**RATES**

All customers subject to this QIP Rider receiving water service shall be assessed a monthly QIP Rider charge in addition to the service charge, consumption charge or monthly fee component of their applicable rate schedule that will enable the Company to complete the Qualified Infrastructure Program.

(T) The QIP Rider will be updated annually in a filing that includes the (1) projected costs for  
 (T) each QIP period and (2) a balancing adjustment that trues up the projected program costs  
 (T) and revenues with the actuals for the preceding annual QIP period. The annual filing will be  
 (T) submitted at least 120 days prior to the commencement of the QIP period. The first QIP  
 (T) period following Case No. 2023-00191 is February 1, 2025 to December 31, 2025.  
 (T) Subsequent QIP periods will be twelve month calendar periods from January 1 to December  
 (T) 31 each year.

(N) The monthly QIP Rider charges for all respective water service classifications will be  
 (N) calculated as a percentage and applied to all water charges including meter fees, volumetric  
 (N) water sales, fire service fees, and public and private hydrant fees from the Company's most  
 (N) recent base rate case, but excluding any other surcharge or add-on taxes. The percentage is  
 (N) calculated by dividing the QIP revenue requirement by the water revenues authorized in the  
 Company's most recent rate case and multiplying the resulting QIP period by the number of  
 days the QIP percentage will be in effect, divided by 365 days (366 days in a leap year). It  
 will be listed as a separate line item on the customer bill. The QIP percentage shall be  
 calculated on an annual prospective basis. The QIP Rider charge effective on and after the  
 effective date is:

(R) 0.0%
