REQUEST FOR APPROVAL AND FUNDING

As Request for Approval to Expend Fund

Southern Madison Water District (“SMWD”) through counsel submits a Summary of Work Performed and Invoices from October 2023 through January of 2025 under the proposed leak detection plan. SMWD is making valiant efforts to update its system and requires the operational funds being collected since the Surcharge Rate was prior to case opening in March 2023. SMWD requests permission to move funds from the Surcharge Account to replenish its operating funds expended under the plan on the items described on the submitted summary and invoices.
