LaRue County Water District
(Name of Utility)

CANCELLING P.S.C. KY. NO. 3

Original SHEET NO. 36

AA. Leak Adjustments. Customers shall be allowed a leak adjustment once every 12 months providing the customer provides documentation that the leak has been repaired. Such documentation shall include at least one of the following: A plumber's statement, invoices for materials and labor, or sworn affidavits from persons with knowledge of the leak's existence and repair. The customer's bill will be based on two components. The first step will be to calculate the customer's average monthly usage over a twelve-month period. If a customer does not have twelve months of usage, the average usage of similar customers will be used. The second step will be to deduct the customer's average monthly usage (as calculated above) from the total amount of water that passed through the meter. The usage calculated in step one will be billed at the utility's regular rates, while the remaining usage will be charged at the average per gallon rate at which LaRue County Water District purchases water from its providers.
