### **CHANGES TO PROPOSED AGENDA AND PRESENTATIONS**

The agenda found at Exhibit 1 of the Application was revised. The presentation entitled “Stress in the Workplace” was deleted from the agenda as it was not approved for water district management training. The approved presentation “Overview of PFAS Impacts and Removal Technology Solutions” (Geoff Pellechia) was moved to Session 1, the time slot for the deleted presentation. The two other approved sessions “Recent Developments in Utility Regulation” (Damon Talley) and “In the Dock: Show Cause Proceedings Before the Public Service Commission” (Gerald Wuetcher) were each expanded to 1.5 hours. With these adjustments, we request that the Commission reconsider our request for the approval of 6 hours of training for water district commissioners. A revised agenda and a copy of each of these presentations are found at **Exhibit 4** of this Notice.
