All-

A brief update.

Kevin Whipp from the company will not be joining. I will delete him from the agenda and we have also added Larry Phillips who is the President of Phillips Brothers construction to the roster.

As far as additional data, I just got off the phone with Gabby and she is still trying to get us additional utility information. George was supposed to send it but she will follow up again with him. Gabby did inform me that she can't imagine the company would want interruptible power.

Thanks,
