Linda Bridwell
Executive Director
Public Service Commission
PO Box 615 Frankfort, KY 40602

Ms. Bridwell:

On May 5, 2023, the Public Service Commission issued an order in Case No. 2023-00119 to file within 120 days a qualified infrastructure improvement plan. Union County Water District requests the Public Service Commission grant an additional 30 days to file its qualified infrastructure improvement plan.

Union County Water District's superintendent has been working to complete a realistic plan to eliminate each source of water loss and a detailed spending plan to best use the proceeds from the monthly water loss reduction surcharge granted in Case No. 2020-00160. Having a small staff, in addition to assisting the City of Sturgis the superintendent has not been able to complete the qualified infrastructure improvement plan. Union County Water District has contacted Kentucky Rural Water Association for help in finalizing the qualified infrastructure plan and will submit the plan to the Public Service Commission no later than October 12, 2023.

Sincerely, 

Gary Sheffer

Superintendent
