grant District charged and the rate Grant District was authorized to charge, subject to the two-year limitation found in KRS 278.225.

3. To the extent that Grant District overbilled commercial customers, Grant District shall refund those customers for the difference in the rate Grant District charged and the rate Grant District was authorized to charge, subject to the five-year limitation found in KRS 413.120.

4. The general service rates proposed by Grant District are denied.

5. The rates set forth in the Appendix to this Order are approved for service rendered by Grant District on and after the date of this Order.

6. Within 20 days of the date of entry of this Order, Grant District shall file with this Commission, using the Commission's electronic Tariff Filing System, new tariff sheets

setting forth the rates and charges approved herein and their effective date and stating that the rates and charges were authorized by this Order.

7. This case is closed and removed from the Commission's docket.

In re: Revised Tariff
Case No. 2019-00424

Dear Dianne and Ashley:

I have forwarded the Revised Tariff to the Public Service Commission for their recording. Now that the District's new rates have been approved, we are required to file the revised rate sheet with the District's Tariff as recorded in our office and on our website. I would recommend that we post the revised Tariff on the District's website and remove the old Tariff sheet. Please note that the Public Service Commission has approved a "unified rate schedule". That is to say, commercial and residential customers are all being charged at the same rate. Accordingly, we should remove the commercial rate schedule from our old Tariff. I would also recommend that we post a copy of the revised Tariff at the District headquarters for inspection by our customers.

If you have any questions regarding this matter, please feel free to call.

Thanks.

Very truly yours,

/s/ Thomas R. Nienaber

GRANT COUNTY SANITARY SEWER DISTRICT
AGENDA
JUNE 18, 2020
VIA WEB
AND
IN PERSON

1. Call to order
2. Visitor Presentation
3. Reading of Minutes, Approval of Warrants, Maintenance & Operating Account, Profit and Loss Statement
4. Old business
 - A. Tom Nienaber
 - i. PSC – Rate Increase Completed
5. New business
 - A. Kerry Odle, HMB Professional Engineering
 - i. WWTP Improvements
 - ii. KIA Loan Announcements
 - B. Billy Catlett
 - i. Supervisor's Report
 - C. Bullock Pen Management Fee
 - i. May, 2020
 - D. Dianne Cook/Ashley Dyer
 - i. Next Meeting – July 16 or 23, 2020??
6. Adjournment

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
JUNE 2020 MEETING**

A Special Meeting of the Grant County Sanitary Sewer District was called to order on June 18, 2020, at the hour of 3:00 p.m. The Special Meeting was conducted by live video and live audio teleconference which originated at the District Headquarters, 1 Farrell Drive, Crittenden, KY 41030. The Special Meeting was called pursuant to Senate Bill 150 and KRS 61.823. The Special Meeting was SB 150 compliant and KRS 61.823 compliant. Prior to beginning the Meeting, Chairman Givin announced that the Special Meeting was properly noticed with the compliant agenda. Those in attendance were Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, Robert Worthington, and Leo Saylor. Also present were Superintendent William Catlett, Dianne Cook, HR Director Ashley Dyer, Kerry Odle of HMB Professional Engineers, Inc., and Counsel Thomas R. Nienaber. All Commissioners attended the meeting live or by video teleconference. Also attending the Special Meeting by video teleconference were Kerry Odle of HMB Professional Engineers, Inc., and Counsel Thomas R. Nienaber. Ashley Dyer, Dianne Cook, and Superintendent Catlett attended the meeting at the District Headquarters and followed all “social distancing” guidelines.

The first order of business was a review of the May 2020 Minutes. After discussion, upon Motion of Leo Saylor and second by Robert Worthington, it was unanimously,

“RESOLVED: that the May 2020 Minutes be and the same are hereby approved as attached.”

The next order of business was a review of the May 2020 Profit and Loss Statement and Warrants as attached. Commissioner Worthington inquired as to the telemetry bill. Superintendent Catlett explained those charges. After discussion, upon motion of Danny Northcutt and second by Rodger Bingham, it was unanimously,

“RESOLVED: that the May 2020 Profit and Loss Statement and Warrants, be and the same are hereby approved as attached.”

The next order of business was a report by Counsel Thomas R. Nienaber as follows:

1. Mr. Nienaber reported that the Public Service Commission has approved the District’s revised Tariff incorporating the current rate increase. All further customer billings will conform to the new rates.
2. Mr. Nienaber gave a report on the status of the issue of bill overpayment refunds and underpayment charges as contained in the Public Service Commissions’ Order approving the District’s rate increase. Dianne Cook reported that the approved letters for both classes of customers are being finalized and are being sent to customers.

Grant County Sanitary Sewer District
Minutes
June 18, 2020

The next order of business was a presentation by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Mr. Odle gave a report on the recent publication of project awards by the Kentucky Infrastructure Authority ("KIA"). He reported that the District's request for financing of the equalization tank was rated last. It is unlikely that KIA funds will be available for that project.
2. Mr. Odle gave a report on the status of the federal stimulus program whereby federal funding would be available to sewer districts on a nationwide basis. Currently, it appears as though the federal stimulus program will offer \$50 billion dollars for sewer infrastructure projects (nationwide). To date, specific program rules and regulations have not been adopted. In all likelihood, this program will be administered on a state level by KIA. Mr. Odle reported that since federal monies are funding this program, any District which accepts federal funding will be required to follow federal rules which would include issues such as prevailing wages and surveys, including environmental, archeological, and the like. These additional federal rules would invariably increase the cost of a project. Currently, it appears that federal monies would be available on a 50% grant and 50% loan basis. Preliminary interest rates appear to be somewhere around 2.5%. Mr. Odle recommended that the District begin the process of preparing project profiles (particularly for the equalization tank) for submittal under the federal stimulus program. He reported that if the District should qualify for and subsequently decline participation, the District could do so without any obligation. Commissioner Givin suggested that in any event, the District should consider borrowing money for the equalization basin project.

The next order of business was a report by Superintendent Catlett as follows:

1. Superintendent Catlett reviewed with the Commissioners his Superintendent's Report as attached.
2. On May 28th, District employees completed their continuing education relating to sanitary sewer districts. All applicable employees are now in compliance.
3. Superintendent Catlett conducted a trial on the new pumps. He reported that the replacement pumps are performing much better than the old pumps.
4. On May 18, 2020, Ernie serviced the pumps at the sewer treatment plant. Overall, he did a great job.

Grant County Sanitary Sewer District
Minutes
June 18, 2020

The next order of business was a report by Dianne Cook as follows:

1. Commissioner Northcutt inquired as to the number of customer nonpayment/late payments in light of the COVID-19 issue. Dianne Cook reported that there is not a significant increase in late payments or nonpayments. She also commented that in conformity with the Public Service Commission's recent order, late fees are not being charged.
2. Dianne Cook reported that current bills are now going out under the new rate schedule.
3. Dianne Cook reported that the next meeting is scheduled for July 16, 2020. Due to conflicts, the Bullock Pen Water District changed the meeting date to July 23, 2020. Everyone agreed that the District should do likewise.

There being no further business to conduct, upon motion and second, the meeting was adjourned.

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of Grant County Sanitary Sewer District (a governmental entity), which comprise the balance sheet as of May 31, 2020, and the related statements of revenue and expenses - historical for the one month and five months ended May 31, 2020 and 2019 and budgeted for the five months ended May 31, 2020 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures and the statement of cash flows, the statement of changes in net position, and the supplementary information required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

We are not independent with respect to Grant County Sanitary Sewer District.

 - D. Dianne Cook/Ashley Dyer
 - i. Next Meeting – August 20, 2020
6. Adjournment

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
JULY 2020 MEETING**

A Special Meeting of the Grant County Sanitary Sewer District was called to order on July 23, 2020, at the hour of 3:00 p.m. The Special Meeting was conducted by live video and live audio teleconference which originated at the District Headquarters, 1 Farrell Drive, Crittenden, KY 41030. The Special Meeting was called pursuant to Senate Bill 150 and KRS 61.823. The Special Meeting was SB 150 compliant and KRS 61.823 compliant. Prior to beginning the Meeting, Chairman Givin announced that the Special Meeting was properly noticed with the compliant agenda. Those in attendance were Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, Robert Worthington and Leo Saylor. Also present were Superintendent William Catlett, Dianne Cook, HR Director Ashley Dyer, Kerry Odle of HMB Professional Engineers, Inc., and Counsel Thomas R. Nienaber. All Commissioners attended the meeting live or by video teleconference except Commissioner Worthington. Commissioner Robert Worthington attended the Special Meeting by video teleconference. Kerry Odle of HMB Professional Engineers, Inc., Counsel Thomas R. Nienaber, Ashley Dyer, Dianne Cook, and Superintendent Catlett attended the meeting at the District Headquarters and followed all "social distancing" guidelines.

The first order of business was a report by VanGorder, Walker & Co., Inc., Mr. John Chamberlain regarding the District's audited Financial Statement for the period ending December 31, 2019. Mr. Chamberlain distributed to all of the Commissioners a copy of the proposed Financial Statement (attached) and Financial Statement Summary. Mr. Chamberlain reported that the Audit Opinion represents an unmodified opinion which is the highest level of assurance given. The financial statements present fairly in all material respects, the financial position of the District as of December 31, 2019. Mr. Chamberlain stated that there are no matters involving internal control over financial reporting and operations considered to be significant deficiencies or material weaknesses in conformity with the government auditing standards. He found no items of noncompliance with debt agreements and/or Kentucky law. Mr. Chamberlain noted that there was a small reduction in cash equivalents in 2019 versus 2018. The District's capital asset comparison has remained steady. He noted that the long term debts and liabilities have been significantly reduced. Mr. Chamberlain noted that in 2023 the District will make its last payment to the BB&T Bank Lease. This will eliminate an approximate \$110,00.00 per year annual payment in the District's long term debt obligations. Mr. Chamberlain noted that the District's revenue and expenses gap has narrowed during 2019. However, with the District's recent 10.5% rate increase, this gap should expand favorably to the District in 2020 and thereafter. Overall, Mr. Chamberlain reported that the District is in a strong financial position. He also reported that the COVID-19 Emergency has not created any significant issues for the District. Chairman Givin requested that the Commissioners review their copy of the proposed financial statement and be prepared to take final action at the next meeting.

The next order of business was a review of the June 2020 Minutes. After discussion, upon Motion of Rodger Bingham and second by Leo Saylor, it was unanimously,

Grant County Sanitary Sewer District
Minutes
July 23, 2020

“RESOLVED: that the June 2020 Minutes be and the same are hereby approved as attached.”

The next order of business was a review of the June 2020 Profit and Loss Statement and Warrants as attached. Commissioner Northcutt inquired as to the bill to Cummins Generator. Superintendent Catlett reported that this is the District’s annual inspection fee paid to Cummins Generator. Commissioner Northcutt inquired as to the payment to Envirocare. Superintendent Catlett reported that this is the last payment due on the bar screen at the treatment plant. After discussion, upon motion of Danny Northcutt and second by Rodger Bingham, it was unanimously,

“RESOLVED: that the June 2020 Profit and Loss Statement and Warrants, be and the same are hereby approved as attached.”

The next order of business was a report by Counsel Thomas R. Nienaber as follows:

1. Mr. Nienaber inquired as to whether or not anyone has heard from the Division of Water regarding the mobile home parks on US 25. Kerry Odle reported that he heard the on-site treatment plant permit applications from the mobile home parks are being reviewed. This has been the same response given by the Division of Water over the last year. It does not appear as though there has been any movement whatsoever in this regard.

The next order of business was a presentation by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Mr. Odle reported that the Kentucky Infrastructure authority released its loan awards last month. The District did not receive any such loan funding.
2. Mr. Odle inquired as to whether or not the District should update its current project profiles in order for the District to apply for federal funding if the Federal Government ever approves and releases the anticipated \$50 billion dollars in stimulus funding. Everyone agreed that those project profiles should be updated.

The next order of business was a report by Superintendent Catlett as follows:

1. Superintendent Catlett reviewed with the Commissioners his Superintendent’s Report as attached.

Grant County Sanitary Sewer District
Minutes
July 23, 2020

2. Superintendent Catlett reported that over the last month or so, foam has been an issue at the treatment plant. This problem is not out of the ordinary during the hotter summer months. Superintendent Catlett reported that the foam issue is under control.
3. Superintendent Catlett reported that he is going to retire effective January 31, 2021. He reported that the Bullock Pen Water District is in the process of obtaining replacements for his position.

The next order of business was a report by Dianne Cook as follows:

1. Commissioner Northcutt inquired as to the status of collecting underpayments and issuing overpayment checks as required by the Public Service Commission in their most recent rate increase order. Dianne Cook reported that she has billed out approximately \$36,000.00 in underpayments and received approximately \$14,000.00. She indicated that there are no serious issues. Dianne Cook reported that with respect to the refund checks for overpayments, she is in the process of issuing those checks which should go out in the next 30 days.
2. Dianne Cook reported that the next regular meeting is scheduled for August 20, 2020.
3. Dianne Cook reported that Suzanne Epperson's retirement lunch is scheduled for July 30, 2020 at noon. Anyone wanting to attend should notify Dianne Cook.

There being no further business to conduct, upon motion and second, the meeting was adjourned.

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of Grant County Sanitary Sewer District (a governmental entity), which comprise the balance sheet as of June 30, 2020, and the related statements of revenue and expenses - historical for the one month and six months ended June 30, 2020 and 2019 and budgeted for the six months ended June 30, 2020 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures and the statement of cash flows, the statement of changes in net position, and the supplementary information required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

We are not independent with respect to Grant County Sanitary Sewer District.

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
AUGUST 2020 MEETING**

A Special Meeting of the Grant County Sanitary Sewer District was called to order on August 20, 2020, at the hour of 3:00 p.m. The Special Meeting was conducted by live video and live audio teleconference which originated at the District Headquarters, 1 Farrell Drive, Crittenden, KY 41030. The Special Meeting was called pursuant to Senate Bill 150 and KRS 61.823. The Special Meeting was SB 150 compliant and KRS 61.823 compliant. Prior to beginning the Meeting, Chairman Givin announced that the Special Meeting was properly noticed with the compliant agenda. Those in attendance were Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, Robert Worthington and Leo Saylor. Also present were Superintendent William Catlett, Dianne Cook, HR Director Ashley Dyer, Kerry Odle of HMB Professional Engineers, Inc., and Counsel Thomas R. Nienaber. All Commissioners attended the meeting live or by video teleconference except Chairman Givin and Commissioner Worthington. Chairman Givin and Commissioner Robert Worthington attended the Special Meeting by video teleconference. Kerry Odle of HMB Professional Engineers, Inc., Counsel Thomas R. Nienaber, Ashley Dyer, Dianne Cook, and Superintendent Catlett attended the meeting at the District Headquarters and followed all “social distancing” guidelines. Also present was Mr. Brandon Baxter, P.E., HMB Professional Engineers, Inc. Mr. Kerry Odle introduced Mr. Baxter as his replacement who will fill in for Mr. Odle after his retirement.

The first order of business was a review of the July 2020 Minutes. After discussion, upon Motion of Robert Worthington and second by Danny Northcutt, it was unanimously,

“RESOLVED: that the July 2020 Minutes be and the same are hereby approved as attached.”

The next order of business was a review of the July 2020 Profit and Loss Statement and Warrants as attached. After discussion, upon motion of Rodger Bingham and second by Leo Saylor, it was unanimously,

“RESOLVED: that the July 2020 Profit and Loss Statement and Warrants, be and the same are hereby approved as attached.”

The next order of business was a report by Counsel Thomas R. Nienaber as follows:

1. Mr. Nienaber reported that the December 31, 2019 annual audit needs to be approved by the District. This is the Audit Report that was distributed by Chairman Givin at the last meeting. After discussion, upon motion of Danny Northcutt and second by Robert Worthington, it was unanimously,

“RESOLVED: that the December 31, 2019, Annual Audit be approved as attached.”

Grant Co. Sanitary Sewer District
Minutes
August 20, 2020

2. Mr. Nienaber inquired of Dianne Cook for an update on the issuance of checks to customers who overpaid and bills to those customers who underpaid as ordered by the Public Service commission. Ms. Cook reported that underpayment invoices have been sent and several checks have been received. Rebate checks for those customers who overpaid will be going out in the next couple of weeks.
3. Mr. Nienaber inquired as to the status of the Certificate of Deposit renewal at Forcht Bank. Dianne Cook stated that she would like to purchase an 11 month certificate of deposit at an interest rate of 1% in the amount of \$133,000.00 from Forcht Bank. Ms. Cook reported that she needs signature authorization for Superintendent Catlett and Dianne Cook. After discussion, upon motion of Danny Northcutt and second by Robert Worthington, it was unanimously,

“RESOLVED: that Dianne Cook and Superintendent Catlett be and the same are hereby authorized to renew the Certificate of Deposit and signature authority with Forcht Bank in an amount of \$133,000.00 for a period of 11 months, at an interest rate of 1%.”

The next order of business was a presentation by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Mr. Odle reported that there have been no developments on the Federal Stimulus Package earmarked for water and sewer projects throughout the United States. Mr. Odle stated that he would keep everyone apprised of any developments in that regard.

The next order of business was a report by Superintendent Catlett as follows:

1. Superintendent Catlett reviewed with the Commissioners his Superintendent’s Report as attached.
2. Superintendent Catlett reported that the wastewater treatment plant had issues over the last month. A Notice of Violation was issued on July 29, 2020, as a result of debris in the effluent creek. Superintendent Catlett reported that this Violation was issued in large part due to the absence of an equalization tank at the wastewater treatment plant. Superintendent Catlett emphasized the need to install an equalization tank. He recommended that Mr. Odle begin the process of engineering an equalization tank for construction at the wastewater treatment plant and report at the next meeting.
3. Superintendent Catlett reported that the pumps at the KY 491 lift station were rebuilt on July 31, 2020. The cost was approximately \$5,000.00.

Grant Co. Sanitary Sewer District
Minutes
August 20, 2020

4. Superintendent Catlett reported that the Bullock Pen Water District has hired a new Superintendent, Mr. Brian Simpson, and Assistant Superintendent, Mr. Paul Harp, to replace Superintendent Catlett upon his retirement January 31, 2021. He also reported that a Field Technician was hired to begin immediately.

The next order of business was a report by Dianne Cook as follows:

1. Ms. Cook reported that the next meeting is scheduled for September 17, 2020.

There being no further business to conduct, upon motion and second, the meeting was adjourned.

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of Grant County Sanitary Sewer District (a governmental entity), which comprise the balance sheet as of July 31, 2020, and the related statements of revenue and expenses - historical for the one month and seven months ended July 31, 2020 and 2019 and budgeted for the seven months ended July 31, 2020 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures and the statement of cash flows, the statement of changes in net position, and the supplementary information required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

We are not independent with respect to Grant County Sanitary Sewer District.

	Forcht Friend Rate <u>NO</u>
	Issued by: <u>Jennifer Brennan</u>
	Issuing Branch: <u>CRITTENDEN BANKING</u>

This account is Non-Negotiable and Non-Transferrable.

Rate & Interest Information: This is an interest bearing account, fixed rate product. The interest rate on the account is 1.00 % with an annual percentage yield (APY) of 1.01 %. This rate will be paid until the maturity date specified above. Interest begins to accrue on the business day you deposit any noncash item (for example, checks).

Interest will be compounded daily. Interest will be credited according to the frequency below. The annual percentage yield assumes that interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Interest Payment frequency:	<input type="checkbox"/> Monthly	Interest Payment method:	<input checked="" type="checkbox"/> Credited to this account
	<input type="checkbox"/> Quarterly		<input type="checkbox"/> Mailed to you
	<input type="checkbox"/> Semi-Annually		<input type="checkbox"/> Deposited to your account # <u>0</u>
	<input checked="" type="checkbox"/> At Maturity		

Effect of Closing an Account: If you close your account before interest is credited, you will receive the accrued interest subject to an early withdrawal penalty.

Minimum Balance Requirement: You must make a minimum deposit of \$1,000.00 to open this account. You must maintain this minimum balance on a daily basis to earn the annual percentage yield disclosed.

Transaction Limitations: You cannot make additional deposits to this account during a term (other than accrued interest). You cannot withdraw principal from this account without our consent except on or after maturity. For accounts that automatically renew, there is a grace period after each renewal date during which withdrawals are permitted without penalty.

Balance Computation Method: We use the daily balance method to calculate the interest on the account. This method applies a daily periodic rate to the principal in the account each day.

Renewal Policy: You must notify us in writing before, or within a 10-day grace period after the maturity date if you do not want this account to automatically renew. If you do not withdraw the funds, interest will accrue after final maturity and the certificate account will automatically be renewed for the same length as the previous term according to the bank's current interest rate and APY schedule listed below. Promotional term certificates will be renewed for the same length as the previous term; however, unless explicitly stated otherwise, any special promotion interest rate and APY will not apply to automatically renewed accounts. Instead, the certificate will be renewed according to the bank's current interest rate and APY schedule listed below.

Promotional Term Certificate of Deposit	CD Interest Rate and APY Upon Renewal
3 - 5 Months	3 Months
6 - 9 Months	6 Months
10 - 15 Months	12 Months
16 - 21 Months	18 Months
22 - 27 Months	24 Months
28 - 33 Months	30 Months
34 - 39 Months	36 Months
40 - 51 Months	48 Months
52 - 60 Months	60 Months

Early Withdrawal Penalty: A penalty will be imposed if any of the principal is withdrawn prior to the maturity date. The penalty will be an amount equal to: 3 months of interest for accounts with a maturity of 12 months or less; 6 months of interest for accounts with a maturity of 13 - 23 months; 18 months of interest for accounts with a maturity of 24 months or greater. The penalty will be based on the amount withdrawn and the interest rate in effect at the time of the withdrawal.

Grant Co. Sanitary Sewer District

Supervisor's Report

July

29th) – The Division of Compliance Assistance completed an inspection at the Sewer Plant. A notice of violation was issued for debris in the effluent creek.

30th) – Ordered a seal plate and rebuilt kit for a pump in 491 lift station.

31st) – Replaced pump #2 with a new pump at 491 Lift Station. Sent the pump to EMT for repair.

August

- Worked with Kentucky Rural Water to diagnose issues at the Sewer Plant.

3rd) – Pulled pump #2 at Angela lift station due to high amps, we unclogged the pump and reinstalled it into the pit.

- Pulled pump #2 at Claiborne lift station due to high amps, we unclogged the pump and reinstalled it into the pit.

6th) – Replaced the diffusers in plant #1 at the Sewer Plant.

7th) – Replaced the diffusers in plant #2 at the Sewer Plant.

11th) – Dropped off an easement to Jeremy Kornoff on Shady Ln. for his low pressure grinder pump line.

12th) – Cleaned out the debris troughs on all 4 plants at the Sewer Plant.

13th) – Hauled sludge from the Sewer Plant to the City of Williamstown sewer plant.

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
SEPTEMBER 2020 MEETING**

A Special Meeting of the Grant County Sanitary Sewer District was called to order on September 17, 2020, at the hour of 3:00 p.m. The Special Meeting was conducted by live video and live audio teleconference which originated at the District Headquarters, 1 Farrell Drive, Crittenden, KY 41030. The Special Meeting was called pursuant to Senate Bill 150 and KRS 61.823. The Special Meeting was SB 150 compliant and KRS 61.823 compliant. Prior to beginning the Meeting, Chairman Givin announced that the Special Meeting was properly noticed with the compliant agenda. Those in attendance were Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, Robert Worthington and Leo Saylor. Also present were Superintendent William Catlett, Dianne Cook, HR Director Ashley Dyer, Kerry Odle of HMB Professional Engineers, Inc., and Counsel Thomas R. Nienaber. All Commissioners attended the meeting live except Commissioner Worthington. Commissioner Robert Worthington attended the Special Meeting by video teleconference. Kerry Odle of HMB Professional Engineers, Inc., Counsel Thomas R. Nienaber, Ashley Dyer, Dianne Cook, and Superintendent Catlett attended the meeting at the District Headquarters and followed all "social distancing" guidelines. Also present were Mr. Mr. Brandon Baxter of HMB Professional Engineers, Inc, and Brian Simpson of the Bullock Pen Water District.

The first order of business was a review of the August 2020 Minutes. After discussion, upon Motion of Leo Saylor and second by Robert Worthington, it was unanimously,

"RESOLVED: that the August 2020 Minutes be and the same are hereby approved as attached."

The next order of business was a review of the August 2020 Profit and Loss Statement and Warrants as attached. After discussion, upon motion of Robert Worthington and second by Rodger Bingham, it was unanimously,

"RESOLVED: that the August 2020 Profit and Loss Statement and Warrants, be and the same are hereby approved as attached."

The next order of business was a report by Counsel Thomas R. Nienaber as follows:

1. Mr. Nienaber reviewed with the Commissioners the excellent report and summary prepared by Dianne Cook regarding the refund checks and underbilling invoices which have gone out to customers pursuant to the Public Service Commission's Order. Dianne Cook reported that the rebate checks will probably be mailed on September 18, 2020. Ms. Cook reported that the invoices for underbilling have been mailed sometime ago. To date, the District has received \$22,649.20 from under billed customers. The total amount of under billed invoices is \$36,262.93. The total five-year refund checks are \$14,919.63.

Grant Co. Sanitary Sewer District
Minutes
September 17, 2020

The next order of business was a presentation by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Mr. Odle reported on the Equalization Basin Project ("Project"). Mr. Odle distributed a summary cost analysis for the Project outlining five separate cost scenarios. Mr. Odle reported that the projected probable cost for a 100,000 gallon equalization basin is \$448,000.00. By way of comparison, a 500,000 gallon wet weather detention basin is \$865,600.00. Commissioner Givin inquired as to whether or not a 100,000 equalization basin is large enough. Superintendent Catlett stated that a 100,000 gallon basin would work, but for planning purposes and to insure maximum efficiency, a 200,000 gallon basin would be preferable. Kerry Odle agreed. The remaining Commissioners also agreed that a long range plan solution is better than a temporary fix. Commissioner Bingham inquired as to whether or not there is enough land available at the wastewater treatment plant site for expansion to a 200,000 gallon basin. Superintendent Catlett and Kerry Odle indicated that they would lay out different plans to see if additional real estate is available. Mr. Nienaber reminded everyone that during the period of time when the District acquired control of the Sewer District from the City of Crittenden, the District was assured by Crittenden that if additional land was ever needed in the future, Crittenden would step up and donate that property to the District. Commissioner Bingham inquired as to the dimensions of a 300,000 gallon basin. Kerry Odle stated that a 300,000 gallon basin would be approximately 100' x 40' x 10' deep. Commissioner Bingham inquired as to whether or not there would be any grant money available for this project. Kerry Odle indicated that grant monies are probably not available. Commissioner Givin inquired as to what loans might be available. Mr. Odle reported that Kentucky Infrastructure Authority ("KIA") has financing available on a 20 to 30 year loan basis for approximately 2.5% per annum. Mr. Odle stated that any KIA loan would require prevailing wage, environmental/archaeological studies and the like. Kentucky Rural Water Association ("KRWA") has 40 year loans available at approximately 3.5%. KRWA loans would not require prevailing wage. Mr. Nienaber reported that if the District went with a KRWA loan, the District could incorporate a rate increase into the Public Service Commission approval process which would bypass the Public Service Commissions' actual approval of the rate increase. Commissioner Northcutt inquired as to whether or not private financing would be available. He suggested that the District consider paying off the current BB&T Lease that is scheduled to be retired in 2023. The District's year-end audited financial statement indicates that the current balance on that BB&T Lease is \$300,000.00. Commissioner Northcutt suggested a possibility of borrowing \$1,000,000.00: \$300,000.00 of which would be used to retire the BB&T Lease payment and \$700,000.00 would be applied to constructing a 300,000 wet weather detention basin (or alternatively a 200,000 wet weather detention basin). In any event, Superintendent Catlett reported that the District is in dire need for a basin.

Grant Co. Sanitary Sewer District
Minutes
September 17, 2020

Superintendent Catlett would request Kerry Odle to start the process of drawing up plans and specifications for the basin. Commissioner Northcutt suggested also that the District apply some of its cash on hand funds towards the construction cost to lower the overall annual payment. After considerable discussion, it was suggested that two of the Commissioners meet with representatives of BB&T Bank to see what type of financing would be available for the District. A considerable discussion followed. After discussion, upon motion of Rodger Bingham, and second by Danny Northcutt, it was unanimously,

“RESOLVED: that the District engage the services of HMB Professional Engineers, Inc., to begin the process of designing and planning for the construction of a 200,000 gallon equalization basin and related accessories.”

The next order of business was a report by Superintendent Catlett as follows:

1. Superintendent Catlett reviewed with the Commissioners his Superintendent’s Report as attached.
2. Superintendent Catlett reported that he is having issues with the Ph levels at the Sanitary Sewer Treatment Plant. Superintendent Catlett is having difficulty in establishing the cause of these Ph problems. District personnel are taking systemwide water samples and testing for Ph variances with no success. Superintendent called representatives of the Kentucky Division of Water. He commented that when speaking with a Division of Water representative, their first comment was that it could be a possible “meth lab” in the area. Superintendent Catlett stated that he is monitoring businesses in the area that could be a source of the problematic Ph level. He stated that he will continue to follow this issue very closely on a daily basis and report any developments.

The next order of business was a report by Dianne Cook and Ashley Dyer as follows:

1. Ms. Cook reported that the Bullock Pen Water District has changed their monthly meeting to October 22nd. There being no objection, upon motion of Danny Northcutt, and second by Robert Worthington, it was unanimously,

“RESOLVED: that the District’s October meeting be held October 22, 2020.”

There being no further business to conduct, upon motion and second, the meeting was adjourned.

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of the business-type activities of Grant County Sanitary Sewer District (District), which comprise the balance sheet as of August 31, 2020, and the related statements of revenues and expenses - historical for the one month and eight months ended August 31, 2020 and 2019 and budgeted for the eight months ended August 31, 2020 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit the statement of cash flows, the statement of changes in net position, and substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted statements and disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

We are not independent with respect to Grant County Sanitary Sewer District.

Grant Co. Sanitary Sewer District

Supervisor's Report

August

24th) – Worked on clearing the sludge in the creek at the Sewer Plant.

25th) – Added chemical to the aeration basins to increase the pH at the Sewer Plant.

28th) – Mowed the grass at the Sewer Plant.

- Repaired a leaking discharge line on pump #2 at Vincent lift station.

31st) – Pumped sludge from plant #4 to plant #1.

September

1st) – Pumped sludge from plant #4 to plant #1.

- Called the Division of Water to discuss running a chemical trial at the Sewer Plant to increase our pH.

8th) – Cleared sludge out of the creek at the Sewer Plant.

9th) – Cleared sludge out of the creek at the Sewer Plant.

10th) – Replaced the air line on the decant in the digester in plant #3 at the Sewer Plant.

11th) – Unclogged a blockage on Shady Ln.

14th) – Pulled pump #1 at Angela lift station. Unclogged the pump and reinstalled it into the pit.

 - B. Billy Catlett
 - i. Supervisor's Report
 - C. Bullock Pen Management Fee
 - i. September, 2020
 - D. Dianne Cook/Ashley Dyer
 - i. Next Meeting - November 19, 2020
6. Adjournment

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
OCTOBER 2020 MEETING**

The October Meeting of the Grant County Sanitary Sewer District was called to order on October 22, 2020, at the hour of 3:00 p.m. Present at the meeting were the following: Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, Robert Worthington, and Leo Saylor. Also present were Dianne Cook, HR Director Ashley Dyer, Superintendent William Catlett, Kerry Odle, HMB Professional Engineers, Inc., Mr. Brandon Baxter of HMB Professional Engineers, Inc, Brian Simpson of the Bullock Pen Water District, and Counsel Thomas R. Nienaber.

The first order of business was a review of the September 2020 Minutes. After discussion, upon Motion of Leo Saylor and second by Danny Northcutt, it was unanimously,

“RESOLVED: that the September 2020 Minutes be and the same are hereby approved as attached.”

The next order of business was a review of the September 2020 Profit and Loss Statement and Warrants as attached. After discussion, upon motion of Robert Worthington and second by Leo Saylor, it was unanimously,

“RESOLVED: that the September 2020 Profit and Loss Statement and Warrants, be and the same are hereby approved as attached.”

The next order of business was a report by Counsel Thomas R. Nienaber as follows:

1. Mr. Nienaber reported on the status of financing opportunities available for the Equalization Tank. Mr. Nienaber reviewed with the Commissioners his October 7, 2020 correspondence outlining the availability of financing through KACo. Mr. Nienaber reported that at the time of his conversation with Mr. Grant Satterly, Director of Financial Services, KACo, the going interest rate was 1.81% per annum. Mr. Nienaber reported that Mr. Satterly indicated loan terms are available beginning with 10 year amortization through approximately 29 year amortization. Mr. Satterly stated that there are no conditions attached to the securing of a loan through KACo relating to archeological surveys, environmental surveys, prevailing wages, etc. He did state that the annual interest rates are variable and subject to change on a monthly basis. Once the interest rate is locked in, it is firm through the term of the loan. Mr. Nienaber stated that he had spoken with Roger Peterman, bond counsel for the outstanding loan which the District owes to BB&T Bank with an approximate balance of \$200,000.00. Mr. Peterman reported that the District can prepay that balance at any time without penalty. Mr. Nienaber stated that KACo would be able to loan the District \$1,000,000.00 (\$200,000.00 for current loan payoff and \$800,000.00 for the Equalization Tank Project) without any problems. This assumes that the District qualified for that loan. Commissioner Givin raised the issue as to whether or not the District should secure a 10

year or 20 year loan. Commissioner Northcutt suggested that a 20 year loan be secured and the District could pay it off early if need be. Superintendent Catlett stated that he had run some numbers and that a \$1,000,000.00 loan at 1.81% interest amortized over 10 years would be approximately \$9,100.00 per month. Our current payment is \$9500.00 per month, with approximately 2 1/2 years remaining on the loan term. Commissioner Bingham inquired as to whether or not the District would need more acreage for construction of the Equalization Tank. Commissioner Saylor stated that he had spoken with the Mayor of Crittenden regarding the District's ability to obtain additional acreage. Commissioner Saylor reported that the Mayor's reaction was favorable. Superintendent Catlett stated that he is requesting a survey of the treatment plant site to determine if additional acreage would be needed. Mr. Odle stated that once the plans for the Equalization Tank are concluded, the District can then make an accurate determination as to whether or not additional acreage would be needed. After considerable discussion, upon Motion of Rodger Bingham and second by Robert Worthington, it was unanimously,

“RESOLVED as follows:

1. That the District begin the process of applying for financing through KACo in an amount of \$1,000,000.00 for a loan term of 20 years, at an interest rate not greater than two percent (2%).
 2. The loan proceeds (if qualified) would be used to pay the outstanding \$200,000.00 balance owed to BB&T Bank and the remaining \$800,000.00 being used to fund the Equalization Tank Project.
 3. HMB Professional Engineering, Mr. Kerry Odle is hereby authorized to begin the process of designing the Equalization Tank.”
2. Mr. Nienaber reviewed with the Commissioners his September 22, 2020 correspondence relating to the Public Service Commission's most recent updated COVID-19 Order of September 21, 2020. Mr. Nienaber also reviewed with the Commissioners the proposed letter which will be sent to the District customers outlining some of the highlights of the September 21, 2020 Order. Mr. Nienaber requested that the PSC's Order and correspondence explaining same be placed at prominent locations at the District headquarters and on the District's website. Dianne Cook reported that a version of the

Grant Co. Sanitary Sewer District
Minutes
October 22, 2020

correspondence will be sent by mail to effected District customers notifying them of the contents of the PSC's Order.

3. Mr. Nienaber presented to the District the HMB Professional Engineering, Inc., proposed Contract for the Equalization Tank. Mr. Nienaber stated that he has reviewed the Contract and it is in order. After discussion, upon motion of Danny Northcutt and second by Rodger Bingham, it was unanimously,

“RESOLVED: that the attached Professional Services Engineering Contract with HMB Professional Engineers, Inc., for the design of the Equalization Tank be and the same is hereby approved. Chairman Givin is hereby authorized to execute same on behalf of the District.”

The next order of business was a presentation by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Mr. Odle stated that he had nothing more to discuss other than those issues already addressed.

The next order of business was a report by Superintendent Catlett as follows:

1. Superintendent Catlett reviewed with the Commissioners his Superintendent's Report as attached.

The next order of business was a report by Dianne Cook and Ashley Dyer as follows:

1. Ms. Cook reported that the next meeting is scheduled for November 19, 2020. There being no further business to conduct, upon motion and second, the meeting was adjourned.

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of the business-type activities of Grant County Sanitary Sewer District (District), which comprise the balance sheet as of September 30, 2020, and the related statements of revenues and expenses - historical for the one month and nine months ended September 30, 2020 and 2019 and budgeted for the nine months ended September 30, 2020 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit the statement of cash flows, the statement of changes in net position, and substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted statements and disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

We are not independent with respect to Grant County Sanitary Sewer District.

In re: KACo Financing

Greetings:

Attached are a number of documents which I received from KACo regarding the District's upcoming financing of the Equalization Tank Project ("Project"). The documents with a brief explanation are as follows:

1. **Interlocal Cooperation Agreement:** This document relates back to May 1, 2010. It represents an Agreement between various subdivisions of State Government (now including the Grant County Sanitary Sewer District), whereby participating governmental entities may borrow money through the Kentucky Association of Counties Finance Corporation. In order for the District to secure funding through KACo, we must become a party to the Interlocal Cooperation Agreement. I have reviewed the Interlocal Cooperation Agreement and the terms set forth therein are satisfactory to the District. The District will need to sign the Interlocal Cooperation Agreement at the next regular meeting.
2. **Resolution Approving Interlocal Cooperation Agreement:** This Resolution merely represents action on the part of the District at a regular meeting authorizing the Chairman and Secretary to sign the Interlocal Cooperation Agreement.
3. **Resolution Approving Lease Agreement:** Again, this is a Resolution passed by the District at a regular meeting authorizing the Chairman and Secretary to enter into a Lease Agreement in order to secure financing for the upcoming Project.

At the next regular meeting of the District currently scheduled for November 19, 2020, I will need two fully executed copies of each document (and notarized where appropriate). Once they are signed, I will then forward them to KACo and Bond Counsel.

By way of this correspondence, I would request that Dianne and Ashley place these documents on the Agenda for the next regular meeting.

If anyone has any questions in the interim, please feel free to call.

Thanks.

Very truly yours,

/s/ Thomas R. Nienaber

To: Grant County Sanitary Sewer District ("Participant")
From: Kentucky Association of Counties Finance Corporation
Dinsmore & Shohl LLP
Subject: Kentucky Association of Counties Finance Corporation Financing Program Revenue Bonds

Enclosed please find the following documents in connection with the above referenced bonds:

1. A copy of a Resolution approving an Interlocal Cooperation Agreement
2. A copy of a Resolution approving a Lease Agreement.
3. A copy of the Interlocal Cooperation Agreement.

The steps to be taken are outlined on the following page. Please review these steps carefully.
If you should have any questions concerning the enclosed documents or the process outlined in this memorandum, please do not hesitate to contact either:

Lonnie Campbell at the Kentucky Association of Counties Leasing Trust - (800) 264-5226

or

Liz Younger, Monica Ward, or Pat Phillips at Dinsmore – (859) 431-7000

The steps to be taken are as follows:

- Print off copies of all documents attached to this memorandum;
- Have the governing body adopt the Resolution approving Interlocal Agreement;
- Have the governing body adopt the Resolution approving the Lease Agreement;
- Have two copies of the Interlocal Agreement Signed, Dated and Notarized (page 9);
- Return to us (50 East RiverCenter Boulevard, Suite 1150, Covington, KY 41011):
 1. The signed copy of the Interlocal Agreement;
 2. The signed Resolution approving the Interlocal Agreement; and
 3. The signed Resolution approving the Lease Agreement.

COPY

RESOLUTION NO. _____

A RESOLUTION OF THE GRANT COUNTY SANITARY SEWER DISTRICT APPROVING AN INTERLOCAL COOPERATION AGREEMENT BETWEEN THE GRANT COUNTY SANITARY SEWER DISTRICT AND OTHER PARTIES THERETO REGARDING THE KENTUCKY ASSOCIATION OF COUNTIES FINANCE CORPORATION

WHEREAS, public agencies in the State have experienced and are continuing to experience difficulty in economically funding or financing various governmental purposes at reasonable costs; and

WHEREAS, public agencies will enter into or have heretofore entered into an Interlocal Cooperation Agreement dated as of May 1, 2010 attached hereto as Exhibit A (the "Agreement"), as authorized under Sections 65.210 through Section 65.300, inclusive, of the Kentucky Revised Statutes, as amended (the "Interlocal Cooperation Act"), which authorizes public agencies to cooperate and act jointly in exercising any and all powers, privileges and authority capable of exercise by such public agencies in their respective individual capacities; and

WHEREAS, in order to provide a vehicle for economically funding or financing various governmental purposes of public agencies in the Commonwealth of Kentucky, the Kentucky Association of Counties Finance Program (the "Program") has been established under the Agreement and under the Program the Kentucky Association of Counties Finance Corporation (the "Corporation") has been or will be established; and

WHEREAS, the Program will benefit the public health, safety and general welfare of the citizens of the Grant County Sanitary Sewer District (the "Public Agency"); and

WHEREAS, in order for the Public Agency to participate in the Program, it must enter into the Agreement, as prescribed by Section 65.250 of the Kentucky Revised Statutes, which provided for the creation of the Program;

NOW, THEREFORE, be it resolved by the governing body of the Grant County Sanitary Sewer District, as follows:

Section 1. Purpose. The Public Agency hereby finds, determines and declares that all statements of fact set forth in the preambles to this Resolution are true and correct in all respects, and such preambles are incorporated into the body of this Resolution by reference as if set forth at length herein. The Public Agency further finds, determines and declares that the entering into or issuance by the Corporation of obligations described in the Agreement will be in the best interest of the Public Agency and is in the furtherance of the public purposes and functions of the Public Agency and in the public interest.

Section 2. Approval of Interlocal Cooperation Agreement. The Agreement among this Public Agency and the other public agencies that will enter into or have entered into the Agreement is hereby specifically approved in the form attached hereto as Exhibit A, recognizing

that such Agreement has been approved by the Attorney General of Kentucky as required by Section 65.260 of the Kentucky Revised Statutes.

Section 3. Repeal of Conflicting Actions. All ordinances, resolutions, orders or other legislative or administrative actions or parts thereof of this governing body in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

Section 4. Effective Date of Resolution. This Resolution shall become effective immediately upon the date of its passage.

ENACTED AND ADOPTED at a duly convened meeting of the governing body of the Grant County Sanitary Sewer District this _____ day of _____, 2020.

Chairperson

Attest:

Secretary

CERTIFICATION

I, the undersigned, do hereby certify that I am the duly qualified and acting Secretary of the Grant County Sanitary Sewer District and as such Secretary, I further certify that the foregoing is a true, correct and complete copy of a Resolution as appears to me in official records of the Grant County Sanitary Sewer District, duly adopted by said governing body at a duly convened meeting held on the date set forth therein, signed by the Chairperson, duly filed, recorded and indexed in my office and now in force and effect, and that all action taken in connection with such Resolution was in compliance with the requirements of Kentucky law, all as appears from the official records of said governing body in my possession and under my control.

IN WITNESS WHEREOF, I have hereunto set my hand this ___ day of _____, 2020.

Secretary

TERM SHEET

Date:	October 13, 2020								
Issue:	Net Revenue Lease, Series 2020 (the "Lease")								
Issuer/Borrower:	Grant County Sanitary Sewer District ("Issuer")								
Purchaser/Lender:	Huntington Public Capital Corporation ("Huntington")								
Par Amount:	Estimated to be \$1,000,000.00								
Security:	The Lease shall be payable from legally available revenues of the Lessee, subject to annual appropriation. Pursuant to the Lease documentation, the Lessee shall hold title to the Equipment and grant Lessor a continuing, first prior security interest in any and all right, title and interest of Lessee in the Equipment and in all additions, attachments, accessions, and substitutions thereto.								
Use of Proceeds:	The Lease will be used to refund the District's outstanding Lease Obligation and to provide funds for a new equalization tank.								
Bond Counsel:	To be determined								
Purchaser's Counsel:	To be determined								
Closing Date:	Expected to be by November 30, 2020								
Tax Status:	Tax-Exempt								
Final Maturity:	December 1, 2030								
Interest Rate:	2.40%								
Rate Adjustment:	If the funding of the Bonds has not occurred by November 30, 2020, then the Interest Rate and payment will be adjusted to maintain Huntington's economics as of the date of issuing this Term Sheet.								
Legal Expenses:	\$4,000.00								
Transaction Fees:	All transaction fees, including those of Bond Counsel, shall be the responsibility of the Issuer.								
Interest Payments:	Due and payable annually on December 1, commencing on December 2021.								
Principal Payments:	Due and payable annually on December 1, commencing on December 2021.								
Optional Prepayment:	The Lease may be prepaid in whole, but not in part, in accordance with the following: <table><tr><td>Closing – 12/1/2022:</td><td>102% of Outstanding Balance, plus accrued interest</td></tr><tr><td>12/2/2022 – 12/1/2024:</td><td>101.5% of Outstanding Balance, plus accrued interest</td></tr><tr><td>12/2/2024 – 12/1/2027:</td><td>101% of Outstanding Balance, plus accrued interest</td></tr><tr><td>12/2/2027 – Final Maturity:</td><td>Outstanding Balance, plus accrued interest</td></tr></table>	Closing – 12/1/2022:	102% of Outstanding Balance, plus accrued interest	12/2/2022 – 12/1/2024:	101.5% of Outstanding Balance, plus accrued interest	12/2/2024 – 12/1/2027:	101% of Outstanding Balance, plus accrued interest	12/2/2027 – Final Maturity:	Outstanding Balance, plus accrued interest
Closing – 12/1/2022:	102% of Outstanding Balance, plus accrued interest								
12/2/2022 – 12/1/2024:	101.5% of Outstanding Balance, plus accrued interest								
12/2/2024 – 12/1/2027:	101% of Outstanding Balance, plus accrued interest								
12/2/2027 – Final Maturity:	Outstanding Balance, plus accrued interest								
Direct Placement:	Huntington is extending credit as a lender in the usual course of its loan business through the purchase of the Lease for its own account in its normal and customary business practice, with no current intention on the resale, distribution or transfer thereof.								

- Term Bond Election:** The Lease will be a single certificate term Lease, with principal payments representing mandatory principal redemptions.
- Insurance:** Lessee, at its own expense, will provide insurance naming Lessor as loss payee and additional insured.
- Warranties:** Lessor makes no warranties expressed or implied. Lessee's sole warranty rights are any provided by the Equipment vendors and/or manufacturers.
- Net Lease:** Lessor is not a manufacturer or dealer of equipment. All maintenance, license fees, taxes, insurance, and any other costs related to ownership and operation of the Equipment shall be the responsibility of Lessee.
- Documentation:** Transaction documents shall be prepared by Bond Counsel, subject to review and approval by Huntington and its Purchaser's Counsel.
- Paying Agent:** To be determined
- Rating:** Not required by Huntington
- POS/Official Statement:** Not required by Huntington
- CUSIP:** Not required by Huntington
- DTC Closing:** Not required by Huntington
- Proposal Expiration:** This proposal shall expire at Huntington's option if (a) Huntington has not received the Issuer's written acceptance by October 30, 2020; AND (b) if the closing date of the Bonds has not occurred by November 30, 2020.

Thank you for the opportunity to offer a proposal on this request. We appreciate your consideration and look forward to your favorable response. Should you have any questions regarding this term sheet, please do not hesitate to contact me.

Respectfully Submitted,

Jacob Crouch, Vice President
Director of Business Development – Huntington Public Capital

In re: Financing Opportunities

Greetings:

Mr. Jacob Crouch, Huntington Bank representative, called me yesterday to follow-up regarding available financing for the District projects. Mr. Crouch stated that he was going to put together a "proposal" for the refinancing of the District's current outstanding Lease obligation (approximately \$200,000.00) and financing of the equalization tank project (approximately \$800,000.00) for consideration by the District. Hopefully, we will receive that proposal prior to our scheduled meeting next week.

If you have any questions, please feel free to call.

Very truly yours,

/s/ Thomas R. Nienaber

In re: KACo Financing Opportunities

Greetings:

As you recall, I communicated with the Kentucky Association of Counties ("KACo") in late September regarding financing opportunities available to the District. In response to that email, I received the attached statement from Mr. Grant Satterly, Director of Financial Services at KACo. You can see that KACo is currently offering fixed interest rates at 1.81% for a 20 year loan term. I also had the opportunity to speak to Mr. Satterly on October 7, 2020, and he provided me the following additional information:

1. KACo can establish a loan term of approximately 30 years. The loan term depends on the Borrower. Rates will obviously be higher the longer the loan term.
2. If the District borrows money through KACo, prevailing wage, geological/archaeological/environmental studies should not be required. Mr. Satterly stated that KACo does not require any of those conditions.
3. The 1.81% interest rate effective as of October 7, 2020, is subject to change depending upon market conditions. Mr. Satterly indicated that the current rate is probably closer to 1.7% versus 1.81%.

I would suggest that we place this item on the Agenda for the next meeting. If anyone has any questions in the interim, please feel free to call.

Very truly yours,
/s/ Thomas R. Nienaber

**AGREEMENT FOR ENGINEERING SERVICES
200,000 EQUALIZATION BASIN
FOR
GRANT COUNTY SANITARY SEWER DISTRICT
CRITTENDEN, KENTUCKY**

This AGREEMENT FOR ENGINEERING SERVICES is entered into by and between the Grant County Sanitary Sewer District (hereinafter referred to as the OWNER) and Haworth-Meyer-Boleyn Professional Engineers, Inc. (dba HMB Professional Engineers, Inc. and hereinafter referred to as the ENGINEER). Wherein, the aforementioned parties in mutual consideration of the promises, conditions and agreements as set forth below do herein promise and agree as follows:

- I. WHEREAS, the OWNER intends to construct a 200,000-gallon equalization basin which also includes a pump station, diversion structure, gravity sewer lines, force mains, sewer manholes and controls in order to comply with current standards of the Commonwealth of Kentucky, and desires the ENGINEER to perform such Design, Bidding, Engineering During Construction and Observation of the project as shown in the scope of work listed in Attachment A;

- II. NOW THEREFORE, be it understood that the ENGINEER agrees to provide the engineering services required for the studies and for preparation of plans and specifications in accordance with the Scope of Work in Attachment A. This scope does not include such items as Environmental Services, Value Engineering, Archaeological Survey, Boundary Survey nor Property Plats which shall be classified as Additional Services. A list of typical Additional Services that might be requested by the OWNER is included in this AGREEMENT as Attachment B.

- III. **ENGINEERING FEES**
For and in consideration of the satisfactory completion of the services defined, the OWNER shall compensate the ENGINEER as follows:

- | | |
|--|----------|
| A. Design: | \$35,000 |
| A lump sum to be paid monthly based upon an estimated percentage of completion | |
| B. Advertising & Bidding: | \$5,000 |
| A lump sum to be paid monthly based upon an estimated percentage of completion | |
| C. Engineering During Construction: | \$10,000 |
| A lump sum to be paid monthly based upon the percentage of construction time elapsed | |

D. Construction Observation: \$35,000

A lump sum to be paid monthly based upon the percentage of construction time elapsed

E. Staking \$3,000

F. Geotechnical Investigation Fee from Sub plus 15%

G. Additional Services:

To Be Paid Monthly

Lump Sum Fee as Negotiated, or
Using Attachment C

IV. PAYMENT OF ENGINEERING FEES

The OWNER agrees to process the Invoices issued by the ENGINEER in a timely manner; however, in no instance shall payment be delayed beyond 30 days from the date of issuance of the Invoice, without cause. Payments not made by the OWNER within the 30-day period shall bear interest beginning on the 31st day at the rate of 1% per month on the unpaid balance unless cause is established.

V. ADDITIONAL ENGINEERING SERVICES

Additional Services for the Project are anticipated. As a result, a typical listing of such services is shown in Attachment B. While not all inclusive, this list common additional items that might be requested by the OWNER on this Project.

VI. COMPLETION OF ENGINEERING SERVICES

The ENGINEER agrees to accomplish the work necessary to complete the agreed upon Scope of Work within a reasonable and mutually agreeable timeframe after Notice to Proceed from the OWNER. The ENGINEER shall not be held responsible for delays due to changes in the Scope of Work made by the OWNER, or by unforeseeable causes beyond the control of the ENGINEER.

VII. TERMINATION

This AGREEMENT may be terminated by either party by seven (7) days "WRITTEN NOTICE" in the event of substantial failure to perform in accordance with the terms hereof by the other party through no fault of the terminating party. If the AGREEMENT is so terminated, the ENGINEER shall be paid for the partial progress completed.

VIII. The ENGINEER states that he has, or will acquire at his own expense, the personnel and facilities necessary to accomplish the Work within a reasonable timeframe.

IX. **INSURANCE**

The ENGINEER agrees to maintain, at the ENGINEER'S expense, such insurance as will protect the ENGINEER and OWNER from claims under the Workman's Compensation Act and such Comprehensive General Liability Insurance as will protect the ENGINEER and OWNER from claims for bodily injury, death, or property damage which may arise from the performance by the ENGINEER, or by the ENGINEER'S employees, of the ENGINEER'S functions and services required under this AGREEMENT.

X. **LIMITS ON LIABILITY**

The OWNER agrees to limit the ENGINEER'S liability arising from negligent acts, errors or omissions such that the total aggregate liability on the ENGINEER under this contract shall not exceed the ENGINEER'S total fee for the services rendered on the project.

XI. **FUNDING**

Should the OWNER cause the project to terminate or cause the funding from various agencies to be lost, as a result of the OWNER'S actions, then the full amount on Engineering Fees accumulated as a result of services rendered at that point shall be due to the ENGINEER.

XII. **GOVERNING LAW**

This AGREEMENT shall be governed by the laws of the Commonwealth of Kentucky. This CONTRACT is entered into at Frankfort, Kentucky and all jurisdictional matters will be decided in Franklin County, Kentucky.

IN WITNESS WHEREOF, the parties have made and executed this AGREEMENT this _____ day of _____, 2020.

ENGINEER:

HMB PROFESSIONAL ENGINEERS, INC.

Chris A Stewart, PE - Principal-in-Charge

OWNER:

GRANT COUNTY SANITARY SEWER DISTRICT

Chuck Givin, Chairman

ATTACHMENT A

SCOPE OF WORK

Grant County Sanitary Sewer District 200,000 Gallon Equalization Basin

The OWNER desires the ENGINEER to complete design of the following:

1. Provide plans and specifications for construction of a 200,000 gallon equalization basin including a pump station, diversion structure, gravity sewer, force mains, sewer manholes and controls.
2. Advertising and Bidding Services for the proposed improvements
3. Construction Administration and Construction Observation for the proposed improvements.

The ENGINEER shall provide the following services:

1. Design Phase

- Initial meeting with OWNER to discuss location and approximate dimensions of the Equalization Basin and Pump Station.
- Develop preliminary project plans and specifications and review with OWNER at approximately 50% completion.
- Make revisions and complete plans and specifications.
- Review final plans and specifications with the OWNER.
- Complete revisions requested by OWNER.
- Submit final plans and specifications to Division of Water for review and approval.
- Address those DOW comments, that are within the ENGINEER's control, regarding design and that are necessary to obtain DOW approval based upon DOW standards as of the date of this AGREEMENT.
- Stake location of Equalization Basin and Pump Station

3. Bidding Phase

- Prepare bidding documents and provide to the OWNER and the OWNER's attorney for review and approval.
- Prepare bid advertisement and provide to OWNER for publication. Any fees or charges associated with advertisement are the responsibility of the OWNER.
- Address questions from contractors regarding the plans and specifications.
- Prepare and distribute Addenda, as necessary.
- Attend the bid opening, review bids, and render an opinion to the OWNER regarding

the best bid received.

- Prepare tabulation of all bids received and provide to the OWNER.
- Finalize contract documents and coordinate signing.
- This Scope of Work assumes Advertising and Bidding services will be performed concurrently for all phases of the project, and that all phases will be awarded at the same time. Should the OWNER choose to Advertise and Bid the construction work as multiple Projects there will be additional fees paid to the ENGINEER as a result of this increased Scope of Work

4. Construction Phase (Not to Exceed 90 Consecutive Calendar Days)

- Schedule, attend and facilitate a Pre-Construction Conference with the selected CONTRACTOR.
- Provide periodic observation during construction period.
- Perform construction administration services and attend the monthly progress meeting with the OWNER and the CONTRACTOR.
- Periodically observe CONTRACTOR's performance with respect to compliance with contract documents.
- Maintain construction record in a logbook and/or daily inspection reports.
- Report any instance of non-conformance to the OWNER.
- Maintain a marked set of construction drawings to be used in the preparation of Record Drawings.
- Review, in consultation with the CONTRACTOR, all periodic Pay Estimates and Change Orders, and submit these documents to the OWNER for approval.
- Act as the OWNER'S representative in all discussions with the CONTRACTOR and the Kentucky Division of Water and other state and federal agencies.
- Issue a final certification to the OWNER regarding the CONTRACTOR's compliance with the construction specifications.
- Provide one (1) 24" X 36" Hard Copy set of Record Drawings and one (1) set of Electronic Record Drawings (PDF Format) to the OWNER.

RESOLUTION NO. _____

A RESOLUTION APPROVING A LEASE FOR THE FINANCING OF A PROJECT AND AUTHORIZING THE EXECUTION OF VARIOUS DOCUMENTS RELATED TO SUCH LEASE.

WHEREAS, the governing body of the Grant County Sanitary Sewer District (the "Lessee") has the power, pursuant to Section 65.940 et seq. of the Kentucky Revised Statutes to enter into lease agreements with or without the option to purchase in order to provide for the use of the property for public purposes;

WHEREAS, the governing body of the Lessee (the "Governing Body") has previously determined, and hereby further determines, that the Lessee is in need of the Project, as defined in the Lease hereinafter described; and

WHEREAS, the Governing Body has determined and hereby determines that it is in the best interests of the Lessee that the Lessee enter into a Lease Agreement (the "Lease"), to be administered by Kentucky Association of Counties Leasing Trust (the "Program Administrator") and funded by the bank, financial institution or finance corporation offering the best interest rate and terms (the "Lessor"), as selected by the Chairperson upon the advice of the Program Administrator, for the leasing by the Lessee from the Lessor of the Project.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE GRANT COUNTY SANITARY SEWER DISTRICT, AS FOLLOWS:

Section 1. Recitals and Authorization. The Lessee hereby approves the Lease Agreement (the "Lease"), in substantially the form presented to this Governing Body. The recitals to this Resolution are incorporated herein as if set forth in this Section in their entirety and are hereby found and determined to be true and correct. It is further found and determined that the Project identified in the Lease is public property to be used for public purposes, that it is necessary and desirable and in the best interests of the Lessee to enter into the Lease for the purposes therein specified, and the execution and delivery of the Lease and all representations, certifications and other matters contained in the closing memorandum with respect to the Lease, or as may be required by the Lessor prior to delivery of the Lease, are hereby approved, ratified and confirmed. The Chairperson and Secretary of the Lessee are hereby authorized to execute the Lease, together with such other agreements or certifications which may be necessary to accomplish the transaction contemplated by the Lease.

Section 2. Administration of the Lease. The Kentucky Association of Counties Leasing Trust is hereby acknowledged to be the program administrator under the Lease.

Section 3. Severability. If any Section, paragraph or provision of this Resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such Section, paragraph or provision shall not affect any of the remaining provisions of this Resolution.

Section 5. Open Meetings Law. This Governing Body hereby finds and determines that all formal actions relative to the adoption of this Resolution were taken in an open meeting of

this Governing Body, and that all deliberations of this Governing Body and of its committees, if any, which resulted in formal action, were in meetings open to the public, in full compliance with applicable legal requirements.

Section 6. Conflicts. All ordinances, resolutions, orders or parts thereof in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed and the provisions of this Resolution shall prevail and be given effect.

Section 7. Effective Date. This Resolution shall take effect from and after its passage and publication of a summary thereof, as provided by law.

INTRODUCED, SECONDED AND ADOPTED, at a duly convened meeting of the Governing Body, held on _____, 2020, signed by the Chairperson of the Lessee, attested by the Secretary, filed and indexed as provided by law.

**INTERLOCAL COOPERATION AGREEMENT BETWEEN
CERTAIN POLITICAL SUBDIVISIONS OF THE
COMMONWEALTH OF KENTUCKY**

THIS AGREEMENT, made and entered into as of the 1st day of May, 2010, by and between such political subdivisions of the Commonwealth of Kentucky as shall have executed this Agreement (collectively, the "Parties");

WHEREAS, certain "public agencies," as defined in Section 65.210 of the Kentucky Revised Statutes, including each of the Parties, may associate, pursuant to Sections 65.210 to 65.300 of the Kentucky Revised Statutes (the "Interlocal Cooperation Act") to make the most efficient use of their powers by enabling them to cooperate with other localities on a basis of mutual advantage and thereby to provide services and facilities in a manner and pursuant to forms of governmental organization that will accord best with geographic, economic, population, and other factors influencing the needs and development of local communities; and

WHEREAS, the Parties desire to jointly create a system for funding, financing or refinancing various governmental purposes, including, but not limited to, (i) a floating indebtedness, the cost of providing a public service if the governing body determines that an emergency exists and the public health or safety so requires, unfunded liabilities, a reserve for past or future liabilities or casualties, or one or more final judgments, including settlements of claims approved by a court, all as provided in KRS 66.051; (ii) a "public project" for any "governmental agency," as those terms are defined in KRS 58.010; (iii) "buildings" or "industrial buildings," as those terms are defined in KRS 103.200; (iv) short term borrowing, as provided in KRS 65.7701 et. seq.; (v) the construction or acquisition of personal or real property for any public purpose, as provided in KRS 65.940 et. seq.; (vi) public buildings, as provided in KRS 162.340 to 162.380; (vii) the cost of constructing or acquiring any additions, extensions, and necessary appurtenances under KRS Chapter 74; (viii) the cost of any waterworks, electric plant or other public improvement under KRS Chapter 96; (ix) district facilities under KRS Chapter 76; (x) public property, sites and buildings under KRS Chapter 160 and KRS Chapter 162; and (xi) any similar governmental funding, financing or refinancing for any public agency, including any related financing costs, reserve funds, capitalized interest and other related costs and contingencies with respect thereto; and

WHEREAS, pursuant to the provisions of the Interlocal Cooperation Act, it is determined and declared that it is necessary and in the best interests of the citizens, residents, and inhabitants of the respective Parties, for the Parties to cooperate in taking action to:

(a) provide for and promote the public health, safety and general welfare of the Parties by the adoption and implementation of a program for the aforesaid purposes to be known as the Kentucky Association of Counties Interlocal Finance Program (the "Program"), so that the funding, financing or refinancing of various governmental purposes may be obtained at the lowest possible cost to the participating public agency; and

(b) create and establish a nonprofit corporation, pursuant to the provisions of Section 273.161 to 273.390 and KRS 58.180, of the Kentucky Revised Statutes, to be known as the Kentucky Association of Counties Finance Corporation (the "Corporation") under the Articles of

Incorporation approved hereby (the "Articles of Incorporation"), pursuant to which the Corporation shall provide for the administration and operation of the Program; and

WHEREAS, it is to the mutual advantage of the Parties to designate the Corporation to issue obligations for the purpose of defraying the cost of the Program as provided herein; and

WHEREAS, the Program will benefit the public health, safety and general welfare of the citizens of the Parties; and

WHEREAS, the Corporation shall be performing an essential government function; and

WHEREAS, the income of the Corporation shall accrue only to the benefit of the Parties or other public agencies; and

WHEREAS, it is necessary, desirable and authorized by the Interlocal Cooperation Act that such Parties approve the issuance by the Corporation of obligations to provide funds for the Program;

NOW, THEREFORE, THE PARTIES HEREBY AGREE AS FOLLOWS:

ARTICLE I

JOINT ESTABLISHMENT OF THE PROGRAM BY THE PARTIES AND ISSUANCE OF BONDS

The Parties hereby jointly associate in the formation of a nonprofit corporation, pursuant to the Articles of Incorporation attached hereto as Exhibit A (the "Articles of Incorporation") for the purpose of establishing and providing funding for the Program, pursuant to the Interlocal Cooperation Act. The Parties further authorize and establish that the Kentucky Association of Counties Finance Corporation (the "Corporation") shall issue obligations in the name of the Corporation, on behalf of the Parties, for the purpose of providing the funds for the Program, which issuance of such obligations shall be pursuant to the Interlocal Cooperation Act and a resolution or resolutions of the Corporation (each a "Resolution") authorizing the execution of trust indentures, leases, notes, bonds, certificates and other applicable agreements and certifications for such purpose and authorizing and securing such obligations and the execution of all other instruments necessary for the issuance of such obligations and operation of the Program.

The Corporation shall not be a political subdivision of the Commonwealth of Kentucky, but shall act as an agency and instrumentality to act on behalf of the Parties in carrying out the Program.

The proceedings authorizing any issue of obligations may provide for the pledging of all or any part of the revenues and receipts, and the investment income therefrom, to be received by or on behalf of the Corporation from the obligations, and such proceedings may provide that, as security for the obligations, the Corporation may pledge or grant security interests in lease agreements, notes, bonds, certificates of participation or other obligations relating to the Program

and in any other funds or revenues contributed to or received by the Corporation in connection with the Program.

The Parties further agree that they have approved, or will approve, by resolution or ordinance, all actions necessary to be taken to create the Corporation, to enable the Corporation to issue or enter into obligations under this Agreement and to enable the Corporation to execute all necessary documents and agreements relating to the operation of the Program and the issuance of such obligations, including but not limited to, trust indentures, notices of bond sale, statements of official terms and conditions of the sale of obligations, bid forms, any offering information with respect to the sale of such obligations, purchase agreements relating to the sale of obligations and all other instruments, certificates and documents relating thereto, subject to the following limitations:

(a) Such obligations shall never constitute (and the instruments and the documents shall so affirm) general obligations of the Corporation, and under no circumstances shall such obligations ever be payable from, nor shall the holder thereof have an rightful claim to, any income, revenues, funds or assets of any Party, including any moneys raised by taxation, other than those pledged under the applicable trust indenture or other related leases, bonds, notes or documents (or other obligations issued by a Party, as security for the payment of such obligations).

(b) It is understood that it is contemplated that such obligations may be issued in one or more series to finance the Program.

(c) The interest rate, maturity, the minimum bid, the maximum bid, any redemption or prepayment provisions and other particular terms of any obligations issued or entered into as authorized by this agreement shall be in accordance with the directions of the Party or Parties directly participating in the issuance of such obligations, subject to applicable limitations imposed by law.

ARTICLE II

ADDRESSES AND PLACES OF BUSINESS

The principal offices and places of business of the Parties shall be as set forth in the respective signature pages attached to and a part of this Agreement.

ARTICLE III

DURATION

This Agreement shall be effective with respect to a Party from and after its execution by such Party and at least one other Party and the issuance of a formal Letter of Approval of this Agreement by the Attorney General of Kentucky as required by Section 65.260(2) of the Kentucky Revised Statutes, followed by the filing of a certified copy of same with the clerk of the county in which each such Party is located and with the Secretary of State of Kentucky, pursuant to Section 65.290 of the Kentucky Revised Statutes, and the duration of this Agreement from and after said effective date shall be perpetual and shall continue unless terminated by three

quarters majority vote of all the Parties once all obligations of the Corporation have been satisfied.

ARTICLE IV
SEPARATE LEGAL ENTITY

Pursuant to the Articles of Incorporation, there is created and established a separate legal entity known as the Kentucky Association of Counties Finance Corporation which shall assist in the funding and formation of the Program. The Corporation shall be governed by a Board of Directors (the "Board"), consisting of the same number of members of the governing body of the Kentucky Association of Counties Leasing Trust, who shall be appointed by the board of the Kentucky Association of Counties, and such Board is hereby appointed by the Parties. Notwithstanding the method for Board appointments set forth in the preceding sentence, the Parties may at any time, by unanimous vote, change the members of the Board or the method for electing the Board. The Corporation is a nonprofit corporation created to provide funding, on behalf of the Parties, for the purposes identified herein. All of the income of the Corporation shall accrue to the benefit of the Parties or other public agencies.

The administration of the Program shall not be financially controlled, in whole or in part, directly or indirectly, by any of the Parties or any public agency. The Corporation may enter into an agreement with an administrator (the "Administrator") to administer the Program in such manner as may be determined by the Board for the efficient administration of the Program.

ARTICLE V
PURPOSE; OBJECTS; POWERS

The purpose of this Agreement, its objects and the powers of the Corporation hereunder, shall be as follows:

(a) To adopt the Program, as set out in the preambles hereto which are incorporated herein, and to take such steps as may be deemed to be reasonably necessary for the promotion of the public health, safety and general welfare of the citizens and inhabitants of the Parties and other public agencies in connection therewith.

(b) To accomplish the purposes of the Program through the issuance of bonds, notes, financing leases, certificates of participation or other evidences of indebtedness of the Corporation for the benefit of the Parties and other public agencies and to evidence such obligations in any legal manner.

(c) To cooperate with the Parties and with any other public agencies in accomplishing any of the stated purposes of this Agreement.

(d) To do all of the foregoing and generally to take any and all action necessary and incident to general purposes of this Agreement and the Act, as may be necessary or desirable to carry out the purposes of the Program.

(e) In accordance with the requirement of Section 65.250(d) of the Kentucky Revised Statutes it is hereby stated and agreed that no provision is made in this Agreement for any pertinent pension plan or plans; provided, however, that it is acknowledged that each Party agrees to make its own arrangements, if any, as to any pension plan.

(f) The Corporation shall not have any power to issue certificates or shares or declare dividends, and this Agreement is not formed for and shall not be operated for profit of any private individual, partnership, corporation, or other entity, but is created solely to carry out the purposes and to exercise the powers set forth above.

ARTICLE VI

GENERAL PROVISIONS

The Parties further agree to the following general provisions:

(a) Additional Parties. Additional parties may be added in order to accommodate participation in the Program, and the public agencies shall be bound to this Agreement upon its execution by such public agency. Any public agency which becomes a Party hereto shall be bound by the terms of this Agreement by the enactment of an ordinance or resolution approving the same.

(b) Prohibition of Discrimination. No person engaged in activities or transactions contemplated in this Agreement, shall discriminate against any person on the basis of race, color, religion, sex, creed, ancestry, national origin, or physical or mental handicap in connection with any such activities or transactions.

(c) Prohibition of Arbitrage. The Parties shall agree that sums derived from the proceeds of the bonds and from the revenues, bonds and assets pledged to the bonds shall not be invested in investments which will produce a yield which would cause such bonds to be treated as "arbitrage bonds" within the meaning of Sections 103(b)(2) and 148 of the Internal Revenue Code of 1986, as amended, or any successor provisions of law.

(d) Limitation on Use of Proceeds of Bonds. All of the proceeds of any obligations issued pursuant to this Agreement shall be used exclusively for the purposes herein set out, including payment of expenses incidental thereto; no part of the proceeds of such obligations, the investment income derived therefrom, or the revenues securing the obligations except for the payment of approved expenses relating to the issuance of the obligations and the implementation of the Program, shall inure to the benefit of any individual; and no substantial part of the activities of the Parties under the Program shall be for political purposes, intervening in a political campaign, the carrying on of propaganda, or otherwise attempting to influence legislation, except as such legislation may affect the purposes of the Program.

(e) Execution in Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be an original; provided that it is not required that all Parties sign the same copy or copies of this Agreement as shall have been signed by

all other Parties; however, all such counterparts executed by any of the Parties shall together constitute one and the same Agreement.

(f) Arbitration. In the event of a dispute between any one Party and any other Party, the Parties shall resolve such dispute by arbitration as follows. A Party shall by written notice to the other parties to the dispute elect to submit the dispute to arbitration. Each party to the dispute shall be entitled to select one arbitrator. Upon the failure of any party to select an arbitrator within ten days after written notice to do so, then upon the written request of any party, an arbitrator for that party may be designated by the then Governor of the Commonwealth, and if the number of the arbitrators is an even number, the Governor may designate an additional arbitrator on request of any party. The arbitrators shall proceed to resolve such conflict based upon such exhibits, testimony and procedure as shall be determined by such arbitrators to be appropriate. Any such decision of such arbitrators shall be final and any court in the Commonwealth may enter judgment thereon. The fees and expenses of the arbitrators in connection therewith shall be borne equally by the parties to the dispute.

ARTICLE VII

TERMINATION OF AGREEMENT; DISPOSITION OR ALLOCATION OF ASSETS; WITHDRAWAL OF PARTY

(a) Withdrawals. Any Party may withdraw from this Agreement and withdraw from the proposed Program at any time which is not less than ten (10) days prior to any then currently scheduled date for sale of obligations of the Corporation, upon thirty days' written notice to the other Parties, and may otherwise withdraw upon such notice upon the following conditions:

- (1) Such Party has no obligations under any agreement with the remainder of the Parties or the Corporation that are related to this Agreement or the Program.
- (2) Such termination at that time shall not, in the opinion of nationally recognized Bond Counsel, constitute an act of default in connection with any outstanding notes, bonds, leases, or any obligation(s) of the Parties, the Corporation or such terminating Party under any agreement with the remainder of the Parties or under the requirements of the Program.
- (3) In the opinion of Bond Counsel adequate provision has been made for the satisfaction and protection of the rights of holders, financial institutions providing credit enhancement for any obligations, the Parties, any hedge provider and any trustee designated in the proceedings authorizing related obligations.

(b) Allocation of Assets. Pursuant to Section 65.250(1) of the Kentucky Revised Statutes, it is agreed that in the event of termination of the Agreement, all of the then remaining assets of the Program shall be distributed and/or transferred as required or contemplated by any provision of Federal or Kentucky law, and, if and to the extent not so required or contemplated, shall be distributed and transferred solely and only to the respective Parties who participated in the Program on a pro rata basis; provided that if at

that time any such Parties shall have merged into a different governmental unit, then the amount to which such Party would have been entitled shall be paid or transferred to such successor public agency. Provided, however, that the Parties shall have the right at any time, to agree unanimously on any other method of partial or complete termination and distribution, to whatever extent may be permissible, in the opinion of recognized Bond Counsel, without adversely affecting the rating or status of the obligations, the exemption of interest thereon from taxation, or other rights of bondholders.

ARTICLE VIII

OBLIGATIONS SHALL NOT CONSTITUTE GENERAL OBLIGATION INDEBTEDNESS OF THE CORPORATION, AND NO OFFICIAL SHALL HAVE ANY PERSONAL LIABILITY FOR THE OBLIGATIONS OR ANY INDEBTEDNESS IN CONNECTION THEREWITH

Obligations issued under this Agreement shall be related to underlying obligations of a specific Party or revenue obligations for the benefit of the Parties, issued by the Corporation pursuant to this Agreement, payable solely from and secured by a pledge of the proceeds of the underlying obligations or obligations until disbursed, the investment of such proceeds, and all revenues, funds, proceeds of insurance and other assets pledged under the applicable trust indenture or other agreement or instrument authorizing and securing such obligations, which amount may be pledged to be set aside as a special fund or funds for that purpose, and such obligations shall not constitute an indebtedness of the Corporation or any of the Parties (except as a Party may become so obligated as set forth specifically in the agreements or instruments entered into by such Party with respect to such obligations), or be payable out of any tax revenues any Party unless specifically stated in the applicable agreements or instruments of a Party, within the meaning of any constitutional provision or limitation.

None of the officers, officials or employees of the Parties, or their governing bodies, or any members thereof, shall be subject to or in any way liable for any debt or contract created pursuant to this Agreement.

IN TESTIMONY WHEREOF, witness the signatures of the Parties, duly authorized by proceedings of their respective governing bodies as of the date first above written, and actually adopted on the dates hereinafter indicated. This Agreement may be executed in counterparts, each of which shall constitute an original, but all of which when taken together shall constitute one instrument. For convenience in execution, the officials of each Party have signed or shall sign on the same page as the page on which their signatures are acknowledged, and the signatures and acknowledgment of each Party appears or shall appear on a separate page.

**ARTICLES OF INCORPORATION OF
KENTUCKY ASSOCIATION OF COUNTIES
FINANCE CORPORATION**

The undersigned Incorporator, being a natural person over the age of twenty-one (21) years, does declare to create and form a nonprofit, no stock corporation for public purposes pursuant to the provision of KRS 273.161 to 273.390 and KRS 58.180, as follows:

ARTICLE I

The name of the Corporation shall be "Kentucky Association of Counties Finance Corporation" (the "Corporation"). The Corporation is and shall at all times be and constitute a nonprofit, no stock corporation for the performance of public, civic and governmental purposes pursuant to the provisions of KRS 273.161 to 273.390 and KRS 58.180.

ARTICLE II

The purposes for which the Corporation is organized are exclusively to cooperate with, and to act on behalf of, at the direction of and as the agency, instrumentality and constituted authority of certain public agencies, which parties (the "Parties") have entered or will enter into an Interlocal Cooperation Agreement dated May 1, 2010 (the "Interlocal Agreement") to create a system for funding, financing or refinancing various governmental purposes, including, but not limited to, (i) a floating indebtedness, the cost of providing a public service if the governing body determines that an emergency exists and the public health or safety so requires, unfunded liabilities, a reserve for past or future liabilities or casualties, or one or more final judgments, including settlements of claims approved by a court, all as provided in KRS 66.051; (ii) a "public project" for any "governmental agency," as those terms are defined in KRS 58.010; (iii) "buildings" or "industrial buildings," as those terms are defined in KRS 103.200; (iv) short term borrowing, as provided in KRS 65.7701 et. seq.; (v) the construction or acquisition of personal or real property for any public purpose, as provided in KRS 65.940 et. seq.; (vi) public buildings, as provided in KRS 162.340 to 162.380; (vii) the cost of constructing or acquiring any additions, extensions, and necessary appurtenances under KRS Chapter 74; (viii) the cost of any waterworks, electric plant or other public improvement under KRS Chapter 96; (ix) district facilities under KRS Chapter 76; (x) public property, sites and buildings under KRS Chapter 160 and KRS Chapter 162; and (xi) any similar governmental funding, financing or refinancing purposes for any public agency, including any related financing costs, reserve funds, capitalized interest and other related costs and contingencies with respect thereto, thereby accomplishing a public purpose for one or more of the Parties. In carrying out its corporate purposes, the Corporation shall specifically have power to contract and be contracted with, to sue and be sued, to acquire, own, hold and use real and personal property by purchase, lease, gift or in any other manner whatsoever with power to deal with any and all such property in any manner consistent with the purposes of the Corporation, specifically including, but not by way of limitation, the power to sell and dispose of the same and to mortgage, lease or otherwise encumber the same, subject to the provisions hereof, and generally to have and treat such property in any way not inconsistent with the provisions of Kentucky law set forth herein.

The Corporation shall have the power, on behalf of and at the specific direction of a Party, to borrow money, incur indebtedness and to issue its bonds, notes, leases, certificates of participation or other obligations (an "Obligation") in evidence of the same for the financing or

refinancing of one or more purposes described in the preceding paragraph, in each case, for and on behalf of the Party giving such approval, and may pledge, for the amortization of the Obligations, any revenues or taxes permitted by law for such purpose (i) that upon the retirement and discharge of the related Obligations issued by the Corporation at the direction of on behalf of a Party full legal title to any asset funded with the proceeds of the Obligations shall vest in the related Party (ii) that in the event of default with respect to any such Obligations, the related Party shall have the exclusive option to acquire such asset for the amount required to discharge such related Obligations, and shall be provided a reasonable time to exercise such option, (iii) that the issuance of any such Obligations shall be directed by and approved by the related Party not more than sixty (60) days prior to the date of issue of such Obligations; and (iv) no Obligations shall be issued by the Corporation for and on behalf of any Party except upon express direction of such Party. Additionally, during the time any such Obligations are outstanding, the related Party shall have a beneficial interest in the asset financed or refinanced thereby to such extent as may be necessary in order to comply with requirements of the federal and state law in respect of the tax-exempt status of interest received on such Obligations.

ARTICLE III

In accordance with the Interlocal Agreement, the Parties shall exercise either (i) organizational control over the Corporation, at all times retaining the authority to alter or change the structure, organization, programs or activities of the Corporation, including termination of the Corporation, subject to the rights of the holders of any Obligations, and (ii) supervisory control over the Corporation, as may be deemed proper by the Parties in the administration of the Corporation's activities as an agency and constituted authority of each Party and as may be required from time to time by federal law or Kentucky law in order to continue to qualify the Corporation for the issuance of Obligations, whether tax-exempt or taxable under the Internal Revenue Code of 1986, as amended, or any successor statute, and under Kentucky statutes, on behalf of a Party.

ARTICLE IV

The Corporation is organized solely to accomplish one or more of the public, civic and governmental purposes, as aforesaid, and as an agency and instrumentality and constituted authority of each Party. The Corporation is not organized for the making of any profit, and no private pecuniary profit shall at any time be derived by any officers or Directors of the Corporation. Any net revenues of the Corporation beyond those necessary for the retirement of Obligations or the implementation of the public purposes of the Corporation and the Parties shall not inure to the benefit of any person other than the Parties. The Corporation shall not engage in propaganda or in any manner attempt to affect legislation. In the event the Corporation is dissolved, title to all of its properties (after provision has first been made for the payment of any indebtedness and expenses incident thereto) shall vest in the Parties automatically and without any necessity for formal conveyances.

ARTICLE V

The duration of the Corporation shall be perpetual, except as herein provided. A Party may remove itself from any rights or responsibilities with respect to the Corporation by unilateral action of such Party acting by and through its duly authorized and empowered governing body; provided that, if at the time of such removal there are outstanding any obligations of the

Corporation with respect to such Party, such obligations shall be properly discharged or proper provision therefor shall be made by such Party. The Corporation shall be deemed dissolved at any time that all Parties have removed themselves from the Corporation by such action.

ARTICLE VI

The address of the principal office and registered office of the Corporation in Kentucky shall be: Kentucky Association of Counties Leasing Trust, 400 Englewood Drive, Frankfort, Kentucky 40601. The resident agent of the Corporation, for service of process, shall be Grant Satterly, Kentucky Association of Counties, 400 Englewood Drive, Frankfort, Kentucky 40601.

ARTICLE VII

The Corporation's Board of Directors shall consist of the same number of members of the governing body of the Kentucky Association of Counties Leasing Trust, who shall be appointed by the board of the Kentucky Association of Counties, and such Board is hereby appointed by the Parties. At any time, the members of the Board or the method for electing the Board may be changed by unanimous vote of the Parties.

The names and addresses of the initial members of the Board of Directors are as follows:

<u>NAME</u>	<u>ADDRESS</u>
Sue Carole Perry	c/o Kentucky Association of Counties 400 Englewood Drive Frankfort, Kentucky 40601
J. Michael Foster	c/o Kentucky Association of Counties 400 Englewood Drive Frankfort, Kentucky 40601
Lynn Lane	c/o Kentucky Association of Counties 400 Englewood Drive Frankfort, Kentucky 40601
Randy Stevens	c/o Kentucky Association of Counties 400 Englewood Drive Frankfort, Kentucky 40601
James R. Townsend	c/o Kentucky Association of Counties 400 Englewood Drive Frankfort, Kentucky 40601

Pursuant to KRS 273.187, the Corporation shall not have any members. The Corporation shall have no capital stock.

ARTICLE VIII

Unless the Board of Directors of the Corporation shall make express provision to the contrary by resolution, motion, or other corporate action, which is caused to appear in the official minute book of the Corporation, the signature of any Director or officer of the Corporation appearing upon any contract, note, bond, mortgage, lease, certificate, or other document or instrument of the Corporation shall remain valid, binding and effective for all purposes, notwithstanding that fact that at the delivery, or other intended effective date thereof, such Director or officer shall have ceased to be a Director, or shall have ceased to hold such office of the Corporation. It is the intent of these Articles that the Corporation shall be a legal corporate entity in its own right, separate and apart from any Party and from the governing body of each Party, but nevertheless, as aforesaid, to be and constitute the agency, instrumentality and constituted authority of each Party in the performance of public, civil and governmental purposes. The undertakings, promises, commitments, notes, bonds, mortgages, leases, conveyances, contracts and Obligations of the Corporation shall not in any manner or to any extent be deemed or construed to be binding upon the Parties, except as may be specifically set forth in agreements between a Party and the Corporation, notwithstanding that it is the purpose of the Corporation to serve as the agency, instrumentality and constituted authority of each Party and to serve and promote public, civic and governmental purposes and objectives.

ARTICLE IX

The Corporation shall commence business immediately upon the recording of its Articles of Incorporation in the Office of the Secretary of State of Kentucky, and the Office of the Clerk of Franklin County and upon issuance by the Secretary of State of a Certificate of Incorporation.

ARTICLE X

The private property of the Incorporator and Directors shall not be subject to or in any way liable for any debt or contract of the Corporation, or any judgment against the Corporation.

The Corporation will indemnify any current or former director or officer against reasonably incurred expenses in defense of any action in which he is made a party by reason of his position with the Corporation, unless his actions constitute negligence or misconduct. Directors or officers will not be liable for monetary damages resulting from his breach of fiduciary duty unless the breach involves a conflict of financial interest, bad faith, or improper personal benefits.

ARTICLE XI

The Corporation shall have a Chair and Secretary, as elected by majority vote of the members of Board of Directors from among its members, each of whom shall serve a term expiring at the later of the next December 31 or the date on which a successor shall have been elected. The Corporation shall have such additional officers as the Board of Directors may, from time to time, determine, and such officers and offices shall have such powers and duties as may be prescribed from time to time, by the Board of Directors.

ARTICLE XII

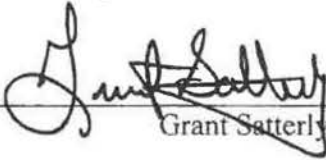

The Board of Directors shall have power to make and adopt By-Laws and to alter the same at will.

ARTICLE XIII

The name and address of the Incorporator is as follows:

<u>NAME</u>	<u>ADDRESS</u>
Grant Satterly	c/o Kentucky Association of Counties 400 Englewood Drive Frankfort, Kentucky 40601

IN TESTIMONY WHEREOF, witness the signature of the Incorporator as of August 26, 2010.

**AGREEMENT FOR ENGINEERING SERVICES
200,000 EQUALIZATION BASIN
FOR
GRANT COUNTY SANITARY SEWER DISTRICT
CRITTENDEN, KENTUCKY**

This AGREEMENT FOR ENGINEERING SERVICES is entered into by and between the Grant County Sanitary Sewer District (hereinafter referred to as the OWNER) and Haworth-Meyer-Boleyn Professional Engineers, Inc. (dba HMB Professional Engineers, Inc. and hereinafter referred to as the ENGINEER). Wherein, the aforementioned parties in mutual consideration of the promises, conditions and agreements as set forth below do herein promise and agree as follows:

- I. WHEREAS, the OWNER intends to construct a 200,000-gallon equalization basin which also includes a pump station, diversion structure, gravity sewer lines, force mains, sewer manholes and controls in order to comply with current standards of the Commonwealth of Kentucky, and desires the ENGINEER to perform such Design, Bidding, Engineering During Construction and Observation of the project as shown in the scope of work listed in Attachment A;

- II. NOW THEREFORE, be it understood that the ENGINEER agrees to provide the engineering services required for the studies and for preparation of plans and specifications in accordance with the Scope of Work in Attachment A. This scope does not include such items as Environmental Services, Value Engineering, Archaeological Survey, Boundary Survey nor Property Plats which shall be classified as Additional Services. A list of typical Additional Services that might be requested by the OWNER is included in this AGREEMENT as Attachment B.

- III. ENGINEERING FEES
For and in consideration of the satisfactory completion of the services defined, the OWNER shall compensate the ENGINEER as follows:

A. Design: \$35,000

A lump sum to be paid monthly based upon an estimated percentage of completion

B. Advertising & Bidding: \$5,000

A lump sum to be paid monthly based upon an estimated percentage of completion

C. Engineering During Construction: \$10,000

A lump sum to be paid monthly based upon the percentage of construction time elapsed

D. Construction Observation: \$35,000

A lump sum to be paid monthly based upon the percentage of construction time elapsed

E. Staking \$3,000

F. Geotechnical Investigation Fee from Sub plus 15%

G. Additional Services:

To Be Paid Monthly Lump Sum Fee as Negotiated, or Using Attachment C

IV. PAYMENT OF ENGINEERING FEES

The OWNER agrees to process the Invoices issued by the ENGINEER in a timely manner; however, in no instance shall payment be delayed beyond 30 days from the date of issuance of the Invoice, without cause. Payments not made by the OWNER within the 30-day period shall bear interest beginning on the 31st day at the rate of 1% per month on the unpaid balance unless cause is established.

V. ADDITIONAL ENGINEERING SERVICES

Additional Services for the Project are anticipated. As a result, a typical listing of such services is shown in Attachment B. While not all inclusive, this list common additional items that might be requested by the OWNER on this Project.

VI. COMPLETION OF ENGINEERING SERVICES

The ENGINEER agrees to accomplish the work necessary to complete the agreed upon Scope of Work within a reasonable and mutually agreeable timeframe after Notice to Proceed from the OWNER. The ENGINEER shall not be held responsible for delays due to changes in the Scope of Work made by the OWNER, or by unforeseeable causes beyond the control of the ENGINEER.

VII. TERMINATION

This AGREEMENT may be terminated by either party by seven (7) days "WRITTEN NOTICE" in the event of substantial failure to perform in accordance with the terms hereof by the other party through no fault of the terminating party. If the AGREEMENT is so terminated, the ENGINEER shall be paid for the partial progress completed.

VIII. The ENGINEER states that he has, or will acquire at his own expense, the personnel and facilities necessary to accomplish the Work within a reasonable timeframe.

IX. INSURANCE

The ENGINEER agrees to maintain, at the ENGINEER'S expense, such insurance as will protect the ENGINEER and OWNER from claims under the Workman's Compensation Act and such Comprehensive General Liability Insurance as will protect the ENGINEER and OWNER from claims for bodily injury, death, or property damage which may arise from the performance by the ENGINEER, or by the ENGINEER'S employees, of the ENGINEER'S functions and services required under this AGREEMENT.

X. LIMITS ON LIABILITY

The OWNER agrees to limit the ENGINEER'S liability arising from negligent acts, errors or omissions such that the total aggregate liability on the ENGINEER under this contract shall not exceed the ENGINEER'S total fee for the services rendered on the project.

XI. FUNDING

Should the OWNER cause the project to terminate or cause the funding from various agencies to be lost, as a result of the OWNER'S actions, then the full amount on Engineering Fees accumulated as a result of services rendered at that point shall be due to the ENGINEER.

XII. GOVERNING LAW

This AGREEMENT shall be governed by the laws of the Commonwealth of Kentucky. This CONTRACT is entered into at Frankfort, Kentucky and all jurisdictional matters will be decided in Franklin County, Kentucky.

IN WITNESS WHEREOF, the parties have made and executed this AGREEMENT this 22 day of October, 2020.

ENGINEER:

HMB PROFESSIONAL ENGINEERS, INC.

Chris A Stewart, PE - Principal-in-Charge

OWNER:

GRANT COUNTY SANITARY SEWER DISTRICT

Chuck Givin, Chairman

ATTACHMENT A

SCOPE OF WORK

Grant County Sanitary Sewer District 200,000 Gallon Equalization Basin

The OWNER desires the ENGINEER to complete design of the following:

1. Provide plans and specifications for construction of a 200,000 gallon equalization basin including a pump station, diversion structure, gravity sewer, force mains, sewer manholes and controls.
2. Advertising and Bidding Services for the proposed improvements
3. Construction Administration and Construction Observation for the proposed improvements.

The ENGINEER shall provide the following services:

1. Design Phase

- Initial meeting with OWNER to discuss location and approximate dimensions of the Equalization Basin and Pump Station.
- Develop preliminary project plans and specifications and review with OWNER at approximately 50% completion.
- Make revisions and complete plans and specifications.
- Review final plans and specifications with the OWNER.
- Complete revisions requested by OWNER.
- Submit final plans and specifications to Division of Water for review and approval.
- Address those DOW comments, that are within the ENGINEER's control, regarding design and that are necessary to obtain DOW approval based upon DOW standards as of the date of this AGREEMENT.
- Stake location of Equalization Basin and Pump Station

3. Bidding Phase

- Prepare bidding documents and provide to the OWNER and the OWNER's attorney for review and approval.
- Prepare bid advertisement and provide to OWNER for publication. Any fees or charges associated with advertisement are the responsibility of the OWNER.
- Address questions from contractors regarding the plans and specifications.
- Prepare and distribute Addenda, as necessary.
- Attend the bid opening, review bids, and render an opinion to the OWNER regarding

the best bid received.

- Prepare tabulation of all bids received and provide to the OWNER.
- Finalize contract documents and coordinate signing.
- This Scope of Work assumes Advertising and Bidding services will be performed concurrently for all phases of the project, and that all phases will be awarded at the same time. Should the OWNER choose to Advertise and Bid the construction work as multiple Projects there will be additional fees paid to the ENGINEER as a result of this increased Scope of Work

4. Construction Phase (Not to Exceed 90 Consecutive Calendar Days)

- Schedule, attend and facilitate a Pre-Construction Conference with the selected CONTRACTOR.
- Provide periodic observation during construction period.
- Perform construction administration services and attend the monthly progress meeting with the OWNER and the CONTRACTOR.
- Periodically observe CONTRACTOR's performance with respect to compliance with contract documents.
- Maintain construction record in a logbook and/or daily inspection reports.
- Report any instance of non-conformance to the OWNER.
- Maintain a marked set of construction drawings to be used in the preparation of Record Drawings.
- Review, in consultation with the CONTRACTOR, all periodic Pay Estimates and Change Orders, and submit these documents to the OWNER for approval.
- Act as the OWNER'S representative in all discussions with the CONTRACTOR and the Kentucky Division of Water and other state and federal agencies.
- Issue a final certification to the OWNER regarding the CONTRACTOR's compliance with the construction specifications.
- Provide one (1) 24" X 36" Hard Copy set of Record Drawings and one (1) set of Electronic Record Drawings (PDF Format) to the OWNER.

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
NOVEMBER 2020 MEETING**

The November Meeting of the Grant County Sanitary Sewer District was called to order on November 19, 2020, at the hour of 3:00 p.m. Present at the meeting were the following: Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, Robert Worthington, and Leo Saylor. Also present were Dianne Cook, HR Director Ashley Dyer, Superintendent William Catlett, Kerry Odle, HMB Professional Engineers, Inc., Mr. Mr. Benton Hanson of HMB Professional Engineers, Inc, Paul Harp, Brian Simpson of the Bullock Pen Water District, and Counsel Thomas R. Nienaber.

The first order of business was a review of the October 2020 Minutes. After discussion, upon Motion of Danny Northcutt and second by Rodger Bingham, it was unanimously,

“RESOLVED: that the October 2020 Minutes be and the same are hereby approved as attached.”

The next order of business was a review of the October 2020 Profit and Loss Statement and Warrants as attached. After discussion, upon motion of Rodger Bingham and second by Danny Northcutt, it was unanimously,

“RESOLVED: that the October 2020 Profit and Loss Statement and Warrants, be and the same are hereby approved as attached.”

The next order of business was a report by Counsel Thomas R. Nienaber as follows:

1. Mr. Nienaber gave a report on the status of KACO’s financing opportunities. Mr. Nienaber presented to the District the following documents:
 - (1) Resolution Approving a Lease;
 - (2) Resolution Approving an Interlocal Cooperation Agreement; and
 - (3) Interlocal Cooperation Agreement.

Mr. NIENABER discussed with the Commissioners the aforementioned documents. These are the same documents which were distributed to the Commissioners by correspondence dated November 3, 2020. After discussion, upon motion of Danny Northcutt and second by Rodger Bingham, it was unanimously,

“RESOLVED as follows:

- (1) The District be and the same is hereby authorized through its representatives to execute the attached RESOLUTION APPROVING A LEASE FOR THE FINANCING OF A PROJECT AND AUTHORIZING THE EXECUTION OF

Grant Co. Sanitary Sewer District
Minutes
November 19, 2020

VARIOUS DOCUMENTS RELATED TO SUCH PURPOSE.

- (2) The District be and same is hereby authorized through its representatives to execute the attached RESOLUTION OF THE GRANT COUNTY SANITARY SEWER DISTRICT APPROVING AN INTERLOCAL COOPERATION AGREEMENT BETWEEN THE GRANT COUNTY SANITARY SEWER DISTRICT AND OTHER PARTIES THERETO REGARDING THE KENTUCKY ASSOCIATION OF COUNTIES FINANCE CORPORATION.
 - (3) The District be and the same is hereby authorized through its representatives to execute the attached INTERLOCAL COOPERATION AGREEMENT.”
2. Mr. Nienaber requested a COVID-19 update. Superintendent Catlett reported that effective immediately the District will close its office to customer traffic in conformity with Governor Beshear’s November 17, 2020 Executive Order. The District’s drive-thru window will remain open and operational. Dianne Cook reported that the notice to District customers relating to the Public Service Commission’s Order have been sent. She also reported that the District notices of service termination and delinquencies in bill payment have not raised significantly over pre-COVID-19 numbers.
 3. Mr. Nienaber inquired as to the status of refunds/underbilling invoices required by the Public Service Commission’s Order. Dianne Cook reported that all of the refund checks have been issued and mailed. In addition, invoices for underpayments have been issued and are being paid at a respectable rate.

The next order of business was a presentation by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Mr. Odle reported on the status of the Equalization Basin Project. He reported that the land survey is not yet complete. A topographical map was sent to the geotechnical engineer requesting an inspection of the site. Based upon the local topography and soil composition, the geotech is going to perform some test bores to insure stability. The test-boring will be completed by AEI Geotechnical Services. The cost of their services is \$12,650.00. Mr. Odle reported that this is consistent with the original cost estimate. Mr. Nienaber inquired as to whether or not the District will need additional acreage for completion of this Project. Mr. Odle and Superintendent Catlett reported that decision

Grant Co. Sanitary Sewer District
Minutes
November 19, 2020

has not yet been made. Mr. Odle and Superintendent Catlett will keep the District informed on any developments with respect to that issue.

The next order of business was a report by Superintendent Catlett as follows:

1. Paul Harp gave the Superintendent's Report as attached.
2. Mr. Harp reported that the PH issues at the Treatment Plant have been resolved.

The next order of business was a report by Dianne Cook as follows:

1. Dianne Cook distributed to the Commissioners the Preliminary Budget for 2020. Ms. Cook reported that the District will need to take final action on the 2021 Budget at the next meeting. She requested that all of the Commissioners review the attached Preliminary 2021 Budget and if anyone has any recommended changes, that they notify her in sufficient time that those recommendations could be distributed to the other Commissioners prior to the next regularly scheduled meeting for December 17, 2020.
2. Dianne Cook reported that the next meeting is scheduled for December 17, 2020.

There being no further business to conduct, upon motion and second, the meeting was adjourned.

MORRIS & BRESSLER

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of the business-type activities of Grant County Sanitary Sewer District (District), which comprise the balance sheet as of October 31, 2020, and the related statements of revenues and expenses - historical for the one month and ten months ended October 31, 2020 and 2019 and budgeted for the ten months ended October 31, 2020 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit the statement of cash flows, the statement of changes in net position, and substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted statements and disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

We are not independent with respect to Grant County Sanitary Sewer District.

Grant Co. Sanitary Sewer District

Supervisor's Report

October

22nd) – P.S.C. completed their sanitary survey inspection.

27th) – Replaced a piece of the main air line on plant #1 at the Sewer Plant.

30th) – Replaced a piece of the main air line on plant #2 at the Sewer Plant.

November

5th) – Pulled debris off all 4 plants at the Sewer Plant.

- Pulled the influent bar screen to clear debris at the Sewer Plant.

10th) – Pulled pump #1 at Vincent lift station due to high amps, unclogged the pump and reinstalled it into the pit.

12th) – Installed pump #1 in Kyley lift station after a repair by EMT. (Sent the pump back to EMT).

13th) – Pulled pump #2 at Kyley lift station and sent to EMT for repair.

- Installed the spare 5 hp in Kyley lift station.

16th) – Pulled pump #1 at Barley lift station due to high amps, unclogged the pump and reinstalled it into the pit.

17th) – Employees completed a continuing education webinar on Sewer Plant Operation.

*Sent more documents to PSC for the sanitary survey inspection.

*pH issue has subsided at the sewer plant we will continue to look into this issue with warmer weather.

**Grant County Sanitary Sewer District
2021 Capital Budget**

	Cost
Surge Equalization Tank	<u>700,000</u>
Total Construction Project	<u>700,000</u>

Total Capital Expenditures Budgeted 700,000

The Funding of the Above Will Be With:

Loan - 30 Years @ 1.70% 700,000

Total Capital Expenditures Budgeted 700,000

Loan - \$700,000 for 30 Years @ 1.70%
 Annual Payment - 29,803.08
 Calculates to \$2,483.59 Per Month
 Assume Loan Start Date of 7/1/2021

Current Loans	Interest Rate	Annual Payment	Pay Off Date
KIA - Phase 1 Project	3%	13,951.62	12/1/2031
KIA - Lake Project	3%	69,957.82	12/1/2034
B B & T - Pay Off Original Loan	2.80%	113,914.32	2/8/2023

NOTE - The loan options were still being researched at the time that this preliminary presentation was made. There was some discussion about paying off the BB&T loan and incorporating that into the new loan. This will likely result in some savings on loan payments but for this presentation we have only shown the cost of the newly borrowed money.

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
DECEMBER 2020 MEETING**

A Special Meeting of the Grant County Sanitary Sewer District was called to order on December 17, 2020, at the hour of 3:00 p.m. The Special Meeting was conducted by live video and live audio teleconference which originated at the District Headquarters, 1 Farrell Drive, Crittenden, KY 41030. The Special Meeting was called pursuant to Senate Bill 150 and KRS 61.823. The Special Meeting was SB 150 compliant and KRS 61.823 compliant. Prior to beginning the Meeting, Chairman Givin announced that the Special Meeting was properly noticed with the compliant agenda. Those in attendance were Chairman Charles Givin, and Commissioners, Rodger Bingham, Danny Northcutt, Robert Worthington, and Leo Saylor. Also present were Dianne Cook, HR Director Ashley Dyer, Superintendent William Catlett, Kerry Odle, HMB Professional Engineers, Inc., Mr. Benton Hanson of HMB Professional Engineers, Inc, Paul Harp, Brian Simpson of the Bullock Pen Water District, and Counsel Thomas R. Nienaber. All “social distancing” guidelines were followed.

The first order of business was a review of the November 2020 Minutes. After discussion, upon Motion of Robert Worthington and second by Leo Saylor, it was unanimously,

“RESOLVED: that the November 2020 Minutes be and the same are hereby approved as attached.”

The next order of business was a review of the November 2020 Profit and Loss Statement and Warrants as attached. After discussion, upon motion of Danny Northcutt and second by Rodger Bingham, it was unanimously,

“RESOLVED: that the November 2020 Profit and Loss Statement and Warrants, be and the same are hereby approved as attached.”

The next order of business was a report by Counsel Thomas R. Nienaber as follows:

1. Mr. Nienaber inquired as to the status of the plans and specifications for the Equalization Tank Project at the Wastewater Treatment Plant. Mr. Odle reported that the plans will take at least another month or so. Currently, HMB Professional Engineers, Inc., is awaiting geotechnical surveys to determine the exact location for the equalization tank.
2. Mr. Nienaber inquired as to the effect of COVID-19 on the District. Dianne Cook reported that there have been no significant adverse effects on District operations in light of the COVID-19 crisis. She reported that there has not been any significant increase in delinquencies and/or nonpayment for sewer service among District customers. Overall, she reported that District operations are going quite well. Paul Harp reported that there have been five Bullock Pen Water District employees who are in quarantine and/or awaiting results from COVID-19 tests. Despite this number, the Bullock Pen Water District has been able to modify work schedules to accommodate this situation.

Grant County Sanitary Sewer District
Minutes
December 17, 2020

The next order of business was a presentation by HMB Professional Engineers, Inc., Mr. Kerry Odle, as follows:

1. Mr. Odle reported on the status of the Equalization Tank Project.

The next order of business was a report by Paul Harp as follows:

1. Mr. Harp reviewed with the Commissioners his Superintendent's Report as attached.
2. Mr. Harp reported that the Vactor truck has required significant repairs in the last month. The District has been able to make those repairs without issue.
3. Superintendent Catlett reported that the Bullock Pen Water District has agreed to make a \$100.00 contribution to each District employee's FSA account in order to help employees cover expenses which they might incur related to COVID-19. After discussion, upon motion of Robert Worthington and second by Leo Saylor, it was unanimously,

"RESOLVED: that the District make a \$100.00 contribution to each District employee's FSA account to assist District employees in helping them meet COVID-19 work related expenses."

The next order of business was a report by Dianne Cook and Ashley Dyer as follows:

1. Dianne Cook reported that it is time for the District to have an election of officers. Thereupon, Chairman Givin opened the floor for nominations. Rodger Bingham made the following nominations: 1) Chairman - Charles Givin; 2) Vice Chairman - Robert Worthington; 3) Secretary-Danny Northcutt; and 4) Treasurer - Rodger Bingham. Thereupon, Commissioner Worthington seconded those nominations. The Chairman asked for any additional nominations. There being no further nominations, the floor was closed. The Chairman then called for a vote which resulted as follows:
 - (1) Chairman - Charles Givin - 4 votes
 - (2) Vice Chairman - Robert Worthington - 4 votes
 - (3) Secretary - Danny Northcutt - 4 votes
 - (4) Treasurer - Rodger Bingham - 4 votes.
2. Dianne Cook reported that the District 2021 Budget as attached needs final action. After discussion, upon motion of Danny Northcutt and second by Leo Saylor, it was unanimously,

Grant County Sanitary Sewer District
Minutes
December 17, 2020

“RESOLVED: that the 2021 Budget for the Grant County Sanitary Sewer District be and the same is hereby adopted as attached.

3. Dianne Cook reported that with the upcoming retirement of Superintendent Catlett, the District will need to change its signature authority on bank accounts. After discussion, upon motion of Danny Northcutt and second by Robert Worthington, it was unanimously,

“RESOLVED as follows:

- (1) Dianne Cook is hereby authorized to change signature authority with the District Bank accounts held at Forcht Bank.
- (2) Authorized signatories effective January 21, 2021, shall be any two of the following: Dianne Cook; Amy Ruark; Charles Givin, Rodger Bingham, Brian Simpson; Paul Harp.
- (3) Dianne Cook is hereby authorized to execute any and all documents necessary to reflect these changes in bank account status.”

4. Dianne Cook reported that the District currently has one credit card account held with BB&T Bank. Dianne Cook recommended that the District change that credit card account to Forcht Bank. After discussion, upon motion of Leo Saylor and second by Rodger Bingham, it was unanimously,

“RESOLVED as follows:

- (1) Dianne Cook be and she is hereby authorized to cancel the current credit card account held with BB&T bank.
- (2) Dianne Cook be and she is hereby authorized to open a new credit card account with Forcht Bank.
- (3) The authorized signatories on the Forcht Bank credit card account shall be Brian Simpson or Dianne Cook. A maximum of 2 cards should be issued.
- (4) The maximum authorized charge to the credit card account shall be \$5,000.00 per transaction.

Grant County Sanitary Sewer District
Minutes
December 17, 2020

5. Dianne Cook reported that the Bullock Pen Water District has changed its monthly meeting for January, 2021, to January 20, 2021. There being no objection, upon motion and second, the District authorized that its January, 2021 regular meeting be held on January 20, 2021. Dianne Cook is hereby authorized and directed to make the necessary notices.

There being no further business to conduct, upon motion and second, the meeting was adjourned.

Accountant's Compilation Report

To the Commissioners
Grant County Sanitary Sewer District
P. O. Box 460
Crittenden, KY 41030

Management is responsible for the accompanying financial statements of the business-type activities of Grant County Sanitary Sewer District (District), which comprise the balance sheet as of November 30, 2020, and the related statements of revenues and expenses - historical for the one month and eleven months ended November 30, 2020 and 2019 and budgeted for the eleven months ended November 30, 2020 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit the statement of cash flows, the statement of changes in net position, and substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted statements and disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

We are not independent with respect to Grant County Sanitary Sewer District.

Grant Co. Sanitary Sewer District

Supervisor's Report

November

24th) – Replaced the pump rails in Barley Lift Station.

December

2nd) – Replaced the spark plugs and coils on Truck #21.

3rd) – Pulled pump #2 at Claiborne Lift Station due to high amps, unclogged the pump and reinstalled it into the pit.

- Adjusted the bottom float at Waller Lift Station.

4) – Removed the radiator from the vector motor on the Vector Truck and sent it off for repair Homer's Radiator Services.

7th) – Pulled debris out of all 4 plants at the Sewer Plant.

8th) – Took 2 hydraulic cylinders off the Vector Truck to Northern Kentucky Hydraulics for repair.

9th) – Repaired a leaking air valve at the Sewer Plant on plant #2.

10th) – Started on monthly lift station inspections.

- Replaced float #1 at Kiley Lift Station.

11th) – Pulled pump #2 at Sayers Lift Station due to high amps, we unclogged the pump and reinstalled it into the pit.

**Grant County Sanitary Sewer District
2021 Capital Budget**

	Cost
Surge Equalization Tank	700,000
Total Construction Project	<u>700,000</u>

Total Capital Expenditures Budgeted	<u>700,000</u>
--	-----------------------

The Funding of the Above Will Be With:

Loan - 30 Years @ 1.70%	700,000
-------------------------	---------

Total Capital Expenditures Budgeted	<u>700,000</u>
--	-----------------------

Loan - \$700,000 for 30 Years @ 1.70%
 Annual Payment - 29,803.08
 Calculates to \$2,483.59 Per Month
 Assume Loan Start Date of 7/1/2021

Current Loans	Interest Rate	Annual Payment	Pay Off Date
KIA - Phase 1 Project	3%	13,951.62	12/1/2031
KIA - Lake Project	3%	69,957.82	12/1/2034
B B & T - Pay Off Original Loan	2.80%	113,914.32	2/8/2023

NOTE - The loan options were still being researched at the time that this preliminary presentation was made. There was some discussion about paying off the BB&T loan and incorporating that into the new loan. This will likely result in some savings on loan payments but for this presentation we have only shown the cost of the newly borrowed money.

GRANT COUNTY SANITARY SEWER DISTRICT
AGENDA
JANUARY 20, 2022

1. Call to order
2. Visitor Presentation
3. Reading of Minutes, Approval of Warrants, Maintenance & Operating Account, Profit and Loss Statement
4. Old business
 - A. Tom Nienaber –
 - i. ARPA Funding Availability;
 - ii. Equalization Tank Project;
 - iii. Grant Circuit Court Litigation Status;
 - iv. HMB Professional Engineers, Inc. Professional Services Agreement Wastewater Facility Plan;
5. New business
 - A. HMB Professional Engineering
 - i. Professional Services Agreement Wastewater Facility Plan
 - B. Brian Simpson/Paul Harp
 - i. Supervisor's Report
 - C. Dianne Cook/Ashley Dyer
 - i. Next Meeting February 17, 2022.
6. Adjournment

**MINUTES OF THE
GRANT COUNTY SANITARY SEWER DISTRICT
JANUARY 2022 MEETING**

The January 2022 Meeting of the Grant County Sanitary Sewer District was called to order on January 27, 2022, at 3:00 p.m. at the District Headquarters, One Farrell Drive, Crittenden, Kentucky. Present at the meeting were the following: Chairman Charles Givin, and Commissioners, Danny Northcutt, Leo Saylor, and Robert Worthington. Also present were HR Director Ashley Dyer, Dianne Cook, Mr. Benton Hanson and Mr. Christopher Stewart of HMB Professional Engineers, Counsel Thomas R. Nienaber, Paul Harp, and Brian Simpson. Commissioner Rodger Bingham was absent.

The first order of business was a review of the December 2021 Minutes as attached. After discussion, upon Motion of Leo Saylor and second by Danny Northcutt, it was unanimously,

“RESOLVED: that the December 2021 Minutes be and the same are hereby approved as attached.”

The next order of business was a review of the December 2021 Profit and Loss Statement and Warrants as attached. After discussion, upon motion of Robert Worthington and second by Leo Saylor, it was unanimously,

“RESOLVED: that the December 2021 Profit and Loss Statement and Warrants be and the same are hereby approved as attached.”

Chairman Givin gave a report on the status of Rodger Bingham. Chairman Givin reported that Rodger Bingham is undergoing heart surgery. Rodger Bingham is doing well. Chairman Givin will keep everyone updated on his progress.

The next order of business was a presentation by Counsel Thomas R. Nienaber as follows:

1. Mr. Nienaber inquired as to whether or not the District has received any firm commitments for ARPA Funding. Chairman Givin gave a brief summary of what has transpired regarding his contacts with government officials over the last few weeks. Mr. Nienaber stated that the Bullock Pen Water District has recommended a letter to the various governmental entities requesting a written commitment for ARPA Funding. Chairman Givin suggested that the District do the same. Commissioners Northcutt and Worthington both agreed. After discussion, upon motion of Danny Northcutt and second by Robert Worthington, it was unanimously,

Grant Co. Sanitary Sewer District
Minutes
January 27, 2022

“RESOLVED: that the District submit a formal request to the Grant County Fiscal Court and the City of Crittenden for ARPA Funding commitments.”

2. Mr. Nienaber reported that there has been no activity in the pending Grant Circuit Court litigation regarding Waller Drive.
3. Mr. Nienaber stated that the District must take formal action authorizing the engagement of the Facilities Plan as amended. After considerable discussion, upon motion of Danny Northcutt and second by Leo Saylor, it was unanimously,

“RESOLVED: that Chairman Givin be and he is hereby authorized to execute on behalf of the District the proposed Facilities Plan As Amended and submitted by HMB Professional Engineers, Inc., at a price not to exceed \$85,000.00.”

The next order of business was a report by HMB Professional Engineers, Inc., Mr. Benton Hanson as follows:

1. Mr. Hanson stated that the contract for the Facilities Plan can be put on hold if there is no money at the District to cover the cost. Mr. Hanson stated that it would not be a problem to put the contract on hold at any time until funds are available. Mr. Nienaber inquired as to whether or not other Districts across the State are having issues obtaining ARPA funding commitments. Mr. Hanson stated that this seems to be an issue everywhere.

The next order of business was a report by Superintendent Brian Simpson as follows:

1. Superintendent Simpson reviewed with the Commissioners his monthly report as attached.
2. Superintendent Simpson reported that Ernie has obtained information regarding the purchase of a replacement Vactor truck. Superintendent Simpson stated that he has located one in Shelby, Michigan. It is a 2002 Sterling model, single axle. It has approximately 24,000 miles on it and 2,500 hours of operation. These numbers are very low. The cost is \$65,000.00. Superintendent Simpson reported that used Vactor trucks range anywhere from \$65,000.00 to \$300,000.00. Commissioner Worthington inquired as to whether or not the District needs a single axle or tandem Vactor truck. Superintendent Simpson reported that a single axle Vactor truck would be more than adequate. Commissioner Northcutt inquired as to what type of Vactor truck would best serve the District. Paul Harp commented that if the District were to purchase a single

Grant Co. Sanitary Sewer District
Minutes
January 27, 2022

axle truck, it could also be used to haul sludge, it would just take more trips. Currently, the District is paying approximately \$4,000.00 per month to haul sludge. With a Vactor truck, that expense could be reduced significantly if not eliminated in full. Commissioner Worthington inquired as to whether or not there was any warranty that would come with a used Vactor truck. Superintendent Simpson stated "no". After considerable discussion, it was recommended that Paul Harp and Brian Simpson obtain additional information on purchasing a used Vactor truck and report at the next meeting.

The next order of business was a report by Dianne Cook as follows:

1. Dianne Cook reported that the next meeting is scheduled for February 17, 2022. There being no conflicts, the meeting was scheduled for February 17, 2022.

There being no further business to conduct, upon motion and second, the meeting was adjourned.

Grant Co. Sanitary Sewer District

Supervisor's Report

December

29th) – Yearly inventory at the Sewer Plant.

January

3rd) – Pulled pump #2 at Waller due to high amps, sent the pump to EMT for repair.

6th) – Pulled pump #2 at Claiborne lift station due to high amps. Unclogged the pump and reinstalled it into the pit.

7th) – Completed monthly lift station inspections.

9th) – Pulled the fine screen dewatering device at the Sewer Plant, key-way stripped out on the motor.

- Installed the comminutor into the influent basin at the Sewer Plant.

10th) – Looking for infiltration issues on Indian Hill Dr.

11th) – Met with Dave Mavis at Angela Dr. to discuss infiltration issues coming to our lift station.

13th) – Looking for infiltration issues on Violet Rd.

WORK AUTHORIZATION No. 1

UNDER

GRANT COUNTY SANITARY SEWER DISTRICT

ENGINEERING SERVICES AGREEMENT DATED August 21, 2014

OWNER

ENGINEER

Name	Grant County Sanitary Sewer District	HMB Professional Engineers, Inc.
Street Address	1 Farrell Drive	3 HMB Circle
City, State, Zip	Crittenden, KY 41030	Frankfort, KY 40601
Contact Person	Brian Simpson	Chris Stewart, PE
Telephone	859-428-3060	502-695-9800
Fax		502-695-9810
E-Mail	bsimpson@bpwd.org	castewart@hmbpe.com

Project Identification: Name: Wastewater Facility Plan

- I. FEE/BUDGET FOR WORK:
Facility Plan = \$85,000
- II. PAYMENT METHOD (i.e. hourly rate/not to exceed, hourly rate, lump sum, etc.):
Lump Sum to be billed monthly based on percent complete.
- III. PROJECT MANAGER AND KEY PERSONNEL:
Facility Plan PM = Benton Hanson, PE
Key Personnel = Brandon Baxter, PE, Nick Pilcher, EIT
- IV. SCOPE OF WORK:
See Attached
- V. SCHEDULE OF WORK (provide duration and major milestones):
Facility Plan = July 2022 DOW Submittal
- VI. SUBCONTRACTORS AND PORTION OF SCOPE PROVIDED:
None

ACCEPTED BY:

ENGINEER

1/25/22

Date

AUTHORIZED BY:

OWNER

Date

Two originals of this work authorization shall be executed by the ENGINEER and returned to District. A fully executed copy will be returned to the ENGINEER.

ATTACHMENT A

SCOPE OF WORK

Grant County Sanitary Sewer District (OWNER)

Wastewater Facility Plan

Prepared by HMB Professional Engineers, Inc. (ENGINEER)

December 13, 2021

The OWNER desires the ENGINEER to complete a study and design of the following:

1. Wastewater Facility Plan for the Grant County Sanitary Sewer District service area over a 20-year planning period.

The ENGINEER shall provide the following services:

1. Planning Phase

- Prepare a Facility Plan per the Kentucky Division of Water (DOW) requirements as of November 2021. Please see Attachment B for the DOW's current Regional Facility Plan Guidance dated April 2016, which outlines the current requirements.
- Coordinate and conduct one (1) Public Hearing, as required by DOW, to solicit comments and/or questions from the general public relative to the Facilities Plan and its recommendations. The cost and placement of public advertisements are not included in this Scope of Work and shall be the responsibility of the OWNER. Additional public meetings requested by the OWNER shall be Additional Services.
- Review alternatives for wastewater collection and treatment with the OWNER.
- Provide OWNER with Draft Facility Plan documents for review and comment at approximately 60% and 90% completion. Update documents as reasonably necessary

to incorporate OWNER comments where applicable.

- Submit the Wastewater Facilities Plan to the DOW for review and approval.
- Respond to DOW comments that are within the ENGINEER's control as reasonably necessary to obtain DOW approval.
- Additional requirements of either the OWNER or DOW after the date of this Scope of Work shall be Additional Services, payable at the ENGINEER's Standard Hourly Rates.

2. **Owner Furnished Items**

- A. Summarize influent/effluent testing results at WWTP (2019 – 2021) in tables.
- B. Summarize operation and maintenance costs from (2019 – 2021) audits in tables per category.
- C. List each yearly debt payments from audits with payouts (retirements)(2019 – 2021).
- D. Evaluate each pump station and wastewater treatment plant component.
- E. List bypasses or overflows from the collection system and the WWTP. Identify locations, number of times, and flow amounts over the past 8 years
- F. Identify any future areas where sewers maybe installed that currently have septic sewer systems or where a package treatment plant maybe removed from service
- G. Provide a list of major wastewater customers – top 10
- H. Breakout number of customer and list those within each water usage category (0 – 2000, 2000 – 4000, 4000 – 8,000, etc.)
- I. Provide the following:
 - a. KPDES permit
 - b. Ordinances
 - c. Notice of violation letters from KDOW
 - d. WWTP evaluation reports from KDOW
 - e. Planning and Zoning information

Section 12: Documentation of Public Participation.....	22
Regional Facilities Plan Completeness Checklist and Forms	CL-1

General Guidance

Facility planning is a process designed to provide direction and focus for the future of the utility and its infrastructure. The first step in the process is to assess the current situation. This will serve as a baseline for future plans. Taken together with projections for the future, the needs of the community can be established. These needs are

evaluated and alternatives are developed to meet those needs. The final plan is then developed through the careful comparison and evaluation of the alternatives to determine the best option for the community. The document developed as a result of this effort is known as a Facilities Plan. Elected officials, local organizations, county health departments, and planning area residents should be included in the planning process as early as possible and, to the extent possible, to ensure all needs are adequately addressed. Once the Facilities Plan is complete, it is reviewed by the Cabinet for compliance with regulations and to assure plans are in the best interest of public health and the environment.

Regional Facilities Plan Triggers

A Regional Facilities Plan is required when:

- A new regional planning agency is formed;
- A new wastewater treatment plant is proposed for construction within an existing planning area;
- An existing regional planning agency proposes to expand the average daily design capacity of an existing wastewater treatment facility by more than thirty (30) percent; OR
- The equivalent population served by an existing wastewater collection system or a system with a Kentucky Inter-System Operating Permit is proposed for expansion by more than thirty (30) percent of the population served in the previously approved regional facility plan.

Pre-planning Meeting Requirement

A regional planning agency must schedule a pre-planning conference with the Cabinet to discuss the scope of the work before submitting the Regional Facilities Plan. The purpose of a pre-planning meeting is to provide the opportunity for Cabinet representatives and the regional planning agency to discuss an appropriate planning effort according to the purpose and need for the plan, elements of the plan, alternatives, scope and timing of projects, funding, applicable regulatory requirements, critical issues considered in reviewing the plan, and any constraints that may have a bearing on the decisions related to the Plan.

Guidance Purpose and Use

This guidance is intended to provide recommendations to regional planning agencies to help meet the requirements of 401 KAR 5:006 and is intended to help facilitate a more effective and timely review of the regional facilities plan. This guidance is organized to identify the requirements of each section of the Regional Facilities Plan and to provide more specific recommendations regarding content for each section.

Submittal Requirements

One (1) hard copy and one (1) digital copy of the Regional Facilities Plan, certified by a professional engineer licensed in Kentucky (201 KAR 18:104), and the planning area shapefile shall be submitted to the Cabinet for review and approval. For consistent and expedient reviews, the Cabinet requests organizing the sections of the Facilities Plan as shown in this guidance document.

Section 1: Regional Facilities Plan Summary

This section should provide a brief executive summary of the findings and conclusions of the Regional Facilities Plan, including the following:

1. Overview of the need for the Plan and the major problems evaluated.
2. Identify the recommended alternative chosen to remediate or correct the problems and/or serve the area(s) of need identified.
3. Identify any institutional arrangements necessary to implement the recommended alternative such as inter-municipal agreements, establishment of sanitation districts, or the need for any specific rules or ordinances.
4. Present the estimated cost of implementing the proposed plan (including user fees) and the proposed funding method(s).
5. Identify the planning agency commitments necessary to implement the plan such as those related to cross-cutter requirements.
6. Provide a schedule of implementation for projects that identify the major milestones with dates or timeframes necessary to accomplish the projects. Include dates for the future initiation of projects for planning periods in excess of five (5) years.

Section 2: Statement of Purpose and Need

Briefly describe the purpose and need for the Regional Facilities Plan. Needs would include such items as water quality issues, public health concerns, inadequate system or system components related to wastewater, or increased treatment level requirements to improve effluent quality.

Specific system needs should be described including the severity and nature of the problems. These may include, but are not limited to, water quality issues, inadequate treatment capacity, infiltration and inflow, combined and/or sanitary sewer overflows, problems caused by straight pipes and failing on-site systems, and inadequate treatment. The Regional Facilities Plan should explain why it is being prepared in relation to the specific needs.

Section 3: Physical Characteristics of the Planning Area

Provide a delineation of the planning area boundaries and present points of interest/concern within the boundaries. Digital or electronic submission of the planning area boundary shapefile in a standard GIS format should also be included. This section should include mapping of specific details:

- Planning area boundary
- Service area boundary
- Watershed boundaries
- County and corporate boundaries,
- Wastewater treatment facilities (including package treatment plants),
- Collection systems including lines and lift stations,
- Public drinking water intake points and water treatment plants, and
- Water supply areas [Source Water Area Protection Plans (SWAPP) zones and/or Wellhead Protection Areas (WHPA)],
- Project areas, and
- Proposed planning period phases
 - Phase I – 0 to 2 years
 - Phase II – 3 to 10 years
 - Phase III – 11 – 20 years

A seven and one-half (7 ½) minute USGS topographic map should be used as a base for mapping details as listed.

This section should also include mapping for:

- Delineation of the 100-year floodplain, and
- Local planning and zoning land use, if available.

In a planning area assessment, appropriate attention should be given to include the entire area where cost savings, regionalization, other management advantages, or environmental gains may result either from interconnection of individual wastewater facilities or collective management of the systems. For determining the planning area extents, it is recommended to start with the basic watershed area and make adjustments from there based on other physical features, topography, and existing facilities.

The Regional Facilities Plan should be carefully coordinated with applicable state, local, and regional land-use management regulations and plans. Projected land-use patterns and densities should be used as a basis for determining the optimum capacity, type, and location of facilities. Where land use plans have not been prepared for all or part of the planning area, an estimate of future land use patterns and densities should be prepared in consultation with existing planning agencies, zoning commissions, and elected officials. The input of elected officials is critical to the determination of future land use and development and will play a central role in defining the need for wastewater facilities.

Section 4: Socioeconomic Characteristics of the Planning Area

Discuss the socioeconomic characteristics of the planning area:

- Population
 - Historical – adequate to indicate trends in growth (minimum 40 years) based on available documentation (previous Facilities Plans, Area Development District data, etc.) and the US Census Bureau data
 - Current – based on data from the US Census Bureau and the Kentucky State Data Center (Univ. of Louisville)
 - Projected for end of planning period – based on projections from the US Census Bureau and the Kentucky State Data Center (Univ. of Louisville)
- Median Household Income
- Industrial and commercial users
 - Current
 - Projected for end of planning period

The projections of economic and population growth discussed in this section should be used for estimating future waste loads and flows. Projections should be based on an analysis of historical and current growth trends and an estimate of future residential, commercial, and industrial growth. Projections should be consistent with stated sources; appropriate justification should be provided for any differing information used.

Note: In most cases specific planning area population data is not available therefore data for municipal areas and counties must be utilized to determine projections. Current data down to small blocks and groups is available on the US Census Bureau interactive map site at <http://www.census.gov/2010census/popmap/index.php>.

Section 5: Existing Environment in the Planning Area

Describe the existing environment within the planning with an emphasis on those that may be impacted by, or may impact, the proposed plan or projects:

- **Endangered Species:** Identify plant and animal communities in the planning area with an emphasis upon those species likely to be impacted. Threatened or endangered status should be discussed if applicable.
- **Water Resources:** Describe resource features such as surface water and groundwater quality, water sources and supply, wetlands, lakes, streams, and floodplains. Indicate whether waterbodies within the planning area are supporting their designated uses as listed on the 303(d) or 305(b) list of waters reports in the Integrated Report to Congress on Water Quality in Kentucky. For 303(d) listed waterbodies, indicate the name, river mile segment(s), the type of impairment(s), and the cause(s) and source(s) likely causing or contributing to the impairment(s). Also indicate whether a Total Maximum Daily Load (TMDL) has been developed/approved, or is under development, that will allow the stream to meet water quality standards.
- **Pedology, Geology, and Topography:** Describe the soils, geology, and topography of the planning area in relation to their potential effect on wastewater systems.
- **Cultural:** Describe archaeological and historical resources that may be affected by the proposed project.
- **Other Resource Features:** Identify national and state parks, recreational areas, USDA Designated Important Farmland (prime farmland, unique farmland, and farmland designated by the state or local jurisdiction), and any other applicable environmentally sensitive areas including drinking water supplies, shellfish beds, and outstanding natural resource waters.

The following websites are resources for environmental information:

Kentucky Geography Network: <http://kygeonet.ky.gov/>

Integrated Report: <http://water.ky.gov/waterquality/Pages/IntegratedReport.aspx>

Kentucky Department of Fish and Wildlife Species Information: <http://fw.ky.gov/kfwis/speciesInfo/speciesInfo.asp>

Kentucky Infrastructure Authority- Water Resources Information System: <http://kia.ky.gov/wris/ims.htm>; <http://kia.ky.gov/wris/data.htm>

The Commonwealth Map: <http://kygisserver.ky.gov/tcmbase/>

Web Soil Survey: <http://websoilsurvey.nrcs.usda.gov/app/WebSoilSurvey.aspx>

Section 6: Existing Wastewater System

Provide a description of all existing wastewater facilities serving the planning area:

- **On-site Disposal:** Describe septic tank problems or straight pipe discharges in the planning area, including an approximate number of households using septic tanks or straight pipes. This data may be attainable from local health departments that issue on-site subsurface disposal permits.
- **Collection and Transportation System:** Describe the type, age, and condition of sewer collection lines, force mains, and interceptors. Describe the type, horsepower, pumping capacity, age, and condition of all lift stations.

Provide an evaluation of the collection system in regard to infiltration and inflow including a discussion of combined and sanitary sewer overflows. An estimate of non-excessive infiltration/inflow should be completed. For an existing system an infiltration allowance of less than 275 gallons per capita per day of sewage flow based on the maximum flow received during a twenty-four (24) hour period exclusive of industrial flow; or less than 120 gallons per capita per day of sewage flow based on the annual average of daily flows exclusive of industrial flow should be used for estimating initial I/I flows from sewer lines.

Treatment Facilities: Describe the type, age, design capacity, process units, peak and average wastewater flows, and condition of all wastewater treatment facilities in the planning area including a schematic layout of the plant. An analysis of pollutant loads from residential, commercial, and industrial sources in the existing sewer system should be included.

- **Biosolids Disposal:** Describe the method of residuals disposal, including management of septage, biosolids(sludge), scum, grit, and screenings. Volumes of disposed solids and specific locations of disposal areas should be discussed.

Describe any major operation and maintenance problems. Discuss probable causes and sources of the problems.

Section 7: KPDES Permit Conditions and Compliance

Provide a description of the current KPDES permit requirements, if applicable, for **all** wastewater treatment facilities within the planning area. Copies of permits should be included in the appendices.

A compilation of at least the past year's worth of analytical data should be presented and discussed in relation to compliance with the existing permit(s). Describe any noncompliance issues experienced and cited KPDES permit violations.

Also provide a brief description of any state and/or federal orders against the regional planning agency with copies of the documents in the appendices.

Section 8: Forecasts of Flows and Waste Loads in the Planning Area

Present current loadings (minimum total suspended solids, biochemical oxygen demand, and ammonia-nitrogen) and flows (average daily flow and peak 24 hr. flow) received at the wastewater treatment plants, as well as any overflows from the system. Estimate the loadings and flows expected to be generated in the planning area over the entire planning period and the three phase timeframes (average daily flow and peak 24 hr. flow). Flows should be presented in terms of:

- Residential flows
- Commercial and industrial flows
- Infiltration and Inflow (I/I)

The proposed wastewater treatment plant design capacity to properly treat the loadings and flows anticipated over the planning period should be presented in this section. A copy of the waste load allocation (WLA) issued by the Division of Water should also be included.

It is extremely important to accurately define wastewater flows since this information is critical in developing and assessing wastewater alternatives. The development of these flows must also consider inflow and infiltration and combined sewer overflows. It is preferable to use existing wastewater flow and water usage records when projecting future flows. In lieu of existing flow records, resources such as *Wastewater Engineering: Treatment, Disposal, Reuse* (aka Metcalf and Eddy) and *Recommended Standards for Wastewater Facilities* (aka Ten State Standards) should be consulted for developing potential future flows. Land with the potential for commercial or industrial development should also be taken into account.

Estimates should be made for future residential, commercial, institutional, and industrial flows and loadings based on background data presented in the information on socioeconomic characteristics and the existing wastewater system. A breakdown of flows that identifies residential, industrial, institutional, commercial, I/I, and septage flows for the existing, initial year (initial flows projected at startup of recommended facilities), and design years should be presented. A table presenting these flows is desirable. In many instances, it may also be advisable to further breakdown flows geographically in the planning area to take decentralized alternatives into consideration.

- **Demographic and Economic Projections:** Projections of economic and population growth, in conjunction with the land use planning, should be used for estimating future waste loads and flows. Projections should be based on an analysis of current growth trends and an estimate of future residential, commercial, and industrial growth. The Kentucky State Data Center,

regional planning agencies, federal and state census authority studies, or planning documents should be used as sources of demographic information for communities within the planning area. Reasons for any inconsistencies should be documented.

- **Land Use:** The regional facility plan should be carefully coordinated with state, local, and regional land-use management regulations, and plans. Projected land-use patterns and densities should be used as a basis for determining the optimum capacity, type, and location of facilities. Where land use plans have not been prepared for all or part of the planning area, an estimate of future land use patterns and densities should be prepared in consultation with existing planning agencies, zoning commissions, and elected officials.
- **Planning Period:** The planning period is the time-span over which wastewater management needs are forecasted, facilities are planned to meet such needs, and costs are amortized. The facility planning period should extend beyond the date when the planned facilities are scheduled to begin operation. Since phased construction of facilities will often be a cost-effective approach to meet changing conditions over the planning period, consideration should be given to defining initial flows and incremental flows projected for only a part of the planning period.

A projection of benefits possible from water conservation programs or other selected measures to reduce flow and wastes should also be considered.

Section 9: Evaluation of Alternatives

Evaluate alternatives in order to determine the appropriate facilities to meet the wastewater needs of the planning area and provide benefits that are the most cost-effective, implementable, and environmentally sound. Alternatives should include:

- No-action,
- Optimization of existing facilities examining at least three (3) treatment technology options,
- Regionalization,
- Decentralization, and
- Any other alternative the regional planning agency wants to consider.

The Facilities Plan should discuss the reasons for the selection of a preferred alternative and the reasons for the elimination of other alternatives. The evaluation must include:

- Monetary evaluation: A detailed cost analysis including twenty (20) year present worth analysis for each alternative.
- Nonmonetary evaluation: criteria include implementability, constructability, environmental impact, engineering evaluation, and public support.

Once all alternatives are presented and evaluated, a single recommended alternative must be presented. Provide a narrative description of the facilities including the capacity of the treatment plant to meet reliability and redundancy requirements in 401 KAR 5:005, Section 13.

Considerations for Alternatives

No Action

The alternative for doing nothing to the existing facilities should be considered first. This should include a statement as to what is expected if no action is taken and why it is not considered further.

Optimization of Existing Facilities

The level of treatment attainable with optimum performance of the existing facilities should serve as a baseline for planning additions or modifications to the existing wastewater facilities, flow/waste reduction, and water conservation. For communities with centralized facilities, this alternative includes optimization of operation and maintenance of the wastewater collection, treatment, and disposal facilities. For communities where on-site systems are used for
