**Kentucky Power Company’s March 4, 2024 Transmission Cost
Allocation Study Update**

In the direct testimony of Joshua D. Burkholder, filed in this case on June 29, 2023, Mr. Burkholder described the steps that Kentucky Power Company (“Kentucky Power” or “Company”) has taken to address the Commission’s concerns regarding the Company’s transmission investment and expenses. Mr. Burkholder’s testimony further describes that American Electric Power Service Corporation (“AEPSC”) has initiated a review process to examine how PJM transmission costs are allocated to and among the Company and the other AEP operating companies operating in PJM (collectively, the “AEP East Operating Companies”), focusing primarily on cost allocation in the AEP Zone in PJM. To support the transparency of the analysis, the Company also committed in Mr. Burkholder’s testimony to providing updates to the Commission in this docket about the progress of AEPSC’s review every 30 days, beginning August 31, 2023, until the time the analysis is complete and recommendations from it are submitted to the Commission.

Since the Company’s February 1, 2024 update, AEPSC and its external experts have further developed the potential cost allocation options and the quantifiable and other costs and benefits applicable to the Company. The external experts are currently working to complete the analysis.

Subsequent updates will be filed at thirty-day intervals.

Respectfully submitted,
