Frankfort, KY 40602

Re: Case No. 2023-00018  
South Hopkins Water District

To Whom it May Concern:

We are requesting access to the money collected from the Water Loss Surcharge fund to purchase two (2) new listening devices to search for water leaks. The FCS Dxm Pro Acoustic Leak Detector is retailed at 6,612.00/a piece. This would greatly help the district in finding and repairing leaks that are causing water loss. Attached are the specs of the device as well as a screen shot of the website that lists the price. Thank you for your time.

Sincerely,

Deborah Duncan/kg  
Commissioner-Treasurer SHWD
