Miracle on HWY 52

by Douglas Moore

It was a cold and dreary December back in 1968, but just like every other Sunday morning I could remember, we were on our way to Church. The whole family was bundled up and packed tightly in the cab of Daddy's old pick-up truck. Although the heater was turned up as high as it would go, it only occasionally blessed us with anything that even remotely resembled warmth.

Before leaving the house, me and my little brother, Nathan, watched as Daddy poured the last bit of motor oil that he had into the truck, but it was still running mighty low. As he turned the key it sputtered and spewed before finally starting up, but that old GMC was belching a cloud of black smoke as we pulled out of the drive.

I could hear Daddy softly praying under his breath, and I knew he was worried, because he had been out of work and now more than ever, money was tight. That truck was his livelihood and also the sole means of transportation for the whole family. And until he got the truck

fixed, it sure didn't help matters none if he had to buy another quart of oil every time he turned around.

A light drizzle of snow and rain was just starting to fall, when all of a sudden, sitting just up ahead, right smack dab in the middle of the road...was a box. Daddy slowed down and pulled over and got out and when he lifted up the box and turned around he was smiling. We were all excited, hollering "Daddy what is it, what is it?" as he set the box into the bed of the truck. He climbed back into the cab and said, "Boys, that there is a miracle, a true miracle to God" and later when we got to Church he stood up and testified. Thanking the Good Lord for once again making a way, as the Amens echoed from the front pulpit to the back pews.

You can believe it or not folks, but the treasure hidden within that box was a full case of brand new Valvoline 10W-40 motor oil. I know there's probably more than a few of you laughing and saying "Now Doug, honey", that's not a miracle.

Well maybe you're right, in this world we live in today, there are NASA space probes that have traveled to the farthest reaches of the galaxy. The wonders of sequencing the human genome, artificial intelligence, self-driving automobiles, robotic surgery and smart phones. Have we become too big for our britches, too smart for our own good, becoming jaded and arrogantly blind to the many small miracles that happen all around us everyday. Maybe we've become so far advanced that we've outgrown or even need a mythological God in the sky.

But if you've ever been poor, don't know where your next dollar is coming from, and I know some of you out there still remember the kind of poor I'm talking about. You have a family depending on you to keep a roof over their heads, food on the table and enough coal to last all through the freezing winter months. If you've ever been out on a cold December, Eastern Kentucky morning with no money in your pockets, nothing left but faith, hope and a prayer, then maybe, just maybe, you'll believe in the miracle out on Highway 52...I wish you all Peace and Love.

must begin the process of identifying talented and qualified people to run for local elected offices. Those grassroots efforts will build a foundation and eventually propel candidates to higher levels...And yes, this sounds like a daunting task and a tremendous amount of hard work, but from what I have seen and experienced during my lifetime, anything that was worth doing usually took a whole lot of hard work.

These things can happen, but the key to any of the above taking place will require the leadership and direction of our newly re-elected governor. Failing that, Governor Beshear will be the last statewide Democratic official elected in the foreseeable future.

ing said about you, then over time, regardless of whether its true or not, that message becomes what people believe.

We need two viable political parties in order to achieve fair and balanced public policy, and this means the Kentucky Democratic Party must be reformed from the top down. The Party must start the process of defining itself more clearly and start giving the public an unambiguous view of who it is and what it stands for. It has to develop a strong voice, and to accomplish this, I firmly believe we need a statewide convention in order to restructure the Party. We must have a leader/Chairperson who provides direction not only at the state level but also at the county level with all 120 of our local Parties. We desperately need a structure to start identifying Kentucky Democrats who possess leadership skills, and encourage them to join in, and from there be moved up through the ranks.

And the changes cannot stop there, the Kentucky Democratic Party must heavily involve itself in identifying and supporting viable candidates for the Kentucky General Assembly and Congress. The same is true at the county level. The Party

Opinion: Time for Democrats to think about the future

By Jerry Deaton

Kentucky Democrats are riding high on Gov. Beshear's re-election, and rightly so. It was a hard earned and well-deserved victory. But now that the gubernatorial battle has been decided, it is time for Democrats to think about the future.

Unfortunately, the down-ticket races did not go so well for Democrats, as a matter of fact they were not even close. That leaves us with no pipeline of candidates for future offices in the next four, eight or even 12 years. And if we look at the Kentucky General Assembly, things are not going well for Democrats there either. Our Senate delegation can be housed in a closet and the House is not far behind. And we have but one federal officeholder in Washington D.C. The time is overdue to rethink our strategy.

The Democratic Party can no longer allow itself to be defined by outside sources. Unfortunately, that has happened over the past two decades, and if you do not have a structure in place to react to and counteract what is be-

Leon Vickers

July 30, 1947 - December 9, 2023

Leon Vickers was born on July 30, 1947, to Dorcie and Balmer Hurst Vickers in Jackson County, KY and departed this life on Saturday, December 09, 2023 at his residence in Annville, KY, being 76 years of age. Leon had a love for trucking and owned several trucks of his own, as well as working for trucking companies such as Overnite and Watkins. He continued to travel after retiring from trucking; his favorite direction always being west. He had a love for trading and had car lots at different times throughout his life; his motto being, "Don't walk, let's talk." His love for people included trips to the local restaurants to "drink a cup" and engage conversation with anyone available to talk. Basically, he enjoyed life and loved people. However, his greatest love was his family, of whom he always made sure to tell, "I love you biggy bunches and it's still growing".

Survivors include his loving wife of 57 years, Claudette Cook Vickers; two daughters, Tina (Kevin) Huff and Angie (Ryan) Estridge, both of Annville, KY; four grandchildren, Morgan Lakes, Tommy Huff, Austin and Alyssa Estridge; one great-granddaughter, Kendall Lakes; two sisters, Wanda Wilson of Berea, KY and Velma Bales of Tyner, KY; two brothers, Donnie Vickers of Richmond, IN and Paul Vickers of Milton, IN; and a host of nieces, nephews and extended family and friends. In addition to his parents, Leon was preceded in death by an infant brother and a nephew; Clayton Paul Vickers.

Visitation will be on Wednesday, December 13 at 11:00 am at Lakes Funeral Home in McKee, KY. Funeral services will be conducted on Wednesday, December 13, 2023, at 1:00 pm at the Lakes Funeral Home in McKee, KY with Bro. Bernard Ward officiating. LEGISLATIVE UPDATE

State Representative Timmy Truett

Christmas reminds us of the greatest gift

Tim Truett - State Representative

"And she gave birth to her firstborn son; and she wrapped Him in cloths, and laid Him in a manger, because there was no room for them in the inn. And there were shepherds out in the field, keeping watch by night. And an angel of the Lord appeared to them, and the glory of the Lord shone around them." Luke 2:7-9

As a Christian, the heart of Christmas for me lies with Jesus Christ, whose birth is commemorated and celebrated by millions around the world. Mary, a young woman, was visited by the angel Gabriel, who announced that she would conceive a child through the Holy Spirit. This miraculous conception is a theological cornerstone of my faith. Mary and her husband, Joseph, traveled to Bethlehem for a census, where she gave birth to Jesus in a humble stable, as there was no room for them in the inn. The nativity scene, with Mary, Joseph, the baby Jesus, shepherds, and the wise men, has become an enduring symbol of Christmas. It serves as a reminder of the humble beginnings of Jesus, born in a manger, and the universal message of hope and redemption associated with his arrival. The significance of Christ in Christmas extends beyond the historical narrative of his birth. The holiday is an opportunity for those who believe to reflect on the broader message of Christ's life and teachings. Jesus is often referred to as the Prince of Peace, and his emphasis on love, compassion, and forgiveness serves as a guiding principle for many during the Christmas season.

Religious observances, such as Christmas Eve and Christmas Day services, play a big role in our shared Christian traditions. These services often include readings from the Bible, hymns, and reflections on the significance of Christ's birth. Attending these services is a way to express gratitude for the gift of salvation and to recommit to living out the values exemplified by Jesus.

Christmas carols, such as "O Holy Night" and "Silent Night," focus on the religious aspects of the holiday, conveying a sense of reverence and awe for the birth of Christ. Nativity scenes, displayed in homes and churches across our commonwealth, serve as tangible reminders of the role that Jesus plays in the Christmas story and in our lives. Christmas has profound meaning for millions of people worldwide, and right here at home. The celebration of Jesus' birth goes beyond the exchange of gifts and festive decorations and serves as a spiritual reminder of the transformative power of love, compassion, and the hope embodied in the story of the Nativity.

I wish you a Merry Christmas and pray that you have an opportunity to celebrate the greatest gift known to man.

As always, I can be reached anytime through the toll-free message line in Frankfort at 1-800-372-7181. You can also contact me via e-mail at Timmy.Truett@lrc.ky.gov and keep track of interim committee meetings through the Kentucky legislature's website at legislature.ky.gov.
