FRANKFORT, KY 40601

RE: Formal Application for Tariff Revision of Meter Tap On Fee

This is an application to revise the 5/8 x 3/4 inch meter tap on fee for Warren County Water District (District). This filing is not part of a general rate case. We plan to file a general rate case in 2024, pending the availability of the 2023 financial audit. The customers affected by this increase, will be the customers that cause the District to incur the additional expense. Attached are the:

1. Non-recurring charge cost justification
2. Legal notice
3. Proposed tariff sheet
4. Proposed application for service

The District has not changed the 5/8 x 3/4 inch meter tap on fee since 2016. The increased costs of material and labor for meter installations can no longer be absorbed by the District. The District Board approved the meter tap fee increase at the November 23rd, 2022 Board meeting. The increased charge will take effect for applications submitted after January 1st, 2023.

The additional revenue generated from the proposed tariff revision does not exceed, by five (5) percent, the total revenues provided by all miscellaneous and non-recurring charges for a recent twelve (12) month period.

The District has previously filed income statements and balance sheets with the Public Service Commission that are currently on file with the Commission.

The District will publish the attached public notice of the requested rate revision in the local newspaper for three consecutive weeks. We will follow up with an affidavit from the newspaper verifying that the notice was published for three consecutive weeks.

A copy of this application and related filings has been sent to the Attorney General's Office of Rate Intervention, 1024 Capitol Center Drive, Suite 200, Frankfort, KY 40601-8204.

Sincerely,

Jacob Cuarta, MPH
General Manager
