**Tariff F.A.C.  
(Fuel Adjustment Clause)**

*Kentucky Power is modifying the Fuel Adjustment Clause tariff to provide for the recovery of all Commission approved financial power hedging program-related contract settlements, and related contract costs.*

*Kentucky deleted the provision providing for a temporary reduction in the FAC rate that expired after July 28, 2022.*

**Tariff P.P.A  
(Purchase Power Adjustment)**

*Kentucky Power has updated the Base Purchase Power cost. The Company updated the definition for Annual Purchase Power adjustment formula.*

*Kentucky Power deleted all provisions related to the recovery of OATT costs through this tariff.*

**Rate.**

The annual purchase power adjustment factor will be computed using the following formula:

1. Annual Purchase Power Net

Costs (PPANC)

$$PPANC = N + CSIRP + OATT + RKP + RP - BPP$$

Where:

BPP = The annual amount of purchase power costs included in base rates, ~~\$98,165,699~~  
\$6,554,678.

- a. N = The annual cost of power purchased by the Company through new Purchase Power Agreements and purchased power expense from avoided cost payments to net metering customers under tariff N.M.S.II *above or below the \$1,269,331 included in BPP*. All new purchase power agreements shall be approved by the Commission to the extent required by KRS 278.300.
- b. CSIRP = The net annual cost of any credits provided to customers under Tariff C.S.-I.R.P., Tariff D.R.S., Tariff V.C.S. and special contracts for interruptible service above or below the ~~\$454,997~~  
\$1,165,983 included in BPP.
- ~~e.~~ ~~OATT = 100% The net annual PJM load-serving entity Open Access Transmission Tariff Charges above or below the \$96,896,495 included in BPP, less the transmission return difference pursuant to the Commission approved Settlement agreement in Case No. 2017-00179.~~
- ~~c.~~ RKP = Rockport related items includable in Tariff PPA pursuant to the Commission approved Settlement agreement in Case No. 2017-00179:
  - ~~1.~~ ~~Increase in Rockport collection resulting from reduction in base rate deferral;~~
  - ~~2.~~1. Rockport deferral amount to be recovered;
  - ~~3.~~ ~~Rockport fixed cost savings; and~~
  - ~~4.~~2. Rockport offset estimate and true-up.
  - ~~5.~~3. Final (over)/under recovery associated with tariff CC following its expiration
- ~~e.~~d. RP = The cost of fuel related to substitute generation less the cost of fuel which would have been used in plants suffering forced generation or transmission outages above or below the ~~\$814,208~~  
\$4,119,364 included in BPP.

*Kentucky Power proposes to update the Coincident Peak/kWh ratio for applicable tariff classes, and the Uncollectible Accounts Expense and KPSC Maintenance Fee.*

Tariff Class	BE <sub>Class</sub>	CP/kWh Ratio	CP <sub>Class</sub>
R.S., R.S.-L.M.-T.O.D., R.S.-T.O.D., and R.S.-T.O.D. 2, R.S.D.		<del>0.02428%</del> 0.022970%	
S.G.S.-T.O.D.		<del>0.01962%</del> 0.018187%	
M.G.S.-T.O.D.		<del>0.01962%</del> 0.018187%	
G.S.		<del>0.01962%</del> 0.018187%	
L.G.S., L.G.S.-T.O.D.		<del>0.01798%</del> 0.016146%	
L.G.S.-L.M.-T.O.D.		<del>0.01798%</del> 0.016146%	
I.G.S. and C.S.-I.R.P.		<del>0.01232%</del> 0.011832%	
M.W.		<del>0.01326%</del> 0.012350%	

O.L.		<del>0.00263%</del> 0.005294%	
S.L.		<del>0.00262%</del> 0.005375%	

8. The factors as computed above are calculated to allow the recovery of Uncollectible Accounts Expense of ~~0.41%~~0.40% and the KPSC Maintenance Fee of ~~0.1956%~~ 0.1493% and other similar revenue based taxes or assessments occasioned by the Purchase Power Adjustment Rider revenues.

**Tariff E.S.**  
**(Environmental Surcharge)**

*Kentucky Power has updated the Base Revenue Requirement. Kentucky Power deleted all references to the Capacity Charge, and all references to Rockport, including by updating the Current Period Revenue Requirement definition and the definition of “environmental costs.” The Company proposes adding revenues from the proposed Distribution Reliability Rider to which the Environmental Surcharge factor is applied. The Company also is proposing an updated Rate of Return on Equity.*

**Rate.**

2. Base Period Revenue Requirement, BRR

BRR = The Following Monthly Amounts:

<u>Billing Month</u>	<u>Base Net Environmental Costs</u>
January	\$ <del>3,503,207</del> 3,022,418
February	<del>3,961,295</del> 2,558,332
March	<del>3,695,547</del> 2,621,611
April	<del>4,652,708</del> 2,519,828
May	<del>4,476,891</del> 2,514,284
June	<del>3,896,996</del> 2,644,974
July	<del>4,132,198</del> 2,594,563
August	<del>3,932,695</del> 2,741,097
September	<del>3,687,618</del> 2,508,995
October	<del>3,775,108</del> 2,376,639
November	<del>3,816,807</del> 2,423,992
December	<u>\$ <del>3,814,390</del> 2,597,739</u>
	<u>\$ 47,345,460 31,124,472</u>

3. Current Period Revenue Requirement, CRR

$$CRR = [((RB_{KP(c)}) (ROR_{KP(c)}) / 12) + OE_{KP(c)} + (((RB_{IM(c)}) (ROR_{IM(c)}) / 12) + OE_{IM(c)})] (-15) - AS]$$

Where:

$RB_{KP(c)}$  = Environmental Compliance Rate Base for Mitchell.

ROR = Annual Rate of Return on Mitchell Environmental Compliance Rate Base;

- KP(c) Annual Rate divided by 12 to restate to a Monthly Rate of Return.
- OE<sub>KP(c)</sub> = Monthly Pollution Control Operating Expenses for Mitchell.
- ~~RB<sub>IM(c)</sub> = Environmental Compliance Rate Base for Rockport.~~
- ~~ROR<sub>IM(c)</sub> = Annual Rate of Return on Rockport Rate Base;  
Annual Rate divided by 12 to restate to a Monthly Rate of Return.~~
- ~~OE<sub>IM(c)</sub> = Monthly Pollution Control Operating Expenses for Rockport.~~
- AS = Net proceeds from the sale of Title IV and CSAPR SO<sub>2</sub> emission allowances, ERCs, and NO<sub>x</sub> emission allowances, reflected in the month of receipt.

~~“KP(C)” identifies components from Mitchell Units – Current Period, and “IM(C)” identifies components from the Indiana Michigan Power Company’s Rockport Units – Current Period.~~

The Environmental Compliance Rate Base for ~~both Kentucky Power and Rockport~~ reflects the current cost associated with the 1997 Plan, the 2003 Plan, the 2005 Plan, the 2007 Plan, the 2015 Plan, the 2017 Plan, the 2019 Plan, and the 2021 Plan. The Environmental Compliance Rate Base for Kentucky Power should also include construction work in progress until assets are placed in service. The Operating Expenses for ~~both Kentucky Power and Rockport~~ reflects the current operating expenses associated with the 1997 Plan, the 2003 Plan, the 2005 Plan, the 2007 Plan, the 2015 Plan, the 2017 Plan, the 2019 Plan, and the 2021 Plan.

The Rate of Return for Kentucky Power is ~~9.10%~~ 9.90% rate of return on equity as authorized by the Commission in its Order Dated ~~January 13, 2021 XXXX XX, 20XX~~, Case No. ~~2020-00174 2023-00159~~.

~~The Rate of Return for Rockport should reflect the requirements of the Rockport Unit Power Agreement.~~

Net Proceeds from the sale of emission allowances and ERCs that reflect net gains will be a reduction to the Current Period Revenue Requirement, while net losses will be an increase.

The Current Period Revenue Requirement will reflect the balances and expenses as of the Expense Month of the filing.

### **Decommissioning Rider (D.R.)**

*Kentucky Power deleted all references to the Capacity Charge. The Company proposes adding revenues from the proposed Distribution Reliability Rider to which the Decommissioning Rider factor is applied.*

### **Distribution Reliability Rider (D.R.R.)**

*Kentucky Power is proposing a new rider to implement the distribution reliability projects proposed in its Distribution Reliability Rider Work Plan.*

#### **Applicable**

To Tariffs R.S., R.S.D., R.S.-L.M.-T.O.D., R.S.-T.O.D., Experimental R.S.-T.O.D.2, G.S. Secondary and Primary, S.G.S.-T.O.D., M.G.S.-T.O.D., L.G.S. Secondary and Primary, L.G.S.-T.O.D. Secondary and Primary, I.G.S. Secondary and Primary, C.S. – I.R.P. Secondary and Primary, and M.W.

**Rate**

The Distribution Reliability Rider will apply to all customers served at secondary and primary voltages excluding customers receiving service under Tariffs O.L. and S.L. The Annual Distribution Reliability Net Costs to be recovered through this rider will be calculated on a per bill basis using the following formula:

1. Annual Distribution Reliability Net Costs (ADRNC)

$$\text{ADRNC} = \text{ERW} + \text{ATL} + \text{DACRR} + \text{ANDSS} + \text{ARSHR}$$

Where:

- a. ERW = targeted widening of primary distribution circuits.
- b. ATL = the cost of constructing primary lines to tie two circuits together to permit electrical load to be transferred.
- c. DACRR = the costs of installing automation equipment to allow for the isolation of a fault and reconfiguration of the circuit to close other devices to re-energize the non-impacted areas of original circuit impacted by the initial fault and the recloser devices upgrade from three-phase to single-phase to allow for future DACR implementation, closure via electronics, event recordings and power quality investigations, and more precise coordination with other devices.
- d. ANDSS = the costs of new distribution substations in remote areas with associated transmission lines in and out to reduce the number of radial distribution circuits and reduce outage times.
- e. ARSHR = the costs of targeted facilities projects to renew and improve cable, conductor, hardware, and equipment to reduce feeder-level outages.
- f. Subparts a through e include the capital expenditure and operations and maintenance to support that capital to enhance customer reliability.

2. Pursuant to the final order of the Kentucky Public Service Commission in Case No. 2021-00159 dated \_\_\_\_\_ as filed and approved by the Commission, Kentucky Power Company is to recover from its retail customers the costs associated with the Distribution Reliability Work Plan including vegetation management and other targeted investments to maintain and improve reliability.

3. The allocation of the ADRNC between residential and all other customers shall be based upon their respective contribution to total non-fuel retail revenues for the most recent twelve-month period, ending December 31 according to the following formula:

$$\text{Residential Allocation}(y) = \frac{\text{KY Residential Retail Revenue RR}(b)}{\text{KY Retail Revenue R}(b)}$$

$$\text{All Other Classes Allocation}(y) = \frac{\text{KY All Other Classes Non-Fuel Retail Revenue OR}(b)}{\text{KY Retail Revenue R}(b)}$$

Where:

- (y) = the expense year;
- (b) = most recent available twelve month period ended December 31;
- RR = \$XXX;
- OR = \$XXX; and

R = \$XXX.

4. The rate will be calculated according to the following formula:

$$\begin{aligned} \text{Residential Factor} &= \frac{\text{Residential Allocation} \times \text{ADRNC}}{\text{Number of Residential Bills}} \\ \text{All Other Classes Factor} &= \frac{\text{All Other Classes Allocation} \times \text{ADRNC}}{\text{Number of All Other Classes Bills}} \end{aligned}$$

5. The applicable rates for service rendered on and after \_\_\_\_\_, calculated in accordance with the above, is:

$$\begin{aligned} \text{Residential Factor} &= \frac{\$XXX}{XXX} = \$X/\text{bill} \\ \text{All Other Classes Factor} &= \frac{\$XXX}{XXX} = \$X/\text{bill} \end{aligned}$$

All Other Classes excludes Tariffs O.L. and S.L. and all customers receiving service at subtransmission and transmission voltage levels.

6. The annual Distribution Reliability Rider adjustments shall be filed with the Commission no later than February 15th of each year before it is scheduled to go into effect Cycle 1 of April billing, along with all the necessary supporting data to justify the amount of the adjustments, which shall include data, and information as may be required by the Commission.
7. Copies of all documents required to be filed with the Commission shall be open and made available for public inspection at the office of the Public Service Commission pursuant to the provisions of KRS 61.870 to 61.884.

### **Securitization Financing Rider (S.F.R)**

*Kentucky Power is proposing a new rider to implement the securitization surcharge resulting from the financing of certain regulatory assets through securitized bonds.*

**Applicable**

To Tariffs R.S., R.S.D., R.S.-L.M.-T.O.D., R.S.-T.O.D., Experimental R.S.-T.O.D.2, G.S., S.G.S.-T.O.D., M.G.S.-T.O.D., L.G.S., L.G.S.-T.O.D., I.G.S., C.S.- I.R.P., M.W., O.L., and S.L..

**Rate**

1. Pursuant to the final order of the Kentucky Public Service Commission in Case No. 2023-00159, Kentucky Power Company is to recover from retail ratepayers the costs approved for securitization by the Commission.

This rider is designed to recover from customers the amounts necessary to service, repay and administer customer-backed bonds associated with the approved securitized costs pursuant to the terms of the financing order of the Kentucky Public Service Commission in Case No. 202#-#####.

This rider shall remain in effect until the complete repayment and retirement of any customer-backed bonds, or refunding bonds, associated with the approved securitized costs. This schedule is irrevocable and nonbypassable for

the full term during which it applies.

The applicable rates for service rendered on and after XXXXXXXXXX ##, 202# to be applied to the revenues described in paragraph 5 of this tariff are:

$$\begin{aligned} \text{Residential Adjustment Factor} &= \frac{\$X}{\$X} = X.X\% \\ \text{All Other Classes Adjustment Factor} &= \frac{\$X}{\$X} = X.X\% \end{aligned}$$

2. The allocation of the actual revenue requirement (ARR) between residential and all other customers shall be based upon their respective contribution to total retail revenues for the most recent twelve-month period ending December 31 or June 30, according to the following formula:

$$\begin{aligned} \text{Residential Allocation RA(y)} &= \text{ARR(y)} \times \frac{\text{KY Residential Retail Revenue RR(b)}}{\text{KY Retail Revenue R(b)}} \\ \text{All Other Allocation OA(y)} &= \text{ARR(y)} \times \frac{\text{KY All Other Classes Retail Revenue OR(b)}}{\text{KY Retail Revenue R(b)}} \end{aligned}$$

Where:

- (y) = the expense year;
- (b) = Most recent available twelve month period ended December 31 or June 30.

3. The Residential S.F.R. Adjustment shall provide for annual adjustments based on a percent of total revenues, according to the following formula:

$$\text{Residential S.F.R. Adjustment Factor} = \frac{\text{Net Annual Residential Allocation NRA(y)}}{\text{Residential Retail Revenue RR(b)}}$$

Where:

- Net Annual Residential Allocation NRA(y) = Annual Residential Allocation RA(y), net of Over/(Under) Recovery Adjustment;
- Residential Retail Revenue RR(b) = Annual Retail Revenue for all KY residential classes for the year (b).

4. The All Other Classes S.F.R. Adjustment shall provide for annual adjustments based on a percent of non-fuel revenues, according to the following formula:

$$\text{All Other Classes S.F.R. Adjustment Factor} = \frac{\text{Net Annual All Other Allocation NOA(y)}}{\text{All Other Classes Non-Fuel Retail Revenue ONR(b)}}$$

Where:

- Net Annual All Other Allocation NOA(y) = Annual All Other Allocation OA(y), net of Over/(Under) Recovery Adjustment;
- All Other Classes Non-Fuel Retail Revenue ONR(b) = Annual Non-Fuel Retail Revenue for all classes other than residential for the year (b).

5. The Revenues to which the residential Securitization Financing Rider factor are applied is the sum of the customer's Service Charge, Demand Charge, Energy Charge(s), Fuel Adjustment Clause, System Sales Clause, Demand-Side Management Adjustment Clause, Federal Tax Change, Residential Energy Assistance, Purchase Power Adjustment and Distribution Reliability Rider.

The Revenues to which the all other customer Securitization Financing Rider factor are applied is the sum of the customer's Service Charge, Demand Charge, Energy Charge(s) less Base Fuel, Minimum Charge, Reactive Charge, System Sales Clause, Demand-Side Management Adjustment Clause, Federal Tax Change, Kentucky Economic Development Surcharge, Purchase Power Adjustment and Distribution Reliability Rider.

6. The initial Securitization Financing Rider rates shall be file on the day following the pricing of the bonds and shall become effective the first billing cycle following the closing of the bonds. All subsequent Rider rate adjustments shall be semi-annual (every six months).

The semi-annual Securitization Financing Rider adjustments shall be filed with the Commission no later than February 15 and August 15th of each year before it is scheduled to go into effect on Cycle 1 of the April and October billing cycles, respectively, along with all the necessary supporting data to justify the amount of the adjustments, which shall include data, and information as may be required by the Commission.

Interim Securitization Financing Rider adjustments may be filed with the Commission outside of the standard semi-annual timeframe in order to correct for over- or under-collection to be submitted no later than 10 days before the rate is to be effective.

7. Copies of all documents required to be filed with the Commission shall be open and made available for public inspection at the office of the Public Service Commission pursuant to the provisions of KRS 61.870 to 61.884.

### **Federal Tax Cut Tariff (F.T.C.)**

*Kentucky Power proposes to change the name of this tariff to "Federal Tax Change Tariff." Kentucky Power proposes revisions to reflect the ending of the rate credits associated with returning the unprotected accumulated deferred federal income taxes owed to customers as a result of the 2018 Tax Cuts and Jobs Act. Kentucky Power also proposes to make several changes with respect to the collection of accumulated deferred federal income taxes and corporate alternative minimum tax through this tariff, and to perform over/under accounting in connection with this tariff. The Company also is updating residential and all other Dollar per kWh rates. Kentucky Power also proposes to make an annual filing reflecting annual Federal Tax Change adjustments.*

#### **Rate.**

1. Pursuant to the final order of the Kentucky Public Service Commission in Case No. ~~2020-00174~~ 2023-00159, Kentucky Power Company is to credit to retail ratepayers the approved annual amount of excess accumulated deferred federal income taxes (ADIT) beginning January ~~XX14, 2021-2024~~ at the rates set forth below and continue to do so until the Company's base rates are re-set in a future base rate proceeding.
2. The Company shall amortize the calendar year retail Generation and Distribution related ~~ARAM~~ of Protected Excess ADIT of \$1,678,164 and the amount of retail Generation and Distribution related ~~Unprotected Excess ADIT~~ needed to support the remainder of the actual calendar year rate credits provided to customers through this ~~rider~~-tariff.

3. *Beginning with the October 2024 Federal Tax Change Tariff adjustment filing, the actual Corporate Alternative Minimum Tax (CAMT) expense and credits for the prior calendar/tax year shall be included in the Annual Revenue Requirement based on the Company's actual 2023 federal income tax return. This methodology will continue on a year to year basis.*
4. *For purposes of computing over or under-recovery under this tariff, the Company shall include the actual CAMT expense and the actual CAMT credits at the time that the credits can be used.*
5. *The Company shall include a final reconciliation of the retail Generation and Distribution related Unprotected Excess ADIT as part of the over or under-recovery computation in the October 2024 Federal Tax Change Tariff adjustment filing.*
6. *The applicable rates ~~Residential rate credits and All Other rate credits shall be credited to customers~~ on a kWh basis are as follows:*

	Residential (\$/kWh)	All Other (\$/kWh)
<del>January March and December</del>	<del>\$0.02187</del>	<del>\$0.00672</del>
	<del>\$(0.00053)</del>	<del>\$(0.00037)</del>
<del>April November</del>	<del>\$0.00010</del>	<del>\$0.00672</del>

~~The Residential rate credit will end the earlier of December 31, 2023 or the billing month when the \$30 million credit for Residential customers is calculated to be distributed in full. The All Other rate credit will end the earlier of December 31, 2023 or the billing month when the \$10 million credit for All Other customers is calculated to be distributed in full. The rates set forth above may be adjusted in their final billing month to reconcile the amounts distributed to the \$30 million credit available for distribution to Residential customers and the \$10 million credit available for distribution to All Other customers.~~

7. *The allocation of the Annual Revenue Requirement (ARR) which consists of the ~~actual~~ retail Generation and Distribution related ~~ARRM~~ of Protected Excess ADIT, the actual CAMT expenses and credits and any over or under-recovery based upon actual information for prior periods ~~Commission authorized amount of Unprotected Excess ADIT~~, between residential and all other customers shall be based upon their respective contribution to total retail revenues, according to the following formula:*

$$\text{Residential Allocation RA}(y) = \text{AC}(y) \times \frac{\text{KY Residential Retail Revenue RR}}{\text{KY Retail Revenue R}}$$

$$\text{All Other Allocation OA}(y) = \text{AC}(y) \times \frac{\text{KY All Other Classes Retail Revenue OR}}{\text{KY Retail Revenue R}}$$

Where:

- (y) = the credit year;
- RR = ~~\$248,770,246~~ \$301,523,011;
- OR = ~~\$279,559,942~~ \$392,479,515; and
- R = ~~\$528,330,188~~ \$694,002,526.

8. *The annual Federal Tax Change Tariff adjustments shall be filed with the Commission no later than October 15th of each year before it is scheduled to go into effect on Cycle 1 of the December billing cycle, along with all the necessary supporting data to justify the amount of the adjustments, which shall include data, and information as may be required by the Commission.*
9. *Copies of all documents required to be filed with the Commission shall be open and made available for public inspection at the office of the Public Service Commission pursuant to the provisions of KRS 61.870 to 61.884.*

**Tariff F.T.**  
**(Franchise Tariff)**

*Kentucky Power proposes to change the name of this tariff to “Tariff City’s Franchise Fee.”*

**Tariff K.F.R.F.**  
**(Eastern Kentucky Fuel Relief Fund)**

*Kentucky Power proposes to cancel and delete this tariff.*

**EFFECT ON PROPOSED CHANGE IN CUSTOMER RATES**

If approved as filed, the Company’s proposed changes to its rates will result in a proposed annual increase in electric revenues for Kentucky Power of approximately 13.6%. Changes in associated rates for affected customer classes are listed in the tables below. Kentucky Power is also proposing changes in the text of some of its rate schedules and other tariff provisions, including its terms and conditions for electric service as detailed above.

The estimated amount of the annual change for each electric customer class is as follows:

<b>Electric Rate Class</b>	<b>Annual \$ Increase</b>	<b>Annual % Increase</b>
<b><u>Residential Service</u></b>		
Residential Service	\$54,999,804	18.3%
Residential Load Management Time-of-Day	\$74,963	17.2%
Residential Service Time-of-Day	\$3,459	20.7%
Experimental Residential Service Time-of-Day	NA	NA
Residential Demand-Meter Electric Service	NA	NA
<b><u>General Service</u></b>		
General Service	\$13,346,543	12.8%
Recreational Lighting Service	\$45,372	19.6%
Load Management TOD	\$36,291	13.3%
Unmetered Service	\$66,876	9.0%
Small General Service TOD	\$96,857	6.4%
Medium General Service TOD	\$165,593	12.8%
Large General Service	\$6,308,543	8.9%
L.G.S. Load Management TOD	\$21,037	8.0%
Large General Service TOD	\$92,859	9.5%
<b><u>Industrial Service</u></b>		
Industrial General Service	\$17,068,044	8.6%
<b><u>All Other</u></b>		
Municipal Waterworks	\$18,624	7.4%
Outdoor Lighting	\$1,516,832	14.8%
Street Lighting	\$218,086	11.3%
Pole Attachments	NA	NA
COGEN/SPP I	NA	NA
COGEN/SPP II	NA	NA
NMS	NA	NA
NMS II - Residential	NA	NA
NMS II – Non-Residential	NA	NA

The average monthly usage and the amount of the proposed increase in the monthly bill for the average customer in each electric customer class is as follows:

<b>Electric Rate Class</b>	<b>Average Usage (kWh)</b>	<b>Monthly Bill\$ Increase</b>	<b>Monthly Bill% Increase</b>
<b><u>Residential Service</u></b>			
Residential Service	14,783	\$35	18.3%
Residential Load Management Time-of-Day	19,971	\$43	17.2%
Residential Service Time-of-Day	23,596	\$48	20.7%
Experimental Residential Service Time-of-Day	NA	NA	NA
Residential Demand-Meter Electric Service	NA	NA	NA
<b><u>General Service</u></b>			
General Service	20,542	\$38	12.8%
Recreational Lighting Service	16,458	\$44	19.6%

Kentucky Power's application and exhibits in this case are available for public inspection, during normal business hours, at Kentucky Power's offices located at 1645 Winchester Avenue, Ashland, Kentucky 41101; Cannonsburg (Ashland) Service Center, 12333 Kevin Avenue, Ashland, Kentucky; Hazard Service Center, 1400 E. Main Street, Hazard, Kentucky; and Pikeville Service Center, 3249 N. Mayo Trail, Pikeville, Kentucky. Additionally, the application and exhibits in this case are available for public inspection on the Company's website: [www.kentuckypower.com](http://www.kentuckypower.com).

The Company's application, testimony, and other related filings are also available for public inspection between the hours of 8:00 a.m. to 4:30 p.m., Monday through Friday, at the Public Service Commission's offices located at 211 Sower Boulevard, Frankfort, Kentucky and may be found on the Commission's Web site at <http://psc.ky.gov> at Case No. 2023-00159.

Written comments on Kentucky Power's application and the proposed rates may be submitted to the Public Service Commission by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602-0615, or via the Commission's website: <http://psc.ky.gov>. All comments should reference Case No. 2023-00159.

The Company is not proposing to modify other rates and charges not included in this Notice. The rates contained in this notice are the rates proposed by Kentucky Power. The Public Service Commission may order rates to be charged that differ from the proposed rates contained in this Notice. Such action by the Commission may result in rates for customers other than the rates contained in this Notice.

Any person may submit a timely written request for intervention in Case No. 2023-00159. The motion shall be submitted to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602-0615, and shall establish the grounds for the request, including the status and interest of the party. If the Commission does not receive a written request for intervention within thirty (30) days of the initial publication of this Notice, the Commission may take final action on the application.

### **Customer Bill General Statement**

On June 29, 2023, Kentucky Power filed an application for a rate adjustment to the Public Service Commission of Kentucky in Case No. 2023-00159. For more information, please visit [www.kentuckypower.com](http://www.kentuckypower.com).

### **FOR IMMEDIATE RELEASE**

#### **Kentucky Power announces upcoming regulatory filings and proposed rate changes**

ASHLAND, Ky., June 19, 2023 – Kentucky Power’s future plans for providing safe, reliable power will be outlined in an upcoming filing with the Kentucky Public Service Commission (PSC).

The application will include a comprehensive rate review and a request to allow Kentucky Power to use a financial tool known as securitization. Securitization allows energy providers to refinance previously incurred costs, such as generation, storms and fuel over a longer period and at a lower financing rate. By securitizing a large portion of the rate base and excluding other proposals from the rate request, Kentucky Power has limited the proposed increase in revenue to an overall 13.6 percent.

“We are sensitive to the financial hardships some of our customers are experiencing. Our team takes steps every day to ensure we are doing what is needed to keep power flowing while managing the costs to serve our customers,” said Kentucky Power President and COO, Cindy Wiseman.

The rate review proposal includes multiple customer benefits:

- Introduction of an optional seasonal tariff to address high usage during winter months.
- Expansion of tree clearing program aimed at increasing reliability.
- Increased funding for the company’s energy assistance programs to allow more customers the benefit.
- Extension of bill due date from 15- to 21-days to give customers more flexibility.

Kentucky Power initiated its last rate review in 2020. The filing for this new review will be made with the PSC on June 29, and new rates will likely take effect in early 2024.

“We are committed to eastern Kentucky and will continue to be a leader in economic development and a strong community partner, working together with others to grow our region,” said Wiseman. “Establishing new rates that are more reflective of current demands and the unique environment we serve will help ensure Kentucky Power is best positioned to provide the safest and most reliable service to our customers and communities.”

A rate review, or rate case, is a comprehensive and transparent process in which the PSC reviews the costs, business practices and rates of an energy provider. Complete case information can be found on the [PSC’s website](#). Kentucky Power’s filing will detail their plan for providing reliable service to customers, and the PSC will determine whether the request is fair, just and reasonable for their customers. To learn more about utility rate cases visit, [www.KentuckyPower.com/rates](http://www.KentuckyPower.com/rates).

**Kentucky Power**  
**Page 2 of 2**

Kentucky Power provides service to about 163,000 customers in 20 eastern Kentucky counties. It is an operating company of American Electric Power (NYSE: AEP), based in Columbus, Ohio, is powering a cleaner, brighter energy future for its customers and communities. AEP's approximately 17,000 employees operate and maintain the nation's largest electricity transmission system and more than 225,000 miles of distribution lines to safely deliver reliable and affordable power to 5.6 million regulated customers in 11 states. AEP also is one of the nation's largest electricity producers with approximately 30,000 megawatts of diverse generating capacity, including more than 7,000 megawatts of renewable energy. The company's plans include growing its renewable generation portfolio to approximately 50 percent of total capacity by 2032. AEP is on track to reach an 80 percent reduction in carbon dioxide emissions from 2005 levels by 2030 and has committed to achieving net zero by 2045. AEP is recognized consistently for its focus on sustainability, community engagement, and diversity, equity and inclusion. AEP's family of companies includes utilities AEP Ohio, AEP Texas, Appalachian Power (in Virginia and West Virginia), AEP Appalachian Power (in Tennessee), Indiana Michigan Power, Kentucky Power, Public Service Company of Oklahoma, and Southwestern Electric Power Company (in Arkansas, Louisiana, east Texas and the Texas Panhandle). AEP also owns AEP Energy, which provides innovative competitive energy solutions nationwide. For more information, visit [aep.com](http://aep.com).

**Certification Of Compliance With Notice And Posting Requirements**

Brian K. West, Vice President, Regulatory and Finance for Kentucky Power Company (“Kentucky Power” or the “Company”), a utility furnishing retail electric service within the Commonwealth of Kentucky, certifies the following:

1. On June 29, 2023, Kentucky Power Company filed an Application with the Public Service Commission of Kentucky for approval of an adjustment of its electric rates, terms, and conditions of Kentucky Power Company, and seeking certain other relief.

2. In connection with its Application, Kentucky Power provided the following notices:

(a) Kentucky Power filed with the Commission on May 23, 2023 its Notice of Intent in accordance with the requirements of 807 KAR 5:001, Section 16(2). A copy of the Notice of Intent also was provided electronically to the Office of the Attorney General, Office of Rate Intervention in accordance with 807 KAR 5:001, Section 16(2)(c) on May 23, 2023. The Notice of Intent also was provided electronically to all other intervenors in Case No. 2020-00174.

(b) The customer notice required by 807 KAR 5:001, Section 17(2) and 807 KAR 5:011, Section 8(2), as modified by the Commission's June 2, 2023 order in these proceedings, will be published once a week for three consecutive weeks in a prominent manner in newspapers of general circulation in Kentucky Power's service area, with the exception of two newspapers as detailed herein (the "Abbreviated Customer Notice").<sup>1</sup> The Abbreviated Customer Notice was first published beginning the week of June 19, 2023. Kentucky Power Company on June 26, 2023 filed a request for deviation with respect to the publication of the third weekly notices in *The Elliott County News* and *The Licking Valley Courier*. Both papers will not publish the week of July 3, 2023. The Company is therefore requesting to publish the third weekly notice in those papers approximately one week later than they otherwise would have run. An affidavit verifying the contents of the published Abbreviated Customer Notice, that the notice was published, and the dates of publication will be filed in accordance with 807 KAR 5:001, Section 17(3)(b) and 807 KAR 5:011, Section 8(3)(b) within 45 days of the date this Application is submitted to the Commission.

(c) On or before June 29, 2023, Kentucky Power made the public posting of the full-length customer notice required by 807 KAR 5:001, Section 17(1)(a) and 807 KAR 5:011, Section 8(1)(a) ("Full-Length Customer Notice") at each of the offices listed below. The Company also is providing a copy of the Application for public inspection at Kentucky Power's corporate offices and distribution operations centers at the following locations:

- (i) Ashland Corporate Office, 1645 Winchester Avenue, Ashland, Kentucky;

---

<sup>1</sup> By Order dated June 2, 2023 in this proceeding, the Commission granted Kentucky Power's Application to provide abbreviated newspaper notice of the Company's Application for a rate adjustment in satisfaction of the requirements of 807 KAR 5:001, Section 17(2).

- (ii) Cannonsburg (Ashland) Service Center, 12333 Kevin Avenue, Ashland, Kentucky;
- (iii) Hazard Service Center, 1400 E. Main Street, Hazard, Kentucky;
- (iv) Pikeville Service Center, 3249 N. Mayo Trail, Pikeville, Kentucky;
- (v) Paintsville Service Center, 416 Teays Branch Road, Paintsville, Kentucky; and
- (vi) Whitesburg Service Center, 117 Madison Street, Suite A, Whitesburg, Kentucky.

The public postings of the Full-Length Customer Notice and copies of the Application will remain available for public inspection in conformity with the requirements of 807 KAR 5:001, Section 17(1)(c) and 807 KAR 5:011, Section 8(1)(c) until the Commission enters a final decision in this matter.

(d) On or before June 29, 2023, Kentucky Power posted on its website (<https://www.kentuckypower.com>) the information and hyperlink required by 807 KAR 5:001, Section 17(1)(b) and 807 KAR 5:011, Section 8(1)(b). This information will remain available for public access and inspection in conformity with the requirements of 807 KAR 5:001, Section 17(1)(c) and 807 KAR 5:011, Section 8(1)(c) on Kentucky Power's website until the Commission enters a final decision in this matter.

3. The customer notices and public posting described in paragraphs 2(b) and 2(c) of this certification conformed to and contained the information required by 807 KAR 5:001, Section 17(4) and 807 KAR 5:011, Section 8(4), as modified by the Commission's June 2, 2023 Order in this case.

4. The Full-Length Customer Notice identified in paragraph 2 above and attached hereto contains a clear and concise explanation of the proposed change in the rate schedule applicable to each customer class.

Given under my hand this 29<sup>th</sup> day of June, 2023.

---

**NOTICE OF INTENT**

Pursuant to 807 KAR 5:001, Section 16(2) and all other applicable statutory provisions and regulations, Kentucky Power Company gives notice of its intent to file on or before June 29, 2023 an application seeking: (1) a general adjustment of its electric rates; (2) approval of its tariffs and riders; (3) approval of accounting practices to establish regulatory assets and liabilities; (4) a securitization financing order; and (5) all other required approvals and relief.

The general adjustment of Kentucky Power Company's rates for electric service will be supported by Kentucky Power Company's historical test year for the twelve months ended March 31, 2023.

Kentucky Power Company has transmitted a copy of this notice of intent in a portable document format by electronic mail to the Attorney General's Office of Rate Intervention at [rateintervention@ky.gov](mailto:rateintervention@ky.gov) and to the other intervenors in the Company's last general rate case, Case No. 2020-000174:

Kentucky Power Company is contemporaneously filing an application, consistent with 807 KAR. 5:001, Section 16(2)(b), and 807 KAR 5:001, Section 17(5), for permission to use an abbreviated form of newspaper notice of proposed rate increases.

Respectfully submitted,

---

## **Report of Independent Auditors**

To the Management and Board of Directors of Kentucky Power Company

### ***Opinion***

We have audited the accompanying financial statements of Kentucky Power Company (the “Company”), which comprise the balance sheets as of December 31, 2022 and 2021, and the related statements of income, of comprehensive income (loss), of changes in common shareholder's equity and of cash flows for the years then ended, including the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

### ***Auditors’ Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Office of the Chief Accountant  
Federal Energy Regulatory Commission  
888 First Street, N.E.  
Washington, DC 20426

Dear Mr. Craig:

We have reviewed the audit report (copy attached) forwarded to us on October 30, 1997. The report summarizes the Results of the FERC audit staff's examination of the Books and Records of Kentucky Power Company for the period January 1, 1992 through December 31, 1996 in Docket No. FA96-40-000 and FA96-40-001.

Our comments on the three report issues are noted herein. Should you have any questions concerning our comments, please do not hesitate to contact the undersigned or Leonard V. Assante, Controller of AEPSC.

I. Compliance Exceptions

1. Accounting for Settlement Costs

Kentucky Power's Response

We agree with the recommendation that settlement costs on employment litigation be recorded below the line and have revised our accounting procedures accordingly. Attached is a copy of July 9, 1997 memorandum from G. R. Knorr, Assistant Controller of AEPSC, revising our procedures.

November 17, 1997  
Bryan K. Craig  
Page 2  
Kentucky Power Company

2. Miscellaneous Accounting Misclassification

**Kentucky Power's Response**

We agree with the recommendation concerning Account 228.3 (Accumulated Provision for Pensions and Benefits) and have revised our accounting procedures accordingly. Attached is a copy of our August 13, 1997 memorandum from G. S. Campbell/H. E. McCoy revising our procedures.

II. Deferred Matter

1. Accounting Classification for Service Company Billings

**Kentucky Power's Response**

The FERC audit report makes no recommendation on this issue pending further study by the FERC's Office of the Chief Accountant. We reserve our right to respond to this issue when the FERC's study is completed and released for comment.

I would like to take this opportunity to express our support for the new centralized approach to auditing AEP's electric operating subsidiaries. The new approach reduced the total time required to complete the audit of all AEP subsidiaries and reduced the cost to both AEP and the FERC. I would also like to thank Lucretia Smith and the fine staff of auditors that performed an efficient audit while minimizing disruption of our accounting operations.

Respectfully submitted,

  
Peter J. DeMaria

OCT 30 1997

Kentucky Power Company  
Attention: Mr. Len Assante  
Controller  
1 Riverside Plaza  
Columbus, OH 43215

Elec. Cor.

Ladies and Gentlemen:

The Division of Electric and Hydropower Operations of the Office of the Chief Accountant has examined the books and records of Kentucky Power Company for the period January 1, 1992, through December 31, 1996. The purpose of the examination was to evaluate your Company's compliance with Commission accounting and reporting regulations contained in the Uniform System of Accounts, Annual Report FERC Form No. 1, and the related regulations. The examination included selective tests of the accounting records, review of the internal control structure, and other tests and procedures considered necessary under the circumstances.

The Division of Electric and Hydropower Operations recommended corrective actions on certain findings of noncompliance with the Commission's accounting, financial reporting, and/or related regulations. Part I of the enclosed audit report describes the findings and recommendations. By letter dated August 29, 1997, your Company agreed to adopt the recommended corrective actions in Part I. I hereby approve and direct the recommended corrective actions in Part I.

The issue set forth in Part II on the accounting classification of service company billings is deferred for further study. The issue has been assigned as Docket No. FA96-40-001.

The Kentucky Power Commission did not respond with any objections to the foregoing matters.

2

The Commission delegated authority to act in this matter to the Acting Director, Division of Electric and Hydropower Operations under 18 C.F.R. § 375.303. This letter order constitutes final agency action on the corrective actions approved and directed in this report. Within 30 days of the date of this order, your Company may file a request for rehearing by the Commission under 18 C.F.R. § 385.713.

This letter order is without prejudice to the Commission's right to require hereafter any later adjustments arising from additional information that may come to its attention.

Sincerely,

*Bryan K. Craig*

1.	Accounting Classification for Service Company Billings . . .	3

---

**Kentucky Power Company**

1

**I. Compliance Exceptions**

Kentucky Power Company (the Company) agreed to the recommended corrective actions on the following compliance matters:

**1. Accounting for Settlement Costs**

The Company used the wrong accounts to record costs to settle employment suits.

**Recommendation**

We recommend the Company revise procedures to ensure it records settlement payments in Account 426.5, Other Deductions, consistent with the requirements of the Uniform System of Accounts.

**Facts**

During 1995 and 1996, the AEP Service Company paid certain employment settlement costs. It recorded the settlement fees of \$47,500 in Work Order No. 9988 - AEPSC Overheads. The Service Company allocated this work order to all the AEP Service Company Work Orders based on salaries. The Service Company then billed out to the AEP System companies all its costs based upon SEC approved allocations for each individual work order. As a result, the Company recorded these settlement costs in every account charged as a result of the AEP Service Company billing. The effect of these transactions on the individual operating companies was not material.

**Discussion of Accounting Requirements**

Accounting Release No. 12, issued February 12, 1980, requires companies to charge expenditures resulting from compromise settlements or consent decrees to Account 426.5.

---

**2. Miscellaneous Accounting Classification**

The Company classified a transaction in the wrong account. The following indicates the nature of the item misclassified, the account the Company used, and the proper account for such transactions:

---

Kentucky Power Company

2

<b>Description</b>	<b>Account Used</b>	<b>Proper Account</b>
Post-Retirement Benefits Other than Pensions - Liability	228.4	228.3

**Recommendation**

We recommend the Company adopt procedures to ensure that it records similar charges in the future consistent with the requirements of the Uniform Systems of Accounts.

---

Kentucky Power Company

3

## II. Deferred Matter

### 1. Accounting Classification for Service Company Billings

AEPSC is a subsidiary of American Electric Power Corporation (AEP). It provides various services to affiliated AEP subsidiaries, including system planning, engineering, financial, accounting, public affairs, fuel procurement and customer services.

AEPSC is subject to the Public Utility Holding Company Act (PUCHA) which the Securities and Exchange Commission (SEC) administers. AEPSC maintains its accounts based on the SEC's Uniform System of Accounts for mutual service companies.

AEPSC first assigns all costs to various expense and other accounts. Then, it assigns all direct and indirect costs to various billable projects or work orders. 1/ Direct costs include labor and labor fringes, such as payroll taxes and employee benefits. Indirect amounts include overhead amounts not specifically assignable to the work orders, such as administrative and general salaries, miscellaneous general expenses, depreciation, maintenance of general plant, etc.

AEPSC bills interest on working capital loans and income taxes to the various operating companies as separate items apart from the normal fully allocated billable work orders.

AEPSC's invoices rendered to the Company and the other AEP subsidiaries include a cost breakdown for each work order between direct and overhead costs. The subsidiaries use the accounting classifications AEPSC provides to assign costs to its various accounts. Under this procedure, the AEP subsidiaries classified certain AEPSC administrative and general expenses, payroll taxes, etc., to accounts other than those that it would charge if it directly incurred the expenditures. For example, charges for direct labor costs to particular projects and accounts included additional costs related to employment taxes, pensions, other employee benefits, administrative and general expenses, and depreciation and maintenance of the office building owned by AEPSC.

Also, the AEP subsidiaries recorded income taxes and interest costs separately billed by AEPSC in Account 930.2, Miscellaneous General Expenses.

---

1/ When AEPSC performs specific work for more than one company within the holding company group, it uses an SEC approved method for assigning the cost among the various members.

---

**Kentucky Power Company**

4

**Discussion of Accounting Requirements**

General Instruction No. 14, Transactions with Associated Companies, of the Uniform System of Accounts States:

Each utility shall keep its accounts and records so as to be able to furnish accurately and expeditiously statements of all transactions with associated companies. The statements may be required to show the general nature of the transactions, the amounts involved therein and the amounts included in each account prescribed herein with respect to such transactions. **Transactions with associated companies shall be recorded in the appropriate accounts for transactions of the same nature.** Nothing herein contained, however, shall be construed as restraining the utility from subdividing accounts for the purpose of recording separately transactions with associated companies. [Emphasis added.]

The Office of the Chief Accountant is currently studying the issue of classification of affiliated company charges on an industry-wide basis. Therefore, the Division of Audits did not make any recommendations on the subject pending completion of the study and any resulting FERC action. The accounting for the classification of affiliated company charges will be resolved in a separate docket, Docket No. FA96-40-001.

Date July 9, 1997

Subject Employment Settlement Costs

From G. R. Knerr

To File

Accounting Release 12 (AR-12) issued by the Office of the Chief Accountant at FERC requires all expenditures related to discriminatory employment practices to be recorded below-the-line as other income deductions. Fines and penalties are to be recorded in Account 426.3, Penalties, and all other costs, including settlement costs paid to the plaintiffs, are to be recorded in Account 426.5, Other deductions.

In the future, whenever such costs are paid by AEP Service Corporation, the expenditures should be classified to the appropriate FERC account (see above) and to Work Order No. 1011, Miscellaneous non-operating expenses. Work Order No. 1011 will transfer the incurred costs to first-tier AEP client companies for recording below-the-line.

AMERICAN  
ELECTRIC  
POWER

Date August 13, 1997  
Subject Reclassification of Benefits Liabilities

From Greg Campbell/Hugh McCoy  
To Tim Bowman - Canton  
Jerry Knorr - Columbus  
George Lantry - Columbus  
Maurice McIntyre - Ft. Wayne  
Tom Mitchell - Roanoke

Our practice in accounting for accumulated liabilities for pension benefits recorded under SFAS 87, postretirement benefits (OPEB) recorded under SFAS 106, and postemployment benefits recorded under SFAS 112 has been to record the liabilities to Account 228.4, Accumulated Miscellaneous Operating Provisions. We did not use Account 228.3, Accumulated Provision for Pensions and Benefits, because the description of Account 228.3 seems to exclude benefits funded through an irrevocable trust fund.

Nevertheless, during the course of the recent FERC audit, the FERC Staff informed us that our OPEB liability should be recorded to Account 228.3, rather than 228.4. The Staff also referred us to the FERC's May 7, 1993 OPEB accounting guidance in Docket No. A193-4-000, which also provides for the use of Account 228.3. Therefore, the accumulated liability for benefits recorded under SFAS 87, 106, and 112 as of July 31, 1997 that is currently recorded in Account 228.4 should be reclassified in August 1997 business to Account 228.3, Accumulated Provision for Pensions and Benefits.

Please contact us if you should have any questions on this matter.

## GENERAL INFORMATION

### Purpose

FERC Form No. 1 (FERC Form 1) is an annual regulatory requirement for Major electric utilities, licensees and others (18 C.F.R. § 141.1). FERC Form No. 3-Q (FERC Form 3-Q) is a quarterly regulatory requirement which supplements the annual financial reporting requirement (18 C.F.R. § 141.400). These reports are designed to collect financial and operational information from electric utilities, licensees and others subject to the jurisdiction of the Federal Energy Regulatory Commission. These reports are also considered to be non-confidential public use forms.

### Who Must Submit

Each Major electric utility, licensee, or other, as classified in the Commission's Uniform System of Accounts Prescribed for Public Utilities, Licensees, and Others Subject To the Provisions of The Federal Power Act (18 C.F.R. Part 101), must submit FERC Form 1 (18 C.F.R. § 141.1), and FERC Form 3-Q (18 C.F.R. § 141.400).

Note: Major means having, in each of the three previous calendar years, sales or transmission service that exceeds one of the following:

- one million megawatt hours of total annual sales,
- 100 megawatt hours of annual sales for resale,
- 500 megawatt hours of annual power exchanges delivered, or
- 500 megawatt hours of annual wheeling for others (deliveries plus losses).

### What and Where to Submit

Submit FERC Form Nos. 1 and 3-Q electronically through the eCollection portal at <https://eCollection.ferc.gov>, and according to the specifications in the Form 1 and 3-Q taxonomies.

The Corporate Officer Certification must be submitted electronically as part of the FERC Forms 1 and 3-Q filings.

Submit immediately upon publication, by either eFiling or mail, two (2) copies to the Secretary of the Commission, the latest Annual Report to Stockholders. Unless eFiling the Annual Report to Stockholders, mail the stockholders report to the Secretary of the Commission at:  
Secretary  
Federal Energy Regulatory Commission 888 First Street,  
NE  
Washington, DC 20426

For the CPA Certification Statement, submit within 30 days after filing the FERC Form 1, a letter or report (not applicable to filers classified as Class C or Class D prior to January 1, 1984). The CPA Certification Statement can be either eFiled or mailed to the Secretary of the Commission at the address above.

The CPA Certification Statement should:

Attest to the conformity, in all material aspects, of the below listed (schedules and pages) with the Commission's applicable Uniform System of Accounts (including applicable notes relating thereto and the Chief Accountant's published accounting releases), and

Be signed by independent certified public accountants or an independent licensed public accountant certified or licensed by a regulatory authority of a State or other political subdivision of the U. S. (See 18 C.F.R. §§ 41.10-41.12 for specific qualifications.)

<u>Schedules</u>	<u>Pages</u>
Comparative Balance Sheet	110-113
Statement of Income	114-117
Statement of Retained Earnings	118-119
Statement of Cash Flows	120-121
Notes to Financial Statements	122-123

The following format must be used for the CPA Certification Statement unless unusual circumstances or conditions, explained in the letter or report, demand that it be varied. Insert parenthetical phrases only when exceptions are reported.

"In connection with our regular examination of the financial statements of [COMPANY NAME] for the year ended on which we have reported separately under date of [DATE], we have also reviewed schedules [NAME OF SCHEDULES] of FERC Form No. 1 for the year filed with the Federal Energy Regulatory Commission, for conformity in all material respects with the requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases. Our review for this purpose included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Based on our review, in our opinion the accompanying schedules identified in the preceding paragraph (except as noted below) conform in all material respects with the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases." The letter or report must state which, if any, of the pages above do not conform to the Commission's requirements. Describe the discrepancies that exist.

Filers are encouraged to file their Annual Report to Stockholders, and the CPA Certification Statement using eFiling. Further instructions are found on the Commission's website at <https://www.ferc.gov/ferc-online/ferc-online/frequently-asked-questions-faqs-efilingferc-online>.

Federal, State, and Local Governments and other authorized users may obtain additional blank copies of FERC Form 1 and 3-Q free of charge from <https://www.ferc.gov/general-information-0/electric-industry-forms>.

### When to Submit

FERC Forms 1 and 3-Q must be filed by the following schedule:

FERC Form 1 for each year ending December 31 must be filed by April 18th of the following year (18 CFR § 141.1), and

FERC Form 3-Q for each calendar quarter must be filed within 60 days after the reporting quarter (18 C.F.R. § 141.400).

### Where to Send Comments on Public Reporting Burden.

The public reporting burden for the FERC Form 1 collection of information is estimated to average 1,168 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data-needed, and completing and reviewing the collection of information. The public reporting burden for the FERC Form 3-Q collection of information is estimated to average 168 hours per response.

Send comments regarding these burden estimates or any aspect of these collections of information, including suggestions for reducing burden, to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426 (Attention: Information Clearance Officer); and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503 (Attention: Desk Officer for the Federal

Energy Regulatory Commission). No person shall be subject to any penalty if any collection of information does not display a valid control number (44 U.S.C. § 3512 (a)).

## GENERAL INSTRUCTIONS

Prepare this report in conformity with the Uniform System of Accounts (18 CFR Part 101) (USofA). Interpret all accounting words and phrases in accordance with the USofA.

Enter in whole numbers (dollars or MWH) only, except where otherwise noted. (Enter cents for averages and figures per unit where cents are important. The truncating of cents is allowed except on the four basic financial statements where rounding is required.) The amounts shown on all supporting pages must agree with the amounts entered on the statements that they support. When applying thresholds to determine significance for reporting purposes, use for balance sheet accounts the balances at the end of the current reporting period, and use for statement of income accounts the current year's year to date amounts.

Complete each question fully and accurately, even if it has been answered in a previous report. Enter the word "None" where it truly and completely states the fact.

For any page(s) that is not applicable to the respondent, omit the page(s) and enter "NA," "NONE," or "Not Applicable" in column (d) on the List of Schedules, pages 2 and 3.

Enter the month, day, and year for all dates. Use customary abbreviations. The "Date of Report" included in the header of each page is to be completed only for resubmissions (see VII. below).

Generally, except for certain schedules, all numbers, whether they are expected to be debits or credits, must be reported as positive. Numbers having a sign that is different from the expected sign must be reported by enclosing the numbers in parentheses.

For any resubmissions, please explain the reason for the resubmission in a footnote to the data field.

Do not make references to reports of previous periods/years or to other reports in lieu of required entries, except as specifically authorized.

Wherever (schedule) pages refer to figures from a previous period/year, the figures reported must be based upon those shown by the report of the previous period/year, or an appropriate explanation given as to why the different figures were used.

Schedule specific instructions are found in the applicable taxonomy and on the applicable blank rendered form.

Definitions for statistical classifications used for completing schedules for transmission system reporting are as follows:

**FNS - Firm Network Transmission Service for Self.** "Firm" means service that can not be interrupted for economic reasons and is intended to remain reliable even under adverse conditions. "Network Service" is Network Transmission Service as described in Order No. 888 and the Open Access Transmission Tariff. "Self" means the respondent.

**FNO - Firm Network Service for Others.** "Firm" means that service cannot be interrupted for economic reasons and is intended to remain reliable even under adverse conditions. "Network Service" is Network Transmission Service as described in Order No. 888 and the Open Access Transmission Tariff.

**LFP - for Long-Term Firm Point-to-Point Transmission Reservations.** "Long-Term" means one year or longer and "firm" means that service cannot be interrupted for economic reasons and is intended to remain reliable even under adverse conditions. "Point-to-Point Transmission Reservations" are described in Order No. 888 and the Open Access Transmission Tariff. For all transactions identified as LFP, provide in a footnote the termination date of the contract defined as the earliest date either buyer or seller can unilaterally cancel the contract.

**OLF - Other Long-Term Firm Transmission Service.** Report service provided under contracts which do not conform to the terms of the Open Access Transmission Tariff. "Long-Term" means one year or longer and "firm" means that service cannot be interrupted for economic reasons and is intended to remain reliable even under adverse conditions. For all transactions identified as OLF, provide in a footnote the termination date of the contract defined as the earliest date either buyer or seller can unilaterally get out of the contract.

**SFP - Short-Term Firm Point-to-Point Transmission Reservations.** Use this classification for all firm point-to-point transmission reservations, where the duration of each period of reservation is less than one-year.

**NF - Non-Firm Transmission Service,** where firm means that service cannot be interrupted for economic reasons and is intended to remain reliable even under adverse conditions.

**OS - Other Transmission Service.** Use this classification only for those services which can not be placed in the above-mentioned classifications, such as all other service regardless of the length of the contract and service FERC Form. Describe the type of service in a footnote for each entry.

**AD - Out-of-Period Adjustments.** Use this code for any accounting adjustments or "true-ups" for service provided in prior reporting periods. Provide an explanation in a footnote for each adjustment.

### DEFINITIONS

**Commission Authorization (Comm. Auth.)** -- The authorization of the Federal Energy Regulatory Commission, or any other Commission. Name the commission whose authorization was obtained and give date of the authorization.

**Respondent** -- The person, corporation, licensee, agency, authority, or other Legal entity or instrumentality in whose behalf the report is made.

## EXCERPTS FROM THE LAW

### Federal Power Act, 16 U.S.C. § 791a-825r

Sec. 3. The words defined in this section shall have the following meanings for purposes of this Act, to wit:

'Corporation' means any corporation, joint-stock company, partnership, association, business trust, organized group of persons, whether incorporated or not, or a receiver or receivers, trustee or trustees of any of the foregoing. It shall not include 'municipalities, as hereinafter defined;

'Person' means an individual or a corporation;

'Licensee, means any person, State, or municipality Licensed under the provisions of section 4 of this Act, and any assignee or successor in interest thereof;

'municipality means a city, county, irrigation district, drainage district, or other political subdivision or agency of a State competent under the Laws thereof to carry and the business of developing, transmitting, unitizing, or distributing power; .....

'project' means. a complete unit of improvement or development, consisting of a power house, all water conduits, all dams and appurtenant works and structures (including navigation structures) which are a part of said unit, and all storage, diverting, or fore bay reservoirs directly connected therewith, the primary line or lines transmitting power there from to the point of junction with the distribution system or with the interconnected primary transmission system, all miscellaneous structures used and useful in connection with said unit or any part thereof, and all water rights, rights-of-way, ditches, dams, reservoirs, Lands, or interest in Lands the use and occupancy of which are necessary or appropriate in the maintenance and operation of such unit;

"Sec. 4. The Commission is hereby authorized and empowered

'To make investigations and to collect and record data concerning the utilization of the water 'resources of any region to

FERC Form

Filed Date: 04/12/2023

be developed, the water-power industry and its relation to other industries and to interstate or foreign commerce, and concerning the location, capacity, development costs, and relation to markets of power sites; ... to the extent the Commission may deem necessary or useful for the purposes of this Act."

"Sec. 304.

Every Licensee and every public utility shall file with the Commission such annual and other periodic or special\* reports as the Commission may by rules and regulations or other prescribe as necessary or appropriate to assist the Commission in the proper administration of this Act. The Commission may prescribe the manner and FERC Form in which such reports shall be made, and require from such persons specific answers to all questions upon which the Commission may need information. The Commission may require that such reports shall include, among other things, full information as to assets and Liabilities, capitalization, net investment, and reduction thereof, gross receipts, interest due and paid, depreciation, and other reserves, cost of project and other facilities, cost of maintenance and operation of the project and other facilities, cost of renewals and replacement of the project works and other facilities,

FERC FORM NO. 1 (ED. 03-07)

depreciation, generation, transmission, distribution, delivery, use, and sale of electric energy. The Commission may require any such person to make adequate provision for currently determining such costs and other facts. Such reports shall be made under oath unless the Commission otherwise specifies".10

"Sec. 309.

The Commission shall have power to perform any and all acts, and to prescribe, issue, make, and rescind such orders, rules and regulations as it may find necessary or appropriate to carry out the provisions of this Act. Among other things, such rules and regulations may define accounting, technical, and trade terms used in this Act; and may prescribe the FERC Form or FERC Forms of all statements, declarations, applications, and reports to be filed with the Commission, the information which they shall contain, and the time within which they shall be filed..."

### GENERAL PENALTIES

The Commission may assess up to \$1 million per day per violation of its rules and regulations. See FPA § 316(a) (2005), 16 U.S.C. § 825o (a).

(1) Amounts in the salary column are composed of executive salaries earned for the year shown, which include 260 days of pay for 2022, which is the number of workdays and holidays in a standard year.

(2) The amounts reported in this column reflect the aggregate grant date fair value calculated in accordance with FASB ASC Topic 718 of the performance shares, restricted stock units (RSUs) and unrestricted shares granted under our Long-Term Incentive Plan. See Note 15 to the Consolidated Financial Statements included in our Form 10-K for the year ended December 31, 2022 for a discussion of the relevant assumptions used in calculating these amounts. The number of shares realized and the value of the performance shares, if any, will depend on the Company's performance during a 3-year performance period. The potential payout can range from 0 percent to 200 percent of the target number of performance shares, plus any dividend equivalents. The value of the performance shares will be based on three measures: a Board approved cumulative operating earnings per share measure (Cumulative EPS 50%), a total shareholder return relative to peer companies (Relative TSR 40%) and a carbon free capacity mix (Carbon Free Capacity 10%). The grant date fair value of the 2022 performance shares that are based on Cumulative EPS was computed in accordance with FASB ASC Topic 718 and was measured based on the closing price of AEP's common stock on the grant date. The maximum amount payable for the 2022 performance shares that are based on Cumulative EPS measured on the grant date was \$7,500,054 for Mr. Akins; \$1,350,018 for Ms. Sloat; \$109,965 for Ms. Kelly; \$1,125,029 for Mr. Feinberg; \$974,951 for Mr. Zebula; \$974,951 for Mr. Chodak and \$1,799,996 for Ms. Barton. The maximum amount payable for the 2022 performance shares that are based on Carbon Free Capacity is equal to \$1,500,011 for Mr. Akins; \$270,004 for Ms. Sloat; \$21,993 for Ms. Kelly; \$225,006 for Mr. Feinberg; \$194,990 for Mr. Zebula; \$194,990 for Mr. Chodak and \$359,999 for Ms. Barton. The grant date fair value of the 2022 performance shares that are based on Relative TSR is calculated using a Monte-Carlo model as of the date of grant, in accordance with FASB ASC Topic 718. Because the performance shares that are based on Relative TSR are subject to market conditions as defined under FASB ASC Topic 718, they did not have a maximum value on the grant date that differed from the grant date fair values presented in the table. Instead, the maximum value is factored into the calculation of the grant date fair value. The values realized from the 2020 performance shares are included in the Option Exercises and Stock Vested for 2022 table.

(3) The amounts shown in this column reflect annual incentive compensation paid for the year shown.

(4) The amounts shown in this column are attributable to the increase in the actuarial values of each of the named executive officer's combined benefits under AEP's qualified and non-qualified defined benefit pension plans determined using interest rate and mortality assumptions consistent with those used in the Company's financial statements. Negative values of (\$41,465), (\$131,041) (\$245,983) and (\$27,352) for Ms. Sloat and Messrs. Feinberg, Zebula and Chodak, respectively, were replaced with \$0 for the purposes of the Summary Compensation Table. See the Pension Benefits for 2022 table and related footnotes for additional information. See Note 8 to the Consolidated Financial Statements included in our Form 10-K for the year ended December 31, 2022 for a discussion of the relevant assumptions. None of the named executive officers received preferential or above-market earnings on deferred compensation.

(5) Amounts shown in the All Other Compensation column for 2022 include: (a) Company matching contributions to the Company's Retirement Savings Plan, (b) Company matching contributions to the Company's Supplemental Retirement Savings Plan, (c) perquisites, (d) vacation payout, and (e) severance benefits. The 2022 values for these items are listed in the following table:

FERC Form

Document Accession #: 20230412-8009

Filed Date: 04/12/2023

Type	Nicholas K. Akins	Julia A. Sloat	Ann P. Kelly	David M. Feinberg	Charles E. Zebula	Paul Chodak, III	Lisa M. Barton
Retirement Savings Plan Match	13,725	13,725	1,212	13,725	13,725	13,725	13,725
Supplemental Retirement Savings Plan Match	182,475	49,829		49,438	41,746	35,516	57,890
Relocation			8,762				
Perquisites	20,555	14,256			12,385	14,125	14,125
Vacation Payout	—	—	—	—	—	—	68,763
Severance	—	—	—	—	—	—	—
<b>Total</b>	<b>\$216,755</b>	<b>\$77,810</b>	<b>\$9,974</b>	<b>\$63,163</b>	<b>\$67,856</b>	<b>\$63,366</b>	<b>\$154,503</b>

(6) Ms. Sloat's compensation is provided only for the years in which she was an executive officer of the Company.

Perquisites provided in 2022 included: financial counseling and tax preparation services and, for Mr. Akins, director's group travel accident insurance premium. Executive officers may also have the occasional personal use of event tickets when such tickets are not being used for business purposes, however, there is no associated incremental cost. From time-to-time executive officers may receive customary gifts from third parties that sponsor events (subject to our policies on conflicts of interest).

Provided Ms. Barton complies with the terms of her Executive Severance, Noncompetition and Release of All Claims Agreement, she will receive \$1,520,700 in cash severance benefits and up to \$15,650 in outplacement services in 2023 in connection with her 2022 separation from AEP employment.

Mr. Akins has entered into an Aircraft Time Sharing Agreement that allows him to use our corporate aircraft for personal use for a limited number of hours each year. The Aircraft Time Sharing Agreement requires Mr. Akins to reimburse the Company for the cost of his personal use of corporate aircraft in accordance with limits set forth in Federal Aviation Administration regulations. Mr. Akins reimbursed the Company all incremental costs incurred in connection with personal flights under the Aircraft Timesharing Agreement including fuel, oil, hangar costs, crew travel expenses, catering, landing fees and other incremental airport fees. Accordingly, no value is shown for these amounts in the Summary Compensation Table. If the aircraft flies empty before picking up or after dropping off Mr. Akins at a destination on a personal flight, the cost of the empty flight is included in the incremental cost for which Mr. Akins reimburses the Company. Since AEP aircraft are used predominantly for business purposes, we do not include fixed costs that do not change in amount based on usage, such as depreciation and pilot salaries.

Due to her promotion to CEO, in February 2023 the Company entered into a TSA with Ms. Sloat on substantively the same terms as Mr. Akins' TSA.

Name of Respondent: Kentucky Power Company	This report is: (1) <input checked="" type="checkbox"/> An Original (2) <input type="checkbox"/> A Resubmission	Date of Report: 04/12/2023	Year/Period of Report End of: 2022/ Q4
---	---	-------------------------------	---

STATEMENT OF INCOME

Quarterly

- Report in column (c) the current year to date balance. Column (c) equals the total of adding the data in column (g) plus the data in column (k). Report in column (d) similar data for the previous year. This information is reported in the annual filing only.
- Enter in column (e) the balance for the reporting quarter and in column (f) the balance for the same three month period for the prior year.
- Report in column (g) the quarter to date amounts for electric utility function; in column (i) the quarter to date amounts for gas utility, and in c date amounts for other utility function for the current year quarter.
- Report in column (h) the quarter to date amounts for electric utility function; in column (j) the quarter to date amounts for gas utility, and in c date amounts for other utility function for the prior year quarter.
- If additional columns are needed, place them in a footnote.

Annual or Quarterly if applicable

Do not report fourth quarter data in columns (e) and (f)  
Report amounts for accounts 412 and 413, Revenues and Expenses from Utility Plant Leased to Others, in another utility column in a similar department. Spread the amount(s) over Lines 2 thru 26 as appropriate. Include these amounts in columns (c) and (d) totals.  
Report amounts in account 414, Other Utility Operating Income, in the same manner as accounts 412 and 413 above.  
Use page 122 for important notes regarding the statement of income for any account thereof.  
Give concise explanations concerning unsettled rate proceedings where a contingency exists such that refunds of a material amount may n utility's customers or which may result in material refund to the utility with respect to power or gas purchases. State for each year effected t costs to which the contingency relates and the tax effects together with an explanation of the major factors which affect the rights of the utili revenues or recover amounts paid with respect to power or gas purchases.  
Give concise explanations concerning significant amounts of any refunds made or received during the year resulting from settlement of any affecting revenues received or costs incurred for power or gas purchases, and a summary of the adjustments made to balance sheet, inconn accounts.  
If any notes appearing in the report to stockholders are applicable to the Statement of Income, such notes may be included at page 122.  
Enter on page 122 a concise explanation of only those changes in accounting methods made during the year which had an effect on net inc of allocations and apportionments from those used in the preceding year. Also, give the appropriate dollar effect of such changes.  
Explain in a footnote if the previous year's/quarter's figures are different from that reported in prior reports.  
If the columns are insufficient for reporting additional utility departments, supply the appropriate account titles report the information in a fo

<b>NOTES TO FINANCIAL STATEMENTS</b>																																			
<ol style="list-style-type: none"> <li>1. Use the space below for important notes regarding the Balance Sheet, Statement of Income for the year, Statement of Retained Earnings for the year, and Statement of Cash Flows, or any account thereof. Classify the notes according to each basic statement, providing a subheading for each statement except where a note is applicable to more than one statement.</li> <li>2. Furnish particulars (details) as to any significant contingent assets or liabilities existing at end of year, including a brief explanation of any action initiated by the Internal Revenue Service involving possible assessment of additional income taxes of material amount, or of a claim for refund of income taxes of a material amount initiated by the utility. Give also a brief explanation of any dividends in arrears on cumulative preferred stock.</li> <li>3. For Account 116, Utility Plant Adjustments, explain the origin of such amount, debits and credits during the year, and plan of disposition contemplated, giving references to Commission orders or other authorizations respecting classification of amounts as plant adjustments and requirements as to disposition thereof.</li> <li>4. Where Accounts 189, Unamortized Loss on Reacquired Debt, and 257, Unamortized Gain on Reacquired Debt, are not used, give an explanation, providing the rate treatment given these items. See General Instruction 17 of the Uniform System of Accounts.</li> <li>5. Give a concise explanation of any retained earnings restrictions and state the amount of retained earnings affected by such restrictions.</li> <li>6. If the notes to financial statements relating to the respondent company appearing in the annual report to the stockholders are applicable and furnish the data required by instructions above and on pages 114-121, such notes may be included herein.</li> <li>7. For the 3Q disclosures, respondent must provide in the notes sufficient disclosures so as to make the interim information not misleading. Disclosures which would substantially duplicate the disclosures contained in the most recent FERC Annual Report may be omitted.</li> <li>8. For the 3Q disclosures, the disclosures shall be provided where events subsequent to the end of the most recent year have occurred which have a material effect on the respondent. Respondent must include in the notes significant changes since the most recently completed year in such items as: accounting principles and practices; estimates inherent in the preparation of the financial statements; status of long-term contracts; capitalization including significant new borrowings or modifications of existing financing agreements; and changes resulting from business combinations or dispositions. However were material contingencies exist, the disclosure of such matters shall be provided even though a significant change since year end may not have occurred.</li> <li>9. Finally, if the notes to the financial statements relating to the respondent appearing in the annual report to the stockholders are applicable and furnish the data required by the above instructions, such notes may be included herein.</li> </ol>

Term	Meaning
<b>1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</b>	
AEGCo	AEP Generating Company, an AEP electric utility subsidiary.
<b>ORGANIZATION</b>	American Electric Power Company, Inc., an investor-owned electric public utility holding company which includes American Electric Power Company, Inc. (Parent) and majority-owned subsidiaries and affiliates.
AEP	American Electric Power Company, Inc. (Parent) and majority-owned subsidiaries and affiliates.
As a public utility, KPCCo engages in the generation and purchase of electric power, and the subsequent sale, transmission and distribution of that power to approximately 163,000 retail customers in its service territory in eastern Kentucky. KPCCo also sells power at wholesale to municipalities.	AEP Credit, Inc., a subsidiary of AEP which securitizes accounts receivable and accrued utility revenues for affiliated electric utility companies.
AEP Credit	AEP Credit, Inc., a subsidiary of AEP which securitizes accounts receivable and accrued utility revenues for affiliated electric utility companies.
AEP East Companies	APCo, J&M, KGPCo, KPCCo, OPCo and WPCo.
In December 2022, the UPA between AEGCo, an affiliated company, and KPCCo ended upon the termination of the Rockport Plant, Unit 2 lease. The UPA allowed KPCCo to purchase 50% of AEGCo's 50% capacity of the Rockport Plant, Unit 2, an electric generating plant located in AEP's service territory in eastern Kentucky. The UPA also provided for KPCCo to purchase capacity from Rockport Plant, Unit 2 through the 2022 Power Service Order from RPPM, an AEP affiliate subsidiary providing management and professional services to AEP and its subsidiaries.	
AEPSC	AEPSC is a nonregulated affiliate of AEP providing management and professional services to AEP and its subsidiaries.
To minimize the credit requirements and operating costs of the participating companies, AEPSC has entered into a power purchase agreement with WPM, a wholly-owned subsidiary of AEP, for the purchase of power from AEPSC to meet the credit requirements of the participating companies. AEPSC also provides insurance services to the participating companies.	
AEPSC obligations incurred by the participating companies are guaranteed by AEP. AEPSC also provides insurance services to the participating companies.	
AEPSC also provides insurance services to the participating companies.	
AOI	Accumulated Other Comprehensive Income.
<b>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</b>	
APCo	Appalachian Power Company, an AEP electric utility subsidiary.
<b>CCR</b>	Coal Combustion Residual.
<b>Rates and Service Regulation</b>	
COVID-19	Coronavirus 2019, a highly infectious respiratory disease. In March 2020, the World Health Organization declared COVID-19 a global pandemic.
KPCCo's rates are regulated by the FERC and the KY Public Service Commission. KPCCo's affiliated transactions, including AEPSC intercompany service billings which are generally at cost, under the 2005 Public Utility Cost Accounting Manual, the Federal Power Act and the Federal Energy Regulatory Commission's regulations under the Public Utility Cost Accounting Manual, the Federal Power Act and the Federal Energy Regulatory Commission's regulations under the Public Utility Cost Accounting Manual.	
Generally, at cost, under the 2005 Public Utility Cost Accounting Manual, the Federal Power Act and the Federal Energy Regulatory Commission's regulations under the Public Utility Cost Accounting Manual.	
regulations of securities of public utility subsidiaries, the acquisition or sale of certain utility assets and mergers with another electric utility or holding company. For non-power goods and services, the FERC requires a nonregulated affiliate to bill an affiliated public utility company at no more than market while a public utility must bill the higher of cost or market to a nonregulated affiliate. The KPSC also regulates certain intercompany transactions under its affiliate statutes. Both the FERC and state regulatory commissions are permitted to review and audit the relevant books and records of companies within a public utility holding company system.	
Excess ADIT	Excess accumulated deferred income taxes.
FAC	Fuel Adjustment Clause.
The FERC regulates wholesale power markets, wholesale power transactions and wholesale transmission operations and rates. KPCCo's wholesale power transactions are generally market-based. Wholesale power transactions are cost-based and regulated when KPCCo negotiates and files a cost-based contract with the FERC or the FERC determines that KPCCo has "market power" in the region where the transaction occurs. KPCCo has entered into wholesale power supply contracts with various FERC-regulated, cost-based contracts. These contracts are generally formula rate mechanisms, which are true-up to actual costs annually.	
FTP	Financial Transmission Right, a financial instrument that entitles the holder to receive compensation for certain congestion-related transmission charges that arise when the power grid is congested resulting in differences in locational prices.
The KPSC regulates all of the distribution operations and rates.	
GAAP	Generally Accepted Accounting Principles Generally Accepted in the United States of America.
In addition, the FERC regulates the SIA and the PJM Interconnection system and its electric utility subsidiaries that are parties to each agreement.	
The FERC also regulates the PCA. See Note 12 - Related Party Transactions for additional information.	
ITC	Investment Tax Credit.
<b>Basis of Accounting</b>	
KGPCo	Kingsport Power Company, an AEP electric utility subsidiary.
KPCCo's accounting is subject to the requirements of the KPSC and the FERC. The financial statements of KPCCo and its subsidiaries have been prepared in accordance with the Uniform System of Accounts prescribed by the FERC. The principal differences from GAAP include:	
KPCCo	AEP Kentucky Transmission Company, Inc., a wholly-owned AEPTCo transmission subsidiary.
Liberty	Liberty Utilities Co., a subsidiary of Algonquin Power & Utilities Corporation.
MTM	Mark-to-Market.
MW	Megawatt.
MWh	Megawatt-hour.
NO <sub>x</sub>	Nitrogen oxide.

Filed Date: 04/12/2023

OTC	The classification of deferred fuel as noncurrent assets rather than Transmission Tariff.	
OBCo	The requirement to report deferred tax assets and liabilities separately rather than as a single amount. Ohio Power Company, an AEP electric utility subsidiary.	
OPEB	Other Postretirement Benefits.	
OTC	The classification of accrued taxes as a single amount rather than as assets and liabilities. Over-the-counter.	
	The exclusion of current maturities of long-term debt from the balance sheet. American Electric Power Company, Inc., the equity owner of AEP subsidiaries within the AEP consolidation.	
PCA	The classification of accrued non-ARO asset removal costs as accumulated depreciation rather than regulatory liabilities. Power Coordination Agreement among APCo, I&M, KPCo and WPCo.	
PJM	Pennsylvania - New Jersey - Maryland regional transmission organization.	
PSCo	The classification of finance lease payments as operating activities instead of financing activities. Public Service Company of Ohio, an AEP electric utility subsidiary. <b>FERC FORM No. 1 (ED, 12-96)</b> Page 122-123	
PUCO	The classification of gains/losses from disposition of allowances as utility operating expenses rather than as operating revenues. Public Utilities Commission of Ohio.	
Risk Management Contracts	Trading and non-trading derivatives, including those derivatives designated as cash flow and fair value hedges.	
	The classification of PJM hourly activity for physical transactions as purchases and sales instead of net sales. A generation plant, jointly-owned by AEGCo and I&M, consisting of two 1,310 MW coal-fired generating units near Rockport, Indiana.	
Rockport Plant	The classification of regulatory assets and liabilities related to the accounting guidance for "Accounting for Income Taxes" as separate assets and liabilities rather than a single amount. Regional Transmission Organization, responsible for moving electricity over large interstate areas.	
RTO	The presentation of finance leased assets and their associated accumulated amortization as a single amount instead of as separate amounts. System Integration Agreement, effective June 15, 2000, as amended, provides contractual basis for coordinated planning, operation and maintenance of the power supply sources of the combined AEP.	
SIA	The classification of factored accounts receivable expense as a nonoperating expense instead of as an operating expense. operation and maintenance of the power supply sources of the combined AEP.	
SWEPco	Southwestern Electric Power Company, an AEP electric utility subsidiary.	
T	The classification of certain nonoperating revenues as noncurrent assets rather than as operating revenues. Transmission Tariff. American Electric Power Company, Inc., the equity owner of AEP subsidiaries within the AEP consolidation.	
	The classification of certain nonoperating expenses as noncurrent liabilities rather than as operating expenses. American Electric Power Company, Inc., the equity owner of AEP subsidiaries within the AEP consolidation.	
Tax	The classification of income tax expense as a nonoperating expense instead of as an operating expense. The TCJA includes significant changes to the Internal Revenue Code of 1986, including a reduction in the corporate tax rate from 35% to 21% effective January 1, 2018.	
UPA	The classification of unamortized loss on reacquired debt in deferred debits rather than in regulatory assets. Unit Power Agreement.	
Utility Money Pool	Centralized funding mechanism AEP uses to meet the short-term cash requirements of certain utility subsidiaries.	
WPCo	The classification of certain other assets and liabilities as current instead of noncurrent. Wheeling Power Company, an AEP electric utility subsidiary.	
WVPSCo	The classification of certain other assets and liabilities as noncurrent instead of current. West Virginia Public Service Commission.	

**Accounting for the Effects of Cost-Based Regulation**

As a rate-regulated electric public utility company, KPCo's financial statements reflect the actions of regulators that result in the recognition of certain revenues and expenses in different time periods than enterprises that are not rate-regulated. In accordance with accounting guidance for "Regulated Operations," KPCo records regulatory assets (deferred expenses) and regulatory liabilities (deferred revenue reductions or refunds) to reflect the economic effects of regulation in the same accounting period by matching expenses with their recovery through regulated revenues and by matching income with its passage to customers in cost-based regulated rates.

**Use of Estimates**

The preparation of these financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. These estimates include but are not limited to inventory valuation, allowance for doubtful accounts, long-lived asset impairment, unbilled electricity revenue, valuation of long-term energy contracts, the effects of regulation, long-lived asset recovery, storm costs, the effects of contingencies and certain assumptions made in accounting for pension and postretirement benefits. The estimates and assumptions used are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results could ultimately differ from those estimates.

**Cash and Cash Equivalents**

Cash and Cash Equivalents include Cash, Working Fund and Temporary Cash Investments on the balance sheets with original maturities of three months or less.

**Supplementary Information**

Report data on a year-to-date basis.</p>								
<p>KPCo joins in the filing of a consolidated federal income tax return with its affiliates in the AEP System. Historically, the allocation of the AEP System's current consolidated federal income tax to the AEP System companies allocated the benefit of current tax loss of the parent company (Parent Company Loss Benefit) to the AEP System subsidiaries through a reduction of current tax expense. In the first quarter of 2022, AEP and its affiliates changed accounting for the Parent Company Loss Benefit from a reduction of current tax expense to allocation through equity. The impact of this change was immaterial to KPCo's financial statements. The consolidated net operating losses of the AEP System is allocated to each of the consolidated group entities with the exception of the allocation of the consolidated AEP System net operating losses, the loss of the Parent Company Loss Benefit, the loss of the Parent Company Loss Benefit, the method of separate return result, for consolidated group entities.</p>

<b>Inventory</b>	Fossil fuel inventories and materials and supplies inventories are carried at average cost.							
1	Balance of Accounts Receivable at Beginning of Preceding Year			878,395			878,395	
2	Customer receivables primarily include receivables from wholesale and retail energy customers, receivables from energy contract counterparties related to risk management activities and customer receivables primarily related to other revenue generating activities.							
3	Preceding Quarter/Year to Date							
4	Revenue recognizes, as Accrued Utility Revenues on the balance sheets, an estimate of the revenues for energy delivered since the last billing.			871,447			871,447	
5	Reclassifications Allowance on Accounts Receivable							
6	Prior to the first quarter of 2022, KPCo sold, without recourse, certain of its customer accounts receivable and accrued unbilled revenue balances to AEP Credit under an affiliated receivables sales arrangement. Under the arrangement, KPCo was charged a fee for each sale based on AEP Credit's financing costs, administrative costs and uncollectible experience from previous purchases of KPCo's customer accounts receivable. As a result, no allowance for uncollectible accounts was recognized within KPCo's financial statements for customer accounts receivable sold to AEP Credit, and any bad debt stemming from these receivables would be recognized by AEP Credit. KPCo terminated selling accounts receivable to AEP Credit in the first quarter of 2022, based on the pending sale to Liberty. As a result of the termination, in the first quarter of 2022, KPCo recorded an allowance for uncollectible accounts on its balance sheet for those receivables no longer sold to AEP Credit. KPCo's bad debt reserve is calculated based on a rolling two-year average write-off in proportion to gross accounts receivable.			871,447			871,447	50,149,813
7	<b>Concentrations of Credit Risk and Significant Customers</b>							
8	KPCo had a significant customer which accounts for the following percentages of Total Revenues for the years ended December 31 and Accounts Receivable - Customers of December 31:							
9	Balance of Account 219 at End of Preceding Quarter/Year			1,749,842			1,749,842	
10	Percentage of Total Revenues				14%	12%		
11	Percentage of Accounts Receivable - Customers				14%	45%		
12	Balance of Account 219 at Beginning of Preceding Quarter/Year			1,749,842			1,749,842	
13	Management believes adequate provision for credit loss has been made in the accompanying financial statements.							
14	<b>Property, Plant and Equipment</b>							
15	Electric utility property, plant and equipment are stated at original cost. Additions, major replacements and betterments are added to the plant accounts. Under the group composite method of depreciation, continuous interim routine replacements of items such as boiler tubes, pumps, motors, etc. result in original cost retirements, less salvage, being charged to accumulated depreciation. The group composite method of depreciation assumes that on average, asset components are retired at the end of their useful lives and thus there is no gain or loss. The equipment in each primary electric plant account is identified as a separate group. The depreciation rates that are established take into account the past history of interim capital replacements and the amount of removal cost incurred and salvage received. These rates and the related lives are subject to periodic review.							
16	The costs of depreciation and overhead incurred to operate and maintain plant and equipment are included in operating expenses.							
17	Long-lived assets are required to be tested for impairment when it is determined that the carrying value of the assets may no longer be recoverable or when the assets meet the held-for-sale criteria under the accounting guidance for "Impairment or Disposal of Long-Lived Assets." When it becomes probable that an asset in-service or an asset under construction will be abandoned and regulatory cost recovery has been disallowed or probable, the cost of that asset shall be reduced to its estimated fair value, with the change charged to expense, and the asset is removed from plant-in-service or CWIP.							
18	The fair value of assets in active markets are the best evidence of fair value and are used as the basis for the measurement, if available. In the absence of quoted prices for identical assets in active markets, fair value is estimated using various internal and external valuation methods including cash flow analysis and appraisals.

**Allowance for Funds Used During Construction**

**FERC FORM No. 1 (NEW 06-02)**

AFUDC represents the estimated cost of borrowed and equity funds used (Page 122 (a)(b)) on projects that is capitalized and recovered through depreciation over the service life of regulated electric utility plant.

**Asset Retirement Obligations (ARO)**

KPCo records ARO in accordance with the accounting guidance for "Asset Retirement and Environmental Obligations" for legal obligations for asbestos removal and for the retirement of certain ash disposal facilities. AROs are computed as the present value of the estimated costs associated with the future retirement of an asset and are recorded in the period in which the liability is incurred. Estimates of the timing and amounts of future cash outlays are based on projections of when and how the assets will be decommissioned, inflation, and discount rate, which may change significantly over time. The estimated costs are capitalized as part of the related long-lived asset and depreciated over the asset's useful life. KPCo has identified, but not recognized, ARO liabilities related to electric transmission and distribution assets as a result of certain easements on property on which assets are owned. Generally, such easements are perpetual and require only the retirement and removal of assets upon the cessation of the property's use. The retirement obligation is not estimable for such easements since KPCo plans to use their facilities indefinitely. The retirement obligation would only be recognized if and when the Registrants abandon or cease the use of specific easements, which is not expected.

**Valuation of Nonderivative Financial Instruments**

The book values of Cash, Special Deposits, Notes Payable to Associated Companies and accounts receivable and accounts payable approximate fair value because of the short-term maturity of these instruments.

**Fair Value Measurements of Assets and Liabilities**

The accounting guidance for "Fair Value Measurements and Disclosures" establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Where observable inputs are available for substantially the full term of the asset or liability, the instrument is categorized in Level 2. When quoted market prices are not available, pricing may be completed using comparable securities, dealer values, operating data and general market conditions to determine fair value. Valuation models utilize various inputs such as commodity, interest rate and, to a lesser degree, volatility and credit that include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, market corroborated inputs (i.e. inputs derived principally from, or correlated to, observable market data) and other observable inputs for the asset or liability.

For commercial activities, exchange-traded derivatives, namely futures contracts, are generally fair valued based on unadjusted quoted prices in active markets and are classified as Level 1. Level 2 inputs primarily consist of OTC broker quotes in moderately active or less active markets, as well as exchange-traded derivatives where there is insufficient market liquidity to warrant inclusion in Level 1. Management verifies price curves using these broker quotes and classifies these fair values within Level 2 when substantially all of the fair value can be corroborated. Management typically obtains multiple broker quotes, which are nonbinding in nature but are based on recent trades in the marketplace. When multiple broker quotes are obtained, the quoted bid and ask prices are averaged. In certain circumstances, a broker quote may be discarded if it is a clear outlier. Management uses a historical correlation analysis between the broker quoted location and the illiquid locations. If the points are highly correlated, these locations are included within Level 2 as well. Certain OTC and bilaterally executed derivative instruments are executed in less active markets with a lower availability of pricing information. Illiquid transactions, complex structured transactions, FTRs and counterparty credit risk may require nonmarket-based inputs. Some of these inputs may be internally developed or extrapolated and utilized to estimate fair value. When such inputs have a significant impact on the measurement of fair value, the instrument is categorized as Level 3. The main driver of contracts being classified as Level 3 is the inability to substantiate energy price curves in the market. A portion of the Level 3 instruments have been economically hedged which limits potential earnings volatility.

AEP utilizes its trustee's external pricing service to estimate the fair value of the underlying investments held in the benefit plan trusts. AEP's investment managers review and validate the prices utilized by the trustee to determine fair value. AEP's management performs its own valuation testing to verify the fair values of the securities. AEP receives audit reports of the trustee's operating controls and valuation processes.

Assets in the benefits trusts are classified using the following methods. Equities are classified as Level 1 holdings if they are actively traded on exchanges. Items classified as Level 1 are investments in money market funds, fixed income and equity mutual funds and equity securities. They are valued based on observable inputs primarily unadjusted quoted prices in active markets for identical assets. Items classified as Level 2 are primarily investments in individual fixed income securities. Fixed income securities generally do not trade on exchanges and do not have an official closing price but their valuation inputs are based on observable market data. Pricing vendors calculate bond valuations using financial models and matrices. The models use observable inputs including yields on benchmark securities, quotes by securities brokers, rating agency actions, discounts or premiums on securities compared to par prices, changes in yields for U.S. Treasury securities, corporate actions by bond issuers, prepayment schedules and histories, economic events and, for certain securities, adjustments to yields to reflect changes in the rate of inflation. Other securities with model-derived valuation inputs that are observable are also classified as Level 2 investments. Investments with unobservable valuation inputs are classified as Level 3 investments. Investments classified as Other are valued using Net Asset Value as a practical expedient. Items classified as Other are primarily cash equivalent funds, common collective trusts, commingled funds, structured products, private equity, real estate, infrastructure and alternative credit investments. These investments do not have a readily determinable fair value or they contain redemption restrictions which may include the right to suspend redemptions under certain circumstances. Redemption restrictions may also prevent certain investments from being redeemed at the reporting date for the underlying value.

**Deferred Fuel Costs**

The cost of fuel and related emission allowances and emission control chemicals/consumables is charged to Operation Expenses when the fuel is burned or the allowance or consumable is utilized. Fuel cost over-recoveries (the excess of fuel-related revenues over applicable fuel costs incurred) are generally deferred as regulatory liabilities and under-recoveries (the excess of applicable fuel costs incurred over fuel-related revenues) are generally deferred as regulatory assets. These deferrals are amortized when refunded or when billed to customers

in later months with the KPSC's review and approval. The amount of an over-recovery or under-recovery can also be affected by actions of the KPSC. On a routine basis, the KPSC reviews and/or audits KPCo's fuel procurement policies and practices, the fuel cost calculations and FAC deferrals. FAC deferrals are adjusted when costs are no longer probable of recovery or when refunds of fuel reserves are probable. Changes in fuel costs, including purchased power, are reflected in rates in a timely manner through the FAC. A portion of margins from off-system sales are given to customers through the FAC.

**Revenue Recognition**

FERC Form

Regulator Accounting Name of Respondent: <b>Kentucky Power Company</b> KPCo's financial statements reflect the actions of regulators that can result in the recognition of revenues and expenses in different time periods than enterprises that are not rate-regulated. Regulatory assets (deferred expenses or alternative revenues recognized in accordance with the guidance for "Regulated Operations") and regulatory liabilities (deferred revenue production credits) are recorded to reflect the economic effects of regulatory actions that cause companies to recognize revenues with their recovery through regulated revenues and by matching revenue with its passage to customers in cost-based regulated rates.		This report is: (1) <input checked="" type="checkbox"/> An Original (2) <input type="checkbox"/> A Resubmission		Date of Report: 04/12/2023		Year/Period of Report End of: 2022/Q4	
<b>SUMMARY OF UTILITY PLANT AND ACCUMULATED PROVISIONS FOR DEPRECIATION, AMORTIZATION AND DEPLETION</b>							
Report in Column (c) the amount for electric function, in column (d) the amount for gas function, in column (e), (f), and (g) report other electric and gas function, in column (h) common function whenever new events occur. Examples of new events include the issuance of a regulatory commission order or passage of new legislation. If it is determined that recovery of a regulatory asset is no longer probable, KPCo derecognizes that regulatory asset as a charge against income.							
Electricity Supply and Delivery Activities Line 1 KPCo recognizes revenues from customers on the statements of income as billed amounts. Wholesale transmission revenue is based on a FERC-approved formula rate filing made for each calendar year using estimated costs. Revenues initially recognized per the annual rate filing are compared to actual costs, resulting in a future year's rates. The annual true-up meets the definition of "Regulated Operations". An estimated annual true-up is recorded by KPCo in the fourth quarter of each calendar year following the filing of the annual FERC report. Any portion of the true-up applicable to an affiliated company is recorded as Accounts Receivable from Associated Companies or Accounts Payable to Associated Companies on the balance sheets. Any portion of the true-ups applicable to third parties is recorded as additional revenue on the balance sheets. See Note 15 - Revenue from Contracts with Customers for additional information.	Total Company For the Current Year/Quarter Ended 903,614	Electric (c) 903,614	Gas (d) 903,614	Other (Specify) (e) 0	Other (Specify) (f) 0	Other (Specify) (g) 0	Common (h) 0
Gross versus Net Presentation of Certain Property Under Capital Line 4 The power generated at KPCo's generation plants is sold to PJM. KPCo also purchases power from PJM to supply power to its customers. Generally, these power sales and purchases are reported on a net basis in revenues on the statements of income.	Electricity Supply and Delivery Activities 903,614	903,614	903,614	0	0	0	0
Physical energy purchases arising from non-derivative contracts are accounted for on a gross basis in Operation Expenses on the statements of income. Energy purchases arising from trading derivatives used to serve accrual-based customers are recorded in Operation Expenses on the statements of income. All other non-trading derivative purchases are recorded net in revenues.	Completed Construction 143,839,349.00	143,839,349.00	143,839,349.00	0	0	0	0
In general, MTM accounting for marketing and risk management transactions that are not derivatives is recorded in Operating Expenses on the statements of income. KPCo defers the unrealized MTM amounts as regulatory assets (for losses) and regulatory liabilities (for gains).	Experimental Plant Unclassified 3,267,052.681	3,267,052.681	3,267,052.681	0	0	0	0
KPCo enters into energy marketing and risk management transactions that are not derivatives as the performance obligation of delivering the commodity is satisfied. Expenses from marketing and risk management transactions that are not derivatives are also recognized upon delivery of the commodity.	Energy Marketing and Risk Management Acquired 3,267,052.681	3,267,052.681	3,267,052.681	0	0	0	0
KPCo enters into energy marketing and risk management transactions that are not derivatives as the performance obligation of delivering the commodity is satisfied. Expenses from marketing and risk management transactions that are not derivatives are also recognized upon delivery of the commodity.	Leased to Others 801,671	801,671	801,671	0	0	0	0
Held for Future Use 801,671	801,671	801,671	801,671	0	0	0	0
Construction Work in Progress 138,936,649	138,936,649	138,936,649	138,936,649	0	0	0	0
Acquisition Adjustments KPCo uses MTM accounting for marketing and risk management transactions that are not derivatives unless the derivative is designated in a qualifying cash flow hedge relationship to the normal purchase normal sale election. Unrealized MTM gains and losses are included on KPCo's balance sheets as Derivative Instrument Assets and Liabilities, as appropriate, and on KPCo's statements of income in Operating Revenues. Realized gains and losses on marketing and risk management transactions are included in revenues or expenses based on the transaction's facts and circumstances. However, in regulated jurisdictions subject to cost-based rate regulation, realized gains and losses are deferred as regulatory assets (for losses) and regulatory liabilities (for gains).	Total Utility Plant (Other) 3,406,791,001	3,406,791,001	3,406,791,001	0	0	0	0
Accumulated Provisions for Depreciation, Amortization, and Depletion 1,230,384,120	1,230,384,120	1,230,384,120	1,230,384,120	0	0	0	0
Net Utility Plant (Less Maintenance) 2,176,406,881	2,176,406,881	2,176,406,881	2,176,406,881	0	0	0	0
Maintenance 1,230,384,120	1,230,384,120	1,230,384,120	1,230,384,120	0	0	0	0

KPCo's tax position is uncertain.	<b>Amortization and Depletion of Producing Natural Gas Land and Excise Taxes</b>	in accordance with the accounting guidance for "Income Taxes." KPCo classifies interest expense or income related to expense or income as appropriate and classifies penalties on the statements of income.			
As an agent for the state or local governments, KPCo collects from customers certain excise taxes levied by those state or local governments on customers. KPCo's not revenue or expense.	<b>Amortization of Underground Storage Land and Land Rights</b>				
<b>Debt</b> 21 Gains and losses in accordance with their rate-making treatment are amortized over the term of the debt.	<b>Amortization of Other Utility Plant</b>	29,134,092	29,134,092		regulated electric utility plants are deferred and amortized over the remaining term of the reacquired debt. If the reacquired debt is refinanced, the reacquisition costs are generally deferred and amortized over the term of the related debt.
22	<b>Leased Liabilities</b>	1,230,384,120	1,230,384,120		Debt discount or premium and debt issuance expenses are deferred and amortized generally utilizing the straight-line method over the term of the related debt. The straight-line method approximates the effective interest method and is consistent with the treatment in rates for regulated operations.
23	<b>Depreciation</b>				
25 26	<b>Amortization of Pension Plans</b>				KPCo sponsors qualified pension plan and two unfunded non-qualified pension plans. Substantially all of KPCo's employees are covered by the qualified pension plans. KPCo also participates in OPEB plans sponsored by AEP to provide health and life insurance benefits for retired employees. KPCo accounts for its participation in OPEB pension and OPEB plans using multiple-employer accounting. See Note 7 - Benefit Plans for additional information including significant accounting policies associated with the plans.
27	<b>Investment</b>				
28 29 30	<b>Depreciation of Investments</b>				AEP has investments intended to provide for future payments of pension and OPEB benefits. All of the trust funds' investments are diversified and managed in compliance with all laws and regulations. The investment strategy for the trust funds is to use a diversified portfolio of investments to achieve long-term return while managing the investment risk of the assets relative to the associated liabilities. To minimize investment risk, the trust funds are broadly diversified among classes of assets, investment strategies and investment managers. Management regularly reviews the actual asset allocation and periodically rebalances the investments to maintain target exposures and to hedge assets and liabilities. The investments are reported at fair value under the "Fair Value Measurements and Disclosures" accounting guidance.
31	<b>Benefit</b>				
32	<b>Amortization of Plant Acquisition Adjustment</b>				All benefit plans are managed in accordance with each plan's investment policy. The investment policy outlines the investment objectives, strategies and target asset allocation.
33	<b>Total Assets</b>	1,230,384,120	1,230,384,120		The investment policy for AEP's benefit plans support the allocation of assets to minimize risks and optimize net returns. Strategies used include: <ul style="list-style-type: none"> <li>• Diversifying assets to help control volatility of returns at acceptable levels.</li> <li>• Managing fees, transaction costs and tax liabilities to maximize investment earnings.</li> <li>• Using active management of investments where appropriate risk/return opportunities exist.</li> <li>• Keeping portfolio structure style-neutral to limit volatility compared to applicable benchmarks.</li> <li>• Using alternative asset classes such as real estate and private equity to maximize return and provide additional portfolio diversification.</li> </ul> The objective of the investment policy for the pension fund is to maintain the funded status of the plan while providing for growth in the plan assets to offset the growth in the plan liabilities. The current target asset allocations are as follows:

<p>For fixed income investments, each investment manager's portfolio is compared to investment grade, diversified long and intermediate benchmark indices.</p> <p>Name of Respondent:  <b>Kentucky Power Company</b>                  A portion of the pension assets is invested in real estate funds to provide diversification, add return and hedge against inflation. Real estate properties are illiquid, difficult to value and not actively traded. The pension plan uses external real estate investment managers to invest in commingled funds that hold real estate properties. To mitigate investment risk in the real estate portfolio, commingled real estate funds are used to ensure that holdings are diversified by region, property type and risk classification. Real estate holdings include core, value-added and opportunistic classifications.</p>	<p>This report is:                  (1) <input checked="" type="checkbox"/> An Original                  (2) <input type="checkbox"/> A Resubmission</p>	<p>Date of Report:                  04/12/2023</p>	<p>Year/Period of Report                  End of: 2022/ Q4</p>
<p><b>NUCLEAR FUEL MATERIALS (Account 120.1 through 120.6 and 157)</b></p>			
<p>A portion of the costs incurred for nuclear fuel materials in process of fabrication, on hand, in reactor, and in cooling towers owned by the time horizon of the investment performance. Private equity is classified as an alternative investment because it is illiquid, difficult to value and not actively traded. The period of the nuclear fuel stock is obtained under leasing arrangements, attached is a table showing the amount of nuclear fuel leased, the quantity used and quantity on hand, and the costs incurred under such leasing arrangements. expertise. The holdings are currently comprised of venture capital, buyout and hybrid debt and equity investments.</p>			
<p>AEP participates in a securities lending program with BNY Mellon to provide incremental income on idle assets and to provide administrative expenses. AEP lends securities to borrowers approved by BNY Mellon. Changes during the year are shown in the table below.</p> <p>Line No. 1                  Description of item                  (a)                  No. of securities loaned as of December 31, 2022 and 2021.</p>	<p>Balance Beginning of Year (b)                  Changes during year Additions (c)                  Reductions (d)                  Balance End of Year (e)</p>	<p>Changes during Year (e)</p>	<p>Other changes during year (e)                  Balance End of Year (e)                  December 31, 2022 and 2021.</p>
<p>Trust owned life insurance (TOLI) underwritten by The Prudential Insurance Company is held in the OPEB plan trusts. The strategy for holding life insurance contracts in the taxable Employees' Beneficiary Association trust is to minimize taxes paid on the asset growth in the trust. Earnings on plan assets are tax-deferred within the TOLI contract and can be tax-free if held until claims are paid. Life insurance proceeds remain in the trust and are used to fund future retiree medical benefit liabilities. With consideration to other investments held in the trust, the cash value of the TOLI contracts is invested in two diversified funds. A portion is invested in a commingled fund with underlying investments in stocks that are actively traded on major international equity exchanges. The other portion of the TOLI cash value is invested in a commingled fixed income fund with underlying investments in government bonds, corporate bonds and asset-backed securities.</p>			
<p>Cash and cash equivalents are held in each trust to provide liquidity and meet short-term cash needs. Cash equivalent funds are used to provide diversification and preserve underlying holdings in the cash funds are investment grade money market instruments including commercial paper, certificates of deposit, treasury bills and other types of investment grade short-term debt securities. The cash funds are valued each business day and provide daily liquidity.</p> <p>5                  Comprehensive Income (Loss) Details in footnote)</p>			
<p>Comprehensive income (loss) is defined as the change in equity (net assets) of a business enterprise during a period from transactions and other events and circumstances from non-owner sources. Total comprehensive income (loss) has two components: net income (loss) and other comprehensive income (loss).</p>			
<p>7                  Dispositions of Assets and KTCs</p> <p>8                  In October 2021, AEP entered into a Stock Purchase Agreement (SPA) to sell KPCC and KTC to Liberty Utilities Co., a subsidiary of Algonquin Power &amp; Utilities Corp. (Liberty), for approximately a \$2.85 billion enterprise value. In May 2022, the KPSC approved the transfer of KPCC to Liberty subject to certain conditions contingent upon receipt of the sale. AEP has received clearance under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (HSR) and the Committee on Foreign Investment in the United States during 2022.</p> <p>9                  In January 2023, AEP and Liberty filed a joint application seeking HSR clearance in February 2023. The sale is also contingent upon FERC approval under Section 203 of the Federal Power Act. The parties to the SPA have certain termination rights if the closing of the sale does not occur by April 26, 2023.</p>			
<p>12                  Nuclear Fuel Under Capital Leases (120.6)</p>			
<p>13                  (Less) Accum Prov for Amortization of Nuclear Fuel Assets (120.1)(b)</p> <p>14                  TOTAL Nuclear Fuel Stock (Total from 120.1 through 120.6)</p>			
<p>15                  Estimated Net Salvage Value of Nuclear Materials in Line 9</p> <p>16                  Estimated Net Salvage Value of Nuclear Materials in Line 13</p> <p>17                  Estimated Net Salvage Value of Nuclear Materials in Chemical Processing</p>

20	Plutonium						
21		KPCo and WPCo each own a 50% undivided interest in the 1,560 MW coal-fired Mitchell Plant. As of December 31, 2022 and 2021, the net book value of KPCo's share of the Mitchell Plant, including CWIP and inventory, was \$577 million and \$586 million, respectively. The SPA includes a condition precedent to closing of the issuance of regulatory orders approving new Mitchell Plant agreements.					
22		The KPSC and WVPSC issued orders proposing materially different modifications to the Mitchell Plant agreements filed by AEP such that the new agreements could not be executed. On July 20, 2022, KPSC and WVPSC issued orders, in July 2022, KPSC and WPCo confirmed with the KPSC and WVPSC, respectively, that they will continue operating for sale (ending 9/30/24 and 2/28/25), utilizing the Mitchell Agreement Operating Committee's authority under that agreement to issue appropriate resolutions so the parties can operate in accordance with each state commission's directives related to CCR and ELG investment. In September 2022, pursuant to resolutions under FERC Form No. 1 (FD-209), WPCo replaced KPCo as the Operator of Mitchell Plant.					

Page 202-203

Summary

Management believes it is probable that FERC authorization under Section 203 of the Federal Power Act will be received and closing will occur after receipt of the order with Liberty acquiring the assets and assuming the liabilities of KPCo and KTCO, excluding pension and other post-retirement benefit plan assets and liabilities. AEP expects to provide customary transition services to Liberty for a period of time after closing of the transaction.

In June 2022, KPCo entered into agreements to purchase assets under lease, terminating remaining lease obligations prior to the original maturity date. As a result of the early terminations, current obligations under operating and finance leases of \$1.9 million and \$583 thousand, respectively, and noncurrent obligations under operating and finance leases of \$7.2 million and \$1.4 million, respectively, were relieved from KPCo's balance sheet in the second quarter of 2022.

Subsequent Events

Management has evaluated the impact of events occurring after December 31, 2022 through February 23, 2023, the date that KPCo's 2022 Annual Report was available to be issued, and has updated such evaluation for disclosure purposes through April 12, 2023. These financial statements include all necessary adjustments and disclosures resulting from these evaluations.

2. NEW ACCOUNTING STANDARDS

During the FASB's standard-setting process and upon issuance of final standards, management reviews the new accounting literature to determine its relevance, if any, to KPCo's business. There are no new standards expected to have a material impact on KPCo's financial statements.

3. COMPREHENSIVE INCOME

Presentation of Comprehensive Income

The following tables provide the components of changes in AOCI and details of reclassifications from AOCI for the years ended December 31, 2022 and 2021. The amortization of pension and OPEB AOCI components are included in the computation of net periodic pension and OPEB costs. See Note 7 - Benefit Plans for additional details.

38	(341) Structures and Improvements	ation for the years ended December 31, 2022 and 2021, respectively. The remaining balance of Excess ADIT that is Not Subject to Rate Normalization is to be refunded over 6 years.					
<b>6. COMMITMENTS, GUARANTEES AND CONTINGENCIES</b>							
39	(342) Fuel Holders, Products, and Accessories	legal actions arising in its ordinary course of business. In addition, KPSCo's business activities are subject to extensive governmental regulation related to public health and the environment. The ultimate outcome of such pending or potential litigation against KPSCo cannot be predicted. Management					
40	(343) Prime Movers	When management determines that it is both probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. When management determines that it is not probable, but rather reasonably possible that a liability has been incurred at the date of the financial statements, management discloses such contingencies and the possible loss or range of loss if such estimate can be made. Any estimated range is based on currently available information and involves elements of judgment and significant uncertainties. Any estimated range of possible loss may not represent the maximum potential loss because circumstances change over time and actual results may vary significantly from estimates.					
41	(344) Generators	discloses such contingencies and the possible loss or range of loss if such estimate can be made. Any estimated range is based on currently available information and involves elements of judgment and significant uncertainties. Any estimated range of possible loss may not represent the maximum potential loss because circumstances change over time and actual results may vary significantly from estimates.					
42	(345) Accessory Electric Equipment	discloses such contingencies and the possible loss or range of loss if such estimate can be made. Any estimated range is based on currently available information and involves elements of judgment and significant uncertainties. Any estimated range of possible loss may not represent the maximum potential loss because circumstances change over time and actual results may vary significantly from estimates.					
43	(346) Misc Power Plant Equipment	management does not anticipate that the liabilities, if any, arising from such proceedings would have a material effect on the financial statements.					
<b>COMMITMENTS</b>							
44	(347) Asset Retirement Costs for Other Production	support its business. KPSCo purchases fuel, energy and capacity contracts as part of its normal course of business. Certain contracts contain penalty provisions for early termination.					
44.1	(348) Energy Storage Equipment Production	In accordance with the accounting guidance for "Commitments", the following table summarizes KPSCo's actual contractual commitments as of December 31, 2022:					
45	TOTAL Other Prod. Plant (Enter Total of lines 44)		Less Than 1 Year	2-3 Years	4-5 Years	After 5 Years	Total
	Fuel Purchase Contracts (a)		\$ 5,003	\$ 12,002	\$ 11,985	\$ 20,474	\$ 50,454
	Energy at Other Prod. Plant (Enter Total of lines 46, 47, and 48)	1,230,387,724	—	1,577	—	—	1,577
46	Total	1,230,387,724	\$ 10,049,386	\$ 4,428,322	\$ 11,985	\$ 20,474	\$ 1,236,008,567
(a)	Represents contractual commitments to purchase coal, natural gas and other consumables as fuel for electric generation along with related transportation of the fuel.

63	(363) Energy Storage Equipment	compliance as a defense, but imposes strict liability on parties who fall within its broad statutory categories. Liability has been resolved for a number of sites.					
64	(364) Poles, Towers and Fixtures	for each site separately, but several general statements can be made about potential future liability. Allegations that materials were deposited at a site can be small and often non-hazardous. Although Superfund liability has been interpreted by the courts as joint and several, typically many parties are named for each site.	264,443,940	22,225,811	2,166,659		284,503,092
65	(365) Overhead Conductors and Devices	parties are financially sound enterprises. As of December 31, 2022, management's estimates do not anticipate material clean-up costs for the identified site.	300,863,515	11,040,426	2,063,298		309,840,643
66	(366) Underground Conduit	Challenging the Formula of American Electric Power System Retirement Plan to Cash Balance Formula	8,473,222	1,518,878	9,071		9,683,026
67	(367) Underground Conductors and Devices	An Electric Power System Retirement Plan (the Plan) filed a class action complaint in December 2021 in the U.S. District Court for the Southern District of New York (SDNY) against KPSC and the Plan. When the Plan's benefit formula was changed in the year 2000, AEP provided a special provision for employees hired before January 1, 2001, allowing them to continue benefit accruals under the then benefit formula for a full 10 years alongside of the new cash balance benefit formula.	12,380,723	410,893	37,853		12,753,583
68	(368) Line Transformers	Employees who were hired on or after January 1, 2001 accrued benefits only under the new cash balance benefit formula.	151,393,145	8,298,545	2,080,275		167,611,415
69	(369) Service Equipment	plaintiffs assert a number of claims on behalf of themselves and the purported class, including that: (a) the Plan violates the requirements of the Employee Retirement Income Security Act (ERISA) intended to preclude back-loading the accrual of benefits to the end of a participant's career, (b) the Plan violates the age discrimination prohibitions of ERISA and the Age Discrimination in Employment Act and (c) AEP failed to provide required notice regarding the changes to the Plan. Among other relief, the Complaint seeks reformation of the Plan to provide additional benefits and the recovery of plan benefits for former employees under such reformed plan. The plaintiffs previously had submitted claims for additional plan benefits to AEP, which were denied. On February 15, 2022, AEPSC and the Plan filed a motion to dismiss the complaint without prejudice. The plaintiffs motion for leave to file an amended complaint, which the Court denied on December 1, 2022. The plaintiffs did not file an appeal by the deadline of January 3, 2023.	70,671,893	3,552,202	476,972		73,747,623
70	(370) Meters	prohibitions of ERISA and the Age Discrimination in Employment Act and (c) AEP failed to provide required notice regarding the changes to the Plan. Among other relief, the Complaint seeks reformation of the Plan to provide additional benefits and the recovery of plan benefits for former employees under such reformed plan. The plaintiffs previously had submitted claims for additional plan benefits to AEP, which were denied. On February 15, 2022, AEPSC and the Plan filed a motion to dismiss the complaint without prejudice. The plaintiffs motion for leave to file an amended complaint, which the Court denied on December 1, 2022. The plaintiffs did not file an appeal by the deadline of January 3, 2023.	25,354,737	425,509	389,556		25,990,690
71	(371) Installations of Customer Premises	plaintiffs previously had submitted claims for additional plan benefits to AEP, which were denied. On February 15, 2022, AEPSC and the Plan filed a motion to dismiss the complaint without prejudice. The plaintiffs motion for leave to file an amended complaint, which the Court denied on December 1, 2022. The plaintiffs did not file an appeal by the deadline of January 3, 2023.	19,362,843	1,809,672	2,098,467		19,771,643
72	7. BENEFIT PLANS (372) Leased Property on Customer Premises	For a discussion of investment strategy, investment limitations, target asset allocations and the classification of investments within the fair value hierarchy, see "Fair Value Measurements of Assets and Liabilities" and "Investments Held in Trust for Future Liabilities" sections of Note 1.					
73	(373) Street Lighting and Signal Systems	KPCo participates in an AEP sponsored qualified pension plan and two unfunded non-qualified pension plans. Substantially all of KPCo's employees are covered by the qualified plan or both the qualified and non-qualified pension plans. KPCo also participates in OPEB plans sponsored by AEP to provide health and life insurance benefits for its employees.	4,673,548	406,817	136,728		4,943,637
74	(374) Asset Retirement Costs for Distribution Plant	KPCo recognizes its funded status associated with defined benefit pension and OPEB plans on its balance sheets. Disclosures about the plans are required by the "Component Retirement Benefits" accounting guidance. KPCo recognizes an asset for a plan's overfunded status or a liability for a plan's underfunded status and changes in the funded status of the plan that arise during the year that are not recognized as a component of net periodic benefit cost. KPCo records a regulatory asset instead of other comprehensive income for qualifying benefit costs of regulated operations that for rate-making purposes are deferred for future recovery. The cumulative funded status adjustment is equal to the remaining unrecognized deferrals for unamortized actuarial losses or transition obligations, such that remaining deferred costs result in an AOCI equity reduction or regulatory asset and deferred gains result in a regulatory liability.					
75	TOTAL Distribution Plant	Component Retirement Benefits	1,616,850,323	54,976,028	11,027,077		1,660,799,274
76	REGIONAL TRANSMISSION AND MARKET OPERATION PLANT	Actuarial Assumptions for Benefit Obligations

11	<b>Determination of Pension Expense</b>						
12	The determination of pension expense or income is based on a market-related valuation of assets which reduces year-to-year volatility. This market-related valuation recognizes investment gains or losses over a five-year period from the year in which they occur. Investment gains or losses for this purpose are the difference between the expected return calculated using the market-related value of assets and the actual return.						
13	<b>Pension and OPEB Assets</b>						
14	The fair value tables within Pension and OPEB Assets present the classification of assets for AEP within the fair value hierarchy. All Level 1, 2, 3 and Other amounts can be allocated to KPSCo using the percentages below:

**American Electric Power System Retirement Savings Plan**

KPCo participates in an AEP sponsored defined contribution retirement savings plan, the American Electric Power System Retirement Savings Plan, for substantially all employees. This qualified plan offers participants an opportunity to contribute a portion of their pay, includes features under Section 401(k) of the Internal Revenue Code and provides for matching contributions. The matching contributions to the plan are 100% of the first 1% of eligible employee contributions and 70% of the next 5% of contributions. The cost for matching contributions totaled \$2.0 million in 2022 and \$2.3 million in 2021.

**8. DERIVATIVES AND HEDGING**

**OBJECTIVES FOR UTILIZATION OF DERIVATIVE INSTRUMENTS**

AEPS is agent for and transacts on behalf of KPCo.

KPCo is exposed to certain market risks as a major power producer and participant in the electricity, natural gas, coal and emission allowance markets. These risks include commodity price risk, interest rate risk and credit risk. These risks represent the risk of loss that may impact KPCo due to changes in the underlying market prices or rates. Management utilizes derivative instruments to manage these risks.

**STRATEGIES FOR UTILIZATION OF DERIVATIVE INSTRUMENTS TO ACHIEVE OBJECTIVES**

**Risk Management Strategies**

The strategy surrounding the use of derivative instruments primarily focuses on managing risk exposures, future cash flows and creating value utilizing both economic and formal hedging strategies. The risk management strategies also include the use of derivative instruments for trading purposes which focus on seizing market opportunities to create value driven by expected changes in the market prices of the commodities. To accomplish these objectives, KPCo primarily employs risk management contracts including physical and financial forward purchase-and-sale contracts and, to a lesser extent, OTC swaps and options. Not all risk management contracts meet the definition of a derivative under the accounting guidance for "Derivatives and Hedging." Derivative risk management contracts elected normal under the normal purchases and normal sales scope exception are not subject to the requirements of this accounting guidance.

KPCo utilizes power, capacity, coal, natural gas, interest rate and, to a lesser extent, heating oil, gasoline and other commodity contracts to manage the risk associated with the energy business. KPCo utilizes interest rate derivative contracts in order to manage the interest rate exposure associated with its commodity portfolio. For disclosure purposes, such risks are grouped as "Commodity," as these risks are related to energy risk management activities. KPCo may also utilize derivative contracts to manage interest rate risk associated with debt financing. For disclosure purposes, these risks are grouped as "Interest Rate." The amount of risk taken is determined by the Commercial Operations and Finance groups in accordance with the established risk management policies as approved by the Finance Committee of the Board of Directors.

The following table represents the gross notional volume of KPCo's outstanding derivative contracts:

Primary Risk Exposure	December 31,		Unit of Measure
	2022	2021	
(in thousands)			
Commodity:			
Power	3,450	6,927	MWhs
Heating Oil and Gasoline	—	305	Gallons

Cash Flow Hedging Strategies		This report is:		Date of Report:	Year/Period of Report:
Name of Respondent: Kentucky Power Company		<input checked="" type="checkbox"/> An Original <input type="checkbox"/> A Resubmission		04/12/2023	End of: 2022/04
KPCo utilizes cash flow hedges on certain derivative contracts (purchase and sale of power/energy commodity) in order to manage its variable price risk related to forecasted purchases and sales. Management monitors potential impacts of commodity price changes and, where appropriate, enters into derivative transactions to protect profit margins for a portion of future electricity sales and purchases. KPCo does not hedge all commodity price risk.					
<b>CONSTRUCTION WORK IN PROGRESS - - ELECTRIC (Account 107)</b>					
KPCo may utilize a variety of interest rate derivative transactions in order to manage interest rate risk exposure. KPCo may also utilize interest rate derivative contracts to manage interest rate exposure related to future borrowings of fixed-rate debt. KPCo does not hedge all interest rate exposure.					
1. Report below descriptions and balances at end of year of projects in process of construction (107). 2. Show items relating to "Research, Development, and Demonstration" projects first under a certain Research, Development, and Demonstration (see Account 107 of the Uniform System of Accounts). 3. Minor projects (5% of the Balance End of the Year for Account 107 or \$1,000,000, whichever is less) may be grouped.					
The accounting guidance for "Derivatives and Hedging" requires recognition of all qualifying derivative instruments as either assets or liabilities on the balance sheets at fair value. The fair values of derivative instruments accounted for using MTM accounting or hedge accounting are based on exchange prices and broker quotes. If a quoted market price is not available, the estimate of fair value is based on the best information available including market prices of similar instruments, broker quotes, or other market data. If based on existing market and broker quotes and assumptions, in order to determine the relevant fair values of the derivative (Account 107) to applies valuation adjustments for discounting, liquidity and credit quality.

1	Ashtand Lynchburg MW Upgrade	to perform on the contract or fail to pay amounts due. Liquidity risk represents the risk that imperfections in the market will cause the price to vary from estimated fair value based upon prevailing market supply and demand conditions. Since energy markets are imperfect and volatile, there are inherent risks associated with underlying assumptions in models used to fair value risk management contracts. Unforeseen events may cause reasonable prices to differ from actual price curves throughout a contract's term and at the time a contract settles. Consequently, there could be significant adverse or favorable effects on future market prices are not consistent with management's estimates of current market consensus for forward prices in the current period. This is particularly true for longer term contracts. Cash flows may vary based on market conditions, margin requirements and the timing of settlement of risk management contracts.		4,007,380

<b>Fair Value Measurements of Long-term Debt</b> Name of Respondent: Kentucky Power Company The fair values of Long-term Debt are based on quoted market prices, without credit enhancements, for the same or similar issues and the current interest rates offered for instruments with similar maturities classified as Level 2 measurement inputs. These instruments are not marked-to-market. The estimates presented are not necessarily indicative of the amounts that could be realized in a liquidation period.		This report is: (1) <input checked="" type="checkbox"/> An Original (2) <input type="checkbox"/> A Resubmission		Date of Report: 04/12/2023		Year/Period of Report End of: 2022/ Q4	
<b>ACCUMULATED PROVISION FOR DEPRECIATION OF ELECTRIC UTILITY PLANT (Account 108)</b>							
The book values and fair values of KPSC's Long-term Debt are summarized in the following table: 1. Explain in a footnote any important adjustments during year. 2. Explain in a footnote any difference between the amount for book cost of plant retired, and that reported for electric plant in service, page 204, column (d), excluding retirements of non-depreciable property. 3. The provisions of Account 108 in the Uniform System of Accounts require that retirements of depreciable plant be recorded when such plant is removed from service. If the respondent has a significant amount of plant retired at year end which has not been recorded and/or classified to the various reserve functional classifications, make preliminary closing entries to retroactively functionalize the book cost of the plant retired. In addition, include all costs included in retirement work in progress at year end in the appropriate functional classifications. 4. Show separately interest credits under a sinking fund or similar method of depreciation accounting. For a discussion of fair value accounting and the classification of assets and liabilities within the fair value hierarchy, see the "Fair Value Measurements of Assets and Liabilities" section of Note 1.							
<b>Section A. Balances and Changes During Year</b>							
The following tables set forth, (a) level within the fair value hierarchy of KPSC's financial assets and liabilities that were accounted for at fair value on a recurring basis. As required by the accounting guidance for "Fair Value Measurements and Disclosures," financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Management's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. There have not been any significant changes in management's valuation techniques.							
1	Balance Beginning of Year	1,134,142,286	1,134,142,286

Section B. Balances at End of Year According to Functional Classification				Net Risk Management		
Year Ended December 31, 2021				Assets (Liabilities)		
20	Steam Production	586,303,746	586,303,746	(in thousands)		
	Balance as of December 31, 2020			\$		3,025
21	Realized Nuclear Production Net Income (or Changes in Net Assets) (a) (b)	289,038,749				1,858
	Settlements					(4,950)
22	Transfers out of Level 1					8
	Changes in Fair Value Allocated to Regulated Jurisdictions (d)					5,930
	Balance as of December 31, 2021			\$		5,871
24	Included in revenues on KPCo's statements of income.					
(b)	Represents the change in fair value between the beginning of the reporting period and the settlement of the risk management commodity contract.					
25	Transfers are recognized based on their value at the beginning of the period that the transfer occurred.	266,086,765				
(d)	Relates to the net gains (losses) of those contracts that are not reflected on KPCo's statements of income. These changes in fair value are recorded as regulatory liabilities for net gains and as regulatory assets for net losses.					
26	Distribution	324,534,110	324,534,110			
	The following tables quantify the significant unobservable inputs used in developing the fair value of Level 3 positions as of December 31, 2022 and 2021:					
27	Regional Transmission and Market Operation	Significant Unobservable Inputs December 31, 2022				
28	General	Fair Value	Valuation	Significant Unobservable Input (a)	Input/Range	
		24,325,407	24,325,407		Low	High
					Weighted Average (b)	
29	TOTAL (Enter Total of lines 20 thru 28)	Technique	Input (a)	Low	High	Average (b)
FTRs	\$ 8,607	\$ 144	Discounted Cash Flow	Forward Market Price	\$ (3.10)	\$ 18.79
						\$ 2.48

FERC FORM No. 1 (REV. 12-05)

Significant Unobservable Inputs  
December 31, 2021

	Fair Value		Valuation Technique	Significant Unobservable Input (a)	Input/Range		
	Assets	Liabilities			Low	High	Weighted Average (b)
	(in thousands)						
Energy Contracts	\$ —	\$ 51	Discounted Cash Flow	Forward Market Price	\$ 32.20	\$ 56.54	\$ 44.77
FTRs	6,439	517	Discounted Cash Flow	Forward Market Price	(1.44)	22.19	1.74
<b>Total</b>	<b>\$ 6,439</b>	<b>\$ 568</b>					

(a) Represents market prices in dollars per MWh.

(b) The weighted-average is the product of the forward market price of the underlying commodity and volume weighted by term.

The following table provides the measurement uncertainty of fair value measurements to increases (decreases) in significant unobservable inputs related to Energy Contracts and FTRs as of December 31, 2022 and 2021:

Uncertainty of Fair Value Measurements

Significant Unobservable Input	Position	Change in Input	Impact on Fair Value Measurement
Forward Market Price	Buy	Increase (Decrease)	Higher (Lower)
Forward Market Price	Sell	Increase (Decrease)	Lower (Higher)

10. INCOME TAXES

Income Tax Benefit

The details of KPCo's Income Tax Benefit are as follows:

	Years Ended December 31,	
	2022	2021
	(in thousands)	
Charged (Credited) to Operating Expenses, Net:		
Current	\$ 2,349	\$ (1,302)
Deferred	(31,371)	(23,931)
<b>Total</b>	<b>(29,022)</b>	<b>(25,233)</b>
Charged (Credited) to Non-Operating Income, Net:		
Current	(1,583)	(1,668)
Deferred	(423)	(578)
<b>Total</b>	<b>(2,006)</b>	<b>(2,246)</b>
<b>Income Tax Benefit</b>	<b>\$ (31,028)</b>	<b>\$ (27,479)</b>

The following is a reconciliation between the federal income taxes computed by multiplying pretax income by the federal statutory tax rate and the income taxes reported:

<b>Net Deferred Tax Liabilities</b>	<b>\$ (456,217)</b>	<b>\$ (437,152)</b>
<b>Federal and State Income Tax Audit Status</b>		
The statute of limitations for the IRS to examine KPCo and other AEP subsidiaries originally filed federal return has expired for tax years 2016 and earlier. KPCo has agreed to extend the statute of limitations on the 2017 and 2018 tax returns to December 31, 2023, to allow time for the current IRS audit to be completed including a refund claim approval by the Congressional Joint Committee on Taxation. The statute of limitations for the 2019 return is set to naturally expire in 2023 as well.		
The current IRS audit and associated refund claim evolved from a net operating loss carryback to 2015 that originated in the 2017 return. KPCo and other AEP subsidiaries have received and agreed to two IRS proposed adjustments on the 2017 tax return, which were immaterial. The exam is nearly complete, and KPCo and other AEP subsidiaries are currently working with the IRS to submit the refund claim to the Congressional Joint Committee on Taxation for resolution and final approval.		
KPCo and other AEP subsidiaries file income tax returns in various state and local jurisdictions. These taxing authorities routinely examine the tax returns, and KPCo and other AEP subsidiaries are currently under examination in several state and local jurisdictions. Generally, the statutes of limitations have expired for tax years prior to 2017. In addition, management is monitoring and continues to evaluate the potential impact of federal legislation and corresponding state conformity.		
<b>State Tax Legislation</b>		
In April 2021, West Virginia enacted House Bill (HB) 2026. HB 2026 changes the state income tax apportionment formula from a ratio that includes property, payroll and sales to a single sales factor apportionment regime effective for tax years beginning on or after January 1, 2022. HB 2026 also eliminates the "throw out" rule related to sales of tangible personal property for sales factor apportionment calculation purposes and introduces a market-based sourcing for sales of services and intangible property.		
<b>11. LEASES</b>		
KPCo leases property, plant and equipment including, but not limited to, fleet, information technology and real estate leases. These leases require payments of non-lease components, including related property taxes, operating and maintenance costs. KPCo does not separate non-lease components from associated lease components. Many of these leases have purchase or renewal options. Leases not renewed are often replaced by other leases. Options to renew or purchase a lease are included in the measurement of lease assets and liabilities if it is reasonably certain that KPCo will exercise the option.

Filed Date: 04/12/2023

Lease obligations are measured using the discount rate implicit in the lease when that rate is readily determinable. KPSC has visibility into the rate implicit in the lease when assets are leased from selected financial institutions under master leasing agreements. When the implicit rate is not readily determinable, KPSC measures its lease obligation using its estimated secured incremental borrowing rates. When the implicit rate is not readily determinable, KPSC measures its lease obligation using its estimated secured incremental borrowing rates as a proxy for an underlying risk-free rate. (9)		This report is: (1) <input checked="" type="checkbox"/> An Original (2) <input type="checkbox"/> A Resubmission		Date of Report: 04/12/2023	Year/Period of Report: End of: 2022 Q4			
<p>Operating and Finance lease rental costs are generally allocated to Property, Plant and Equipment. Expenses in connection with rate-making treatment for regulated operations. Lease costs associated with capital projects are included in Utility Plant on the balance sheets. For regulated operations with finance leases, a finance lease asset and offsetting liability are recorded at the present value of the remaining lease payments for each reporting period. Finance leases for nonregulated property are accounted for as operating leases.</p> <p><b>INVESTMENTS IN SUBSIDIARY COMPANIES (Account 123.1)</b></p> <p>Report below investments in Account 123.1. Investments in Subsidiary Companies.</p> <p>2. Provide a subheading for each company and list thereunder the information called for below. Sub-TOTAL by company and give a TOTAL in columns (e), (f), (g) and (h). (a) Investment in Securities - List and describe each security owned. For bonds give also principal amount, date of issue, maturity, and interest rate. (b) Investment Advances - Report separately the amounts of loans or investment advances which are subject to repayment, but which are not subject to current settlement. With respect to each advance show whether the advance is a note or open account. List each note giving date of issuance, maturity date, and specifying whether note is a renewal. (c) Cost of Investment - Report separately the equity in undistributed subsidiary earnings since acquisition. The TOTAL in column (e) should equal the amount entered for Account 418.1.</p> <p>3. For any securities, notes, or accounts that were pledged designate such securities, notes, or accounts in a footnote, and state the name of pledgee and purpose of the pledge.</p> <p>4. If Commission approval was required for any advance made or security acquired, designate such fact in a footnote and give name of Commission, date of authorization, and case or docket number.</p> <p>5. 43	(b) KPCo's Pollution Control Bond is subject to redemption earlier than the maturity date.						
44	As of December 31, 2022, outstanding long-term debt was payable as follows:						
45		2023	2024	2025	2026	2027	After 2027
46							Total
47							(in thousands)
48	Principal Amount	\$ 400,000	\$ 65,000	\$	\$ 200,000	\$ 40,000	\$ 385,000
49	<b>Total Long-term Debt Outstanding</b>						<b>\$ 1,180,000</b>
50	<b>Dividend Restrictions</b>						
51	KPCo pays dividends to Parent provided funds are legally available. Various financing arrangements and regulatory requirements may impose certain restrictions on the ability of KPCo to transfer funds to Parent in the form of dividends.						
52	<b>Total Cost of Account</b>						
53	All of the dividends declared by KPCo are subject to a Federal Power Act requirement that prohibits the payment of dividends out of capital accounts in certain circumstances; payment of dividends is generally allowed out of retained earnings.						
54	<b>FERC FORM No. 1 (ED. 12-89)</b>						
55	KPCo has credit agreements that contain a covenant that limit its debt to capitalization to 67.5%. As of December 31, 2022, KPCo did not exceed its debt to capitalization limit. The method for calculating outstanding debt and capitalization is contractually-defined in the credit agreements.						
56	The most restrictive dividend limitation for KPCo is through the Federal Power Act. As of December 31, 2022, the maximum amount of restricted net assets of KPCo that may not be distributed to Parent in the form of a loan, advance or dividend was \$613.2 million.						
57	The Federal Power Act restriction does not limit the ability of KPCo to pay dividends out of retained earnings. The credit agreement covenant restrictions can limit the ability of KPCo to pay dividends out of retained earnings. As of December 31, 2022, the amount of any such restrictions was \$36.5 million.						
58	<b>Corporate Borrowing Program - AEP System</b>						
59	The AEP System uses a corporate borrowing program to meet the short-term borrowing needs of AEP's subsidiaries. The corporate borrowing program includes a Utility Money Pool, which funds AEP's utility subsidiaries. The AEP System Utility Money Pool operates in accordance with the terms and conditions of the AEP System Utility Money Pool agreement filed with the FERC. The amounts of outstanding borrowings from the Utility Money Pool as of December 31, 2022 and 2021 are included in Notes Payable to Associated Companies on KPCo's balance sheets. KPCo's Utility Money Pool activity and corresponding authorized borrowing limits are described in the following table:						
60	Years Ended December 31,	Maximum Borrowings from the Utility Money Pool	Maximum Loans to the Utility Money Pool	Average Borrowings from the Utility Money Pool	Average Loans to the Utility Money Pool	Borrowings from the Utility Money Pool as of December 31,	Authorized Short-Term Borrowing Limit

Direct Purchases from AEGCo (a)				93,137 \$		93,365	
Total Affiliated Purchases				\$ 93,137		\$ 93,365	
(a) Concept: PlantMaterialsAndOperatingSuppliesOther (1) Refer to the "Unit Power Agreements" section below for further information regarding this amount. Assigned to - Other includes customer account, administrative and general expenses.							
PJM Transmission Service Charges (b) Concept: PlantMaterialsAndOperatingSuppliesOther The AEP East Companies are parties to the TA, which defines how transmission costs through PJM OATT are allocated among the AEP East Companies on a 12-month assigned to - Other includes Customer Account, Administrative and General Expenses. FERC FORM NO. 1 (REV. 12-05)							
Page 227							
KPCo's net charges recorded as a result of the TA for the years ended December 31, 2022 and 2021 were \$64.9 million and \$57.1 million, respectively, and were recorded in Operation Expenses on KPCo's statements of income.							
<b>Unit Power Agreements</b>  <i>UPA between AEGCo and I&amp;M</i>  A UPA between AEGCo and I&M (the I&M Power Agreement) provides for the sale by AEGCo to I&M of all the power (and the energy associated therewith) available to AEGCo at the Rockport Plant unless it is sold to another utility. I&M is obligated, whether or not power is available from AEGCo, to pay as a demand charge for the right to receive such power (and as an energy charge for any associated energy taken by I&M) net of amounts received by AEGCo from any other sources, sufficient to enable AEGCo to pay all of its operating and other expenses, including a rate of return on the common equity of AEGCo as approved by the FERC. The I&M Power Agreement will continue in effect until the debt obligations of AEGCo secured by the Rockport Plant have been satisfied and discharged (currently expected to be December 2028).  In April 2021, AEGCo and I&M executed an agreement to purchase 100% of the interests in Rockport Plant, Unit 2 effective at the end of the lease term on December 7, 2022. Beginning December 8, 2022, AEGCo and I&M applied the joint plant accounting model to their respective 50% undivided interests in the jointly owned Rockport Plant, Unit 2 as well as any future investments made prior to the current estimated retirement date of December 2028.  Prior to the termination of the lease, I&M assigned 30% of the power to KPCo. See the "UPA between AEGCo and KPCo" section below for additional information. Beginning December 8, 2022, AEGCo billed 100% of its share of the Rockport Plant to I&M and ceased billing to KPCo. KPCo reached an agreement with I&M, from the end of the lease through May 2024, to buy capacity from Rockport Plant, Unit 2 through the PCA at a rate equal to PJM's RPM clearing price.  <i>UPA between AEGCo and KPCo</i>  On December 7, 2022, the UPA between AEGCo and KPCo ended upon the termination of the Rockport Plant, Unit 2 lease. Previously, pursuant to an assignment between I&M and KPCo and a UPA between AEGCo and KPCo, AEGCo sold KPCo 30% of the power (and the energy associated therewith) available to AEGCo from both units of the Rockport Plant. KPCo paid AEGCo in consideration for the right to receive such power, the same amounts which I&M would have paid AEGCo under the terms of the I&M Power Agreement for such entitlement. As a result of the end of the UPA between AEGCo and KPCo, a prorated bill was recorded from AEGCo to KPCo to reflect costs incurred for the first seven days of December 2022.  <b>I&amp;M Barging, Urea Transloading and Other Services</b>  I&M provides barging, urea transloading and other transportation services to affiliates. Urea is a chemical used to control NO <sub>x</sub> emissions at certain generation plants in the AEP System. KPCo recorded expenses of \$2 million and \$3.1 million in 2022 and 2021, respectively, for urea transloading provided by I&M. These expenses were recorded as Operation Expenses. This agreement with KPCo terminated with the transfer of the Mitchell Plant in August 2022.							
<b>Central Machine Shop</b>  APCo operates a facility which repairs and rebuilds specialized components for the generation plants across the AEP System. APCo defers the cost of performing these services on the balance sheet and then transfers the cost to the affiliate for reimbursement. KPCo recorded its assigned portion of these billings as capital or maintenance expenses depending on the nature of the services received. These billings are recoverable from customers. KPCo's billed amounts were \$1 million and \$973 thousand for the years ended December 31, 2022 and 2021, respectively.							
<b>Sales and Purchases of Property</b>  KPCo had affiliated sales and purchases of electric property individually amounting to \$100 thousand or more, sales and purchases of meters and transformers and sales and purchases of transmission property. There were no gains or losses recorded on the transactions. The table below shows the sales and purchases, recorded at net book value, as follows:							
		Years Ended December 31, 2022      2021					
		(in thousands)					
Sales		\$	1,187	\$	431		
Purchases			631		3,995		
<b>Charitable Contributions to AEP Foundation</b>							

FERC Form

Page 68 of 189

Document Accession #: 20230412-8009

Filed Date: 04/12/2023

The American Electric Power Foundation is funded by American Electric Power and its utility operating units. The Foundation provides a permanent, ongoing resource for charitable initiatives and multi-year commitments in the communities served by AEP and initiatives outside of AEP's 11-state service area. In 2022, KPSC made a \$2.8 million charitable contribution to the AEP Foundation for the year ending 12/31/2022. KPSC made a \$2.8 million charitable contribution to the AEP Foundation for the year ending 12/31/2022. In 2022, there were no charitable contributions made to the AEP Foundation.	This report is: <input checked="" type="checkbox"/> An Original <input type="checkbox"/> A Resubmission	Date of Report: 04/12/2023	Year/Period of Report: End of: 2022 / Q4
--	---	-------------------------------	---

**Intercompany Billings Allowances (Accounts 158.1 and 158.2)**

KPCo performs certain utility services for other AEP subsidiaries when necessary or practical. The costs of these services are billed on a direct-charge basis, whenever possible. Report below the particulars (details) of the intercompany billings. The billings for services are made at cost and include no compensation for the use of Report. Report all acquisitions of allowances at cost.

14. **REPORT ALLOWANCES RECEIVED** with a weighted average cost allocation method and other accounting as prescribed by General Instruction in the Uniform System of Accounts.
- Depreciate Report the allowances transactions by the period they are first eligible for use: the current year's allowances in columns (b)-(c), allowances three succeeding years in columns (d)-(i), starting with the following year, and allowances for the remaining succeeding years in columns (j).
- Report on Line 4 the Environmental Protection Agency (EPA) issued allowances. Report withheld portions Lines 36-40, rates by functional class. Report on Line 5 allowances returned by the EPA. Report on Line 39 the EPA's sales of the withheld allowances. Report on Lines 43-46 the sale proceeds and gains/losses resulting from the EPA's sale or auction of the withheld allowances.
7. Report on Lines 8-14 the names of vendors/transfers of allowances acquired and identify associated companies (See "associated companies" under "Definitions" in the Uniform System of Accounts).
8. Report on Lines 22-27 the name of purchasers/transfers of allowances disposed of and identify associated companies.
9. Report the net costs and benefits of hedging transactions on a separate line under purchases/transfers and sales/transfers.
10. Report on Lines 32-35 and 43-46 the net sales proceeds and gains or losses from allowance sales.

2021	3.0 %	2.6 %	3.4 %	9.5 %
------	-------	-------	-------	-------

The composite depreciation rate generally includes a component for non-asset retirement obligation (non-ARO) removal costs, which is credited to accumulated depreciation.

**Line 502 Allowances**

Actual removal costs incurred are charged to accumulated depreciation.

The following is a reconciliation of the 2022 and 2021 aggregate carrying amounts of ARO for KPCo:

1	Balance-Beginning of Year	298,260	8,552,442	63,996	65,460	54,080	Revision	1,871,042
---	---------------------------	---------	-----------	--------	--------	--------	----------	-----------

2	Year	January 1,	Expense	Incurred	Settled (a)	Estimates (a)	December 31,
---	------	------------	---------	----------	-------------	---------------	--------------

3	2022	17,697	803	—	(1,162)	1,139	18,477
3	2021	24,565	968	—	(3,227)	(4,609)	17,697

(a) Primary issued (Loss) and asset retirement obligation abatement.

4. **Withheld Allowances**

5. **Returned by EPA**

8. **Purchases/Transfers:**

9	KPCo's Share as of December 31, 2022						
---	--------------------------------------	--	--	--	--	--	--

10	Mitchell Generating Station, Units 1 and 2 (a)	Coal	50.0 %	\$ 1,052,996	\$ 23,23	\$ 518,178
----	--	------	--------	--------------	----------	------------

11	KPCo's Share as of December 31, 2021					
11	Mitchell Generating Station, Units 1 and 2 (a)	Coal	50.0 %	\$ 1,049,834	\$ 12,040	\$ 493,124

(a) In September 2022, pursuant to resolutions under the existing Mitchell Plant agreement, WPCo replaced KPCo as the operator of Mitchell Plant. See Note 1 - Organization and Summary of Significant Accounting Policies for additional information.

**13. REVENUE FROM CONTRACTS WITH CUSTOMERS**

14. **Disaggregated Revenues from Contracts with Customers**

15. **Total** represents KPCo's revenues from contracts with customers, net of respective provisions for refund, by type of revenue:

46	Losses - Transmission								

KPCo has performance obligations to generate, transmit and distribute electricity for sale to rate-regulated retail customers. The performance obligation to deliver electricity is satisfied over time as the customer simultaneously receives and consumes the benefits provided. Revenues are variable as they are subject to the customer's usage requirements.

Rate-regulated retail customers typically have the right to discontinue receiving service at will, therefore these contracts between KPCo and their customers for rate-regulated services are generally limited to the services requested and received to date for such arrangements. Retail customers are generally billed on a monthly basis, and payment is made within 15 to 20 days after the issuance of the invoice.

KPCo also has performance obligations to stand ready in order to promote grid reliability. Stand ready services are sold into PJM's Reliability Pricing Model (RPM) capacity market through a base auction and at least three incremental auctions for a specific PJM delivery year, with the incremental auctions spanning three years. The performance obligation to stand ready is satisfied over time and the consideration for which is variable until the occurrence of the final incremental auction, at which point the performance obligation becomes fixed.

Payments from the RTO for stand ready services are typically received within one week from the issuance of the invoice, which is typically issued weekly. Gross margin resulting from generation sales are primarily subject to margin sharing agreements with customers, where the revenues are reflected gross in the disaggregated revenues table above.

KPCo has performance obligations to transmit electricity to wholesale customers through assets owned and operated by KPCo and other AEP subsidiaries. The performance obligation to provide transmission services in PJM is partially fixed for one year or less. Payments from the RTO for transmission services are typically received within one week from the issuance of the invoice, which is issued weekly for PJM.

FERC Form

Document Accession #: 20230412-8009

Filed Date: 04/12/2023

KPCo collects revenues through transmission formula rates. The FERC-approved rates establish the annual transmission revenue requirement (ATRR) and transmission service rates for transmission owners. The formula rates establish rates for a one year period and also include a true-up calculation for the prior year's billings, allowing for over and under recovery of the transmission owner's (ATRR) true-ups meet the definition of "Regulated Operations," and are therefore presented as such in the disaggregated revenues table above.									
Name of Respondent: <b>Kentucky Power Company</b> This report is: <input checked="" type="checkbox"/> An Original <input type="checkbox"/> A Resubmission Date of Report: <b>04/12/2023</b> End of: <b>2022/ Q4</b>									
<b>Allowances (Accounts 158.1 and 158.2)</b>									
The AEP East Companies are parties to the TA, which defines how transmission costs are allocated among the AEP East Companies on a 12-month average coincident peak basis. AEPTCo is a load serving entity within PJM providing transmission services to affiliates in accordance with the OATT and TA. Affiliate revenues as a result of the Report below the particulars (details) called for concerning allowances.									
2. Report all acquisitions of allowances at cost. 3. Report allowances in accordance with a weighted average cost allocation method and other accounting as prescribed by General Instruction No. 21 in the Uniform System of Accounts. 4. Report the allowances transactions by the period they are first eligible for use: the current year's allowances in columns (b)-(c), allowances for the three succeeding years in columns (d)-(f), starting with the following year, and allowances for the remaining succeeding years in columns (g)-(i). 5. Report on Line 4 the net sales proceeds from the sale of allowances. Report on Line 5 the net sales proceeds from the sale of allowances. Report on Lines 36-40 the net sales proceeds and gains/losses resulting from the EPA's sale or auction of the withheld allowances. Report on Lines 43-46 the net sales proceeds and gains/losses resulting from the EPA's sale or auction of the withheld allowances. Report on Lines 43-46 the net sales proceeds and gains/losses resulting from the EPA's sale or auction of the withheld allowances. Report on Lines 43-46 the net sales proceeds and gains/losses resulting from the EPA's sale or auction of the withheld allowances.									
6. Report on Line 5 allowances returned by the EPA. Report on the 39 the EPA's sales of the withheld allowances. Report on Lines 43-46 the net sales proceeds and gains/losses resulting from the EPA's sale or auction of the withheld allowances. Report on Lines 43-46 the net sales proceeds and gains/losses resulting from the EPA's sale or auction of the withheld allowances. Report on Lines 43-46 the net sales proceeds and gains/losses resulting from the EPA's sale or auction of the withheld allowances. Report on Lines 43-46 the net sales proceeds and gains/losses resulting from the EPA's sale or auction of the withheld allowances.									
7. Report on Lines 8-14 the names of vendors/transferees of allowances acquired and identify associated companies (See "associated company" under "Definitions" in the Uniform System of Accounts). 8. Report on Lines 22 - 27 the name of purchasers/ transferees of allowances disposed of and identify associated companies. 9. Report the net costs and benefits of hedging transactions on a separate line under purchases/transfers and sales/transfers. 10. Report on Lines 32-35 and 43-46 the net sales proceeds and gains or losses from allowance sales.									
<b>Contract Assets and Liabilities</b>									
Contract assets are recognized when KPCo has a right to consideration that is conditional upon the occurrence of an event other than the passage of time, such as future performance under a contract. KPCo did not have material contract assets as of December 31, 2022 and 2021, respectively.									
When KPCo's performance obligation is such consideration is unconditionally due from a customer prior to transferring goods or services to the customer under the terms of the contract. KPCo's performance obligation is the remaining performance obligation of the contract. KPCo's contract liabilities are typically advance payments of services provided primarily with respect to joint use agreements for utility poles. KPCo did not have material contract liabilities as of December 31, 2022 and 2021, respectively.									
1. Balance-Beginning Accounts Receivable from Contracts with Customers: 46,371 (Current Year), 6,735 (Year One), 7,198 (Year Two), 60,304 (Future Years Totals)									
2. Accounts receivable from contracts with customers are presented on KPCo's balance sheets in Customer Accounts Receivable. KPCo's balances for receivables from contracts that are not recognized in accordance with the accounting guidance for "Revenue from Contracts with Customers" included in Customer Accounts Receivable were not acquired during the year ended December 31, 2022 and 2021, respectively. See "Securitized Accounts Receivable - AEP Credit" section of Note 12 for additional information. The amount of affiliated accounts receivable from contracts with customers included in Accounts Receivable from Associated Companies on KPCo's balance sheets were \$9.1 million and \$9.1 million, respectively, as of December 31, 2022 and December 31, 2021.									
4. Contract Costs (Issued (Less Withheld Allow)) 850 (Current Year), 850 (Future Years Totals)									
5. Contract Costs Returned by EPA fill contract are accounted for under the guidance for "Other Assets and Deferred Costs" and presented as a single asset and neither bifurcated nor reclassified between current assets and deferred debits on KPCo's balance sheets. Contract costs to acquire a contract are amortized in a manner consistent with the transfer of goods or services to the customer in Operation Expenses on KPCo's statements of income. KPCo did not have material contract costs as of December 31, 2022 and 2021, respectively.

**CAPITAL STOCKS (Account 201 and 204)**

1. Report below the particulars (details) called for concerning common and preferred stock at end of year, distinguishing separate series of an general class. Show separate totals for common and preferred stock. If information to meet the stock exchange reporting requirement outline in column (a) is available from the SEC 10-K Report Form filing, a specific reference to report form (i.e., year and company title) may be reported in column (a) provided the fiscal years for both the 10-K report and this report are compatible.
2. Entries in column (b) should represent the number of shares authorized by the articles of incorporation as amended to end of year.
3. Give details concerning shares of any class and series of stock authorized to be issued by a regulatory commission which have not yet been issued.
4. The identification of each class of preferred stock should show the dividend rate and whether the dividends are cumulative or noncumulative.
5. State in a footnote if any capital stock that has been nominally issued is nominally outstanding at end of year.
6. Give particulars (details) in column (a) of any nominally issued capital stock, reacquired stock, or stock in sinking and other funds which is pledged, stating name of pledgee and purpose of pledge.

<b>RECONCILIATION OF REPORTED NET INCOME WITH TAXABLE INCOME FOR FEDERAL INCOME TAXES</b>				
<p>1. Report the reconciliation of reported net income for the year with taxable income used in computing Federal income tax accruals and show computation of such tax accruals. Include in the reconciliation, as far as practicable, the same detail as furnished on Schedule M-1 of the tax return for the year. Submit a reconciliation even though there is no taxable income for the year. Indicate clearly the nature of each reconciling amount.</p> <p>2. If the utility is a member of a group which files a consolidated Federal tax return, reconcile reported net income with taxable net income as if a separate return were to be filed, indicating, however, intercompany amounts to be eliminated in such a consolidated return. State names of group member, tax assigned to each group member, and basis of allocation, assignment, or sharing of the consolidated tax among the group members.</p> <p>3. A substitute page, designed to meet a particular need of a company, may be used as long as the data is consistent and meets the requirements of the above instructions. For electronic reporting purposes complete Line 27 and provide the substitute Page in the context of a footnote.</p>

Foot Notes:

(a) Represents the allocation of the estimated current year net operating tax loss of American Electric Power Company, Inc.  
 (b) The Company joins in the filing of a consolidated Federal income tax return with its affiliated companies in the AEP system. The allocation of the AEP System's consolidated Federal income tax to the System companies allocates the benefit of current tax losses to the System companies giving rise to them in determining their current tax expense. The tax loss of the System parent company, American Electric Power Company, Inc., is allocated to its subsidiaries with taxable income. With the exception of the loss of the parent company, the method of allocation approximates a separate return result for each company in the consolidating group.  
 INSTRUCTION 2.

\* The tax computation above represents an estimate of the Company's allocated portion of the System consolidated Federal income tax. The computation of actual 2021 System. Federal income taxes will not be available until the consolidated Federal income tax return is completed and filed by October 2022. The actual allocation of the System consolidated Federal income tax to the members of the consolidated group will not be available until after the consolidated federal income tax return is filed

**TAXES ACCRUED, PREPAID AND CHARGES DURING YEAR**

1. Give particulars (details) of the combined prepaid and accrued tax accounts and show the total taxes charged to operations and other accounts which have been charged to the accounts to which the taxed material was charged. If the actual, or estimated amounts of such taxes are not estimated or actual amounts.
2. Include on this page, taxes paid during the year and charged direct to final accounts, (not charged to prepaid or accrued taxes.) Enter the amount affected by the inclusion of these taxes.
3. Include in column (g) taxes charged during the year, taxes charged to operations and other accounts through (a) accruals credited to taxes chargeable to current year, and (c) taxes paid and charged direct to operations or accounts other than accrued and prepaid tax accounts.
4. List the aggregate of each kind of tax in such manner that the total tax for each State and subdivision can readily be ascertained.
5. If any tax (exclude Federal and State income taxes) covers more than one year, show the required information separately for each tax year.
6. Enter all adjustments of the accrued and prepaid tax accounts in column (i) and explain each adjustment in a foot-note. Designate debit and credit.
7. Do not include on this page entries with respect to deferred income taxes or taxes collected through payroll deductions or otherwise pending.
8. Report in columns (l) through (o) how the taxes were distributed. Report in column (o) only the amounts charged to Accounts 408.1 and 409.1 charged to Accounts 408.1 and 409.1 pertaining to other utility departments and amounts charged to Accounts 408.2 and 409.2. Also show sheet accounts.
9. For any tax apportioned to more than one utility department or account, state in a footnote the basis (necessity) of apportioning such tax.

<b>Electric Operating Revenues</b>							
<p>1. The following instructions generally apply to the annual version of these pages. Do not report quarterly data in columns (c), (e), (f), and (g). Unbilled revenues and MWH related to unbilled revenues need not be reported separately as required in the annual version of these pages.</p> <p>2. Report below operating revenues for each prescribed account, and manufactured gas revenues in total.</p> <p>3. Report number of customers, columns (f) and (g), on the basis of meters, in addition to the number of flat rate accounts; except that where separate meter readings are added for billing purposes, one customer should be counted for each group of meters added. The average number of customers means the average of twelve figures at the close of each month.</p> <p>4. If increases or decreases from previous period (columns (c),(e), and (g)), are not derived from previously reported figures, explain any inconsistencies in a footnote.</p> <p>5. Disclose amounts of \$250,000 or greater in a footnote for accounts 451, 456, and 457.2.</p> <p>6. Commercial and industrial Sales, Account 442, may be classified according to the basis of classification (Small or Commercial, and Large or Industrial) regularly used by the respondent if such basis of classification is not generally greater than 1000 Kw of demand. (See Account 442 of the Uniform System of Accounts. Explain basis of classification in a footnote.)</p> <p>7. See page 108, Important Changes During Period, for important new territory added and important rate increase or decreases.</p> <p>8. For Lines 2,4,5,and 6, see Page 304 for amounts relating to unbilled revenue by accounts.</p> <p>9. Include unmetered sales. Provide details of such Sales in a footnote.</p>

<b>SALES OF ELECTRICITY BY RATE SCHEDULES</b>						
<p>1. Report below for each rate schedule in effect during the year the MWh of electricity sold, revenue, average number of customer, average Kwh per customer, and average revenue per Kwh, excluding date for Sales for Resale which is reported on Page 310.</p> <p>2. Provide a subheading and total for each prescribed operating revenue account in the sequence followed in "Electric Operating Revenues," Page 300. If the sales under any rate schedule are classified in more than one revenue account, List the rate schedule and sales data under each applicable revenue account subheading.</p> <p>3. Where the same customers are served under more than one rate schedule in the same revenue account classification (such as a general residential schedule and an off peak water heating schedule), the entries in column (d) for the special schedule should denote the duplication in number of reported customers.</p> <p>4. The average number of customers should be the number of bills rendered during the year divided by the number of billing periods during the year (12 if all billings are made monthly).</p> <p>5. For any rate schedule having a fuel adjustment clause state in a footnote the estimated additional revenue billed pursuant thereto.</p> <p>6. Report amount of unbilled revenue as of end of year for each applicable revenue account subheading.</p>

FERC FORM NO. 1 (ED. 12-95)

Name of Respondent: Kentucky Power Company	This report is: (1) <input checked="" type="checkbox"/> An Original (2) <input type="checkbox"/> A Resubmission	Date of Report: 04/12/2023	Year/Period of Report End of: 2022/ Q4
---	---	-------------------------------	---

**SALES FOR RESALE (Account 447)**

- Report all sales for resale (i.e., sales to purchasers other than ultimate consumers) transacted on a settlement basis other than power exchange year. Do not report exchanges of electricity (i.e., transactions involving a balancing of debits and credits for energy, capacity, etc.) and any imbalanced exchanges on this schedule. Power exchanges must be reported on the Purchased Power schedule (Page 326).
- Enter the name of the purchaser in column (a). Do not abbreviate or truncate the name or use acronyms. Explain in a footnote any owners affiliation the respondent has with the purchaser.
- In column (b), enter a Statistical Classification Code based on the original contractual terms and conditions of the service as follows:
  - RQ - for requirements service. Requirements service is service which the supplier plans to provide on an ongoing basis (i.e., the supplier in load for this service in its system resource planning). In addition, the reliability of requirements service must be the same as, or second only service to its own ultimate consumers.
  - LF - for long-term service. "Long-term" means five years or Longer and "firm" means that service cannot be interrupted for economic reason remain reliable even under adverse conditions (e.g., the supplier must attempt to buy emergency energy from third parties to maintain delivery). This category should not be used for Long-term firm service which meets the definition of RQ service. For all transactions identified as LF, the termination date of the contract defined as the earliest date that either buyer or seller can unilaterally get out of the contract.
  - IF - for intermediate-term firm service. The same as LF service except that "intermediate-term" means longer than one year but Less than five years.
  - SF - for short-term firm service. Use this category for all firm services where the duration of each period of commitment for service is one year or Less than five years.
  - LU - for Long-term service from a designated generating unit. "Long-term" means five years or Longer. The availability and reliability of service transmission constraints, must match the availability and reliability of designated unit.
  - IU - for intermediate-term service from a designated generating unit. The same as LU service except that "intermediate-term" means Longer than five years.
  - OS - for other service. use this category only for those services which cannot be placed in the above-defined categories, such as all non-firm of the length of the contract and service from designated units of Less than one year. Describe the nature of the service in a footnote.
  - AD - for Out-of-period adjustment. Use this code for any accounting adjustments or "true-ups" for service provided in prior reporting years. Provide explanation in a footnote for each adjustment.
- Group requirements RQ sales together and report them starting at line number one. After listing all RQ sales, enter "Subtotal - RQ" in column (a) sales may then be listed in any order. Enter "Subtotal-Non-RQ" in column (a) after this Listing. Enter "Total" in column (a) as the Last Line of Report subtotals and total for columns (g) through (k).
- In Column (c), identify the FERC Rate Schedule or Tariff Number. On separate Lines, List all FERC rate schedules or tariffs under which service in column (b), is provided.
- For requirements RQ sales and any type of-service involving demand charges imposed on a monthly (or Longer) basis, enter the average requirements demand in column (d), the average monthly non-coincident peak (NCP) demand in column (e), and the average monthly coincident peak (CP) demand in column (f). For all other types of service, enter NA in columns (d), (e) and (f). Monthly NCP demand is the maximum metered hourly (60-minute) demand in a month. Monthly CP demand is the metered demand during the hour (60-minute integration) in which the supplier's system reaches its peak. Demand reported in columns (e) and (f) must be in megawatts. Footnote any demand not stated on a megawatt basis and explain.
- Report in column (g) the megawatt hours shown on bills rendered to the purchaser.
- Report demand charges in column (h), energy charges in column (i), and the total of any other types of charges, including out-of-period adjustments (j). Explain in a footnote all components of the amount shown in column (j). Report in column (k) the total charge shown on bills rendered to the purchaser.
- The data in column (g) through (k) must be subtotaled based on the RQ/Non-RQ grouping (see instruction 4), and then totaled on the Last Line of Report. The "Subtotal - RQ" amount in column (g) must be reported as Requirements Sales For Resale on Page 401, line 23. The "Subtotal - Non-RQ" amount in column (g) must be reported as Non-Requirements Sales For Resale on Page 401, line 24.
- Footnote entries as required and provide explanations following all required data.

An affiliated company
<a href="#">(b)</a> Concept: RateScheduleTariffNumber
FERC Electric Tariff, First Revised Volume No. 5.
<a href="#">(c)</a> Concept: RateScheduleTariffNumber
The PUCO (Public Utilities Commission Ohio) ordered OPCo to conduct energy and capacity auctions for its entire SSO load for delivery beginning June 2015. APCo, KPCo, I&M and WPCo participated in the auction process and were awarded tranches of OPCo's SSO load.
<a href="#">(d)</a> Concept: OtherChargesRevenueSalesForResale
Amount represents transmission services and related charges
<a href="#">(e)</a> Concept: RevenueFromSalesOfElectricityForResale
Margins for Off System Sales (OSS) reported in KPCo's generation formula rates are included in the total revenue amount. The margins are specifically identified in the ledger as a subset of the accounts that make up these OSS revenues.

Name of Respondent: Kentucky Power Company	This report is: (1) <input checked="" type="checkbox"/> An Original (2) <input type="checkbox"/> A Resubmission	Date of Report: 04/12/2023	Year/Period of Report End of: 2022/ Q4
---	---	-------------------------------	---

**PURCHASED POWER (Account 555)**

- Report all power purchases made during the year. Also report exchanges of electricity (i.e., transactions involving a balancing of debits and imbalanced exchanges).
- Enter the name of the seller or other party in an exchange transaction in column (a). Do not abbreviate or truncate the name or use acronym respondent has with the seller.
- In column (b), enter a Statistical Classification Code based on the original contractual terms and conditions of the service as follows:

RQ - for requirements service. Requirements service is service which the supplier plans to provide on an ongoing basis (i.e., the supplier in planning). In addition, the reliability of requirement service must be the same as, or second only to, the supplier's service to its own ultimate

LF - for long-term firm service. "Long-term" means five years or longer and "firm" means that service cannot be interrupted for economic reasons (e.g., the supplier must attempt to buy emergency energy from third parties to maintain deliveries of LF service). This category also meets the definition of RQ service. For all transaction identified as LF, provide in a footnote the termination date of the contract defined as the contract.

IF - for intermediate-term firm service. The same as LF service except that "intermediate-term" means longer than one year but less than five

SF - for short-term service. Use this category for all firm services, where the duration of each period of commitment for service is one year or

LU - for long-term service from a designated generating unit. "Long-term" means five years or longer. The availability and reliability of service and reliability of the designated unit.

IU - for intermediate-term service from a designated generating unit. The same as LU service except that "intermediate-term" means longer

EX - For exchanges of electricity. Use this category for transactions involving a balancing of debits and credits for energy, capacity, etc. and

OS - for other service. Use this category only for those services which cannot be placed in the above-defined categories, such as all non-firm designated units of Less than one year. Describe the nature of the service in a footnote for each adjustment.

AD - for out-of-period adjustment. Use this code for any accounting adjustments or "true-ups" for service provided in prior reporting years. F

- In column (c), identify the FERC Rate Schedule Number or Tariff, or, for non-FERC jurisdictional sellers, include an appropriate designation tariffs or contract designations under which service, as identified in column (b), is provided.
- For requirements RQ purchases and any type of service involving demand charges imposed on a monthly (or longer) basis, enter the non-coincident peak (NCP) demand in column (e), and the average monthly coincident peak (CP) demand in column (f). For all other types demand is the maximum metered hourly (60-minute integration) demand in a month. Monthly CP demand is the metered demand during the reaches its monthly peak. Demand reported in columns (e) and (f) must be in megawatts. Footnote any demand not stated on a megawatt
- Report in column (g) the megawatthours shown on bills rendered to the respondent, excluding purchases for energy storage. Report in column (h) respondent for energy storage purchases. Report in columns (i) and (j) the megawatthours of power exchanges received and delivered, use
- Report demand charges in column (k), energy charges in column (l), and the total of any other types of charges, including out-of-period adjustments the amount shown in column (m). Report in column (n) the total charge shown on bills received as settlement by the respondent. For power receipt of energy. If more energy was delivered than received, enter a negative amount. If the settlement amount (m) include credits or charges certain credits or charges covered by the agreement, provide an explanatory footnote.
- The data in columns (g) through (n) must be totaled on the last line of the schedule. The total amount in columns (g) and (h) must be reported (i) must be reported as Exchange Received on Page 401, line 12. The total amount in column (j) must be reported as Exchange Delivered on
- Footnote entries as required and provide explanations following all required data.

---	---	-------------------------------	---

**TRANSMISSION OF ELECTRICITY FOR OTHERS (Account 456.1) (Including transactions referred**

- Report all transmission of electricity, i.e., wheeling, provided for other electric utilities, cooperatives, other public authorities, qualifying facilities for the quarter.
- Use a separate line of data for each distinct type of transmission service involving the entities listed in column (a), (b) and (c).
- Report in column (a) the company or public authority that paid for the transmission service. Report in column (b) the company or public authority the company or public authority that the energy was delivered to. Provide the full name of each company or public authority. Do not abbreviate any ownership interest in or affiliation the respondent has with the entities listed in columns (a), (b) or (c).
- In column (d) enter a Statistical Classification code based on the original contractual terms and conditions of the service as follows: FNO - Firm Transmission Service for Self, LFP - Long-Term Firm Point to Point Transmission Service, OLF - Other Long-Term Firm Transmission Service Reservation, NF - non-firm transmission service, OS - Other Transmission Service and AD - Out-of-Period Adjustments. Use this code for a provided in prior reporting periods. Provide an explanation in a footnote for each adjustment. See General Instruction for definitions of code.
- In column (e), identify the FERC Rate Schedule or Tariff Number. On separate lines, list all FERC rate schedules or contract designations used.
- Report receipt and delivery locations for all single contract path, "point to point" transmission service. In column (f), report the designation for energy was received as specified in the contract. In column (g) report the designation for the substation, or other appropriate identification for the substation.
- Report in column (h) the number of megawatts of billing demand that is specified in the firm transmission service contract. Demand reported in column (h) must be stated on a megawatts basis and explain.
- Report in column (i) and (j) the total megawatt-hours received and delivered.
- In column (k) through (n), report the revenue amounts as shown on bills or vouchers. In column (k), provide revenues from demand charges; in column (l), provide revenues from energy charges related to the amount of energy transferred. In column (m), provide the total revenues from out of period adjustments. Explain in a footnote all components of the amount shown in column (m). Report in column (n) the total charge sheet monetary settlement was made, enter zero (0) in column (n). Provide a footnote explaining the nature of the non-monetary settlement, if any.
- The total amounts in columns (i) and (j) must be reported as Transmission Received and Transmission Delivered for annual report purpose.
- Footnote entries and provide explanations following all required data.

<p>1. Report all transmission, i.e. wheeling or electricity provided by other electric utilities, cooperatives, municipalities, other public authorities, qualifying facilities, and others for the quarter.</p> <p>2. In column (a) report each company or public authority that provided transmission service. Provide the full name of the company, abbreviate if necessary, but do not truncate name or use acronyms. Explain in a footnote any ownership interest in or affiliation with the transmission service provider. Use additional columns as necessary to report all companies or public authorities that provided transmission service for the quarter reported.</p> <p>3. In column (b) enter a Statistical Classification code based on the original contractual terms and conditions of the service as follows: FNS - Firm Network Transmission Service for Self, LFP - Long-Term Firm Point-to-Point Transmission Reservations, OLF - Other Long-Term Firm Transmission Service, SFP - Short-Term Firm Point-to-Point Transmission Reservations, NF - Non-Firm Transmission Service, and OS - Other Transmission Service. See General Instructions for definitions of statistical classifications.</p> <p>4. Report in column (c) and (d) the total megawatt hours received and delivered by the provider of the transmission service.</p> <p>5. Report in column (e), (f) and (g) expenses as shown on bills or vouchers rendered to the respondent. In column (e) report the demand charges and in column (f) energy charges related to the amount of energy transferred. On column (g) report the total of all other charges on bills or vouchers rendered to the respondent, including any out of period adjustments. Explain in a footnote all components of the amount shown in column (g). Report in column (h) the total charge shown on bills rendered to the respondent. If no monetary settlement was made, enter zero in column (h). Provide a footnote explaining the nature of the non-monetary settlement, including the amount and type of energy or service rendered.</p> <p>6. Enter ""TOTAL"" in column (a) as the last line.</p> <p>7. Footnote entries and provide explanations following all required data.</p>

<b>Depreciation and Amortization of Electric Plant (Account 403, 404, 405)</b>						
<p>1. Report in section A for the year the amounts for: (b) Depreciation Expense (Account 403); (c) Depreciation Expense for Asset Retirement Costs (Account 403.1); (d) Amortization of Limited-Term Electric Plant (Account 404); and (e) Amortization of Other Electric Plant (Account 405).</p> <p>2. Report in Section B the rates used to compute amortization charges for electric plant (Accounts 404 and 405). State the basis used to compute charges and whether any changes have been made in the basis or rates used from the preceding report year.</p> <p>3. Report all available information called for in Section C every fifth year beginning with report year 1971, reporting annually only changes to columns (c) through (g) from the complete report of the preceding year.  Unless composite depreciation accounting for total depreciable plant is followed, list numerically in column (a) each plant subaccount, account or functional classification, as appropriate, to which a rate is applied. Identify at the bottom of Section C the type of plant included in any sub-account used.  In column (b) report all depreciable plant balances to which rates are applied showing subtotals by functional Classifications and showing composite total. Indicate at the bottom of section C the manner in which column balances are obtained. If average balances, state the method of averaging used.  For columns (c), (d), and (e) report available information for each plant subaccount, account or functional classification listed in column (a). If plant mortality studies are prepared to assist in estimating average service Lives, show in column (f) the type of mortality curve selected as most appropriate for the account and in column (g), if available, the weighted average remaining life of surviving plant. If composite depreciation accounting is used, report available information called for in columns (b) through (g) on this basis.</p> <p>4. If provisions for depreciation were made during the year in addition to depreciation provided by application of reported rates, state at the bottom of section C the amounts and nature of the provisions and the plant items to which related.</p>

**REGULATORY COMMISSION EXPENSES**

1. Report particulars (details) of regulatory commission expenses incurred during the current year (or incurred in previous years, if being amortized cases before a regulatory body, or cases in which such a body was a party.
2. Report in columns (b) and (c), only the current year's expenses that are not deferred and the current year's amortization of amounts deferred.
3. Show in column (k) any expenses incurred in prior years which are being amortized. List in column (a) the period of amortization.
4. List in columns (f), (g), and (h), expenses incurred during the year which were charged currently to income, plant, or other accounts.
5. Minor items (less than \$25,000) may be grouped.

Filed Date: 04/12/2023

Name of Respondent: Kentucky Power Company	This report is: (1) <input checked="" type="checkbox"/> An Original (2) <input type="checkbox"/> A Resubmission	Date of Report: 04/12/2023	Year/Period of Report End of: 2022/ Q4
---	---	-------------------------------	---

**RESEARCH, DEVELOPMENT, AND DEMONSTRATION ACTIVITIES**

- Describe and show below costs incurred and accounts charged during the year for technological research, development, and demonstration (R, D and D) project initiated, continued or concluded during the year. Report also support given to others during the year for jointly-sponsored projects. (Identify recipient regardless of affiliation.) For any R, D and D work carried with others, show separately the respondent's cost for the year and cost chargeable to others (See definition of research, development, and demonstration in Uniform System of Accounts).
- Indicate in column (a) the applicable classification, as shown below:  
 Classifications:  

Electric R, D and D Performed Internally:  Generation hydroelectric Recreation fish and wildlife Other hydroelectric  Fossil-fuel steam Internal combustion or gas turbine Nuclear Unconventional generation Siting and heat rejection  Transmission	Overhead Underground  Distribution Regional Transmission and Market Operation Environment (other than equipment) Other (Classify and include items in excess of \$50,000.) Total Cost Incurred  Electric, R, D and D Performed Externally:  Research Support to the electrical Research Council or the Electric Power Research Institute Research Support to Edison Electric Institute Research Support to Nuclear Power Groups Research Support to Others (Classify) Total Cost Incurred
---	--
- Include in column (c) all R, D and D items performed internally and in column (d) those items performed outside the company costing \$50,000 or more, briefly describing the specific area of R, D and D (such as safety, corrosion control, pollution, automation, measurement, insulation, type of appliance, etc.). Group items under \$50,000 by classifications and indicate the number of items grouped. Under Other, (A (6) and B (4)) classify items by type of R, D and D activity.
- Show in column (e) the account number charged with expenses during the year or the account to which amounts were capitalized during the year, listing Account 107, Construction Work in Progress, first. Show in column (f) the amounts related to the account charged in column (e).
- Show in column (g) the total unamortized accumulating of costs of projects. This total must equal the balance in Account 188, Research, Development, and Demonstration Expenditures, Outstanding at the end of the year.
- If costs have not been segregated for R, D and D activities or projects, submit estimates for columns (c), (d), and (f) with such amounts identified by ""Est.""
- Report separately research and related testing facilities operated by the respondent.

<b>DISTRIBUTION OF SALARIES AND WAGES</b>				
Report below the distribution of total salaries and wages for the year. Segregate amounts originally charged to clearing accounts to Utility Departments, Construction, Plant Removals, and Other Accounts, and enter such amounts in the appropriate lines and columns provided. In determining this segregation of salaries and wages originally charged to clearing accounts, a method of approximation giving substantially correct results may be used.

<b>AMOUNTS INCLUDED IN ISO/RTO SETTLEMENT STATEMENTS</b>					
<p>1. The respondent shall report below the details called for concerning amounts it recorded in Account 555, Purchase Power, and Account 447, Sales for Resale, for items shown on ISO/RTO Settlement Statements. Transactions should be separately netted for each ISO/RTO administered energy market for purposes of determining whether an entity is a net seller or purchaser in a given hour. Net megawatt hours are to be used as the basis for determining whether a net purchase or sale has occurred. In each monthly reporting period, the hourly sale and purchase net amounts are to be aggregated and separately reported in Account 447, Sales for Resale, or Account 555, Purchased Power, respectively.</p>

<b>Steam Electric Generating Plant Statistics</b>					
<p>1. Report data for plant in Service only.</p> <p>2. Large plants are steam plants with installed capacity (name plate rating) of 25,000 Kw or more. Report in this page gas-turbine and internal combustion plants of 10,000 Kw or more, and nuclear plants.</p> <p>3. Indicate by a footnote any plant leased or operated as a joint facility.</p> <p>4. If net peak demand for 60 minutes is not available, give data which is available, specifying period.</p> <p>5. If any employees attend more than one plant, report on line 11 the approximate average number of employees assignable to each plant.</p> <p>6. If gas is used and purchased on a therm basis report the Btu content or the gas and the quantity of fuel burned converted to Mct.</p> <p>7. Quantities of fuel burned (Line 38) and average cost per unit of fuel burned (Line 41) must be consistent with charges to expense accounts 501 and 547 (Line 42) as show on Line 20.</p> <p>8. If more than one fuel is burned in a plant furnish only the composite heat rate for all fuels burned.</p> <p>9. Items under Cost of Plant are based on USofA accounts. Production expenses do not include Purchased Power, System Control and Load Dispatching, and Other Expenses Classified as Other Power Supply Expenses.</p> <p>10. For IC and GT plants, report Operating Expenses, Account Nos. 547 and 549 on Line 25 "Electric Expenses," and Maintenance Account Nos. 553 and 554 on Line 32, "Maintenance of Electric Plant." Indicate plants designed for peak load service. Designate automatically operated plants.</p> <p>11. For a plant equipped with combinations of fossil fuel steam, nuclear steam, hydro, internal combustion or gas-turbine equipment, report each as a separate plant. However, if a gas-turbine unit functions in a combined cycle operation with a conventional steam unit, include the gas-turbine with the steam plant.</p> <p>12. If a nuclear power generating plant, briefly explain by footnote (a) accounting method for cost of power generated including any excess costs attributed to research and development; (b) types of cost units used for the various components of fuel cost; and (c) any other informative data concerning plant type fuel used, fuel enrichment type and quantity for the report period and other physical and operating characteristics of plant.</p>

<b>Hydroelectric Generating Plant Statistics</b>				
<p>1. Large plants are hydro plants of 10,000 Kw or more of installed capacity (name plate ratings).  2. If any plant is leased, operated under a license from the Federal Energy Regulatory Commission, or operated as a joint facility, indicate such facts in a footnote. If licensed project, give project number.  3. If net peak demand for 60 minutes is not available, give that which is available specifying period.  4. If a group of employees attends more than one generating plant, report on line 11 the approximate average number of employees assignable to each plant.  5. The items under Cost of Plant represent accounts or combinations of accounts prescribed by the Uniform System of Accounts. Production Expenses do not include Purchased Power, System control and Load Dispatching, and Other Expenses classified as "Other Power Supply Expenses."  6. Report as a separate plant any plant equipped with combinations of steam, hydro, internal combustion engine, or gas turbine equipment.</p>

<b>Pumped Storage Generating Plant Statistics</b>				
<p>1. Large plants and pumped storage plants of 10,000 Kw or more of installed capacity (name plate ratings).</p> <p>2. If any plant is leased, operating under a license from the Federal Energy Regulatory Commission, or operated as a joint facility, indicate such facts in a footnote. Give project number.</p> <p>3. If net peak demand for 60 minutes is not available, give that which is available, specifying period.</p> <p>4. If a group of employees attends more than one generating plant, report on Line 8 the approximate average number of employees assignable to each plant.</p> <p>5. The items under Cost of Plant represent accounts or combinations of accounts prescribed by the Uniform System of Accounts. Production Expenses do not include Purchased Power System Control and Load Dispatching, and Other Expenses classified as "Other Power Supply Expenses."</p> <p>6. Pumping energy (Line 10) is that energy measured as input to the plant for pumping purposes.</p> <p>7. Include on Line 36 the cost of energy used in pumping into the storage reservoir. When this item cannot be accurately computed leave Lines 36, 37 and 38 blank and describe at the bottom of the schedule the company's principal sources of pumping power, the estimated amounts of energy from each station or other source that individually provides more than 10 percent of the total energy used for pumping, and production expenses per net MWH as reported herein for each source described. Group together stations and other resources which individually provide less than 10 percent of total pumping energy. If contracts are made with others to purchase power for pumping, give the supplier contract number, and date of contract.</p>

**GENERATING PLANT STATISTICS (Small Plants)**

- Small generating plants are steam plants of, less than 25,000 Kw; internal combustion and gas turbine-plants, conventional hydro plants and storage plants of less than 10,000 Kw installed capacity (name plate rating).
- Designate any plant leased from others, operated under a license from the Federal Energy Regulatory Commission, or operated as a joint f give a concise statement of the facts in a footnote. If licensed project, give project number in footnote.
- List plants appropriately under subheadings for steam, hydro, nuclear, internal combustion and gas turbine plants. For nuclear, see instruct 402.
- If net peak demand for 60 minutes is not available, give the which is available, specifying period.
- If any plant is equipped with combinations of steam, hydro internal combustion or gas turbine equipment, report each as a separate plant. If exhaust heat from the gas turbine is utilized in a steam turbine regenerative feed water cycle, or for preheated combustion air in a boiler, re plant.

**ENERGY STORAGE OPERATIONS**

1. Large Plants are plants of 10,000 Kw or more.
2. In columns (a) (b) and (c) report the name of the energy storage project, functional classification (Production, Transmission, Distribution), and location.
3. In column (d), report Megawatt hours (MWH) purchased, generated, or received in exchange transactions for storage.
4. In columns (e), (f) and (g) report MWHs delivered to the grid to support production, transmission and distribution. The amount reported in column (e) is the total MWHs delivered to the grid to support production, transmission and distribution. The amount reported in column (f) is the MWHs delivered to the grid to support transmission. The amount reported in column (g) is the MWHs delivered to the grid to support distribution.
5. In columns (h), (i), and (j) report MWHs lost during conversion, storage and discharge of energy.
6. In column (k) report the MWHs sold.
7. In column (l), report revenues from energy storage operations. In a footnote, disclose the revenue accounts and revenue amounts related to energy storage operations.
8. In column (m), report the cost of power purchased for storage operations and reported in Account 555.1, Power Purchased for Storage Operations. Report the cost of power purchased for storage operations associated with self-generated power included in Account 501 and other costs associated with self-generated power.
9. In columns (q), (r) and (s) report the total project plant costs including but not exclusive of land and land rights, structures and improvement purpose is to integrate or tie energy storage assets into the power grid, and any other costs associated with the energy storage project including but not exclusive of land and land rights, structures and improvement.

---	---	-------------------------------	---

**TRANSMISSION LINE STATISTICS:**

1. Report information concerning transmission lines, cost of lines, and expenses for year. List each transmission line having nominal voltage c voltage. If required by a State commission to report individual lines for all voltages, do so but do not group totals for each voltage under 132
2. Transmission lines include all lines covered by the definition of transmission system plant as given in the Uniform System of Accounts. Do r
3. Exclude from this page any transmission lines for which plant costs are included in Account 121, Nonutility Property.
4. Indicate whether the type of supporting structure reported in column (e) is: (1) single pole wood or steel; (2) H-frame wood, or steel poles; (;
5. Report in columns (f) and (g) the total pole miles of each transmission line. Show in column (f) the pole miles of line on structures the cost c the cost of which is reported for another line. Report pole miles of line on leased or partly owned structures in column (g). In a footnote, exp the expenses reported for the line designated.
6. Do not report the same transmission line structure twice. Report Lower voltage Lines and higher voltage lines as one line. Designate in a fo structures support lines of the same voltage, report the pole miles of the primary structure in column (f) and the pole miles of the other line(s
7. Designate any transmission line or portion thereof for which the respondent is not the sole owner. If such property is leased from another cc other than a leased line, or portion thereof, for which the respondent is not the sole owner but which the respondent operates or shares in th such matters as percent ownership by respondent in the line, name of co-owner, basis of sharing expenses of the Line, and how the expen: other party is an associated company.
8. Designate any transmission line leased to another company and give name of Lessee, date and terms of lease, annual rent for year, and h
9. Base the plant cost figures called for in columns (j) to (l) on the book cost at end of year.

Name of Respondent: Kentucky Power Company	This report is: (1) <input checked="" type="checkbox"/> An Original (2) <input type="checkbox"/> A Resubmission	Date of Report: 04/12/2023	Year/Period of Report End of: 2022/ Q4
---	---	-------------------------------	---

**TRANSMISSION LINES ADDED DURING YEAR**

1. Report below the information called for concerning Transmission lines added or altered during the year. It is not necessary to report minor r
2. Provide separate subheadings for overhead and under- ground construction and show each transmission line separately. If actual costs of ( columns (l) to (o), it is permissible to report in these columns the costs. Designate, however, if estimated amounts are reported. Include cos in column (l) with appropriate footnote, and costs of Underground Conduit in column (m).
3. If design voltage differs from operating voltage, indicate such fact by footnote; also where line is other than 60 cycle, 3 phase, indicate such

**SUBSTATIONS**

- Report below the information called for concerning substations of the respondent as of the end of the year.
- Substations which serve only one industrial or street railway customer should not be listed below.
- Substations with capacities of Less than 10 MVA except those serving customers with energy for resale, may be grouped according to function be shown.
- Indicate in column (b) the functional character of each substation, designating whether transmission or distribution and whether attended or to function the capacities reported for the individual stations in column (f).
- Show in columns (l), (j), and (k) special equipment such as rotary converters, rectifiers, condensers, etc. and auxiliary equipment for increase.
- Designate substations or major items of equipment leased from others, jointly owned with others, or operated otherwise than by reason of special equipment operated under lease, give name of lessor, date and period of lease, and annual rent. For any substation or equipment operated name of co-owner or other party, explain basis of sharing expenses or other accounting between the parties, and state amounts and accounts each case whether lessor, co-owner, or other party is an associated company.

NOT A NEW ISSUE - BOOK ENTRY ONLY

On June 26, 2014, Squire Patton Boggs (US) LLP, Bond Counsel, delivered its opinion that, under existing law (i) assuming continuing compliance with certain covenants and the accuracy of certain representations, interest on the Bonds would be excluded from gross income for federal income tax purposes, except interest on any Bond for any period during which it is held by a “substantial user” or a “related person,” as those terms are used in Section 147(a) of the Internal Revenue Code of 1986, as amended (the “Code”), (ii) interest on the Bonds would be an item of tax preference under Section 57 of the Code for purposes of the federal alternative minimum tax imposed on individuals and corporations, and (iii) the Bonds, and all interest and income thereon, would be exempt from all taxation by the State of West Virginia and any county, municipality, political subdivision or agency thereof, except inheritance taxes. Interest on the Bonds may be subject to certain federal taxes imposed only on certain corporations. See TAX EXEMPTION. The form of such opinion is included in Appendix B-1 to this Reoffering Circular. Bond Counsel’s opinion spoke only as of its date. In connection with the proposed change in interest rate Determination Method from the current Long-Term Interest Rate to a new Long-Term Interest Rate, Bond Counsel is rendering its opinion that such change will not, by itself, adversely affect the exclusion from gross income of interest on the Bonds for federal income tax purposes, and is permitted under the Act and by the Indenture. The proposed form of such opinion is included in Appendix B-2 to this Reoffering Circular. For further information, including information on the status of interest on the Bonds for purposes of the Federal alternative minimum tax under current law, see TAX EXEMPTION herein.

**\$65,000,000**  
**West Virginia Economic Development Authority**  
**Solid Waste Disposal Facilities Revenue Refunding Bonds**  
**(Kentucky Power Company – Mitchell Project),**  
**Series 2014A**

Dated date: June 26, 2014

Due: April 1, 2036

The Series 2014A Bonds (the “Bonds”) are limited obligations of the West Virginia Economic Development Authority (the “Issuer”), and do not constitute an indebtedness or a charge against the general credit of the Issuer or the State of West Virginia. The Bonds are payable solely from, and secured by a pledge of, the loan repayments under a note issued under the terms of a Loan Agreement (the “Agreement”) between the Issuer and

**KENTUCKY POWER COMPANY**

Commencing June 20, 2023, the Bonds will bear interest at the rate of 4.70% per annum to, but not including, June 17, 2026, the date on which they are subject to mandatory tender for purchase. The failure to pay the purchase price on the mandatory tender date is an Event of Default under the Indenture. Interest on the Bonds will be payable semi-annually in arrears, commencing on December 1, 2023 and on each June 1 and December 1 of each year thereafter, and also the date on which the Bonds are subject to mandatory tender for purchase. Prior to June 17, 2026 the Bonds will not be subject to optional redemption but will be subject to extraordinary optional redemption and extraordinary mandatory redemption as described under *THE BONDS – Redemption*.

The Bonds will be reoffered as fully registered bonds and will be registered initially in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company, New York, New York (“DTC”). DTC acts as a securities depository for the Bonds. The Bonds will be issued in denominations of \$5,000 or any integral multiple thereof. Except under the limited circumstances described herein, Beneficial Owners of book-entry interests in the Bonds will not receive certificates representing their ownership interests. Payments of principal or purchase price of and premium, if any, and interest on the Bonds will be made through DTC and disbursements of such payments to Beneficial Owners will be the responsibility of DTC and its Participants (see *THE BONDS – Book-Entry Only System* herein). KeyBanc Capital Markets Inc. (the “Remarketing Agent”) will act as the remarketing agent for the Company and reoffer the Bonds. The Bank of New York Mellon Trust Company, N.A. will act as Trustee for the Bonds.

**PRICE: 100%**

This cover page contains limited information for quick reference only and is not a summary of this Reoffering Circular. Investors should read the entire Reoffering Circular to obtain information essential to the making of an informed investment decision.

The Bonds are reoffered by the Remarketing Agent subject to the receipt of an opinion of Squire Patton Boggs (US) LLP, as described herein, and certain other conditions. Certain legal matters, other than the validity of the Bonds and the exclusion from gross income for Federal income tax purposes of interest thereon, will be passed on for the Remarketing Agent by its counsel, Hunton Andrews Kurth LLP, New York, New York, and for the Company by its internal counsel. Delivery of the Bonds in book-entry-only form is expected on or about June 20, 2023, through the facilities of DTC in New York, New York, against payment therefor.

No person has been authorized to give any information or to make any representations other than those contained in this Reoffering Circular in connection with the offer made hereby and, if given or made, such information or representations must not be relied upon as having been authorized by the Issuer, the Company or the Remarketing Agent. Neither the delivery of this Reoffering Circular nor any sale hereunder shall under any circumstances create any implication that there has been no change in the affairs of the Issuer or the Company since the date hereof. This Reoffering Circular does not constitute an offer or solicitation in any jurisdiction in which such offer or solicitation is not authorized, or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation. The Issuer neither has nor assumes any responsibility as to the accuracy or completeness of the information in this Reoffering Circular, all of which has been furnished by others, other than information under *THE ISSUER*.

The Remarketing Agent has provided the following sentence for inclusion in this Reoffering Circular. The Remarketing Agent has reviewed the information in this Reoffering Circular in accordance with, and as a part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Remarketing Agent does not guarantee the accuracy or completeness of such information. This Reoffering Circular is submitted in connection with the sale of the securities referenced herein, and may not be reproduced or be used, in whole or in part, for any other purpose. The delivery of this Reoffering Circular at any time does not imply that the information is correct as of any time subsequent to its date.

CERTAIN PERSONS PARTICIPATING IN THIS REOFFERING MAY ENGAGE IN TRANSACTIONS THAT STABILIZE, MAINTAIN OR OTHERWISE AFFECT THE PRICE OF THE BONDS, INCLUDING ENTERING STABILIZING BIDS. FOR A DESCRIPTION OF THESE ACTIVITIES, SEE *REMARKETING* HEREIN.

**IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE ISSUER, THE COMPANY AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED, AND MAKE AN INDEPENDENT DECISION WHETHER THE OFFERING MEETS THE INVESTOR’S INVESTMENT OBJECTIVES AND FINANCIAL RISK TOLERANCE. THESE SECURITIES HAVE NOT BEEN APPROVED, DISAPPROVED, ENDORSED OR RECOMMENDED BY ANY FEDERAL OR STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES, INCLUDING, WITHOUT LIMITATION, THE WEST VIRGINIA SECURITIES COMMISSION, HAVE NOT REVIEWED THIS REOFFERING CIRCULAR OR CONFIRMED THE ACCURACY OR TRUTHFULNESS OR DETERMINED THE ADEQUACY OF THIS REOFFERING CIRCULAR. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE. THE ISSUER IS RELYING ON AN EXEMPTION FROM REGISTRATION BY QUALIFICATION UNDER THE WEST VIRGINIA SECURITIES ACT. IMPORTANT RISK FACTORS ARE EXPLAINED IN APPENDIX A UNDER “RISK FACTORS.”**

**West Virginia Economic Development Authority**  
**Solid Waste Disposal Facilities Revenue Refunding Bonds**  
**(Kentucky Power Company - Mitchell Project),**  
**Series 2014A**

**INTRODUCTORY STATEMENT**

This Reoffering Circular, including the Appendices hereto, is provided to furnish certain information in connection with the reoffering by the West Virginia Economic Development Authority, a body politic and corporate of the State of West Virginia (“Issuer”) of its Solid Waste Disposal Facilities Revenue Refunding Bonds (Kentucky Power Company - Mitchell Project) Series 2014A, in the aggregate principal amount of \$65,000,000 (the “Bonds”). The Issuer neither has nor assumes any responsibility as to the accuracy or completeness of the information in this Reoffering Circular, all of which has been furnished by others, other than the information pertaining to the Issuer under *THE ISSUER*.

The Bonds were issued under and pursuant to a resolution of the Issuer adopted on March 20, 2014 (“Resolution”) and an Indenture of Trust, dated as of June 15, 2014, as heretofore supplemented and amended (“Indenture”), between the Issuer and The Bank of New York Mellon Trust Company, N.A., as trustee (in such capacity, the “Trustee”). Capitalized terms used herein and not otherwise defined shall have the meanings given to them in the Indenture.

Pursuant to a Loan Agreement, dated as of June 15, 2014 (“Agreement”), between the Issuer and Kentucky Power Company (“Company”), the Issuer loaned to the Company the proceeds of the Bonds to be used to provide funds to refund or to pay at redemption the Issuer’s Solid Waste Disposal Facilities Revenue Refunding Bonds (Ohio Power Company – Mitchell Project) Series 2008A, the proceeds of which having been used to provide funds to finance the cost of acquisition, construction and improvement of solid waste disposal facilities (the “Project”), or portions thereof, designed for the disposal of solid waste at the Mitchell Generating Station located near Moundsville, West Virginia (the “Plant”).

In order to evidence the loan from the Issuer (the “Loan”) and to provide for its repayment, the Company issued a nonnegotiable promissory note (the “Note”) pursuant to the Agreement. Payments required under the Note will be sufficient, together with any other funds on deposit in the Bond Fund (hereinafter described) under the Indenture, to pay the principal of and premium, if any, and interest on the Bonds and to make or provide for payments to the Trustee equal to 100% of the principal amount of the Bonds plus accrued interest, if any, upon tender thereof (“Purchase Price”). The Bonds are not otherwise secured by a mortgage on, or security interest in, any of the Project or any other property of the Company.

The Bonds are special obligations of the Issuer, and are paid solely from, and are secured by a pledge of, payments to be made to the Issuer under the terms of the Agreement. See *THE BONDS – Security*.

The Bonds will mature and become due and payable, together with any accrued and unpaid interest, on April 1, 2036. The Bonds will bear interest for a Long-Term Interest Rate Period at the rate of 4.70% per year, from June 20, 2023 to, but not including, June 17, 2026. Interest on

the Bonds will be payable semi-annually in arrears, commencing on December 1, 2023 and on each June 1 and December 1 of each year thereafter, and also the date on which the Bonds are subject to mandatory tender for purchase. The Bonds are subject to mandatory tender for purchase on June 17, 2026. The failure to pay the purchase price on the mandatory tender date is an Event of Default under the Indenture.

The Bonds will be issued in authorized denominations of \$5,000 or any integral multiple thereof and are held by The Depository Trust Company (“DTC”), or its nominee, as securities depository with respect to the Bonds. See *THE BONDS – Book-Entry Only System*.

Brief descriptions of the Issuer, the Project, the Bonds, the Agreement and the Indenture are included in this Reoffering Circular. Information regarding the business, properties and financial condition of the Company is included or incorporated by reference in Appendix A attached hereto. The form of opinion Bond Counsel delivered upon the original issuance of the Bonds is set forth in Appendix B-1 hereto and the proposed form of opinion to be delivered by Bond Counsel upon conversion of the interest rate on the Bonds is set forth in Appendix B-2 hereto. The descriptions herein of the Agreement and the Indenture are qualified in their entirety by reference to such documents, and the description herein of the Bonds is qualified in its entirety by reference to the form thereof and the information with respect thereto included in the aforesaid documents. All such descriptions are further qualified in their entirety by reference to laws and principles of equity relating to or affecting generally the enforcement of creditors’ rights. Copies of such documents may be obtained from the Company.

This Reoffering Circular describes the Bonds only while the Bonds are in the Long-Term Interest Rate Period commencing June 20, 2023 and ending June 17, 2026.

### **THE ISSUER**

The West Virginia Economic Development Authority, empowered and authorized pursuant to Chapter 31, Article 15, Section 1, et. seq. of the Code of West Virginia, 1931, as amended (the “Act”), is a body corporate and politic, constituting a public corporation and government instrumentality of the State of West Virginia, with the power to borrow money and issue its bonds and other debt instruments for any of its purposes, and to finance making loans to finance any project to private corporations. Such projects include solid waste disposal facilities. The Issuer has no taxing power.

THE BONDS SHALL NOT CONSTITUTE A DEBT OR A PLEDGE OF THE FAITH AND CREDIT OR TAXING POWER OF THE STATE OF WEST VIRGINIA OR OF ANY COUNTY, MUNICIPALITY OR ANY OTHER POLITICAL SUBDIVISION OF THE STATE OF WEST VIRGINIA, AND THE HOLDERS AND OWNERS THEREOF SHALL HAVE NO RIGHT TO HAVE TAXES LEVIED BY THE LEGISLATURE OF THE STATE OF WEST VIRGINIA OR THE TAXING AUTHORITY OF ANY COUNTY, MUNICIPALITY OR ANY OTHER POLITICAL SUBDIVISION OF THE STATE OF WEST VIRGINIA FOR THE PAYMENT OF THE PRINCIPAL OF, INTEREST ON OR PURCHASE PRICE OF THE BONDS, BUT SHALL BE PAYABLE SOLELY FROM REVENUES AND FUNDS PLEDGED FOR ITS PAYMENT AS AUTHORIZED BY THE ACT.

## THE PROJECT

The Project consists of various systems which are designed for the disposal of solid wastes resulting from the operation of the Plant. The solid waste disposal facilities are comprised of the portion of the flue gas desulfurization system (the “FGD System”) constructed with respect to the two 800 megawatt units at the Plant that relates to the disposal of solid waste generated as part of the FGD System.

## THE BONDS

### General

The Bonds were issued in fully registered form only in the aggregate amount set forth on the cover page hereof. The Bonds are dated as of their date of issuance and bear interest from such date. The Bonds will mature and become due and payable, together with any accrued and unpaid interest, on April 1, 2036. For the period beginning June 20, 2023 to, but not including, June 17, 2026, the Bonds will bear interest at a Long-Term Interest Rate of 4.70% per annum. Interest on the Bonds will be payable semi-annually in arrears, commencing on December 1, 2023 and on each June 1 and December 1 of each year thereafter, and also the date on which the Bonds are subject to mandatory tender for purchase. The Bonds are subject to mandatory tender for purchase on June 17, 2026.

During the Long-Term Interest Rate Period commencing June 20, 2023 and ending June 17, 2026, the Company may not change the Interest Rate Determination Method. The Bonds may subsequently be converted to bear interest at a Daily Rate, Two-Day Rate, Weekly Rate, Commercial Paper Rate, Index-Based Rate, Auction Mode Rate or another Long-Term Interest Rate. THIS REOFFERING CIRCULAR DESCRIBES THE TERMS AND CONDITIONS OF THE BONDS, THE AGREEMENT AND THE INDENTURE ONLY WHILE THE BONDS ARE IN THE LONG-TERM INTEREST RATE PERIOD COMMENCING JUNE 20, 2023 AND ENDING JUNE 17, 2026.

Beneficial interests in the Bonds have been issued pursuant to a Book-Entry Only System (“Book-Entry Only System”) maintained by The Depository Trust Company, New York, New York (“DTC”), as described below under the caption *Book-Entry Only System*. Under the Indenture, the Trustee and the Issuer may appoint a successor securities depository to DTC. (DTC, together with any such successor securities depository, is hereinafter referred to as the “Securities Depository”). The following information is subject in its entirety to the provisions described below under the caption *Book-Entry Only System* while the Bonds are in the Book-Entry Only System.

## **Form and Denomination of Bonds; Payments on the Bonds**

### General

The Bonds have been issued only as fully registered bonds, without coupons, in denominations of \$5,000 or any integral multiple thereof. The Bonds are registered in the name of Cede & Co., as registered owner and nominee of DTC. DTC acts as securities depository for the Bonds and individual purchases of Bonds may be made in book-entry form only. So long as the Bonds are in book-entry only form, purchasers of Bonds will not receive certificates representing their interest in the Bonds purchased. So long as Cede & Co. is the registered owner of the Bonds, as nominee of DTC, references herein to the Bondholders or registered owners or holder shall mean Cede & Co., and shall not mean the Beneficial Owners (as defined below) of the Bonds.

So long as Cede & Co. is the registered owner of the Bonds, principal of, premium, if any, and interest on the Bonds are payable to Cede & Co., as nominee for DTC, which will, in turn, remit such amounts to the DTC Participants (as defined below) for subsequent disbursement to the Beneficial Owners. See – *Book-Entry Only System* below.

The Bank of New York Mellon Trust Company, N.A. has been appointed as Trustee under the Indenture. The designated office of the Trustee is located, initially, in New Albany, Ohio. The Company and its affiliates maintain banking relationships with The Bank of New York Mellon Trust Company, N.A. and its affiliates. The Bank of New York Mellon Trust Company, N.A. and its affiliates serve as trustee under various indentures with, or for the benefit of, the Company and its affiliates.

Neither the Issuer nor the Trustee shall be required to make any transfer or exchange of any Bond during the ten Business Days prior to the mailing of a notice of Bonds selected for redemption or, with respect to a Bond, after such Bond or any portion thereof has been selected for redemption. Registration of transfers and exchanges shall be made without charge to the Bondholders, except that any required taxes or other governmental charges shall be paid by the Bondholder requesting registration of transfer or exchange.

### Interest

Each payment of interest shall include interest accrued through the day before such interest payment date. Interest on the Bonds will be computed on the basis of a 360-day year consisting of twelve 30-day months.

All payments of interest on the Bonds will be paid to the registered owner thereof whose name appears in the bond register kept by the Trustee as of the close of business on the Record Date (as defined below) by check mailed on the interest payment date, provided that any registered owner of \$1,000,000 or more in aggregate principal amount of the Bonds may, upon written request given to the Trustee at least two Business Days (as defined below) prior to an interest payment date designating an account in a domestic bank, be paid by wire transfer of immediately available funds. If any payment on the Bonds is due on a non-Business Day, it will be made on the next Business Day and no interest will accrue as a result.

“Business Day” means any day other than a Saturday or Sunday or other than a day on which commercial banks in New York, New York or the city in which the designated corporate trust office of the Trustee is located are required or authorized by law to close or other than a day on which the New York Stock Exchange is closed.

“Record Date” means the fifteenth day of the calendar month preceding the relevant interest payment date.

### **Security**

The Bonds are special obligations of the Issuer, the principal of and premium, if any, and interest on which are payable solely from, and secured by a pledge of, the Loan Payments to be made by the Company under the Agreement. In addition, the Company is obligated to pay the Purchase Price with respect to the Bonds. The pledge does not extend to funds to which the Trustee is entitled in its own right as fees, reimbursement, indemnity or otherwise. The Bonds are not secured by a mortgage or security interest in the Project or any other property of the Company.

### **Mandatory Tender**

The Purchase Price will be payable upon mandatory tender of the Bonds on June 17, 2026. The Company is obligated to pay the Purchase Price of Bonds tendered to the extent that remarketing proceeds are not available to pay such Purchase Price. No other source of payment of such Purchase Price is being provided.

### **Redemption**

The Bonds are subject to redemption as described below:

Optional Redemption. Except as described under the caption *Extraordinary Optional Redemption*, the Bonds are not redeemable at the option of the Issuer or the Company prior to June 17, 2026.

Extraordinary Optional Redemption. The Bonds are subject to redemption in whole or in part on any date at a redemption price equal to the aggregate principal amount of the outstanding Bonds plus accrued interest thereon to the redemption date, without premium, upon receipt by the Trustee of a direction from the Company stating that any of the following events has occurred:

- (a) The Project or the Plant shall have been damaged or destroyed to such an extent that the Company deems it not practical or desirable to rebuild, repair or restore the Project or the Plant, as the case may be.
- (b) Title to, or the temporary use of, all or a significant part of the Project or the Plant shall have been taken under the exercise of the power of eminent domain so as to render the Project unsatisfactory to the Company for its intended purpose.
- (c) As a result of any changes in the Constitution of the State, the Constitution of the United States of America or any state or federal laws or as a result of legislative or administrative action (whether state or federal) or by final decree, judgment or order

of any court or administrative body (whether state or federal) entered after any contest thereof by the Issuer or the Company in good faith, the Agreement shall have become void or unenforceable or impossible of performance in accordance with the intent and purpose of the parties as expressed in the Agreement.

- (d) Unreasonable burdens or excessive liabilities shall have been imposed upon the Issuer or the Company with respect to the Project or the Plant or the operation thereof, including, without limitation, the imposition of federal, state or other ad valorem, property, income or other taxes not being imposed on the date of the Agreement.
- (e) Changes in the economic availability of raw materials, operating supplies, energy sources or supplies or facilities (including, but not limited to, facilities in connection with the disposal of industrial wastes) necessary for the operation of the Project or the Plant occur or technological or other changes occur which in the Company's reasonable judgment render the Project or the Plant uneconomic or obsolete.
- (f) Any court or administrative body shall enter a judgment, order or decree, or shall take administrative action, requiring the Company to cease all or any substantial part of its operations served by the Project or the Plant to such extent that the Company is or will be prevented from carrying on its normal operations at the Project or the Plant for a period of six consecutive months.
- (g) The termination by the Company of operations at the Plant.

Extraordinary Mandatory Redemption. The Bonds are subject to mandatory redemption at any time, in whole, or in part if such partial redemption will preserve the exemption from federal income taxation of interest on the remaining outstanding Bonds, at a redemption price equal to the principal amount thereof together with unpaid interest accrued to the date fixed for redemption, and without premium, if (a) a final decree or judgment of any federal court, in which the Company participates to the extent it deems sufficient, or (b) a final action by the Internal Revenue Service, in proceedings in which the Company participates to the extent it deems sufficient, determines that the interest paid or payable on Bonds to a person, other than, as provided in Section 147(a) of the Code, a "substantial user" of the Project or a "related person", is or was includable in the gross income of the owner thereof for federal income tax purposes under the Code, as a result of the failure by the Company to observe or perform any covenant, condition or agreement on its part to be observed or performed under the Agreement or the inaccuracy of any representation by the Company under the Agreement or receipt by the Company of an Opinion of Tax Counsel to such effect obtained by the Company and rendered at the request of the Company; provided, however, that no decree or judgment by any court or action by the Internal Revenue Service shall be considered final unless the Bondholder or Beneficial Owner involved in such proceeding or action (i) gives the Company and the Trustee prompt written notice of the commencement thereof and (ii) if the Company agrees to pay all expenses in connection therewith and to indemnify such Bondholder or Beneficial Owner against all liabilities in connection therewith, offers the Company the opportunity to control the defense thereof. Any such redemption shall be made on a date determined by the Trustee not more than 180 days after the date of such final decree, judgment or

action. The Trustee shall give the Issuer and the Company not less than 45 days written notice of such date.

Notice of Redemption. At least 30 days before each redemption, the Trustee will mail a notice of redemption by first-class mail to each Bondholder with Bonds to be redeemed at such holder's registered address. Failure to give any required notice of redemption as to any particular Bonds, or any defect therein, will not affect the validity of the call for redemption of any Bonds in respect of which no failure or defect occurs. Any notice mailed as provided in this paragraph shall be effective when sent and will be conclusively presumed to have been given whether or not actually received by the addressee.

The notice shall identify the Bonds to be redeemed and shall state (1) the redemption date (and, if the Bonds provide that accrued interest will not be paid on the redemption date, the date it will be paid), (2) the redemption price, (3) that the Bonds called for redemption must be surrendered to collect the redemption price, (4) the address at which the Bonds must be surrendered and (5) that interest on the Bonds called for redemption ceases to accrue on the redemption date.

With respect to an optional redemption of any Bonds, unless moneys sufficient to pay the principal of, premium, if any, and interest on the Bonds to be redeemed shall have been received by the Trustee prior to the giving of such notice of redemption, such notice may state that said redemption shall be conditional upon the receipt of such moneys by the Trustee on or prior to the date fixed for redemption. If such moneys are not received, such notice shall be of no force and effect, the Issuer shall not redeem such Bonds, the redemption price shall not be due and payable and the Trustee shall give notice, in the same manner in which the notice of redemption was given, that such moneys were not so received and that such Bonds will not be redeemed.

When notice is required and given, Bonds called for redemption become due and payable on the redemption date; in such case when funds are deposited with the Trustee sufficient for redemption, interest on the Bonds to be redeemed ceases to accrue as of the date of redemption.

### **Book-Entry Only System**

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing

Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The DTC Rules applicable to its Participants are on file with the SEC. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com). The contents of such website do not constitute a part of this Reoffering Circular.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bonds documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to us as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct

Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and distributions on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or the Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with Bonds held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and distributions to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is our responsibility, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Bonds purchased or tendered, through its Participant, to the Tender/Remarketing Agent, and shall effect delivery of such Bonds by causing the Direct Participant to transfer the Participant's interest in the Bonds, on DTC's records, to the Tender/Remarketing Agent. The requirement for physical delivery of the Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Bonds to the Tender/Remarketing Agent's DTC account.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Issuer or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The Issuer may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Issuer, the Company, the Trustee and the Remarketing Agent believe to be reliable, but none of the Issuer, the Company, the Trustee or the Remarketing Agent take responsibility for the accuracy thereof.

NONE OF THE ISSUER, THE COMPANY, THE TRUSTEE OR THE REMARKETING AGENT (OTHER THAN IN ITS CAPACITY, IF ANY, AS A DIRECT PARTICIPANT OR INDIRECT PARTICIPANT) WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS, OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES, WITH RESPECT TO THE PAYMENTS TO OR THE PROVIDING OF NOTICE FOR THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS, OR THE BENEFICIAL OWNERS OF THE CERTIFICATES.

## **THE AGREEMENT**

*In addition to the description of certain provisions of the Agreement contained elsewhere herein, the following is a brief summary of certain provisions of the Agreement and does not purport to be comprehensive or definitive. All references herein to the Agreement are qualified in their entirety by reference to the Agreement for the detailed provisions thereof.*

### **Use of Bond Proceeds**

The Issuer loaned the proceeds of the original sale of the Bonds to the Company in accordance with the Agreement and the Indenture.

### **Repayment of Loan**

In order to evidence the Loan and the Company's obligation to repay the same, the Company issued the Note in the same principal amount as the Bonds and having the same stated maturity and interest rate. Pursuant to the Note, the Company will pay to the Trustee, as assignee of the Issuer, amounts to fund payments on the Bonds in such amounts which, together with other moneys available therefor in the Bond Fund or the Purchase Fund created under the Indenture, will be sufficient to pay when due the principal of, premium, if any, and interest on and Purchase Price for the outstanding Bonds as they shall mature, be redeemed, be purchased or deemed purchased or otherwise become due as provided in the Indenture.

The payment obligations of the Company under the Note are absolute and unconditional, and the Company will make such payments free of any deductions and without abatement, diminution or setoff. In the event that the Company fails to make any such payments, the payment so in default will continue as an obligation of the Company until the amount in default has been fully paid.

### **Other Payments Under The Agreement**

In addition to the payments under the Note, the Company agreed to pay certain costs and expenses of the Issuer and the Trustee in connection with the Bonds and to indemnify such parties against certain liabilities arising in connection with the sale of the Bonds and the execution and delivery of the related bond documents.

### **Pledge**

The Issuer assigned to the Trustee a security interest in all rights, title and interest in, to and under the Note and the Agreement and all amounts payable thereunder (except for certain payments under the Agreement in respect of indemnification and certain fees and expenses). The Company assented to such assignment and agreed that, as to the Trustee, its obligation to make payments will be absolute and not subject to any defense or any right of set-off, counterclaim or recoupment arising out of any breach by the Issuer or the Trustee of any obligation to the Company.

### **Corporate Existence**

The Company will maintain its legal existence and will not sell its properties as an entirety or substantially as an entirety or consolidate with or merge into another entity or permit one or

more other entities to consolidate with or merge into it, unless the successor corporation or transferee resulting from any such consolidation, merger, sale or transfer shall assume all obligations of the Company arising under or contemplated by the Agreement, the Note and the Indenture. No further consolidation, merger or sale or other transfer shall be made except in compliance with those provisions.

### **Assignment of the Agreement**

The Agreement may be assigned in whole or in part by the Company only with the consent of the Issuer, subject to the following conditions: (a) no assignment will relieve the Company from primary liability for any of its obligations under the Agreement; (b) any assignment by the Company must retain for the Company such rights and interests to permit it to perform its remaining obligations under the Agreement, and any assignee from the Company shall assume the obligations of the Company hereunder to the extent of the interest assigned; (c) the Company will, within 30 days after the execution thereof, furnish or cause to be furnished to the Issuer and the Trustee a true and complete copy of each assignment together with any instrument of assumption; and (d) any assignment from the Company will not materially impair fulfillment of the purposes of the Project to be accomplished by operation of the Project as provided in the Agreement.

### **Events of Default and Remedies**

The Agreement provides that the occurrence of one or more of the following events will constitute an “Event of Default:”

- (a) The failure to pay any Loan Payment, or pay any payment required to be made to pay the Purchase Price, when due;
- (b) The occurrence of an Event of Default described in paragraph (a), (b) or (c) under *THE INDENTURE—Events of Defaults and Remedies*;
- (c) Failure by the Company to observe and perform any other agreement, term or condition under the Agreement, other than such failure which will result in an event of default described in (a) or (b) above, which continues for a period of 90 days after notice to the Company by the Issuer or the Trustee or such longer period as the Issuer and the Trustee may agree to in writing; *provided* that the failure shall not constitute an Event of Default if the Company institutes curative action within the applicable period and diligently pursues that action to completion;
- (d) Any representation or warranty under the Agreement shall not have been true in all material respects when made; and
- (e) Certain events relating to bankruptcy, insolvency or reorganization of the Company.

A failure by the Company described in subparagraph (c) above is not a default under that subparagraph if it occurs by reason of certain courses, circumstances and events of force majeure specified in the Agreement that are not reasonably within the control of the Company.

Whenever any Event of Default under the Agreement has happened and is subsisting, the Issuer or the Trustee may take either or both of the following remedial steps:

- (a) Inspect, examine and make copies of the books, records, accounts and financial data of the Company, only, however, insofar as they pertain to the Project; and
- (b) Pursue all remedies to recover all amounts then due and thereafter to become due under the Agreement and the Note, or to enforce the performance and observance of any other obligation or agreement of the Company under those instruments.

Any amounts collected as Loan Payments or applicable to Loan Payments and any other amounts which would be applicable to payment of Bond Service Charges collected pursuant to action taken as provided above shall be paid into the Bond Fund and applied in accordance with the provisions of the Indenture or, if the outstanding Bonds have been paid and discharged in accordance with the provisions of the Indenture, shall be paid as provided in the Indenture for transfers of remaining amounts in the Bond Fund.

#### **Certain Covenants Regarding Arbitrage and Tax Exemption**

The Issuer and the Company have agreed not to knowingly take any action or omit to take any action, which would result in a loss of the exemption from federal income taxation of interest on the Bonds by virtue of the Bonds being considered “arbitrage bonds” within the meaning of Section 148 of the Code.

The Issuer and the Company have agreed that they will not take any action, cause any action to be taken, omit to take any action or cause any omission to occur which would cause the interest on the Bonds to become includable in gross income of the recipients thereof for purposes of federal income taxation.

#### **Amendments to the Agreement**

The Indenture provides that the Agreement may be amended without the consent of or notice to the owners of the Bonds only as may be required or permitted (i) by the provisions of the Agreement or the Indenture or for the purposes for which the Indenture may be amended or supplemented without the consent of the owners, (ii) for the purpose of curing any ambiguity or formal defect or omission in the Agreement or (iii) in connection with any other change therein which, in the judgment of the Trustee, is not to the prejudice of the Trustee or the owners of the Bonds. Any other amendments to the Agreement may be made only with the written approval or consent of the owners of not less than a majority in aggregate principal amount of the Bonds outstanding. An Opinion of Tax Counsel to the effect that such action is permitted under the Act and the Indenture and will not adversely affect the exclusion from gross income of interest on the Bonds for federal income tax purposes (a “Favorable Opinion of Tax Counsel”) is required for any amendment to the Agreement.

## THE INDENTURE

*In addition to the description of certain provisions of the Indenture contained elsewhere herein, the following is a brief summary of certain provisions of the Indenture and does not purport to be comprehensive or definitive. All references herein to the Indenture are qualified in their entirety by reference to the Indenture for the detailed provisions thereof.*

### **Pledge and Security**

Pursuant to the Indenture, the payments to be made by the Company under the Agreement and the Note have been assigned by the Issuer to the Trustee to secure the payment, when due, of the principal of, and premium, if any, and interest on, the Bonds. The Issuer has mortgaged, pledged and granted a security interest to the Trustee all right, title and interest of the Issuer in and to (i) the Revenues, including without limitation, all Loan Payments and all other amounts receivable by the Issuer under the Agreement in respect of repayment of the loan and (ii) the Note and the Agreement (except certain rights to the payment of its costs and expenses, to indemnification and to enforce certain covenants of the Company); provided, that the Trustee, in case of an acceleration of the Bonds, will have a prior claim on the Bond Fund for the payment of its compensation and expenses.

### **Bond Fund**

Payments made by the Company under the Agreement with respect to the Bonds and certain other amounts specified in the Indenture will be deposited in the Bond Fund. The Trustee will apply money contained in the accounts described below maintained within the Bond Fund as follows:

- (a) Interest Account. The Trustee, on each Interest Payment Date, will withdraw and apply from moneys on deposit in the Interest Account an amount sufficient to pay interest on the outstanding Bonds on such Interest Payment Date.
- (b) Principal Account. The Trustee, on each Principal Payment Date (as defined in the Indenture), will withdraw and apply from moneys on deposit in the Principal Account, an amount equal to the principal becoming due on the Bonds on such Principal Payment Date (other than a redemption date). Money in such Principal Account will be used and withdrawn by the Trustee on each Principal Payment Date solely for the payment of the principal of outstanding Bonds.
- (c) Redemption Account. The Trustee, on or before each redemption date, will withdraw and apply from moneys on deposit in the Redemption Account amounts required to pay the principal of and premium, if any, and accrued interest on Bonds to be redeemed prior to their stated maturity. Money in such Redemption Account will be used and withdrawn by the Trustee on each redemption date solely for the payment of the principal of and premium, if any, and accrued interest on outstanding Bonds upon the redemption thereof prior to their stated maturity.

Monies held in the Bond Fund shall be shall be invested and reinvested by the Trustee as provided in the Indenture, including, if directed by the Company, in Permitted Investments.

## **Purchase Fund**

The Trustee will apply money contained in the accounts described below maintained within the Purchase Fund as follows:

*Remarketing Proceeds Account.* Upon receipt of the proceeds of a remarketing of Bonds on a purchase date, the Trustee will directly deposit such proceeds, and will deposit only such proceeds, in the Remarketing Proceeds Account for application to the Purchase Price of the Bonds. Neither the Issuer nor the Company will have any interest in the Remarketing Proceeds Account.

*Company Purchase Account.* Upon receipt of immediately available funds provided to the Trustee by the Company pursuant to the Indenture, the Trustee shall directly deposit such money, and shall deposit only such money, in the Company Purchase Account for application to the Purchase Price of the Bonds. Any amounts deposited in the Company Purchase Account and determined by the Trustee to be not needed with respect to any purchase date for the payment of the Purchase Price for any Bonds shall be promptly returned following such determination to the Company.

## **Events of Default and Remedies**

The following events are Events of Default under the Indenture:

- (a) Default in the due and punctual payment of interest on any Bond;
- (b) Default in the due and punctual payment of the principal of, or premium, if any, on any Bond, whether at the stated maturity thereof, or upon unconditional proceedings for redemption thereof;
- (c) Default in the due and punctual payment of the Purchase Price of any Bond required to be purchased in accordance with its terms;
- (d) Default in the performance or observance of any other of the covenants, agreements or conditions on the part of the Issuer in the Indenture or in the Bonds, continuing 30 days after delivery of notice thereof; or
- (e) The occurrence and continuance of an event of default under the Agreement as described under *THE AGREEMENT – Events of Default and Remedies*.

Upon the occurrence and continuance of an Event of Default above the Trustee may, and upon the written request of the owners of at least 25% in aggregate principal amount of the Bonds then outstanding shall, declare the principal of and accrued interest on the outstanding Bonds to be due and payable immediately. Upon any such declaration, the principal of and accrued interest on the outstanding Bonds shall be due and payable immediately.

The Trustee may rescind an acceleration of the Bonds and its consequences if (1) all payment defaults with respect to the Bonds have been cured and all reasonable fees and charges of the Trustee, including reasonable attorneys' fees, have been paid, and (2) the Bondholders have

not been notified of the acceleration. Except as provided above, the Trustee will not declare the Bonds to be due and payable.

If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy by proceeding at law or in equity to collect the principal of and premium, if any, or interest on the Bonds or to enforce the performance of any provision of the Bonds or the Indenture.

A majority in aggregate principal amount of the outstanding Bonds by notice to the Trustee may waive an existing Event of Default and its consequences. When an Event of Default is waived, it is cured and stops continuing, but no such waiver will extend to any subsequent or other Event of Default or impair any right consequent to it.

The holders of a majority in aggregate principal amount of Bonds outstanding may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on it.

An owner of a Bond may not pursue any remedy with respect to the Indenture or the Bonds unless (a) the owner gives the Trustee notice stating that an Event of Default is continuing, (b) the owners of at least 25% in aggregate principal amount of the outstanding Bonds make a written request to the Trustee to pursue the remedy, (c) such owner or owners offer to the Trustee indemnity satisfactory to the Trustee against any loss, liability or expense, and (d) the Trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity.

### **Supplemental Indentures**

The Issuer and the Trustee may, without the consent of, or notice to, any of the Bondholders, enter into such indenture or indentures supplemental to the Indenture as shall not be inconsistent with the terms and provisions thereof

- (a) to cure any ambiguity, defect or omission in the Indenture, or otherwise amend the Indenture, in such manner as shall not in the opinion of the Trustee impair the security under the Indenture;
- (b) to grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers or authorities that may lawfully be granted to or conferred upon the Bondholders or the Trustee;
- (c) to evidence any succession to the Issuer and the assumption by its successor of the covenants, agreements and obligations of the Issuer under the Indenture, the Agreement and the Bonds, to add additional covenants of the Issuer, or to surrender any right or power therein conferred upon the Issuer;
- (d) to subject to the pledge of the Indenture additional revenues, properties, or collateral, which may be accomplished by, among other things, entering into instruments with the Company and/or other persons providing for further security, covenants, limitations or restrictions for the benefit of the Bonds;
- (e) to modify the Indenture to permit qualification under the Trust Indenture Act of 1939, as amended, or any similar statute at the time in effect;

- (f) to amend any provision pertaining to matters under federal income tax laws, including Section 148(f) of the Code;
- (g) to authorize different authorized denominations of the Bonds and to make correlative amendments and modifications to the Indenture regarding exchangeability of Bonds of different authorized denominations, redemptions of portions of Bonds of particular authorized denominations and similar amendments and modifications of a technical nature;
- (h) to increase or decrease the number of days specified for the giving of notices of mandatory tender and to make corresponding changes to the period for notice of redemption of the Bonds; *provided*, that no decreases in any such number of days will become effective except while the Bonds bear interest at a Daily Rate or a Weekly Rate and until 30 days after the Trustee has given notice to the owners of the Bonds;
- (i) to provide for an uncertificated system of registering the Bonds or to provide for the change to or from a Book-Entry System for the Bonds;
- (j) to evidence the succession of a new trustee or the appointment by the Trustee or the Issuer of a co-trustee;
- (k) to make any change related to the Bonds that does not materially adversely affect the rights of any Bondholder;
- (l) prior to, or concurrently with, the conversion of the Bonds to an Auction Rate Period, to make any change appropriate or necessary with respect to the procedures, definitions or provisions in the Indenture or in Exhibit C attached to the Indenture related to the Auction Mode Rate in order to provide for or facilitate the marketability of Bonds in the Auction Mode Rate; and
- (m) to make any other changes to the Indenture that take effect as to any or all remarketed Bonds following a mandatory tender.

The Indenture also provides that the owners of not less than a majority in aggregate principal amount of the Bonds outstanding shall have the right, from time to time, to consent to and approve the execution by the Issuer and the Trustee of such other indenture or supplemental indentures as shall be deemed necessary and desirable by the Issuer and the Trustee for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any supplemental indenture; *provided, however*, that nothing shall permit, without certain additional consents, (a) an extension of the maturity date of the principal of or the interest on any Bond; (b) a reduction in the principal amount of any Bond, the rate of interest thereon or any redemption premium; or (c) a reduction in the aggregate principal amount of the Bonds required for consent to such supplemental indenture or for actions related to amendments to the Agreement. A Favorable Opinion of Tax Counsel is required for any supplement to the Indenture.

**Discharge of the Indenture**

If the whole amount of principal and interest due and payable on the Bonds has been paid, or provision shall have been made for payment of the same, and if, at the time of such payment, the Issuer shall have kept, performed and observed all the covenants and promises in such Bonds and in the Indenture required or contemplated to be kept, performed and observed by the Issuer or on its part on or prior to that time, then the Indenture shall be considered to have been discharged in respect of such Bonds and such Bonds shall cease to be entitled to the lien of the Indenture and such lien and all covenants, agreements and other obligations of the Issuer thereunder shall cease, terminate, become void and be completely discharged as to such Bonds.

**No Personal Liability of Issuer's Officials**

No covenant, stipulation, obligation or agreement of the Issuer contained in the Indenture will be or be deemed to be a covenant, stipulation, obligation or agreement of any present or future member, officer, agent or employee of the Issuer in other than his or her official capacity. No member of the Issuer or official executing the Bonds, the Indenture, the Agreement or any amendment or supplement to the Indenture or the Agreement will be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance or execution thereof.

**Removal of Trustee**

The Trustee may be removed by the owners of not less than a majority in principal amount of Bonds at the time outstanding or by the Issuer and the Company so long as no Event of Default has occurred and is continuing. The Trustee shall continue to serve as such until a successor Trustee shall be appointed under the Indenture and has accepted such appointment.

## REMARKETING

KeyBanc Capital Markets Inc. has been appointed Remarketing Agent for the Bonds. Pursuant to the Remarketing Agreement (the "Remarketing Agreement") to be entered into by the Company and the Remarketing Agent, the Remarketing Agent will agree, subject to certain conditions, to reoffer the Bonds on June 20, 2023 to the public at a purchase price equal to 100% of the principal amount thereof. The Company has agreed to pay the Remarketing Agent \$260,000 as a fee, plus expenses. Pursuant to the Remarketing Agreement the Company has agreed to indemnify the Remarketing Agent and its officers, directors and employees, against certain liabilities, including liabilities under the federal securities laws.

After the Bonds are released for sale to the public, the reoffering price and other selling terms may from time to time be varied by the Remarketing Agent and such Bonds may be reoffered and sold to certain dealers (including dealers depositing such Bonds into investment accounts) and others at prices lower than the public reoffering price set forth on the cover hereof.

In connection with this reoffering and in compliance with applicable law and industry practice, the Remarketing Agent may overallocate or effect transactions which stabilize, maintain or otherwise affect the market price of the Bonds at levels above those which might otherwise prevail in the open market, including by entering stabilizing bids. A stabilizing bid means the placing of a bid, or the effecting of any purchase, for the purpose of pegging, fixing or maintaining the price of a security. In general, purchases of a security for the purpose of stabilization could cause the price of the security to be higher than it might be in the absence of such purchases.

None of the Issuer, the Company nor the Remarketing Agent make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Bonds. In addition, none of the Issuer, the Company nor the Remarketing Agent make any representation that the Remarketing Agent will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice.

The Remarketing Agent and its affiliates together comprise a full service financial institution engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. Such activities may involve or relate to assets, securities and/or instruments of the Issuer and/or the Company or its affiliates (whether directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with (or that are otherwise involved with transactions by) the Issuer and/or the Company.

The Remarketing Agent and its affiliates may have, from time to time, engaged, and may in the future engage, in transactions with, and performed and may in the future perform, various investment banking services for the Issuer and/or the Company for which they received or will receive customary fees and expenses. Under certain circumstances, the Remarketing Agent and its affiliates may have certain creditor and/or other rights against the Issuer and/or the Company and any affiliates thereof in connection with such transactions and/or services. In addition, the Remarketing Agent and its affiliates may currently have and may in the future have investment and commercial banking, trust and other relationships with parties that may relate to assets of, or be involved in the issuance of securities and/or instruments by, the Issuer and/or the Company and any affiliates thereof. The Remarketing Agent and its affiliates also may communicate independent investment recommendations, market advice or trading ideas and/or publish or express

independent research views in respect of such assets, securities or instruments and at any time may hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

### **CONTINUING DISCLOSURE AGREEMENT**

The Company will agree to deliver certain continuing disclosure information satisfying the requirements of Rule 15c2-12 (“Rule”) under the 1934 Act. The Company will undertake in a written agreement for the benefit of the holders and beneficial owners of the Bonds (the “Continuing Disclosure Undertaking”) to provide the Municipal Securities Rulemaking Board (“MSRB”) as the sole nationally recognized securities repository through the MSRB’s Electronic Municipal Market Access (“EMMA”) audited annual financial statements of the Company of the type included in Annex I to Appendix A not later than 120 days after each fiscal year. In addition, the Company will undertake, for the benefit of the holders and beneficial owners of the Bonds, to provide to the MSRB through EMMA, in a timely manner (not in excess of ten (10) business days after the occurrence of such event), notices of any of the events enumerated in the Rule. Notices of the aforesaid events and any filing to be made under the Continuing Disclosure Undertaking may be made solely by transmitting such filing to the MSRB through EMMA as provided at <http://emma.msrb.org>. The contents of such website do not constitute a part of this Reoffering Circular.

The sole and exclusive remedy for breach or default under the Continuing Disclosure Undertaking is an action to compel specific performance of the undertakings of the Company and no person, including a holder of the Bonds, may recover monetary damages thereunder under any circumstances. A breach or default under the Continuing Disclosure Undertaking shall not constitute an event of default under the Indenture or the Agreement. In addition, if all or any part of the Rule ceases to be in effect for any reason, then, subject to the terms of the Continuing Disclosure Undertaking, the information required to be provided under the Continuing Disclosure Undertaking, insofar as the provision of the Rule no longer in effect required the provision of such information, shall no longer be required to be provided.

### **TAX EXEMPTION**

#### **Original Opinion of Bond Counsel**

On June 26, 2014, Bond Counsel delivered its opinion that, under then existing law (i) assuming continuing compliance with certain covenants and the accuracy of certain representations, interest on the Bonds would be excluded from gross income for federal income tax purposes, except interest on any Bond for any period during which it is held by a “substantial user” or a “related person,” as those terms are used in Section 147(a) of the Internal Revenue Code of 1986, as amended (the “Code”), (ii) interest on the Bonds would be an item of tax preference under Section 57 of the Code for purposes of the federal alternative minimum tax imposed on individuals and corporations (however, it should be noted that under current law, the corporate alternative minimum tax has been repealed, effective for tax years beginning after December 31, 2017), and (iii) the Bonds, and all interest and income thereon, would be exempt from all taxation by the State of West Virginia and any county, municipality, political subdivision or agency thereof, except inheritance taxes. No other opinion was expressed by Bond Counsel regarding the tax consequences of the ownership of or the receipt or accrual of interest on the Bonds. Bond Counsel expressed no opinion with respect to the exemption of interest from income taxation under West

Virginia law on any Bond for any period during which it is held by a person who is a “substantial user” of the Project or a “related person” within the meaning of Section 147(a) of the Code.

Bond Counsel’s opinion was given in reliance on certifications by representatives of the Issuer and the Company as to certain facts relevant to both the opinion and requirements of the Code, and was subject to the condition that there is compliance subsequent to the issuance of the Bonds with all requirements of the Code that must be satisfied in order for interest thereon to remain excludable from gross income for Federal income tax purposes. The Issuer and the Company have covenanted to comply with provisions of the Code regarding, among other matters, the use, expenditure and investment of the proceeds of the Bonds and the timely payment to the United States of any arbitrage rebate amounts with respect to the Bonds. Failure by the Issuer or the Company to comply with such covenants could cause interest on the Bonds to be included in gross income for Federal income tax purposes retroactively to their date of issue.

### **Other Tax Matters**

In addition to the matters addressed above, prospective purchasers of the Bonds should be aware that the ownership of tax-exempt obligations may result in collateral Federal income tax consequences to certain taxpayers, including without limitation financial institutions, property and casualty insurance companies, S corporations, certain foreign corporations subject to the branch profits tax, recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations. Prospective purchasers of the Bonds should consult their tax advisors as to the applicability and impact of such consequences.

Each prospective purchaser of the Bonds should consult their own tax advisors as to the status of interest on the Bonds under the tax laws of any commonwealth or state other than West Virginia.

### **General Considerations**

The Internal Revenue Service (the “Service”) has a program to audit state and local government obligations to determine whether the interest thereon is includible in gross income for Federal income tax purposes. If the Service does audit the Bonds, under current Service procedures, the Service will treat the Issuer as the taxpayer and the owners of the Bonds will have only limited rights, if any, to participate.

Bond Counsel’s opinion represented its legal judgment based in part upon the representations and covenants referenced therein and its review of then current law, but is not a guarantee of result or binding on the Service or the courts. Bond Counsel assumed no duty to update or supplement its opinion to reflect any facts or circumstances that may come to Bond Counsel’s attention after the date of its opinion or to reflect any changes in law or the interpretation thereof that may occur or become effective after such date.

There are many events which could affect the value and liquidity or marketability of the Bonds after their issuance, including but not limited to public knowledge of an audit of the Bonds by the Service, a general change in interest rates for comparable securities, a change in Federal or state income tax rates, legislative or regulatory proposals affecting state and local government

securities and changes in judicial interpretation of existing law. In addition, certain tax considerations relevant to owners of Bonds who purchase Bonds after their issuance may be different from those relevant to purchasers upon issuance. Neither the opinion of Bond Counsel nor this Reoffering Circular purport to address the likelihood or effect of any such potential events or such other tax considerations and purchasers of the Bonds should seek advice concerning such matters as they deem prudent in connection with their purchase of Bonds.

Finally, other than the matters specifically referred to above, Bond Counsel expressed no opinion regarding the federal, state, local or other tax consequences of the purchase, ownership and disposition of the Bonds. Prospective purchasers of the Bonds should be aware, however, that the Code contains numerous provisions under which receipt of interest on the Bonds may have adverse federal tax consequences for certain taxpayers. Such consequences include the following: (1) Section 265 of the Code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the Bonds or, in the case of financial institutions, that portion of a holder's interest expense allocated to interest on the Bonds; (2) with respect to insurance companies subject to the tax imposed by Section 831 of the Code, Section 832(b)(5)(B)(i) reduces the deduction for loss reserves by 15% of the sum of certain items, including interest on the Bonds; (3) interest on the Bonds earned by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the Code; (4) passive interest income, including interest on the Bonds, may be subject to federal income taxation under Section 1375 of the Code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year if greater than 25% of the gross receipts of such Subchapter S corporation is passive investment income; (5) Section 86 of the Code requires recipients of certain Social Security and certain railroad retirement benefits to take into account, in determining the inclusion of such benefits in gross income, receipts or accrual of interest on the Bonds; and (6) under Section 55(b) of the Code, interest on the Bonds may be subject to an alternative minimum tax imposed on "applicable corporations" (within the meaning of Section 59(k) of the Code).

### **Opinion of Bond Counsel Upon Remarketing**

In connection with the proposed change in interest rate Determination Method, Bond Counsel, will render its opinion, that such change will not, by itself, adversely affect the exclusion from gross income of interest on the Bonds for federal income tax purposes, and is permitted under the Act and by the Indenture. In rendering such opinion, Bond Counsel examined such proceedings, documents, matters and law as it deemed necessary to render such opinions. In rendering such opinion, Bond Counsel will assume (and not undertake independently to verify), and therefore will not confirm the continuing correctness of the opinion delivered on June 26, 2014 in connection with the original issuance of the Bonds. Bond Counsel will not obtain, verify or review any information concerning any event, except the matters specifically described in the first sentence of this paragraph, which may have occurred subsequent to the original issuance of the Bonds and which might adversely affect the federal tax treatment of interest on the Bonds. See Appendix B-2 for the proposed form of such opinion.

**Prospective purchasers of the Bonds should consult their own tax advisors as to the applicability and extent of federal, state, local or other tax consequences of the purchase, ownership and disposition of the Bonds, including the potential consequences of any pending or proposed legislation, in light of their particular tax situation.**

## **LEGAL MATTERS**

Certain legal matters will be passed upon by William E. Johnson, counsel for the Company. William E. Johnson is Senior Counsel of American Electric Power Service Corporation, an affiliate of the Company. Certain legal matters, other than the validity of the Bonds and the exclusion from gross income of interest thereon, will be passed upon by Hunton Andrews Kurth LLP, New York, New York, counsel for the Remarketing Agent. Hunton Andrews Kurth LLP from time to time acts as counsel to the Company and certain affiliates for some matters.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

### **MISCELLANEOUS**

The attached Appendices are an integral part of this Reoffering Circular and must be read together with all of the balance of this Reoffering Circular.

The Issuer does not assume any responsibility for the matters contained in this Reoffering Circular other than information under *THE ISSUER*. All findings and determinations by the Issuer relating to the issuance and sale of the Bonds are, and have been, made by the Issuer for its own internal uses and purposes in performing its duties under West Virginia law.

## APPENDIX A

### KENTUCKY POWER COMPANY

Kentucky Power Company (the “Company”) is engaged in the generation, transmission and distribution of electric power to approximately 163,000 retail customers in eastern Kentucky, and in supplying and marketing electric power at wholesale to other electric utility companies, municipalities and other market participants. The Company owns 1,075 MW of generating capacity. The Company uses its generation to serve its retail and other customers. As of December 31, 2023, the Company had 285 employees. The principal industries served by the Company include petroleum and coal products manufacturing, chemical manufacturing, coal-mining, oil and gas extraction and pipeline transportation. The Company’s principal executive offices are located at 1 Riverside Plaza, Columbus, Ohio, and the telephone number is (614) 716-1000.

### FINANCIAL STATEMENTS

Annex 1 to this Appendix A contains the balance sheets of the Company as of December 31, 2022 and 2021 and the statements of income, comprehensive income (loss), changes in common shareholder’s equity and cash flows for each of the two years in the period ended December 31, 2022 and the related notes thereto. Annex 2 to this Appendix A contains the unaudited condensed balance sheets of the Company as of March 31, 2023 and December 31, 2022 and the unaudited condensed statements of income, comprehensive income (loss), changes in common shareholder’s equity and statements of cash flows of the Company for the three months in the periods ended March 31, 2023 and 2022 and the related notes thereto.

### RISK FACTORS

*An investment in the Bonds involves a number of risks. Risks described below should be carefully considered together with the other information included in this Reoffering Circular. Any of the events or circumstances described as risks below could result in a significant or material adverse effect on our business, results of operations, cash flows or financial condition, and a corresponding decline in the market price of, or our ability to repay, the Bonds. The risks and uncertainties described below may not be the only risks and uncertainties that we face. Additional risks and uncertainties not currently known or that we currently deem immaterial may also result in a significant or material adverse effect on our business, results of operations, cash flow or financial condition. References to “we”, “our” or similar terms mean Kentucky Power Company.*

#### Risks Related To Our Business

**We may not be able to recover the costs of our substantial planned investment in capital improvements and additions.**

Our business plan calls for extensive investment in capital improvements and additions including the construction of additional transmission facilities, modernizing existing infrastructure as well as other initiatives. We currently provide service at rates approved by the Kentucky Public Service Commission (“KPSC”) and the Federal Energy Regulatory Commission (“FERC”). If these regulatory commissions do not approve adjustments to the rates we charge, we would not be

able to recover the costs associated with our planned extensive investment. This would cause our financial results to be diminished.

**Our regulated electric revenues, earnings and results are dependent on regulation that may limit our ability to recover costs and other amounts.**

The rates we collect for providing electricity are subject to approval by the KPSC and FERC. If these regulators do not allow recovery of costs incurred in providing service on a timely basis, it could reduce future net income and cash flows and impact financial condition. Similarly, if recovery or other rate relief authorized in the past is overturned or reversed on appeal, our future earnings could be negatively impacted. Any regulatory action or litigation outcome that triggers a reversal of a regulatory asset or deferred cost generally results in an impairment to the balance sheet and a charge to the income statement. For additional information, see Note 4 – Rate Matters of the notes to the financial statements, included in the 2022 Annual Report appearing elsewhere in this reoffering circular.

**Our transmission investment strategy and execution are dependent on federal and state regulatory policy.**

A significant portion of our earnings is derived from transmission investments and activities. FERC policy currently favors the expansion and updating of the transmission infrastructure within its jurisdiction. If the FERC were to adopt a different policy, if states were to limit or restrict such policies, or if transmission needs do not continue or develop as projected, our strategy of investing in transmission could be impacted. Management believes our experience with transmission facilities construction and operation gives us an advantage over other competitors in securing authorization to install, construct and operate new transmission lines and facilities. However, there can be no assurance that PJM or other regional transmission organizations (“RTOs”) will authorize new transmission projects or will award such projects to us.

**Certain elements of our transmission formula rates have been challenged, which could result in lowered rates and/or refunds of amounts previously collected and thus have an adverse effect on our business, financial condition, results of operations and cash flows.**

We provide transmission service under rates regulated by the FERC. The FERC has approved the cost-based formula rate templates used by us to calculate its respective annual revenue requirements, but it has not expressly approved the amount of actual capital and operating expenditures to be used in the formula rates. All aspects of our rates accepted or approved by the FERC, including the formula rate templates, the rates of return on the actual equity portion of its respective capital structures and the approved targeted capital structures, are subject to challenge by interested parties at the FERC, or by the FERC on its own initiative. In addition, interested parties may challenge the annual implementation and calculation by us of its projected rates and formula rate true-up pursuant to its approved formula rate templates under our formula rate implementation protocols. If a challenger can establish that any of these aspects are unjust, unreasonable, unduly discriminatory or preferential, then the FERC can make appropriate

prospective adjustments to them and/or disallow any of our inclusion of those aspects in the rate setting formula.

Inquiries related to rates of return, as well as challenges to the formula rates of other utilities, are ongoing in other proceedings at the FERC. The results of these proceedings could potentially negatively impact us in any future challenges to our formula rates. If the FERC orders revenue reductions, including refunds, in any future cases related to its formula rates, it could reduce future net income and cash flows and impact financial condition.

End-use consumers and entities supplying electricity to end-use consumers may also attempt to influence government and/or regulators to change the rate setting methodologies that apply to us, particularly if rates for delivered electricity increase substantially.

**We face risks to project siting, financing, construction, permitting, governmental approvals and the negotiation of project development agreements that may impede their development and operating activities.**

We own, develop, construct, manage and operate electric generation, transmission and distribution facilities. A key component of our growth is its ability to construct and operate these facilities. As part of these operations, we must periodically apply for licenses and permits from various local, state, federal and other regulatory authorities and abide by their respective conditions. Should we be unsuccessful in obtaining necessary licenses or permits on acceptable terms or resolving third-party challenges to such licenses or permits, should there be a delay in obtaining or renewing necessary licenses or permits or should regulatory authorities initiate any associated investigations or enforcement actions or impose related penalties or disallowances, it could reduce future net income and cash flows and impact financial condition. Any failure to negotiate successful project development agreements for new facilities with third-parties could have similar results.

**Changes in technology and regulatory policies may lower the value of electric utility facilities and franchises.**

We primarily generate electricity and deliver that electricity to customers over transmission and distribution facilities to customers situated within an exclusive franchise. This method results in economies of scale and generally lower costs than newer technologies such as fuel cells and microturbines, and distributed generation using either new or existing technology. Other technologies, such as light emitting diodes (LEDs), increase the efficiency of electricity and, as a result, lower the demand for it. Changes in regulatory policies and advances in batteries or energy storage, wind turbines and photovoltaic solar cells are reducing costs of new technology to levels that are making them competitive with some central station electricity production and delivery. These developments can challenge our competitive ability to maintain relatively low cost, efficient and reliable operations, to establish fair regulatory mechanisms and to provide cost-effective programs and services to customers. Further, in the event that alternative generation resources are mandated, subsidized or encouraged through legislation or regulation or otherwise are economically competitive and added to the available generation supply, such resources could

displace a higher marginal cost generating units, which could reduce the price at which market participants sell their electricity.

**We may not recover costs incurred to begin construction on projects that are canceled.**

Our business plan for the construction of new projects involves a number of risks, including construction delays, nonperformance by equipment and other third-party suppliers, and increases in equipment and labor costs. To limit the risks of these construction projects, we enter into equipment purchase orders and construction contracts and incur engineering and design service costs in advance of receiving necessary regulatory approvals and/or siting or environmental permits. If any of these projects is canceled for any reason, including our failure to receive necessary regulatory approvals and/or siting or environmental permits, we could incur significant cancellation penalties under the equipment purchase orders and construction contracts. In addition, if we have recorded any construction work or investments as an asset we may need to impair that asset in the event the project is canceled.

**We are exposed to risks through participation in the market and transmission structures in various regional power markets that are beyond their control.**

Results are likely to be affected by differences in the market and transmission structures in various regional power markets. The rules governing the various RTOs, such as PJM, may also change from time to time which could affect costs or revenues. Existing, new or changed rules of these RTOs could result in significant additional fees and increased costs to participate in those structures, including the cost of transmission facilities built by others due to changes in transmission rate design. In addition, these RTOs may assess costs resulting from improved transmission reliability, reduced transmission congestion and firm transmission rights. As members of PJM, we are subject to certain additional risks, including the allocation among existing members, of losses caused by unreimbursed defaults of other participants in these markets and resolution of complaint cases that may seek refunds of revenues previously earned by members of these markets.

**Our financial performance may be adversely affected if we are unable to successfully operate our facilities or perform certain corporate functions.**

Our performance is highly dependent on the successful operation of our transmission and distribution facilities. Operating these facilities involves many risks, including:

- Operator error and breakdown or failure of equipment or processes.
- Operating limitations that may be imposed by regulatory requirements.
- Labor disputes.
- Compliance with mandatory reliability standards, including mandatory cyber security standards.
- Information technology failure that impairs our information technology infrastructure or disrupts normal business operations.

- Information technology failure that affects our ability to access customer information or causes us to lose confidential or proprietary data that materially and adversely affects our reputation or exposes us to legal claims.
- Supply chain disruptions and inflation.
- Fuel or water supply interruptions caused by transportation constraints, adverse weather such as drought, non-performance by suppliers and other factors.
- Catastrophic events such as fires, earthquakes, explosions, hurricanes, tornados, ice storms, terrorism (including cyber-terrorism), floods or other similar occurrences.
- Fuel costs and related requirements triggered by financial stress in the coal industry.

**Physical attacks or hostile cyber intrusions could severely impair operations, lead to the disclosure of confidential information and damage our reputation.**

We face physical security and cybersecurity risks as the owner-operators of generation, transmission and/or distribution facilities and as participants in commodities trading. We own assets deemed as critical infrastructure, the operation of which is dependent on information technology systems. Further, the computer systems that run these facilities are not completely isolated from external networks. Parties that wish to disrupt the U.S. bulk power system or our operations could view these computer systems, software or networks as targets for cyber-attack. In addition, the electric utility business requires the collection of sensitive customer data, as well as confidential employee and shareholder information, which is subject to electronic theft or loss.

A security breach of our physical assets or information systems, interconnected entities in RTOs, or regulators could impact the operation of the generation fleet and/or reliability of the transmission and distribution system. We could be subject to financial harm associated with ransomware theft or inappropriate release of certain types of information, including sensitive customer, vendor, employee, trading or other confidential data. A successful cyber-attack on the systems that control generation, transmission, distribution or other assets could severely disrupt business operations, preventing service to customers or collection of revenues. The breach of certain business systems could affect the ability to correctly record, process and report financial information. A major cyber incident could result in significant expenses to investigate and repair security breaches or system damage and could lead to litigation, fines, other remedial action, heightened regulatory scrutiny and damage to our reputation. In addition, the misappropriation, corruption or loss of personally identifiable information and other confidential data could lead to significant breach notification expenses and mitigation expenses such as credit monitoring. We and our third-party vendors have been subject, and will likely continue to be subject, to attempts to gain unauthorized access to their technology systems and confidential data or to attempts to disrupt utility and related business operations. While there have been immaterial incidents of phishing, unauthorized access to technology systems, financial fraud, and disruption of remote access across our system, there has been no material impact on business or operations from these attacks. However, we cannot guarantee that security efforts will detect or prevent breaches, operational incidents, or other breakdowns of technology systems and network infrastructure and cannot provide any assurance that such incidents will not have a material adverse effect in the future.

**The amount of taxes imposed on us could change.**

We are subject to income taxation at the federal level and by certain states and municipalities. In determining our income tax liability for these jurisdictions, management monitors changes to the applicable tax laws and related regulations. While management believes it is in compliance with current prevailing laws, one or more taxing jurisdictions could seek to impose incremental or new taxes on the company. In addition, any adverse developments in these laws or regulations, including legislative changes, judicial holdings or administrative interpretations, could have a material and adverse effect on financial condition and results of operations.

**If we are unable to access capital markets or insurance markets on reasonable terms, it could reduce our future net income and cash flows and negatively impact our financial condition.**

We rely on access to capital markets as a significant source of liquidity for capital requirements not satisfied by operating cash flows, and on insurance markets to assist in managing our risk and liability profile. Volatility, increased interest rates and reduced liquidity in the financial markets could affect our ability to raise capital on reasonable terms to fund capital needs, including construction costs and refinancing maturing indebtedness. Certain sources of insurance and debt and equity capital have expressed increasing unwillingness to procure insurance for or to invest in companies, such as us, that rely on fossil fuels. The public holds diverse and often conflicting views on the use of fossil fuels. We have multiple stakeholders, including our customers, associates, federal and state regulatory authorities, and the communities in which we operate, and these stakeholders will often have differing priorities and expectations regarding issues related to the use of fossil fuels. Any adverse publicity in connection with our use of fossil fuels could curtail availability from certain sources of capital. If our sources of capital are reduced, capital costs could increase materially. Restricted access to capital or insurance markets and/or increased borrowing costs or insurance premiums could reduce future net income and cash flows and negatively impact financial condition.

**Our operating results may fluctuate on a seasonal or quarterly basis and with general economic and weather conditions.**

Electric power consumption is generally seasonal. In many parts of the country, demand for power peaks during the hot summer months, with market prices also peaking at that time. In other areas, power demand peaks during the winter. As a result, overall operating results in the future may fluctuate substantially on a seasonal basis. In addition, we have historically sold less power, and consequently earned less income, when weather conditions are milder. Unusually mild weather in the future could reduce future net income and cash flows and negatively impact financial condition. In addition, unusually extreme weather conditions could impact our results of operations in a manner that would not likely be sustainable.

**Our revenues and results of operations are subject to risks that are beyond our control.**

The cost of repairing damage to our facilities due to storms, natural disasters, wars, terrorist acts and other catastrophic events, in excess of reserves established for such repairs, may harm our revenues, operating and capital expenses and results of operations.

**Supply chain disruptions and inflation could negatively impact our operations and corporate strategy.**

Our operations and business plans depend on the global supply chain to procure the equipment, materials and other resources necessary to build and provide services in a safe and reliable manner. The delivery of components, materials, equipment and other resources that are critical to our business operations and corporate strategy has been restricted by domestic and global supply chain upheaval. This has resulted in the shortage of critical items. International tensions, including the ramifications of regional conflict, could further exacerbate the global supply chain upheaval. These disruptions and shortages could adversely impact business operations and corporate strategy. The constraints in the supply chain could restrict the availability and delay the construction, maintenance or repair of items that are needed to support normal operations or are required to execute on our corporate strategy for continued capital investment in utility equipment. These disruptions and constraints could reduce future net income and cash flows and possibly harm our financial condition.

Supply chain disruptions have contributed to higher prices of components, materials, equipment and other needed commodities and these inflationary increases may continue in the future. The economy in the United States has encountered a material level of inflation compared to the recent past and that has contributed to increased uncertainty in the outlook of near-term economic activity, including the level of future inflation and the possibility of a recession. We typically recover increases in capital expenses from customers through rates. Failure to recover increased capital costs could reduce future net income and cash flows and possibly harm our financial condition. Increases in inflation raises our costs for labor, materials and services, and failure to secure these on reasonable terms may adversely impact our financial condition.

**Our results of operations and cash flows may be negatively affected by a lack of growth or slower growth in the number of customers or decline in customer demand.**

Growth in customer accounts and growth of customer usage each directly influence demand for electricity and the need for additional power generation and delivery facilities. Customer growth and customer usage are affected by a number of factors outside of our control, such as mandated energy efficiency measures, demand-side management goals, distributed generation resources and economic and demographic conditions, such as population changes, job and income growth, housing starts, new business formation and the overall level of economic activity, including changes due to public health considerations.

**Failure to attract and retain an appropriately qualified workforce could harm our results of operations.**

Certain events, such as an aging workforce without appropriate replacements, mismatch of skillset or complement to future needs, or unavailability of contract resources may lead to operating challenges and increased costs. The challenges include potential higher rates of existing employee departures, lack of resources, loss of knowledge and a lengthy time period associated with skill development. In this case, costs, including costs for contractors to replace employees, productivity costs and safety costs, may rise. Failure to hire and adequately train replacement employees, including the transfer of significant internal historical knowledge and expertise to the new employees, or the future availability and cost of contract labor may adversely affect the ability to manage and operate the business. If we are unable to successfully attract and retain an appropriately qualified workforce, future net income and cash flows may be reduced.

**Parties we have engaged to provide construction materials or services may fail to perform their obligations, which could harm our results of operations.**

Our business plan calls for extensive investment in capital improvements and additions, including the construction of additional transmission facilities as well as other initiatives. We are exposed to the risk of substantial price increases in the costs of materials used in construction. We have engaged numerous contractors and entered into a large number of agreements to acquire the necessary materials and/or obtain the required construction related services. As a result, we are also exposed to the risk that these contractors and other counterparties could breach their obligations to us. Should the counterparties to these arrangements fail to perform, we may be forced to enter into alternative arrangements at then-current market prices that may exceed our contractual prices and almost certainly cause delays in that and related projects. Although our agreements are designed to mitigate the consequences of a potential default by the counterparty, our actual exposure may be greater than these mitigation provisions. This would cause our financial results to be diminished, and we might incur losses or delays in completing construction.

**Changes in the price of commodities, emission allowances for criteria pollutants and the costs of transport may increase our cost of producing power, impacting financial performance.**

We are exposed to changes in the price and availability of fuel (including the cost to procure coal and gas) and the price and availability to transport fuel. We have existing contracts of varying durations for the supply of fuel, but as these contracts end or if they are not honored, we may not be able to purchase fuel on terms as favorable as the current contracts. The inability to procure fuel at costs that are economical could cause us to retire generating capacity prior to the end of its useful life, and while we typically recover expenditures for undepreciated plant balances, there can be no assurance in the future that we will recover such costs. Similarly, we are exposed to changes in the price and availability of emission allowances. We use emission allowances based on the amount of fuel used and reductions achieved through emission controls and other measures. Based on current environmental programs remaining in effect, we have sufficient emission allowances to cover the majority of the projected needs for the next two years and beyond. Additional costs may be incurred either to acquire additional allowances or to achieve further reductions in emissions.

If we need to obtain allowances, those purchases may not be on as favorable terms as those under the current environmental programs. Our risks relative to the price and availability to transport coal include the volatility of the price of diesel which is the primary fuel used in transporting coal by barge.

Prices for coal, natural gas and emission allowances have shown material swings in the past. Changes in the cost of fuel, emission allowances or natural gas and changes in the relationship between such costs and the market prices of power could reduce future net income and cash flows and negatively impact financial condition.

In addition, actual power prices and fuel costs will differ from those assumed in financial projections used to value trading and marketing transactions, and those differences may be material. As a result, as those transactions are marked-to-market, they may impact future results of operations and cash flows and impact financial condition.

**We are subject to physical and financial risks associated with climate change.**

Climate change creates physical and financial risk. Physical risks from climate change include an increase in sea level and changes in weather conditions, such as changes in precipitation and extreme weather events. Our customers' energy needs vary with weather conditions, primarily temperature and humidity. For residential customers, heating and cooling represent their largest energy use. To the extent weather conditions are affected by climate change, customers' energy use could increase or decrease depending on the duration and magnitude of the changes.

Increased energy use due to weather changes may require us to invest in additional transmission and other infrastructure to serve increased load. Decreased energy use due to weather changes may affect our financial condition, through decreased revenues. Extreme weather conditions in general require more system backup, adding to costs, and can contribute to increased system stress, including service interruptions.

Severe weather impacts our service territories, primarily when thunderstorms, tornadoes, hurricanes and snow or ice storms occur. To the extent the frequency of extreme weather events increases, this could increase our cost of providing service. Changes in precipitation resulting in droughts or water shortages could adversely affect our operations. A negative impact to water supplies due to long-term drought conditions could adversely impact our ability to provide electricity to customers, as well as increase the price they pay for energy. We may not recover all costs related to mitigating these physical and financial risks.

To the extent climate change impacts a region's economic health, it may also impact our revenues. Our financial performance is tied to the health of the regional economies we serve. The price of energy, as a factor in a region's cost of living as well as an important input into the cost of goods and services, has an impact on the economic health of our communities.

**Hazards associated with high-voltage electricity transmission may result in suspension of our operations or the imposition of civil or criminal penalties.**

Our operations are subject to the usual hazards associated with high-voltage electricity transmission, including explosions, fires, inclement weather, natural disasters, mechanical failure, unscheduled downtime, equipment interruptions, remediation, chemical spills, discharges or releases of toxic or hazardous substances or gases and other environmental risks. The hazards can cause personal injury and loss of life, severe damage to or destruction of property and equipment and environmental damage, and may result in suspension of operations and the imposition of civil or criminal penalties. We maintain property and casualty insurance, but we are not fully insured against all potential hazards incident to our business, such as damage to poles, towers and lines or losses caused by outages.

**Costs of compliance with existing and evolving environmental laws are significant.**

Operations are subject to extensive federal, state and local environmental statutes, rules and regulations relating to air quality, water quality, waste management, natural resources and health and safety. A majority of the electricity we generated is produced by the combustion of fossil fuels. Emissions of nitrogen and sulfur oxides, mercury and particulates and the discharge and disposal of solid waste (including coal-combustion residuals or CCR) resulting from fossil fueled generation plants are subject to increased regulations, controls and mitigation expenses. Compliance with these legal requirements (including any new and more stringent application of existing CCR regulations) requires us to commit significant capital toward environmental monitoring, installation of pollution control equipment, emission fees, disposal, remediation and permits at our facilities and could cause us to retire generating capacity prior to the end of its estimated useful life. Costs of compliance with environmental statutes and regulations could reduce future net income and negatively impact financial condition, especially if emission limits, CCR waste discharge and/or discharge disposal obligations are tightened, more extensive operating and/or permitting requirements are imposed or additional substances or facilities become regulated. Although we typically recover expenditures for pollution control technologies, replacement generation, undepreciated plant balances and associated operating costs from customers, there can be no assurance in the future that we will recover the remaining costs associated with such plants. Failure to recover these costs could reduce future net income and cash flows and possibly harm financial condition.

**Regulation of greenhouse gas emissions could materially increase our costs or cause our electric generating unit to be uneconomical to operate or maintain.**

Federal or state laws or regulations may be adopted that would impose new or additional limits on the emissions of greenhouse gases, including, but not limited to, carbon dioxide and methane, from electric generation units using fossil fuels like coal. The potential effects of greenhouse gas emission limits on our electric generation units are subject to significant uncertainties based on, among other things, the timing of the implementation of any new requirements, the required levels of emission reductions, the nature of any market-based or tax-based mechanisms adopted to facilitate reductions, the relative availability of greenhouse gas emission reduction offsets, the development of cost-effective, commercial-scale carbon capture

and storage technology and supporting regulations and liability mitigation measures, and the range of available compliance alternatives.

Our results of operations could be materially adversely affected to the extent that new federal or state laws or regulations impose any new greenhouse gas emission limits. Any future limits on greenhouse gas emissions could create substantial additional costs in the form of taxes or emissions allowances, require significant capital investment in carbon capture and storage technology, fuel switching, or the replacement of high-emitting generation facilities with lower-emitting generation facilities and/or could cause us to retire generating capacity prior to the end of its estimated useful life. Although we typically recover environmental expenditures, there can be no assurance in the future that we can recover such costs which could reduce future net income and cash flows and possibly harm financial condition.

**Courts adjudicating nuisance and other similar claims in the future may order us to pay damages or to limit or reduce emissions.**

In the past, there have been several cases seeking damages based on allegations of federal and state common law nuisance in which our affiliates, among others, were defendants. In general, the actions allege that emissions from the defendants' power plants constitute a public nuisance. The plaintiffs in these actions generally seek recovery of damages and other relief. If future actions are resolved against us, substantial modifications of our existing coal-fired power plant could be required and we might be required to limit or reduce emissions. Such remedies could require us to purchase power from third parties to fulfill our commitments to supply power to our customers. This could have a material impact on costs. In addition, we could be required to invest significantly in additional emission control equipment, accelerate the timing of capital expenditures, pay damages or penalties and/or halt operations. While management believes such costs should be recoverable from customers as costs of doing business, without such recovery, those costs could reduce future net income and cash flows and harm financial condition. Moreover, results of operations and financial position could be reduced due to the timing of recovery of these investments and the expense of ongoing litigation.

**Commodity trading and marketing activities are subject to inherent risks which can be reduced and controlled but not eliminated.**

We routinely have open trading positions in the market, within guidelines, resulting from the management of our trading portfolio. To the extent open trading positions exist, fluctuating commodity prices can improve or diminish financial results and financial position.

Our power trading activities also expose us to risks of commodity price movements. To the extent that our power trading does not hedge the price risk associated with the generation we own, or control, we would be exposed to the risk of rising and falling spot market prices.

In connection with these trading activities, we routinely enter into financial contracts, including futures and options, over-the counter options, financially-settled swaps and other derivative contracts. These activities expose us to risks from price movements. If the values of

the financial contracts change in a manner we do not anticipate, it could harm financial position or reduce the financial contribution of trading operations.

**We rely on electric transmission facilities that we do not own or control. If these facilities do not provide us with adequate transmission capacity, we may not be able to deliver wholesale electric power to the purchasers of our power.**

We depend on transmission facilities owned and operated by other nonaffiliated power companies to deliver the power we sell at wholesale. This dependence exposes us to a variety of risks. If transmission is disrupted, or transmission capacity is inadequate, we may not be able to sell and deliver wholesale power. If a region's power transmission infrastructure is inadequate, our recovery of wholesale costs and profits may be limited. If restrictive transmission price regulation is imposed, the transmission companies may not have sufficient incentive to invest in expansion of transmission infrastructure.

The FERC has issued electric transmission initiatives that require electric transmission services to be offered unbundled from commodity sales. Although these initiatives are designed to encourage wholesale market transactions, access to transmission systems may not be available if transmission capacity is insufficient because of physical constraints or because it is contractually unavailable. We also cannot predict whether transmission facilities will be expanded in specific markets to accommodate competitive access to those markets.

**We are subject to various regulatory requirements, including reliability standards; contract filing requirements; reporting, recordkeeping and accounting requirements; and transaction approval requirements.**

Under federal law, owners and operators of the bulk power transmission system are subject to mandatory reliability standards, including both operational and cybersecurity standards, promulgated by the North American Electric Reliability Corporation ("NERC") and enforced by the FERC. The standards are based on the functions that need to be performed to ensure the bulk power system operates reliably and are guided by reliability and market interface principles. Compliance with new reliability standards may subject us to higher operating costs and/or increased capital expenditures. If we were found not to be in compliance with the mandatory reliability standards, we could be subject to sanctions, including substantial monetary penalties, which likely would not be recoverable.

The Company must comply with FERC requirements for approval of certain transactions; reporting, recordkeeping and accounting requirements; and for filing contracts related to the provision of jurisdictional services. Under FERC policy, failure to file jurisdictional agreements on a timely basis may result in foregoing the time value of revenues collected under the agreement, but not to the point where a loss would be incurred. The failure to obtain timely approval of transactions or to comply with applicable reporting, recordkeeping or accounting requirements could subject us to penalties that could have a material adverse effect on our financial condition, results of operations and cash flows.

**Acts of war, terrorist attacks, natural disasters, severe weather and other catastrophic events may have a material adverse effect on our business, financial condition, results of operations and cash flows.**

Acts of war, terrorist attacks, natural disasters, severe weather and other catastrophic events may negatively affect our business, financial condition and cash flows in unpredictable ways, such as increased security measures and disruptions of markets. Energy related assets, including, for example, our transmission facilities and the generation and distribution facilities that we interconnect with, may be at risk of acts of war, terrorist attacks, as well as natural disasters, severe weather and other catastrophic events. Such events or the threat of such events may increase costs associated with heightened security requirements. In addition, such events or threats may have a material effect on the economy in general and could result in a decline in energy consumption, which may have a material adverse effect on our business, financial condition, results of operations and cash flows.

**Downgrades in our credit ratings could negatively affect our ability to access capital.**

The credit ratings agencies periodically review our capital structure and the quality and stability of our earnings. Any negative ratings actions could constrain the capital available to us and could limit our access to funding for our operations. Our business is capital intensive, and we are dependent upon our ability to access capital at rates and on terms we determine to be attractive. In periods of market turmoil, access to capital is difficult for all borrowers. If our ability to access capital becomes significantly constrained, our interest costs will likely increase and could reduce future net income and cash flows and impact financial condition.

**New climate disclosure rules proposed by the U.S. Securities and Exchange Commission may increase our costs of compliance and adversely impact our business.**

On March 21, 2022, the SEC proposed new rules relating to the disclosure of a range of climate-related risks. We currently assessing the proposed rule, but at this time we cannot predict the costs of implementation or any potential adverse impacts resulting from the rule. To the extent this rule is finalized as proposed, we could incur increased costs relating to the assessment and disclosure of climate-related risks. We may also face increased litigation risks related to disclosures made pursuant to the rule if finalized as proposed. In addition, enhanced climate disclosure requirements could accelerate the trend of certain stakeholders and lenders restricting or seeking more stringent conditions with respect to their investments in certain carbon-intensive sectors.

### **Risks Relating to Our Corporate and Financial Structure**

**The Trustee's rights under the Agreement are unsecured and effectively subordinated to any future secured debt of the Company, to the extent of the value of the collateral therefor.**

The Trustee's rights under the Agreement are unsecured obligations and therefor will be effectively subordinated to our future secured indebtedness. As of December 31, 2022, we had no

secured indebtedness outstanding. If we were to incur secured indebtedness and if we defaulted under the Agreement or certain other indebtedness or became bankrupt, liquidated or reorganized, any secured creditor could use the value of the collateral securing that debt to satisfy their secured indebtedness before the Trustee would receive any payment for the benefit of the Bonds. If the value of such collateral is not sufficient to pay any secured indebtedness in full, our secured creditors would share the value of our other assets, if any, with the Trustee and the holders of other claims against us which rank equally to the Agreement.

**We could enter into various transactions that could increase the amount of its outstanding indebtedness, or adversely affect its capital structure or credit ratings, or otherwise adversely affect the holders of the Bonds.**

The terms of the Agreement do not prevent us from entering into a variety of acquisition, refinancing, recapitalization or other highly-leveraged transactions. As a result, we may enter into a transaction even though the transaction could increase the total amount of its outstanding indebtedness, adversely affect its capital structure or credit ratings or otherwise adversely affect the holders of the Bonds.

As of March 31, 2023, the Company had approximately \$1.3 billion of indebtedness outstanding.

**Certain provisions in our debt instruments limit our financial and operating flexibility.**

Our outstanding debt instruments contain numerous financial and operating covenants that place significant restrictions on, among other things, our ability to:

- create liens;
- dispose of certain assets;
- enter into certain lines of business;
- engage in transactions with affiliates;
- engage in mergers and consolidations

Our outstanding debt instruments also require us to meet certain financial ratios, such as maintaining certain debt to capitalization ratios. Our ability to comply with these and other requirements and restrictions may be affected by changes in economic or business conditions, results of operations or other events beyond our control. A failure to comply with the obligations contained in any of our debt instruments could result in acceleration of certain of our outstanding debt and the acceleration of debt under other instruments evidencing indebtedness that may contain cross-acceleration provisions.

## **INDEPENDENT AUDITORS**

The financial statements of Kentucky Power Company as of December 31, 2022 and 2021 and for the years then ended, included in this Reoffering Circular, have been audited by PricewaterhouseCoopers LLP, independent auditors, as stated in their report appearing herein.

**GLOSSARY OF TERMS**

**When the following terms and abbreviations appear in the text of this report, they have the meanings indicated below.**

<b>Term</b>	<b>Meaning</b>
AEGCo	AEP Generating Company, an AEP electric utility subsidiary.
AEP	American Electric Power Company, Inc., an investor-owned electric public utility holding company which includes American Electric Power Company, Inc. (Parent) and majority-owned consolidated subsidiaries and consolidated affiliates.
AEP Credit	AEP Credit, Inc., a consolidated VIE of AEP which securitizes accounts receivable and accrued utility revenues for affiliated electric utility companies.
AEP East Companies	APCo, I&M, KGPCo, KPCo, OPCo and WPCo.
AEP System	American Electric Power System, an electric system, owned and operated by AEP subsidiaries.
AEPSC	American Electric Power Service Corporation, an AEP service subsidiary providing management and professional services to AEP and its subsidiaries.
AEPTCo	AEP Transmission Company, LLC, a wholly-owned subsidiary of AEP Transmission Holdco, is an intermediate holding company that owns the State Transcos.
AFUDC	Allowance for Equity Funds Used During Construction.
AOCI	Accumulated Other Comprehensive Income.
APCo	Appalachian Power Company, an AEP electric utility subsidiary.
ASU	Accounting Standards Update.
CCR	Coal Combustion Residual.
COVID-19	Coronavirus 2019, a highly infectious respiratory disease. In March 2020, the World Health Organization declared COVID-19 a worldwide pandemic.
CWIP	Construction Work in Progress.
ELG	Effluent Limitation Guidelines.
EIS	Energy Insurance Services, Inc., a nonaffiliated captive insurance company and consolidated VIE of AEP.
Excess ADIT	Excess accumulated deferred income taxes.
FAC	Fuel Adjustment Clause.
FASB	Financial Accounting Standards Board.
Federal EPA	United States Environmental Protection Agency.
FERC	Federal Energy Regulatory Commission.
FTR	Financial Transmission Right, a financial instrument that entitles the holder to receive compensation for certain congestion-related transmission charges that arise when the power grid is congested resulting in differences in locational prices.
GAAP	Accounting Principles Generally Accepted in the United States of America.
I&M	Indiana Michigan Power Company, an AEP electric utility subsidiary.
IRS	Internal Revenue Service.
ITC	Investment Tax Credit.
KGPCo	Kingsport Power Company, an AEP electric utility subsidiary.
KPCo	Kentucky Power Company, an AEP electric utility subsidiary.
KPSC	Kentucky Public Service Commission.
KTCo	AEP Kentucky Transmission Company, Inc., a wholly-owned AEPTCo transmission subsidiary.
Liberty	Liberty Utilities Co., a subsidiary of Algonquin Power & Utilities Corporation.
MTM	Mark-to-Market.
MW	Megawatt.
MWh	Megawatt-hour.
NO <sub>x</sub>	Nitrogen oxide.
OATT	Open Access Transmission Tariff.
OPCo	Ohio Power Company, an AEP electric utility subsidiary.

<b>Term</b>	<b>Meaning</b>
OPEB	Other Postretirement Benefits.
Operating Agreement	Agreement, dated January 1, 1997, as amended, by and among PSO and SWEPCo governing generating capacity allocation, energy pricing, and revenues and costs of third-party sales. AEPSC acts as the agent.
OTC	Over-the-counter.
Parent	American Electric Power Company, Inc., the equity owner of AEP subsidiaries within the AEP consolidation.
PCA	Power Coordination Agreement among APCo, I&M, KPCo and WPCo.
PJM	Pennsylvania – New Jersey – Maryland regional transmission organization.
PSO	Public Service Company of Oklahoma, an AEP electric utility subsidiary.
PUCO	Public Utilities Commission of Ohio.
Risk Management Contracts	Trading and non-trading derivatives, including those derivatives designated as cash flow and fair value hedges.
Rockport Plant	A generation plant, jointly-owned by AEGCo and I&M, consisting of two 1,310 MW coal-fired generating units near Rockport, Indiana.
ROE	Return on Equity.
RPM	Reliability Pricing Model.
RTO	Regional Transmission Organization, responsible for moving electricity over large interstate areas.
SIA	System Integration Agreement, effective June 15, 2000, as amended, provides contractual basis for coordinated planning, operation and maintenance of the power supply sources of the combined AEP.
SPP	Southwest Power Pool regional transmission organization.
SWEPCo	Southwestern Electric Power Company, an AEP electric utility subsidiary.
TA	Transmission Agreement, effective November 2010, among APCo, I&M, KGPCo, KPCo, OPCo and WPCo with AEPSC as agent.
Tax Reform	On December 22, 2017, President Trump signed into law legislation referred to as the “Tax Cuts and Jobs Act” (the TCJA). The TCJA includes significant changes to the Internal Revenue Code of 1986, including a reduction in the corporate federal income tax rate from 35% to 21% effective January 1, 2018.
UPA	Unit Power Agreement.
Utility Money Pool	Centralized funding mechanism AEP uses to meet the short-term cash requirements of certain utility subsidiaries.
VIE	Variable Interest Entity.
WPCo	Wheeling Power Company, an AEP electric utility subsidiary.
WVPSC	West Virginia Public Service Commission.

## **Report of Independent Auditors**

To the Management and Board of Directors of Kentucky Power Company

### ***Opinion***

We have audited the accompanying financial statements of Kentucky Power Company (the "Company"), which comprise the balance sheets as of December 31, 2022 and 2021, and the related statements of income, of comprehensive income (loss), of changes in common shareholder's equity and of cash flows for the years then ended, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **ORGANIZATION**

As a public utility, KPCo engages in the generation and purchase of electric power, and the subsequent sale, transmission and distribution of that power to approximately 163,000 retail customers in its service territory in eastern Kentucky. KPCo also sells power at wholesale to municipalities.

In December 2022, the UPA between AEGCo, an affiliated company, and KPCo ended upon the termination of the Rockport Plant, Unit 2 lease. The UPA allowed KPCo to purchase 30% of AEGCo's 50% capacity of Rockport Plant, Unit 2. Following the end of the lease, KPCo reached an agreement with I&M, an affiliated company, to purchase capacity from Rockport Plant, Unit 2 through May 2024 at a rate equal to PJM's RPM clearing price.

To minimize the credit requirements and operating constraints when operating within PJM, participating AEP companies, including KPCo, agreed to a netting of certain payment obligations incurred by the participating AEP companies against certain balances due to such AEP companies and to hold PJM harmless from actions that any one or more AEP companies may take with respect to PJM.

### **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### ***Rates and Service Regulation***

KPCo's rates are regulated by the FERC and the KPSC. The FERC also regulates KPCo's affiliated transactions, including AEPSC intercompany service billings which are generally at cost, under the 2005 Public Utility Holding Company Act and the Federal Power Act. The FERC also has jurisdiction over certain issuances and acquisitions of securities of public utility subsidiaries, the acquisition or sale of certain utility assets and mergers with another electric utility or holding company. For non-power goods and services, the FERC requires a nonregulated affiliate to bill an affiliated public utility company at no more than market while a public utility must bill the higher of cost or market to a nonregulated affiliate. The KPSC also regulates certain intercompany transactions under its affiliate statutes. Both the FERC and state regulatory commissions are permitted to review and audit the relevant books and records of companies within a public utility holding company system.

The FERC regulates wholesale power markets, wholesale power transactions and wholesale transmission operations and rates. KPCo's wholesale power transactions are generally market-based. Wholesale power transactions are cost-based regulated when KPCo negotiates and files a cost-based contract with the FERC or the FERC determines that KPCo has "market power" in the region where the transaction occurs. KPCo has entered into wholesale power supply contracts with various municipalities that are FERC-regulated, cost-based contracts. These contracts are generally formula rate mechanisms, which are trued-up to actual costs annually.

The KPSC regulates all of the distribution operations and rates and retail transmission rates on a cost basis. The KPSC also regulates retail generation/power supply operations and rates.

In addition, the FERC regulates the SIA and the TA, which allocate shared system costs and revenues among the utility subsidiaries that are parties to each agreement. The FERC also regulates the PCA. See Note 13 - Related Party Transactions for additional information.

#### ***Accounting for the Effects of Cost-Based Regulation***

As a rate-regulated electric public utility company, KPCo's financial statements reflect the actions of regulators that result in the recognition of certain revenues and expenses in different time periods than enterprises that are not rate-regulated. In accordance with accounting guidance for "Regulated Operations," KPCo records regulatory assets (deferred expenses) and regulatory liabilities (deferred revenue reductions or refunds) to reflect the economic effects of regulation in the same accounting period by matching expenses with their recovery through regulated revenues and by matching income with its passage to customers in cost-based regulated rates.

### ***Use of Estimates***

The preparation of these financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. These estimates include but are not limited to inventory valuation, allowance for doubtful accounts, long-lived asset impairment, unbilled electricity revenue, valuation of long-term energy contracts, the effects of regulation, long-lived asset recovery, storm costs, the effects of contingencies and certain assumptions made in accounting for pension and postretirement benefits. The estimates and assumptions used are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results could ultimately differ from those estimates.

### ***Cash and Cash Equivalents***

Cash and Cash Equivalents include temporary cash investments with original maturities of three months or less.

### ***AEP System Tax Allocation***

KPCo joins in the filing of a consolidated federal income tax return with its affiliates in the AEP System. Historically, the allocation of the AEP System's current consolidated federal income tax to the AEP System companies allocated the benefit of current tax loss of the parent company (Parent Company Loss Benefit) to the AEP System subsidiaries through a reduction of current tax expense. In the first quarter of 2022, AEP and subsidiaries changed accounting for the Parent Company Loss Benefit from a reduction of current tax expense to an allocation through equity. The impact of this change was immaterial to KPCo's financial statements. The consolidated net operating losses of the AEP System is allocated to each company in the consolidated group with taxable loss. With the exception of the allocation of the consolidated AEP System net operating losses, the loss of the Parent and tax credits, the method of allocation reflects a separate return result for each company in the consolidated group.

### ***Inventory***

Fossil fuel inventories and materials and supplies inventories are carried at average cost.

### ***Accounts Receivable***

Customer accounts receivable primarily include receivables from wholesale and retail energy customers, receivables from energy contract counterparties related to risk management activities and customer receivables primarily related to other revenue-generating activities.

Revenue is recognized from electric power sales when power is delivered to customers. To the extent that deliveries have occurred but a bill has not been issued, KPCo accrues and recognizes, as Accrued Unbilled Revenues on the balance sheets, an estimate of the revenues for energy delivered since the last billing.

### ***Allowance for Uncollectible Accounts***

Prior to the first quarter of 2022, KPCo sold, without recourse, certain of its customer accounts receivable and accrued unbilled revenue balances to AEP Credit under an affiliated receivables sales arrangement. Under the arrangement, KPCo was charged a fee for each sale based on AEP Credit's financing costs, administrative costs and uncollectible accounts experience from previous purchases of KPCo's customer accounts receivable. As a result, no allowance for uncollectible accounts was recognized within KPCo's financial statements for customer accounts receivable sold to AEP Credit, and any bad debt stemming from these receivables would be recognized by AEP Credit. KPCo terminated selling accounts receivable to AEP Credit in the first quarter of 2022, based on the pending sale to Liberty. As a result of the termination, in the first quarter of 2022, KPCo recorded an allowance for uncollectible accounts on its balance sheet for those receivables no longer sold to AEP Credit. KPCo's bad debt reserve is calculated based on a rolling two-year average write-off in proportion to gross accounts receivable.

***Concentrations of Credit Risk and Significant Customers***

KPCo had a significant customer which accounts for the following percentages of Total Revenues for the years ended December 31 and Accounts Receivable – Customers as of December 31:

<b>Significant Customer of KPCo: Marathon Petroleum Company</b>	<b>2022</b>	<b>2021</b>
Percentage of Total Revenues	14 %	12 %
Percentage of Accounts Receivable – Customers	14 %	45 %

Management monitors credit levels and the financial condition of KPCo’s customers on a continuous basis to minimize credit risk. The KPSC allows recovery in rates for a reasonable level of bad debt costs. Management believes adequate provision for credit loss has been made in the accompanying financial statements.

***Property, Plant and Equipment***

Electric utility property, plant and equipment are stated at original cost. Additions, major replacements and betterments are added to the plant accounts. Under the group composite method of depreciation, continuous interim routine replacements of items such as boiler tubes, pumps, motors, etc. result in original cost retirements, less salvage, being charged to accumulated depreciation. The group composite method of depreciation assumes that on average, asset components are retired at the end of their useful lives and thus there is no gain or loss. The equipment in each primary electric plant account is identified as a separate group. The depreciation rates that are established take into account the past history of interim capital replacements and the amount of removal cost incurred and salvage received. These rates and the related lives are subject to periodic review. Removal costs accrued are typically recorded as regulatory liabilities when the revenue received for removal costs accrued exceeds actual removal costs incurred. The asset removal costs liability is relieved as removal costs are incurred. A regulatory asset balance will occur if actual removal costs incurred exceed accumulated removal costs accrued.

The costs of labor, materials and overhead incurred to operate and maintain plant and equipment are included in operating expenses.

Long-lived assets are required to be tested for impairment when it is determined that the carrying value of the assets may no longer be recoverable or when the assets meet the held-for-sale criteria under the accounting guidance for “Impairment or Disposal of Long-Lived Assets.” When it becomes probable that an asset in-service or an asset under construction will be abandoned and regulatory cost recovery has been disallowed or is not probable, the cost of that asset shall be written down to its then current estimated fair value, with the change charged to expense, and the asset is removed from plant-in-service or CWIP.

The fair value of an asset is the amount at which that asset could be bought or sold in a current transaction between willing parties, as opposed to a forced or liquidation sale. Quoted market prices in active markets are the best evidence of fair value and are used as the basis for the measurement, if available. In the absence of quoted prices for identical or similar assets in active markets, fair value is estimated using various internal and external valuation methods including cash flow analysis and appraisals.

***Allowance for Funds Used During Construction***

AFUDC represents the estimated cost of borrowed and equity funds used to finance construction projects that is capitalized and recovered through depreciation over the service life of regulated electric utility plant. KPCo records the equity component of AFUDC in Allowance for Equity Funds Used During Construction and the debt component of AFUDC as a reduction to Interest Expense.

### ***Asset Retirement Obligations (ARO)***

KPCo records ARO in accordance with the accounting guidance for “Asset Retirement and Environmental Obligations” for legal obligations for asbestos removal and for the retirement of certain ash disposal facilities. AROs are computed as the present value of the estimated costs associated with the future retirement of an asset and are recorded in the period in which the liability is incurred. Estimates of the timing and amounts of future cash outlays are based on projections of when and how the assets will be decommissioned, inflation, and discount rate, which may change significantly over time. The estimated costs are capitalized as part of the related long-lived asset and depreciated over the asset's useful life. KPCo has identified, but not recognized, ARO liabilities related to electric transmission and distribution assets as a result of certain easements on property on which assets are owned. Generally, such easements are perpetual and require only the retirement and removal of assets upon the cessation of the property's use. The retirement obligation is not estimable for such easements since KPCo plans to use their facilities indefinitely. The retirement obligation would only be recognized if and when the Registrants abandon or cease the use of specific easements, which is not expected.

### ***Valuation of Nonderivative Financial Instruments***

The book values of Cash and Cash Equivalents, Advances from Affiliates, Accounts Receivable and Accounts Payable approximate fair value because of the short-term maturity of these instruments.

### ***Fair Value Measurements of Assets and Liabilities***

The accounting guidance for “Fair Value Measurements and Disclosures” establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Where observable inputs are available for substantially the full term of the asset or liability, the instrument is categorized in Level 2. When quoted market prices are not available, pricing may be completed using comparable securities, dealer values, operating data and general market conditions to determine fair value. Valuation models utilize various inputs such as commodity, interest rate and, to a lesser degree, volatility and credit that include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, market corroborated inputs (i.e. inputs derived principally from, or correlated to, observable market data) and other observable inputs for the asset or liability.

For commercial activities, exchange-traded derivatives, namely futures contracts, are generally fair valued based on unadjusted quoted prices in active markets and are classified as Level 1. Level 2 inputs primarily consist of OTC broker quotes in moderately active or less active markets, as well as exchange-traded derivatives where there is insufficient market liquidity to warrant inclusion in Level 1. Management verifies price curves using these broker quotes and classifies these fair values within Level 2 when substantially all of the fair value can be corroborated. Management typically obtains multiple broker quotes, which are nonbinding in nature but are based on recent trades in the marketplace. When multiple broker quotes are obtained, the quoted bid and ask prices are averaged. In certain circumstances, a broker quote may be discarded if it is a clear outlier. Management uses a historical correlation analysis between the broker quoted location and the illiquid locations. If the points are highly correlated, these locations are included within Level 2 as well. Certain OTC and bilaterally executed derivative instruments are executed in less active markets with a lower availability of pricing information. Illiquid transactions, complex structured transactions, FTRs and counterparty credit risk may require nonmarket-based inputs. Some of these inputs may be internally developed or extrapolated and utilized to estimate fair value. When such inputs have a significant impact on the measurement of fair value, the instrument is categorized as Level 3. The main driver of contracts being classified as Level 3 is the inability to substantiate energy price curves in the market. A portion of the Level 3 instruments have been economically hedged which limits potential earnings volatility.

AEP utilizes its trustee's external pricing service to estimate the fair value of the underlying investments held in the benefit plan trusts. AEP's investment managers review and validate the prices utilized by the trustee to determine fair value. AEP's management performs its own valuation testing to verify the fair values of the securities. AEP receives audit reports of the trustee's operating controls and valuation processes.

Assets in the benefits trusts are classified using the following methods. Equities are classified as Level 1 holdings if they are actively traded on exchanges. Items classified as Level 1 are investments in money market funds, fixed income and equity mutual funds and equity securities. They are valued based on observable inputs primarily unadjusted quoted prices in active markets for identical assets. Items classified as Level 2 are primarily investments in individual fixed income securities. Fixed income securities generally do not trade on exchanges and do not have an official closing price but their valuation inputs are based on observable market data. Pricing vendors calculate bond valuations using financial models and matrices. The models use observable inputs including yields on benchmark securities, quotes by securities brokers, rating agency actions, discounts or premiums on securities compared to par prices, changes in yields for U.S. Treasury securities, corporate actions by bond issuers, prepayment schedules and histories, economic events and, for certain securities, adjustments to yields to reflect changes in the rate of inflation. Other securities with model-derived valuation inputs that are observable are also classified as Level 2 investments. Investments with unobservable valuation inputs are classified as Level 3 investments. Investments classified as Other are valued using Net Asset Value as a practical expedient. Items classified as Other are primarily cash equivalent funds, common collective trusts, commingled funds, structured products, private equity, real estate, infrastructure and alternative credit investments. These investments do not have a readily determinable fair value or they contain redemption restrictions which may include the right to suspend redemptions under certain circumstances. Redemption restrictions may also prevent certain investments from being redeemed at the reporting date for the underlying value.

### ***Deferred Fuel Costs***

The cost of fuel and related emission allowances and emission control chemicals/consumables is charged to Fuel and Other Consumables Used for Electric Generation expense when the fuel is burned or the allowance or consumable is utilized. In regulated jurisdictions with an active FAC, fuel cost over-recoveries (the excess of fuel-related revenues over applicable fuel costs incurred) are generally deferred as current regulatory liabilities and under-recoveries (the excess of applicable fuel costs incurred over fuel-related revenues) are generally deferred as current regulatory assets. Fuel cost over-recovery and under-recovery balances are classified as noncurrent when there is an expectation that refunds or recoveries will extend beyond a one year period, based on a company's filing with a commission or a commission directive. These deferrals are amortized when refunded or when billed to customers in later months with the KPSC's review and approval. The amount of an over-recovery or under-recovery can also be affected by actions of the KPSC. On a routine basis, the KPSC reviews and/or audits KPCo's fuel procurement policies and practices, the fuel cost calculations and FAC deferrals. FAC deferrals are adjusted when costs are no longer probable of recovery or when refunds of fuel reserves are probable. Changes in fuel costs, including purchased power, are reflected in rates in a timely manner through the FAC. A portion of margins from off-system sales are given to customers through the FAC.

### ***Revenue Recognition***

#### ***Regulatory Accounting***

KPCo's financial statements reflect the actions of regulators that can result in the recognition of revenues and expenses in different time periods than enterprises that are not rate-regulated. Regulatory assets (deferred expenses or alternative revenues recognized in accordance with the guidance for "Regulated Operations") and regulatory liabilities (deferred revenue reductions or refunds) are recorded to reflect the economic effects of regulation in the same accounting period by matching expenses with their recovery through regulated revenues and by matching revenue with its passage to customers in cost-based regulated rates.

When regulatory assets are probable of recovery through regulated rates, KPCo records them as assets on its balance sheets. Regulatory assets are reviewed for probability of recovery at each balance sheet date or whenever new events occur. Examples of new events include the issuance of a regulatory commission order or passage of new legislation. If it is determined that recovery of a regulatory asset is no longer probable, KPCo derecognizes that regulatory asset as a charge against income.

### *Electricity Supply and Delivery Activities*

KPCo recognizes revenues from customers for retail and wholesale electricity sales and electricity transmission and distribution delivery services. KPCo recognizes such revenues on the statements of income as the performance obligations of delivering energy to customers are satisfied. Recognized revenues include unbilled as well as-billed amounts. Wholesale transmission revenue is based on a FERC-approved formula rate filing made for each calendar year using estimated costs. Revenues initially recognized per the annual rate filing are compared to actual costs, resulting in the subsequent recognition of an over or under-recovered amount, with interest, that is refunded or recovered, respectively, in a future year's rates. The annual true-up meets the definition of alternative revenues in accordance with the accounting guidance for "Regulated Operations". An estimated annual true-up is recorded by KPCo in the fourth quarter of each calendar year and a final annual true-up is recognized by KPCo in the second quarter of each calendar year following the filing of the annual FERC report. Any portion of the true-up applicable to an affiliated company is recorded as Accounts Receivable - Affiliated Companies or Accounts Payable - Affiliated Companies on the balance sheets. Any portion of the true-ups applicable to third-parties is recorded as Regulatory Assets or Regulatory Liabilities on the balance sheets. See Note 16 - Revenue from Contracts with Customers for additional information.

### *Gross versus Net Presentation of Certain Electricity Supply and Delivery Activities*

The power produced at KPCo's generation plants is sold to PJM. KPCo also purchases power from PJM to supply power to its customers. Generally, these power sales and purchases are reported on a net basis in revenues on the statements of income. However, purchases of power in excess of sales to PJM, on an hourly net basis, used to serve retail load are recorded gross as Purchased Electricity for Resale on the statements of income.

Physical energy purchases arising from non-derivative contracts are accounted for on a gross basis in Purchased Electricity for Resale on the statements of income. Energy purchases arising from non-trading derivative contracts are recorded based on the transaction's facts and circumstances. Purchases under non-trading derivatives used to serve accrual based obligations are recorded in Purchased Electricity for Resale on the statements of income. All other non-trading derivative purchases are recorded net in revenues.

In general, KPCo records expenses when purchased electricity is received and when expenses are incurred, with the exception of certain power purchase contracts that are derivatives and accounted for using MTM accounting. KPCo defers the unrealized MTM amounts as regulatory assets (for losses) and regulatory liabilities (for gains).

### *Energy Marketing and Risk Management Activities*

KPCo engages in power marketing as a major power producer and participant in electricity markets. KPCo also engages in power, capacity, coal, natural gas and, to a lesser extent, heating oil, gasoline and other commodity risk management activities focused on markets where the AEP System owns assets and on adjacent markets. These activities include the purchase-and-sale of energy under forward contracts at fixed and variable prices. These contracts include physical transactions, exchange-traded futures, and to a lesser extent, OTC swaps and options. Certain energy marketing and risk management transactions are with RTOs.

KPCo recognizes revenues from marketing and risk management transactions that are not derivatives as the performance obligation of delivering the commodity is satisfied. Expenses from marketing and risk management transactions that are not derivatives are also recognized upon delivery of the commodity.

KPCo uses MTM accounting for marketing and risk management transactions that are derivatives unless the derivative is designated in a qualifying cash flow hedge relationship or elected normal under the normal purchase normal sale election. Unrealized MTM gains and losses are included on KPCo's balance sheets as Risk Management Assets or Liabilities, as appropriate, and on KPCo's statements of income in Total Revenues. Realized gains and losses on marketing and risk management transactions are included in revenues or expenses based on the transaction's facts and circumstances. However, in regulated jurisdictions subject to cost-based regulation, unrealized MTM amounts and some realized gains and losses are deferred as regulatory assets (for losses) and regulatory liabilities (for gains).

Certain qualifying marketing and risk management derivative transactions are designated as hedges of variability in future cash flows as a result of forecasted transactions (cash flow hedge). In the event KPCo designates a cash flow hedge, the cash flow hedge's gain or loss is initially recorded as a component of AOCI. When the forecasted transaction is realized and affects net income, KPCo subsequently reclassifies the gain or loss on the hedge from AOCI into revenues or expenses within the same financial statement line item as the forecasted transaction on the statements of income. See "Accounting for Cash Flow Hedging Strategies" section of Note 8.

### ***Maintenance***

Maintenance costs are expensed as incurred. If it becomes probable that KPCo will recover specifically-incurred costs through future rates, a regulatory asset is established to match the expensing of those maintenance costs with their recovery in cost-based regulated revenues.

### ***Income Taxes***

KPCo uses the liability method of accounting for income taxes. Under the liability method, deferred income taxes are provided for all temporary differences between the book and tax basis of assets and liabilities which will result in a future tax consequence. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

When the flow-through method of accounting for temporary differences is reflected in regulated revenues (that is, when deferred taxes are not included in the cost-of-service for determining regulated rates for electricity), deferred income taxes are recorded and related regulatory assets and liabilities are established to match the regulated revenues and tax expense.

KPCo accounts for uncertain tax positions in accordance with the accounting guidance for "Income Taxes." KPCo classifies interest expense or income related to uncertain tax positions as interest expense or income as appropriate and classifies penalties as Other Operation expense.

### ***Excise Taxes***

As an agent for some state and local governments, KPCo collects from customers certain excise taxes levied by those state or local governments on customers. KPCo does not recognize these taxes as revenue or expense.

### ***Debt***

Gains and losses from the reacquisition of debt used to finance regulated electric utility plants are deferred and amortized over the remaining term of the reacquired debt in accordance with their rate-making treatment unless the debt is refinanced. If the reacquired debt is refinanced, the reacquisition costs are generally deferred and amortized over the term of the replacement debt consistent with its recovery in rates.

Debt discount or premium and debt issuance expenses are deferred and amortized generally utilizing the straight-line method over the term of the related debt. The straight-line method approximates the effective interest method and is consistent with the treatment in rates for regulated operations. The net amortization expense is included in Interest Expense on the statements of income.

***Pension and OPEB Plans***

KPCo participates in an AEP sponsored qualified pension plan and two unfunded non-qualified pension plans. Substantially all of KPCo’s employees are covered by the qualified plan or both the qualified and non-qualified pension plans. KPCo also participates in OPEB plans sponsored by AEP to provide health and life insurance benefits for retired employees. KPCo accounts for its participation in the AEP sponsored pension and OPEB plans using multiple-employer accounting. See Note 7 - Benefit Plans for additional information including significant accounting policies associated with the plans.

***Investments Held in Trust for Future Liabilities***

AEP has several trust funds with significant investments intended to provide for future payments of pension and OPEB benefits. All of the trust funds’ investments are diversified and managed in compliance with all laws and regulations. The investment strategy for the trust funds is to use a diversified portfolio of investments to achieve an acceptable rate of return while managing the investment risk of the assets relative to the associated liabilities. To minimize investment risk, the trust funds are broadly diversified among classes of assets, investment strategies and investment managers. Management regularly reviews the actual asset allocations and periodically rebalances the investments to targeted allocations when appropriate. Investment policies and guidelines allow investment managers in approved strategies to use financial derivatives to obtain or manage market exposures and to hedge assets and liabilities. The investments are reported at fair value under the “Fair Value Measurements and Disclosures” accounting guidance.

***Benefit Plans***

All benefit plan assets are invested in accordance with each plan’s investment policy. The investment policy outlines the investment objectives, strategies and target asset allocations by plan.

The investment philosophies for AEP’s benefit plans support the allocation of assets to minimize risks and optimize net returns. Strategies used include:

- Maintaining a long-term investment horizon.
- Diversifying assets to help control volatility of returns at acceptable levels.
- Managing fees, transaction costs and tax liabilities to maximize investment earnings.
- Using active management of investments where appropriate risk/return opportunities exist.
- Keeping portfolio structure style-neutral to limit volatility compared to applicable benchmarks.
- Using alternative asset classes such as real estate and private equity to maximize return and provide additional portfolio diversification.

The objective of the investment policy for the pension fund is to maintain the funded status of the plan while providing for growth in the plan assets to offset the growth in the plan liabilities. The current target asset allocations are as follows:

<b>Pension Plan Assets</b>	<b>Target</b>
Equity	30 %
Fixed Income	54 %
Other Investments	15 %
Cash and Cash Equivalents	1 %
<b>OPEB Plans Assets</b>	<b>Target</b>
Equity	59 %
Fixed Income	40 %
Cash and Cash Equivalents	1 %

The investment policy for each benefit plan contains various investment limitations. The investment policies establish concentration limits for securities and prohibit the purchase of securities issued by AEP (with the exception of proportionate and immaterial holdings of AEP securities in passive index strategies or certain commingled funds). However, the investment policies do not preclude the benefit trust funds from receiving contributions in the form of AEP securities, provided that the AEP securities acquired by each plan may not exceed the limitations imposed by law.

For equity investments, the concentration limits are generally as follows:

- No security in excess of 5% of all equities.
- Cash equivalents must be less than 10% of an investment manager's equity portfolio.
- No individual stock may be more than 10% and 7% for pension and OPEB investments, respectively, of each manager's equity portfolio.
- No securities may be bought or sold on margin or other use of leverage.

For fixed income investments, each investment manager's portfolio is compared to investment grade, diversified long and intermediate benchmark indices.

A portion of the pension assets is invested in real estate funds to provide diversification, add return and hedge against inflation. Real estate properties are illiquid, difficult to value and not actively traded. The pension plan uses external real estate investment managers to invest in commingled funds that hold real estate properties. To mitigate investment risk in the real estate portfolio, commingled real estate funds are used to ensure that holdings are diversified by region, property type and risk classification. Real estate holdings include core, value-added and opportunistic classifications.

A portion of the pension assets is invested in private equity. Private equity investments add return and provide diversification and typically require a long-term time horizon to evaluate investment performance. Private equity is classified as an alternative investment because it is illiquid, difficult to value and not actively traded. The pension plan uses limited partnerships to invest across the private equity investment spectrum. The private equity holdings are with multiple general partners who help monitor the investments and provide investment selection expertise. The holdings are currently comprised of venture capital, buyout and hybrid debt and equity investments.

AEP participates in a securities lending program with BNY Mellon to provide incremental income on idle assets and to provide income to offset custody fees and other administrative expenses. AEP lends securities to borrowers approved by BNY Mellon in exchange for collateral. All loans are collateralized by at least 102% of the loaned asset's market value and the collateral is invested. The difference between the rebate owed to the borrower and the collateral rate of return determines the earnings on the loaned security. The securities lending program's objective is to provide modest incremental income with a limited increase in risk. As of December 31, 2022 and 2021, the fair value of securities on loan as part of the program was \$83 million and \$137 million, respectively. Cash and securities obtained as collateral exceeded the fair value of the securities loaned as of December 31, 2022 and 2021.

Trust owned life insurance (TOLI) underwritten by The Prudential Insurance Company is held in the OPEB plan trusts. The strategy for holding life insurance contracts in the taxable Voluntary Employees' Beneficiary Association trust is to minimize taxes paid on the asset growth in the trust. Earnings on plan assets are tax-deferred within the TOLI contract and can be tax-free if held until claims are paid. Life insurance proceeds remain in the trust and are used to fund future retiree medical benefit liabilities. With consideration to other investments held in the trust, the cash value of the TOLI contracts is invested in two diversified funds. A portion is invested in a commingled fund with underlying investments in stocks that are actively traded on major international equity exchanges. The other portion of the TOLI cash value is invested in a diversified, commingled fixed income fund with underlying investments in government bonds, corporate bonds and asset-backed securities.

Cash and cash equivalents are held in each trust to provide liquidity and meet short-term cash needs. Cash equivalent funds are used to provide diversification and preserve principal. The underlying holdings in the cash funds are investment grade money market instruments including commercial paper, certificates of deposit, treasury bills and other types of investment grade short-term debt securities. The cash funds are valued each business day and provide daily liquidity.

***Comprehensive Income (Loss)***

Comprehensive income (loss) is defined as the change in equity (net assets) of a business enterprise during a period from transactions and other events and circumstances from non-owner sources. It includes all changes in equity during a period except those resulting from investments by owners and distributions to owners. Comprehensive income (loss) has two components: net income (loss) and other comprehensive income (loss).

***Earnings Per Share (EPS)***

KPCo is a wholly-owned subsidiary of AEP. Therefore, KPCo is not required to report EPS.

***Supplementary Income Statement Information***

The following table provides the components of Depreciation and Amortization for the years ended December 31, 2022 and 2021:

<b>Depreciation and Amortization</b>	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Depreciation and Amortization of Property, Plant and Equipment	\$ 108,301	\$ 102,390
Amortization of Regulatory Assets and Liabilities	14,937	12,707
<b>Total Depreciation and Amortization</b>	<b>\$ 123,238</b>	<b>\$ 115,097</b>

***Disposition of KPCo and KTCo***

In October 2021, AEP entered into a Stock Purchase Agreement (SPA) to sell KPCo and KTCo to Liberty Utilities Co., a subsidiary of Algonquin Power & Utilities Corp. (Liberty), for approximately a \$2.85 billion enterprise value. In May 2022, the KPSC approved the transfer of KPCo to Liberty subject to certain conditions contingent upon the closing of the sale. AEP has received clearance under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (HSR) and the Committee on Foreign Investment in the United States during 2022. Clearance under the HSR expired in January 2023. AEP and Liberty refiled a joint application seeking HSR clearance in February 2023. The sale is also contingent upon FERC approval under Section 203 of the Federal Power Act. The parties to the SPA have certain termination rights if the closing of the sale does not occur by April 26, 2023.

***Transfer of Ownership***

**FERC Proceedings**

In December 2021, Liberty, KPCo and KTCo (the applicants) requested FERC approval of the sale under Section 203 of the Federal Power Act. In February 2022, several intervenors in the case filed protests related to whether the sale will negatively impact the wholesale transmission rates of applicants. In April 2022, the FERC issued a deficiency letter stating that the Section 203 application is deficient and that additional information is required to process it. In May 2022, Liberty, KPCo and KTCo supplemented the application. In December 2022, the FERC issued an order denying, without prejudice, authorization of the proposed sale stating the applicants failed to demonstrate the proposed transaction will not have an adverse effect on rates.

In January 2023, AEP, AEPTCo, and Liberty entered into an amendment to the SPA that specified the applicants will submit a new filing for approval under Section 203 of the Federal Power Act. The new filing was submitted to the FERC on February 14, 2023. The applicants requested expedited treatment of the new filing, including an

accelerated comment period. In response, the FERC granted a shortened 45 day comment period. The applicants believe the new Section 203 application addresses the concerns raised in the FERC's December 2022 order. The application contains several additional commitments by Liberty to mitigate potential adverse impacts on FERC jurisdictional rates over the next five years, including: a) maintaining the current return on equity; b) maintaining the current cost cap on equity; c) financing future investments at the current credit rating; and d) capping certain operating and administrative costs. The sale remains subject to FERC approval. The statute requires an order from the FERC within 180 days of the February 14, 2023 filing date in accordance with Section 203 of the Federal Power Act.

#### KPSC Proceedings

In May 2022, the KPSC approved the transfer of KPCo to Liberty subject to conditions contingent upon the closing of the sale, including establishment of regulatory liabilities to subsidize retail customer transmission and distribution expenses, a fuel adjustment clause bill credit, and a three-year Big Sandy decommissioning rider rate holiday during which KPCo's carrying charge is reduced by 50%.

#### *Mitchell Plant Operations and Maintenance Agreement and Ownership Agreement*

KPCo and WPCo each own a 50% undivided interest in the 1,560 MW coal-fired Mitchell Plant. As of December 31, 2022 and 2021, the net book value of KPCo's share of the Mitchell Plant, before cost of removal including CWIP and inventory, was \$577 million and \$586 million, respectively. The SPA includes a condition precedent to closing requiring the issuance of regulatory orders approving new Mitchell Plant agreements.

The KPSC and WVPSC issued orders proposing materially different modifications to the Mitchell Plant agreements filed by AEP such that the new agreements could not be executed by the parties. In lieu of new agreements, in July 2022, KPCo and WPCo confirmed with the KPSC and WVPSC, respectively, that they will continue operating under the existing Mitchell Agreement, utilizing the Mitchell Agreement Operating Committee's authority under that agreement to issue appropriate resolutions so the parties can operate in accordance with each state commission's directives related to CCR and ELG investment. In September 2022, pursuant to resolutions under the existing Mitchell Plant agreement, WPCo replaced KPCo as the Operator of Mitchell Plant.

#### *Summary*

Management believes it is probable that FERC authorization under Section 203 of the Federal Power Act will be received and closing will occur after receipt of the order with Liberty acquiring the assets and assuming the liabilities of KPCo and KTCO, excluding pension and other post-retirement benefit plan assets and liabilities. AEP expects to provide customary transition services to Liberty for a period of time after closing of the transaction.

In June 2022, KPCo entered into agreements to purchase assets under lease, terminating remaining lease obligations prior to the original maturity date. As a result of the early terminations, current obligations under operating and finance leases of \$1.9 million and \$583 thousand, respectively, and noncurrent obligations under operating and finance leases of \$7.2 million and \$1.4 million, respectively, were relieved from KPCo's balance sheet in the second quarter of 2022.

#### *Subsequent Events*

Management reviewed subsequent events through February 23, 2023, the date that KPCo's 2022 annual report was available to be issued.

**2. NEW ACCOUNTING STANDARDS**

During the FASB's standard-setting process and upon issuance of final standards, management reviews the new accounting literature to determine its relevance, if any, to KPCo's business. There are no new standards expected to have a material impact on KPCo's financial statements.

### 3. COMPREHENSIVE INCOME

#### *Presentation of Comprehensive Income*

The following tables provide the components of changes in AOCI and details of reclassifications from AOCI for the years ended December 31, 2022 and 2021. The amortization of pension and OPEB AOCI components are included in the computation of net periodic pension and OPEB costs. See Note 7 - Benefit Plans for additional details.

<b>For the Year Ended December 31, 2022</b>	<b>Pension and OPEB</b>		<b>Total</b>

#### **4. RATE MATTERS**

KPCo is involved in rate and regulatory proceedings at the FERC and the KPSC. Rate matters can have a material impact on net income, cash flows and possibly financial condition. KPCo's recent significant rate orders and pending rate filings are addressed in this note.

##### ***CCR/ELG Compliance Plan Filings***

KPCo and WPCo each own a 50% interest in the Mitchell Plant. As of December 31, 2022, the net book value of KPCo's share of the Mitchell Plant, before cost of removal including CWIP and inventory, was \$577 million. In December 2020 and February 2021, WPCo and KPCo filed requests with the WVPSC and KPSC, respectively, to obtain the regulatory approvals necessary to implement CCR and ELG compliance plans and seek recovery of the estimated \$132 million investment for the Mitchell Plant that would allow the plant to continue operating beyond 2028. Within those requests, WPCo and KPCo also filed a \$25 million alternative to implement only the CCR-related investments with the WVPSC and KPSC, respectively, which would allow the Mitchell Plant to continue operating only through 2028.

In July 2021, the KPSC issued an order approving the CCR only alternative and rejecting the full CCR and ELG compliance plan. In May 2022, the KPSC approved recovery of the Kentucky jurisdictional share of ELG costs incurred at the Mitchell Plant prior to July 15, 2021.

In August 2021, the WVPSC approved the full CCR and ELG compliance plan for the WPCo share of the Mitchell Plant. In September 2021, WPCo submitted a filing with the WVPSC to reopen the CCR/ELG case that was approved by the WVPSC in August 2021. Due to the rejection by the KPSC of the KPCo share of the ELG investments, WPCo requested the WVPSC consider approving the construction and recovery of all ELG costs at the plant. In October 2021, the WVPSC affirmed its August 2021 order approving the construction of CCR/ELG investments and directed WPCo to proceed with CCR/ELG compliance plans that would allow the plant to continue operating beyond 2028. The WVPSC also ordered that WPCo will be given the opportunity to recover, from its customers, the ELG and new capital and operating costs arising solely from the WVPSC's directive to operate the plant beyond 2028 if the WVPSC finds that the costs are reasonably and prudently incurred. The WVPSC's order further states that unless KPCo pays for its share of costs for ELG improvements and costs necessary to continue operations beyond 2028, the benefit of the capacity and energy made possible by those improvements and operating Mitchell Plant beyond 2028 should benefit only West Virginia jurisdictional customers who have shared in paying for those costs.

##### ***Storm-Related Costs***

In June 2022, KPCo's service territory was impacted by strong winds from severe storms resulting in system damages and power outages. In July 2022, KPCo's service territory was impacted again by severe storms, which caused flash flooding, resulting in additional system damages and power outages. In August 2022, KPCo filed an application with the KPSC requesting deferral authority for \$18 million of incremental operation and maintenance costs related to these storms. In September 2022, the KPSC issued an order granting deferral authority. KPCo intends to seek recovery of the deferral in a future base rate case. If any of these incremental storm costs are not recoverable, it could reduce future net income and cash flows and impact financial condition.

##### ***Deferred Purchased Power Expenses***

In September 2022, the KPSC initiated a proceeding to investigate the appropriate amortization period and recovery mechanism for the deferral of Kentucky Deferred Purchased Power Expenses related to the Rockport Plant Unit Power Agreement, as well as KPCo's ability to use the level of non-fuel, non-environmental Rockport UPA expense included in base rates to earn its authorized ROE in 2023 since the KPCo UPA ended in December 2022. KPCo requested the KPSC approve the terms related to each of the foregoing items as reflected in the settlement agreement in the 2017 Kentucky Base Rate Case, including recovery of the Kentucky Deferred Purchased Power Expenses over five years through a rider beginning in December 2022. In December 2022, the KPSC approved

KPCo's request and recovery began through a rider, including recovery of an estimated allowed cost (Rockport Offset) of \$22.8 million in accordance with the terms of the settlement agreement in the 2017 Kentucky Base Rate Case permitting KPCo to use the level of non-fuel, non-environmental Rockport UPA expense included in base rates to earn its authorized ROE in 2023. This estimated Rockport Offset is subject to true-up based on KPCo's actual 2023 financial results and KPSC review in the first quarter of 2024. The actual Rockport Offset cannot exceed \$40.8 million. If the actual Rockport Offset is not recoverable, it could reduce future net income and cash flows and impact financial condition.

**5. EFFECTS OF REGULATION**

***Regulatory Assets and Liabilities***

Regulatory assets and liabilities are comprised of the following items:

Regulatory Assets:	December 31,		Remaining Recovery Period
	2022	2021	
	(in thousands)		
<b>Current Regulatory Assets</b>			
Under-recovered Fuel Costs - does not earn a return	\$ 23,241	\$ 8,216	1 year
<b>Total Current Regulatory Assets</b>	<u>23,241</u>	<u>8,216</u>	
<b>Noncurrent Regulatory Assets</b>			
<b>Regulatory assets pending final regulatory approval:</b>			
<u>Regulatory Assets Currently Earning a Return</u>			
Kentucky Deferred Purchased Power Expenses	\$ —	\$ 47,528	
<b>Total Regulatory Assets Currently Earning a Return</b>	<u>—</u>	<u>47,528</u>	
<u>Regulatory Assets Currently Not Earning a Return</u>			
Storm Related Costs (a)	74,430	56,506	
Other Regulatory Assets Pending Final Regulatory Approval	1,699	893	
<b>Total Regulatory Assets Currently Not Earning a Return</b>	<u>76,129</u>	<u>57,399</u>	
<b>Total Regulatory Assets Pending Final Regulatory Approval</b>	<u>76,129</u>	<u>104,927</u>	
<b>Regulatory assets approved for recovery:</b>			
<u>Regulatory Assets Currently Earning a Return</u>			
Plant Retirement Costs	178,502	193,229	18 years
Plant Retirement Costs - Asset Retirement Obligation Costs	110,010	109,577	18 years
Kentucky Deferred Purchased Power Expenses	52,970	—	5 years
Plant Retirement Costs - Materials and Supplies	3,016	3,016	18 years
Other Regulatory Assets Approved for Recovery	931	928	various
<b>Total Regulatory Assets Currently Earning a Return</b>	<u>345,429</u>	<u>306,750</u>	
<u>Regulatory Assets Currently Not Earning a Return</u>			
Fuel and Purchased Power Rider	38,164	28,727	2 years
Pension and OPEB Funded Status	23,704	12,236	12 years
Plant Retirement Costs - Asset Retirement Obligation Costs	5,295	4,721	18 years
Environmental Costs	5,139	5,920	2 years
Postemployment Benefits	4,416	3,410	3 years
Storm Related Costs	100	2,167	1 year
Other Regulatory Assets Approved for Recovery	5,809	7,599	various
<b>Total Regulatory Assets Currently Not Earning a Return</b>	<u>82,627</u>	<u>64,780</u>	
<b>Total Regulatory Assets Approved for Recovery</b>	<u>428,056</u>	<u>371,530</u>	
<b>Total Noncurrent Regulatory Assets</b>	<u>\$ 504,185</u>	<u>\$ 476,457</u>	

(a) KPCo will seek recovery of these costs during the next base rate case.

Regulatory Liabilities:	December 31, 2022      2021		Remaining Refund Period
	(in thousands)		
<b>Noncurrent Regulatory Liabilities</b>			
<b>Regulatory liabilities pending final regulatory determination:</b>			
<u>Regulatory Liabilities Currently Paying a Return</u>			
Income Taxes, Net (a) (b)	\$ (32,843)	\$ —	
<b>Total Regulatory Liabilities Currently Paying a Return</b>	<u>(32,843)</u>	<u>—</u>	
<u>Regulatory Liabilities Currently Not Paying a Return</u>			
Other Regulatory Liabilities Pending Final Regulatory Determination	2,098	2,098	
<b>Total Regulatory Liabilities Currently Not Paying a Return</b>	<u>2,098</u>	<u>2,098</u>	
<b>Total Regulatory Liabilities Pending Final Regulatory Determination</b>	<u>(30,745)</u>	<u>2,098</u>	
<b>Regulatory liabilities approved for payment:</b>			
<u>Regulatory Liabilities Currently Paying a Return</u>			
Asset Removal Costs	74,393	57,793	(c)
Income Taxes, Net (a)	54,732	73,213	(d)
<b>Total Regulatory Liabilities Currently Paying a Return</b>	<u>129,125</u>	<u>131,006</u>	
<u>Regulatory Liabilities Currently Not Paying a Return</u>			
Unrealized Gain on Forward Commitments	3,982	3,199	2 years
Off-system Sales Margin Sharing	3,417	—	1 year
PJM Transmission Enhancement Refund	2,031	2,644	3 years
Other Regulatory Liabilities Approved for Payment	1,043	1,559	various
<b>Total Regulatory Liabilities Currently Not Paying a Return</b>	<u>10,473</u>	<u>7,402</u>	
<b>Total Regulatory Liabilities Approved for Payment</b>	<u>139,598</u>	<u>138,408</u>	
<b>Total Noncurrent Regulatory Liabilities</b>	<u>\$ 108,853</u>	<u>\$ 140,506</u>	

- (a) Predominately pays a return due to the inclusion of Excess ADIT in rate base.
- (b) Represents an income tax related regulatory asset, which is presented within net regulatory liabilities on the balance sheet.
- (c) Relieved as removal costs are incurred.
- (d) Refunded over the period for which the related deferred income tax reverse, which is generally based on the expected life for the underlying assets. Excess ADIT Associated with Certain Depreciable Property is refunded over the remaining depreciable life of the underlying assets. Excess ADIT that is Not Subject to Rate Normalization Requirements were \$40.7 million and \$81.4 million for the years ended December 31, 2022 and 2021, respectively. The remaining balance of Excess ADIT that is Not Subject to Rate Normalization Requirements as of December 31, 2022 is to be refunded over 6 years.

**6. COMMITMENTS, GUARANTEES AND CONTINGENCIES**

KPCo is subject to certain claims and legal actions arising in its ordinary course of business. In addition, KPCo’s business activities are subject to extensive governmental regulation related to public health and the environment. The ultimate outcome of such pending or potential litigation against KPCo cannot be predicted. Management accrues contingent liabilities only when management concludes that it is both probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. When management determines that it is not probable, but rather reasonably possible that a liability has been incurred at the date of the financial statements, management discloses such contingencies and the possible loss or range of loss if such estimate can be made. Any estimated range is based on currently available information and involves elements of judgment and significant uncertainties. Any estimated range of possible loss may not represent the maximum possible loss exposure. Circumstances change over time and actual results may vary significantly from estimates.

For current proceedings not specifically discussed below, management does not anticipate that the liabilities, if any, arising from such proceedings would have a material effect on the financial statements.

**COMMITMENTS**

KPCo has substantial commitments to support its business. KPCo purchases fuel, energy and capacity contracts as part of its normal course of business. Certain contracts contain penalty provisions for early termination.

In accordance with the accounting guidance for “Commitments”, the following table summarizes KPCo’s actual contractual commitments as of December 31, 2022:

<b>Contractual Commitments</b>	<b>Less Than 1 Year</b>	<b>2-3 Years</b>	<b>4-5 Years (in thousands)</b>	<b>After 5 Years</b>	<b>Total</b>
Fuel Purchase Contracts (a)	\$ 5,993	\$ 12,002	\$ 11,985	\$ 20,474	\$ 50,454
Energy and Capacity Purchase Contracts	—	1,577	—	—	1,577
<b>Total</b>	<u>\$ 5,993</u>	<u>\$ 13,579</u>	<u>\$ 11,985</u>	<u>\$ 20,474</u>	<u>\$ 52,031</u>

(a) Represents contractual commitments to purchase coal, natural gas and other consumables as fuel for electric generation along with related transportation of the fuel.

**GUARANTEES**

Liabilities for guarantees are recorded in accordance with the accounting guidance for “Guarantees.” There is no collateral held in relation to any guarantees. In the event any guarantee is drawn, there is no recourse to third-parties unless specified below.

***Indemnifications and Other Guarantees***

*Contracts*

KPCo enters into certain types of contracts which require indemnifications. Typically these contracts include, but are not limited to, sale agreements, lease agreements, purchase agreements and financing agreements. Generally, these agreements may include, but are not limited to, indemnifications around certain tax, contractual and environmental matters. With respect to sale agreements, exposure generally does not exceed the sale price. As of December 31, 2022, there were no material liabilities recorded for any indemnifications.

AEPSC conducts power purchase-and-sale activity on behalf of APCo, I&M, KPCo and WPCo, who are jointly and severally liable for activity conducted on their behalf.

## **CONTINGENCIES**

### ***Insurance and Potential Losses***

KPCo maintains insurance coverage normal and customary for an electric utility, subject to various deductibles. KPCo also maintains property and casualty insurance that may cover certain physical damage or third-party injuries caused by cyber security incidents. Insurance coverage includes all risks of physical loss or damage to assets, subject to insurance policy conditions and exclusions. Covered property generally includes power plants, substations, facilities and inventories. Excluded property generally includes transmission and distribution lines, poles and towers. The insurance programs also generally provide coverage against loss arising from certain claims made by third-parties and are in excess of KPCo's retentions. Coverage is generally provided by a combination of the protected cell of EIS and/or various industry mutual and/or commercial insurance carriers.

Some potential losses or liabilities may not be insurable or the amount of insurance carried may not be sufficient to meet potential losses and liabilities, including, but not limited to, liabilities relating to a cyber security incident. Future losses or liabilities, if they occur, which are not completely insured, unless recovered from customers, could reduce future net income and cash flows and impact financial condition.

### ***The Comprehensive Environmental Response Compensation and Liability Act (Superfund) and State Remediation***

By-products from the generation of electricity include materials such as ash, slag and sludge. Coal combustion by-products, which constitute the overwhelming percentage of these materials, are typically treated and deposited in captive disposal facilities or are beneficially utilized. In addition, the generation plants and transmission and distribution facilities have used asbestos, polychlorinated biphenyls and other hazardous and non-hazardous materials. KPCo currently incurs costs to dispose of these substances safely.

Superfund addresses clean-up of hazardous substances that are released to the environment. The Federal EPA administers the clean-up programs. Several states enacted similar laws. As of December 31, 2022, there is one site for which KPCo has received an information request which could lead to a Potentially Responsible Party designation. In the instance where KPCo has been named a defendant, disposal or recycling activities were in accordance with the then-applicable laws and regulations. Superfund does not recognize compliance as a defense, but imposes strict liability on parties who fall within its broad statutory categories. Liability has been resolved for a number of sites with no significant effect on net income.

Management evaluates the potential liability for each site separately, but several general statements can be made about potential future liability. Allegations that materials were disposed at a particular site are often unsubstantiated and the quantity of materials deposited at a site can be small and often non-hazardous. Although Superfund liability has been interpreted by the courts as joint and several, typically many parties are named for each site and several of the parties are financially sound enterprises. As of December 31, 2022, management's estimates do not anticipate material clean-up costs for the identified site.

***Claims Challenging Transition of American Electric Power System Retirement Plan to Cash Balance Formula***

Four participants in The American Electric Power System Retirement Plan (the Plan) filed a class action complaint in December 2021 in the U.S. District Court for the Southern District of Ohio against AEPSC and the Plan. When the Plan's benefit formula was changed in the year 2000, AEP provided a special provision for employees hired before January 1, 2001, allowing them to continue benefit accruals under the then benefit formula for a full 10 years alongside of the new cash balance benefit formula then being implemented. Employees who were hired on or after January 1, 2001 accrued benefits only under the new cash balance benefit formula. The plaintiffs assert a number of claims on behalf of themselves and the purported class, including that: (a) the Plan violates the requirements under the Employee Retirement Income Security Act (ERISA) intended to preclude back-loading the accrual of benefits to the end of a participant's career, (b) the Plan violates the age discrimination prohibitions of ERISA and the Age Discrimination in Employment Act and (c) AEP failed to provide required notice regarding the changes to the Plan. Among other relief, the Complaint seeks reformation of the Plan to provide additional benefits and the recovery of plan benefits for former employees under such reformed plan. The plaintiffs previously had submitted claims for additional plan benefits to AEP, which were denied. On February 15, 2022, AEPSC and the Plan filed a motion to dismiss the complaint for failure to state a claim. On August 16, 2022, the district court granted the motion to dismiss the complaint without prejudice. The plaintiffs filed a motion for leave to file an amended complaint, which the Court denied on December 1, 2022. The plaintiffs did not file an appeal by the deadline of January 3, 2023.

**7. BENEFIT PLANS**

For a discussion of investment strategy, investment limitations, target asset allocations and the classification of investments within the fair value hierarchy, see “Fair Value Measurements of Assets and Liabilities” and “Investments Held in Trust for Future Liabilities” sections of Note 1.

KPCo participates in an AEP sponsored qualified pension plan and two unfunded non-qualified pension plans. Substantially all of KPCo’s employees are covered by the qualified plan or both the qualified and non-qualified pension plans. KPCo also participates in OPEB plans sponsored by AEP to provide health and life insurance benefits for retired employees.

KPCo recognizes its funded status associated with defined benefit pension and OPEB plans on its balance sheets. Disclosures about the plans are required by the “Compensation - Retirement Benefits” accounting guidance. KPCo recognizes an asset for a plan’s overfunded status or a liability for a plan’s underfunded status and recognizes, as a component of other comprehensive income, the changes in the funded status of the plan that arise during the year that are not recognized as a component of net periodic benefit cost. KPCo records a regulatory asset instead of other comprehensive income for qualifying benefit costs of regulated operations that for rate-making purposes are deferred for future recovery. The cumulative funded status adjustment is equal to the remaining unrecognized deferrals for unamortized actuarial losses or gains, prior service costs and transition obligations, such that remaining deferred costs result in an AOCI equity reduction or regulatory asset and deferred gains result in an AOCI equity addition or regulatory liability.

***Actuarial Assumptions for Benefit Obligations***

The weighted-average assumptions used in the measurement of benefit obligations are shown in the following table:

Assumptions	Pension Plans		OPEB	
	December 31,			
	2022	2021	2022	2021
Discount Rate	5.50 %	2.90 %	5.50 %	2.90 %
Interest Crediting Rate	4.25 %	4.00 %	NA	NA
Rate of Compensation Increase	5.10 % (a)	4.90 % (a)	NA	NA

(a) Rates are for base pay only. In addition, an amount is added to reflect target incentive compensation for exempt employees and overtime and incentive pay for nonexempt employees.

NA Not applicable.

A duration-based method is used to determine the discount rate for the plans. A hypothetical portfolio of high quality corporate bonds is constructed with cash flows matching the benefit plan liability. The composite yield on the hypothetical bond portfolio is used as the discount rate for the plan.

For 2022, the rate of compensation increase assumed varies with the age of the employee, ranging from 3% per year to 11.5% per year, with an average increase of 5.1%.

**Actuarial Assumptions for Net Periodic Benefit Costs**

The weighted-average assumptions used in the measurement of benefit costs are shown in the following table:

Assumptions	Pension Plans		OPEB	
	Year Ended December 31,			
	2022	2021	2022	2021
Discount Rate	2.90 %	2.50 %	2.90 %	2.55 %
Interest Crediting Rate	4.00 %	4.00 %	NA	NA
Expected Return on Plan Assets	5.25 %	4.75 %	5.50 %	4.75 %
Rate of Compensation Increase	4.90 % (a)	4.90 % (a)	NA	NA

- (a) Rates are for base pay only. In addition, an amount is added to reflect target incentive compensation for exempt employees and overtime and incentive pay for nonexempt employees.  
NA Not applicable.

The expected return on plan assets was determined by evaluating historical returns, the current investment climate (yield on fixed income securities and other recent investment market indicators), rate of inflation, third-party forecasts and current prospects for economic growth.

The health care trend rate assumptions used for OPEB plans measurement purposes are shown below:

Health Care Trend Rates	December 31,	
	2022	2021
Initial	7.50 %	6.25 %
Ultimate	4.50 %	4.50 %
Year Ultimate Reached	2029	2029

**Significant Concentrations of Risk within Plan Assets**

In addition to establishing the target asset allocation of plan assets, the investment policy also places restrictions on securities to limit significant concentrations within plan assets. The investment policy establishes guidelines that govern maximum market exposure, security restrictions, prohibited asset classes, prohibited types of transactions, minimum credit quality, average portfolio credit quality, portfolio duration and concentration limits. The guidelines were established to mitigate the risk of loss due to significant concentrations in any investment. The plans are monitored to control security diversification and ensure compliance with the investment policy. As of December 31, 2022, the assets were invested in compliance with all investment limits. See “Investments Held in Trust for Future Liabilities” section of Note 1 for limit details.

**Benefit Plan Obligations, Plan Assets and Funded Status**

For the year ended December 31, 2022, the pension plans had an actuarial gain primarily due to an increase in the discount rate and was partially offset by increases in the assumed lump sum conversion rate and cash balance account interest crediting rate. For the year ended December 31, 2022, the OPEB plans had an actuarial gain primarily due to an increase in the discount rate and updated per capita cost assumptions. The OPEB plans gains were partially offset by a projected reduction in the Employer Group Waiver Program catastrophic reinsurance offset provided to AEP, resulting from the Inflation Reduction Act as well as an increase in the health care cost trend assumption. For the year ended December 31, 2021, the pension plans had an actuarial gain primarily due to an increase in the discount rate, partially offset by less favorable demographic experience than expected, resulting from the updated census information as of January 1, 2021. For the year ended December 31, 2021, the OPEB plans had an actuarial gain primarily due to an increase in the discount rate and an update of the projected reimbursements from the Employer Group Waiver Program under Medicare Part D. The following tables provide a reconciliation of the changes in the plans' benefit obligations, fair value of plan assets, funded status and the presentation on the balance sheets. The benefit obligation for the defined benefit pension and OPEB plans are the projected benefit obligation and the accumulated benefit obligation, respectively.

	Pension Plans		OPEB	
	2022	2021	2022	2021
<b>Change in Benefit Obligation</b>				
Benefit Obligation as of January 1,	\$ 184,199	\$ 198,433	\$ 36,932	\$ 45,058
Service Cost	2,739	3,477	172	283

**Determination of Pension Expense**

The determination of pension expense or income is based on a market-related valuation of assets which reduces year-to-year volatility. This market-related valuation recognizes investment gains or losses over a five-year period from the year in which they occur. Investment gains or losses for this purpose are the difference between the expected return calculated using the market-related value of assets and the actual return.

**Pension and OPEB Assets**

The fair value tables within Pension and OPEB Assets present the classification of assets for AEP within the fair value hierarchy. All Level 1, 2, 3 and Other amounts can be allocated to KPSCo using the percentages below:

Pension Plan		OPEB	
December 31,			
2022	2021	2022	2021
2.0 %	3.8 %	2.8 %	3.8 %

The following table presents the classification of pension plan assets for AEP within the fair value hierarchy as of December 31, 2022:

Asset Class	Level 1	Level 2	Level 3	Other	Total	Year End Allocation
	(in millions)					
Equities (a):

- (a) Amounts in “Other” column represent investments for which fair value is measured using net asset value per-share.  
(b) Amounts in “Other” column primarily represent accrued interest, dividend receivables and transactions pending settlement.

***Accumulated Benefit Obligation***

The accumulated benefit obligation for the pension plans is as follows:

	December 31,	
	2022	2021
	(in thousands)	
Qualified Pension Plan	\$ 84,724	\$ 177,132
Nonqualified Pension Plan	49	34
<b>Total Accumulated Benefit Obligation</b>	<b>\$ 84,773</b>	<b>\$ 177,166</b>

***Obligations in Excess of Fair Values***

The tables below show the underfunded pension plans that had obligations in excess of plan assets.

*Projected Benefit Obligation*

	<b>Underfunded Pension Plans</b>	
	<b>December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Projected Benefit Obligation	\$ 86,855	\$ 98
Fair Value of Plan Assets	83,062	—
<b>Underfunded Projected Benefit Obligation</b>	<b>\$ (3,793)</b>	<b>\$ (98)</b>

*Accumulated Benefit Obligation*

	<b>Underfunded Pension Plans</b>	
	<b>December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Accumulated Benefit Obligation	\$ 84,773	\$ 34
Fair Value of Plan Assets	83,062	—
<b>Underfunded Accumulated Benefit Obligation</b>	<b>\$ (1,711)</b>	<b>\$ (34)</b>

***Estimated Future Benefit Payments and Contributions***

KPCo expects contributions and payments for the Pension and OPEB plans of \$4 thousand and \$53 thousand, respectively, during 2023. The estimated contributions to the pension trust are at least the minimum amount required by the Employee Retirement Income Security Act and additional discretionary contributions may also be made to maintain the funded status of the plan.

The table below reflects the total benefits expected to be paid from the plan or from KPCo’s assets. The payments include the participants’ contributions to the plan for their share of the cost. Future benefit payments are dependent on the number of employees retiring, whether the retiring employees elect to receive pension benefits as annuities or as lump sum distributions, future integration of the benefit plans with changes to Medicare and other legislation, future levels of interest rates and variances in actuarial results. The estimated payments for pension benefits and OPEB are as follows:

	<b>Estimated Payments</b>	
	<b>Pension Plans</b>	<b>OPEB</b>
	<b>(in thousands)</b>	
2023	\$ 7,342	\$ 3,690
2024	7,781	3,534
2025	7,766	3,708
2026	7,554	3,692
2027	7,874	3,586
Years 2028 to 2032, in Total	36,110	16,525

***Components of Net Periodic Benefit Cost***

The following table provides the components of net periodic benefit cost (credit):

	<b>Pension Plans</b>		<b>OPEB</b>	
	<b>Years Ended December 31,</b>			
	<b>2022</b>	<b>2021</b>	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>			
Service Cost	\$ 2,739	\$ 3,477	\$ 172	\$ 283
Interest Cost	4,480	4,840	953	1,096
Expected Return on Plan Assets	(8,116)	(8,583)	(3,885)	(3,479)
Amortization of Prior Service Credit	—	—	(2,375)	(2,499)
Amortization of Net Actuarial Loss	1,867	3,523	—	—
<b>Net Periodic Benefit Cost (Credit)</b>	<u>970</u>	<u>3,257</u>	<u>(5,135)</u>	<u>(4,599)</u>
Capitalized Portion	(1,287)	(1,582)	(81)	(129)
<b>Net Periodic Benefit Cost (Credit) Recognized in Expense</b>	<u>\$ (317)</u>	<u>\$ 1,675</u>	<u>\$ (5,216)</u>	<u>\$ (4,728)</u>

***American Electric Power System Retirement Savings Plan***

KPCo participates in an AEP sponsored defined contribution retirement savings plan, the American Electric Power System Retirement Savings Plan, for substantially all employees. This qualified plan offers participants an opportunity to contribute a portion of their pay, includes features under Section 401(k) of the Internal Revenue Code and provides for matching contributions. The matching contributions to the plan are 100% of the first 1% of eligible employee contributions and 70% of the next 5% of contributions. The cost for matching contributions totaled \$2.0 million in 2022 and \$2.3 million in 2021.

**8. DERIVATIVES AND HEDGING**

**OBJECTIVES FOR UTILIZATION OF DERIVATIVE INSTRUMENTS**

AEpsc is agent for and transacts on behalf of KPCo.

KPCo is exposed to certain market risks as a major power producer and participant in the electricity, natural gas, coal and emission allowance markets. These risks include commodity price risk, interest rate risk and credit risk. These risks represent the risk of loss that may impact KPCo due to changes in the underlying market prices or rates. Management utilizes derivative instruments to manage these risks.

**STRATEGIES FOR UTILIZATION OF DERIVATIVE INSTRUMENTS TO ACHIEVE OBJECTIVES**

*Risk Management Strategies*

The strategy surrounding the use of derivative instruments primarily focuses on managing risk exposures, future cash flows and creating value utilizing both economic and formal hedging strategies. The risk management strategies also include the use of derivative instruments for trading purposes which focus on seizing market opportunities to create value driven by expected changes in the market prices of the commodities. To accomplish these objectives, KPCo primarily employs risk management contracts including physical and financial forward purchase-and-sale contracts and, to a lesser extent, OTC swaps and options. Not all risk management contracts meet the definition of a derivative under the accounting guidance for “Derivatives and Hedging.” Derivative risk management contracts elected normal under the normal purchases and normal sales scope exception are not subject to the requirements of this accounting guidance.

KPCo utilizes power, capacity, coal, natural gas, interest rate and, to a lesser extent, heating oil, gasoline and other commodity contracts to manage the risk associated with the energy business. KPCo utilizes interest rate derivative contracts in order to manage the interest rate exposure associated with its commodity portfolio. For disclosure purposes, such risks are grouped as “Commodity,” as these risks are related to energy risk management activities. KPCo may also utilize derivative contracts to manage interest rate risk associated with debt financing. For disclosure purposes, these risks are grouped as “Interest Rate.” The amount of risk taken is determined by the Commercial Operations and Finance groups in accordance with the established risk management policies as approved by the Finance Committee of the Board of Directors.

The following table represents the gross notional volume of KPCo’s outstanding derivative contracts:

Primary Risk Exposure	December 31,		Unit of Measure
	2022	2021	
	(in thousands)		
Commodity:			
Power	3,450	6,927	MWhs
Heating Oil and Gasoline	—	305	Gallons

### ***Cash Flow Hedging Strategies***

KPCo utilizes cash flow hedges on certain derivative transactions for the purchase and sale of power (“Commodity”) in order to manage the variable price risk related to forecasted purchases and sales. Management monitors the potential impacts of commodity price changes and, where appropriate, enters into derivative transactions to protect profit margins for a portion of future electricity sales and purchases. KPCo does not hedge all commodity price risk.

KPCo may utilize a variety of interest rate derivative transactions in order to manage interest rate risk exposure. KPCo may also utilize interest rate derivative contracts to manage interest rate exposure related to future borrowings of fixed-rate debt. KPCo does not hedge all interest rate exposure.

### **ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND THE IMPACT ON KPCo’s FINANCIAL STATEMENTS**

The accounting guidance for “Derivatives and Hedging” requires recognition of all qualifying derivative instruments as either assets or liabilities on the balance sheets at fair value. The fair values of derivative instruments accounted for using MTM accounting or hedge accounting are based on exchange prices and broker quotes. If a quoted market price is not available, the estimate of fair value is based on the best information available including valuation models that estimate future energy prices based on existing market and broker quotes and assumptions. In order to determine the relevant fair values of the derivative instruments, KPCo applies valuation adjustments for discounting, liquidity and credit quality.

Credit risk is the risk that a counterparty will fail to perform on the contract or fail to pay amounts due. Liquidity risk represents the risk that imperfections in the market will cause the price to vary from estimated fair value based upon prevailing market supply and demand conditions. Since energy markets are imperfect and volatile, there are inherent risks related to the underlying assumptions in models used to fair value risk management contracts. Unforeseen events may cause reasonable price curves to differ from actual price curves throughout a contract’s term and at the time a contract settles. Consequently, there could be significant adverse or favorable effects on future net income and cash flows if market prices are not consistent with management’s estimates of current market consensus for forward prices in the current period. This is particularly true for longer term contracts. Cash flows may vary based on market conditions, margin requirements and the timing of settlement of risk management contracts.

According to the accounting guidance for “Derivatives and Hedging,” KPCo reflects the fair values of derivative instruments subject to netting agreements with the same counterparty net of related cash collateral. For certain risk management contracts, KPCo is required to post or receive cash collateral based on third-party contractual agreements and risk profiles. The amount of cash collateral from third-parties netted against short-term and long-term risk management assets and the amount of cash collateral paid to third-parties netted against short-term and long-term risk management liabilities were immaterial for KPCo as of December 31, 2022 and 2021.

The following tables represent the gross fair value of KPCo’s derivative activity on the balance sheets. Unless shown as a separate line on the balance sheets due to materiality, Current Risk Management Assets are included in Prepayments and Other Current Assets, Long-term Risk Management Assets are included in Deferred Charges and Other Noncurrent Assets, Current Risk Management Liabilities are included in Other Current Liabilities and Long-term Risk Management Liabilities are included in Deferred Credits and Other Noncurrent Liabilities on the balance sheets.

Electric Generation, Transmission and Distribution Revenues	\$ 8	\$ (12)
Purchased Electricity for Resale	228	118
Other Operation	148	90
Maintenance	263	116
Regulatory Assets (a)	(25)	(1,077)
Regulatory Liabilities (a)	16,998	11,192
<b>Total Gain on Risk Management Contracts</b>	<b>\$ 17,620</b>	<b>\$ 10,427</b>

- (a) Represents realized and unrealized gains and losses subject to regulatory accounting treatment recorded as either current or noncurrent on the balance sheets.

Certain qualifying derivative instruments have been designated as normal purchase or normal sale contracts, as provided in the accounting guidance for “Derivatives and Hedging.” Derivative contracts that have been designated as normal purchases or normal sales under that accounting guidance are not subject to MTM accounting treatment and are recognized on the statements of income on an accrual basis.

The accounting for the changes in the fair value of a derivative instrument depends on whether it qualifies for and has been designated as part of a hedging relationship and further, on the type of hedging relationship. Depending on the exposure, management designates a hedging instrument as a fair value hedge or a cash flow hedge.

For contracts that have not been designated as part of a hedging relationship, the accounting for changes in fair value depends on whether the derivative instrument is held for trading purposes. Unrealized and realized gains and losses on derivative instruments held for trading purposes are included in revenues on a net basis on KPCo’s statements of income. Unrealized and realized gains and losses on derivative instruments not held for trading purposes are included in revenues or expenses on KPCo’s statements of income depending on the relevant facts and circumstances. Certain derivatives that economically hedge future commodity risk are recorded in the same line item on the statements of income as that of the associated risk being hedged. However, unrealized and some realized gains and losses for both trading and non-trading derivative instruments are recorded as regulatory assets (for losses) or regulatory liabilities (for gains), in accordance with the accounting guidance for “Regulated Operations.”

#### ***Accounting for Cash Flow Hedging Strategies***

For cash flow hedges (i.e. hedging the exposure to variability in expected future cash flows that is attributable to a particular risk), KPCo initially reports the gain or loss on the derivative instrument as a component of Accumulated Other Comprehensive Income (Loss) on the balance sheets until the period the hedged item affects Net Income.

Realized gains and losses on derivative contracts for the purchase and sale of power designated as cash flow hedges are included in Total Revenues or Purchased Electricity for Resale on KPCo’s statements of income, or in Regulatory Assets or Regulatory Liabilities on KPCo’s balance sheets, depending on the specific nature of the risk being hedged. During the years ended 2022 and 2021, KPCo did not apply cash flow hedging to outstanding power derivatives.

KPCo reclassifies gains and losses on interest rate derivative hedges related to debt financings from Accumulated Other Comprehensive Income (Loss) on its balance sheets into Interest Expense on its statements of income in those periods in which hedged interest payments occur. During the years ended 2022 and 2021, KPCo did not apply cash flow hedging to outstanding interest rate derivatives.

There was no impact of cash flow hedges included in Accumulated Other Comprehensive Income (Loss) on KPCo’s balance sheets as of December 31, 2022 and 2021.

The actual amounts that KPCo reclassifies from Accumulated Other Comprehensive Income (Loss) to Net Income can differ due to market price changes. As of December 31, 2022, KPCo is not hedging (with contracts subject to the accounting guidance for “Derivatives and Hedging”) its exposure to variability in future cash flows related to forecasted transactions.

#### ***Credit Risk***

Management mitigates credit risk in KPCo’s wholesale marketing and trading activities by assessing the creditworthiness of potential counterparties before entering into transactions with them and continuing to evaluate their creditworthiness on an ongoing basis. Management uses credit agency ratings and current market-based qualitative and quantitative data as well as financial statements to assess the financial health of counterparties on an ongoing basis.

Master agreements are typically used to facilitate the netting of cash flows associated with a single counterparty and may include collateral requirements. Collateral requirements in the form of cash, letters of credit, surety bonds and parental/affiliate guarantees may be obtained as security from counterparties in order to mitigate credit risk. Some master agreements include margining, which requires a counterparty to post cash or letters of credit in the event exposure exceeds the established threshold. The threshold represents an unsecured credit limit which may be supported by a parental/affiliate guaranty, as determined in accordance with AEP's credit policy. In addition, master agreements allow for termination and liquidation of all positions in the event of a default including failure or inability to post collateral when required.

### ***Collateral Triggering Events***

#### *Credit Downgrade Triggers*

A limited number of derivative contracts include collateral triggering events, which include a requirement to maintain certain credit ratings. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these collateral triggering events in contracts. KPCCo has not experienced a downgrade below a specified credit rating threshold that would require the posting of additional collateral. As of December 31, 2022 and 2021, KPCCo did not have derivative contracts with collateral triggering events in a net liability position.

#### *Cross-Acceleration Triggers*

Certain interest rate derivative contracts contain cross-acceleration provisions that, if triggered, would permit the counterparty to declare a default and require settlement of the outstanding payable. These cross-acceleration provisions could be triggered if there was a non-performance event by KPCCo under any of their outstanding debt of at least \$50 million and the lender on that debt has accelerated the entire repayment obligation. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these cross-acceleration provisions in contracts. KPCCo had no derivative contracts with cross-acceleration provisions in a net liability position as of December 31, 2022 and 2021, respectively. There was no cash collateral posted as of December 31, 2022 and 2021. If a cross-acceleration provision would have been triggered, settlement at fair value would have been required. KPCCo had no derivative contracts with cross-acceleration provisions outstanding as of December 31, 2022 and 2021.

#### *Cross-Default Triggers*

In addition, a majority of KPCCo's non-exchange-traded commodity contracts contain cross-default provisions that, if triggered, would permit the counterparty to declare a default and require settlement of the outstanding payable. These cross-default provisions could be triggered if there was a non-performance event by Parent or the obligor under outstanding debt or a third-party obligation that is \$50 million or greater. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these cross-default provisions in the contracts. KPCCo's derivative contracts with cross-default provisions outstanding as of December 31, 2022 and 2021 were not material. There was no cash collateral posted as of December 31, 2022 and 2021, respectively. If a cross-default provision would have been triggered, settlement at fair value would have been required.

**9. FAIR VALUE MEASUREMENTS**

*Fair Value Measurements of Long-term Debt*

The fair values of Long-term Debt are based on quoted market prices, without credit enhancements, for the same or similar issues and the current interest rates offered for instruments with similar maturities classified as Level 2 measurement inputs. These instruments are not marked-to-market. The estimates presented are not necessarily indicative of the amounts that could be realized in a current market exchange.

The book values and fair values of KPCo’s Long-term Debt are summarized in the following table:

	December 31,			
	2022		2021	
	<u>Book Value</u>	<u>Fair Value</u>	<u>Book Value</u>	<u>Fair Value</u>
	(in thousands)			
Long-term Debt	\$ 1,178,448	\$ 1,148,769	\$ 1,103,105	\$ 1,224,664

***Fair Value Measurements of Financial Assets and Liabilities***

For a discussion of fair value accounting and the classification of assets and liabilities within the fair value hierarchy, see the “Fair Value Measurements of Assets and Liabilities” section of Note 1.

The following tables set forth, by level within the fair value hierarchy, KPCo’s financial assets and liabilities that were accounted for at fair value on a recurring basis. As required by the accounting guidance for “Fair Value Measurements and Disclosures,” financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Management’s assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. There have not been any significant changes in management’s valuation techniques.

**Assets and Liabilities Measured at Fair Value on a Recurring Basis  
December 31, 2022**

<b>Assets:</b>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Other</u>	<u>Total</u>
	(in thousands)				
<b>Risk Management Assets</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 137	\$ 8,607	\$ (281)	\$ 8,463
<b>Liabilities:</b>					
<b>Risk Management Liabilities</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 137	\$ 144	\$ (281)	\$ —

**Assets and Liabilities Measured at Fair Value on a Recurring Basis  
December 31, 2021**

<b>Assets:</b>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Other</u>	<u>Total</u>
	(in thousands)				
<b>Risk Management Assets</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 1,096	\$ 6,439	\$ (1,549)	\$ 5,986
<b>Liabilities:</b>					
<b>Risk Management Liabilities</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 937	\$ 568	\$ (1,454)	\$ 51

- (a) Amounts in “Other” column primarily represent counterparty netting of risk management and hedging contracts and associated cash collateral under the accounting guidance for “Derivatives and Hedging.”  
(b) Substantially comprised of power contracts.

The following tables set forth a reconciliation of changes in the fair value of net trading derivatives classified as Level 3 in the fair value hierarchy:

<b>Year Ended December 31, 2022</b>	<b>Net Risk Management Assets (Liabilities) (in thousands)</b>
<b>Balance as of December 31, 2021</b>	\$ 5,871
Realized Gain (Loss) Included in Net Income (or Changes in Net Assets) (a) (b)	2,801
Settlements	(8,672)
Changes in Fair Value Allocated to Regulated Jurisdictions (d)	8,463
<b>Balance as of December 31, 2022</b>	<b>\$ 8,463</b>
<b>Year Ended December 31, 2021</b>	
	<b>Net Risk Management Assets (Liabilities) (in thousands)</b>
<b>Balance as of December 31, 2020</b>	\$ 3,025
Realized Gain (Loss) Included in Net Income (or Changes in Net Assets) (a) (b)	1,858
Settlements	(4,950)
Transfers out of Level 3 (c)	8
Changes in Fair Value Allocated to Regulated Jurisdictions (d)	5,930
<b>Balance as of December 31, 2021</b>	<b>\$ 5,871</b>

- (a) Included in revenues on KPCo's statements of income.
- (b) Represents the change in fair value between the beginning of the reporting period and the settlement of the risk management commodity contract.
- (c) Transfers are recognized based on their value at the beginning of the period that the transfer occurred.
- (d) Relates to the net gains (losses) of those contracts that are not reflected on KPCo's statements of income. These changes in fair value are recorded as regulatory liabilities for net gains and as regulatory assets for net losses.

The following tables quantify the significant unobservable inputs used in developing the fair value of Level 3 positions as of December 31, 2022 and 2021:

**Significant Unobservable Inputs  
December 31, 2022**

	Fair Value		Valuation Technique	Significant Unobservable Input (a)	Input/Range		
	Assets	Liabilities			Low	High	Weighted Average (b)
	(in thousands)						
FTRs	\$ 8,607	\$ 144	Discounted Cash Flow	Forward Market Price	\$ (3.10)	\$ 18.79	\$ 2.48

**Significant Unobservable Inputs  
December 31, 2021**

	Fair Value		Valuation Technique	Significant Unobservable Input (a)	Input/Range		
	Assets	Liabilities			Low	High	Weighted Average (b)
	(in thousands)						
Energy Contracts	\$ —	\$ 51	Discounted Cash Flow	Forward Market Price	\$ 32.20	\$ 56.54	\$ 44.77
FTRs	6,439	517	Discounted Cash Flow	Forward Market Price	(1.44)	22.19	1.74
<b>Total</b>	<b>\$ 6,439</b>	<b>\$ 568</b>					

(a) Represents market prices in dollars per MWh.

(b) The weighted-average is the product of the forward market price of the underlying commodity and volume weighted by term.

The following table provides the measurement uncertainty of fair value measurements to increases (decreases) in significant unobservable inputs related to Energy Contracts and FTRs as of December 31, 2022 and 2021:

**Uncertainty of Fair Value Measurements**

Significant Unobservable Input	Position	Change in Input	Impact on Fair Value Measurement
Forward Market Price	Buy	Increase (Decrease)	Higher (Lower)
Forward Market Price	Sell	Increase (Decrease)	Lower (Higher)

**10. INCOME TAXES**

***Income Tax Benefit***

The details of KPCo's Income Tax Benefit are as follows:

	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
<b>Federal:</b>		
Current	\$ 74	\$ (2,970)
Deferred	(30,347)	(20,143)
<b>Total Federal</b>	<u>(30,273)</u>	<u>(23,113)</u>
<b>State and Local:</b>		
Current	691	—
Deferred	(1,446)	(4,366)
<b>Total State and Local</b>	<u>(755)</u>	<u>(4,366)</u>
<b>Income Tax Benefit</b>	<u>\$ (31,028)</u>	<u>\$ (27,479)</u>

The following is a reconciliation between the federal income taxes computed by multiplying pretax income by the federal statutory tax rate and the income taxes reported:

	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Net Income	\$ 47,552	\$ 50,150
Income Tax Benefit	(31,028)	(27,479)
<b>Pretax Income</b>	<u>\$ 16,524</u>	<u>\$ 22,671</u>
Income Taxes on Pretax Income at Statutory Rate (21%)	\$ 3,470	\$ 4,761
Increase (Decrease) in Income Taxes Resulting from the Following Items:		
Reversal of Origination Flow-Through	1,475	1,891
State and Local Income Taxes, Net	(594)	(3,449)
Removal Costs	(2,660)	(2,154)
Tax Adjustments (a)	—	3,098
Tax Reform Excess ADIT Reversal (b)	(32,452)	(31,174)
Other	(267)	(452)
<b>Income Tax Benefit</b>	<u>\$ (31,028)</u>	<u>\$ (27,479)</u>
<b>Effective Income Tax Rate</b>	(187.8)%	(121.2)%

- (a) Represents the correction of an adjustment related to Deferred Income Taxes and Income Tax Benefit. Management concluded the misstatement and subsequent correction was not material to prior or current period financial statements.
- (b) In January 2021, as part of the 2020 Kentucky Base Rate Case, the KPSC issued an order that shortened the previously authorized refund period for Excess ADIT that is not subject to normalization requirements from 18 years to 3 years.

***Net Deferred Tax Liability***

The following table shows elements of KPCo’s net deferred tax liability and significant temporary differences:

	<b>December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Deferred Tax Assets	\$ 86,163	\$ 94,062
Deferred Tax Liabilities	(542,380)	(531,214)
<b>Net Deferred Tax Liabilities</b>	<b><u>\$ (456,217)</u></b>	<b><u>\$ (437,152)</u></b>
Property Related Temporary Differences	\$ (304,463)	\$ (310,721)
Amounts Due to Customers for Future Income Taxes	39,613	51,754
Deferred State Income Taxes	(96,837)	(92,617)
Regulatory Assets	(109,919)	(101,155)
Net Operating Loss Carryforward	11,671	17,475
All Other, Net	3,718	(1,888)
<b>Net Deferred Tax Liabilities</b>	<b><u>\$ (456,217)</u></b>	<b><u>\$ (437,152)</u></b>

***Federal Income Tax Audit Status***

The statute of limitations for the IRS to examine KPCo and other AEP subsidiaries originally filed federal return has expired for tax years 2016 and earlier. AEP has agreed to extend the statute of limitations on the 2017 and 2018 tax returns to December 31, 2023, to allow time for the current IRS audit to be completed including a refund claim approval by the Congressional Joint Committee on Taxation. The statute of limitations for the 2019 return is set to naturally expire in 2023 as well.

The current IRS audit and associated refund claim evolved from a net operating loss carryback to 2015 that originated in the 2017 return. AEP has received and agreed to two IRS proposed adjustments on the 2017 tax return, which were immaterial. The exam is nearly complete and AEP is currently working with the IRS to submit the refund claim to the Congressional Joint Committee on Taxation for resolution and final approval.

***Net Income Tax Operating Loss Carryforward***

KPCo has state net income tax operating loss carryforwards of \$222 million in 2022. As a result, KPCo recognized deferred state income tax benefits in 2022 of \$11 million. This is consistent with the net operating loss carryforwards and deferred state income tax benefits recognized in 2021. Management anticipates future taxable income will be sufficient to realize the state net income tax operating loss tax benefits before the state carryforward begins expiring in 2035.

**11. LEASES**

KPCo leases property, plant and equipment including, but not limited to, fleet, information technology and real estate leases. These leases require payments of non-lease components, including related property taxes, operating and maintenance costs. KPCo does not separate non-lease components from associated lease components. Many of these leases have purchase or renewal options. Leases not renewed are often replaced by other leases. Options to renew or purchase a lease are included in the measurement of lease assets and liabilities if it is reasonably certain that KPCo will exercise the option.

Lease obligations are measured using the discount rate implicit in the lease when that rate is readily determinable. KPCo has visibility into the rate implicit in the lease when assets are leased from selected financial institutions under master leasing agreements. When the implicit rate is not readily determinable, KPCo measures its lease obligation using its estimated secured incremental borrowing rate. Incremental borrowing rates are comprised of an underlying risk-free rate and a secured credit spread relative to the lessee on a matched maturity basis.

Operating lease rentals and finance lease amortization costs are generally charged to Other Operation and Maintenance expense in accordance with rate-making treatment for regulated operations. Interest on finance lease liabilities is generally charged to Interest Expense. Lease costs associated with capital projects are included in Property, Plant and Equipment on the balance sheets. For regulated operations with finance leases, a finance lease asset and offsetting liability are recorded at the present value of the remaining lease payments for each reporting period. Finance leases for nonregulated property are accounted for as if the assets were owned and financed. The components of rental costs were as follows:

Lease Rental Costs	Years Ended December 31,	
	2022	2021
	(in thousands)	
Operating Lease Cost	\$ 14,058	\$ 3,100
Finance Lease Cost:		
Amortization of Finance Leases	2,735	920
Interest on Finance Leases	63	125
<b>Total Lease Rental Costs (a)</b>	<b>\$ 16,856</b>	<b>\$ 4,145</b>

(a) Excludes variable and short-term lease costs, which were immaterial.

Supplemental information related to leases are shown in the tables below.

Lease Type	Weighted-Average Remaining Lease Term (years):		Weighted-Average Discount Rate	
	December 31,			
	2022	2021	2022	2021
Operating Leases	5.92	6.05	2.95 %	3.33 %
Finance Leases	4.73	4.68	4.41 %	4.00 %

	Years Ended December 31,	
	2022	2021
	(in thousands)	
<b>Cash Paid for Amounts Included in the Measurement of Lease Liabilities</b>		
Operating Cash Flows Used for Operating Leases	\$ 14,050	\$ 3,089
Operating Cash Flows Used for Finance Leases	63	125
Financing Cash Flows Used for Finance Leases	2,735	920
Non-cash Acquisitions Under Operating Leases	\$ 422	\$ 1,261

The following tables show the property, plant and equipment under finance leases and noncurrent assets under operating leases and related obligations recorded on KPCo's balance sheets. Unless shown as a separate line on the balance sheets due to materiality, net operating lease assets are included in Deferred Charges and Other Noncurrent Assets, current finance lease obligations are included in Other Current Liabilities and long-term finance lease obligations are included in Deferred Credits and Other Noncurrent Liabilities on the balance sheets. Lease obligations are not recognized on the balance sheets for lease agreements with a lease term of less than twelve months.

	December 31,	
	2022	2021
	(in thousands)	
<b>Property, Plant and Equipment Under Finance Leases</b>		
Generation	\$ 465	\$ 1,106
Other Property, Plant and Equipment	209	4,348
Total Property, Plant and Equipment Under Finance Leases	674	5,454
Accumulated Amortization	305	2,599
<b>Net Property, Plant and Equipment Under Finance Leases</b>	<b>\$ 369</b>	<b>\$ 2,855</b>
<b>Obligations Under Finance Leases</b>		
Noncurrent Liability	\$ 288	\$ 2,064
Liability Due Within One Year	81	791
<b>Total Obligations Under Finance Leases</b>	<b>\$ 369</b>	<b>\$ 2,855</b>

	December 31,	
	2022	2021
	(in thousands)	
<b>Operating Lease Assets</b>	<b>\$ 528</b>	<b>\$ 10,748</b>
<b>Obligations Under Operating Leases</b>		
Noncurrent Liability	\$ 450	\$ 8,614
Liability Due Within One Year	128	2,173
<b>Total Obligations Under Operating Leases</b>	<b>\$ 578</b>	<b>\$ 10,787</b>

Future minimum lease payments consisted of the following as of December 31, 2022:

Future Minimum Lease Payments	Finance Leases	Operating Leases
	(in thousands)	
2023	\$ 95	\$ 154
2024	88	136
2025	85	81
2026	71	64
2027	54	46
After 2027	18	198
<b>Total Future Minimum Lease Payments</b>	411	679
Less: Imputed Interest	42	101
<b>Estimated Present Value of Future Minimum Lease Payments</b>	\$ 369	\$ 578

***Lessor Activity***

KPCo's lessor activity was immaterial as of and for the twelve months ended December 31, 2022 and December 31, 2021, respectively.

**12. FINANCING ACTIVITIES**

***Long-term Debt***

The following table details long-term debt outstanding:

Type of Debt	Maturity	Weighted-Average Interest Rate as of December 31, 2022	Interest Rate Ranges as of December 31,		Outstanding as of December 31,	
			2022	2021	2022	2021
(in thousands)						
Senior Unsecured Notes	2024-2047	4.54%	3.13%-8.13%	3.13%-8.13%	\$ 688,626	\$ 688,400
Pollution Control Bonds	2023 (a)	2.35%	2.35%	2.35%	64,896	64,823
Other Long-term Debt	2022-2023	5.26%	5.03%-5.55%	0.76%-1.61%	424,926	349,882
<b>Total Long-term Debt Outstanding</b>					<u>\$ 1,178,448</u>	<u>\$ 1,103,105</u>

(a) KPCo's Pollution Control Bond is subject to redemption earlier than the maturity date.

As of December 31, 2022, outstanding long-term debt was payable as follows:

	2023	2024	2025	2026	2027	After 2027	Total
(in thousands)							
Principal Amount	\$ 490,000	\$ 65,000	\$ —	\$ 200,000	\$ 40,000	\$ 385,000	\$1,180,000
Debt Issuance Costs							(1,552)
<b>Total Long-term Debt Outstanding</b>							<u>\$1,178,448</u>

***Dividend Restrictions***

KPCo pays dividends to Parent provided funds are legally available. Various financing arrangements and regulatory requirements may impose certain restrictions on the ability of KPCo to transfer funds to Parent in the form of dividends.

All of the dividends declared by KPCo are subject to a Federal Power Act requirement that prohibits the payment of dividends out of capital accounts in certain circumstances; payment of dividends is generally allowed out of retained earnings.

KPCo has credit agreements that contain a covenant that limit its debt to capitalization ratio to 67.5%. As of December 31, 2022, KPCo did not exceed its debt to capitalization limit. The method for calculating outstanding debt and capitalization is contractually-defined in the credit agreements.

The most restrictive dividend limitation for KPCo is through the Federal Power Act. As of December 31, 2022, the maximum amount of restricted net assets of KPCo that may not be distributed to Parent in the form of a loan, advance or dividend was \$613.2 million.

The Federal Power Act restriction does not limit the ability of KPCo to pay dividends out of retained earnings. The credit agreement covenant restrictions can limit the ability of KPCo to pay dividends out of retained earnings. As of December 31, 2022, the amount of any such restrictions was \$36.5 million.

**Corporate Borrowing Program – AEP System**

The AEP System uses a corporate borrowing program to meet the short-term borrowing needs of AEP’s subsidiaries. The corporate borrowing program includes a Utility Money Pool, which funds AEP’s utility subsidiaries. The AEP System Utility Money Pool operates in accordance with the terms and conditions of the AEP System Utility Money Pool agreement filed with the FERC. The amounts of outstanding borrowings from the Utility Money Pool as of December 31, 2022 and 2021 are included in Advances from Affiliates on KPCCo’s balance sheets. KPCCo’s Utility Money Pool activity and corresponding authorized borrowing limits are described in the following table:

<b>Years Ended December 31,</b>	<b>Maximum Borrowings from the Utility Money Pool</b>	<b>Maximum Loans to the Utility Money Pool</b>	<b>Average Borrowings from the Utility Money Pool</b>	<b>Average Loans to the Utility Money Pool</b>	<b>Borrowings from the Utility Money Pool as of December 31,</b>	<b>Authorized Short-Term Borrowing Limit</b>
(in thousands)						
2022	\$ 161,643	\$ 28,393	\$ 82,006	\$ 23,343	\$ 94,428	\$ 180,000
2021	121,608	43,730	46,522	22,427	47,895	180,000

Maximum, minimum and average interest rates for funds either borrowed from or loaned to the Utility Money Pool are summarized in the following table:

<b>Years Ended December 31,</b>	<b>Maximum Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Minimum Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Maximum Interest Rate for Funds Loaned to the Utility Money Pool</b>	<b>Minimum Interest Rate for Funds Loaned to the Utility Money Pool</b>	<b>Average Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Average Interest Rate for Funds Loaned to the Utility Money Pool</b>
2022	5.28 %	0.10 %	2.15 %	2.15 %	2.23 %	2.15 %
2021	0.48 %	0.02 %	0.34 %	0.03 %	0.31 %	0.33 %

Interest expense and interest income related to the Utility Money Pool are included in Interest Expense and Interest Income, respectively, on KPCCo’s statements of income. For amounts borrowed from and advances to the Utility Money Pool, KPCCo incurred the following amounts of interest expense and earned the following amounts of interest income:

	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	(in thousands)	
Interest Expense	\$ 1,985	\$ 166
Interest Income	102	6

**Securitized Accounts Receivables – AEP Credit**

Under an affiliated receivables sales arrangement, KPCCo sold, without recourse, certain of its customer accounts receivable and accrued unbilled revenue balances to AEP Credit. KPCCo was charged a fee for each sale that is based on AEP Credit’s financing costs, administrative costs and uncollectible accounts experience from previous purchases of KPCCo’s customer accounts receivable. The costs of customer accounts receivable sold are reported in Other Operation expense on KPCCo’s statements of income. In January 2022, due to the pending sale to Liberty, KPCCo ceased selling accounts receivable to AEP Credit. As a result, in the first quarter of 2022, KPCCo began recording an allowance for uncollectible accounts on its balance sheet for those receivables no longer sold to AEP Credit.

KPCCo’s amounts of accounts receivable and accrued unbilled revenues under the sale of receivables agreement were \$0 and \$53.3 million as of December 31, 2022 and 2021, respectively.

The fees paid by KPCCo to AEP Credit for customer accounts receivable sold were \$63 thousand and \$1.9 million for the years ended December 31, 2022 and 2021, respectively. In 2021, due to the successful collection of accounts

receivable balances during the COVID-19 pandemic, the allowance for doubtful accounts was reduced, resulting in the issuance of credits to offset the higher fees previously paid and to lower subsequent fees paid. In 2022, as a result of KPCo's discontinued sale of receivables with AEP Credit, KPCo was issued a net credit upon final settlement of the allowance for doubtful accounts balance as collections of accounts receivable were higher than originally estimated.

KPCo's proceeds on the sale of receivables to AEP Credit were \$66 million and \$595 million for the years ended December 31, 2022 and 2021, respectively.

### 13. RELATED PARTY TRANSACTIONS

For other related party transactions, also see “AEP System Tax Allocation” section of Note 1 in addition to “Corporate Borrowing Program – AEP System” and “Securitized Accounts Receivables – AEP Credit” sections of Note 12.

#### *Power Coordination Agreement*

Effective January 1, 2014, the FERC approved the PCA. Under the PCA, APCo, I&M, KPCo and WPCo are individually responsible for planning their respective capacity obligations. The PCA allows, but does not obligate, APCo, I&M, KPCo and WPCo to participate collectively under a common fixed resource requirement capacity plan in PJM and to participate in specified collective off-system sales and purchase activities.

AEPSC conducts power, capacity, coal, natural gas, interest rate and, to a lesser extent, heating oil, gasoline and other risk management activities on behalf of APCo, I&M, KPCo, PSO, SWEPCo and WPCo. Certain power and natural gas risk management activities for APCo, I&M, KPCo and WPCo are allocated based on the four member companies’ respective equity positions, while power and natural gas risk management activities for PSO and SWEPCo are allocated based on the Operating Agreement.

#### *System Integration Agreement*

Under the SIA, AEPSC allocates physical and financial revenues and expenses from transactions with neighboring utilities, power marketers and other power and natural gas risk management activities based upon the location of such activity. Margins resulting from trading and marketing activities originating in PJM generally accrue to the benefit of APCo, I&M, KPCo and WPCo, while trading and marketing activities originating in SPP generally accrue to the benefit of PSO and SWEPCo. Margins resulting from other transactions are allocated among APCo, I&M, KPCo, PSO, SWEPCo and WPCo based upon the equity positions of these companies.

#### *Affiliated Revenues and Purchases*

The table below shows the revenues derived from auction sales to affiliates, net transmission agreement sales and other revenues as follows:

<b>Related Party Revenues</b>	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Transmission Agreement Sales	\$ 17,701	\$ 8,991
Other Revenues	1,550	1,551
<b>Total Affiliated Revenues</b>	<b>\$ 19,251</b>	<b>\$ 10,542</b>

The table below shows the purchased power expenses incurred for purchases from affiliates as follows:

<b>Related Party Purchases</b>	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Direct Purchases from AEGCo (a)	\$ 93,137	\$ 93,365
<b>Total Affiliated Purchases</b>	<b>\$ 93,137</b>	<b>\$ 93,365</b>

(a) Refer to the “Unit Power Agreements” section below for further information regarding this amount.

The above summarized related party revenues and expenses are reported in Sales to AEP Affiliates and Purchased Electricity from AEP Affiliates on KPCo’s statements of income.

### ***PJM Transmission Service Charges***

The AEP East Companies are parties to the TA, which defines how transmission costs through PJM OATT are allocated among the AEP East Companies on a 12-month average coincident peak basis. Additional costs for transmission services provided by AEPTCo and other transmission affiliates are billed to KPCo through the PJM OATT.

KPCo's net charges recorded as a result of the TA for the years ended December 31, 2022 and 2021 were \$64.9 million and \$57.1 million, respectively, and were recorded in Other Operation expenses on KPCo's statements of income.

### ***Unit Power Agreements***

#### ***UPA between AEGCo and I&M***

A UPA between AEGCo and I&M (the I&M Power Agreement) provides for the sale by AEGCo to I&M of all the power (and the energy associated therewith) available to AEGCo at the Rockport Plant unless it is sold to another utility. I&M is obligated, whether or not power is available from AEGCo, to pay as a demand charge for the right to receive such power (and as an energy charge for any associated energy taken by I&M) net of amounts received by AEGCo from any other sources, sufficient to enable AEGCo to pay all of its operating and other expenses, including a rate of return on the common equity of AEGCo as approved by the FERC. The I&M Power Agreement will continue in effect until the debt obligations of AEGCo secured by the Rockport Plant have been satisfied and discharged (currently expected to be December 2028).

In April 2021, AEGCo and I&M executed an agreement to purchase 100% of the interests in Rockport Plant, Unit 2 effective at the end of the lease term on December 7, 2022. Beginning December 8, 2022, AEGCo and I&M applied the joint plant accounting model to their respective 50% undivided interests in the jointly owned Rockport Plant, Unit 2 as well as any future investments made prior to the current estimated retirement date of December 2028.

Prior to the termination of the lease, I&M assigned 30% of the power to KPCo. See the "UPA between AEGCo and KPCo" section below for additional information. Beginning December 8, 2022, AEGCo billed 100% of its share of the Rockport Plant to I&M and ceased billing to KPCo. KPCo reached an agreement with I&M, from the end of the lease through May 2024, to buy capacity from Rockport Plant, Unit 2 through the PCA at a rate equal to PJM's RPM clearing price.

#### ***UPA between AEGCo and KPCo***

On December 7, 2022, the UPA between AEGCo and KPCo ended upon the termination of the Rockport Plant, Unit 2 lease. Previously, pursuant to an assignment between I&M and KPCo and a UPA between AEGCo and KPCo, AEGCo sold KPCo 30% of the power (and the energy associated therewith) available to AEGCo from both units of the Rockport Plant. KPCo paid AEGCo in consideration for the right to receive such power, the same amounts which I&M would have paid AEGCo under the terms of the I&M Power Agreement for such entitlement. As a result of the end of the UPA between AEGCo and KPCo, a prorated bill was recorded from AEGCo to KPCo to reflect costs incurred for the first seven days of December 2022.

### ***I&M Barging, Urea Transloading and Other Services***

I&M provides barging, urea transloading and other transportation services to affiliates. Urea is a chemical used to control NO<sub>x</sub> emissions at certain generation plants in the AEP System. KPCo recorded expenses of \$2 million and \$3.1 million in 2022 and 2021, respectively, for urea transloading provided by I&M. These expenses were recorded as fuel expenses or other operation expenses. This agreement with KPCo terminated with the transfer of the Mitchell Plant in August 2022.

***Central Machine Shop***

APCo operates a facility which repairs and rebuilds specialized components for the generation plants across the AEP System. APCo defers the cost of performing these services on the balance sheet and then transfers the cost to the affiliate for reimbursement. KPCo recorded its assigned portion of these billings as capital or maintenance expenses depending on the nature of the services received. These billings are recoverable from customers. KPCo's billed amounts were \$1 million and \$973 thousand for the years ended December 31, 2022 and 2021, respectively.

***Sales and Purchases of Property***

KPCo had affiliated sales and purchases of electric property individually amounting to \$100 thousand or more, sales and purchases of meters and transformers and sales and purchases of transmission property. There were no gains or losses recorded on the transactions. The table below shows the sales and purchases, recorded at net book value, as follows:

	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Sales	\$ 1,187	\$ 431
Purchases	631	3,995

The amounts above are recorded in Property, Plant and Equipment on the balance sheets.

***Charitable Contributions to AEP Foundation***

The American Electric Power Foundation is funded by American Electric Power and its utility operating units. The Foundation provides a permanent, ongoing resource for charitable initiatives and multi-year commitments in the communities served by AEP and initiatives outside of AEP's 11-state service area. In 2022, KPCo made a \$2.8 million charitable contribution to the AEP Foundation recorded in Other Operation on the statements of income. In 2021, there were no charitable contributions made to the AEP Foundation.

***Intercompany Billings***

KPCo performs certain utility services for other AEP subsidiaries when necessary or practical. The costs of these services are billed on a direct-charge basis, whenever possible, or on reasonable basis of proration for services that benefit multiple companies. The billings for services are made at cost and include no compensation for the use of equity capital.

#### **14. VARIABLE INTEREST ENTITIES**

The accounting guidance for “Variable Interest Entities” is a consolidation model that considers if a company has a variable interest in a VIE. A VIE is a legal entity that possesses any of the following conditions: the entity’s equity at risk is not sufficient to permit the legal entity to finance its activities without additional subordinated financial support, equity owners are unable to direct the activities that most significantly impact the legal entity’s economic performance (or they possess disproportionate voting rights in relation to the economic interest in the legal entity), or the equity owners lack the obligation to absorb the legal entity’s expected losses or the right to receive the legal entity’s expected residual returns. Entities are required to consolidate a VIE when it is determined that they have a controlling financial interest in a VIE and therefore, are the primary beneficiary of that VIE, as defined by the accounting guidance for “Variable Interest Entities.” In determining whether KPCo is the primary beneficiary of a VIE, management considers whether KPCo has the power to direct the most significant activities of the VIE and is obligated to absorb losses or receive the expected residual returns that are significant to the VIE. Management believes that significant assumptions and judgments were applied consistently. KPCo is not the primary beneficiary of any VIE and has not provided financial or other support to any VIE that was not previously contractually required.

AEPSC provides certain managerial and professional services to AEP’s subsidiaries. Parent is the sole equity owner of AEPSC. AEP management controls the activities of AEPSC. The costs of the services are based on a direct-charge or on a prorated basis and billed to the AEP subsidiary companies at AEPSC’s cost. AEP subsidiaries have not provided financial or other support outside the reimbursement of costs for services rendered. AEPSC finances its operations through cost reimbursement from other AEP subsidiaries. There are no other terms or arrangements between AEPSC and any of the AEP subsidiaries that could require additional financial support from an AEP subsidiary or expose them to losses outside of the normal course of business. AEPSC and its billings are subject to regulation by the FERC. AEP subsidiaries are exposed to losses to the extent they cannot recover the costs of AEPSC through their normal business operations. AEP subsidiaries are considered to have a significant interest in AEPSC due to their activity in AEPSC’s cost reimbursement structure. However, AEP subsidiaries do not have control over AEPSC. AEPSC is consolidated by AEP. In the event AEPSC would require financing or other support outside the cost reimbursement billings, this financing would be provided by AEP. KPCo’s total billings from AEPSC for the years ended December 31, 2022 and 2021 were \$69.7 million and \$75.2 million, respectively. The carrying amount of liabilities associated with AEPSC as of December 31, 2022 and 2021 were \$6.1 million and \$7.9 million, respectively. Management estimates the maximum exposure of loss to be equal to the amount of such liability.

AEGCo, a wholly-owned subsidiary of Parent, is consolidated by AEP. AEGCo owns a 50% ownership interest in Rockport Plant. In December 2022, the UPA between AEGCo and KPCo ended upon the termination of the Rockport Plant, Unit 2 lease. As a result, AEGCo began selling all of the output from the Rockport Plant to I&M, eliminating KPCo’s significant variable interest in AEGCo as of December 31, 2022. KPCo was previously exposed to losses to the extent it could not recover the costs of AEGCo through its normal business operations. Total billings from AEGCo for the years ended December 31, 2022 and 2021 were \$92.9 million and \$93.4 million, respectively. The carrying amount of liabilities associated with AEGCo as of December 31, 2022 and 2021 were \$2 million and \$7.9 million, respectively.

**15. PROPERTY, PLANT AND EQUIPMENT**

Property, Plant and Equipment is shown functionally on the face of KPCo’s balance sheets. The following table includes KPCo’s total plant balances as of December 31, 2022 and 2021:

	December 31,	
	2022	2021
	(in thousands)	
Regulated Property, Plant and Equipment		
Generation	\$ 1,236,474	\$ 1,231,494
Transmission	801,838	760,359
Distribution	1,061,601	1,017,406
Other	166,754	129,250
CWIP	137,964	95,093
Less: Accumulated Depreciation	1,155,997	1,104,293
Total Regulated Property, Plant and Equipment - Net	<u>2,248,634</u>	<u>2,129,309</u>
Nonregulated Property, Plant and Equipment - Net	1,003	8,105
<b>Total Property, Plant and Equipment - Net</b>	<u><u>\$ 2,249,637</u></u>	<u><u>\$ 2,137,414</u></u>

***Depreciation***

KPCo provides for depreciation of Property, Plant and Equipment on a straight-line basis over the estimated useful lives of property, generally using composite rates by functional class. The following table provides total regulated annual composite depreciation rates and depreciable lives for KPCo. Nonregulated depreciation rate ranges and depreciable life ranges are not applicable or not meaningful for 2022 and 2021.

Functional Class of Property	2022		2021	
	Annual Composite Depreciation Rate	Depreciable Life Ranges (in years)	Annual Composite Depreciation Rate	Depreciable Life Ranges (in years)
Generation	3.0%	69 - 73	3.0%	69 - 73
Transmission	2.7%	37 - 75	2.6%	37 - 75
Distribution	3.4%	11 - 75	3.4%	11 - 75
Other	8.2%	5 - 75	9.5%	5 - 75

The composite depreciation rate generally includes a component for non-asset retirement obligation (non-ARO) removal costs, which is credited to Accumulated Depreciation and Amortization on the balance sheets. Actual removal costs incurred are charged to Accumulated Depreciation and Amortization. Any excess of accrued non-ARO removal costs over actual removal costs incurred is reclassified from Accumulated Depreciation and Amortization and reflected as a regulatory liability.

**Asset Retirement Obligations (ARO)**

The following is a reconciliation of the 2022 and 2021 aggregate carrying amounts of ARO for KPCo:

<u>Year</u>	<u>ARO as of January 1,</u>	<u>Accretion Expense</u>	<u>Liabilities Incurred</u>	<u>Liabilities Settled (a)</u>	<u>Revisions in Cash Flow Estimates (a)</u>	<u>ARO as of December 31,</u>
	(in thousands)					
2022	\$ 17,697	\$ 803	\$ —	\$ (1,162)	\$ 1,139	\$ 18,477
2021	24,565	968	—	(3,227)	(4,609)	17,697

(a) Primarily related to ash pond closure and asbestos abatement.

**Allowance for Funds Used During Construction**

KPCo's amounts of allowance for equity and borrowed funds used during construction are summarized in the following table:

	<u>Years Ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
	(in thousands)	
Allowance for Equity Funds Used During Construction	\$ 1,192	\$ 1,822
Allowance for Borrowed Funds Used During Construction	1,635	936

**Jointly-owned Electric Facilities**

KPCo, jointly with WPCo, owns Unit 1 and Unit 2 of the Mitchell Generating Station. KPCo and WPCo each have a 50% ownership of Unit 1 and Unit 2 of the Mitchell Generating Station. Using its own financing, each participating company is obligated to pay its share of the costs in the same proportion as its ownership interest. KPCo's proportionate share of the operating costs associated with this facility is included in its statements of income and the investment and accumulated depreciation are reflected in its balance sheets under Property, Plant and Equipment as follows:

	<u>Fuel Type</u>	<u>Percent of Ownership</u>	<u>Utility Plant in Service</u>	<u>Construction Work in Progress</u>	<u>Accumulated Depreciation</u>
	(in thousands)				
<b>KPCo's Share as of December 31, 2022</b>					
Mitchell Generating Station, Units 1 and 2 (a)	Coal	50.0 %	\$ 1,052,996	\$ 23,231	\$ 518,178
<b>KPCo's Share as of December 31, 2021</b>					
Mitchell Generating Station, Units 1 and 2 (a)	Coal	50.0 %	\$ 1,049,434	\$ 12,040	\$ 493,124

(a) In September 2022, pursuant to resolutions under the existing Mitchell Plant agreement, WPCo replaced KPCo as the operator of Mitchell Plant. See Note 1 - Organization and Summary of Significant Accounting Policies for additional information.

**16. REVENUE FROM CONTRACTS WITH CUSTOMERS**

***Disaggregated Revenues from Contracts with Customers***

The table below represents KPCo’s revenues from contracts with customers, net of respective provisions for refund, by type of revenue:

	Years Ended December 31,	
	2022	2021
	(in thousands)	
<b>Retail Revenues:</b>		
Residential Revenues	\$ 317,814	\$ 282,900
Commercial Revenues	197,505	160,183
Industrial Revenues	185,174	142,217
Other Retail Revenues	2,193	2,029
<b>Total Retail Revenues</b>	<u>702,686</u>	<u>587,329</u>
<b>Wholesale Revenues:</b>		
Generation Revenues	29,680	29,523
Transmission Revenues (a)	35,522	22,052
<b>Total Wholesale Revenues</b>	<u>65,202</u>	<u>51,575</u>
Other Revenues from Contracts with Customers (b)	<u>11,541</u>	<u>8,659</u>
<b>Total Revenues from Contracts with Customers</b>	<u>779,429</u>	<u>647,563</u>
<b>Other Revenues:</b>		
Alternative Revenue Programs (c)	(6,216)	(1,180)
Other Revenues	8	—
<b>Total Other Revenues</b>	<u>(6,208)</u>	<u>(1,180)</u>
<b>Total Revenues</b>	<u>\$ 773,221</u>	<u>\$ 646,383</u>

- (a) Amounts included affiliated and nonaffiliated revenues. The affiliated revenues were \$19 million and \$9 million for years ended December 31, 2022 and 2021, respectively.
- (b) Amounts included affiliated and nonaffiliated revenues.
- (c) Alternative revenue programs in certain jurisdictions include regulatory mechanisms that periodically adjust for over/under collection of related revenues.

***Performance Obligations***

KPCo has performance obligations as part of its normal course of business. A performance obligation is a promise to transfer a distinct good or service, or a series of distinct goods or services that are substantially the same and have the same pattern of transfer to a customer. The invoice practical expedient within the accounting guidance for “Revenue from Contracts with Customers” allows for the recognition of revenue from performance obligations in the amount of consideration to which there is a right to invoice the customer and when the amount for which there is a right to invoice corresponds directly to the value transferred to the customer.

The purpose of the invoice practical expedient is to depict an entity’s measure of progress toward completion of the performance obligation within a contract and can only be applied to performance obligations that are satisfied over time and when the invoice is representative of services provided to date. KPCo elected to apply the invoice practical expedient to recognize revenue for performance obligations satisfied over time as the invoices from the respective revenue streams are representative of services or goods provided to date to the customer. Performance obligations for KPCo are summarized as follows:

### *Retail Revenues*

KPCo has performance obligations to generate, transmit and distribute electricity for sale to rate-regulated retail customers. The performance obligation to deliver electricity is satisfied over time as the customer simultaneously receives and consumes the benefits provided. Revenues are variable as they are subject to the customer's usage requirements.

Rate-regulated retail customers typically have the right to discontinue receiving service at will, therefore these contracts between KPCo and their customers for rate-regulated services are generally limited to the services requested and received to date for such arrangements. Retail customers are generally billed on a monthly basis, and payment is typically due within 15 to 20 days after the issuance of the invoice.

### *Wholesale Revenues - Generation*

KPCo has performance obligations to sell electricity to wholesale customers from generation assets in PJM. The performance obligation to deliver electricity from generation assets is satisfied over time as the customer simultaneously receives and consumes the benefits provided. Wholesale generation revenues are variable as they are subject to the customer's usage requirements.

KPCo also has performance obligations to stand ready in order to promote grid reliability. Stand ready services are sold into PJM's RPM capacity market. RPM entails a base auction and at least three incremental auctions for a specific PJM delivery year, with the incremental auctions spanning three years. The performance obligation to stand ready is satisfied over time and the consideration for which is variable until the occurrence of the final incremental auction, at which point the performance obligation becomes fixed.

Payments from the RTO for stand ready services are typically received within one week from the issuance of the invoice, which is typically issued weekly. Gross margin resulting from generation sales are primarily subject to margin sharing agreements with customers, where the revenues are reflected gross in the disaggregated revenues table above.

### *Wholesale Revenues - Transmission*

KPCo has performance obligations to transmit electricity to wholesale customers through assets owned and operated by KPCo and other AEP subsidiaries. The performance obligation to provide transmission services in PJM is partially fixed for a period of one year or less. Payments from the RTO for transmission services are typically received within one week from the issuance of the invoice, which is issued weekly for PJM.

KPCo collects revenues through transmission formula rates. The FERC-approved rates establish the annual transmission revenue requirement (ATRR) and transmission service rates for transmission owners. The formula rates establish rates for a one year period and also include a true-up calculation for the prior year's billings, allowing for over/under-recovery of the transmission owner's ATRR. The annual true-ups meet the definition of alternative revenues in accordance with the accounting guidance for "Regulated Operations," and are therefore presented as such in the disaggregated revenues table above.

The AEP East Companies are parties to the TA, which defines how transmission costs are allocated among the AEP East Companies on a 12-month average coincident peak basis. AEPTCo is a load serving entity within PJM providing transmission services to affiliates in accordance with the OATT and TA. Affiliate revenues as a result of the TA are reflected as Transmission Revenues in the disaggregated revenues table above.

***Fixed Performance Obligations***

The following table represents KPCo’s remaining fixed performance obligations satisfied over time as of December 31, 2022. Fixed performance obligations primarily include electricity sales for fixed amounts of energy and stand ready services into PJM’s RPM market. KPCo elected to apply the exemption to not disclose the value of unsatisfied performance obligations for contracts with an original expected term of one year or less. Due to the annual establishment of revenue requirements, transmission revenues are excluded from the table below. The amounts shown in the table below include affiliated and nonaffiliated revenues.

<u>2023</u>	<u>2024-2025</u>	<u>2026-2027</u>	<u>After 2027</u>	<u>Total</u>
(in thousands)				
\$ 1,256	\$ 2,512	\$ 2,512	\$ 1,256	\$ 7,536

***Contract Assets and Liabilities***

Contract assets are recognized when KPCo has a right to consideration that is conditional upon the occurrence of an event other than the passage of time, such as future performance under a contract. KPCo did not have material contract assets as of December 31, 2022 and 2021, respectively.

When KPCo receives consideration, or such consideration is unconditionally due from a customer prior to transferring goods or services to the customer under the terms of a sales contract, they recognize a contract liability on the balance sheet in the amount of that consideration. Revenue for such consideration is subsequently recognized in the period or periods in which the remaining performance obligations in the contract are satisfied. KPCo’s contract liabilities typically arise from advanced payments of services provided primarily with respect to joint use agreements for utility poles. KPCo did not have material contract liabilities as of December 31, 2022 and 2021, respectively.

***Accounts Receivable from Contracts with Customers***

Accounts receivable from contracts with customers are presented on KPCo’s balance sheets within the Accounts Receivable - Customers line item. KPCo’s balances for receivables from contracts that are not recognized in accordance with the accounting guidance for “Revenue from Contracts with Customers” included in Accounts Receivable - Customers were not material as of December 31, 2022 and 2021, respectively. See “Securitized Accounts Receivable - AEP Credit” section of Note 12 for additional information.

The amount of affiliated accounts receivable from contracts with customers included in Accounts Receivable - Affiliated Companies on KPCo’s balance sheets were \$9.1 million and \$9.1 million, respectively, as of December 31, 2022 and December 31, 2021.

***Contract Costs***

Contract costs to obtain or fulfill a contract are accounted for under the guidance for “Other Assets and Deferred Costs” and presented as a single asset and neither bifurcated nor reclassified between current and noncurrent assets on KPCo’s balance sheets. Contract costs to acquire a contract are amortized in a manner consistent with the transfer of goods or services to the customer in Other Operation on KPCo’s statements of income. KPCo did not have material contract costs as of December 31, 2022 and 2021, respectively.

**ANNEX 2**

# Kentucky Power Company

## 2023 First Quarter Report

Financial Statements

An **AEP** Company

**GLOSSARY OF TERMS**

**When the following terms and abbreviations appear in the text of this report, they have the meanings indicated below.**

<b>Term</b>	<b>Meaning</b>
AEGCo	AEP Generating Company, an AEP electric utility subsidiary.
AEP	American Electric Power Company, Inc., an investor-owned electric public utility holding company which includes American Electric Power Company, Inc. (Parent) and majority owned consolidated subsidiaries and consolidated affiliates.
AEP Credit	AEP Credit, Inc., a consolidated variable interest entity of AEP which securitizes accounts receivable and accrued utility revenues for affiliated electric utility companies.
AEP System	American Electric Power System, an electric system, owned and operated by AEP subsidiaries.
AEPSC	American Electric Power Service Corporation, an AEP service subsidiary providing management and professional services to AEP and its subsidiaries.
AEPtCo	AEP Transmission Company, LLC, a wholly-owned subsidiary of AEP Transmission Holdco, is an intermediate holding company that owns the State Transcos.
AFUDC	Allowance for Equity Funds Used During Construction.
AOCI	Accumulated Other Comprehensive Income.
APCo	Appalachian Power Company, an AEP electric utility subsidiary.
Excess ADIT	Excess accumulated deferred income taxes.
FASB	Financial Accounting Standards Board.
FERC	Federal Energy Regulatory Commission.
FTR	Financial Transmission Right, a financial instrument that entitles the holder to receive compensation for certain congestion-related transmission charges that arise when the power grid is congested resulting in differences in locational prices.
GAAP	Accounting Principles Generally Accepted in the United States of America.
I&M	Indiana Michigan Power Company, an AEP electric utility subsidiary.
IRA	On August 16, 2022 President Biden signed into law legislation commonly referred to as the “Inflation Reduction Act” (IRA).
IRS	Internal Revenue Service.
ITC	Investment Tax Credit.
KPCo	Kentucky Power Company, an AEP electric utility subsidiary.
KPSC	Kentucky Public Service Commission.
KTCo	AEP Kentucky Transmission Company, Inc., an affiliate of KPCo and a wholly-owned subsidiary of AEP.
MTM	Mark-to-Market.
MW	Megawatt.
MWh	Megawatt-hour.
OPEB	Other Postretirement Benefits.
OTC	Over-the-counter.
Parent	American Electric Power Company, Inc., the equity owner of AEP subsidiaries within the AEP consolidation.
PJM	Pennsylvania – New Jersey – Maryland regional transmission organization.
PTC	Production Tax Credit.

<b>Term</b>	<b>Meaning</b>
Risk Management Contracts	Trading and non-trading derivatives, including those derivatives designated as cash flow and fair value hedges.
RPM	Reliability Pricing Model.
ROE	Return on Equity.
Rockport Plant	A generation plant, jointly owned by AEGCo and I&M, consisting of two 1,310 MW coal-fired generating units near Rockport, Indiana.
Tax Reform	On December 22, 2017, President Trump signed into law legislation referred to as the “Tax Cuts and Jobs Act” (the TCJA). The TCJA includes significant changes to the Internal Revenue Code of 1986, including a reduction in the corporate federal income tax rate from 35% to 21% effective January 1, 2018.
Utility Money Pool	Centralized funding mechanism AEP uses to meet the short-term cash requirements of certain utility subsidiaries.
WPCo	Wheeling Power Company, an AEP electric utility subsidiary.

## **1. SIGNIFICANT ACCOUNTING MATTERS**

### ***General***

The unaudited condensed financial statements and footnotes were prepared in accordance with GAAP for interim financial information. Accordingly, they do not include all of the information and footnotes required by GAAP for complete annual financial statements.

In the opinion of management, the unaudited condensed interim financial statements reflect all normal and recurring accruals and adjustments necessary for a fair statement of the net income, financial position and cash flows for the interim periods. Net income for the three months ended March 31, 2023 is not necessarily indicative of results that may be expected for the year ending December 31, 2023. The condensed financial statements are unaudited and should be read in conjunction with the audited 2022 financial statements and notes thereto, which are included in KPCo's 2022 Annual Report.

### ***Termination of Planned Disposition of KPCo and KTCo***

In October 2021, AEP entered into a Stock Purchase Agreement (SPA) to sell KPCo and KTCo to Liberty Utilities Co., a subsidiary of Algonquin Power & Utilities Corp. (Liberty), for approximately a \$2.85 billion enterprise value. The SPA was subsequently amended in September 2022 to reduce the purchase price to approximately \$2.646 billion. The sale required approval from the KPSC and from the FERC under Section 203 of the Federal Power Act. The SPA contained certain termination rights if the closing of the sale did not occur by April 26, 2023.

In May 2022, the KPSC approved the sale of KPCo to Liberty subject to certain conditions contingent upon the closing of the sale. In December 2022, the FERC issued an order denying, without prejudice, authorization of the proposed sale stating the applicants failed to demonstrate the proposed transaction will not have an adverse effect on rates. In February 2023, a new filing for approval under Section 203 of the Federal Power Act was submitted. In March 2023, the KPSC and other intervenors made filings recommending the FERC reject AEP and Liberty's new Section 203 application seeking approval of the sale.

In April 2023, AEP, AEPTCo and Liberty entered into a Mutual Termination Agreement (Termination Agreement) terminating the SPA. The parties entered into the Termination Agreement as all of the conditions precedent to closing the sale could not be satisfied prior to April 26, 2023.

### ***Subsequent Events***

Management reviewed subsequent events through May 4, 2023, the date that the first quarter 2023 report was available to be issued.

**2. NEW ACCOUNTING STANDARDS**

During the FASB's standard-setting process and upon issuance of final standards, management reviews the new accounting literature to determine its relevance, if any, to KPCo's business. There are no new standards expected to have a material impact on KPCo's financial statements.

### 3. COMPREHENSIVE INCOME

#### *Presentation of Comprehensive Income*

The following tables provide the components of changes in AOCI and details of reclassifications from AOCI. The amortization of pension and OPEB AOCI components are included in the computation of net periodic pension and OPEB costs. See Note 6 - Benefit Plans for additional information.

<b>Three Months Ended March 31, 2023</b>	<b>Pension and OPEB (in thousands)</b>

<b>Balance in AOCI as of March 31, 2022</b>	<b>\$ 1,710</b>

#### 4. RATE MATTERS

As discussed in KPCo’s 2022 Annual Report, KPCo is involved in rate and regulatory proceedings at the FERC and the KPSC. The Rate Matters note within KPCo’s 2022 Annual Report should be read in conjunction with this report to gain a complete understanding of material rate matters still pending that could impact net income, cash flows and possibly financial condition. The following discusses ratemaking developments in 2023 and updates KPCo’s 2022 Annual Report.

##### *Regulatory Assets Pending Final Regulatory Approval*

<u>Noncurrent Regulatory Assets</u>	<u>March 31, 2023</u>	<u>December 31, 2022</u>
	(in thousands)	
<u>Regulatory Assets Currently Not Earning a Return</u>		
Storm-Related Costs (a)	\$ 73,936	\$ 74,430
Other Regulatory Assets Pending Final Regulatory Approval	1,914	1,699
<b>Total Regulatory Assets Pending Final Regulatory Approval</b>	<u>\$ 75,850</u>	<u>\$ 76,129</u>

- (a) KPCo will seek recovery of these costs in a future regulatory proceeding. In March 2023, Kentucky (Senate Bill 192) passed legislation that would allow the securitization of certain retired generation costs with a minimum value of \$200 million, as well as certain other regulatory assets including deferred extraordinary storm costs, as long as the cumulative total requested for securitization is at least \$275 million.

If these costs are ultimately determined not to be recoverable, it could reduce future net income and cash flows and impact financial condition.

##### *Storm-Related Costs*

In March and April 2023, major storms impacted KPCo’s service territory resulting in system damages and power outages. As of March 31, 2023, KPCo incurred approximately \$3 million of incremental other operating and maintenance expenses related to the March 2023 storms. Management estimates KPCo will incur an additional \$6 million of other operating and maintenance expenses related to additional April 2023 storms. Consistent with prior guidance from the KPSC, KPCo filed an application with the KPSC seeking recovery of these prudently incurred costs in May 2023. Until KPCo receives deferral authority for these incremental storm costs from the KPSC, it will reduce net income and cash flows and impact financial condition.

##### *Deferred Purchased Power Expenses*

In September 2022, the KPSC initiated a proceeding to investigate the appropriate amortization period and recovery mechanism for the deferral of Kentucky Deferred Purchased Power Expenses related to the Rockport Plant Unit Power Agreement (UPA), as well as KPCo’s ability to use the level of non-fuel, non-environmental Rockport UPA expense included in base rates to earn its authorized ROE in 2023 since the KPCo UPA ended in December 2022. KPCo requested the KPSC approve the terms related to each of the foregoing items as reflected in the settlement agreement in the 2017 Kentucky Base Rate Case, including recovery of the Kentucky Deferred Purchased Power Expenses over five years through a rider beginning in December 2022. In December 2022, the KPSC approved KPCo’s request and recovery began through a rider, including recovery of an estimated allowed cost (Rockport Offset) of \$22.8 million in accordance with the terms of the settlement agreement in the 2017 Kentucky Base Rate Case permitting KPCo to use the level of non-fuel, non-environmental Rockport UPA expense included in base rates to earn its authorized ROE in 2023. This estimated Rockport Offset is subject to true-up based on KPCo’s actual 2023 financial results and KPSC review in the first quarter of 2024. The actual Rockport Offset cannot exceed \$40.8 million. If the actual Rockport Offset is not recoverable, it could reduce future net income and cash flows and impact financial condition.

***Fuel Adjustment Clause (FAC) Purchased Power Limitation***

In May 2023, KPCo filed an application seeking authority to defer, for future recovery, approximately \$11.5 million of December 2022 purchased power costs not recoverable through its FAC. This requested deferral accounting authority would enable KPCo to pursue securitization of these costs, which otherwise would be requested for recovery in KPCo's next base rate case, in a future proceeding pursuant to Kentucky Senate Bill 192. Until KPCo receives deferral authority for these purchased power costs from the KPSC, it will reduce net income and cash flows and impact financial condition.

## **5. COMMITMENTS, GUARANTEES AND CONTINGENCIES**

KPCo is subject to certain claims and legal actions arising in its ordinary course of business. In addition, KPCo's business activities are subject to extensive governmental regulation related to public health and the environment. The ultimate outcome of such pending or potential litigation against KPCo cannot be predicted. Management accrues contingent liabilities only when management concludes that it is both probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. When management determines that it is not probable, but rather reasonably possible that a liability has been incurred at the date of the financial statements, management discloses such contingencies and the possible loss or range of loss if such estimate can be made. Any estimated range is based on currently available information and involves elements of judgment and significant uncertainties. Any estimated range of possible loss may not represent the maximum possible loss exposure. Circumstances change over time and actual results may vary significantly from estimates.

For current proceedings not specifically discussed below, management does not anticipate that the liabilities, if any, arising from such proceedings would have a material effect on the financial statements. The Commitments, Guarantees and Contingencies note within KPCo's 2022 Annual Report should be read in conjunction with this report.

### **GUARANTEES**

Liabilities for guarantees are recorded in accordance with the accounting guidance for "Guarantees." There is no collateral held in relation to any guarantees. In the event any guarantee is drawn, there is no recourse to third-parties unless specified below.

#### ***Indemnifications and Other Guarantees***

##### *Contracts*

KPCo enters into certain types of contracts which require indemnifications. Typically these contracts include, but are not limited to, sale agreements, lease agreements, purchase agreements and financing agreements. Generally, these agreements may include, but are not limited to, indemnifications around certain tax, contractual and environmental matters. With respect to sale agreements, exposure generally does not exceed the sale price. As of March 31, 2023, there were no material liabilities recorded for any indemnifications.

AEPSC conducts power purchase and sale activity on behalf of APCo, I&M, KPCo and WPCo, who are jointly and severally liable for activity conducted on their behalf.

**6. BENEFIT PLANS**

KPCo participates in an AEP sponsored qualified pension plan and two unfunded nonqualified pension plans. Substantially all of KPCo’s employees are covered by the qualified plan or both the qualified and nonqualified pension plans. KPCo also participates in OPEB plans sponsored by AEP to provide health and life insurance benefits for retired employees.

***Components of Net Periodic Benefit Cost***

The following table provides the components of KPCo’s net periodic benefit cost (credit) for the plans:

	<b>Pension Plans</b>		<b>OPEB</b>	
	<b>Three Months Ended March 31, 2023</b>	<b>2022</b>	<b>Three Months Ended March 31, 2023</b>	<b>2022</b>
	<b>(in thousands)</b>			
Service Cost	\$ 368	\$ 791	\$ 16	\$ 52
Interest Cost	1,204	1,288	317	261
Expected Return on Plan Assets	(1,783)	(2,400)	(800)	(1,060)
Amortization of Prior Service Credit	—	—	(464)	(630)
Amortization of Net Actuarial Loss	—	536	111	—
<b>Net Periodic Benefit Cost (Credit)</b>	<b>\$ (211)</b>	<b>\$ 215</b>	<b>\$ (820)</b>	<b>\$ (1,377)</b>

**7. DERIVATIVES AND HEDGING**

**OBJECTIVES FOR UTILIZATION OF DERIVATIVE INSTRUMENTS**

AEPSC is agent for and transacts on behalf of KPCo.

KPCo is exposed to certain market risks as a major power producer and participant in the electricity, natural gas, coal and emission allowance markets. These risks include commodity price risk, interest rate risk and credit risk. These risks represent the risk of loss that may impact KPCo due to changes in the underlying market prices or rates. Management utilizes derivative instruments to manage these risks.

**STRATEGIES FOR UTILIZATION OF DERIVATIVE INSTRUMENTS TO ACHIEVE OBJECTIVES**

***Risk Management Strategies***

The strategy surrounding the use of derivative instruments primarily focuses on managing risk exposures, future cash flows and creating value utilizing both economic and formal hedging strategies. The risk management strategies also include the use of derivative instruments for trading purposes which focus on seizing market opportunities to create value driven by expected changes in the market prices of the commodities. To accomplish these objectives, KPCo primarily employs risk management contracts including physical and financial forward purchase-and-sale contracts and, to a lesser extent, OTC swaps and options. Not all risk management contracts meet the definition of a derivative under the accounting guidance for “Derivatives and Hedging.” Derivative risk management contracts elected normal under the normal purchases and normal sales scope exception are not subject to the requirements of this accounting guidance.

KPCo utilizes power, capacity, coal, natural gas, interest rate and, to a lesser extent, heating oil, gasoline and other commodity contracts to manage the risk associated with the energy business. KPCo utilizes interest rate derivative contracts in order to manage the interest rate exposure associated with its commodity portfolio. For disclosure purposes, such risks are grouped as “Commodity,” as these risks are related to energy risk management activities. KPCo may also utilize derivative contracts to manage interest rate risk associated with debt financing. For disclosure purposes, these risks are grouped as “Interest Rate.” The amount of risk taken is determined by the Commercial Operations and Finance groups in accordance with the established risk management policies as approved by the Finance Committee of the Board of Directors.

The following table represents the gross notional volume of KPCo’s outstanding derivative contracts:

<b>Primary Risk Exposure</b>	<b>March 31, 2023</b>	<b>December 31, 2022</b>	<b>Unit of Measure</b>
	<b>(in thousands)</b>		
Commodity: Power	1,400	3,450	MWhs

### ***Cash Flow Hedging Strategies***

KPCo utilizes cash flow hedges on certain derivative transactions for the purchase and sale of power (“Commodity”) in order to manage the variable price risk related to forecasted purchases and sales. Management monitors the potential impacts of commodity price changes and, where appropriate, enters into derivative transactions to protect profit margins for a portion of future electricity sales and purchases. KPCo does not hedge all commodity price risk.

KPCo may utilize a variety of interest rate derivative transactions in order to manage interest rate risk exposure. KPCo may also utilize interest rate derivative contracts to manage interest rate exposure related to future borrowings of fixed-rate debt. KPCo does not hedge all interest rate exposure.

### **ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND THE IMPACT ON KPCo’s FINANCIAL STATEMENTS**

The accounting guidance for “Derivatives and Hedging” requires recognition of all qualifying derivative instruments as either assets or liabilities on the balance sheets at fair value. The fair values of derivative instruments accounted for using MTM accounting or hedge accounting are based on exchange prices and broker quotes. If a quoted market price is not available, the estimate of fair value is based on the best information available including valuation models that estimate future energy prices based on existing market and broker quotes and assumptions. In order to determine the relevant fair values of the derivative instruments, KPCo applies valuation adjustments for discounting, liquidity and credit quality.

Credit risk is the risk that a counterparty will fail to perform on the contract or fail to pay amounts due. Liquidity risk represents the risk that imperfections in the market will cause the price to vary from estimated fair value based upon prevailing market supply and demand conditions. Since energy markets are imperfect and volatile, there are inherent risks related to the underlying assumptions in models used to fair value risk management contracts. Unforeseen events may cause reasonable price curves to differ from actual price curves throughout a contract’s term and at the time a contract settles. Consequently, there could be significant adverse or favorable effects on future net income and cash flows if market prices are not consistent with management’s estimates of current market consensus for forward prices in the current period. This is particularly true for longer term contracts. Cash flows may vary based on market conditions, margin requirements and the timing of settlement of risk management contracts.

According to the accounting guidance for “Derivatives and Hedging,” KPCo reflects the fair values of derivative instruments subject to netting agreements with the same counterparty net of related cash collateral. For certain risk management contracts, KPCo is required to post or receive cash collateral based on third-party contractual agreements and risk profiles. The amount of cash collateral received from third-parties netted against short-term and long-term risk management assets and the amount of cash collateral paid to third-parties netted against short-term and long-term risk management liabilities were immaterial for KPCo as of March 31, 2023 and December 31, 2022.

The following tables represent the gross fair value of KPCo's derivative activity on the balance sheets. Unless shown as a separate line on the balance sheets due to materiality, Current Risk Management Assets are included in Prepayments and Other Current Assets, Long-term Risk Management Assets are included in Deferred Charges and Other Noncurrent Assets, Current Risk Management Liabilities are included in Other Current Liabilities and Long-term Risk Management Liabilities are included in Deferred Credits and Other Noncurrent Liabilities on the balance sheets.

March 31, 2023			
Balance Sheet Location	Risk Management Contracts – Commodity (a)	Gross Amounts Offset in the Statement of Financial Position (b) (in thousands)	Net Amounts of Assets/Liabilities Presented in the Statement of Financial Position (c)
Current Risk Management Assets	\$ 1,894	\$ (83)	\$ 1,811
Long-term Risk Management Assets	92	(92)	—
<b>Total Assets</b>	<b>1,986</b>	<b>(175)</b>	<b>1,811</b>
Current Risk Management Liabilities	879	(83)	796
Long-term Risk Management Liabilities	92	(92)	—
<b>Total Liabilities</b>	<b>971</b>	<b>(175)</b>	<b>796</b>
<b>Total MTM Derivative Contract Net Assets (d)</b>	<b>\$ 1,015</b>	<b>\$ —</b>	<b>\$ 1,015</b>

December 31, 2022			
Balance Sheet Location	Risk Management Contracts – Commodity (a)	Gross Amounts Offset in the Statement of Financial Position (b) (in thousands)	Net Amounts of Assets/Liabilities Presented in the Statement of Financial Position (c)
Current Risk Management Assets	\$ 8,607	\$ (144)	\$ 8,463
Long-term Risk Management Assets	137	(137)	—
<b>Total Assets</b>	<b>8,744</b>	<b>(281)</b>	<b>8,463</b>
Current Risk Management Liabilities	144	(144)	—
Long-term Risk Management Liabilities	137	(137)	—
<b>Total Liabilities</b>	<b>281</b>	<b>(281)</b>	<b>—</b>
<b>Total MTM Derivative Contract Net Assets</b>	<b>\$ 8,463</b>	<b>\$ —</b>	<b>\$ 8,463</b>

- (a) Derivative instruments within this category are disclosed as gross. These instruments are subject to master netting agreements and are presented on the balance sheets on a net basis in accordance with the accounting guidance for "Derivatives and Hedging."
- (b) Amounts include counterparty netting of risk management and hedging contracts and associated cash collateral in accordance with the accounting guidance for "Derivatives and Hedging."
- (c) All derivative contracts subject to a master netting arrangement or similar agreement are offset in the statement of financial position.
- (d) Decrease in amounts as of March 31, 2023 are primarily due to decreases in commodity prices for power and natural gas and a decrease in value of FTRs.

The table below presents KPCo's activity of derivative risk management contracts:

#### Amount of Gain (Loss) Recognized on Risk Management Contracts

Location of Gain (Loss)	Three Months Ended March 31,	
	2023	2022
	(in thousands)	
Electric Generation, Transmission and Distribution Revenues	\$ —	\$ 2
Purchased Electricity for Resale	19	59
Other Operation	—	16
Maintenance	—	21
Regulatory Assets (a)	(796)	(46)
Regulatory Liabilities (a)	(2,687)	1,566
<b>Total Gain (Loss) on Risk Management Contracts</b>	<b>\$ (3,464)</b>	<b>\$ 1,618</b>

- (a) Represents realized and unrealized gains and losses subject to regulatory accounting treatment recorded as either current or noncurrent on the balance sheets.

Certain qualifying derivative instruments have been designated as normal purchase or normal sale contracts, as provided in the accounting guidance for “Derivatives and Hedging.” Derivative contracts that have been designated as normal purchases or normal sales under that accounting guidance are not subject to MTM accounting treatment and are recognized on the statements of income on an accrual basis.

The accounting for the changes in the fair value of a derivative instrument depends on whether it qualifies for and has been designated as part of a hedging relationship and further, on the type of hedging relationship. Depending on the exposure, management designates a hedging instrument as a fair value hedge or a cash flow hedge.

For contracts that have not been designated as part of a hedging relationship, the accounting for changes in fair value depends on whether the derivative instrument is held for trading purposes. Unrealized and realized gains and losses on derivative instruments held for trading purposes are included in revenues on a net basis on KPCo’s statements of income. Unrealized and realized gains and losses on derivative instruments not held for trading purposes are included in revenues or expenses on KPCo’s statements of income depending on the relevant facts and circumstances. Certain derivatives that economically hedge future commodity risk are recorded in the same line item on the statements of income as that of the associated risk being hedged. However, unrealized and some realized gains and losses for both trading and non-trading derivative instruments are recorded as regulatory assets (for losses) or regulatory liabilities (for gains), in accordance with the accounting guidance for “Regulated Operations.”

#### ***Accounting for Cash Flow Hedging Strategies***

For cash flow hedges (i.e. hedging the exposure to variability in expected future cash flows that is attributable to a particular risk), KPCo initially reports the gain or loss on the derivative instrument as a component of Accumulated Other Comprehensive Income (Loss) on the balance sheets until the period the hedged item affects Net Income.

Realized gains and losses on derivative contracts for the purchase and sale of power designated as cash flow hedges are included in Total Revenues or Purchased Electricity for Resale on KPCo’s statements of income, or in Regulatory Assets or Regulatory Liabilities on KPCo’s balance sheets, depending on the specific nature of the risk being hedged. During the three months ended March 31, 2023 and 2022, KPCo did not apply cash flow hedging to outstanding power derivatives.

KPCo reclassifies gains and losses on interest rate derivative hedges related to debt financings from Accumulated Other Comprehensive Income (Loss) on its balance sheets into Interest Expense on its statements of income in those periods in which hedged interest payments occur. During the three months ended March 31, 2023 and 2022, KPCo did not apply cash flow hedging to outstanding interest rate derivatives.

There was no impact of cash flow hedges included in Accumulated Other Comprehensive Income (Loss) on KPCo’s balance sheets as of March 31, 2023 and December 31, 2022.

The actual amounts that KPCo reclassifies from Accumulated Other Comprehensive Income (Loss) to Net Income can differ due to market price changes. As of March 31, 2023, KPCo is not hedging (with contracts subject to the accounting guidance for “Derivatives and Hedging”) its exposure to variability in future cash flows related to forecasted transactions.

#### ***Credit Risk***

Management mitigates credit risk in KPCo’s wholesale marketing and trading activities by assessing the creditworthiness of potential counterparties before entering into transactions with them and continuing to evaluate their creditworthiness on an ongoing basis. Management uses credit agency ratings and current market-based qualitative and quantitative data as well as financial statements to assess the financial health of counterparties on an ongoing basis.

Master agreements are typically used to facilitate the netting of cash flows associated with a single counterparty and may include collateral requirements. Collateral requirements in the form of cash, letters of credit, surety bonds and parental/affiliate guarantees may be obtained as security from counterparties in order to mitigate credit risk. Some master agreements include margining, which requires a counterparty to post cash or letters of credit in the event exposure exceeds the established threshold. The threshold represents an unsecured credit limit which may be supported by a parental/affiliate guaranty, as determined in accordance with AEP's credit policy. In addition, master agreements allow for termination and liquidation of all positions in the event of a default including failure or inability to post collateral when required.

### ***Collateral Triggering Events***

#### *Credit Downgrade Triggers*

A limited number of derivative contracts include collateral triggering events, which include a requirement to maintain certain credit ratings. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these collateral triggering events in contracts. KPCo has not experienced a downgrade below a specified credit rating threshold that would require the posting of additional collateral. As of March 31, 2023 and December 31, 2022, KPCo did not have derivative contracts with collateral triggering events in a net liability position.

#### *Cross-Acceleration Triggers*

Certain interest rate derivative contracts contain cross-acceleration provisions that, if triggered, would permit the counterparty to declare a default and require settlement of the outstanding payable. These cross-acceleration provisions could be triggered if there was a non-performance event by KPCo under any of their outstanding debt of at least \$50 million and the lender on that debt has accelerated the entire repayment obligation. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these cross-acceleration provisions in contracts. KPCo had no derivative contracts with cross-acceleration provisions in a net liability position as of March 31, 2023 and December 31, 2022, respectively. There was no cash collateral posted as of March 31, 2023 and December 31, 2022. If a cross-acceleration provision would have been triggered, settlement at fair value would have been required. KPCo had no derivative contracts with cross-acceleration provisions outstanding as of March 31, 2023 and December 31, 2022.

#### *Cross-Default Triggers*

In addition, a majority of KPCo's non-exchange-traded commodity contracts contain cross-default provisions that, if triggered, would permit the counterparty to declare a default and require settlement of the outstanding payable. These cross-default provisions could be triggered if there was a non-performance event by Parent or the obligor under outstanding debt or a third-party obligation that is \$50 million or greater. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these cross-default provisions in the contracts. KPCo had no derivative contracts with cross-default provisions outstanding as of March 31, 2023 and December 31, 2022. There was no cash collateral posted as of March 31, 2023 and December 31, 2022. If a cross-default provision would have been triggered, settlement at fair value would have been required.

## 8. FAIR VALUE MEASUREMENTS

### *Fair Value Hierarchy and Valuation Techniques*

The accounting guidance for “Fair Value Measurements and Disclosures” establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Where observable inputs are available for substantially the full term of the asset or liability, the instrument is categorized in Level 2. When quoted market prices are not available, pricing may be completed using comparable securities, dealer values, operating data and general market conditions to determine fair value. Valuation models utilize various inputs such as commodity, interest rate and, to a lesser degree, volatility and credit that include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, market corroborated inputs (i.e. inputs derived principally from, or correlated to, observable market data) and other observable inputs for the asset or liability.

For commercial activities, exchange-traded derivatives, namely futures contracts, are generally fair valued based on unadjusted quoted prices in active markets and are classified as Level 1. Level 2 inputs primarily consist of OTC broker quotes in moderately active or less active markets, as well as exchange-traded derivatives where there is insufficient market liquidity to warrant inclusion in Level 1. Management verifies price curves using these broker quotes and classifies these fair values within Level 2 when substantially all of the fair value can be corroborated. Management typically obtains multiple broker quotes, which are nonbinding in nature but are based on recent trades in the marketplace. When multiple broker quotes are obtained, the quoted bid and ask prices are averaged. In certain circumstances, a broker quote may be discarded if it is a clear outlier. Management uses a historical correlation analysis between the broker quoted location and the illiquid locations. If the points are highly correlated, these locations are included within Level 2 as well. Certain OTC and bilaterally executed derivative instruments are executed in less active markets with a lower availability of pricing information. Illiquid transactions, complex structured transactions, FTRs and counterparty credit risk may require nonmarket-based inputs. Some of these inputs may be internally developed or extrapolated and utilized to estimate fair value. When such inputs have a significant impact on the measurement of fair value, the instrument is categorized as Level 3. The main driver of contracts being classified as Level 3 is the inability to substantiate energy price curves in the market. A portion of the Level 3 instruments have been economically hedged which limits potential earnings volatility.

### *Fair Value Measurements of Long-term Debt*

The fair values of Long-term Debt are based on quoted market prices, without credit enhancements, for the same or similar issues and the current interest rates offered for instruments with similar maturities classified as Level 2 measurement inputs. These instruments are not marked-to-market. The estimates presented are not necessarily indicative of the amounts that could be realized in a current market exchange.

The book values and fair values of KPSC’s Long-term Debt are summarized in the following table:

	<b>March 31, 2023</b>		<b>December 31, 2022</b>	
	<b>Book Value</b>	<b>Fair Value</b>	<b>Book Value</b>	<b>Fair Value</b>
	<b>(in thousands)</b>			
Long-term Debt	\$ 1,178,545	\$ 1,160,981	\$ 1,178,448	\$ 1,148,769

***Fair Value Measurements of Financial Assets and Liabilities***

The following tables set forth, by level within the fair value hierarchy, KPCo’s financial assets and liabilities that were accounted for at fair value on a recurring basis. As required by the accounting guidance for “Fair Value Measurements and Disclosures,” financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Management’s assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. There have not been any significant changes in management’s valuation techniques.

**Assets and Liabilities Measured at Fair Value on a Recurring Basis  
March 31, 2023**

<b>Assets:</b>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Other</u>	<u>Total</u>
	(in thousands)				
<b>Risk Management Assets</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 81	\$ 1,824	\$ (94)	\$ 1,811
<b>Liabilities:</b>					
<b>Risk Management Liabilities</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 81	\$ 809	\$ (94)	\$ 796

**December 31, 2022**

<b>Assets:</b>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Other</u>	<u>Total</u>
	(in thousands)				
<b>Risk Management Assets</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 137	\$ 8,607	\$ (281)	\$ 8,463
<b>Liabilities:</b>					
<b>Risk Management Liabilities</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 137	\$ 144	\$ (281)	\$ —

- (a) Amounts in “Other” column primarily represent counterparty netting of risk management and hedging contracts and associated cash collateral under the accounting guidance for “Derivatives and Hedging.”
- (b) Substantially comprised of power contracts.

The following tables set forth a reconciliation of changes in the fair value of net trading derivatives classified as Level 3 in the fair value hierarchy:

<b>Three Months Ended March 31, 2023</b>	<b>Net Risk Management Assets (Liabilities) (in thousands)</b>
<b>Balance as of December 31, 2022</b>	\$ 8,463
Realized Gain (Loss) Included in Net Income (or Changes in Net Assets) (a) (b)	(2,742)
Settlements	(3,984)
Changes in Fair Value Allocated to Regulated Jurisdictions (c)	(722)
<b>Balance as of March 31, 2023</b>	<u>\$ 1,015</u>

<b>Three Months Ended March 31, 2022</b>	<b>Net Risk Management Assets (Liabilities) (in thousands)</b>
<b>Balance as of December 31, 2021</b>	\$ 5,871
Realized Gain (Loss) Included in Net Income (or Changes in Net Assets) (a) (b)	1,021
Settlements	(5,960)
Changes in Fair Value Allocated to Regulated Jurisdictions (c)	449
<b>Balance as of March 31, 2022</b>	<u>\$ 1,381</u>

- (a) Included in revenues on KPCo's statements of income.
- (b) Represents the change in fair value between the beginning of the reporting period and the settlement of the risk management commodity contract.
- (c) Relates to the net gains (losses) of those contracts that are not reflected on KPCo's statements of income. These changes in fair value are recorded as regulatory liabilities for net gains and as regulatory assets for net losses.

The following tables quantify the significant unobservable inputs used in developing the fair value of Level 3 positions:

**Significant Unobservable Inputs  
March 31, 2023**

	Fair Value		Valuation Technique	Significant Unobservable Input (a)	Input/Range		
	Assets	Liabilities			Low	High	Weighted Average (b)
	(in thousands)						
FTRs	\$ 1,824	\$ 809	Discounted Cash Flow	Forward Market Price	\$ (1.78)	\$ 6.29	\$ 0.73

**December 31, 2022**

	Fair Value		Valuation Technique	Significant Unobservable Input (a)	Input/Range		
	Assets	Liabilities			Low	High	Weighted Average (b)
	(in thousands)						
FTRs	\$ 8,607	\$ 144	Discounted Cash Flow	Forward Market Price	\$ (3.10)	\$ 18.79	\$ 2.48

(a) Represents market prices in dollars per MWh.

(b) The weighted average is the product of the forward market price of the underlying commodity and volume weighted by term.

The following table provides the measurement uncertainty of fair value measurements to increases (decreases) in significant unobservable inputs related to Energy Contracts and FTRs as of March 31, 2023 and December 31, 2022:

**Uncertainty of Fair Value Measurements**

Significant Unobservable Input	Position	Change in Input	Impact on Fair Value Measurement
Forward Market Price	Buy	Increase (Decrease)	Higher (Lower)
Forward Market Price	Sell	Increase (Decrease)	Lower (Higher)

**9. INCOME TAXES**

***Effective Tax Rates (ETR)***

KPCo accounts for income taxes in interim periods in accordance with the accounting guidance for “Income Taxes.” In accordance with the guidance the use of an estimated annual effective tax rate should be utilized to determine income tax expense unless a reliable estimate of the annual effective tax rate cannot be made, in which case the actual effective tax rate for the year to date should be utilized. KPCo’s interim ETR reflects the actual year-to-date effective tax rate for 2023 and the estimated annual ETR for 2022, adjusted for tax expense associated with certain discrete items.

KPCo includes the amortization of Excess ADIT not subject to normalization requirements in the estimated annual ETR when regulatory proceedings instruct KPCo to provide the benefits of Tax Reform to customers over multiple interim periods. Certain regulatory proceedings instruct KPCo to provide the benefits of Tax Reform to customers in a single period (e.g. by applying the Excess ADIT not subject to normalization requirements against an existing regulatory asset balance) and in these circumstances, KPCo recognizes the tax benefit discretely in the period recorded. The annual amount of Excess ADIT approved by KPCo’s regulatory commissions may not impact the ETR ratably during each interim period due to the variability of pretax book income between interim periods and the application of an estimated annual ETR.

The ETR for KPCo is included in the following table:

	<b>Three Months Ended March 31,</b>	
	<b>2023</b>	<b>2022</b>
U.S. Federal Statutory Rate	21.0 %	21.0 %
Increase (decrease) due to:		
State Income Tax, net of Federal Benefit	(4.9)%	(0.9)%
Tax Reform Excess ADIT Reversal	193.5 %	(89.7)%
Flow Through	6.4 %	0.1 %
AFUDC Equity	1.3 %	(1.4)%
Other	(2.2)%	0.1 %
Effective Income Tax Rate	215.1 %	(70.8)%

***Federal and State Income Tax Audit Status***

The statute of limitations for the IRS to examine KPCo and other AEP subsidiaries’ originally filed federal return has expired for tax years 2016 and earlier. KPCo and other AEP subsidiaries have agreed to extend the statute of limitations on the 2017 and 2018 tax returns to December 31, 2023, to allow time for the current IRS audit to be completed including a refund claim approval by the Congressional Joint Committee on Taxation. The statute of limitations for the 2019 return is set to naturally expire in 2023 as well.

The current IRS audit and associated refund claim evolved from a net operating loss carryback to 2015 that originated in the 2017 return. KPCo and other AEP subsidiaries have received and agreed to two IRS proposed adjustments on the 2017 tax return, which were immaterial. The exam is nearly complete, and KPCo and other AEP subsidiaries are currently working with the IRS to submit the refund claim to the Congressional Joint Committee on Taxation for resolution and final approval.

KPCo and other AEP subsidiaries file income tax returns in various state and local jurisdictions. These taxing authorities routinely examine the tax returns, and KPCo and other AEP subsidiaries are currently under examination in several state and local jurisdictions. Generally, the statutes of limitations have expired for tax years prior to 2017. In addition, management is monitoring and continues to evaluate the potential impact of federal legislation and corresponding state conformity.

***Federal Legislation***

In August 2022, President Biden signed H.R. 5376 into law, commonly known as the Inflation Reduction Act of 2022 or IRA. Most notably this budget reconciliation legislation creates a 15% minimum tax on adjusted financial statement income (Corporate Alternative Minimum Tax or CAMT), extends and increases the value of PTCs and ITCs, adds a nuclear and clean hydrogen PTC, an energy storage ITC and allows the sale or transfer of tax credits to third parties for cash. As further significant guidance from Treasury and the IRS is expected on the tax provisions in the IRA, KPCo and other AEP subsidiaries will continue to monitor any issued guidance and evaluate the impact on future net income, cash flows and financial condition.

In December 2022, the IRS released Notice 2023-7 addressing time sensitive issues related to the CAMT. The notice provided initial guidance that KPCo and other AEP subsidiaries can begin to rely on in 2023 and also stated that additional guidance is expected, of which KPCo and other AEP subsidiaries will continue to monitor and assess. Notably, the interim guidance in Notice 2023-7 confirmed the CAMT depreciation adjustment includes tax depreciation that is capitalized to inventory under §263A and recovered as part of cost of goods sold, providing significant relief to KPCo and other AEP subsidiaries's potential CAMT exposure.

KPCo and other AEP subsidiaries expect to be applicable corporations for purposes of the CAMT beginning in 2023. CAMT cash taxes are expected to be partially offset by regulatory recovery, the utilization of tax credits and additionally the cash inflow generated by the sale of tax credits. The sale of tax credits will be presented in the operating section of the statements of cash flows consistent with the presentation of cash taxes paid. KPCo and other AEP subsidiaries will present the gain or loss on sale of tax credits through income tax expense.

**10. FINANCING ACTIVITIES**

***Long-term Debt***

KPCo did not have any long-term debt issuances or retirements during the first three months of 2023.

***Dividend Restrictions***

KPCo pays dividends to Parent provided funds are legally available. Various financing arrangements and regulatory requirements may impose certain restrictions on the ability of KPCo to transfer funds to Parent in the form of dividends.

All of the dividends declared by KPCo are subject to a Federal Power Act requirement that prohibits the payment of dividends out of capital accounts in certain circumstances; payment of dividends is generally allowed out of retained earnings.

KPCo has credit agreements that contain a covenant that limit its debt to capitalization ratio to 67.5%. As of March 31, 2023, KPCo did not exceed its debt to capitalization limit. The method for calculating outstanding debt and capitalization is contractually-defined in the credit agreements.

The Federal Power Act restriction does not limit the ability of KPCo to pay dividends out of retained earnings.

***Corporate Borrowing Program – AEP System***

The AEP System uses a corporate borrowing program to meet the short-term borrowing needs of AEP’s subsidiaries. The corporate borrowing program includes a Utility Money Pool, which funds AEP’s utility subsidiaries. The AEP System Utility Money Pool operates in accordance with the terms and conditions of its agreement filed with the FERC. The amounts of outstanding borrowings from the Utility Money Pool as of March 31, 2023 and December 31, 2022 are included in Advances from Affiliates on KPCo’s balance sheets. KPCo’s Utility Money Pool activity and corresponding authorized borrowing limit for the three months ended March 31, 2023 are described in the following table:

<b>Maximum Borrowings from the Utility Money Pool</b>	<b>Average Borrowings from the Utility Money Pool</b>	<b>Borrowings from the Utility Money Pool as of March 31, 2023</b>	<b>Authorized Short-Term Borrowing Limit</b>
(in thousands)			
\$ 124,006	\$ 109,635	\$ 113,625	\$ 180,000

Maximum, minimum and average interest rates for funds borrowed from the Utility Money Pool are summarized in the following table:

<b>Three Months Ended March 31,</b>	<b>Maximum Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Minimum Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Average Interest Rate for Funds Borrowed from the Utility Money Pool</b>
2023	5.42 %	4.66 %	5.12 %
2022	1.00 %	0.10 %	0.67 %

***Securitized Accounts Receivables – AEP Credit***

Under an affiliated receivables sales arrangement, KPCo sold, without recourse, certain of its customer accounts receivable and accrued unbilled revenue balances to AEP Credit. KPCo was charged a fee for each sale that is based on AEP Credit's financing costs, administrative costs and uncollectible accounts experience from previous purchases of KPCo's customer accounts receivable. The costs of customer accounts receivable sold are reported in Other Operation expense on KPCo's statements of income. In January 2022, due to the expected sale to Liberty, KPCo ceased selling accounts receivable to AEP Credit. As a result, in the first quarter of 2022, KPCo began recording an allowance for uncollectible accounts on its balance sheet for those receivables no longer sold to AEP Credit.

The fees paid by KPCo to AEP Credit for customer accounts receivable sold for the three months ended March 31, 2023 and 2022 were \$0 and \$295 thousand, respectively.

KPCo's proceeds on the sale of receivables to AEP Credit for the three months ended March 31, 2023 and 2022 were \$0 and \$65.6 million, respectively.

## 11. REVENUE FROM CONTRACTS WITH CUSTOMERS

### *Disaggregated Revenues from Contracts with Customers*

The table below represents KPCo's revenues from contracts with customers, net of respective provisions for refund, by type of revenue:

	Three Months Ended March 31,	
	2023	2022
	(in thousands)	
<b>Retail Revenues:</b>		
Residential Revenues	\$ 71,885	\$ 81,690
Commercial Revenues	43,269	44,071
Industrial Revenues	41,567	39,650
Other Retail Revenues	544	538
<b>Total Retail Revenues</b>	<b>157,265</b>	<b>165,949</b>
<b>Wholesale Revenues:</b>		
Generation Revenues	3,336	4,618
Transmission Revenues (a)	7,300	7,851
<b>Total Wholesale Revenues</b>	<b>10,636</b>	<b>12,469</b>
Other Revenues from Contracts with Customers (b)	2,472	3,819
<b>Total Revenues from Contracts with Customers</b>	<b>170,373</b>	<b>182,237</b>
<b>Other Revenues:</b>		
Alternative Revenue Programs (c)	1,159	198
Other Revenues	—	2
<b>Total Other Revenues</b>	<b>1,159</b>	<b>200</b>
<b>Total Revenues</b>	<b>\$ 171,532</b>	<b>\$ 182,437</b>

- (a) Amounts include affiliated and nonaffiliated revenues. The affiliated revenues were \$3.8 million and \$4.7 million for the three months ended March 31, 2023 and 2022, respectively.
- (b) Amounts include affiliated and nonaffiliated revenues.
- (c) Alternative revenue programs in certain jurisdictions include regulatory mechanisms that periodically adjust for over/under collection of related revenues.

### *Fixed Performance Obligations*

The following table represents KPCo's remaining fixed performance obligations satisfied over time as of March 31, 2023. Fixed performance obligations primarily include electricity sales for fixed amounts of energy and stand ready services into PJM's RPM market. KPCo elected to apply the exemption to not disclose the value of unsatisfied performance obligations for contracts with an original expected term of one year or less. Due to the annual establishment of revenue requirements, transmission revenues are excluded from the table below. The amounts shown in the table below include affiliated and nonaffiliated revenues.

2023	2024-2025	2026-2027	After 2027	Total
(in thousands)				
\$ 942	\$ 2,512	\$ 2,512	\$ 1,256	\$ 7,222

***Contract Assets and Liabilities***

Contract assets are recognized when KPCo has a right to consideration that is conditional upon the occurrence of an event other than the passage of time, such as future performance under a contract. KPCo did not have material contract assets as of March 31, 2023 and December 31, 2022, respectively.

When KPCo receives consideration, or such consideration is unconditionally due from a customer prior to transferring goods or services to the customer under the terms of a sales contract, they recognize a contract liability on the balance sheet in the amount of that consideration. Revenue for such consideration is subsequently recognized in the period or periods in which the remaining performance obligations in the contract are satisfied. KPCo's contract liabilities typically arise from advanced payments of services provided primarily with respect to joint use agreements for utility poles. KPCo did not have material contract liabilities as of March 31, 2023 and December 31, 2022, respectively.

***Accounts Receivable from Contracts with Customers***

Accounts receivable from contracts with customers are presented on KPCo's balance sheets within the Accounts Receivable - Customers line item. KPCo's balances for receivables from contracts that are not recognized in accordance with the accounting guidance for "Revenue from Contracts with Customers" included in Accounts Receivable - Customers were not material as of March 31, 2023 and December 31, 2022. See "Securitized Accounts Receivable - AEP Credit" section of Note 10 for additional information related to AEP Credit's securitized accounts receivable.

The amount of affiliated accounts receivable from contracts with customers included in Accounts Receivable - Affiliated Companies on KPCo's balance sheets were \$10.6 million and \$9.1 million, respectively, as of March 31, 2023 and December 31, 2022.

**APPENDIX B-1**

**FORM OF ORIGINAL OPINION OF BOND COUNSEL**

June 26, 2014

West Virginia Economic Development Authority  
Charleston, West Virginia

West Virginia Economic Development Authority  
\$65,000,000  
Solid Waste Disposal Facilities Revenue Refunding Bonds  
(Kentucky Power Company - Mitchell Project), Series 2014A

We have examined the transcript of proceedings relating to the issuance by the West Virginia Economic Development Authority (the "Issuer") of \$65,000,000 principal amount of Solid Waste Disposal Facilities Revenue Refunding Bonds (Kentucky Power Company – Mitchell Project), Series 2014A (the "Bonds"). The Bonds are being issued pursuant to Chapter 31, Article 15, Section 1, et seq., of the Code of West Virginia, 1931 (the "Act"), for the purpose of making a loan to assist Kentucky Power Company (the "Company") in the refunding of \$65,000,000 Solid Waste Disposal Facilities Revenue Refunding Bonds (Ohio Power Company – Mitchell Project), Series 2008A, previously issued by the Issuer to assist a certain affiliate of the Company in refinancing of a portion of the costs of acquiring, constructing and installing certain solid waste disposal facilities qualified for financing under the Act, as more particularly described in the Indenture of Trust dated as of June 15, 2014 (the "Indenture") between the Issuer and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee"), and in the Loan Agreement dated as of June 15, 2014 (the "Agreement") between the Issuer and the Company. We have also examined executed counterparts of the Indenture and the Agreement and a conformed copy of an executed Bond.

Based on such examination and subject to the limitations stated below, we are of the opinion that, under existing law:

1. The Bonds, the Indenture and the Agreement are valid and binding obligations of the Issuer, enforceable in accordance with their respective terms.
2. The Bonds constitute special obligations of the Issuer, and the principal of and interest on the Bonds and the purchase price of the Bonds (collectively, "debt charges") are payable solely from the revenues and other moneys assigned by the Indenture to secure those payments. Those revenues and other moneys include the payments required to be made by the Company under its promissory note delivered to the Issuer, and irrevocably assigned by the Issuer to the

Trustee, all pursuant to the Agreement. The payment of debt service on the Bonds is not secured by an obligation or pledge of any money raised by taxation, and the Bonds do not represent or constitute a general obligation or a pledge of the faith and credit of the Issuer, the State of West Virginia or any of its political subdivisions.

3. Interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103(a) of the Internal Revenue Code of 1986, as amended (the "Code"), except interest on any Bond for any period during which it is held by a "substantial user" or a "related person" as those terms are used in Section 147(a) of the Code, and is an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. The Bonds, and all interest and income thereon, are exempt from all taxation by the State of West Virginia and any county, municipality, political subdivision or agency thereof, except inheritance taxes. We express no opinion as to any other tax consequences regarding the Bonds.

The opinions stated above are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. In rendering all such opinions, we assume, without independent verification, and rely upon (i) the accuracy of the factual matters represented, warranted or certified in the proceedings and documents we have examined, (ii) the due and legal authorization, execution and delivery of those documents by, and the valid, binding and enforceable nature of those documents upon, any parties other than the Issuer and (iii) the correctness of the legal conclusions contained in the legal opinion letter of counsel to the Company and in the legal opinion letter of counsel to the Issuer delivered in connection with this matter.

In rendering those opinions with respect to the treatment of the interest on the Bonds under the federal tax laws, we further assume and rely upon compliance with the covenants in the proceedings and documents we have examined, including those of the Issuer and the Company. Failure to comply with certain of those covenants subsequent to issuance of the Bonds may cause interest on the Bonds to be included in gross income for federal income tax purposes retroactively to their date of issuance.

The rights of the owners of the Bonds and the enforceability of the Bonds, the Indenture and the Agreement are subject to bankruptcy, insolvency, arrangement, fraudulent conveyance or transfer, reorganization, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion, and to limitations on legal remedies against public entities.

We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, waiver or severability provisions contained in the Bonds, the Indenture or the Agreement.

The opinions rendered in this letter are stated only as of this date, and no other opinion shall be implied or inferred as a result of anything contained in or omitted from this letter. Our engagement as bond counsel with respect to the Bonds has concluded on this date.

Respectfully submitted,

Very truly yours,

**APPENDIX B-2**

**PROPOSED FORM OF OPINION OF BOND COUNSEL UPON REMARKETING**

June 6, 2023

West Virginia Economic Development Authority  
Charleston, West Virginia

The Bank of New York Mellon Trust Company, N.A., as Trustee  
Columbus, Ohio

Kentucky Power Company  
c/o American Electric Power Service Corporation  
Columbus, Ohio

This opinion is rendered at the request of Kentucky Power Company (the “Company”) in connection with the delivery of a notice regarding the change in interest rate Determination Method on the Bonds (identified below) from the Long-Term Interest Rate to another Long-Term Interest Rate to be effective on June 20, 2023 (the “Action”). The Bonds are the \$65,000,000 West Virginia Economic Development Authority Solid Waste Disposal Facilities Revenue Refunding Bonds (Kentucky Power Company – Mitchell Project), Series 2014A (the “Bonds”). The Bonds were issued pursuant to the Indenture of Trust dated as of June 15, 2014 (the “Indenture”) between the West Virginia Economic Development Authority and The Bank of New York Mellon Trust Company, N.A., as Trustee. Capitalized terms not otherwise defined in this opinion are used as defined in the Indenture.

In our capacity as bond counsel, we have examined such proceedings, documents, matters and law as we deem necessary to render the opinions set forth in this letter.

Based on that examination and subject to the limitations stated below, we are of the opinion that under existing law:

- (1) The Action is permitted under the Act and by the Indenture; and
- (2) The Action will not, by itself, adversely affect the exclusion from gross income of interest on the Bonds for federal income tax purposes.

The opinions stated above are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. In rendering all such opinions we assume, without independent verification, and rely upon the accuracy of the factual matters represented, warranted or certified in the proceedings and documents we have examined.

The opinion stated above regarding treatment of interest on the Bonds for federal income tax purposes is limited to the legal effect of the Action. We delivered our opinion letter as bond

counsel to the Issuer dated June 26, 2014 (the “Bond Opinion”) in connection with the original issuance of the Bonds. The Bond Opinion speaks only as of its date and this letter is not a confirmation or renewal of the Bond Opinion as of any more recent date. We have not for purposes of this letter examined any of the matters of law or fact upon which the legal opinions expressed in the Bond Opinion were based. We have not for purposes of this letter obtained, verified or reviewed any information concerning any event, other than the Action and the actions described in our opinions dated May 30, 2017, June 19, 2017, May 18, 2020, and June 19 2020, related to the Bonds, that might have occurred subsequent to the original issuance of the Bonds and that might have adversely affected the exclusion from gross income of interest on the Bonds for federal income tax purposes. Accordingly, except as expressly stated above, we express no opinion as to any matters concerning the status of the interest on the Bonds under the Internal Revenue Code of 1986, as amended, including specifically whether the interest on the Bonds is excluded from gross income for federal income tax purposes.

This letter is being furnished only to you for your use solely in connection with the Action and may not be relied upon by anyone else or for any other purpose without our prior written consent. No opinions other than those expressly stated herein are implied or shall be inferred as a result of anything contained in or omitted from this letter. The opinions expressed in this letter are stated only as of the time of its delivery, and we disclaim any obligation to revise or supplement this letter thereafter.

Respectfully submitted,

*Execution Version*

**SECOND AMENDMENT TO  
CREDIT AGREEMENT**

This SECOND AMENDMENT TO CREDIT AGREEMENT, dated as of September 6, 2022 (this “*Amendment*”) is made by and among KENTUCKY POWER COMPANY, a Kentucky corporation (the “*Borrower*”), each of the Lenders as reflected on the signature pages hereto, and KEYBANK NATIONAL ASSOCIATION (“*KeyBank*”), as administrative agent (together with its permitted successors in such capacity, the “*Administrative Agent*”). Capitalized terms used but not defined herein shall have the meanings assigned such terms in the Credit Agreement (as defined below).

**WHEREAS**, the Borrower, the Lenders and the Administrative Agent are parties to that certain Credit Agreement, dated as of March 6, 2020 (as amended, supplemented or modified prior to the date hereof, the “*Credit Agreement*”), pursuant to which, among other things, the Borrower requested the Lenders provide the extensions of credit in the amounts and on the terms and conditions set forth in the Credit Agreement.

**WHEREAS**, the Borrower has requested that the Lenders (i) amend the Credit Agreement as provided below and (ii) confirm the continued effectiveness of the Credit Agreement as amended hereby.

**WHEREAS**, the Administrative Agent and the Lenders signatory hereto, on the terms and conditions hereinafter set forth, are willing to grant the aforesaid requests of the Borrower.

**NOW, THEREFORE**, in consideration of the premises and in order to induce the Administrative Agent and the Lenders to amend the Credit Agreement, the parties hereto agree as follows:

**SECTION 1. Amendment to Credit Agreement.**

- (a) Subject to the satisfaction of the conditions precedent specified in Section 3 below, the Credit Agreement is hereby amended to (a) delete the stricken text (indicated textually in the same manner as the following example: ~~stricken text~~), and (b) to add the bold double-underlined text (indicated textually in the same manner as the following example: **bold double-underlined text**) as set forth in the pages of the Credit Agreement attached as Exhibit A hereto. Except as expressly stated above and in Section 2(b) below, each other provision of the Credit Agreement (including all schedules and exhibits thereto) shall remain as it was in effect immediately prior to the date hereof.

**SECTION 2. Conditions to Effectiveness.** This Amendment shall become effective on the date (the “**Second Amendment Effective Date**”) that each of the following conditions precedent is satisfied:

- (a) The Administrative Agent shall have received on or before the Second Amendment Effective Date the following, each dated the Second Amendment Effective Date, in form and substance reasonably satisfactory to the Administrative Agent in sufficient copies for each Lender:
- (i) certified copies of the Borrower's certificate of incorporation and bylaws, and resolutions of the board of directors of the Borrower approving this Amendment, a certificate of good standing for the Borrower from its jurisdiction of incorporation and all documents evidencing other necessary corporate action and Governmental Approvals, if any, with respect to this Amendment;
  - (ii) a certificate of the Secretary or Assistant Secretary of the Borrower certifying the names and true signatures of the officers of the Borrower authorized to sign this Amendment and the other documents to be delivered by the Borrower hereunder; and
  - (iii) [Reserved].
- (b) On the Second Amendment Effective Date, the following statements shall be true and the Administrative Agent shall have received for the account of each Lender a certificate signed by a duly authorized officer of the Borrower, dated the Second Amendment Effective Date, stating that:
- (i) The representations and warranties of the Borrower contained in Section 3 hereto and Section 4.01 of the Credit Agreement are true and correct in all material respects (or, if already qualified by materiality, in all respects) on and as of the Second Amendment Effective Date, as though made on and as of such date; provided, however, (A) any reference to the Disclosure Documents in Section 4.01 of the Credit Agreement shall be deemed to be a reference to the Second Amendment Disclosure Documents, and (B) any reference to December 31, 2018 in Section 4.01 of the Credit Agreement shall be deemed to be a reference to December 31, 2021; and
  - (ii) Both immediately prior to and immediately after giving effect to the Amendment, no event has occurred and is continuing that constitutes a Default.
- (c) The Administrative Agent shall have received counterparts of this Amendment, executed and delivered by the Borrower and the Lenders.
- (d) The Administrative Agent shall have received all promissory notes (if any) requested by the Lenders pursuant to Section 2.06(d), duly completed and executed by the Borrower and payable to such Lenders.
- (e) The Administrative Agent shall have received all documentation and information required by regulatory authorities under applicable "know your customer" and anti-money laundering rules and regulations, including, without limitation, the Patriot Act and, if the Borrower qualified as a "legal entity customer" under 31 C.F.R § 1010.230 (the "***Beneficial Ownership Regulation***"), a certification

regarding beneficial ownership as required by the Beneficial Ownership Regulation (“*Beneficial Ownership Certificate*”) in relation to the Borrower.

- (f) The Administrative Agent shall have received copies of the Borrower’s Report on Form 10-K, as filed with the SEC, for the fiscal year ended December 31, 2021, the Borrower’s Second Quarter Report for the period ended June 30, 2022 and the Borrower’s Current Report on Form 8-K, as filed with the SEC after the date of filing the Borrower’s Second Quarter Report for the period ended June 30, 2022 but prior to the Second Amendment Effective Date (collectively, the “*Second Amendment Disclosure Documents*”).
- (g) The Administrative Agent shall have received copies or other evidence of such other approvals and such other opinions or documents as may be reasonably requested by the Administrative Agent or by any Lender through the Administrative Agent.
- (h) The Borrower shall have paid all fees and expenses of the Administrative Agent and the Lenders then due and payable in accordance with the terms of the Section 4 hereto.

**SECTION 3. Representations and Warranties of Borrower.** The Borrower represents and warrants as follows:

(a) The execution, delivery and performance by each Borrower of this Amendment and the consummation by the Borrower of the transactions contemplated by this Amendment, are within the Borrower’s corporate powers, have been duly authorized by all necessary action, and do not contravene (i) the Borrower’s certificate of incorporation or by-laws, (ii) law binding or affecting the Borrower or (iii) any contractual restriction binding on or affecting the Borrower or any of its properties.

(b) No authorization or approval or other action by, and no notice to or filing with, any Governmental Authority or any other third party is required for the due execution, delivery and performance by the Borrower of this Amendment.

(c) This Amendment has been duly executed and delivered by the Borrower. Each of this Amendment and the Credit Agreement, as amended by this Amendment, constitutes the legal, valid and binding obligation of the Borrower, enforceable against the Borrower in accordance with its terms, except as the enforceability thereof may be limited by bankruptcy, insolvency, fraudulent conveyance or other similar laws affecting the enforcement of creditors’ rights in general, and except as the availability of the remedy of specific performance is subject to general principles of equity (regardless of whether such remedy is sought in a proceeding in equity or at law) and subject to requirements of reasonableness, good faith and fair dealing.

(d) As of the Second Amendment Effective Date, the information included in the Beneficial Ownership Certification is true and correct in all respects.

**SECTION 4. Fees, Expenses, Etc.**

(a) Administrative Agent shall have received all reasonable out-of-pocket fees, costs and expenses incurred by the Administrative Agent in connection with the negotiation, preparation and execution of this Amendment.

(b) (i) In addition to (but without duplication of) any fees or other amounts payable to the Administrative Agent and the Lenders under the terms of the Credit Agreement, the Borrower jointly and severally agree to pay (or cause to be paid) to the Administrative Agent, or to such persons as the Agent directs, for the ratable benefit of each Lender, an upfront fee in an amount equal to .05% of the final allocated amount as of the Second Amendment Effective Date (the “*Amendment Upfront Fee*”), which Amendment Upfront Fee will be earned and due and payable on the Second Amendment Effective Date.

(ii) The Borrower agrees that, once paid, the fees described herein or any part thereof payable hereunder and under the Credit Agreement will not be refundable under any circumstances, except otherwise as agreed in writing by the party to whom such fee is owed. All such fees will be paid in immediately available funds and shall not be subject to reduction by way of setoff or counterclaim. All or any portion of the fees received by the Administrative Agent hereunder or under the Credit Agreement may be allocated to any affiliate of KeyBank or any other Lender or be shared among the KeyBank, the Lenders and their respective affiliates.

**SECTION 5. Reference to and Effect on the Credit Agreement.** (a) Upon the effectiveness of Section 1 hereof: (i) each reference in the Credit Agreement to “this Agreement”, “hereunder”, “hereof” or words of like import referring to the Credit Agreement shall mean and be a reference to the Credit Agreement as amended hereby, and (ii) each reference in the Loan Documents to the “Credit Agreement”, “thereunder”, “thereof” or words of like import referring to the Credit Agreement, shall mean and be a reference to the Credit Agreement as amended hereby.

(b) Except as specifically amended above, the Credit Agreement shall continue to be in full force and effect and is hereby in all respects ratified and confirmed.

(c) The execution, delivery and performance of this Amendment shall not constitute a waiver of any provision of, or operate as a waiver of any right, power or remedy of the Administrative Agent or the Lenders, under the Credit Agreement or any of the other Loan Documents.

(d) Nothing contained in this Amendment shall prejudice any right or remedy that the Administrative Agent or any Lender may now have or may have in the future under or in connection with the Credit Agreement or any other Loan Document, or any other instrument or agreement referred to therein.

**SECTION 6. Reaffirmation.** The Borrower hereby reaffirms its obligations under the Credit Agreement (as amended by this Amendment) and each Loan Document to which it is a party.

**SECTION 7. Entire Agreement.** This Agreement and the Loan Documents (including the Credit Agreement as amended by this Amendment) constitute the entire agreement among

the parties hereto with respect to the subject matter hereof and thereof and supersede all other prior agreements and understandings, both written and verbal among the parties hereto or any of them with respect to the subject matter hereof.

**SECTION 8. Amendments; Modifications.** Neither this Amendment nor any provision hereof may be waived, amended or modified, except in accordance with Section 8.01 of the Credit Agreement.

**SECTION 9. Incorporated Provisions.** The provisions of Section 8.12 (“**Jurisdiction, Etc.**”) and Section 8.13 (“**Waiver of Jury Trial**”) of the Credit Agreement are hereby incorporated by reference into this Agreement, mutatis mutandis.

**SECTION 10. Execution in Counterparts.** This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery of an executed counterpart of a signature page of this Amendment by telecopy, emailed pdf. or any other electronic means that reproduces an image of the actual executed signature page shall be effective as delivery of a manually executed counterpart of this Amendment.

**SECTION 11. Headings.** Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose or be given any substantive effect.

**SECTION 12. Successors and Assigns.** This Amendment shall be binding upon the Borrower, the Administrative Agent, the Lenders and their respective permitted successors and assigns, and shall inure to the benefit of the Borrower, the Administrative Agent and the Lenders and their respective permitted successors and assigns.

**SECTION 13. GOVERNING LAW.** THIS AMENDMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HERETO SHALL BE GOVERNED BY, AND SHALL BE CONSTRUED AND ENFORCED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

[Signature page follows.]

IN WITNESS WHEREOF, each of the parties hereto has caused a counterpart of this Agreement to be duly executed and delivered as of the date first above written.

## CREDIT AGREEMENT

CREDIT AGREEMENT, dated as of March 6, 2020 (this “*Agreement*”), among KENTUCKY POWER COMPANY, a Kentucky corporation (the “*Borrower*”), the banks, financial institutions and other institutional lenders listed on the signatures pages hereof (the “*Initial Lenders*”), and KEYBANK NATIONAL ASSOCIATION (“*KeyBank*”), as administrative agent (in such capacity, and together with its successors appointed pursuant to the terms of this Agreement, the “*Administrative Agent*”) for the Lenders (as hereinafter defined).

### PRELIMINARY STATEMENT:

The Borrower is party to that certain the Credit Agreement, dated as of March 6, 2020 (as in effect immediately prior to the ~~First~~Second Amendment Effective Date, the “Existing Credit Agreement”), among the Borrower, KeyBank, as administrative agent, and the banks, financial institutions and other institutional lenders party thereto.

WHEREAS, the parties hereto have agreed to amend the Existing Credit Agreement to read as set forth in this Agreement, and it has been agreed by such parties that any Advances outstanding as of the ~~First~~Second Amendment Effective Date shall be governed by and deemed to be outstanding under this Agreement with the intent that the provisions of this Agreement that differ from those contained in the Existing Credit Agreement shall supersede such provisions of the Existing Credit Agreement;

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements contained herein, the parties hereto hereby agree as follows:

## ARTICLE I DEFINITIONS AND ACCOUNTING TERMS

### SECTION 1.01 *Certain Defined Terms.*

As used in this Agreement, the following terms shall have the following meanings (such meanings to be equally applicable to both the singular and plural forms of the terms defined):

“*Act*” has the meaning specified in Section 4.01(l).

“*Adjustment Margins*” has the meaning specified in Section 2.08(f).

“*Adjusted Term SOFR*” means, for purposes of any calculation, the rate per annum equal to (a) Term SOFR for such calculation plus (b) the Term SOFR Adjustment; provided that if Adjusted Term SOFR as so determined shall ever be less than the Floor, then Adjusted Term SOFR shall be deemed to be the Floor.

“*Administrative Agent*” has the meaning specified in the recital of parties to this Agreement.

“*Administrative Questionnaire*” means an administrative questionnaire in a form supplied by the Administrative Agent.

“**Advance**” means an advance by a Lender to a Borrower as part of a Borrowing and refers to a Base Rate Advance or a SOFR Advance.

“**AEP**” means American Electric Power Company, Inc., a New York corporation.

“**Affiliate**” means, as to any Person, any other Person that, directly or indirectly, controls, is controlled by or is under common control with such Person or is a director or officer of such Person. For purposes of this definition, the term “control” (including the terms “controlling”, “controlled by” and “under common control with”) of a Person means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of such Person, whether through the ownership of Voting Stock, by contract or otherwise.

“**Agent Parties**” has the meaning specified in Section 8.02(c).

“**Agent’s Account**” means the account of the Administrative Agent designated from time to time by the Administrative Agent in a written notice to the Lenders and the Borrower.

“**Anti-Corruption Laws**” means all laws, rules, and regulations of any jurisdiction applicable to the Borrower or its Subsidiaries from time to time concerning or relating to bribery, money laundering or corruption.

“**Applicable Law**” means (i) all applicable common law and principles of equity and (ii) all applicable provisions of all (A) constitutions, statutes, rules, regulations and orders of Governmental Authorities, (B) Governmental Approvals and (C) orders, decisions, judgments and decrees of all courts (whether at law or in equity or admiralty) and arbitrators.

“**Applicable Lending Office**” means, with respect to each Lender, such Lender’s Domestic Lending Office in the case of a Base Rate Advance and such Lender’s SOFR Lending Office in the case of a SOFR Advance.

“**Applicable Margin**” means (i) with respect to a SOFR Advance, ~~0.700~~0.95% per annum, and (ii) with respect to a Base Rate Advance, 0% per annum; *provided* that the Applicable Margins set forth above shall be increased upon the occurrence and during the continuance of any Event of Default by 2.00% per annum.

“**Approved Fund**” means any Fund that is administered or managed by (i) a Lender, (ii) an Affiliate of a Lender or (iii) an entity or an Affiliate of an entity that administers or manages a Lender.

“**Available Tenor**” means, as of any date of determination and with respect to the then-current Benchmark, as applicable, (a) if such Benchmark is a term rate, any tenor for such Benchmark (or component thereof) that is or may be used for determining the length of an interest period pursuant to this Agreement or (b) otherwise, any payment period for interest calculated with reference to such Benchmark (or component thereof) that is or may be used for determining any frequency of making payments of interest calculated with reference to such Benchmark, in each case, as of such date and not including, for the avoidance of doubt, any tenor for such Benchmark that is then-removed from the definition of “Interest Period” pursuant to Section 2.18(iv).

“**Arranger**” means KeyBanc Capital Markets Inc. in its capacity as lead arranger and bookrunner of the Facility.

“**Assignment and Assumption**” means an assignment and assumption entered into by a Lender and an Eligible Assignee (with the consent of any party whose consent is required by Section 8.07(b)), and accepted by the Administrative Agent, in substantially the form of Exhibit B hereto or any other form approved by the Administrative Agent.

“**Bail-In Action**” means the exercise of any Write-Down and Conversion Powers by the applicable EEA Resolution Authority in respect of any liability of an EEA Financial Institution.

“**Bail-In Legislation**” means, with respect to any EEA Member Country implementing Article 55 of Directive 2014/59/EU of the European Parliament and of the Council of the European Union, the implementing law for such EEA Member Country from time to time which is described in the EU Bail-In Legislation Schedule.

“**Bankruptcy Event**” means, with respect to any Person, such Person becomes the subject of a proceeding under any Debtor Relief Law, or has had a receiver, custodian, conservator, trustee, administrator, assignee for the benefit of creditors or similar Person charged with reorganization or liquidation of its business or assets (including the Federal Deposit Insurance Corporation or any other Governmental Authority acting in a similar capacity) appointed for it, or, in the good faith determination of the Administrative Agent, has taken any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any such proceeding or appointment; *provided* that, a Bankruptcy Event shall not result solely by virtue of any ownership interest, or acquisition of any equity interest, in such Person by a Governmental Authority so long as such ownership interest does not result in or provide such Person with immunity from the jurisdiction of courts within the United States or from the enforcement of judgments or writs of attachment on its assets or permit such Person (or such Governmental Authority) to reject, repudiate, disavow or disaffirm obligations under any agreement in which it commits to extend credit.

“**Base Rate**” means, at any time, the highest of (a) the rate of interest established by the Administrative Agent from time to time as the Administrative Agent’s prime rate (the “Prime Rate”), (b) the Federal Funds Rate plus 0.50% and (c) Adjusted Term SOFR for a three-month tenor in effect on such day plus 1.00%; each change in the Base Rate shall take effect simultaneously with the corresponding change or changes in the Prime Rate, the Federal Funds Rate or Adjusted Term SOFR, as applicable (provided that clause (c) shall not be applicable during any period in which Adjusted Term SOFR is unavailable or unascertainable).

“**Base Rate Advance**” means an Advance that bears interest as provided in Section 2.07(a).

“**Benchmark**” means, initially, the Term SOFR Reference Rate; provided that if a Benchmark Transition Event has occurred with respect to the Term SOFR Reference Rate or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement to the extent that such Benchmark Replacement has replaced such prior benchmark rate pursuant to Section 2.18(i).

“**Benchmark Replacement**” means, with respect to any Benchmark Transition Event, the sum of: (a) the alternate benchmark rate that has been selected by the Administrative Agent and the Borrower giving due consideration to (i) any selection or recommendation of a replacement benchmark rate or the mechanism for determining such a rate by the Relevant Governmental Body or (ii) any evolving or then-prevailing market convention for determining a benchmark rate as a replacement to the then-current Benchmark for Dollar-denominated syndicated credit facilities and (b) the related Benchmark Replacement Adjustment; provided that, if such Benchmark Replacement as so determined would be less than the Floor, such Benchmark Replacement will be deemed to be the Floor for the purposes of this Agreement and the other Loan Documents.

“**Benchmark Replacement Adjustment**” means, with respect to any replacement of the then-current Benchmark with an Unadjusted Benchmark Replacement for any applicable Available Tenor, the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected by the Administrative Agent and the Borrower giving due consideration to (a) any selection or recommendation of a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement by the Relevant Governmental Body or (b) any evolving or then-prevailing market convention for determining a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement for Dollar-denominated syndicated credit facilities.

“**Benchmark Replacement Date**” means the earlier to occur of the following events with respect to the then-current Benchmark:

(a) in the case of clause (a) or (b) of the definition of “Benchmark Transition Event,” the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of such Benchmark (or the published component used in the calculation thereof) permanently or indefinitely ceases to provide all Available Tenors of such Benchmark (or such component thereof); or

(b) in the case of clause (c) of the definition of “Benchmark Transition Event,” the first date on which such Benchmark (or the published component used in the calculation thereof) has been determined and announced by the regulatory supervisor for the administrator of such Benchmark (or such component thereof) to be non-representative; provided that such non-representativeness will be determined by reference to the most recent statement or publication referenced in such clause (c) and even if any Available Tenor of such Benchmark (or such component thereof) continues to be provided on such date.

For the avoidance of doubt, the “Benchmark Replacement Date” will be deemed to have occurred in the case of clause (a) or (b) with respect to any Benchmark upon the occurrence of the applicable event or events set forth therein with respect to all then-current Available Tenors of such Benchmark (or the published component used in the calculation thereof).

“**Benchmark Transition Event**” means the occurrence of one or more of the following events with respect to the then-current Benchmark:

(a) a public statement or publication of information by or on behalf of the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that such administrator has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof), permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof);

(b) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof), the FRB, the Federal Reserve Bank of New York, an insolvency official with jurisdiction over the administrator for such Benchmark (or such component), a resolution authority with jurisdiction over the administrator for such Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for such Benchmark (or such component), which states that the administrator of such Benchmark (or such component) has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof) permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof); or

(c) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that all Available Tenors of such Benchmark (or such component thereof) are not, or as of a specified future date will not be, representative.

For the avoidance of doubt, a “Benchmark Transition Event” will be deemed to have occurred with respect to any Benchmark if a public statement or publication of information set forth above has occurred with respect to each then-current Available Tenor of such Benchmark (or the published component used in the calculation thereof).

“**Benchmark Transition Start Date**” means, in the case of a Benchmark Transition Event, the earlier of (a) the applicable Benchmark Replacement Date and (b) if such Benchmark Transition Event is a public statement or publication of information of a prospective event, the 90th day prior to the expected date of such event as of such public statement or publication of information (or if the expected date of such prospective event is fewer than 90 days after such statement or publication, the date of such statement or publication).

“**Benchmark Unavailability Period**” means the period (if any) (x) beginning at the time that a Benchmark Replacement Date has occurred if, at such time, no Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 2.18(i) and (y) ending at the time that a Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 2.18(i).

“**Beneficial Ownership Certification**” means a certification regarding beneficial ownership as required by the Beneficial Ownership Regulation.

“**Beneficial Ownership Regulation**” means 31 C.F.R. § 1010.230.

“**Benefit Plan**” means any of (i) an “employee benefit plan” (as defined in Section 3(3) of ERISA) that is subject to Title I of ERISA, (ii) a “plan” as defined in Section 4975 of the Internal Revenue Code to which Section 4975 of the Internal Revenue Code applies, and (iii) any Person whose assets include (for purposes of the Plan Asset Regulations or otherwise for purposes of Title I of ERISA or Section 4975 of the Internal Revenue Code) the assets of any such “employee benefit plan” or “plan”.

“**Borrower**” has the meaning specified in the recital of parties to this Agreement.

“**Borrowing**” means a borrowing by the Borrower consisting of simultaneous Advances of the same Type, having the same Interest Period and ratably made or Converted on the same day by each of the Lenders pursuant to Section 2.02 or 2.09, as the case may be. All Advances to the Borrower of the same Type, having the same Interest Period and made or Converted on the same day shall be deemed a single Borrowing hereunder until repaid or next Converted.

“**Borrowing Date**” means the date of any Borrowing.

“**Business Day**” means a day of that is not a Saturday or Sunday or other day on which the Federal Reserve Bank of New York is Closed.

“**Change in Law**” means the occurrence, after the date of this Agreement, of any of the following: (i) the adoption or taking effect of any law, rule, regulation or treaty, (ii) any change in any law, rule, regulation or treaty or in the administration, interpretation, implementation or application thereof by any Governmental Authority or (iii) the making or issuance of any request, rule, guideline or directive (whether or not having the force of law) by any Governmental Authority; provided that notwithstanding anything herein to the contrary, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith and (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a “Change in Law”, regardless of the date enacted, adopted or issued.

“**Charges**” has the meaning specified in Section 8.16.

“**Commitment**” means, for each Lender at any time on any day, the obligation of such Lender to make Advances to the Borrower in an aggregate amount no greater than the amount set forth on Schedule I hereto or, if such Lender has entered into any Assignment and Assumption, set forth for such Lender in the Register maintained by the Administrative Agent pursuant to Section 8.07(c), in each such case as such amount may be increased pursuant to Section 2.17. The initial amount of each Lender’s Commitment as of the Closing Date is set forth on Schedule I hereto, or in the Assignment and Assumption pursuant to which such Lender shall have assumed its Commitment, as applicable.

“**Closing Date**” means March 6, 2020.

“**Commitment Percentage**” means, as to any Lender as of any date of determination, the percentage describing such Lender’s pro rata share of the Commitments set forth in the Register

from time to time; *provided* that in the case of Section 8.17 when a Defaulting Lender shall exist, “**Commitment Percentage**” means the percentage of the total Commitments (disregarding any Defaulting Lender’s Commitment) represented by such Lender’s Commitment. If the Commitments have terminated or expired, the Commitment Percentages shall be determined based upon the Commitments most recently in effect, giving effect to any assignments and to any Lender’s status as a Defaulting Lender at the time of determination.

“**Commitments**” means, at any time on any day, the aggregate amount for all Lenders of each Lender’s Commitment then in effect hereunder. The initial amount of the Commitments hereunder on the Closing Date is \$125,000,000.

“**Communications**” has the meaning specified in Section 8.02(b).

“**Confidential Information**” means all information relating the Borrower or any of its Subsidiaries or their businesses that the Borrower furnishes to the Administrative Agent, the Arranger or any Lender in a writing clearly identified at the time of delivery as confidential, but does not include any such information that is or becomes generally available to the public or that is or becomes available to the Administrative Agent, the Arranger or such Lender from a source other than the Borrower.

“**Confirmation of Facility Increase**” has the meaning specified in Section 2.17.

“**Conforming Changes**” means, with respect to either the use or administration of Term SOFR or the use, administration, adoption or implementation of any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Base Rate,” the definition of “Business Day,” the definition of “U.S. Government Securities Business Day,” the definition of “Interest Period” or any similar or analogous definition (or the addition of a concept of “interest period”), timing and frequency of determining rates and making payments of interest, timing of borrowing requests or prepayment, conversion or continuation notices, the applicability and length of lookback periods, the applicability of Section 7.06 and other technical, administrative or operational matters) that the Administrative Agent decides may be appropriate to reflect the adoption and implementation of any such rate or to permit the use and administration thereof by the Administrative Agent in a manner substantially consistent with market practice (or, if the Administrative Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Administrative Agent determines that no market practice for the administration of any such rate exists, in such other manner of administration as the Administrative Agent decides is reasonably necessary in connection with the administration of this Agreement and the other Loan Documents).

“**Connection Income Taxes**” means Other Connection Taxes that are imposed on or measured by net income (however denominated) or that are franchise Taxes or branch profits Taxes.

“**Consolidated Capital**” means the sum of (i) Consolidated Debt of the Borrower and (ii) the consolidated equity of all classes of stock (whether common, preferred, mandatorily convertible preferred or preference) of the Borrower, in each case determined in accordance with GAAP, but including Equity-Preferred Securities issued by the Borrower and its Consolidated

Subsidiaries and excluding the funded pension and other postretirement benefit plans, net of tax, components of accumulated other comprehensive income (loss).

**“Consolidated Debt”** of the Borrower means the total principal amount of all Debt described in clauses (i) through (v) of the definition of Debt and Guaranties of such Debt of the Borrower and its Consolidated Subsidiaries, excluding, however, (i) Debt of AEP Credit, Inc. that is non-recourse to the Borrower and its Consolidated Subsidiaries in respect of the sale of accounts receivable by the Borrower or its Consolidated Subsidiaries, (ii) Stranded Cost Recovery Bonds, and (iii) Equity-Preferred Securities not to exceed 10% of Consolidated Capital (calculated for purposes of this clause without reference to any Equity-Preferred Securities); *provided* that Guaranties of Debt included in the total principal amount of Consolidated Debt shall not be added to such total principal amount.

**“Consolidated Subsidiary”** means, with respect to any Person at any time, any Subsidiary or other Person the accounts of which would be consolidated with those of such first Person in its consolidated financial statements in accordance with Generally Accepted Accounting Principles.

**“Consolidated Tangible Net Assets”** means, on any date of determination and with respect to any Person at any time, the total of all assets (including revaluations thereof as a result of commercial appraisals, price level restatement or otherwise) appearing on the consolidated balance sheet of such Person and its Consolidated Subsidiaries most recently delivered to the Lenders pursuant to Section 5.01(i) as of such date of determination, net of applicable reserves and deductions, but excluding goodwill, trade names, trademarks, patents, unamortized debt discount and all other like intangible assets (which term shall not be construed to include such revaluations), less the aggregate of the consolidated current liabilities of such Person and its Consolidated Subsidiaries appearing on such balance sheet.

**“Convert”**, **“Conversion”** and **“Converted”** each refers to a conversion of Advances of one Type into Advances of the other Type, or the selection of new, or the renewal of the same, Interest Period for SOFR Advances, pursuant to Section 2.08, 2.09 or 2.12.

**“Credit Party”** means the Administrative Agent or any Lender.

**“Debt”** of any Person means, without duplication, (i) all indebtedness of such Person for borrowed money, (ii) all obligations of such Person for the deferred purchase price of property or services (other than trade payables not overdue by more than 60 days incurred in the ordinary course of such Person’s business), (iii) all obligations of such Person evidenced by notes, bonds, debentures or other similar instruments, (iv) all obligations of such Person as lessee under leases that have been, in accordance with GAAP, recorded as capital leases, including, without limitation, the leases described in clause (iv) of Section 5.02(c), (v) all obligations of such Person in respect of reimbursement agreements with respect to acceptances, letters of credit (other than trade letters of credit) or similar extensions of credit, (vi) all Guaranties and (vii) all reasonably quantifiable obligations under indemnities or under support or capital contribution agreements, and other reasonably quantifiable obligations (contingent or otherwise) to purchase or otherwise to assure a creditor against loss in respect of, or to assure an obligee against loss in respect of, all Debt of others referred to in clauses (i) through (vi) above guaranteed directly or

indirectly in any manner by such Person, or in effect guaranteed directly or indirectly by such Person through an agreement (A) to pay or purchase such Debt or to advance or supply funds for the payment or purchase of such Debt, (B) to purchase, sell or lease (as lessee or lessor) property, or to purchase or sell services, primarily for the purpose of enabling the debtor to make payment of such Debt or to assure the holder of such Debt against loss, (C) to supply funds to or in any other manner invest in the debtor (including any agreement to pay for property or services irrespective of whether such property is received or such services are rendered) or (D) otherwise to assure a creditor against loss.

**“Debtor Relief Laws”** means the Bankruptcy Code of the United States of America, and all other liquidation, conservatorship, bankruptcy, assignment for the benefit of creditors, moratorium, rearrangement, receivership, insolvency, reorganization, or similar debtor relief laws of the United States or other applicable jurisdictions from time to time in effect.

**“Default”** means any Event of Default or any event that would constitute an Event of Default but for the requirement that notice be given or time elapse or both.

**“Defaulting Lender”** means, subject to Section 8.17(b), any Lender that (i) has failed to (A) fund all or any portion of its Advances within two Business Days of the date such Advances were required to be funded hereunder unless such Lender notifies the Administrative Agent and the Borrower in writing that such failure is the result of such Lender’s good faith determination that one or more conditions precedent to funding (each of which conditions precedent, together with any applicable Default, shall be specifically identified in such writing) has not been satisfied, or (B) pay to any Credit Party any other amount required to be paid by it hereunder within two Business Days of the date when due, (ii) has notified the Borrower or any Credit Party in writing that it does not intend to comply with its funding obligations hereunder or generally under other agreements in which it commits to extend credit, or has made a public statement to that effect (unless such writing or public statement relates to such Lender’s obligation to fund an Advance hereunder and states that such position is based on such Lender’s good faith determination that a condition precedent to funding (which condition precedent, together with any applicable Default, shall be specifically identified in such writing or public statement) cannot be satisfied), (iii) has failed, within three Business Days after written request by the Administrative Agent or the Borrower, to confirm in writing to the Administrative Agent and the Borrower that it will comply with its prospective funding obligations hereunder (*provided* that, such Lender shall cease to be a Defaulting Lender pursuant to this clause (iii) upon receipt of such written confirmation by the Administrative Agent and the Borrower), or (iv) has become the subject of a Bankruptcy Event. Any determination by the Administrative Agent that a Lender is a Defaulting Lender under any one or more of clauses (i) through (iv) above shall be conclusive and binding absent manifest error, and such Lender shall be deemed to be a Defaulting Lender (subject to Section 8.17(b)) upon delivery of written notice of such determination to the Borrower and each Lender.

**“Disclosure Documents”** means (i) prior to the ~~First~~Second Amendment Effective Date, (A) the Borrower’s Annual Report for the fiscal year ended December 31, 2018, (B) the Borrower’s Third Quarter Report for the period ended September 30, 2019, and (C) the Borrower’s Fourth Quarter Report for the period ended December 31, 2019, and (ii) on and after the ~~First~~Second Amendment Effective Date, (A) Borrower’s Report on Form 10-K, as filed with

the SEC, for the fiscal year ended December 31, 2021~~and~~, the (B) Borrower's [Second Quarter Report for the period ended June 30, 2022](#) and (C) Borrower's Current Report on Form 8-K, as filed with the SEC after the date of filing the Borrower's [Second Quarter Report on Form 10-K](#) for the period ended ~~December 31, 2021~~[June 30, 2022](#) but prior to the ~~First~~[Second](#) Amendment Effective Date.

“**Dollars**” and the symbol “\$” mean lawful currency of the United States of America.

“**Domestic Lending Office**” means, with respect to any Lender, the office of such Lender specified as its “Domestic Lending Office” on such Lender’s Administrative Questionnaire or in the Assignment and Assumption pursuant to which it became a Lender, or such other office of such Lender as such Lender may from time to time specify in writing to the Borrower and the Administrative Agent.

“**EEA Financial Institution**” means (a) any credit institution or investment firm established in any EEA Member Country which is subject to the supervision of an EEA Resolution Authority, (b) any entity established in an EEA Member Country which is a parent of an institution described in clause (a) of this definition, or (c) any financial institution established in an EEA Member Country which is a subsidiary of an institution described in clauses (a) or (b) of this definition and is subject to consolidated supervision with its parent.

“**EEA Member Country**” means any of the member states of the European Union, Iceland, Liechtenstein, and Norway.

“**EEA Resolution Authority**” means any public administrative authority or any Person entrusted with public administrative authority of any EEA Member Country (including any delegee) having responsibility for the resolution of any EEA Financial Institution.

“**Eligible Assignee**” means any Person that meets the requirements to be an assignee under Section 8.07(b)(iii), (v) and (vi) (subject to such consents, if any, as may be required under Section 8.07(b)(iii)).

“**Environmental Action**” means any action, suit, demand, demand letter, claim, notice of non-compliance or violation, notice of liability or potential liability, investigation, proceeding, consent order or consent agreement relating in any way to any Environmental Law, Environmental Permit or Hazardous Materials or arising from alleged injury or threat of injury to health, safety or the environment, including, without limitation, (i) by any Governmental Authority for enforcement, cleanup, removal, response, remedial or other actions or damages and (ii) by any Governmental Authority or any third party for damages, contribution, indemnification, cost recovery, compensation or injunctive relief.

“**Environmental Law**” means any federal, state, local or foreign statute, law, ordinance, rule, regulation, code, order, judgment, decree or judicial or agency interpretation, policy or guidance relating to pollution or protection of the environment, health, safety or natural resources, including, without limitation, those relating to the use, handling, transportation, treatment, storage, disposal, release or discharge of Hazardous Materials.

“**Environmental Permit**” means any permit, approval, identification number, license or other authorization required under any Environmental Law.

**“Equity-Preferred Securities”** means (i) debt or preferred securities that are mandatorily convertible or mandatorily exchangeable into common shares of the Borrower and (ii) any other securities, however denominated, including but not limited to hybrid capital and trust originated preferred securities, (A) issued by the Borrower or any Consolidated Subsidiary of the Borrower, (B) that are not subject to mandatory redemption or the underlying securities, if any, of which are not subject to mandatory redemption, (C) that are perpetual or mature no less than 30 years from the date of issuance, (D) the indebtedness issued in connection with which, including any guaranty, is subordinate in right of payment to the unsecured and unsubordinated indebtedness of the issuer of such indebtedness or guaranty, and (E) the terms of which permit the deferral of the payment of interest or distributions thereon to a date occurring after the Termination Date.

**“ERISA”** means the Employee Retirement Income Security Act of 1974, as amended from time to time, and the regulations promulgated and rulings issued thereunder.

**“ERISA Affiliate”** means, with respect to any Person, each trade or business (whether or not incorporated) that is considered to be a single employer with such entity within the meaning of Section 414(b), (c), (m) or (o) of the Internal Revenue Code.

**“ERISA Event”** means (i) the termination of or withdrawal from any Plan by the Borrower or any of its ERISA Affiliates, (ii) the failure by the Borrower or any of its ERISA Affiliates to comply with ERISA or the related provisions of the Internal Revenue Code with respect to any Plan or (iii) the failure by the Borrower or any of its Subsidiaries to comply with Applicable Law with respect to any Foreign Plan.

**“Erroneous Payment”** has the meaning assigned thereto in Section 7.14 (a).

**“Erroneous Payment Deficiency Assignment”** has the meaning assigned thereto in Section 7.14(d).

**“Erroneous Payment Impacted Class”** has the meaning assigned thereto in Section 7.14(d).

**“Erroneous Payment Return Deficiency”** has the meaning assigned thereto in Section 7.14(d).

**“EU Bail-In Legislation Schedule”** means the EU Bail-In Legislation Schedule published by the Loan Market Association (or any successor person), as in effect from time to time.

**“Events of Default”** has the meaning specified in Section 6.01.

**“Exchange Act”** has the meaning specified in Section 6.01(f).

**“Excluded Taxes”** means any of the following Taxes imposed on or with respect to a Recipient or required to be withheld or deducted from a payment to a Recipient, (i) Taxes imposed on or measured by the net income (however denominated) of such Recipient, franchise Taxes or branch profits Taxes, in each case, (A) imposed as a result of such Recipient being organized under the laws of, or having its principal office or, in the case of any Lender, its

Applicable Lending Office located in, the jurisdiction imposing such Tax (or any political subdivision thereof) or (B) that are Other Connection Taxes, (ii) in the case of a Lender, U.S. federal withholding Taxes imposed on amounts payable to or for the account of such Lender with respect to an applicable interest in an Advance or Commitment pursuant to a law in effect on the date on which (A) such Lender acquires such interest in the Advance or Commitment (other than pursuant to an assignment request by the Borrower under Section 2.15(b) or (B) such Lender changes its Applicable Lending Office, except in each case to the extent that, pursuant to Section 2.14, amounts with respect to such Taxes were payable either to such Lender's assignor immediately before such Lender became a party hereto or to such Lender immediately before it changed its Applicable Lending Office, (iii) Taxes attributable to such Recipient's failure to comply with Section 2.14(g) and (iv) any U.S. federal withholding Taxes imposed under FATCA.

“**Facility**” means the aggregate commitment of the Lenders to make Advances to the Borrower hereunder up to a maximum of One Hundred Twenty-Five Million Dollars (\$125,000,000), as such aggregate commitment may be increased pursuant to Section 2.17.

“**FATCA**” means Sections 1471 through 1474 of the Internal Revenue Code, as of the date of this Agreement (or any amended or successor version that is substantively comparable and not materially more onerous to comply with) and any current or future regulations or official interpretations thereof.

“**Federal Funds Rate**” means, for any period, a fluctuating interest rate per annum (based on a year of 360 days and actual days elapsed and rounded upward to the nearest 1/100 of 1%) equal for each day during such period to the weighted average of the rates on overnight Federal funds transactions with members of the Federal Reserve System arranged by Federal funds brokers, as published for such day (or, if such day is not a Business Day, for the next preceding Business Day) by the Federal Reserve Bank of New York, or, if such rate is not so published for any day that is a Business Day, the average of the quotations for such day on such transactions received by the Administrative Agent from three Federal funds brokers of recognized standing selected by it.

“**First Amendment**” means that certain First Amendment to Credit Agreement, dated as of the First Amendment Effective Date, among the Borrower, the Lenders party thereto and the Administrative Agent.

“**First Amendment Effective Date**” means March 2, 2022.

“**Foreign Lender**” means a Lender that is not a U.S. Person.

“**Foreign Plan**” has the meaning specified in Section 4.01(i).

“**Fund**” means any Person (other than a natural Person) that is (or will be) engaged in making, purchasing, holding or otherwise investing in commercial loans and similar extensions of credit in the ordinary course of its activities.

“**Floor**” means a rate of interest equal to 0.00%.

“**GAAP**” has the meaning specified in Section 1.03.

**“Generally Accepted Accounting Principles”** means United States generally accepted accounting principles in effect from time to time.

**“Governmental Approval”** means any authorization, consent, approval, license or exemption of, registration or filing with, or report or notice to, any Governmental Authority.

**“Governmental Authority”** means the government of the United States of America or any other nation, or of any political subdivision thereof, whether state or local, and any agency, authority, instrumentality, regulatory body, court, central bank or other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any supra-national bodies such as the European Union or the European Central Bank).

**“Guaranty”** of any Person means any obligation, contingent or otherwise, of such Person (i) to pay any Debt of any other Person or (ii) incurred in connection with the issuance by a third person of a Guaranty of Debt of any other Person (whether such obligation arises by agreement to reimburse or indemnify such third Person or otherwise).

**“Hazardous Materials”** means (i) petroleum and petroleum products, byproducts or breakdown products, radioactive materials, asbestos-containing materials, polychlorinated biphenyls and radon gas and (ii) any other chemicals, materials or substances designated, classified or regulated as hazardous or toxic or as a pollutant or contaminant under any Environmental Law.

**“Hedge Agreement”** means (a) any and all rate swap transactions, basis swaps, credit derivative transactions, forward rate transactions, commodity swaps, commodity options, forward commodity contracts, equity or equity index swaps or options, bond or bond price or bond index swaps or options or forward bond or forward bond price or forward bond index transactions, interest rate options, forward foreign exchange transactions, cap transactions, floor transactions, collar transactions, currency swap transactions, cross-currency rate swap transactions, currency options, spot contracts, or any other similar transactions or any combination of any of the foregoing (including any options to enter into any of the foregoing), whether or not any such transaction is governed by or subject to any master agreement, and (b) any and all transactions of any kind, and the related confirmations, which are subject to the terms and conditions of, or governed by, any form of master agreement published by the International Swaps and Derivatives Association, Inc., any International Foreign Exchange Master Agreement, or any other master agreement.

**“Indemnified Party”** has the meaning specified in Section 8.04(b).

**“Indemnified Taxes”** means (i) Taxes, other than Excluded Taxes, imposed on or with respect to any payment made by or on account of any obligation of the Borrower under any Loan Document and (ii) to the extent not otherwise described in clause (i), Other Taxes.

**“Initial Lenders”** has the meaning specified in the recital of parties to this Agreement.

**“Interest Period”** means, as to any SOFR Advance, the period commencing on the date such SOFR Advance is disbursed or converted to or continued as a SOFR Advance and ending on the date one (1) month or three (3) months thereafter, subject to availability; provided that:

(a) the Interest Period shall commence on the date of advance of or conversion to any SOFR Advance and, in the case of immediately successive Interest Periods, each successive Interest Period shall commence on the date on which the immediately preceding Interest Period expires;

(b) if any Interest Period would otherwise expire on a day that is not a Business Day, such Interest Period shall expire on the next succeeding Business Day; provided that if any Interest Period would otherwise expire on a day that is not a Business Day but is a day of the month after which no further Business Day occurs in such month, such Interest Period shall expire on the immediately preceding Business Day;

(c) any Interest Period that begins on the last Business Day of a calendar month (or on a day for which there is no numerically corresponding day in the calendar month at the end of such Interest Period) shall end on the last Business Day of the relevant calendar month at the end of such Interest Period;

(d) no Interest Period shall extend beyond the Termination Date and Interest Periods shall be selected by the Borrower so as to permit the Borrower to make the principal installment payments pursuant to Section 2.13 without payment of any amounts pursuant to Section 7.06;

(e) there shall be no more than one (1) Interest Period in effect at any time; and

(f) no tenor that has been removed from this definition pursuant to Section 2.18(iv) shall be available for specification in any Notice of Borrowing or notice of Conversion/continuation.

“**Internal Revenue Code**” means the Internal Revenue Code of 1986, as amended from time to time, and the regulations promulgated and rulings issued thereunder.

“**IRS**” means the United States Internal Revenue Service.

“**Kentucky Power Sale Event**” means the sale by AEP of either (i) substantially all of the assets of Borrower or (ii) 100% of the equity interest in Borrower.

“**KeyBank**” has the meaning specified in the recital of parties to this Agreement.

“**Lender Commitment Increase Agreement**” has the meaning specified in Section 2.17.

“**Lender Joinder Agreement**” has the meaning specified in Section 2.17.

“**Lenders**” means the Initial Lenders and each other Person that shall become a party hereto pursuant to Section 8.07 or Section 2.17, in each case other than any such Person that shall have ceased to be a party hereto pursuant to Section 8.07 or Section 2.17.

“**Lending Office**” means, with respect to any Lender, the office of such Lender maintaining such Lender’s Advances, which office may, to the extent the applicable Lender notifies the Administrative Agent in writing, include an office of any Affiliate of such Lender or any domestic or foreign branch of such Lender or Affiliate.

“**Lien**” means any lien, security interest or other charge or encumbrance of any kind, or any other type of preferential arrangement, including, without limitation, the lien or retained security title of a conditional vendor and any easement, right of way or other encumbrance on title to real property.

“**Loan Documents**” means, collectively, (i) this Agreement, (ii) any promissory note issued pursuant to Section 2.06(d), and (iii) any Lender Joinder Agreement, in each case, as amended, supplemented or modified from time to time.

“**Margin Regulations**” means Regulations T, U and X of the Board of Governors of the Federal Reserve System, as in effect from time to time.

“**Margin Stock**” has the meaning specified in the Margin Regulations.

“**Material Adverse Change**” means any material adverse change (i) in the business, condition (financial or otherwise) or operations of the Borrower and its Subsidiaries, taken as a whole, or (ii) that is reasonably likely to affect the legality, validity or enforceability of this Agreement or any other Loan Document against the Borrower or the ability of the Borrower to perform its obligations under this Agreement or any other Loan Document.

“**Material Adverse Effect**” means a material adverse effect (i) on the business, condition (financial or otherwise) or operations of the Borrower and its Subsidiaries, taken as a whole, or (ii) that is reasonably likely to affect the legality, validity or enforceability of this Agreement or any other Loan Document against the Borrower or the ability of the Borrower to perform its obligations under this Agreement or any other Loan Document.

“**Maximum Rate**” has the meaning specified in Section 8.18.

“**Moody’s**” means Moody’s Investors Service, Inc.

“**Multiemployer Plan**” has the meaning specified in Section 4.01(i).

“**Non-Consenting Lender**” means any Lender that does not approve any consent, waiver or amendment that (i) requires the approval of all Lenders in accordance with the terms of Section 8.01 and (ii) has been approved by the Required Lenders.

“**Non-Defaulting Lender**” means, at any time, each Lender that is not a Defaulting Lender at such time.

“**Notice of Borrowing**” has the meaning specified in Section 2.02(a).

“**Other Connection Taxes**” means, with respect to any Recipient, Taxes imposed as a result of a present or former connection between such Recipient and the jurisdiction imposing such Tax (other than connections arising from such Recipient having executed, delivered, become a party to, performed its obligations under, received payments under, received or perfected a security interest under, engaged in any other transaction pursuant to or enforced any Loan Document, or sold or assigned an interest in any Advance, Commitment or Loan Document).

“**Other Taxes**” means all present or future stamp, court or documentary, intangible, recording, filing or similar Taxes that arise from any payment made under, from the execution, delivery, performance, enforcement or registration of, from the receipt or perfection of a security interest under, or otherwise with respect to, any Loan Document, except any such Taxes that are Other Connection Taxes imposed with respect to an assignment (other than an assignment made pursuant to Section 2.15(b)).

“**Participant**” has the meaning specified in Section 8.07(d).

“**Participant Register**” has the meaning specified in Section 8.07(d).

“**Patriot Act**” has the meaning specified in Section 8.14.

“**Payment Recipient**” has the meaning assigned thereto in Section 7.14(a).

“**Permitted Liens**” means such of the following as to which no enforcement, collection, execution, levy or foreclosure proceeding shall have been commenced: (i) Liens for taxes, assessments and governmental charges or levies to the extent not required to be paid under Section 5.01(g) hereof; (ii) Liens imposed by law, such as materialmen’s, mechanics’, carriers’, workmen’s and repairmen’s Liens, and other similar Liens arising in the ordinary course of business securing obligations that are not overdue for a period of more than 30 days or that are being contested in good faith by appropriate proceedings; (iii) Liens incurred or deposits made to secure obligations under workers’ compensation laws or similar legislation or to secure public or statutory obligations; (iv) easements, rights of way and other encumbrances on title to real property that do not render title to the property encumbered thereby unmarketable or materially adversely affect the use of such property for its present purposes; (v) any judgment Lien, unless an Event of Default under Section 6.01(g) shall have occurred and be continuing; (vi) any Lien on any asset of any Person existing at the time such Person is merged or consolidated with or into the Borrower or any Significant Subsidiary and not created in contemplation of such event; (vii) deposits made in the ordinary course of business to secure the performance of bids, trade contracts (other than for Debt), operating leases and surety bonds; (viii) Liens upon or in any real property or equipment acquired, constructed, improved or held by the Borrower or any Subsidiary in the ordinary course of business to secure the purchase price of such property or equipment or to secure Debt incurred solely for the purpose of financing the acquisition, construction or improvement of such property or equipment, or Liens existing on such property or equipment at the time of its acquisition (other than any such Liens created in contemplation of such acquisition that were not incurred to finance the acquisition of such property); (ix) extensions, renewals or replacements of any Lien described in clause (iii), (vi), (vii) or (viii) for the same or a lesser amount, *provided, however*, that no such Lien shall extend to or cover any properties not theretofore subject to the Lien being extended, renewed or replaced; and (x) any other Lien not covered by the foregoing exceptions as long as immediately after the creation of such Lien the aggregate principal amount of Debt secured by all Liens created or assumed under this clause (x) does not exceed 10% of Consolidated Tangible Net Assets of the Borrower.

“**Person**” means an individual, partnership, corporation (including a business trust), joint stock company, trust, unincorporated association, joint venture, limited liability company or other entity, or a government or any political subdivision or agency thereof.

“**Plan**” has the meaning specified in Section 4.01(i).

“**Platform**” has the meaning specified in Section 8.02(b).

“**PTE**” means a prohibited transaction class exemption issued by the U.S. Department of Labor, as any such exemption may be amended from time to time.

“**Recipient**” means (a) the Administrative Agent and (b) any Lender, as applicable.

“**Register**” has the meaning specified in Section 8.07(c).

“**Regulation AB**” means rules promulgated by the SEC found at C.F.R. 229.1100 et seq.

“**Related Parties**” means, with respect to any Person, such Person’s Affiliates and the partners, directors, officers, employees, agents, trustees, administrators, managers, advisors and representatives of such Person and of such Person’s Affiliates.

“**Relevant Governmental Body**” means the FRB or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the FRB or the Federal Reserve Bank of New York, or any successor thereto.

“**Replacement Rate**” has the meaning specified in Section 2.08(f).

“**Request for Facility Increase**” has the meaning specified in Section 2.17.

“**Required Lenders**” means at any time Lenders having Advances and Commitments representing more than 50% of the sum of the then aggregate unpaid principal amount of the Advances owing to Lenders and Commitments in effect at such time. Subject to Section 8.01, the unpaid principal amount of the Advances owing to any Defaulting Lender and the Commitments of any Defaulting Lender shall be disregarded in determining Required Lenders at any time.

“**Resolution Authority**” shall mean any Person which has authority to exercise any Write-down and Conversion Powers.

“**Restructuring Law**” means Texas Senate Bill 7, as enacted by the Legislature of the State of Texas and signed into law on June 18, 1999, Ohio Senate Bill No. 3, as enacted by the General Assembly of the State of Ohio and signed into law on July 6, 1999, or any similar law applicable to the Borrower or any Subsidiary of the Borrower governing the deregulation or restructuring of the electric power industry.

“**RTO Transaction**” means the transfer of transmission facilities to a regional transmission organization or equivalent organization as approved or ordered by the Federal Energy Regulatory Commission or the Kentucky Public Service Commission.

“**S&P**” means Standard & Poor’s Ratings Group, a division of The McGraw-Hill Companies, Inc.

“**Sanctioned Country**” means, at any time of determination, a country or territory which is the subject or target of any Sanctions.

“**Sanctioned Person**” means, at any time of determination, (a) any Person listed in any Sanctions-related list of designated Persons maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the U.S. Department of State, the United Nations Security Council, the European Union, any EU member state or Her Majesty’s Treasury of the United Kingdom, (b) any Person operating, organized or resident in a Sanctioned Country or (c) any Person controlled by or acting on behalf of any such Person described in the preceding clause (a) or (b). For purposes of the foregoing, ownership or control of a Person shall be deemed to include where a Sanctioned Person (i) owns or has power to vote 25% or more of the issued and outstanding equity interests having ordinary voting power for the election of directors of the Person or other individuals performing similar functions for the Person, or (ii) has the power to direct or cause the direction of the management and policies of the Person, whether by ownership of equity interests, contracts or otherwise.

“**Sanctions**” means economic or financial sanctions or trade embargoes imposed, administered or enforced from time to time by (a) the U.S. government, including those administered by the Office of Foreign Assets Control of the U.S. Department of the Treasury or by the U.S. Department of State, or (b) the United Nations Security Council, the European Union, any EU member state, or Her Majesty’s Treasury of the United Kingdom.

“**SEC**” means the United States Securities and Exchange Commission.

“**Significant Subsidiary**” means, at any time, any Subsidiary of the Borrower that constitutes at such time a “significant subsidiary” of the Borrower (as such term is defined in Regulation S-X of the SEC as in effect on the Closing Date (17 C.F.R. Part 210)); *provided, however,* that “total assets” as used in Regulation S-X shall not include securitization transition assets, phase-in cost assets or similar assets on the balance sheet of any Subsidiary resulting from the issuance of transition bonds or other asset-backed securities of a similar nature.

“**SOFR**” means a rate equal to the secured overnight financing rate as administered by the SOFR Administrator.

“**SOFR Administrator**” means the Federal Reserve Bank of New York (or a successor administrator of the secured overnight financing rate).

“**SOFR Advance**” means any Advance bearing interest at a rate based on Term SOFR as provided in Section 2.07(b).

“**Stranded Cost Recovery Bonds**” means securities, however denominated, that are issued by the Borrower or any Consolidated Subsidiary of the Borrower that are (i) non-recourse to the Borrower and its Consolidated Subsidiaries (other than for failure to collect and pay over the charges referred to in clause (ii) below) and (ii) payable solely from transition or similar charges authorized by the Kentucky Public Service Commission and to be invoiced to customers of any Subsidiary of the Borrower or to retail electric providers.

“**Subsidiary**” of any Person means any corporation, partnership, joint venture, limited liability company, trust or estate of which (or in which) more than 50% of (i) the issued and outstanding capital stock having ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether at the time capital stock of any other class or classes of such corporation shall or might have voting power upon the occurrence of any contingency), (ii) the interest in the capital or profits of such limited liability company, partnership or joint venture or (iii) the beneficial interest in such trust or estate is at the time directly or indirectly owned or controlled by such Person, by such Person and one or more of its other Subsidiaries or by one or more of such Person’s other Subsidiaries.

“**Taxes**” means all present or future taxes, levies, imposts, duties, deductions, withholdings (including backup withholding), assessments, fees or other charges imposed by any Governmental Authority, including any interest, additions to tax or penalties applicable thereto.

“**Termination Date**” means the earlier to occur of (i) ~~September 6~~December 31, 20222023, (ii) the date of termination in whole of the Commitments available to the Borrower pursuant to Section 2.04; *provided* that, concurrently with such termination, the Borrower has repaid or prepaid all Advances outstanding under the Facility, including any accrued and unpaid interest thereon, and paid all other amounts owed under the Loan Documents, (iii) the declaration of outstanding Advances, all interest thereon and all other amounts payable under this Agreement to be due and payable, in each case pursuant to Section 6.01, and (iv) the Kentucky Power Sale Event.

“**Term SOFR**” means,

(a) for any calculation with respect to a SOFR Advance, the Term SOFR Reference Rate for a tenor comparable to the applicable Interest Period on the day (such day, the “Periodic Term SOFR Determination Day”) that is two (2) U.S. Government Securities Business Days prior to the first day of such Interest Period, as such rate is published by the Term SOFR Administrator; *provided, however*, that if as of 5:00 p.m. (Eastern time) on any Periodic Term SOFR Determination Day the Term SOFR Reference Rate for the applicable tenor has not been published by the Term SOFR Administrator and a Benchmark Replacement Date with respect to the Term SOFR Reference Rate has not occurred, then Term SOFR will be the Term SOFR Reference Rate for such tenor as published by the Term SOFR Administrator on the first preceding U.S. Government Securities Business Day for which such Term SOFR Reference Rate for such tenor was published by the Term SOFR Administrator so long as such first preceding U.S. Government Securities Business Day is not more than three (3) U.S. Government Securities Business Days prior to such Periodic Term SOFR Determination Day, and

(b) for any calculation with respect to a Base Rate Loan on any day, the Term SOFR Reference Rate for a tenor of one month on the day (such day, the “Base Rate Term SOFR Determination Day”) that is two (2) U.S. Government Securities Business Days prior to such day, as such rate is published by the Term SOFR Administrator; *provided, however*, that if as of 5:00 p.m. (Eastern time) on any Base Rate Term SOFR Determination Day the Term SOFR Reference Rate for the applicable tenor has not been published by the Term SOFR Administrator and a Benchmark Replacement Date with respect to the Term SOFR Reference Rate has not occurred, then Term SOFR will be the Term SOFR Reference Rate for such tenor as published

by the Term SOFR Administrator on the first preceding U.S. Government Securities Business Day for which such Term SOFR Reference Rate for such tenor was published by the Term SOFR Administrator so long as such first preceding U.S. Government Securities Business Day is not more than three (3) U.S. Government Securities Business Days prior to such Base Rate Term SOFR Determination Day.

**“Term SOFR Adjustment”** means a percentage equal to 0.10% per annum.

**“Term SOFR Administrator”** means CME Group Benchmark Administration Limited (CBA) (or a successor administrator of the Term SOFR Reference Rate selected by the Administrative Agent in its reasonable discretion).

**“Term SOFR Reference Rate”** means the forward-looking term rate based on SOFR.

**“Type”** refers to the distinction between Advances bearing interest at the Base Rate and Advances bearing interest at SOFR.

**“Unadjusted Benchmark Replacement”** means the applicable Benchmark Replacement excluding the related Benchmark Replacement Adjustment.

**“U.S. Government Securities Business Day”** means any day except for (a) a Saturday, (b) a Sunday or (c) a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in United States government securities; provided, that for purposes of notice requirements in Sections 2.02(a), 2.02(b), 4.02(a), 2.09 and 2.10, in each case, such day is also a Business Day.

**“U.S. Person”** means any Person that is a “United States Person” as defined in Section 7701(a)(30) of the Internal Revenue Code.

**“U.S. Tax Compliance Certificate”** has the meaning assigned to such term in Section 2.14(g)(ii)(B)(3).

**“Voting Stock”** means capital stock issued by a corporation, the membership interests in a limited liability company, or equivalent interests in any other Person, the holders of which are ordinarily, in the absence of contingencies, entitled to vote for the election of directors or managers (or Persons performing similar functions) of such Person, even if the right so to vote has been suspended by the happening of such a contingency.

**“Withholding Agent”** means the Borrower and the Administrative Agent.

**“Write-Down and Conversion Powers”** means, with respect to any EEA Resolution Authority, the write-down and conversion powers of such EEA Resolution Authority from time to time under the Bail-In Legislation for the applicable EEA Member Country, which write-down and conversion powers are described in the EU Bail-In Legislation Schedule.

## **SECTION 1.02      *Computation of Time Periods.***

In this Agreement in the computation of periods of time from a specified date to a later specified date, the word “from” means “from and including” and the words “to” and “until” each mean “to but excluding”.

**SECTION 1.03**      *Accounting Terms.*

All accounting terms not specifically defined herein shall be construed in accordance with Generally Accepted Accounting Principles consistent with those applied in the preparation of the financial statements referred to in Section 4.01(f) (“*GAAP*”); *provided* that (i) if the Borrower, by notice to the Administrative Agent, shall request an amendment to any provision hereof to eliminate the effect of any change occurring after the Closing Date in GAAP or in the application thereof on the operation of such provision (or if the Administrative Agent or the Required Lenders, by notice to the Borrower, shall request an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP or in the application thereof, then such provision shall be interpreted on the basis of GAAP as in effect and applied immediately before such change shall have become effective until such notice shall have been withdrawn or such provision amended in accordance herewith and (ii) notwithstanding any other provision contained herein, all terms of an accounting or financial nature used herein shall be construed, and all computations of amounts and ratios referred to herein shall be made, without giving effect to any change to GAAP occurring after the Closing Date as a result of the adoption of any proposals set forth in the *Proposed Accounting Standards Update, Leases (Topic 840)*, issued by the Financial Accounting Standards Board on August 17, 2010, or any other proposals issued by the Financial Accounting Standards Board in connection therewith, in each case to the extent that such change would require treating any operating lease entered into on or prior to December 31, 2018 that would not otherwise constitute Debt as a capital lease where such operating lease would not constitute Debt and was not required to be so treated under GAAP as in effect on the Closing Date.

**SECTION 1.04**      *Other Interpretive Provisions.*

As used herein, except as otherwise specified herein, (i) references to any Person include its successors and assigns and, in the case of any Governmental Authority, any Person succeeding to its functions and capacities; (ii) references to any Applicable Law include amendments, supplements and successors thereto; (iii) references to specific sections, articles, annexes, schedules and exhibits are to this Agreement; (iv) words importing any gender include the other gender; (v) the singular includes the plural and the plural includes the singular; (vi) the words “including”, “include” and “includes” shall be deemed to be followed by the words “without limitation”; (vii) captions and headings are for ease of reference only and shall not affect the construction hereof; and (viii) references to any time of day shall be to Cleveland, Ohio time unless otherwise specified.

**SECTION 1.05**      *Rates.*

The Administrative Agent does not warrant or accept any responsibility for, and shall not have any liability with respect to, (a) the continuation of, administration of, submission of, calculation of or any other matter related to the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, or any component definition thereof or rates referred to in the definition

thereof, or with respect to any alternative, successor or replacement rate thereto (including any Benchmark Replacement), including whether the composition or characteristics of any such alternative, successor or replacement rate (including any Benchmark Replacement), as it may or may not be adjusted pursuant to Section 2.18, will be similar to, or produce the same value or economic equivalence of, or have the same volume or liquidity as, the Term SOFR Reference Rate, Adjusted Term SOFR, Term SOFR or any other Benchmark prior to its discontinuance or unavailability, or (b) the effect, implementation or composition of any Conforming Changes. The Administrative Agent and its Affiliates or other related entities may engage in transactions that affect the calculation of the Term SOFR Reference Rate, Adjusted Term SOFR, Term SOFR, any alternative, successor or replacement rate (including any Benchmark Replacement) or any relevant adjustments thereto and such transactions may be adverse to the Borrower. The Administrative Agent may select information sources or services in its reasonable discretion to ascertain the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, or any other Benchmark, any component definition thereof or rates referred to in the definition thereof, in each case pursuant to the terms of this Agreement, and shall have no liability to the Borrower, any Lender or any other person or entity for damages of any kind, including direct or indirect, special, punitive, incidental or consequential damages, costs, losses or expenses (whether in tort, contract or otherwise and whether at law or in equity), for any error or calculation of any such rate (or component thereof) provided by any such information source or service.

## **ARTICLE II**

### **AMOUNTS AND TERMS OF THE ADVANCES**

#### **SECTION 2.01**      *The Advances.*

(a) Subject to the terms and conditions hereof, each Lender severally agrees, to make Advances to the Borrower on the Closing Date in an aggregate outstanding amount not to exceed such Lender's Commitment. Subject to Section 2.01(b), the Borrower may make only one Borrowing under the Facility. Any amounts borrowed under this Section 2.01(a) and subsequently repaid or prepaid in respect of Advances may not be reborrowed.

(b) In the event any increase in the Facility and the Commitments thereunder is undertaken pursuant to Section 2.17, the Borrower shall be required to make a Borrowing in an amount equal to such increased Commitments on the date which is not more than five (5) Business Days following the effectiveness of such increase pursuant to the terms of Section 2.02.

#### **SECTION 2.02**      *Making the Advances.*

(a) Each Borrowing shall consist of Advances of the same Type made on the same day by the Lenders ratably according to their respective Commitment Percentages. The Borrower shall give notice to the Administrative Agent, (i) not later than 11:00 A.M. one (1) Business Day prior to the Closing Date, of a Borrowing consisting of SOFR Advances to be made on the Closing Date, or (ii) not later than 9:30 A.M. on the Closing Date, in the case of a Borrowing consisting of Base Rate Advances to be made on the Closing Date, and the Administrative Agent shall give to each Lender prompt written notice of such Borrowing. Each such notice of a Borrowing under this Section 2.02 (a "*Notice of Borrowing*") shall be by telephone, confirmed immediately in writing, or fax in substantially the form of Exhibit A

hereto, specifying therein the requested (i) Borrowing Date for such Borrowing, (ii) Type of Advances comprising such Borrowing, (iii) aggregate amount of such Borrowing, and (iv) in the case of a Borrowing consisting of SOFR Advances, the initial Interest Period for each such Advance. Each Lender shall, before 12:00 Noon on the applicable Borrowing Date, make available for the account of its Applicable Lending Office to the Administrative Agent at the Agent's Account, in same day funds, such Lender's ratable portion of the Borrowing to be made on such Borrowing Date. After the Administrative Agent's receipt of such funds and upon fulfillment of the applicable conditions set forth in Section 3.02, the Administrative Agent will promptly make such funds available to the Borrower in such manner as the Borrower shall have specified in the applicable Notice of Borrowing and as shall be reasonably acceptable to the Administrative Agent.

(b) Anything in subsection (a) above to the contrary notwithstanding, (i) the Borrower may not select SOFR Advances if the obligation of the Lenders to make SOFR shall then be suspended pursuant to Section 2.08(b), 2.08(e), 2.08(f), or 2.12.

(c) Each Notice of Borrowing shall be irrevocable and binding on the Borrower. In the case of any Borrowing that the related Notice of Borrowing specifies is to comprise SOFR Advances, the Borrower shall indemnify each Lender against any loss, cost or expense incurred by such Lender as a result of any failure to fulfill on or before the date specified in such Notice of Borrowing for such Borrowing the applicable conditions set forth in Section 3.02, including, without limitation, any loss (including loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund the Advance to be made by such Lender as part of such Borrowing when such Advance, as a result of such failure, is not made on such date.

(d) Unless the Administrative Agent shall have received notice in writing from a Lender prior to any Borrowing Date or, in the case of a Base Rate Advance, prior to the time of Borrowing, that such Lender will not make available to the Administrative Agent such Lender's Advance as part of the Borrowing to be made on such Borrowing Date, the Administrative Agent may, but shall not be required to, assume that such Lender has made such portion available to the Administrative Agent on such Borrowing Date in accordance with subsection (a) of this Section 2.02, and the Administrative Agent may (but it shall not be required to), in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that such Lender shall not have so made such Advance available to the Administrative Agent, such Lender and the Borrower severally agree to repay to the Administrative Agent forthwith on demand such corresponding amount, together with interest thereon, for each day from the date such amount is made available to the Borrower until the date such amount is repaid to the Administrative Agent, at (i) in the case of the Borrower, the interest rate applicable at the time to Advances comprising such Borrowing and (ii) in the case of such Lender, the Federal Funds Rate. If such Lender shall repay to the Administrative Agent such corresponding amount, such amount so repaid shall constitute such Lender's Advance as part of such Borrowing for purposes of this Agreement.

(e) The failure of any Lender to make the Advance to be made by it as part of any Borrowing shall not relieve any other Lender of its obligation, if any, hereunder to make its Advance on the date of such Borrowing, but no Lender shall be responsible for the failure of any

other Lender to make the Advance to be made by such other Lender on the date of any Borrowing.

**SECTION 2.03        *Fees.***

(a) The Borrower agrees to pay to the Administrative Agent for the account of each Lender, without duplication with the other fee or fees specified herein, an up-front fee equal to 0.025% of the final allocated amount of such Lender, payable on the Closing Date.

(b) The Borrower shall pay to the Administrative Agent such fees as may from time to time be agreed between the Borrower and the Administrative Agent.

**SECTION 2.04        *Termination of the Commitments.***

(a) The Commitment of each Lender shall terminate immediately and without further action on the Closing Date after giving effect to the funding of such Lender's Commitment on such date.

(b) Once terminated, neither a Commitment nor any portion thereof may be reinstated.

**SECTION 2.05        *Repayment of Advances.***

The Borrower shall repay to the Administrative Agent for the account of each Lender on the Termination Date the aggregate principal amount of all Advances made by such Lender to the Borrower then outstanding.

**SECTION 2.06        *Evidence of Indebtedness.***

(a) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness to such Lender resulting from each Advance made by such Lender from time to time, including the amounts of principal and interest payable and paid to such Lender from time to time under this Agreement.

(b) The Administrative Agent shall maintain accounts in which it will record (i) the amount of each Advance made hereunder, the Type of each Advance made and the Interest Period applicable thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder from the Borrower and each Lender's share thereof.

(c) The entries made in the accounts maintained pursuant to subsections (a) and (b) of this Section 2.06 shall, to the extent permitted by Applicable Law, be prima facie evidence of the existence and amounts of the obligations therein recorded; *provided, however*, that the failure of any Lender or the Administrative Agent to maintain such accounts or any error therein shall not in any manner affect the obligations of the Borrower to repay the Advances and interest thereon in accordance with the terms of this Agreement.

(d) Any Lender may request that any Advances made by it be evidenced by one or more promissory notes. In such event, the Borrower shall prepare, execute and deliver to such Lender one or more promissory notes payable to such Lender (or, if requested by such Lender, to such Lender and its registered assigns) and in a form approved by the Administrative Agent. Thereafter, the Advances evidenced by such promissory notes and interest thereon shall at all times (including after assignment pursuant to Section 8.07) be represented by one or more promissory notes in such form payable to the payee named therein (or, if such promissory note is a registered note, to such payee and its registered assigns).

**SECTION 2.07      *Interest on Advances.***

The Borrower shall pay interest on the unpaid principal amount of each Advance from the date of such Advance until such principal amount shall be paid in full, at the following rates per annum:

(a) ***Base Rate Advances.*** During such periods as such Advance is a Base Rate Advance, a rate per annum equal at all times to the sum of (x) the Base Rate plus (y) the Applicable Margin for Base Rate Advances in effect from time to time, payable in arrears (i) quarterly on the last Business Day of each March, June, September and December during such periods, (ii) on the date such Base Rate Advance shall be Converted or paid in full and (iii) on the Termination Date.

(b) ***SOFR Advances.*** During such periods as such Advance is a SOFR Advance, a rate per annum equal at all times during each Interest Period for such Advance to the sum of (x) Adjusted Term SOFR for such Interest Period for such Advance plus (y) the Applicable Margin for SOFR Advances in effect from time to time, payable in arrears on the last day of such Interest Period and, if such Interest Period has a duration of more than three months, on each day that occurs during such Interest Period every three months from the first day of such Interest Period and on the date such SOFR Advance shall be Converted or paid in full.

(c) ***Term SOFR Conforming Changes.*** In connection with the use or administration of Term SOFR, the Administrative Agent will have the right to make Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document. The Administrative Agent will promptly notify the Borrower and the Lenders of the effectiveness of any Conforming Changes in connection with the use or administration of Term SOFR.

**SECTION 2.08      *Interest Rate Determination.***

(a) The Administrative Agent shall give prompt notice to the Borrower and the Lenders of the applicable interest rate determined by the Administrative Agent for purposes of Section 2.07(a) or (b).

(b) If, with respect to any SOFR Advances, (i) the Required Lenders notify the Administrative Agent that Adjusted Term SOFR for any Interest Period for such Advances will not adequately reflect the cost to such Required Lenders of making, funding or maintaining

their respective SOFR Advances for such Interest Period, or (ii) Adjusted Term SOFR cannot be determined or is otherwise unavailable, the Administrative Agent shall forthwith so notify the Borrower and the Lenders, whereupon (A) each SOFR Advance will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Advance, and (B) the obligation of the Lenders to make, or to Convert Advances into, SOFR Advances shall be suspended until the Administrative Agent shall notify the Borrower and the Lenders that the circumstances causing such suspension no longer exist.

(c) If the Borrower shall fail to select the duration of any Interest Period for any SOFR Advances in accordance with the provisions contained in the definition of “Interest Period” in Section 1.01, the Administrative Agent will forthwith so notify the Borrower and the Lenders and such Advances will automatically, on the last day of the then existing Interest Period therefor, Convert into Base Rate Advances.

(d) On the date on which the aggregate unpaid principal amount of SOFR Advances comprising any Borrowing shall be reduced, by payment or prepayment or otherwise, to less than \$10,000,000, such Advances shall automatically Convert into Base Rate Advances.

(e) Upon the occurrence and during the continuance of any Event of Default, (i) each SOFR Advance will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Advance and (ii) the obligation of the Lenders to make, or to Convert Advances into, SOFR Advances shall be suspended.

(f) If the Administrative Agent determines (which determination shall be final and conclusive, absent manifest error) that a rate other than the SOFR has become the then-prevailing market benchmark rate for newly originated loans in Dollars in the U.S. market, then the Administrative Agent may (in consultation with the Borrower) choose a replacement index rate (“**Replacement Rate**”) and, as appropriate, adjustment margins (“**Adjustment Margins**”) corresponding to each available Term SOFR, to effect, to the extent practicable, an aggregate all-in interest rate substantially equivalent to the SOFR-based rate in effect prior to its replacement. The Replacement Rate and Adjustment Margins will be determined with due consideration to the then-prevailing market practice for determining a rate of interest for newly originated syndicated loans in the United States, and may reflect appropriate mathematical or other adjustments to account for the transition from the SOFR to the Replacement Rate. The Administrative Agent shall promptly notify the Lenders of the Replacement Rate and Adjustment Margins, and the Administrative Agent (on behalf of the Lenders) and the Borrower shall enter into an amendment to this Agreement to reflect such Replacement Rate and Adjustment Margins. Notwithstanding anything to the contrary in this Agreement or the other Loan Documents (including, without limitation, Section 8.01), such amendment shall become effective without any further action or consent of any other party to this Agreement at 5:00 p.m. New York City time on the tenth (10<sup>th</sup>) Business Day after the date a draft of the amendment reflecting such Replacement Rate and Adjustment Margin is provided to the Lenders, unless a written notice from the Required Lenders stating that such Lenders object to such amendment during such ten (10) Business Day period. For the avoidance of doubt, on or after the effective date of the Replacement Rate, the aggregate all-in interest payable by Borrower in respect of the Loans shall be the sum of the Replacement Rate, the Adjustment Margin(s), if any, and the Applicable Margin. Notwithstanding anything to the contrary contained herein, if the

Replacement Rate is less than zero, such rate shall be deemed to be zero for purposes of this Agreement.

**SECTION 2.09**      *Optional Conversion of Advances.*

The Borrower may on any Business Day, upon notice given to the Administrative Agent not later than 11:00 A.M. (Cleveland, Ohio time) on the third Business Day prior to the date of the proposed Conversion and subject to the provisions of Sections 2.08 and 2.12, Convert all or any part of Advances of one Type comprising the same Borrowing into Advances of the other Type or of the same Type but having a new Interest Period; *provided, however*, that any Conversion of SOFR Advances into Base Rate Advances shall be made only on the last day of an Interest Period for such SOFR Advances, any Conversion of Base Rate Advances into SOFR Advances shall be in an amount not less than \$10,000,000, and no Conversion of any Advances shall result in more than five (5) different Interest Periods in effect. Each such notice of a Conversion shall, within the restrictions specified above, specify (i) the date of such Conversion, (ii) the Advances to be Converted, and (iii) if such Conversion is into SOFR Advances, the duration of the initial Interest Period for each such Advance. Each notice of Conversion shall be irrevocable and binding on the Borrower.

**SECTION 2.10**      *Optional Prepayments of Advances.*

The Borrower may, upon at least three Business Days' notice, in the case of SOFR Advances, and upon notice not later than 11:00 A.M. (Cleveland, Ohio time) on the date of prepayment, in the case of Base Rate Advances, to the Administrative Agent stating the proposed date and aggregate principal amount of the prepayment, and, if such notice is given, the Borrower shall prepay the outstanding principal amount of the Advances comprising part of the same Borrowing in whole or ratably in part, together with accrued interest to the date of such prepayment on the principal amount prepaid; *provided, however*, that (x) each partial prepayment shall be in a minimum amount of \$5,000,000 or an integral multiple of \$1,000,000 in excess thereof, and (y) in the event of any such prepayment of a SOFR Advance, the Borrower shall be obligated to reimburse the Lenders in respect thereof pursuant to Section 8.04(c).

**SECTION 2.11**      *Increased Costs.*

(a)      *Increased Costs Generally.* If any Change in Law shall:

(i)      impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended or participated in by, any Lender;

(ii)      subject any Recipient to any Taxes (other than (A) Indemnified Taxes, (B) Taxes described in clauses (ii) through (iv) of the definition of Excluded Taxes and (C) Connection Income Taxes) on its loans, loan principal, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto; or

(iii)      impose on any Lender any other condition, cost or expense (other than Taxes) affecting this Agreement or Advances made by such Lender or participation therein;

and the result of any of the foregoing shall be to increase the cost to such Lender or such other Recipient of making, converting to, continuing or maintaining any Advance or of maintaining its obligation to make any such Advance, or to increase the cost to such Lender or such other Recipient to reduce the amount of any sum received or receivable by such Lender or other Recipient hereunder (whether of principal, interest or any other amount) then, upon request of such Lender or other Recipient, the Borrower will pay to such Lender or other Recipient, as the case may be, such additional amount or amounts as will compensate such Lender or other Recipient, as the case may be, for such additional costs incurred or reduction suffered.

(b) **Capital Requirements.** If any Lender determines that any Change in Law affecting such Lender or any Applicable Lending Office of such Lender or such Lender's holding company, if any, regarding capital or liquidity requirements, has or would have the effect of reducing the rate of return on such Lender's capital or on the capital of such Lender's holding company, if any, as a consequence of this Agreement, the Commitments of such Lender or the Advances made by such Lender, to a level below that which such Lender or such Lender's or holding company could have achieved but for such Change in Law (taking into consideration such Lender's policies and the policies of such Lender's holding company with respect to capital adequacy or liquidity), then from time to time the Borrower will pay to such Lender such additional amount or amounts as will compensate such Lender or such Lender's holding company for any such reduction suffered.

(c) **Certificates for Reimbursement.** A certificate of a Lender setting forth the amount or amounts necessary to compensate such Lender or its holding company, as the case may be, as specified in subsection (a) or (b) of this Section and delivered to the Borrower, shall be conclusive absent manifest error. The Borrower shall pay such Lender, as the case may be, the amount shown as due on any such certificate within ten (10) days after receipt thereof.

(d) **Delay in Requests.** Failure or delay on the part of any Lender to demand compensation pursuant to this Section shall not constitute a waiver of such Lender's right to demand such compensation; *provided* that the Borrower shall not be required to compensate a Lender pursuant to this Section for any increased costs incurred or reductions suffered more than one hundred eighty (180) days prior to the date that such Lender notifies the Borrower of the Change in Law giving rise to such increased costs or reductions, and of such Lender's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the one hundred eighty (180) day period referred to above shall be extended to include the period of retroactive effect thereof).

## **SECTION 2.12      *Illegality.***

If due to any Change in Law it shall become unlawful or impossible for any Credit Party (or its SOFR Lending Office) to make, maintain or fund its SOFR Advances, and such Credit Party shall so notify the Administrative Agent, the Administrative Agent shall forthwith give notice thereof to the other Credit Parties and the Borrower, whereupon, until such Credit Party notifies the Borrower and the Administrative Agent that the circumstances giving rise to such suspension no longer exist, the obligation of such Credit Party to make SOFR Advances, or to Convert outstanding Advances into SOFR Advances, shall be suspended. Before giving any notice to the Administrative Agent pursuant to this Section 2.12, such Credit Party shall use

reasonable efforts (consistent with its internal policy and legal and regulatory restrictions applicable to such Credit Party) to designate a different SOFR Lending Office if such designation would avoid the need for giving such notice and would not, in the judgment of such Credit Party, be otherwise disadvantageous to such Credit Party. If such notice is given, each SOFR Advance of such Credit Party then outstanding shall be Converted to a Base Rate Advance either (i) on the last day of the then current Interest Period applicable to such SOFR Advance if such Credit Party may lawfully continue to maintain and fund such Advance to such day or (ii) immediately if such Credit Party shall determine that it may not lawfully continue to maintain and fund such Advance to such day.

**SECTION 2.13            *Payments and Computations.***

(a)     The Borrower shall make each payment to be made by it hereunder not later than 1:00 P.M. on the day when due in Dollars to the Administrative Agent at the Agent's Account in same day funds without condition or deduction for any counterclaim, defense, recoupment or setoff. The Administrative Agent will promptly thereafter cause to be distributed like funds relating to the payment of principal or interest ratably (other than amounts payable pursuant to Section 2.03(a), 2.11, 2.14, 2.15, 8.04(c) and 8.17) to the Lenders for the account of their respective Applicable Lending Offices, and like funds relating to the payment of any other amount payable to any Lender to such Lender for the account of its Applicable Lending Office, in each case to be applied in accordance with the terms of this Agreement. Upon its acceptance of an Assignment and Assumption and recording of the information contained therein in the Register pursuant to Section 8.07(c), from and after the effective date specified in such Assignment and Assumption, the Administrative Agent shall make all payments hereunder in respect of the interest assigned thereby to the Lender assignee thereunder, and the parties to such Assignment and Assumption shall make all appropriate adjustments in such payments for periods prior to such effective date directly between themselves.

(b)     The Borrower hereby authorizes each Lender, if and to the extent payment owed to such Lender is not made when due hereunder, after any applicable grace period, to charge from time to time against any or all of the Borrower's accounts with such Lender any amount so due.

(c)     All computations of interest based on the rate referred to in clause (a) of the definition of the "Base Rate" contained in Section 1.01 shall be made by the Administrative Agent on the basis of a year of 365 or 366 days, as the case may be, and all computations of interest based on Adjusted Term SOFR or the Federal Funds Rate shall be made by the Administrative Agent on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable. Each determination by the Administrative Agent of an interest rate hereunder shall be conclusive and binding for all purposes, absent manifest error.

(d)     Whenever any payment hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of interest; *provided, however*, that, if such extension would cause payment of interest on or principal of SOFR Advances to be made in the next following calendar month, such payment shall be made on the next preceding Business Day.

(e) Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to a Lender hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date, and the Administrative Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent that the Borrower shall not have so made such payment in full to the Administrative Agent, each Lender shall repay to the Administrative Agent forthwith on demand such amount distributed to such Lender together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Federal Funds Rate.

#### **SECTION 2.14**            *Taxes.*

(a)    ***Defined Terms.*** For purposes of this Section 2.14, the term “Applicable Law” includes FATCA.

(b)    ***Payments Free of Taxes.*** Any and all payments by or on account of any obligation of the Borrower under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by Applicable Law. If any Applicable Law (as determined in the good faith discretion of an applicable Withholding Agent) requires the deduction or withholding of any Tax from any such payment by a Withholding Agent, then the applicable Withholding Agent shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with Applicable Law and, if such Tax is an Indemnified Tax, then the sum payable by the Borrower shall be increased as necessary so that after such deduction or withholding has been made (including such deductions and withholdings applicable to additional sums payable under this Section 2.14) the applicable Recipient receives an amount equal to the sum it would have received had no such deduction or withholding been made.

(c)    ***Payment of Other Taxes by the Borrower.*** The Borrower shall timely pay to the relevant Governmental Authority in accordance with Applicable Law, or at the option of the Administrative Agent timely reimburse it for the payment of, any Other Taxes.

(d)    ***Indemnification by the Borrower.*** The Borrower shall indemnify each Recipient, within 10 days after demand therefor, for and hold it harmless against the full amount of any Indemnified Taxes (including, without limitation, Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section 2.14), payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(e)    ***Indemnification by the Lenders.*** Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes

attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such Lender's failure to comply with the provisions of Section 8.07(d) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this subsection (e).

(f) **Evidence of Payments.** As soon as practicable after any payment of Taxes by the Borrower to a Governmental Authority pursuant to this Section 2.14, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(g) **Status of Lenders.** (i) Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by Applicable Law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Section 2.14(g)(ii)(A), (ii)(B) and (ii)(D) below) shall not be required if in the Lender's reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing,

(A) any Lender that is a U.S. Person shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax;

(B) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), whichever of the following is applicable:

(1) in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the “interest” article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the “business profits” or “other income” article of such tax treaty;

(2) executed copies of IRS Form W-8ECI;

(3) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Internal Revenue Code, (x) a certificate substantially in the form of Exhibit B-1 to the effect that such Foreign Lender is not a “bank” within the meaning of Section 881(c)(3)(A) of the Internal Revenue Code, a “10 percent shareholder” of the Borrower within the meaning of Section 881(c)(3)(B) of the Internal Revenue Code, or a “controlled foreign corporation” described in Section 881(c)(3)(C) of the Internal Revenue Code (a “***U.S. Tax Compliance Certificate***”) and (y) executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E; or

(4) to the extent a Foreign Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, IRS Form W-8BEN-E, a U.S. Tax Compliance Certificate substantially in the form of Exhibit B-2 or Exhibit B-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; *provided* that, if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit B-4 on behalf of each such direct and indirect partner;

(C) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative

Agent), executed copies of any other form prescribed by Applicable Law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by Applicable Law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(D) if a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Internal Revenue Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by Applicable Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Internal Revenue Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (D), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(E) Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(h) ***Treatment of Certain Refunds.*** If any party determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section 2.14 (including by the payment of additional amounts pursuant to this Section 2.14), it shall pay to the indemnifying party an amount equal to such refund (but only to the extent of indemnity payments made under this Section 2.14 with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses (including Taxes) of such indemnified party and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Such indemnifying party, upon the request of such indemnified party, shall repay to such indemnified party the amount paid over pursuant to this subsection (h) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such indemnified party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this subsection (h), in no event will the indemnified party be required to pay any amount to an indemnifying party pursuant to this subsection (h) the payment of which would place the indemnified party in a less favorable net after-Tax position than the indemnified party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This subsection shall not be construed to require any indemnified party to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the indemnifying party or any other Person.

(i) **Survival.** Each party's obligations under this Section 2.14 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under any Loan Document.

**SECTION 2.15 Mitigation Obligations; Replacement of Lenders.**

(a) **Designation of a Different Applicable Lending Office.** If any Lender requests compensation under Section 2.11, or requires the Borrower to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.14, then such Lender shall (at the request of the Borrower) use reasonable efforts to designate a different Applicable Lending Office for funding or booking its Advances hereunder or to assign its rights and obligations hereunder to another of its offices, branches or Affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.11 or 2.14, as the case may be, in the future, and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) **Replacement of Lenders.** If any Lender requests compensation under Section 2.11, or if the Borrower is required to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.14 and, in each case, such Lender has declined or is unable to designate a different Applicable Lending Office in accordance with subsection (a) above, or if any Lender is a Defaulting Lender or a Non-Consenting Lender, then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in, and consents required by, Section 8.07), all of its interests, rights (other than its existing rights to payments pursuant to Section 2.11 or Section 2.14) and obligations under this Agreement and the related Loan Documents to an Eligible Assignee that shall assume such obligations (which assignee may be another Lender, if such Lender accepts such assignment); provided that:

(i) the Borrower shall have paid to the Administrative Agent the assignment fee (if any) specified in Section 8.07(b)(iv);

(ii) such Lender shall have received payment of an amount equal to the outstanding principal amounts of its Advances, accrued interest thereon, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents (including any amounts under Section 8.04(c)) from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts);

(iii) in the case of any such assignment resulting from a claim for compensation under Section 2.11 or payments required to be made pursuant to Section 2.14, such assignment will result in a reduction in such compensation or payments thereafter;

- (iv) no Default shall have occurred and be continuing;
- (v) such assignment does not conflict with Applicable Law; and
- (vi) in the case of any assignment resulting from a Lender becoming a Non-Consenting Lender, the applicable assignee shall have consented to the applicable amendment, waiver or consent.

A Lender shall not be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

**SECTION 2.16      *Sharing of Payments, Etc.***

(a) If any Lender shall obtain any payment (whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) on account of the Advances owing to it (other than pursuant to Section 2.03(a), 2.11, 2.14, 2.15, 8.04(c) or 8.17 or in respect of SOFR Advances converted into Base Rate Advances pursuant to Section 2.12) by the Borrower, in excess of its ratable share of payments on account of the Advances to the Borrower, obtained by all the Lenders, such Lender shall forthwith purchase from the other Lenders such participations in such Advances owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; *provided, however*, that if all or any portion of such excess payment is thereafter recovered from such purchasing Lender, such purchase from each Lender shall be rescinded and such Lender shall repay to the purchasing Lender the purchase price to the extent of such recovery together with an amount equal to such Lender's ratable share (according to the proportion of (i) the amount of such Lender's required repayment to (ii) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered. The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 2.16 may, to the fullest extent permitted by law, exercise all its rights of payment (including the right of set-off) with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation.

(b) If any Lender shall fail to make any payment required to be made by it hereunder to or for the account of the Administrative Agent, then the Administrative Agent may, in its discretion and notwithstanding any contrary provision hereof, (i) apply any amounts thereafter received by the Administrative Agent for the account of such Lender for the benefit of the Administrative Agent to satisfy such Lender's obligations in respect of such payment until all such unsatisfied obligations are fully paid, and/or (ii) hold any such amounts in a segregated account as cash collateral for, and application to, any future funding obligations of such Lender under any such Section, in the case of each of clauses (i) and (ii) above, in any order as determined by the Administrative Agent in its discretion.

**SECTION 2.17      *Option to Increase Facility.***

Upon the written request of the Borrower delivered to the Administrative Agent on or before the first anniversary of the Closing Date, which request from the Borrower can only be made not more than twice during the period from the Closing Date through the first

anniversary of the Closing Date (each such request in the form of Exhibit D hereto, a “**Request for Facility Increase**”), the Administrative Agent shall request that Lenders increase their Commitment under the Facility; *provided*, that (v) in connection with such request, the Borrower may, at its sole expense and effort, seek to obtain new Commitments from any Person that is not a Lender at such time if such Person is an Eligible Assignee, (w) no Lender shall be obligated to increase its Commitment without its prior written consent, (x) any such requested increase must be in a minimum additional aggregate amount of \$5,000,000, and integral multiples of \$1,000,000 in excess thereof, (y) after giving effect to the increase in Commitments, the sum of (i) the aggregate principal amount of all Advances (disregarding any repayments or prepayments of Advances occurring on or prior to the date of such increase) *plus* (ii) the Commitments in effect at such time shall not exceed \$200,000,000 and (z) at the time of and after giving effect to the increase in Commitments and the concurrent funding of Advances, if any, the representations and warranties of the Borrower set forth herein are true and correct and no Default has occurred and is continuing. In the event that the Administrative Agent does not receive any commitments from the existing Lenders and/or new Lenders to cover such requested increase within 60 days of receipt of any Request for Facility Increase, such Request for Facility Increase shall be deemed to have been withdrawn by the Borrower on such 60<sup>th</sup> day. So long as no Default has occurred and is continuing and the Request for Facility Increase has not been withdrawn, any such increase shall be effective upon: (i) written notification from the Administrative Agent to the Borrower and the Lenders (each such notification in the form of Exhibit E hereto, a “**Confirmation of Facility Increase**”) confirming the total amount of the increased Facility, describing each Lender or new Lender that has agreed to participate in such increase and each Lender’s Commitment after giving effect to such increase; (ii) the execution and delivery by each such Lender of a Lender Commitment Increase Agreement, in the form of Exhibit F hereto (a “**Lender Commitment Increase Agreement**”), or a Lender Joinder Agreement, in the form of Exhibit G hereto (a “**Lender Joinder Agreement**”), as applicable (*provided* that any new Lender making a commitment pursuant to a Lender Joinder Agreement shall make a commitment of at least \$5,000,000), and (iii) delivery by Borrower to the appropriate Lender of replacement or new notes, as applicable, to reflect such increase. Upon the effectiveness of a Commitment of any new Lender, such new Lender (I) shall be deemed to be a “Lender” hereunder, and henceforth shall be entitled to all the rights of, and benefits accruing to, Lenders hereunder and (II) shall be bound by all agreements, acknowledgements and other obligations of Lenders hereunder and under the other Loan Documents.

**SECTION 2.18**      ***Benchmark Replacement Setting.***

(i)      Benchmark Replacement.

(A)      Notwithstanding anything to the contrary herein or in any other Loan Document, upon the occurrence of a Benchmark Transition Event, the Administrative Agent and the Borrower may amend this Agreement to replace the then-current Benchmark with a Benchmark Replacement. Any such amendment with respect to a Benchmark Transition Event will become effective at 5:00 p.m. on the fifth (5<sup>th</sup>) Business Day after the Administrative Agent has posted such proposed amendment to all affected Lenders and the Borrower so long as the Administrative Agent has not received, by such time, written notice of objection to such amendment from Lenders comprising the Required Lenders. No

replacement of a Benchmark with a Benchmark Replacement pursuant to this Section 2.18(i) will occur prior to the applicable Benchmark Transition Start Date.

(ii) Benchmark Replacement Conforming Changes. In connection with the use, administration, adoption or implementation of a Benchmark Replacement, the Administrative Agent will have the right to make Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document.

(iii) Notices; Standards for Decisions and Determinations. The Administrative Agent will promptly notify the Borrower and the Lenders of (A) the implementation of any Benchmark Replacement and (B) the effectiveness of any Conforming Changes in connection with the use, administration, adoption or implementation of a Benchmark Replacement. The Administrative Agent will promptly notify the Borrower of the removal or reinstatement of any tenor of a Benchmark pursuant to Section 2.18(iv). Any determination, decision or election that may be made by the Administrative Agent or, if applicable, any Lender (or group of Lenders) pursuant to this Section 2.18, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Loan Document, except, in each case, as expressly required pursuant to this Section 2.18.

(iv) Unavailability of Tenor of Benchmark. Notwithstanding anything to the contrary herein or in any other Loan Document, at any time (including in connection with the implementation of a Benchmark Replacement), (A) if the then-current Benchmark is a term rate (including the Term SOFR Reference Rate) and either (1) any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (2) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is not or will not be representative, then the Administrative Agent may modify the definition of “Interest Period” (or any similar or analogous definition) for any Benchmark settings at or after such time to remove such unavailable or non-representative tenor and (B) if a tenor that was removed pursuant to clause (A) above either (1) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (2) is not, or is no longer, subject to an announcement that it is not or will not be representative for a Benchmark (including a Benchmark Replacement), then the Administrative Agent may modify the definition of “Interest Period” (or any similar or analogous definition) for all Benchmark settings at or after such time to reinstate such previously removed tenor.

(v) Benchmark Unavailability Period. Upon the Borrower's receipt of notice of the commencement of a Benchmark Unavailability Period, (A) the Borrower may revoke any pending request for a borrowing of, conversion to or continuation of SOFR Advances to be made, converted or continued during any Benchmark Unavailability Period and, failing that, the Borrower will be deemed to have converted any such request into a request for a borrowing of or conversion to Base Rate Loans and (B) any outstanding affected SOFR Advances will be deemed to have been converted to Base Rate Loans at the end of the applicable Interest Period. During any Benchmark Unavailability Period or at any time that a tenor for the then-current Benchmark is not an Available Tenor, the component of the Base Rate based upon the then-current Benchmark or such tenor for such Benchmark, as applicable, will not be used in any determination of the Base Rate.

### ARTICLE III CONDITIONS PRECEDENT

#### SECTION 3.01 *Conditions Precedent to the Closing Date and the Advances on the Closing Date.*

The effectiveness of this Agreement and the obligation of each Lender to make the Advance to be made by it hereunder on the Closing Date shall be subject to the satisfaction of the following conditions precedent:

(a) The Administrative Agent shall have received on or before the date of such effectiveness the following, each dated such day, in form and substance reasonably satisfactory to the Administrative Agent in sufficient copies for each Lender:

(i) Certified copies of the resolutions of the board of directors of the Borrower approving this Agreement, and of all documents evidencing other necessary corporate action and Governmental Approvals, if any, with respect to this Agreement;

(ii) A certificate of the Secretary or Assistant Secretary of the Borrower certifying the names and true signatures of the officers of the Borrower authorized to sign this Agreement and the other documents to be delivered by the Borrower hereunder;

(iii) A favorable opinion of counsel for the Borrower (which may be an attorney of American Electric Power Service Corporation), substantially in the form of Exhibit C hereto and as to such other matters as any Lender through the Administrative Agent may reasonably request; and

(b) On such date, the following statements shall be true and the Administrative Agent shall have received a certificate signed by a duly authorized officer of the Borrower, dated such date, certifying to the Administrative Agent and each Lender that:

(i) The representations and warranties of the Borrower contained in Section 4.01 are true and correct in all material respects on and as of such date, as though made on and as of such date, and

(ii) No event has occurred and is continuing that constitutes a Default.

(c) The Borrower shall have paid all accrued fees and expenses of the Administrative Agent, the Arranger and the Lenders then due and payable in accordance with the terms of the Loan Documents (including all fees and expenses of counsel to the Administrative Agent to the extent then due and payable).

(d) The Administrative Agent, on behalf of each Lender, shall have received copies of all the Disclosure Documents.

(e) The Administrative Agent shall have received counterparts of this Agreement, executed and delivered by the Borrower and the Lenders.

(f) The Administrative Agent shall have received a promissory note for KeyBank, duly completed and executed by the Borrower and payable to KeyBank.

(g) The Administrative Agent shall have received copies or other evidence of such other approvals and such other opinions or documents as any Lender or the Administrative Agent may reasonably request through the Administrative Agent, including, without limitation, all documentation and information required by regulatory authorities under applicable “know your customer” and anti-money laundering rules and regulations, including, without limitation, the Patriot Act and, if Borrower qualifies as a “legal entity customer” under the Beneficial Ownership Regulation, a Beneficial Ownership Certification in relation to Borrower, to the extent such documentation or information is requested by the Administrative Agent on behalf of the Lenders prior to the Closing Date.

(h) The Administrative Agent shall have received the Notice of Borrowing for the Advance to be made on the Closing Date.

**SECTION 3.02**      *Conditions Precedent to each Advance.*

The obligation of each Lender to make each Advance to be made by it hereunder (other than in connection with any Borrowing that would not increase the aggregate principal amount of Advances outstanding immediately prior to the making of such Borrowing) shall be subject to the satisfaction of the conditions precedent set forth in Section 3.01 and on the date of such Borrowing:

(a) The following statements shall be true (and each of the giving of the applicable Notice of Borrowing and the acceptance by the Borrower of the proceeds of any Borrowing shall constitute a representation and warranty by the Borrower that on the date of such Borrowing such statements are true):

(i) The representations and warranties of the Borrower contained in Section 4.01 (other than the representation and warranty in Section 4.01(e) and the representation and warranty set forth in the last sentence of Section 4.01(f)) are true and correct in all material respects on and as of the date of such Borrowing, before and after giving effect to such Borrowing and to the application of the proceeds therefrom, as though made on and as of such date; and

(ii) No event has occurred and is continuing or would result from such Borrowing or from the application of the proceeds therefrom, that constitutes a Default.

(b) The Administrative Agent shall have received copies or other evidence of such other approvals and such other opinions or documents as may be reasonably requested by the Administrative Agent or by any Lender through the Administrative Agent.

#### **ARTICLE IV REPRESENTATIONS AND WARRANTIES**

##### **SECTION 4.01      *Representations and Warranties of the Borrower.***

The Borrower represents and warrants as follows:

(a) The Borrower is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is incorporated, and each Significant Subsidiary is duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is incorporated or otherwise organized.

(b) The execution, delivery and performance by the Borrower of each Loan Document, and the consummation of the transactions contemplated hereby, are within the Borrower's corporate powers, have been duly authorized by all necessary action, and do not contravene (i) the Borrower's certificate of incorporation or by-laws, (ii) law binding or affecting the Borrower or (iii) any contractual restriction binding on or affecting the Borrower or any of its properties.

(c) Each Loan Document has been duly executed and delivered by the Borrower. Each Loan Document is the legal, valid and binding obligation of the Borrower enforceable against the Borrower in accordance with its terms, except as the enforceability thereof may be limited by bankruptcy, insolvency, fraudulent conveyance or other similar laws affecting the enforcement of creditors' rights in general, and except as the availability of the remedy of specific performance is subject to general principles of equity (regardless of whether such remedy is sought in a proceeding in equity or at law) and subject to requirements of reasonableness, good faith and fair dealing.

(d) No Governmental Approval or other action by, and no notice to or filing with, any Governmental Authority or regulatory body or any other third party, is required for the due execution, delivery and performance by the Borrower of any Loan Document, except for the authorization of the Federal Energy Regulatory Commission and the Kentucky Public Service Commission, each of which authorizations has been duly obtained and is in full force and effect as of the date hereof.

(e) There is no pending or threatened action, suit, investigation, litigation or proceeding, including, without limitation, any Environmental Action, affecting the Borrower or any of its Significant Subsidiaries before any Governmental Authority or arbitrator that is reasonably likely to have a Material Adverse Effect, except as may be disclosed in the Disclosure Documents.

(f) The financial statements included in the Disclosure Documents, copies of each of which have been furnished to each Lender, fairly present (subject, in the case of any quarterly financial statements, to year-end adjustments) the consolidated financial condition of the Borrower and its Consolidated Subsidiaries as at the dates set forth therein and the consolidated results of the operations of the Borrower and its Consolidated Subsidiaries for the periods ended on such dates, all in accordance with Generally Accepted Accounting Principles consistently applied. Since December 31, 2018, there has been no Material Adverse Change. As of the ~~First~~Second Amendment Effective Date, the information included in the Beneficial Ownership Certification is true and correct in all respects.

(g) No written statement, information, report, financial statement, exhibit or schedule furnished by or on behalf of the Borrower to the Administrative Agent or any Lender in connection with the syndication or negotiation of this Agreement or included herein or delivered pursuant hereto contained, contains, or will contain any material misstatement of fact or intentionally omitted, omits, or will omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were, are, or will be made, not misleading.

(h) Except as may be disclosed in the Disclosure Documents, the Borrower and each Significant Subsidiary is in compliance with all laws (including ERISA and Environmental Laws) rules, regulations and orders of any governmental authority applicable to it, except where the failure to comply, individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect.

(i) No failure to satisfy the minimum funding standard applicable to a Plan for a plan year (as described in Section 302 of ERISA and Section 412 of the Internal Revenue Code) that could reasonably be expected to have a Material Adverse Effect, whether or not waived, has occurred with respect to any Plan. The Borrower has not incurred, and does not presently expect to incur, any withdrawal liability under Title IV of ERISA with respect to any Multiemployer Plan that could reasonably be expected to have a Material Adverse Effect. The Borrower and each of its ERISA Affiliates have complied in all respects with ERISA and the Internal Revenue Code, except where the failure to comply, individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect. The Borrower and each of its Subsidiaries have complied in all material respects with foreign law applicable to its Foreign Plans, if any. As used herein, the term “**Plan**” shall mean an “employee pension benefit plan” (as defined in Section 3 of ERISA) which is and has been established or maintained, or to which contributions are or have been made or should be made according to the terms of the plan, by the Borrower or any of its ERISA Affiliates. The term “**Multiemployer Plan**” shall mean any Plan which is a “multiemployer plan” (as such term is defined in Section 4001(a)(3) of ERISA). The term “**Foreign Plan**” shall mean any pension, profit-sharing, deferred compensation, or other employee benefit plan, program or arrangement maintained by any Subsidiary which, under applicable local foreign law, is required to be funded through a trust or other funding vehicle.

(j) The Borrower and its Subsidiaries have filed or caused to be filed all material Federal, state and local tax returns that are required to be filed by them, and have paid or caused to be paid all material taxes shown to be due and payable on such returns or on any assessments received by them (to the extent that such taxes and assessments have become due

and payable) other than those taxes contested in good faith and for which adequate reserves have been established in accordance with Generally Accepted Accounting Principles.

(k) The Borrower is not engaged in the business of extending credit for the purpose of buying or carrying Margin Stock, and no proceeds of any Advance will be used to buy or carry any Margin Stock or to extend credit to others for the purpose of buying or carrying any Margin Stock. Not more than 25% of the assets of the Borrower and the Significant Subsidiaries that are subject to the restrictions of Section 5.02(a), (c) or (d) constitute Margin Stock.

(l) Neither the Borrower nor any Significant Subsidiary is an “investment company,” or an “affiliated person” of, or “promoter” or “principal underwriter” for, an “investment company”, as such terms are defined in the Investment Company Act of 1940, as amended (the “*Act*”). Neither the making of any Borrowing, the application of the proceeds or repayment thereof by the Borrower nor the consummation of the other transactions contemplated hereby will violate any provision of the Act or any rule, regulation or order of the SEC thereunder.

(m) All Significant Subsidiaries as of the ~~First~~Second Amendment Effective Date are listed on Schedule 4.01(m) hereto.

(n) The Borrower has implemented and maintains in effect policies and procedures designed to ensure compliance by the Borrower, its Subsidiaries and their respective directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions, and the Borrower, its Subsidiaries and their respective directors and officers and, to the knowledge of the Borrower, its employees and agents, are in compliance with Anti-Corruption Laws and applicable Sanctions in all material respects. None of (i) the Borrower, any Subsidiary or any of their respective directors or officers, or (ii) to the knowledge of the Borrower, any employee or agent of the Borrower or any Subsidiary that will act in any capacity in connection with or benefit from the credit facility established hereby, is a Sanctioned Person. No Borrowing or use of proceeds thereof or other transaction contemplated by this Agreement will violate Anti-Corruption Laws or applicable Sanctions.

## ARTICLE V COVENANTS OF THE BORROWER

### SECTION 5.01 *Affirmative Covenants.*

So long as any Advance or any other amount payable hereunder shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower will:

(a) ***Preservation of Existence, Etc.*** Preserve and maintain, and cause each Significant Subsidiary to preserve and maintain, its corporate, partnership or limited liability company (as the case may be) existence and all material rights (charter and statutory) and franchises; *provided, however*, that the Borrower and any Significant Subsidiary may consummate any merger or consolidation permitted under Section 5.02(a); and *provided further* that neither the Borrower nor any Significant Subsidiary shall be required to preserve any right or franchise if (i) the board of directors of the Borrower or such Significant Subsidiary, as the case may be, shall determine that the preservation thereof is no longer desirable in the conduct of the

business of the Borrower or such Significant Subsidiary, as the case may be, and that the loss thereof is not disadvantageous in any material respect to the Borrower or such Significant Subsidiary, as the case may be, or to the Lenders; (ii) required in connection with or pursuant to any Restructuring Law; or (iii) required in connection with the RTO Transaction; and *provided further*, that no Significant Subsidiary shall be required to preserve and maintain its corporate, partnership or limited liability company (as the case may be) existence if (x) the loss thereof is not disadvantageous in any material respect to the Borrower or to the Lenders or (y) required in connection with or pursuant to any Restructuring Law or (z) required in connection with the RTO Transaction.

(b) ***Compliance with Laws, Etc.*** Comply, and cause each Significant Subsidiary to comply, in all material respects, with Applicable Law, with such compliance to include, without limitation, compliance with ERISA and Environmental Laws.

(c) ***Performance and Compliance with Other Agreements.*** Perform and comply, and cause each Significant Subsidiary to perform and comply, with the provisions of each indenture, credit agreement, contract or other agreement by which it is bound, the non-performance or non-compliance with which would result in a Material Adverse Change.

(d) ***Inspection Rights.*** At any reasonable time and from time to time, permit the Administrative Agent or any Lender or any agents or representatives thereof to examine and make copies of and abstracts from the records and books of account of, and visit the properties of, the Borrower and any Significant Subsidiary and to discuss the affairs, finances and accounts of the Borrower and any Significant Subsidiary with any of their officers or directors and with their independent certified public accountants.

(e) ***Maintenance of Properties, Etc.*** Maintain and preserve, and cause each Significant Subsidiary to maintain and preserve, all of its properties that are used or useful in the conduct of its business in good working order and condition, ordinary wear and tear excepted and except as required in connection with or pursuant to any Restructuring Law or in connection with an RTO Transaction.

(f) ***Maintenance of Insurance.*** Maintain, and cause each Significant Subsidiary to maintain, insurance with responsible and reputable insurance companies or associations in such amounts and covering such risks as is usually carried by companies engaged in similar businesses and owning similar properties; *provided, however*, that the Borrower and each Significant Subsidiary may self-insure to the same extent as other companies engaged in similar businesses and owning similar properties and to the extent consistent with prudent business practice.

(g) ***Payment of Taxes, Etc.*** Pay and discharge, and cause each of its Subsidiaries to pay and discharge, before the same shall become delinquent, (i) all taxes, assessments and governmental charges or levies imposed upon it or upon its property and (ii) all lawful claims that, if unpaid, might by law become a Lien upon its property; *provided, however*, that neither the Borrower nor any of its Subsidiaries shall be required to pay or discharge any such tax, assessment, charge or claim that is being contested in good faith and by proper proceedings and as to which adequate reserves are being maintained in accordance with

Generally Accepted Accounting Principles, unless and until any Lien resulting therefrom attaches to its property and becomes enforceable against its other creditors.

(h) **Keeping of Books.** Keep, and cause each Significant Subsidiary to keep, proper books of record and account, in which full and correct entries shall be made of all financial transactions and the assets and business of the Borrower and each such Significant Subsidiary in accordance with Generally Accepted Accounting Principles.

(i) **Reporting Requirements.** Furnish to the Administrative Agent, on behalf of each Lender:

(i) as soon as available and in any event within 60 days after the end of each of the first three quarters of each fiscal year of the Borrower, a copy of the consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as of the end of such quarter and consolidated statements of income, changes in shareholder's equity and comprehensive income (loss) and cash flows of the Borrower and its Consolidated Subsidiaries for the period commencing at the end of the previous fiscal year and ending with the end of such quarter, duly certified (subject to year-end audit adjustments) by the chief financial officer, chief accounting officer, treasurer or assistant treasurer of the Borrower as having been prepared in accordance with Generally Accepted Accounting Principles and a certificate of the chief financial officer, chief accounting officer, treasurer or assistant treasurer of the Borrower certifying (A) that such financial statements fairly present (subject to year-end adjustments) the consolidated financial condition of the Borrower and its Consolidated Subsidiaries as at such date and the consolidated results of the operations of the Borrower and its Consolidated Subsidiaries for the periods ended on such date, all in accordance with Generally Accepted Accounting Principles consistently applied, (B) compliance with the terms of this Agreement, and (C) setting forth in reasonable detail the calculations necessary to demonstrate compliance with Section 5.03, *provided* that in the event of any change in GAAP used in the preparation of such financial statements, the Borrower shall also provide, if necessary for the determination of compliance with Section 5.03, a statement of reconciliation conforming such financial statements to GAAP in effect on the Closing Date;

(ii) as soon as available and in any event within 120 days after the end of each fiscal year of the Borrower, a copy of the annual audit report for such year for the Borrower and its Consolidated Subsidiaries containing a consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as of the end of such fiscal year and consolidated statements of income, changes in shareholder's equity and comprehensive income (loss) and cash flows of the Borrower and its Consolidated Subsidiaries for such fiscal year, in each case accompanied by an opinion by PriceWaterhouse Coopers LLP (or another independent registered public accounting firm acceptable to the Required Lenders) to the effect that such financial statements fairly present the consolidated financial condition of the Borrower and its Consolidated Subsidiaries as at such date and the consolidated results of the operations of the Borrower and its Consolidated Subsidiaries for the periods ended on such date, all in accordance with Generally Accepted Accounting Principles consistently applied, and consolidating statements of

income and cash flows of the Borrower and its Consolidated Subsidiaries for such fiscal year, and a certificate of the chief financial officer, chief accounting officer, treasurer or assistant treasurer of the Borrower certifying (A) as to compliance with the terms of this Agreement, (B) that there have been no Subsidiaries that have become Significant Subsidiaries at any time during such period, or any Subsidiaries that have ceased to be Significant Subsidiaries at any time during such period, in each case except as expressly identified in such certificate, and (C) setting forth in reasonable detail the calculations necessary to demonstrate compliance with Section 5.03, *provided* that in the event of any change in GAAP used in the preparation of such financial statements, the Borrower shall also provide, if necessary for the determination of compliance with Section 5.03, a statement of reconciliation conforming such financial statements to GAAP in effect on the Closing Date;

(iii) as soon as possible and in any event within five days after the chief financial officer or treasurer of the Borrower obtains knowledge of the occurrence of each Default continuing on the date of such statement, a statement of the chief financial officer or treasurer of the Borrower setting forth details of such Default and the action that the Borrower has taken and proposes to take with respect thereto;

(iv) promptly after the commencement thereof, notice of all actions and proceedings before any Governmental Authority or arbitrator affecting the Borrower or any Significant Subsidiary of the type described in Section 4.01(e);

(v) any change in the information provided in the Beneficial Ownership Certification that would result in a change to the list of beneficial owners identified in parts (c) or (d) of such certification; and

(vi) such other information respecting the Borrower or any of its Subsidiaries as any Lender through the Administrative Agent may from time to time reasonably request.

Notwithstanding the foregoing, the information required to be delivered pursuant to clauses (i) and (ii) shall be deemed to have been delivered if such information shall be available on the website of AEP at <http://www.aep.com> or any successor website; *provided* that the compliance certificates required under clauses (i) and (ii) shall be delivered in the manner specified in Section 8.02(b).

## **SECTION 5.02**      *Negative Covenants.*

So long as any Advance or any other amount payable hereunder shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower agrees that it will not:

(a) ***Mergers, Etc.*** Merge or consolidate with or into any Person, or permit any Significant Subsidiary to do so, except that (i) any Subsidiary may merge or consolidate with or into any other Subsidiary of the Borrower, (ii) any Subsidiary may merge into the Borrower, (iii) any Significant Subsidiary may merge with or into any other Person so long as such Significant Subsidiary continues to be a Significant Subsidiary of the Borrower and (iv) the Borrower may merge with any other Person so long as the successor entity (A) is the Borrower

and (B) has (x) a long-term senior unsecured debt rating issued (and confirmed after giving effect to such merger) by S&P of at least BBB- (*provided* that if no long-term senior unsecured debt rating is available from S&P at such time, the rating required by this clause (x) shall be the successor entity's corporate credit rating issued by S&P) or (y) a long-term senior unsecured debt rating issued (and confirmed after giving effect to such merger) by Moody's of at least Baa3 (or, in the case of (x) and (y), if no such ratings have been issued, commercial paper ratings issued (and confirmed after giving effect to such merger) by S&P and Moody's of at least A-3 and P-3, respectively), *provided*, in each case, that no Default shall have occurred and be continuing at the time of such proposed transaction or would result therefrom.

(b) ***Stock of Significant Subsidiaries.*** Sell, lease, transfer or otherwise dispose of, other than (i) in connection with an RTO Transaction, but only if no Default or Event of Default has occurred and is continuing or would result from such RTO Transaction, or (ii) pursuant to the requirements of any Restructuring Law, equity interests in any Significant Subsidiary of the Borrower if such Significant Subsidiary would cease to be a Subsidiary as a result of such sale, lease, transfer or disposition.

(c) ***Sales, Etc. of Assets.*** Sell, lease, transfer or otherwise dispose of, or permit any Significant Subsidiary to sell, lease, transfer or otherwise dispose of, any assets, or grant any option or other right to purchase, lease or otherwise acquire any assets, except (i) sales in the ordinary course of its business, (ii) sales, leases, transfers or dispositions of assets to any Person that is not a wholly-owned Subsidiary of the Borrower that in the aggregate do not exceed 20% of the Consolidated Tangible Net Assets of the Borrower and its Subsidiaries, whether in one transaction or a series of transactions, (iii) other sales, leases, transfers and dispositions made in connection with an RTO Transaction or pursuant to the requirements of any Restructuring Law or to a wholly owned Subsidiary of the Borrower, or (iv) sales of pollution control assets to a state or local government or any political subdivision or agency thereof in connection with any transaction with such Person pursuant to which such Person sells or otherwise transfers such pollution control assets back to the Borrower or a Subsidiary under an installment sale, loan or similar agreement, in each case in connection with the issuance of pollution control or similar bonds.

(d) ***Liens, Etc.*** Create or suffer to exist, or permit any Significant Subsidiary to create or suffer to exist, any Lien on or with respect to any of its properties, including, without limitation, on or with respect to equity interests in any Subsidiary of the Borrower, whether now owned or hereafter acquired, or assign, or permit any Significant Subsidiary to assign, any right to receive income (other than in connection with Stranded Cost Recovery Bonds and the sale of accounts receivable by the Borrower), other than (i) Permitted Liens, (ii) the Liens existing on the Closing Date, (iii) Liens securing first mortgage bonds issued by the Borrower or any Subsidiary of the Borrower the rates or charges of which are regulated by the Federal Energy Regulatory Commission or any state governmental authority, *provided* that the aggregate principal amount of such first mortgage bonds of the Borrower or any such Subsidiary do not exceed 66 2/3% of the net value of plant, property and equipment of the Borrower or such Subsidiary, as applicable, and (iv) the replacement, extension or renewal of any Lien permitted by clauses (ii) and (iii) above upon or in the same property theretofore subject thereto or the replacement, extension or renewal (without increase in the amount or change in any direct or contingent obligor) of the Debt secured thereby.

(e) **Restrictive Agreements.** Enter into, or permit any Significant Subsidiary to enter into (except in connection with or pursuant to any Restructuring Law), any agreement after the Closing Date, or amend, supplement or otherwise modify any agreement existing on the Closing Date, that imposes any restriction on the ability of any Significant Subsidiary to make payments, directly or indirectly, to its shareholders by way of dividends, advances, repayment of loans or intercompany charges, expenses and accruals or other returns on investments that is more restrictive than any such restriction applicable to such Significant Subsidiary on the Closing Date; *provided, however*, that any Significant Subsidiary may agree to a financial covenant limiting its ratio of Consolidated Debt to Consolidated Capital to no more than 0.675 to 1.000.

(f) **ERISA.** (i) Terminate or withdraw from, or permit any of its ERISA Affiliates to terminate or withdraw from, any Plan with respect to which the Borrower or any of its ERISA Affiliates may have any liability by reason of such termination or withdrawal, if such termination or withdrawal could have a Material Adverse Effect, (ii) incur a full or partial withdrawal, or permit any ERISA Affiliate to incur a full or partial withdrawal, from any Multiemployer Plan with respect to which the Borrower or any of its ERISA Affiliates may have any liability by reason of such withdrawal, if such withdrawal could have a Material Adverse Effect, (iii) otherwise fail, or permit any of its ERISA Affiliates to fail, to comply in all material respects with ERISA or the related provisions of the Internal Revenue Code if such noncompliances, singly or in the aggregate, could have a Material Adverse Effect, or (iv) fail, or permit any of its Subsidiaries to fail, to comply with Applicable Law with respect to any Foreign Plan if such noncompliances, singly or in the aggregate, could have a Material Adverse Effect.

(g) **Use of Proceeds.** Use the proceeds of any Borrowing to buy or carry Margin Stock.

(h) **Anti-Corruption Laws and Sanctions.** Request any Borrowing, or use or permit any of its Subsidiaries or its or their respective directors, officers, employees and agents to use the proceeds of any Borrowing (i) in furtherance of an offer, payment, promise to pay, or authorization of the payment or giving of money, or anything else of value, to any Person in violation of any Anti-Corruption Laws, (ii) for the purpose of funding, financing or facilitating any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, or (iii) in any manner that would result in the violation of any Sanctions applicable to any party hereto.

### **SECTION 5.03      *Financial Covenant.***

So long as any Advance shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower will maintain a ratio of Consolidated Debt to Consolidated Capital, as of the last day of each March, June, September and December, of not greater than 0.675 to 1.000.

## **ARTICLE VI EVENTS OF DEFAULT**

### **SECTION 6.01      *Events of Default.***

If any of the following events ("***Events of Default***") shall occur and be continuing:

(a) The Borrower (i) shall fail to pay any principal of any Advance when the same becomes due and payable, or (ii) shall fail to pay any interest on any Advance or make any other payment of fees or other amounts payable under this Agreement within five days after the same becomes due and payable; or

(b) Any representation or warranty made by the Borrower herein or by the Borrower (or any of its officers) in connection with this Agreement shall prove to have been incorrect in any material respect when made; or

(c) (i) The Borrower shall fail to perform or observe any term, covenant or agreement contained in Section 5.01(a), 5.01(i)(iii) or 5.02 (other than (x) Section 5.02(f) and (y) except for a material breach thereof, 5.02(h)), or (ii) the Borrower shall fail to perform or observe any other term, covenant or agreement contained in this Agreement or any other Loan Document if such failure shall remain unremedied for 30 days after written notice thereof shall have been given to the Borrower by the Administrative Agent or any Lender; or

(d) Any event shall occur or condition shall exist under any agreement or instrument relating to Debt of the Borrower (but excluding Debt outstanding hereunder) or any Significant Subsidiary outstanding in a principal or notional amount of at least \$50,000,000 in the aggregate if the effect of such event or condition is to accelerate or require early termination of the maturity or tenor of such Debt, or any such Debt shall be declared to be due and payable, or required to be prepaid or redeemed (other than by a regularly scheduled required prepayment or redemption), terminated, purchased or defeased, or an offer to prepay, redeem, purchase or defease such Debt shall be required to be made, in each case prior to the stated maturity or the original tenor thereof; or

(e) The Borrower or any Significant Subsidiary shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors; or any proceeding shall be instituted by or against the Borrower or any Significant Subsidiary seeking to adjudicate it a bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief, or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its property and, in the case of any such proceeding instituted against it (but not instituted by it), either such proceeding shall remain undismissed or unstayed for a period of 60 days, or any of the actions sought in such proceeding (including, without limitation, the entry of an order for relief against, or the appointment of a receiver, trustee, custodian or other similar official for, it or for any substantial part of its property) shall occur; or the Borrower or any Significant Subsidiary shall take any corporate action to authorize any of the actions set forth above in this subsection (e); or

(f) (i) Any entity, person (within the meaning of Section 14(d) of the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”)) or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) that as of the Closing Date was beneficial owner (as defined in Rule 13d-3 under the Exchange Act) of less than 30% of the Voting Stock of AEP shall acquire a beneficial ownership (within the meaning of Rule 13d-3 of

the SEC under the Exchange Act), directly or indirectly, of Voting Stock of AEP (or other securities convertible into such Voting Stock) representing 30% or more of the combined voting power of all Voting Stock of AEP; (ii) during any period of up to 24 consecutive months, commencing after the Closing Date, individuals who at the beginning of such 24-month period were directors of AEP shall cease for any reason to constitute a majority of the board of directors of AEP, *provided* that any person becoming a director subsequent to the Closing Date, whose election, or nomination for election by AEP's shareholders, was approved by a vote of at least a majority of the directors of the board of directors of AEP as comprised as of the Closing Date (other than the election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the directors of AEP) shall be, for purposes of this provision, considered as though such person were a member of the board as of the Closing Date; or (iii) AEP shall fail to own directly or indirectly 100% of the Voting Stock of the Borrower; or

(g) Any judgment or order for the payment of money in excess of \$50,000,000 in the case of the Borrower or any Significant Subsidiary to the extent not paid or insured shall be rendered against the Borrower or any Significant Subsidiary and either (i) enforcement proceedings shall have been commenced by any creditor upon such judgment or order or (ii) there shall be any period of 30 consecutive days during which a stay of enforcement of such judgment or order, by reason of a pending appeal or otherwise, shall not be in effect; or

(h) (i) The termination of or withdrawal from the United Mine Workers' of America 1974 Pension Trust by AEP or any of its ERISA Affiliates shall have occurred and the liability of AEP and its ERISA Affiliates related to such termination or withdrawal exceeds \$75,000,000 in the aggregate; or (ii) any ERISA Event (other than an ERISA Event described in clause (i)) shall have occurred and the liability of the Borrower and its ERISA Affiliates related to such ERISA Event exceeds \$50,000,000;

then, and in any such event, the Administrative Agent (i) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the obligation of each Lender to make Advances to be terminated, whereupon the same shall forthwith terminate, and (ii) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the outstanding Advances, all interest thereon and all other amounts payable under this Agreement to be forthwith due and payable, whereupon the outstanding Advances, all such interest and all such amounts shall become and be forthwith due and payable by the Borrower, without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Borrower; *provided, however*, that in the event of an actual or deemed entry of an order for relief with respect to the Borrower under the Federal Bankruptcy Code, (A) the obligation of each Lender to make Advances shall automatically be terminated and (B) the outstanding Advances, all such interest and all such amounts shall automatically become and be due and payable, without presentment, demand, protest or any notice of any kind, all of which are hereby expressly waived by the Borrower.

## ARTICLE VII THE ADMINISTRATIVE AGENT

### SECTION 7.01      *Appointment and Authorization.*

Each Lender hereby irrevocably appoints the entity named as the Administrative Agent in the heading of this Agreement and its successors to act on its behalf as the Administrative Agent hereunder and under the other Loan Documents and authorizes the Administrative Agent to enter into each of the Loan Documents to which it is a party (other than this Agreement) on its behalf and to take such actions as the Administrative Agent on its behalf and to exercise such powers under the Loan Documents as are delegated to Administrative Agent by the terms thereof, together with all such powers as are reasonably incidental thereto. Subject to the terms of Section 8.01 and to the terms of the other Loan Documents, the Administrative Agent is authorized and empowered to amend, modify, or waive any provisions of this Agreement or the other Loan Documents on behalf of Lenders. The provisions of this Article 7 are solely for the benefit of the Administrative Agent and Lenders and Borrower shall not have any rights as a third- party beneficiary of any of the provisions hereof. It is understood and agreed that the use of the term “agent” herein or in any other Loan Documents (or any other similar term) with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any applicable law. Instead such term is used as a matter of market custom, and is intended to create or reflect only an administrative relationship between contracting parties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. The exculpatory provisions of this Article shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the Facility as well as activities as the Administrative Agent. The Administrative Agent shall not be responsible for the negligence or misconduct of any sub-agents except to the extent that a court of competent jurisdiction determines in a final and non-appealable judgment that the Administrative Agent acted with gross negligence or willful misconduct in the selection of such sub-agents.

**SECTION 7.02**      *Administrative Agent and Affiliates.*

The Person serving as the Administrative Agent shall have the same rights and powers under the Loan Documents in its capacity as a Lender as any other Lender and may exercise or refrain from exercising the same as though it were not the Administrative Agent, and the term “Lender” or “Lenders” shall, unless otherwise expressly indicated or unless the context otherwise requires, include the Person serving as the Administrative Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, invest in and own securities of, act as financial advisor or in any other advisory capacity for, and generally engage in any kind of business with the Borrower or any Subsidiary or other Affiliate of the Borrower as if it were not the Administrative Agent hereunder and without any duty to account therefor to the Lenders.

**SECTION 7.03**      *Action by Administrative Agent.*

The Administrative Agent shall not have any duties or obligations except those expressly set forth herein and in the other Loan Documents, and its duties shall be mechanical and administrative in nature. Nothing in this Agreement or any of the Loan Documents is intended

to or shall be construed to impose upon the Administrative Agent any obligations in respect of this Agreement or any of the Loan Documents except as expressly set forth herein or therein. Without limiting the generality of the foregoing, the Administrative Agent:

(a) shall not have by reason of this Agreement a fiduciary relationship in respect of any Lender, regardless of whether a Default has occurred and is continuing;

(b) shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that the Administrative Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents); *provided* that the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Administrative Agent to liability or that is contrary to any Loan Document or Applicable Law, including for the avoidance of doubt any action that may be in violation of the automatic stay under any Debtor Relief Law or that may effect a forfeiture, modification or termination of property of a Defaulting Lender in violation of any Debtor Relief Law; and

(c) shall not, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Borrower, any Subsidiary of the Borrower or any other Affiliate of the foregoing that is communicated to or obtained by the Person serving as the Administrative Agent or any of its Affiliates in any capacity.

**SECTION 7.04      *Consultation with Experts.***

The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower or an Affiliate of the Borrower), independent accountants and other experts selected by it and shall not be liable for any action taken or omitted to be taken by it in good faith in accordance with the advice of such counsel, accountants or experts.

**SECTION 7.05      *Liability of Administrative Agent.***

Neither the Administrative Agent nor any of its directors, officers, agents, employees or Affiliates shall be liable to any Lender for any action taken or not taken by it in connection with the Loan Documents (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances as provided in Section 8.01 and Article VI or (ii) to the extent of its own gross negligence or willful misconduct in the discharge thereof (the absence of such gross negligence and willful misconduct to be presumed unless otherwise determined by a final non-appealable judgment of a court of competent jurisdiction). The Administrative Agent shall be deemed not to have knowledge of any Default unless and until written notice thereof (stating that it is a “notice of default”) describing such Default is given to the Administrative Agent in writing by the Borrower or a Lender.

Neither the Administrative Agent nor any of its directors, officers, agents, employees or Affiliates shall be responsible for or have any duty to ascertain, inquire into or verify (i) any statement, warranty or representation made in connection with any Loan Document or any

borrowing hereunder; (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith; (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein; (iv) the satisfaction of any condition specified in any Loan Document; (v) the validity, enforceability, effectiveness, sufficiency or genuineness of any Loan Document, any Lien purported to be created or perfected thereby or any other agreement, instrument, document or writing; (vi) the occurrence, existence or non-existence of any Default or Event of Default; or (vii) the financial condition of Borrower. The Administrative Agent shall be entitled to rely, and shall not incur any liability for relying, upon any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person (whether or not such Person in fact meets the requirements set forth in the Loan Documents for being the signatory, sender or authenticator thereof). The Administrative Agent also shall be entitled to rely, and shall not incur any liability for relying, upon any statement made to it orally or by telephone and believed by it to be made by the proper Person (whether or not such Person in fact meets the requirements set forth in the Loan Documents for being the signatory, sender or authenticator thereof), and may act upon any such statement prior to receipt of written confirmation thereof. In determining compliance with any condition hereunder to the making of an Advance that by its terms must be fulfilled to the satisfaction of a Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender unless the Administrative Agent shall have received notice to the contrary from such Lender prior to the making of such Advance.

**SECTION 7.06**        *Indemnification.*

To the extent that the Borrower fail to indefeasibly pay any amount required to be paid by them under Section 8.04(a) or Section 8.04(b) to the Administrative Agent (or any sub-agent thereof) or any of its Related Parties (and without limiting the Borrower's obligation to do so), each Lender severally agrees to pay to the Administrative Agent (or any such sub-agent) or such Related Party, as the case may be, such Lender's pro rata share (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought) of such unpaid amount; *provided* that the unreimbursed expense or indemnified loss, claim, damage, liability or related expense, as the case may be, was incurred by or asserted against the Administrative Agent (or such sub-agent) in its capacity as such or against any of its Related Parties acting for the Administrative Agent (or any such sub-agent) in connection with such capacity. For purposes of this Section, a Lender's "pro rata share" shall be determined based upon its share of the sum of the outstanding Advances and Commitments, in each case, at the time (or most recently outstanding and in effect). If any indemnity furnished to the Administrative Agent for any purpose shall, in the opinion of the Administrative Agent, be insufficient or become impaired, Administrative Agent may call for additional indemnity and cease, or not commence, to do the acts indemnified against even if so directed by Required Lenders until such additional indemnity is furnished.

**SECTION 7.07**        *Right to Request and Act on Instructions.*

Without limitation of the protections provided in Section 7.03, the Administrative Agent may at any time request instructions from Lenders with respect to any actions or approvals which

by the terms of this Agreement or of any of the Loan Documents the Administrative Agent is permitted or desires to take or to grant, and if such instructions are promptly requested, the Administrative Agent shall be absolutely entitled to refrain from taking any action or to withhold any approval and shall not be under any liability whatsoever to any Person for refraining from any action or withholding any approval under any of the Loan Documents until it shall have received such instructions from the Required Lenders or all or such other portion of the Lenders as shall be prescribed by this Agreement.

**SECTION 7.08      *Credit Decision.***

Each Lender acknowledges that it has, independently and without reliance upon the Administrative Agent, the Arranger or any other Lender, or any of the Related Parties of any of the foregoing, and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent, the Arranger or any other Lender, or any of the Related Parties of any of the foregoing, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking any action under or based on any Loan Document or any related agreement or any document furnished hereunder or thereunder.

Each Lender, by delivering its signature page to this Agreement, or delivering its signature page to an Assignment and Assumption, Lender Joinder Agreement or any other Loan Document pursuant to which it shall become a Lender hereunder, shall be deemed to have acknowledged receipt of, and consented to and approved, each Loan Document and each other document required to be delivered to, or be approved by or satisfactory to, the Administrative Agent or the Lenders on the Closing Date.

**SECTION 7.09      *Successor Administrative Agent.***

Subject to the terms of this paragraph, the Administrative Agent may resign at any time from its capacity as such. The Administrative Agent may at any time give notice of its resignation to the Lenders and the Borrower. Upon receipt of any such notice of resignation, the Required Lenders shall have the right, in consultation with the Borrower, to appoint a successor Administrative Agent. Upon the acceptance of a successor's appointment as Administrative Agent hereunder and notice of such acceptance to the retiring Administrative Agent, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring (or retired) Administrative Agent, the retiring Administrative Agent's resignation shall become immediately effective and the retiring Administrative Agent shall be discharged from all of its duties and obligations hereunder and under the other Loan Documents (if such resignation was not already effective and such duties and obligations not already discharged, as provided below in this paragraph). The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. Notwithstanding the foregoing, if no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within thirty (30) days after the retiring Administrative Agent gives notice of its resignation, then the retiring Administrative Agent may on behalf of the Lenders (but without any obligation) appoint a successor Administrative Agent. From and following the expiration of

such thirty (30) day period, the Administrative Agent shall have the exclusive right, upon one (1) Business Days' notice to the Borrower and the Lenders, to make its resignation effective immediately. From and following the effectiveness of such notice, (i) the retiring Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents and (ii) all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time as the Required Lenders appoint a successor Administrative Agent as provided for above in this paragraph. Following the effectiveness of the Administrative Agent's resignation from its capacity as such, the provisions of this Article and Section 8.04, as well as any exculpatory, reimbursement and indemnification provisions set forth in any other Loan Document, shall continue in effect for the benefit of such retiring Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while it was acting as Administrative Agent.

**SECTION 7.10**            *Return of Payments.*

If the Administrative Agent pays an amount to a Lender under this Agreement in the belief or expectation that a related payment has been or will be received by the Administrative Agent from Borrower and such related payment is not received by the Administrative Agent, then the Administrative Agent will be entitled to recover such amount from such Lender on demand without setoff, counterclaim or deduction of any kind, together with interest accruing on a daily basis at the Federal Funds Rate.

If the Administrative Agent determines at any time that any amount received by the Administrative Agent under this Agreement must be returned to the Borrower or paid to any other Person pursuant to any insolvency law or otherwise, then, notwithstanding any other term or condition of this Agreement or any other Loan Document, the Administrative Agent will not be required to distribute any portion thereof to any Lender. In addition, each Lender will repay to the Administrative Agent on demand any portion of such amount that Administrative Agent has distributed to such Lender, together with interest at such rate, if any, as the Administrative Agent is required to pay to the Borrower or such other Person, without setoff, counterclaim or deduction of any kind.

**SECTION 7.11**            *Right to Perform, Preserve and Protect.*

If the Borrower fails to perform any obligation hereunder or under any other Loan Document, the Administrative Agent itself may, but shall not be obligated to, cause such obligation to be performed at Borrower's expense. The Administrative Agent is further authorized by the Borrower and the Lenders to make expenditures from time to time which the Administrative Agent, in its reasonable business judgment, deems necessary or desirable to (i) preserve or protect the business conducted by the Borrower or any portion thereof and/or (ii) enhance the likelihood of, or maximize the amount of, repayment of the Advances. The Borrower hereby agrees to reimburse the Administrative Agent on demand for any and all costs, liabilities and obligations incurred by the Administrative Agent pursuant to this Section 7.11. Each Lender hereby agrees to indemnify the Administrative Agent upon demand for any and all costs, liabilities and obligations incurred by the Administrative Agent pursuant to this Section 7.11.

**SECTION 7.12**      *Administrative Agent May File Proofs of Claim.*

In case of the pendency of any proceeding with respect to the Borrower under any Debtor Relief Law now or hereafter in effect, the Administrative Agent (irrespective of whether the principal of any Advance shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered (but not obligated) by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Advances and all other obligations under any Loan Document that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Administrative Agent (including any claim under Sections 2.03, 2.07, 2.10, 2.13 and 8.04) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lender, to pay to the Administrative Agent any amount due to it, in its capacity as the Administrative Agent, under the Loan Documents (including under Section 8.04).

**SECTION 7.13**      *Additional Titled Agents.*

Notwithstanding anything herein to the contrary, neither the Arranger nor any other bookrunner, arranger or to any titled agent named on the cover page of this Agreement, other than the Administrative Agent (collectively, the “*Additional Titled Agents*”) shall have any duties or obligations under this Agreement or any other Loan Documents (except in its capacity, as applicable, as a Lender), but all such Persons shall have the benefit of the indemnities provided for hereunder. Without limiting the foregoing, no Additional Titled Agent shall have nor be deemed to have a fiduciary relationship with any Lender. At any time that any Lender serving as an Additional Titled Agent shall have transferred to any other Person (other than any Affiliates) all of its interests in the Advances and in the Commitment, such Lender shall be deemed to have concurrently resigned as such Additional Titled Agent.

**SECTION 7.14**      *Erroneous Payments.*

(a) Each Lender and any other party hereto hereby severally agrees that if (i) the Administrative Agent notifies (which such notice shall be conclusive absent manifest error) such Lender or any other Person that has received funds from the Administrative Agent or any of its Affiliates, either for its own account or on behalf of a Lender (each such recipient, a “Payment Recipient”) that the Administrative Agent has determined in its sole discretion that any funds received by such Payment Recipient were erroneously transmitted to, or otherwise erroneously or mistakenly received by, such Payment Recipient (whether or not known to such Payment

Recipient) or (ii) any Payment Recipient receives any payment from the Administrative Agent (or any of its Affiliates) (x) that is in a different amount than, or on a different date from, that specified in a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates) with respect to such payment, prepayment or repayment, as applicable, (y) that was not preceded or accompanied by a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates) with respect to such payment, prepayment or repayment, as applicable, or (z) that such Payment Recipient otherwise becomes aware was transmitted or received in error or by mistake (in whole or in part) then, in each case, an error in payment shall be presumed to have been made (any such amounts specified in clauses (i) or (ii) of this Section 7.14(a), whether received as a payment, prepayment or repayment of principal, interest, fees, distribution or otherwise; individually and collectively, an “Erroneous Payment”), then, in each case, such Payment Recipient is deemed to have knowledge of such error at the time of its receipt of such Erroneous Payment; provided that nothing in this Section shall require the Administrative Agent to provide any of the notices specified in clauses (i) or (ii) above. Each Payment Recipient agrees that it shall not assert any right or claim to any Erroneous Payment, and hereby waives any claim, counterclaim, defense or right of set-off or recoupment with respect to any demand, claim or counterclaim by the Administrative Agent for the return of any Erroneous Payments, including without limitation waiver of any defense based on “discharge for value” or any similar doctrine.

(b) Without limiting the immediately preceding clause (a), each Payment Recipient agrees that, in the case of clause (a)(ii) above, it shall promptly notify the Administrative Agent in writing of such occurrence.

(c) In the case of either clause (a)(i) or (a)(ii) above, such Erroneous Payment shall at all times remain the property of the Administrative Agent and shall be segregated by the Payment Recipient and held in trust for the benefit of the Administrative Agent, and upon demand from the Administrative Agent such Payment Recipient shall (or, shall cause any Person who received any portion of an Erroneous Payment on its behalf to), promptly, but in all events no later than two Business Days thereafter, return to the Administrative Agent the amount of any such Erroneous Payment (or portion thereof) as to which such a demand was made in same day funds and in the currency so received, together with interest thereon in respect of each day from and including the date such Erroneous Payment (or portion thereof) was received by such Payment Recipient to the date such amount is repaid to the Administrative Agent at the greater of the Federal Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation from time to time in effect.

(d) In the event that an Erroneous Payment (or portion thereof) is not recovered by the Administrative Agent for any reason, after demand therefor by the Administrative Agent in accordance with immediately preceding clause (c), from any Lender that is a Payment Recipient or an Affiliate of a Payment Recipient (such unrecovered amount as to such Lender, an “Erroneous Payment Return Deficiency”), then at the sole discretion of the Administrative Agent and upon the Administrative Agent’s written notice to such Lender (i) such Lender shall be deemed to have made a cashless assignment of the full face amount of the portion of its Loans (but not its Commitments) of the relevant Class with respect to which such Erroneous Payment was made (the “Erroneous Payment Impacted Class”) to the Administrative Agent or, at the option of the Administrative Agent, the Administrative Agent’s applicable lending affiliate in an

amount that is equal to the Erroneous Payment Return Deficiency (or such lesser amount as the Administrative Agent may specify) (such assignment of the Loans (but not Commitments) of the Erroneous Payment Impacted Class, the “Erroneous Payment Deficiency Assignment”) plus any accrued and unpaid interest on such assigned amount, without further consent or approval of any party hereto and without any payment by the Administrative Agent or its applicable lending affiliate as the assignee of such Erroneous Payment Deficiency Assignment. The parties hereto acknowledge and agree that (1) any assignment contemplated in this clause (d) shall be made without any requirement for any payment or other consideration paid by the applicable assignee or received by the assignor, (2) the provisions of this clause (d) shall govern in the event of any conflict with the terms and conditions of Section 8.07 and (3) the Administrative Agent may reflect such assignments in the Register without further consent or action by any other Person.

(e) Each party hereto hereby agrees that (x) in the event an Erroneous Payment (or portion thereof) is not recovered from any Payment Recipient that has received such Erroneous Payment (or portion thereof) for any reason, the Administrative Agent (1) shall be subrogated to all the rights of such Payment Recipient with respect to such amount and (2) is authorized to set off, net and apply any and all amounts at any time owing to such Payment Recipient under any Loan Document, or otherwise payable or distributable by the Administrative Agent to such Payment Recipient from any source, against any amount due to the Administrative Agent under this Section 7.14 or under the indemnification provisions of this Agreement, (y) the receipt of an Erroneous Payment by a Payment Recipient shall not for the purpose of this Agreement be treated as a payment, prepayment, repayment, discharge or other satisfaction of any Obligations owed by the Borrower or any other Credit Party, except, in each case, to the extent such Erroneous Payment is, and solely with respect to the amount of such Erroneous Payment that is, comprised of funds received by the Administrative Agent from the Borrower or any other Credit Party for the purpose of making a payment on the Obligations and (z) to the extent that an Erroneous Payment was in any way or at any time credited as payment or satisfaction of any of the Obligations, the Obligations or any part thereof that were so credited, and all rights of the Payment Recipient, as the case may be, shall be reinstated and continue in full force and effect as if such payment or satisfaction had never been received.

(f) Each party’s obligations under this Section 7.14 shall survive the resignation or replacement of the Administrative Agent or any transfer of right or obligations by, or the replacement of, a Lender, the termination of the Commitments or the repayment, satisfaction or discharge of all Obligations (or any portion thereof) under any Loan Document.

(g) Nothing in this Section 7.14 will constitute a waiver or release of any claim of the Administrative Agent hereunder arising from any Payment Recipient’s receipt of an Erroneous Payment.

## **ARTICLE VIII MISCELLANEOUS**

### **SECTION 8.01      *Amendments, Etc.***

No amendment or waiver of any provision of this Agreement, nor consent to any departure by the Borrower therefrom, shall in any event be effective unless the same shall be in

writing and signed by the Required Lenders and the Borrower, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that, subject to Section 8.17, no amendment, waiver or consent shall, unless in writing and signed by all the Lenders, do any of the following: (i) amend Section 3.01 or 3.02 or waive any of the conditions specified therein, (ii) increase the Commitment of any Lender or extend the Commitments, or subject any Lender to any additional obligations, (iii) reduce the principal of, or interest on, or rate of interest applicable to, the outstanding Advances or any fees or other amounts payable hereunder, (iv) postpone any date fixed for any payment of principal of, or interest on, the outstanding Advances, reimbursement obligations or any fees or other amounts payable hereunder, (v) change the definition of Required Lenders or the percentage of the Commitments or of the aggregate unpaid principal amount of the outstanding Borrowings, or the number or percentage of the Lenders that shall be required for the Lenders or any of them to take any action hereunder, or (vi) amend or waive this Section 8.01 or any provision of this Agreement that requires pro rata treatment of the Lenders; and provided further that (x) no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent in addition to the Lenders required above to take such action, affect the rights or duties of the Administrative Agent under this Agreement, and (y) no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent and the Required Lenders, amend or waive Section 8.18. Notwithstanding the foregoing, any provision of this Agreement may be amended by an agreement in writing entered into by the Borrower, the Required Lenders and the Administrative Agent if (i) by the terms of such agreement the Commitment of each Lender not consenting to the amendment provided for therein shall terminate (but such Lender shall continue to be entitled to the benefits of Sections 2.11, 2.14 and 8.04) upon the effectiveness of such amendment and (ii) at the time such amendment becomes effective, each Lender not consenting thereto receives payment in full of the principal amount of and interest accrued on each Advance made by it and outstanding and all other amounts owing to it or accrued for its account under this Agreement and is released from its obligations hereunder.

## **SECTION 8.02**      *Notices, Etc.*

(a) The Borrower hereby agrees that any notice that is required to be delivered to it hereunder shall be delivered to the Borrower as set forth in this Section 8.02. All notices and other communications provided for hereunder shall be in writing (including fax) and mailed, faxed or delivered, if to the Borrower, at its address at 1 Riverside Plaza, Columbus, OH 43215, Attention: Treasurer (fax: 614-716-2807; telephone: 614-716-2885), with a copy to the General Counsel (fax: 614-716-1687; telephone: 614-716-2929) and to [corporatefinance@aep.com](mailto:corporatefinance@aep.com); if to any Initial Lender, at its Domestic Lending Office specified in its Administrative Questionnaire; if to any other Lender, at its Domestic Lending Office specified in the Assignment and Assumption or New Lender Joinder pursuant to which it became a Lender; if to the Administrative Agent, at its address at KeyBank National Association, 127 Public Square, Cleveland, Ohio 44114-1306, Attn: Renee Bonnell, Tel: (216) 689-7729, Fax: (216) 689-4981, Email: [renee.bonnell@key.com](mailto:renee.bonnell@key.com); [Renewables.ProjectFinance@KeyBank.com](mailto:Renewables.ProjectFinance@KeyBank.com); or, as to the Borrower or the Administrative Agent, at such other address as shall be designated by such party in a written notice to the other parties and, as to each other party, at such other address as shall be designated by such party in a written notice to the Borrower and the Administrative Agent. All such notices and communications shall be effective when delivered or received at the appropriate address or number to the attention of the appropriate individual or department,

except that notices and communications to the Administrative Agent pursuant to Article II, III or VII shall not be effective until received by the Administrative Agent. Delivery by fax of an executed counterpart of any amendment or waiver of any provision of this Agreement or of any Exhibit hereto to be executed and delivered hereunder shall be effective as delivery of a manually executed counterpart thereof.

(b) The Borrower and the Lenders hereby agree that the Administrative Agent may make any information required to be delivered to the Administrative Agent on behalf of the Lenders (the “*Communications*”) available to the Lenders by posting the Communications on Intralinks, SyndTrak or a substantially similar electronic transmission systems (the “*Platform*”). The Borrower and the Lenders hereby acknowledge that the distribution of material through an electronic medium is not necessarily secure and that there are confidentiality and other risks associated with such distribution.

(c) THE PLATFORM IS PROVIDED “AS IS” AND “AS AVAILABLE”. THE AGENT PARTIES (AS DEFINED BELOW) DO NOT WARRANT, AND SHALL NOT BE DEEMED TO WARRANT, THE ACCURACY OR COMPLETENESS OF THE COMMUNICATIONS, OR THE ADEQUACY OF THE PLATFORM AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS OR OMISSIONS IN THE COMMUNICATIONS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD-PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE, OR SHALL BE DEEMED TO BE MADE, BY THE AGENT PARTIES IN CONNECTION WITH THE COMMUNICATIONS OR THE PLATFORM. IN NO EVENT SHALL THE ADMINISTRATIVE AGENT OR ANY OF ITS RELATED PARTIES (COLLECTIVELY, “*AGENT PARTIES*”) HAVE ANY LIABILITY TO THE BORROWER, ANY LENDER OR ANY OTHER PERSON OR ENTITY FOR DAMAGES OF ANY KIND, INCLUDING, WITHOUT LIMITATION, DIRECT OR INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), LOSSES OR EXPENSES (WHETHER IN TORT, CONTRACT OR OTHERWISE) ARISING OUT OF THE BORROWER’S OR THE ADMINISTRATIVE AGENT’S TRANSMISSION OF COMMUNICATIONS THROUGH THE INTERNET, EXCEPT TO THE EXTENT THE LIABILITY OF ANY AGENT PARTY IS FOUND IN A FINAL, NON-APPEALABLE JUDGMENT BY A COURT OF COMPETENT JURISDICTION TO HAVE RESULTED PRIMARILY FROM SUCH AGENT PARTY’S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

The Administrative Agent agrees that the receipt of the Communications by the Administrative Agent at its e-mail address set forth above shall constitute effective delivery of the Communications to the Administrative Agent for purposes of the Loan Documents. Each Lender agrees that notice to it (as provided in the next sentence) specifying that the Communications have been posted to the Platform shall constitute effective delivery of the Communications to such Lender for purposes of the Loan Documents. Each Lender agrees (i) to notify the Administrative Agent in writing (including by electronic communication) from time to time of such Lender’s e-mail address to which the foregoing notice may be sent by electronic transmission and (ii) that the foregoing notice may be sent to such e-mail address.

Nothing herein shall prejudice the right of the Administrative Agent or any Lender to give any notice or other communication pursuant to any Loan Document in any other manner specified in such Loan Document.

**SECTION 8.03**      *No Waiver; Remedies.*

No failure on the part of any Lender or the Administrative Agent to exercise, and no delay in exercising, any right or power hereunder or under any other Loan Document shall operate as a waiver thereof; nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Administrative Agent and the Lenders hereunder and under the other Loan Documents are cumulative and not exclusive of any rights and remedies that are provided by law or that they would otherwise have.

**SECTION 8.04**      *Costs and Expenses.*

(a) The Borrower agrees to pay promptly upon demand all reasonable out-of-pocket costs and expenses of the Administrative Agent in connection with the preparation, execution, delivery, administration, modification and amendment of this Agreement and the other documents to be delivered hereunder, including, without limitation, (i) all due diligence, syndication (including printing, distribution and bank meetings), transportation, computer, duplication, appraisal, consultant, and audit expenses and (ii) the reasonable fees and expenses of counsel for the Administrative Agent with respect thereto and with respect to advising the Administrative Agent as to its rights and responsibilities under this Agreement. The Borrower further agrees to pay promptly upon demand all costs and expenses of the Administrative Agent and the Lenders, if any (including, without limitation, counsel fees and expenses), in connection with the enforcement (whether through negotiations, legal proceedings or otherwise) of this Agreement and the other documents to be delivered hereunder, including, without limitation, reasonable fees and expenses of counsel for the Administrative Agent and the Lenders in connection with the enforcement of rights under this Section 8.04(a).

(b) The Borrower agrees to indemnify and hold harmless each Lender and the Administrative Agent and each of their Related Parties (each, an “*Indemnified Party*”) from and against any and all claims, damages, losses, liabilities and penalties, joint or several, to which any such Indemnified Party may become subject, in each case arising out of or in connection with or relating to (including, without limitation, in connection with any investigation, litigation or proceeding or preparation of a defense in connection therewith) (i) this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Advances (ii) any error or omission in connection with posting of data on the Platform, or (iii) the actual or alleged presence of Hazardous Materials on any property of the Borrower or any of its Subsidiaries or any Environmental Action relating in any way to the Borrower or any of its Subsidiaries, and to reimburse any Indemnified Party for any and all reasonable expenses (including, without limitation, reasonable fees and expenses of counsel) as they are incurred in connection with the investigation of or preparation for or defense of any pending or threatened claim or any action or proceeding arising therefrom, whether or not such Indemnified Party is a party and whether or not such claim, action or proceeding is initiated or brought by or on behalf

of the Borrower or any of its Affiliates and whether or not any of the transactions contemplated hereby are consummated or this Agreement is terminated, AND THE FOREGOING INDEMNIFICATION SHALL APPLY WHETHER OR NOT SUCH INDEMNIFIED LIABILITIES ARE IN ANY WAY OR TO ANY EXTENT OWED, IN WHOLE OR IN PART, UNDER ANY CLAIM OR THEORY OF STRICT LIABILITY, OR ARE CAUSED, IN WHOLE OR IN PART, BY ANY NEGLIGENT ACT OR OMISSION OF ANY KIND BY ANY INDEMNIFIED PERSON, except to the extent such claim, damage, loss, liability, penalty or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's gross negligence or willful misconduct. In the case of an investigation, litigation or other proceeding to which the indemnity in this Section 8.04(b) applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by the Borrower, its directors, shareholders or creditors or an Indemnified Party or any other Person or any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. To the fullest extent permitted by applicable law, the Borrower agrees not to assert, or permit any of their Affiliates or Related Parties to assert, and each hereby waives, any claim against any Indemnified Party on any theory of liability, for special, indirect, consequential (including lost profits) or punitive damages arising out of or otherwise relating to this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Borrowings.

(c) If any payment of principal of, or Conversion of, any SOFR Advance is made by the Borrower to or for the account of a Lender other than on the last day of the Interest Period for such Advance, as a result of a payment or Conversion pursuant to Section 2.05, 2.08(e), 2.09, 2.10 or 2.12, acceleration of the maturity of the outstanding Borrowings pursuant to Section 6.01 or for any other reason (in the case of any such payment or Conversion), the Borrower shall, promptly upon demand by such Lender (with a copy of such demand to the Administrative Agent), pay to the Administrative Agent for the account of such Lender any amounts required to compensate such Lender for any additional losses, costs or expenses that it may reasonably incur as a result of such payment or Conversion, including, without limitation, any loss (other than loss of Applicable Margin), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by any Lender to fund or maintain such Advance.

(d) Without prejudice to the survival of any other agreement of the Borrower hereunder, the agreements and obligations of the Borrower contained in Sections 2.11, 2.14 and 8.04 shall survive the payment in full of principal, interest and all other amounts payable hereunder.

(e) The Borrower agrees that no Indemnified Party shall have any liability (whether direct or indirect, in contract or tort or otherwise) to the Borrower or its security holders or creditors related to or arising out of or in connection with this Agreement, the Borrowings or the use or proposed use of the proceeds thereof, any of the transactions contemplated by any of the foregoing or in the loan documentation or the performance by an Indemnified Party of any of the foregoing (including the use by unintended recipients of any information or other materials distributed through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents) except to the extent that any loss, claim, damage, liability or expense is found in a final, non-appealable judgment by a court of

competent jurisdiction to have resulted from such Indemnified Party's gross negligence or willful misconduct.

(f) In the event that an Indemnified Party is requested or required to appear as a witness in any action brought by or on behalf of or against the Borrower or any of its Affiliates in which such Indemnified Party is not named as a defendant, the Borrower agrees to reimburse such Indemnified Party for all reasonable expenses incurred by it in connection with such Indemnified Party's appearing and preparing to appear as such a witness, including, without limitation, the fees and disbursements of its legal counsel.

#### **SECTION 8.05      *Right of Set-off.***

Upon (i) the occurrence and during the continuance of any Event of Default and (ii) the making of the request or the granting of the consent specified by Section 6.01 to authorize the Administrative Agent to declare the outstanding Borrowings due and payable pursuant to the provisions of Section 6.01, each Credit Party and each of its Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by such Credit Party or such Affiliate to or for the credit or the account of the Borrower against any and all of the obligations of the Borrower now or hereafter existing under this Agreement held by such Credit Party, whether or not such Credit Party shall have made any demand under this Agreement and although such obligations may be unmatured; *provided* that, in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Administrative Agent for further application in accordance with the provisions of Section 8.17 and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Administrative Agent and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Administrative Agent a statement describing in reasonable detail the obligations of the Borrower owing to such Defaulting Lender as to which it exercised such right of setoff. Each Credit Party agrees promptly to notify the Borrower after any such set-off and application, *provided* that the failure to give such notice shall not affect the validity of such set-off and application. The rights of each Credit Party and its Affiliates under this Section are in addition to other rights and remedies (including, without limitation, other rights of set-off) that such Credit Party and its Affiliates may have.

#### **SECTION 8.06      *Binding Effect.***

This Agreement shall become effective upon satisfaction of the conditions precedent specified in Section 3.01 and thereafter shall be binding upon and inure to the benefit of the Borrower, the Administrative Agent and each Lender and their respective successors and assigns, except that the Borrower shall not have the right to assign its rights hereunder or any interest herein without the prior written consent of all of the Lenders (and any attempted assignment or transfer by the Borrower without such consent shall be null and void).

#### **SECTION 8.07      *Assignments and Participations.***

(a) **Successors and Assigns Generally.** No Lender may assign or otherwise transfer any of its rights or obligations hereunder except (i) to an assignee in accordance with the provisions of Section 8.07(b), (ii) by way of participation in accordance with the provisions of Section 8.07(d), or (iii) by way of pledge or assignment of a security interest subject to the restrictions of Section 8.07(f) (and any other attempted assignment or transfer by any party hereto shall be null and void). Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants to the extent provided in Section 8.07(d) and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) **Assignments by Lenders.** Any Lender may at any time assign to one or more assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitment and the Advances at the time owing to it); *provided* that any such assignment shall be subject to the following conditions:

(i) **Minimum Amounts.**

(A) in the case of an assignment of the entire remaining amount of the assigning Lender's Commitment and/or the Advances at the time owing to it or contemporaneous assignments to related Approved Funds that equal at least the amount specified in subsection (b)(i)(B) of this Section in the aggregate or in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund, no minimum amount need be assigned; and

(B) in any case not described in subsection (b)(i)(A) of this Section, the aggregate amount of the Commitment and/or Advances of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent or, if the "**Trade Date**" is specified in the Assignment and Assumption, as of the Trade Date) shall not be less than \$2,500,000 or an integral multiple of \$500,000 in excess thereof, unless each of the Administrative Agent and, so long as no Default has occurred and is continuing, the Borrower otherwise consents (each such consent not to be unreasonably withheld or delayed).

(ii) **Proportionate Amounts.** Each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement with respect to the Advances or the Commitment of such Lender being assigned.

(iii) **Required Consents.** No consent shall be required for any assignment except to the extent required by subsection (b)(i)(B) of this Section and, in addition:

(A) the consent of the Borrower (such consent not to be unreasonably withheld or delayed) shall be required unless (x) a Default has

occurred and is continuing at the time of such assignment, or (y) such assignment is to a Lender, an Affiliate of a Lender or an Approved Fund; *provided* that the Borrower shall be deemed to have consented to any such assignment unless it shall object thereto by written notice to the Administrative Agent within ten (10) Business Days after having received notice thereof; and

(B) the consent of the Administrative Agent (such consent not to be unreasonably withheld or delayed) shall be required for assignments if such assignment is to a Person that is not a Lender, an Affiliate of such Lender or an Approved Fund with respect to such Lender.

(iv) ***Assignment and Assumption.*** The parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of \$3,500 (to be paid by the assigning Lender, or, in the case of an assignment pursuant to Section 2.15(b), the Borrower); *provided* that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire.

(v) ***No Assignment to Certain Persons.*** No such assignment shall be made to (A) the Borrower or any of the Borrower's Affiliates or Subsidiaries or (B) to any Defaulting Lender or any of its Subsidiaries, or any Person that, upon becoming a Lender hereunder, would constitute any of the foregoing Persons described in this clause (B).

(vi) ***No Assignment to Natural Persons.*** No such assignment shall be made to a natural Person.

(vii) ***Certain Additional Payments.*** In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Administrative Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Administrative Agent, the applicable pro rata share of Advances previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Administrative Agent and each Lender hereunder (and interest accrued thereon), and (y) acquire (and fund as appropriate) its full pro rata share of all Advances and Commitments in accordance with its Commitment Percentage. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under Applicable Law without compliance with the provisions of this subsection, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

Subject to acceptance and recording thereof by the Administrative Agent pursuant to subsection (c) of this Section, from and after the effective date specified in each Assignment and Assumption, the assignee thereunder shall be a party to this Agreement and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto) but shall continue to be entitled to the benefits of Sections 2.11, 2.14 and 8.04 with respect to facts and circumstances occurring prior to the effective date of such assignment; *provided*, that except to the extent otherwise expressly agreed in writing by the affected parties, no assignment by a Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender. Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this subsection shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with subsection (d) of this Section.

(c) **Register.** The Administrative Agent, acting solely for this purpose as a non-fiduciary agent of the Borrower, shall maintain at one of its offices a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amounts (and stated interest) of the Advances owing to, each Lender pursuant to the terms hereof from time to time (the "**Register**"). The entries in the Register shall be conclusive absent manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Borrower and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(d) **Participations.** Any Lender may at any time, without the consent of the Borrower or the Administrative Agent, but upon notice to the Administrative Agent, sell participations to any Person (other than a natural Person or the Borrower or any of the Borrower's Affiliates or Subsidiaries) (each, a "**Participant**") in all or a portion of such Lender's rights and/or obligations under this Agreement (including all or a portion of its Commitment and/or the Advances owing to it); *provided* that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower, the Administrative Agent and Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. For the avoidance of doubt, each Lender shall be responsible for the indemnity under Section 7.06 with respect to any payments made by such Lender to its Participant(s).

Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; *provided* that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver with respect to clauses (i) through (vi) of Section 8.01 that affects such Participant. The Borrower agrees that each Participant shall

be entitled to the benefits of Sections 2.02(c), 2.11, and 2.14 (subject to the requirements and limitations therein, including the requirements under Section 2.14(f) (it being understood that the documentation required under Section 2.14(f) shall be delivered to the participating Lender)) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to subsection (b) of this Section; *provided* that such Participant (A) agrees to be subject to the provisions of Section 2.15 as if it were an assignee under subsection (b) of this Section; and (B) shall not be entitled to receive any greater payment under Sections 2.11 or 2.14, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation agrees, at the Borrower's request and expense, to use reasonable efforts to cooperate with the Borrower to effectuate the provisions of Section 2.15(b) with respect to any Participant. To the extent permitted by law, each Participant also shall be entitled to the benefits of Section 8.05 as though it were a Lender; *provided* that such Participant agrees to be subject to Section 2.16 as though it were a Lender. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Advances or other obligations under the Loan Documents (the "**Participant Register**"); *provided* that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any Advances or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such Advance or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(e) **Certain Pledges.** Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank; *provided* that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

#### **SECTION 8.08      *Confidentiality.***

Each of the Administrative Agent and the Lenders agrees to maintain the confidentiality of the Confidential Information, except that Confidential Information may be disclosed (a) to its Related Parties (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Confidential Information and instructed to keep such Confidential Information confidential); (b) to the extent required or requested by any regulatory authority purporting to have jurisdiction over such Person or its Related Parties (including any state, federal or foreign authority or examiner regulating banks, banking or other financial institutions and any self-regulatory authority, such as the National Association of Insurance Commissioners); (c) to the extent required by Applicable Law or by any subpoena or similar legal process; (d) to any other party hereto; (e) in connection with the exercise of any remedies

hereunder or under any other Loan Document or any action or proceeding relating to this Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder; (f) subject to an agreement containing provisions substantially the same as those of this Section, to (i) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights and obligations under this Agreement, (ii) any actual or prospective party (or its Related Parties) to any swap, derivative or other transaction under which payments are to be made by reference to the Borrower and its obligations, this Agreement or payments hereunder or (iii) any credit insurance provider relating to the Borrower and its obligations; (g) on a confidential basis to (i) any rating agency in connection with rating the Borrower or its Subsidiaries or this Agreement or (ii) the CUSIP Service Bureau or any similar agency in connection with the issuance and monitoring of CUSIP numbers with respect to this Agreement; (h) with the consent of the Borrower; or (i) to the extent such Confidential Information (x) becomes publicly available other than as a result of a breach of this Section, or (y) becomes available to the Administrative Agent or any Lender or any of their respective Affiliates on a nonconfidential basis from a source other than the Borrower. Any Person required to maintain the confidentiality of Confidential Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Confidential Information as such Person would accord to its own confidential information. It is agreed that, notwithstanding the restrictions of any prior confidentiality agreement binding on the Arranger or the Administrative Agent, such parties may disclose Confidential Information as provided in this Section 8.08.

**SECTION 8.09**      *Governing Law.*

THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

**SECTION 8.10**      *Severability; Survival; Entire Agreement.*

(a) Any provision of this Agreement held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions hereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

(b) All covenants, agreements, representations and warranties made by the Borrower herein and in the other Loan Documents and in the certificates or other instruments delivered in connection with or pursuant to this Agreement or any other Loan Document shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery of this Agreement and the making of any Advances, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent, the Arranger, any Lender or any Affiliate of any of the foregoing may have had notice or knowledge of any Default or incorrect representation or warranty at the time the Loan Document is executed and delivered or any credit is extended hereunder, and shall continue in full force and effect as long as the principal of or any accrued interest on any Advance or any fee or any other amount payable under this Agreement is outstanding and unpaid and so long as the Commitments have not expired or terminated. The provisions of Sections 2.10, 2.13, 2.15(b)

and 8.04 and Article VII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the repayment of the Advances, the expiration or termination of the Commitments or the termination of this Agreement or any provision hereof.

(c) The Loan Documents constitute the entire contract among the parties relative to the subject matter hereof. Any previous agreement, written or oral, among the parties with respect to the subject matter hereof is superseded by this Agreement, except as expressly stated in any other Loan Document.

**SECTION 8.11**      *Execution in Counterparts.*

This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by fax or other electronic imaging shall be effective as delivery of a manually executed counterpart of this Agreement.

**SECTION 8.12**      *Jurisdiction, Etc.*

(a) EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF ANY NEW YORK STATE COURT OR FEDERAL COURT OF THE UNITED STATES OF AMERICA SITTING IN NEW YORK CITY, THE COUNTY OF NEW YORK, AND ANY APPELLATE COURT FROM ANY THEREOF, IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, OR FOR RECOGNITION OR ENFORCEMENT OF ANY JUDGMENT, AND EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN ANY SUCH NEW YORK STATE COURT OR, TO THE EXTENT PERMITTED BY LAW, IN SUCH FEDERAL COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS AGREEMENT SHALL AFFECT ANY RIGHT THAT ANY PARTY MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT IN THE COURTS OF ANY JURISDICTION.

(b) EACH OF THE PARTIES HERETO IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT IT MAY LEGALLY AND EFFECTIVELY DO SO, ANY OBJECTION THAT IT MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY SUIT, ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT IN ANY NEW YORK STATE OR FEDERAL COURT REFERRED TO IN SECTION 8.12(a). EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, THE DEFENSE OF AN INCONVENIENT FORUM TO THE MAINTENANCE OF SUCH ACTION OR PROCEEDING IN ANY SUCH COURT.

(c) THE BORROWER HEREBY WAIVES PERSONAL SERVICE OF ANY AND ALL PROCESS AND AGREES THAT ALL SUCH SERVICE OF PROCESS MAY BE MADE UPON THE BORROWER BY CERTIFIED OR REGISTERED MAIL, RETURN RECEIPT REQUESTED, ADDRESSED TO THE BORROWER AT THE ADDRESS SET FORTH IN THIS AGREEMENT AND SERVICE SO MADE SHALL BE COMPLETE TEN (10) DAYS AFTER THE SAME HAS BEEN POSTED. NOTHING IN THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT WILL AFFECT THE RIGHT OF ANY PARTY HERETO TO SERVE PROCESS IN ANY OTHER MANNER PERMITTED BY LAW.

**SECTION 8.13**      *Waiver of Jury Trial.*

EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THE LOAN DOCUMENTS OR THE TRANSACTIONS CONTEMPLATED THEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY) AND AGREES THAT ANY SUCH ACTION OR PROCEEDING SHALL BE TRIED BEFORE A COURT AND NOT BEFORE A JURY. EACH PARTY HERETO ACKNOWLEDGES THAT THIS WAIVER IS A MATERIAL INDUCEMENT TO ENTER INTO A BUSINESS RELATIONSHIP, THAT EACH HAS RELIED ON THE WAIVER IN ENTERING INTO THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS, AND THAT EACH WILL CONTINUE TO RELY ON THIS WAIVER IN THEIR RELATED FUTURE DEALINGS. EACH PARTY HERETO WARRANTS AND REPRESENTS THAT EACH HAS HAD THE OPPORTUNITY OF REVIEWING THIS JURY WAIVER WITH LEGAL COUNSEL, AND THAT EACH KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS.

**SECTION 8.14**      *USA Patriot Act.*

Each of the Lenders and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Borrower that, (a) pursuant to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law as of October 26, 2001)) (as amended, restated, modified or otherwise supplemented from time to time, the “*Patriot Act*”), it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow such Lender or the Administrative Agent, as applicable, to identify the Borrower in accordance with the Patriot Act and (b) pursuant to the Beneficial Ownership Regulation, it is required to obtain a Beneficial Ownership Certificate.

**SECTION 8.15**      *No Fiduciary Duty.*

The Administrative Agent, the Arranger, each Lender and each of their respective Affiliates and each of their respective officers, directors, controlling persons, employees, agents and advisors (collectively, solely for purposes of this Section 8.15, the “*Lenders*”) may be engaged, for their own accounts or the accounts of customers, in a broad range of transactions that involve interests that differ from those the Borrower and its Affiliates, and none of the Lenders has any obligation to disclose any of such interests to the Borrower or any of their Affiliates. The Borrower agrees that nothing in the Loan Documents or otherwise will be

deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty between the Lenders and the Borrower, its stockholders or its Affiliates. The Borrower acknowledges and agrees that (i) the transactions contemplated by the Loan Documents are arm's-length commercial transactions between the Lenders, on the one hand, and the Borrower, on the other, (ii) in connection therewith and with the process leading to such transaction each of the Lenders is acting solely as a principal and not the agent or fiduciary of the Borrower, its management, stockholders, creditors or any other person, (iii) no Lender has assumed an advisory or fiduciary responsibility in favor of the Borrower with respect to the transactions contemplated hereby or the process leading thereto (irrespective of whether any Lender or any of its Affiliates has advised or is currently advising the Borrower on other matters) or any other obligation to the Borrower except the obligations expressly set forth in the Loan Documents and (iv) the Borrower has consulted its own legal and financial advisors to the extent it deemed appropriate. The Borrower further acknowledges and agrees that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto. The Borrower agrees that it will not claim, and hereby waives and releases any claim to the fullest extent permitted by law, that any Lender (x) has rendered advisory services of any nature or respect, (y) has committed a breach of agency, fiduciary or similar duty, or (z) owes a duty of agency, fiduciary or similar duty to the Borrower, in each case in connection with such transaction or the process leading thereto.

**SECTION 8.16      *Interest Rate Limitation.***

Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Advance, together with all fees, charges and other amounts which are treated as interest on such Advance under applicable law (collectively, the "***Charges***"), shall exceed the maximum lawful rate (the "***Maximum Rate***") which may be contracted for, charged, taken, received or reserved by the Lender making such Advance in accordance with applicable law, the rate of interest payable in respect of such Advance hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Advance but were not payable as a result of the operation of this Section 8.16 shall be cumulated and the interest and Charges payable to such Lender in respect of other Advances or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Applicable Margin to the date of repayment, shall have been received by such Lender.

**SECTION 8.17      *Defaulting Lenders.***

(a) ***Defaulting Lender Adjustments.*** Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as such Lender is no longer a Defaulting Lender, to the extent permitted by Applicable Law:

(i) ***Waivers and Amendments.*** Such Defaulting Lender's right to approve or disapprove any amendment, waiver or consent with respect to this Agreement shall be restricted as set forth in the definition of Required Lenders and in Section 8.01.

(ii) ***Defaulting Lender Waterfall.*** Any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of such

Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Article VI or otherwise) or received by the Administrative Agent from a Defaulting Lender pursuant to Section 8.05 shall be applied at such time or times as may be determined by the Administrative Agent as follows: *first*, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder; *second*, as the Borrower may request (so long as no Default exists), to the funding of any Advance in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; *third*, if so determined by the Administrative Agent and the Borrower, to be held in a deposit account and released pro rata in order to satisfy such Defaulting Lender's potential future funding obligations with respect to Advances under this Agreement; *fourth*, to the payment of any amounts owing to the Lenders as a result of any judgment of a court of competent jurisdiction obtained by any Lender against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; *fifth*, so long as no Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; and *sixth*, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction; *provided* that, if (x) such payment is a payment of the principal amount of any Advances in respect of which such Defaulting Lender has not fully funded its appropriate share, and (y) such Advances were made at a time when the conditions set forth in Section 3.02 were satisfied or waived, such payment shall be applied solely to pay the Advances of all Non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Advances of such Defaulting Lender until such time as all Advances are held by the Lenders pro rata in accordance with the Commitments. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender pursuant to this Section 8.17(a)(ii) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

(iii) ***Reduction of Commitments.*** The Borrower may terminate the Commitment of any Lender that is a Defaulting Lender upon not less than three Business Days' prior notice to the Administrative Agent (which shall promptly notify the Lenders thereof), and in such event the provisions of Section 8.17(a)(ii) will apply to all amounts thereafter paid by the Borrower for the account of such Defaulting Lender under this Agreement (whether on account of principal, interest, fees, indemnity or other amounts); *provided* that (i) no Event of Default shall have occurred and be continuing and (ii) such termination shall not be deemed to be a waiver or release of any claim the Borrower, the Administrative Agent or any Lender may have against such Defaulting Lender.

(b) ***Defaulting Lender Cure.*** If the Borrower and the Administrative Agent agree in writing that a Lender is no longer a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein, that Lender will, to the extent applicable, purchase at par that portion of outstanding Advances of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Advances to be held pro rata by the Lenders in accordance with the Commitments, whereupon such Lender will cease to be a

Defaulting Lender; *provided* that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while that Lender was a Defaulting Lender; and *provided, further*, that except to the extent otherwise expressly agreed in writing by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

**SECTION 8.18      *Acknowledgment and Consent to Bail-In of EEA Financial Institutions.***

Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Lender that is an EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any Lender that is an EEA Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(c) the variation of the terms of such liability in connection with the exercise of the Write-Down and Conversion Powers of any EEA Resolution Authority.

**SECTION 8.19      *Certain ERISA Matters.***

(a) Each Lender (x) represents and warrants, as of the date such person became a Lender party hereto, to, and (y) covenants, from the date such person became a Lender party hereto to the date such person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arranger and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that at least one of the following is and will be true:

(i) such Lender is not using "plan assets" (within the meaning of Section 3(42) of ERISA or otherwise) of one or more Benefit Plans with respect to such Lender's entrance into, participation in, administration of and performance of the Advances, the Commitments or this Agreement,

- (ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender's entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement,
- (iii) (A) such Lender is an investment fund managed by a "Qualified Professional Asset Manager" (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Advances, the Commitments and this Agreement, (C) the entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender's entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement, or
- (iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless either (1) sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or (2) Lender has provided another representation, warranty and covenant in accordance with sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such person became a Lender party hereto, to, and (y) covenants, from the date such person became a Lender party hereto to the date such person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arranger and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that none of the Administrative Agent, Arranger or any of their respective Affiliates is a fiduciary with respect to the assets of such Lender involved in such Lender's entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related hereto or thereto).

**SECTION 8.20      *Acknowledgement Regarding Any Supported QFCs.***

(a) To the extent that the Loan Documents provide support, through a guarantee or otherwise, for Hedge Agreements or any other agreement or instrument that is a QFC (such support, “QFC Credit Support” and, each such QFC, a “Supported QFC”), the parties acknowledge and agree as follows with respect to the resolution power of the FDIC under the Federal Deposit Insurance Act and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (together with the regulations promulgated thereunder, the “U.S. Special Resolution Regimes”) in respect of such Supported QFC and QFC Credit Support (with the provisions below applicable notwithstanding that the Loan Documents and any Supported QFC may in fact be stated to be governed by the laws of the State of New York and/or of the United States or any other state of the United States):

(b) In the event a Covered Entity that is party to a Supported QFC (each, a “Covered Party”) becomes subject to a proceeding under a U.S. Special Resolution Regime, the transfer of such Supported QFC and the benefit of such QFC Credit Support (and any interest and obligation in or under such Supported QFC and such QFC Credit Support, and any rights in property securing such Supported QFC or such QFC Credit Support) from such Covered Party will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if the Supported QFC and such QFC Credit Support (and any such interest, obligation and rights in property) were governed by the laws of the United States or a state of the United States. In the event a Covered Party or a BHC Act Affiliate of a Covered Party becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights under the Loan Documents that might otherwise apply to such Supported QFC or any QFC Credit Support that may be exercised against such Covered Party are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if the Supported QFC and the Loan Documents were governed by the laws of the United States or a state of the United States. Without limitation of the foregoing, it is understood and agreed that rights and remedies of the parties with respect to a Defaulting Lender shall in no event affect the rights of any Covered Party with respect to a Supported QFC or any QFC Credit Support.

(c) As used in this Section 8.20, the following terms have the following meanings:

“BHC Act Affiliate” of a party means an “affiliate” (as such term is defined under, and interpreted in accordance with, 12 U.S.C. 1841(k)) of such party.

“Covered Entity” means any of the following:

(i) a “covered entity” as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 252.82(b);

(ii) a “covered bank” as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 47.3(b); or

(iii) a “covered FSI” as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b).

“Default Right” has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable.

“QFC” has the meaning assigned to the term “qualified financial contract” in, and shall be interpreted in accordance with, 12 U.S.C. 5390(c)(8)(D).

## CREDIT AGREEMENT

CREDIT AGREEMENT, dated as of July 22, 2022 (this “*Agreement*”), among KENTUCKY POWER COMPANY, a Kentucky corporation (the “*Borrower*”), the banks, financial institutions and other institutional lenders listed on the signatures pages hereof (the “*Initial Lenders*”), and THE BANK OF NOVA SCOTIA (“*BNS*”), as administrative agent (in such capacity, and together with its successors appointed pursuant to the terms of this Agreement, the “*Administrative Agent*”) for the Lenders (as hereinafter defined).

### PRELIMINARY STATEMENT:

WHEREAS, the Borrower has requested that the Lenders, on the terms and conditions set forth herein, provide the Borrower a \$150,000,000 term loan credit facility to be used for general corporate purposes. The Lenders have indicated their willingness to provide such a facility on the terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements contained herein, the parties hereto hereby agree as follows:

## ARTICLE I DEFINITIONS AND ACCOUNTING TERMS

### SECTION 1.01 *Certain Defined Terms.*

As used in this Agreement, the following terms shall have the following meanings (such meanings to be equally applicable to both the singular and plural forms of the terms defined):

“*Act*” has the meaning specified in Section 4.01(l).

“*Adjustment Margins*” has the meaning specified in Section 2.08(f).

“*Adjusted Term SOFR*” means, for purposes of any calculation, the rate per annum equal to (a) Term SOFR for such calculation plus (b) the Term SOFR Adjustment; provided that if Adjusted Term SOFR as so determined shall ever be less than the Floor, then Adjusted Term SOFR shall be deemed to be the Floor.

“*Administrative Agent*” has the meaning specified in the recital of parties to this Agreement.

“*Administrative Questionnaire*” means an administrative questionnaire in a form supplied by the Administrative Agent.

“*Advance*” means an advance by a Lender to a Borrower as part of a Borrowing and refers to a Base Rate Advance or a SOFR Advance.

“*Advance A*” means the Advance proposed to be funded on the Closing Date, in an amount not to exceed \$75,000,000.

“**Advance B**” means the proposed Advance to be funded pursuant to Section 3.02, in an amount not to exceed \$75,000,000.

“**AEP**” means American Electric Power Company, Inc., a New York corporation.

“**Affiliate**” means, as to any Person, any other Person that, directly or indirectly, controls, is controlled by or is under common control with such Person or is a director or officer of such Person. For purposes of this definition, the term “control” (including the terms “controlling”, “controlled by” and “under common control with”) of a Person means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of such Person, whether through the ownership of Voting Stock, by contract or otherwise.

“**Agent Parties**” has the meaning specified in Section 8.02(c).

“**Agent’s Account**” means the account of the Administrative Agent designated from time to time by the Administrative Agent in a written notice to the Lenders and the Borrower.

“**Anti-Corruption Laws**” means all laws, rules, and regulations of any jurisdiction applicable to the Borrower or its Subsidiaries from time to time concerning or relating to bribery, money laundering or corruption.

“**Applicable Law**” means (i) all applicable common law and principles of equity and (ii) all applicable provisions of all (A) constitutions, statutes, rules, regulations and orders of Governmental Authorities, (B) Governmental Approvals and (C) orders, decisions, judgments and decrees of all courts (whether at law or in equity or admiralty) and arbitrators.

“**Applicable Lending Office**” means, with respect to each Lender, such Lender’s Domestic Lending Office in the case of a Base Rate Advance and such Lender’s SOFR Lending Office in the case of a SOFR Advance.

“**Applicable Margin**” means (i) with respect to a SOFR Advance, 0.95% per annum, and (ii) with respect to a Base Rate Advance, 0.00% per annum; *provided* that the Applicable Margins set forth above shall be increased upon the occurrence and during the continuance of any Event of Default by 2.00% per annum.

“**Approved Fund**” means any Fund that is administered or managed by (i) a Lender, (ii) an Affiliate of a Lender or (iii) an entity or an Affiliate of an entity that administers or manages a Lender.

“**Available Tenor**” means, as of any date of determination and with respect to the then-current Benchmark, as applicable, (a) if such Benchmark is a term rate, any tenor for such Benchmark (or component thereof) that is or may be used for determining the length of an interest period pursuant to this Agreement or (b) otherwise, any payment period for interest calculated with reference to such Benchmark (or component thereof) that is or may be used for determining any frequency of making payments of interest calculated with reference to such Benchmark, in each case, as of such date and not including, for the avoidance of doubt, any tenor for such Benchmark that is then-removed from the definition of “Interest Period” pursuant to Section 2.18(iv).

“**Arranger**” means BNS in its capacity as lead arranger of the Facility.

“**Assignment and Assumption**” means an assignment and assumption entered into by a Lender and an Eligible Assignee (with the consent of any party whose consent is required by Section 8.07(b)), and accepted by the Administrative Agent, in substantially the form of Exhibit B hereto or any other form approved by the Administrative Agent.

“**Bail-In Action**” means the exercise of any Write-Down and Conversion Powers by the applicable EEA Resolution Authority in respect of any liability of an EEA Financial Institution.

“**Bail-In Legislation**” means, with respect to any EEA Member Country implementing Article 55 of Directive 2014/59/EU of the European Parliament and of the Council of the European Union, the implementing law for such EEA Member Country from time to time which is described in the EU Bail-In Legislation Schedule.

“**Bankruptcy Event**” means, with respect to any Person, such Person becomes the subject of a proceeding under any Debtor Relief Law, or has had a receiver, custodian, conservator, trustee, administrator, assignee for the benefit of creditors or similar Person charged with reorganization or liquidation of its business or assets (including the Federal Deposit Insurance Corporation or any other Governmental Authority acting in a similar capacity) appointed for it, or, in the good faith determination of the Administrative Agent, has taken any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any such proceeding or appointment; *provided* that, a Bankruptcy Event shall not result solely by virtue of any ownership interest, or acquisition of any equity interest, in such Person by a Governmental Authority so long as such ownership interest does not result in or provide such Person with immunity from the jurisdiction of courts within the United States or from the enforcement of judgments or writs of attachment on its assets or permit such Person (or such Governmental Authority) to reject, repudiate, disavow or disaffirm obligations under any agreement in which it commits to extend credit.

“**Base Rate**” means, at any time, the highest of (a) the rate of interest established by the Administrative Agent from time to time as the Administrative Agent’s prime rate (the “Prime Rate”), (b) the Federal Funds Rate plus 0.50% and (c) Adjusted Term SOFR for a three-month tenor in effect on such day plus 1.00%; each change in the Base Rate shall take effect simultaneously with the corresponding change or changes in the Prime Rate, the Federal Funds Rate or Adjusted Term SOFR, as applicable (provided that clause (c) shall not be applicable during any period in which Adjusted Term SOFR is unavailable or unascertainable).

“**Base Rate Advance**” means an Advance that bears interest as provided in Section 2.07(a).

“**Benchmark**” means, initially, the Term SOFR Reference Rate; provided that if a Benchmark Transition Event has occurred with respect to the Term SOFR Reference Rate or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement to the extent that such Benchmark Replacement has replaced such prior benchmark rate pursuant to Section 2.18(i).

**“Benchmark Replacement”** means, with respect to any Benchmark Transition Event, the sum of: (a) the alternate benchmark rate that has been selected by the Administrative Agent and the Borrower giving due consideration to (i) any selection or recommendation of a replacement benchmark rate or the mechanism for determining such a rate by the Relevant Governmental Body or (ii) any evolving or then-prevailing market convention for determining a benchmark rate as a replacement to the then-current Benchmark for Dollar-denominated syndicated credit facilities and (b) the related Benchmark Replacement Adjustment; provided that, if such Benchmark Replacement as so determined would be less than the Floor, such Benchmark Replacement will be deemed to be the Floor for the purposes of this Agreement and the other Loan Documents.

**“Benchmark Replacement Adjustment”** means, with respect to any replacement of the then-current Benchmark with an Unadjusted Benchmark Replacement for any applicable Available Tenor, the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected by the Administrative Agent and the Borrower giving due consideration to (a) any selection or recommendation of a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement by the Relevant Governmental Body or (b) any evolving or then-prevailing market convention for determining a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement for Dollar-denominated syndicated credit facilities.

**“Benchmark Replacement Date”** means the earlier to occur of the following events with respect to the then-current Benchmark:

(a) in the case of clause (a) or (b) of the definition of “Benchmark Transition Event,” the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of such Benchmark (or the published component used in the calculation thereof) permanently or indefinitely ceases to provide all Available Tenors of such Benchmark (or such component thereof); or

(b) in the case of clause (c) of the definition of “Benchmark Transition Event,” the first date on which such Benchmark (or the published component used in the calculation thereof) has been determined and announced by the regulatory supervisor for the administrator of such Benchmark (or such component thereof) to be non-representative; provided that such non-representativeness will be determined by reference to the most recent statement or publication referenced in such clause (c) and even if any Available Tenor of such Benchmark (or such component thereof) continues to be provided on such date.

For the avoidance of doubt, the “Benchmark Replacement Date” will be deemed to have occurred in the case of clause (a) or (b) with respect to any Benchmark upon the occurrence of the applicable event or events set forth therein with respect to all then-current Available Tenors of such Benchmark (or the published component used in the calculation thereof).

**“Benchmark Transition Event”** means the occurrence of one or more of the following events with respect to the then-current Benchmark:

(a) a public statement or publication of information by or on behalf of the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that such administrator has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof), permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof);

(b) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof), the FRB, the Federal Reserve Bank of New York, an insolvency official with jurisdiction over the administrator for such Benchmark (or such component), a resolution authority with jurisdiction over the administrator for such Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for such Benchmark (or such component), which states that the administrator of such Benchmark (or such component) has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof) permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof); or

(c) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that all Available Tenors of such Benchmark (or such component thereof) are not, or as of a specified future date will not be, representative.

For the avoidance of doubt, a “Benchmark Transition Event” will be deemed to have occurred with respect to any Benchmark if a public statement or publication of information set forth above has occurred with respect to each then-current Available Tenor of such Benchmark (or the published component used in the calculation thereof).

“**Benchmark Transition Start Date**” means, in the case of a Benchmark Transition Event, the earlier of (a) the applicable Benchmark Replacement Date and (b) if such Benchmark Transition Event is a public statement or publication of information of a prospective event, the 90th day prior to the expected date of such event as of such public statement or publication of information (or if the expected date of such prospective event is fewer than 90 days after such statement or publication, the date of such statement or publication).

“**Benchmark Unavailability Period**” means the period (if any) (x) beginning at the time that a Benchmark Replacement Date has occurred if, at such time, no Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 2.18(i) and (y) ending at the time that a Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 2.18(i).

“**Beneficial Ownership Certification**” means a certification regarding beneficial ownership as required by the Beneficial Ownership Regulation.

“**Beneficial Ownership Regulation**” means 31 C.F.R. § 1010.230.

“**Benefit Plan**” means any of (i) an “employee benefit plan” (as defined in Section 3(3) of ERISA) that is subject to Title I of ERISA, (ii) a “plan” as defined in Section 4975 of the Internal Revenue Code to which Section 4975 of the Internal Revenue Code applies, and (iii) any Person whose assets include (for purposes of the Plan Asset Regulations or otherwise for purposes of Title I of ERISA or Section 4975 of the Internal Revenue Code) the assets of any such “employee benefit plan” or “plan”.

“**BNS**” has the meaning specified in the recital of parties to this Agreement.

“**Borrower**” has the meaning specified in the recital of parties to this Agreement.

“**Borrowing**” means a borrowing by the Borrower consisting of simultaneous Advances of the same Type, having the same Interest Period and ratably made or Converted on the same day by each of the Lenders pursuant to Section 2.02 or 2.09, as the case may be. All Advances to the Borrower of the same Type, having the same Interest Period and made or Converted on the same day shall be deemed a single Borrowing hereunder until repaid or next Converted.

“**Borrowing Date**” means the date of any Borrowing.

“**Business Day**” means a day of that is not a Saturday or Sunday or other day on which the Federal Reserve Bank of New York is Closed.

“**Change in Law**” means the occurrence, after the date of this Agreement, of any of the following: (i) the adoption or taking effect of any law, rule, regulation or treaty, (ii) any change in any law, rule, regulation or treaty or in the administration, interpretation, implementation or application thereof by any Governmental Authority or (iii) the making or issuance of any request, rule, guideline or directive (whether or not having the force of law) by any Governmental Authority; provided that notwithstanding anything herein to the contrary, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith and (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a “Change in Law”, regardless of the date enacted, adopted or issued.

“**Charges**” has the meaning specified in Section 8.16.

“**Commitment**” means, for each Lender at any time on any day, the obligation of such Lender to make Advances to the Borrower in an aggregate amount no greater than the amount set forth on Schedule I hereto or, if such Lender has entered into any Assignment and Assumption, set forth for such Lender in the Register maintained by the Administrative Agent pursuant to Section 8.07(c). The initial amount of each Lender’s Commitment as of the Closing Date is set forth on Schedule I hereto, or in the Assignment and Assumption pursuant to which such Lender shall have assumed its Commitment, as applicable.

“**Closing Date**” means July 22, 2022.

**“Commitment Percentage”** means, as to any Lender as of any date of determination, the percentage describing such Lender’s pro rata share of the Commitments set forth in the Register from time to time; *provided* that in the case of Section 8.17 when a Defaulting Lender shall exist, **“Commitment Percentage”** means the percentage of the total Commitments (disregarding any Defaulting Lender’s Commitment) represented by such Lender’s Commitment. If the Commitments have terminated or expired, the Commitment Percentages shall be determined based upon the Commitments most recently in effect, giving effect to any assignments and to any Lender’s status as a Defaulting Lender at the time of determination.

**“Commitments”** means, at any time on any day, the aggregate amount for all Lenders of each Lender’s Commitment then in effect hereunder. The initial amount of the Commitments hereunder on the Closing Date is \$150,000,000.

**“Communications”** has the meaning specified in Section 8.02(b).

**“Confidential Information”** means all information relating the Borrower or any of its Subsidiaries or their businesses that the Borrower furnishes to the Administrative Agent, the Arranger or any Lender in a writing clearly identified at the time of delivery as confidential, but does not include any such information that is or becomes generally available to the public or that is or becomes available to the Administrative Agent, the Arranger or such Lender from a source other than the Borrower.

**“Conforming Changes”** means, with respect to either the use or administration of Term SOFR or the use, administration, adoption or implementation of any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Base Rate,” the definition of “Business Day,” the definition of “U.S. Government Securities Business Day,” the definition of “Interest Period” or any similar or analogous definition (or the addition of a concept of “interest period”), timing and frequency of determining rates and making payments of interest, timing of borrowing requests or prepayment, conversion or continuation notices, the applicability and length of lookback periods, the applicability of Section 7.10 and other technical, administrative or operational matters) that the Administrative Agent decides may be appropriate to reflect the adoption and implementation of any such rate or to permit the use and administration thereof by the Administrative Agent in a manner substantially consistent with market practice (or, if the Administrative Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Administrative Agent determines that no market practice for the administration of any such rate exists, in such other manner of administration as the Administrative Agent decides is reasonably necessary in connection with the administration of this Agreement and the other Loan Documents).

**“Connection Income Taxes”** means Other Connection Taxes that are imposed on or measured by net income (however denominated) or that are franchise Taxes or branch profits Taxes.

**“Consolidated Capital”** means the sum of (i) Consolidated Debt of the Borrower and (ii) the consolidated equity of all classes of stock (whether common, preferred, mandatorily convertible preferred or preference) of the Borrower, in each case determined in accordance with GAAP, but including Equity-Preferred Securities issued by the Borrower and its Consolidated

Subsidiaries and excluding the funded pension and other postretirement benefit plans, net of tax, components of accumulated other comprehensive income (loss).

**“Consolidated Debt”** of the Borrower means the total principal amount of all Debt described in clauses (i) through (v) of the definition of Debt and Guaranties of such Debt of the Borrower and its Consolidated Subsidiaries, excluding, however, (i) Debt of AEP Credit, Inc. that is non-recourse to the Borrower and its Consolidated Subsidiaries in respect of the sale of accounts receivable by the Borrower or its Consolidated Subsidiaries, (ii) Stranded Cost Recovery Bonds, and (iii) Equity-Preferred Securities not to exceed 10% of Consolidated Capital (calculated for purposes of this clause without reference to any Equity-Preferred Securities); *provided* that Guaranties of Debt included in the total principal amount of Consolidated Debt shall not be added to such total principal amount.

**“Consolidated Subsidiary”** means, with respect to any Person at any time, any Subsidiary or other Person the accounts of which would be consolidated with those of such first Person in its consolidated financial statements in accordance with Generally Accepted Accounting Principles.

**“Consolidated Tangible Net Assets”** means, on any date of determination and with respect to any Person at any time, the total of all assets (including revaluations thereof as a result of commercial appraisals, price level restatement or otherwise) appearing on the consolidated balance sheet of such Person and its Consolidated Subsidiaries most recently delivered to the Lenders pursuant to Section 5.01(i) as of such date of determination, net of applicable reserves and deductions, but excluding goodwill, trade names, trademarks, patents, unamortized debt discount and all other like intangible assets (which term shall not be construed to include such revaluations), less the aggregate of the consolidated current liabilities of such Person and its Consolidated Subsidiaries appearing on such balance sheet.

**“Convert”**, **“Conversion”** and **“Converted”** each refers to a conversion of Advances of one Type into Advances of the other Type, or the selection of new, or the renewal of the same, Interest Period for SOFR Advances, pursuant to Section 2.08, 2.09 or 2.12.

**“Credit Party”** means the Administrative Agent or any Lender.

**“Debt”** of any Person means, without duplication, (i) all indebtedness of such Person for borrowed money, (ii) all obligations of such Person for the deferred purchase price of property or services (other than trade payables not overdue by more than 60 days incurred in the ordinary course of such Person’s business), (iii) all obligations of such Person evidenced by notes, bonds, debentures or other similar instruments, (iv) all obligations of such Person as lessee under leases that have been, in accordance with GAAP, recorded as capital leases, including, without limitation, the leases described in clause (iv) of Section 5.02(c), (v) all obligations of such Person in respect of reimbursement agreements with respect to acceptances, letters of credit (other than trade letters of credit) or similar extensions of credit, (vi) all Guaranties and (vii) all reasonably quantifiable obligations under indemnities or under support or capital contribution agreements, and other reasonably quantifiable obligations (contingent or otherwise) to purchase or otherwise to assure a creditor against loss in respect of, or to assure an obligee against loss in respect of, all Debt of others referred to in clauses (i) through (vi) above guaranteed directly or indirectly in any manner by such Person, or in effect guaranteed directly or indirectly by such Person through

an agreement (A) to pay or purchase such Debt or to advance or supply funds for the payment or purchase of such Debt, (B) to purchase, sell or lease (as lessee or lessor) property, or to purchase or sell services, primarily for the purpose of enabling the debtor to make payment of such Debt or to assure the holder of such Debt against loss, (C) to supply funds to or in any other manner invest in the debtor (including any agreement to pay for property or services irrespective of whether such property is received or such services are rendered) or (D) otherwise to assure a creditor against loss.

**“Debtor Relief Laws”** means the Bankruptcy Code of the United States of America, and all other liquidation, conservatorship, bankruptcy, assignment for the benefit of creditors, moratorium, rearrangement, receivership, insolvency, reorganization, or similar debtor relief laws of the United States or other applicable jurisdictions from time to time in effect.

**“Default”** means any Event of Default or any event that would constitute an Event of Default but for the requirement that notice be given or time elapse or both.

**“Defaulting Lender”** means, subject to Section 8.17(b), any Lender that (i) has failed to (A) fund all or any portion of its Advances within two Business Days of the date such Advances were required to be funded hereunder unless such Lender notifies the Administrative Agent and the Borrower in writing that such failure is the result of such Lender’s good faith determination that one or more conditions precedent to funding (each of which conditions precedent, together with any applicable Default, shall be specifically identified in such writing) has not been satisfied, or (B) pay to any Credit Party any other amount required to be paid by it hereunder within two Business Days of the date when due, (ii) has notified the Borrower or any Credit Party in writing that it does not intend to comply with its funding obligations hereunder or generally under other agreements in which it commits to extend credit, or has made a public statement to that effect (unless such writing or public statement relates to such Lender’s obligation to fund an Advance hereunder and states that such position is based on such Lender’s good faith determination that a condition precedent to funding (which condition precedent, together with any applicable Default, shall be specifically identified in such writing or public statement) cannot be satisfied), (iii) has failed, within three Business Days after written request by the Administrative Agent or the Borrower, to confirm in writing to the Administrative Agent and the Borrower that it will comply with its prospective funding obligations hereunder (*provided* that, such Lender shall cease to be a Defaulting Lender pursuant to this clause (iii) upon receipt of such written confirmation by the Administrative Agent and the Borrower), or (iv) has become the subject of a Bankruptcy Event. Any determination by the Administrative Agent that a Lender is a Defaulting Lender under any one or more of clauses (i) through (iv) above shall be conclusive and binding absent manifest error, and such Lender shall be deemed to be a Defaulting Lender (subject to Section 8.17(b)) upon delivery of written notice of such determination to the Borrower and each Lender.

**“Disclosure Documents”** means (A) Borrower’s Report on Form 10-K, as filed with the SEC, for the fiscal year ended December 31, 2021, (B) Borrower’s Report on Form 10-Q, as filed with the SEC, for the fiscal quarter ended March 31, 2022 and the (c) Borrower’s Current Report on Form 8-K, as filed with the SEC after the date of filing the Borrower’s Report on Form 10-K for the period ended March 31, 2022 but prior to the Closing Date.

“**Dollars**” and the symbol “\$” mean lawful currency of the United States of America.

“**Domestic Lending Office**” means, with respect to any Lender, the office of such Lender specified as its “Domestic Lending Office” on such Lender’s Administrative Questionnaire or in the Assignment and Assumption pursuant to which it became a Lender, or such other office of such Lender as such Lender may from time to time specify in writing to the Borrower and the Administrative Agent.

“**EEA Financial Institution**” means (a) any credit institution or investment firm established in any EEA Member Country which is subject to the supervision of an EEA Resolution Authority, (b) any entity established in an EEA Member Country which is a parent of an institution described in clause (a) of this definition, or (c) any financial institution established in an EEA Member Country which is a subsidiary of an institution described in clauses (a) or (b) of this definition and is subject to consolidated supervision with its parent.

“**EEA Member Country**” means any of the member states of the European Union, Iceland, Liechtenstein, and Norway.

“**EEA Resolution Authority**” means any public administrative authority or any Person entrusted with public administrative authority of any EEA Member Country (including any delegee) having responsibility for the resolution of any EEA Financial Institution.

“**Eligible Assignee**” means any Person that meets the requirements to be an assignee under Section 8.07(b)(iii), (v) and (vi) (subject to such consents, if any, as may be required under Section 8.07(b)(iii)).

“**Environmental Action**” means any action, suit, demand, demand letter, claim, notice of non-compliance or violation, notice of liability or potential liability, investigation, proceeding, consent order or consent agreement relating in any way to any Environmental Law, Environmental Permit or Hazardous Materials or arising from alleged injury or threat of injury to health, safety or the environment, including, without limitation, (i) by any Governmental Authority for enforcement, cleanup, removal, response, remedial or other actions or damages and (ii) by any Governmental Authority or any third party for damages, contribution, indemnification, cost recovery, compensation or injunctive relief.

“**Environmental Law**” means any federal, state, local or foreign statute, law, ordinance, rule, regulation, code, order, judgment, decree or judicial or agency interpretation, policy or guidance relating to pollution or protection of the environment, health, safety or natural resources, including, without limitation, those relating to the use, handling, transportation, treatment, storage, disposal, release or discharge of Hazardous Materials.

“**Environmental Permit**” means any permit, approval, identification number, license or other authorization required under any Environmental Law.

“**Equity-Preferred Securities**” means (i) debt or preferred securities that are mandatorily convertible or mandatorily exchangeable into common shares of the Borrower and (ii) any other securities, however denominated, including but not limited to hybrid capital and trust originated preferred securities, (A) issued by the Borrower or any Consolidated Subsidiary of the Borrower,

(B) that are not subject to mandatory redemption or the underlying securities, if any, of which are not subject to mandatory redemption, (C) that are perpetual or mature no less than 30 years from the date of issuance, (D) the indebtedness issued in connection with which, including any guaranty, is subordinate in right of payment to the unsecured and unsubordinated indebtedness of the issuer of such indebtedness or guaranty, and (E) the terms of which permit the deferral of the payment of interest or distributions thereon to a date occurring after the Termination Date.

“**ERISA**” means the Employee Retirement Income Security Act of 1974, as amended from time to time, and the regulations promulgated and rulings issued thereunder.

“**ERISA Affiliate**” means, with respect to any Person, each trade or business (whether or not incorporated) that is considered to be a single employer with such entity within the meaning of Section 414(b), (c), (m) or (o) of the Internal Revenue Code.

“**ERISA Event**” means (i) the termination of or withdrawal from any Plan by the Borrower or any of its ERISA Affiliates, (ii) the failure by the Borrower or any of its ERISA Affiliates to comply with ERISA or the related provisions of the Internal Revenue Code with respect to any Plan or (iii) the failure by the Borrower or any of its Subsidiaries to comply with Applicable Law with respect to any Foreign Plan.

“**Erroneous Payment**” has the meaning assigned thereto in Section 7.11(a).

“**Erroneous Payment Deficiency Assignment**” has the meaning assigned thereto in Section 7.11(d).

“**Erroneous Payment Impacted Class**” has the meaning assigned thereto in Section 7.11(d).

“**Erroneous Payment Return Deficiency**” has the meaning assigned thereto in Section 7.11(d).

“**EU Bail-In Legislation Schedule**” means the EU Bail-In Legislation Schedule published by the Loan Market Association (or any successor person), as in effect from time to time.

“**Events of Default**” has the meaning specified in Section 6.01.

“**Exchange Act**” has the meaning specified in Section 6.01(f).

“**Excluded Taxes**” means any of the following Taxes imposed on or with respect to a Recipient or required to be withheld or deducted from a payment to a Recipient, (i) Taxes imposed on or measured by the net income (however denominated) of such Recipient, franchise Taxes or branch profits Taxes, in each case, (A) imposed as a result of such Recipient being organized under the laws of, or having its principal office or, in the case of any Lender, its Applicable Lending Office located in, the jurisdiction imposing such Tax (or any political subdivision thereof) or (B) that are Other Connection Taxes, (ii) in the case of a Lender, U.S. federal withholding Taxes imposed on amounts payable to or for the account of such Lender with respect to an applicable interest in an Advance or Commitment pursuant to a law in effect

on the date on which (A) such Lender acquires such interest in the Advance or Commitment (other than pursuant to an assignment request by the Borrower under Section 2.15(b) or (B) such Lender changes its Applicable Lending Office, except in each case to the extent that, pursuant to Section 2.14, amounts with respect to such Taxes were payable either to such Lender's assignor immediately before such Lender became a party hereto or to such Lender immediately before it changed its Applicable Lending Office, (iii) Taxes attributable to such Recipient's failure to comply with Section 2.14(g) and (iv) any U.S. federal withholding Taxes imposed under FATCA.

**"Facility"** means the aggregate commitment of the Lenders to make Advance A and Advance B to the Borrower hereunder up to a maximum of One Hundred Fifty Million Dollars (\$150,000,000).

**"FATCA"** means Sections 1471 through 1474 of the Internal Revenue Code, as of the date of this Agreement (or any amended or successor version that is substantively comparable and not materially more onerous to comply with) and any current or future regulations or official interpretations thereof.

**"Federal Funds Rate"** means, for any period, a fluctuating interest rate per annum (based on a year of 360 days and actual days elapsed and rounded upward to the nearest 1/100 of 1%) equal for each day during such period to the weighted average of the rates on overnight Federal funds transactions with members of the Federal Reserve System arranged by Federal funds brokers, as published for such day (or, if such day is not a Business Day, for the next preceding Business Day) by the Federal Reserve Bank of New York, or, if such rate is not so published for any day that is a Business Day, the average of the quotations for such day on such transactions received by the Administrative Agent from three Federal funds brokers of recognized standing selected by it.

**"Foreign Lender"** means a Lender that is not a U.S. Person.

**"Foreign Plan"** has the meaning specified in Section 4.01(i).

**"Fund"** means any Person (other than a natural Person) that is (or will be) engaged in making, purchasing, holding or otherwise investing in commercial loans and similar extensions of credit in the ordinary course of its activities.

**"Floor"** means a rate of interest equal to 0.00%.

**"GAAP"** has the meaning specified in Section 1.03.

**"Generally Accepted Accounting Principles"** means United States generally accepted accounting principles in effect from time to time.

**"Governmental Approval"** means any authorization, consent, approval, license or exemption of, registration or filing with, or report or notice to, any Governmental Authority.

**"Governmental Authority"** means the government of the United States of America or any other nation, or of any political subdivision thereof, whether state or local, and any agency,

authority, instrumentality, regulatory body, court, central bank or other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any supra-national bodies such as the European Union or the European Central Bank).

“**Guaranty**” of any Person means any obligation, contingent or otherwise, of such Person (i) to pay any Debt of any other Person or (ii) incurred in connection with the issuance by a third person of a Guaranty of Debt of any other Person (whether such obligation arises by agreement to reimburse or indemnify such third Person or otherwise).

“**Hazardous Materials**” means (i) petroleum and petroleum products, byproducts or breakdown products, radioactive materials, asbestos-containing materials, polychlorinated biphenyls and radon gas and (ii) any other chemicals, materials or substances designated, classified or regulated as hazardous or toxic or as a pollutant or contaminant under any Environmental Law.

“**Hedge Agreement**” means (a) any and all rate swap transactions, basis swaps, credit derivative transactions, forward rate transactions, commodity swaps, commodity options, forward commodity contracts, equity or equity index swaps or options, bond or bond price or bond index swaps or options or forward bond or forward bond price or forward bond index transactions, interest rate options, forward foreign exchange transactions, cap transactions, floor transactions, collar transactions, currency swap transactions, cross-currency rate swap transactions, currency options, spot contracts, or any other similar transactions or any combination of any of the foregoing (including any options to enter into any of the foregoing), whether or not any such transaction is governed by or subject to any master agreement, and (b) any and all transactions of any kind, and the related confirmations, which are subject to the terms and conditions of, or governed by, any form of master agreement published by the International Swaps and Derivatives Association, Inc., any International Foreign Exchange Master Agreement, or any other master agreement.

“**Indemnified Party**” has the meaning specified in Section 8.04(b).

“**Indemnified Taxes**” means (i) Taxes, other than Excluded Taxes, imposed on or with respect to any payment made by or on account of any obligation of the Borrower under any Loan Document and (ii) to the extent not otherwise described in clause (i), Other Taxes.

“**Initial Lenders**” has the meaning specified in the recital of parties to this Agreement.

“**Interest Period**” means, as to any SOFR Advance, the period commencing on the date such SOFR Advance is disbursed or converted to or continued as a SOFR Advance and ending on the date one (1) month or three (3) months thereafter, subject to availability; provided that:

(a) the Interest Period shall commence on the date of advance of or conversion to any SOFR Advance and, in the case of immediately successive Interest Periods, each successive Interest Period shall commence on the date on which the immediately preceding Interest Period expires;

(b) if any Interest Period would otherwise expire on a day that is not a Business Day, such Interest Period shall expire on the next succeeding Business Day; provided that if any Interest Period would otherwise expire on a day that is not a Business Day but is a day of the month after which no further Business Day occurs in such month, such Interest Period shall expire on the immediately preceding Business Day;

(c) any Interest Period that begins on the last Business Day of a calendar month (or on a day for which there is no numerically corresponding day in the calendar month at the end of such Interest Period) shall end on the last Business Day of the relevant calendar month at the end of such Interest Period;

(d) no Interest Period shall extend beyond the Termination Date and Interest Periods shall be selected by the Borrower so as to permit the Borrower to make the principal installment payments pursuant to Section 2.13 without payment of any amounts pursuant to Section 7.10;

(e) there shall be no more than one (1) Interest Period in effect at any time; and

(f) no tenor that has been removed from this definition pursuant to Section 2.18(iv) shall be available for specification in any Notice of Borrowing or notice of Conversion/continuation.

**“Internal Revenue Code”** means the Internal Revenue Code of 1986, as amended from time to time, and the regulations promulgated and rulings issued thereunder.

**“IRS”** means the United States Internal Revenue Service.

**“Lenders”** means the Initial Lenders and each other Person that shall become a party hereto pursuant to Section 8.07, in each case other than any such Person that shall have ceased to be a party hereto pursuant to Section 8.07.

**“Lending Office”** means, with respect to any Lender, the office of such Lender maintaining such Lender’s Advances, which office may, to the extent the applicable Lender notifies the Administrative Agent in writing, include an office of any Affiliate of such Lender or any domestic or foreign branch of such Lender or Affiliate.

**“Lien”** means any lien, security interest or other charge or encumbrance of any kind, or any other type of preferential arrangement, including, without limitation, the lien or retained security title of a conditional vendor and any easement, right of way or other encumbrance on title to real property.

**“Loan Documents”** means, collectively, (i) this Agreement, and (ii) any promissory note issued pursuant to Section 2.06(d), in each case, as amended, supplemented or modified from time to time.

**“Margin Regulations”** means Regulations T, U and X of the Board of Governors of the Federal Reserve System, as in effect from time to time.

**“Margin Stock”** has the meaning specified in the Margin Regulations.

**“Material Adverse Change”** means any material adverse change (i) in the business, condition (financial or otherwise) or operations of the Borrower and its Subsidiaries, taken as a whole, or (ii) that is reasonably likely to affect the legality, validity or enforceability of this Agreement or any other Loan Document against the Borrower or the ability of the Borrower to perform its obligations under this Agreement or any other Loan Document.

**“Material Adverse Effect”** means a material adverse effect (i) on the business, condition (financial or otherwise) or operations of the Borrower and its Subsidiaries, taken as a whole, or (ii) that is reasonably likely to affect the legality, validity or enforceability of this Agreement or any other Loan Document against the Borrower or the ability of the Borrower to perform its obligations under this Agreement or any other Loan Document.

**“Maximum Rate”** has the meaning specified in Section 8.18.

**“Moody’s”** means Moody’s Investors Service, Inc. and its successors.

**“Multiemployer Plan”** has the meaning specified in Section 4.01(i).

**“Non-Consenting Lender”** means any Lender that does not approve any consent, waiver or amendment that (i) requires the approval of all Lenders in accordance with the terms of Section 8.01 and (ii) has been approved by the Required Lenders.

**“Non-Defaulting Lender”** means, at any time, each Lender that is not a Defaulting Lender at such time.

**“Notice of Borrowing”** has the meaning specified in Section 2.02(a).

**“Other Connection Taxes”** means, with respect to any Recipient, Taxes imposed as a result of a present or former connection between such Recipient and the jurisdiction imposing such Tax (other than connections arising from such Recipient having executed, delivered, become a party to, performed its obligations under, received payments under, received or perfected a security interest under, engaged in any other transaction pursuant to or enforced any Loan Document, or sold or assigned an interest in any Advance, Commitment or Loan Document).

**“Other Taxes”** means all present or future stamp, court or documentary, intangible, recording, filing or similar Taxes that arise from any payment made under, from the execution, delivery, performance, enforcement or registration of, from the receipt or perfection of a security interest under, or otherwise with respect to, any Loan Document, except any such Taxes that are Other Connection Taxes imposed with respect to an assignment (other than an assignment made pursuant to Section 2.15(b)).

**“Participant”** has the meaning specified in Section 8.07(d).

**“Participant Register”** has the meaning specified in Section 8.07(d).

**“Patriot Act”** has the meaning specified in Section 8.14.

**“Payment Recipient”** has the meaning assigned thereto in Section 7.11(a).

**“Permitted Liens”** means such of the following as to which no enforcement, collection, execution, levy or foreclosure proceeding shall have been commenced: (i) Liens for taxes, assessments and governmental charges or levies to the extent not required to be paid under Section 5.01(g) hereof; (ii) Liens imposed by law, such as materialmen’s, mechanics’, carriers’, workmen’s and repairmen’s Liens, and other similar Liens arising in the ordinary course of business securing obligations that are not overdue for a period of more than 30 days or that are being contested in good faith by appropriate proceedings; (iii) Liens incurred or deposits made to secure obligations under workers’ compensation laws or similar legislation or to secure public or statutory obligations; (iv) easements, rights of way and other encumbrances on title to real property that do not render title to the property encumbered thereby unmarketable or materially adversely affect the use of such property for its present purposes; (v) any judgment Lien, unless an Event of Default under Section 6.01(g) shall have occurred and be continuing; (vi) any Lien on any asset of any Person existing at the time such Person is merged or consolidated with or into the Borrower or any Significant Subsidiary and not created in contemplation of such event; (vii) deposits made in the ordinary course of business to secure the performance of bids, trade contracts (other than for Debt), operating leases and surety bonds; (viii) Liens upon or in any real property or equipment acquired, constructed, improved or held by the Borrower or any Subsidiary in the ordinary course of business to secure the purchase price of such property or equipment or to secure Debt incurred solely for the purpose of financing the acquisition, construction or improvement of such property or equipment, or Liens existing on such property or equipment at the time of its acquisition (other than any such Liens created in contemplation of such acquisition that were not incurred to finance the acquisition of such property); (ix) extensions, renewals or replacements of any Lien described in clause (iii), (vi), (vii) or (viii) for the same or a lesser amount, *provided, however*, that no such Lien shall extend to or cover any properties not theretofore subject to the Lien being extended, renewed or replaced; and (x) any other Lien not covered by the foregoing exceptions as long as immediately after the creation of such Lien the aggregate principal amount of Debt secured by all Liens created or assumed under this clause (x) does not exceed 10% of Consolidated Tangible Net Assets of the Borrower.

**“Person”** means an individual, partnership, corporation (including a business trust), joint stock company, trust, unincorporated association, joint venture, limited liability company or other entity, or a government or any political subdivision or agency thereof.

**“Plan”** has the meaning specified in Section 4.01(i).

**“Platform”** has the meaning specified in Section 8.02(b).

**“PTE”** means a prohibited transaction class exemption issued by the U.S. Department of Labor, as any such exemption may be amended from time to time.

**“Recipient”** means (a) the Administrative Agent and (b) any Lender, as applicable.

**“Register”** has the meaning specified in Section 8.07(c).

**“Regulation AB”** means rules promulgated by the SEC found at C.F.R. 229.1100 et seq.

**“Related Parties”** means, with respect to any Person, such Person’s Affiliates and the partners, directors, officers, employees, agents, trustees, administrators, managers, advisors and representatives of such Person and of such Person’s Affiliates.

**“Relevant Governmental Body”** means the FRB or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the FRB or the Federal Reserve Bank of New York, or any successor thereto.

**“Removal Effective Date”** has the meaning specified in Section 7.06(b).

**“Replacement Rate”** has the meaning specified in Section 2.08(f).

**“Required Lenders”** means at any time Lenders having Advances and Commitments representing more than 50% of the sum of the then aggregate unpaid principal amount of the Advances owing to Lenders and Commitments in effect at such time. Subject to Section 8.01, the unpaid principal amount of the Advances owing to any Defaulting Lender and the Commitments of any Defaulting Lender shall be disregarded in determining Required Lenders at any time.

**“Resignation Effective Date”** has the meaning specified in Section 7.06(a).

**“Resolution Authority”** shall mean any Person which has authority to exercise any Write-down and Conversion Powers.

**“Restructuring Law”** means Texas Senate Bill 7, as enacted by the Legislature of the State of Texas and signed into law on June 18, 1999, Ohio Senate Bill No. 3, as enacted by the General Assembly of the State of Ohio and signed into law on July 6, 1999, or any similar law applicable to the Borrower or any Subsidiary of the Borrower governing the deregulation or restructuring of the electric power industry.

**“RTO Transaction”** means the transfer of transmission facilities to a regional transmission organization or equivalent organization as approved or ordered by the Federal Energy Regulatory Commission or the Kentucky Public Service Commission.

**“S&P”** means Standard & Poor’s Ratings Group, a division of The McGraw-Hill Companies, Inc.

**“Sanctioned Country”** means, at any time of determination, a country or territory which is the subject or target of any Sanctions.

**“Sanctioned Person”** means, at any time of determination, (a) any Person listed in any Sanctions-related list of designated Persons maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the U.S. Department of State, the United Nations Security Council, the European Union, any EU member state or Her Majesty’s Treasury of the United Kingdom, (b) any Person operating, organized or resident in a Sanctioned Country or (c) any Person controlled by or acting on behalf of any such Person described in the preceding clause (a) or (b). For purposes of the foregoing, ownership or control of a Person shall be deemed to include where a Sanctioned Person (i) owns or has power to vote 25% or more of the

issued and outstanding equity interests having ordinary voting power for the election of directors of the Person or other individuals performing similar functions for the Person, or (ii) has the power to direct or cause the direction of the management and policies of the Person, whether by ownership of equity interests, contracts or otherwise.

“**Sanctions**” means economic or financial sanctions or trade embargoes imposed, administered or enforced from time to time by (a) the U.S. government, including those administered by the Office of Foreign Assets Control of the U.S. Department of the Treasury or by the U.S. Department of State, or (b) the United Nations Security Council, the European Union, any EU member state, or Her Majesty’s Treasury of the United Kingdom.

“**SEC**” means the United States Securities and Exchange Commission.

“**Significant Subsidiary**” means, at any time, any Subsidiary of the Borrower that constitutes at such time a “significant subsidiary” of the Borrower (as such term is defined in Regulation S-X of the SEC as in effect on the Closing Date (17 C.F.R. Part 210)); *provided, however*, that “total assets” as used in Regulation S-X shall not include securitization transition assets, phase-in cost assets or similar assets on the balance sheet of any Subsidiary resulting from the issuance of transition bonds or other asset-backed securities of a similar nature.

“**SOFR**” means a rate equal to the secured overnight financing rate as administered by the SOFR Administrator.

“**SOFR Administrator**” means the Federal Reserve Bank of New York (or a successor administrator of the secured overnight financing rate).

“**SOFR Advance**” means any Advance bearing interest at a rate based on Term SOFR as provided in Section 2.07(b).

“**Stranded Cost Recovery Bonds**” means securities, however denominated, that are issued by the Borrower or any Consolidated Subsidiary of the Borrower that are (i) non-recourse to the Borrower and its Consolidated Subsidiaries (other than for failure to collect and pay over the charges referred to in clause (ii) below) and (ii) payable solely from transition or similar charges authorized by the Kentucky Public Service Commission and to be invoiced to customers of any Subsidiary of the Borrower or to retail electric providers.

“**Subsidiary**” of any Person means any corporation, partnership, joint venture, limited liability company, trust or estate of which (or in which) more than 50% of (i) the issued and outstanding capital stock having ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether at the time capital stock of any other class or classes of such corporation shall or might have voting power upon the occurrence of any contingency), (ii) the interest in the capital or profits of such limited liability company, partnership or joint venture or (iii) the beneficial interest in such trust or estate is at the time directly or indirectly owned or controlled by such Person, by such Person and one or more of its other Subsidiaries or by one or more of such Person’s other Subsidiaries.

“**Taxes**” means all present or future taxes, levies, imposts, duties, deductions, withholdings (including backup withholding), assessments, fees or other charges imposed by any Governmental Authority, including any interest, additions to tax or penalties applicable thereto.

“**Termination Date**” means the earlier to occur of (i) December 31, 2023, (ii) the date of termination in whole of the Commitments available to the Borrower pursuant to Section 2.04; *provided* that, concurrently with such termination, the Borrower has repaid or prepaid all Advances outstanding under the Facility, including any accrued and unpaid interest thereon, and paid all other amounts owed under the Loan Documents, and (iii) the declaration of outstanding Advances, all interest thereon and all other amounts payable under this Agreement to be due and payable, in each case pursuant to Section 6.01.

“**Term SOFR**” means,

(a) for any calculation with respect to a SOFR Advance, the Term SOFR Reference Rate for a tenor comparable to the applicable Interest Period on the day (such day, the “**Periodic Term SOFR Determination Day**”) that is two (2) U.S. Government Securities Business Days prior to the first day of such Interest Period, as such rate is published by the Term SOFR Administrator; provided, however, that if as of 5:00 p.m. (Eastern time) on any Periodic Term SOFR Determination Day the Term SOFR Reference Rate for the applicable tenor has not been published by the Term SOFR Administrator and a Benchmark Replacement Date with respect to the Term SOFR Reference Rate has not occurred, then Term SOFR will be the Term SOFR Reference Rate for such tenor as published by the Term SOFR Administrator on the first preceding U.S. Government Securities Business Day for which such Term SOFR Reference Rate for such tenor was published by the Term SOFR Administrator so long as such first preceding U.S. Government Securities Business Day is not more than three (3) U.S. Government Securities Business Days prior to such Periodic Term SOFR Determination Day, and

(b) for any calculation with respect to a Base Rate Loan on any day, the Term SOFR Reference Rate for a tenor of one month on the day (such day, the “**Base Rate Term SOFR Determination Day**”) that is two (2) U.S. Government Securities Business Days prior to such day, as such rate is published by the Term SOFR Administrator; provided, however, that if as of 5:00 p.m. (Eastern time) on any Base Rate Term SOFR Determination Day the Term SOFR Reference Rate for the applicable tenor has not been published by the Term SOFR Administrator and a Benchmark Replacement Date with respect to the Term SOFR Reference Rate has not occurred, then Term SOFR will be the Term SOFR Reference Rate for such tenor as published by the Term SOFR Administrator on the first preceding U.S. Government Securities Business Day for which such Term SOFR Reference Rate for such tenor was published by the Term SOFR Administrator so long as such first preceding U.S. Government Securities Business Day is not more than three (3) U.S. Government Securities Business Days prior to such Base Rate Term SOFR Determination Day.

“**Term SOFR Adjustment**” means a percentage equal to 0.10% per annum.

“**Term SOFR Administrator**” means CME Group Benchmark Administration Limited (CBA) (or a successor administrator of the Term SOFR Reference Rate selected by the Administrative Agent in its reasonable discretion).

“**Term SOFR Reference Rate**” means the forward-looking term rate based on SOFR.

“**Type**” refers to the distinction between Advances bearing interest at the Base Rate and Advances bearing interest at SOFR.

“**Unadjusted Benchmark Replacement**” means the applicable Benchmark Replacement excluding the related Benchmark Replacement Adjustment.

“**U.S. Government Securities Business Day**” means any day except for (a) a Saturday, (b) a Sunday or (c) a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in United States government securities; provided, that for purposes of notice requirements in Sections **Error! Reference source not found., Error! Reference source not found., Error! Reference source not found.**, 2.09 and 2.10, in each case, such day is also a Business Day.

“**U.S. Person**” means any Person that is a “United States Person” as defined in Section 7701(a)(30) of the Internal Revenue Code.

“**U.S. Tax Compliance Certificate**” has the meaning assigned to such term in Section 2.14(g)(ii)(B)(3).

“**Voting Stock**” means capital stock issued by a corporation, the membership interests in a limited liability company, or equivalent interests in any other Person, the holders of which are ordinarily, in the absence of contingencies, entitled to vote for the election of directors or managers (or Persons performing similar functions) of such Person, even if the right so to vote has been suspended by the happening of such a contingency.

“**Withholding Agent**” means the Borrower and the Administrative Agent.

“**Write-Down and Conversion Powers**” means, with respect to any EEA Resolution Authority, the write-down and conversion powers of such EEA Resolution Authority from time to time under the Bail-In Legislation for the applicable EEA Member Country, which write-down and conversion powers are described in the EU Bail-In Legislation Schedule.

## **SECTION 1.02      *Computation of Time Periods.***

In this Agreement in the computation of periods of time from a specified date to a later specified date, the word “from” means “from and including” and the words “to” and “until” each mean “to but excluding”.

## **SECTION 1.03      *Accounting Terms.***

All accounting terms not specifically defined herein shall be construed in accordance with Generally Accepted Accounting Principles consistent with those applied in the preparation of the financial statements referred to in Section 4.01(f) (“**GAAP**”); *provided* that (i) if the Borrower, by notice to the Administrative Agent, shall request an amendment to any provision hereof to eliminate the effect of any change occurring after the Closing Date in GAAP or in the

application thereof on the operation of such provision (or if the Administrative Agent or the Required Lenders, by notice to the Borrower, shall request an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP or in the application thereof, then such provision shall be interpreted on the basis of GAAP as in effect and applied immediately before such change shall have become effective until such notice shall have been withdrawn or such provision amended in accordance herewith and (ii) notwithstanding any other provision contained herein, all terms of an accounting or financial nature used herein shall be construed, and all computations of amounts and ratios referred to herein shall be made, without giving effect to any change to GAAP occurring after the Closing Date as a result of the adoption of any proposals set forth in the *Proposed Accounting Standards Update, Leases (Topic 840)*, issued by the Financial Accounting Standards Board on August 17, 2010, or any other proposals issued by the Financial Accounting Standards Board in connection therewith, in each case to the extent that such change would require treating any operating lease entered into on or prior to December 31, 2021 that would not otherwise constitute Debt as a capital lease where such operating lease would not constitute Debt and was not required to be so treated under GAAP as in effect on the Closing Date.

**SECTION 1.04**      *Other Interpretive Provisions.*

As used herein, except as otherwise specified herein, (i) references to any Person include its successors and assigns and, in the case of any Governmental Authority, any Person succeeding to its functions and capacities; (ii) references to any Applicable Law include amendments, supplements and successors thereto; (iii) references to specific sections, articles, annexes, schedules and exhibits are to this Agreement; (iv) words importing any gender include the other gender; (v) the singular includes the plural and the plural includes the singular; (vi) the words “including”, “include” and “includes” shall be deemed to be followed by the words “without limitation”; (vii) captions and headings are for ease of reference only and shall not affect the construction hereof; and (viii) references to any time of day shall be to New York, New York, New York time unless otherwise specified.

**SECTION 1.05**      *Rates.*

The Administrative Agent does not warrant or accept any responsibility for, and shall not have any liability with respect to, (a) the continuation of, administration of, submission of, calculation of or any other matter related to the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, or any component definition thereof or rates referred to in the definition thereof, or with respect to any alternative, successor or replacement rate thereto (including any Benchmark Replacement), including whether the composition or characteristics of any such alternative, successor or replacement rate (including any Benchmark Replacement), as it may or may not be adjusted pursuant to Section 2.18, will be similar to, or produce the same value or economic equivalence of, or have the same volume or liquidity as, the Term SOFR Reference Rate, Adjusted Term SOFR, Term SOFR or any other Benchmark prior to its discontinuance or unavailability, or (b) the effect, implementation or composition of any Conforming Changes. The Administrative Agent and its Affiliates or other related entities may engage in transactions that affect the calculation of the Term SOFR Reference Rate, Adjusted Term SOFR, Term SOFR, any alternative, successor or replacement rate (including any Benchmark Replacement) or any relevant adjustments thereto and such transactions may be adverse to the Borrower. The

Administrative Agent may select information sources or services in its reasonable discretion to ascertain the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, or any other Benchmark, any component definition thereof or rates referred to in the definition thereof, in each case pursuant to the terms of this Agreement, and shall have no liability to the Borrower, any Lender or any other person or entity for damages of any kind, including direct or indirect, special, punitive, incidental or consequential damages, costs, losses or expenses (whether in tort, contract or otherwise and whether at law or in equity), for any error or calculation of any such rate (or component thereof) provided by any such information source or service.

## **ARTICLE II AMOUNTS AND TERMS OF THE ADVANCES**

### **SECTION 2.01**      *The Advances.*

(a) Subject to the terms and conditions hereof, each Lender severally agrees, to make (i) Advance A to the Borrower on the Closing Date subject to the conditions set forth in Section 3.01 and (ii) Advance B to the Borrower on a date no later than ninety (90) days after the Closing Date subject to the conditions set forth in Section 3.03. The Borrower may make only two Borrowings under the Facility. Any amounts borrowed under this Section 2.01(a) and subsequently repaid or prepaid in respect of Advances may not be reborrowed.

### **SECTION 2.02**      *Making the Advances.*

(a) Each Borrowing shall consist of Advances of the same Type made on the same day by the Lenders ratably according to their respective Commitment Percentages. The Borrower shall give notice to the Administrative Agent, (i) not later than 11:00 A.M. one (1) Business Day prior to the Closing Date, of a Borrowing consisting of SOFR Advances to be made on the Closing Date, or (ii) not later than 9:30 A.M. on the Closing Date, in the case of a Borrowing consisting of Base Rate Advances to be made on the Closing Date, and the Administrative Agent shall give to each Lender prompt written notice of such Borrowing. Each such notice of a Borrowing under this Section 2.02 (a “*Notice of Borrowing*”) shall be by telephone, confirmed immediately in writing, or fax in substantially the form of Exhibit A hereto, specifying therein the requested (i) Borrowing Date for such Borrowing, (ii) Type of Advances comprising such Borrowing, (iii) aggregate amount of such Borrowing, and (iv) in the case of a Borrowing consisting of SOFR Advances, the initial Interest Period for each such Advance. Each Lender shall, before 12:00 Noon on the applicable Borrowing Date, make available for the account of its Applicable Lending Office to the Administrative Agent at the Agent’s Account, in same day funds, such Lender’s ratable portion of the Borrowing to be made on such Borrowing Date. After the Administrative Agent’s receipt of such funds and upon fulfillment of the applicable conditions set forth in Section 3.01 (with respect to Advance A) or Section 3.02 (with respect to Advance B), the Administrative Agent will promptly make such funds available to the Borrower in such manner as the Borrower shall have specified in the applicable Notice of Borrowing and as shall be reasonably acceptable to the Administrative Agent.

(b) Anything in subsection (a) above to the contrary notwithstanding, (i) the Borrower may not select SOFR Advances if the obligation of the Lenders to make SOFR shall then be suspended pursuant to Section 2.08(b), 2.08(e), 2.08(f), or 2.12.

(c) Each Notice of Borrowing shall be irrevocable and binding on the Borrower. In the case of any Borrowing that the related Notice of Borrowing specifies is to comprise SOFR Advances, the Borrower shall indemnify each Lender against any loss, cost or expense incurred by such Lender as a result of any failure to fulfill on or before the date specified in such Notice of Borrowing for such Borrowing the applicable conditions set forth in Section 3.01 (with respect to Advance A) or Section 3.02 (with respect to Advance B), including, without limitation, any loss (including loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund the Advance to be made by such Lender as part of such Borrowing when such Advance, as a result of such failure, is not made on such date.

(d) Unless the Administrative Agent shall have received notice in writing from a Lender prior to any Borrowing Date or, in the case of a Base Rate Advance, prior to the time of Borrowing, that such Lender will not make available to the Administrative Agent such Lender's Advance as part of the Borrowing to be made on such Borrowing Date, the Administrative Agent may, but shall not be required to, assume that such Lender has made such portion available to the Administrative Agent on such Borrowing Date in accordance with subsection (a) of this Section 2.02, and the Administrative Agent may (but it shall not be required to), in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that such Lender shall not have so made such Advance available to the Administrative Agent, such Lender and the Borrower severally agree to repay to the Administrative Agent forthwith on demand such corresponding amount, together with interest thereon, for each day from the date such amount is made available to the Borrower until the date such amount is repaid to the Administrative Agent, at (i) in the case of the Borrower, the interest rate applicable at the time to Advances comprising such Borrowing and (ii) in the case of such Lender, the Federal Funds Rate. If such Lender shall repay to the Administrative Agent such corresponding amount, such amount so repaid shall constitute such Lender's Advance as part of such Borrowing for purposes of this Agreement.

(e) The failure of any Lender to make the Advance to be made by it as part of any Borrowing shall not relieve any other Lender of its obligation, if any, hereunder to make its Advance on the date of such Borrowing, but no Lender shall be responsible for the failure of any other Lender to make the Advance to be made by such other Lender on the date of any Borrowing.

**SECTION 2.03**      *[Reserved].*

**SECTION 2.04**      *Termination of the Commitments.*

(a) The Commitment of each Lender shall terminate immediately and without further action on the Closing Date after giving effect to the funding of such Lender's Commitment on such date.

(b) Once terminated, neither a Commitment nor any portion thereof may be reinstated.

**SECTION 2.05      *Repayment of Advances.***

The Borrower shall repay to the Administrative Agent for the account of each Lender on the Termination Date the aggregate principal amount of all Advances made by such Lender to the Borrower then outstanding.

**SECTION 2.06      *Evidence of Indebtedness.***

(a) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness to such Lender resulting from each Advance made by such Lender from time to time, including the amounts of principal and interest payable and paid to such Lender from time to time under this Agreement.

(b) The Administrative Agent shall maintain accounts in which it will record (i) the amount of each Advance made hereunder, the Type of each Advance made and the Interest Period applicable thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder from the Borrower and each Lender's share thereof.

(c) The entries made in the accounts maintained pursuant to subsections (a) and (b) of this Section 2.06 shall, to the extent permitted by Applicable Law, be prima facie evidence of the existence and amounts of the obligations therein recorded; *provided, however*, that the failure of any Lender or the Administrative Agent to maintain such accounts or any error therein shall not in any manner affect the obligations of the Borrower to repay the Advances and interest thereon in accordance with the terms of this Agreement.

(d) Any Lender may request that any Advances made by it be evidenced by one or more promissory notes. In such event, the Borrower shall prepare, execute and deliver to such Lender one or more promissory notes payable to such Lender (or, if requested by such Lender, to such Lender and its registered assigns) and in a form approved by the Administrative Agent. Thereafter, the Advances evidenced by such promissory notes and interest thereon shall at all times (including after assignment pursuant to Section 8.07) be represented by one or more promissory notes in such form payable to the payee named therein (or, if such promissory note is a registered note, to such payee and its registered assigns).

**SECTION 2.07      *Interest on Advances.***

The Borrower shall pay interest on the unpaid principal amount of each Advance from the date of such Advance until such principal amount shall be paid in full, at the following rates per annum:

(a) ***Base Rate Advances.*** During such periods as such Advance is a Base Rate Advance, a rate per annum equal at all times to the sum of (x) the Base Rate plus (y) the Applicable Margin for Base Rate Advances in effect from time to time, payable in arrears (i)

quarterly on the last Business Day of each March, June, September and December during such periods, (ii) on the date such Base Rate Advance shall be Converted or paid in full and (iii) on the Termination Date.

(b) ***SOFR Advances.*** During such periods as such Advance is a SOFR Advance, a rate per annum equal at all times during each Interest Period for such Advance to the sum of (x) Adjusted Term SOFR for such Interest Period for such Advance plus (y) the Applicable Margin for SOFR Advances in effect from time to time, payable in arrears on the last day of such Interest Period and, if such Interest Period has a duration of more than three months, on each day that occurs during such Interest Period every three months from the first day of such Interest Period and on the date such SOFR Advance shall be Converted or paid in full.

(c) ***Term SOFR Conforming Changes.*** In connection with the use or administration of Term SOFR, the Administrative Agent will have the right to make Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document. The Administrative Agent will promptly notify the Borrower and the Lenders of the effectiveness of any Conforming Changes in connection with the use or administration of Term SOFR.

## **SECTION 2.08 *Interest Rate Determination.***

(a) The Administrative Agent shall give prompt notice to the Borrower and the Lenders of the applicable interest rate determined by the Administrative Agent for purposes of Section 2.07(a) or (b).

(b) If, with respect to any SOFR Advances, (i) the Required Lenders notify the Administrative Agent that Adjusted Term SOFR for any Interest Period for such Advances will not adequately reflect the cost to such Required Lenders of making, funding or maintaining their respective SOFR Advances for such Interest Period, or (ii) Adjusted Term SOFR cannot be determined or is otherwise unavailable, the Administrative Agent shall forthwith so notify the Borrower and the Lenders, whereupon (A) each SOFR Advance will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Advance, and (B) the obligation of the Lenders to make, or to Convert Advances into, SOFR Advances shall be suspended until the Administrative Agent shall notify the Borrower and the Lenders that the circumstances causing such suspension no longer exist.

(c) If the Borrower shall fail to select the duration of any Interest Period for any SOFR Advances in accordance with the provisions contained in the definition of "Interest Period" in Section 1.01, the Administrative Agent will forthwith so notify the Borrower and the Lenders and such Advances will automatically, on the last day of the then existing Interest Period therefor, Convert into Base Rate Advances.

(d) On the date on which the aggregate unpaid principal amount of SOFR Advances comprising any Borrowing shall be reduced, by payment or prepayment or otherwise, to less than \$10,000,000, such Advances shall automatically Convert into Base Rate Advances.

(e) Upon the occurrence and during the continuance of any Event of Default, (i) each SOFR Advance will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Advance and (ii) the obligation of the Lenders to make, or to Convert Advances into, SOFR Advances shall be suspended.

(f) If the Administrative Agent determines (which determination shall be final and conclusive, absent manifest error) that a rate other than the SOFR has become the then-prevailing market benchmark rate for newly originated loans in Dollars in the U.S. market, then the Administrative Agent may (in consultation with the Borrower) choose a replacement index rate (“**Replacement Rate**”) and, as appropriate, adjustment margins (“**Adjustment Margins**”) corresponding to each available Term SOFR, to effect, to the extent practicable, an aggregate all-in interest rate substantially equivalent to the SOFR-based rate in effect prior to its replacement. The Replacement Rate and Adjustment Margins will be determined with due consideration to the then-prevailing market practice for determining a rate of interest for newly originated syndicated loans in the United States, and may reflect appropriate mathematical or other adjustments to account for the transition from the SOFR to the Replacement Rate. The Administrative Agent shall promptly notify the Lenders of the Replacement Rate and Adjustment Margins, and the Administrative Agent (on behalf of the Lenders) and the Borrower shall enter into an amendment to this Agreement to reflect such Replacement Rate and Adjustment Margins. Notwithstanding anything to the contrary in this Agreement or the other Loan Documents (including, without limitation, Section 8.01), such amendment shall become effective without any further action or consent of any other party to this Agreement at 5:00 p.m. New York City time on the tenth (10<sup>th</sup>) Business Day after the date a draft of the amendment reflecting such Replacement Rate and Adjustment Margin is provided to the Lenders, unless a written notice from the Required Lenders stating that such Lenders object to such amendment during such ten (10) Business Day period. For the avoidance of doubt, on or after the effective date of the Replacement Rate, the aggregate all-in interest payable by Borrower in respect of the Loans shall be the sum of the Replacement Rate, the Adjustment Margin(s), if any, and the Applicable Margin. Notwithstanding anything to the contrary contained herein, if the Replacement Rate is less than zero, such rate shall be deemed to be zero for purposes of this Agreement.

#### **SECTION 2.09**            *Optional Conversion of Advances.*

The Borrower may on any Business Day, upon notice given to the Administrative Agent not later than 11:00 A.M. (New York, New York time) on the third Business Day prior to the date of the proposed Conversion and subject to the provisions of Sections 2.08 and 2.12, Convert all or any part of Advances of one Type comprising the same Borrowing into Advances of the other Type or of the same Type but having a new Interest Period; *provided, however*, that any Conversion of SOFR Advances into Base Rate Advances shall be made only on the last day of an Interest Period for such SOFR Advances, any Conversion of Base Rate Advances into SOFR Advances shall be in an amount not less than \$10,000,000, and no Conversion of any Advances shall result in more than five (5) different Interest Periods in effect. Each such notice of a Conversion shall, within the restrictions specified above, specify (i) the date of such Conversion, (ii) the Advances to be Converted, and (iii) if such Conversion is into SOFR Advances, the duration of the initial Interest Period for each such Advance. Each notice of Conversion shall be irrevocable and binding on the Borrower.

**SECTION 2.10**      *Optional Prepayments of Advances.*

The Borrower may, upon at least three Business Days' notice, in the case of SOFR Advances, and upon notice not later than 11:00 A.M. (New York, New York time) on the date of prepayment, in the case of Base Rate Advances, to the Administrative Agent stating the proposed date and aggregate principal amount of the prepayment, and, if such notice is given, the Borrower shall prepay the outstanding principal amount of the Advances comprising part of the same Borrowing in whole or ratably in part, together with accrued interest to the date of such prepayment on the principal amount prepaid; *provided, however*, that (x) each partial prepayment shall be in a minimum amount of \$5,000,000 or an integral multiple of \$1,000,000 in excess thereof, and (y) in the event of any such prepayment of a SOFR Advance, the Borrower shall be obligated to reimburse the Lenders in respect thereof pursuant to Section 8.04(c).

**SECTION 2.11**      *Increased Costs.*

(a)      *Increased Costs Generally.* If any Change in Law shall:

(i)      impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended or participated in by, any Lender;

(ii)      subject any Recipient to any Taxes (other than (A) Indemnified Taxes, (B) Taxes described in clauses (ii) through (iv) of the definition of Excluded Taxes and (C) Connection Income Taxes) on its loans, loan principal, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto; or

(iii)      impose on any Lender any other condition, cost or expense (other than Taxes) affecting this Agreement or Advances made by such Lender or participation therein;

and the result of any of the foregoing shall be to increase the cost to such Lender or such other Recipient of making, converting to, continuing or maintaining any Advance or of maintaining its obligation to make any such Advance, or to increase the cost to such Lender or such other Recipient to reduce the amount of any sum received or receivable by such Lender or other Recipient hereunder (whether of principal, interest or any other amount) then, upon request of such Lender or other Recipient, the Borrower will pay to such Lender or other Recipient, as the case may be, such additional amount or amounts as will compensate such Lender or other Recipient, as the case may be, for such additional costs incurred or reduction suffered.

(b)      *Capital Requirements.* If any Lender determines that any Change in Law affecting such Lender or any Applicable Lending Office of such Lender or such Lender's holding company, if any, regarding capital or liquidity requirements, has or would have the effect of reducing the rate of return on such Lender's capital or on the capital of such Lender's holding company, if any, as a consequence of this Agreement, the Commitments of such Lender or the Advances made by such Lender, to a level below that which such Lender or such Lender's or holding company could have achieved but for such Change in Law (taking into consideration such Lender's policies and the policies of such Lender's holding company with respect to capital

adequacy or liquidity), then from time to time the Borrower will pay to such Lender such additional amount or amounts as will compensate such Lender or such Lender's holding company for any such reduction suffered.

(c) ***Certificates for Reimbursement.*** A certificate of a Lender setting forth the amount or amounts necessary to compensate such Lender or its holding company, as the case may be, as specified in subsection (a) or (b) of this Section and delivered to the Borrower, shall be conclusive absent manifest error. The Borrower shall pay such Lender, as the case may be, the amount shown as due on any such certificate within ten (10) days after receipt thereof.

(d) ***Delay in Requests.*** Failure or delay on the part of any Lender to demand compensation pursuant to this Section shall not constitute a waiver of such Lender's right to demand such compensation; *provided* that the Borrower shall not be required to compensate a Lender pursuant to this Section for any increased costs incurred or reductions suffered more than one hundred eighty (180) days prior to the date that such Lender notifies the Borrower of the Change in Law giving rise to such increased costs or reductions, and of such Lender's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the one hundred eighty (180) day period referred to above shall be extended to include the period of retroactive effect thereof).

## **SECTION 2.12      *Illegality.***

If due to any Change in Law it shall become unlawful or impossible for any Credit Party (or its SOFR Lending Office) to make, maintain or fund its SOFR Advances, and such Credit Party shall so notify the Administrative Agent, the Administrative Agent shall forthwith give notice thereof to the other Credit Parties and the Borrower, whereupon, until such Credit Party notifies the Borrower and the Administrative Agent that the circumstances giving rise to such suspension no longer exist, the obligation of such Credit Party to make SOFR Advances, or to Convert outstanding Advances into SOFR Advances, shall be suspended. Before giving any notice to the Administrative Agent pursuant to this Section 2.12, such Credit Party shall use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions applicable to such Credit Party) to designate a different SOFR Lending Office if such designation would avoid the need for giving such notice and would not, in the judgment of such Credit Party, be otherwise disadvantageous to such Credit Party. If such notice is given, each SOFR Advance of such Credit Party then outstanding shall be Converted to a Base Rate Advance either (i) on the last day of the then current Interest Period applicable to such SOFR Advance if such Credit Party may lawfully continue to maintain and fund such Advance to such day or (ii) immediately if such Credit Party shall determine that it may not lawfully continue to maintain and fund such Advance to such day.

## **SECTION 2.13      *Payments and Computations.***

(a) The Borrower shall make each payment to be made by it hereunder not later than 1:00 P.M. on the day when due in Dollars to the Administrative Agent at the Agent's Account in same day funds without condition or deduction for any counterclaim, defense, recoupment or setoff. The Administrative Agent will promptly thereafter cause to be distributed like funds relating to the payment of principal or interest ratably (other than amounts payable

pursuant to Section 2.11, 2.14, 2.15, 8.04(c) and 8.17) to the Lenders for the account of their respective Applicable Lending Offices, and like funds relating to the payment of any other amount payable to any Lender to such Lender for the account of its Applicable Lending Office, in each case to be applied in accordance with the terms of this Agreement. Upon its acceptance of an Assignment and Assumption and recording of the information contained therein in the Register pursuant to Section 8.07(c), from and after the effective date specified in such Assignment and Assumption, the Administrative Agent shall make all payments hereunder in respect of the interest assigned thereby to the Lender assignee thereunder, and the parties to such Assignment and Assumption shall make all appropriate adjustments in such payments for periods prior to such effective date directly between themselves.

(b) The Borrower hereby authorizes each Lender, if and to the extent payment owed to such Lender is not made when due hereunder, after any applicable grace period, to charge from time to time against any or all of the Borrower's accounts with such Lender any amount so due.

(c) All computations of interest based on the rate referred to in clause (a) of the definition of the "Base Rate" contained in Section 1.01 shall be made by the Administrative Agent on the basis of a year of 365 or 366 days, as the case may be, and all computations of interest based on Adjusted Term SOFR or the Federal Funds Rate shall be made by the Administrative Agent on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable. Each determination by the Administrative Agent of an interest rate hereunder shall be conclusive and binding for all purposes, absent manifest error.

(d) Whenever any payment hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of interest; *provided, however*, that, if such extension would cause payment of interest on or principal of SOFR Advances to be made in the next following calendar month, such payment shall be made on the next preceding Business Day.

(e) Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to a Lender hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date, and the Administrative Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent that the Borrower shall not have so made such payment in full to the Administrative Agent, each Lender shall repay to the Administrative Agent forthwith on demand such amount distributed to such Lender together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Federal Funds Rate.

**SECTION 2.14**      *Taxes.*

(a) **Defined Terms.** For purposes of this Section 2.14, the term “Applicable Law” includes FATCA.

(b) **Payments Free of Taxes.** Any and all payments by or on account of any obligation of the Borrower under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by Applicable Law. If any Applicable Law (as determined in the good faith discretion of an applicable Withholding Agent) requires the deduction or withholding of any Tax from any such payment by a Withholding Agent, then the applicable Withholding Agent shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with Applicable Law and, if such Tax is an Indemnified Tax, then the sum payable by the Borrower shall be increased as necessary so that after such deduction or withholding has been made (including such deductions and withholdings applicable to additional sums payable under this Section 2.14) the applicable Recipient receives an amount equal to the sum it would have received had no such deduction or withholding been made.

(c) **Payment of Other Taxes by the Borrower.** The Borrower shall timely pay to the relevant Governmental Authority in accordance with Applicable Law, or at the option of the Administrative Agent timely reimburse it for the payment of, any Other Taxes.

(d) **Indemnification by the Borrower.** The Borrower shall indemnify each Recipient, within 10 days after demand therefor, for and hold it harmless against the full amount of any Indemnified Taxes (including, without limitation, Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section 2.14), payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(e) **Indemnification by the Lenders.** Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such Lender’s failure to comply with the provisions of Section 8.07(d) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this subsection (e).

(f) **Evidence of Payments.** As soon as practicable after any payment of Taxes by the Borrower to a Governmental Authority pursuant to this Section 2.14, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(g) **Status of Lenders.** (i) Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by Applicable Law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Section 2.14(g)(ii)(A), (ii)(B) and (ii)(D) below) shall not be required if in the Lender's reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing,

(A) any Lender that is a U.S. Person shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax;

(B) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), whichever of the following is applicable:

(1) in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of,

U.S. federal withholding Tax pursuant to the “business profits” or “other income” article of such tax treaty;

(2) executed copies of IRS Form W-8ECI;

(3) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Internal Revenue Code, (x) a certificate substantially in the form of Exhibit B-1 to the effect that such Foreign Lender is not a “bank” within the meaning of Section 881(c)(3)(A) of the Internal Revenue Code, a “10 percent shareholder” of the Borrower within the meaning of Section 881(c)(3)(B) of the Internal Revenue Code, or a “controlled foreign corporation” described in Section 881(c)(3)(C) of the Internal Revenue Code (a “***U.S. Tax Compliance Certificate***”) and (y) executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E; or

(4) to the extent a Foreign Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, IRS Form W-8BEN-E, a U.S. Tax Compliance Certificate substantially in the form of Exhibit B-2 or Exhibit B-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; *provided* that, if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit B-4 on behalf of each such direct and indirect partner;

(C) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed copies of any other form prescribed by Applicable Law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by Applicable Law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(D) if a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Internal Revenue Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by Applicable Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Internal Revenue Code) and such additional

documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (D), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(E) Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(h) **Treatment of Certain Refunds.** If any party determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section 2.14 (including by the payment of additional amounts pursuant to this Section 2.14), it shall pay to the indemnifying party an amount equal to such refund (but only to the extent of indemnity payments made under this Section 2.14 with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses (including Taxes) of such indemnified party and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Such indemnifying party, upon the request of such indemnified party, shall repay to such indemnified party the amount paid over pursuant to this subsection (h) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such indemnified party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this subsection (h), in no event will the indemnified party be required to pay any amount to an indemnifying party pursuant to this subsection (h) the payment of which would place the indemnified party in a less favorable net after-Tax position than the indemnified party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This subsection shall not be construed to require any indemnified party to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the indemnifying party or any other Person.

(i) **Survival.** Each party's obligations under this Section 2.14 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under any Loan Document.

## **SECTION 2.15      *Mitigation Obligations; Replacement of Lenders.***

(a) **Designation of a Different Applicable Lending Office.** If any Lender requests compensation under Section 2.11, or requires the Borrower to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.14, then such Lender shall (at the request of the Borrower) use reasonable efforts to designate a different Applicable Lending Office for funding or booking its Advances hereunder or to assign its rights and obligations hereunder to another of its offices,

branches or Affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.11 or 2.14, as the case may be, in the future, and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) ***Replacement of Lenders.*** If any Lender requests compensation under Section 2.11, or if the Borrower is required to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.14 and, in each case, such Lender has declined or is unable to designate a different Applicable Lending Office in accordance with subsection (a) above, or if any Lender is a Defaulting Lender or a Non-Consenting Lender, then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in, and consents required by, Section 8.07), all of its interests, rights (other than its existing rights to payments pursuant to Section 2.11 or Section 2.14) and obligations under this Agreement and the related Loan Documents to an Eligible Assignee that shall assume such obligations (which assignee may be another Lender, if such Lender accepts such assignment); provided that:

(i) the Borrower shall have paid to the Administrative Agent the assignment fee (if any) specified in Section 8.07(b)(iv);

(ii) such Lender shall have received payment of an amount equal to the outstanding principal amounts of its Advances, accrued interest thereon, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents (including any amounts under Section 8.04(c)) from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts);

(iii) in the case of any such assignment resulting from a claim for compensation under Section 2.11 or payments required to be made pursuant to Section 2.14, such assignment will result in a reduction in such compensation or payments thereafter;

(iv) no Default shall have occurred and be continuing;

(v) such assignment does not conflict with Applicable Law; and

(vi) in the case of any assignment resulting from a Lender becoming a Non-Consenting Lender, the applicable assignee shall have consented to the applicable amendment, waiver or consent.

A Lender shall not be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

**SECTION 2.16** ***Sharing of Payments, Etc.***

(a) If any Lender shall obtain any payment (whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) on account of the Advances owing to it (other than pursuant to Section 2.11, 2.14, 2.15, 8.04(c) or 8.17 or in respect of SOFR Advances converted into Base Rate Advances pursuant to Section 2.12) by the Borrower, in excess of its ratable share of payments on account of the Advances to the Borrower, obtained by all the Lenders, such Lender shall forthwith purchase from the other Lenders such participations in such Advances owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; *provided, however*, that if all or any portion of such excess payment is thereafter recovered from such purchasing Lender, such purchase from each Lender shall be rescinded and such Lender shall repay to the purchasing Lender the purchase price to the extent of such recovery together with an amount equal to such Lender's ratable share (according to the proportion of (i) the amount of such Lender's required repayment to (ii) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered. The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 2.16 may, to the fullest extent permitted by law, exercise all its rights of payment (including the right of set-off) with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation.

(b) If any Lender shall fail to make any payment required to be made by it hereunder to or for the account of the Administrative Agent, then the Administrative Agent may, in its discretion and notwithstanding any contrary provision hereof, (i) apply any amounts thereafter received by the Administrative Agent for the account of such Lender for the benefit of the Administrative Agent to satisfy such Lender's obligations in respect of such payment until all such unsatisfied obligations are fully paid, and/or (ii) hold any such amounts in a segregated account as cash collateral for, and application to, any future funding obligations of such Lender under any such Section, in the case of each of clauses (i) and (ii) above, in any order as determined by the Administrative Agent in its discretion.

**SECTION 2.17**        *[Reserved].*

**SECTION 2.18**        *Benchmark Replacement Setting.*

(i)        Benchmark Replacement.

(A) Notwithstanding anything to the contrary herein or in any other Loan Document, upon the occurrence of a Benchmark Transition Event, the Administrative Agent and the Borrower may amend this Agreement to replace the then-current Benchmark with a Benchmark Replacement. Any such amendment with respect to a Benchmark Transition Event will become effective at 5:00 p.m. on the fifth (5<sup>th</sup>) Business Day after the Administrative Agent has posted such proposed amendment to all affected Lenders and the Borrower so long as the Administrative Agent has not received, by such time, written notice of objection to such amendment from Lenders comprising the Required Lenders. No replacement of a Benchmark with a Benchmark Replacement pursuant to this Section 2.18(i) will occur prior to the applicable Benchmark Transition Start Date.

(ii) Benchmark Replacement Conforming Changes. In connection with the use, administration, adoption or implementation of a Benchmark Replacement, the Administrative Agent will have the right to make Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document.

(iii) Notices; Standards for Decisions and Determinations. The Administrative Agent will promptly notify the Borrower and the Lenders of (A) the implementation of any Benchmark Replacement and (B) the effectiveness of any Conforming Changes in connection with the use, administration, adoption or implementation of a Benchmark Replacement. The Administrative Agent will promptly notify the Borrower of the removal or reinstatement of any tenor of a Benchmark pursuant to Section 2.18(iv). Any determination, decision or election that may be made by the Administrative Agent or, if applicable, any Lender (or group of Lenders) pursuant to this Section 2.18, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Loan Document, except, in each case, as expressly required pursuant to this Section 2.18.

(iv) Unavailability of Tenor of Benchmark. Notwithstanding anything to the contrary herein or in any other Loan Document, at any time (including in connection with the implementation of a Benchmark Replacement), (A) if the then-current Benchmark is a term rate (including the Term SOFR Reference Rate) and either (1) any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (2) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is not or will not be representative, then the Administrative Agent may modify the definition of "Interest Period" (or any similar or analogous definition) for any Benchmark settings at or after such time to remove such unavailable or non-representative tenor and (B) if a tenor that was removed pursuant to clause (A) above either (1) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (2) is not, or is no longer, subject to an announcement that it is not or will not be representative for a Benchmark (including a Benchmark Replacement), then the Administrative Agent may modify the definition of "Interest Period" (or any similar or analogous definition) for all Benchmark settings at or after such time to reinstate such previously removed tenor.

(v) Benchmark Unavailability Period. Upon the Borrower's receipt of notice of the commencement of a Benchmark Unavailability Period, (A) the Borrower may revoke any pending request for a borrowing of, conversion to or continuation of SOFR Advances to be made, converted or continued during any Benchmark Unavailability Period and, failing that, the Borrower will be deemed to have converted any such request

into a request for a borrowing of or conversion to Base Rate Loans and (B) any outstanding affected SOFR Advances will be deemed to have been converted to Base Rate Loans at the end of the applicable Interest Period. During any Benchmark Unavailability Period or at any time that a tenor for the then-current Benchmark is not an Available Tenor, the component of the Base Rate based upon the then-current Benchmark or such tenor for such Benchmark, as applicable, will not be used in any determination of the Base Rate.

### ARTICLE III CONDITIONS PRECEDENT

#### SECTION 3.01 *Conditions Precedent to the Closing Date and Advance A.*

The effectiveness of this Agreement and the obligation of each Lender to make Advance A on the Closing Date shall be subject to the satisfaction of the following conditions precedent:

(a) The Administrative Agent shall have received on or before the date of such effectiveness the following, each dated such day, in form and substance reasonably satisfactory to the Administrative Agent in sufficient copies for each Lender:

(i) Certified copies of the resolutions of the board of directors of the Borrower approving this Agreement, and of all documents evidencing other necessary corporate action and Governmental Approvals, if any, with respect to this Agreement;

(ii) A certificate of the Secretary or Assistant Secretary of the Borrower certifying the names and true signatures of the officers of the Borrower authorized to sign this Agreement and the other documents to be delivered by the Borrower hereunder;

(iii) A favorable opinion of counsel for the Borrower (which may be an attorney of American Electric Power Service Corporation), substantially in the form of Exhibit C hereto and as to such other matters as any Lender through the Administrative Agent may reasonably request; and

(b) On such date, the following statements shall be true and the Administrative Agent shall have received a certificate signed by a duly authorized officer of the Borrower, dated such date, certifying to the Administrative Agent and each Lender that:

(i) The representations and warranties of the Borrower contained in Section 4.01 are true and correct in all material respects on and as of such date, as though made on and as of such date, and

(ii) No event has occurred and is continuing that constitutes a Default.

(c) The Borrower shall have paid all accrued fees and expenses of the Administrative Agent, the Arranger and the Lenders then due and payable in accordance with the terms of the Loan Documents (including all fees and expenses of counsel to the Administrative Agent to the extent then due and payable).

(d) The Administrative Agent, on behalf of each Lender, shall have received copies of all the Disclosure Documents.

(e) The Administrative Agent shall have received counterparts of this Agreement, executed and delivered by the Borrower and the Lenders.

(f) The Administrative Agent shall have received copies or other evidence of such other approvals and such other opinions or documents as any Lender or the Administrative Agent may reasonably request through the Administrative Agent, including, without limitation, all documentation and information required by regulatory authorities under applicable “know your customer” and anti-money laundering rules and regulations, including, without limitation, the Patriot Act and, if Borrower qualifies as a “legal entity customer” under the Beneficial Ownership Regulation, a Beneficial Ownership Certification in relation to Borrower, to the extent such documentation or information is requested by the Administrative Agent on behalf of the Lenders prior to the Closing Date.

(g) The Administrative Agent shall have received the Notice of Borrowing for Advance A.

**SECTION 3.02      *Conditions Precedent to Advance B.***

The obligation of each Lender to make Advance B to be made by it hereunder shall be subject to the satisfaction of the conditions precedent set forth in Sections 3.01 and on the date of such Borrowing:

(a) The following statements shall be true (and each of the giving of the applicable Notice of Borrowing and the acceptance by the Borrower of the proceeds of any Borrowing shall constitute a representation and warranty by the Borrower that on the date of such Borrowing such statements are true):

(i) The representations and warranties of the Borrower contained in Section 4.01 (other than the representation and warranty in Section 4.01(e) and the representation and warranty set forth in the last sentence of Section 4.01(f)) are true and correct in all material respects on and as of the date of such Borrowing, before and after giving effect to such Borrowing and to the application of the proceeds therefrom, as though made on and as of such date;

(ii) No event has occurred and is continuing or would result from such Borrowing or from the application of the proceeds therefrom, that constitutes a Default; and

(iii) The proposed funding date with respect to Advance B shall be no later than October 2, 2022.

(b) The Administrative Agent shall have received copies or other evidence of such other approvals (including, without limitation, the approval of the Kentucky Public Service Commission with respect to the borrowing of Advance B) and such other opinions or documents

as may be reasonably requested by the Administrative Agent or by any Lender through the Administrative Agent.

- (c) Each of the conditions set forth in Section 3.01 have been satisfied.

#### **ARTICLE IV REPRESENTATIONS AND WARRANTIES**

##### **SECTION 4.01        *Representations and Warranties of the Borrower.***

The Borrower represents and warrants as follows:

(a) The Borrower is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is incorporated, and each Significant Subsidiary is duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is incorporated or otherwise organized.

(b) The execution, delivery and performance by the Borrower of each Loan Document, and the consummation of the transactions contemplated hereby, are within the Borrower's corporate powers, have been duly authorized by all necessary action, and do not contravene (i) the Borrower's certificate of incorporation or by-laws, (ii) law binding or affecting the Borrower or (iii) any contractual restriction binding on or affecting the Borrower or any of its properties.

(c) Each Loan Document has been duly executed and delivered by the Borrower. Each Loan Document is the legal, valid and binding obligation of the Borrower enforceable against the Borrower in accordance with its terms, except as the enforceability thereof may be limited by bankruptcy, insolvency, fraudulent conveyance or other similar laws affecting the enforcement of creditors' rights in general, and except as the availability of the remedy of specific performance is subject to general principles of equity (regardless of whether such remedy is sought in a proceeding in equity or at law) and subject to requirements of reasonableness, good faith and fair dealing.

(d) No Governmental Approval or other action by, and no notice to or filing with, any Governmental Authority or regulatory body or any other third party, is required for the due execution, delivery and performance by the Borrower of any Loan Document, except for the authorization of the Federal Energy Regulatory Commission and the Kentucky Public Service Commission, each of which authorizations has been duly obtained and is in full force and effect as of the date hereof.

(e) There is no pending or threatened action, suit, investigation, litigation or proceeding, including, without limitation, any Environmental Action, affecting the Borrower or any of its Significant Subsidiaries before any Governmental Authority or arbitrator that is reasonably likely to have a Material Adverse Effect, except as may be disclosed in the Disclosure Documents.

(f) The financial statements included in the Disclosure Documents, copies of each of which have been furnished to each Lender, fairly present (subject, in the case of any

quarterly financial statements, to year-end adjustments) the consolidated financial condition of the Borrower and its Consolidated Subsidiaries as at the dates set forth therein and the consolidated results of the operations of the Borrower and its Consolidated Subsidiaries for the periods ended on such dates, all in accordance with Generally Accepted Accounting Principles consistently applied. Since December 31, 2021, there has been no Material Adverse Change. As of the Closing Date, the information included in the Beneficial Ownership Certification is true and correct in all respects.

(g) No written statement, information, report, financial statement, exhibit or schedule furnished by or on behalf of the Borrower to the Administrative Agent or any Lender in connection with the syndication or negotiation of this Agreement or included herein or delivered pursuant hereto contained, contains, or will contain any material misstatement of fact or intentionally omitted, omits, or will omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were, are, or will be made, not misleading.

(h) Except as may be disclosed in the Disclosure Documents, the Borrower and each Significant Subsidiary is in compliance with all laws (including ERISA and Environmental Laws) rules, regulations and orders of any governmental authority applicable to it, except where the failure to comply, individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect.

(i) No failure to satisfy the minimum funding standard applicable to a Plan for a plan year (as described in Section 302 of ERISA and Section 412 of the Internal Revenue Code) that could reasonably be expected to have a Material Adverse Effect, whether or not waived, has occurred with respect to any Plan. The Borrower has not incurred, and does not presently expect to incur, any withdrawal liability under Title IV of ERISA with respect to any Multiemployer Plan that could reasonably be expected to have a Material Adverse Effect. The Borrower and each of its ERISA Affiliates have complied in all respects with ERISA and the Internal Revenue Code, except where the failure to comply, individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect. The Borrower and each of its Subsidiaries have complied in all material respects with foreign law applicable to its Foreign Plans, if any. As used herein, the term “**Plan**” shall mean an “employee pension benefit plan” (as defined in Section 3 of ERISA) which is and has been established or maintained, or to which contributions are or have been made or should be made according to the terms of the plan, by the Borrower or any of its ERISA Affiliates. The term “**Multiemployer Plan**” shall mean any Plan which is a “multiemployer plan” (as such term is defined in Section 4001(a)(3) of ERISA). The term “**Foreign Plan**” shall mean any pension, profit-sharing, deferred compensation, or other employee benefit plan, program or arrangement maintained by any Subsidiary which, under applicable local foreign law, is required to be funded through a trust or other funding vehicle.

(j) The Borrower and its Subsidiaries have filed or caused to be filed all material Federal, state and local tax returns that are required to be filed by them, and have paid or caused to be paid all material taxes shown to be due and payable on such returns or on any assessments received by them (to the extent that such taxes and assessments have become due and payable) other than those taxes contested in good faith and for which adequate reserves have been established in accordance with Generally Accepted Accounting Principles.

(k) The Borrower is not engaged in the business of extending credit for the purpose of buying or carrying Margin Stock, and no proceeds of any Advance will be used to buy or carry any Margin Stock or to extend credit to others for the purpose of buying or carrying any Margin Stock. Not more than 25% of the assets of the Borrower and the Significant Subsidiaries that are subject to the restrictions of Section 5.02(a), (c) or (d) constitute Margin Stock.

(l) Neither the Borrower nor any Significant Subsidiary is an “investment company,” or an “affiliated person” of, or “promoter” or “principal underwriter” for, an “investment company”, as such terms are defined in the Investment Company Act of 1940, as amended (the “*Act*”). Neither the making of any Borrowing, the application of the proceeds or repayment thereof by the Borrower nor the consummation of the other transactions contemplated hereby will violate any provision of the Act or any rule, regulation or order of the SEC thereunder.

(m) All Significant Subsidiaries as of the Closing Date are listed on Schedule 4.01(m) hereto.

(n) The Borrower has implemented and maintains in effect policies and procedures designed to ensure compliance by the Borrower, its Subsidiaries and their respective directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions, and the Borrower, its Subsidiaries and their respective directors and officers and, to the knowledge of the Borrower, its employees and agents, are in compliance with Anti-Corruption Laws and applicable Sanctions in all material respects. None of (i) the Borrower, any Subsidiary or any of their respective directors or officers, or (ii) to the knowledge of the Borrower, any employee or agent of the Borrower or any Subsidiary that will act in any capacity in connection with or benefit from the credit facility established hereby, is a Sanctioned Person. No Borrowing or use of proceeds thereof or other transaction contemplated by this Agreement will violate Anti-Corruption Laws or applicable Sanctions.

## ARTICLE V COVENANTS OF THE BORROWER

### SECTION 5.01 *Affirmative Covenants.*

So long as any Advance or any other amount payable hereunder shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower will:

(a) ***Preservation of Existence, Etc.*** Preserve and maintain, and cause each Significant Subsidiary to preserve and maintain, its corporate, partnership or limited liability company (as the case may be) existence and all material rights (charter and statutory) and franchises; *provided, however*, that the Borrower and any Significant Subsidiary may consummate any merger or consolidation permitted under Section 5.02(a); and *provided further* that neither the Borrower nor any Significant Subsidiary shall be required to preserve any right or franchise if (i) the board of directors of the Borrower or such Significant Subsidiary, as the case may be, shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Borrower or such Significant Subsidiary, as the case may be, and that the loss

thereof is not disadvantageous in any material respect to the Borrower or such Significant Subsidiary, as the case may be, or to the Lenders; (ii) required in connection with or pursuant to any Restructuring Law; or (iii) required in connection with the RTO Transaction; and *provided further*, that no Significant Subsidiary shall be required to preserve and maintain its corporate, partnership or limited liability company (as the case may be) existence if (x) the loss thereof is not disadvantageous in any material respect to the Borrower or to the Lenders or (y) required in connection with or pursuant to any Restructuring Law or (z) required in connection with the RTO Transaction.

(b) ***Compliance with Laws, Etc.*** Comply, and cause each Significant Subsidiary to comply, in all material respects, with Applicable Law, with such compliance to include, without limitation, compliance with ERISA and Environmental Laws.

(c) ***Performance and Compliance with Other Agreements.*** Perform and comply, and cause each Significant Subsidiary to perform and comply, with the provisions of each indenture, credit agreement, contract or other agreement by which it is bound, the non-performance or non-compliance with which would result in a Material Adverse Change.

(d) ***Inspection Rights.*** At any reasonable time and from time to time, permit the Administrative Agent or any Lender or any agents or representatives thereof to examine and make copies of and abstracts from the records and books of account of, and visit the properties of, the Borrower and any Significant Subsidiary and to discuss the affairs, finances and accounts of the Borrower and any Significant Subsidiary with any of their officers or directors and with their independent certified public accountants.

(e) ***Maintenance of Properties, Etc.*** Maintain and preserve, and cause each Significant Subsidiary to maintain and preserve, all of its properties that are used or useful in the conduct of its business in good working order and condition, ordinary wear and tear excepted and except as required in connection with or pursuant to any Restructuring Law or in connection with an RTO Transaction.

(f) ***Maintenance of Insurance.*** Maintain, and cause each Significant Subsidiary to maintain, insurance with responsible and reputable insurance companies or associations in such amounts and covering such risks as is usually carried by companies engaged in similar businesses and owning similar properties; *provided, however*, that the Borrower and each Significant Subsidiary may self-insure to the same extent as other companies engaged in similar businesses and owning similar properties and to the extent consistent with prudent business practice.

(g) ***Payment of Taxes, Etc.*** Pay and discharge, and cause each of its Subsidiaries to pay and discharge, before the same shall become delinquent, (i) all taxes, assessments and governmental charges or levies imposed upon it or upon its property and (ii) all lawful claims that, if unpaid, might by law become a Lien upon its property; *provided, however*, that neither the Borrower nor any of its Subsidiaries shall be required to pay or discharge any such tax, assessment, charge or claim that is being contested in good faith and by proper proceedings and as to which adequate reserves are being maintained in accordance with

Generally Accepted Accounting Principles, unless and until any Lien resulting therefrom attaches to its property and becomes enforceable against its other creditors.

(h) **Keeping of Books.** Keep, and cause each Significant Subsidiary to keep, proper books of record and account, in which full and correct entries shall be made of all financial transactions and the assets and business of the Borrower and each such Significant Subsidiary in accordance with Generally Accepted Accounting Principles.

(i) **Reporting Requirements.** Furnish to the Administrative Agent, on behalf of each Lender:

(i) as soon as available and in any event within 60 days after the end of each of the first three quarters of each fiscal year of the Borrower, a copy of the consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as of the end of such quarter and consolidated statements of income, changes in shareholder's equity and comprehensive income (loss) and cash flows of the Borrower and its Consolidated Subsidiaries for the period commencing at the end of the previous fiscal year and ending with the end of such quarter, duly certified (subject to year-end audit adjustments) by the chief financial officer, chief accounting officer, treasurer or assistant treasurer of the Borrower as having been prepared in accordance with Generally Accepted Accounting Principles and a certificate of the chief financial officer, chief accounting officer, treasurer or assistant treasurer of the Borrower certifying (A) that such financial statements fairly present (subject to year-end adjustments) the consolidated financial condition of the Borrower and its Consolidated Subsidiaries as at such date and the consolidated results of the operations of the Borrower and its Consolidated Subsidiaries for the periods ended on such date, all in accordance with Generally Accepted Accounting Principles consistently applied, (B) compliance with the terms of this Agreement, and (C) setting forth in reasonable detail the calculations necessary to demonstrate compliance with Section 5.03, *provided* that in the event of any change in GAAP used in the preparation of such financial statements, the Borrower shall also provide, if necessary for the determination of compliance with Section 5.03, a statement of reconciliation conforming such financial statements to GAAP in effect on the Closing Date;

(ii) as soon as available and in any event within 120 days after the end of each fiscal year of the Borrower, a copy of the annual audit report for such year for the Borrower and its Consolidated Subsidiaries containing a consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as of the end of such fiscal year and consolidated statements of income, changes in shareholder's equity and comprehensive income (loss) and cash flows of the Borrower and its Consolidated Subsidiaries for such fiscal year, in each case accompanied by an opinion by PriceWaterhouse Coopers LLP (or another independent registered public accounting firm acceptable to the Required Lenders) to the effect that such financial statements fairly present the consolidated financial condition of the Borrower and its Consolidated Subsidiaries as at such date and the consolidated results of the operations of the Borrower and its Consolidated Subsidiaries for the periods ended on such date, all in accordance with Generally Accepted Accounting Principles consistently applied, and consolidating statements of

income and cash flows of the Borrower and its Consolidated Subsidiaries for such fiscal year, and a certificate of the chief financial officer, chief accounting officer, treasurer or assistant treasurer of the Borrower certifying (A) as to compliance with the terms of this Agreement, (B) that there have been no Subsidiaries that have become Significant Subsidiaries at any time during such period, or any Subsidiaries that have ceased to be Significant Subsidiaries at any time during such period, in each case except as expressly identified in such certificate, and (C) setting forth in reasonable detail the calculations necessary to demonstrate compliance with Section 5.03, *provided* that in the event of any change in GAAP used in the preparation of such financial statements, the Borrower shall also provide, if necessary for the determination of compliance with Section 5.03, a statement of reconciliation conforming such financial statements to GAAP in effect on the Closing Date;

(iii) as soon as possible and in any event within five days after the chief financial officer or treasurer of the Borrower obtains knowledge of the occurrence of each Default continuing on the date of such statement, a statement of the chief financial officer or treasurer of the Borrower setting forth details of such Default and the action that the Borrower has taken and proposes to take with respect thereto;

(iv) promptly after the commencement thereof, notice of all actions and proceedings before any Governmental Authority or arbitrator affecting the Borrower or any Significant Subsidiary of the type described in Section 4.01(e);

(v) any change in the information provided in the Beneficial Ownership Certification that would result in a change to the list of beneficial owners identified in parts (c) or (d) of such certification; and

(vi) such other information respecting the Borrower or any of its Subsidiaries as any Lender through the Administrative Agent may from time to time reasonably request.

Notwithstanding the foregoing, the information required to be delivered pursuant to clauses (i) and (ii) shall be deemed to have been delivered if such information shall be available on the website of AEP at <http://www.aep.com> or any successor website; *provided* that the compliance certificates required under clauses (i) and (ii) shall be delivered in the manner specified in Section 8.02(b).

## **SECTION 5.02**      *Negative Covenants.*

So long as any Advance or any other amount payable hereunder shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower agrees that it will not:

(a) *Mergers, Etc.* Merge or consolidate with or into any Person, or permit any Significant Subsidiary to do so, except that (i) any Subsidiary may merge or consolidate with or into any other Subsidiary of the Borrower, (ii) any Subsidiary may merge into the Borrower, (iii) any Significant Subsidiary may merge with or into any other Person so long as such Significant Subsidiary continues to be a Significant Subsidiary of the Borrower and (iv) the Borrower may merge with any other Person so long as the successor entity (A) is the Borrower

and (B) has (x) a long-term senior unsecured debt rating issued (and confirmed after giving effect to such merger) by S&P of at least BBB- (*provided* that if no long-term senior unsecured debt rating is available from S&P at such time, the rating required by this clause (x) shall be the successor entity's corporate credit rating issued by S&P) or (y) a long-term senior unsecured debt rating issued (and confirmed after giving effect to such merger) by Moody's of at least Baa3 (or, in the case of (x) and (y), if no such ratings have been issued, commercial paper ratings issued (and confirmed after giving effect to such merger) by S&P and Moody's of at least A-3 and P-3, respectively), *provided*, in each case, that no Default shall have occurred and be continuing at the time of such proposed transaction or would result therefrom.

(b) ***Stock of Significant Subsidiaries.*** Sell, lease, transfer or otherwise dispose of, other than (i) in connection with an RTO Transaction, but only if no Default or Event of Default has occurred and is continuing or would result from such RTO Transaction, or (ii) pursuant to the requirements of any Restructuring Law, equity interests in any Significant Subsidiary of the Borrower if such Significant Subsidiary would cease to be a Subsidiary as a result of such sale, lease, transfer or disposition.

(c) ***Sales, Etc. of Assets.*** Sell, lease, transfer or otherwise dispose of, or permit any Significant Subsidiary to sell, lease, transfer or otherwise dispose of, any assets, or grant any option or other right to purchase, lease or otherwise acquire any assets, except (i) sales in the ordinary course of its business, (ii) sales, leases, transfers or dispositions of assets to any Person that is not a wholly-owned Subsidiary of the Borrower that in the aggregate do not exceed 20% of the Consolidated Tangible Net Assets of the Borrower and its Subsidiaries, whether in one transaction or a series of transactions, (iii) other sales, leases, transfers and dispositions made in connection with an RTO Transaction or pursuant to the requirements of any Restructuring Law or to a wholly owned Subsidiary of the Borrower, or (iv) sales of pollution control assets to a state or local government or any political subdivision or agency thereof in connection with any transaction with such Person pursuant to which such Person sells or otherwise transfers such pollution control assets back to the Borrower or a Subsidiary under an installment sale, loan or similar agreement, in each case in connection with the issuance of pollution control or similar bonds.

(d) ***Liens, Etc.*** Create or suffer to exist, or permit any Significant Subsidiary to create or suffer to exist, any Lien on or with respect to any of its properties, including, without limitation, on or with respect to equity interests in any Subsidiary of the Borrower, whether now owned or hereafter acquired, or assign, or permit any Significant Subsidiary to assign, any right to receive income (other than in connection with Stranded Cost Recovery Bonds and the sale of accounts receivable by the Borrower), other than (i) Permitted Liens, (ii) the Liens existing on the Closing Date, (iii) Liens securing first mortgage bonds issued by the Borrower or any Subsidiary of the Borrower the rates or charges of which are regulated by the Federal Energy Regulatory Commission or any state governmental authority, *provided* that the aggregate principal amount of such first mortgage bonds of the Borrower or any such Subsidiary do not exceed 66 2/3% of the net value of plant, property and equipment of the Borrower or such Subsidiary, as applicable, and (iv) the replacement, extension or renewal of any Lien permitted by clauses (ii) and (iii) above upon or in the same property theretofore subject thereto or the replacement, extension or renewal (without increase in the amount or change in any direct or contingent obligor) of the Debt secured thereby.

(e) **Restrictive Agreements.** Enter into, or permit any Significant Subsidiary to enter into (except in connection with or pursuant to any Restructuring Law), any agreement after the Closing Date, or amend, supplement or otherwise modify any agreement existing on the Closing Date, that imposes any restriction on the ability of any Significant Subsidiary to make payments, directly or indirectly, to its shareholders by way of dividends, advances, repayment of loans or intercompany charges, expenses and accruals or other returns on investments that is more restrictive than any such restriction applicable to such Significant Subsidiary on the Closing Date; *provided, however*, that any Significant Subsidiary may agree to a financial covenant limiting its ratio of Consolidated Debt to Consolidated Capital to no more than 0.675 to 1.000.

(f) **ERISA.** (i) Terminate or withdraw from, or permit any of its ERISA Affiliates to terminate or withdraw from, any Plan with respect to which the Borrower or any of its ERISA Affiliates may have any liability by reason of such termination or withdrawal, if such termination or withdrawal could have a Material Adverse Effect, (ii) incur a full or partial withdrawal, or permit any ERISA Affiliate to incur a full or partial withdrawal, from any Multiemployer Plan with respect to which the Borrower or any of its ERISA Affiliates may have any liability by reason of such withdrawal, if such withdrawal could have a Material Adverse Effect, (iii) otherwise fail, or permit any of its ERISA Affiliates to fail, to comply in all material respects with ERISA or the related provisions of the Internal Revenue Code if such noncompliances, singly or in the aggregate, could have a Material Adverse Effect, or (iv) fail, or permit any of its Subsidiaries to fail, to comply with Applicable Law with respect to any Foreign Plan if such noncompliances, singly or in the aggregate, could have a Material Adverse Effect.

(g) **Use of Proceeds.** Use the proceeds of any Borrowing to buy or carry Margin Stock.

(h) **Anti-Corruption Laws and Sanctions.** Request any Borrowing, or use or permit any of its Subsidiaries or its or their respective directors, officers, employees and agents to use the proceeds of any Borrowing (i) in furtherance of an offer, payment, promise to pay, or authorization of the payment or giving of money, or anything else of value, to any Person in violation of any Anti-Corruption Laws, (ii) for the purpose of funding, financing or facilitating any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, or (iii) in any manner that would result in the violation of any Sanctions applicable to any party hereto.

### **SECTION 5.03      *Financial Covenant.***

So long as any Advance shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower will maintain a ratio of Consolidated Debt to Consolidated Capital, as of the last day of each March, June, September and December, of not greater than 0.675 to 1.000.

## **ARTICLE VI EVENTS OF DEFAULT**

### **SECTION 6.01      *Events of Default.***

If any of the following events ("*Events of Default*") shall occur and be continuing:

(a) The Borrower (i) shall fail to pay any principal of any Advance when the same becomes due and payable, or (ii) shall fail to pay any interest on any Advance or make any other payment of fees or other amounts payable under this Agreement within five days after the same becomes due and payable; or

(b) Any representation or warranty made by the Borrower herein or by the Borrower (or any of its officers) in connection with this Agreement shall prove to have been incorrect in any material respect when made; or

(c) (i) The Borrower shall fail to perform or observe any term, covenant or agreement contained in Section 5.01(a), 5.01(i)(iii) or 5.02 (other than (x) Section 5.02(f) and (y) except for a material breach thereof, 5.02(h)), or (ii) the Borrower shall fail to perform or observe any other term, covenant or agreement contained in this Agreement or any other Loan Document if such failure shall remain unremedied for 30 days after written notice thereof shall have been given to the Borrower by the Administrative Agent or any Lender; or

(d) Any event shall occur or condition shall exist under any agreement or instrument relating to Debt of the Borrower (but excluding Debt outstanding hereunder) or any Significant Subsidiary outstanding in a principal or notional amount of at least \$50,000,000 in the aggregate if the effect of such event or condition is to accelerate or require early termination of the maturity or tenor of such Debt, or any such Debt shall be declared to be due and payable, or required to be prepaid or redeemed (other than by a regularly scheduled required prepayment or redemption), terminated, purchased or defeased, or an offer to prepay, redeem, purchase or defease such Debt shall be required to be made, in each case prior to the stated maturity or the original tenor thereof; or

(e) The Borrower or any Significant Subsidiary shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors; or any proceeding shall be instituted by or against the Borrower or any Significant Subsidiary seeking to adjudicate it a bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief, or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its property and, in the case of any such proceeding instituted against it (but not instituted by it), either such proceeding shall remain undismissed or unstayed for a period of 60 days, or any of the actions sought in such proceeding (including, without limitation, the entry of an order for relief against, or the appointment of a receiver, trustee, custodian or other similar official for, it or for any substantial part of its property) shall occur; or the Borrower or any Significant Subsidiary shall take any corporate action to authorize any of the actions set forth above in this subsection (e); or

(f) (i) Any entity, person (within the meaning of Section 14(d) of the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”)) or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) that as of the Closing Date was beneficial owner (as defined in Rule 13d-3 under the Exchange Act) of less than 30% of the Voting Stock of AEP shall acquire a beneficial ownership (within the meaning of Rule 13d-3 of

the SEC under the Exchange Act), directly or indirectly, of Voting Stock of AEP (or other securities convertible into such Voting Stock) representing 30% or more of the combined voting power of all Voting Stock of AEP; (ii) during any period of up to 24 consecutive months, commencing after the Closing Date, individuals who at the beginning of such 24-month period were directors of AEP shall cease for any reason to constitute a majority of the board of directors of AEP, *provided* that any person becoming a director subsequent to the Closing Date, whose election, or nomination for election by AEP's shareholders, was approved by a vote of at least a majority of the directors of the board of directors of AEP as comprised as of the Closing Date (other than the election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the directors of AEP) shall be, for purposes of this provision, considered as though such person were a member of the board as of the Closing Date; or (iii) AEP shall fail to own directly or indirectly 100% of the Voting Stock of the Borrower; or

(g) Any judgment or order for the payment of money in excess of \$50,000,000 in the case of the Borrower or any Significant Subsidiary to the extent not paid or insured shall be rendered against the Borrower or any Significant Subsidiary and either (i) enforcement proceedings shall have been commenced by any creditor upon such judgment or order or (ii) there shall be any period of 30 consecutive days during which a stay of enforcement of such judgment or order, by reason of a pending appeal or otherwise, shall not be in effect; or

(h) (i) The termination of or withdrawal from the United Mine Workers' of America 1974 Pension Trust by AEP or any of its ERISA Affiliates shall have occurred and the liability of AEP and its ERISA Affiliates related to such termination or withdrawal exceeds \$75,000,000 in the aggregate; or (ii) any ERISA Event (other than an ERISA Event described in clause (i)) shall have occurred and the liability of the Borrower and its ERISA Affiliates related to such ERISA Event exceeds \$50,000,000;

then, and in any such event, the Administrative Agent (i) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the obligation of each Lender to make Advances to be terminated, whereupon the same shall forthwith terminate, and (ii) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the outstanding Advances, all interest thereon and all other amounts payable under this Agreement to be forthwith due and payable, whereupon the outstanding Advances, all such interest and all such amounts shall become and be forthwith due and payable by the Borrower, without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Borrower; *provided, however*, that in the event of an actual or deemed entry of an order for relief with respect to the Borrower under the Federal Bankruptcy Code, (A) the obligation of each Lender to make Advances shall automatically be terminated and (B) the outstanding Advances, all such interest and all such amounts shall automatically become and be due and payable, without presentment, demand, protest or any notice of any kind, all of which are hereby expressly waived by the Borrower.

## ARTICLE VII THE ADMINISTRATIVE AGENT

**SECTION 7.01**      *Appointment and Authority.* Each of the Lenders hereby irrevocably appoints BNS to act on its behalf as the Administrative Agent hereunder and under the other Loan Documents and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto. Except as otherwise provided in Section 7.06, the provisions of this Article VII are solely for the benefit of the Administrative Agent and the Lenders, and the Borrower shall not have rights as a third-party beneficiary of any of such provisions. It is understood and agreed that the use of the term “agent” herein or in any other Loan Documents (or any other similar term) with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any Applicable Law. Instead such term is used as a matter of market custom and is intended to create or reflect only an administrative relationship between contracting parties.

**SECTION 7.02**      *Rights as a Lender.* The Person serving as the Administrative Agent hereunder has the same rights and powers in its capacity as a Lender as any other Lender and may exercise them as though it were not the Administrative Agent, and the term “Lender” or “Lenders,” unless otherwise expressly indicated or unless the context otherwise requires, includes the Person serving as the Administrative Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, own securities of, act as the financial advisor or in any other advisory capacity for, and generally engage in any kind of business with, the Borrower or any Subsidiary or other Affiliate thereof as if such Person were not the Administrative Agent hereunder and without any duty to account therefor to the Lenders.

**SECTION 7.03**      *Exculpatory Provisions.*

(a) The Administrative Agent has no duties or obligations except those expressly set forth herein and in the other Loan Documents, and its duties hereunder are administrative in nature. Without limiting the generality of the foregoing, the Administrative Agent:

(A) is not subject to any fiduciary or other implied duties, regardless of whether a Default or Event of Default has occurred and is continuing;

(B) has no duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that the Administrative Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as is expressly provided for herein or in the other Loan Documents); provided that the Administrative Agent is not required to take any action that, in the opinion of the Administrative Agent or its counsel, could expose the Administrative Agent to liability or is contrary to any Loan Document or Applicable Law, including for the avoidance of doubt any action that could be in violation of the automatic stay under any Debtor Relief Law or that could effect a forfeiture, modification or termination of property of a Defaulting Lender in violation of any Debtor Relief Law; and

(C) does not, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Borrower or any of its Affiliates that is communicated to or obtained by the Person serving as the Administrative Agent or any of its Affiliates in any capacity.

(b) The Administrative Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as is necessary, or as the Administrative Agent believes in good faith is necessary, under the circumstances as provided in Sections 6.01 and 8.01), or (ii) in the absence of its own gross negligence or willful misconduct as determined by a court of competent jurisdiction by final and nonappealable judgment. The Administrative Agent shall be deemed not to have knowledge of any Default unless and until notice describing such Default is given to the Administrative Agent in writing by the Borrower or a Lender.

(c) The Administrative Agent is not responsible for and has no duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Agreement or any other Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document, or (v) the satisfaction of any condition set forth in Article III or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent.

**SECTION 7.04** *Reliance by Administrative Agent.* The Administrative Agent may rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Borrowing that by its terms must be fulfilled to the satisfaction of a Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender unless the Administrative Agent has received notice to the contrary from such Lender prior to the making of such Advance. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

**SECTION 7.05** *Delegation of Duties.* The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more of its Affiliates acting as sub-agents appointed by the Administrative Agent. The Administrative Agent and any such Affiliate sub-agent may perform any and all of their duties and exercise their rights and powers by or through their respective

Related Parties. The exculpatory provisions of this Article VII apply to any such Affiliate sub-agent and to the Related Parties of the Administrative Agent and any such Affiliate sub-agent and apply to their respective activities in connection with the syndication of the facilities hereunder as well as activities as Administrative Agent. The Administrative Agent is not responsible for the negligence or misconduct of any Affiliate sub-agents except to the extent that a court of competent jurisdiction determines in a final and nonappealable judgment that the Administrative Agent acted with gross negligence or willful misconduct in the selection of such Affiliate sub-agents.

**SECTION 7.06      *Resignation of Administrative Agent.***

(a) The Administrative Agent may at any time give notice of its resignation to the Lenders and the Borrower. Upon receipt of any such notice of resignation, the Required Lenders may, in consultation with the Borrower, appoint a successor. If no such successor has been so appointed by the Required Lenders and has accepted such appointment 30 days after the retiring Administrative Agent gives notice of its resignation (or such earlier day as is agreed by the Required Lenders) (the “**Resignation Effective Date**”), then the retiring Administrative Agent may (but is not obligated to), on behalf of the Lenders, appoint a successor Administrative Agent; provided that in no event may any such successor Administrative Agent be a Defaulting Lender. Whether or not a successor has been appointed, such resignation shall become effective in accordance with such notice on the Resignation Effective Date.

(b) If the Person serving as Administrative Agent is a Defaulting Lender pursuant to clause (iv) of the definition thereof, the Required Lenders may, to the extent permitted by Applicable Law, by notice in writing to the Borrower and such Person remove such Person as Administrative Agent and, in consultation with the Borrower, appoint a successor. If no such successor has been so appointed by the Required Lenders and has accepted such appointment 30 days after the Administrative Agent receives notice of its removal (or such earlier day as is agreed by the Required Lenders) (the “**Removal Effective Date**”), then such removal shall nonetheless become effective in accordance with such notice on the Removal Effective Date.

(c) With effect from the Resignation Effective Date or the Removal Effective Date (as applicable) (i) the retiring or removed Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents and (ii) except for any indemnity payments owed to the retiring or removed Administrative Agent, all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above. Upon the acceptance of a successor’s appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring or removed Administrative Agent (other than any rights to indemnity payments owed to the retiring or removed Administrative Agent), and the retiring or removed Administrative Agent shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents. The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring or removed Administrative Agent’s resignation or removal

hereunder and under the other Loan Documents, the provisions of this Article VII and Section 8.04 shall continue in effect for the benefit of such retiring or removed Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring or removed Administrative Agent was acting as Administrative Agent.

**SECTION 7.07** *Non-Reliance on Agents and Other Lenders.* Each Lender acknowledges that it has, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it from time to time deems appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any other Loan Document or any related agreement or any document furnished hereunder or thereunder.

**SECTION 7.08** *No Other Duties.* Anything herein to the contrary notwithstanding, the Sole Lead Arranger has no powers, duties or responsibilities under this Agreement or any of the other Loan Documents, except in its capacity, as applicable, as the Administrative Agent or a Lender.

**SECTION 7.09** *Administrative Agent May File Proofs of Claim.* In case of the pendency of any proceeding under any Debtor Relief Law, the Administrative Agent (irrespective of whether the principal of any Advance is then due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent has made any demand on the Borrower) shall be entitled and empowered (but not obligated) by intervention in such proceeding or otherwise:

(i) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Advances and all other obligations under this Agreement that are owing and unpaid and to file such other documents as may be necessary or advisable to have the claims of the Lenders and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders and the Administrative Agent under Section 8.04) allowed in such judicial proceeding; and

(ii) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, if the Administrative Agent consents to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent under Section 8.04.

**SECTION 7.10**      *Indemnification.*

Each Lender severally agrees to indemnify the Administrative Agent and each of its Related Parties (to the extent not promptly reimbursed by the Borrower and without limiting its obligation to do so) from and against such Lender's ratable share (determined as provided below) of any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever that may be imposed on, incurred by, or asserted against the Administrative Agent or such Related Party in any way relating to or arising out of this Agreement or any action taken or omitted by such Person under this Agreement; provided, however, that no Lender shall be liable, as to the Administrative Agent or any of its Related Parties, for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from the gross negligence or willful misconduct of such Person as determined in a final, non-appealable judgment by a court of competent jurisdiction. Without limitation of the foregoing, each Lender agrees to reimburse the Administrative Agent and each of its Related Parties promptly upon demand for its ratable share of any costs and expenses (including, without limitation, fees and reasonable expenses of counsel) payable by the Borrower under Section 8.04, to the extent that the Administrative Agent or such Related Party is not promptly reimbursed for such costs and expenses by the Borrower after request therefor and without limiting the Borrower's obligation to do so. For purposes of this Section 7.10, the Lenders' respective ratable shares of any amount shall be determined, at any time, according to the sum of (i) the aggregate principal amount of the Advances outstanding at such time and owing to the respective Lenders and (ii) the aggregate unused portions of their respective Commitments at such time. In the event that any Lender shall have failed to make any Advance as required hereunder, such Lender's Commitment shall be considered to be unused for purposes of this Section 7.10 to the extent of the amount of such Advance. The failure of any Lender to reimburse the Administrative Agent or any of its Related Parties promptly upon demand for its ratable share of any amount required to be paid by the Lender to the Administrative Agent or such Related Party as provided herein shall not relieve any other Lender of its obligation hereunder to reimburse the Administrative Agent or such Related Party for its ratable share of such amount, but no Lender shall be responsible for the failure of any other Lender to reimburse the Administrative Agent or such Related Party for such other Lender's ratable share of such amount. Without prejudice to the survival of any other agreement of any Lender hereunder, the agreement and obligations of each Lender contained in this Section 7.10 shall survive the payment in full of principal, interest and all other amounts payable hereunder.

**SECTION 7.11**      *Erroneous Payments.*

(a) If the Administrative Agent (x) notifies a Lender or any Person who has received funds on behalf of a Lender (any such Lender or other recipient (and each of their respective successors and assigns), a "**Payment Recipient**") that the Administrative Agent has determined in its sole discretion (whether or not after receipt of any notice under immediately succeeding clause (b)) that any funds (as set forth in such notice from the Administrative Agent) received by such Payment Recipient from the Administrative Agent or any of its Affiliates were erroneously or mistakenly transmitted to, or otherwise erroneously or mistakenly received by, such Payment Recipient (whether or not known to such Lender or other Payment Recipient on its behalf) (any

such funds, whether transmitted or received as a payment, prepayment or repayment of principal, interest, fees, distribution or otherwise, individually and collectively, an “**Erroneous Payment**”) and (y) demands in writing the return of such Erroneous Payment (or a portion thereof), such Erroneous Payment shall at all times remain the property of the Administrative Agent pending its return or repayment as contemplated below in this Section 7.11 and held in trust for the benefit of the Administrative Agent, and such Lender shall (or, with respect to any Payment Recipient who received such funds on its behalf, shall cause such Payment Recipient to) promptly, but in no event later than two Business Days thereafter (or such later date as the Administrative Agent may, in its sole discretion, specify in writing), return to the Administrative Agent the amount of any such Erroneous Payment (or portion thereof) as to which such a demand was made, in same day funds (in the currency so received), together with interest thereon (except to the extent waived in writing by the Administrative Agent) in respect of each day from and including the date such Erroneous Payment (or portion thereof) was received by such Payment Recipient to the date such amount is repaid to the Administrative Agent in same day funds at the greater of the Federal Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation from time to time in effect. A notice of the Administrative Agent to any Payment Recipient under this clause (a) shall be conclusive, absent manifest error.

(b) Without limiting immediately preceding clause (a), each Lender or any Person who has received funds on behalf of a Lender (and each of their respective successors and assigns), agrees that if it receives a payment, prepayment or repayment (whether received as a payment, prepayment or repayment of principal, interest, fees, distribution or otherwise) from the Administrative Agent (or any of its Affiliates) (x) that is in a different amount than, or on a different date from, that specified in this Agreement or in a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates) with respect to such payment, prepayment or repayment, (y) that was not preceded or accompanied by a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates), or (z) that such Lender or other such recipient, otherwise becomes aware was transmitted, or received, in error or by mistake (in whole or in part), then in each such case:

(i) it acknowledges and agrees that (A) in the case of immediately preceding clauses (x) or (y), an error and mistake shall be presumed to have been made (absent written confirmation from the Administrative Agent to the contrary) or (B) an error and mistake has been made (in the case of immediately preceding clause (z)), in each case, with respect to such payment, prepayment or repayment; and

(ii) such Lender shall (and shall cause any other recipient that receives funds on its respective behalf to) promptly (and, in all events, within two Business Day of its knowledge of the occurrence of any of the circumstances described in immediately preceding clauses (x), (y) and (z)) notify the Administrative Agent of its receipt of such payment, prepayment or repayment, the details thereof (in reasonable detail) and that it is so notifying the Administrative Agent pursuant to this Section 7.11(b).

For the avoidance of doubt, the failure to deliver a notice to the Administrative Agent pursuant to this Section 7.11(b) shall not have any effect on a Payment Recipient's obligations pursuant to Section 7.11(a) or on whether or not an Erroneous Payment has been made.

(c) Each Lender hereby authorizes the Administrative Agent to set off, net and apply any and all amounts at any time owing to such Lender under any Loan Document, or otherwise payable or distributable by the Administrative Agent to such Lender under any Loan Document with respect to any payment of principal, interest, fees or other amounts, against any amount that the Administrative Agent has demanded to be returned under immediately preceding clause (a).

(d) (i) In the event that an Erroneous Payment (or portion thereof) is not recovered by the Administrative Agent for any reason, after demand therefor in accordance with immediately preceding clause (a), from any Lender that has received such Erroneous Payment (or portion thereof) (and/or from any Payment Recipient who received such Erroneous Payment (or portion thereof) on its respective behalf) (such unrecovered amount, an "***Erroneous Payment Return Deficiency***"), upon the Administrative Agent's notice to such Lender at any time, then effective immediately (with the consideration therefor being acknowledged by the parties hereto), (A) such Lender shall be deemed to have assigned its Advances (but not its Commitments) with respect to which such Erroneous Payment was made (the "***Erroneous Payment Impacted Class***") in an amount equal to the Erroneous Payment Return Deficiency (or such lesser amount as the Administrative Agent may specify) (such assignment of the Advances (but not Commitments) of the Erroneous Payment Impacted Class, the "***Erroneous Payment Deficiency Assignment***") (on a cashless basis and such amount calculated at par plus any accrued and unpaid interest (with the assignment fee to be waived by the Administrative Agent in such instance)), and is hereby (together with the Borrower) deemed to execute and deliver an Assignment and Assumption (or, to the extent applicable, an agreement incorporating an Assignment and Assumption by reference pursuant to a Platform as to which the Administrative Agent and such parties are participants) with respect to such Erroneous Payment Deficiency Assignment, and such Lender shall deliver any Notes evidencing such Advances to the Borrower or the Administrative Agent (but the failure of such Person to deliver any such Notes shall not affect the effectiveness of the foregoing assignment), (B) the Administrative Agent as the assignee Lender shall be deemed to have acquired the Erroneous Payment Deficiency Assignment, (C) upon such deemed acquisition, the Administrative Agent as the assignee Lender shall become a Lender, as applicable, hereunder with respect to such Erroneous Payment Deficiency Assignment and the assigning Lender shall cease to be a Lender, as applicable, hereunder with respect to such Erroneous Payment Deficiency Assignment, excluding, for the avoidance of doubt, its obligations under the indemnification provisions of this Agreement and its applicable Commitments which shall survive as to such assigning Lender, (D) the Administrative Agent and the Borrower shall each be deemed to have waived any consents required under this Agreement to any such Erroneous Payment Deficiency Assignment, and (E) the Administrative Agent will reflect in the Register its ownership interest in the Advances subject to the Erroneous Payment Deficiency Assignment. For the avoidance of doubt, no Erroneous Payment Deficiency Assignment will reduce the Commitments of any Lender and such Commitments shall remain available in accordance with the terms of this Agreement.

(ii) Subject to Section 8.07 (but excluding, in all events, any assignment consent or approval requirements (whether from the Borrower or otherwise)), the Administrative Agent may, in its discretion, sell any Advances acquired pursuant to an Erroneous Payment Deficiency Assignment and upon receipt of the proceeds of such sale, the Erroneous Payment Return Deficiency owing by the applicable Lender shall be reduced by the net proceeds of the sale of such Advance (or portion thereof), and the Administrative Agent shall retain all other rights, remedies and claims against such Lender (and/or against any recipient that receives funds on its respective behalf). In addition, an Erroneous Payment Return Deficiency owing by the applicable Lender (x) shall be reduced by the proceeds of prepayments or repayments of principal and interest, or other distribution in respect of principal and interest, received by the Administrative Agent on or with respect to any such Advances acquired from such Lender pursuant to an Erroneous Payment Deficiency Assignment (to the extent that any such Advances are then owned by the Administrative Agent) and (y) may, in the sole discretion of the Administrative Agent, be reduced by any amount specified by the Administrative Agent in writing to the applicable Lender from time to time.

(e) The parties hereto agree that (x) irrespective of whether the Administrative Agent may be equitably subrogated, in the event that an Erroneous Payment (or portion thereof) is not recovered from any Payment Recipient that has received such Erroneous Payment (or portion thereof) for any reason, the Administrative Agent shall be subrogated to all the rights and interests of such Payment Recipient (and, in the case of any Payment Recipient who has received funds on behalf of a Lender to the rights and interests of such Lender) under the Loan Documents with respect to such amount (the “*Erroneous Payment Subrogation Rights*”) (*provided* that the Loan Parties’ obligations under the Loan Documents in respect of the Erroneous Payment Subrogation Rights shall not be duplicative of such obligations in respect of Advances that have been assigned to the Administrative Agent under an Erroneous Payment Deficiency Assignment) and (y) an Erroneous Payment shall not pay, prepay, repay, discharge or otherwise satisfy any obligations owed by the Borrower or any other Loan Party; *provided* that this Section 7.11 shall not be interpreted to increase (or accelerate the due date for), or have the effect of increasing (or accelerating the due date for), the obligations of the Borrower relative to the amount (and/or timing for payment) of the obligations hereunder that would have been payable had such Erroneous Payment not been made by the Administrative Agent; *provided, further*, that for the avoidance of doubt, immediately preceding clauses (x) and (y) shall not apply to the extent any such Erroneous Payment is, and solely with respect to the amount of such Erroneous Payment that is, comprised of funds received by the Administrative Agent from the Borrower for the purpose of making such Erroneous Payment.

(f) To the extent permitted by applicable law, no Payment Recipient shall assert any right or claim to an Erroneous Payment, and hereby waives, and is deemed to waive, any claim, counterclaim, defense or right of set-off or recoupment with respect to any demand, claim or counterclaim by the Administrative Agent for the return of any Erroneous Payment received, including, without limitation, any defense based on “discharge for value” or any similar doctrine.

(g) Each party's obligations, agreements and waivers under this Section 7.11 shall survive the resignation or replacement of the Administrative Agent, any transfer of rights or obligations by, or the replacement of, a Lender, the termination of the Commitments and/or the repayment, satisfaction or discharge of all obligations (or any portion thereof) under any Loan Document.

## **ARTICLE VIII MISCELLANEOUS**

### **SECTION 8.01**      *Amendments, Etc.*

No amendment or waiver of any provision of this Agreement, nor consent to any departure by the Borrower therefrom, shall in any event be effective unless the same shall be in writing and signed by the Required Lenders and the Borrower, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that, subject to Section 8.17, no amendment, waiver or consent shall, unless in writing and signed by all the Lenders, do any of the following: (i) amend Section 3.01 or 3.02 or waive any of the conditions specified therein, (ii) increase the Commitment of any Lender or extend the Commitments, or subject any Lender to any additional obligations, (iii) reduce the principal of, or interest on, or rate of interest applicable to, the outstanding Advances or any fees or other amounts payable hereunder, (iv) postpone any date fixed for any payment of principal of, or interest on, the outstanding Advances, reimbursement obligations or any fees or other amounts payable hereunder, (v) change the definition of Required Lenders or the percentage of the Commitments or of the aggregate unpaid principal amount of the outstanding Borrowings, or the number or percentage of the Lenders that shall be required for the Lenders or any of them to take any action hereunder, or (vi) amend or waive this Section 8.01 or any provision of this Agreement that requires pro rata treatment of the Lenders; and provided further that (x) no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent in addition to the Lenders required above to take such action, affect the rights or duties of the Administrative Agent under this Agreement, and (y) no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent and the Required Lenders, amend or waive Section 8.18. Notwithstanding the foregoing, any provision of this Agreement may be amended by an agreement in writing entered into by the Borrower, the Required Lenders and the Administrative Agent if (i) by the terms of such agreement the Commitment of each Lender not consenting to the amendment provided for therein shall terminate (but such Lender shall continue to be entitled to the benefits of Sections 2.11, 2.14 and 8.04) upon the effectiveness of such amendment and (ii) at the time such amendment becomes effective, each Lender not consenting thereto receives payment in full of the principal amount of and interest accrued on each Advance made by it and outstanding and all other amounts owing to it or accrued for its account under this Agreement and is released from its obligations hereunder.

### **SECTION 8.02**      *Notices, Etc.*

(a) The Borrower hereby agrees that any notice that is required to be delivered to it hereunder shall be delivered to the Borrower as set forth in this Section 8.02. All notices

and other communications provided for hereunder shall be in writing (including fax) and mailed, faxed or delivered, if to the Borrower, at its address at 1 Riverside Plaza, Columbus, OH 43215, Attention: Treasurer (fax: 614-716-2807; telephone: 614-716-2885), with a copy to the General Counsel (fax: 614-716-1687; telephone: 614-716-2929) and to [corporatefinance@aep.com](mailto:corporatefinance@aep.com); if to any Initial Lender, at its Domestic Lending Office specified in its Administrative Questionnaire; if to any other Lender, at its Domestic Lending Office specified in the Assignment and Assumption pursuant to which it became a Lender; if to the Administrative Agent, at its address at 720 King Street West, Toronto, ON, Canada M5V 2T3, Attention: Corporate Agency Operations (Telephone: 212-225-5705, Facsimile: 212-225-5708, Email: [CorporateLending.AgencyOps@scotiabank.com](mailto:CorporateLending.AgencyOps@scotiabank.com)); or, as to the Borrower or the Administrative Agent, at such other address as shall be designated by such party in a written notice to the other parties and, as to each other party, at such other address as shall be designated by such party in a written notice to the Borrower and the Administrative Agent. All such notices and communications shall be effective when delivered or received at the appropriate address or number to the attention of the appropriate individual or department, except that notices and communications to the Administrative Agent pursuant to Article II, III or VII shall not be effective until received by the Administrative Agent. Delivery by fax of an executed counterpart of any amendment or waiver of any provision of this Agreement or of any Exhibit hereto to be executed and delivered hereunder shall be effective as delivery of a manually executed counterpart thereof.

(b) The Borrower and the Lenders hereby agree that the Administrative Agent may make any information required to be delivered to the Administrative Agent on behalf of the Lenders (the “*Communications*”) available to the Lenders by posting the Communications on Intralinks, SyndTrak or a substantially similar electronic transmission systems (the “*Platform*”). The Borrower and the Lenders hereby acknowledge that the distribution of material through an electronic medium is not necessarily secure and that there are confidentiality and other risks associated with such distribution.

(c) THE PLATFORM IS PROVIDED “AS IS” AND “AS AVAILABLE”. THE AGENT PARTIES (AS DEFINED BELOW) DO NOT WARRANT, AND SHALL NOT BE DEEMED TO WARRANT, THE ACCURACY OR COMPLETENESS OF THE COMMUNICATIONS, OR THE ADEQUACY OF THE PLATFORM AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS OR OMISSIONS IN THE COMMUNICATIONS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD-PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE, OR SHALL BE DEEMED TO BE MADE, BY THE AGENT PARTIES IN CONNECTION WITH THE COMMUNICATIONS OR THE PLATFORM. IN NO EVENT SHALL THE ADMINISTRATIVE AGENT OR ANY OF ITS RELATED PARTIES (COLLECTIVELY, “*AGENT PARTIES*”) HAVE ANY LIABILITY TO THE BORROWER, ANY LENDER OR ANY OTHER PERSON OR ENTITY FOR DAMAGES OF ANY KIND, INCLUDING, WITHOUT LIMITATION, DIRECT OR INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), LOSSES OR EXPENSES (WHETHER IN TORT, CONTRACT OR OTHERWISE) ARISING OUT OF THE BORROWER’S OR THE ADMINISTRATIVE AGENT’S TRANSMISSION OF

COMMUNICATIONS THROUGH THE INTERNET, EXCEPT TO THE EXTENT THE LIABILITY OF ANY AGENT PARTY IS FOUND IN A FINAL, NON-APPEALABLE JUDGMENT BY A COURT OF COMPETENT JURISDICTION TO HAVE RESULTED PRIMARILY FROM SUCH AGENT PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

The Administrative Agent agrees that the receipt of the Communications by the Administrative Agent at its e-mail address set forth above shall constitute effective delivery of the Communications to the Administrative Agent for purposes of the Loan Documents. Each Lender agrees that notice to it (as provided in the next sentence) specifying that the Communications have been posted to the Platform shall constitute effective delivery of the Communications to such Lender for purposes of the Loan Documents. Each Lender agrees (i) to notify the Administrative Agent in writing (including by electronic communication) from time to time of such Lender's e-mail address to which the foregoing notice may be sent by electronic transmission and (ii) that the foregoing notice may be sent to such e-mail address.

Nothing herein shall prejudice the right of the Administrative Agent or any Lender to give any notice or other communication pursuant to any Loan Document in any other manner specified in such Loan Document.

**SECTION 8.03**      *No Waiver; Remedies.*

No failure on the part of any Lender or the Administrative Agent to exercise, and no delay in exercising, any right or power hereunder or under any other Loan Document shall operate as a waiver thereof; nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Administrative Agent and the Lenders hereunder and under the other Loan Documents are cumulative and not exclusive of any rights and remedies that are provided by law or that they would otherwise have.

**SECTION 8.04**      *Costs and Expenses.*

(a) The Borrower agrees to pay promptly upon demand all reasonable out-of-pocket costs and expenses of the Administrative Agent in connection with the preparation, execution, delivery, administration, modification and amendment of this Agreement and the other documents to be delivered hereunder, including, without limitation, (i) all due diligence, syndication (including printing, distribution and bank meetings), transportation, computer, duplication, appraisal, consultant, and audit expenses and (ii) the reasonable fees and expenses of counsel for the Administrative Agent with respect thereto and with respect to advising the Administrative Agent as to its rights and responsibilities under this Agreement. The Borrower further agrees to pay promptly upon demand all costs and expenses of the Administrative Agent and the Lenders, if any (including, without limitation, counsel fees and expenses), in connection with the enforcement (whether through negotiations, legal proceedings or otherwise) of this Agreement and the other documents to be delivered hereunder, including, without limitation, reasonable fees and expenses of counsel for the Administrative Agent and the Lenders in connection with the enforcement of rights under this Section 8.04(a).

(b) The Borrower agrees to indemnify and hold harmless each Lender and the Administrative Agent and each of their Related Parties (each, an “*Indemnified Party*”) from and against any and all claims, damages, losses, liabilities and penalties, joint or several, to which any such Indemnified Party may become subject, in each case arising out of or in connection with or relating to (including, without limitation, in connection with any investigation, litigation or proceeding or preparation of a defense in connection therewith) (i) this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Advances (ii) any error or omission in connection with posting of data on the Platform, or (iii) the actual or alleged presence of Hazardous Materials on any property of the Borrower or any of its Subsidiaries or any Environmental Action relating in any way to the Borrower or any of its Subsidiaries, and to reimburse any Indemnified Party for any and all reasonable expenses (including, without limitation, reasonable fees and expenses of counsel) as they are incurred in connection with the investigation of or preparation for or defense of any pending or threatened claim or any action or proceeding arising therefrom, whether or not such Indemnified Party is a party and whether or not such claim, action or proceeding is initiated or brought by or on behalf of the Borrower or any of its Affiliates and whether or not any of the transactions contemplated hereby are consummated or this Agreement is terminated, AND THE FOREGOING INDEMNIFICATION SHALL APPLY WHETHER OR NOT SUCH INDEMNIFIED LIABILITIES ARE IN ANY WAY OR TO ANY EXTENT OWED, IN WHOLE OR IN PART, UNDER ANY CLAIM OR THEORY OF STRICT LIABILITY, OR ARE CAUSED, IN WHOLE OR IN PART, BY ANY NEGLIGENT ACT OR OMISSION OF ANY KIND BY ANY INDEMNIFIED PERSON, except to the extent such claim, damage, loss, liability, penalty or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party’s gross negligence or willful misconduct. In the case of an investigation, litigation or other proceeding to which the indemnity in this Section 8.04(b) applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by the Borrower, its directors, shareholders or creditors or an Indemnified Party or any other Person or any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. To the fullest extent permitted by applicable law, the Borrower agrees not to assert, or permit any of their Affiliates or Related Parties to assert, and each hereby waives, any claim against any Indemnified Party on any theory of liability, for special, indirect, consequential (including lost profits) or punitive damages arising out of or otherwise relating to this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Borrowings.

(c) If any payment of principal of, or Conversion of, any SOFR Advance is made by the Borrower to or for the account of a Lender other than on the last day of the Interest Period for such Advance, as a result of a payment or Conversion pursuant to Section 2.05, 2.08(e), 2.09, 2.10 or 2.12, acceleration of the maturity of the outstanding Borrowings pursuant to Section 6.01 or for any other reason (in the case of any such payment or Conversion), the Borrower shall, promptly upon demand by such Lender (with a copy of such demand to the Administrative Agent), pay to the Administrative Agent for the account of such Lender any amounts required to compensate such Lender for any additional losses, costs or expenses that it may reasonably incur as a result of such payment or Conversion, including, without limitation, any loss (other than loss of Applicable Margin), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by any Lender to fund or maintain such Advance.

(d) Without prejudice to the survival of any other agreement of the Borrower hereunder, the agreements and obligations of the Borrower contained in Sections 2.11, 2.14 and 8.04 shall survive the payment in full of principal, interest and all other amounts payable hereunder.

(e) The Borrower agrees that no Indemnified Party shall have any liability (whether direct or indirect, in contract or tort or otherwise) to the Borrower or its security holders or creditors related to or arising out of or in connection with this Agreement, the Borrowings or the use or proposed use of the proceeds thereof, any of the transactions contemplated by any of the foregoing or in the loan documentation or the performance by an Indemnified Party of any of the foregoing (including the use by unintended recipients of any information or other materials distributed through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents) except to the extent that any loss, claim, damage, liability or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's gross negligence or willful misconduct.

(f) In the event that an Indemnified Party is requested or required to appear as a witness in any action brought by or on behalf of or against the Borrower or any of its Affiliates in which such Indemnified Party is not named as a defendant, the Borrower agrees to reimburse such Indemnified Party for all reasonable expenses incurred by it in connection with such Indemnified Party's appearing and preparing to appear as such a witness, including, without limitation, the fees and disbursements of its legal counsel.

#### **SECTION 8.05      *Right of Set-off.***

Upon (i) the occurrence and during the continuance of any Event of Default and (ii) the making of the request or the granting of the consent specified by Section 6.01 to authorize the Administrative Agent to declare the outstanding Borrowings due and payable pursuant to the provisions of Section 6.01, each Credit Party and each of its Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by such Credit Party or such Affiliate to or for the credit or the account of the Borrower against any and all of the obligations of the Borrower now or hereafter existing under this Agreement held by such Credit Party, whether or not such Credit Party shall have made any demand under this Agreement and although such obligations may be unmatured; *provided* that, in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Administrative Agent for further application in accordance with the provisions of Section 8.17 and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Administrative Agent and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Administrative Agent a statement describing in reasonable detail the obligations of the Borrower owing to such Defaulting Lender as to which it exercised such right of setoff. Each Credit Party agrees promptly to notify the Borrower after any such set-off and application, *provided* that the failure to give such notice shall not affect the validity of such set-off and application. The rights of each Credit Party and its Affiliates under this Section are in

addition to other rights and remedies (including, without limitation, other rights of set-off) that such Credit Party and its Affiliates may have.

**SECTION 8.06**      ***Binding Effect.***

This Agreement shall become effective upon satisfaction of the conditions precedent specified in Section 3.01 and thereafter shall be binding upon and inure to the benefit of the Borrower, the Administrative Agent and each Lender and their respective successors and assigns, except that the Borrower shall not have the right to assign its rights hereunder or any interest herein without the prior written consent of all of the Lenders (and any attempted assignment or transfer by the Borrower without such consent shall be null and void).

**SECTION 8.07**      ***Assignments and Participations.***

(a)      ***Successors and Assigns Generally.*** No Lender may assign or otherwise transfer any of its rights or obligations hereunder except (i) to an assignee in accordance with the provisions of Section 8.07(b), (ii) by way of participation in accordance with the provisions of Section 8.07(d), or (iii) by way of pledge or assignment of a security interest subject to the restrictions of Section 8.07(f) (and any other attempted assignment or transfer by any party hereto shall be null and void). Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants to the extent provided in Section 8.07(d) and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b)      ***Assignments by Lenders.*** Any Lender may at any time assign to one or more assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitment and the Advances at the time owing to it); *provided* that any such assignment shall be subject to the following conditions:

(i)      ***Minimum Amounts.***

(A)      in the case of an assignment of the entire remaining amount of the assigning Lender's Commitment and/or the Advances at the time owing to it or contemporaneous assignments to related Approved Funds that equal at least the amount specified in subsection (b)(i)(B) of this Section in the aggregate or in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund, no minimum amount need be assigned; and

(B)      in any case not described in subsection (b)(i)(A) of this Section, the aggregate amount of the Commitment and/or Advances of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent or, if the "***Trade Date***" is specified in the Assignment and Assumption, as of the Trade Date) shall not be less than \$2,500,000 or an integral multiple of \$500,000 in excess thereof, unless each of the Administrative Agent

and, so long as no Default has occurred and is continuing, the Borrower otherwise consents (each such consent not to be unreasonably withheld or delayed).

(ii) **Proportionate Amounts.** Each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement with respect to the Advances or the Commitment of such Lender being assigned.

(iii) **Required Consents.** No consent shall be required for any assignment except to the extent required by subsection (b)(i)(B) of this Section and, in addition:

(A) the consent of the Borrower (such consent not to be unreasonably withheld or delayed) shall be required unless (x) a Default has occurred and is continuing at the time of such assignment, or (y) such assignment is to a Lender, an Affiliate of a Lender or an Approved Fund; *provided* that the Borrower shall be deemed to have consented to any such assignment unless it shall object thereto by written notice to the Administrative Agent within ten (10) Business Days after having received notice thereof; and

(B) the consent of the Administrative Agent (such consent not to be unreasonably withheld or delayed) shall be required for assignments if such assignment is to a Person that is not a Lender, an Affiliate of such Lender or an Approved Fund with respect to such Lender.

(iv) **Assignment and Assumption.** The parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of \$3,500 (to be paid by the assigning Lender, or, in the case of an assignment pursuant to Section 2.15(b), the Borrower); *provided* that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire.

(v) **No Assignment to Certain Persons.** No such assignment shall be made to (A) the Borrower or any of the Borrower's Affiliates or Subsidiaries or (B) to any Defaulting Lender or any of its Subsidiaries, or any Person that, upon becoming a Lender hereunder, would constitute any of the foregoing Persons described in this clause (B).

(vi) **No Assignment to Natural Persons.** No such assignment shall be made to a natural Person.

(vii) **Certain Additional Payments.** In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Administrative Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or

subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Administrative Agent, the applicable pro rata share of Advances previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Administrative Agent and each Lender hereunder (and interest accrued thereon), and (y) acquire (and fund as appropriate) its full pro rata share of all Advances and Commitments in accordance with its Commitment Percentage. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under Applicable Law without compliance with the provisions of this subsection, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

Subject to acceptance and recording thereof by the Administrative Agent pursuant to subsection (c) of this Section, from and after the effective date specified in each Assignment and Assumption, the assignee thereunder shall be a party to this Agreement and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto) but shall continue to be entitled to the benefits of Sections 2.11, 2.14 and 8.04 with respect to facts and circumstances occurring prior to the effective date of such assignment; *provided*, that except to the extent otherwise expressly agreed in writing by the affected parties, no assignment by a Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender. Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this subsection shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with subsection (d) of this Section.

(c) **Register.** The Administrative Agent, acting solely for this purpose as a non-fiduciary agent of the Borrower, shall maintain at one of its offices a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amounts (and stated interest) of the Advances owing to, each Lender pursuant to the terms hereof from time to time (the "**Register**"). The entries in the Register shall be conclusive absent manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Borrower and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(d) **Participations.** Any Lender may at any time, without the consent of the Borrower or the Administrative Agent, but upon notice to the Administrative Agent, sell participations to any Person (other than a natural Person or the Borrower or any of the Borrower's Affiliates or Subsidiaries) (each, a "**Participant**") in all or a portion of such Lender's rights and/or obligations under this Agreement (including all or a portion of its Commitment and/or the Advances owing to it); *provided* that (i) such Lender's obligations under this

Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower, the Administrative Agent and Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. For the avoidance of doubt, each Lender shall be responsible for the indemnity under Section 7.10 with respect to any payments made by such Lender to its Participant(s).

Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; *provided* that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver with respect to clauses (i) through (vi) of Section 8.01 that affects such Participant. The Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.02(c), 2.11, and 2.14 (subject to the requirements and limitations therein, including the requirements under Section 2.14(f) (it being understood that the documentation required under Section 2.14(f) shall be delivered to the participating Lender)) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to subsection (b) of this Section; *provided* that such Participant (A) agrees to be subject to the provisions of Section 2.15 as if it were an assignee under subsection (b) of this Section; and (B) shall not be entitled to receive any greater payment under Sections 2.11 or 2.14, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation agrees, at the Borrower's request and expense, to use reasonable efforts to cooperate with the Borrower to effectuate the provisions of Section 2.15(b) with respect to any Participant. To the extent permitted by law, each Participant also shall be entitled to the benefits of Section 8.05 as though it were a Lender; *provided* that such Participant agrees to be subject to Section 2.16 as though it were a Lender. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Advances or other obligations under the Loan Documents (the "**Participant Register**"); *provided* that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any Advances or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such Advance or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(e) **Certain Pledges.** Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank; *provided* that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

**SECTION 8.08**      *Confidentiality.*

Each of the Administrative Agent and the Lenders agrees to maintain the confidentiality of the Confidential Information, except that Confidential Information may be disclosed (a) to its Related Parties (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Confidential Information and instructed to keep such Confidential Information confidential); (b) to the extent required or requested by any regulatory authority purporting to have jurisdiction over such Person or its Related Parties (including any state, federal or foreign authority or examiner regulating banks, banking or other financial institutions and any self-regulatory authority, such as the National Association of Insurance Commissioners); (c) to the extent required by Applicable Law or by any subpoena or similar legal process; (d) to any other party hereto; (e) in connection with the exercise of any remedies hereunder or under any other Loan Document or any action or proceeding relating to this Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder; (f) subject to an agreement containing provisions substantially the same as those of this Section, to (i) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights and obligations under this Agreement, (ii) any actual or prospective party (or its Related Parties) to any swap, derivative or other transaction under which payments are to be made by reference to the Borrower and its obligations, this Agreement or payments hereunder or (iii) any credit insurance provider relating to the Borrower and its obligations; (g) on a confidential basis to (i) any rating agency in connection with rating the Borrower or its Subsidiaries or this Agreement or (ii) the CUSIP Service Bureau or any similar agency in connection with the issuance and monitoring of CUSIP numbers with respect to this Agreement; (h) with the consent of the Borrower; or (i) to the extent such Confidential Information (x) becomes publicly available other than as a result of a breach of this Section, or (y) becomes available to the Administrative Agent or any Lender or any of their respective Affiliates on a nonconfidential basis from a source other than the Borrower. Any Person required to maintain the confidentiality of Confidential Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Confidential Information as such Person would accord to its own confidential information. It is agreed that, notwithstanding the restrictions of any prior confidentiality agreement binding on the Arranger or the Administrative Agent, such parties may disclose Confidential Information as provided in this Section 8.08.

**SECTION 8.09**      *Governing Law.*

THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

**SECTION 8.10**      *Severability; Survival; Entire Agreement.*

(a) Any provision of this Agreement held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions hereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

(b) All covenants, agreements, representations and warranties made by the Borrower herein and in the other Loan Documents and in the certificates or other instruments delivered in connection with or pursuant to this Agreement or any other Loan Document shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery of this Agreement and the making of any Advances, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent, the Arranger, any Lender or any Affiliate of any of the foregoing may have had notice or knowledge of any Default or incorrect representation or warranty at the time the Loan Document is executed and delivered or any credit is extended hereunder, and shall continue in full force and effect as long as the principal of or any accrued interest on any Advance or any fee or any other amount payable under this Agreement is outstanding and unpaid and so long as the Commitments have not expired or terminated. The provisions of Sections 2.10, 2.13, 2.15(b) and 8.04 and Article VII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the repayment of the Advances, the expiration or termination of the Commitments or the termination of this Agreement or any provision hereof.

(c) The Loan Documents constitute the entire contract among the parties relative to the subject matter hereof. Any previous agreement, written or oral, among the parties with respect to the subject matter hereof is superseded by this Agreement, except as expressly stated in any other Loan Document.

**SECTION 8.11**            *Execution in Counterparts.*

This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by fax or other electronic imaging shall be effective as delivery of a manually executed counterpart of this Agreement.

**SECTION 8.12**            *Jurisdiction, Etc.*

(a) EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF ANY NEW YORK STATE COURT OR FEDERAL COURT OF THE UNITED STATES OF AMERICA SITTING IN NEW YORK CITY, THE COUNTY OF NEW YORK, AND ANY APPELLATE COURT FROM ANY THEREOF, IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, OR FOR RECOGNITION OR ENFORCEMENT OF ANY JUDGMENT, AND EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN ANY SUCH NEW YORK STATE COURT OR, TO THE EXTENT PERMITTED BY LAW, IN SUCH FEDERAL COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS AGREEMENT SHALL AFFECT ANY RIGHT

THAT ANY PARTY MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT IN THE COURTS OF ANY JURISDICTION.

(b) EACH OF THE PARTIES HERETO IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT IT MAY LEGALLY AND EFFECTIVELY DO SO, ANY OBJECTION THAT IT MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY SUIT, ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT IN ANY NEW YORK STATE OR FEDERAL COURT REFERRED TO IN SECTION 8.12(a). EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, THE DEFENSE OF AN INCONVENIENT FORUM TO THE MAINTENANCE OF SUCH ACTION OR PROCEEDING IN ANY SUCH COURT.

(c) THE BORROWER HEREBY WAIVES PERSONAL SERVICE OF ANY AND ALL PROCESS AND AGREES THAT ALL SUCH SERVICE OF PROCESS MAY BE MADE UPON THE BORROWER BY CERTIFIED OR REGISTERED MAIL, RETURN RECEIPT REQUESTED, ADDRESSED TO THE BORROWER AT THE ADDRESS SET FORTH IN THIS AGREEMENT AND SERVICE SO MADE SHALL BE COMPLETE TEN (10) DAYS AFTER THE SAME HAS BEEN POSTED. NOTHING IN THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT WILL AFFECT THE RIGHT OF ANY PARTY HERETO TO SERVE PROCESS IN ANY OTHER MANNER PERMITTED BY LAW.

**SECTION 8.13**            *Waiver of Jury Trial.*

EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THE LOAN DOCUMENTS OR THE TRANSACTIONS CONTEMPLATED THEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY) AND AGREES THAT ANY SUCH ACTION OR PROCEEDING SHALL BE TRIED BEFORE A COURT AND NOT BEFORE A JURY. EACH PARTY HERETO ACKNOWLEDGES THAT THIS WAIVER IS A MATERIAL INDUCEMENT TO ENTER INTO A BUSINESS RELATIONSHIP, THAT EACH HAS RELIED ON THE WAIVER IN ENTERING INTO THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS, AND THAT EACH WILL CONTINUE TO RELY ON THIS WAIVER IN THEIR RELATED FUTURE DEALINGS. EACH PARTY HERETO WARRANTS AND REPRESENTS THAT EACH HAS HAD THE OPPORTUNITY OF REVIEWING THIS JURY WAIVER WITH LEGAL COUNSEL, AND THAT EACH KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS.

**SECTION 8.14**            *USA Patriot Act.*

Each of the Lenders and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Borrower that, (a) pursuant to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law as of October 26, 2001)) (as amended, restated, modified or otherwise supplemented from time to time, the "*Patriot Act*"), it is required to

obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow such Lender or the Administrative Agent, as applicable, to identify the Borrower in accordance with the Patriot Act and (b) pursuant to the Beneficial Ownership Regulation, it is required to obtain a Beneficial Ownership Certificate.

**SECTION 8.15**      *No Fiduciary Duty.*

The Administrative Agent, the Arranger, each Lender and each of their respective Affiliates and each of their respective officers, directors, controlling persons, employees, agents and advisors (collectively, solely for purposes of this Section 8.15, the “**Lenders**”) may be engaged, for their own accounts or the accounts of customers, in a broad range of transactions that involve interests that differ from those the Borrower and its Affiliates, and none of the Lenders has any obligation to disclose any of such interests to the Borrower or any of their Affiliates. The Borrower agrees that nothing in the Loan Documents or otherwise will be deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty between the Lenders and the Borrower, its stockholders or its Affiliates. The Borrower acknowledges and agrees that (i) the transactions contemplated by the Loan Documents are arm’s-length commercial transactions between the Lenders, on the one hand, and the Borrower, on the other, (ii) in connection therewith and with the process leading to such transaction each of the Lenders is acting solely as a principal and not the agent or fiduciary of the Borrower, its management, stockholders, creditors or any other person, (iii) no Lender has assumed an advisory or fiduciary responsibility in favor of the Borrower with respect to the transactions contemplated hereby or the process leading thereto (irrespective of whether any Lender or any of its Affiliates has advised or is currently advising the Borrower on other matters) or any other obligation to the Borrower except the obligations expressly set forth in the Loan Documents and (iv) the Borrower has consulted its own legal and financial advisors to the extent it deemed appropriate. The Borrower further acknowledges and agrees that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto. The Borrower agrees that it will not claim, and hereby waives and releases any claim to the fullest extent permitted by law, that any Lender (x) has rendered advisory services of any nature or respect, (y) has committed a breach of agency, fiduciary or similar duty, or (z) owes a duty of agency, fiduciary or similar duty to the Borrower, in each case in connection with such transaction or the process leading thereto.

**SECTION 8.16**      *Interest Rate Limitation.*

Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Advance, together with all fees, charges and other amounts which are treated as interest on such Advance under applicable law (collectively, the “**Charges**”), shall exceed the maximum lawful rate (the “**Maximum Rate**”) which may be contracted for, charged, taken, received or reserved by the Lender making such Advance in accordance with applicable law, the rate of interest payable in respect of such Advance hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Advance but were not payable as a result of the operation of this Section 8.16 shall be cumulated and the interest and Charges payable to such Lender in respect of other Advances or periods shall be increased (but not above

the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Applicable Margin to the date of repayment, shall have been received by such Lender.

**SECTION 8.17      *Defaulting Lenders.***

(a) ***Defaulting Lender Adjustments.*** Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as such Lender is no longer a Defaulting Lender, to the extent permitted by Applicable Law:

(i) ***Waivers and Amendments.*** Such Defaulting Lender's right to approve or disapprove any amendment, waiver or consent with respect to this Agreement shall be restricted as set forth in the definition of Required Lenders and in Section 8.01.

(ii) ***Defaulting Lender Waterfall.*** Any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of such Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Article VI or otherwise) or received by the Administrative Agent from a Defaulting Lender pursuant to Section 8.05 shall be applied at such time or times as may be determined by the Administrative Agent as follows: *first*, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder; *second*, as the Borrower may request (so long as no Default exists), to the funding of any Advance in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; *third*, if so determined by the Administrative Agent and the Borrower, to be held in a deposit account and released pro rata in order to satisfy such Defaulting Lender's potential future funding obligations with respect to Advances under this Agreement; *fourth*, to the payment of any amounts owing to the Lenders as a result of any judgment of a court of competent jurisdiction obtained by any Lender against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; *fifth*, so long as no Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; and *sixth*, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction; *provided* that, if (x) such payment is a payment of the principal amount of any Advances in respect of which such Defaulting Lender has not fully funded its appropriate share, and (y) such Advances were made at a time when, with respect to Advance A, the conditions set forth in Section 3.01 were satisfied or waived or, with respect to Advance B, at a time when the conditions in Section 3.02 were satisfied or waived, such payment shall be applied solely to pay the Advances of all Non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Advances of such Defaulting Lender until such time as all Advances are held by the Lenders pro rata in accordance with the Commitments. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender pursuant to this Section 8.17(a)(ii) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

(iii) **Reduction of Commitments.** The Borrower may terminate the Commitment of any Lender that is a Defaulting Lender upon not less than three Business Days' prior notice to the Administrative Agent (which shall promptly notify the Lenders thereof), and in such event the provisions of Section 8.17(a)(ii) will apply to all amounts thereafter paid by the Borrower for the account of such Defaulting Lender under this Agreement (whether on account of principal, interest, fees, indemnity or other amounts); *provided* that (i) no Event of Default shall have occurred and be continuing and (ii) such termination shall not be deemed to be a waiver or release of any claim the Borrower, the Administrative Agent or any Lender may have against such Defaulting Lender.

(b) **Defaulting Lender Cure.** If the Borrower and the Administrative Agent agree in writing that a Lender is no longer a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein, that Lender will, to the extent applicable, purchase at par that portion of outstanding Advances of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Advances to be held pro rata by the Lenders in accordance with the Commitments, whereupon such Lender will cease to be a Defaulting Lender; *provided* that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while that Lender was a Defaulting Lender; and *provided, further*, that except to the extent otherwise expressly agreed in writing by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

**SECTION 8.18 Acknowledgment and Consent to Bail-In of EEA Financial Institutions.**

Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Lender that is an EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

- (a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any Lender that is an EEA Financial Institution; and
- (b) the effects of any Bail-In Action on any such liability, including, if applicable:
  - (i) a reduction in full or in part or cancellation of any such liability;
  - (ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such

shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(c) the variation of the terms of such liability in connection with the exercise of the Write-Down and Conversion Powers of any EEA Resolution Authority.

**SECTION 8.19**      *Certain ERISA Matters.*

(a) Each Lender (x) represents and warrants, as of the date such person became a Lender party hereto, to, and (y) covenants, from the date such person became a Lender party hereto to the date such person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arranger and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that at least one of the following is and will be true:

- (i) such Lender is not using “plan assets” (within the meaning of Section 3(42) of ERISA or otherwise) of one or more Benefit Plans with respect to such Lender’s entrance into, participation in, administration of and performance of the Advances, the Commitments or this Agreement,
- (ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender’s entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement,
- (iii) (A) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Advances, the Commitments and this Agreement, (C) the entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and

performance of the Advances, the Commitments and this Agreement, or

- (iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless either (1) sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or (2) Lender has provided another representation, warranty and covenant in accordance with sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such person became a Lender party hereto, to, and (y) covenants, from the date such person became a Lender party hereto to the date such person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arranger and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that none of the Administrative Agent, Arranger or any of their respective Affiliates is a fiduciary with respect to the assets of such Lender involved in such Lender's entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related hereto or thereto).

#### **SECTION 8.20      *Acknowledgement Regarding Any Supported QFCs.***

(a) To the extent that the Loan Documents provide support, through a guarantee or otherwise, for Hedge Agreements or any other agreement or instrument that is a QFC (such support, "***QFC Credit Support***" and, each such QFC, a "***Supported QFC***"), the parties acknowledge and agree as follows with respect to the resolution power of the FDIC under the Federal Deposit Insurance Act and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (together with the regulations promulgated thereunder, the "***U.S. Special Resolution Regimes***") in respect of such Supported QFC and QFC Credit Support (with the provisions below applicable notwithstanding that the Loan Documents and any Supported QFC may in fact be stated to be governed by the laws of the State of New York and/or of the United States or any other state of the United States):

(b) In the event a Covered Entity that is party to a Supported QFC (each, a "***Covered Party***") becomes subject to a proceeding under a U.S. Special Resolution Regime, the transfer of such Supported QFC and the benefit of such QFC Credit Support (and any interest and obligation in or under such Supported QFC and such QFC Credit Support, and any rights in property securing such Supported QFC or such QFC Credit Support) from such Covered Party will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if the Supported QFC and such QFC Credit Support (and any such interest, obligation and rights in property) were governed by the laws of the United States or a state of the United States. In the event a Covered Party or a BHC Act Affiliate of a Covered Party becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights under the Loan Documents that might otherwise apply to such Supported QFC or any QFC Credit Support that may be exercised against such Covered Party are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if the

Supported QFC and the Loan Documents were governed by the laws of the United States or a state of the United States. Without limitation of the foregoing, it is understood and agreed that rights and remedies of the parties with respect to a Defaulting Lender shall in no event affect the rights of any Covered Party with respect to a Supported QFC or any QFC Credit Support.

(c) As used in this Section 8.20, the following terms have the following meanings:

“**BHC Act Affiliate**” of a party means an “affiliate” (as such term is defined under, and interpreted in accordance with, 12 U.S.C. 1841(k)) of such party.

“**Covered Entity**” means any of the following:

(i) a “covered entity” as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 252.82(b);

(ii) a “covered bank” as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 47.3(b); or

(iii) a “covered FSI” as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b).

“**Default Right**” has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable.

“**QFC**” has the meaning assigned to the term “qualified financial contract” in, and shall be interpreted in accordance with, 12 U.S.C. 5390(c)(8)(D).

[Remainder of page intentionally left blank.]

IN WITNESS WHEREOF, each party hereto has caused a counterpart of this Agreement to be duly executed and delivered as of the date first above written.

July [ ], 2022

Ladies and Gentlemen:

The undersigned, Kentucky Power Company, refers to the Credit Agreement, to be dated as of July 22, 2022 (as amended or modified from time to time, the “**Credit Agreement**,” the terms defined therein being used herein as therein defined), among the undersigned, certain Lenders party thereto and The Bank of Nova Scotia, as Administrative Agent for said Lenders, and hereby gives you notice, irrevocably, pursuant to Section 2.02(a) of the Credit Agreement that the undersigned hereby requests a Borrowing under the Credit Agreement, and in that connection sets forth below the information relating to such Borrowing (the “**Proposed Borrowing**”) as required by Section 2.02(a) of the Credit Agreement:

- (i) The Business Day of the Proposed Borrowing is [ ], 2022.
- (ii) The aggregate amount of the Proposed Borrowing is \$[ ].
- (iii) The Type of Advance comprising the Proposed Borrowing is a [Base Rate Advance][SOFR Advance].
- (iv) (For SOFR Advances only) The initial Interest Period to be applicable to the Proposed Borrowing is [ ] months.
- (v) The location and number of the account of the Borrower to which the funds from the Proposed Borrowing are to be disbursed:

Name and Address of Bank: [ ]  
Account Description: [ ]  
Account Number: [ ]  
ABA Routing Number: [ ]

A-2

The undersigned hereby certifies that the following statements are true on the date hereof, and will be true on the date of the Proposed Borrowing:

(A) the representations and warranties contained in Section 4.01 of the Credit Agreement are true and correct in all material respects on and as of the date hereof, before and after giving effect to the Proposed Borrowing and to the application of the proceeds therefrom, as though made on the date hereof; and

(B) no event has occurred and is continuing, or would result from the Proposed Borrowing or from the application of the proceeds therefrom, that constitutes a Default.

Very truly yours,

KENTUCKY POWER COMPANY

**EXHIBIT B  
(to the Credit Agreement)**

**FORM OF ASSIGNMENT AND ASSUMPTION**

This Assignment and Assumption (the “*Assignment and Assumption*”) is dated as of the Effective Date set forth below and is entered into by and between [the][each]<sup>1</sup> Assignor identified in item 1 below ([the][each, an] “*Assignor*”) and [the][each]<sup>2</sup> Assignee identified in item 2 below ([the][each, an] “*Assignee*”). [It is understood and agreed that the rights and obligations of [the Assignors][the Assignees]<sup>3</sup> hereunder are several and not joint.]<sup>4</sup> Capitalized terms used but not defined herein shall have the meanings given to them in the Credit Agreement identified below (as amended, the “*Credit Agreement*”), receipt of a copy of which is hereby acknowledged by [the][each] Assignee. The Standard Terms and Conditions set forth in Annex 1 attached hereto are hereby agreed to and incorporated herein by reference and made a part of this Assignment and Assumption as if set forth herein in full.

For an agreed consideration, [the][each] Assignor hereby irrevocably sells and assigns to [the Assignee][the respective Assignees], and [the][each] Assignee hereby irrevocably purchases and assumes from [the Assignor][the respective Assignors], subject to and in accordance with the Standard Terms and Conditions and the Credit Agreement, as of the Effective Date inserted by the Administrative Agent as contemplated below (i) all of [the Assignor’s][the respective Assignors’] rights and obligations in [its capacity as a Lender][their respective capacities as Lenders] under the Credit Agreement and any other documents or instruments delivered pursuant thereto to the extent related to the amount and percentage interest identified below of all of such outstanding rights and obligations of [the Assignor][the respective Assignors] under the Credit Agreement, and (ii) to the extent permitted to be assigned under applicable law, all claims, suits, causes of action and any other right of [the Assignor (in its capacity as a Lender)][the respective Assignors (in their respective capacities as Lenders)] against any Person, whether known or unknown, arising under or in connection with the Credit Agreement, any other documents or instruments delivered pursuant thereto or the loan transactions governed thereby or in any way based on or related to any of the foregoing, including, but not limited to, contract claims, tort claims, malpractice claims, statutory claims and all other claims at law or in equity related to the rights and obligations sold and assigned pursuant to clause (i) above (the rights and obligations sold and assigned by [the][any] Assignor to [the][any] Assignee pursuant to clauses (i) and (ii) above being referred to herein collectively as [the][an] “Assigned Interest”). Each such sale and assignment is without recourse to [the][any] Assignor and, except as expressly provided in this Assignment and Assumption, without representation or warranty by [the][any] Assignor.

1. Assignor[s]: \_\_\_\_\_

---

<sup>1</sup> For bracketed language here and elsewhere in this form relating to the Assignor(s), if the assignment is from a single Assignor, choose the first bracketed language. If the assignment is from multiple Assignors, choose the second bracketed language.

<sup>2</sup> For bracketed language here and elsewhere in this form relating to the Assignee(s), if the assignment is to a single Assignee, choose the first bracketed language. If the assignment is to multiple Assignees, choose the second bracketed language.

<sup>3</sup> Select as appropriate.

<sup>4</sup> Include bracketed language if there are either multiple Assignors or multiple Assignees.

## ANNEX 1

\$150,000,000 Credit Agreement dated as of July 22, 2022 among Kentucky Power Company, as the Borrower, the Lenders parties thereto, and The Bank of Nova Scotia, as Administrative Agent

### STANDARD TERMS AND CONDITIONS FOR ASSIGNMENT AND ASSUMPTION

#### 1. *Representations and Warranties.*

- 1.1. Assignor[s]. [The][Each] Assignor (a) represents and warrants that (i) it is the legal and beneficial owner of [the][the relevant] Assigned Interest, (ii) [the][such] Assigned Interest is free and clear of any lien, encumbrance or other adverse claim, (iii) it has full power and authority, and has taken all action necessary, to execute and deliver this Assignment and Assumption and to consummate the transactions contemplated hereby and (iv) it is [not] a Defaulting Lender; and (b) assumes no responsibility with respect to (i) any statements, warranties or representations made in or in connection with the Credit Agreement or any other Loan Document, (ii) the execution, legality, validity, enforceability, genuineness, sufficiency or value of the Loan Documents or any collateral thereunder, (iii) the financial condition of the Borrower, any of its Subsidiaries or Affiliates or any other Person obligated in respect of any Loan Document or (iv) the performance or observance by the Borrower, any of its Subsidiaries or Affiliates or any other Person of any of their respective obligations under any Loan Document.
- 1.2. Assignee[s]. [The][Each] Assignee (a) represents and warrants that (i) it has full power and authority, and has taken all action necessary, to execute and deliver this Assignment and Assumption and to consummate the transactions contemplated hereby and to become a Lender under the Credit Agreement, (ii) it meets all the requirements to be an assignee under Section 8.07(b)(iii), (v) and (vi) of the Credit Agreement (subject to such consents, if any, as may be required under Section 8.07(b)(iii) of the Credit Agreement), (iii) from and after the Effective Date, it shall be bound by the provisions of the Credit Agreement as a Lender thereunder and, to the extent of [the][the relevant] Assigned Interest, shall have the obligations of a Lender thereunder, (iv) it is sophisticated with respect to decisions to acquire assets of the type represented by the Assigned Interest and either it, or the Person exercising discretion in making its decision to acquire the Assigned Interest, is experienced in acquiring assets of such type, (v) it has received a copy of the Credit Agreement, and has received or has been accorded the opportunity to receive copies of the most recent financial statements delivered pursuant to clauses (i) and (ii) of Section 5.01(i) thereof, as applicable, and such other documents and information as it deems appropriate to make its own credit analysis and decision to enter into this Assignment and Assumption and to purchase [the][such] Assigned Interest, (vi) it has, independently and without reliance upon the Administrative Agent or any other Lender and based on such documents and information as it has deemed appropriate, made its own credit

B-2

analysis and decision to enter into this Assignment and Assumption and to purchase [the][such] Assigned Interest, and (vii) attached to the Assignment and Assumption is any documentation required to be delivered by it pursuant to the terms of the Credit Agreement, duly completed and executed by [the][such] Assignee; (b) agrees that (i) it will, independently and without reliance on the Administrative Agent, [the][any] Assignor or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Loan Documents, and (ii) it will perform in accordance with their terms all of the obligations which by the terms of the Loan Documents are required to be performed by it as a Lender and (c) appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers and discretion under the Credit Agreement as are delegated to the Administrative Agent by the terms thereof, together with such powers and discretion as are reasonably incidental thereto.

2. **Payments.** From and after the Effective Date, the Administrative Agent shall make all payments in respect of [the][each] Assigned Interest (including payments of principal, interest, fees and other amounts) to [the][the relevant] Assignee whether such amounts have accrued prior to, on or after the Effective Date. The Assignor[s] and the Assignee[s] shall make all appropriate adjustments in payments by the Administrative Agent for periods prior to the Effective Date or with respect to the making of this assignment directly between themselves. Notwithstanding the foregoing, the Administrative Agent shall make all payments of interest, fees or other amounts paid or payable in kind from and after the Effective Date to [the][the relevant] Assignee.
3. **General Provisions.** This Assignment and Assumption shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors and assigns. This Assignment and Assumption may be executed in any number of counterparts, which together shall constitute one instrument. Delivery of an executed counterpart of a signature page of this Assignment and Assumption by fax shall be effective as delivery of a manually executed counterpart of this Assignment and Assumption. This Assignment and Assumption shall be governed by, and construed in accordance with, the law of the State of New York.

## EXHIBIT B-1

### FORM OF U.S. TAX COMPLIANCE CERTIFICATE

(For Foreign Lenders That Are Not Partnerships For U.S. Federal Income Tax Purposes)

Reference is hereby made to the Credit Agreement dated as of July 22, 2022 (as amended, supplemented or otherwise modified from time to time, the “*Credit Agreement*”), among Kentucky Power Company (the “*Borrower*”), The Bank of Nova Scotia, as Administrative Agent, and each lender from time to time party thereto.

Pursuant to the provisions of Section 2.13 of the Credit Agreement, the undersigned hereby certifies that (i) it is the sole record and beneficial owner of the Advance(s) (as well as any Note(s) evidencing such Advance(s)) in respect of which it is providing this certificate, (ii) it is not a bank within the meaning of Section 881(c)(3)(A) of the Internal Revenue Code, (iii) it is not a ten percent shareholder of the Borrower within the meaning of Section 871(h)(3)(B) of the Internal Revenue Code and (iv) it is not a controlled foreign corporation related to the Borrower as described in Section 881(c)(3)(C) of the Internal Revenue Code.

The undersigned has furnished the Administrative Agent and the Borrower with a certificate of its non-U.S. Person status on IRS Form W-8BEN or IRS Form W-8BEN-E. By executing this certificate, the undersigned agrees that (1) if the information provided on this certificate changes, the undersigned shall promptly so inform the Borrower and the Administrative Agent, and (2) the undersigned shall have at all times furnished the Borrower and the Administrative Agent with a properly completed and currently effective certificate in either the calendar year in which each payment is to be made to the undersigned, or in either of the two calendar years preceding such payments.

Unless otherwise defined herein, terms defined in the Credit Agreement and used herein shall have the meanings given to them in the Credit Agreement.

### FORM OF U.S. TAX COMPLIANCE CERTIFICATE

(For Foreign Participants That Are Not Partnerships For U.S. Federal Income Tax Purposes)

Reference is hereby made to the Credit Agreement dated as of July 22, 2022 (as amended, supplemented or otherwise modified from time to time, the “*Credit Agreement*”), among Kentucky Power Company (the “*Borrower*”), The Bank of Nova Scotia, as Administrative Agent, and each lender from time to time party thereto.

Pursuant to the provisions of Section 2.13 of the Credit Agreement, the undersigned hereby certifies that (i) it is the sole record and beneficial owner of the participation in respect of which it is providing this certificate, (ii) it is not a bank within the meaning of Section 881(c)(3)(A) of the Internal Revenue Code, (iii) it is not a ten percent shareholder of the Borrower within the meaning of Section 871(h)(3)(B) of the Internal Revenue Code, and (iv) it is not a controlled foreign corporation related to the Borrower as described in Section 881(c)(3)(C) of the Internal Revenue Code.

The undersigned has furnished its participating Lender with a certificate of its non-U.S. Person status on IRS Form W-8BEN or IRS Form W-8BEN-E. By executing this certificate, the undersigned agrees that (1) if the information provided on this certificate changes, the undersigned shall promptly so inform such Lender in writing, and (2) the undersigned shall have at all times furnished such Lender with a properly completed and currently effective certificate in either the calendar year in which each payment is to be made to the undersigned, or in either of the two calendar years preceding such payments.

Unless otherwise defined herein, terms defined in the Credit Agreement and used herein shall have the meanings given to them in the Credit Agreement.

## SECOND AMENDMENT TO CREDIT AGREEMENT

This SECOND AMENDMENT TO CREDIT AGREEMENT, dated as of May 26, 2023 (this “*Amendment*”) is made by and among KENTUCKY POWER COMPANY, a Kentucky corporation (the “*Borrower*”), each of the Lenders as reflected on the signature pages hereto, and CANADIAN IMPERIAL BANK OF COMMERCE, NEW YORK BRANCH (“*CIBC*”), as administrative agent (in such capacity, and together with its permitted successors, the “*Administrative Agent*”). Capitalized terms used but not defined herein shall have the meanings assigned such terms in the Credit Agreement (as defined below).

**WHEREAS**, the Borrower, the Lenders and the Administrative Agent are parties to that certain Credit Agreement, dated as of June 17, 2021 (as amended, supplemented or modified prior to the date hereof, the “*Credit Agreement*”), pursuant to which, among other things, the Borrower requested the Lenders extend the Termination Date from June 17, 2023 to June 30, 2024 on the terms and conditions set forth in the Credit Agreement.

**WHEREAS**, the Borrower has requested that the Lenders (i) amend the Credit Agreement as provided below and (ii) confirm the continued effectiveness of the Credit Agreement as amended hereby.

**WHEREAS**, the Administrative Agent and the Lenders signatory hereto, on the terms and conditions hereinafter set forth, are willing to grant the aforesaid requests of the Borrower.

**NOW, THEREFORE**, in consideration of the premises and in order to induce the Administrative Agent and the Lenders to amend the Credit Agreement, the parties hereto agree as follows:

### **SECTION 1. Amendment to Credit Agreement.**

- (a) Subject to the satisfaction of the conditions precedent specified in Section 3 below, the Credit Agreement is hereby amended to (a) delete the stricken text (indicated textually in the same manner as the following example: ~~stricken text~~), and (b) to add the bold double-underlined text (indicated textually in the same manner as the following example: **bold double-underlined text**) as set forth in the pages of the Credit Agreement attached as Exhibit A hereto. Except as expressly stated above and in Section 2(b) below, each other provision of the Credit Agreement (including all schedules and exhibits thereto) shall remain as it was in effect immediately prior to the date hereof.

**SECTION 2. Conditions to Effectiveness.** This Amendment shall become effective on the date (the “**Second Amendment Effective Date**”) that each of the following conditions precedent is satisfied:

- (a) The Administrative Agent shall have received on or before the Second Amendment Effective Date the following, each dated the Second Amendment Effective Date, in form and substance reasonably satisfactory to the Administrative Agent in sufficient copies for each Lender:
- (i) certified copies of the Borrower's certificate of incorporation and bylaws, and resolutions of the board of directors of the Borrower approving this Amendment, a certificate of good standing for the Borrower from its jurisdiction of incorporation and all documents evidencing other necessary corporate action and Governmental Approvals, if any, with respect to this Amendment;
  - (ii) a certificate of the Secretary or Assistant Secretary of the Borrower certifying the names and true signatures of the officers of the Borrower authorized to sign this Amendment and the other documents to be delivered by the Borrower hereunder; and
  - (iii) a favorable opinion of counsel for the Borrower (which may be an attorney of American Electric Power Service Corporation), substantially in the form of Exhibit B hereto and as to such other matters as any Lender through the Administrative Agent may reasonably request.
- (b) On the Second Amendment Effective Date, the following statements shall be true and the Administrative Agent shall have received for the account of each Lender a certificate signed by a duly authorized officer of the Borrower, dated the Second Amendment Effective Date, stating that:
- (i) The representations and warranties of the Borrower contained in Section 3 hereto and Section 4.01 of the Credit Agreement are true and correct in all material respects (or, if already qualified by materiality, in all respects) on and as of the Second Amendment Effective Date, as though made on and as of such date; provided, however, (A) any reference to the Disclosure Documents in Section 4.01 of the Credit Agreement shall be deemed to be a reference to the Second Amendment Disclosure Documents, and (B) any reference to December 31, 2018 in Section 4.01 of the Credit Agreement shall be deemed to be a reference to December 31, 2021; and
  - (ii) Both immediately prior to and immediately after giving effect to the Amendment, no event has occurred and is continuing that constitutes a Default.
- (c) The Administrative Agent shall have received counterparts of this Amendment, executed and delivered by the Borrower and the Lenders.
- (d) The Administrative Agent shall have received all promissory notes (if any) requested by the Lenders pursuant to Section 2.06(d), duly completed and executed by the Borrower and payable to such Lenders.

- (e) The Administrative Agent shall have received all documentation and information required by regulatory authorities under applicable “know your customer” and anti-money laundering rules and regulations.
- (f) The Administrative Agent shall have received copies of the Borrower’s Annual Report for the fiscal year ended December 31, 2022, and (ii) the Borrower’s Current Reports on Form 8-K, as filed with the SEC after the date of filing the Borrower’s Report on Form 10-K for the period ended December 31, 2022 but prior to the Second Amendment Effective Date (collectively, the “**Second Amendment Disclosure Documents**”).
- (g) The Administrative Agent shall have received copies or other evidence of such other approvals and such other opinions or documents as may be reasonably requested by the Administrative Agent or by any Lender through the Administrative Agent.
- (h) The Borrower shall have paid all fees and expenses of the Administrative Agent and the Lenders then due and payable in accordance with the terms of the Section 4 hereto.

**SECTION 3. Representations and Warranties of Borrower.** The Borrower represents and warrants as follows:

(a) The execution, delivery and performance by each Borrower of this Amendment and the consummation by the Borrower of the transactions contemplated by this Amendment, are within the Borrower’s corporate powers, have been duly authorized by all necessary action, and do not contravene (i) the Borrower’s certificate of incorporation or by-laws, (ii) law binding or affecting the Borrower or (iii) any contractual restriction binding on or affecting the Borrower or any of its properties.

(b) No authorization or approval or other action by, and no notice to or filing with, any Governmental Authority or any other third party is required for the due execution, delivery and performance by the Borrower of this Amendment.

(c) This Amendment has been duly executed and delivered by the Borrower. Each of this Amendment and the Credit Agreement, as amended by this Amendment, constitutes the legal, valid and binding obligation of the Borrower, enforceable against the Borrower in accordance with its terms, except as the enforceability thereof may be limited by bankruptcy, insolvency, fraudulent conveyance or other similar laws affecting the enforcement of creditors’ rights in general, and except as the availability of the remedy of specific performance is subject to general principles of equity (regardless of whether such remedy is sought in a proceeding in equity or at law) and subject to requirements of reasonableness, good faith and fair dealing.

(d) As of the Second Amendment Effective Date, the information included in the Beneficial Ownership Certification is true and correct in all respects.

**SECTION 4. Fees, Expenses, Etc.**

(a) Administrative Agent shall have received all reasonable out-of-pocket fees, costs and expenses incurred by the Administrative Agent in connection with the negotiation, preparation and execution of this Amendment.

(b) (i) [Reserved].

(ii) The Borrower agrees that, once paid, the fees described herein or any part thereof payable hereunder and under the Credit Agreement will not be refundable under any circumstances, except otherwise as agreed in writing by the party to whom such fee is owed. All such fees will be paid in immediately available funds and shall not be subject to reduction by way of setoff or counterclaim. All or any portion of the fees received by the Administrative Agent hereunder or under the Credit Agreement may be allocated to any affiliate of CIBC or any other Lender or be shared among the CIBC, the Lenders and their respective affiliates.

**SECTION 5. Reference to and Effect on the Credit Agreement.** (a) Upon the effectiveness of Section 1 hereof: (i) each reference in the Credit Agreement to “this Agreement”, “hereunder”, “hereof” or words of like import referring to the Credit Agreement shall mean and be a reference to the Credit Agreement as amended hereby, and (ii) each reference in the Loan Documents to the “Credit Agreement”, “thereunder”, “thereof” or words of like import referring to the Credit Agreement, shall mean and be a reference to the Credit Agreement as amended hereby.

(b) Except as specifically amended above, the Credit Agreement shall continue to be in full force and effect and is hereby in all respects ratified and confirmed.

(c) The execution, delivery and performance of this Amendment shall not constitute a waiver of any provision of, or operate as a waiver of any right, power or remedy of the Administrative Agent or the Lenders, under the Credit Agreement or any of the other Loan Documents.

(d) Nothing contained in this Amendment shall prejudice any right or remedy that the Administrative Agent or any Lender may now have or may have in the future under or in connection with the Credit Agreement or any other Loan Document, or any other instrument or agreement referred to therein.

**SECTION 6. Reaffirmation.** The Borrower hereby reaffirms its obligations under the Credit Agreement (as amended by this Amendment) and each Loan Document to which it is a party.

**SECTION 7. Entire Agreement.** This Agreement and the Loan Documents (including the Credit Agreement as amended by this Amendment) constitute the entire agreement among the parties hereto with respect to the subject matter hereof and thereof and supersede all other prior agreements and understandings, both written and verbal among the parties hereto or any of them with respect to the subject matter hereof.

**SECTION 8. Amendments; Modifications.** Neither this Amendment nor any provision hereof may be waived, amended or modified, except in accordance with Section 8.01 of the Credit Agreement.

**SECTION 9. Incorporated Provisions.** The provisions of Section 8.12 (“**Jurisdiction, Etc.**”) and Section 8.13 (“**Waiver of Jury Trial**”) of the Credit Agreement are hereby incorporated by reference into this Agreement, mutatis mutandis.

**SECTION 10. Execution in Counterparts.** This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery of an executed counterpart of a signature page of this Amendment by telecopy, emailed pdf. or any other electronic means that reproduces an image of the actual executed signature page shall be effective as delivery of a manually executed counterpart of this Amendment.

**SECTION 11. Headings.** Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose or be given any substantive effect.

**SECTION 12. Successors and Assigns.** This Amendment shall be binding upon the Borrower, the Administrative Agent, the Lenders and their respective permitted successors and assigns, and shall inure to the benefit of the Borrower, the Administrative Agent and the Lenders and their respective permitted successors and assigns.

**SECTION 13. GOVERNING LAW.** THIS AMENDMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HERETO SHALL BE GOVERNED BY, AND SHALL BE CONSTRUED AND ENFORCED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

[Signature page follows.]

IN WITNESS WHEREOF, each of the parties hereto has caused a counterpart of this Agreement to be duly executed and delivered as of the date first above written.

## CREDIT AGREEMENT

CREDIT AGREEMENT, dated as of June 17, 2021 (this “*Agreement*”), among KENTUCKY POWER COMPANY, a Kentucky corporation (the “*Borrower*”), the banks, financial institutions and other institutional lenders listed on the signatures pages hereof (the “*Initial Lenders*”), and CANADIAN IMPERIAL BANK OF COMMERCE, NEW YORK BRANCH (“*CIBC*”), as administrative agent (in such capacity, and together with its successors appointed pursuant to the terms of this Agreement, the “*Administrative Agent*”) for the Lenders (as hereinafter defined).

### PRELIMINARY STATEMENT:

~~WHEREAS, the Borrower has requested that the Lenders, on the terms and conditions set forth herein, provide the Borrower a \$150,000,000 two year term loan facility to be used for general corporate purposes, and the Lenders have indicated their willingness to provide such a facility on the terms and conditions of this Agreement.~~

The Borrower is party to that certain the Credit Agreement, dated as of June 17, 2021 (as in effect immediately prior to the Second Amendment Effective Date, the “*Existing Credit Agreement*”), among the Borrower, CIBC, as administrative agent, and the banks, financial institutions and other institutional lenders party thereto.

WHEREAS, the parties hereto have agreed to amend the Existing Credit Agreement to read as set forth in this Agreement, and it has been agreed by such parties that any Advances outstanding as of the Second Amendment Effective Date shall be governed by and deemed to be outstanding under this Agreement with the intent that the provisions of this Agreement that differ from those contained in the Existing Credit Agreement shall supersede such provisions of the Existing Credit Agreement;

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements contained herein, the parties hereto hereby agree as follows:

## ARTICLE I DEFINITIONS AND ACCOUNTING TERMS

### SECTION 1.01 *Certain Defined Terms.*

As used in this Agreement, the following terms shall have the following meanings (such meanings to be equally applicable to both the singular and plural forms of the terms defined):

“*Act*” has the meaning specified in Section 4.01(l).

“*Adjusted Term SOFR*” means, for purposes of any calculation, the rate per annum equal to (a) Term SOFR for such calculation plus (b) the Term SOFR Adjustment; provided that if Adjusted Term SOFR as so determined shall ever be less than the Floor, then Adjusted Term SOFR shall be deemed to be the Floor.

“*Administrative Agent*” has the meaning specified in the recital of parties to this Agreement.

“**Administrative Questionnaire**” means an administrative questionnaire in a form supplied by the Administrative Agent.

“**Advance**” means an advance by a Lender to a Borrower as part of a Borrowing and refers to a Base Rate Advance or a ~~Eurodollar Rate~~SOFR Advance.

“**AEP**” means American Electric Power Company, Inc., a New York corporation.

“**Affected Financial Institution**” means (i) any EEA Financial Institution or (ii) any UK Financial Institution.

“**Affiliate**” means, as to any Person, any other Person that, directly or indirectly, controls, is controlled by or is under common control with such Person or is a director or officer of such Person. For purposes of this definition, the term “control” (including the terms “controlling”, “controlled by” and “under common control with”) of a Person means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of such Person, whether through the ownership of Voting Stock, by contract or otherwise.

“**Agent Parties**” has the meaning specified in Section 8.02(c).

“**Agent’s Account**” means the account of the Administrative Agent designated from time to time by the Administrative Agent in a written notice to the Lenders and the Borrower.

~~“**Announcements**” has the meaning specified in Section 1.05.~~

“**Anti-Corruption Laws**” means all laws, rules, and regulations of any jurisdiction applicable to the Borrower or its Subsidiaries from time to time concerning or relating to bribery, money laundering or corruption.

“**Applicable Law**” means (i) all applicable common law and principles of equity and (ii) all applicable provisions of all (A) constitutions, statutes, rules, regulations and orders of Governmental Authorities, (B) Governmental Approvals and (C) orders, decisions, judgments and decrees of all courts (whether at law or in equity or admiralty) and arbitrators.

~~“**Applicable Lending Office**” means, with respect to each Lender, such Lender’s Domestic Lending Office in the case of a Base Rate Advance and such Lender’s Eurodollar Lending Office in the case of a Eurodollar Rate Advance.~~

“**Applicable Margin**” means (i) with respect to a ~~Eurodollar Rate~~SOFR Advance, ~~0.80~~0.95% per annum, and (ii) with respect to a Base Rate Advance, 0% per annum; *provided* that the Applicable Margins set forth above shall be increased upon the occurrence and during the continuance of any Event of Default by 2.00% per annum.

“**Approved Fund**” means any Fund that is administered or managed by (i) a Lender, (ii) an Affiliate of a Lender or (iii) an entity or an Affiliate of an entity that administers or manages a Lender.

“**Arranger**” means CIBC in its capacity as lead arranger and bookrunner of the Facility.

“**Assignment and Assumption**” means an assignment and assumption entered into by a Lender and an Eligible Assignee (with the consent of any party whose consent is required by Section 8.07(b)), and accepted by the Administrative Agent, in substantially the form of Exhibit B hereto or any other form approved by the Administrative Agent.

“**Available Tenor**” means, as of any date of determination and with respect to the then-current Benchmark, as applicable, (a) if such Benchmark is a term rate, any tenor for such Benchmark (or component thereof) that is or may be used for determining the length of an interest period pursuant to this Agreement or (b) otherwise, any payment period for interest calculated with reference to such Benchmark (or component thereof) that is or may be used for determining any frequency of making payments of interest calculated with reference to such Benchmark, in each case, as of such date and not including, for the avoidance of doubt, any tenor for such Benchmark that is then-removed from the definition of “Interest Period” pursuant to Section 8.19(c).

“**Bail-In Action**” means the exercise of any Write-Down and Conversion Powers by the applicable Resolution Authority in respect of any liability of an Affected Financial Institution.

“**Bail-In Legislation**” means (i) with respect to any EEA Member Country implementing Article 55 of Directive 2014/59/EU of the European Parliament and of the Council of the European Union, the implementing law, regulation rule or requirement for such EEA Member Country from time to time which is described in the EU Bail-In Legislation Schedule and (ii) with respect to the United Kingdom, Part I of the United Kingdom Banking Act 2009 (as amended from time to time) and any other law, regulation or rule applicable in the United Kingdom relating to the resolution of unsound or failing banks, investment firms or other financial institutions or their affiliates (other than through liquidation, administration or other insolvency proceedings).

“**Bankruptcy Event**” means, with respect to any Person, such Person becomes the subject of a proceeding under any Debtor Relief Law, or has had a receiver, custodian, conservator, trustee, administrator, assignee for the benefit of creditors or similar Person charged with reorganization or liquidation of its business or assets (including the Federal Deposit Insurance Corporation or any other Governmental Authority acting in a similar capacity) appointed for it, or, in the good faith determination of the Administrative Agent, has taken any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any such proceeding or appointment; *provided* that, a Bankruptcy Event shall not result solely by virtue of any ownership interest, or acquisition of any equity interest, in such Person by a Governmental Authority so long as such ownership interest does not result in or provide such Person with immunity from the jurisdiction of courts within the United States or from the enforcement of judgments or writs of attachment on its assets or permit such Person (or such Governmental Authority) to reject, repudiate, disavow or disaffirm obligations under any agreement in which it commits to extend credit.

“**Base Rate**” means ~~a fluctuating interest rate per annum in effect from time to time, which rate per annum shall at all times be equal to,~~ at any time, the highest of (a) the ~~following~~

~~rates then in effect (provided that if~~ Prime Rate, (b) the Federal Funds Rate plus 0.50% and (c) Adjusted Term SOFR for a one-month tenor in effect on such day plus 1.00%; each change in the Base Rate ~~as determined below shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement):~~

~~(i) — take effect simultaneously with the corresponding change or changes in the rate of interest established by the Administrative Agent from time to time as the Administrative Agent’s prime rate (the “Prime Rate”);~~

~~(ii) — 1/2 of 1% per annum above, the Federal Funds Rate; and~~

~~or Adjusted Term SOFR, as applicable (provided that clause (iii) the Daily Eurodollar Rate plus 1 shall not be applicable during any period in which Adjusted Term SOFR is unavailable or unascertainable). Notwithstanding the foregoing, in no event shall the Base Rate be less than 0.00%.~~

“**Base Rate Advance**” means an Advance that bears interest as provided in Section 2.07(a).

~~“**Benchmark**” has the meaning specified in Section 8.19(g)~~

~~“**Benchmark Replacement**” has the meaning specified in Section 8.19(g).~~

~~“**Benchmark Replacement Adjustment**” has the meaning specified in Section 8.19(g).~~

~~“**Benchmark Replacement Conforming Changes**” has the meaning specified in Section 8.19(g).~~

~~“**Benchmark Replacement Date**” has the meaning specified in Section 8.19(g). means, initially, the Term SOFR Reference Rate; provided that if a Benchmark Transition Event has occurred with respect to the Term SOFR Reference Rate or the then-current Benchmark, then “**Benchmark**” means the applicable Benchmark Replacement to the extent that such Benchmark Replacement has replaced such prior benchmark rate pursuant to Section 8.19.~~

“**Benchmark Replacement**” means, with respect to any Benchmark Transition Event, the sum of: (a) the alternate benchmark rate that has been selected by the Administrative Agent and the Borrower giving due consideration to (i) any selection or recommendation of a replacement benchmark rate or the mechanism for determining such a rate by the Relevant Governmental Body or (ii) any evolving or then-prevailing market convention for determining a benchmark rate as a replacement to the then-current Benchmark for Dollar-denominated syndicated credit facilities and (b) the related Benchmark Replacement Adjustment; provided that, if such Benchmark Replacement as so determined would be less than the Floor, such **Benchmark Replacement** will be deemed to be the Floor for the purposes of this Agreement and the other **Loan Documents**.

**“Benchmark Replacement Adjustment”** means, with respect to any replacement of the then-current Benchmark with an Unadjusted Benchmark Replacement for any applicable Available Tenor, the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected by the Administrative Agent and the Borrower giving due consideration to (a) any selection or recommendation of a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement by the Relevant Governmental Body or (b) any evolving or then-prevailing market convention for determining a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement for Dollar-denominated syndicated credit facilities.

**“Benchmark Replacement Date”** means the earlier to occur of the following events with respect to the then-current Benchmark:

(a) in the case of clause (a) or (b) of the definition of “Benchmark Transition Event,” the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of such Benchmark (or the published component used in the calculation thereof) permanently or indefinitely ceases to provide all Available Tenors of such Benchmark (or such component thereof); or

(b) in the case of clause (c) of the definition of “Benchmark Transition Event,” the first date on which such Benchmark (or the published component used in the calculation thereof) has been determined and announced by the regulatory supervisor for the administrator of such Benchmark (or such component thereof) to be non-representative; provided that such non-representativeness will be determined by reference to the most recent statement or publication referenced in such clause (c) and even if any Available Tenor of such Benchmark (or such component thereof) continues to be provided on such date.

For the avoidance of doubt, the “Benchmark Replacement Date” will be deemed to have occurred in the case of clause (a) or (b) with respect to any Benchmark upon the occurrence of the applicable event or events set forth therein with respect to all then-current Available Tenors of such Benchmark (or the published component used in the calculation thereof).

**“Benchmark Transition Event”** ~~has the meaning specified in Section 8.19(g).~~ means the occurrence of one or more of the following events with respect to the then-current Benchmark:

(a) a public statement or publication of information by or on behalf of the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that such administrator has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof), permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof);

(b) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof), the FRB, the Federal Reserve Bank of New York, an insolvency official with

jurisdiction over the administrator for such Benchmark (or such component), a resolution authority with jurisdiction over the administrator for such Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for such Benchmark (or such component), which states that the administrator of such Benchmark (or such component) has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof) permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof); or

(c) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that all Available Tenors of such Benchmark (or such component thereof) are not, or as of a specified future date will not be, representative.

For the avoidance of doubt, a “Benchmark Transition Event” will be deemed to have occurred with respect to any Benchmark if a public statement or publication of information set forth above has occurred with respect to each then-current Available Tenor of such Benchmark (or the published component used in the calculation thereof).

“**Benchmark Transition Start Date**” means, in the case of a Benchmark Transition Event, the earlier of (a) the applicable Benchmark Replacement Date and (b) if such Benchmark Transition Event is a public statement or publication of information of a prospective event, the 90<sup>th</sup> day prior to the expected date of such event as of such public statement or publication of information (or if the expected date of such prospective event is fewer than 90 days after such statement or publication, the date of such statement or publication).

“**Benchmark Unavailability Period**” means the period (if any) (x) beginning at the time that a Benchmark Replacement Date has occurred if, at such time, no Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 8.19 and (y) ending at the time that a Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 8.19.

“**Beneficial Ownership Certification**” means a certification regarding beneficial ownership as required by the Beneficial Ownership Regulation.

“**Beneficial Ownership Regulation**” means 31 C.F.R. § 1010.230.

“**Benefit Plan**” means any of (i) an “employee benefit plan” (as defined in Section 3(3) of ERISA) that is subject to Title I of ERISA, (ii) a “plan” as defined in Section 4975 of the Internal Revenue Code to which Section 4975 of the Internal Revenue Code applies, and (iii) any Person whose assets include (for purposes of the Plan Asset Regulations or otherwise for purposes of Title I of ERISA or Section 4975 of the Internal Revenue Code) the assets of any such “employee benefit plan” or “plan”.

“**Borrower**” has the meaning specified in the recital of parties to this Agreement.

“**Borrowing**” means a borrowing by the Borrower consisting of simultaneous Advances of the same Type, having the same Interest Period and ratably made or Converted on the same day by each of the Lenders pursuant to Section 2.02 or 2.09, as the case may be. All Advances to the Borrower of the same Type, having the same Interest Period and made or Converted on the same day shall be deemed a single Borrowing hereunder until repaid or next Converted.

“**Borrowing Date**” means the date of any Borrowing.

“**Business Day**” means ~~any day of the year on which banks are not required or authorized by law to close in that~~ any day (a) is not a Saturday, Sunday or other day on which the Federal Reserve Bank of New York, NY is closed and, if the applicable Business Day relates to any Eurodollar Rate Advances, “Business Day” also includes a day on which dealings are carried out in the London interbank market (b) is not a day on which commercial banks in Toronto, Ontario, Canada are closed.

“**Change in Law**” means the occurrence, after the date of this Agreement, of any of the following: (i) the adoption or taking effect of any law, rule, regulation or treaty, (ii) any change in any law, rule, regulation or treaty or in the administration, interpretation, implementation or application thereof by any Governmental Authority or (iii) the making or issuance of any request, rule, guideline or directive (whether or not having the force of law) by any Governmental Authority; provided that notwithstanding anything herein to the contrary, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith and (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a “Change in Law”, regardless of the date enacted, implemented, adopted or issued.

“**Charges**” has the meaning specified in Section 8.16.

“**CIBC**” has the meaning specified in the recital of parties to this Agreement.

“**Commitment**” means, for each Lender at any time on any day, the obligation of such Lender to make Advances to the Borrower in an aggregate amount no greater than the amount set forth on Schedule I hereto or, if such Lender has entered into any Assignment and Assumption, set forth for such Lender in the Register maintained by the Administrative Agent pursuant to Section 8.07(c), in each such case as such amount may be increased pursuant to Section 2.17. The initial amount of each Lender’s Commitment as of the Closing Date is set forth on Schedule I hereto, or in the Assignment and Assumption pursuant to which such Lender shall have assumed its Commitment, as applicable.

“**Conforming Changes**” means, with respect to either the use or administration of Term SOFR or the use, administration, adoption or implementation of any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Base Rate,” the definition of “Business Day,” the definition of “U.S. Government Securities Business Day,” the definition of “Interest Period” or any similar or analogous definition (or the

addition of a concept of “interest period”), timing and frequency of determining rates and making payments of interest, timing of borrowing requests or prepayment, conversion or continuation notices, the applicability and length of lookback periods, the applicability of Section 8.04 and other technical, administrative or operational matters) that the Administrative Agent decides may be appropriate to reflect the adoption and implementation of any such rate or to permit the use and administration thereof by the Administrative Agent in a manner substantially consistent with market practice (or, if the Administrative Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Administrative Agent determines that no market practice for the administration of any such rate exists, in such other manner of administration as the Administrative Agent decides is reasonably necessary in connection with the administration of this Agreement and the other Loan Documents).

“**Closing Date**” means June 17, 2021.

“**Commitment Percentage**” means, as to any Lender as of any date of determination, the percentage describing such Lender’s pro rata share of the Commitments set forth in the Register from time to time; *provided* that in the case of Section 8.17 when a Defaulting Lender shall exist, “**Commitment Percentage**” means the percentage of the total Commitments (disregarding any Defaulting Lender’s Commitment) represented by such Lender’s Commitment. If the Commitments have terminated or expired, the Commitment Percentages shall be determined based upon the Commitments most recently in effect, giving effect to any assignments and to any Lender’s status as a Defaulting Lender at the time of determination.

“**Commitments**” means, at any time on any day, the aggregate amount for all Lenders of each Lender’s Commitment then in effect hereunder. The initial amount of the Commitments hereunder on the Closing Date is \$150,000,000.

“**Communications**” has the meaning specified in Section 8.02(b).

“**Confidential Information**” means all information relating the Borrower or any of its Subsidiaries or their businesses that the Borrower furnishes to the Administrative Agent, the Arranger or any Lender in a writing clearly identified at the time of delivery as confidential, but does not include any such information that is or becomes generally available to the public or that is or becomes available to the Administrative Agent, the Arranger or such Lender from a source other than the Borrower.

“**Confirmation of Facility Increase**” has the meaning specified in Section 2.17.

“**Connection Income Taxes**” means Other Connection Taxes that are imposed on or measured by net income (however denominated) or that are franchise Taxes or branch profits Taxes.

“**Consolidated Capital**” means the sum of (i) Consolidated Debt of the Borrower and (ii) the consolidated equity of all classes of stock (whether common, preferred, mandatorily convertible preferred or preference) of the Borrower, in each case determined in accordance with GAAP, but including Equity-Preferred Securities issued by the Borrower and its Consolidated Subsidiaries and excluding the funded pension and other postretirement benefit plans, net of tax, components of accumulated other comprehensive income (loss).

“**Consolidated Debt**” of the Borrower means the total principal amount of all Debt described in clauses (i) through (v) of the definition of Debt and Guaranties of such Debt of the Borrower and its Consolidated Subsidiaries, excluding, however, (i) ~~Debt of AEP Credit, Inc. that is non-recourse to the Borrower and its Consolidated Subsidiaries in respect of the sale of accounts receivable by the Borrower or its Consolidated Subsidiaries,~~ (ii) Stranded Cost Recovery Bonds, and (iii) Equity-Preferred Securities not to exceed 10% of Consolidated Capital (calculated for purposes of this clause without reference to any Equity-Preferred Securities); provided that Guaranties of Debt included in the total principal amount of Consolidated Debt shall not be added to such total principal amount.

“**Consolidated Subsidiary**” means, with respect to any Person at any time, any Subsidiary or other Person the accounts of which would be consolidated with those of such first Person in its consolidated financial statements in accordance with Generally Accepted Accounting Principles.

“**Consolidated Tangible Net Assets**” means, on any date of determination and with respect to any Person at any time, the total of all assets (including revaluations thereof as a result of commercial appraisals, price level restatement or otherwise) appearing on the consolidated balance sheet of such Person and its Consolidated Subsidiaries most recently delivered to the Lenders pursuant to Section 5.01(i) as of such date of determination, net of applicable reserves and deductions, but excluding goodwill, trade names, trademarks, patents, unamortized debt discount and all other like intangible assets (which term shall not be construed to include such revaluations), less the aggregate of the consolidated current liabilities of such Person and its Consolidated Subsidiaries appearing on such balance sheet.

“**Convert**”, “**Conversion**” and “**Converted**” each refers to a conversion of Advances of one Type into Advances of the other Type, or the selection of new, or the renewal of the same, Interest Period for ~~Eurodollar Rate~~ SOFR Advances, pursuant to Section 2.08, 2.09 or 2.12.

“**Credit Party**” means the Administrative Agent or any Lender.

~~“**Daily Eurodollar Rate**” means, for any day, the rate per annum determined by the Administrative Agent by dividing the (i) the Published Rate by (ii) a number equal to 1.00 minus the percentage prescribed by the Federal Reserve Bank of New York for determining the maximum reserve requirements with respect to any Eurocurrency funding by banks on such day.~~

~~“**Daily Simple SOFR**” has the meaning specified in Section 8.19(g).~~

“**Debt**” of any Person means, without duplication, (i) all indebtedness of such Person for borrowed money, (ii) all obligations of such Person for the deferred purchase price of property or services (other than trade payables not overdue by more than 60 days incurred in the ordinary course of such Person’s business), (iii) all obligations of such Person evidenced by notes, bonds, debentures or other similar instruments, (iv) all obligations of such Person as lessee under leases that have been, in accordance with GAAP, recorded as capital leases, including, without limitation, the leases described in clause (iv) of Section 5.02(c), (v) all obligations of such Person in respect of reimbursement agreements with respect to acceptances, letters of credit (other than trade letters of credit) or similar extensions of credit, (vi) all Guaranties and (vii) all

reasonably quantifiable obligations under indemnities or under support or capital contribution agreements, and other reasonably quantifiable obligations (contingent or otherwise) to purchase or otherwise to assure a creditor against loss in respect of, or to assure an obligee against loss in respect of, all Debt of others referred to in clauses (i) through (vi) above guaranteed directly or indirectly in any manner by such Person, or in effect guaranteed directly or indirectly by such Person through an agreement (A) to pay or purchase such Debt or to advance or supply funds for the payment or purchase of such Debt, (B) to purchase, sell or lease (as lessee or lessor) property, or to purchase or sell services, primarily for the purpose of enabling the debtor to make payment of such Debt or to assure the holder of such Debt against loss, (C) to supply funds to or in any other manner invest in the debtor (including any agreement to pay for property or services irrespective of whether such property is received or such services are rendered) or (D) otherwise to assure a creditor against loss.

“**Debtor Relief Laws**” means the Bankruptcy Code of the United States of America, and all other liquidation, conservatorship, bankruptcy, assignment for the benefit of creditors, moratorium, rearrangement, receivership, insolvency, reorganization, or similar debtor relief laws of the United States or other applicable jurisdictions from time to time in effect.

“**Declining Lender**” has the meaning specified in Section 2.18(b).

“**Default**” means any Event of Default or any event that would constitute an Event of Default but for the requirement that notice be given or time elapse or both.

“**Defaulting Lender**” means, subject to Section 8.17(b), any Lender that (i) has failed to (A) fund all or any portion of its Advances within two Business Days of the date such Advances were required to be funded hereunder unless such Lender notifies the Administrative Agent and the Borrower in writing that such failure is the result of such Lender’s good faith determination that one or more conditions precedent to funding (each of which conditions precedent, together with any applicable Default, shall be specifically identified in such writing) has not been satisfied, or (B) pay to any Credit Party any other amount required to be paid by it hereunder within two Business Days of the date when due, (ii) has notified the Borrower or any Credit Party in writing that it does not intend to comply with its funding obligations hereunder or generally under other agreements in which it commits to extend credit, or has made a public statement to that effect (unless such writing or public statement relates to such Lender’s obligation to fund an Advance hereunder and states that such position is based on such Lender’s good faith determination that a condition precedent to funding (which condition precedent, together with any applicable Default, shall be specifically identified in such writing or public statement) cannot be satisfied), (iii) has failed, within three Business Days after written request by the Administrative Agent or the Borrower, to confirm in writing to the Administrative Agent and the Borrower that it will comply with its prospective funding obligations hereunder (*provided that*, such Lender shall cease to be a Defaulting Lender pursuant to this clause (iii) upon receipt of such written confirmation by the Administrative Agent and the Borrower), or (iv) has become the subject of (x) a Bankruptcy Event or (y) a Bail-~~in~~In Action. Any determination by the Administrative Agent that a Lender is a Defaulting Lender under any one or more of clauses (i) through (iv) above shall be conclusive and binding absent manifest error, and such Lender shall be deemed to be a Defaulting Lender (subject to Section 8.17(b)) upon delivery of written notice of such determination to the Borrower and each Lender.

“**Disclosure Documents**” means (i) the Borrower’s Annual Report for the fiscal year ended December 31, ~~2020~~2022, and (ii) the Borrower’s ~~First Quarter~~Current Reports on Form 8-K, as filed with the SEC after the date of filing the Borrower’s Report on Form 10-K for the period ended ~~March~~December 31, ~~2021~~2022 but prior to the Second Amendment Effective Date

“**Dollars**” and the symbol “\$” mean lawful currency of the United States of America.

~~“**Domestic Lending Office**” means, with respect to any Lender, the office of such Lender specified as its “Domestic Lending Office” on such Lender’s Administrative Questionnaire or in the Assignment and Assumption pursuant to which it became a Lender, or such other office of such Lender as such Lender may from time to time specify in writing to the Borrower and the Administrative Agent.~~

~~“**Early Opt-in Election**” has the meaning specified in Section 8.19(g).~~

“**EEA Financial Institution**” means (a) any credit institution or investment firm established in any EEA Member Country which is subject to the supervision of an EEA Resolution Authority, (b) any entity established in an EEA Member Country which is a parent of an institution described in clause (a) of this definition, or (c) any financial institution established in an EEA Member Country which is a subsidiary of an institution described in clauses (a) or (b) of this definition and is subject to consolidated supervision with its parent.

“**EEA Member Country**” means any of the member states of the European Union, Iceland, Liechtenstein, and Norway.

“**EEA Resolution Authority**” means any public administrative authority or any ~~person~~Person entrusted with public administrative authority of any EEA Member Country (including any delegee) having responsibility for the resolution of any EEA Financial Institution.

“**Eligible Assignee**” means any Person that meets the requirements to be an assignee under Section 8.07(b)(iii), (v) and (vi) (subject to such consents, if any, as may be required under Section 8.07(b)(iii)).

“**Environmental Action**” means any action, suit, demand, demand letter, claim, notice of non-compliance or violation, notice of liability or potential liability, investigation, proceeding, consent order or consent agreement relating in any way to any Environmental Law, Environmental Permit or Hazardous Materials or arising from alleged injury or threat of injury to health, safety or the environment, including, without limitation, (i) by any Governmental Authority for enforcement, cleanup, removal, response, remedial or other actions or damages and (ii) by any Governmental Authority or any third party for damages, contribution, indemnification, cost recovery, compensation or injunctive relief.

“**Environmental Law**” means any federal, state, local or foreign statute, law, ordinance, rule, regulation, code, order, judgment, decree or judicial or agency interpretation, policy or guidance relating to pollution or protection of the environment, health, safety or natural resources, including, without limitation, those relating to the use, handling, transportation, treatment, storage, disposal, release or discharge of Hazardous Materials.

“**Environmental Permit**” means any permit, approval, identification number, license or other authorization required under any Environmental Law.

“**Equity Interests**” means shares of capital stock, partnership interests, membership interests in a limited liability company, beneficial interests in a trust or other equity ownership interests in a Person, and any warrants, options or other rights entitling the holder thereof to purchase or acquire any such equity interest.

“**Equity-Preferred Securities**” means (i) debt or preferred securities that are mandatorily convertible or mandatorily exchangeable into common shares of the Borrower and (ii) any other securities, however denominated, including but not limited to hybrid capital and trust originated preferred securities, (A) issued by the Borrower or any Consolidated Subsidiary of the Borrower, (B) that are not subject to mandatory redemption or the underlying securities, if any, of which are not subject to mandatory redemption, (C) that are perpetual or mature no less than 30 years from the date of issuance, (D) the indebtedness issued in connection with which, including any guaranty, is subordinate in right of payment to the unsecured and unsubordinated indebtedness of the issuer of such indebtedness or guaranty, and (E) the terms of which permit the deferral of the payment of interest or distributions thereon to a date occurring after the Termination Date.

“**ERISA**” means the Employee Retirement Income Security Act of 1974, as amended from time to time, and the regulations promulgated and rulings issued thereunder.

“**ERISA Affiliate**” means, with respect to any Person, each trade or business (whether or not incorporated) that is considered to be a single employer with such entity within the meaning of Section 414(b), (c), (m) or (o) of the Internal Revenue Code.

“**ERISA Event**” means (i) the termination of or withdrawal from any Plan by the Borrower or any of its ERISA Affiliates, (ii) the failure by the Borrower or any of its ERISA Affiliates to comply with ERISA or the related provisions of the Internal Revenue Code with respect to any Plan or (iii) the failure by the Borrower or any of its Subsidiaries to comply with Applicable Law with respect to any Foreign Plan.

“**Erroneous Payment**” has the meaning specified in Section 7.14(a).

“**Erroneous Payment Deficiency Assignment**” has the meaning assigned thereto in Section 7.14(d).

“**Erroneous Payment Impacted Class**” has the meaning assigned thereto in Section 7.14(d).

“**Erroneous Payment Return Deficiency**” has the meaning assigned thereto in Section 7.14(d).

“**EU Bail-In Legislation Schedule**” means the EU Bail-In Legislation Schedule published by the Loan Market Association (or any successor person), as in effect from time to time.

~~“**Eurocurrency Liabilities**” has the meaning assigned to that term in Regulation D of the Board of Governors of the Federal Reserve System, as in effect from time to time.~~

~~“Eurodollar Lending Office” means, with respect to any Lender, the office of such Lender specified as its “Eurodollar Lending Office” on such Lender’s Administrative Questionnaire or in the Assignment and Assumption pursuant to which it became a Lender (or, if no such office is specified, its Domestic Lending Office), or such other office of such Lender as such Lender may from time to time specify in writing to the Borrower and the Administrative Agent.~~

~~“Eurodollar Rate” means, for any Interest Period for each Eurodollar Rate Advance comprising part of the same Borrowing, the interest rate per annum determined by the Administrative Agent by dividing (the resulting quotient rounded upwards to the nearest 1/100th of 1% per annum) (i) the rate that appears on Bloomberg Page BBAM1 (or on such other substitute Bloomberg page that displays rates at which U.S. dollar deposits are offered by leading banks in the London interbank deposit market), or the rate that is quoted by another source selected by the Administrative Agent, reasonably acceptable to the Borrower, that has been approved by ICE Benchmark Association as an authorized information vendor for the purpose of displaying the rates at which U.S. dollar deposits are offered by leading banks in the London interbank deposit market (for purposes of this definition, an “Alternate Source”) at approximately 11:00 A.M., London time, two Business Days prior to the first day of such Interest Period as the London interbank offered rate for U.S. Dollars for an amount comparable to such Borrowing and having a Borrowing date and a maturity comparable to such Interest Period (or if there shall at any time, for any reason, no longer exist a Bloomberg Page BBAM1 (or any substitute page) or any Alternate Source, a comparable replacement rate determined by the Administrative Agent at such time (which determination shall be conclusive absent manifest error)), by (ii) a number equal to 1.00 minus the percentage prescribed by the Federal Reserve Bank of New York for determining the maximum reserve requirements with respect to any Eurocurrency funding by banks from time to time; provided that if the Eurodollar Rate shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement.~~

~~“Eurodollar Rate Advance” means an Advance that bears interest as provided in Section 2.07(b).~~

~~“Events of Default” has the meaning specified in Section 6.01.~~

~~“Exchange Act” has the meaning specified in Section 6.01(f).~~

~~“Excluded Taxes” means any of the following Taxes imposed on or with respect to a Recipient or required to be withheld or deducted from a payment to a Recipient, (i) Taxes imposed on or measured by the net income (however denominated) of such Recipient, franchise Taxes or branch profits Taxes, in each case, (A) imposed as a result of such Recipient being organized under the laws of, or having its principal office or, in the case of any Lender, its Applicable~~applicable~~ Lending Office located in, the jurisdiction imposing such Tax (or any political subdivision thereof) or (B) that are Other Connection Taxes, (ii) in the case of a Lender, U.S. federal withholding Taxes imposed on amounts payable to or for the account of such Lender with respect to an applicable interest in an Advance or Commitment pursuant to a law in effect on the date on which (A) such Lender acquires such interest in the Advance or Commitment (other than pursuant to an assignment request by the Borrower under Section 2.15(b) or (B) such Lender changes its Applicable~~applicable~~ Lending Office, except in each case to the extent that,~~

pursuant to Section 2.14, amounts with respect to such Taxes were payable either to such Lender's assignor immediately before such Lender became a party hereto or to such Lender immediately before it changed its ~~Applicable~~applicable Lending Office, (iii) Taxes attributable to such Recipient's failure to comply with Section 2.14(g) and (iv) any U.S. federal withholding Taxes imposed under FATCA.

***"Extension Effective Date"*** has the meaning specified in Section 2.18(c).

***"Extension of Credit"*** means the making of a Borrowing. For purposes of this Agreement, a Conversion shall not constitute an Extension of Credit.

***"Facility"*** means the aggregate commitment of the Lenders to make Advances to the Borrower hereunder up to a maximum of One Hundred Fifty Million Dollars (\$150,000,000), as such aggregate commitment may be increased pursuant to Section 2.17.

***"FATCA"*** means Sections 1471 through 1474 of the Internal Revenue Code, as of the date of this Agreement (or any amended or successor version that is substantively comparable and not materially more onerous to comply with) and any current or future regulations or official interpretations thereof.

***"Federal Funds Rate"*** means, for any period, a fluctuating interest rate per annum (based on a year of 360 days and actual days elapsed and rounded upward to the nearest 1/100 of 1%) equal for each day during such period to the weighted average of the rates on overnight Federal funds transactions with members of the Federal Reserve System arranged by Federal funds brokers, as published for such day (or, if such day is not a Business Day, for the next preceding Business Day) by the Federal Reserve Bank of New York, or, if such rate is not so published for any day that is a Business Day, the average of the quotations for such day on such transactions received by the Administrative Agent from three Federal funds brokers of recognized standing selected by it; provided that if the Federal Funds Rate as determined in accordance with this definition shall be less than zero, such rate shall be deemed to be zero for purposes of this Agreement.

***"First Amendment"*** means that certain Waiver and Amendment to Credit Agreement, dated as of August 16, 2022, among the Borrower, the Administrative Agent and the Lenders party thereto.

***"Floor"*** ~~has the meaning specified in Section 8.19(g)~~means a rate of interest equal to 0.00%.

***"Foreign Lender"*** means a Lender that is not a U.S. Person.

***"Foreign Plan"*** has the meaning specified in Section 4.01(i).

***"Fund"*** means any Person (other than a natural Person) that is (or will be) engaged in making, purchasing, holding or otherwise investing in commercial loans and similar extensions of credit in the ordinary course of its activities.

***"GAAP"*** has the meaning specified in Section 1.03.

“**Generally Accepted Accounting Principles**” means United States generally accepted accounting principles in effect from time to time.

“**Governmental Approval**” means any authorization, consent, approval, license or exemption of, registration or filing with, or report or notice to, any Governmental Authority.

“**Governmental Authority**” means the government of the United States of America or any other nation, or of any political subdivision thereof, whether state or local, and any agency, authority, instrumentality, regulatory body, court, central bank or other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any supra-national bodies such as the European Union or the European Central Bank).

“**Guaranty**” of any Person means any obligation, contingent or otherwise, of such Person (i) to pay any Debt of any other Person or (ii) incurred in connection with the issuance by a third person of a Guaranty of Debt of any other Person (whether such obligation arises by agreement to reimburse or indemnify such third Person or otherwise).

“**Hazardous Materials**” means (i) petroleum and petroleum products, byproducts or breakdown products, radioactive materials, asbestos-containing materials, polychlorinated biphenyls and radon gas and (ii) any other chemicals, materials or substances designated, classified or regulated as hazardous or toxic or as a pollutant or contaminant under any Environmental Law.

~~“**IBA**” has the meaning specified in Section 1.05.~~

“**Indemnified Party**” has the meaning specified in Section 8.04(b).

“**Indemnified Taxes**” means (i) Taxes, other than Excluded Taxes, imposed on or with respect to any payment made by or on account of any obligation of the Borrower under any Loan Document and (ii) to the extent not otherwise described in clause (i), Other Taxes.

“**Initial Lenders**” has the meaning specified in the recital of parties to this Agreement.

“**Interest Period**” means, ~~for each Eurodollar Rate Advance comprising part of the same Borrowing, the period commencing on the date of such Eurodollar Rate Advance or the date of the Conversion of~~ as to any Base Rate SOFR Advance into such Eurodollar Rate Advance and ending on the last day of the period selected by the Borrower pursuant to the provisions below and, thereafter, with respect to Eurodollar Rate Advances, each subsequent, the period commencing on the ~~last day of the immediately preceding Interest Period~~ date such SOFR Advance is disbursed or converted to or continued as a SOFR Advance and ending on the last day of the period date one (1), three (3) or six (6) months thereafter, in each case as selected by the Borrower pursuant to the provisions below. The duration of each such Interest Period shall be one, two, three or six months (subject to availability), as the Borrower may, upon notice received by the Administrative Agent not later than 11:00 A.M. on the third Business Day prior to the first day of such Interest Period, select in its Notice of Borrowing or a notice of conversion and subject to availability; provided, however, that:

(i) ~~the Borrower may not select any Interest Period that ends after the Termination Date;~~

~~(ii) Interest Periods commencing on the same date for Eurodollar Rate Advances comprising part of the same Borrowing shall be of the same duration;~~

(i) the Interest Period shall commence on the date of advance of or conversion to any SOFR Advance and, in the case of immediately successive Interest Periods, each successive Interest Period shall commence on the date on which the immediately preceding Interest Period expires;

~~(iii) whenever the last day of~~ any Interest Period would otherwise ~~occur~~expire on a day ~~other than that is not~~ a Business Day, ~~the last day of~~ such Interest Period shall ~~be extended to occur~~expire on the next succeeding Business Day; ~~provided, however, that, if such extension would cause the last day of such~~ any Interest Period ~~to occur in the next following calendar~~ would otherwise ~~expire~~ on a day that is not a Business Day but is a day of the month after which no further Business Day occurs in such month, ~~the last day of~~ such Interest Period shall ~~occur~~expire on the ~~next~~immediately preceding Business Day; ~~and~~

~~(iv) whenever the first day of~~ any Interest Period ~~occurs~~that begins on ~~a day~~the last Business Day of ~~an initial~~ a calendar month (or on a day for which there is no numerically corresponding day in the calendar month ~~that succeeds such initial calendar month by~~ at the ~~number~~end of ~~months equal to the number of months in~~ such Interest Period, ~~such Interest Period~~ shall end on the last Business Day of ~~such succeeding~~the relevant calendar month at the end of such Interest Period;

(iv) no Interest Period shall extend beyond the Termination Date;

(v) there shall be no more than ten (10) Interest Periods in effect at any time; and

(vi) no tenor that has been removed from this definition pursuant to Section 8.19 shall be available for specification in any Notice of Borrowing or notice of conversion.

“*Internal Revenue Code*” means the Internal Revenue Code of 1986, as amended from time to time, and the regulations promulgated and rulings issued thereunder.

“*IRS*” means the United States Internal Revenue Service.

~~“*ISDA Definitions*” has the meaning specified in Section 8.21(g).~~

“*Lender Commitment Increase Agreement*” has the meaning specified in Section 2.17.

“*Lender Joinder Agreement*” has the meaning specified in Section 2.17.

“*Lenders*” means the Initial Lenders and each other Person that shall become a party hereto pursuant to Section 8.07 or Section 2.17, in each case other than any such Person that shall have ceased to be a party hereto pursuant to Section 8.07 or Section 2.17.

“**Lending Office**” means, with respect to any Lender, the office of such Lender maintaining such Lender’s Extensions of Credit, which office may, to the extent the applicable Lender notifies the Administrative Agent in writing, include an office of any Affiliate of such Lender or any domestic or foreign branch of such Lender or Affiliate.

“**Lien**” means any lien, security interest or other charge or encumbrance of any kind, or any other type of preferential arrangement, including, without limitation, the lien or retained security title of a conditional vendor and any easement, right of way or other encumbrance on title to real property.

“**Loan Documents**” means, collectively, (i) this Agreement, (ii) any promissory note issued pursuant to Section 2.06(d), and (iii) any Lender Joinder Agreement, in each case, as amended, supplemented or modified from time to time.

“**Margin Regulations**” means Regulations T, U and X of the Board of Governors of the Federal Reserve System, as in effect from time to time.

“**Margin Stock**” has the meaning specified in the Margin Regulations.

“**Material Adverse Change**” means any material adverse change (i) in the business, condition (financial or otherwise) or operations of the Borrower and its Subsidiaries, taken as a whole, or (ii) that is reasonably likely to affect the legality, validity or enforceability of this Agreement or any other Loan Document against the Borrower or the ability of the Borrower to perform its obligations under this Agreement or any other Loan Document.

“**Material Adverse Effect**” means a material adverse effect (i) on the business, condition (financial or otherwise) or operations of the Borrower and its Subsidiaries, taken as a whole, or (ii) that is reasonably likely to affect the legality, validity or enforceability of this Agreement or any other Loan Document against the Borrower or the ability of the Borrower to perform its obligations under this Agreement or any other Loan Document.

“**Maximum Rate**” has the meaning specified in Section 8.18.

“**Moody’s**” means Moody’s Investors Service, Inc.

“**Multiemployer Plan**” has the meaning specified in Section 4.01(i).

“**Non-Consenting Lender**” means any Lender that does not approve any consent, waiver or amendment that (i) requires the approval of all Lenders in accordance with the terms of Section 8.01 and (ii) has been approved by the Required Lenders.

“**Non-Defaulting Lender**” means, at any time, each Lender that is not a Defaulting Lender at such time.

“**Notice of Borrowing**” has the meaning specified in Section 2.02(a).

“**Other Connection Taxes**” means, with respect to any Recipient, Taxes imposed as a result of a present or former connection between such Recipient and the jurisdiction imposing

such Tax (other than connections arising from such Recipient having executed, delivered, become a party to, performed its obligations under, received payments under, received or perfected a security interest under, engaged in any other transaction pursuant to or enforced any Loan Document, or sold or assigned an interest in any Advance, Commitment or Loan Document).

“**Other Taxes**” means all present or future stamp, court or documentary, intangible, recording, filing or similar Taxes that arise from any payment made under, from the execution, delivery, performance, enforcement or registration of, from the receipt or perfection of a security interest under, or otherwise with respect to, any Loan Document, except any such Taxes that are Other Connection Taxes imposed with respect to an assignment (other than an assignment made pursuant to Section 2.15(b)).

“**Overnight Rate**” means, for any day, the greater of (a) the Federal Funds Rate and (b) an overnight rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation.

“**Participant**” has the meaning specified in Section 8.07(d).

“**Participant Register**” has the meaning specified in Section 8.07(d).

“**Patriot Act**” has the meaning specified in Section 8.14.

“**Permitted Liens**” means such of the following as to which no enforcement, collection, execution, levy or foreclosure proceeding shall have been commenced: (i) Liens for taxes, assessments and governmental charges or levies to the extent not required to be paid under Section 5.01(g) hereof; (ii) Liens imposed by law, such as materialmen’s, mechanics’, carriers’, workmen’s and repairmen’s Liens, and other similar Liens arising in the ordinary course of business securing obligations that are not overdue for a period of more than 30 days or that are being contested in good faith by appropriate proceedings; (iii) Liens incurred or deposits made to secure obligations under workers’ compensation laws or similar legislation or to secure public or statutory obligations; (iv) easements, rights of way and other encumbrances on title to real property that do not render title to the property encumbered thereby unmarketable or materially adversely affect the use of such property for its present purposes; (v) any judgment Lien, unless an Event of Default under Section 6.01(g) shall have occurred and be continuing; (vi) any Lien on any asset of any Person existing at the time such Person is merged or consolidated with or into the Borrower or any Significant Subsidiary and not created in contemplation of such event; (vii) deposits made in the ordinary course of business to secure the performance of bids, trade contracts (other than for Debt), operating leases and surety bonds; (viii) Liens upon or in any real property or equipment acquired, constructed, improved or held by the Borrower or any Subsidiary in the ordinary course of business to secure the purchase price of such property or equipment or to secure Debt incurred solely for the purpose of financing the acquisition, construction or improvement of such property or equipment, or Liens existing on such property or equipment at the time of its acquisition (other than any such Liens created in contemplation of such acquisition that were not incurred to finance the acquisition of such property); (ix) extensions, renewals or replacements of any Lien described in clause (iii), (vi), (vii) or (viii) for the same or a lesser amount, *provided, however*, that no such Lien shall extend to or cover any

properties not theretofore subject to the Lien being extended, renewed or replaced; and (x) any other Lien not covered by the foregoing exceptions as long as immediately after the creation of such Lien the aggregate principal amount of Debt secured by all Liens created or assumed under this clause (x) does not exceed 10% of Consolidated Tangible Net Assets of the Borrower.

“**Person**” means an individual, partnership, corporation (including a business trust), joint stock company, trust, unincorporated association, joint venture, limited liability company or other entity, or a government or any political subdivision or agency thereof.

“**Plan**” has the meaning specified in Section 4.01(i).

“**Platform**” has the meaning specified in Section 8.02(b).

“**PTE**” means a prohibited transaction class exemption issued by the U.S. Department of Labor, as any such exemption may be amended from time to time.

~~“**Published Rate**” means the rate of interest published each business day in The Wall Street Journal “Money Rates” listing under the caption “London Interbank Offered Rates” for a one-month period; provided, that, if no such rate is published therein for any reason, then the Published Rate shall be the Eurodollar rate for a one-month period as published in another publication determined by the Administrative Agent.~~

“**Recipient**” means (a) the Administrative Agent and (b) any Lender, as applicable.

~~“**Reference Time**” has the meaning specified in Section 8.19(g).~~

“**Register**” has the meaning specified in Section 8.07(c).

“**Regulation AB**” means rules promulgated by the SEC found at C.F.R. 229.1100 et seq.

“**Related Parties**” means, with respect to any Person, such Person’s Affiliates and the partners, directors, officers, employees, agents, trustees, administrators, managers, advisors and representatives of such Person and of such Person’s Affiliates.

“**Relevant Governmental Body**” means the FRB or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the FRB or the Federal Reserve Bank of New York, or any successor thereto.

“**Request for Facility Increase**” has the meaning specified in Section 2.17.

“**Required Lenders**” means at any time Lenders having Advances and Commitments representing more than 50% of the sum of the then aggregate unpaid principal amount of the Advances owing to Lenders and Commitments in effect at such time. Subject to Section 8.01, the unpaid principal amount of the Advances owing to any Defaulting Lender and the Commitments of any Defaulting Lender shall be disregarded in determining Required Lenders at any time.

“**Resolution Authority**” means an EEA Resolution Authority or, with respect to any UK Financial Institution, a UK Resolution Authority.

“**Restructuring Law**” means Texas Senate Bill 7, as enacted by the Legislature of the State of Texas and signed into law on June 18, 1999, Ohio Senate Bill No. 3, as enacted by the General Assembly of the State of Ohio and signed into law on July 6, 1999, or any similar law applicable to the Borrower or any Subsidiary of the Borrower governing the deregulation or restructuring of the electric power industry.

“**RTO Transaction**” means the transfer of transmission facilities to a regional transmission organization or equivalent organization as approved or ordered by the Federal Energy Regulatory Commission or the Kentucky Public Service Commission.

“**S&P**” means ~~Standard & Poor’s~~ S&P Global Ratings ~~Group~~, a ~~division of The McGraw Hill Companies~~ business unit of S&P Global, Inc.

“**Sanctioned Country**” means, at any time of determination, a country or territory which is the subject or target of any Sanctions.

“**Sanctioned Person**” means, at any time, any target of determination, Sanctions, including: (a) any Person ~~listed in on~~ any Sanctions-related list of targets identified or designated ~~Persons maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the U.S. Department of State, the United Nations Security Council, the European Union or pursuant to any EU member state~~ Sanctions, (b) any Person operating, organized or resident in a Sanctioned Country ~~or~~, (c) any Person owned or controlled by, or acting or purporting to act for or on behalf of, directly or indirectly, any such Person or Persons described in ~~the preceding clause~~ clauses (a) ~~or and~~ (b). ~~For purposes of the foregoing, ownership or control of, including a Person shall be that is deemed to include where a~~ by the Office of Foreign Assets Control of the U.S. Department of the Treasury to be a Sanctions target based on the ownership of such legal entity by Sanctioned Person ~~(is) owns or has power to vote 25% or more of the issued and outstanding equity interests having ordinary voting power for the election of directors of the Person or other individuals performing similar functions for the Person, or (ii) has the power to direct or cause the direction of the management and policies of the Person, whether by ownership of equity interests, contracts or~~ any Person otherwise a target of Sanctions, including vessels and aircraft, that are designated under any Sanctions program.

“**Sanctions**” means any and all economic or financial sanctions ~~or~~, sectoral sanctions, secondary sanctions, trade embargoes and restrictions and anti-terrorism laws, including but not limited to those imposed, administered or enforced from time to time by ~~(a) the U.S. government, (including those administered by the Office of Foreign Assets Control of the U.S. Department of the Treasury or by, the U.S. Department of State, the U.S. Department of State~~ Commerce, or ~~(b) through any existing or future statute or executive order)~~, the United Nations Security Council, the European Union, any EU European member state, ~~or Her~~ His Majesty’s Treasury, or other relevant sanctions authority in any jurisdiction in which (a) the Borrower or any of its Subsidiaries or Affiliates is located or conducts business, (b) in which any of the proceeds of the Advances will be used, or (c) from which repayment of the ~~United Kingdom~~ Advances will be derived.

“**SEC**” means the United States Securities and Exchange Commission.

“*Second Amendment*” means that certain Second Amendment to Credit Agreement, dated as of May 26, 2023, among the Borrower, the Administrative Agent and the Lenders party thereto.

“*Second Amendment Effective Date*” shall have the meaning ascribed thereto in the Second Amendment.

“*Significant Subsidiary*” means, at any time, any Subsidiary of the Borrower that constitutes at such time a “significant subsidiary” of the Borrower (as such term is defined in Regulation S-X of the SEC as in effect on the Closing Date (17 C.F.R. Part 210)); *provided, however,* that “total assets” as used in Regulation S-X shall not include securitization transition assets, phase-in cost assets or similar assets on the balance sheet of any Subsidiary resulting from the issuance of transition bonds or other asset-backed securities of a similar nature.

~~“*SOFR*” has the meaning specified in Section 8.19(g).~~

~~“means a rate equal to the secured overnight financing rate as administered by the SOFR Administrator” has the meaning specified in Section 8.19(g).~~

~~“*SOFR Administrator’s Website*” has the meaning specified in Section 8.19(g)~~

“*SOFR Administrator*” means the Federal Reserve Bank of New York (or a successor administrator of the secured overnight financing rate).

“*SOFR Advance*” means an Advance that bears interest at a rate based on Adjusted Term SOFR as provided in Section 2.07(b).

“*Stranded Cost Recovery Bonds*” means securities, however denominated, that are issued by the Borrower or any Consolidated Subsidiary of the Borrower that are (i) non-recourse to the Borrower and its Consolidated Subsidiaries (other than for failure to collect and pay over the charges referred to in clause (ii) below) and (ii) payable solely from transition or similar charges authorized by the Kentucky Public Service Commission and to be invoiced to customers of any Subsidiary of the Borrower or to retail electric providers.

“*Subsidiary*” of any Person means any corporation, partnership, joint venture, limited liability company, trust or estate of which (or in which) more than 50% of (i) the issued and outstanding capital stock having ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether at the time capital stock of any other class or classes of such corporation shall or might have voting power upon the occurrence of any contingency), (ii) the interest in the capital or profits of such limited liability company, partnership or joint venture or (iii) the beneficial interest in such trust or estate is at the time directly or indirectly owned or controlled by such Person, by such Person and one or more of its other Subsidiaries or by one or more of such Person’s other Subsidiaries.

“*Taxes*” means all present or future taxes, levies, imposts, duties, deductions, withholdings (including backup withholding), assessments, fees or other charges imposed by any Governmental Authority, including any interest, additions to tax or penalties applicable thereto.

~~“Term SOFR” has the meaning specified in Section 8.19(g)~~ means,

(a) for any calculation with respect to a SOFR Advance, the Term SOFR Reference Rate for a tenor comparable to the applicable Interest Period on the day (such day, the “**Periodic Term SOFR Determination Day**”) that is two (2) U.S. Government Securities Business Days prior to the first day of such Interest Period, as such rate is published by the Term SOFR Administrator; provided, however, that if as of 5:00 p.m. (Eastern time) on any Periodic Term SOFR Determination Day the Term SOFR Reference Rate for the applicable tenor has not been published by the Term SOFR Administrator and a Benchmark Replacement Date with respect to the Term SOFR Reference Rate has not occurred, then Term SOFR will be the Term SOFR Reference Rate for such tenor as published by the Term SOFR Administrator on the first preceding U.S. Government Securities Business Day for which such Term SOFR Reference Rate for such tenor was published by the Term SOFR Administrator so long as such first preceding U.S. Government Securities Business Day is not more than three (3) U.S. Government Securities Business Days prior to such Periodic Term SOFR Determination Day, and

(b) for any calculation with respect to a Base Rate Advance on any day, the Term SOFR Reference Rate for a tenor of one month on the day (such day, the “**Base Rate Term SOFR Determination Day**”) that is two (2) U.S. Government Securities Business Days prior to such day, as such rate is published by the Term SOFR Administrator; provided, however, that if as of 5:00 p.m. (Eastern time) on any Base Rate Term SOFR Determination Day the Term SOFR Reference Rate for the applicable tenor has not been published by the Term SOFR Administrator and a Benchmark Replacement Date with respect to the Term SOFR Reference Rate has not occurred, then Term SOFR will be the Term SOFR Reference Rate for such tenor as published by the Term SOFR Administrator on the first preceding U.S. Government Securities Business Day for which such Term SOFR Reference Rate for such tenor was published by the Term SOFR Administrator so long as such first preceding U.S. Government Securities Business Day is not more than three (3) U.S. Government Securities Business Days prior to such Base Rate Term SOFR Determination Day.

~~“Term SOFR Notice” has the meaning specified in Section 8.19(g)~~ “**Adjustment**” means, for any calculation with respect to a Base Rate Advance, 0.10% per annum, or a SOFR Advance, 0.10% per annum for each applicable Interest Period therefor.

~~“Term SOFR Transition Event” has the meaning specified in Section 8.19(g).~~

“Term SOFR Administrator” means CME Group **Benchmark Administration Limited** (CBA) (or a successor administrator of the Term SOFR Reference Rate selected by the Administrative Agent in its reasonable discretion).

“Term SOFR Reference Rate” means **the forward-looking term rate based on SOFR.**

“Termination Date” means, with respect to any Lender, the earlier to occur of (i) ~~1730, 2023~~2024 or such later date that may be established for such Lender from time to time pursuant to Section 2.18 hereof, and (ii) the date on which the obligations hereunder are made due and payable pursuant to Section 6.01.

“*Type*” refers to the distinction between Advances bearing interest at the Base Rate and Advances bearing interest at ~~the Eurodollar Rate~~ SOFR.

~~“*Unadjusted Benchmark Replacement*” has the meaning specified in Section 8.19(g).~~

“*UK Financial Institution*” means any BRRD Undertaking (as such term is defined under the PRA Rulebook (as amended from time to time) promulgated by the United Kingdom Prudential Regulation Authority) or any person falling within IFPRU 11.6 of the FCA Handbook (as amended from time to time) promulgated by the United Kingdom Financial Conduct Authority, which includes certain credit institutions and investment firms, and certain affiliates of such credit institutions or investment firms.

“*UK Resolution Authority*” means the Bank of England or any other public administrative authority having responsibility for the resolution of any UK Financial Institution.

“*U.S. Person*” means any Person that is a “United States Person” as defined in Section 7701(a)(30) of the Internal Revenue Code.

“*U.S. Tax Compliance Certificate*” has the meaning assigned to such term in Section 2.14(g)(ii)(B)(3).

~~“*USD LIBOR*” has the meaning specified in Section 8.19(g).~~ “*Unadjusted Benchmark Replacement*” means the applicable Benchmark Replacement excluding the related Benchmark Replacement Adjustment.

“*U.S. Government Securities Business Day*” means any day except for (a) a Saturday, (b) a Sunday or (c) a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in United States government securities; provided, that for purposes of notice requirements in Sections 2.02(a), 2.09 and 2.10, in each case, such day is also a Business Day.

“*Voting Stock*” means capital stock issued by a corporation, the membership interests in a limited liability company, or equivalent interests in any other Person, the holders of which are ordinarily, in the absence of contingencies, entitled to vote for the election of directors or managers (or Persons performing similar functions) of such Person, even if the right so to vote has been suspended by the happening of such a contingency.

“*Withholding Agent*” means the Borrower and the Administrative Agent.

“*Write-Down and Conversion Powers*” means, (i) with respect to any EEA Resolution Authority, the write-down and conversion powers of such EEA Resolution Authority from time to time under the Bail-In Legislation for the applicable EEA Member Country, which write-down and conversion powers are described in the EU Bail-In Legislation Schedule, and (ii) with respect to the United Kingdom, any powers of the applicable Resolution Authority under the Bail-In Legislation to cancel, reduce, modify or change the form of a liability of any UK Financial Institution or any contract or instrument under which that liability arises, to convert all

or part of that liability into shares, securities or obligations of that person or any other person, to provide that any such contract or instrument is to have effect as if a right had been exercised under it or to suspend any obligation in respect of that liability or any of the powers under that Bail-In Legislation that are related to or ancillary to any of those powers.

**SECTION 1.02**      *Computation of Time Periods.*

In this Agreement in the computation of periods of time from a specified date to a later specified date, the word “from” means “from and including” and the words “to” and “until” each mean “to but excluding”.

**SECTION 1.03**      *Accounting Terms.*

All accounting terms not specifically defined herein shall be construed in accordance with Generally Accepted Accounting Principles consistent with those applied in the preparation of the financial statements referred to in Section 4.01(f) (“*GAAP*”); *provided* that (i) if the Borrower, by notice to the Administrative Agent, shall request an amendment to any provision hereof to eliminate the effect of any change occurring after the Closing Date in GAAP or in the application thereof on the operation of such provision (or if the Administrative Agent or the Required Lenders, by notice to the Borrower, shall request an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP or in the application thereof, then such provision shall be interpreted on the basis of GAAP as in effect and applied immediately before such change shall have become effective until such notice shall have been withdrawn or such provision amended in accordance herewith and (ii) notwithstanding any other provision contained herein, all terms of an accounting or financial nature used herein shall be construed, and all computations of amounts and ratios referred to herein shall be made, without giving effect to any change to GAAP occurring after the Closing Date as a result of the adoption of any proposals set forth in the *Proposed Accounting Standards Update, Leases (Topic 840)*, issued by the Financial Accounting Standards Board on August 17, 2010, or any other proposals issued by the Financial Accounting Standards Board in connection therewith, in each case to the extent that such change would require treating any operating lease entered into on or prior to December 31, 2018 that would not otherwise constitute Debt as a capital lease where such operating lease would not constitute Debt and was not required to be so treated under GAAP as in effect on the Closing Date.

**SECTION 1.04**      *Other Interpretive Provisions.*

As used herein, except as otherwise specified herein, (i) references to any Person include its successors and assigns and, in the case of any Governmental Authority, any Person succeeding to its functions and capacities; (ii) references to any Applicable Law include amendments, supplements and successors thereto; (iii) references to specific sections, articles, annexes, schedules and exhibits are to this Agreement; (iv) words importing any gender include the other gender; (v) the singular includes the plural and the plural includes the singular; (vi) the words “including”, “include” and “includes” shall be deemed to be followed by the words “without limitation”; (vii) captions and headings are for ease of reference only and shall not affect the construction hereof; and (viii) references to any time of day shall be to New York, NY time unless otherwise specified. [For all purposes under the Loan Documents, in connection with](#)

any division or plan of division under Delaware law (or any comparable event under a different jurisdiction's laws) if any asset, right, obligation or liability of any Person becomes the asset, right, obligation or liability of a different Person, then it shall be deemed to have been transferred from the original Person to the subsequent Person.

**SECTION 1.05**      *Rates.*

~~The interest rate on Advances may be determined by reference to a benchmark rate that is, or may in the future become, the subject to regulatory reform or cessation. Regulators have signaled the need to use alternative reference rates for some of these benchmark rates and, as a result, such benchmark rates may cease to comply with applicable laws and regulations, may be permanently discontinued or the basis on which they are calculated may change. The London interbank offered rate, which may be one of the benchmark rates with reference to which the interest on Advances may be determined, is intended to represent the rate at which contributing banks may obtain short term borrowings from each other in the London interbank market. On March 5, 2021, the U.K. Financial Conduct Authority announced that, after the end of 2021, it would no longer persuade or compel contributing banks to make rate submissions to the ICE Benchmark Administration (“IBA”), the administrator of the London interbank offered rate, and the Financial Conduct Authority (the “FCA”), the regulatory supervisor of IBA, announced in public statements (the “Announcements”) that the final publication or representativeness date for the London interbank offered rate for: (a) Dollars for 1 week and 2 month tenor settings will be December 31, 2021 and (b) Dollars for overnight, 1 month, 3 month, 6 month and 12 month tenor settings will be June 30, 2023. No successor administrator for IBA was identified in the Announcements. As a result, it is possible that commencing immediately after such dates, the London interbank offered rate for such tenors may no longer be available or may no longer be deemed a representative reference rate upon which to determine the interest rate on applicable Advances. There is no assurance that the dates set forth in the Announcements will not change or that IBA or the FCA will not take further action that could impact the availability, composition or characteristics of any London interbank offered rate. Public and private sector industry initiatives have been and continue, as of the date hereof, to be underway to implement new or alternative reference rates to be used in place of London interbank offered rates. In the event that the London interbank offered rate or any other then current Benchmark is no longer available or in certain other circumstances set forth in Section 8.19, such Section 8.19 provides a mechanism for determining an alternative rate of interest. The Administrative Agent will notify the Borrower, pursuant to Section 8.19, of any change to the reference rate upon which the interest rate on Advances is based. However, the Administrative Agent does not warrant or accept any responsibility for, and shall not have any liability with respect to, (ia) the continuation of, administration of, submission of, calculation of or any other matter related to the London interbank offered rate or other Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, or any component definition thereof or rates referred to in the definition of “Eurodollar Rate” thereof, or with respect to any alternative, comparable or successor rate thereto, or replacement rate thereof thereto (including ~~any then current Benchmark or~~ any Benchmark Replacement), including whether the composition or characteristics of any such alternative, successor or replacement ~~reference~~ rate (including any Benchmark Replacement), as it may or may not be adjusted pursuant to Section 8.19, will be similar to, or produce the same value or economic equivalence of, ~~the Eurodollar Rate or any other Benchmark,~~ or have the same volume or liquidity as ~~did,~~ the London interbank offered rate Term SOFR Reference Rate, Adjusted Term~~

SOFR, Term SOFR or any other Benchmark prior to its discontinuance or unavailability, or ~~(i)~~<sup>(ii)</sup> the effect, implementation or composition of any ~~Benchmark Replacement Conforming Changes~~. ~~SECTION 1.06~~ Conforming Changes. The Administrative Agent and its Affiliates or other related entities may engage in transactions that affect the calculation of the Term SOFR Reference Rate, Adjusted Term SOFR, Term SOFR, any alternative, successor or replacement rate (including any Benchmark Replacement) or any relevant adjustments thereto and such transactions may be adverse to the Borrower. The Administrative Agent may select information sources or services in its reasonable discretion to ascertain the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, or any other Benchmark, any component definition thereof or rates referred to in the definition thereof, in each case pursuant to the terms of this Agreement, and shall have no liability to the Borrower, any Lender or any other person or entity for damages of any kind, including direct or indirect, special, punitive, incidental or consequential damages, costs, losses or expenses (whether in tort, contract or otherwise and whether at law or in equity), for any error or calculation of any such rate (or component thereof) provided by any such information source or service.

**SECTION 1.06**      *Divisions.*

For all purposes under the Loan Documents, in connection with any division or plan of division under Delaware law (or any comparable event under a different jurisdiction's laws): (a) if any asset, right, obligation or liability of any Person becomes the asset, right, obligation or liability of a different Person, then it shall be deemed to have been transferred from the original Person to the subsequent Person, and (b) if any new Person comes into existence, such new Person shall be deemed to have been organized on the first date of its existence by the holders of its Equity Interests at such time.

**ARTICLE II**  
**AMOUNTS AND TERMS OF THE ADVANCES**

**SECTION 2.01**      *The Advances.*

(a) Subject to the terms and conditions hereof, each Lender severally agrees, to make Advances to the Borrower on the Closing Date in an aggregate outstanding amount not to exceed such Lender's Commitment. Subject to Section 2.01(b), the Borrower may make only one Borrowing under the Facility. Any amounts borrowed under this Section 2.01(a) and subsequently repaid or prepaid in respect of Advances may not be reborrowed.

(b) In the event any increase in the Facility and the Commitments thereunder is undertaken pursuant to Section 2.17, the Borrower shall be required to make a Borrowing in an amount equal to such increased Commitments on the date which is not more than five (5) Business Days following the effectiveness of such increase pursuant to the terms of Section 2.02.

**SECTION 2.02**      *Making the Advances.*

(a) Each Borrowing shall consist of Advances of the same Type made on the same day by the Lenders ratably according to their respective Commitment Percentages. The Borrower shall give notice to the Administrative Agent, (i) not later than 11:00 A.M. three (3) U.S. Government Securities Business Days prior to the Closing Date, of a Borrowing consisting

of ~~Eurodollar Rate~~SOFR Advances to be made on the Closing Date, or (ii) not later than 11:00 A.M. one (1) Business Day prior to the Closing Date, of a Borrowing consisting of Base Rate Advances to be made on the Closing Date, and the Administrative Agent shall give to each Lender prompt written notice of such Borrowing. Each such notice of a Borrowing under this Section 2.02 (a “**Notice of Borrowing**”) shall be by telephone, confirmed immediately in writing, or fax in substantially the form of Exhibit A hereto, specifying therein the requested (i) Borrowing Date for such Borrowing, (ii) Type of Advances comprising such Borrowing, (iii) aggregate amount of such Borrowing, and (iv) in the case of a Borrowing consisting of ~~Eurodollar Rate~~SOFR Advances, the initial Interest Period for each such Advance. Each Lender shall, before 12:00 Noon on the applicable Borrowing Date, make available for the account of its ~~Applicable~~applicable Lending Office to the Administrative Agent at the Agent’s Account, in same day funds, such Lender’s ratable portion of the Borrowing to be made on such Borrowing Date. After the Administrative Agent’s receipt of such funds and upon fulfillment of the applicable conditions set forth in Section 3.02, the Administrative Agent will promptly make such funds available to the Borrower in such manner as the Borrower shall have specified in the applicable Notice of Borrowing and as shall be reasonably acceptable to the Administrative Agent.

(b) Anything in subsection (a) above to the contrary notwithstanding, (i) the Borrower may not select ~~Eurodollar Rate~~SOFR Advances if the obligation of the Lenders to make ~~Eurodollar Rate~~SOFR Advances shall then be suspended pursuant to Section 2.08(b), 2.08(e) or 2.12.

(c) Each Notice of Borrowing shall be irrevocable and binding on the Borrower. In the case of any Borrowing that the related Notice of Borrowing specifies is to comprise ~~Eurodollar Rate~~SOFR Advances, the Borrower shall indemnify each Lender against any loss, cost or expense incurred by such Lender as a result of any failure to fulfill on or before the date specified in such Notice of Borrowing for such Borrowing the applicable conditions set forth in Section 3.02, including, without limitation, any loss (including loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund the Advance to be made by such Lender as part of such Borrowing when such Advance, as a result of such failure, is not made on such date.

(d) ~~Unless the Administrative Agent shall have received notice in writing from a Lender prior to any Borrowing Date or, in the case of a Base Rate Advance, prior to the time of Borrowing, that such Lender will not make available to the Administrative Agent such Lender’s Advance as part of the Borrowing to be made on such Borrowing Date~~In connection with any borrowing hereunder, the Administrative Agent may, ~~but shall not be required to,~~ assume that ~~such~~each Lender has made ~~its respective share of~~ such ~~portion~~borrowing available ~~to the Administrative Agent~~ on such ~~Borrowing Date~~date in accordance with ~~subsection (a) of this Section 2.02, and the Administrative Agent may (but it shall not be required to)~~the terms hereof and may, in reliance upon such assumption, make available to the Borrower ~~on such date~~a corresponding amount. ~~If and to the extent that~~In such ~~event, if a~~ Lender ~~shall~~has not ~~have so in fact~~ made ~~such Advance~~its share of the applicable borrowing available to the Administrative Agent, ~~such~~then the applicable Lender and the Borrower severally agree to ~~repay~~pay to the Administrative Agent forthwith on demand such corresponding amount, ~~together~~with interest thereon, for each day from ~~and including~~ the date such amount is made available to the Borrower

~~until~~ to but excluding the date ~~such amount is repaid~~ of payment to the Administrative Agent, at ~~(iA)~~ in the case of a payment to be made by such Lender, the Overnight Rate and (B) in the case of a payment to be made by the Borrower, the interest rate applicable ~~at the time to~~ to Base Rate Advances comprising such Borrowing. If the Borrower and (ii) in the case of such Lender, ~~the Federal Funds Rate~~ shall pay such interest to the Administrative Agent for the same or an overlapping period, the Administrative Agent shall promptly remit to the Borrower the amount of such interest paid by the Borrower for such period. If such Lender ~~shall repay~~ pays its share of the applicable borrowing to the Administrative Agent ~~such corresponding amount, such,~~ then the amount so ~~repaid~~ paid shall constitute such Lender's Advance ~~as part of~~ included in such ~~Borrowing for purposes of this Agreement~~ borrowing. Any payment by the Borrower shall be without prejudice to any claim the Borrower may have against a Lender that shall have failed to make such payment to the Administrative Agent.

(e) The failure of any Lender to make the Advance to be made by it as part of any Borrowing shall not relieve any other Lender of its obligation, if any, hereunder to make its Advance on the date of such Borrowing, but no Lender shall be responsible for the failure of any other Lender to make the Advance to be made by such other Lender on the date of any Borrowing.

### **SECTION 2.03      *Fees.***

The Borrower shall pay to the Administrative Agent such fees as may from time to time be agreed between the Borrower and the Administrative Agent.

### **SECTION 2.04      *Termination of the Commitments.***

(a) The Commitment of each Lender shall terminate immediately and without further action on the Closing Date after giving effect to the funding of such Lender's Commitment on such date.

(b) Once terminated, neither a Commitment nor any portion thereof may be reinstated.

### **SECTION 2.05      *Repayment of Advances.***

The Borrower shall repay to the Administrative Agent for the account of each Lender on the Termination Date the aggregate principal amount of all Advances made by such Lender to the Borrower then outstanding.

### **SECTION 2.06      *Evidence of Indebtedness.***

(a) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness to such Lender resulting from each Advance made by such Lender from time to time, including the amounts of principal and interest payable and paid to such Lender from time to time under this Agreement.

(b) The Administrative Agent shall maintain accounts in which it will record (i) the amount of each Advance made hereunder, the Type of each Advance made and the

Interest Period applicable thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder from the Borrower and each Lender's share thereof.

(c) The entries made in the accounts maintained pursuant to subsections (a) and (b) of this Section 2.06 shall, to the extent permitted by Applicable Law, be prima facie evidence of the existence and amounts of the obligations therein recorded; *provided, however*, that the failure of any Lender or the Administrative Agent to maintain such accounts or any error therein shall not in any manner affect the obligations of the Borrower to repay the Advances and interest thereon in accordance with the terms of this Agreement.

(d) Any Lender may request that any Advances made by it be evidenced by one or more promissory notes. In such event, the Borrower shall prepare, execute and deliver to such Lender one or more promissory notes payable to such Lender (or, if requested by such Lender, to such Lender and its registered assigns) and in a form approved by the Administrative Agent. Thereafter, the Advances evidenced by such promissory notes and interest thereon shall at all times (including after assignment pursuant to Section 8.07) be represented by one or more promissory notes in such form payable to the payee named therein (or, if such promissory note is a registered note, to such payee and its registered assigns).

#### **SECTION 2.07      *Interest on Advances.***

The Borrower shall pay interest on the unpaid principal amount of each Advance from the date of such Advance until such principal amount shall be paid in full, at the following rates per annum:

(a) ***Base Rate Advances.*** During such periods as such Advance is a Base Rate Advance, a rate per annum equal at all times to the sum of (x) the Base Rate plus (y) the Applicable Margin for Base Rate Advances in effect from time to time, payable in arrears (i) monthly on the first Business Day of each month during such periods, (ii) on the date such Base Rate Advance shall be Converted or paid in full and (iii) on the Termination Date.

(b) ***~~Eurodollar Rate~~SOFR Advances.*** During such periods as such Advance is a ~~Eurodollar Rate~~SOFR Advance, a rate per annum equal at all times during each Interest Period for such Advance to the sum of (x) ~~the Eurodollar Rate~~Adjusted Term SOFR for such Interest Period for such Advance plus (y) the Applicable Margin for ~~Eurodollar Rate~~SOFR Advances in effect from time to time, payable in arrears on the last day of such Interest Period and, if such Interest Period has a duration of more than three months, on each day that occurs during such Interest Period every three months from the first day of such Interest Period and on the date such ~~Eurodollar Rate~~SOFR Advance shall be Converted or paid in full.

#### **SECTION 2.08      *Interest Rate Determination.***

(a) The Administrative Agent shall give prompt notice to the Borrower and the Lenders of the applicable interest rate determined by the Administrative Agent for purposes of Section 2.07(a) or (b).

(b) If, with respect to any ~~Eurodollar Rate~~SOFR Advances, (i) the Required Lenders notify the Administrative Agent that ~~the Eurodollar Rate~~SOFR for any Interest Period for such Advances will not adequately reflect the cost to such Required Lenders of making, funding or maintaining their respective ~~Eurodollar Rate~~SOFR Advances for such Interest Period, or (ii) ~~a Eurodollar Rate~~SOFR cannot be determined or is otherwise unavailable, the Administrative Agent shall forthwith so notify the Borrower and the Lenders, whereupon (A) each ~~Eurodollar Rate~~SOFR Advance will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Advance, and (B) the obligation of the Lenders to make, or to Convert Advances into, ~~Eurodollar Rate~~SOFR Advances shall be suspended until the Administrative Agent shall notify the Borrower and the Lenders that the circumstances causing such suspension no longer exist.

(c) If the Borrower shall fail to select the duration of any Interest Period for any ~~Eurodollar Rate~~SOFR Advances in accordance with the provisions contained in the definition of "Interest Period" in Section 1.01, the Administrative Agent will forthwith so notify the Borrower and the Lenders and such Advances will automatically, on the last day of the then existing Interest Period therefor, Convert into Base Rate Advances.

(d) On the date on which the aggregate unpaid principal amount of ~~Eurodollar Rate~~SOFR Advances comprising any Borrowing shall be reduced, by payment or prepayment or otherwise, to less than \$10,000,000, such Advances shall automatically Convert into Base Rate Advances.

(e) Upon the occurrence and during the continuance of any Event of Default, (i) each ~~Eurodollar Rate~~SOFR Advance will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Advance and (ii) the obligation of the Lenders to make, or to Convert Advances into, ~~Eurodollar Rate~~SOFR Advances shall be suspended.

#### **SECTION 2.09**      *Optional Conversion of Advances.*

The Borrower may on any Business Day, upon notice given to the Administrative Agent not later than 11:00 A.M. (New York, NY time) on the third Business Day prior to the date of the proposed Conversion and subject to the provisions of Sections 2.08 and 2.12, Convert all or any part of Advances of one Type comprising the same Borrowing into Advances of the other Type or of the same Type but having a new Interest Period; *provided, however*, that any Conversion of ~~Eurodollar Rate~~SOFR Advances into Base Rate Advances shall be made only on the last day of an Interest Period for such ~~Eurodollar Rate~~SOFR Advances, any Conversion of Base Rate Advances into ~~Eurodollar Rate~~SOFR Advances shall be in an amount not less than \$10,000,000, and no Conversion of any Advances shall result in more than five (5) different Interest Periods in effect. Each such notice of a Conversion shall, within the restrictions specified above, specify (i) the date of such Conversion, (ii) the Advances to be Converted, and (iii) if such Conversion is into ~~Eurodollar Rate~~SOFR Advances, the duration of the initial Interest Period for each such Advance. Each notice of Conversion shall be irrevocable and binding on the Borrower.

#### **SECTION 2.10**      *Optional Prepayments of Advances.*

The Borrower may, upon at least three Business Days' notice, in the case of ~~Eurodollar Rate~~SOFR Advances, and upon notice not later than 11:00 A.M. (New York, NY time) on the date of prepayment, in the case of Base Rate Advances, to the Administrative Agent stating the proposed date and aggregate principal amount of the prepayment, and, if such notice is given, the Borrower shall prepay the outstanding principal amount of the Advances comprising part of the same Borrowing in whole or ratably in part, together with accrued interest to the date of such prepayment on the principal amount prepaid; *provided, however*, that (x) each partial prepayment shall be in a minimum amount of \$5,000,000 or an integral multiple of \$1,000,000 in excess thereof, and (y) in the event of any such prepayment of a ~~Eurodollar Rate~~SOFR Advance, the Borrower shall be obligated to reimburse the Lenders in respect thereof pursuant to Section 8.04(c).

**SECTION 2.11      *Increased Costs.***

(a)      ***Increased Costs Generally.*** If any Change in Law shall:

(i)      impose, modify or deem applicable any reserve including pursuant to regulations issued from time to time by the FRB for determining the maximum reserve requirement (including any emergency, special, supplemental or other marginal reserve requirement) with respect to eurocurrency funding (currently referred to as "Eurocurrency liabilities" in Regulation D of the FRB, as amended and in effect from time to time), special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or advances, loans or other credit extended or participated in by, any Lender ~~(except any reserve requirement reflected in the Eurodollar Rate)~~;

(ii)      subject any Recipient to any Taxes (other than (A) Indemnified Taxes, (B) Taxes described in clauses (ii) through (iv) of the definition of Excluded Taxes and (C) Connection Income Taxes) on its loans, loan principal, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto; or

(iii)      impose on any Lender ~~or the London interbank market~~ any other condition, cost or expense (other than Taxes) affecting this Agreement or Advances made by such Lender or participation therein;

and the result of any of the foregoing shall be to increase the cost to such Lender or such other Recipient of making, converting to, continuing or maintaining any Advance or of maintaining its obligation to make any such Advance, or to increase the cost to such Lender or such other Recipient to reduce the amount of any sum received or receivable by such Lender or other Recipient hereunder (whether of principal, interest or any other amount) then, upon request of such Lender or other Recipient, the Borrower will pay to such Lender or other Recipient, as the case may be, such additional amount or amounts as will compensate such Lender or other Recipient, as the case may be, for such additional costs incurred or reduction suffered.

(b)      ***Capital Requirements.*** If any Lender determines that any Change in Law affecting such Lender or any ~~Applicable~~applicable Lending Office of such Lender or such

Lender's holding company, if any, regarding capital or liquidity requirements, has or would have the effect of reducing the rate of return on such Lender's capital or on the capital of such Lender's holding company, if any, as a consequence of this Agreement, the Commitments of such Lender or the Advances made by such Lender, to a level below that which such Lender or such Lender's or holding company could have achieved but for such Change in Law (taking into consideration such Lender's policies and the policies of such Lender's holding company with respect to capital adequacy or liquidity), then from time to time the Borrower will pay to such Lender such additional amount or amounts as will compensate such Lender or such Lender's holding company for any such reduction suffered.

(c) **Certificates for Reimbursement.** A certificate of a Lender setting forth the amount or amounts necessary to compensate such Lender or its holding company, as the case may be, as specified in subsection (a) or (b) of this Section and delivered to the Borrower, shall be conclusive absent manifest error. The Borrower shall pay such Lender, as the case may be, the amount shown as due on any such certificate within ten (10) days after receipt thereof.

(d) **Delay in Requests.** Failure or delay on the part of any Lender to demand compensation pursuant to this Section shall not constitute a waiver of such Lender's right to demand such compensation; *provided* that the Borrower shall not be required to compensate a Lender pursuant to this Section for any increased costs incurred or reductions suffered more than one hundred eighty (180) days prior to the date that such Lender notifies the Borrower of the Change in Law giving rise to such increased costs or reductions, and of such Lender's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the one hundred eighty (180) day period referred to above shall be extended to include the period of retroactive effect thereof).

## SECTION 2.12 ***Illegality Laws Affecting SOFR Availability.***

~~If due to, after the date hereof, the introduction of, or any Changechange in, any Applicable Law or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any of the Lenders (or any of their respective Lending Offices) with any request or directive (whether or not having the force of law) of any such Governmental Authority, central bank or comparable agency, shall becomemake it unlawful or impossible for any Credit Party (or its Eurodollar) of the Lenders (or any of their respective Lending OfficeOffices) to honor its obligations hereunder to make, or maintain or fund its Eurodollar Rate Advancesany SOFR Advance, or to determine or charge interest based upon SOFR, the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, and such Credit PartyLender shall so notify the promptly give notice thereof to the Administrative Agent, and the Administrative Agent shall forthwith give notice thereof to the other Credit Parties and the Borrower, whereupon promptly give notice to the Borrower and the other Lenders (an "Illegality Notice"). Thereafter, until such Credit Partyeach affected Lender notifies the BorrowerAdministrative Agent and the Administrative Agent notifies the Borrower that the circumstances giving rise to such suspensiondetermination no longer exist, the(i) any obligation of such Credit Partythe Lenders to make Eurodollar RateSOFR Advances, or to Convert outstanding Advances into Eurodollar Rate Advancesand any right of the Borrower to convert any Advance to a SOFR Advance or continue any Advance as a SOFR Advance, shall be~~

suspended. ~~Before giving any notice to~~ and (ii) if necessary to avoid such illegality, the Administrative Agent pursuant to this Section 2.12, such Credit Party shall use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions applicable to such Credit Party) to designate a different Eurodollar Lending Office if such designation would avoid the need for giving such notice and would not ~~shall~~ compute the Base Rate without reference to clause (c) of the definition of "Base Rate". Upon receipt of an Illegality Notice, the Borrower shall, if necessary to avoid such illegality, upon demand from any Lender (with a copy to the Administrative Agent), prepay or, if applicable, convert all SOFR Advances to Base Rate Advances (in each case, if necessary to avoid such illegality, ~~in the judgment of such Credit Party, be otherwise disadvantageous to such Credit Party.~~ If such notice is given, each Eurodollar Rate Advance of such Credit Party then outstanding Administrative Agent shall be converted to a compute the Base Rate Advance either (i) without reference to clause (c) of the definition of "Base Rate"), on the last day of the ~~then current~~ Interest Period applicable to such Eurodollar Rate Advance if such Credit Party therefor, if all affected Lenders may lawfully continue to maintain and fund such Advance SOFR Advances to such day, or (ii) immediately, if such Credit Party shall determine that it any Lender may not lawfully continue to maintain and fund such Advance SOFR Advances to such day. Upon any such prepayment or conversion, the Borrower shall also pay accrued interest on the amount so prepaid or converted, together with any additional amounts required pursuant to Section 8.04.

### **SECTION 2.13      *Payments and Computations.***

(a) The Borrower shall make each payment to be made by it hereunder not later than 1:00 P.M. on the day when due in Dollars to the Administrative Agent at the Agent's Account in same day funds without condition or deduction for any counterclaim, defense, recoupment or setoff. The Administrative Agent will promptly thereafter cause to be distributed like funds relating to the payment of principal or interest ratably (other than amounts payable pursuant to Section 2.03(a), 2.11, 2.14, 2.15, 8.04(c) and 8.17) to the Lenders for the account of their respective ~~Applicable~~ applicable Lending Offices, and like funds relating to the payment of any other amount payable to any Lender to such Lender for the account of its ~~Applicable~~ applicable Lending Office, in each case to be applied in accordance with the terms of this Agreement. Upon its acceptance of an Assignment and Assumption and recording of the information contained therein in the Register pursuant to Section 8.07(c), from and after the effective date specified in such Assignment and Assumption, the Administrative Agent shall make all payments hereunder in respect of the interest assigned thereby to the Lender assignee thereunder, and the parties to such Assignment and Assumption shall make all appropriate adjustments in such payments for periods prior to such effective date directly between themselves.

(b) The Borrower hereby authorizes each Lender, if and to the extent payment owed to such Lender is not made when due hereunder, after any applicable grace period, to charge from time to time against any or all of the Borrower's accounts with such Lender any amount so due.

(c) All computations of interest based on the rate referred to in clause (i) of the definition of the "Base Rate" contained in Section 1.01 shall be made by the Administrative Agent on the basis of a year of 365 or 366 days, as the case may be, and all computations of

interest based on ~~the Eurodollar Rate~~SOFR or the Federal Funds Rate shall be made by the Administrative Agent on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable. Each determination by the Administrative Agent of an interest rate hereunder shall be conclusive and binding for all purposes, absent manifest error.

(d) Whenever any payment hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of interest; *provided, however*, that, if such extension would cause payment of interest on or principal of ~~Eurodollar Rate~~SOFR Advances to be made in the next following calendar month, such payment shall be made on the next preceding Business Day.

(e) Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to a Lender hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date, and the Administrative Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent that the Borrower shall not have so made such payment in full to the Administrative Agent, each Lender shall repay to the Administrative Agent forthwith on demand such amount distributed to such Lender together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Federal Funds Rate.

#### **SECTION 2.14 Taxes.**

(a) **Defined Terms.** For purposes of this Section 2.14, the term “Applicable Law” includes FATCA.

(b) **Payments Free of Taxes.** Any and all payments by or on account of any obligation of the Borrower under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by Applicable Law. If any Applicable Law (as determined in the good faith discretion of an applicable Withholding Agent) requires the deduction or withholding of any Tax from any such payment by a Withholding Agent, then the applicable Withholding Agent shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with Applicable Law and, if such Tax is an Indemnified Tax, then the sum payable by the Borrower shall be increased as necessary so that after such deduction or withholding has been made (including such deductions and withholdings applicable to additional sums payable under this Section 2.14) the applicable Recipient receives an amount equal to the sum it would have received had no such deduction or withholding been made.

(c) **Payment of Other Taxes by the Borrower.** The Borrower shall timely pay to the relevant Governmental Authority in accordance with Applicable Law, or at the option of the Administrative Agent timely reimburse it for the payment of, any Other Taxes.

(d) **Indemnification by the Borrower.** The Borrower shall indemnify each Recipient, within 10 days after demand therefor, for and hold it harmless against the full amount of any Indemnified Taxes (including, without limitation, Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section 2.14), payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(e) **Indemnification by the Lenders.** Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such Lender's failure to comply with the provisions of Section 8.07(d) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this subsection (e).

(f) **Evidence of Payments.** As soon as practicable after any payment of Taxes by the Borrower to a Governmental Authority pursuant to this Section 2.14, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(g) **Status of Lenders.** (i) Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by Applicable Law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Section 2.14(g)(ii)(A), (ii)(B) and (ii)(D) below) shall not be required if in the Lender's reasonable judgment such completion, execution or submission would subject

such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing,

(A) any Lender that is a U.S. Person shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax;

(B) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), whichever of the following is applicable:

(1) in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the “interest” article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the “business profits” or “other income” article of such tax treaty;

(2) executed copies of IRS Form W-8ECI;

(3) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Internal Revenue Code, (x) a certificate substantially in the form of Exhibit B-1 to the effect that such Foreign Lender is not a “bank” within the meaning of Section 881(c)(3)(A) of the Internal Revenue Code, a “10 percent shareholder” of the Borrower within the meaning of Section 881(c)(3)(B) of the Internal Revenue Code, or a “controlled foreign corporation” described in Section 881(c)(3)(C) of the Internal Revenue Code (a “*U.S. Tax Compliance Certificate*”) and (y) executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E; or

(4) to the extent a Foreign Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, IRS Form W-8BEN-E, a U.S. Tax Compliance Certificate substantially in the form of Exhibit B-2 or Exhibit

B-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; *provided* that, if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit B-4 on behalf of each such direct and indirect partner;

(C) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed copies of any other form prescribed by Applicable Law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by Applicable Law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(D) if a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Internal Revenue Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by Applicable Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Internal Revenue Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (D), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(E) Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(h) ***Treatment of Certain Refunds.*** If any party determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section 2.14 (including by the payment of additional amounts pursuant to this Section 2.14), it shall pay to the indemnifying party an amount equal to such refund (but only to the extent of indemnity payments made under this Section 2.14 with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses (including Taxes) of such indemnified party and without interest (other than any interest paid by the relevant

Governmental Authority with respect to such refund). Such indemnifying party, upon the request of such indemnified party, shall repay to such indemnified party the amount paid over pursuant to this subsection (h) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such indemnified party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this subsection (h), in no event will the indemnified party be required to pay any amount to an indemnifying party pursuant to this subsection (h) the payment of which would place the indemnified party in a less favorable net after-Tax position than the indemnified party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This subsection shall not be construed to require any indemnified party to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the indemnifying party or any other Person.

(i) **Survival.** Each party's obligations under this Section 2.14 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under any Loan Document.

#### **SECTION 2.15      *Mitigation Obligations; Replacement of Lenders.***

(a) **Designation of a Different Applicable Lending Office.** If any Lender requests compensation under Section 2.11, or requires the Borrower to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.14, then such Lender shall (at the request of the Borrower) use reasonable efforts to designate a different ~~Applicable~~ Lending Office for funding or booking its Advances hereunder or to assign its rights and obligations hereunder to another of its offices, branches or Affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.11 or 2.14, as the case may be, in the future, and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) **Replacement of Lenders.** If any Lender requests compensation under Section 2.11, or if the Borrower is required to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.14 and, in each case, such Lender has declined or is unable to designate a different ~~Applicable~~ Lending Office in accordance with subsection (a) above, or if any Lender is a Defaulting Lender or a Non-Consenting Lender, then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in, and consents required by, Section 8.07), all of its interests, rights (other than its existing rights to payments pursuant to Section 2.11 or Section 2.14) and obligations under this Agreement and the related Loan Documents to an Eligible Assignee that shall assume such obligations (which assignee may be another Lender, if such Lender accepts such assignment); provided that:

- (i) the Borrower shall have paid to the Administrative Agent the assignment fee (if any) specified in Section 8.07(b)(iv);
- (ii) such Lender shall have received payment of an amount equal to the outstanding principal amounts of its Advances, accrued interest thereon, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents (including any amounts under Section 8.04(c)) from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts);
- (iii) in the case of any such assignment resulting from a claim for compensation under Section 2.11 or payments required to be made pursuant to Section 2.14, such assignment will result in a reduction in such compensation or payments thereafter;
- (iv) no Default shall have occurred and be continuing;
- (v) such assignment does not conflict with Applicable Law; and
- (vi) in the case of any assignment resulting from a Lender becoming a Non-Consenting Lender, the applicable assignee shall have consented to the applicable amendment, waiver or consent.

A Lender shall not be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

**SECTION 2.16      *Sharing of Payments, Etc.***

(a) If any Lender shall obtain any payment (whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) on account of the Advances owing to it (other than pursuant to Section 2.03(a), 2.11, 2.14, 2.15, 8.04(c) or 8.17 or in respect of ~~Eurodollar Rate~~SOFR Advances converted into Base Rate Advances pursuant to Section 2.12) by the Borrower, in excess of its ratable share of payments on account of the Advances to the Borrower, obtained by all the Lenders, such Lender shall forthwith purchase from the other Lenders such participations in such Advances owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; *provided, however*, that if all or any portion of such excess payment is thereafter recovered from such purchasing Lender, such purchase from each Lender shall be rescinded and such Lender shall repay to the purchasing Lender the purchase price to the extent of such recovery together with an amount equal to such Lender's ratable share (according to the proportion of (i) the amount of such Lender's required repayment to (ii) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered. The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 2.16 may, to the fullest extent permitted by law, exercise all its rights of payment (including the right of set-off) with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation.

(b) If any Lender shall fail to make any payment required to be made by it hereunder to or for the account of the Administrative Agent, then the Administrative Agent may, in its discretion and notwithstanding any contrary provision hereof, (i) apply any amounts thereafter received by the Administrative Agent for the account of such Lender for the benefit of the Administrative Agent to satisfy such Lender's obligations in respect of such payment until all such unsatisfied obligations are fully paid, and/or (ii) hold any such amounts in a segregated account as cash collateral for, and application to, any future funding obligations of such Lender under any such Section, in the case of each of clauses (i) and (ii) above, in any order as determined by the Administrative Agent in its discretion.

### **SECTION 2.17      *Option to Increase Facility.***

Upon the written request of the Borrower delivered to the Administrative Agent on or before March 31, 2022, which request from the Borrower can only be made once during such period (such request in the form of Exhibit D hereto, a "***Request for Facility Increase***"), the Administrative Agent shall request that Lenders increase their Commitment under the Facility; *provided*, that (v) in connection with such request, the Borrower may, at its sole expense and effort, seek to obtain new Commitments from any Person that is not a Lender at such time if such Person is an Eligible Assignee, (w) no Lender shall be obligated to increase its Commitment without its prior written consent, (x) any such requested increase must be in a minimum additional aggregate amount of \$5,000,000, and integral multiples of \$1,000,000 in excess thereof, (y) after giving effect to the increase in Commitments, the sum of (i) the aggregate principal amount of all Advances (disregarding any repayments or prepayments of Advances occurring on or prior to the date of such increase) *plus* (ii) the Commitments in effect after giving effect to such increase shall not exceed \$300,000,000 and (z) at the time of and after giving effect to the increase in Commitments and the concurrent funding of Advances, if any, the representations and warranties of the Borrower set forth herein are true and correct and no Default has occurred and is continuing. In the event that the Administrative Agent does not receive any commitments from the existing Lenders and/or new Lenders to cover such requested increase within 60 days of receipt of any Request for Facility Increase, such Request for Facility Increase shall be deemed to have been withdrawn by the Borrower on such 60<sup>th</sup> day. So long as no Default has occurred and is continuing and the Request for Facility Increase has not been withdrawn, any such increase shall be effective upon: (i) written notification from the Administrative Agent to the Borrower and the Lenders (each such notification in the form of Exhibit E hereto, (a "***Confirmation of Facility Increase***") confirming the total amount of the increased Facility, describing each Lender or new Lender that has agreed to participate in such increase and each Lender's Commitment after giving effect to such increase; (ii) the execution and delivery by each such Lender of a Lender Commitment Increase Agreement, in the form of Exhibit F hereto (a "***Lender Commitment Increase Agreement***"), or a Lender Joinder Agreement, in the form of Exhibit G hereto (a "***Lender Joinder Agreement***"), as applicable (*provided* that any new Lender making a commitment pursuant to a Lender Joinder Agreement shall make a commitment of at least \$5,000,000), and (iii) delivery by Borrower to the appropriate Lender of replacement or new notes, as applicable, to reflect such increase. Upon the effectiveness of a Commitment of any new Lender, such new Lender (I) shall be deemed to be a "Lender" hereunder, and henceforth shall be entitled to all the rights of, and benefits accruing to, Lenders hereunder and (II) shall be bound by all agreements, acknowledgements and other obligations of Lenders hereunder and under the other Loan Documents.

**SECTION 2.18**      *Extension of the Termination Date.*

(a) Not earlier than 60 days prior to, nor later than 30 days prior to the first anniversary of the date of this Agreement, the Borrower may request by notice made to the Administrative Agent (which shall promptly notify the Lenders thereof) a one-year extension of the Termination Date. Each Lender shall notify the Administrative Agent by the date specified by the Administrative Agent (which date shall be a Business Day and shall not be less than 15 days prior to, nor more than 30 days prior to, the Extension Effective Date) that either (A) such Lender declines to consent to extending the Termination Date or (B) such Lender consents to extending the Termination Date. Any Lender not responding within the above time period shall be deemed not to have consented to extending the Termination Date. The Administrative Agent shall, after receiving the notifications from all of the Lenders or the expiration of such period, whichever is earlier, notify the Borrower and the Lenders of the results thereof. The Borrower may request no more than one extension pursuant to this Section.

(b) If any Lender declines, or is deemed to have declined, to consent to such request for extension (each a “**Declining Lender**”), the Borrower shall have the right to replace such Declining Lender in accordance with Section 2.17(b). Any Lender replacing a Declining Lender shall be deemed to have consented to such request for extension (regardless of when such replacement is effective) and shall not be deemed to be a Declining Lender.

(c) If the Required Lenders have consented to the extension of the Termination Date, the Termination Date shall be extended (solely with respect to each Lender that consented to the extension) to the date that is one year after the then-effective Termination Date, effective as of the date to be determined by the Administrative Agent and the Borrower (the “**Extension Effective Date**”). On or prior to the Extension Effective Date, the Borrower shall deliver to the Administrative Agent, in form and substance satisfactory to the Administrative Agent, (i) the resolutions of the Borrower authorizing such extension, certified as being in effect as of the Extension Effective Date and the related incumbency certificate of the Borrower, (ii) a favorable opinion of counsel for the Borrower (which may be an attorney of American Electric Power Service Corporation), as to such matters as any Lender through the Administrative Agent may reasonably request and (iii) a certificate of the Borrower stating that on and as of such Extension Effective Date, and after giving effect to the extension to be effective on such date, all conditions precedent to an Extension of Credit are satisfied. On each Extension Effective Date, the Declining Lender shall have received payment in full of the principal amount of all Advances outstanding owing to such Declining Lender and all interest thereon and all fees and other amounts (including, without limitation, any amounts payable pursuant to Section 8.04(c)) payable to such Declining Lender accrued through such Extension Effective Date. Promptly following such Extension Effective Date, the Administrative Agent shall distribute an amended Schedule I to this Agreement (which shall thereafter be incorporated into this Agreement) to reflect any changes in the Lenders, the Commitments and each Lender’s Commitment Percentage as of such Extension Effective Date.

**ARTICLE III**  
**CONDITIONS PRECEDENT**

**SECTION 3.01**      *Conditions Precedent to the Closing Date and the Advances on the Closing Date.*

The effectiveness of this Agreement and the obligation of each Lender to make the Advance to be made by it hereunder on the Closing Date shall be subject to the satisfaction of the following conditions precedent:

(a) The Administrative Agent shall have received on or before the date of such effectiveness the following, each dated such day, in form and substance reasonably satisfactory to the Administrative Agent in sufficient copies for each Lender:

(i) Certified copies of the resolutions of the board of directors of the Borrower approving this Agreement, and of all documents evidencing other necessary corporate action and Governmental Approvals, if any, with respect to this Agreement;

(ii) A certificate of the Secretary or Assistant Secretary of the Borrower certifying the names and true signatures of the officers of the Borrower authorized to sign this Agreement and the other documents to be delivered by the Borrower hereunder;

(iii) A favorable opinion of counsel for the Borrower (which may be an attorney of American Electric Power Service Corporation), substantially in the form of Exhibit C hereto and as to such other matters as any Lender through the Administrative Agent may reasonably request; and

(b) On such date, the following statements shall be true and the Administrative Agent shall have received a certificate signed by a duly authorized officer of the Borrower, dated such date, certifying to the Administrative Agent and each Lender that:

(i) The representations and warranties of the Borrower contained in Section 4.01 are true and correct in all material respects on and as of such date, as though made on and as of such date, and

(ii) No event has occurred and is continuing that constitutes a Default.

(c) The Borrower shall have paid all accrued fees and expenses of the Administrative Agent, the Arranger and the Lenders then due and payable in accordance with the terms of the Loan Documents (including all fees and expenses of counsel to the Administrative Agent to the extent then due and payable).

(d) The Administrative Agent, on behalf of each Lender, shall have received copies of all the Disclosure Documents.

(e) The Administrative Agent shall have received counterparts of this Agreement, executed and delivered by the Borrower and the Lenders.

(f) The Administrative Agent shall have received a promissory note for each Lender that has requested a promissory note, duly completed and executed by the Borrower and payable to such Lender.

(g) The Administrative Agent shall have received copies or other evidence of such other approvals and such other opinions or documents as any Lender or the Administrative Agent may reasonably request through the Administrative Agent, including, without limitation, all documentation and information required by regulatory authorities under applicable “know your customer” and anti-money laundering rules and regulations, including, without limitation, the Patriot Act and, if Borrower qualifies as a “legal entity customer” under the Beneficial Ownership Regulation, a Beneficial Ownership Certification in relation to Borrower, to the extent such documentation or information is requested by the Administrative Agent on behalf of the Lenders prior to the Closing Date.

(h) The Administrative Agent shall have received the Notice of Borrowing for the Advance to be made on the Closing Date.

**SECTION 3.02**      *Conditions Precedent to each Advance.*

The obligation of each Lender to make each Advance to be made by it hereunder (other than in connection with any Borrowing that would not increase the aggregate principal amount of Advances outstanding immediately prior to the making of such Borrowing) shall be subject to the satisfaction of the conditions precedent set forth in Section 3.01 and on the date of such Borrowing:

(a) The following statements shall be true (and each of the giving of the applicable Notice of Borrowing and the acceptance by the Borrower of the proceeds of any Borrowing shall constitute a representation and warranty by the Borrower that on the date of such Borrowing such statements are true):

(i) The representations and warranties of the Borrower contained in Section 4.01 (other than the representation and warranty in Section 4.01(e) and the representation and warranty set forth in the last sentence of Section 4.01(f)) are true and correct in all material respects on and as of the date of such Borrowing, before and after giving effect to such Borrowing and to the application of the proceeds therefrom, as though made on and as of such date; and

(ii) No event has occurred and is continuing or would result from such Borrowing or from the application of the proceeds therefrom, that constitutes a Default.

(b) The Administrative Agent shall have received copies or other evidence of such other approvals and such other opinions or documents as may be reasonably requested by the Administrative Agent or by any Lender through the Administrative Agent.

**ARTICLE IV**  
**REPRESENTATIONS AND WARRANTIES**

**SECTION 4.01**      *Representations and Warranties of the Borrower.*

The Borrower represents and warrants as follows:

(a) The Borrower is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is incorporated, and each Significant Subsidiary is duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is incorporated or otherwise organized.

(b) The execution, delivery and performance by the Borrower of each Loan Document, and the consummation of the transactions contemplated hereby, are within the Borrower's corporate powers, have been duly authorized by all necessary action, and do not contravene (i) the Borrower's certificate of incorporation or by-laws, (ii) law binding or affecting the Borrower or (iii) any contractual restriction binding on or affecting the Borrower or any of its properties.

(c) Each Loan Document has been duly executed and delivered by the Borrower. Each Loan Document is the legal, valid and binding obligation of the Borrower enforceable against the Borrower in accordance with its terms, except as the enforceability thereof may be limited by bankruptcy, insolvency, fraudulent conveyance or other similar laws affecting the enforcement of creditors' rights in general, and except as the availability of the remedy of specific performance is subject to general principles of equity (regardless of whether such remedy is sought in a proceeding in equity or at law) and subject to requirements of reasonableness, good faith and fair dealing.

(d) No Governmental Approval or other action by, and no notice to or filing with, any Governmental Authority or regulatory body or any other third party, is required for the due execution, delivery and performance by the Borrower of any Loan Document, except for the authorization of the Federal Energy Regulatory Commission and the Kentucky Public Service Commission, each of which authorizations has been duly obtained and is in full force and effect as of the date hereof.

(e) There is no pending or threatened action, suit, investigation, litigation or proceeding, including, without limitation, any Environmental Action, affecting the Borrower or any of its Significant Subsidiaries before any Governmental Authority or arbitrator that is reasonably likely to have a Material Adverse Effect, except as may be disclosed in the Disclosure Documents.

(f) The financial statements included in the Disclosure Documents, copies of each of which have been furnished to each Lender, fairly present (subject, in the case of any quarterly financial statements, to year-end adjustments) the consolidated financial condition of the Borrower and its Consolidated Subsidiaries as at the dates set forth therein and the consolidated results of the operations of the Borrower and its Consolidated Subsidiaries for the periods ended on such dates, all in accordance with Generally Accepted Accounting Principles consistently applied. Since December 31, 2020, there has been no Material Adverse Change. As of the ~~Closing~~Second Amendment Effective Date, the information included in the Beneficial Ownership Certification is true and correct in all respects.

(g) No written statement, information, report, financial statement, exhibit or schedule furnished by or on behalf of the Borrower to the Administrative Agent or any Lender in connection with the syndication or negotiation of this Agreement or included herein or delivered

pursuant hereto contained, contains, or will contain any material misstatement of fact or intentionally omitted, omits, or will omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were, are, or will be made, not misleading.

(h) Except as may be disclosed in the Disclosure Documents, the Borrower and each Significant Subsidiary is in compliance with all laws (including ERISA and Environmental Laws) rules, regulations and orders of any governmental authority applicable to it, except where the failure to comply, individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect.

(i) No failure to satisfy the minimum funding standard applicable to a Plan for a plan year (as described in Section 302 of ERISA and Section 412 of the Internal Revenue Code) that could reasonably be expected to have a Material Adverse Effect, whether or not waived, has occurred with respect to any Plan. The Borrower has not incurred, and does not presently expect to incur, any withdrawal liability under Title IV of ERISA with respect to any Multiemployer Plan that could reasonably be expected to have a Material Adverse Effect. The Borrower and each of its ERISA Affiliates have complied in all respects with ERISA and the Internal Revenue Code, except where the failure to comply, individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect. The Borrower and each of its Subsidiaries have complied in all material respects with foreign law applicable to its Foreign Plans, if any. As used herein, the term “*Plan*” shall mean an “employee pension benefit plan” (as defined in Section 3 of ERISA) which is and has been established or maintained, or to which contributions are or have been made or should be made according to the terms of the plan, by the Borrower or any of its ERISA Affiliates. The term “*Multiemployer Plan*” shall mean any Plan which is a “multiemployer plan” (as such term is defined in Section 4001(a)(3) of ERISA). The term “*Foreign Plan*” shall mean any pension, profit-sharing, deferred compensation, or other employee benefit plan, program or arrangement maintained by any Subsidiary which, under applicable local foreign law, is required to be funded through a trust or other funding vehicle.

(j) The Borrower and its Subsidiaries have filed or caused to be filed all material Federal, state and local tax returns that are required to be filed by them, and have paid or caused to be paid all material taxes shown to be due and payable on such returns or on any assessments received by them (to the extent that such taxes and assessments have become due and payable) other than those taxes contested in good faith and for which adequate reserves have been established in accordance with Generally Accepted Accounting Principles.

(k) The Borrower is not engaged in the business of extending credit for the purpose of buying or carrying Margin Stock, and no proceeds of any Advance will be used to buy or carry any Margin Stock or to extend credit to others for the purpose of buying or carrying any Margin Stock. Not more than 25% of the assets of the Borrower and the Significant Subsidiaries that are subject to the restrictions of Section 5.02(a), (c) or (d) constitute Margin Stock.

(l) Neither the Borrower nor any Significant Subsidiary is an “investment company,” or an “affiliated person” of, or “promoter” or “principal underwriter” for, an “investment company”, as such terms are defined in the Investment Company Act of 1940, as amended (the “*Act*”). Neither the making of any Borrowing, the application of the proceeds or

repayment thereof by the Borrower nor the consummation of the other transactions contemplated hereby will violate any provision of the Act or any rule, regulation or order of the SEC thereunder.

(m) All Significant Subsidiaries as of the ~~Closing~~Second Amendment Effective Date are listed on Schedule 4.01(m) hereto.

(n) The Borrower has implemented and maintains in effect policies and procedures designed to ensure compliance by the Borrower, its Subsidiaries and their respective directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions, and the Borrower, its Subsidiaries and their respective directors and officers and, to the knowledge of the Borrower, its employees and agents, are in compliance with Anti-Corruption Laws and applicable Sanctions in all material respects. None of (i) the Borrower, any Subsidiary or any of their respective directors or officers, or (ii) to the knowledge of the Borrower, any employee or agent of the Borrower or any Subsidiary that will act in any capacity in connection with or benefit from the credit facility established hereby, is a Sanctioned Person. No Borrowing or use of proceeds thereof or other transaction contemplated by this Agreement will violate Anti-Corruption Laws or applicable Sanctions.

## ARTICLE V COVENANTS OF THE BORROWER

### SECTION 5.01 *Affirmative Covenants.*

So long as any Advance or any other amount payable hereunder shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower will:

(a) ***Preservation of Existence, Etc.*** Preserve and maintain, and cause each Significant Subsidiary to preserve and maintain, its corporate, partnership or limited liability company (as the case may be) existence and all material rights (charter and statutory) and franchises; *provided, however*, that the Borrower and any Significant Subsidiary may consummate any merger or consolidation permitted under Section 5.02(a); and *provided further* that neither the Borrower nor any Significant Subsidiary shall be required to preserve any right or franchise if (i) the board of directors of the Borrower or such Significant Subsidiary, as the case may be, shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Borrower or such Significant Subsidiary, as the case may be, and that the loss thereof is not disadvantageous in any material respect to the Borrower or such Significant Subsidiary, as the case may be, or to the Lenders; (ii) required in connection with or pursuant to any Restructuring Law; or (iii) required in connection with the RTO Transaction; and *provided further*, that no Significant Subsidiary shall be required to preserve and maintain its corporate, partnership or limited liability company (as the case may be) existence if (x) the loss thereof is not disadvantageous in any material respect to the Borrower or to the Lenders or (y) required in connection with or pursuant to any Restructuring Law or (z) required in connection with the RTO Transaction.

(b) ***Compliance with Laws, Etc.*** Comply, and cause each Significant Subsidiary to comply, in all material respects, with Applicable Law, with such compliance to include, without limitation, compliance with ERISA and Environmental Laws.

(c) **Performance and Compliance with Other Agreements.** Perform and comply, and cause each Significant Subsidiary to perform and comply, with the provisions of each indenture, credit agreement, contract or other agreement by which it is bound, the non-performance or non-compliance with which would result in a Material Adverse Change.

(d) **Inspection Rights.** At any reasonable time and from time to time, permit the Administrative Agent or any Lender or any agents or representatives thereof to examine and make copies of and abstracts from the records and books of account of, and visit the properties of, the Borrower and any Significant Subsidiary and to discuss the affairs, finances and accounts of the Borrower and any Significant Subsidiary with any of their officers or directors and with their independent certified public accountants.

(e) **Maintenance of Properties, Etc.** Maintain and preserve, and cause each Significant Subsidiary to maintain and preserve, all of its properties that are used or useful in the conduct of its business in good working order and condition, ordinary wear and tear excepted and except as required in connection with or pursuant to any Restructuring Law or in connection with an RTO Transaction.

(f) **Maintenance of Insurance.** Maintain, and cause each Significant Subsidiary to maintain, insurance with responsible and reputable insurance companies or associations in such amounts and covering such risks as is usually carried by companies engaged in similar businesses and owning similar properties; *provided, however*, that the Borrower and each Significant Subsidiary may self-insure to the same extent as other companies engaged in similar businesses and owning similar properties and to the extent consistent with prudent business practice.

(g) **Payment of Taxes, Etc.** Pay and discharge, and cause each of its Subsidiaries to pay and discharge, before the same shall become delinquent, (i) all taxes, assessments and governmental charges or levies imposed upon it or upon its property and (ii) all lawful claims that, if unpaid, might by law become a Lien upon its property; *provided, however*, that neither the Borrower nor any of its Subsidiaries shall be required to pay or discharge any such tax, assessment, charge or claim that is being contested in good faith and by proper proceedings and as to which adequate reserves are being maintained in accordance with Generally Accepted Accounting Principles, unless and until any Lien resulting therefrom attaches to its property and becomes enforceable against its other creditors.

(h) **Keeping of Books.** Keep, and cause each Significant Subsidiary to keep, proper books of record and account, in which full and correct entries shall be made of all financial transactions and the assets and business of the Borrower and each such Significant Subsidiary in accordance with Generally Accepted Accounting Principles.

(i) **Reporting Requirements.** Furnish to the Administrative Agent, on behalf of each Lender:

(i) as soon as available and in any event within 60 days after the end of each of the first three quarters of each fiscal year of the Borrower, a copy of the consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as of the

end of such quarter and consolidated statements of income, changes in shareholder's equity and comprehensive income (loss) and cash flows of the Borrower and its Consolidated Subsidiaries for the period commencing at the end of the previous fiscal year and ending with the end of such quarter, duly certified (subject to year-end audit adjustments) by the chief financial officer, chief accounting officer, treasurer or assistant treasurer of the Borrower as having been prepared in accordance with Generally Accepted Accounting Principles and a certificate of the chief financial officer, chief accounting officer, treasurer or assistant treasurer of the Borrower certifying (A) that such financial statements fairly present (subject to year-end adjustments) the consolidated financial condition of the Borrower and its Consolidated Subsidiaries as at such date and the consolidated results of the operations of the Borrower and its Consolidated Subsidiaries for the periods ended on such date, all in accordance with Generally Accepted Accounting Principles consistently applied, (B) compliance with the terms of this Agreement, and (C) setting forth in reasonable detail the calculations necessary to demonstrate compliance with Section 5.03, *provided* that in the event of any change in GAAP used in the preparation of such financial statements, the Borrower shall also provide, if necessary for the determination of compliance with Section 5.03, a statement of reconciliation conforming such financial statements to GAAP in effect on the Closing Date;

(ii) as soon as available and in any event within 120 days after the end of each fiscal year of the Borrower, a copy of the annual audit report for such year for the Borrower and its Consolidated Subsidiaries containing a consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as of the end of such fiscal year and consolidated statements of income, changes in shareholder's equity and comprehensive income (loss) and cash flows of the Borrower and its Consolidated Subsidiaries for such fiscal year, in each case accompanied by an opinion by PriceWaterhouse Coopers LLP (or another independent registered public accounting firm acceptable to the Required Lenders) to the effect that such financial statements fairly present the consolidated financial condition of the Borrower and its Consolidated Subsidiaries as at such date and the consolidated results of the operations of the Borrower and its Consolidated Subsidiaries for the periods ended on such date, all in accordance with Generally Accepted Accounting Principles consistently applied, and consolidating statements of income and cash flows of the Borrower and its Consolidated Subsidiaries for such fiscal year, and a certificate of the chief financial officer, chief accounting officer, treasurer or assistant treasurer of the Borrower certifying (A) as to compliance with the terms of this Agreement, (B) that there have been no Subsidiaries that have become Significant Subsidiaries at any time during such period, or any Subsidiaries that have ceased to be Significant Subsidiaries at any time during such period, in each case except as expressly identified in such certificate, and (C) setting forth in reasonable detail the calculations necessary to demonstrate compliance with Section 5.03, *provided* that in the event of any change in GAAP used in the preparation of such financial statements, the Borrower shall also provide, if necessary for the determination of compliance with Section 5.03, a statement of reconciliation conforming such financial statements to GAAP in effect on the Closing Date;

(iii) as soon as possible and in any event within five days after the chief financial officer or treasurer of the Borrower obtains knowledge of the occurrence of each Default continuing on the date of such statement, a statement of the chief financial officer or treasurer of the Borrower setting forth details of such Default and the action that the Borrower has taken and proposes to take with respect thereto;

(iv) promptly after the commencement thereof, notice of all actions and proceedings before any Governmental Authority or arbitrator affecting the Borrower or any Significant Subsidiary of the type described in Section 4.01(e);

(v) any change in the information provided in the Beneficial Ownership Certification that would result in a change to the list of beneficial owners identified in parts (c) or (d) of such certification; and

(vi) such other information respecting the Borrower or any of its Subsidiaries as any Lender through the Administrative Agent may from time to time reasonably request.

Notwithstanding the foregoing, the information required to be delivered pursuant to clauses (i) and (ii) shall be deemed to have been delivered if such information shall be available on the website of AEP at <http://www.aep.com> or any successor website; *provided* that the compliance certificates required under clauses (i) and (ii) shall be delivered in the manner specified in Section 8.02(b).

(j) ***Compliance with Anti-Corruption Laws and Sanctions.*** Maintain in effect and enforce policies and procedures designed to ensure compliance by the Borrower, its Subsidiaries and their respective directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions.

#### **SECTION 5.02      *Negative Covenants.***

So long as any Advance or any other amount payable hereunder shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower agrees that it will not:

(a) ***Mergers, Etc.*** Merge or consolidate with or into any Person, or permit any Significant Subsidiary to do so, except that (i) any Subsidiary may merge or consolidate with or into any other Subsidiary of the Borrower, (ii) any Subsidiary may merge into the Borrower, (iii) any Significant Subsidiary may merge with or into any other Person so long as such Significant Subsidiary continues to be a Significant Subsidiary of the Borrower and (iv) the Borrower may merge with any other Person so long as the successor entity (A) is the Borrower and (B) has (x) a long-term senior unsecured debt rating issued (and confirmed after giving effect to such merger) by S&P of at least BBB- (*provided* that if no long-term senior unsecured debt rating is available from S&P at such time, the rating required by this clause (x) shall be the successor entity's corporate credit rating issued by S&P) or (y) a long-term senior unsecured debt rating issued (and confirmed after giving effect to such merger) by Moody's of at least Baa3 (or, in the case of (x) and (y), if no such ratings have been issued, commercial paper ratings issued (and confirmed after giving effect to such merger) by S&P and Moody's of at least A-3 and P-3,

respectively), *provided*, in each case, that no Default shall have occurred and be continuing at the time of such proposed transaction or would result therefrom.

(b) ***Stock of Significant Subsidiaries.*** Sell, lease, transfer or otherwise dispose of, other than (i) in connection with an RTO Transaction, but only if no Default or Event of Default has occurred and is continuing or would result from such RTO Transaction, or (ii) pursuant to the requirements of any Restructuring Law, equity interests in any Significant Subsidiary of the Borrower if such Significant Subsidiary would cease to be a Subsidiary as a result of such sale, lease, transfer or disposition.

(c) ***Sales, Etc. of Assets.*** Sell, lease, transfer or otherwise dispose of, or permit any Significant Subsidiary to sell, lease, transfer or otherwise dispose of, any assets, or grant any option or other right to purchase, lease or otherwise acquire any assets, except (i) sales in the ordinary course of its business, (ii) sales, leases, transfers or dispositions of assets to any Person that is not a wholly-owned Subsidiary of the Borrower that in the aggregate do not exceed 20% of the Consolidated Tangible Net Assets of the Borrower and its Subsidiaries, whether in one transaction or a series of transactions, (iii) other sales, leases, transfers and dispositions made in connection with an RTO Transaction or pursuant to the requirements of any Restructuring Law or to a wholly owned Subsidiary of the Borrower, or (iv) sales of pollution control assets to a state or local government or any political subdivision or agency thereof in connection with any transaction with such Person pursuant to which such Person sells or otherwise transfers such pollution control assets back to the Borrower or a Subsidiary under an installment sale, loan or similar agreement, in each case in connection with the issuance of pollution control or similar bonds.

(d) ***Liens, Etc.*** Create or suffer to exist, or permit any Significant Subsidiary to create or suffer to exist, any Lien on or with respect to any of its properties, including, without limitation, on or with respect to equity interests in any Subsidiary of the Borrower, whether now owned or hereafter acquired, or assign, or permit any Significant Subsidiary to assign, any right to receive income (other than in connection with Stranded Cost Recovery Bonds and the sale of accounts receivable by the Borrower), other than (i) Permitted Liens, (ii) the Liens existing on the Closing Date, (iii) Liens securing first mortgage bonds issued by the Borrower or any Subsidiary of the Borrower the rates or charges of which are regulated by the Federal Energy Regulatory Commission or any state governmental authority, *provided* that the aggregate principal amount of such first mortgage bonds of the Borrower or any such Subsidiary do not exceed 66 2/3% of the net value of plant, property and equipment of the Borrower or such Subsidiary, as applicable, and (iv) the replacement, extension or renewal of any Lien permitted by clauses (ii) and (iii) above upon or in the same property theretofore subject thereto or the replacement, extension or renewal (without increase in the amount or change in any direct or contingent obligor) of the Debt secured thereby.

(e) ***Restrictive Agreements.*** Enter into, or permit any Significant Subsidiary to enter into (except in connection with or pursuant to any Restructuring Law), any agreement after the Closing Date, or amend, supplement or otherwise modify any agreement existing on the Closing Date, that imposes any restriction on the ability of any Significant Subsidiary to make payments, directly or indirectly, to its shareholders by way of dividends, advances, repayment of loans or intercompany charges, expenses and accruals or other returns on investments that is

more restrictive than any such restriction applicable to such Significant Subsidiary on the Closing Date; *provided, however*, that any Significant Subsidiary may agree to a financial covenant limiting its ratio of Consolidated Debt to Consolidated Capital to no more than 0.675 to 1.000.

(f) **ERISA.** (i) Terminate or withdraw from, or permit any of its ERISA Affiliates to terminate or withdraw from, any Plan with respect to which the Borrower or any of its ERISA Affiliates may have any liability by reason of such termination or withdrawal, if such termination or withdrawal could have a Material Adverse Effect, (ii) incur a full or partial withdrawal, or permit any ERISA Affiliate to incur a full or partial withdrawal, from any Multiemployer Plan with respect to which the Borrower or any of its ERISA Affiliates may have any liability by reason of such withdrawal, if such withdrawal could have a Material Adverse Effect, (iii) otherwise fail, or permit any of its ERISA Affiliates to fail, to comply in all material respects with ERISA or the related provisions of the Internal Revenue Code if such noncompliances, singly or in the aggregate, could have a Material Adverse Effect, or (iv) fail, or permit any of its Subsidiaries to fail, to comply with Applicable Law with respect to any Foreign Plan if such noncompliances, singly or in the aggregate, could have a Material Adverse Effect.

(g) **Use of Proceeds.** Use the proceeds of any Borrowing to buy or carry Margin Stock.

(h) **Anti-Corruption Laws and Sanctions.** Request any Borrowing, or use or permit any of its Subsidiaries or its or their respective directors, officers, employees and agents to use the proceeds of any Borrowing (i) in furtherance of an offer, payment, promise to pay, or authorization of the payment or giving of money, or anything else of value, to any Person in violation of any Anti-Corruption Laws, (ii) for the purpose of funding, financing or facilitating any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, or (iii) in any manner that would result in the violation of any Sanctions applicable to any party hereto.

### **SECTION 5.03      *Financial Covenant.***

So long as any Advance shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower will maintain a ratio of Consolidated Debt to Consolidated Capital, as of the last day of each March, June, September and December, of not greater than 0.675 to 1.000.

## **ARTICLE VI EVENTS OF DEFAULT**

### **SECTION 6.01      *Events of Default.***

If any of the following events (“*Events of Default*”) shall occur and be continuing:

(a) The Borrower (i) shall fail to pay any principal of any Advance when the same becomes due and payable, or (ii) shall fail to pay any interest on any Advance or make any other payment of fees or other amounts payable under this Agreement within five days after the same becomes due and payable; or

(b) Any representation or warranty made by the Borrower herein or by the Borrower (or any of its officers) in connection with this Agreement shall prove to have been incorrect in any material respect when made; or

(c) (i) The Borrower shall fail to perform or observe any term, covenant or agreement contained in Section 5.01(a), 5.01(i)(iii) or 5.02 (other than (x) Section 5.02(f) and (y) except for a material breach thereof, 5.02(h)), or (ii) the Borrower shall fail to perform or observe any other term, covenant or agreement contained in this Agreement or any other Loan Document if such failure shall remain unremedied for 30 days after written notice thereof shall have been given to the Borrower by the Administrative Agent or any Lender; or

(d) Any event shall occur or condition shall exist under any agreement or instrument relating to Debt of the Borrower (but excluding Debt outstanding hereunder) or any Significant Subsidiary outstanding in a principal or notional amount of at least \$50,000,000 in the aggregate if the effect of such event or condition is to accelerate or require early termination of the maturity or tenor of such Debt, or any such Debt shall be declared to be due and payable, or required to be prepaid or redeemed (other than by a regularly scheduled required prepayment or redemption), terminated, purchased or defeased, or an offer to prepay, redeem, purchase or defease such Debt shall be required to be made, in each case prior to the stated maturity or the original tenor thereof; or

(e) The Borrower or any Significant Subsidiary shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors; or any proceeding shall be instituted by or against the Borrower or any Significant Subsidiary seeking to adjudicate it a bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief, or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its property and, in the case of any such proceeding instituted against it (but not instituted by it), either such proceeding shall remain undismissed or unstayed for a period of 60 days, or any of the actions sought in such proceeding (including, without limitation, the entry of an order for relief against, or the appointment of a receiver, trustee, custodian or other similar official for, it or for any substantial part of its property) shall occur; or the Borrower or any Significant Subsidiary shall take any corporate action to authorize any of the actions set forth above in this subsection (e); or

(f) (i) Any entity, person (within the meaning of Section 14(d) of the Securities Exchange Act of 1934, as amended (the "**Exchange Act**")) or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) that as of the Closing Date was beneficial owner (as defined in Rule 13d-3 under the Exchange Act) of less than 30% of the Voting Stock of AEP shall acquire a beneficial ownership (within the meaning of Rule 13d-3 of the SEC under the Exchange Act), directly or indirectly, of Voting Stock of AEP (or other securities convertible into such Voting Stock) representing 30% or more of the combined voting power of all Voting Stock of AEP; (ii) during any period of up to 24 consecutive months, commencing after the Closing Date, individuals who at the beginning of such 24-month period were directors of AEP shall cease for any reason to constitute a majority of the board of directors

of AEP, *provided* that any person becoming a director subsequent to the Closing Date, whose election, or nomination for election by AEP's shareholders, was approved by a vote of at least a majority of the directors of the board of directors of AEP as comprised as of the Closing Date (other than the election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the directors of AEP) shall be, for purposes of this provision, considered as though such person were a member of the board as of the Closing Date; or (iii) AEP shall fail to own directly or indirectly 100% of all voting and economic interests of the Borrower; or

(g) Any judgment or order for the payment of money in excess of \$50,000,000 in the case of the Borrower or any Significant Subsidiary to the extent not paid or insured shall be rendered against the Borrower or any Significant Subsidiary and either (i) enforcement proceedings shall have been commenced by any creditor upon such judgment or order or (ii) there shall be any period of 30 consecutive days during which a stay of enforcement of such judgment or order, by reason of a pending appeal or otherwise, shall not be in effect; or

(h) ~~(i) The termination of or withdrawal from the United Mine Workers' of America 1974 Pension Trust by AEP or any of its ERISA Affiliates shall have occurred and the liability of AEP and its ERISA Affiliates related to such termination or withdrawal exceeds \$75,000,000 in the aggregate; or (ii) any ERISA Event (other than an ERISA Event described in clause (i)) shall have occurred and the liability of the Borrower and its ERISA Affiliates related to such ERISA Event exceeds \$50,000,000;~~

then, and in any such event, the Administrative Agent (i) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the obligation of each Lender to make Advances to be terminated, whereupon the same shall forthwith terminate, and (ii) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the outstanding Advances, all interest thereon and all other amounts payable under this Agreement to be forthwith due and payable, whereupon the outstanding Advances, all such interest and all such amounts shall become and be forthwith due and payable by the Borrower, without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Borrower; *provided, however*, that in the event of an actual or deemed entry of an order for relief with respect to the Borrower under the Federal Bankruptcy Code, (A) the obligation of each Lender to make Advances shall automatically be terminated and (B) the outstanding Advances, all such interest and all such amounts shall automatically become and be due and payable, without presentment, demand, protest or any notice of any kind, all of which are hereby expressly waived by the Borrower.

## ARTICLE VII THE ADMINISTRATIVE AGENT

### SECTION 7.01 *Appointment and Authorization.*

Each Lender hereby irrevocably appoints the entity named as the Administrative Agent in the heading of this Agreement and its successors to act on its behalf as the Administrative Agent hereunder and under the other Loan Documents and authorizes the Administrative Agent to enter into each of the Loan Documents to which it is a party (other than this Agreement) on its behalf

and to take such actions as the Administrative Agent on its behalf and to exercise such powers under the Loan Documents as are delegated to Administrative Agent by the terms thereof, together with all such powers as are reasonably incidental thereto. Subject to the terms of Section 8.01 and to the terms of the other Loan Documents, the Administrative Agent is authorized and empowered to amend, modify, or waive any provisions of this Agreement or the other Loan Documents on behalf of Lenders. The provisions of this Article 7 are solely for the benefit of the Administrative Agent and Lenders and Borrower shall not have any rights as a third-party beneficiary of any of the provisions hereof. It is understood and agreed that the use of the term “agent” herein or in any other Loan Documents (or any other similar term) with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any applicable law. Instead such term is used as a matter of market custom, and is intended to create or reflect only an administrative relationship between contracting parties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. The exculpatory provisions of this Article shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the Facility as well as activities as the Administrative Agent. The Administrative Agent shall not be responsible for the negligence or misconduct of any sub-agents except to the extent that a court of competent jurisdiction determines in a final and non-appealable judgment that the Administrative Agent acted with gross negligence or willful misconduct in the selection of such sub-agents.

**SECTION 7.02**      *Administrative Agent and Affiliates.*

The Person serving as the Administrative Agent shall have the same rights and powers under the Loan Documents in its capacity as a Lender as any other Lender and may exercise or refrain from exercising the same as though it were not the Administrative Agent, and the term “Lender” or “Lenders” shall, unless otherwise expressly indicated or unless the context otherwise requires, include the Person serving as the Administrative Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, invest in and own securities of, act as financial advisor or in any other advisory capacity for, and generally engage in any kind of business with the Borrower or any Subsidiary or other Affiliate of the Borrower as if it were not the Administrative Agent hereunder and without any duty to account therefor to the Lenders.

**SECTION 7.03**      *Action by Administrative Agent.*

The Administrative Agent shall not have any duties or obligations except those expressly set forth herein and in the other Loan Documents, and its duties shall be mechanical and administrative in nature. Nothing in this Agreement or any of the Loan Documents is intended to or shall be construed to impose upon the Administrative Agent any obligations in respect of this Agreement or any of the Loan Documents except as expressly set forth herein or therein. Without limiting the generality of the foregoing, the Administrative Agent:

(a) shall not have by reason of this Agreement a fiduciary relationship in respect of any Lender, regardless of whether a Default has occurred and is continuing;

(b) shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that the Administrative Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents); *provided* that the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Administrative Agent to liability or that is contrary to any Loan Document or Applicable Law, including for the avoidance of doubt any action that may be in violation of the automatic stay under any Debtor Relief Law or that may effect a forfeiture, modification or termination of property of a Defaulting Lender in violation of any Debtor Relief Law; and

(c) shall not, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Borrower, any Subsidiary of the Borrower or any other Affiliate of the foregoing that is communicated to or obtained by the Person serving as the Administrative Agent or any of its Affiliates in any capacity.

**SECTION 7.04      *Consultation with Experts.***

The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower or an Affiliate of the Borrower), independent accountants and other experts selected by it and shall not be liable for any action taken or omitted to be taken by it in good faith in accordance with the advice of such counsel, accountants or experts.

**SECTION 7.05      *Liability of Administrative Agent.***

Neither the Administrative Agent nor any of its directors, officers, agents, employees or Affiliates shall be liable to any Lender for any action taken or not taken by it in connection with the Loan Documents (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances as provided in Section 8.01 and Article VI or (ii) to the extent of its own gross negligence or willful misconduct in the discharge thereof (the absence of such gross negligence and willful misconduct to be presumed unless otherwise determined by a final non-appealable judgment of a court of competent jurisdiction). The Administrative Agent shall be deemed not to have knowledge of any Default unless and until written notice thereof (stating that it is a “notice of default”) describing such Default is given to the Administrative Agent in writing by the Borrower or a Lender.

Neither the Administrative Agent nor any of its directors, officers, agents, employees or Affiliates shall be responsible for or have any duty to ascertain, inquire into or verify (i) any statement, warranty or representation made in connection with any Loan Document or any borrowing hereunder; (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith; (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or

therein; (iv) the satisfaction of any condition specified in any Loan Document; (v) the validity, enforceability, effectiveness, sufficiency or genuineness of any Loan Document, any Lien purported to be created or perfected thereby or any other agreement, instrument, document or writing; (vi) the occurrence, existence or non-existence of any Default or Event of Default; or (vii) the financial condition of Borrower. The Administrative Agent shall be entitled to rely, and shall not incur any liability for relying, upon any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person (whether or not such Person in fact meets the requirements set forth in the Loan Documents for being the signatory, sender or authenticator thereof). The Administrative Agent also shall be entitled to rely, and shall not incur any liability for relying, upon any statement made to it orally or by telephone and believed by it to be made by the proper Person (whether or not such Person in fact meets the requirements set forth in the Loan Documents for being the signatory, sender or authenticator thereof), and may act upon any such statement prior to receipt of written confirmation thereof. In determining compliance with any condition hereunder to the making of an Advance that by its terms must be fulfilled to the satisfaction of a Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender unless the Administrative Agent shall have received notice to the contrary from such Lender prior to the making of such Advance.

**SECTION 7.06      *Indemnification.***

To the extent that the Borrower fail to indefeasibly pay any amount required to be paid by them under Section 8.04(a) or Section 8.04(b) to the Administrative Agent (or any sub-agent thereof) or any of its Related Parties (and without limiting the Borrower's obligation to do so), each Lender severally agrees to pay to the Administrative Agent (or any such sub-agent) or such Related Party, as the case may be, such Lender's pro rata share (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought) of such unpaid amount; *provided* that the unreimbursed expense or indemnified loss, claim, damage, liability or related expense, as the case may be, was incurred by or asserted against the Administrative Agent (or such sub-agent) in its capacity as such or against any of its Related Parties acting for the Administrative Agent (or any such sub-agent) in connection with such capacity. For purposes of this Section, a Lender's "pro rata share" shall be determined based upon its share of the sum of the outstanding Advances and Commitments, in each case, at the time (or most recently outstanding and in effect). If any indemnity furnished to the Administrative Agent for any purpose shall, in the opinion of the Administrative Agent, be insufficient or become impaired, Administrative Agent may call for additional indemnity and cease, or not commence, to do the acts indemnified against even if so directed by Required Lenders until such additional indemnity is furnished.

**SECTION 7.07      *Right to Request and Act on Instructions.***

Without limitation of the protections provided in Section 7.03, the Administrative Agent may at any time request instructions from Lenders with respect to any actions or approvals which by the terms of this Agreement or of any of the Loan Documents the Administrative Agent is permitted or desires to take or to grant, and if such instructions are promptly requested, the Administrative Agent shall be absolutely entitled to refrain from taking any action or to withhold

any approval and shall not be under any liability whatsoever to any Person for refraining from any action or withholding any approval under any of the Loan Documents until it shall have received such instructions from the Required Lenders or all or such other portion of the Lenders as shall be prescribed by this Agreement.

**SECTION 7.08**      *Credit Decision.*

Each Lender acknowledges that it has, independently and without reliance upon the Administrative Agent, the Arranger or any other Lender, or any of the Related Parties of any of the foregoing, and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent, the Arranger or any other Lender, or any of the Related Parties of any of the foregoing, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking any action under or based on any Loan Document or any related agreement or any document furnished hereunder or thereunder.

Each Lender, by delivering its signature page to this Agreement, or delivering its signature page to an Assignment and Assumption, Lender Joinder Agreement or any other Loan Document pursuant to which it shall become a Lender hereunder, shall be deemed to have acknowledged receipt of, and consented to and approved, each Loan Document and each other document required to be delivered to, or be approved by or satisfactory to, the Administrative Agent or the Lenders on the Closing Date.

**SECTION 7.09**      *Successor Administrative Agent.*

Subject to the terms of this paragraph, the Administrative Agent may resign at any time from its capacity as such. The Administrative Agent may at any time give notice of its resignation to the Lenders and the Borrower. Upon receipt of any such notice of resignation, the Required Lenders shall have the right, in consultation with the Borrower, to appoint a successor Administrative Agent. Upon the acceptance of a successor's appointment as Administrative Agent hereunder and notice of such acceptance to the retiring Administrative Agent, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring (or retired) Administrative Agent, the retiring Administrative Agent's resignation shall become immediately effective and the retiring Administrative Agent shall be discharged from all of its duties and obligations hereunder and under the other Loan Documents (if such resignation was not already effective and such duties and obligations not already discharged, as provided below in this paragraph). The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. Notwithstanding the foregoing, if no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within thirty (30) days after the retiring Administrative Agent gives notice of its resignation, then the retiring Administrative Agent may on behalf of the Lenders (but without any obligation) appoint a successor Administrative Agent. From and following the expiration of such thirty (30) day period, the Administrative Agent shall have the exclusive right, upon one (1) Business Days' notice to the Borrower and the Lenders, to make its resignation effective immediately. From and following the effectiveness of such notice, (i) the retiring Administrative

Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents and (ii) all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time as the Required Lenders appoint a successor Administrative Agent as provided for above in this paragraph. Following the effectiveness of the Administrative Agent's resignation from its capacity as such, the provisions of this Article and Section 8.04, as well as any exculpatory, reimbursement and indemnification provisions set forth in any other Loan Document, shall continue in effect for the benefit of such retiring Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while it was acting as Administrative Agent.

**SECTION 7.10**      ***Return of Payments.***

If the Administrative Agent pays an amount to a Lender under this Agreement in the belief or expectation that a related payment has been or will be received by the Administrative Agent from Borrower and such related payment is not received by the Administrative Agent, then the Administrative Agent will be entitled to recover such amount from such Lender on demand without setoff, counterclaim or deduction of any kind, together with interest accruing on a daily basis at the Federal Funds Rate.

If the Administrative Agent determines at any time that any amount received by the Administrative Agent under this Agreement must be returned to the Borrower or paid to any other Person pursuant to any insolvency law or otherwise, then, notwithstanding any other term or condition of this Agreement or any other Loan Document, the Administrative Agent will not be required to distribute any portion thereof to any Lender. In addition, each Lender will repay to the Administrative Agent on demand any portion of such amount that Administrative Agent has distributed to such Lender, together with interest at such rate, if any, as the Administrative Agent is required to pay to the Borrower or such other Person, without setoff, counterclaim or deduction of any kind.

**SECTION 7.11**      ***Right to Perform, Preserve and Protect.***

If the Borrower fails to perform any obligation hereunder or under any other Loan Document, the Administrative Agent itself may, but shall not be obligated to, cause such obligation to be performed at Borrower's expense. The Administrative Agent is further authorized by the Borrower and the Lenders to make expenditures from time to time which the Administrative Agent, in its reasonable business judgment, deems necessary or desirable to (i) preserve or protect the business conducted by the Borrower or any portion thereof and/or (ii) enhance the likelihood of, or maximize the amount of, repayment of the Advances. The Borrower hereby agrees to reimburse the Administrative Agent on demand for any and all costs, liabilities and obligations incurred by the Administrative Agent pursuant to this Section 7.11. Each Lender hereby agrees to indemnify the Administrative Agent upon demand for any and all costs, liabilities and obligations incurred by the Administrative Agent pursuant to this Section 7.11.

**SECTION 7.12**      ***Administrative Agent May File Proofs of Claim.***

In case of the pendency of any proceeding with respect to the Borrower under any Debtor Relief Law now or hereafter in effect, the Administrative Agent (irrespective of whether the principal of any Advance shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered (but not obligated) by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Advances and all other obligations under any Loan Document that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Administrative Agent (including any claim under Sections 2.03, 2.07, 2.10, 2.13 and 8.04) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lender, to pay to the Administrative Agent any amount due to it, in its capacity as the Administrative Agent, under the Loan Documents (including under Section 8.04).

### **SECTION 7.13      *Additional Titled Agents.***

Notwithstanding anything herein to the contrary, neither the Arranger nor any other bookrunner, arranger or to any titled agent named on the cover page of this Agreement, other than the Administrative Agent (collectively, the “*Additional Titled Agents*”) shall have any duties or obligations under this Agreement or any other Loan Documents (except in its capacity, as applicable, as a Lender), but all such Persons shall have the benefit of the indemnities provided for hereunder. Without limiting the foregoing, no Additional Titled Agent shall have nor be deemed to have a fiduciary relationship with any Lender. At any time that any Lender serving as an Additional Titled Agent shall have transferred to any other Person (other than any Affiliates) all of its interests in the Advances and in the Commitment, such Lender shall be deemed to have concurrently resigned as such Additional Titled Agent.

### **SECTION 7.14      *Erroneous Payments.***

(a) Each Lender hereby severally agrees that if (i) the Administrative Agent notifies (which such notice shall be conclusive absent manifest error) such Lender that the Administrative Agent has determined in its sole discretion that any funds received by such Lender from the Administrative Agent or any of its Affiliates were erroneously transmitted to, or otherwise erroneously or mistakenly received by, such Lender (whether or not known to such Lender) or (ii) it receives any payment from the Administrative Agent (or any of its Affiliates) (x) that is in a different amount than, or on a different date from, that specified in a notice of payment sent by the Administrative Agent (or any of its Affiliates) with respect to such payment,

(y) that was not preceded or accompanied by a notice of payment sent by the Administrative Agent (or any of its Affiliates) with respect to such payment or (z) that such Lender otherwise becomes aware was transmitted, or received, in error or by mistake (in whole or in part) then, in each case an error in payment has been made (any such amounts specified in clauses (i) or (ii) of this Section 7.14(a), whether received as a payment, prepayment or repayment of principal, interest, fees or otherwise; individually and collectively, an “*Erroneous Payment*”) and the Lender is deemed to have knowledge of such error at the time of its receipt of such Erroneous Payment and to the extent permitted by applicable law, such Lender shall not assert any right or claim to the Erroneous Payment, and hereby waives, any claim, counterclaim, defense or right of set-off or recoupment with respect to any demand, claim or counterclaim by the Administrative Agent for the return of any Erroneous Payments received, including without limitation waiver of any defense based on “discharge for value” or any similar doctrine.

(b) Without limiting the immediately preceding clause (a), each Lender agrees that, in the case of clause (a)(ii) above, it shall promptly (and, in all events, within one Business Day of its knowledge (or deemed knowledge) of such error) notify the Administrative Agent in writing of such occurrence and, in the case of either clause (a)(i) or (a)(ii) above upon demand from the Administrative Agent, it shall promptly, but in all events no later than one Business Day thereafter, return to the Administrative Agent the amount of any such Erroneous Payment (or portion thereof) as to which such a demand was made in same day funds (in the currency so received), together with interest thereon at the Federal Funds Rate in respect of each day from and including the date such Erroneous Payment (or portion thereof) was received by such Lender to the date such amount is repaid to the Administrative Agent in same day funds.

(c) The Borrower hereby agrees that (x) in the event an Erroneous Payment (or portion thereof) is not recovered from any Lender that has received such Erroneous Payment (or portion thereof) for any reason, the Administrative Agent shall be subrogated to all the rights of such Lender with respect to such amount, (y) an Erroneous Payment shall not pay, prepay, repay, discharge or otherwise satisfy any obligations hereunder owed by the Borrower if the Borrower has not made a payment to the Administrative Agent in respect of such obligations in accordance with the terms hereof and (z) to the extent that an Erroneous Payment was in any way or at any time credited as payment or satisfaction of any of the obligations hereunder, the obligations hereunder or any part thereof that were so credited, and all rights of the applicable Lender or Administrative Agent, as the case may be, shall be reinstated and continue in full force and effect as if such payment or satisfaction had never been received.

Each party’s obligations under this Section 7.14 shall survive the resignation or replacement of the Administrative Agent or any transfer of rights or obligations by, or the replacement of, a Lender, the termination of the Commitments or the repayment, satisfaction or discharge of all obligations hereunder (or any portion thereof) or under any Loan Document.

## ARTICLE VIII MISCELLANEOUS

### SECTION 8.01 *Amendments, Etc.*

No amendment or waiver of any provision of this Agreement, nor consent to any departure by the Borrower therefrom, shall in any event be effective unless the same shall be in writing and signed by the Required Lenders and the Borrower, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that, subject to Section 8.17, no amendment, waiver or consent shall, unless in writing and signed by all the Lenders, do any of the following: (i) amend Section 3.01 or 3.02 or waive any of the conditions specified therein, (ii) increase the Commitment of any Lender or extend the Commitments, or subject any Lender to any additional obligations, (iii) reduce the principal of, or interest on, or rate of interest applicable to, the outstanding Advances or any fees or other amounts payable hereunder, (iv) postpone any date fixed for any payment of principal of, or interest on, the outstanding Advances, reimbursement obligations or any fees or other amounts payable hereunder, (v) change the definition of Required Lenders or the percentage of the Commitments or of the aggregate unpaid principal amount of the outstanding Borrowings, or the number or percentage of the Lenders that shall be required for the Lenders or any of them to take any action hereunder, or (vi) amend or waive this Section 8.01 or any provision of this Agreement that requires pro rata treatment of the Lenders; and provided further that (x) no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent in addition to the Lenders required above to take such action, affect the rights or duties of the Administrative Agent under this Agreement, and (y) no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent and the Required Lenders, amend or waive Section 8.18. Notwithstanding the foregoing, any provision of this Agreement may be amended by an agreement in writing entered into by the Borrower, the Required Lenders and the Administrative Agent if (i) by the terms of such agreement the Commitment of each Lender not consenting to the amendment provided for therein shall terminate (but such Lender shall continue to be entitled to the benefits of Sections 2.11, 2.14 and 8.04) upon the effectiveness of such amendment and (ii) at the time such amendment becomes effective, each Lender not consenting thereto receives payment in full of the principal amount of and interest accrued on each Advance made by it and outstanding and all other amounts owing to it or accrued for its account under this Agreement and is released from its obligations hereunder.

## **SECTION 8.02      *Notices, Etc.***

(a) The Borrower hereby agrees that any notice that is required to be delivered to it hereunder shall be delivered to the Borrower as set forth in this Section 8.02. All notices and other communications provided for hereunder shall be in writing (including fax) and mailed, faxed or delivered, if to the Borrower, at its address at 1 Riverside Plaza, Columbus, OH 43215, Attention: Treasurer (fax: 614-716-2807; telephone: 614-716-2885), with a copy to the General Counsel ~~(fax: 614-716-1687; telephone: 614-716-2929) and to corporatefinance@aep.com at its address at c/o 354 Davis Road, Suite 100, Oakville, ON L6J 2X1, Attention: General Counsel, with a copy to notices@apucorp.com;~~ if to any Initial Lender, at its ~~Domestic~~ Lending Office specified in its Administrative Questionnaire; if to any other Lender, at its ~~Domestic~~ Lending Office specified in the Assignment and Assumption or New Lender Joinder pursuant to which it became a Lender; if to the Administrative Agent, at its address at 595 Bay Street, 5th Floor, Toronto, Ontario, Canada, M5G 2C2, Attn: Leanne Third – Senior Agency Associate, Tel: 416-780-5094, Email: Leanne.third@cibc.ca; or, as to the Borrower or the Administrative Agent, at such other address as shall be designated by such party in a written notice to the other parties and, as to each other party, at such other address as shall be designated by such party in a written

notice to the Borrower and the Administrative Agent. All such notices and communications shall be effective when delivered or received at the appropriate address or number to the attention of the appropriate individual or department, except that notices and communications to the Administrative Agent pursuant to Article II, III or VII shall not be effective until received by the Administrative Agent. Delivery by fax of an executed counterpart of any amendment or waiver of any provision of this Agreement or of any Exhibit hereto to be executed and delivered hereunder shall be effective as delivery of a manually executed counterpart thereof.

(b) The Borrower and the Lenders hereby agree that the Administrative Agent may make any information required to be delivered to the Administrative Agent on behalf of the Lenders (the “**Communications**”) available to the Lenders by posting the Communications on Intralinks, SyndTrak or a substantially similar electronic transmission systems (the “**Platform**”). The Borrower and the Lenders hereby acknowledge that the distribution of material through an electronic medium is not necessarily secure and that there are confidentiality and other risks associated with such distribution.

(c) THE PLATFORM IS PROVIDED “AS IS” AND “AS AVAILABLE”. THE AGENT PARTIES (AS DEFINED BELOW) DO NOT WARRANT, AND SHALL NOT BE DEEMED TO WARRANT, THE ACCURACY OR COMPLETENESS OF THE COMMUNICATIONS, OR THE ADEQUACY OF THE PLATFORM AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS OR OMISSIONS IN THE COMMUNICATIONS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD-PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE, OR SHALL BE DEEMED TO BE MADE, BY THE AGENT PARTIES IN CONNECTION WITH THE COMMUNICATIONS OR THE PLATFORM. IN NO EVENT SHALL THE ADMINISTRATIVE AGENT OR ANY OF ITS RELATED PARTIES (COLLECTIVELY, “**AGENT PARTIES**”) HAVE ANY LIABILITY TO THE BORROWER, ANY LENDER OR ANY OTHER PERSON OR ENTITY FOR DAMAGES OF ANY KIND, INCLUDING, WITHOUT LIMITATION, DIRECT OR INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), LOSSES OR EXPENSES (WHETHER IN TORT, CONTRACT OR OTHERWISE) ARISING OUT OF THE BORROWER’S OR THE ADMINISTRATIVE AGENT’S TRANSMISSION OF COMMUNICATIONS THROUGH THE INTERNET, EXCEPT TO THE EXTENT THE LIABILITY OF ANY AGENT PARTY IS FOUND IN A FINAL, NON-APPEALABLE JUDGMENT BY A COURT OF COMPETENT JURISDICTION TO HAVE RESULTED PRIMARILY FROM SUCH AGENT PARTY’S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

The Administrative Agent agrees that the receipt of the Communications by the Administrative Agent at its e-mail address set forth above shall constitute effective delivery of the Communications to the Administrative Agent for purposes of the Loan Documents. Each Lender agrees that notice to it (as provided in the next sentence) specifying that the Communications have been posted to the Platform shall constitute effective delivery of the Communications to such Lender for purposes of the Loan Documents. Each Lender agrees (i) to notify the Administrative Agent in writing (including by electronic communication) from time to

time of such Lender's e-mail address to which the foregoing notice may be sent by electronic transmission and (ii) that the foregoing notice may be sent to such e-mail address.

Nothing herein shall prejudice the right of the Administrative Agent or any Lender to give any notice or other communication pursuant to any Loan Document in any other manner specified in such Loan Document.

**SECTION 8.03**      *No Waiver; Remedies.*

No failure on the part of any Lender or the Administrative Agent to exercise, and no delay in exercising, any right or power hereunder or under any other Loan Document shall operate as a waiver thereof; nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Administrative Agent and the Lenders hereunder and under the other Loan Documents are cumulative and not exclusive of any rights and remedies that are provided by law or that they would otherwise have.

**SECTION 8.04**      *Costs and Expenses.*

(a) The Borrower agrees to pay promptly upon demand all reasonable out-of-pocket costs and expenses of the Administrative Agent in connection with the preparation, execution, delivery, administration, modification and amendment of this Agreement and the other documents to be delivered hereunder, including, without limitation, (i) all due diligence, syndication (including printing, distribution and bank meetings), transportation, computer, duplication, appraisal, consultant, and audit expenses and (ii) the reasonable fees and expenses of counsel for the Administrative Agent with respect thereto and with respect to advising the Administrative Agent as to its rights and responsibilities under this Agreement. The Borrower further agrees to pay promptly upon demand all costs and expenses of the Administrative Agent and the Lenders, if any (including, without limitation, counsel fees and expenses), in connection with the enforcement (whether through negotiations, legal proceedings or otherwise) of this Agreement and the other documents to be delivered hereunder, including, without limitation, reasonable fees and expenses of counsel for the Administrative Agent and the Lenders in connection with the enforcement of rights under this Section 8.04(a).

(b) The Borrower agrees to indemnify and hold harmless each Lender and the Administrative Agent and each of their Related Parties (each, an "*Indemnified Party*") from and against any and all claims, damages, losses, liabilities and penalties, joint or several, to which any such Indemnified Party may become subject, in each case arising out of or in connection with or relating to (including, without limitation, in connection with any investigation, litigation or proceeding or preparation of a defense in connection therewith) (i) this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Advances (ii) any error or omission in connection with posting of data on the Platform, or (iii) the actual or alleged presence of Hazardous Materials on any property of the Borrower or any of its Subsidiaries or any Environmental Action relating in any way to the Borrower or any of its Subsidiaries, and to reimburse any Indemnified Party for any and all reasonable expenses (including, without limitation, reasonable fees and expenses of counsel) as they are incurred in

connection with the investigation of or preparation for or defense of any pending or threatened claim or any action or proceeding arising therefrom, whether or not such Indemnified Party is a party and whether or not such claim, action or proceeding is initiated or brought by or on behalf of the Borrower or any of its Affiliates and whether or not any of the transactions contemplated hereby are consummated or this Agreement is terminated, AND THE FOREGOING INDEMNIFICATION SHALL APPLY WHETHER OR NOT SUCH INDEMNIFIED LIABILITIES ARE IN ANY WAY OR TO ANY EXTENT OWED, IN WHOLE OR IN PART, UNDER ANY CLAIM OR THEORY OF STRICT LIABILITY, OR ARE CAUSED, IN WHOLE OR IN PART, BY ANY NEGLIGENT ACT OR OMISSION OF ANY KIND BY ANY INDEMNIFIED PERSON, except to the extent such claim, damage, loss, liability, penalty or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's gross negligence or willful misconduct. In the case of an investigation, litigation or other proceeding to which the indemnity in this Section 8.04(b) applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by the Borrower, its directors, shareholders or creditors or an Indemnified Party or any other Person or any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. To the fullest extent permitted by applicable law, the Borrower agrees not to assert, or permit any of their Affiliates or Related Parties to assert, and each hereby waives, any claim against any Indemnified Party on any theory of liability, for special, indirect, consequential (including lost profits) or punitive damages arising out of or otherwise relating to this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Borrowings.

(c) If any payment of principal of, or Conversion of, any **Eurodollar RateSOFR** Advance is made by the Borrower to or for the account of a Lender other than on the last day of the Interest Period for such Advance, as a result of a payment or Conversion pursuant to Section 2.05, 2.08(e), 2.09, 2.10 or 2.12, acceleration of the maturity of the outstanding Borrowings pursuant to Section 6.01 or for any other reason (in the case of any such payment or Conversion), or if any prepayment of a SOFR Advance is made on a date other than the date specified in any notice therefor delivered pursuant hereto, the Borrower shall, promptly upon demand by such Lender (with a copy of such demand to the Administrative Agent), pay to the Administrative Agent for the account of such Lender any amounts required to compensate such Lender for any additional losses, costs or expenses that it may reasonably incur as a result of such payment or Conversion, including, without limitation, any loss (other than loss of Applicable Margin), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by any Lender to fund or maintain such Advance.

(d) Without prejudice to the survival of any other agreement of the Borrower hereunder, the agreements and obligations of the Borrower contained in Sections 2.11, 2.14 and 8.04 shall survive the payment in full of principal, interest and all other amounts payable hereunder.

(e) The Borrower agrees that no Indemnified Party shall have any liability (whether direct or indirect, in contract or tort or otherwise) to the Borrower or its security holders or creditors related to or arising out of or in connection with this Agreement, the Borrowings or the use or proposed use of the proceeds thereof, any of the transactions contemplated by any of the foregoing or in the loan documentation or the performance by an Indemnified Party of any of

the foregoing (including the use by unintended recipients of any information or other materials distributed through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents) except to the extent that any loss, claim, damage, liability or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's gross negligence or willful misconduct.

(f) In the event that an Indemnified Party is requested or required to appear as a witness in any action brought by or on behalf of or against the Borrower or any of its Affiliates in which such Indemnified Party is not named as a defendant, the Borrower agrees to reimburse such Indemnified Party for all reasonable expenses incurred by it in connection with such Indemnified Party's appearing and preparing to appear as such a witness, including, without limitation, the fees and disbursements of its legal counsel.

#### **SECTION 8.05      *Right of Set-off.***

Upon (i) the occurrence and during the continuance of any Event of Default and (ii) the making of the request or the granting of the consent specified by Section 6.01 to authorize the Administrative Agent to declare the outstanding Borrowings due and payable pursuant to the provisions of Section 6.01, each Credit Party and each of its Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by such Credit Party or such Affiliate to or for the credit or the account of the Borrower against any and all of the obligations of the Borrower now or hereafter existing under this Agreement held by such Credit Party, whether or not such Credit Party shall have made any demand under this Agreement and although such obligations may be unmaturing; *provided* that, in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Administrative Agent for further application in accordance with the provisions of Section 8.17 and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Administrative Agent and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Administrative Agent a statement describing in reasonable detail the obligations of the Borrower owing to such Defaulting Lender as to which it exercised such right of setoff. Each Credit Party agrees promptly to notify the Borrower after any such set-off and application, *provided* that the failure to give such notice shall not affect the validity of such set-off and application. The rights of each Credit Party and its Affiliates under this Section are in addition to other rights and remedies (including, without limitation, other rights of set-off) that such Credit Party and its Affiliates may have.

#### **SECTION 8.06      *Binding Effect.***

This Agreement shall become effective upon satisfaction of the conditions precedent specified in Section 3.01 and thereafter shall be binding upon and inure to the benefit of the Borrower, the Administrative Agent and each Lender and their respective successors and assigns, except that the Borrower shall not have the right to assign its rights hereunder or any interest herein without the prior written consent of all of the Lenders (and any attempted assignment or transfer by the Borrower without such consent shall be null and void).

**SECTION 8.07**      *Assignments and Participations.*

(a)      ***Successors and Assigns Generally.*** No Lender may assign or otherwise transfer any of its rights or obligations hereunder except (i) to an assignee in accordance with the provisions of Section 8.07(b), (ii) by way of participation in accordance with the provisions of Section 8.07(d), or (iii) by way of pledge or assignment of a security interest subject to the restrictions of Section 8.07(f) (and any other attempted assignment or transfer by any party hereto shall be null and void). Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants to the extent provided in Section 8.07(d) and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b)      ***Assignments by Lenders.*** Any Lender may at any time assign to one or more assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitment and the Advances at the time owing to it); *provided* that any such assignment shall be subject to the following conditions:

(i)      ***Minimum Amounts.***

(A)      in the case of an assignment of the entire remaining amount of the assigning Lender's Commitment and/or the Advances at the time owing to it or contemporaneous assignments to related Approved Funds that equal at least the amount specified in subsection (b)(i)(B) of this Section in the aggregate or in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund, no minimum amount need be assigned; and

(B)      in any case not described in subsection (b)(i)(A) of this Section, the aggregate amount of the Commitment and/or Advances of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent or, if the "***Trade Date***" is specified in the Assignment and Assumption, as of the Trade Date) shall not be less than \$2,500,000 or an integral multiple of \$500,000 in excess thereof, unless each of the Administrative Agent and, so long as no Default has occurred and is continuing, the Borrower otherwise consents (each such consent not to be unreasonably withheld or delayed).

(ii)      ***Proportionate Amounts.*** Each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement with respect to the Advances or the Commitment of such Lender being assigned.

(iii)      ***Required Consents.*** No consent shall be required for any assignment except to the extent required by subsection (b)(i)(B) of this Section and, in addition:

(A) the consent of the Borrower (such consent not to be unreasonably withheld or delayed) shall be required unless (x) a Default has occurred and is continuing at the time of such assignment, or (y) such assignment is to a Lender, an Affiliate of a Lender or an Approved Fund; *provided* that the Borrower shall be deemed to have consented to any such assignment unless it shall object thereto by written notice to the Administrative Agent within ten (10) Business Days after having received notice thereof; and

(B) the consent of the Administrative Agent (such consent not to be unreasonably withheld or delayed) shall be required for assignments if such assignment is to a Person that is not a Lender, an Affiliate of such Lender or an Approved Fund with respect to such Lender.

(iv) ***Assignment and Assumption.*** The parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of \$5,000 (to be paid by the assigning Lender, or, in the case of an assignment pursuant to Section 2.15(b), the Borrower); *provided* that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire.

(v) ***No Assignment to Certain Persons.*** No such assignment shall be made to (A) the Borrower or any of the Borrower's Affiliates or Subsidiaries or (B) to any Defaulting Lender or any of its Subsidiaries, or any Person that, upon becoming a Lender hereunder, would constitute any of the foregoing Persons described in this clause (B).

(vi) ***No Assignment to Natural Persons.*** No such assignment shall be made to a natural Person.

(vii) ***Certain Additional Payments.*** In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Administrative Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Administrative Agent, the applicable pro rata share of Advances previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Administrative Agent and each Lender hereunder (and interest accrued thereon), and (y) acquire (and fund as appropriate) its full pro rata share of all Advances and Commitments in accordance with its Commitment Percentage. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under Applicable Law without compliance with the provisions of this subsection, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

Subject to acceptance and recording thereof by the Administrative Agent pursuant to subsection (c) of this Section, from and after the effective date specified in each Assignment and Assumption, the assignee thereunder shall be a party to this Agreement and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto) but shall continue to be entitled to the benefits of Sections 2.11, 2.14 and 8.04 with respect to facts and circumstances occurring prior to the effective date of such assignment; *provided*, that except to the extent otherwise expressly agreed in writing by the affected parties, no assignment by a Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender. Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this subsection shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with subsection (d) of this Section.

(c) **Register.** The Administrative Agent, acting solely for this purpose as a non-fiduciary agent of the Borrower, shall maintain at one of its offices a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amounts (and stated interest) of the Advances owing to, each Lender pursuant to the terms hereof from time to time (the "**Register**"). The entries in the Register shall be conclusive absent manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Borrower and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(d) **Participations.** Any Lender may at any time, without the consent of the Borrower or the Administrative Agent, but upon notice to the Administrative Agent, sell participations to any Person (other than a natural Person or the Borrower or any of the Borrower's Affiliates or Subsidiaries) (each, a "**Participant**") in all or a portion of such Lender's rights and/or obligations under this Agreement (including all or a portion of its Commitment and/or the Advances owing to it); *provided* that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower, the Administrative Agent and Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. For the avoidance of doubt, each Lender shall be responsible for the indemnity under Section 7.06 with respect to any payments made by such Lender to its Participant(s).

Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; *provided* that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver with respect to clauses (i) through (vi) of Section 8.01 that affects such Participant. The Borrower agrees that each Participant shall

be entitled to the benefits of Sections 2.02(c), 2.11, and 2.14 (subject to the requirements and limitations therein, including the requirements under Section 2.14(f) (it being understood that the documentation required under Section 2.14(f) shall be delivered to the participating Lender)) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to subsection (b) of this Section; *provided* that such Participant (A) agrees to be subject to the provisions of Section 2.15 as if it were an assignee under subsection (b) of this Section; and (B) shall not be entitled to receive any greater payment under Sections 2.11 or 2.14, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation agrees, at the Borrower's request and expense, to use reasonable efforts to cooperate with the Borrower to effectuate the provisions of Section 2.15(b) with respect to any Participant. To the extent permitted by law, each Participant also shall be entitled to the benefits of Section 8.05 as though it were a Lender; *provided* that such Participant agrees to be subject to Section 2.16 as though it were a Lender. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Advances or other obligations under the Loan Documents (the "**Participant Register**"); *provided* that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any Advances or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such Advance or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(e) **Certain Pledges.** Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank; *provided* that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

## **SECTION 8.08**      ***Confidentiality.***

Each of the Administrative Agent and the Lenders agrees to maintain the confidentiality of the Confidential Information, except that Confidential Information may be disclosed (a) to its Related Parties (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Confidential Information and instructed to keep such Confidential Information confidential); (b) to the extent required or requested by any regulatory authority purporting to have jurisdiction over such Person or its Related Parties (including any state, federal or foreign authority or examiner regulating banks, banking or other financial institutions and any self-regulatory authority, such as the National Association of Insurance Commissioners); (c) to the extent required by Applicable Law or by any subpoena or similar legal process; (d) to any other party hereto; (e) in connection with the exercise of any remedies

hereunder or under any other Loan Document or any action or proceeding relating to this Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder; (f) subject to an agreement containing provisions substantially the same as those of this Section, to (i) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights and obligations under this Agreement, (ii) any actual or prospective party (or its Related Parties) to any swap, derivative or other transaction under which payments are to be made by reference to the Borrower and its obligations, this Agreement or payments hereunder or (iii) any credit insurance provider relating to the Borrower and its obligations; (g) on a confidential basis to (i) any rating agency in connection with rating the Borrower or its Subsidiaries or this Agreement or (ii) the CUSIP Service Bureau or any similar agency in connection with the issuance and monitoring of CUSIP numbers with respect to this Agreement; (h) with the consent of the Borrower; or (i) to the extent such Confidential Information (x) becomes publicly available other than as a result of a breach of this Section, or (y) becomes available to the Administrative Agent or any Lender or any of their respective Affiliates on a nonconfidential basis from a source other than the Borrower. Any Person required to maintain the confidentiality of Confidential Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Confidential Information as such Person would accord to its own confidential information. It is agreed that, notwithstanding the restrictions of any prior confidentiality agreement binding on the Arranger or the Administrative Agent, such parties may disclose Confidential Information as provided in this Section 8.08.

**SECTION 8.09**      *Governing Law.*

THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

**SECTION 8.10**      *Severability; Survival; Entire Agreement.*

(a) Any provision of this Agreement held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions hereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

(b) All covenants, agreements, representations and warranties made by the Borrower herein and in the other Loan Documents and in the certificates or other instruments delivered in connection with or pursuant to this Agreement or any other Loan Document shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery of this Agreement and the making of any Advances, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent, the Arranger, any Lender or any Affiliate of any of the foregoing may have had notice or knowledge of any Default or incorrect representation or warranty at the time the Loan Document is executed and delivered or any credit is extended hereunder, and shall continue in full force and effect as long as the principal of or any accrued interest on any Advance or any fee or any other amount payable under this Agreement is outstanding and unpaid and so long as the Commitments have not expired or terminated. The provisions of Sections 2.10, 2.13, 2.15(b)

and 8.04 and Article VII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the repayment of the Advances, the expiration or termination of the Commitments or the termination of this Agreement or any provision hereof.

(c) The Loan Documents constitute the entire contract among the parties relative to the subject matter hereof. Any previous agreement, written or oral, among the parties with respect to the subject matter hereof is superseded by this Agreement, except as expressly stated in any other Loan Document.

**SECTION 8.11**      *Execution in Counterparts.*

This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by fax or other electronic imaging shall be effective as delivery of a manually executed counterpart of this Agreement.

**SECTION 8.12**      *Jurisdiction, Etc.*

(a) EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF ANY NEW YORK STATE COURT OR FEDERAL COURT OF THE UNITED STATES OF AMERICA SITTING IN NEW YORK CITY, THE COUNTY OF NEW YORK, AND ANY APPELLATE COURT FROM ANY THEREOF, IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, OR FOR RECOGNITION OR ENFORCEMENT OF ANY JUDGMENT, AND EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN ANY SUCH NEW YORK STATE COURT OR, TO THE EXTENT PERMITTED BY LAW, IN SUCH FEDERAL COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS AGREEMENT SHALL AFFECT ANY RIGHT THAT ANY PARTY MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT IN THE COURTS OF ANY JURISDICTION.

(b) EACH OF THE PARTIES HERETO IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT IT MAY LEGALLY AND EFFECTIVELY DO SO, ANY OBJECTION THAT IT MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY SUIT, ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT IN ANY NEW YORK STATE OR FEDERAL COURT REFERRED TO IN SECTION 8.12(a). EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, THE DEFENSE OF AN INCONVENIENT FORUM TO THE MAINTENANCE OF SUCH ACTION OR PROCEEDING IN ANY SUCH COURT.

(c) THE BORROWER HEREBY WAIVES PERSONAL SERVICE OF ANY AND ALL PROCESS AND AGREES THAT ALL SUCH SERVICE OF PROCESS MAY BE MADE UPON THE BORROWER BY CERTIFIED OR REGISTERED MAIL, RETURN RECEIPT REQUESTED, ADDRESSED TO THE BORROWER AT THE ADDRESS SET FORTH IN THIS AGREEMENT AND SERVICE SO MADE SHALL BE COMPLETE TEN (10) DAYS AFTER THE SAME HAS BEEN POSTED. NOTHING IN THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT WILL AFFECT THE RIGHT OF ANY PARTY HERETO TO SERVE PROCESS IN ANY OTHER MANNER PERMITTED BY LAW.

**SECTION 8.13**      *Waiver of Jury Trial.*

EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THE LOAN DOCUMENTS OR THE TRANSACTIONS CONTEMPLATED THEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY) AND AGREES THAT ANY SUCH ACTION OR PROCEEDING SHALL BE TRIED BEFORE A COURT AND NOT BEFORE A JURY. EACH PARTY HERETO ACKNOWLEDGES THAT THIS WAIVER IS A MATERIAL INDUCEMENT TO ENTER INTO A BUSINESS RELATIONSHIP, THAT EACH HAS RELIED ON THE WAIVER IN ENTERING INTO THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS, AND THAT EACH WILL CONTINUE TO RELY ON THIS WAIVER IN THEIR RELATED FUTURE DEALINGS. EACH PARTY HERETO WARRANTS AND REPRESENTS THAT EACH HAS HAD THE OPPORTUNITY OF REVIEWING THIS JURY WAIVER WITH LEGAL COUNSEL, AND THAT EACH KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS.

**SECTION 8.14**      *USA Patriot Act.*

Each of the Lenders and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Borrower that, (a) pursuant to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law as of October 26, 2001)) (as amended, restated, modified or otherwise supplemented from time to time, the "*Patriot Act*"), it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow such Lender or the Administrative Agent, as applicable, to identify the Borrower in accordance with the Patriot Act and (b) pursuant to the Beneficial Ownership Regulation, it is required to obtain a Beneficial Ownership ~~Certificate~~Certification.

**SECTION 8.15**      *No Fiduciary Duty.*

The Administrative Agent, the Arranger, each Lender and each of their respective Affiliates and each of their respective officers, directors, controlling persons, employees, agents and advisors (collectively, solely for purposes of this Section 8.15, the "*Lenders*") may be engaged, for their own accounts or the accounts of customers, in a broad range of transactions that involve interests that differ from those the Borrower and its Affiliates, and none of the Lenders has any obligation to disclose any of such interests to the Borrower or any of their Affiliates. The Borrower agrees that nothing in the Loan Documents or otherwise will be

deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty between the Lenders and the Borrower, its stockholders or its Affiliates. The Borrower acknowledges and agrees that (i) the transactions contemplated by the Loan Documents are arm's-length commercial transactions between the Lenders, on the one hand, and the Borrower, on the other, (ii) in connection therewith and with the process leading to such transaction each of the Lenders is acting solely as a principal and not the agent or fiduciary of the Borrower, its management, stockholders, creditors or any other person, (iii) no Lender has assumed an advisory or fiduciary responsibility in favor of the Borrower with respect to the transactions contemplated hereby or the process leading thereto (irrespective of whether any Lender or any of its Affiliates has advised or is currently advising the Borrower on other matters) or any other obligation to the Borrower except the obligations expressly set forth in the Loan Documents and (iv) the Borrower has consulted its own legal and financial advisors to the extent it deemed appropriate. The Borrower further acknowledges and agrees that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto. The Borrower agrees that it will not claim, and hereby waives and releases any claim to the fullest extent permitted by law, that any Lender (x) has rendered advisory services of any nature or respect, (y) has committed a breach of agency, fiduciary or similar duty, or (z) owes a duty of agency, fiduciary or similar duty to the Borrower, in each case in connection with such transaction or the process leading thereto.

**SECTION 8.16      *Interest Rate Limitation.***

Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Advance, together with all fees, charges and other amounts which are treated as interest on such Advance under applicable law (collectively, the "***Charges***"), shall exceed the maximum lawful rate (the "***Maximum Rate***") which may be contracted for, charged, taken, received or reserved by the Lender making such Advance in accordance with applicable law, the rate of interest payable in respect of such Advance hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Advance but were not payable as a result of the operation of this Section 8.16 shall be cumulated and the interest and Charges payable to such Lender in respect of other Advances or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Applicable Margin to the date of repayment, shall have been received by such Lender.

**SECTION 8.17      *Defaulting Lenders.***

(a) ***Defaulting Lender Adjustments.*** Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as such Lender is no longer a Defaulting Lender, to the extent permitted by Applicable Law:

(i) ***Waivers and Amendments.*** Such Defaulting Lender's right to approve or disapprove any amendment, waiver or consent with respect to this Agreement shall be restricted as set forth in the definition of Required Lenders and in Section 8.01.

(ii) ***Defaulting Lender Waterfall.*** Any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of such

Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Article VI or otherwise) or received by the Administrative Agent from a Defaulting Lender pursuant to Section 8.05 shall be applied at such time or times as may be determined by the Administrative Agent as follows: *first*, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder; *second*, as the Borrower may request (so long as no Default exists), to the funding of any Advance in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; *third*, if so determined by the Administrative Agent and the Borrower, to be held in a deposit account and released pro rata in order to satisfy such Defaulting Lender's potential future funding obligations with respect to Advances under this Agreement; *fourth*, to the payment of any amounts owing to the Lenders as a result of any judgment of a court of competent jurisdiction obtained by any Lender against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; *fifth*, so long as no Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; and *sixth*, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction; *provided* that, if (x) such payment is a payment of the principal amount of any Advances in respect of which such Defaulting Lender has not fully funded its appropriate share, and (y) such Advances were made at a time when the conditions set forth in Section 3.02 were satisfied or waived, such payment shall be applied solely to pay the Advances of all Non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Advances of such Defaulting Lender until such time as all Advances are held by the Lenders pro rata in accordance with the Commitments. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender pursuant to this Section 8.17(a)(ii) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

(iii) ***Reduction of Commitments.*** The Borrower may terminate the Commitment of any Lender that is a Defaulting Lender upon not less than three Business Days' prior notice to the Administrative Agent (which shall promptly notify the Lenders thereof), and in such event the provisions of Section 8.17(a)(ii) will apply to all amounts thereafter paid by the Borrower for the account of such Defaulting Lender under this Agreement (whether on account of principal, interest, fees, indemnity or other amounts); *provided* that (i) no Event of Default shall have occurred and be continuing and (ii) such termination shall not be deemed to be a waiver or release of any claim the Borrower, the Administrative Agent or any Lender may have against such Defaulting Lender.

(b) ***Defaulting Lender Cure.*** If the Borrower and the Administrative Agent agree in writing that a Lender is no longer a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein, that Lender will, to the extent applicable, purchase at par that portion of outstanding Advances of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Advances to be held pro rata by the Lenders in accordance with the Commitments, whereupon such Lender will cease to be a

Defaulting Lender; *provided* that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while that Lender was a Defaulting Lender; and *provided, further*, that except to the extent otherwise expressly agreed in writing by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

**SECTION 8.18      *Acknowledgement and Consent to Bail-In of Affected Financial Institutions.***

Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the Write-Down and Conversion Powers of an applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an Affected Financial Institution; and

(b) the effects of any Bail-~~in~~In Action on any such liability, including, if applicable (i) a reduction in full or in part or cancellation of any such liability, (ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document or (iii) the variation of the terms of such liability in connection with the exercise of the Write-Down and Conversion Powers of any applicable Resolution Authority.

**SECTION 8.19      *Benchmark Replacement Setting.***

(a) ~~(i) Benchmark Replacement.~~ **(+) Benchmark Replacement.** Notwithstanding anything to the contrary herein or in any other Loan Document ~~if, upon the occurrence of~~ a Benchmark Transition Event ~~or an Early Opt in Election, as applicable, and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any setting of,~~ the Administrative Agent and the Borrower may amend this Agreement to replace the then-current Benchmark, ~~then (x) if a Benchmark Replacement is determined in accordance with clause (a)(1) or (a)(2) of the definition of “ with a Benchmark Replacement” for.~~ Any such ~~Benchmark Replacement Date, such Benchmark Replacement will replace such Benchmark for all purposes hereunder and under any Loan Document in respect of such Benchmark setting and subsequent Benchmark settings without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document and (y) if a Benchmark Replacement is determined in accordance with clause (a)(3) of the definition of “Benchmark Replacement” for such Benchmark Replacement Date, such Benchmark Replacement will replace such Benchmark for all purposes hereunder and under any Loan Document in~~ amendment with respect of ~~any to a~~ Benchmark setting Transition Event will become effective at ~~or after~~ 5:00 p.m. ~~(New York City time)~~ on the fifth (5<sup>th</sup>) Business Day after the ~~date notice of such Benchmark Replacement is provided~~ Administrative Agent has posted such proposed amendment to ~~the~~ all affected Lenders

~~without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document~~ and the Borrower so long as the Administrative Agent has not received, by such time, written notice of objection to such ~~Benchmark Replacement~~ amendment from Lenders comprising the Required Lenders. No replacement of a Benchmark with a Benchmark Replacement pursuant to this Section 8.19(a) will occur prior to the applicable Benchmark Transition Start Date.

~~(ii) — Notwithstanding anything to the contrary herein or in any other Loan Document, if a Term SOFR Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any setting of the then-current Benchmark, then the applicable Benchmark Replacement will replace the then-current Benchmark for all purposes hereunder or under any Loan Document in respect of such Benchmark setting and subsequent Benchmark settings, without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document; provided that this clause (ii) shall not be effective unless the Administrative Agent has delivered to the Lenders and the Borrower a Term SOFR Notice. For the avoidance of doubt, the Administrative Agent shall not be required to deliver a Term SOFR Notice after a Term SOFR Transition Event and may elect or not elect to do so in its sole discretion.~~

(b) ~~Benchmark Replacement~~ **Conforming Changes.** In connection with the use, administration, adoption or implementation of a Benchmark Replacement, the Administrative Agent will have the right to make ~~Benchmark Replacement~~ Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such ~~Benchmark Replacement~~ Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document.

(c) **Notices; Standards for Decisions and Determinations.** The Administrative Agent will promptly notify the Borrower and the Lenders of (A) the implementation of any ~~occurrence of a Benchmark Transition Event, a Term SOFR Transition Event or an Early Opt in Election, as applicable, and its related Benchmark Replacement Date,~~ and (B) the implementation of any Benchmark Replacement, (C) the effectiveness of any Conforming Changes in connection with the use, administration, adoption or implementation of a Benchmark Replacement ~~Conforming Changes,~~ (D). The Administrative Agent will promptly notify the Borrower of the removal or reinstatement of any tenor of a Benchmark pursuant to Section 8.19(d) ~~below and (E) the commencement or conclusion of any Benchmark Unavailability Period.~~ Any determination, decision or election that may be made by the Administrative Agent or, if applicable, any Lender (or group of Lenders) pursuant to this Section 8.19(c), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Loan Document, except, in each case, as expressly required pursuant to this Section 8.19(c).

(d) **Unavailability of Tenor of Benchmark.** Notwithstanding anything to the contrary herein or in any other Loan Document, at any time (including in connection with the implementation of a Benchmark Replacement), (A) if the then-current Benchmark is a term rate (including the Term SOFR ~~or USD-LIBOR~~ Reference Rate) and either (1) any tenor for such

Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (2) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is not or will not be ~~no longer~~ representative, then the Administrative Agent may modify the definition of “Interest Period” (or any similar or analogous definition) for any Benchmark settings at or after such time to remove such unavailable or non-representative tenor and (B) if a tenor that was removed pursuant to clause (A) above either (1) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (2) is not, or is no longer, subject to an announcement that it is not or will ~~no longer~~not be representative for a Benchmark (including a Benchmark Replacement), then the Administrative Agent may modify the definition of “Interest Period” (or any similar or analogous definition) for all Benchmark settings at or after such time to reinstate such previously removed tenor.

(e) **Benchmark Unavailability Period.** Upon the Borrower’s receipt of notice of the commencement of a Benchmark Unavailability Period, (A) the Borrower may revoke any pending request for a borrowing of, conversion to or continuation of ~~Eurodollar Rate~~SOFR Advances to be made, converted or continued during any Benchmark Unavailability Period and, failing that, the Borrower will be deemed to have converted any such request into a request for a borrowing of or conversion to Base Rate Advances and (B) any outstanding affected SOFR Advances will be deemed to have been converted to Base Rate Advances at the end of the applicable Interest Period. During any Benchmark Unavailability Period or at any time that a tenor for the then-current Benchmark is not an Available Tenor, the component of the Base Rate based upon the then-current Benchmark or such tenor for such Benchmark, as applicable, will not be used in any determination of the Base Rate.

~~(f) — London Interbank Offered Rate Benchmark Transition Event. On March 5, 2021, the IBA, the administrator of the London interbank offered rate, and the FCA, the regulatory supervisor of the IBA, made the Announcements that the final publication or representativeness date for the London interbank offered rate for: (I) Dollars for 1-week and 2-month tenor settings will be December 31, 2021 and (II) Dollars for overnight, 1-month, 3-month, 6-month and 12-month tenor settings will be June 30, 2023. No successor administrator for the IBA was identified in such Announcements. The parties hereto agree and acknowledge that the Announcements resulted in the occurrence of a Benchmark Transition Event with respect to the London interbank offered rate for Dollars and that any obligation of the Administrative Agent to notify any parties of any such Benchmark Transition Event pursuant to Section 8.19(e) shall be deemed satisfied.~~

~~(g) — Certain Defined Terms. As used in this Section titled “Benchmark Replacement Setting”:~~

~~“Available Tenor” means, as of any date of determination and with respect to the then current Benchmark, as applicable, (x) if the then current Benchmark is a term rate, any tenor for such Benchmark or (y) otherwise, any payment period for interest calculated with reference to such Benchmark, as applicable, that is or may be used for determining the length of an Interest Period pursuant to this Agreement as of such date and not including, for the avoidance of doubt, any tenor for such Benchmark that is then removed from the definition of “Interest Period” pursuant to Section 8.19(d).~~

~~“Benchmark” means, initially, USD LIBOR; provided that if a Benchmark Transition Event, a Term SOFR Transition Event, or an Early Opt-in Election, as applicable, and its related Benchmark Replacement Date have occurred with respect to USD LIBOR or the then current Benchmark, then~~

~~“Benchmark” means the applicable Benchmark Replacement to the extent that such Benchmark Replacement has replaced such prior benchmark rate pursuant to Section 8.19(a).~~

~~“Benchmark Replacement” means, for any Available Tenor,~~

~~(a) — with respect to any Benchmark Transition Event or Early Opt in Election, the first alternative set forth in the order below that can be determined by the Administrative Agent for the applicable Benchmark Replacement Date:~~

~~(1) — the sum of: (A) Term SOFR and (B) the related Benchmark Replacement Adjustment provided, that, if the Borrower has provided a notification to the Administrative Agent in writing on or prior to such Benchmark Replacement Date that the Borrower has a Hedge Agreement in place with respect to any of the Advances as of the date of such notice (which such notification the Administrative Agent shall be entitled to rely upon and shall have no duty or obligation to ascertain the correctness or completeness of), then the Administrative Agent, in its sole discretion, may decide not to determine the Benchmark Replacement pursuant to this clause (a)(1) for such Benchmark Transition Event or Early Opt in Election, as applicable;~~

~~(2) — the sum of: (A) Daily Simple SOFR and (B) the related Benchmark Replacement Adjustment;~~

~~(3) — the sum of: (A) the alternate benchmark rate that has been selected by the Administrative Agent and the Borrower as the replacement for the then current Benchmark for the applicable Corresponding Tenor giving due consideration to (i) any selection or recommendation of a replacement benchmark rate or the mechanism for determining such a rate by the Relevant Governmental Body or (ii) any evolving or then-prevailing market convention for determining a benchmark rate as a replacement for the then current Benchmark for Dollar-denominated syndicated credit facilities at such time and (B) the related Benchmark Replacement Adjustment; or~~

~~(b) — with respect to any Term SOFR Transition Event, the sum of (i) Term SOFR and (ii) the related Benchmark Replacement Adjustment;~~

~~provided that, (i) in the case of clause (a)(1), if the Administrative Agent decides that Term SOFR is not administratively feasible for the Administrative Agent, then Term SOFR will be deemed unable to be determined for purposes of this definition and (ii) in the case of clause (a)(1) or clause (b) of this definition, the applicable Unadjusted Benchmark Replacement is displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion. If the Benchmark Replacement as determined pursuant to clause (a)(1), (a)(2) or (a)(3) or clause (b) of this definition would be less than the Floor, the Benchmark Replacement will be deemed to be the Floor for the purposes of this Agreement and the other Loan Documents.~~

~~“Benchmark Replacement Adjustment” means, with respect to any replacement of the then current Benchmark with an Unadjusted Benchmark Replacement for any applicable Interest Period and Available Tenor for any setting of such Unadjusted Benchmark Replacement:~~

~~(1) — for purposes of clauses (a)(1) and (a)(2) of the definition of “Benchmark Replacement,” the first alternative set forth in the order below that can be determined by the Administrative Agent:~~

~~(a) — the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) as of the Reference Time such Benchmark Replacement is first set for such Interest Period that has been selected or recommended by the Relevant Governmental Body for the replacement of such Available Tenor of such Benchmark with the applicable Unadjusted Benchmark Replacement;~~

~~(b) — the spread adjustment (which may be a positive or negative value or zero) as of the Reference Time such Benchmark Replacement is first set for such Interest Period that would apply to the fallback rate for a derivative transaction referencing the ISDA Definitions to be effective upon an index cessation event with respect to such Available Tenor of such Benchmark;~~

~~(2) — for purposes of clause (a)(3) of the definition of “Benchmark Replacement,” the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected by the Administrative Agent and the Borrower giving due consideration to (i) any selection or recommendation of a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Available Tenor of such Benchmark with the applicable Unadjusted Benchmark Replacement by the Relevant Governmental Body on the applicable Benchmark Replacement Date or (ii) any evolving or then prevailing market convention for determining a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Available Tenor of such Benchmark with the applicable Unadjusted Benchmark Replacement for Dollar-denominated syndicated credit facilities; and~~

~~(3) — for purposes of clause (b) of the definition of “Benchmark Replacement,” the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) as of the Reference Time such Benchmark Replacement is first set for such Interest Period that has been selected or recommended by the Relevant Governmental Body for the replacement of such Available Tenor of USD LIBOR with a SOFR-based rate;~~

~~provided that, (x) in the case of clause (1) above, such adjustment is displayed on a screen or other information service that publishes such Benchmark Replacement Adjustment from time to time as selected by the Administrative Agent in its reasonable discretion and (y) if the then-current Benchmark is a term rate, more than one tenor of such Benchmark is available as of the applicable Benchmark Replacement Date and the applicable Unadjusted Benchmark Replacement that will replace such Benchmark in accordance with Section 8.19(a) will not be a term rate, the Available Tenor of such Benchmark for purposes of this definition of “Benchmark Replacement Adjustment” shall be deemed to be, with respect to each Unadjusted Benchmark Replacement having a payment period for interest calculated with reference thereto, the Available Tenor that has approximately the same length (disregarding business day adjustments) as such payment period.~~

~~“**Benchmark Replacement Conforming Changes**” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Base Rate,” the definition of “Business Day,” the definition of “Interest Period,” timing and frequency of determining rates and making payments of interest, timing of borrowing requests or prepayment, conversion or continuation notices, length of lookback periods, the applicability of breakage provisions, and other technical, administrative or operational matters) that the Administrative Agent decides may be appropriate to reflect the adoption and implementation of such Benchmark Replacement and to permit the administration thereof by the Administrative Agent in a manner substantially consistent with market practice (or, if the Administrative Agent decides that adoption of any portion of such market practice is~~

~~not administratively feasible or if the Administrative Agent determines that no market practice for the administration of such Benchmark Replacement exists, in such other manner of administration as the Administrative Agent decides is reasonably necessary in connection with the administration of this Agreement and the other Loan Documents).~~

~~“**Benchmark Replacement Date**” means the earliest to occur of the following events with respect to the then-current Benchmark:~~

- ~~(1) — in the case of clause (1) or (2) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of such Benchmark (or the published component used in the calculation thereof) permanently or indefinitely ceases to provide all Available Tenors of such Benchmark (or such component thereof);~~
- ~~(2) — in the case of clause (3) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information referenced therein;~~
- ~~(3) — in the case of a Term SOFR Transition Event, the date that is thirty (30) days after the Administrative Agent has provided the Term SOFR Notice to the Lenders and the Borrower pursuant to Section 8.19(a)(ii); or~~
- ~~(4) — in the case of an Early Opt-in Election, the sixth (6th) Business Day after the date notice of such Early Opt-in Election is provided to the Lenders, so long as the Administrative Agent has not received, by 5:00 p.m. (New York City time) on the fifth (5th) Business Day after the date notice of such Early Opt-in Election is provided to the Lenders, written notice of objection to such Early Opt-in Election from Lenders comprising the Required Lenders.~~

~~For the avoidance of doubt, (i) if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination and (ii) the “Benchmark Replacement Date” will be deemed to have occurred in the case of clause (1) or (2) with respect to any Benchmark upon the occurrence of the applicable event or events set forth therein with respect to all then-current Available Tenors of such Benchmark (or the published component used in the calculation thereof).~~

~~“**Benchmark Transition Event**” means the occurrence of one or more of the following events with respect to the then-current Benchmark:~~

- ~~(1) — a public statement or publication of information by or on behalf of the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that such administrator has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof);~~
- ~~(2) — a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof), the FRB, the Federal Reserve Bank of New York, an insolvency official with jurisdiction over the administrator for such Benchmark (or such component), a resolution~~

~~authority with jurisdiction over the administrator for such Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for such Benchmark (or such component), which states that the administrator of such Benchmark (or such component) has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof); or~~

- ~~(3) — a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that all Available Tenors of such Benchmark (or such component thereof) are no longer representative.~~

~~For the avoidance of doubt, a “Benchmark Transition Event” will be deemed to have occurred with respect to any Benchmark if a public statement or publication of information set forth above has occurred with respect to each then-current Available Tenor of such Benchmark (or the published component used in the calculation thereof).~~

~~“**Benchmark Unavailability Period**” means the period (if any) (x) beginning at the time that a Benchmark Replacement Date pursuant to clauses (1) or (2) of that definition has occurred if, at such time, no Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 8.19 and (y) ending at the time that a Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 8.19.~~

~~“**Corresponding Tenor**” with respect to any Available Tenor means, as applicable, either a tenor (including overnight) or an interest payment period having approximately the same length (disregarding business-day adjustment) as such Available Tenor.~~

~~“**Daily Simple SOFR**” means, for any day, SOFR, with the conventions for this rate (which will include a lookback) being established by the Administrative Agent in accordance with the conventions for this rate selected or recommended by the Relevant Governmental Body for determining “Daily Simple SOFR” for syndicated business loans; provided, that if the Administrative Agent decides that any such convention is not administratively feasible for the Administrative Agent, then the Administrative Agent may establish another convention in its reasonable discretion.~~

~~“**Early Opt-in Election**” means, if the then-current Benchmark is USD LIBOR, the occurrence of:~~

- ~~(1) — a notification by the Administrative Agent to (or the request by the Borrower to the Administrative Agent to notify) each of the other parties hereto that at least five currently outstanding Dollar-denominated syndicated credit facilities at such time contain (as a result of amendment or as originally executed) a SOFR-based rate (including SOFR, a term SOFR or any other rate based upon SOFR) as a benchmark rate (and such syndicated credit facilities are identified in such notice and are publicly available for review), and~~
- ~~(2) — the joint election by the Administrative Agent and the Borrower to trigger a fallback from USD LIBOR and the provision by the Administrative Agent of written notice of such election to the Lenders.~~

~~“**Floor**” means the benchmark rate floor, if any, provided in this Agreement initially (as of the execution of this Agreement, the modification, amendment or renewal of this Agreement or otherwise) with respect to the Eurodollar Rate or USD LIBOR, as applicable.~~

~~“**Hedge Agreement**” means (a) any and all rate swap transactions, basis swaps, credit derivative transactions, forward rate transactions, commodity swaps, commodity options, forward commodity contracts, equity or equity index swaps or options, bond or bond price or bond index swaps or options or forward bond or forward bond price or forward bond index transactions, interest rate options, forward foreign exchange transactions, cap transactions, floor transactions, collar transactions, currency swap transactions, cross-currency rate swap transactions, currency options, spot contracts, or any other similar transactions or any combination of any of the foregoing (including any options to enter into any of the foregoing), whether or not any such transaction is governed by or subject to any master agreement, and (b) any and all transactions of any kind, and the related confirmations, which are subject to the terms and conditions of, or governed by, any form of master agreement published by the International Swaps and Derivatives Association, Inc., any International Foreign Exchange Master Agreement, or any other master agreement.~~

~~“**ISDA Definitions**” means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time by the International Swaps and Derivatives Association, Inc. or such successor thereto.~~

~~“**Reference Time**” with respect to any setting of the then-current Benchmark means (1) if such Benchmark is USD LIBOR, 11:00 a.m. (London time) on the day that is two (2) London Banking Days preceding the date of such setting, and (2) if such Benchmark is not USD LIBOR, the time determined by the Administrative Agent in its reasonable discretion.~~

~~“**Relevant Governmental Body**” means the FRB or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the FRB or the Federal Reserve Bank of New York, or any successor thereto.~~

~~“**SOFR**” means, with respect to any Business Day, a rate per annum equal to the secured overnight financing rate for such Business Day published by the SOFR Administrator on the SOFR Administrator’s Website on the immediately succeeding Business Day.~~

~~“**SOFR Administrator**” means the Federal Reserve Bank of New York (or a successor administrator of the secured overnight financing rate).~~

~~“**SOFR Administrator’s Website**” means the website of the Federal Reserve Bank of New York, currently at <http://www.newyorkfed.org>, or any successor source for the secured overnight financing rate identified as such by the SOFR Administrator from time to time.~~

~~“**Term SOFR**” means, for the applicable Corresponding Tenor as of the applicable Reference Time, the forward-looking term rate based on SOFR that has been selected or recommended by the Relevant Governmental Body.~~

~~“**Term SOFR Notice**” means a notification by the Administrative Agent to the Lenders and the Borrower of the occurrence of a Term SOFR Transition Event.~~

~~“**Term SOFR Transition Event**” means the determination by the Administrative Agent that (a) Term SOFR has been recommended for use by the Relevant Governmental Body, (b) the administration~~

~~of Term SOFR is administratively feasible for the Administrative Agent and (c) a Benchmark Transition Event or an Early Opt in Election, as applicable, has previously occurred resulting in the replacement of the then current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 8.19 with a Benchmark Replacement the Unadjusted Benchmark Replacement component of which is not Term SOFR.~~

~~“Unadjusted Benchmark Replacement” means the applicable Benchmark Replacement excluding the related Benchmark Replacement Adjustment.~~

~~“USD LIBOR” means the London interbank offered rate for Dollars.~~

## **SECTION 8.20      *Certain ERISA Matters.***

(a) Each Lender (x) represents and warrants, as of the date such person became a Lender party hereto, to, and (y) covenants, from the date such person became a Lender party hereto to the date such person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arranger and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that at least one of the following is and will be true:

- (i) such Lender is not using “plan assets” (within the meaning of Section 3(42) of ERISA or otherwise) of one or more Benefit Plans with respect to such Lender’s entrance into, participation in, administration of and performance of the Advances, the Commitments or this Agreement,
- (ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender’s entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement,
- (iii) (A) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Advances, the Commitments and this Agreement, (C) the entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14

and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender's entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement, or

- (iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless either (1) sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or (2) Lender has provided another representation, warranty and covenant in accordance with sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such person became a Lender party hereto, to, and (y) covenants, from the date such person became a Lender party hereto to the date such person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arranger and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that none of the Administrative Agent, Arranger or any of their respective Affiliates is a fiduciary with respect to the assets of such Lender involved in such Lender's entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related hereto or thereto).

June [ ], 2021

Ladies and Gentlemen:

The undersigned, Kentucky Power Company, refers to the Credit Agreement, to be dated as of June 17, 2021 (as amended or modified from time to time, the “*Credit Agreement*,” the terms defined therein being used herein as therein defined), among the undersigned, certain Lenders party thereto and Canadian Imperial Bank of Commerce, as Administrative Agent for said Lenders, and hereby gives you notice, irrevocably, pursuant to Section 2.02(a) of the Credit Agreement that the undersigned hereby requests a Borrowing under the Credit Agreement, and in that connection sets forth below the information relating to such Borrowing (the “*Proposed Borrowing*”) as required by Section 2.02(a) of the Credit Agreement:

- (i) The Business Day of the Proposed Borrowing is June [ ], 2021.
- (ii) The aggregate amount of the Proposed Borrowing is \$150,000,000.
- (iii) The initial Interest Period to be applicable to the Proposed Borrowing is [ ] months.
- (iv) The location and number of the account of the Borrower to which the funds from the Proposed Borrowing are to be disbursed:

Name and Address of Bank: [ ]  
Account Description: [ ]  
Account Number: [ ]  
ABA Routing Number: [ ]

The undersigned hereby certifies that the following statements are true on the date hereof, and will be true on the date of the Proposed Borrowing:

A-2

(A) the representations and warranties contained in Section 4.01 of the Credit Agreement are true and correct in all material respects on and as of the date hereof, before and after giving effect to the Proposed Borrowing and to the application of the proceeds therefrom, as though made on the date hereof; and

(B) no event has occurred and is continuing, or would result from the Proposed Borrowing or from the application of the proceeds therefrom, that constitutes a Default.

Very truly yours,

KENTUCKY POWER COMPANY

**EXHIBIT B  
(to the Credit Agreement)**

**FORM OF ASSIGNMENT AND ASSUMPTION**

This Assignment and Assumption (the “*Assignment and Assumption*”) is dated as of the Effective Date set forth below and is entered into by and between [the][each]<sup>1</sup> Assignor identified in item 1 below ([the][each, an] “*Assignor*”) and [the][each]<sup>2</sup> Assignee identified in item 2 below ([the][each, an] “*Assignee*”). [It is understood and agreed that the rights and obligations of [the Assignors][the Assignees]<sup>3</sup> hereunder are several and not joint.]<sup>4</sup> Capitalized terms used but not defined herein shall have the meanings given to them in the Credit Agreement identified below (as amended, the “*Credit Agreement*”), receipt of a copy of which is hereby acknowledged by [the][each] Assignee. The Standard Terms and Conditions set forth in Annex 1 attached hereto are hereby agreed to and incorporated herein by reference and made a part of this Assignment and Assumption as if set forth herein in full.

For an agreed consideration, [the][each] Assignor hereby irrevocably sells and assigns to [the Assignee][the respective Assignees], and [the][each] Assignee hereby irrevocably purchases and assumes from [the Assignor][the respective Assignors], subject to and in accordance with the Standard Terms and Conditions and the Credit Agreement, as of the Effective Date inserted by the Administrative Agent as contemplated below (i) all of [the Assignor’s][the respective Assignors’] rights and obligations in [its capacity as a Lender][their respective capacities as Lenders] under the Credit Agreement and any other documents or instruments delivered pursuant thereto to the extent related to the amount and percentage interest identified below of all of such outstanding rights and obligations of [the Assignor][the respective Assignors] under the Credit Agreement, and (ii) to the extent permitted to be assigned under applicable law, all claims, suits, causes of action and any other right of [the Assignor (in its capacity as a Lender)][the respective Assignors (in their respective capacities as Lenders)] against any Person, whether known or unknown, arising under or in connection with the Credit Agreement, any other documents or instruments delivered pursuant thereto or the loan transactions governed thereby or in any way based on or related to any of the foregoing, including, but not limited to, contract claims, tort claims, malpractice claims, statutory claims and all other claims at law or in equity related to the rights and obligations sold and assigned pursuant to clause (i) above (the rights and obligations sold and assigned by [the][any] Assignor to [the][any] Assignee pursuant to clauses (i) and (ii) above being referred to herein collectively as [the][an] “Assigned Interest”). Each such sale and assignment is without recourse to [the][any] Assignor and, except as expressly provided in this Assignment and Assumption, without representation or warranty by [the][any] Assignor.

1. Assignor[s]: \_\_\_\_\_

- <sup>1</sup> For bracketed language here and elsewhere in this form relating to the Assignor(s), if the assignment is from a single Assignor, choose the first bracketed language. If the assignment is from multiple Assignors, choose the second bracketed language.
- <sup>2</sup> For bracketed language here and elsewhere in this form relating to the Assignee(s), if the assignment is to a single Assignee, choose the first bracketed language. If the assignment is to multiple Assignees, choose the second bracketed language.
- <sup>3</sup> Select as appropriate.
- <sup>4</sup> Include bracketed language if there are either multiple Assignors or multiple Assignees.

## ANNEX 1

\$150,000,000 Credit Agreement dated as of June 17, 2021 among Kentucky Power Company, as the Borrower, the Lenders parties thereto, and Canadian Imperial Bank of Commerce, as Administrative Agent

### STANDARD TERMS AND CONDITIONS FOR ASSIGNMENT AND ASSUMPTION

1. *Representations and Warranties.*

- 1.1. Assignor[s]. [The][Each] Assignor (a) represents and warrants that (i) it is the legal and beneficial owner of [the][the relevant] Assigned Interest, (ii) [the][such] Assigned Interest is free and clear of any lien, encumbrance or other adverse claim, (iii) it has full power and authority, and has taken all action necessary, to execute and deliver this Assignment and Assumption and to consummate the transactions contemplated hereby and (iv) it is [not] a Defaulting Lender; and (b) assumes no responsibility with respect to (i) any statements, warranties or representations made in or in connection with the Credit Agreement or any other Loan Document, (ii) the execution, legality, validity, enforceability, genuineness, sufficiency or value of the Loan Documents or any collateral thereunder, (iii) the financial condition of the Borrower, any of its Subsidiaries or Affiliates or any other Person obligated in respect of any Loan Document or (iv) the performance or observance by the Borrower, any of its Subsidiaries or Affiliates or any other Person of any of their respective obligations under any Loan Document.
- 1.2. Assignee[s]. [The][Each] Assignee (a) represents and warrants that (i) it has full power and authority, and has taken all action necessary, to execute and deliver this Assignment and Assumption and to consummate the transactions contemplated hereby and to become a Lender under the Credit Agreement, (ii) it meets all the requirements to be an assignee under Section 8.07(b)(iii), (v) and (vi) of the Credit Agreement (subject to such consents, if any, as may be required under Section 8.07(b)(iii) of the Credit Agreement), (iii) from and after the Effective Date, it shall be bound by the provisions of the Credit Agreement as a Lender thereunder and, to the extent of [the][the relevant] Assigned Interest, shall have the obligations of a Lender thereunder, (iv) it is sophisticated with respect to decisions to acquire assets of the type represented by the Assigned Interest and either it, or the Person exercising discretion in making its decision to acquire the Assigned Interest, is experienced in acquiring assets of such type, (v) it has received a copy of the Credit Agreement, and has received or has been accorded the opportunity to receive copies of the most recent financial statements delivered pursuant to clauses (i) and (ii) of Section 5.01(i) thereof, as applicable, and such other documents and information as it deems appropriate to make its own credit analysis and decision to enter into this Assignment and Assumption and to purchase [the][such] Assigned Interest, (vi) it has, independently and without reliance upon the Administrative Agent or any other Lender and based on such documents and information as it has deemed appropriate, made its own credit

B-2

analysis and decision to enter into this Assignment and Assumption and to purchase [the][such] Assigned Interest, and (vii) attached to the Assignment and Assumption is any documentation required to be delivered by it pursuant to the terms of the Credit Agreement, duly completed and executed by [the][such] Assignee; (b) agrees that (i) it will, independently and without reliance on the Administrative Agent, [the][any] Assignor or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Loan Documents, and (ii) it will perform in accordance with their terms all of the obligations which by the terms of the Loan Documents are required to be performed by it as a Lender and (c) appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers and discretion under the Credit Agreement as are delegated to the Administrative Agent by the terms thereof, together with such powers and discretion as are reasonably incidental thereto.

2. **Payments.** From and after the Effective Date, the Administrative Agent shall make all payments in respect of [the][each] Assigned Interest (including payments of principal, interest, fees and other amounts) to [the][the relevant] Assignee whether such amounts have accrued prior to, on or after the Effective Date. The Assignor[s] and the Assignee[s] shall make all appropriate adjustments in payments by the Administrative Agent for periods prior to the Effective Date or with respect to the making of this assignment directly between themselves. Notwithstanding the foregoing, the Administrative Agent shall make all payments of interest, fees or other amounts paid or payable in kind from and after the Effective Date to [the][the relevant] Assignee.
3. **General Provisions.** This Assignment and Assumption shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors and assigns. This Assignment and Assumption may be executed in any number of counterparts, which together shall constitute one instrument. Delivery of an executed counterpart of a signature page of this Assignment and Assumption by fax shall be effective as delivery of a manually executed counterpart of this Assignment and Assumption. This Assignment and Assumption shall be governed by, and construed in accordance with, the law of the State of New York.

## EXHIBIT B-1

### FORM OF U.S. TAX COMPLIANCE CERTIFICATE

(For Foreign Lenders That Are Not Partnerships For U.S. Federal Income Tax Purposes)

Reference is hereby made to the Credit Agreement dated as of June 17, 2021 (as amended, supplemented or otherwise modified from time to time, the “*Credit Agreement*”), among Kentucky Power Company (the “*Borrower*”), Canadian Imperial Bank of Commerce, as Administrative Agent, and each lender from time to time party thereto.

Pursuant to the provisions of Section 2.13 of the Credit Agreement, the undersigned hereby certifies that (i) it is the sole record and beneficial owner of the Advance(s) (as well as any Note(s) evidencing such Advance(s)) in respect of which it is providing this certificate, (ii) it is not a bank within the meaning of Section 881(c)(3)(A) of the Internal Revenue Code, (iii) it is not a ten percent shareholder of the Borrower within the meaning of Section 871(h)(3)(B) of the Internal Revenue Code and (iv) it is not a controlled foreign corporation related to the Borrower as described in Section 881(c)(3)(C) of the Internal Revenue Code.

The undersigned has furnished the Administrative Agent and the Borrower with a certificate of its non-U.S. Person status on IRS Form W-8BEN or IRS Form W-8BEN-E. By executing this certificate, the undersigned agrees that (1) if the information provided on this certificate changes, the undersigned shall promptly so inform the Borrower and the Administrative Agent, and (2) the undersigned shall have at all times furnished the Borrower and the Administrative Agent with a properly completed and currently effective certificate in either the calendar year in which each payment is to be made to the undersigned, or in either of the two calendar years preceding such payments.

Unless otherwise defined herein, terms defined in the Credit Agreement and used herein shall have the meanings given to them in the Credit Agreement.

## EXHIBIT F

### FORM OF LENDER COMMITMENT INCREASE AGREEMENT

This LENDER COMMITMENT INCREASE AGREEMENT (this “*Agreement*”) is made as of \_\_\_\_\_, 20\_\_.

WHEREAS, reference is hereby made to the Credit Agreement dated as of June 17, 2021 (as amended, supplemented or otherwise modified from time to time, the “*Credit Agreement*”), among Kentucky Power Company (the “*Borrower*”), Canadian Imperial Bank of Commerce, as Administrative Agent (the “*Administrative Agent*”) and each lender from time to time party thereto (the “*Lenders*”). Capitalized terms not defined herein shall have the meanings assigned to such terms in the Credit Agreement.

WHEREAS, pursuant to Section 2.17 of the Credit Agreement, the Borrower delivered a Request for Facility Increase to the Administrative Agent, dated \_\_\_\_\_, 20\_\_;

WHEREAS, pursuant to Section 2.17 of the Credit Agreement, the Administrative Agent will deliver a Confirmation of Commitment Increase (the “*Confirmation of Commitment Increase*”) pursuant to which \_\_\_\_\_ (“*Existing Lender*”) will be listed as having a \$\_\_\_\_\_ Commitment under the Credit Agreement, an increase of \$\_\_\_\_\_ over its existing Commitment (such increase amount, the “*Commitment Increase*”); and

WHEREAS, Existing Lender, Borrower and Agent desire to enter into this Agreement pursuant to which Existing Lender will increase its Commitment under, the Credit Agreement in an amount equal to the Commitment Increase;

NOW, THEREFORE, in consideration of the mutual promises herein contained and for other valuable consideration, the parties hereto do hereby agree as follows:

1. Existing Lender hereby:

- (a) confirms that it has received a copy of the Credit Agreement and the other Loan Documents, and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Agreement;
- (b) agrees that it will, independently and without reliance upon the Administrative Agent or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Credit Agreement or any other Loan Document; and
- (c) attaches (or has delivered to the Administrative Agent) completed and signed copies of any forms that may be required by the United States Internal Revenue Service in order to certify Existing Lender's exemption from United States withholding taxes with respect to any payments or distributions made or to be made to Existing Lender in respect of the Advances or under the Credit Agreement or such other documents as are

necessary to indicate that all such payments or distributions are subject to such taxes at a rate reduced by an applicable tax treaty;

2. The Commitment Increase of Existing Lender shall become effective upon the satisfaction of the following conditions:
  - (a) the execution of this Agreement by each of the parties hereto;
  - (b) the receipt by the Administrative Agent of the amount listed in the funding notice delivered to Existing Lender, such amount representing the Existing Lender's pro rata share of the outstanding Advances under the Credit Agreement; and
  - (c) the Administrative Agent shall have delivered the Confirmation of Facility Increase to the Borrower and the Lenders.
3. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF ANY NEW YORK STATE COURT OR FEDERAL COURT OF THE UNITED STATES OF AMERICA SITTING IN NEW YORK CITY, THE COUNTY OF NEW YORK, AND ANY APPELLATE COURT FROM ANY THEREOF, IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, OR FOR RECOGNITION OR ENFORCEMENT OF ANY JUDGMENT, AND EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN ANY SUCH NEW YORK STATE COURT OR, TO THE EXTENT PERMITTED BY LAW, IN SUCH FEDERAL COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS AGREEMENT SHALL AFFECT ANY RIGHT THAT ANY PARTY MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT IN THE COURTS OF ANY JURISDICTION.
4. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by fax shall be effective as delivery of a manually executed counterpart of this Agreement.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.

### FORM OF NEW LENDER JOINDER AGREEMENT

This NEW LENDER JOINDER AGREEMENT (this “*Agreement*”) is made as of \_\_\_\_\_, 20\_\_.

WHEREAS, reference is hereby made to the Credit Agreement dated as of June 17, 2021 (as amended, supplemented or otherwise modified from time to time, the “*Credit Agreement*”), among Kentucky Power Company (the “*Borrower*”), Canadian Imperial Bank of Commerce, as Administrative Agent (the “*Administrative Agent*”) and each lender from time to time party thereto (the “*Lenders*”). Capitalized terms not defined herein shall have the meanings assigned to such terms in the Credit Agreement.

WHEREAS, pursuant to Section 2.17 of the Credit Agreement, the Borrower delivered a Request for Facility Increase to the Administrative Agent, dated \_\_\_\_\_, 20\_\_;

WHEREAS, pursuant to Section 2.17 of the Credit Agreement, the Administrative Agent will deliver a Confirmation of Commitment Increase (the “*Confirmation of Commitment Increase*”) pursuant to which \_\_\_\_\_ (“*New Lender*”) will be listed as having a \$ \_\_\_\_\_<sup>1</sup> Commitment under the Credit Agreement; and

WHEREAS, New Lender, Borrower and the Administrative Agent desire to enter into this Agreement pursuant to which New Lender will become a party to, and a Lender under, the Credit Agreement;

NOW, THEREFORE, in consideration of the mutual promises herein contained and for other valuable consideration, the parties hereto do hereby agree as follows:

- 1. New Lender hereby:
  - (a) confirms that it has received a copy of the Credit Agreement and the other Loan Documents, and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Agreement;
  - (b) agrees that it will, independently and without reliance upon the Administrative Agent or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Credit Agreement or any other Loan Document;
  - (c) appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers and discretion under the Credit Agreement and the other Loan Documents as are delegated to the Administrative Agent by the terms thereof, together with such powers and discretion as are reasonably incidental thereto;

<sup>1</sup> Such amount to be not less than \$5,000,000

- (d) agrees that it will perform in accordance with their terms all of the obligations that by the terms of the Credit Agreement are required to be performed by it as a Lender;

- (e) if New Lender is organized under the laws of a jurisdiction outside the United States, attaches (or has delivered to the Administrative Agent) completed and signed copies of any forms that may be required by the United States Internal Revenue Service in order to certify New Lender's exemption from United States withholding taxes with respect to any payments or distributions made or to be made to New Lender in respect of the Advances or under the Credit Agreement or such other documents as are necessary to indicate that all such payments or distributions are subject to such taxes at a rate reduced by an applicable tax treaty; and

- (f) provides the following notice information for the purpose of Section 8.02 of the Credit Agreement:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
Attn: \_\_\_\_\_  
Tel. No.: \_\_\_\_\_  
Fax No.: \_\_\_\_\_  
E-Mail: \_\_\_\_\_

- 2. New Lender shall become a party to the Credit Agreement and the other Loan Documents, and shall have the rights and obligations of a Lender thereunder, upon the satisfaction of the following conditions:

- (a) the execution of this Agreement by each of the parties hereto;
- (b) the receipt by the Administrative Agent of the amount listed in the funding notice delivered to New Lender, such amount representing the New Lender's pro rata share of the outstanding Advances under the Credit Agreement; and
- (c) the Administrative Agent shall have delivered the Confirmation of Commitment Increase to the Borrower, the Lenders and New Lender.

- 3. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF ANY NEW YORK STATE COURT OR FEDERAL COURT OF THE UNITED STATES OF AMERICA SITTING IN NEW YORK CITY, THE COUNTY OF NEW YORK, AND ANY APPELLATE COURT FROM ANY THEREOF, IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, OR FOR RECOGNITION OR ENFORCEMENT OF ANY JUDGMENT, AND EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN ANY SUCH

NEW YORK STATE COURT OR, TO THE EXTENT PERMITTED BY LAW, IN SUCH FEDERAL COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS AGREEMENT SHALL AFFECT ANY RIGHT THAT ANY PARTY MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT IN THE COURTS OF ANY JURISDICTION.

- 4. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by fax shall be effective as delivery of a manually executed counterpart of this Agreement.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.  
SIGNATURE PAGE FOLLOWS.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their officers thereunto duly authorized as of the date specified thereon.

**BOUNDLESS ENERGY™**

To each of the Lenders party to the  
Credit Agreement referred to below  
and to Canadian Imperial Bank of Commerce, New York Branch, as  
Administrative Agent thereunder

May 26, 2023

Ladies and Gentlemen:

This opinion is furnished to you pursuant to Section 2(a)(iii) of the Second Amendment to Credit Agreement, dated as of May 26, 2023 (the “**Amendment**”) to the Credit Agreement, dated as of June 18, 2021 (the “**Credit Agreement**”) among Kentucky Power Company (the “**Borrower**”), the Lenders party thereto and, Canadian Imperial Bank of Commerce, New York Branch, as Administrative Agent. Terms defined in the Amendment and Credit Agreement are used herein as therein defined.

I am a Senior Counsel for American Electric Power Service Corporation, an affiliate of the Borrower, and have acted as counsel to the Borrower in connection with the preparation, execution and delivery of the Amendment. I am generally familiar with the Borrower’s corporate history, properties, operations and charter (including amendments, restatements and supplements thereto).

In connection with this opinion, I, or attorneys over whom I exercise supervision, have examined:

- (1) The Credit Agreement and any promissory note issued by the Borrower on the date hereof pursuant to Section 2.06(d) of the Agreement (collectively, the “Loan Documents”).
- (2) The Amendment.
- (3) The documents furnished by the Borrower pursuant to Section 2 of the Amendment.
- (4) The articles of incorporation of the Borrower and all amendments thereto.
- (5) The by-laws of the Borrower and all amendments thereto.
- (6) A certificate of the Secretary of State of Kentucky, dated May 25, 2023, attesting to the continued existence and good standing of the Borrower in that State

In addition, I, or attorneys over whom I exercise supervision, have examined the originals, or copies certified to my satisfaction, of such other corporate records of the Borrower, certificates of public officials and of officers of the Borrower, and agreements, instruments and other documents, as I have deemed necessary as a basis for the opinions expressed below.

In my examination, I, or attorneys over whom I exercise supervision, have assumed the genuineness of all signatures, the legal capacity of natural persons, the authenticity of all documents submitted to us as originals and the conformity with the originals of all documents submitted to us as copies. In making our examination of documents and instruments executed or to be executed by persons other than the Borrower, I, or attorneys over whom I exercise supervision, have assumed that each such other person had the requisite power and authority to enter into and perform fully its obligations thereunder, the due authorization by each such other person for the execution, delivery and performance thereof and the due execution and delivery thereof by or on behalf of such person of each such document and instrument. In the case of any such person that is not a natural person, I, or attorneys over whom I exercise supervision, have also assumed, insofar as it is relevant to the opinions set forth below, that each such other person is duly organized, validly existing and in good standing under the laws of the jurisdiction in which it was created and is duly qualified and in good standing in each other jurisdiction where the failure to be so qualified could reasonably be expected to have a material effect upon its ability to execute, deliver and/or perform its obligations under any such document or instrument. I, or attorneys over whom I exercise supervision, have further assumed that each document, instrument, agreement, record and certificate reviewed by us for purposes of rendering the opinions expressed below has not been amended by any oral agreement, conduct or course of dealing between the parties thereto.

As to questions of fact material to the opinions expressed herein, I have relied upon certificates and representations of officers of the Borrower (including but not limited to those contained in the Amendment and certificates delivered upon the execution and delivery of the Amendment) and of appropriate public officials, without independent verification of such matters except as otherwise described herein.

Whenever my opinions herein with respect to the existence or absence of facts are stated to be to my knowledge or awareness, it is intended to signify that no information has come to my attention or the attention of other counsel working under my direction in connection with the preparation of this opinion letter that would give me or them actual knowledge of the existence or absence of such facts. However, except to the extent expressly set forth herein, neither I nor they have undertaken any independent investigation to determine the existence or absence of such facts, and no inference as to my or their knowledge of the existence or absence of such facts should be assumed.

I am a member of the Bar of the States of New York and Ohio and do not purport to be expert on the laws of any jurisdiction other than the laws of the States of New York and Ohio and the Federal laws of the United States and, for purposes of this opinion only, the Commonwealth of Kentucky. My opinions expressed below are limited to the law of the Commonwealth of Kentucky and the States of New York and Ohio and the Federal law of the United States.

Based upon the foregoing and upon such investigation as I have deemed necessary, and subject to the limitations, qualifications and assumptions set forth herein, I am of the following opinion:

1. The Borrower (a) is a corporation duly organized, validly existing and in good standing under the laws of the Commonwealth of Kentucky; (b) has the corporate power and authority, and the legal right, to own and operate its property, to lease the property which it operates as lessee and to conduct the business in which it is currently engaged and in which it proposes to be engaged after the date hereof; (c) is duly qualified as a foreign corporation and is in good standing under the laws of each jurisdiction where its ownership, lease or operation of property or the conduct of its business requires such qualification, except any such jurisdiction where the failure to so qualify could not, in the aggregate, reasonably be expected to result in a Material Adverse Change; (d) owns or possesses all material licenses and permits necessary for the operation by it of its business as currently conducted; and (e) is in compliance with all Requirements of Law, except as disclosed in the Second Amendment Disclosure Documents referenced in Section 2(f) of the Amendment or to the extent that the failure to comply therewith could not, in the aggregate, reasonably be expected to have a Material Adverse Effect. The term “**Requirements of Law**” means the laws of the Commonwealth of Kentucky, the laws of the State of New York and the laws, rules and regulations of the United States of America (including, without limitation, ERISA and Environmental Laws) and orders of any governmental authority applicable to the Borrower.
2. The Borrower has the corporate power and authority, and the legal right, to execute and deliver the Amendment and to perform its obligations under the Amendment and each Loan Document, and to borrow under the Credit Agreement. The Borrower has taken all necessary corporate action to authorize the execution, delivery and performance of the Amendment and each Loan Document and the incurrence of Advances on the terms and conditions of the Credit Agreement, and the Amendment and each Loan Document has been duly executed and delivered by the Borrower. The Amendment and each Loan Document constitutes the legal, valid and binding obligation of the Borrower enforceable against the Borrower in accordance with its terms.
3. The execution, delivery and performance of the Amendment and each Loan Document and the Advances made under the Credit Agreement will not violate any Requirements of Law, the Borrower's certificate of incorporation or by-laws, or any material contractual restriction binding on or affecting the Borrower or any of its properties.
4. No approval or authorization or other action by, and no notice to or filing with, any governmental agency or regulatory body or other third person is required in connection with the due execution and delivery of the Amendment or any Loan Document and the performance, validity and enforceability of the Amendment and any Loan Document, except for the authorization of the Kentucky Public

Service Commission, which authorization has been obtained and is in full force and effect on the date hereof.

5. Except as described in Section 4.01(e) of the Credit Agreement, no action, suit, investigation, litigation, or proceeding, including, without limitation, any Environmental Action, affecting the Borrower or any of its Significant Subsidiaries before any court, government agency or arbitrator is pending or, to my knowledge, threatened, that is reasonably likely to have a Material Adverse Effect.
6. Neither the Borrower nor any of its Significant Subsidiaries is an “investment company”, or an “affiliated person” of, or “promoter” or “principal underwriter” for, an “investment company”, as such terms are defined in the Investment Company Act of 1940, as amended (the “*Act*”). Neither the making of any Advances, the application of the proceeds or repayment thereof by the Borrower nor the consummation of the other transactions contemplated by the Credit Agreement will violate any provision of the Act or any rule, regulation or order of the Securities and Exchange Commission thereunder.

The opinion set forth above in the last sentence of paragraph 2 above is subject to the effect of any applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditor’s rights generally and to general principles of equity, including (without limitation) concepts of materiality, reasonableness, good faith and fair dealing (regardless of whether considered in a proceeding in equity or at law.)

I express no opinion as to (i) Section 8.05 of the Credit Agreement; (ii) the effect of the law of any jurisdiction (other than the Commonwealth of Kentucky and the State of New York) wherein any Lender may be located which limits the rates of interest which may be charged or collected by such Lender; and (iii) whether a Federal or state court outside of the Commonwealth of Kentucky or the States of New York or Ohio would give effect to the choice of New York law provided for in the Amendment and Credit Agreement.

This opinion has been rendered solely for your benefit in connection with the Amendment and the transactions contemplated thereby and may not be used, circulated, quoted, relied upon or otherwise referred to by any other Person (other than your respective counsel, auditors and any regulatory agency having jurisdiction over you or as otherwise required pursuant to legal process or other requirements of law) for any other purpose without my prior written consent; provided that any Person that becomes a Lender after the date hereof may rely on the opinions expressed in this opinion letter as though addressed to such Person. I undertake no responsibility to update or supplement this opinion in response to changes in law or future events or circumstances.

Very truly yours,

William E. Johnson  
Counsel for Kentucky Power Company

KENTUCKY POWER COMPANY

\$25,000,000 5.29% Senior Notes, Series J, due 2028

Stated Maturity: June 13, 2028

Interest Rate: 5.29%

Principal Amount: \$25,000,000

Issue Date: June 13, 2023

KENTUCKY POWER COMPANY, a corporation duly organized and existing under the laws of the Commonwealth of Kentucky (herein referred to as the “Company”, which term includes any successor corporation thereto) for value received, hereby promises to pay to AMERICAN ELECTRIC POWER COMPANY, INC. or permitted registered assigns, the principal amount specified above (the “Principal Amount”) on the stated maturity specified above (the “Stated Maturity”), and to pay interest on said Principal Amount from the original issue date specified above or from the most recent interest payment date (each such date, an “Interest Payment Date”) to which interest has been paid or duly provided for, quarterly in arrears on March 12, June 12, September 12 and December 12 in each year, beginning September 12, 2023, at the interest rate per annum specified above, until the Principal Amount shall have been paid or duly provided for. Interest shall be computed on the basis of a 360-day year of twelve 30-day months.

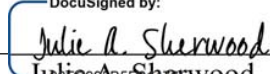

If any Interest Payment Date, any redemption date or the Stated Maturity is not a Business Day, then payment of the amounts due on this Note on such date will be made on the next succeeding Business Day, and no interest shall accrue on such amounts for the period from and after such Interest Payment Date, redemption date or Stated Maturity, as the case may be, with the same force and effect as if made on such date.

This Note may be prepaid at any time without penalty.

No recourse shall be had for the payment of the principal of or the interest on this Note, or for any claim based hereon, or otherwise in respect hereof, against any incorporator, stockholder, officer or director, past, present or future, as such, of the Company or of any predecessor or successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

IN WITNESS WHEREOF, the Company has caused this Note to be executed as of the issue date written above.

**GLOSSARY OF TERMS**

**When the following terms and abbreviations appear in the text of this report, they have the meanings indicated below.**

<b>Term</b>	<b>Meaning</b>
AEGCo	AEP Generating Company, an AEP electric utility subsidiary.
AEP	American Electric Power Company, Inc., an investor-owned electric public utility holding company which includes American Electric Power Company, Inc. (Parent) and majority-owned consolidated subsidiaries and consolidated affiliates.
AEP Credit	AEP Credit, Inc., a consolidated VIE of AEP which securitizes accounts receivable and accrued utility revenues for affiliated electric utility companies.
AEP East Companies	APCo, I&M, KGPCo, KPCo, OPCo and WPCo.
AEP System	American Electric Power System, an electric system, owned and operated by AEP subsidiaries.
AEPSC	American Electric Power Service Corporation, an AEP service subsidiary providing management and professional services to AEP and its subsidiaries.
AEPTCo	AEP Transmission Company, LLC, a wholly-owned subsidiary of AEP Transmission Holdco, is an intermediate holding company that owns the State Transcos.
AFUDC	Allowance for Equity Funds Used During Construction.
AOCI	Accumulated Other Comprehensive Income.
APCo	Appalachian Power Company, an AEP electric utility subsidiary.
ASU	Accounting Standards Update.
COVID-19	Coronavirus 2019, a highly infectious respiratory disease. In March 2020, the World Health Organization declared COVID-19 a worldwide pandemic.
CWIP	Construction Work in Progress.
EIS	Energy Insurance Services, Inc., a nonaffiliated captive insurance company and consolidated VIE of AEP.
ESP	Electric Security Plans, a PUCO requirement for electric utilities to adjust their rates by filing with the PUCO.
Excess ADIT	Excess accumulated deferred income taxes.
FAC	Fuel Adjustment Clause.
FASB	Financial Accounting Standards Board.
Federal EPA	United States Environmental Protection Agency.
FERC	Federal Energy Regulatory Commission.
FTR	Financial Transmission Right, a financial instrument that entitles the holder to receive compensation for certain congestion-related transmission charges that arise when the power grid is congested resulting in differences in locational prices.
GAAP	Accounting Principles Generally Accepted in the United States of America.
I&M	Indiana Michigan Power Company, an AEP electric utility subsidiary.
IRS	Internal Revenue Service.
ITC	Investment Tax Credit.
KGPCo	Kingsport Power Company, an AEP electric utility subsidiary.
KPCo	Kentucky Power Company, an AEP electric utility subsidiary.
KPSC	Kentucky Public Service Commission.
KTCO	AEP Kentucky Transmission Company, Inc., a wholly-owned AEPTCo transmission subsidiary.
Liberty	Liberty Utilities Co., a subsidiary of Algonquin Power & Utilities Corporation.
MTM	Mark-to-Market.
MW	Megawatt.
MWh	Megawatt-hour.
NO <sub>x</sub>	Nitrogen oxide.
OATT	Open Access Transmission Tariff.
OPCo	Ohio Power Company, an AEP electric utility subsidiary.

Term	Meaning
OPEB	Other Postretirement Benefits.
Operating Agreement	Agreement, dated January 1, 1997, as amended, by and among PSO and SWEPCo governing generating capacity allocation, energy pricing, and revenues and costs of third-party sales. AEPSC acts as the agent.
OTC	Over-the-counter.
Parent	American Electric Power Company, Inc., the equity owner of AEP subsidiaries within the AEP consolidation.
PCA	Power Coordination Agreement among APCo, I&M, KPCo and WPCo.
PJM	Pennsylvania – New Jersey – Maryland regional transmission organization.
PSO	Public Service Company of Oklahoma, an AEP electric utility subsidiary.
PUCO	Public Utilities Commission of Ohio.
Risk Management Contracts	Trading and non-trading derivatives, including those derivatives designated as cash flow and fair value hedges.
Rockport Plant	A generation plant, consisting of two 1,310 MW coal-fired generating units near Rockport, Indiana. AEGCo and I&M jointly-own Unit 1. In 1989, AEGCo and I&M entered into a sale-and-leaseback transaction with Wilmington Trust Company, an unrelated, unconsolidated trustee for Rockport Plant, Unit 2.
ROE	Return on Equity.
RTO	Regional Transmission Organization, responsible for moving electricity over large interstate areas.
SIA	System Integration Agreement, effective June 15, 2000, as amended, provides contractual basis for coordinated planning, operation and maintenance of the power supply sources of the combined AEP.
SPP	Southwest Power Pool regional transmission organization.
SSO	Standard service offer.
SWEPCo	Southwestern Electric Power Company, an AEP electric utility subsidiary.
TA	Transmission Agreement, effective November 2010, among APCo, I&M, KGPCo, KPCo, OPCo and WPCo with AEPSC as agent.
Tax Reform	On December 22, 2017, President Trump signed into law legislation referred to as the “Tax Cuts and Jobs Act” (the TCJA). The TCJA includes significant changes to the Internal Revenue Code of 1986, including a reduction in the corporate federal income tax rate from 35% to 21% effective January 1, 2018.
UPA	Unit Power Agreement.
Utility Money Pool	Centralized funding mechanism AEP uses to meet the short-term cash requirements of certain utility subsidiaries.
VIE	Variable Interest Entity.
WPCo	Wheeling Power Company, an AEP electric utility subsidiary.
WVPSC	West Virginia Public Service Commission.

## **Report of Independent Auditors**

To the Management and Board of Directors of Kentucky Power Company

### ***Opinion***

We have audited the accompanying financial statements of Kentucky Power Company (the “Company”), which comprise the balance sheets as of December 31, 2021 and 2020, and the related statements of income, of comprehensive income (loss), of changes in common shareholder's equity and of cash flows for the years then ended, including the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

### ***Auditors’ Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **ORGANIZATION**

As a public utility, KPCo engages in the generation and purchase of electric power, and the subsequent sale, transmission and distribution of that power to approximately 165,000 retail customers in its service territory in eastern Kentucky. KPCo also sells power at wholesale to municipalities.

Under a unit power agreement with AEGCo, an affiliated company, KPCo purchases 393 MWs of Rockport Plant capacity which is 30% of AEGCo's 50% share of the 2,620 MW Rockport Plant. The UPA expires in December 2022. KPCo pays a demand charge for the right to receive the power, which is payable even if the power is not taken.

To minimize the credit requirements and operating constraints when operating within PJM, participating AEP companies, including KPCo, agreed to a netting of certain payment obligations incurred by the participating AEP companies against certain balances due to such AEP companies and to hold PJM harmless from actions that any one or more AEP companies may take with respect to PJM.

### **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### ***Rates and Service Regulation***

KPCo's rates are regulated by the FERC and the KPSC. The FERC also regulates KPCo's affiliated transactions, including AEPSC intercompany service billings which are generally at cost, under the 2005 Public Utility Holding Company Act and the Federal Power Act. The FERC also has jurisdiction over certain issuances and acquisitions of securities of public utility subsidiaries, the acquisition or sale of certain utility assets and mergers with another electric utility or holding company. For non-power goods and services, the FERC requires a nonregulated affiliate to bill an affiliated public utility company at no more than market while a public utility must bill the higher of cost or market to a nonregulated affiliate. The KPSC also regulates certain intercompany transactions under its affiliate statutes. Both the FERC and state regulatory commissions are permitted to review and audit the relevant books and records of companies within a public utility holding company system.

The FERC regulates wholesale power markets, wholesale power transactions and wholesale transmission operations and rates. KPCo's wholesale power transactions are generally market-based. Wholesale power transactions are cost-based regulated when KPCo negotiates and files a cost-based contract with the FERC or the FERC determines that KPCo has "market power" in the region where the transaction occurs. KPCo has entered into wholesale power supply contracts with various municipalities that are FERC-regulated, cost-based contracts. These contracts are generally formula rate mechanisms, which are trued-up to actual costs annually.

The KPSC regulates all of the distribution operations and rates and retail transmission rates on a cost basis. The KPSC also regulates retail generation/power supply operations and rates.

In addition, the FERC regulates the SIA and the Transmission Agreement, which allocate shared system costs and revenues among the utility subsidiaries that are parties to each agreement. The FERC also regulates the PCA. See Note 13 - Related Party Transactions for additional information.

#### ***Accounting for the Effects of Cost-Based Regulation***

As a rate-regulated electric public utility company, KPCo's financial statements reflect the actions of regulators that result in the recognition of certain revenues and expenses in different time periods than enterprises that are not rate-regulated. In accordance with accounting guidance for "Regulated Operations," KPCo records regulatory assets (deferred expenses) and regulatory liabilities (deferred revenue reductions or refunds) to reflect the economic effects of regulation in the same accounting period by matching expenses with their recovery through regulated revenues and by matching income with its passage to customers in cost-based regulated rates.

### ***Use of Estimates***

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. These estimates include but are not limited to inventory valuation, allowance for doubtful accounts, long-lived asset impairment, unbilled electricity revenue, valuation of long-term energy contracts, the effects of regulation, long-lived asset recovery, storm costs, the effects of contingencies and certain assumptions made in accounting for pension and postretirement benefits. The estimates and assumptions used are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results could ultimately differ from those estimates.

### ***Cash and Cash Equivalents***

Cash and Cash Equivalents include temporary cash investments with original maturities of three months or less.

### ***Inventory***

Fossil fuel inventories and materials and supplies inventories are carried at average cost.

### ***Accounts Receivable***

Customer accounts receivable primarily include receivables from wholesale and retail energy customers, receivables from energy contract counterparties related to risk management activities and customer receivables primarily related to other revenue-generating activities.

Revenue is recognized from electric power sales when power is delivered to customers. To the extent that deliveries have occurred but a bill has not been issued, KPCo accrues and recognizes, as Accrued Unbilled Revenues on the balance sheets, an estimate of the revenues for energy delivered since the last billing.

AEP Credit factors accounts receivable on a daily basis, excluding receivables from risk management activities, for KPCo. See "Securitized Accounts Receivables - AEP Credit" section of Note 12 for additional information.

### ***Allowance for Uncollectible Accounts***

Under an affiliated receivables sales arrangement, KPCo sells, without recourse, certain of its customer accounts receivable and accrued unbilled revenue balances to AEP Credit. KPCo is charged a fee for each sale that is based on AEP Credit's financing costs, administrative costs and uncollectible accounts experience from previous purchases of KPCo's customer accounts receivable. No allowance for uncollectible accounts is recognized within KPCo's financial statements for customer accounts receivable sold to AEP Credit, and any bad debt stemming from these receivables would be recognized by AEP Credit. KPCo terminated selling accounts receivable to AEP Credit in the first quarter of 2022, based on the pending sale to Liberty. As a result of the termination, in the first quarter of 2022, KPCo will record an allowance for uncollectible accounts on its balance sheet for those receivables no longer sold to AEP Credit. For accounts receivables relating to risk management activities, accounts receivables are reviewed for bad debt reserves at a specific counterparty level basis. For miscellaneous accounts receivable, bad debt expense is recorded based upon a 12-month rolling average of bad debt write-offs in proportion to gross accounts receivable, unless specifically identified. In addition to these processes, management contemplates available current information, as well as any reasonable and supportable forecast information, to determine if allowances for uncollectible accounts should be further adjusted in accordance with the accounting guidance for "Credit Losses." Management's assessments contemplate expected losses over the life of the accounts receivable.

***Concentrations of Credit Risk and Significant Customers***

KPCo had a significant customer which accounts for the following percentages of Total Revenues for the years ended December 31 and Accounts Receivable – Customers as of December 31:

<b>Significant Customer of KPCo: Marathon Petroleum Company</b>	<b>2021</b>	<b>2020</b>
Percentage of Total Revenues	12 %	12 %
Percentage of Accounts Receivable – Customers	45 %	46 %

Management monitors credit levels and the financial condition of KPCo’s customers on a continuous basis to minimize credit risk. The KPSC allows recovery in rates for a reasonable level of bad debt costs. Management believes adequate provision for credit loss has been made in the accompanying financial statements.

***Property, Plant and Equipment***

Electric utility property, plant and equipment are stated at original cost. Additions, major replacements and betterments are added to the plant accounts. Under the group composite method of depreciation, continuous interim routine replacements of items such as boiler tubes, pumps, motors, etc. result in original cost retirements, less salvage, being charged to accumulated depreciation. The group composite method of depreciation assumes that on average, asset components are retired at the end of their useful lives and thus there is no gain or loss. The equipment in each primary electric plant account is identified as a separate group. The depreciation rates that are established take into account the past history of interim capital replacements and the amount of removal cost incurred and salvage received. These rates and the related lives are subject to periodic review. Removal costs accrued are typically recorded as regulatory liabilities when the revenue received for removal costs accrued exceeds actual removal costs incurred. The asset removal costs liability is relieved as removal costs are incurred. A regulatory asset balance will occur if actual removal costs incurred exceed accumulated removal costs accrued.

The costs of labor, materials and overhead incurred to operate and maintain plant and equipment are included in operating expenses.

Long-lived assets are required to be tested for impairment when it is determined that the carrying value of the assets may no longer be recoverable or when the assets meet the held-for-sale criteria under the accounting guidance for “Impairment or Disposal of Long-Lived Assets.” When it becomes probable that an asset in-service or an asset under construction will be abandoned and regulatory cost recovery has been disallowed or is not probable, the cost of that asset shall be removed from plant-in-service or CWIP and charged to expense.

The fair value of an asset is the amount at which that asset could be bought or sold in a current transaction between willing parties, as opposed to a forced or liquidation sale. Quoted market prices in active markets are the best evidence of fair value and are used as the basis for the measurement, if available. In the absence of quoted prices for identical or similar assets in active markets, fair value is estimated using various internal and external valuation methods including cash flow analysis and appraisals.

***Allowance for Funds Used During Construction***

AFUDC represents the estimated cost of borrowed and equity funds used to finance construction projects that is capitalized and recovered through depreciation over the service life of regulated electric utility plant. KPCo records the equity component of AFUDC in Allowance for Equity Funds Used During Construction and the debt component of AFUDC as a reduction to Interest Expense.

***Valuation of Nonderivative Financial Instruments***

The book values of Cash and Cash Equivalents, Advances from Affiliates, Accounts Receivable and Accounts Payable approximate fair value because of the short-term maturity of these instruments.

### ***Fair Value Measurements of Assets and Liabilities***

The accounting guidance for “Fair Value Measurements and Disclosures” establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Where observable inputs are available for substantially the full term of the asset or liability, the instrument is categorized in Level 2. When quoted market prices are not available, pricing may be completed using comparable securities, dealer values, operating data and general market conditions to determine fair value. Valuation models utilize various inputs such as commodity, interest rate and, to a lesser degree, volatility and credit that include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, market corroborated inputs (i.e. inputs derived principally from, or correlated to, observable market data) and other observable inputs for the asset or liability.

For commercial activities, exchange-traded derivatives, namely futures contracts, are generally fair valued based on unadjusted quoted prices in active markets and are classified as Level 1. Level 2 inputs primarily consist of OTC broker quotes in moderately active or less active markets, as well as exchange-traded derivatives where there is insufficient market liquidity to warrant inclusion in Level 1. Management verifies price curves using these broker quotes and classifies these fair values within Level 2 when substantially all of the fair value can be corroborated. Management typically obtains multiple broker quotes, which are nonbinding in nature but are based on recent trades in the marketplace. When multiple broker quotes are obtained, the quoted bid and ask prices are averaged. In certain circumstances, a broker quote may be discarded if it is a clear outlier. Management uses a historical correlation analysis between the broker quoted location and the illiquid locations. If the points are highly correlated, these locations are included within Level 2 as well. Certain OTC and bilaterally executed derivative instruments are executed in less active markets with a lower availability of pricing information. Illiquid transactions, complex structured transactions, FTRs and counterparty credit risk may require nonmarket-based inputs. Some of these inputs may be internally developed or extrapolated and utilized to estimate fair value. When such inputs have a significant impact on the measurement of fair value, the instrument is categorized as Level 3. The main driver of contracts being classified as Level 3 is the inability to substantiate energy price curves in the market. A portion of the Level 3 instruments have been economically hedged which limits potential earnings volatility.

AEP utilizes its trustee’s external pricing service to estimate the fair value of the underlying investments held in the benefit plan trusts. AEP’s investment managers review and validate the prices utilized by the trustee to determine fair value. AEP’s management performs its own valuation testing to verify the fair values of the securities. AEP receives audit reports of the trustee’s operating controls and valuation processes.

Assets in the benefits trusts are classified using the following methods. Equities are classified as Level 1 holdings if they are actively traded on exchanges. Items classified as Level 1 are investments in money market funds, fixed income and equity mutual funds and equity securities. They are valued based on observable inputs primarily unadjusted quoted prices in active markets for identical assets. Items classified as Level 2 are primarily investments in individual fixed income securities. Fixed income securities generally do not trade on exchanges and do not have an official closing price but their valuation inputs are based on observable market data. Pricing vendors calculate bond valuations using financial models and matrices. The models use observable inputs including yields on benchmark securities, quotes by securities brokers, rating agency actions, discounts or premiums on securities compared to par prices, changes in yields for U.S. Treasury securities, corporate actions by bond issuers, prepayment schedules and histories, economic events and, for certain securities, adjustments to yields to reflect changes in the rate of inflation. Other securities with model-derived valuation inputs that are observable are also classified as Level 2 investments. Investments with unobservable valuation inputs are classified as Level 3 investments. Investments classified as Other are valued using Net Asset Value as a practical expedient. Items classified as Other are primarily cash equivalent funds, common collective trusts, commingled funds, structured products, private equity, real estate, infrastructure and alternative credit investments. These investments do not have a readily determinable fair value or they contain redemption restrictions which may include the right to suspend redemptions under certain circumstances. Redemption restrictions may also prevent certain investments from being redeemed at the reporting date for the underlying value.

### ***Deferred Fuel Costs***

The cost of fuel and related emission allowances and emission control chemicals/consumables is charged to Fuel and Other Consumables Used for Electric Generation expense when the fuel is burned or the allowance or consumable is utilized. Fuel cost over-recoveries (the excess of fuel-related revenues over applicable fuel costs incurred) are generally deferred as current regulatory liabilities and under-recoveries (the excess of applicable fuel costs incurred over fuel-related revenues) are generally deferred as current regulatory assets. Fuel cost over-recovery and under-recovery balances are classified as noncurrent when there is a commission-approved plan to delay refunds or recoveries beyond a one year period. These deferrals are amortized when refunded or when billed to customers in later months with the KPSC's review and approval. The amount of an over-recovery or under-recovery can also be affected by actions of the KPSC. On a routine basis, the KPSC reviews and/or audits KPCo's fuel procurement policies and practices, the fuel cost calculations and FAC deferrals. FAC deferrals are adjusted when costs are no longer probable of recovery or when refunds of fuel reserves are probable. Changes in fuel costs, including purchased power, are reflected in rates in a timely manner through the FAC. A portion of margins from off-system sales are given to customers through the FAC.

### ***Revenue Recognition***

#### *Regulatory Accounting*

KPCo's financial statements reflect the actions of regulators that can result in the recognition of revenues and expenses in different time periods than enterprises that are not rate-regulated. Regulatory assets (deferred expenses or alternative revenues recognized in accordance with the guidance for "Regulated Operations") and regulatory liabilities (deferred revenue reductions or refunds) are recorded to reflect the economic effects of regulation in the same accounting period by matching expenses with their recovery through regulated revenues and by matching revenue with its passage to customers in cost-based regulated rates.

When regulatory assets are probable of recovery through regulated rates, KPCo records them as assets on its balance sheets. Regulatory assets are reviewed for probability of recovery at each balance sheet date or whenever new events occur. Examples of new events include the issuance of a regulatory commission order or passage of new legislation. If it is determined that recovery of a regulatory asset is no longer probable, KPCo derecognizes that regulatory asset as a charge against income.

#### *Electricity Supply and Delivery Activities*

KPCo recognizes revenues from customers for retail and wholesale electricity sales and electricity transmission and distribution delivery services. KPCo recognizes such revenues on the statements of income as the performance obligations of delivering energy to customers are satisfied. Recognized revenues include unbilled as well as-billed amounts. Wholesale transmission revenue is based on a FERC-approved formula rate filing made for each calendar year using estimated costs. Revenues initially recognized per the annual rate filing are compared to actual costs, resulting in the subsequent recognition of an over or under-recovered amount, with interest, that is refunded or recovered, respectively, in a future year's rates. The annual true-up meets the definition of alternative revenues in accordance with the accounting guidance for "Regulated Operations", and are recognized by KPCo in the second quarter of each calendar year following the filing of annual FERC report. Any portion of the true-up applicable to an affiliated company is recorded as Accounts Receivable - Affiliated Companies or Accounts Payable - Affiliated Companies on the balance sheets. Any portion of the true-ups applicable to third-parties is recorded as Regulatory Assets or Regulatory Liabilities on the balance sheets. See Note 16 - Revenue from Contracts with Customers for additional information.

### *Gross versus Net Presentation of Certain Electricity Supply and Delivery Activities*

The power produced at KPCo's generation plants is sold to PJM. KPCo also purchases power from PJM to supply power to its customers. Generally, these power sales and purchases are reported on a net basis in revenues on the statements of income. However, purchases of power in excess of sales to PJM, on an hourly net basis, used to serve retail load are recorded gross as Purchased Electricity for Resale on the statements of income.

Physical energy purchases arising from non-derivative contracts are accounted for on a gross basis in Purchased Electricity for Resale on the statements of income. Energy purchases arising from non-trading derivative contracts are recorded based on the transaction's facts and circumstances. Purchases under non-trading derivatives used to serve accrual based obligations are recorded in Purchased Electricity for Resale on the statements of income. All other non-trading derivative purchases are recorded net in revenues.

In general, KPCo records expenses when purchased electricity is received and when expenses are incurred, with the exception of certain power purchase contracts that are derivatives and accounted for using MTM accounting. KPCo defers the unrealized MTM amounts as regulatory assets (for losses) and regulatory liabilities (for gains).

### *Energy Marketing and Risk Management Activities*

KPCo engages in power marketing as a major power producer and participant in electricity markets. KPCo also engages in power, capacity, coal, natural gas and, to a lesser extent, heating oil, gasoline and other commodity risk management activities focused on markets where the AEP System owns assets and on adjacent markets. These activities include the purchase-and-sale of energy under forward contracts at fixed and variable prices. These contracts include physical transactions, exchange-traded futures, and to a lesser extent, OTC swaps and options. Certain energy marketing and risk management transactions are with RTOs.

KPCo recognizes revenues from marketing and risk management transactions that are not derivatives as the performance obligation of delivering the commodity is satisfied. Expenses from marketing and risk management transactions that are not derivatives are also recognized upon delivery of the commodity.

KPCo uses MTM accounting for marketing and risk management transactions that are derivatives unless the derivative is designated in a qualifying cash flow hedge relationship or elected normal under the normal purchase normal sale election. Unrealized MTM gains and losses are included on KPCo's balance sheets as Risk Management Assets or Liabilities, as appropriate, and on KPCo's statements of income in Total Revenues. Realized gains and losses on marketing and risk management transactions are included in revenues or expenses based on the transaction's facts and circumstances. However, in regulated jurisdictions subject to cost-based regulation, unrealized MTM amounts and some realized gains and losses are deferred as regulatory assets (for losses) and regulatory liabilities (for gains).

Certain qualifying marketing and risk management derivative transactions are designated as hedges of variability in future cash flows as a result of forecasted transactions (cash flow hedge). In the event KPCo designates a cash flow hedge, the cash flow hedge's gain or loss is initially recorded as a component of AOCI. When the forecasted transaction is realized and affects net income, KPCo subsequently reclassifies the gain or loss on the hedge from AOCI into revenues or expenses within the same financial statement line item as the forecasted transaction on the statements of income. See "Accounting for Cash Flow Hedging Strategies" section of Note 8.

### *Maintenance*

Maintenance costs are expensed as incurred. If it becomes probable that KPCo will recover specifically-incurred costs through future rates, a regulatory asset is established to match the expensing of those maintenance costs with their recovery in cost-based regulated revenues.

### ***Income Taxes and Investment Tax Credits***

KPCo uses the liability method of accounting for income taxes. Under the liability method, deferred income taxes are provided for all temporary differences between the book and tax basis of assets and liabilities which will result in a future tax consequence. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

When the flow-through method of accounting for temporary differences is reflected in regulated revenues (that is, when deferred taxes are not included in the cost-of-service for determining regulated rates for electricity), deferred income taxes are recorded and related regulatory assets and liabilities are established to match the regulated revenues and tax expense.

KPCo applies the deferral methodology for the recognition of ITC. Deferred ITC is amortized to income tax expense over the life of the asset. Amortization of deferred ITC begins when the asset is placed in-service, except where regulatory commissions reflect ITC in the rate-making process, then amortization begins when the cash tax benefit is recognized.

KPCo accounts for uncertain tax positions in accordance with the accounting guidance for "Income Taxes." KPCo classifies interest expense or income related to uncertain tax positions as interest expense or income as appropriate and classifies penalties as Other Operation expense. KPCo's uncertain tax positions are immaterial to the financial statements.

### ***Excise Taxes***

As an agent for some state and local governments, KPCo collects from customers certain excise taxes levied by those state or local governments on customers. KPCo does not recognize these taxes as revenue or expense.

### ***Debt***

Gains and losses from the reacquisition of debt used to finance regulated electric utility plants are deferred and amortized over the remaining term of the reacquired debt in accordance with their rate-making treatment unless the debt is refinanced. If the reacquired debt is refinanced, the reacquisition costs are generally deferred and amortized over the term of the replacement debt consistent with its recovery in rates.

Debt discount or premium and debt issuance expenses are deferred and amortized generally utilizing the straight-line method over the term of the related debt. The straight-line method approximates the effective interest method and is consistent with the treatment in rates for regulated operations. The net amortization expense is included in Interest Expense on the statements of income.

### ***Pension and OPEB Plans***

KPCo participates in an AEP sponsored qualified pension plan and two unfunded non-qualified pension plans. Substantially all of KPCo's employees are covered by the qualified plan or both the qualified and non-qualified pension plans. KPCo also participates in OPEB plans sponsored by AEP to provide health and life insurance benefits for retired employees. KPCo accounts for its participation in the AEP sponsored pension and OPEB plans using multiple-employer accounting. See Note 7 - Benefit Plans for additional information including significant accounting policies associated with the plans.

***Investments Held in Trust for Future Liabilities***

AEP has several trust funds with significant investments intended to provide for future payments of pension and OPEB benefits. All of the trust funds' investments are diversified and managed in compliance with all laws and regulations. The investment strategy for the trust funds is to use a diversified portfolio of investments to achieve an acceptable rate of return while managing the investment risk of the assets relative to the associated liabilities. To minimize investment risk, the trust funds are broadly diversified among classes of assets, investment strategies and investment managers. Management regularly reviews the actual asset allocations and periodically rebalances the investments to targeted allocations when appropriate. Investment policies and guidelines allow investment managers in approved strategies to use financial derivatives to obtain or manage market exposures and to hedge assets and liabilities. The investments are reported at fair value under the "Fair Value Measurements and Disclosures" accounting guidance.

***Benefit Plans***

All benefit plan assets are invested in accordance with each plan's investment policy. The investment policy outlines the investment objectives, strategies and target asset allocations by plan.

The investment philosophies for AEP's benefit plans support the allocation of assets to minimize risks and optimize net returns. Strategies used include:

- Maintaining a long-term investment horizon.
- Diversifying assets to help control volatility of returns at acceptable levels.
- Managing fees, transaction costs and tax liabilities to maximize investment earnings.
- Using active management of investments where appropriate risk/return opportunities exist.
- Keeping portfolio structure style-neutral to limit volatility compared to applicable benchmarks.
- Using alternative asset classes such as real estate and private equity to maximize return and provide additional portfolio diversification.

The objective of the investment policy for the pension fund is to maintain the funded status of the plan while providing for growth in the plan assets to offset the growth in the plan liabilities. The current target asset allocations are as follows:

<b>Pension Plan Assets</b>	<b>Target</b>
Equity	25 %
Fixed Income	59 %
Other Investments	15 %
Cash and Cash Equivalents	1 %
<b>OPEB Plans Assets</b>	<b>Target</b>
Equity	59 %
Fixed Income	40 %
Cash and Cash Equivalents	1 %

The investment policy for each benefit plan contains various investment limitations. The investment policies establish concentration limits for securities and prohibit the purchase of securities issued by AEP (with the exception of proportionate and immaterial holdings of AEP securities in passive index strategies or certain commingled funds). However, the investment policies do not preclude the benefit trust funds from receiving contributions in the form of AEP securities, provided that the AEP securities acquired by each plan may not exceed the limitations imposed by law.

For equity investments, the concentration limits are generally as follows:

- No security in excess of 5% of all equities.
- Cash equivalents must be less than 10% of an investment manager's equity portfolio.
- No individual stock may be more than 10% and 7% for pension and OPEB investments, respectively, of each manager's equity portfolio.
- No securities may be bought or sold on margin or other use of leverage.

For fixed income investments, each investment manager's portfolio is compared to investment grade, diversified long and intermediate benchmark indices.

A portion of the pension assets is invested in real estate funds to provide diversification, add return and hedge against inflation. Real estate properties are illiquid, difficult to value and not actively traded. The pension plan uses external real estate investment managers to invest in commingled funds that hold real estate properties. To mitigate investment risk in the real estate portfolio, commingled real estate funds are used to ensure that holdings are diversified by region, property type and risk classification. Real estate holdings include core, value-added and opportunistic classifications.

A portion of the pension assets is invested in private equity. Private equity investments add return and provide diversification and typically require a long-term time horizon to evaluate investment performance. Private equity is classified as an alternative investment because it is illiquid, difficult to value and not actively traded. The pension plan uses limited partnerships to invest across the private equity investment spectrum. The private equity holdings are with multiple general partners who help monitor the investments and provide investment selection expertise. The holdings are currently comprised of venture capital, buyout and hybrid debt and equity investments.

AEP participates in a securities lending program with BNY Mellon to provide incremental income on idle assets and to provide income to offset custody fees and other administrative expenses. AEP lends securities to borrowers approved by BNY Mellon in exchange for collateral. All loans are collateralized by at least 102% of the loaned asset's market value and the collateral is invested. The difference between the rebate owed to the borrower and the collateral rate of return determines the earnings on the loaned security. The securities lending program's objective is to provide modest incremental income with a limited increase in risk. As of December 31, 2021 and 2020, the fair value of securities on loan as part of the program was \$136.7 million and \$177.1 million, respectively. Cash and securities obtained as collateral exceeded the fair value of the securities loaned as of December 31, 2021 and 2020.

Trust owned life insurance (TOLI) underwritten by The Prudential Insurance Company is held in the OPEB plan trusts. The strategy for holding life insurance contracts in the taxable Voluntary Employees' Beneficiary Association trust is to minimize taxes paid on the asset growth in the trust. Earnings on plan assets are tax-deferred within the TOLI contract and can be tax-free if held until claims are paid. Life insurance proceeds remain in the trust and are used to fund future retiree medical benefit liabilities. With consideration to other investments held in the trust, the cash value of the TOLI contracts is invested in two diversified funds. A portion is invested in a commingled fund with underlying investments in stocks that are actively traded on major international equity exchanges. The other portion of the TOLI cash value is invested in a diversified, commingled fixed income fund with underlying investments in government bonds, corporate bonds and asset-backed securities.

Cash and cash equivalents are held in each trust to provide liquidity and meet short-term cash needs. Cash equivalent funds are used to provide diversification and preserve principal. The underlying holdings in the cash funds are investment grade money market instruments including commercial paper, certificates of deposit, treasury bills and other types of investment grade short-term debt securities. The cash funds are valued each business day and provide daily liquidity.

***Comprehensive Income (Loss)***

Comprehensive income (loss) is defined as the change in equity (net assets) of a business enterprise during a period from transactions and other events and circumstances from non-owner sources. It includes all changes in equity during a period except those resulting from investments by owners and distributions to owners. Comprehensive income (loss) has two components: net income (loss) and other comprehensive income (loss).

***Earnings Per Share (EPS)***

KPCo is a wholly-owned subsidiary of AEP. Therefore, KPCo is not required to report EPS.

***Supplementary Income Statement Information***

The following table provides the components of Depreciation and Amortization for the years ended December 31, 2021 and 2020:

<b>Depreciation and Amortization</b>	<b>Years Ended December 31,</b>	
	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>	
Depreciation and Amortization of Property, Plant and Equipment	\$ 102,390	\$ 95,472
Amortization of Regulatory Assets and Liabilities	12,707	5,813
<b>Total Depreciation and Amortization</b>	<b>\$ 115,097</b>	<b>\$ 101,285</b>

***Disposition of KPCo and KTCo***

In October 2021, AEP entered into a Stock Purchase Agreement to sell KPCo and KTCo to Liberty Utilities Co., a subsidiary of Algonquin Power & Utilities Corp. (Liberty), for approximately a \$2.85 billion enterprise value. The sale is subject to regulatory approvals from the FERC and KPSC. Clearance under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 and clearance from the Committee on Foreign Investment in the United States has been received.

KPCo currently operates and owns a 50% interest in the 1,560 MW coal-fired Mitchell Power Plant (Mitchell Plant) with the remaining 50% owned by WPCo. The Stock Purchase Agreement is further contingent upon the issuance by the KPSC, WVPSC and FERC of orders regarding a new proposed Mitchell Plant Operations and Maintenance Agreement and Mitchell Plant Ownership Agreement between KPCo and WPCo pursuant to which WPCo would replace KPCo as the operator of the Mitchell Plant and KPCo employees at the Mitchell Plant would become employees of WPCo. Under the proposed Ownership Agreement, WPCo is obligated to purchase KPCo’s 50% interest in the Mitchell Plant on December 31, 2028 unless KPCo and WPCo have agreed to retire the Mitchell Plant earlier or, absent such agreement, if WPCo elects prior to December 31, 2027 to retire the Mitchell Plant on December 31, 2028. The Ownership Agreement provides that the purchase price for KPCo’s 50% ownership interest in the Mitchell Plant will be determined through the mutual agreement of WPCo and KPCo (subject to approval from the KPSC and WVPSC) or through a fair market valuation determination conducted by independent appraisals, with offsets for estimated decommissioning costs and the cost of ELG investments made by WPCo, if KPCo and WPCo are unable to reach agreement as to the purchase price.

In November 2021, AEP made filings with the KPSC, WVPSC, and FERC seeking approval of the new proposed Mitchell Plant Operations and Maintenance Agreement and Mitchell Plant Ownership Agreement. Subsequently, the KPSC and WVPSC intervened in the FERC proceeding and have recommended that FERC dismiss or reject AEP’s request, or defer ruling on AEP’s request until both the retail commissions have rendered decisions. In February 2022, AEP filed a motion to withdraw its filing with the FERC, noting that AEP intends to re-file its

request after the KPSC and WVPSC have reviewed the agreements. In the WVPSC proceeding, intervenor testimony is expected in March 2022 and a hearing is scheduled to occur in April 2022.

In December 2022, Liberty, KPCo and KTCO sought approval from the FERC under Section 203 of the Federal Power Act for the sale. In February 2022 several intervenors in the case filed protests related to whether the sale will negatively impact the wholesale transmission and generation rates of applicants. An order from the FERC is expected in the matter in April 2022.

In January 2022, intervenor testimony was filed with the KPSC, recommending the KPSC either reject the new proposed Mitchell Plant Ownership Agreement or approve the agreement with certain modifications including a revision to the buyout provision that would set WPCo's Mitchell Plant purchase price at the greater of fair market value or net book value. The intervenor testimony also recommends the KPSC reject the proposed Mitchell Plant Operations and Maintenance Agreement, which the testimony stated should be modified to remove references to the Mitchell Plant Ownership Agreement. In February 2022, AEP filed rebuttal testimony with the KPSC opposing the intervenor testimony filed in January 2022. AEP's rebuttal testimony also discusses an alternative proposal to the fair market value provision included in the proposed Mitchell Plant Ownership Agreement. Under the alternative proposal, KPCo's and WPCo's interest in the Mitchell Plant would be divided by unit if the plant is not retired before the end of 2028 and a mutual agreement cannot be reached on a buyout price. Under the alternative proposal, mutual agreement on the buyout price or unit disposition would need to be finalized by May 2025, with a division of plant ownership by unit effective January 1, 2029, unless otherwise agreed. A hearing on the Mitchell Plant agreements is scheduled with the KPSC in March 2022.

In January 2022, KPCo and Liberty filed a joint application requesting the KPSC authorize the transfer of ownership of KPCo to Liberty. In February 2022, certain intervenors filed testimony recommending that the KPSC not approve the transfer of ownership. If, however, the KPSC does approve the transfer, these intervenors recommend that the KPSC require AEP to compensate KPCo customers \$578 million for alleged future increased costs and higher rates that the intervenors claim will exist under Liberty's ownership. AEP disagrees with the recommendation and will file rebuttal testimony in March 2022. Intervenors also recommended imposing certain conditions on Liberty, including conditions related to recovering certain costs, inter-company agreement filing requirements, KPCo's capital structure and future generation resource planning processes and analyses. In addition, certain intervenors argue that the commission should not approve the new proposed Mitchell Plant Ownership Agreement and Mitchell Plant Operations and Maintenance Agreement, and that deciding the request to transfer ownership of KPCo should be separated from approval of the Mitchell agreements even though such approval is a condition to the transaction closing. AEP also disagrees with this argument. A hearing is scheduled with the KPSC in March 2022 and a final order is expected in the second quarter of 2022.

The sale is expected to close in the second quarter of 2022 with Liberty acquiring the assets and assuming the liabilities of KPCo and KTCO, excluding pension and other post-retirement benefit plan assets and liabilities. AEP expects to provide customary transition services to Liberty for a period of time after closing of the transaction.

### ***Subsequent Events***

Management reviewed subsequent events through February 24, 2022, the date that KPCo's 2021 annual report was available to be issued.

## **2. NEW ACCOUNTING STANDARDS**

During the FASB's standard-setting process and upon issuance of final standards, management reviews the new accounting literature to determine its relevance, if any, to KPCo's business. There are no new standards expected to have a material impact on KPCo's financial statements.

### 3. COMPREHENSIVE INCOME

#### *Presentation of Comprehensive Income*

The following tables provide the components of changes in AOCI and details of reclassifications from AOCI for the years ended December 31, 2021 and 2020. The amortization of pension and OPEB AOCI components are included in the computation of net periodic pension and OPEB costs. See Note 7 - Benefit Plans for additional details.

For the Year Ended December 31, 2021	Pension and OPEB		Total
	Amortization of Deferred Costs	Changes in Funded Status	
<b>Balance in AOCI as of December 31, 2020</b>	\$ 3,027	\$ (2,149)	\$ 878
Change in Fair Value Recognized in AOCI	—	1,008	1,008
Amount of (Gain) Loss Reclassified from AOCI		(in thousands)	
Amortization of Prior Service Cost (Credit)	(235)	—	(235)
Amortization of Actuarial (Gains) Losses	62	—	62
Reclassifications from AOCI, before Income Tax (Expense) Benefit	(173)	—	(173)
Income Tax (Expense) Benefit	(36)	—	(36)
Reclassifications from AOCI, Net of Income Tax (Expense) Benefit	(137)	—	(137)
Net Current Period Other Comprehensive Income (Loss)	(137)	1,008	871
<b>Balance in AOCI as of December 31, 2021</b>	<b>\$ 2,890</b>	<b>\$ (1,141)</b>	<b>\$ 1,749</b>

For the Year Ended December 31, 2020	Pension and OPEB		Total
	Amortization of Deferred Costs	Changes in Funded Status	
<b>Balance in AOCI as of December 31, 2019</b>	\$ 3,134	\$ (2,344)	\$ 790
Change in Fair Value Recognized in AOCI	—	195	195
Amount of (Gain) Loss Reclassified from AOCI		(in thousands)

Income Tax (Expense) Benefit	(28)	—	(28)
Reclassifications from AOCI, Net of Income Tax (Expense) Benefit	(107)	—	(107)
Net Current Period Other Comprehensive Income (Loss)	(107)	195	88
<b>Balance in AOCI as of December 31, 2020</b>	<b>\$ 3,027</b>	<b>\$ (2,149)</b>	<b>\$ 878</b>

#### 4. RATE MATTERS

KPCo is involved in rate and regulatory proceedings at the FERC and the KPSC. Rate matters can have a material impact on net income, cash flows and possibly financial condition. KPCo's recent significant rate orders and pending rate filings are addressed in this note.

##### *Mitchell Plant*

KPCo and WPCo each own a 50% interest in the Mitchell Plant. In December 2020 and February 2021, WPCo and KPCo filed requests with the WVPSC and KPSC, respectively, to obtain the regulatory approvals necessary to implement CCR and ELG compliance plans and seek recovery of the estimated \$132 million investment for the Mitchell Plant that would allow the plant to continue operating beyond 2028. Within those requests, WPCo and KPCo also filed a \$25 million alternative to implement only the CCR-related investments with the WVPSC and KPSC, respectively, which would allow the Mitchell Plant to continue operating only through 2028.

In July 2021, the KPSC issued an order approving the CCR only alternative and rejecting the full CCR and ELG compliance plan. In August 2021, the WVPSC approved the full CCR and ELG compliance plan for the WPCo share of the Mitchell Plant. In September 2021, WPCo submitted a filing with the WVPSC to reopen the CCR/ELG case that was approved by the WVPSC in August 2021. Due to the rejection by the KPSC of the KPCo share of the ELG investments, WPCo requested the WVPSC consider approving the construction and recovery of all ELG costs at the plant. In October 2021, the WVPSC affirmed its August 2021 order approving the construction of CCR/ELG investments and directed WPCo to proceed with CCR/ELG compliance plans that would allow the plant to continue operating beyond 2028. The WVPSC's order further states WPCo will not share capacity and energy from the plant with KPCo customers if those customers are not paying for ELG compliance costs, or for any new capital investment or continuing operations costs incurred, to allow the plant to operate beyond 2028 or prevent downgrades prior to 2028. The WVPSC also ordered that WPCo will be given the opportunity to recover, from its customers, the new capital and operating costs arising solely from the WVPSC's directive to operate the plant beyond 2028 if the WVPSC finds that the costs are reasonable and prudently incurred. In October and November 2021, intervenors filed petitions for reconsideration at the WVPSC requesting clarification on certain aspects of the order, primarily the jurisdictional allocation of future operating expenses and plant costs.

In November 2021, AEP made filings with the KPSC, WVPSC and FERC seeking approval for a new proposed Mitchell Plant Operations and Maintenance Agreement and Mitchell Plant Ownership Agreement between KPCo and WPCo pursuant to which WPCo would replace KPCo as the operator of the Mitchell Plant. Subsequently, the KPSC and WVPSC intervened in the FERC proceeding and have recommended that the FERC dismiss or reject AEP's request, or defer ruling on AEP's request until both the retail commissions have rendered decisions. In February 2022, AEP filed a motion to withdraw its filing with the FERC, noting that AEP intends to re-file its request after the KPSC and WVPSC have reviewed the agreements. In the WVPSC proceeding, intervenor testimony is expected in March 2022 and a hearing is scheduled to occur in April 2022.

In January 2022, intervenor testimony was filed with the KPSC, recommending the KPSC either reject the new proposed Mitchell Plant Ownership Agreement or approve the agreement with certain modifications including a revision to the buyout provision that would set WPCo's Mitchell Plant purchase price at the greater of fair market value or net book value. The intervenor testimony also recommends the KPSC reject the proposed Mitchell Plant Operations and Maintenance Agreement, which the testimony stated should be modified to remove references to the Mitchell Plant Ownership Agreement. In February 2022, AEP filed rebuttal testimony with the KPSC opposing the intervenor testimony filed in January 2022. AEP's rebuttal testimony also discusses an alternative proposal to the fair market value provision included in the proposed Mitchell Plant Ownership Agreement. Under the alternative proposal, KPCo's and WPCo's interest in the Mitchell Plant would be divided by unit if the plant is not retired before the end of 2028 and a mutual agreement cannot be reached on a buyout price. Under the alternative proposal, mutual agreement on the buyout price or unit disposition would need to be finalized by May 2025, with a division of plant ownership by unit effective January 1, 2029, unless otherwise agreed. A hearing on the Mitchell Plant agreements is scheduled with the KPSC in March 2022. See "Disposition of KPCo and KTCo" section of Note 1 for additional information.

As of December 31, 2021, KPCo's share of the Mitchell Plant's ELG investment balance in CWIP was \$3.3 million. As of December 31, 2021, the net book value of KPCo's share of the Mitchell Plant, before cost of removal including CWIP and inventory, was \$586.1 million.

If any of the ELG costs are not approved for recovery and/or the retirement date of the Mitchell Plant is accelerated to 2028 without commensurate cost recovery, it would reduce future net income and cash flows and impact financial condition.

## 5. EFFECTS OF REGULATION

### Regulatory Assets and Liabilities

Regulatory assets and liabilities are comprised of the following items:

Regulatory Assets:	December 31,		Remaining Recovery Period
	2021	2020	
	(in thousands)		
<b>Current Regulatory Assets</b>			
Under-recovered Fuel Costs - does not earn a return	\$ 8,216	\$ —	1 year
<b>Total Current Regulatory Assets</b>	<b>\$ 8,216</b>	<b>\$ —</b>	
<b>Noncurrent Regulatory Assets</b>			
<b>Regulatory assets pending final regulatory approval:</b>			
<u>Regulatory Assets Currently Earning a Return</u>			
Kentucky Deferred Purchased Power Expenses	\$ 47,528	\$ 41,267	
<b>Total Regulatory Assets Currently Earning a Return</b>	<b>47,528</b>	<b>41,267</b>	
<u>Regulatory Assets Currently Not Earning a Return</u>			
Storm Related Costs (a)	56,506	10,708	
Other Regulatory Assets Pending Final Regulatory Approval	893	2,065	
<b>Total Regulatory Assets Currently Not Earning a Return</b>	<b>57,399</b>	<b>12,773</b>	
<b>Total Regulatory Assets Pending Final Regulatory Approval</b>	<b>104,927</b>	<b>54,040</b>	
<b>Regulatory assets approved for recovery:</b>			
<u>Regulatory Assets Currently Earning a Return</u>			
Plant Retirement Costs	193,229	203,967	19 years
Plant Retirement Costs - Asset Retirement Obligation Costs	109,577	107,136	19 years
Plant Retirement Costs - Materials and Supplies	3,016	3,016	19 years
Other Regulatory Assets Approved for Recovery	928	926	various
<b>Total Regulatory Assets Currently Earning a Return</b>	<b>306,750</b>	<b>315,045</b>	
<u>Regulatory Assets Currently Not Earning a Return</u>			
Fuel and Purchased Power Rider	28,727	22,470	2 years
Pension and OPEB Funded Status	12,236	29,050	12 years
Environmental Costs	5,920	6,146	2 years
Plant Retirement Costs - Asset Retirement Obligation Costs	4,721	9,917	19 years
Postemployment Benefits	3,410	3,437	3 years
Storm Related Costs	2,167	4,233	2 years
Other Regulatory Assets Approved for Recovery	7,599	5,807	various
<b>Total Regulatory Assets Currently Not Earning a Return</b>	<b>64,780</b>	<b>81,060</b>	
<b>Total Regulatory Assets Approved for Recovery</b>	<b>371,530</b>	<b>396,105</b>	
<b>Total Noncurrent Regulatory Assets</b>	<b>\$ 476,457</b>	<b>\$ 450,145</b>	

(a) KPCo will seek recovery of these costs during the next base rate case.

Regulatory Liabilities:	December 31,		Remaining Refund Period
	2021	2020	
<b>Current Regulatory Liability</b>			
Over-recovered Fuel Costs - does not pay a return	\$ —	\$ 313	
<b>Total Current Regulatory Liabilities</b>	<b>\$ —</b>	<b>\$ 313</b>	
<b>Noncurrent Regulatory Liabilities</b>			
<b>Deferred Investment Tax Credits</b>			
<b>Regulatory liabilities pending final regulatory determination:</b>			
<u>Regulatory Liabilities Currently Not Paying a Return</u>			
Other Regulatory Liabilities Pending Final Regulatory Determination	\$ 2,098	\$ 1,332	
<b>Total Regulatory Liabilities Pending Final Regulatory Determination</b>	<b>2,098</b>	<b>1,332</b>	
<b>Regulatory liabilities approved for payment:</b>			
<u>Regulatory Liabilities Currently Paying a Return</u>			
Asset Removal Costs	57,793	39,729	(a)
<b>Total Regulatory Liabilities Currently Paying a Return</b>	<b>57,793</b>	<b>39,729</b>	
<u>Regulatory Liabilities Currently Not Paying a Return</u>			
Unrealized Gain on Forward Commitments	3,199	356	3 years
PJM Transmission Enhancement Refund	2,644	2,636	4 years
Other Regulatory Liabilities Approved for Payment	1,559	602	various
<b>Total Regulatory Liabilities Currently Not Paying a Return</b>	<b>7,402</b>	<b>3,594</b>	
<u>Income Tax Related Regulatory Liabilities (b)</u>			
Excess ADIT Associated with Certain Depreciable Property	120,620	125,876	(c)
Excess ADIT that is Not Subject to Rate Normalization Requirements	81,377	118,165	2 years
Income Taxes Subject to Flow Through	(128,784)	(155,453)	22 years
<b>Total Income Tax Related Regulatory Liabilities</b>	<b>73,213</b>	<b>88,588</b>	
<b>Total Regulatory Liabilities Approved for Payment</b>	<b>138,408</b>	<b>131,911</b>	
<b>Total Noncurrent Regulatory Liabilities and Deferred Investment Tax Credits</b>	<b>\$ 140,506</b>	<b>\$ 133,243</b>	

- (a) Relieved as removal costs are incurred.  
(b) Predominately pays a return due to the inclusion of Excess ADIT in rate base.  
(c) Refunded using Average Rate Assumption Method.

## 6. COMMITMENTS, GUARANTEES AND CONTINGENCIES

KPCo is subject to certain claims and legal actions arising in its ordinary course of business. In addition, KPCo’s business activities are subject to extensive governmental regulation related to public health and the environment. The ultimate outcome of such pending or potential litigation against KPCo cannot be predicted. Management accrues contingent liabilities only when management concludes that it is both probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. When management determines that it is not probable, but rather reasonably possible that a liability has been incurred at the date of the financial statements, management discloses such contingencies and the possible loss or range of loss if such estimate can be made. Any estimated range is based on currently available information and involves elements of judgment and significant uncertainties. Any estimated range of possible loss may not represent the maximum possible loss exposure. Circumstances change over time and actual results may vary significantly from estimates.

For current proceedings not specifically discussed below, management does not anticipate that the liabilities, if any, arising from such proceedings would have a material effect on the financial statements.

### COMMITMENTS

KPCo has substantial commitments to support its business. KPCo purchases fuel, energy and capacity contracts as part of its normal course of business. Certain contracts contain penalty provisions for early termination.

In accordance with the accounting guidance for “Commitments”, the following table summarizes KPCo’s actual contractual commitments as of December 31, 2021:

<b>Contractual Commitments</b>	<b>Less Than 1 Year</b>	<b>2-3 Years</b>	<b>4-5 Years</b>	<b>After 5 Years</b>	<b>Total</b>
			<b>(in thousands)</b>		
Fuel Purchase Contracts (a)(b)	\$ 57,981	\$ 48,538	\$ 11,985	\$ 26,466	\$ 144,970
Energy and Capacity Purchase Contracts	58,141	—	—	—	58,141
<b>Total</b>	<u>\$ 116,122</u>	<u>\$ 48,538</u>	<u>\$ 11,985</u>	<u>\$ 26,466</u>	<u>\$ 203,111</u>

- (a) Represents contractual commitments to purchase coal, natural gas and other consumables as fuel for electric generation along with related transportation of the fuel.
- (b) In the first quarter of 2022, KPCo entered into new fuel purchase contracts related to coal procurement. The new commitments were as follows: \$14.1 million in less than 1 year, \$45.8 million in 2-3 years and \$31.9 million in 4-5 years. These commitments are not included in the tables above.

### GUARANTEES

Liabilities for guarantees are recorded in accordance with the accounting guidance for “Guarantees.” There is no collateral held in relation to any guarantees. In the event any guarantee is drawn, there is no recourse to third-parties unless specified below.

#### *Indemnifications and Other Guarantees*

##### *Contracts*

KPCo enters into certain types of contracts which require indemnifications. Typically these contracts include, but are not limited to, sale agreements, lease agreements, purchase agreements and financing agreements. Generally, these agreements may include, but are not limited to, indemnifications around certain tax, contractual and environmental matters. With respect to sale agreements, exposure generally does not exceed the sale price. As of December 31, 2021, there were no material liabilities recorded for any indemnifications.

AEPSC conducts power purchase-and-sale activity on behalf of APCo, I&M, KPCo and WPCo, who are jointly and severally liable for activity conducted on their behalf.

### *Lease Obligations*

KPCo leases certain equipment under master lease agreements. See “Master Lease Agreements” section of Note 11 for additional information.

## **CONTINGENCIES**

### ***Insurance and Potential Losses***

KPCo maintains insurance coverage normal and customary for an electric utility, subject to various deductibles. KPCo also maintains property and casualty insurance that may cover certain physical damage or third-party injuries caused by cyber security incidents. Insurance coverage includes all risks of physical loss or damage to assets, subject to insurance policy conditions and exclusions. Covered property generally includes power plants, substations, facilities and inventories. Excluded property generally includes transmission and distribution lines, poles and towers. The insurance programs also generally provide coverage against loss arising from certain claims made by third-parties and are in excess of KPCo’s retentions. Coverage is generally provided by a combination of the protected cell of EIS and/or various industry mutual and/or commercial insurance carriers.

Some potential losses or liabilities may not be insurable or the amount of insurance carried may not be sufficient to meet potential losses and liabilities, including, but not limited to, liabilities relating to a cyber security incident. Future losses or liabilities, if they occur, which are not completely insured, unless recovered from customers, could reduce future net income and cash flows and impact financial condition.

### ***The Comprehensive Environmental Response Compensation and Liability Act (Superfund) and State Remediation***

By-products from the generation of electricity include materials such as ash, slag and sludge. Coal combustion by-products, which constitute the overwhelming percentage of these materials, are typically treated and deposited in captive disposal facilities or are beneficially utilized. In addition, the generation plants and transmission and distribution facilities have used asbestos, polychlorinated biphenyls and other hazardous and non-hazardous materials. KPCo currently incurs costs to dispose of these substances safely.

Superfund addresses clean-up of hazardous substances that are released to the environment. The Federal EPA administers the clean-up programs. Several states enacted similar laws. As of December 31, 2021, there is one site for which KPCo has received an information request which could lead to a Potentially Responsible Party designation. In the instance where KPCo has been named a defendant, disposal or recycling activities were in accordance with the then-applicable laws and regulations. Superfund does not recognize compliance as a defense, but imposes strict liability on parties who fall within its broad statutory categories. Liability has been resolved for a number of sites with no significant effect on net income.

Management evaluates the potential liability for each site separately, but several general statements can be made about potential future liability. Allegations that materials were disposed at a particular site are often unsubstantiated and the quantity of materials deposited at a site can be small and often non-hazardous. Although Superfund liability has been interpreted by the courts as joint and several, typically many parties are named for each site and several of the parties are financially sound enterprises. As of December 31, 2021, management’s estimates do not anticipate material clean-up costs for the identified site.

***Claims Challenging Transition of American Electric Power System Retirement Plan to Cash Balance Formula***

Four participants in The American Electric Power System Retirement Plan (the Plan) filed a class action complaint in December 2021 in the U.S. District Court for the Southern District of Ohio against AEPSC and the Plan. When the Plan's benefit formula was changed in the year 2000, AEP provided a special provision for employees hired before January 1, 2001, allowing them to continue benefit accruals under the then benefit formula for a full 10 years alongside of the new cash balance benefit formula then being implemented. Employees who were hired on or after January 1, 2001 accrued benefits only under the new cash balance benefit formula. The Plaintiffs assert a number of claims on behalf of themselves and the purported class, including that: (a) the Plan violates the requirements under the Employee Retirement Income Security Act (ERISA) intended to preclude back-loading the accrual of benefits to the end of a participant's career, (b) the Plan violates the age discrimination prohibitions of ERISA and the Age Discrimination in Employment Act and (c) AEP failed to provide required notice regarding the changes to the Plan. Among other relief, the Complaint seeks reformation of the Plan to provide additional benefits and the recovery of plan benefits for former employees under such reformed plan. The Plaintiffs previously had submitted claims for additional plan benefits to AEP, which were denied. On February 15, 2022, AEPSC and the Plan filed a motion to dismiss the complaint for failure to state a claim. AEP will continue to defend against the claims. Management is unable to determine a range of potential losses that is reasonably possible of occurring.

## 7. BENEFIT PLANS

For a discussion of investment strategy, investment limitations, target asset allocations and the classification of investments within the fair value hierarchy, see “Fair Value Measurements of Assets and Liabilities” and “Investments Held in Trust for Future Liabilities” sections of Note 1.

KPCo participates in an AEP sponsored qualified pension plan and two unfunded non-qualified pension plans. Substantially all of KPCo’s employees are covered by the qualified plan or both the qualified and non-qualified pension plans. KPCo also participates in OPEB plans sponsored by AEP to provide health and life insurance benefits for retired employees.

KPCo recognizes its funded status associated with defined benefit pension and OPEB plans on its balance sheets. Disclosures about the plans are required by the “Compensation - Retirement Benefits” accounting guidance. KPCo recognizes an asset for a plan’s overfunded status or a liability for a plan’s underfunded status and recognizes, as a component of other comprehensive income, the changes in the funded status of the plan that arise during the year that are not recognized as a component of net periodic benefit cost. KPCo records a regulatory asset instead of other comprehensive income for qualifying benefit costs of regulated operations that for rate-making purposes are deferred for future recovery. The cumulative funded status adjustment is equal to the remaining unrecognized deferrals for unamortized actuarial losses or gains, prior service costs and transition obligations, such that remaining deferred costs result in an AOCI equity reduction or regulatory asset and deferred gains result in an AOCI equity addition or regulatory liability.

### *Actuarial Assumptions for Benefit Obligations*

The weighted-average assumptions used in the measurement of benefit obligations are shown in the following table:

Assumptions	Pension Plans		OPEB	
	December 31,			
	2021	2020	2021	2020
Discount Rate	2.90 %	2.50 %	2.90 %	2.55 %
Interest Crediting Rate	4.00 %	4.00 %	NA	NA
Rate of Compensation Increase	4.90 % (a)	4.80 % (a)	NA	NA

- (a) Rates are for base pay only. In addition, an amount is added to reflect target incentive compensation for exempt employees and overtime and incentive pay for nonexempt employees.  
NA Not applicable.

A duration-based method is used to determine the discount rate for the plans. A hypothetical portfolio of high quality corporate bonds is constructed with cash flows matching the benefit plan liability. The composite yield on the hypothetical bond portfolio is used as the discount rate for the plan.

For 2021, the rate of compensation increase assumed varies with the age of the employee, ranging from 3% per year to 11.5% per year, with an average increase of 4.9%.

**Actuarial Assumptions for Net Periodic Benefit Costs**

The weighted-average assumptions used in the measurement of benefit costs are shown in the following table:

<b>Assumptions</b>	<b>Pension Plans</b>		<b>OPEB</b>	
	<b>Year Ended December 31,</b>			
	<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>
Discount Rate	2.50 %	3.25 %	2.55 %	3.30 %
Interest Crediting Rate	4.00 %	4.00 %	NA	NA
Expected Return on Plan Assets	4.75 %	5.75 %	4.75 %	5.50 %
Rate of Compensation Increase	4.90 % (a)	4.80 % (a)	NA	NA

(a) Rates are for base pay only. In addition, an amount is added to reflect target incentive compensation for exempt employees and overtime and incentive pay for nonexempt employees.

NA Not applicable.

The expected return on plan assets was determined by evaluating historical returns, the current investment climate (yield on fixed income securities and other recent investment market indicators), rate of inflation, third-party forecasts and current prospects for economic growth.

The health care trend rate assumptions used for OPEB plans measurement purposes are shown below:

<b>Health Care Trend Rates</b>	<b>December 31,</b>	
	<b>2021</b>	<b>2020</b>
Initial	6.25 %	6.50 %
Ultimate	4.50 %	4.50 %
Year Ultimate Reached	2029	2029

**Significant Concentrations of Risk within Plan Assets**

In addition to establishing the target asset allocation of plan assets, the investment policy also places restrictions on securities to limit significant concentrations within plan assets. The investment policy establishes guidelines that govern maximum market exposure, security restrictions, prohibited asset classes, prohibited types of transactions, minimum credit quality, average portfolio credit quality, portfolio duration and concentration limits. The guidelines were established to mitigate the risk of loss due to significant concentrations in any investment. The plans are monitored to control security diversification and ensure compliance with the investment policy. As of December 31, 2021, the assets were invested in compliance with all investment limits. See "Investments Held in Trust for Future Liabilities" section of Note 1 for limit details.

**Benefit Plan Obligations, Plan Assets and Funded Status**

For the year ended December 31, 2021, the pension plans had an actuarial gain primarily due to an increase in the discount rate, partially offset by less favorable demographic experience than expected, resulting from the updated census information as of January 1, 2021. For the year ended December 31, 2021, the OPEB plans had an actuarial gain primarily due to an increase in the discount rate and an update of the projected reimbursements from the Employer Group Waiver Program under Medicare Part D. For the year ended December 31, 2020, the pension plans had an actuarial loss primarily due to a decrease in the discount rate, partially offset by a decrease in the assumed rate used to convert account balances to annuities. For the year ended December 31, 2020, the OPEB plans had an actuarial loss primarily due to a decrease in the discount rate and an update to the health care trend assumption, partially offset by updated projected per capita claims costs due to rate negotiations for Medicare advantage premium rates. The following table provides a reconciliation of the changes in the plans' benefit obligations, fair value of plan assets and funded status. The benefit obligation for the defined benefit pension and OPEB plans are the projected benefit obligation and the accumulated benefit obligation, respectively.

	Pension Plans		OPEB	
	2021	2020	2021	2020
	(in thousands)			
<b>Change in Benefit Obligation</b>				
Benefit Obligation as of January 1,	\$ 198,433	\$ 188,085	\$ 45,058	\$ 45,550

<b>Funded Status</b>	<b>\$ 19,733</b>	<b>\$ 10,119</b>	<b>\$ 40,501</b>	<b>\$ 30,862</b>

**Amounts Included in Regulatory Assets, Deferred Income Taxes and AOCI**

The following table shows the components of the plans included in Regulatory Assets, Deferred Income Taxes and AOCI:

<b>Components</b>	<b>Pension Plans</b>		<b>OPEB</b>	
	<b>December 31,</b>			
	<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>			
Net Actuarial (Gain) Loss	\$ 22,630	\$ 35,498	\$ (6,622)	\$ 710
Prior Service Credit	—	—	(5,987)	(8,270)
<b>Recorded as</b>				
Regulatory Assets	\$ 21,923	\$ 34,593	\$ (9,687)	\$ (5,543)
Deferred Income Taxes	148	190	(614)	(424)
Net of Tax AOCI	559	715	(2,308)	(1,593)

Components of the change in amounts included in Regulatory Assets, Deferred Income Taxes and AOCI were as follows:

<b>Components</b>	<b>Pension Plans</b>		<b>OPEB</b>	
	<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>			
Actuarial Gain During the Year	\$ (9,345)	\$ (8,220)	\$ (7,332)	\$ (5,034)
Amortization of Actuarial Loss	(3,523)	(3,292)	—	(239)
Prior Service Credit	—	—	(216)	(461)
Amortization of Prior Service Credit	—	—	2,499	2,452
<b>Change for the Year Ended December 31,</b>	<b>\$ (12,868)</b>	<b>\$ (11,512)</b>	<b>\$ (5,049)</b>	<b>\$ (3,282)</b>

**Determination of Pension Expense**

The determination of pension expense or income is based on a market-related valuation of assets which reduces year-to-year volatility. This market-related valuation recognizes investment gains or losses over a five-year period from the year in which they occur. Investment gains or losses for this purpose are the difference between the expected return calculated using the market-related value of assets and the actual return.

**Pension and OPEB Assets**

The fair value tables within Pension and OPEB Assets present the classification of assets for AEP within the fair value hierarchy. All Level 1, 2, 3 and Other amounts can be allocated to KPCo using the percentages below:

<b>Pension Plan</b>		<b>OPEB</b>	
<b>December 31,</b>			
<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>
3.8 %	3.8 %	3.8 %	3.9 %

The following table presents the classification of pension plan assets for AEP within the fair value hierarchy as of December 31, 2021:

Asset Class	Level 1	Level 2	Level 3	Other	Total	Year End Allocation
	(in millions)					
Equities (a):						
Domestic	\$ 388.9	\$ —	\$ —	\$ —	\$ 388.9	7.2 %

Cash and Cash Equivalents (b)	26.3	—	—	5.7	32.0	1.6 %
Other – Pending Transactions and Accrued Income (a)	—	—	—	2.2	2.2	0.1 %
<b>Total</b>	<b>\$ 790.6</b>	<b>\$ 697.1</b>	<b>\$ —</b>	<b>\$ 459.0</b>	<b>\$ 1,946.7</b>	<b>100.0 %</b>

(a) Amounts in “Other” column primarily represent accrued interest, dividend receivables and transactions pending settlement.

(b) Amounts in “Other” column represent investments for which fair value is measured using net asset value per-share.

### ***Accumulated Benefit Obligation***

The accumulated benefit obligation for the pension plans is as follows:

	December 31,	
	2021	2020
	(in thousands)	
Qualified Pension Plan	\$ 177,132	\$ 191,045
Nonqualified Pension Plan	34	19
<b>Total Accumulated Benefit Obligation</b>	<b>\$ 177,166</b>	<b>\$ 191,064</b>

***Obligations in Excess of Fair Values***

The tables below show the underfunded pension plans that had obligations in excess of plan assets.

***Projected Benefit Obligation***

	<b>Underfunded Pension Plans</b>	
	<b>December 31,</b>	
	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>	
Projected Benefit Obligation	\$ 98	\$ 81
Fair Value of Plan Assets	—	—
<b>Underfunded Projected Benefit Obligation</b>	<b>\$ (98)</b>	<b>\$ (81)</b>

***Accumulated Benefit Obligation***

	<b>Underfunded Pension Plans</b>	
	<b>December 31,</b>	
	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>	
Accumulated Benefit Obligation	\$ 34	\$ 19
Fair Value of Plan Assets	—	—
<b>Underfunded Accumulated Benefit Obligation</b>	<b>\$ (34)</b>	<b>\$ (19)</b>

***Estimated Future Benefit Payments and Contributions***

KPCo expects contributions and payments for the Pension and OPEB plans of \$3.5 million and \$51 thousand, respectively, during 2022. The estimated contributions to the pension trust are at least the minimum amount required by the Employee Retirement Income Security Act and additional discretionary contributions may also be made to maintain the funded status of the plan.

The table below reflects the total benefits expected to be paid from the plan or from KPCo's assets. The payments include the participants' contributions to the plan for their share of the cost. Future benefit payments are dependent on the number of employees retiring, whether the retiring employees elect to receive pension benefits as annuities or as lump sum distributions, future integration of the benefit plans with changes to Medicare and other legislation, future levels of interest rates and variances in actuarial results. The estimated payments for pension benefits and OPEB are as follows:

	<b>Estimated Payments</b>	
	<b>Pension Plans</b>	<b>OPEB</b>
	<b>(in thousands)</b>	
2022	\$ 12,638	\$ 5,002
2023	13,228	4,550
2024	12,520	4,530
2025	12,409	4,459
2026	13,188	4,362
Years 2027 to 2031, in Total	59,324	20,286

**Components of Net Periodic Benefit Cost**

The following table provides the components of net periodic benefit cost (credit):

	<b>Pension Plans</b>		<b>OPEB</b>	
	<b>Years Ended December 31,</b>			
	<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>			
Service Cost	\$ 3,477	\$ 3,119	\$ 283	\$ 299
Interest Cost	4,840	5,971	1,096	1,493
Expected Return on Plan Assets	(8,583)	(9,891)	(3,479)	(3,763)
Amortization of Prior Service Credit	—	—	(2,499)	(2,452)
Amortization of Net Actuarial Loss	3,523	3,292	—	239
<b>Net Periodic Benefit Cost (Credit)</b>	<b>3,257</b>	<b>2,491</b>	<b>(4,599)</b>	<b>(4,184)</b>
Capitalized Portion	(1,582)	(1,371)	(129)	(131)
<b>Net Periodic Benefit Cost (Credit) Recognized in Expense</b>	<b>\$ 1,675</b>	<b>\$ 1,120</b>	<b>\$ (4,728)</b>	<b>\$ (4,315)</b>

**American Electric Power System Retirement Savings Plan**

KPCo participates in an AEP sponsored defined contribution retirement savings plan, the American Electric Power System Retirement Savings Plan, for substantially all employees. This qualified plan offers participants an opportunity to contribute a portion of their pay, includes features under Section 401(k) of the Internal Revenue Code and provides for matching contributions. The matching contributions to the plan are 100% of the first 1% of eligible employee contributions and 70% of the next 5% of contributions. The cost for matching contributions totaled \$2.3 million in 2021 and \$2.3 million in 2020.

## 8. DERIVATIVES AND HEDGING

### OBJECTIVES FOR UTILIZATION OF DERIVATIVE INSTRUMENTS

AEPSC is agent for and transacts on behalf of KPCo.

KPCo is exposed to certain market risks as a major power producer and participant in the electricity, natural gas, coal and emission allowance markets. These risks include commodity price risk, interest rate risk and credit risk. These risks represent the risk of loss that may impact KPCo due to changes in the underlying market prices or rates. Management utilizes derivative instruments to manage these risks.

### STRATEGIES FOR UTILIZATION OF DERIVATIVE INSTRUMENTS TO ACHIEVE OBJECTIVES

#### *Risk Management Strategies*

The strategy surrounding the use of derivative instruments primarily focuses on managing risk exposures, future cash flows and creating value utilizing both economic and formal hedging strategies. The risk management strategies also include the use of derivative instruments for trading purposes which focus on seizing market opportunities to create value driven by expected changes in the market prices of the commodities. To accomplish these objectives, KPCo primarily employs risk management contracts including physical and financial forward purchase-and-sale contracts and, to a lesser extent, OTC swaps and options. Not all risk management contracts meet the definition of a derivative under the accounting guidance for “Derivatives and Hedging.” Derivative risk management contracts elected normal under the normal purchases and normal sales scope exception are not subject to the requirements of this accounting guidance.

KPCo utilizes power, capacity, coal, natural gas, interest rate and, to a lesser extent, heating oil, gasoline and other commodity contracts to manage the risk associated with the energy business. KPCo utilizes interest rate derivative contracts in order to manage the interest rate exposure associated with its commodity portfolio. For disclosure purposes, such risks are grouped as “Commodity,” as these risks are related to energy risk management activities. KPCo may also utilize derivative contracts to manage interest rate risk associated with debt financing. For disclosure purposes, these risks are grouped as “Interest Rate.” The amount of risk taken is determined by the Commercial Operations and Finance groups in accordance with the established risk management policies as approved by the Finance Committee of the Board of Directors.

The following table represents the gross notional volume of KPCo’s outstanding derivative contracts:

Primary Risk Exposure	December 31,		Unit of Measure
	2021	2020	
	(in thousands)		
Commodity:			
Power	6,927	8,249	MWhs
Heating Oil and Gasoline	305	270	Gallons

### ***Cash Flow Hedging Strategies***

KPCo utilizes cash flow hedges on certain derivative transactions for the purchase-and-sale of power (“Commodity”) in order to manage the variable price risk related to forecasted purchases-and-sales. Management monitors the potential impacts of commodity price changes and, where appropriate, enters into derivative transactions to protect profit margins for a portion of future electricity sales and purchases. KPCo does not hedge all commodity price risk.

KPCo may utilize a variety of interest rate derivative transactions in order to manage interest rate risk exposure. KPCo may also utilize interest rate derivative contracts to manage interest rate exposure related to future borrowings of fixed-rate debt. KPCo does not hedge all interest rate exposure.

### **ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND THE IMPACT ON KPCo’s FINANCIAL STATEMENTS**

The accounting guidance for “Derivatives and Hedging” requires recognition of all qualifying derivative instruments as either assets or liabilities on the balance sheets at fair value. The fair values of derivative instruments accounted for using MTM accounting or hedge accounting are based on exchange prices and broker quotes. If a quoted market price is not available, the estimate of fair value is based on the best information available including valuation models that estimate future energy prices based on existing market and broker quotes and assumptions. In order to determine the relevant fair values of the derivative instruments, KPCo applies valuation adjustments for discounting, liquidity and credit quality.

Credit risk is the risk that a counterparty will fail to perform on the contract or fail to pay amounts due. Liquidity risk represents the risk that imperfections in the market will cause the price to vary from estimated fair value based upon prevailing market supply and demand conditions. Since energy markets are imperfect and volatile, there are inherent risks related to the underlying assumptions in models used to fair value risk management contracts. Unforeseen events may cause reasonable price curves to differ from actual price curves throughout a contract’s term and at the time a contract settles. Consequently, there could be significant adverse or favorable effects on future net income and cash flows if market prices are not consistent with management’s estimates of current market consensus for forward prices in the current period. This is particularly true for longer term contracts. Cash flows may vary based on market conditions, margin requirements and the timing of settlement of risk management contracts.

According to the accounting guidance for “Derivatives and Hedging,” KPCo reflects the fair values of derivative instruments subject to netting agreements with the same counterparty net of related cash collateral. For certain risk management contracts, KPCo is required to post or receive cash collateral based on third-party contractual agreements and risk profiles. For the December 31, 2021 and 2020 balance sheets, KPCo netted \$95 thousand and \$96 thousand, respectively, of cash collateral received from third-parties against short-term and long-term risk management assets and \$0 and \$0, respectively, of cash collateral paid to third-parties against short-term and long-term risk management liabilities.

The following tables represent the gross fair value of KPCo’s derivative activity on the balance sheets:

Balance Sheet Location	December 31, 2021		
	Risk Management Contracts – Commodity (a)	Gross Amounts Offset in the Statement of Financial Position (b)	Net Amounts of Assets/Liabilities Presented in the Statement of Financial Position (c)
	(in thousands)		
Current Risk Management Assets	\$ 7,488	\$ (1,502)	\$ 5,986
Long-term Risk Management Assets	46	(46)	—
<b>Total Assets</b>	<u>7,534</u>	<u>(1,548)</u>	<u>5,986</u>
Current Risk Management Liabilities	1,458	(1,407)	51
Long-term Risk Management Liabilities	46	(46)	—
<b>Total Liabilities</b>	<u>1,504</u>	<u>(1,453)</u>	<u>51</u>
<b>Total MTM Derivative Contract Net Assets (Liabilities)</b>	<u>\$ 6,030</u>	<u>\$ (95)</u>	<u>\$ 5,935</u>

Balance Sheet Location	December 31, 2020		
	Risk Management Contracts – Commodity (a)	Gross Amounts Offset in the Statement of Financial Position (b)	Net Amounts of Assets/Liabilities Presented in the Statement of Financial Position (c)
	(in thousands)		
Current Risk Management Assets	\$ 6,751	\$ (3,599)	\$ 3,152
Long-term Risk Management Assets	139	(116)	23
<b>Total Assets</b>	<u>6,890</u>	<u>(3,715)</u>	<u>3,175</u>
Current Risk Management Liabilities	3,746	(3,533)	213
Long-term Risk Management Liabilities	105	(86)	19
<b>Total Liabilities</b>	<u>3,851</u>	<u>(3,619)</u>	<u>232</u>
<b>Total MTM Derivative Net Assets (Liabilities)</b>	<u>\$ 3,039</u>	<u>\$ (96)</u>	<u>\$ 2,943</u>

- (a) Derivative instruments within this category are disclosed as gross. These instruments are subject to master netting agreements and are presented on the balance sheets on a net basis in accordance with the accounting guidance for “Derivatives and Hedging.”
- (b) Amounts include counterparty netting of risk management and hedging contracts and associated cash collateral in accordance with the accounting guidance for “Derivatives and Hedging.”
- (c) All derivative contracts subject to a master netting arrangement or similar agreement are offset in the statement of financial position.

The table below presents KPCo’s amount of gain (loss) recognized on risk management contracts:

Location of Gain (Loss)	Years Ended December 31,	
	2021	2020
	(in thousands)	
Electric Generation, Transmission and Distribution Revenues	\$ (12)	\$ 182
Purchased Electricity for Resale	118	103
Other Operation	90	(61)
Maintenance	116	(98)
Regulatory Assets (a)	(1,077)	437
Regulatory Liabilities (a)	11,192	7,642
<b>Total Gain on Risk Management Contracts</b>	<u>\$ 10,427</u>	<u>\$ 8,205</u>

- (a) Represents realized and unrealized gains and losses subject to regulatory accounting treatment recorded as either current or noncurrent on the balance sheets.

Certain qualifying derivative instruments have been designated as normal purchase or normal sale contracts, as provided in the accounting guidance for “Derivatives and Hedging.” Derivative contracts that have been designated as normal purchases or normal sales under that accounting guidance are not subject to MTM accounting treatment and are recognized on the statements of income on an accrual basis.

The accounting for the changes in the fair value of a derivative instrument depends on whether it qualifies for and has been designated as part of a hedging relationship and further, on the type of hedging relationship. Depending on the exposure, management designates a hedging instrument as a fair value hedge or a cash flow hedge.

For contracts that have not been designated as part of a hedging relationship, the accounting for changes in fair value depends on whether the derivative instrument is held for trading purposes. Unrealized and realized gains and losses on derivative instruments held for trading purposes are included in revenues on a net basis on KPCo's statements of income. Unrealized and realized gains and losses on derivative instruments not held for trading purposes are included in revenues or expenses on KPCo's statements of income depending on the relevant facts and circumstances. Certain derivatives that economically hedge future commodity risk are recorded in the same line item on the statements of income as that of the associated risk being hedged. However, unrealized and some realized gains and losses for both trading and non-trading derivative instruments are recorded as regulatory assets (for losses) or regulatory liabilities (for gains), in accordance with the accounting guidance for "Regulated Operations."

### ***Accounting for Cash Flow Hedging Strategies***

For cash flow hedges (i.e. hedging the exposure to variability in expected future cash flows that is attributable to a particular risk), KPCo initially reports the gain or loss on the derivative instrument as a component of Accumulated Other Comprehensive Income (Loss) on the balance sheets until the period the hedged item affects Net Income.

Realized gains and losses on derivative contracts for the purchase-and-sale of power designated as cash flow hedges are included in Total Revenues or Purchased Electricity for Resale on KPCo's statements of income or in Regulatory Assets or Regulatory Liabilities on KPCo's balance sheets, depending on the specific nature of the risk being hedged. During the years ended 2021 and 2020 KPCo did not apply cash flow hedging to outstanding power derivatives.

KPCo reclassifies gains and losses on interest rate derivative hedges related to debt financings from Accumulated Other Comprehensive Income (Loss) on its balance sheets into Interest Expense on its statements of income in those periods in which hedged interest payments occur. During the years ended 2021 and 2020, KPCo did not apply cash flow hedging to outstanding interest rate derivatives.

There was no impact of cash flow hedges included in Accumulated Other Comprehensive Income (Loss) on KPCo's balance sheets as of December 31, 2021 and 2020.

The actual amounts that KPCo reclassifies from Accumulated Other Comprehensive Income (Loss) to Net Income can differ due to market price changes. As of December 31, 2021, KPCo is not hedging (with contracts subject to the accounting guidance for "Derivatives and Hedging") its exposure to variability in future cash flows related to forecasted transactions.

### ***Credit Risk***

Management mitigates credit risk in KPCo's wholesale marketing and trading activities by assessing the creditworthiness of potential counterparties before entering into transactions with them and continuing to evaluate their creditworthiness on an ongoing basis. Management uses credit agency ratings and current market-based qualitative and quantitative data as well as financial statements to assess the financial health of counterparties on an ongoing basis.

Master agreements are typically used to facilitate the netting of cash flows associated with a single counterparty and may include collateral requirements. Collateral requirements in the form of cash, letters of credit, surety bonds and parental/affiliate guarantees may be obtained as security from counterparties in order to mitigate credit risk. Some master agreements include margining, which requires a counterparty to post cash or letters of credit in the event exposure exceeds the established threshold. The threshold represents an unsecured credit limit which may be supported by a parental/affiliate guaranty, as determined in accordance with AEP's credit policy. In addition,

### ***Collateral Triggering Events***

#### *Credit Downgrade Triggers*

A limited number of derivative contracts include collateral triggering events, which include a requirement to maintain certain credit ratings. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these collateral triggering events in contracts. KPCo has not experienced a downgrade below a specified credit rating threshold that would require the posting of additional collateral. As of December 31, 2021 and 2020, KPCo did not have derivative contracts with collateral triggering events in a net liability position.

#### *Cross-Default Triggers*

In addition, a majority of KPCo's non-exchange-traded commodity contracts contain cross-default provisions that, if triggered, would permit the counterparty to declare a default and require settlement of the outstanding payable. These cross-default provisions could be triggered if there was a non-performance event by Parent or the obligor under outstanding debt or a third-party obligation that is \$50 million or greater. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these cross-default provisions in the contracts. The following table represents: (a) the fair value of these derivative liabilities subject to cross-default provisions prior to consideration of contractual netting arrangements, (b) the amount this exposure has been reduced by cash collateral posted and (c) if a cross-default provision would have been triggered, the settlement amount that would be required after considering contractual netting arrangements:

	<b>December 31,</b>	
	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>	
Liabilities for Contracts with Cross Default Provisions Prior to Contractual Netting Arrangements	\$ 89	\$ 154
Additional Settlement Liability if Cross Default Provision is Triggered	51	16

**9. FAIR VALUE MEASUREMENTS**

*Fair Value Measurements of Long-term Debt*

The fair values of Long-term Debt are based on quoted market prices, without credit enhancements, for the same or similar issues and the current interest rates offered for instruments with similar maturities classified as Level 2 measurement inputs. These instruments are not marked-to-market. The estimates presented are not necessarily indicative of the amounts that could be realized in a current market exchange.

The book values and fair values of KPCo’s Long-term Debt are summarized in the following table:

	<b>December 31,</b>			
	<b>2021</b>		<b>2020</b>	
	<u>Book Value</u>	<u>Fair Value</u>	<u>Book Value</u>	<u>Fair Value</u>
	<b>(in thousands)</b>			
Long-term Debt	\$ 1,103,105	\$ 1,224,664	\$ 992,650	\$ 1,166,298

**Fair Value Measurements of Financial Assets and Liabilities**

For a discussion of fair value accounting and the classification of assets and liabilities within the fair value hierarchy, see the “Fair Value Measurements of Assets and Liabilities” section of Note 1.

The following tables set forth, by level within the fair value hierarchy, KPCo’s financial assets and liabilities that were accounted for at fair value on a recurring basis. As required by the accounting guidance for “Fair Value Measurements and Disclosures,” financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Management’s assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. There have not been any significant changes in management’s valuation techniques.

**Assets and Liabilities Measured at Fair Value on a Recurring Basis  
December 31, 2021**

<b>Assets:</b>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Other</u>	<u>Total</u>
	(in thousands)				
<b>Risk Management Assets</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 1,096	\$ 6,439	\$ (1,549)	\$ 5,986
<b>Liabilities:</b>					
<b>Risk Management Liabilities</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 937	\$ 568	\$ (1,454)	\$ 51

**Assets and Liabilities Measured at Fair Value on a Recurring Basis  
December 31, 2020**

<b>Assets:</b>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Other</u>	<u>Total</u>
	(in thousands)				
<b>Risk Management Assets</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 3,669	\$ 3,204	\$ (3,698)	\$ 3,175
<b>Liabilities:</b>					
<b>Risk Management Liabilities</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 3,655	\$ 179	\$ (3,602)	\$ 232

(a) Amounts in “Other” column primarily represent counterparty netting of risk management and hedging contracts and associated cash collateral under the accounting guidance for “Derivatives and Hedging.”

(b) Substantially comprised of power contracts.

The following tables set forth a reconciliation of changes in the fair value of net trading derivatives classified as Level 3 in the fair value hierarchy:

<b>Year Ended December 31, 2021</b>	<b>Net Risk Management Assets (Liabilities) (in thousands)</b>	
<b>Balance as of December 31, 2020</b>	\$	3,025
Realized Gain (Loss) Included in Net Income (or Changes in Net Assets) (a) (b)		1,858
Settlements		(4,950)
Transfers out of Level 3 (c)		8
Changes in Fair Value Allocated to Regulated Jurisdictions (d)		5,930
<b>Balance as of December 31, 2021</b>	<b>\$</b>	<b>5,871</b>

<b>Year Ended December 31, 2020</b>	<b>Net Risk Management Assets (Liabilities) (in thousands)</b>	
<b>Balance as of December 31, 2019</b>	\$	5,702
Realized Gain (Loss) Included in Net Income (or Changes in Net Assets) (a) (b)		4,084
Settlements		(9,900)
Transfers out of Level 3 (c)		130
Changes in Fair Value Allocated to Regulated Jurisdictions (d)		3,009
<b>Balance as of December 31, 2020</b>	<b>\$</b>	<b>3,025</b>

- (a) Included in revenues on KPCo's statements of income.
- (b) Represents the change in fair value between the beginning of the reporting period and the settlement of the risk management commodity contract.
- (c) Transfers are recognized based on their value at the beginning of the period that the transfer occurred.
- (d) Relates to the net gains (losses) of those contracts that are not reflected on KPCo's statements of income. These changes in fair value are recorded as regulatory liabilities for net gains and as regulatory assets for net losses.

The following tables quantify the significant unobservable inputs used in developing the fair value of Level 3 positions as of December 31, 2021 and 2020:

**Significant Unobservable Inputs  
December 31, 2021**

	Fair Value		Valuation Technique	Significant Unobservable Input (a)	Input/Range		Weighted Average (b)
	Assets	Liabilities			Low	High	
	(in thousands)						
Energy Contracts	\$ —	\$ 51	Discounted Cash Flow	Forward Market Price	\$ 32.20	\$ 56.54	\$ 44.77
FTRs	6,439	517	Discounted Cash Flow	Forward Market Price	(1.44)	22.19	1.74
<b>Total</b>	<b>\$ 6,439</b>	<b>\$ 568</b>					

**Significant Unobservable Inputs  
December 31, 2020**

	Fair Value		Valuation Technique	Significant Unobservable Input (a)	Input/Range		Weighted Average (b)
	Assets	Liabilities			Low	High	
	(in thousands)						
Energy Contracts	\$ 190	\$ 121	Discounted Cash Flow	Forward Market Price	\$ 10.84	\$ 41.09	\$ 25.08
FTRs	3,014	58	Discounted Cash Flow	Forward Market Price	0.17	4.18	1.03
<b>Total</b>	<b>\$ 3,204</b>	<b>\$ 179</b>					

(a) Represents market prices in dollars per MWh.

(b) The weighted-average is the product of the forward market price of the underlying commodity and volume weighted by term.

The following table provides the measurement uncertainty of fair value measurements to increases (decreases) in significant unobservable inputs related to Energy Contracts and FTRs as of December 31, 2021 and 2020:

**Uncertainty of Fair Value Measurements**

Significant Unobservable Input	Position	Change in Input	Impact on Fair Value Measurement
Forward Market Price	Buy	Increase (Decrease)	Higher (Lower)
Forward Market Price	Sell	Increase (Decrease)	Lower (Higher)

## 10. INCOME TAXES

### Income Tax Benefit

The details of KPSCo's Income Tax Benefit are as follows:

	<b>Years Ended December 31,</b>	
	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>	
<b>Federal:</b>		
Current	\$ (2,970)	\$ (9,655)
Deferred	(20,143)	8,830
<b>Total Federal</b>	<u>(23,113)</u>	<u>(825)</u>
<b>State and Local:</b>		
Current	—	245
Deferred	(4,366)	(3,463)
<b>Total State and Local</b>	<u>(4,366)</u>	<u>(3,218)</u>
<b>Income Tax Benefit</b>	<u>\$ (27,479)</u>	<u>\$ (4,043)</u>

The following is a reconciliation between the federal income taxes computed by multiplying pretax income by the federal statutory tax rate and the income taxes reported:

	<b>Years Ended December 31,</b>	
	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>	
Net Income	\$ 50,150	\$ 41,017
Income Tax Benefit	(27,479)	(4,043)
<b>Pretax Income</b>	<u>\$ 22,671</u>	<u>\$ 36,974</u>
Income Taxes on Pretax Income at Statutory Rate (21%)	\$ 4,761	\$ 7,765
Increase (Decrease) in Income Taxes Resulting from the Following Items:		
Depreciation	1,891	1,738
State and Local Income Taxes, Net	(3,449)	(2,542)
Removal Costs	(2,154)	(1,885)
Tax Adjustments (a)	3,098	—
Tax Reform Excess ADIT Reversal (b)	(31,174)	(8,293)
Other	(452)	(826)
<b>Income Tax Benefit</b>	<u>\$ (27,479)</u>	<u>\$ (4,043)</u>
<b>Effective Income Tax Rate</b>	(121.2)%	(10.9)%

- (a) Represents the correction of an adjustment related to Deferred Income Taxes and Income Tax Benefit. Management concluded the misstatement and subsequent correction was not material to prior or current period financial statements.
- (b) In January 2021, as part of the 2020 Kentucky Base Rate Case, the KPSC issued an order that shortened the previously authorized refund period for Excess ADIT that is not subject to normalization requirements from 18 years to 3 years.

***Net Deferred Tax Liability***

The following table shows elements of KPCo's net deferred tax liability and significant temporary differences:

	<b>December 31,</b>	
	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>	
Deferred Tax Assets	\$ 94,062	\$ 101,993
Deferred Tax Liabilities	(531,214)	(548,047)
<b>Net Deferred Tax Liabilities</b>	<b><u>\$ (437,152)</u></b>	<b><u>\$ (446,054)</u></b>
Property Related Temporary Differences	\$ (310,721)	\$ (300,947)
Amounts Due to Customers for Future Income Taxes	51,754	62,526
Deferred State Income Taxes	(92,617)	(120,361)
Regulatory Assets	(101,155)	(92,015)
Net Operating Loss Carryforward	17,475	7,795
All Other, Net	(1,888)	(3,052)
<b>Net Deferred Tax Liabilities</b>	<b><u>\$ (437,152)</u></b>	<b><u>\$ (446,054)</u></b>

***Federal Income Tax Audit Status***

The statute of limitations for the IRS to examine KPCo and other AEP subsidiaries originally filed federal return has expired for tax years 2016 and earlier. In the third quarter of 2019, KPCo and other AEP subsidiaries elected to amend the 2014 through 2017 federal returns. In the first quarter of 2020, the IRS notified KPCo and other AEP subsidiaries that it was beginning an examination of these amended returns, including the net operating losses carryback to 2015 that originated in the 2017 return. As of December 31, 2021, the IRS has not issued any proposed adjustments. KPCo and other AEP subsidiaries have agreed to extend the statute of limitations on the 2017 tax return to December 31, 2022 to allow time for the audit to be completed and the Congressional Joint Committee on Taxation to approve the associated refund claim.

***Net Income Tax Operating Loss Carryforward***

KPCo has state net income tax operating loss carryforwards of \$222 million and \$159 million in 2021 and 2020, respectively. As a result, KPCo recognized deferred state income tax benefits in 2021 and 2020 of \$11 million and \$10 million, respectively. Management anticipates future taxable income will be sufficient to realize the state net income tax operating loss tax benefits before the state carryforward begins expiring in 2035.

## 11. LEASES

KPCo leases property, plant and equipment including, but not limited to, fleet, information technology and real estate leases. These leases require payments of non-lease components, including related property taxes, operating and maintenance costs. KPCo does not separate non-lease components from associated lease components. Many of these leases have purchase or renewal options. Leases not renewed are often replaced by other leases. Options to renew or purchase a lease are included in the measurement of lease assets and liabilities if it is reasonably certain that KPCo will exercise the option.

Lease obligations are measured using the discount rate implicit in the lease when that rate is readily determinable. KPCo has visibility into the rate implicit in the lease when assets are leased from selected financial institutions under master leasing agreements. When the implicit rate is not readily determinable, KPCo measures its lease obligation using its estimated secured incremental borrowing rate. Incremental borrowing rates are comprised of an underlying risk-free rate and a secured credit spread relative to the lessee on a matched maturity basis.

Operating lease rentals and finance lease amortization costs are generally charged to Other Operation and Maintenance expense in accordance with rate-making treatment for regulated operations. Interest on finance lease liabilities is generally charged to Interest Expense. Lease costs associated with capital projects are included in Property, Plant and Equipment on the balance sheets. For regulated operations with finance leases, a finance lease asset and offsetting liability are recorded at the present value of the remaining lease payments for each reporting period. Finance leases for nonregulated property are accounted for as if the assets were owned and financed. The components of rental costs were as follows:

Lease Rental Costs	Years Ended December 31,	
	2021	2020
	(in thousands)	
Operating Lease Cost	\$ 3,100	\$ 2,660
Finance Lease Cost:		
Amortization of Finance Leases	920	808
Interest on Finance Leases	125	138
<b>Total Lease Rental Costs (a)</b>	<b>\$ 4,145</b>	<b>\$ 3,606</b>

(a) Excludes variable and short-term lease costs, which were immaterial.

Supplemental information related to leases are shown in the tables below.

Lease Type	Weighted-Average Remaining Lease Term (years):		Weighted-Average Discount Rate	
	December 31,			
	2021	2020	2021	2020
Operating Leases	6.05	6.45	3.33 %	3.44 %
Finance Leases	4.68	5.00	4.00 %	4.08 %

Future minimum lease payments consisted of the following as of December 31, 2021:

<u>Future Minimum Lease Payments</u>	<u>Finance Leases</u>	<u>Operating Leases</u>
	<u>(in thousands)</u>	
2022	\$ 890	\$ 2,507
2023	715	2,247
2024	598	2,015
2025	331	1,643
2026	245	1,195
After 2026	365	2,332
<b>Total Future Minimum Lease Payments</b>	<u>3,144</u>	<u>11,939</u>
Less: Imputed Interest	289	1,152
<b>Estimated Present Value of Future Minimum Lease Payments</b>	<u>\$ 2,855</u>	<u>\$ 10,787</u>

### ***Master Lease Agreements***

KPCo leases certain equipment under master lease agreements. Under the lease agreements, the lessor is guaranteed a residual value up to a stated percentage of the equipment cost at the end of the lease term. If the actual fair value of the leased equipment is below the guaranteed residual value at the end of the lease term, KPCo is committed to pay the difference between the actual fair value and the residual value guarantee. Historically, at the end of the lease term the fair value has been in excess of the amount guaranteed. As of December 31, 2021, the maximum potential loss for these lease agreements was \$1.7 million assuming the fair value of the equipment is zero at the end of the lease term.

### ***Lessor Activity***

KPCo's lessor activity was immaterial as of and for the twelve months ended December 31, 2021 and December 31, 2020, respectively.

## 12. FINANCING ACTIVITIES

### Long-term Debt

The following table details long-term debt outstanding:

Type of Debt	Maturity	Weighted-Average Interest Rate as of December 31, 2021	Interest Rate Ranges as of December 31,		Outstanding as of December 31,	
			2021	2020	2021	2020
(in thousands)						
Senior Unsecured Notes	2021-2047	4.54%	3.13%-8.13%	3.13%-8.13%	\$ 688,400	\$ 728,166
Pollution Control Bonds	2023 (a)	2.35%	2.35%	2.35%	64,823	64,734
Other Long-term Debt	2022-2023	1.01%	0.76%-1.61%	0.81%-1.60%	349,882	199,750
<b>Total Long-term Debt Outstanding</b>					<u>\$ 1,103,105</u>	<u>\$ 992,650</u>

(a) KPCo's Pollution Control Bond is subject to redemption earlier than the maturity date.

As of December 31, 2021, outstanding long-term debt was payable as follows:

	2022	2023	2024	2025	2026	After 2026	Total
(in thousands)							
Principal Amount	\$ 200,000	\$ 215,000	\$ 65,000	\$ —	\$ 200,000	\$ 425,000	\$1,105,000
Debt Issuance Costs							(1,895)
<b>Total Long-term Debt Outstanding</b>							<u>\$1,103,105</u>

### Dividend Restrictions

KPCo pays dividends to Parent provided funds are legally available. Various financing arrangements and regulatory requirements may impose certain restrictions on the ability of KPCo to transfer funds to Parent in the form of dividends.

All of the dividends declared by KPCo are subject to a Federal Power Act restriction that prohibits the payment of dividends out of capital accounts without regulatory approval; payment of dividends is allowed out of retained earnings only.

KPCo has credit agreements that contain a covenant that limit its debt to capitalization ratio to 67.5%. As of December 31, 2021, KPCo did not exceed its debt to capitalization limit. The method for calculating outstanding debt and capitalization is contractually-defined in the credit agreements.

The most restrictive dividend limitation for KPCo is through the Federal Power Act. As of December 31, 2021, the maximum amount of restricted net assets of KPCo that may not be distributed to Parent in the form of a loan, advance or dividend was \$578.3 million.

The Federal Power Act restriction does not limit the ability of KPCo to pay dividends out of retained earnings. The credit agreement covenant restrictions can limit the ability of KPCo to pay dividends out of retained earnings. As of December 31, 2021, there were no restrictions on KPCo's ability to pay dividends out of retained earnings.

**Corporate Borrowing Program – AEP System**

The AEP System uses a corporate borrowing program to meet the short-term borrowing needs of AEP's subsidiaries. The corporate borrowing program includes a Utility Money Pool, which funds AEP's utility subsidiaries. The AEP System Utility Money Pool operates in accordance with the terms and conditions of the AEP System Utility Money Pool agreement filed with the FERC. The amounts of outstanding borrowings from the Utility Money Pool as of December 31, 2021 and 2020 are included in Advances from Affiliates on KPCo's balance sheets. KPCo's Utility Money Pool activity and corresponding authorized borrowing limits are described in the following table:

<b>Years Ended December 31,</b>	<b>Maximum Borrowings from the Utility Money Pool</b>	<b>Maximum Loans to the Utility Money Pool</b>	<b>Average Borrowings from the Utility Money Pool</b>	<b>Average Loans to the Utility Money Pool</b>	<b>Borrowings from the Utility Money Pool as of December 31,</b>	<b>Authorized Short-Term Borrowing Limit</b>
	(in thousands)					
2021	\$ 121,608	\$ 43,730	\$ 46,522	\$ 22,427	\$ 47,895	\$ 180,000
2020	126,742	6,572	50,064	5,020	65,647	180,000

Maximum, minimum and average interest rates for funds either borrowed from or loaned to the Utility Money Pool are summarized in the following table:

<b>Years Ended December 31,</b>	<b>Maximum Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Minimum Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Maximum Interest Rate for Funds Loaned to the Utility Money Pool</b>	<b>Minimum Interest Rate for Funds Loaned to the Utility Money Pool</b>	<b>Average Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Average Interest Rate for Funds Loaned to the Utility Money Pool</b>
2021	0.48 %	0.02 %	0.34 %	0.03 %	0.31 %	0.33 %
2020	2.70 %	0.27 %	2.08 %	1.80 %	1.18 %	1.81 %

Interest expense and interest income related to the Utility Money Pool are included in Interest Expense and Interest Income, respectively, on KPCo's statements of income. For amounts borrowed from and advances to the Utility Money Pool, KPCo incurred the following amounts of interest expense and earned the following amounts of interest income:

	<b>Years Ended December 31,</b>	
	<b>2021</b>	<b>2020</b>
	(in thousands)	
Interest Expense	\$ 166	\$ 676
Interest Income	6	48

**Securitized Accounts Receivables – AEP Credit**

Under an affiliated receivables sales arrangement, KPCo sells, without recourse, certain of its customer accounts receivable and accrued unbilled revenue balances to AEP Credit. KPCo is charged a fee for each sale that is based on AEP Credit's financing costs, administrative costs and uncollectible accounts experience from previous purchases of KPCo's customer accounts receivable. No allowance for uncollectible accounts is recognized within KPCo's financial statements for customer accounts receivable sold to AEP Credit, and any bad debt stemming from these receivables would be recognized by AEP Credit. The costs of customer accounts receivable sold are reported in Other Operation expense on KPCo's statements of income. KPCo manages and services its accounts receivable sold.

AEP Credit's receivables securitization agreement provides a commitment of \$750 million from bank conduits to purchase receivables and was amended in September 2021 to include a \$125 million and a \$625 million facility, which expire in September 2023 and 2024, respectively. As of December 31, 2021, KPCo was in compliance with all requirements under the agreement.

KPCo's amounts of accounts receivable and accrued unbilled revenues under the sale of receivables agreement were \$53.3 million and \$54.8 million as of December 31, 2021 and 2020, respectively.

The fees paid by KPCo to AEP Credit for customer accounts receivable sold were \$1.9 million and \$7.1 million for the years ended December 31, 2021 and 2020, respectively. In 2020, an increase in allowance for doubtful accounts was recognized by AEP Credit in response to the anticipated impact of COVID-19 on the collectability of accounts receivable, which caused an increase in fees paid by KPCo. In 2021, due to higher than expected collections of accounts receivables, allowance for doubtful accounts was adjusted resulting in the issuance of credits to offset the higher fees previously paid and to lower subsequent fees paid. KPCo terminated selling accounts receivable to AEP Credit in the first quarter of 2022, based on the pending sale to Liberty. As a result of the termination, in the first quarter of 2022, KPCo will record an allowance for uncollectible accounts on its balance sheet for those receivables no longer sold to AEP Credit.

KPCo's proceeds on the sale of receivables to AEP Credit were \$595 million and \$501.9 million for the years ended December 31, 2021 and 2020, respectively.

### 13. RELATED PARTY TRANSACTIONS

For other related party transactions, also see “AEP System Tax Allocation Agreement” section of Note 10 in addition to “Corporate Borrowing Program – AEP System” and “Securitized Accounts Receivables – AEP Credit” sections of Note 12.

#### *Power Coordination Agreement*

Effective January 1, 2014, the FERC approved the PCA. Under the PCA, APCo, I&M, KPCo and WPCo are individually responsible for planning their respective capacity obligations. The PCA allows, but does not obligate, APCo, I&M, KPCo and WPCo to participate collectively under a common fixed resource requirement capacity plan in PJM and to participate in specified collective off-system sales and purchase activities.

AEPSC conducts power, capacity, coal, natural gas, interest rate and, to a lesser extent, heating oil, gasoline and other risk management activities on behalf of APCo, I&M, KPCo, PSO, SWEPCo and WPCo. Certain power and natural gas risk management activities for APCo, I&M, KPCo and WPCo are allocated based on the four member companies’ respective equity positions, while power and natural gas risk management activities for PSO and SWEPCo are allocated based on the Operating Agreement.

#### *System Integration Agreement*

Under the SIA, AEPSC allocates physical and financial revenues and expenses from transactions with neighboring utilities, power marketers and other power and natural gas risk management activities based upon the location of such activity. Margins resulting from trading and marketing activities originating in PJM generally accrue to the benefit of APCo, I&M, KPCo and WPCo, while trading and marketing activities originating in SPP generally accrue to the benefit of PSO and SWEPCo. Margins resulting from other transactions are allocated among APCo, I&M, KPCo, PSO, SWEPCo and WPCo based upon the equity positions of these companies.

#### *Affiliated Revenues and Purchases*

The table below shows the revenues derived from auction sales to affiliates, net transmission agreement sales and other revenues as follows:

Related Party Revenues	Years Ended December 31,	
	2021	2020
	(in thousands)	
Sales under Interconnection Agreement	\$ —	\$ 149
Auction Sales to OPCo (a)	—	975
Transmission Agreement Sales	8,991	9,367
Other Revenues	1,551	1,506
<b>Total Affiliated Revenues</b>	<b>\$ 10,542</b>	<b>\$ 11,997</b>

(a) Refer to the Ohio Auctions section below for further information regarding this amount.

The table below shows the purchased power expenses incurred for purchases from affiliates as follows:

Related Party Purchases	Years Ended December 31,	
	2021	2020
	(in thousands)	
Direct Purchases from AEGCo (a)	\$ 93,365	\$ 74,055
<b>Total Affiliated Purchases</b>	<b>\$ 93,365</b>	<b>\$ 74,055</b>

(a) Refer to the “Unit Power Agreements” section below for further information regarding this amount.

The above summarized related party revenues and expenses are reported in Sales to AEP Affiliates and Purchased Electricity from AEP Affiliates on KPCo’s statements of income.

### ***PJM Transmission Service Charges***

The AEP East Companies are parties to the TA, which defines how transmission costs through PJM OATT are allocated among the AEP East Companies on a 12-month average coincident peak basis. Additional costs for transmission services provided by AEPTCo and other transmission affiliates are billed to KPCo through the PJM OATT.

KPCo's net charges recorded as a result of the TA for the years ended December 31, 2021 and 2020 were \$57.1 million and \$48.1 million, respectively, and were recorded in Other Operation expenses on KPCo's statements of income.

### ***Ohio Auctions***

In connection with OPCo's June 2012 - May 2015 ESP, the PUCO ordered OPCo to conduct energy and capacity auctions for its entire SSO load for delivery beginning in June 2015. Certain affiliated entities, including KPCo, participate in the auction process and have been awarded tranches of OPCo's SSO load. Refer to the Affiliated Revenues and Purchases section above for amounts related to these transactions.

### ***Unit Power Agreements***

#### ***UPA between AEGCo and I&M***

A UPA between AEGCo and I&M (the I&M Power Agreement) provides for the sale by AEGCo to I&M of all the power (and the energy associated therewith) available to AEGCo at the Rockport Plant unless it is sold to another utility. Subsequently, I&M assigns 30% of the power to KPCo. I&M is obligated, whether or not power is available from AEGCo, to pay as a demand charge for the right to receive such power (and as an energy charge for any associated energy taken by I&M) net of amounts received by AEGCo from any other sources, sufficient to enable AEGCo to pay all its operating and other expenses, including a rate of return on the common equity of AEGCo as approved by the FERC. The I&M Power Agreement will continue in effect until the debt obligations of AEGCo secured by the Rockport Plant have been satisfied and discharged (currently expected to be December 2028).

#### ***UPA between AEGCo and KPCo***

Pursuant to an assignment between I&M and KPCo and a UPA between AEGCo and KPCo, AEGCo sells KPCo 30% of the power (and the energy associated therewith) available to AEGCo from both units of the Rockport Plant. KPCo pays to AEGCo in consideration for the right to receive such power the same amounts which I&M would have paid AEGCo under the terms of the I&M Power Agreement for such entitlement. The KPCo UPA ends in December 2022.

### ***I&M Barging, Urea Transloading and Other Services***

I&M provides barging, urea transloading and other transportation services to affiliates. Urea is a chemical used to control NO<sub>x</sub> emissions at certain generation plants in the AEP System. KPCo recorded expenses of \$3.1 million and \$3.2 million in 2021 and 2020, respectively, for urea transloading provided by I&M. These expenses were recorded as fuel expenses or other operation expenses.

### ***Central Machine Shop***

APCo operates a facility which repairs and rebuilds specialized components for the generation plants across the AEP System. APCo defers the cost of performing these services on the balance sheet and then transfers the cost to the affiliate for reimbursement. KPCo recorded its assigned portion of these billings as capital or maintenance expenses depending on the nature of the services received. These billings are recoverable from customers. KPCo's billed amounts were \$973 thousand and \$854 thousand for the years ended December 31, 2021 and 2020, respectively.

***Sales and Purchases of Property***

KPCo had affiliated sales and purchases of electric property individually amounting to \$100 thousand or more, sales and purchases of meters and transformers, and sales and purchases of transmission property. There were no gains or losses recorded on the transactions. The table below shows the sales and purchases, recorded at net book value, as follows:

	<b>Years Ended December 31,</b>	
	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>	
Sales	\$ 431	\$ 825
Purchases	3,995	1,464

The amounts above are recorded in Property, Plant and Equipment on the balance sheets.

***Intercompany Billings***

KPCo performs certain utility services for other AEP subsidiaries when necessary or practical. The costs of these services are billed on a direct-charge basis, whenever possible, or on reasonable basis of proration for services that benefit multiple companies. The billings for services are made at cost and include no compensation for the use of equity capital.

#### **14. VARIABLE INTEREST ENTITIES**

The accounting guidance for “Variable Interest Entities” is a consolidation model that considers if a company has a variable interest in a VIE. A VIE is a legal entity that possesses any of the following conditions: the entity’s equity at risk is not sufficient to permit the legal entity to finance its activities without additional subordinated financial support, equity owners are unable to direct the activities that most significantly impact the legal entity’s economic performance (or they possess disproportionate voting rights in relation to the economic interest in the legal entity), or the equity owners lack the obligation to absorb the legal entity’s expected losses or the right to receive the legal entity’s expected residual returns. Entities are required to consolidate a VIE when it is determined that they have a controlling financial interest in a VIE and therefore, are the primary beneficiary of that VIE, as defined by the accounting guidance for “Variable Interest Entities.” In determining whether KPCo is the primary beneficiary of a VIE, management considers whether KPCo has the power to direct the most significant activities of the VIE and is obligated to absorb losses or receive the expected residual returns that are significant to the VIE. Management believes that significant assumptions and judgments were applied consistently. KPCo is not the primary beneficiary of any VIE and has not provided financial or other support to any VIE that was not previously contractually required.

AEPSC provides certain managerial and professional services to AEP’s subsidiaries. Parent is the sole equity owner of AEPSC. AEP management controls the activities of AEPSC. The costs of the services are based on a direct-charge or on a prorated basis and billed to the AEP subsidiary companies at AEPSC’s cost. AEP subsidiaries have not provided financial or other support outside the reimbursement of costs for services rendered. AEPSC finances its operations through cost reimbursement from other AEP subsidiaries. There are no other terms or arrangements between AEPSC and any of the AEP subsidiaries that could require additional financial support from an AEP subsidiary or expose them to losses outside of the normal course of business. AEPSC and its billings are subject to regulation by the FERC. AEP subsidiaries are exposed to losses to the extent they cannot recover the costs of AEPSC through their normal business operations. AEP subsidiaries are considered to have a significant interest in AEPSC due to their activity in AEPSC’s cost reimbursement structure. However, AEP subsidiaries do not have control over AEPSC. AEPSC is consolidated by AEP. In the event AEPSC would require financing or other support outside the cost reimbursement billings, this financing would be provided by AEP. KPCo’s total billings from AEPSC for the years ended December 31, 2021 and 2020 were \$75.2 million and \$70.4 million, respectively. The carrying amount of liabilities associated with AEPSC as of December 31, 2021 and 2020 were \$7.9 million and \$9.8 million, respectively. Management estimates the maximum exposure of loss to be equal to the amount of such liability.

AEGCo, a wholly-owned subsidiary of Parent, is consolidated by AEP. AEGCo owns a 50% ownership interest in Rockport Plant, Unit 1 and leases a 50% interest in Rockport Plant, Unit 2. AEGCo sells all the output from the Rockport Plant to I&M and KPCo. AEP has agreed to provide AEGCo with the funds necessary to satisfy all of the debt obligations of AEGCo. KPCo is considered to have a significant interest in AEGCo due to these transactions. KPCo is exposed to losses to the extent it cannot recover the costs of AEGCo through its normal business operations. Due to AEP management’s control over AEGCo, KPCo is not considered the primary beneficiary of AEGCo. In the event AEGCo would require financing or other support outside the billings to KPCo, this financing would be provided by AEP. Total billings from AEGCo for the years ended December 31, 2021 and 2020 were \$93.4 million and \$74.1 million, respectively. The carrying amount of liabilities associated with AEGCo as of December 31, 2021 and 2020 were \$7.9 million and \$4.4 million, respectively. Management estimates the maximum exposure of loss to be equal to the amount of such liability.

**15. PROPERTY, PLANT AND EQUIPMENT**

Property, Plant and Equipment is shown functionally on the face of KPCo's balance sheets. The following table includes KPCo's total plant balances as of December 31, 2021 and 2020:

	<b>December 31,</b>	
	<b>2021</b>	<b>2020</b>
	<b>(in thousands)</b>	
Regulated Property, Plant and Equipment		
Generation	\$ 1,231,494	\$ 1,231,387
Transmission	760,359	703,309
Distribution	1,017,406	955,501
Other	129,250	112,532
CWIP	95,093	83,008
Less: Accumulated Depreciation	1,104,293	1,052,111
Total Regulated Property, Plant and Equipment - Net	<u>2,129,309</u>	<u>2,033,626</u>
Nonregulated Property, Plant and Equipment - Net	8,105	8,271
<b>Total Property, Plant and Equipment - Net</b>	<u><u>\$ 2,137,414</u></u>	<u><u>\$ 2,041,897</u></u>

**Depreciation**

KPCo provides for depreciation of Property, Plant and Equipment on a straight-line basis over the estimated useful lives of property, generally using composite rates by functional class. The following table provides total regulated annual composite depreciation rates and depreciable lives for KPCo. Nonregulated depreciation rate ranges and depreciable life ranges are not applicable or not meaningful for 2021 and 2020.

<b>Functional Class of Property</b>	<b>2021</b>		<b>2020</b>	
	<b>Annual Composite Depreciation Rate</b>	<b>Depreciable Life Ranges</b>	<b>Annual Composite Depreciation Rate</b>	<b>Depreciable Life Ranges</b>
		<b>(in years)</b>		<b>(in years)</b>
Generation	3.0%	69 - 73	2.8%	69 - 73
Transmission	2.6%	37 - 75	2.6%	37 - 75
Distribution	3.4%	11 - 75	3.4%	11 - 75
Other	9.5%	5 - 75	9.5%	5 - 75

The composite depreciation rate generally includes a component for non-asset retirement obligation (non-ARO) removal costs, which is credited to Accumulated Depreciation and Amortization on the balance sheets. Actual removal costs incurred are charged to Accumulated Depreciation and Amortization. Any excess of accrued non-ARO removal costs over actual removal costs incurred is reclassified from Accumulated Depreciation and Amortization and reflected as a regulatory liability.

**Asset Retirement Obligations (ARO)**

KPCo records ARO in accordance with the accounting guidance for “Asset Retirement and Environmental Obligations” for the retirement of ash disposal facilities and asbestos removal. KPCo has identified, but not recognized, ARO liabilities related to electric transmission and distribution assets, as a result of certain easements on property on which assets are owned. Generally, such easements are perpetual and require only the retirement and removal of assets upon the cessation of the property’s use. The retirement obligation is not estimable for such easements since KPCo plans to use its facilities indefinitely. The retirement obligation would only be recognized if and when KPCo abandons or ceases the use of specific easements, which is not expected.

The following is a reconciliation of the 2021 and 2020 aggregate carrying amounts of ARO for KPCo:

<u>Year</u>	<u>ARO as of January 1,</u>	<u>Accretion Expense</u>	<u>Liabilities Incurred</u>	<u>Liabilities Settled (a)</u>	<u>Revisions in Cash Flow Estimates (a)</u>	<u>ARO as of December 31,</u>
(in thousands)						
2021	\$ 24,565	\$ 968	\$ —	\$ (3,227)	\$ (4,609)	\$ 17,697
2020	43,588	1,691	77	(20,426)	(365)	24,565

(a) Primarily related to ash pond closure and asbestos abatement.

**Allowance for Funds Used During Construction**

KPCo’s amounts of allowance for equity and borrowed funds used during construction are summarized in the following table:

	<b>Years Ended December 31,</b>	
	<b>2021</b>	<b>2020</b>
	(in thousands)	
Allowance for Equity Funds Used During Construction	\$ 1,822	\$ 1,170
Allowance for Borrowed Funds Used During Construction	936	1,099

**Jointly-owned Electric Facilities**

KPCo, jointly with WPCo, owns Unit 1 and Unit 2 of the Mitchell Generating Station. KPCo and WPCo each have a 50% ownership of Unit 1 and Unit 2 of the Mitchell Generating Station. Using its own financing, each participating company is obligated to pay its share of the costs in the same proportion as its ownership interest. KPCo’s proportionate share of the operating costs associated with this facility is included in its statements of income and the investment and accumulated depreciation are reflected in its balance sheets under Property, Plant and Equipment as follows:

	<u>Fuel Type</u>	<u>Percent of Ownership</u>	<u>Utility Plant in Service</u>	<u>Construction Work in Progress</u>	<u>Accumulated Depreciation</u>
(in thousands)					
<b>KPCo’s Share as of December 31, 2021</b>					
Mitchell Generating Station, Units 1 and 2 (a)	Coal	50.0 %	\$ 1,049,434	\$ 12,040	\$ 493,124
<b>KPCo’s Share as of December 31, 2020</b>					
Mitchell Generating Station, Units 1 and 2 (a)	Coal	50.0 %	\$ 1,047,564	\$ 40,024	\$ 465,764

(a) Operated by KPCo. In November 2021, AEP made filings seeking approval for a new proposed Mitchell Plant Operations and Maintenance Agreement and Mitchell Plant Ownership Agreement between KPCo and WPCo pursuant to which WPCo would replace KPCo as the operator of the Mitchell Plant. See Note 4 - Rate Matters for additional information.

## 16. REVENUE FROM CONTRACTS WITH CUSTOMERS

### *Disaggregated Revenues from Contracts with Customers*

The table below represents KPSCo's revenues from contracts with customers, net of respective provisions for refund, by type of revenue:

	Years Ended December 31,	
	2021	2020
	(in thousands)	
<b>Retail Revenues:</b>		
Residential Revenues	\$ 282,900	\$ 236,325
Commercial Revenues	160,183	138,813
Industrial Revenues	142,217	121,907

(a) Amounts included affiliate and nonaffiliated revenues.

(b) Amounts included affiliate and nonaffiliated revenues. The affiliated revenues were \$9 million and \$10.6 million for years ended December 31, 2021 and 2020, respectively.

### *Performance Obligations*

KPSCo has performance obligations as part of its normal course of business. A performance obligation is a promise to transfer a distinct good or service, or a series of distinct goods or services that are substantially the same and have the same pattern of transfer to a customer. The invoice practical expedient within the accounting guidance for "Revenue from Contracts with Customers" allows for the recognition of revenue from performance obligations in the amount of consideration to which there is a right to invoice the customer and when the amount for which there is a right to invoice corresponds directly to the value transferred to the customer.

The purpose of the invoice practical expedient is to depict an entity's measure of progress toward completion of the performance obligation within a contract and can only be applied to performance obligations that are satisfied over time and when the invoice is representative of services provided to date. KPSCo elected to apply the invoice practical expedient to recognize revenue for performance obligations satisfied over time as the invoices from the respective revenue streams are representative of services or goods provided to date to the customer. Performance obligations for KPSCo are summarized as follows:

#### *Retail Revenues*

KPSCo has performance obligations to generate, transmit and distribute electricity for sale to rate-regulated retail customers. The performance obligation to deliver electricity is satisfied over time as the customer simultaneously receives and consumes the benefits provided. Revenues are variable as they are subject to the customer's usage requirements.

Rate-regulated retail customers typically have the right to discontinue receiving service at will, therefore the contracts between KPCo and their customers for rate-regulated services are generally limited to the services requested and received to date for such arrangements. Retail customers are generally billed on a monthly basis, and payment is typically due within 15 to 20 days after the issuance of the invoice.

#### *Wholesale Revenues - Generation*

KPCo has performance obligations to sell electricity to wholesale customers from generation assets in PJM. The performance obligation to deliver electricity from generation assets is satisfied over time as the customer simultaneously receives and consumes the benefits provided. Wholesale generation revenues are variable as they are subject to the customer's usage requirements.

KPCo also has performance obligations to stand ready in order to promote grid reliability. Stand ready services are sold into PJM's Reliability Pricing Model (RPM) capacity market. RPM entails a base auction and at least three incremental auctions for a specific PJM delivery year, with the incremental auctions spanning three years. The performance obligation to stand ready is satisfied over time and the consideration for which is variable until the occurrence of the final incremental auction, at which point the performance obligation becomes fixed.

Payments from the RTO for stand ready services are typically received within one week from the issuance of the invoice, which is typically issued weekly. Gross margin resulting from generation sales are primarily subject to margin sharing agreements with customers, where the revenues are reflected gross in the disaggregated revenues table above.

#### *Wholesale Revenues - Transmission*

KPCo has performance obligations to transmit electricity to wholesale customers through assets owned and operated by KPCo and other AEP subsidiaries. The performance obligation to provide transmission services in PJM encompass a time frame greater than a year, where the performance obligation within PJM is partially fixed for a period of one year or less. Payments from the RTO for transmission services are typically received within one week from the issuance of the invoice, which is issued weekly for PJM.

KPCo collects revenues through transmission formula rates. The FERC-approved rates establish the annual transmission revenue requirement (ATRR) and transmission service rates for transmission owners. The formula rates establish rates for a one year period and also include a true-up calculation for the prior year's billings, allowing for over/under-recovery of the transmission owner's ATRR. The annual true-ups meet the definition of alternative revenues in accordance with the accounting guidance for "Regulated Operations," and are therefore presented as such in the disaggregated revenues table above.

The AEP East Companies are parties to the TA, which defines how transmission costs are allocated among the AEP East Companies on a 12-month average coincident peak basis. AEPTCo is a load serving entity within PJM providing transmission services to affiliates in accordance with the OATT and TA. Affiliate revenues as a result of the TA are reflected as Transmission Revenues in the disaggregated revenues table above.

#### *Fixed Performance Obligations*

The following table represents KPCo's remaining fixed performance obligations satisfied over time as of December 31, 2021. Fixed performance obligations primarily include wholesale transmission services, electricity sales for fixed amounts of energy and stand ready services into PJM's RPM market. The amounts shown in the table below include affiliated and nonaffiliated revenues.

<u>2022</u>	<u>2023-2024</u>	<u>2025-2026</u>	<u>After 2026</u>	<u>Total</u>
(in thousands)				
\$ 36,211	\$ 2,870	\$ 2,870	\$ 1,435	\$ 43,386

### ***Contract Assets and Liabilities***

Contract assets are recognized when KPCo has a right to consideration that is conditional upon the occurrence of an event other than the passage of time, such as future performance under a contract. KPCo did not have material contract assets as of December 31, 2021 and 2020, respectively.

When KPCo receives consideration, or such consideration is unconditionally due from a customer prior to transferring goods or services to the customer under the terms of a sales contract, they recognize a contract liability on the balance sheet in the amount of that consideration. Revenue for such consideration is subsequently recognized in the period or periods in which the remaining performance obligations in the contract are satisfied. KPCo's contract liabilities typically arise from advanced payments of services provided primarily with respect to joint use agreements for utility poles. KPCo did not have material contract liabilities as of December 31, 2021 and 2020, respectively.

### ***Accounts Receivable from Contracts with Customers***

Accounts receivable from contracts with customers are presented on KPCo's balance sheets within the Accounts Receivable - Customers line item. KPCo's balances for receivables from contracts that are not recognized in accordance with the accounting guidance for "Revenue from Contracts with Customers" included in Accounts Receivable - Customers were not material as of December 31, 2021 and 2020, respectively. See "Securitized Accounts Receivable - AEP Credit" section of Note 12 for additional information.

The amount of affiliated accounts receivable from contracts with customers included in Accounts Receivable - Affiliated Companies on KPCo's balance sheets were \$9.1 million and \$8.3 million, respectively, as of December 31, 2021 and December 31, 2020.

### ***Contract Costs***

Contract costs to obtain or fulfill a contract are accounted for under the guidance for "Other Assets and Deferred Costs" and presented as a single asset and neither bifurcated nor reclassified between current and noncurrent assets on KPCo's balance sheets. Contract costs to acquire a contract are amortized in a manner consistent with the transfer of goods or services to the customer in Other Operation on KPCo's statements of income. KPCo did not have material contract costs as of December 31, 2021 and 2020, respectively.

**GLOSSARY OF TERMS**

**When the following terms and abbreviations appear in the text of this report, they have the meanings indicated below.**

<b>Term</b>	<b>Meaning</b>
AEGCo	AEP Generating Company, an AEP electric utility subsidiary.
AEP	American Electric Power Company, Inc., an investor-owned electric public utility holding company which includes American Electric Power Company, Inc. (Parent) and majority-owned consolidated subsidiaries and consolidated affiliates.
AEP Credit	AEP Credit, Inc., a consolidated VIE of AEP which securitizes accounts receivable and accrued utility revenues for affiliated electric utility companies.
AEP East Companies	APCo, I&M, KGPCo, KPCCo, OPCo and WPCo.
AEP System	American Electric Power System, an electric system, owned and operated by AEP subsidiaries.
AEPSC	American Electric Power Service Corporation, an AEP service subsidiary providing management and professional services to AEP and its subsidiaries.
AEPTCo	AEP Transmission Company, LLC, a wholly-owned subsidiary of AEP Transmission Holdco, is an intermediate holding company that owns the State Transcos.
AFUDC	Allowance for Equity Funds Used During Construction.
AOCI	Accumulated Other Comprehensive Income.
APCo	Appalachian Power Company, an AEP electric utility subsidiary.
ASU	Accounting Standards Update.
CCR	Coal Combustion Residual.
COVID-19	Coronavirus 2019, a highly infectious respiratory disease. In March 2020, the World Health Organization declared COVID-19 a worldwide pandemic.
CWIP	Construction Work in Progress.
ELG	Effluent Limitation Guidelines.
EIS	Energy Insurance Services, Inc., a nonaffiliated captive insurance company and consolidated VIE of AEP.
Excess ADIT	Excess accumulated deferred income taxes.
FAC	Fuel Adjustment Clause.
FASB	Financial Accounting Standards Board.
Federal EPA	United States Environmental Protection Agency.
FERC	Federal Energy Regulatory Commission.
FTR	Financial Transmission Right, a financial instrument that entitles the holder to receive compensation for certain congestion-related transmission charges that arise when the power grid is congested resulting in differences in locational prices.
GAAP	Accounting Principles Generally Accepted in the United States of America.
I&M	Indiana Michigan Power Company, an AEP electric utility subsidiary.
IRS	Internal Revenue Service.
ITC	Investment Tax Credit.
KGPCo	Kingsport Power Company, an AEP electric utility subsidiary.
KPCCo	Kentucky Power Company, an AEP electric utility subsidiary.
KPSC	Kentucky Public Service Commission.
KTCO	AEP Kentucky Transmission Company, Inc., a wholly-owned AEPTCo transmission subsidiary.
Liberty	Liberty Utilities Co., a subsidiary of Algonquin Power & Utilities Corporation.
MTM	Mark-to-Market.
MW	Megawatt.
MWh	Megawatt-hour.
NO <sub>x</sub>	Nitrogen oxide.
OATT	Open Access Transmission Tariff.
OPCo	Ohio Power Company, an AEP electric utility subsidiary.

<b>Term</b>	<b>Meaning</b>
OPEB	Other Postretirement Benefits.
Operating Agreement	Agreement, dated January 1, 1997, as amended, by and among PSO and SWEPCo governing generating capacity allocation, energy pricing, and revenues and costs of third-party sales. AEPSC acts as the agent.
OTC	Over-the-counter.
Parent	American Electric Power Company, Inc., the equity owner of AEP subsidiaries within the AEP consolidation.
PCA	Power Coordination Agreement among APCo, I&M, KPCo and WPCo.
PJM	Pennsylvania – New Jersey – Maryland regional transmission organization.
PSO	Public Service Company of Oklahoma, an AEP electric utility subsidiary.
PUCO	Public Utilities Commission of Ohio.
Risk Management Contracts	Trading and non-trading derivatives, including those derivatives designated as cash flow and fair value hedges.
Rockport Plant	A generation plant, jointly-owned by AEGCo and I&M, consisting of two 1,310 MW coal-fired generating units near Rockport, Indiana.
ROE	Return on Equity.
RPM	Reliability Pricing Model.
RTO	Regional Transmission Organization, responsible for moving electricity over large interstate areas.
SIA	System Integration Agreement, effective June 15, 2000, as amended, provides contractual basis for coordinated planning, operation and maintenance of the power supply sources of the combined AEP.
SPP	Southwest Power Pool regional transmission organization.
SWEPCo	Southwestern Electric Power Company, an AEP electric utility subsidiary.
TA	Transmission Agreement, effective November 2010, among APCo, I&M, KGPCo, KPCo, OPCo and WPCo with AEPSC as agent.
Tax Reform	On December 22, 2017, President Trump signed into law legislation referred to as the “Tax Cuts and Jobs Act” (the TCJA). The TCJA includes significant changes to the Internal Revenue Code of 1986, including a reduction in the corporate federal income tax rate from 35% to 21% effective January 1, 2018.
UPA	Unit Power Agreement.
Utility Money Pool	Centralized funding mechanism AEP uses to meet the short-term cash requirements of certain utility subsidiaries.
VIE	Variable Interest Entity.
WPCo	Wheeling Power Company, an AEP electric utility subsidiary.
WPSC	West Virginia Public Service Commission.

## **Report of Independent Auditors**

To the Management and Board of Directors of Kentucky Power Company

### ***Opinion***

We have audited the accompanying financial statements of Kentucky Power Company (the “Company”), which comprise the balance sheets as of December 31, 2022 and 2021, and the related statements of income, of comprehensive income (loss), of changes in common shareholder's equity and of cash flows for the years then ended, including the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

### ***Auditors’ Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **ORGANIZATION**

As a public utility, KPCo engages in the generation and purchase of electric power, and the subsequent sale, transmission and distribution of that power to approximately 163,000 retail customers in its service territory in eastern Kentucky. KPCo also sells power at wholesale to municipalities.

In December 2022, the UPA between AEGCo, an affiliated company, and KPCo ended upon the termination of the Rockport Plant, Unit 2 lease. The UPA allowed KPCo to purchase 30% of AEGCo's 50% capacity of Rockport Plant, Unit 2. Following the end of the lease, KPCo reached an agreement with I&M, an affiliated company, to purchase capacity from Rockport Plant, Unit 2 through May 2024 at a rate equal to PJM's RPM clearing price.

To minimize the credit requirements and operating constraints when operating within PJM, participating AEP companies, including KPCo, agreed to a netting of certain payment obligations incurred by the participating AEP companies against certain balances due to such AEP companies and to hold PJM harmless from actions that any one or more AEP companies may take with respect to PJM.

### **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### ***Rates and Service Regulation***

KPCo's rates are regulated by the FERC and the KPSC. The FERC also regulates KPCo's affiliated transactions, including AEPSC intercompany service billings which are generally at cost, under the 2005 Public Utility Holding Company Act and the Federal Power Act. The FERC also has jurisdiction over certain issuances and acquisitions of securities of public utility subsidiaries, the acquisition or sale of certain utility assets and mergers with another electric utility or holding company. For non-power goods and services, the FERC requires a nonregulated affiliate to bill an affiliated public utility company at no more than market while a public utility must bill the higher of cost or market to a nonregulated affiliate. The KPSC also regulates certain intercompany transactions under its affiliate statutes. Both the FERC and state regulatory commissions are permitted to review and audit the relevant books and records of companies within a public utility holding company system.

The FERC regulates wholesale power markets, wholesale power transactions and wholesale transmission operations and rates. KPCo's wholesale power transactions are generally market-based. Wholesale power transactions are cost-based regulated when KPCo negotiates and files a cost-based contract with the FERC or the FERC determines that KPCo has "market power" in the region where the transaction occurs. KPCo has entered into wholesale power supply contracts with various municipalities that are FERC-regulated, cost-based contracts. These contracts are generally formula rate mechanisms, which are trued-up to actual costs annually.

The KPSC regulates all of the distribution operations and rates and retail transmission rates on a cost basis. The KPSC also regulates retail generation/power supply operations and rates.

In addition, the FERC regulates the SIA and the TA, which allocate shared system costs and revenues among the utility subsidiaries that are parties to each agreement. The FERC also regulates the PCA. See Note 13 - Related Party Transactions for additional information.

#### ***Accounting for the Effects of Cost-Based Regulation***

As a rate-regulated electric public utility company, KPCo's financial statements reflect the actions of regulators that result in the recognition of certain revenues and expenses in different time periods than enterprises that are not rate-regulated. In accordance with accounting guidance for "Regulated Operations," KPCo records regulatory assets (deferred expenses) and regulatory liabilities (deferred revenue reductions or refunds) to reflect the economic effects of regulation in the same accounting period by matching expenses with their recovery through regulated revenues and by matching income with its passage to customers in cost-based regulated rates.

### ***Use of Estimates***

The preparation of these financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. These estimates include but are not limited to inventory valuation, allowance for doubtful accounts, long-lived asset impairment, unbilled electricity revenue, valuation of long-term energy contracts, the effects of regulation, long-lived asset recovery, storm costs, the effects of contingencies and certain assumptions made in accounting for pension and postretirement benefits. The estimates and assumptions used are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results could ultimately differ from those estimates.

### ***Cash and Cash Equivalents***

Cash and Cash Equivalents include temporary cash investments with original maturities of three months or less.

### ***AEP System Tax Allocation***

KPCo joins in the filing of a consolidated federal income tax return with its affiliates in the AEP System. Historically, the allocation of the AEP System's current consolidated federal income tax to the AEP System companies allocated the benefit of current tax loss of the parent company (Parent Company Loss Benefit) to the AEP System subsidiaries through a reduction of current tax expense. In the first quarter of 2022, AEP and subsidiaries changed accounting for the Parent Company Loss Benefit from a reduction of current tax expense to an allocation through equity. The impact of this change was immaterial to KPCo's financial statements. The consolidated net operating losses of the AEP System is allocated to each company in the consolidated group with taxable loss. With the exception of the allocation of the consolidated AEP System net operating losses, the loss of the Parent and tax credits, the method of allocation reflects a separate return result for each company in the consolidated group.

### ***Inventory***

Fossil fuel inventories and materials and supplies inventories are carried at average cost.

### ***Accounts Receivable***

Customer accounts receivable primarily include receivables from wholesale and retail energy customers, receivables from energy contract counterparties related to risk management activities and customer receivables primarily related to other revenue-generating activities.

Revenue is recognized from electric power sales when power is delivered to customers. To the extent that deliveries have occurred but a bill has not been issued, KPCo accrues and recognizes, as Accrued Unbilled Revenues on the balance sheets, an estimate of the revenues for energy delivered since the last billing.

### ***Allowance for Uncollectible Accounts***

Prior to the first quarter of 2022, KPCo sold, without recourse, certain of its customer accounts receivable and accrued unbilled revenue balances to AEP Credit under an affiliated receivables sales arrangement. Under the arrangement, KPCo was charged a fee for each sale based on AEP Credit's financing costs, administrative costs and uncollectible accounts experience from previous purchases of KPCo's customer accounts receivable. As a result, no allowance for uncollectible accounts was recognized within KPCo's financial statements for customer accounts receivable sold to AEP Credit, and any bad debt stemming from these receivables would be recognized by AEP Credit. KPCo terminated selling accounts receivable to AEP Credit in the first quarter of 2022, based on the pending sale to Liberty. As a result of the termination, in the first quarter of 2022, KPCo recorded an allowance for uncollectible accounts on its balance sheet for those receivables no longer sold to AEP Credit. KPCo's bad debt reserve is calculated based on a rolling two-year average write-off in proportion to gross accounts receivable.

***Concentrations of Credit Risk and Significant Customers***

KPCo had a significant customer which accounts for the following percentages of Total Revenues for the years ended December 31 and Accounts Receivable – Customers as of December 31:

<b>Significant Customer of KPCo: Marathon Petroleum Company</b>	<b>2022</b>	<b>2021</b>
Percentage of Total Revenues	14 %	12 %
Percentage of Accounts Receivable – Customers	14 %	45 %

Management monitors credit levels and the financial condition of KPCo’s customers on a continuous basis to minimize credit risk. The KPSC allows recovery in rates for a reasonable level of bad debt costs. Management believes adequate provision for credit loss has been made in the accompanying financial statements.

***Property, Plant and Equipment***

Electric utility property, plant and equipment are stated at original cost. Additions, major replacements and betterments are added to the plant accounts. Under the group composite method of depreciation, continuous interim routine replacements of items such as boiler tubes, pumps, motors, etc. result in original cost retirements, less salvage, being charged to accumulated depreciation. The group composite method of depreciation assumes that on average, asset components are retired at the end of their useful lives and thus there is no gain or loss. The equipment in each primary electric plant account is identified as a separate group. The depreciation rates that are established take into account the past history of interim capital replacements and the amount of removal cost incurred and salvage received. These rates and the related lives are subject to periodic review. Removal costs accrued are typically recorded as regulatory liabilities when the revenue received for removal costs accrued exceeds actual removal costs incurred. The asset removal costs liability is relieved as removal costs are incurred. A regulatory asset balance will occur if actual removal costs incurred exceed accumulated removal costs accrued.

The costs of labor, materials and overhead incurred to operate and maintain plant and equipment are included in operating expenses.

Long-lived assets are required to be tested for impairment when it is determined that the carrying value of the assets may no longer be recoverable or when the assets meet the held-for-sale criteria under the accounting guidance for “Impairment or Disposal of Long-Lived Assets.” When it becomes probable that an asset in-service or an asset under construction will be abandoned and regulatory cost recovery has been disallowed or is not probable, the cost of that asset shall be written down to its then current estimated fair value, with the change charged to expense, and the asset is removed from plant-in-service or CWIP.

The fair value of an asset is the amount at which that asset could be bought or sold in a current transaction between willing parties, as opposed to a forced or liquidation sale. Quoted market prices in active markets are the best evidence of fair value and are used as the basis for the measurement, if available. In the absence of quoted prices for identical or similar assets in active markets, fair value is estimated using various internal and external valuation methods including cash flow analysis and appraisals.

***Allowance for Funds Used During Construction***

AFUDC represents the estimated cost of borrowed and equity funds used to finance construction projects that is capitalized and recovered through depreciation over the service life of regulated electric utility plant. KPCo records the equity component of AFUDC in Allowance for Equity Funds Used During Construction and the debt component of AFUDC as a reduction to Interest Expense.

### ***Asset Retirement Obligations (ARO)***

KPCo records ARO in accordance with the accounting guidance for “Asset Retirement and Environmental Obligations” for legal obligations for asbestos removal and for the retirement of certain ash disposal facilities. AROs are computed as the present value of the estimated costs associated with the future retirement of an asset and are recorded in the period in which the liability is incurred. Estimates of the timing and amounts of future cash outlays are based on projections of when and how the assets will be decommissioned, inflation, and discount rate, which may change significantly over time. The estimated costs are capitalized as part of the related long-lived asset and depreciated over the asset's useful life. KPCo has identified, but not recognized, ARO liabilities related to electric transmission and distribution assets as a result of certain easements on property on which assets are owned. Generally, such easements are perpetual and require only the retirement and removal of assets upon the cessation of the property's use. The retirement obligation is not estimable for such easements since KPCo plans to use their facilities indefinitely. The retirement obligation would only be recognized if and when the Registrants abandon or cease the use of specific easements, which is not expected.

### ***Valuation of Nonderivative Financial Instruments***

The book values of Cash and Cash Equivalents, Advances from Affiliates, Accounts Receivable and Accounts Payable approximate fair value because of the short-term maturity of these instruments.

### ***Fair Value Measurements of Assets and Liabilities***

The accounting guidance for “Fair Value Measurements and Disclosures” establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Where observable inputs are available for substantially the full term of the asset or liability, the instrument is categorized in Level 2. When quoted market prices are not available, pricing may be completed using comparable securities, dealer values, operating data and general market conditions to determine fair value. Valuation models utilize various inputs such as commodity, interest rate and, to a lesser degree, volatility and credit that include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, market corroborated inputs (i.e. inputs derived principally from, or correlated to, observable market data) and other observable inputs for the asset or liability.

For commercial activities, exchange-traded derivatives, namely futures contracts, are generally fair valued based on unadjusted quoted prices in active markets and are classified as Level 1. Level 2 inputs primarily consist of OTC broker quotes in moderately active or less active markets, as well as exchange-traded derivatives where there is insufficient market liquidity to warrant inclusion in Level 1. Management verifies price curves using these broker quotes and classifies these fair values within Level 2 when substantially all of the fair value can be corroborated. Management typically obtains multiple broker quotes, which are nonbinding in nature but are based on recent trades in the marketplace. When multiple broker quotes are obtained, the quoted bid and ask prices are averaged. In certain circumstances, a broker quote may be discarded if it is a clear outlier. Management uses a historical correlation analysis between the broker quoted location and the illiquid locations. If the points are highly correlated, these locations are included within Level 2 as well. Certain OTC and bilaterally executed derivative instruments are executed in less active markets with a lower availability of pricing information. Illiquid transactions, complex structured transactions, FTRs and counterparty credit risk may require nonmarket-based inputs. Some of these inputs may be internally developed or extrapolated and utilized to estimate fair value. When such inputs have a significant impact on the measurement of fair value, the instrument is categorized as Level 3. The main driver of contracts being classified as Level 3 is the inability to substantiate energy price curves in the market. A portion of the Level 3 instruments have been economically hedged which limits potential earnings volatility.

AEP utilizes its trustee's external pricing service to estimate the fair value of the underlying investments held in the benefit plan trusts. AEP's investment managers review and validate the prices utilized by the trustee to determine fair value. AEP's management performs its own valuation testing to verify the fair values of the securities. AEP receives audit reports of the trustee's operating controls and valuation processes.

Assets in the benefits trusts are classified using the following methods. Equities are classified as Level 1 holdings if they are actively traded on exchanges. Items classified as Level 1 are investments in money market funds, fixed income and equity mutual funds and equity securities. They are valued based on observable inputs primarily unadjusted quoted prices in active markets for identical assets. Items classified as Level 2 are primarily investments in individual fixed income securities. Fixed income securities generally do not trade on exchanges and do not have an official closing price but their valuation inputs are based on observable market data. Pricing vendors calculate bond valuations using financial models and matrices. The models use observable inputs including yields on benchmark securities, quotes by securities brokers, rating agency actions, discounts or premiums on securities compared to par prices, changes in yields for U.S. Treasury securities, corporate actions by bond issuers, prepayment schedules and histories, economic events and, for certain securities, adjustments to yields to reflect changes in the rate of inflation. Other securities with model-derived valuation inputs that are observable are also classified as Level 2 investments. Investments with unobservable valuation inputs are classified as Level 3 investments. Investments classified as Other are valued using Net Asset Value as a practical expedient. Items classified as Other are primarily cash equivalent funds, common collective trusts, commingled funds, structured products, private equity, real estate, infrastructure and alternative credit investments. These investments do not have a readily determinable fair value or they contain redemption restrictions which may include the right to suspend redemptions under certain circumstances. Redemption restrictions may also prevent certain investments from being redeemed at the reporting date for the underlying value.

### ***Deferred Fuel Costs***

The cost of fuel and related emission allowances and emission control chemicals/consumables is charged to Fuel and Other Consumables Used for Electric Generation expense when the fuel is burned or the allowance or consumable is utilized. In regulated jurisdictions with an active FAC, fuel cost over-recoveries (the excess of fuel-related revenues over applicable fuel costs incurred) are generally deferred as current regulatory liabilities and under-recoveries (the excess of applicable fuel costs incurred over fuel-related revenues) are generally deferred as current regulatory assets. Fuel cost over-recovery and under-recovery balances are classified as noncurrent when there is an expectation that refunds or recoveries will extend beyond a one year period, based on a company's filing with a commission or a commission directive. These deferrals are amortized when refunded or when billed to customers in later months with the KPSC's review and approval. The amount of an over-recovery or under-recovery can also be affected by actions of the KPSC. On a routine basis, the KPSC reviews and/or audits KPCo's fuel procurement policies and practices, the fuel cost calculations and FAC deferrals. FAC deferrals are adjusted when costs are no longer probable of recovery or when refunds of fuel reserves are probable. Changes in fuel costs, including purchased power, are reflected in rates in a timely manner through the FAC. A portion of margins from off-system sales are given to customers through the FAC.

### ***Revenue Recognition***

#### ***Regulatory Accounting***

KPCo's financial statements reflect the actions of regulators that can result in the recognition of revenues and expenses in different time periods than enterprises that are not rate-regulated. Regulatory assets (deferred expenses or alternative revenues recognized in accordance with the guidance for "Regulated Operations") and regulatory liabilities (deferred revenue reductions or refunds) are recorded to reflect the economic effects of regulation in the same accounting period by matching expenses with their recovery through regulated revenues and by matching revenue with its passage to customers in cost-based regulated rates.

When regulatory assets are probable of recovery through regulated rates, KPCo records them as assets on its balance sheets. Regulatory assets are reviewed for probability of recovery at each balance sheet date or whenever new events occur. Examples of new events include the issuance of a regulatory commission order or passage of new legislation. If it is determined that recovery of a regulatory asset is no longer probable, KPCo derecognizes that regulatory asset as a charge against income.

### *Electricity Supply and Delivery Activities*

KPCo recognizes revenues from customers for retail and wholesale electricity sales and electricity transmission and distribution delivery services. KPCo recognizes such revenues on the statements of income as the performance obligations of delivering energy to customers are satisfied. Recognized revenues include unbilled as well as-billed amounts. Wholesale transmission revenue is based on a FERC-approved formula rate filing made for each calendar year using estimated costs. Revenues initially recognized per the annual rate filing are compared to actual costs, resulting in the subsequent recognition of an over or under-recovered amount, with interest, that is refunded or recovered, respectively, in a future year's rates. The annual true-up meets the definition of alternative revenues in accordance with the accounting guidance for "Regulated Operations". An estimated annual true-up is recorded by KPCo in the fourth quarter of each calendar year and a final annual true-up is recognized by KPCo in the second quarter of each calendar year following the filing of the annual FERC report. Any portion of the true-up applicable to an affiliated company is recorded as Accounts Receivable - Affiliated Companies or Accounts Payable - Affiliated Companies on the balance sheets. Any portion of the true-ups applicable to third-parties is recorded as Regulatory Assets or Regulatory Liabilities on the balance sheets. See Note 16 - Revenue from Contracts with Customers for additional information.

### *Gross versus Net Presentation of Certain Electricity Supply and Delivery Activities*

The power produced at KPCo's generation plants is sold to PJM. KPCo also purchases power from PJM to supply power to its customers. Generally, these power sales and purchases are reported on a net basis in revenues on the statements of income. However, purchases of power in excess of sales to PJM, on an hourly net basis, used to serve retail load are recorded gross as Purchased Electricity for Resale on the statements of income.

Physical energy purchases arising from non-derivative contracts are accounted for on a gross basis in Purchased Electricity for Resale on the statements of income. Energy purchases arising from non-trading derivative contracts are recorded based on the transaction's facts and circumstances. Purchases under non-trading derivatives used to serve accrual based obligations are recorded in Purchased Electricity for Resale on the statements of income. All other non-trading derivative purchases are recorded net in revenues.

In general, KPCo records expenses when purchased electricity is received and when expenses are incurred, with the exception of certain power purchase contracts that are derivatives and accounted for using MTM accounting. KPCo defers the unrealized MTM amounts as regulatory assets (for losses) and regulatory liabilities (for gains).

### *Energy Marketing and Risk Management Activities*

KPCo engages in power marketing as a major power producer and participant in electricity markets. KPCo also engages in power, capacity, coal, natural gas and, to a lesser extent, heating oil, gasoline and other commodity risk management activities focused on markets where the AEP System owns assets and on adjacent markets. These activities include the purchase-and-sale of energy under forward contracts at fixed and variable prices. These contracts include physical transactions, exchange-traded futures, and to a lesser extent, OTC swaps and options. Certain energy marketing and risk management transactions are with RTOs.

KPCo recognizes revenues from marketing and risk management transactions that are not derivatives as the performance obligation of delivering the commodity is satisfied. Expenses from marketing and risk management transactions that are not derivatives are also recognized upon delivery of the commodity.

KPCo uses MTM accounting for marketing and risk management transactions that are derivatives unless the derivative is designated in a qualifying cash flow hedge relationship or elected normal under the normal purchase normal sale election. Unrealized MTM gains and losses are included on KPCo's balance sheets as Risk Management Assets or Liabilities, as appropriate, and on KPCo's statements of income in Total Revenues. Realized gains and losses on marketing and risk management transactions are included in revenues or expenses based on the transaction's facts and circumstances. However, in regulated jurisdictions subject to cost-based regulation, unrealized MTM amounts and some realized gains and losses are deferred as regulatory assets (for losses) and regulatory liabilities (for gains).

Certain qualifying marketing and risk management derivative transactions are designated as hedges of variability in future cash flows as a result of forecasted transactions (cash flow hedge). In the event KPCo designates a cash flow hedge, the cash flow hedge's gain or loss is initially recorded as a component of AOCI. When the forecasted transaction is realized and affects net income, KPCo subsequently reclassifies the gain or loss on the hedge from AOCI into revenues or expenses within the same financial statement line item as the forecasted transaction on the statements of income. See "Accounting for Cash Flow Hedging Strategies" section of Note 8.

### ***Maintenance***

Maintenance costs are expensed as incurred. If it becomes probable that KPCo will recover specifically-incurred costs through future rates, a regulatory asset is established to match the expensing of those maintenance costs with their recovery in cost-based regulated revenues.

### ***Income Taxes***

KPCo uses the liability method of accounting for income taxes. Under the liability method, deferred income taxes are provided for all temporary differences between the book and tax basis of assets and liabilities which will result in a future tax consequence. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

When the flow-through method of accounting for temporary differences is reflected in regulated revenues (that is, when deferred taxes are not included in the cost-of-service for determining regulated rates for electricity), deferred income taxes are recorded and related regulatory assets and liabilities are established to match the regulated revenues and tax expense.

KPCo accounts for uncertain tax positions in accordance with the accounting guidance for "Income Taxes." KPCo classifies interest expense or income related to uncertain tax positions as interest expense or income as appropriate and classifies penalties as Other Operation expense.

### ***Excise Taxes***

As an agent for some state and local governments, KPCo collects from customers certain excise taxes levied by those state or local governments on customers. KPCo does not recognize these taxes as revenue or expense.

### ***Debt***

Gains and losses from the reacquisition of debt used to finance regulated electric utility plants are deferred and amortized over the remaining term of the reacquired debt in accordance with their rate-making treatment unless the debt is refinanced. If the reacquired debt is refinanced, the reacquisition costs are generally deferred and amortized over the term of the replacement debt consistent with its recovery in rates.

Debt discount or premium and debt issuance expenses are deferred and amortized generally utilizing the straight-line method over the term of the related debt. The straight-line method approximates the effective interest method and is consistent with the treatment in rates for regulated operations. The net amortization expense is included in Interest Expense on the statements of income.

***Pension and OPEB Plans***

KPCo participates in an AEP sponsored qualified pension plan and two unfunded non-qualified pension plans. Substantially all of KPCo's employees are covered by the qualified plan or both the qualified and non-qualified pension plans. KPCo also participates in OPEB plans sponsored by AEP to provide health and life insurance benefits for retired employees. KPCo accounts for its participation in the AEP sponsored pension and OPEB plans using multiple-employer accounting. See Note 7 - Benefit Plans for additional information including significant accounting policies associated with the plans.

***Investments Held in Trust for Future Liabilities***

AEP has several trust funds with significant investments intended to provide for future payments of pension and OPEB benefits. All of the trust funds' investments are diversified and managed in compliance with all laws and regulations. The investment strategy for the trust funds is to use a diversified portfolio of investments to achieve an acceptable rate of return while managing the investment risk of the assets relative to the associated liabilities. To minimize investment risk, the trust funds are broadly diversified among classes of assets, investment strategies and investment managers. Management regularly reviews the actual asset allocations and periodically rebalances the investments to targeted allocations when appropriate. Investment policies and guidelines allow investment managers in approved strategies to use financial derivatives to obtain or manage market exposures and to hedge assets and liabilities. The investments are reported at fair value under the "Fair Value Measurements and Disclosures" accounting guidance.

***Benefit Plans***

All benefit plan assets are invested in accordance with each plan's investment policy. The investment policy outlines the investment objectives, strategies and target asset allocations by plan.

The investment philosophies for AEP's benefit plans support the allocation of assets to minimize risks and optimize net returns. Strategies used include:

- Maintaining a long-term investment horizon.
- Diversifying assets to help control volatility of returns at acceptable levels.
- Managing fees, transaction costs and tax liabilities to maximize investment earnings.
- Using active management of investments where appropriate risk/return opportunities exist.
- Keeping portfolio structure style-neutral to limit volatility compared to applicable benchmarks.
- Using alternative asset classes such as real estate and private equity to maximize return and provide additional portfolio diversification.

The objective of the investment policy for the pension fund is to maintain the funded status of the plan while providing for growth in the plan assets to offset the growth in the plan liabilities. The current target asset allocations are as follows:

<b>Pension Plan Assets</b>	<b>Target</b>
Equity	30 %
Fixed Income	54 %
Other Investments	15 %
Cash and Cash Equivalents	1 %
<b>OPEB Plans Assets</b>	<b>Target</b>
Equity	59 %
Fixed Income	40 %
Cash and Cash Equivalents	1 %

The investment policy for each benefit plan contains various investment limitations. The investment policies establish concentration limits for securities and prohibit the purchase of securities issued by AEP (with the exception of proportionate and immaterial holdings of AEP securities in passive index strategies or certain commingled funds). However, the investment policies do not preclude the benefit trust funds from receiving contributions in the form of AEP securities, provided that the AEP securities acquired by each plan may not exceed the limitations imposed by law.

For equity investments, the concentration limits are generally as follows:

- No security in excess of 5% of all equities.
- Cash equivalents must be less than 10% of an investment manager's equity portfolio.
- No individual stock may be more than 10% and 7% for pension and OPEB investments, respectively, of each manager's equity portfolio.
- No securities may be bought or sold on margin or other use of leverage.

For fixed income investments, each investment manager's portfolio is compared to investment grade, diversified long and intermediate benchmark indices.

A portion of the pension assets is invested in real estate funds to provide diversification, add return and hedge against inflation. Real estate properties are illiquid, difficult to value and not actively traded. The pension plan uses external real estate investment managers to invest in commingled funds that hold real estate properties. To mitigate investment risk in the real estate portfolio, commingled real estate funds are used to ensure that holdings are diversified by region, property type and risk classification. Real estate holdings include core, value-added and opportunistic classifications.

A portion of the pension assets is invested in private equity. Private equity investments add return and provide diversification and typically require a long-term time horizon to evaluate investment performance. Private equity is classified as an alternative investment because it is illiquid, difficult to value and not actively traded. The pension plan uses limited partnerships to invest across the private equity investment spectrum. The private equity holdings are with multiple general partners who help monitor the investments and provide investment selection expertise. The holdings are currently comprised of venture capital, buyout and hybrid debt and equity investments.

AEP participates in a securities lending program with BNY Mellon to provide incremental income on idle assets and to provide income to offset custody fees and other administrative expenses. AEP lends securities to borrowers approved by BNY Mellon in exchange for collateral. All loans are collateralized by at least 102% of the loaned asset's market value and the collateral is invested. The difference between the rebate owed to the borrower and the collateral rate of return determines the earnings on the loaned security. The securities lending program's objective is to provide modest incremental income with a limited increase in risk. As of December 31, 2022 and 2021, the fair value of securities on loan as part of the program was \$83 million and \$137 million, respectively. Cash and securities obtained as collateral exceeded the fair value of the securities loaned as of December 31, 2022 and 2021.

Trust owned life insurance (TOLI) underwritten by The Prudential Insurance Company is held in the OPEB plan trusts. The strategy for holding life insurance contracts in the taxable Voluntary Employees' Beneficiary Association trust is to minimize taxes paid on the asset growth in the trust. Earnings on plan assets are tax-deferred within the TOLI contract and can be tax-free if held until claims are paid. Life insurance proceeds remain in the trust and are used to fund future retiree medical benefit liabilities. With consideration to other investments held in the trust, the cash value of the TOLI contracts is invested in two diversified funds. A portion is invested in a commingled fund with underlying investments in stocks that are actively traded on major international equity exchanges. The other portion of the TOLI cash value is invested in a diversified, commingled fixed income fund with underlying investments in government bonds, corporate bonds and asset-backed securities.

Cash and cash equivalents are held in each trust to provide liquidity and meet short-term cash needs. Cash equivalent funds are used to provide diversification and preserve principal. The underlying holdings in the cash funds are investment grade money market instruments including commercial paper, certificates of deposit, treasury bills and other types of investment grade short-term debt securities. The cash funds are valued each business day and provide daily liquidity.

### ***Comprehensive Income (Loss)***

Comprehensive income (loss) is defined as the change in equity (net assets) of a business enterprise during a period from transactions and other events and circumstances from non-owner sources. It includes all changes in equity during a period except those resulting from investments by owners and distributions to owners. Comprehensive income (loss) has two components: net income (loss) and other comprehensive income (loss).

### ***Earnings Per Share (EPS)***

KPCo is a wholly-owned subsidiary of AEP. Therefore, KPCo is not required to report EPS.

### ***Supplementary Income Statement Information***

The following table provides the components of Depreciation and Amortization for the years ended December 31, 2022 and 2021:

<b>Depreciation and Amortization</b>	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Depreciation and Amortization of Property, Plant and Equipment	\$ 108,301	\$ 102,390
Amortization of Regulatory Assets and Liabilities	14,937	12,707
<b>Total Depreciation and Amortization</b>	<b>\$ 123,238</b>	<b>\$ 115,097</b>

### ***Disposition of KPCo and KTCo***

In October 2021, AEP entered into a Stock Purchase Agreement (SPA) to sell KPCo and KTCo to Liberty Utilities Co., a subsidiary of Algonquin Power & Utilities Corp. (Liberty), for approximately a \$2.85 billion enterprise value. In May 2022, the KPSC approved the transfer of KPCo to Liberty subject to certain conditions contingent upon the closing of the sale. AEP has received clearance under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (HSR) and the Committee on Foreign Investment in the United States during 2022. Clearance under the HSR expired in January 2023. AEP and Liberty refiled a joint application seeking HSR clearance in February 2023. The sale is also contingent upon FERC approval under Section 203 of the Federal Power Act. The parties to the SPA have certain termination rights if the closing of the sale does not occur by April 26, 2023.

### ***Transfer of Ownership***

#### **FERC Proceedings**

In December 2021, Liberty, KPCo and KTCo (the applicants) requested FERC approval of the sale under Section 203 of the Federal Power Act. In February 2022, several intervenors in the case filed protests related to whether the sale will negatively impact the wholesale transmission rates of applicants. In April 2022, the FERC issued a deficiency letter stating that the Section 203 application is deficient and that additional information is required to process it. In May 2022, Liberty, KPCo and KTCo supplemented the application. In December 2022, the FERC issued an order denying, without prejudice, authorization of the proposed sale stating the applicants failed to demonstrate the proposed transaction will not have an adverse effect on rates.

In January 2023, AEP, AEPTCo, and Liberty entered into an amendment to the SPA that specified the applicants will submit a new filing for approval under Section 203 of the Federal Power Act. The new filing was submitted to the FERC on February 14, 2023. The applicants requested expedited treatment of the new filing, including an

accelerated comment period. In response, the FERC granted a shortened 45 day comment period. The applicants believe the new Section 203 application addresses the concerns raised in the FERC's December 2022 order. The application contains several additional commitments by Liberty to mitigate potential adverse impacts on FERC jurisdictional rates over the next five years, including: a) maintaining the current return on equity; b) maintaining the current cost cap on equity; c) financing future investments at the current credit rating; and d) capping certain operating and administrative costs. The sale remains subject to FERC approval. The statute requires an order from the FERC within 180 days of the February 14, 2023 filing date in accordance with Section 203 of the Federal Power Act.

### **KPSC Proceedings**

In May 2022, the KPSC approved the transfer of KPCo to Liberty subject to conditions contingent upon the closing of the sale, including establishment of regulatory liabilities to subsidize retail customer transmission and distribution expenses, a fuel adjustment clause bill credit, and a three-year Big Sandy decommissioning rider rate holiday during which KPCo's carrying charge is reduced by 50%.

### *Mitchell Plant Operations and Maintenance Agreement and Ownership Agreement*

KPCo and WPCo each own a 50% undivided interest in the 1,560 MW coal-fired Mitchell Plant. As of December 31, 2022 and 2021, the net book value of KPCo's share of the Mitchell Plant, before cost of removal including CWIP and inventory, was \$577 million and \$586 million, respectively. The SPA includes a condition precedent to closing requiring the issuance of regulatory orders approving new Mitchell Plant agreements.

The KPSC and WVPSC issued orders proposing materially different modifications to the Mitchell Plant agreements filed by AEP such that the new agreements could not be executed by the parties. In lieu of new agreements, in July 2022, KPCo and WPCo confirmed with the KPSC and WVPSC, respectively, that they will continue operating under the existing Mitchell Agreement, utilizing the Mitchell Agreement Operating Committee's authority under that agreement to issue appropriate resolutions so the parties can operate in accordance with each state commission's directives related to CCR and ELG investment. In September 2022, pursuant to resolutions under the existing Mitchell Plant agreement, WPCo replaced KPCo as the Operator of Mitchell Plant.

### *Summary*

Management believes it is probable that FERC authorization under Section 203 of the Federal Power Act will be received and closing will occur after receipt of the order with Liberty acquiring the assets and assuming the liabilities of KPCo and KTCo, excluding pension and other post-retirement benefit plan assets and liabilities. AEP expects to provide customary transition services to Liberty for a period of time after closing of the transaction.

In June 2022, KPCo entered into agreements to purchase assets under lease, terminating remaining lease obligations prior to the original maturity date. As a result of the early terminations, current obligations under operating and finance leases of \$1.9 million and \$583 thousand, respectively, and noncurrent obligations under operating and finance leases of \$7.2 million and \$1.4 million, respectively, were relieved from KPCo's balance sheet in the second quarter of 2022.

### *Subsequent Events*

Management reviewed subsequent events through February 23, 2023, the date that KPCo's 2022 annual report was available to be issued.

## **2. NEW ACCOUNTING STANDARDS**

During the FASB's standard-setting process and upon issuance of final standards, management reviews the new accounting literature to determine its relevance, if any, to KPCo's business. There are no new standards expected to have a material impact on KPCo's financial statements.

### 3. COMPREHENSIVE INCOME

#### *Presentation of Comprehensive Income*

The following tables provide the components of changes in AOCI and details of reclassifications from AOCI for the years ended December 31, 2022 and 2021. The amortization of pension and OPEB AOCI components are included in the computation of net periodic pension and OPEB costs. See Note 7 - Benefit Plans for additional details.

	<b>Pension and OPEB</b>		<b>Total</b>

#### **4. RATE MATTERS**

KPCo is involved in rate and regulatory proceedings at the FERC and the KPSC. Rate matters can have a material impact on net income, cash flows and possibly financial condition. KPCo's recent significant rate orders and pending rate filings are addressed in this note.

##### ***CCR/ELG Compliance Plan Filings***

KPCo and WPCo each own a 50% interest in the Mitchell Plant. As of December 31, 2022, the net book value of KPCo's share of the Mitchell Plant, before cost of removal including CWIP and inventory, was \$577 million. In December 2020 and February 2021, WPCo and KPCo filed requests with the WVPSC and KPSC, respectively, to obtain the regulatory approvals necessary to implement CCR and ELG compliance plans and seek recovery of the estimated \$132 million investment for the Mitchell Plant that would allow the plant to continue operating beyond 2028. Within those requests, WPCo and KPCo also filed a \$25 million alternative to implement only the CCR-related investments with the WVPSC and KPSC, respectively, which would allow the Mitchell Plant to continue operating only through 2028.

In July 2021, the KPSC issued an order approving the CCR only alternative and rejecting the full CCR and ELG compliance plan. In May 2022, the KPSC approved recovery of the Kentucky jurisdictional share of ELG costs incurred at the Mitchell Plant prior to July 15, 2021.

In August 2021, the WVPSC approved the full CCR and ELG compliance plan for the WPCo share of the Mitchell Plant. In September 2021, WPCo submitted a filing with the WVPSC to reopen the CCR/ELG case that was approved by the WVPSC in August 2021. Due to the rejection by the KPSC of the KPCo share of the ELG investments, WPCo requested the WVPSC consider approving the construction and recovery of all ELG costs at the plant. In October 2021, the WVPSC affirmed its August 2021 order approving the construction of CCR/ELG investments and directed WPCo to proceed with CCR/ELG compliance plans that would allow the plant to continue operating beyond 2028. The WVPSC also ordered that WPCo will be given the opportunity to recover, from its customers, the ELG and new capital and operating costs arising solely from the WVPSC's directive to operate the plant beyond 2028 if the WVPSC finds that the costs are reasonably and prudently incurred. The WVPSC's order further states that unless KPCo pays for its share of costs for ELG improvements and costs necessary to continue operations beyond 2028, the benefit of the capacity and energy made possible by those improvements and operating Mitchell Plant beyond 2028 should benefit only West Virginia jurisdictional customers who have shared in paying for those costs.

##### ***Storm-Related Costs***

In June 2022, KPCo's service territory was impacted by strong winds from severe storms resulting in system damages and power outages. In July 2022, KPCo's service territory was impacted again by severe storms, which caused flash flooding, resulting in additional system damages and power outages. In August 2022, KPCo filed an application with the KPSC requesting deferral authority for \$18 million of incremental operation and maintenance costs related to these storms. In September 2022, the KPSC issued an order granting deferral authority. KPCo intends to seek recovery of the deferral in a future base rate case. If any of these incremental storm costs are not recoverable, it could reduce future net income and cash flows and impact financial condition.

##### ***Deferred Purchased Power Expenses***

In September 2022, the KPSC initiated a proceeding to investigate the appropriate amortization period and recovery mechanism for the deferral of Kentucky Deferred Purchased Power Expenses related to the Rockport Plant Unit Power Agreement, as well as KPCo's ability to use the level of non-fuel, non-environmental Rockport UPA expense included in base rates to earn its authorized ROE in 2023 since the KPCo UPA ended in December 2022. KPCo requested the KPSC approve the terms related to each of the foregoing items as reflected in the settlement agreement in the 2017 Kentucky Base Rate Case, including recovery of the Kentucky Deferred Purchased Power Expenses over five years through a rider beginning in December 2022. In December 2022, the KPSC approved

KPCo's request and recovery began through a rider, including recovery of an estimated allowed cost (Rockport Offset) of \$22.8 million in accordance with the terms of the settlement agreement in the 2017 Kentucky Base Rate Case permitting KPCo to use the level of non-fuel, non-environmental Rockport UPA expense included in base rates to earn its authorized ROE in 2023. This estimated Rockport Offset is subject to true-up based on KPCo's actual 2023 financial results and KPSC review in the first quarter of 2024. The actual Rockport Offset cannot exceed \$40.8 million. If the actual Rockport Offset is not recoverable, it could reduce future net income and cash flows and impact financial condition.

## 5. EFFECTS OF REGULATION

### Regulatory Assets and Liabilities

Regulatory assets and liabilities are comprised of the following items:

Regulatory Assets:	December 31,		Remaining Recovery Period
	2022	2021	
	(in thousands)		
<b>Current Regulatory Assets</b>			
Under-recovered Fuel Costs - does not earn a return	\$ 23,241	\$ 8,216	1 year
<b>Total Current Regulatory Assets</b>	<b>23,241</b>	<b>8,216</b>	
<b>Noncurrent Regulatory Assets</b>			
<b>Regulatory assets pending final regulatory approval:</b>			
<u>Regulatory Assets Currently Earning a Return</u>			
Kentucky Deferred Purchased Power Expenses	\$ —	\$ 47,528	
<b>Total Regulatory Assets Currently Earning a Return</b>	<b>—</b>	<b>47,528</b>	
<u>Regulatory Assets Currently Not Earning a Return</u>			
Storm Related Costs (a)	74,430	56,506	
Other Regulatory Assets Pending Final Regulatory Approval	1,699	893	
<b>Total Regulatory Assets Currently Not Earning a Return</b>	<b>76,129</b>	<b>57,399</b>	
<b>Total Regulatory Assets Pending Final Regulatory Approval</b>	<b>76,129</b>	<b>104,927</b>	
<b>Regulatory assets approved for recovery:</b>			
<u>Regulatory Assets Currently Earning a Return</u>			
Plant Retirement Costs	178,502	193,229	18 years
Plant Retirement Costs - Asset Retirement Obligation Costs	110,010	109,577	18 years
Kentucky Deferred Purchased Power Expenses	52,970	—	5 years
Plant Retirement Costs - Materials and Supplies	3,016	3,016	18 years
Other Regulatory Assets Approved for Recovery	931	928	various
<b>Total Regulatory Assets Currently Earning a Return</b>	<b>345,429</b>	<b>306,750</b>	
<u>Regulatory Assets Currently Not Earning a Return</u>			
Fuel and Purchased Power Rider	38,164	28,727	2 years
Pension and OPEB Funded Status	23,704	12,236	12 years
Plant Retirement Costs - Asset Retirement Obligation Costs	5,295	4,721	18 years
Environmental Costs	5,139	5,920	2 years
Postemployment Benefits	4,416	3,410	3 years
Storm Related Costs	100	2,167	1 year
Other Regulatory Assets Approved for Recovery	5,809	7,599	various
<b>Total Regulatory Assets Currently Not Earning a Return</b>	<b>82,627</b>	<b>64,780</b>	
<b>Total Regulatory Assets Approved for Recovery</b>	<b>428,056</b>	<b>371,530</b>	
<b>Total Noncurrent Regulatory Assets</b>	<b>\$ 504,185</b>	<b>\$ 476,457</b>	

(a) KPCo will seek recovery of these costs during the next base rate case.

Regulatory Liabilities:	December 31,		Remaining Refund Period
	2022	2021	
	(in thousands)		
<b>Noncurrent Regulatory Liabilities</b>			
<b>Regulatory liabilities pending final regulatory determination:</b>			
<u>Regulatory Liabilities Currently Paying a Return</u>			
Income Taxes, Net (a) (b)	\$ (32,843)	\$ —	
<b>Total Regulatory Liabilities Currently Paying a Return</b>	<u>(32,843)</u>	<u>—</u>	
<u>Regulatory Liabilities Currently Not Paying a Return</u>			
Other Regulatory Liabilities Pending Final Regulatory Determination	2,098	2,098	
<b>Total Regulatory Liabilities Currently Not Paying a Return</b>	<u>2,098</u>	<u>2,098</u>	
<b>Total Regulatory Liabilities Pending Final Regulatory Determination</b>	<u>(30,745)</u>	<u>2,098</u>	
<b>Regulatory liabilities approved for payment:</b>			
<u>Regulatory Liabilities Currently Paying a Return</u>			
Asset Removal Costs	74,393	57,793	(c)
Income Taxes, Net (a)	54,732	73,213	(d)
<b>Total Regulatory Liabilities Currently Paying a Return</b>	<u>129,125</u>	<u>131,006</u>	
<u>Regulatory Liabilities Currently Not Paying a Return</u>			
Unrealized Gain on Forward Commitments	3,982	3,199	2 years
Off-system Sales Margin Sharing	3,417	—	1 year
PJM Transmission Enhancement Refund	2,031	2,644	3 years
Other Regulatory Liabilities Approved for Payment	1,043	1,559	various
<b>Total Regulatory Liabilities Currently Not Paying a Return</b>	<u>10,473</u>	<u>7,402</u>	
<b>Total Regulatory Liabilities Approved for Payment</b>	<u>139,598</u>	<u>138,408</u>	
<b>Total Noncurrent Regulatory Liabilities</b>	<u>\$ 108,853</u>	<u>\$ 140,506</u>	

- (a) Predominately pays a return due to the inclusion of Excess ADIT in rate base.
- (b) Represents an income tax related regulatory asset, which is presented within net regulatory liabilities on the balance sheet.
- (c) Relieved as removal costs are incurred.
- (d) Refunded over the period for which the related deferred income tax reverse, which is generally based on the expected life for the underlying assets. Excess ADIT Associated with Certain Depreciable Property is refunded over the remaining depreciable life of the underlying assets. Excess ADIT that is Not Subject to Rate Normalization Requirements were \$40.7 million and \$81.4 million for the years ended December 31, 2022 and 2021, respectively. The remaining balance of Excess ADIT that is Not Subject to Rate Normalization Requirements as of December 31, 2022 is to be refunded over 6 years.

## 6. COMMITMENTS, GUARANTEES AND CONTINGENCIES

KPCo is subject to certain claims and legal actions arising in its ordinary course of business. In addition, KPCo's business activities are subject to extensive governmental regulation related to public health and the environment. The ultimate outcome of such pending or potential litigation against KPCo cannot be predicted. Management accrues contingent liabilities only when management concludes that it is both probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. When management determines that it is not probable, but rather reasonably possible that a liability has been incurred at the date of the financial statements, management discloses such contingencies and the possible loss or range of loss if such estimate can be made. Any estimated range is based on currently available information and involves elements of judgment and significant uncertainties. Any estimated range of possible loss may not represent the maximum possible loss exposure. Circumstances change over time and actual results may vary significantly from estimates.

For current proceedings not specifically discussed below, management does not anticipate that the liabilities, if any, arising from such proceedings would have a material effect on the financial statements.

### COMMITMENTS

KPCo has substantial commitments to support its business. KPCo purchases fuel, energy and capacity contracts as part of its normal course of business. Certain contracts contain penalty provisions for early termination.

In accordance with the accounting guidance for "Commitments", the following table summarizes KPCo's actual contractual commitments as of December 31, 2022:

<b>Contractual Commitments</b>	<b>Less Than 1 Year</b>	<b>2-3 Years</b>	<b>4-5 Years</b>	<b>After 5 Years</b>	<b>Total</b>
			<b>(in thousands)</b>		
Fuel Purchase Contracts (a)	\$ 5,993	\$ 12,002	\$ 11,985	\$ 20,474	\$ 50,454
Energy and Capacity Purchase Contracts	—	1,577	—	—	1,577
<b>Total</b>	<u>\$ 5,993</u>	<u>\$ 13,579</u>	<u>\$ 11,985</u>	<u>\$ 20,474</u>	<u>\$ 52,031</u>

(a) Represents contractual commitments to purchase coal, natural gas and other consumables as fuel for electric generation along with related transportation of the fuel.

### GUARANTEES

Liabilities for guarantees are recorded in accordance with the accounting guidance for "Guarantees." There is no collateral held in relation to any guarantees. In the event any guarantee is drawn, there is no recourse to third-parties unless specified below.

#### *Indemnifications and Other Guarantees*

##### *Contracts*

KPCo enters into certain types of contracts which require indemnifications. Typically these contracts include, but are not limited to, sale agreements, lease agreements, purchase agreements and financing agreements. Generally, these agreements may include, but are not limited to, indemnifications around certain tax, contractual and environmental matters. With respect to sale agreements, exposure generally does not exceed the sale price. As of December 31, 2022, there were no material liabilities recorded for any indemnifications.

AEPSC conducts power purchase-and-sale activity on behalf of APCo, I&M, KPCo and WPCo, who are jointly and severally liable for activity conducted on their behalf.

## CONTINGENCIES

### *Insurance and Potential Losses*

KPCo maintains insurance coverage normal and customary for an electric utility, subject to various deductibles. KPCo also maintains property and casualty insurance that may cover certain physical damage or third-party injuries caused by cyber security incidents. Insurance coverage includes all risks of physical loss or damage to assets, subject to insurance policy conditions and exclusions. Covered property generally includes power plants, substations, facilities and inventories. Excluded property generally includes transmission and distribution lines, poles and towers. The insurance programs also generally provide coverage against loss arising from certain claims made by third-parties and are in excess of KPCo's retentions. Coverage is generally provided by a combination of the protected cell of EIS and/or various industry mutual and/or commercial insurance carriers.

Some potential losses or liabilities may not be insurable or the amount of insurance carried may not be sufficient to meet potential losses and liabilities, including, but not limited to, liabilities relating to a cyber security incident. Future losses or liabilities, if they occur, which are not completely insured, unless recovered from customers, could reduce future net income and cash flows and impact financial condition.

### *The Comprehensive Environmental Response Compensation and Liability Act (Superfund) and State Remediation*

By-products from the generation of electricity include materials such as ash, slag and sludge. Coal combustion by-products, which constitute the overwhelming percentage of these materials, are typically treated and deposited in captive disposal facilities or are beneficially utilized. In addition, the generation plants and transmission and distribution facilities have used asbestos, polychlorinated biphenyls and other hazardous and non-hazardous materials. KPCo currently incurs costs to dispose of these substances safely.

Superfund addresses clean-up of hazardous substances that are released to the environment. The Federal EPA administers the clean-up programs. Several states enacted similar laws. As of December 31, 2022, there is one site for which KPCo has received an information request which could lead to a Potentially Responsible Party designation. In the instance where KPCo has been named a defendant, disposal or recycling activities were in accordance with the then-applicable laws and regulations. Superfund does not recognize compliance as a defense, but imposes strict liability on parties who fall within its broad statutory categories. Liability has been resolved for a number of sites with no significant effect on net income.

Management evaluates the potential liability for each site separately, but several general statements can be made about potential future liability. Allegations that materials were disposed at a particular site are often unsubstantiated and the quantity of materials deposited at a site can be small and often non-hazardous. Although Superfund liability has been interpreted by the courts as joint and several, typically many parties are named for each site and several of the parties are financially sound enterprises. As of December 31, 2022, management's estimates do not anticipate material clean-up costs for the identified site.

***Claims Challenging Transition of American Electric Power System Retirement Plan to Cash Balance Formula***

Four participants in The American Electric Power System Retirement Plan (the Plan) filed a class action complaint in December 2021 in the U.S. District Court for the Southern District of Ohio against AEPSC and the Plan. When the Plan's benefit formula was changed in the year 2000, AEP provided a special provision for employees hired before January 1, 2001, allowing them to continue benefit accruals under the then benefit formula for a full 10 years alongside of the new cash balance benefit formula then being implemented. Employees who were hired on or after January 1, 2001 accrued benefits only under the new cash balance benefit formula. The plaintiffs assert a number of claims on behalf of themselves and the purported class, including that: (a) the Plan violates the requirements under the Employee Retirement Income Security Act (ERISA) intended to preclude back-loading the accrual of benefits to the end of a participant's career, (b) the Plan violates the age discrimination prohibitions of ERISA and the Age Discrimination in Employment Act and (c) AEP failed to provide required notice regarding the changes to the Plan. Among other relief, the Complaint seeks reformation of the Plan to provide additional benefits and the recovery of plan benefits for former employees under such reformed plan. The plaintiffs previously had submitted claims for additional plan benefits to AEP, which were denied. On February 15, 2022, AEPSC and the Plan filed a motion to dismiss the complaint for failure to state a claim. On August 16, 2022, the district court granted the motion to dismiss the complaint without prejudice. The plaintiffs filed a motion for leave to file an amended complaint, which the Court denied on December 1, 2022. The plaintiffs did not file an appeal by the deadline of January 3, 2023.

**7. BENEFIT PLANS**

For a discussion of investment strategy, investment limitations, target asset allocations and the classification of investments within the fair value hierarchy, see “Fair Value Measurements of Assets and Liabilities” and “Investments Held in Trust for Future Liabilities” sections of Note 1.

KPCo participates in an AEP sponsored qualified pension plan and two unfunded non-qualified pension plans. Substantially all of KPCo’s employees are covered by the qualified plan or both the qualified and non-qualified pension plans. KPCo also participates in OPEB plans sponsored by AEP to provide health and life insurance benefits for retired employees.

KPCo recognizes its funded status associated with defined benefit pension and OPEB plans on its balance sheets. Disclosures about the plans are required by the “Compensation - Retirement Benefits” accounting guidance. KPCo recognizes an asset for a plan’s overfunded status or a liability for a plan’s underfunded status and recognizes, as a component of other comprehensive income, the changes in the funded status of the plan that arise during the year that are not recognized as a component of net periodic benefit cost. KPCo records a regulatory asset instead of other comprehensive income for qualifying benefit costs of regulated operations that for rate-making purposes are deferred for future recovery. The cumulative funded status adjustment is equal to the remaining unrecognized deferrals for unamortized actuarial losses or gains, prior service costs and transition obligations, such that remaining deferred costs result in an AOCI equity reduction or regulatory asset and deferred gains result in an AOCI equity addition or regulatory liability.

***Actuarial Assumptions for Benefit Obligations***

The weighted-average assumptions used in the measurement of benefit obligations are shown in the following table:

<u>Assumptions</u>	<u>Pension Plans</u>		<u>OPEB</u>	
	<u>December 31,</u>			
	<u>2022</u>	<u>2021</u>	<u>2022</u>	<u>2021</u>
Discount Rate	5.50 %	2.90 %	5.50 %	2.90 %
Interest Crediting Rate	4.25 %	4.00 %	NA	NA
Rate of Compensation Increase	5.10 % (a)	4.90 % (a)	NA	NA

(a) Rates are for base pay only. In addition, an amount is added to reflect target incentive compensation for exempt employees and overtime and incentive pay for nonexempt employees.

NA Not applicable.

A duration-based method is used to determine the discount rate for the plans. A hypothetical portfolio of high quality corporate bonds is constructed with cash flows matching the benefit plan liability. The composite yield on the hypothetical bond portfolio is used as the discount rate for the plan.

For 2022, the rate of compensation increase assumed varies with the age of the employee, ranging from 3% per year to 11.5% per year, with an average increase of 5.1%.

**Actuarial Assumptions for Net Periodic Benefit Costs**

The weighted-average assumptions used in the measurement of benefit costs are shown in the following table:

Assumptions	Pension Plans		OPEB	
	Year Ended December 31,			
	2022	2021	2022	2021
Discount Rate	2.90 %	2.50 %	2.90 %	2.55 %
Interest Crediting Rate	4.00 %	4.00 %	NA	NA
Expected Return on Plan Assets	5.25 %	4.75 %	5.50 %	4.75 %
Rate of Compensation Increase	4.90 % (a)	4.90 % (a)	NA	NA

(a) Rates are for base pay only. In addition, an amount is added to reflect target incentive compensation for exempt employees and overtime and incentive pay for nonexempt employees.

NA Not applicable.

The expected return on plan assets was determined by evaluating historical returns, the current investment climate (yield on fixed income securities and other recent investment market indicators), rate of inflation, third-party forecasts and current prospects for economic growth.

The health care trend rate assumptions used for OPEB plans measurement purposes are shown below:

Health Care Trend Rates	December 31,	
	2022	2021
Initial	7.50 %	6.25 %
Ultimate	4.50 %	4.50 %
Year Ultimate Reached	2029	2029

**Significant Concentrations of Risk within Plan Assets**

In addition to establishing the target asset allocation of plan assets, the investment policy also places restrictions on securities to limit significant concentrations within plan assets. The investment policy establishes guidelines that govern maximum market exposure, security restrictions, prohibited asset classes, prohibited types of transactions, minimum credit quality, average portfolio credit quality, portfolio duration and concentration limits. The guidelines were established to mitigate the risk of loss due to significant concentrations in any investment. The plans are monitored to control security diversification and ensure compliance with the investment policy. As of December 31, 2022, the assets were invested in compliance with all investment limits. See "Investments Held in Trust for Future Liabilities" section of Note 1 for limit details.

**Benefit Plan Obligations, Plan Assets and Funded Status**

For the year ended December 31, 2022, the pension plans had an actuarial gain primarily due to an increase in the discount rate and was partially offset by increases in the assumed lump sum conversion rate and cash balance account interest crediting rate. For the year ended December 31, 2022, the OPEB plans had an actuarial gain primarily due to an increase in the discount rate and updated per capita cost assumptions. The OPEB plans gains were partially offset by a projected reduction in the Employer Group Waiver Program catastrophic reinsurance offset provided to AEP, resulting from the Inflation Reduction Act as well as an increase in the health care cost trend assumption. For the year ended December 31, 2021, the pension plans had an actuarial gain primarily due to an increase in the discount rate, partially offset by less favorable demographic experience than expected, resulting from the updated census information as of January 1, 2021. For the year ended December 31, 2021, the OPEB plans had an actuarial gain primarily due to an increase in the discount rate and an update of the projected reimbursements from the Employer Group Waiver Program under Medicare Part D. The following tables provide a reconciliation of the changes in the plans' benefit obligations, fair value of plan assets, funded status and the presentation on the balance sheets. The benefit obligation for the defined benefit pension and OPEB plans are the projected benefit obligation and the accumulated benefit obligation, respectively.

<b>Change for the Year Ended December 31,</b>	<b>\$ (5,645)</b>	<b>\$ (12,868)</b>	<b>\$ 19,327</b>	<b>\$ (5,049)</b>

**Determination of Pension Expense**

The determination of pension expense or income is based on a market-related valuation of assets which reduces year-to-year volatility. This market-related valuation recognizes investment gains or losses over a five-year period from the year in which they occur. Investment gains or losses for this purpose are the difference between the expected return calculated using the market-related value of assets and the actual return.

**Pension and OPEB Assets**

The fair value tables within Pension and OPEB Assets present the classification of assets for AEP within the fair value hierarchy. All Level 1, 2, 3 and Other amounts can be allocated to KPCo using the percentages below:

<b>Pension Plan</b>		<b>OPEB</b>	
<b>December 31,</b>			
<b>2022</b>	<b>2021</b>	<b>2022</b>	<b>2021</b>
2.0 %	3.8 %	2.8 %	3.8 %

The following table presents the classification of pension plan assets for AEP within the fair value hierarchy as of December 31, 2022:

Asset Class	Level 1	Level 2	Level 3	Other	Total	Year End Allocation
			(in millions)			
Equities (a):						
Domestic	\$ 347.6	\$ —	\$ —	\$ —	\$ 347.6	8.4 %

(a) Amounts in “Other” column represent investments for which fair value is measured using net asset value per-share.

(b) Amounts in “Other” column primarily represent accrued interest, dividend receivables and transactions pending settlement.

**Accumulated Benefit Obligation**

The accumulated benefit obligation for the pension plans is as follows:

	December 31,	
	2022	2021
	(in thousands)	
Qualified Pension Plan	\$ 84,724	\$ 177,132
Nonqualified Pension Plan	49	34
<b>Total Accumulated Benefit Obligation</b>	<u><u>\$ 84,773</u></u>	<u><u>\$ 177,166</u></u>

***Obligations in Excess of Fair Values***

The tables below show the underfunded pension plans that had obligations in excess of plan assets.

*Projected Benefit Obligation*

	<b>Underfunded Pension Plans</b>	
	<b>December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Projected Benefit Obligation	\$ 86,855	\$ 98
Fair Value of Plan Assets	83,062	—
<b>Underfunded Projected Benefit Obligation</b>	<b>\$ (3,793)</b>	<b>\$ (98)</b>

*Accumulated Benefit Obligation*

	<b>Underfunded Pension Plans</b>	
	<b>December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Accumulated Benefit Obligation	\$ 84,773	\$ 34
Fair Value of Plan Assets	83,062	—
<b>Underfunded Accumulated Benefit Obligation</b>	<b>\$ (1,711)</b>	<b>\$ (34)</b>

***Estimated Future Benefit Payments and Contributions***

KPCo expects contributions and payments for the Pension and OPEB plans of \$4 thousand and \$53 thousand, respectively, during 2023. The estimated contributions to the pension trust are at least the minimum amount required by the Employee Retirement Income Security Act and additional discretionary contributions may also be made to maintain the funded status of the plan.

The table below reflects the total benefits expected to be paid from the plan or from KPCo's assets. The payments include the participants' contributions to the plan for their share of the cost. Future benefit payments are dependent on the number of employees retiring, whether the retiring employees elect to receive pension benefits as annuities or as lump sum distributions, future integration of the benefit plans with changes to Medicare and other legislation, future levels of interest rates and variances in actuarial results. The estimated payments for pension benefits and OPEB are as follows:

	<b>Estimated Payments</b>	
	<b>Pension Plans</b>	<b>OPEB</b>
	<b>(in thousands)</b>	
2023	\$ 7,342	\$ 3,690
2024	7,781	3,534
2025	7,766	3,708
2026	7,554	3,692
2027	7,874	3,586
Years 2028 to 2032, in Total	36,110	16,525

**Components of Net Periodic Benefit Cost**

The following table provides the components of net periodic benefit cost (credit):

	<b>Pension Plans</b>		<b>OPEB</b>	
	<b>Years Ended December 31,</b>			
	<b>2022</b>	<b>2021</b>	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>			
Service Cost	\$ 2,739	\$ 3,477	\$ 172	\$ 283
Interest Cost	4,480	4,840	953	1,096
Expected Return on Plan Assets	(8,116)	(8,583)	(3,885)	(3,479)
Amortization of Prior Service Credit	—	—	(2,375)	(2,499)
Amortization of Net Actuarial Loss	1,867	3,523	—	—
<b>Net Periodic Benefit Cost (Credit)</b>	<u>970</u>	<u>3,257</u>	<u>(5,135)</u>	<u>(4,599)</u>
Capitalized Portion	(1,287)	(1,582)	(81)	(129)
<b>Net Periodic Benefit Cost (Credit) Recognized in Expense</b>	<u>\$ (317)</u>	<u>\$ 1,675</u>	<u>\$ (5,216)</u>	<u>\$ (4,728)</u>

**American Electric Power System Retirement Savings Plan**

KPCo participates in an AEP sponsored defined contribution retirement savings plan, the American Electric Power System Retirement Savings Plan, for substantially all employees. This qualified plan offers participants an opportunity to contribute a portion of their pay, includes features under Section 401(k) of the Internal Revenue Code and provides for matching contributions. The matching contributions to the plan are 100% of the first 1% of eligible employee contributions and 70% of the next 5% of contributions. The cost for matching contributions totaled \$2.0 million in 2022 and \$2.3 million in 2021.

## 8. DERIVATIVES AND HEDGING

### OBJECTIVES FOR UTILIZATION OF DERIVATIVE INSTRUMENTS

AEpsc is agent for and transacts on behalf of KPCo.

KPCo is exposed to certain market risks as a major power producer and participant in the electricity, natural gas, coal and emission allowance markets. These risks include commodity price risk, interest rate risk and credit risk. These risks represent the risk of loss that may impact KPCo due to changes in the underlying market prices or rates. Management utilizes derivative instruments to manage these risks.

### STRATEGIES FOR UTILIZATION OF DERIVATIVE INSTRUMENTS TO ACHIEVE OBJECTIVES

#### *Risk Management Strategies*

The strategy surrounding the use of derivative instruments primarily focuses on managing risk exposures, future cash flows and creating value utilizing both economic and formal hedging strategies. The risk management strategies also include the use of derivative instruments for trading purposes which focus on seizing market opportunities to create value driven by expected changes in the market prices of the commodities. To accomplish these objectives, KPCo primarily employs risk management contracts including physical and financial forward purchase-and-sale contracts and, to a lesser extent, OTC swaps and options. Not all risk management contracts meet the definition of a derivative under the accounting guidance for “Derivatives and Hedging.” Derivative risk management contracts elected normal under the normal purchases and normal sales scope exception are not subject to the requirements of this accounting guidance.

KPCo utilizes power, capacity, coal, natural gas, interest rate and, to a lesser extent, heating oil, gasoline and other commodity contracts to manage the risk associated with the energy business. KPCo utilizes interest rate derivative contracts in order to manage the interest rate exposure associated with its commodity portfolio. For disclosure purposes, such risks are grouped as “Commodity,” as these risks are related to energy risk management activities. KPCo may also utilize derivative contracts to manage interest rate risk associated with debt financing. For disclosure purposes, these risks are grouped as “Interest Rate.” The amount of risk taken is determined by the Commercial Operations and Finance groups in accordance with the established risk management policies as approved by the Finance Committee of the Board of Directors.

The following table represents the gross notional volume of KPCo’s outstanding derivative contracts:

Primary Risk Exposure	December 31,		Unit of Measure
	2022	2021	
	(in thousands)		
Commodity:			
Power	3,450	6,927	MWhs
Heating Oil and Gasoline	—	305	Gallons

### ***Cash Flow Hedging Strategies***

KPCo utilizes cash flow hedges on certain derivative transactions for the purchase and sale of power (“Commodity”) in order to manage the variable price risk related to forecasted purchases and sales. Management monitors the potential impacts of commodity price changes and, where appropriate, enters into derivative transactions to protect profit margins for a portion of future electricity sales and purchases. KPCo does not hedge all commodity price risk.

KPCo may utilize a variety of interest rate derivative transactions in order to manage interest rate risk exposure. KPCo may also utilize interest rate derivative contracts to manage interest rate exposure related to future borrowings of fixed-rate debt. KPCo does not hedge all interest rate exposure.

### **ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND THE IMPACT ON KPCo’s FINANCIAL STATEMENTS**

The accounting guidance for “Derivatives and Hedging” requires recognition of all qualifying derivative instruments as either assets or liabilities on the balance sheets at fair value. The fair values of derivative instruments accounted for using MTM accounting or hedge accounting are based on exchange prices and broker quotes. If a quoted market price is not available, the estimate of fair value is based on the best information available including valuation models that estimate future energy prices based on existing market and broker quotes and assumptions. In order to determine the relevant fair values of the derivative instruments, KPCo applies valuation adjustments for discounting, liquidity and credit quality.

Credit risk is the risk that a counterparty will fail to perform on the contract or fail to pay amounts due. Liquidity risk represents the risk that imperfections in the market will cause the price to vary from estimated fair value based upon prevailing market supply and demand conditions. Since energy markets are imperfect and volatile, there are inherent risks related to the underlying assumptions in models used to fair value risk management contracts. Unforeseen events may cause reasonable price curves to differ from actual price curves throughout a contract’s term and at the time a contract settles. Consequently, there could be significant adverse or favorable effects on future net income and cash flows if market prices are not consistent with management’s estimates of current market consensus for forward prices in the current period. This is particularly true for longer term contracts. Cash flows may vary based on market conditions, margin requirements and the timing of settlement of risk management contracts.

According to the accounting guidance for “Derivatives and Hedging,” KPCo reflects the fair values of derivative instruments subject to netting agreements with the same counterparty net of related cash collateral. For certain risk management contracts, KPCo is required to post or receive cash collateral based on third-party contractual agreements and risk profiles. The amount of cash collateral from third-parties netted against short-term and long-term risk management assets and the amount of cash collateral paid to third-parties netted against short-term and long-term risk management liabilities were immaterial for KPCo as of December 31, 2022 and 2021.

The following tables represent the gross fair value of KPCo's derivative activity on the balance sheets. Unless shown as a separate line on the balance sheets due to materiality, Current Risk Management Assets are included in Prepayments and Other Current Assets, Long-term Risk Management Assets are included in Deferred Charges and Other Noncurrent Assets, Current Risk Management Liabilities are included in Other Current Liabilities and Long-term Risk Management Liabilities are included in Deferred Credits and Other Noncurrent Liabilities on the balance sheets.

<b>Total Liabilities</b>	<b>1,504</b>	<b>(1,453)</b>	<b>51</b>
<b>Total MTM Derivative Contract Net Assets (Liabilities)</b>	<b>\$ 6,030</b>	<b>\$ (95)</b>	<b>\$ 5,935</b>

- (a) Derivative instruments within this category are disclosed as gross. These instruments are subject to master netting agreements and are presented on the balance sheets on a net basis in accordance with the accounting guidance for "Derivatives and Hedging."
- (b) Amounts include counterparty netting of risk management and hedging contracts and associated cash collateral in accordance with the accounting guidance for "Derivatives and Hedging."
- (c) All derivative contracts subject to a master netting arrangement or similar agreement are offset in the statement of financial position.

The table below presents KPCo's activity of derivative risk management contracts:

**Amount of Gain (Loss) Recognized on Risk Management Contracts**

Location of Gain (Loss)	Years Ended December 31,	
	2022	2021
(in thousands)		
Electric Generation, Transmission and Distribution Revenues	\$ 8	\$ (12)
Purchased Electricity for Resale	228	118
Other Operation	148	90
Maintenance	263	116
Regulatory Assets (a)	(25)	(1,077)
Regulatory Liabilities (a)	16,998	11,192
<b>Total Gain on Risk Management Contracts</b>	<b>\$ 17,620</b>	<b>\$ 10,427</b>

- (a) Represents realized and unrealized gains and losses subject to regulatory accounting treatment recorded as either current or noncurrent on the balance sheets.

Certain qualifying derivative instruments have been designated as normal purchase or normal sale contracts, as provided in the accounting guidance for “Derivatives and Hedging.” Derivative contracts that have been designated as normal purchases or normal sales under that accounting guidance are not subject to MTM accounting treatment and are recognized on the statements of income on an accrual basis.

The accounting for the changes in the fair value of a derivative instrument depends on whether it qualifies for and has been designated as part of a hedging relationship and further, on the type of hedging relationship. Depending on the exposure, management designates a hedging instrument as a fair value hedge or a cash flow hedge.

For contracts that have not been designated as part of a hedging relationship, the accounting for changes in fair value depends on whether the derivative instrument is held for trading purposes. Unrealized and realized gains and losses on derivative instruments held for trading purposes are included in revenues on a net basis on KPCo’s statements of income. Unrealized and realized gains and losses on derivative instruments not held for trading purposes are included in revenues or expenses on KPCo’s statements of income depending on the relevant facts and circumstances. Certain derivatives that economically hedge future commodity risk are recorded in the same line item on the statements of income as that of the associated risk being hedged. However, unrealized and some realized gains and losses for both trading and non-trading derivative instruments are recorded as regulatory assets (for losses) or regulatory liabilities (for gains), in accordance with the accounting guidance for “Regulated Operations.”

### ***Accounting for Cash Flow Hedging Strategies***

For cash flow hedges (i.e. hedging the exposure to variability in expected future cash flows that is attributable to a particular risk), KPCo initially reports the gain or loss on the derivative instrument as a component of Accumulated Other Comprehensive Income (Loss) on the balance sheets until the period the hedged item affects Net Income.

Realized gains and losses on derivative contracts for the purchase and sale of power designated as cash flow hedges are included in Total Revenues or Purchased Electricity for Resale on KPCo’s statements of income, or in Regulatory Assets or Regulatory Liabilities on KPCo’s balance sheets, depending on the specific nature of the risk being hedged. During the years ended 2022 and 2021, KPCo did not apply cash flow hedging to outstanding power derivatives.

KPCo reclassifies gains and losses on interest rate derivative hedges related to debt financings from Accumulated Other Comprehensive Income (Loss) on its balance sheets into Interest Expense on its statements of income in those periods in which hedged interest payments occur. During the years ended 2022 and 2021, KPCo did not apply cash flow hedging to outstanding interest rate derivatives.

There was no impact of cash flow hedges included in Accumulated Other Comprehensive Income (Loss) on KPCo’s balance sheets as of December 31, 2022 and 2021.

The actual amounts that KPCo reclassifies from Accumulated Other Comprehensive Income (Loss) to Net Income can differ due to market price changes. As of December 31, 2022, KPCo is not hedging (with contracts subject to the accounting guidance for “Derivatives and Hedging”) its exposure to variability in future cash flows related to forecasted transactions.

### ***Credit Risk***

Management mitigates credit risk in KPCo’s wholesale marketing and trading activities by assessing the creditworthiness of potential counterparties before entering into transactions with them and continuing to evaluate their creditworthiness on an ongoing basis. Management uses credit agency ratings and current market-based qualitative and quantitative data as well as financial statements to assess the financial health of counterparties on an ongoing basis.

Master agreements are typically used to facilitate the netting of cash flows associated with a single counterparty, and may include collateral requirements. Collateral requirements in the form of cash, letters of credit, surety bonds, and parental/affiliate guarantees may be obtained as security from counterparties in order to mitigate credit risk. Some master agreements include margining, which requires a counterparty to post cash or letters of credit in the event exposure exceeds the established threshold. The threshold represents an unsecured credit limit which may be supported by a parental/affiliate guaranty, as determined in accordance with AEP's credit policy. In addition, master agreements allow for termination and liquidation of all positions in the event of a default including failure or inability to post collateral when required.

### ***Collateral Triggering Events***

#### *Credit Downgrade Triggers*

A limited number of derivative contracts include collateral triggering events, which include a requirement to maintain certain credit ratings. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these collateral triggering events in contracts. KPCo has not experienced a downgrade below a specified credit rating threshold that would require the posting of additional collateral. As of December 31, 2022 and 2021, KPCo did not have derivative contracts with collateral triggering events in a net liability position.

#### *Cross-Acceleration Triggers*

Certain interest rate derivative contracts contain cross-acceleration provisions that, if triggered, would permit the counterparty to declare a default and require settlement of the outstanding payable. These cross-acceleration provisions could be triggered if there was a non-performance event by KPCo under any of their outstanding debt of at least \$50 million and the lender on that debt has accelerated the entire repayment obligation. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these cross-acceleration provisions in contracts. KPCo had no derivative contracts with cross-acceleration provisions in a net liability position as of December 31, 2022 and 2021, respectively. There was no cash collateral posted as of December 31, 2022 and 2021. If a cross-acceleration provision would have been triggered, settlement at fair value would have been required. KPCo had no derivative contracts with cross-acceleration provisions outstanding as of December 31, 2022 and 2021.

#### *Cross-Default Triggers*

In addition, a majority of KPCo's non-exchange-traded commodity contracts contain cross-default provisions that, if triggered, would permit the counterparty to declare a default and require settlement of the outstanding payable. These cross-default provisions could be triggered if there was a non-performance event by Parent or the obligor under outstanding debt or a third-party obligation that is \$50 million or greater. On an ongoing basis, AEP's risk management organization assesses the appropriateness of these cross-default provisions in the contracts. KPCo's derivative contracts with cross-default provisions outstanding as of December 31, 2022 and 2021 were not material. There was no cash collateral posted as of December 31, 2022 and 2021, respectively. If a cross-default provision would have been triggered, settlement at fair value would have been required.

**9. FAIR VALUE MEASUREMENTS**

*Fair Value Measurements of Long-term Debt*

The fair values of Long-term Debt are based on quoted market prices, without credit enhancements, for the same or similar issues and the current interest rates offered for instruments with similar maturities classified as Level 2 measurement inputs. These instruments are not marked-to-market. The estimates presented are not necessarily indicative of the amounts that could be realized in a current market exchange.

The book values and fair values of KPCo’s Long-term Debt are summarized in the following table:

	<b>December 31,</b>			
	<b>2022</b>		<b>2021</b>	
	<u><b>Book Value</b></u>	<u><b>Fair Value</b></u>	<u><b>Book Value</b></u>	<u><b>Fair Value</b></u>
	<b>(in thousands)</b>			
Long-term Debt	\$ 1,178,448	\$ 1,148,769	\$ 1,103,105	\$ 1,224,664

**Fair Value Measurements of Financial Assets and Liabilities**

For a discussion of fair value accounting and the classification of assets and liabilities within the fair value hierarchy, see the “Fair Value Measurements of Assets and Liabilities” section of Note 1.

The following tables set forth, by level within the fair value hierarchy, KPCo’s financial assets and liabilities that were accounted for at fair value on a recurring basis. As required by the accounting guidance for “Fair Value Measurements and Disclosures,” financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Management’s assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. There have not been any significant changes in management’s valuation techniques.

**Assets and Liabilities Measured at Fair Value on a Recurring Basis  
December 31, 2022**

<b>Assets:</b>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Other</u>	<u>Total</u>
	(in thousands)				
<b>Risk Management Assets</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 137	\$ 8,607	\$ (281)	\$ 8,463
<b>Liabilities:</b>					
<b>Risk Management Liabilities</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 137	\$ 144	\$ (281)	\$ —

**Assets and Liabilities Measured at Fair Value on a Recurring Basis  
December 31, 2021**

<b>Assets:</b>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Other</u>	<u>Total</u>
	(in thousands)				
<b>Risk Management Assets</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 1,096	\$ 6,439	\$ (1,549)	\$ 5,986
<b>Liabilities:</b>					
<b>Risk Management Liabilities</b>					
Risk Management Commodity Contracts (a) (b)	\$ —	\$ 937	\$ 568	\$ (1,454)	\$ 51

(a) Amounts in “Other” column primarily represent counterparty netting of risk management and hedging contracts and associated cash collateral under the accounting guidance for “Derivatives and Hedging.”

(b) Substantially comprised of power contracts.

The following tables set forth a reconciliation of changes in the fair value of net trading derivatives classified as Level 3 in the fair value hierarchy:

<b>Year Ended December 31, 2022</b>	<b>Net Risk Management Assets (Liabilities) (in thousands)</b>
<b>Balance as of December 31, 2021</b>	\$ 5,871
Realized Gain (Loss) Included in Net Income (or Changes in Net Assets) (a) (b)	2,801
Settlements	(8,672)
Changes in Fair Value Allocated to Regulated Jurisdictions (d)	8,463
<b>Balance as of December 31, 2022</b>	<b>\$ 8,463</b>

<b>Year Ended December 31, 2021</b>	<b>Net Risk Management Assets (Liabilities) (in thousands)</b>
<b>Balance as of December 31, 2020</b>	\$ 3,025
Realized Gain (Loss) Included in Net Income (or Changes in Net Assets) (a) (b)	1,858
Settlements	(4,950)
Transfers out of Level 3 (c)	8
Changes in Fair Value Allocated to Regulated Jurisdictions (d)	5,930
<b>Balance as of December 31, 2021</b>	<b>\$ 5,871</b>

- (a) Included in revenues on KPCo's statements of income.
- (b) Represents the change in fair value between the beginning of the reporting period and the settlement of the risk management commodity contract.
- (c) Transfers are recognized based on their value at the beginning of the period that the transfer occurred.
- (d) Relates to the net gains (losses) of those contracts that are not reflected on KPCo's statements of income. These changes in fair value are recorded as regulatory liabilities for net gains and as regulatory assets for net losses.

The following tables quantify the significant unobservable inputs used in developing the fair value of Level 3 positions as of December 31, 2022 and 2021:

**Significant Unobservable Inputs  
December 31, 2022**

	Fair Value		Valuation Technique	Significant Unobservable Input (a)	Input/Range		
	Assets	Liabilities			Low	High	Weighted Average (b)
	(in thousands)						
FTRs	\$ 8,607	\$ 144	Discounted Cash Flow	Forward Market Price	\$ (3.10)	\$ 18.79	\$ 2.48

**Significant Unobservable Inputs  
December 31, 2021**

	Fair Value		Valuation Technique	Significant Unobservable Input (a)	Input/Range		
	Assets	Liabilities			Low	High	Weighted Average (b)
	(in thousands)						
Energy Contracts	\$ —	\$ 51	Discounted Cash Flow	Forward Market Price	\$ 32.20	\$ 56.54	\$ 44.77
FTRs	6,439	517	Discounted Cash Flow	Forward Market Price	(1.44)	22.19	1.74
<b>Total</b>	<b>\$ 6,439</b>	<b>\$ 568</b>					

(a) Represents market prices in dollars per MWh.

(b) The weighted-average is the product of the forward market price of the underlying commodity and volume weighted by term.

The following table provides the measurement uncertainty of fair value measurements to increases (decreases) in significant unobservable inputs related to Energy Contracts and FTRs as of December 31, 2022 and 2021:

**Uncertainty of Fair Value Measurements**

Significant Unobservable Input	Position	Change in Input	Impact on Fair Value Measurement
Forward Market Price	Buy	Increase (Decrease)	Higher (Lower)
Forward Market Price	Sell	Increase (Decrease)	Lower (Higher)

## 10. INCOME TAXES

### *Income Tax Benefit*

The details of KPSC's Income Tax Benefit are as follows:

	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
<b>Federal:</b>		
Current	\$ 74	\$ (2,970)
Deferred	(30,347)	(20,143)
<b>Total Federal</b>	<u>(30,273)</u>	<u>(23,113)</u>
<b>State and Local:</b>		
Current	691	—
Deferred	(1,446)	(4,366)
<b>Total State and Local</b>	<u>(755)</u>	<u>(4,366)</u>
<b>Income Tax Benefit</b>	<u>\$ (31,028)</u>	<u>\$ (27,479)</u>

The following is a reconciliation between the federal income taxes computed by multiplying pretax income by the federal statutory tax rate and the income taxes reported:

	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Net Income	\$ 47,552	\$ 50,150
Income Tax Benefit	(31,028)	(27,479)
<b>Pretax Income</b>	<u>\$ 16,524</u>	<u>\$ 22,671</u>
Income Taxes on Pretax Income at Statutory Rate (21%)	\$ 3,470	\$ 4,761
Increase (Decrease) in Income Taxes Resulting from the Following Items:		
Reversal of Origination Flow-Through	1,475	1,891
State and Local Income Taxes, Net	(594)	(3,449)
Removal Costs	(2,660)	(2,154)
Tax Adjustments (a)	—	3,098
Tax Reform Excess ADIT Reversal (b)	(32,452)	(31,174)
Other	(267)	(452)
<b>Income Tax Benefit</b>	<u>\$ (31,028)</u>	<u>\$ (27,479)</u>
<b>Effective Income Tax Rate</b>	(187.8)%	(121.2)%

- (a) Represents the correction of an adjustment related to Deferred Income Taxes and Income Tax Benefit. Management concluded the misstatement and subsequent correction was not material to prior or current period financial statements.
- (b) In January 2021, as part of the 2020 Kentucky Base Rate Case, the KPSC issued an order that shortened the previously authorized refund period for Excess ADIT that is not subject to normalization requirements from 18 years to 3 years.

***Net Deferred Tax Liability***

The following table shows elements of KPCo's net deferred tax liability and significant temporary differences:

	<b>December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Deferred Tax Assets	\$ 86,163	\$ 94,062
Deferred Tax Liabilities	(542,380)	(531,214)
<b>Net Deferred Tax Liabilities</b>	<b><u>\$ (456,217)</u></b>	<b><u>\$ (437,152)</u></b>
Property Related Temporary Differences	\$ (304,463)	\$ (310,721)
Amounts Due to Customers for Future Income Taxes	39,613	51,754
Deferred State Income Taxes	(96,837)	(92,617)
Regulatory Assets	(109,919)	(101,155)
Net Operating Loss Carryforward	11,671	17,475
All Other, Net	3,718	(1,888)
<b>Net Deferred Tax Liabilities</b>	<b><u>\$ (456,217)</u></b>	<b><u>\$ (437,152)</u></b>

***Federal Income Tax Audit Status***

The statute of limitations for the IRS to examine KPCo and other AEP subsidiaries originally filed federal return has expired for tax years 2016 and earlier. AEP has agreed to extend the statute of limitations on the 2017 and 2018 tax returns to December 31, 2023, to allow time for the current IRS audit to be completed including a refund claim approval by the Congressional Joint Committee on Taxation. The statute of limitations for the 2019 return is set to naturally expire in 2023 as well.

The current IRS audit and associated refund claim evolved from a net operating loss carryback to 2015 that originated in the 2017 return. AEP has received and agreed to two IRS proposed adjustments on the 2017 tax return, which were immaterial. The exam is nearly complete and AEP is currently working with the IRS to submit the refund claim to the Congressional Joint Committee on Taxation for resolution and final approval.

***Net Income Tax Operating Loss Carryforward***

KPCo has state net income tax operating loss carryforwards of \$222 million in 2022. As a result, KPCo recognized deferred state income tax benefits in 2022 of \$11 million. This is consistent with the net operating loss carryforwards and deferred state income tax benefits recognized in 2021. Management anticipates future taxable income will be sufficient to realize the state net income tax operating loss tax benefits before the state carryforward begins expiring in 2035.

**11. LEASES**

KPCo leases property, plant and equipment including, but not limited to, fleet, information technology and real estate leases. These leases require payments of non-lease components, including related property taxes, operating and maintenance costs. KPCo does not separate non-lease components from associated lease components. Many of these leases have purchase or renewal options. Leases not renewed are often replaced by other leases. Options to renew or purchase a lease are included in the measurement of lease assets and liabilities if it is reasonably certain that KPCo will exercise the option.

Lease obligations are measured using the discount rate implicit in the lease when that rate is readily determinable. KPCo has visibility into the rate implicit in the lease when assets are leased from selected financial institutions under master leasing agreements. When the implicit rate is not readily determinable, KPCo measures its lease obligation using its estimated secured incremental borrowing rate. Incremental borrowing rates are comprised of an underlying risk-free rate and a secured credit spread relative to the lessee on a matched maturity basis.

Operating lease rentals and finance lease amortization costs are generally charged to Other Operation and Maintenance expense in accordance with rate-making treatment for regulated operations. Interest on finance lease liabilities is generally charged to Interest Expense. Lease costs associated with capital projects are included in Property, Plant and Equipment on the balance sheets. For regulated operations with finance leases, a finance lease asset and offsetting liability are recorded at the present value of the remaining lease payments for each reporting period. Finance leases for nonregulated property are accounted for as if the assets were owned and financed. The components of rental costs were as follows:

Lease Rental Costs	Years Ended December 31,	
	2022	2021
	(in thousands)	
Operating Lease Cost	\$ 14,058	\$ 3,100
Finance Lease Cost:		
Amortization of Finance Leases	2,735	920
Interest on Finance Leases	63	125
<b>Total Lease Rental Costs (a)</b>	<b>\$ 16,856</b>	<b>\$ 4,145</b>

(a) Excludes variable and short-term lease costs, which were immaterial.

Supplemental information related to leases are shown in the tables below.

Lease Type	Weighted-Average Remaining Lease Term (years):		Weighted-Average Discount Rate	
	December 31,			
	2022	2021	2022	2021
Operating Leases	5.92	6.05	2.95 %	3.33 %
Finance Leases	4.73	4.68	4.41 %	4.00 %

Future minimum lease payments consisted of the following as of December 31, 2022:

<u>Future Minimum Lease Payments</u>	<u>Finance Leases</u>	<u>Operating Leases</u>
	(in thousands)	
2023	\$ 95	\$ 154
2024	88	136
2025	85	81
2026	71	64
2027	54	46
After 2027	18	198
<b>Total Future Minimum Lease Payments</b>	<u>411</u>	<u>679</u>
Less: Imputed Interest	42	101
<b>Estimated Present Value of Future Minimum Lease Payments</b>	<u>\$ 369</u>	<u>\$ 578</u>

***Lessor Activity***

KPCo's lessor activity was immaterial as of and for the twelve months ended December 31, 2022 and December 31, 2021, respectively.

## 12. FINANCING ACTIVITIES

### Long-term Debt

The following table details long-term debt outstanding:

Type of Debt	Maturity	Weighted-Average Interest Rate as of December 31, 2022	Interest Rate Ranges as of December 31,		Outstanding as of December 31,	
			2022	2021	2022	2021
(in thousands)						
Senior Unsecured Notes	2024-2047	4.54%	3.13%-8.13%	3.13%-8.13%	\$ 688,626	\$ 688,400
Pollution Control Bonds	2023 (a)	2.35%	2.35%	2.35%	64,896	64,823
Other Long-term Debt	2022-2023	5.26%	5.03%-5.55%	0.76%-1.61%	424,926	349,882
<b>Total Long-term Debt Outstanding</b>					<u>\$ 1,178,448</u>	<u>\$ 1,103,105</u>

(a) KPCo's Pollution Control Bond is subject to redemption earlier than the maturity date.

As of December 31, 2022, outstanding long-term debt was payable as follows:

	2023	2024	2025	2026	2027	After 2027	Total
(in thousands)							
Principal Amount	\$ 490,000	\$ 65,000	\$ —	\$ 200,000	\$ 40,000	\$ 385,000	\$1,180,000
Debt Issuance Costs							(1,552)
<b>Total Long-term Debt Outstanding</b>							<u>\$1,178,448</u>

### Dividend Restrictions

KPCo pays dividends to Parent provided funds are legally available. Various financing arrangements and regulatory requirements may impose certain restrictions on the ability of KPCo to transfer funds to Parent in the form of dividends.

All of the dividends declared by KPCo are subject to a Federal Power Act requirement that prohibits the payment of dividends out of capital accounts in certain circumstances; payment of dividends is generally allowed out of retained earnings.

KPCo has credit agreements that contain a covenant that limit its debt to capitalization ratio to 67.5%. As of December 31, 2022, KPCo did not exceed its debt to capitalization limit. The method for calculating outstanding debt and capitalization is contractually-defined in the credit agreements.

The most restrictive dividend limitation for KPCo is through the Federal Power Act. As of December 31, 2022, the maximum amount of restricted net assets of KPCo that may not be distributed to Parent in the form of a loan, advance or dividend was \$613.2 million.

The Federal Power Act restriction does not limit the ability of KPCo to pay dividends out of retained earnings. The credit agreement covenant restrictions can limit the ability of KPCo to pay dividends out of retained earnings. As of December 31, 2022, the amount of any such restrictions was \$36.5 million.

**Corporate Borrowing Program – AEP System**

The AEP System uses a corporate borrowing program to meet the short-term borrowing needs of AEP's subsidiaries. The corporate borrowing program includes a Utility Money Pool, which funds AEP's utility subsidiaries. The AEP System Utility Money Pool operates in accordance with the terms and conditions of the AEP System Utility Money Pool agreement filed with the FERC. The amounts of outstanding borrowings from the Utility Money Pool as of December 31, 2022 and 2021 are included in Advances from Affiliates on KPCo's balance sheets. KPCo's Utility Money Pool activity and corresponding authorized borrowing limits are described in the following table:

<b>Years Ended December 31,</b>	<b>Maximum Borrowings from the Utility Money Pool</b>	<b>Maximum Loans to the Utility Money Pool</b>	<b>Average Borrowings from the Utility Money Pool</b>	<b>Average Loans to the Utility Money Pool</b>	<b>Borrowings from the Utility Money Pool as of December 31,</b>	<b>Authorized Short-Term Borrowing Limit</b>
<b>(in thousands)</b>						
2022	\$ 161,643	\$ 28,393	\$ 82,006	\$ 23,343	\$ 94,428	\$ 180,000
2021	121,608	43,730	46,522	22,427	47,895	180,000

Maximum, minimum and average interest rates for funds either borrowed from or loaned to the Utility Money Pool are summarized in the following table:

<b>Years Ended December 31,</b>	<b>Maximum Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Minimum Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Maximum Interest Rate for Funds Loaned to the Utility Money Pool</b>	<b>Minimum Interest Rate for Funds Loaned to the Utility Money Pool</b>	<b>Average Interest Rate for Funds Borrowed from the Utility Money Pool</b>	<b>Average Interest Rate for Funds Loaned to the Utility Money Pool</b>
2022	5.28 %	0.10 %	2.15 %	2.15 %	2.23 %	2.15 %
2021	0.48 %	0.02 %	0.34 %	0.03 %	0.31 %	0.33 %

Interest expense and interest income related to the Utility Money Pool are included in Interest Expense and Interest Income, respectively, on KPCo's statements of income. For amounts borrowed from and advances to the Utility Money Pool, KPCo incurred the following amounts of interest expense and earned the following amounts of interest income:

	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Interest Expense	\$ 1,985	\$ 166
Interest Income	102	6

**Securitized Accounts Receivables – AEP Credit**

Under an affiliated receivables sales arrangement, KPCo sold, without recourse, certain of its customer accounts receivable and accrued unbilled revenue balances to AEP Credit. KPCo was charged a fee for each sale that is based on AEP Credit's financing costs, administrative costs and uncollectible accounts experience from previous purchases of KPCo's customer accounts receivable. The costs of customer accounts receivable sold are reported in Other Operation expense on KPCo's statements of income. In January 2022, due to the pending sale to Liberty, KPCo ceased selling accounts receivable to AEP Credit. As a result, in the first quarter of 2022, KPCo began recording an allowance for uncollectible accounts on its balance sheet for those receivables no longer sold to AEP Credit.

KPCo's amounts of accounts receivable and accrued unbilled revenues under the sale of receivables agreement were \$0 and \$53.3 million as of December 31, 2022 and 2021, respectively.

The fees paid by KPCo to AEP Credit for customer accounts receivable sold were \$63 thousand and \$1.9 million for the years ended December 31, 2022 and 2021, respectively. In 2021, due to the successful collection of accounts

receivable balances during the COVID-19 pandemic, the allowance for doubtful accounts was reduced, resulting in the issuance of credits to offset the higher fees previously paid and to lower subsequent fees paid. In 2022, as a result of KPCo's discontinued sale of receivables with AEP Credit, KPCo was issued a net credit upon final settlement of the allowance for doubtful accounts balance as collections of accounts receivable were higher than originally estimated.

KPCo's proceeds on the sale of receivables to AEP Credit were \$66 million and \$595 million for the years ended December 31, 2022 and 2021, respectively.

### 13. RELATED PARTY TRANSACTIONS

For other related party transactions, also see “AEP System Tax Allocation” section of Note 1 in addition to “Corporate Borrowing Program – AEP System” and “Securitized Accounts Receivables – AEP Credit” sections of Note 12.

#### *Power Coordination Agreement*

Effective January 1, 2014, the FERC approved the PCA. Under the PCA, APCo, I&M, KPCo and WPCo are individually responsible for planning their respective capacity obligations. The PCA allows, but does not obligate, APCo, I&M, KPCo and WPCo to participate collectively under a common fixed resource requirement capacity plan in PJM and to participate in specified collective off-system sales and purchase activities.

AEPSC conducts power, capacity, coal, natural gas, interest rate and, to a lesser extent, heating oil, gasoline and other risk management activities on behalf of APCo, I&M, KPCo, PSO, SWEPCo and WPCo. Certain power and natural gas risk management activities for APCo, I&M, KPCo and WPCo are allocated based on the four member companies’ respective equity positions, while power and natural gas risk management activities for PSO and SWEPCo are allocated based on the Operating Agreement.

#### *System Integration Agreement*

Under the SIA, AEPSC allocates physical and financial revenues and expenses from transactions with neighboring utilities, power marketers and other power and natural gas risk management activities based upon the location of such activity. Margins resulting from trading and marketing activities originating in PJM generally accrue to the benefit of APCo, I&M, KPCo and WPCo, while trading and marketing activities originating in SPP generally accrue to the benefit of PSO and SWEPCo. Margins resulting from other transactions are allocated among APCo, I&M, KPCo, PSO, SWEPCo and WPCo based upon the equity positions of these companies.

#### *Affiliated Revenues and Purchases*

The table below shows the revenues derived from auction sales to affiliates, net transmission agreement sales and other revenues as follows:

<b>Related Party Revenues</b>	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Transmission Agreement Sales	\$ 17,701	\$ 8,991
Other Revenues	1,550	1,551
<b>Total Affiliated Revenues</b>	<b>\$ 19,251</b>	<b>\$ 10,542</b>

The table below shows the purchased power expenses incurred for purchases from affiliates as follows:

<b>Related Party Purchases</b>	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Direct Purchases from AEGCo (a)	\$ 93,137	\$ 93,365
<b>Total Affiliated Purchases</b>	<b>\$ 93,137</b>	<b>\$ 93,365</b>

(a) Refer to the “Unit Power Agreements” section below for further information regarding this amount.

The above summarized related party revenues and expenses are reported in Sales to AEP Affiliates and Purchased Electricity from AEP Affiliates on KPCo’s statements of income.

### ***PJM Transmission Service Charges***

The AEP East Companies are parties to the TA, which defines how transmission costs through PJM OATT are allocated among the AEP East Companies on a 12-month average coincident peak basis. Additional costs for transmission services provided by AEPTCo and other transmission affiliates are billed to KPCo through the PJM OATT.

KPCo's net charges recorded as a result of the TA for the years ended December 31, 2022 and 2021 were \$64.9 million and \$57.1 million, respectively, and were recorded in Other Operation expenses on KPCo's statements of income.

### ***Unit Power Agreements***

#### *UPA between AEGCo and I&M*

A UPA between AEGCo and I&M (the I&M Power Agreement) provides for the sale by AEGCo to I&M of all the power (and the energy associated therewith) available to AEGCo at the Rockport Plant unless it is sold to another utility. I&M is obligated, whether or not power is available from AEGCo, to pay as a demand charge for the right to receive such power (and as an energy charge for any associated energy taken by I&M) net of amounts received by AEGCo from any other sources, sufficient to enable AEGCo to pay all of its operating and other expenses, including a rate of return on the common equity of AEGCo as approved by the FERC. The I&M Power Agreement will continue in effect until the debt obligations of AEGCo secured by the Rockport Plant have been satisfied and discharged (currently expected to be December 2028).

In April 2021, AEGCo and I&M executed an agreement to purchase 100% of the interests in Rockport Plant, Unit 2 effective at the end of the lease term on December 7, 2022. Beginning December 8, 2022, AEGCo and I&M applied the joint plant accounting model to their respective 50% undivided interests in the jointly owned Rockport Plant, Unit 2 as well as any future investments made prior to the current estimated retirement date of December 2028.

Prior to the termination of the lease, I&M assigned 30% of the power to KPCo. See the "UPA between AEGCo and KPCo" section below for additional information. Beginning December 8, 2022, AEGCo billed 100% of its share of the Rockport Plant to I&M and ceased billing to KPCo. KPCo reached an agreement with I&M, from the end of the lease through May 2024, to buy capacity from Rockport Plant, Unit 2 through the PCA at a rate equal to PJM's RPM clearing price.

#### *UPA between AEGCo and KPCo*

On December 7, 2022, the UPA between AEGCo and KPCo ended upon the termination of the Rockport Plant, Unit 2 lease. Previously, pursuant to an assignment between I&M and KPCo and a UPA between AEGCo and KPCo, AEGCo sold KPCo 30% of the power (and the energy associated therewith) available to AEGCo from both units of the Rockport Plant. KPCo paid AEGCo in consideration for the right to receive such power, the same amounts which I&M would have paid AEGCo under the terms of the I&M Power Agreement for such entitlement. As a result of the end of the UPA between AEGCo and KPCo, a prorated bill was recorded from AEGCo to KPCo to reflect costs incurred for the first seven days of December 2022.

### ***I&M Barging, Urea Transloading and Other Services***

I&M provides barging, urea transloading and other transportation services to affiliates. Urea is a chemical used to control NO<sub>x</sub> emissions at certain generation plants in the AEP System. KPCo recorded expenses of \$2 million and \$3.1 million in 2022 and 2021, respectively, for urea transloading provided by I&M. These expenses were recorded as fuel expenses or other operation expenses. This agreement with KPCo terminated with the transfer of the Mitchell Plant in August 2022.

***Central Machine Shop***

APCo operates a facility which repairs and rebuilds specialized components for the generation plants across the AEP System. APCo defers the cost of performing these services on the balance sheet and then transfers the cost to the affiliate for reimbursement. KPCo recorded its assigned portion of these billings as capital or maintenance expenses depending on the nature of the services received. These billings are recoverable from customers. KPCo’s billed amounts were \$1 million and \$973 thousand for the years ended December 31, 2022 and 2021, respectively.

***Sales and Purchases of Property***

KPCo had affiliated sales and purchases of electric property individually amounting to \$100 thousand or more, sales and purchases of meters and transformers and sales and purchases of transmission property. There were no gains or losses recorded on the transactions. The table below shows the sales and purchases, recorded at net book value, as follows:

	<b>Years Ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
	<b>(in thousands)</b>	
Sales	\$ 1,187	\$ 431
Purchases	631	3,995

The amounts above are recorded in Property, Plant and Equipment on the balance sheets.

***Charitable Contributions to AEP Foundation***

The American Electric Power Foundation is funded by American Electric Power and its utility operating units. The Foundation provides a permanent, ongoing resource for charitable initiatives and multi-year commitments in the communities served by AEP and initiatives outside of AEP’s 11-state service area. In 2022, KPCo made a \$2.8 million charitable contribution to the AEP Foundation recorded in Other Operation on the statements of income. In 2021, there were no charitable contributions made to the AEP Foundation.

***Intercompany Billings***

KPCo performs certain utility services for other AEP subsidiaries when necessary or practical. The costs of these services are billed on a direct-charge basis, whenever possible, or on reasonable basis of proration for services that benefit multiple companies. The billings for services are made at cost and include no compensation for the use of equity capital.

#### **14. VARIABLE INTEREST ENTITIES**

The accounting guidance for “Variable Interest Entities” is a consolidation model that considers if a company has a variable interest in a VIE. A VIE is a legal entity that possesses any of the following conditions: the entity’s equity at risk is not sufficient to permit the legal entity to finance its activities without additional subordinated financial support, equity owners are unable to direct the activities that most significantly impact the legal entity’s economic performance (or they possess disproportionate voting rights in relation to the economic interest in the legal entity), or the equity owners lack the obligation to absorb the legal entity’s expected losses or the right to receive the legal entity’s expected residual returns. Entities are required to consolidate a VIE when it is determined that they have a controlling financial interest in a VIE and therefore, are the primary beneficiary of that VIE, as defined by the accounting guidance for “Variable Interest Entities.” In determining whether KPCo is the primary beneficiary of a VIE, management considers whether KPCo has the power to direct the most significant activities of the VIE and is obligated to absorb losses or receive the expected residual returns that are significant to the VIE. Management believes that significant assumptions and judgments were applied consistently. KPCo is not the primary beneficiary of any VIE and has not provided financial or other support to any VIE that was not previously contractually required.

AEPSC provides certain managerial and professional services to AEP’s subsidiaries. Parent is the sole equity owner of AEPSC. AEP management controls the activities of AEPSC. The costs of the services are based on a direct-charge or on a prorated basis and billed to the AEP subsidiary companies at AEPSC’s cost. AEP subsidiaries have not provided financial or other support outside the reimbursement of costs for services rendered. AEPSC finances its operations through cost reimbursement from other AEP subsidiaries. There are no other terms or arrangements between AEPSC and any of the AEP subsidiaries that could require additional financial support from an AEP subsidiary or expose them to losses outside of the normal course of business. AEPSC and its billings are subject to regulation by the FERC. AEP subsidiaries are exposed to losses to the extent they cannot recover the costs of AEPSC through their normal business operations. AEP subsidiaries are considered to have a significant interest in AEPSC due to their activity in AEPSC’s cost reimbursement structure. However, AEP subsidiaries do not have control over AEPSC. AEPSC is consolidated by AEP. In the event AEPSC would require financing or other support outside the cost reimbursement billings, this financing would be provided by AEP. KPCo’s total billings from AEPSC for the years ended December 31, 2022 and 2021 were \$69.7 million and \$75.2 million, respectively. The carrying amount of liabilities associated with AEPSC as of December 31, 2022 and 2021 were \$6.1 million and \$7.9 million, respectively. Management estimates the maximum exposure of loss to be equal to the amount of such liability.

AEGCo, a wholly-owned subsidiary of Parent, is consolidated by AEP. AEGCo owns a 50% ownership interest in Rockport Plant. In December 2022, the UPA between AEGCo and KPCo ended upon the termination of the Rockport Plant, Unit 2 lease. As a result, AEGCo began selling all of the output from the Rockport Plant to I&M, eliminating KPCo’s significant variable interest in AEGCo as of December 31, 2022. KPCo was previously exposed to losses to the extent it could not recover the costs of AEGCo through its normal business operations. Total billings from AEGCo for the years ended December 31, 2022 and 2021 were \$92.9 million and \$93.4 million, respectively. The carrying amount of liabilities associated with AEGCo as of December 31, 2022 and 2021 were \$2 million and \$7.9 million, respectively.

## 15. PROPERTY, PLANT AND EQUIPMENT

Property, Plant and Equipment is shown functionally on the face of KPCo's balance sheets. The following table includes KPCo's total plant balances as of December 31, 2022 and 2021:

	December 31,	
	2022	2021
(in thousands)		
Regulated Property, Plant and Equipment		
Generation	\$ 1,236,474	\$ 1,231,494
Transmission	801,838	760,359
Distribution	1,061,601	1,017,406
Other	166,754	129,250
CWIP	137,964	95,093
Less: Accumulated Depreciation	1,155,997	1,104,293
Total Regulated Property, Plant and Equipment - Net	<u>2,248,634</u>	<u>2,129,309</u>
Nonregulated Property, Plant and Equipment - Net	1,003	8,105
<b>Total Property, Plant and Equipment - Net</b>	<u><u>\$ 2,249,637</u></u>	<u><u>\$ 2,137,414</u></u>

### Depreciation

KPCo provides for depreciation of Property, Plant and Equipment on a straight-line basis over the estimated useful lives of property, generally using composite rates by functional class. The following table provides total regulated annual composite depreciation rates and depreciable lives for KPCo. Nonregulated depreciation rate ranges and depreciable life ranges are not applicable or not meaningful for 2022 and 2021.

Functional Class of Property	2022		2021	
	Annual Composite Depreciation Rate	Depreciable Life Ranges (in years)	Annual Composite Depreciation Rate	Depreciable Life Ranges (in years)
Generation	3.0%	69 - 73	3.0%	69 - 73
Transmission	2.7%	37 - 75	2.6%	37 - 75
Distribution	3.4%	11 - 75	3.4%	11 - 75
Other	8.2%	5 - 75	9.5%	5 - 75

The composite depreciation rate generally includes a component for non-asset retirement obligation (non-ARO) removal costs, which is credited to Accumulated Depreciation and Amortization on the balance sheets. Actual removal costs incurred are charged to Accumulated Depreciation and Amortization. Any excess of accrued non-ARO removal costs over actual removal costs incurred is reclassified from Accumulated Depreciation and Amortization and reflected as a regulatory liability.

**Asset Retirement Obligations (ARO)**

The following is a reconciliation of the 2022 and 2021 aggregate carrying amounts of ARO for KPCo:

<u>Year</u>	<u>ARO as of January 1,</u>	<u>Accretion Expense</u>	<u>Liabilities Incurred</u>	<u>Liabilities Settled (a)</u>	<u>Revisions in Cash Flow Estimates (a)</u>	<u>ARO as of December 31,</u>
			(in thousands)			
2022	\$ 17,697	\$ 803	\$ —	\$ (1,162)	\$ 1,139	\$ 18,477
2021	24,565	968	—	(3,227)	(4,609)	17,697

(a) Primarily related to ash pond closure and asbestos abatement.

**Allowance for Funds Used During Construction**

KPCo's amounts of allowance for equity and borrowed funds used during construction are summarized in the following table:

	<u>Years Ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
	(in thousands)	
Allowance for Equity Funds Used During Construction	\$ 1,192	\$ 1,822
Allowance for Borrowed Funds Used During Construction	1,635	936

**Jointly-owned Electric Facilities**

KPCo, jointly with WPCo, owns Unit 1 and Unit 2 of the Mitchell Generating Station. KPCo and WPCo each have a 50% ownership of Unit 1 and Unit 2 of the Mitchell Generating Station. Using its own financing, each participating company is obligated to pay its share of the costs in the same proportion as its ownership interest. KPCo's proportionate share of the operating costs associated with this facility is included in its statements of income and the investment and accumulated depreciation are reflected in its balance sheets under Property, Plant and Equipment as follows:

	<u>Fuel Type</u>	<u>Percent of Ownership</u>	<u>Utility Plant in Service</u>	<u>Construction Work in Progress</u>	<u>Accumulated Depreciation</u>
				(in thousands)	
<b>KPCo's Share as of December 31, 2022</b>					
Mitchell Generating Station, Units 1 and 2 (a)	Coal	50.0 %	\$ 1,052,996	\$ 23,231	\$ 518,178
<b>KPCo's Share as of December 31, 2021</b>					
Mitchell Generating Station, Units 1 and 2 (a)	Coal	50.0 %	\$ 1,049,434	\$ 12,040	\$ 493,124

(a) In September 2022, pursuant to resolutions under the existing Mitchell Plant agreement, WPCo replaced KPCo as the operator of Mitchell Plant. See Note 1 - Organization and Summary of Significant Accounting Policies for additional information.

## 16. REVENUE FROM CONTRACTS WITH CUSTOMERS

### *Disaggregated Revenues from Contracts with Customers*

The table below represents KPCo's revenues from contracts with customers, net of respective provisions for refund, by type of revenue:

	Years Ended December 31,	
	2022	2021
	(in thousands)	
<b>Retail Revenues:</b>		
Residential Revenues	\$ 317,814	\$ 282,900
Commercial Revenues	197,505	160,183
Industrial Revenues	185,174	142,217
Other Retail Revenues	2,193	2,029
<b>Total Retail Revenues</b>	<u>702,686</u>	<u>587,329</u>
<b>Wholesale Revenues:</b>		
Generation Revenues	29,680	29,523
Transmission Revenues (a)	35,522	22,052
<b>Total Wholesale Revenues</b>	<u>65,202</u>	<u>51,575</u>
Other Revenues from Contracts with Customers (b)	<u>11,541</u>	<u>8,659</u>
<b>Total Revenues from Contracts with Customers</b>	<u>779,429</u>	<u>647,563</u>
<b>Other Revenues:</b>		
Alternative Revenue Programs (c)	(6,216)	(1,180)
Other Revenues	8	—
<b>Total Other Revenues</b>	<u>(6,208)</u>	<u>(1,180)</u>
<b>Total Revenues</b>	<u>\$ 773,221</u>	<u>\$ 646,383</u>

- (a) Amounts included affiliated and nonaffiliated revenues. The affiliated revenues were \$19 million and \$9 million for years ended December 31, 2022 and 2021, respectively.
- (b) Amounts included affiliated and nonaffiliated revenues.
- (c) Alternative revenue programs in certain jurisdictions include regulatory mechanisms that periodically adjust for over/under collection of related revenues.

### *Performance Obligations*

KPCo has performance obligations as part of its normal course of business. A performance obligation is a promise to transfer a distinct good or service, or a series of distinct goods or services that are substantially the same and have the same pattern of transfer to a customer. The invoice practical expedient within the accounting guidance for "Revenue from Contracts with Customers" allows for the recognition of revenue from performance obligations in the amount of consideration to which there is a right to invoice the customer and when the amount for which there is a right to invoice corresponds directly to the value transferred to the customer.

The purpose of the invoice practical expedient is to depict an entity's measure of progress toward completion of the performance obligation within a contract and can only be applied to performance obligations that are satisfied over time and when the invoice is representative of services provided to date. KPCo elected to apply the invoice practical expedient to recognize revenue for performance obligations satisfied over time as the invoices from the respective revenue streams are representative of services or goods provided to date to the customer. Performance obligations for KPCo are summarized as follows:

*Retail Revenues*

KPCo has performance obligations to generate, transmit and distribute electricity for sale to rate-regulated retail customers. The performance obligation to deliver electricity is satisfied over time as the customer simultaneously receives and consumes the benefits provided. Revenues are variable as they are subject to the customer's usage requirements.

Rate-regulated retail customers typically have the right to discontinue receiving service at will, therefore these contracts between KPCo and their customers for rate-regulated services are generally limited to the services requested and received to date for such arrangements. Retail customers are generally billed on a monthly basis, and payment is typically due within 15 to 20 days after the issuance of the invoice.

*Wholesale Revenues - Generation*

KPCo has performance obligations to sell electricity to wholesale customers from generation assets in PJM. The performance obligation to deliver electricity from generation assets is satisfied over time as the customer simultaneously receives and consumes the benefits provided. Wholesale generation revenues are variable as they are subject to the customer's usage requirements.

KPCo also has performance obligations to stand ready in order to promote grid reliability. Stand ready services are sold into PJM's RPM capacity market. RPM entails a base auction and at least three incremental auctions for a specific PJM delivery year, with the incremental auctions spanning three years. The performance obligation to stand ready is satisfied over time and the consideration for which is variable until the occurrence of the final incremental auction, at which point the performance obligation becomes fixed.

Payments from the RTO for stand ready services are typically received within one week from the issuance of the invoice, which is typically issued weekly. Gross margin resulting from generation sales are primarily subject to margin sharing agreements with customers, where the revenues are reflected gross in the disaggregated revenues table above.

*Wholesale Revenues - Transmission*

KPCo has performance obligations to transmit electricity to wholesale customers through assets owned and operated by KPCo and other AEP subsidiaries. The performance obligation to provide transmission services in PJM is partially fixed for a period of one year or less. Payments from the RTO for transmission services are typically received within one week from the issuance of the invoice, which is issued weekly for PJM.

KPCo collects revenues through transmission formula rates. The FERC-approved rates establish the annual transmission revenue requirement (ATRR) and transmission service rates for transmission owners. The formula rates establish rates for a one year period and also include a true-up calculation for the prior year's billings, allowing for over/under-recovery of the transmission owner's ATRR. The annual true-ups meet the definition of alternative revenues in accordance with the accounting guidance for "Regulated Operations," and are therefore presented as such in the disaggregated revenues table above.

The AEP East Companies are parties to the TA, which defines how transmission costs are allocated among the AEP East Companies on a 12-month average coincident peak basis. AEPTCo is a load serving entity within PJM providing transmission services to affiliates in accordance with the OATT and TA. Affiliate revenues as a result of the TA are reflected as Transmission Revenues in the disaggregated revenues table above.

***Fixed Performance Obligations***

The following table represents KPCo's remaining fixed performance obligations satisfied over time as of December 31, 2022. Fixed performance obligations primarily include electricity sales for fixed amounts of energy and stand ready services into PJM's RPM market. KPCo elected to apply the exemption to not disclose the value of unsatisfied performance obligations for contracts with an original expected term of one year or less. Due to the annual establishment of revenue requirements, transmission revenues are excluded from the table below. The amounts shown in the table below include affiliated and nonaffiliated revenues.

<u>2023</u>	<u>2024-2025</u>	<u>2026-2027</u>	<u>After 2027</u>	<u>Total</u>
(in thousands)				
\$ 1,256	\$ 2,512	\$ 2,512	\$ 1,256	\$ 7,536

***Contract Assets and Liabilities***

Contract assets are recognized when KPCo has a right to consideration that is conditional upon the occurrence of an event other than the passage of time, such as future performance under a contract. KPCo did not have material contract assets as of December 31, 2022 and 2021, respectively.

When KPCo receives consideration, or such consideration is unconditionally due from a customer prior to transferring goods or services to the customer under the terms of a sales contract, they recognize a contract liability on the balance sheet in the amount of that consideration. Revenue for such consideration is subsequently recognized in the period or periods in which the remaining performance obligations in the contract are satisfied. KPCo's contract liabilities typically arise from advanced payments of services provided primarily with respect to joint use agreements for utility poles. KPCo did not have material contract liabilities as of December 31, 2022 and 2021, respectively.

***Accounts Receivable from Contracts with Customers***

Accounts receivable from contracts with customers are presented on KPCo's balance sheets within the Accounts Receivable - Customers line item. KPCo's balances for receivables from contracts that are not recognized in accordance with the accounting guidance for "Revenue from Contracts with Customers" included in Accounts Receivable - Customers were not material as of December 31, 2022 and 2021, respectively. See "Securitized Accounts Receivable - AEP Credit" section of Note 12 for additional information.

The amount of affiliated accounts receivable from contracts with customers included in Accounts Receivable - Affiliated Companies on KPCo's balance sheets were \$9.1 million and \$9.1 million, respectively, as of December 31, 2022 and December 31, 2021.

***Contract Costs***

Contract costs to obtain or fulfill a contract are accounted for under the guidance for "Other Assets and Deferred Costs" and presented as a single asset and neither bifurcated nor reclassified between current and noncurrent assets on KPCo's balance sheets. Contract costs to acquire a contract are amortized in a manner consistent with the transfer of goods or services to the customer in Other Operation on KPCo's statements of income. KPCo did not have material contract costs as of December 31, 2022 and 2021, respectively.
