Dear Commission

Case # 2023-00090

Item #29

The Henry County Water District's billing cycle (meter read date) is the 5th of each month and will be the best date to coincide with any order the Commission issues concerning rates in this case. Our meter read date starts on the 5th and normally takes 5 to 6 days to read the entire system. The same route is taken each month. Thanks for all your help on this very important matter!

Keith Morris

Henry County Water District #2
Chief Operating Officer
