We will make the deadline time 12:00PM on April 4th. If you need that as well.

The April 4th deadline would be safer. I can get the application filed with the Commission this week. However, Duke Kentucky has to wait for an order to be issued by the Commission before it can submit a bid. The Commission may not issue an order in time for Duke Kentucky to submit a bid by the March 7th deadline.

If the April 4th deadline is good with the city, I will use that in the Application.

Hi Allyson,

We currently do not have a bid deadline date. In order to line it up with our Caucus Meetings, we were thinking March 7, 2023 or April 4, 2023. Taking into consideration your timeline, which date would work better for you?

Thanks
Gevana
