Frankfort, KY 40602

Re: *Electronic Application of East Kentucky Power Cooperative, Inc. for Approval to Amend its Environmental Compliance Plan and Recover Costs Pursuant to its Environmental Surcharge, and for the Issuance of Certificates of Public Convenience and Necessity and Other General Relief - Case No. 2023-00177*

Dear Ms. Bridwell:

Enclosed, please find for filing, East Kentucky Power Cooperative, Inc.'s ("EKPC") response to the Commission's July 21, 2023 Order in the above-styled case. EKPC is uploading two separate versions of each of the Application volumes. The volumes noted in the name as "detailed bookmarks" are the same type of bookmarks that were originally contained in EKPC's June 30, 2023 filing. In order to see each of the bookmarks, you will click the arrow next to the bookmark. Several of the main bookmarks contain the arrows which lead to bookmarks within each of the main bookmarked document. These bookmarks with the arrows were present in the June 30th filing as well. The "dead bookmarks" have simply been deleted which were included when the Application had to be split into two volumes for uploading into the Commission's filing system due to size. The two volumes labeled "basic bookmarks" contain bookmarks simply to the Application, the verifications and each Exhibit. There are no sub bookmarks in those volumes. Since EKPC is unsure why the filing was marked deficient for not containing bookmarks for each section of the Application, two separate drafts of each Application volume are being filed with this filing in hopes that the Commission will deem the Application filed as of June 30, 2023.

This is to certify that the documents were filed via the Commission's electronic filing system on July 21, 2023 and there are currently no parties the Commission has excused from electronic participation. Pursuant to prior Commission Orders no paper copies of this filing will be made.

Sincerely,

  
L. Allyson Honaker

Enclosure
