RE: Electronic Joint Application of Kentucky Utilities Company and Louisville Gas and Electric Company for Certificates of Public Convenience and Necessity and Site Compatibility Certificates and Approval of a Demand Side Management Plan Case No. 2022-00402

Dear Ms. Bridwell:

In the Joint Application of Kentucky Utilities Company and Louisville Gas and Electric Company (collectively "Companies") in this proceeding, as well as the Direct Testimony of Charles R. Schram, the Companies stated they anticipated finalizing, executing, and filing in the record of this proceeding four solar power purchase agreements ("PPAs") by the end of January 2023. The Companies have worked diligently with the solar PPA counterparties to reach agreement on all four PPAs. That process has taken longer than anticipated, but the Companies are pleased to report that the PPAs are now in final approval processes by all parties, and the Companies currently anticipate they will be able to submit all four final, executed PPAs into the record of this proceeding by February 28, 2023.

In accordance with 807 KAR 5:001, Section 8 and the Commission's Order of July 22, 2021 in Case No. 2020-00085, I certify that the electronic filing has been transmitted to the Commission on February 15, 2023 and that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means.

Should you have any questions regarding the enclosed, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Rick E. Lovekamp".
