Dear Public Service Commission,

Case No. 2023-00090

6. Refer to Henry District #2's response to Staff's First Request, Item 4
- State whether Employee 19, Superintendent, will be replaced. If so, will the replacement come from the existing employee pool or outside of Henry District #2.
 - Provide the total amount of salary and wages that is expected to recur per year after the retirement of Employee 19, listed by specific employee positions in Excel spreadsheet format with all formulas, rows, and columns fully accessible and unprotected.

According to my records we have the Superintendent listed as employee #16 instead of #19 on the excel spreadsheet that was provided in the last order

- 6a) Employee 16, Superintendent, officially retires on 7/31/2023. He will be replaced from the existing employee pool labeled as Employee #2 & Employee #2 will receive an increase of \$10,000 to his annual salary on 8/1/23 Any other future compensation in the form of a raise will be approved by the Board and or Chief Operating Officer
- 6b) An excel spreadsheet will be attached showing the salaries increase to Employee 2 as well as Employee 16 going to 0 at 8/1/23

Keith Morris

Chief Operating Officer
Henry County Water District #2
