<b>APPROVAL OF FOSSIL FUEL-FIRED</b>	)	
<b>GENERATING UNIT RETIREMENTS</b>	)	

**SECOND SUPPLEMENTAL ERRATA FILING**

Kentucky Utilities Company and Louisville Gas and Electric Company (collectively, “Companies”), by counsel, hereby give notice of the following corrections to Exhibit SB4-1 to the Direct Testimony of Stuart A. Wilson in Case No. 2023-00122.<sup>1</sup>

1. Page 20, Table 8: Portfolio 1 in Table 8 incorrectly included \$38 million (2027 dollars) of transmission system upgrade cost, which would not be required in that portfolio because Brown 3 and Ghent 2 were not retired without replacement (which would have necessitated the additional transmission cost). The corrections shown for Portfolio 2 are to adjust for the changes to Portfolio 1. Note that the cumulative change shown in the “Cumulative vs. Portfolio 0” does not change in Portfolio 2.
2. Page 26, Table 11: The column headings “Cooling Tower” and “ELG” under “Mill Creek 1” were reversed. The attached changes correct this mislabeling.

---

<sup>1</sup> The Commission consolidated into the record of Case No. 2023-00122 into this proceeding by Order dated May 16, 2023, in Case No. 2023-00122.

Clean and redlined copies of the corrected pages are attached.

Also attached are clean and redlined corrected pages showing the changes of which the Companies gave notice in their Errata Filing and Supplemental Errata Filing dated August 16, 2023, and August 18, 2023, respectively. The Companies are providing these corrected pages in accordance with the Chairman's direction given at the public evidentiary hearing in this proceeding.

Dated: September 8, 2023

Respectfully submitted,
