“**Voting Stock**” shall mean, with respect to any Person, shares of such Person’s Capital Stock that is at the time generally entitled, without regard to contingencies, to vote in the election of the Board of Directors of such Person. To the extent that a partnership agreement, limited liability company agreement or other agreement governing a partnership or limited liability company provides that the members of the Board of Directors of such partnership or limited liability company (or, in the case of a limited partnership whose business and affairs are managed or controlled by its general partner, the Board of Directors of the general partner of such limited partnership) are appointed or designated by one or more Persons rather than by a vote of Voting Stock, each of the Persons who are entitled to appoint or designate the members of such Board of Directors will be deemed to own a percentage of Voting Stock of such partnership or limited liability company equal to (a) the aggregate votes entitled to be cast on such Board of Directors by the members of such Board of Directors which such Person or Persons are entitled to appoint or designate divided by (b) the aggregate number of votes of all members of such Board of Directors.

“**Weighted Average Life to Maturity**” means, when applied to any Indebtedness at any date, the number of years obtained by dividing: (a) the sum of the products obtained by multiplying (i) the amount of each then remaining installment, sinking fund, serial maturity or other required payments of principal, including payment at final maturity, in respect thereof, by (ii) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment (it being understood that the Weighted Average Life to Maturity shall be determined without giving effect to any change in installment or other payments of principal resulting from prepayments of such Indebtedness); by (b) the then outstanding principal amount of such Indebtedness.

“**Wholly-Owned Subsidiary**” of any Person means a subsidiary of such Person, 100% of the Capital Stock (including all voting and economic rights) of which (other than directors’ qualifying shares or shares required by law to be owned by a resident of the relevant jurisdiction) shall be owned by such Person or by one or more Wholly-Owned Subsidiaries of such Person.

SECTION 1.02. Terms Generally; Reclassification.

(a) The definitions of terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words “include”, “includes” and “including” shall be

deemed to be followed by the phrase “without limitation”. The word “will” shall be construed to have the same meaning and effect as the word “shall”. Unless the context requires otherwise, (a) any definition of or reference to any agreement, instrument or other document herein or in any Loan Document shall be construed as referring to such agreement, instrument or other document as from time to time amended, restated, amended and restated, supplemented or otherwise modified, extended, refinanced or replaced (subject to any restrictions or qualifications on such amendments, restatements, amendment and restatements, supplements or modifications, extensions, refinancings or replacements set forth herein or in any Loan Document), (b) any reference to any law in any Loan Document shall include all statutory and regulatory provisions consolidating, amending, replacing, supplementing or interpreting such law, (c) any reference herein or in any Loan Document to any Person shall be construed to include such Person’s successors and permitted assigns, (d) the words “herein”, “hereof” and “hereunder”, and words of similar import, when used in any Loan Document, shall be construed to refer to such Loan Document in its entirety and not to any particular provision hereof or thereof, (e) all references herein or in any Loan Document to Articles, Sections, clauses, paragraphs, Exhibits and Schedules shall be construed to refer to Articles, Sections, clauses and paragraphs of, and Exhibits and Schedules to, such Loan Document, (f) in the computation of periods of time in any Loan Document from a specified date to a later specified date, the word “from” means “from and including”, the words “to” and “until” mean “to but excluding” and the word “through” means “to and including” and (g) the words “asset” and “property”, when used in any Loan Document, shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including Cash, securities, accounts and contract rights.

SECTION 1.03. Accounting Terms; GAAP; Certain Calculations.

(a) All financial statements to be delivered pursuant to this Agreement shall be prepared in accordance with GAAP as in effect from time to time and, except as otherwise expressly provided herein, all terms of an accounting or financial nature that are used in calculating the Consolidated Total Leverage Ratio, or Consolidated Adjusted EBITDA shall be construed and interpreted in accordance with GAAP as in effect from time to time; provided that, if the Borrower notifies the Lender that the Borrower requests an amendment to any provision hereof to eliminate the effect of any change occurring after the date of delivery of the first financial statements pursuant to Section 5.01(a) or 5.01(b), as applicable, in GAAP or in the application thereof on the operation of such provision (or if the Lender notifies the Borrower that it requests an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP or in the application thereof, then such provision shall be interpreted on the basis of GAAP as in effect and applied immediately before such change becomes effective until such notice have been withdrawn or such provision amended in accordance herewith; provided, further, that if such an amendment is requested by the Borrower or the Lender, then the Borrower and the Lender shall negotiate in good faith to enter into an amendment of the relevant affected provisions (without the payment of any amendment or similar fee to the Lender) to preserve the original intent thereof in light of such change in GAAP or the application thereof.

(b) Notwithstanding anything to the contrary herein, all terms of an accounting or financial nature used herein shall be construed, and all computations of amounts and ratios referred to herein shall be made without giving effect to (i) any election under Accounting Standards Codification Topic 815 (or any other Accounting Standards Codification or Financial Accounting Standard having a similar result or effect) to value any Indebtedness or other liabilities of Holdings or any subsidiary at “fair value,” as defined therein, and (ii) any treatment of Indebtedness in respect of convertible debt instruments under applicable standards promulgated by the US Financial Accounting Standards Board and GAAP to value any such Indebtedness in a reduced or bifurcated manner as described therein, and such Indebtedness shall at all times be valued at the full stated principal amount thereof.

(c) Notwithstanding anything to the contrary herein, financial tests (including the Consolidated Total Leverage Ratio and Consolidated Adjusted EBITDA) contained in this Agreement that are calculated with respect to any Test Period during which any Subject Transaction occurs shall be calculated with respect to such Test Period and such Subject Transaction on a Pro Forma Basis and to the extent the proceeds of any new Indebtedness are to be used to repay other Indebtedness (including by repurchase, redemption, retirement, extinguishment, defeasance, discharge or pursuant to escrow or similar arrangements), Holdings shall be permitted to give effect to such repayment of Indebtedness on a Pro Forma Basis.

SECTION 1.04. Timing of Payment of Performance; Times of Day. When payment of any obligation or the performance of any covenant, duty or obligation is stated to be due or performance required on a day which is not a Business Day, the date of such payment or performance shall extend to the immediately succeeding Business Day, and, in the case of any payment accruing interest, interest thereon shall be payable for the period of such extension. Unless otherwise specified herein, all references herein to times of day shall be references to New York City time (daylight or standard, as applicable).

SECTION 1.05. Division of Limited Liability Company. Any reference herein to a merger, transfer, consolidation, amalgamation, consolidation, assignment, sale, disposition or transfer, or similar term, shall be deemed to apply to a division of or by a limited liability company, or an allocation of assets to a series of a limited liability company (or the unwinding of such a division or allocation), as if it were a merger, transfer, consolidation, amalgamation, consolidation, assignment, sale or transfer, or similar term, as applicable, to, of or with a separate Person. Any division of a limited liability company shall constitute a separate Person hereunder (and each division of any limited liability company that is a subsidiary, Subsidiary, joint venture or any other like term shall also constitute such a Person or entity).

SECTION 1.06. Limited Condition Transactions. In connection with any action being taken solely in connection with a Limited Condition Transaction, for purposes of:

- (i) determining compliance with any provision of this Agreement which requires the calculation of the Consolidated Total Leverage Ratio;
- (ii) determining the accuracy of representations and warranties and/or whether a Default or Event of Default shall have occurred and be continuing (or any subset of Defaults or Events of Default); or
- (iii) testing availability under baskets set forth in this Agreement (including baskets measured as a percentage of Consolidated Adjusted EBITDA);

in each case, at the option of the Borrower (the Borrower's election to exercise such option in connection with any Limited Condition Transaction, an "**LCT Election**"), with such option to be exercised on or prior to the date of execution of the definitive agreements related to such Limited Condition Transaction, the date of determination of whether any such action is permitted hereunder, shall be deemed to be the date the definitive agreements for such Limited Condition Transaction are entered into (the "**LCT Test Date**"), and if, after giving pro forma effect to the Limited Condition Transaction and the other transactions to be entered into in connection therewith (including any incurrence of Indebtedness or Liens and the use of proceeds thereof) as if they had occurred at the beginning of the most recent Test Period

ending prior to the LCT Test Date, the Borrower could have taken such action on the relevant LCT Test Date in compliance with such ratio or basket, such ratio or basket shall be deemed to have been complied with. For the avoidance of doubt, if the Borrower has made an LCT Election and any of the ratios or baskets for which compliance was determined or tested as of the LCT Test Date are exceeded as a result of fluctuations in any such ratio or basket, including due to fluctuations in Consolidated Adjusted EBITDA of the Borrower or the Person subject to such Limited Condition Transaction, at or prior to the consummation of the relevant transaction or action, such baskets or ratios will not be deemed to have been exceeded as a result of such fluctuations. If the Borrower has made an LCT Election for any Limited Condition Transaction, then in connection with any subsequent calculation of the incurrence ratios subject to the LCT Election on or following the relevant LCT Test Date and prior to the earlier of (i) the date on which such Limited Condition Transaction is consummated or (ii) the date that the definitive agreement for such Limited Condition Transaction is terminated or expires without consummation of such Limited Condition Transaction, any such ratio or basket shall be calculated on a Pro Forma Basis assuming such Limited Condition Transaction and other transactions in connection therewith (including any incurrence of Indebtedness or Liens and the use of proceeds thereof) have been consummated, except that (other than solely with respect to the incurrence ratios subject to the LCT Election) Consolidated Adjusted EBITDA, and Consolidated Net Income of any target or targets of such Limited Condition Transaction shall only be used in the determination of any incurrence ratio and/or asset-based basket if and when such Limited Condition Transaction has been consummated.

ARTICLE 2 THE LOAN

SECTION 2.01. The Loan. As contemplated by the Purchase Agreement and for value received, on the Closing Date and upon the occurrence of the Closing (as defined in the Purchase Agreement) for all purposes hereunder the aggregate amount of the Seller Note Amount shall, automatically and without further action by any Person, constitute the “**Loan**” to be paid by the Borrower to the Lender in accordance with the terms hereof. On and as of the Closing Date, the Borrower acknowledges and agrees that the outstanding principal amount owed to the Lender pursuant to the Loan, this Agreement and the other Loan Documents is \$720,000,000.

SECTION 2.02. Repayment of the Loan; Evidence of Debt.

(a) The Borrower hereby unconditionally promises to repay in full the outstanding principal amount of the Loan to the Lender on the Maturity Date, together in each case with accrued and unpaid interest on the principal amount to be paid to but excluding the date of such payment; and together with any other Obligations due and owing under this Agreement and the other Loan Documents. For the avoidance of doubt, amounts paid or prepaid in respect of the Loan may not be reborrowed.

(b) The Lender shall maintain an account or accounts evidencing the indebtedness of the Borrower to the Lender resulting from the Loan made by the Lender, including the amounts of principal and interest payable and paid to the Lender from time to time hereunder.

(c) The entries made in the accounts maintained pursuant to clause (b) of this Section 2.02 shall be prima facie evidence of the existence and amounts of the Obligations recorded therein (absent manifest error); provided that the failure of the Lender to maintain such accounts or any manifest error therein shall not in any manner affect the obligation of the Borrower to repay the Loan and/or any other Obligations in accordance with the terms of this Agreement and the other Loan Documents.

(d) The Loan shall be evidenced by a Promissory Note. In furtherance of the foregoing, the Borrower shall prepare, execute and deliver to the Lender a Promissory Note payable to the Lender; it being understood and agreed that the Lender shall be required to return such Promissory Note to the Borrower for cancellation upon the Termination Date. If the Lender loses the original copy of its Promissory Note, it shall execute an affidavit of loss containing an indemnification provision that is reasonably satisfactory to the Borrower. The obligation of the Lender to execute an affidavit of loss containing an indemnification provision that is reasonably satisfactory to the Borrower shall survive the Termination Date.

SECTION 2.03. Prepayment of the Loan.

(a) Optional Prepayments. Prior to the earlier of (i) the Put Right Election Date and (ii) the date that is four years after the Closing Date (such earlier date, the “**Call Protection Termination Date**”), the Borrower shall not voluntarily prepay the Loan in whole or in part. At any time on or after the Call Protection Termination Date, the Borrower may, upon three Business Days prior notice to the Lender, at any time or from time to time voluntarily prepay the Loan in whole or in part without premium or penalty but together in each case with accrued and unpaid interest on the principal amount to be paid to but excluding the date of such payment; and together with any other Obligations then due and owing, if any, under this Agreement and the other Loan Documents; provided that any prepayment shall be in a minimum principal amount of \$500,000 or a whole multiple of \$100,000 in excess thereof or, the entire principal amount thereof then outstanding. Prepayments shall be accompanied by accrued interest as required by Section 2.05. The Borrower acknowledges and agrees that a breach of this Section 2.03(a) will result in an immediate Event of Default pursuant to Section 7.01, entitling the Lender to exercise any and all remedies pursuant to Article 7, including the payment of the Applicable Premium as provided in Article 7.

(b) Mandatory Prepayments.

(i) At the option of the Lender in its sole and absolute discretion, no later than the fifth Business Day following the receipt of any Net Proceeds in respect of any Prepayment Asset Sale or any Casualty/Condemnation Event, in each case, in excess of (x) \$5,000,000 in a single transaction or series of related transactions and (y) \$20,000,000 in any fiscal year, the Borrower shall apply an amount (collectively, the “**Subject Proceeds**”) equal to 100% of such Net Proceeds in excess of such thresholds set forth in the foregoing clauses (x) and (y) to prepay the outstanding Loan, together in each case with accrued and unpaid interest on the principal amount to be paid to but excluding the date of such payment; and together with any other Obligations then due and owing, if any, under this Agreement and the other Loan Documents; provided, that if Holdings or any of its Subsidiaries intends to reinvest such Net Proceeds in the business of Holdings or any of its subsidiaries (including any acquisitions or other Investment permitted under Section 6.05) within 18 months following receipt thereof, then no prepayment shall be required pursuant to this clause (i) in respect of such Net Proceeds (or the applicable portion thereof, if applicable) except to the extent of any such Net Proceeds that have not been so invested (or contractually committed to be invested) by the end of such 18-month period (or, if contractually committed to be so invested within such 18-month period, have not been so invested within 24 months after receipt thereof), at which time a prepayment shall be required in an amount equal to such Net Proceeds that have not been so invested (or contractually committed to be invested).

(ii) At the option of the Lender in its sole and absolute discretion, in the event that Holdings or any of its Subsidiaries shall receive Net Proceeds from the issuance or incurrence of Indebtedness of Holdings or any of its Subsidiaries (other than with respect to Indebtedness permitted under Section 6.01), the Borrower shall, substantially simultaneously with (and in any

event not later than the Business Day immediately following) the receipt of such Net Proceeds by Holdings or such Subsidiary, only an amount equal to 100% of such Net Proceeds to prepay the outstanding Loan together in each case with accrued and unpaid interest on the principal amount to be paid to but excluding the date of such payment; and together with any other Obligations, if any, then due and owing under this Agreement and the other Loan Documents.

(iii) The Lender may elect in its sole and absolute discretion, by written notice to the Borrower no later than 1:00 p.m. one Business Day prior to any prepayment of the Loan required to be made by the Borrower pursuant to this Section 2.03(b), to decline all or any portion of any such mandatory prepayment (such declined amounts, the “**Declined Proceeds**”), in which case such Declined Proceeds may be retained by the Borrower. If the Lender fails to deliver a notice of election declining receipt of such mandatory prepayment to the Borrower within the time frame specified above, the Borrower shall promptly (but in any event within one Business Day) send a written notice to the Lender requesting the Lender to make a determination whether or not to decline such amounts.

(iv) The Borrower shall deliver to the Lender written notice no later than 12:00 p.m. two Business Days prior to the time of each prepayment required under Section 2.03(b); furthermore, the Borrower shall deliver to the Lender, at the time of each prepayment required under this Section 2.03(b), a certificate signed by a Responsible Officer of the Borrower setting forth in reasonable detail the calculation of the amount of such prepayment. Each such certificate shall specify the principal amount of the Loan or portion thereof to be prepaid. Prepayments shall be accompanied by accrued interest as required by Section 2.05. All prepayments of the Loan under this Section 2.03(b) shall be subject to Section 2.03(c).

(c) If the Borrower makes any prepayment of the Loan pursuant to Section 2.03(b) prior to the Call Protection Termination Date, the Borrower will pay to the Lender, in addition to the outstanding principal amount of the Loan being prepaid plus any accrued and unpaid interest thereon and any other Obligations then due and owing, if any, to but excluding, the prepayment date, a premium in an amount equal to the Applicable Premium.

SECTION 2.04. Put Option. Upon not less than six months’ prior written notice to the Borrower (the date such notice is delivered to the Borrower, the “**Put Right Election Date**”; provided that the Put Right Election Date may not occur prior to the date that is 36 months after the Closing Date), the Lender may, in its sole and absolute discretion, require that the Borrower prepay the outstanding principal amount of the Loan in full, in Cash in Dollars, together with the payment of accrued but unpaid interest and any other accrued but unpaid amounts hereunder to the date of prepayment and any other Obligations then due and owing on the date specified in such written notice (the “**Put Right Repayment Date**”), but without premium or penalty (and for the avoidance of doubt, without any Applicable Premium); provided, however, that if a Market Disruption Event shall have occurred and is continuing as of the Put Right Repayment Date, then so long as the Market Disruption Event shall continue, the Borrower shall not be required to prepay the outstanding principal amount of the Loan in full as provided in this Section 2.04. For the avoidance of doubt, upon the termination of any Market Disruption Event, the Borrower shall immediately comply with its obligations under this Section 2.04 to immediately prepay in full in Cash in Dollars the outstanding principal amount of the Loan together with accrued but unpaid interest and any other accrued but unpaid amounts hereunder to the date of prepayment and any other Obligations then due and owing.

SECTION 2.05. Interest.

(a) The Loan shall bear interest at 7.00% per annum.

(b) Notwithstanding the foregoing, if any principal of or interest on the Loan or any fee payable by the Borrower hereunder is not paid when due, whether at stated maturity, upon acceleration or otherwise, or upon the occurrence of an Event of Default, any and all overdue amounts (including, but not limited to, principal, interest and fees) payable hereunder shall bear interest, to the fullest extent permitted by law, after as well as before judgment, at a rate per annum equal to 2.00% *plus* the rate otherwise applicable to the Loan as provided in Section 2.05(a).

(c) Accrued interest on the Loan shall be payable in cash in arrears on each Interest Payment Date for the Loan, and upon the Maturity Date; provided in the event of any repayment or prepayment of the Loan (in whole or in part), accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment.

(d) All interest hereunder shall be computed on the basis of a year of 365 days (or 366 days in a leap year), and in each case shall be payable for the actual number of days elapsed (including the first day but excluding the last day). Interest shall accrue on the Loan for the day on which the Loan is made and shall not accrue on the Loan, or any portion thereof, for the day on which the Loan or such portion is paid.

SECTION 2.06. Taxes.

(a) Payments Free of Taxes. All payments by or on account of any obligation of any Loan Party hereunder shall be made free and clear of and without deduction or withholding for any Taxes, except as required by applicable law. If any applicable law (as determined in the good faith discretion of an applicable Loan Party or other applicable withholding agent) requires the deduction or withholding of any Tax from any such payment by a Loan Party, then the applicable withholding agent shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with the applicable law; provided that if a Loan Party shall be required to deduct or withhold any Indemnified Taxes from such payments, the sum payable by such Loan Party shall be increased as necessary so that after making such deduction or withholding (including deductions and withholdings applicable to additional sums payable under this Section 2.06(a)) the Lender receives an amount equal to the sum it would have received had no such deductions or withholding been made.

(b) Other Taxes. In addition, the Loan Parties shall pay any Other Taxes to the relevant Governmental Authority in accordance with applicable law.

(c) Indemnification by Loan Parties. Each Loan Party shall indemnify the Lender within 10 days after written demand therefor, for the full amount of any Indemnified Taxes paid by the Lender, on or with respect to any payment by or any payment on account of any obligation of such Loan Party hereunder (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section) and any reasonable out-of-pocket expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Loan Parties by the Lender shall be conclusive absent manifest error.

(d) Evidence of Payments. As soon as practicable after any payment of Taxes by a Loan Party to a Governmental Authority in accordance with this Section, such Loan Party shall deliver to the Lender the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Lender.

(e) Survival. Each party's obligations under this Section 2.06 shall survive the replacement of the Lender or any assignment of rights by, or the replacement of, the Lender and the repayment, satisfaction or discharge of all obligations under any Loan Document.

(f) Status of Lender. The Lender shall provide executed copies of IRS Form W-9 certifying that Lender is exempt from U.S. federal backup withholding tax.

(g) Treatment of Certain Refunds. If the Lender determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section 2.06 (including by the payment of additional amounts pursuant to this Section 2.06), it shall pay to the indemnifying Loan Party an amount equal to such refund (but only to the extent of indemnity payments made under this Section 2.06 with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses (including Taxes) of the Lender and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Such Loan Party, upon the request of Lender, shall repay to the Lender the amount paid over pursuant to this paragraph (g) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that the Lender is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (g), in no event will the Lender be required to pay any amount to a Loan Party pursuant to this paragraph (g) the payment of which would place the Lender in a less favorable net after-Tax position than the Lender would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This paragraph shall not be construed to require the Lender to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the Loan Party or any other Person.

SECTION 2.07. Payments Generally; Allocation of Proceeds.

(a) Unless otherwise specified, the Borrower shall make each payment required to be made by it hereunder (whether of principal, interest or fees or reimbursements, or of amounts payable under Section 2.06, or otherwise) prior to 2:00 p.m. on the date when due, in immediately available funds in Cash in Dollars, without set-off (except as otherwise provided in Section 2.06) or counterclaim; provided that, if agreed by the Lender as part of a transaction that is not otherwise prohibited by this Agreement, the Borrower may make any payment required to be made in immediately available funds by it hereunder to the Lender in respect of the Lender's Loan in any other form of consideration as the Lender may agree to accept in its sole discretion. Any amounts received after such time on any date may, in the discretion of the Lender, be deemed to have been received on the next succeeding Business Day for purposes of calculating interest thereon. All such payments shall be made to the Lender to the applicable account designated to the Borrower by the Lender, except that payments pursuant to Section 2.06 and 8.03 shall be made directly to the Persons entitled thereto. The Lender shall distribute any such payments received by it for the account of any other Person to the appropriate recipient promptly following receipt thereof. Subject to the proviso set forth in the first sentence of this paragraph, all payments hereunder shall be made in Cash and in Dollars. Subject in all respects to the provisions of any Acceptable Intercreditor Agreement then in effect, all proceeds of Collateral received by the Lender after an Event of Default has occurred and is continuing or all or any portion of the Loan shall have been accelerated hereunder pursuant to Section 7.01, shall, upon election by the Lender, be applied, first, to the payment of all costs and expenses then due incurred by the Lender in connection with any collection, sale or realization on Collateral or otherwise in connection with this Agreement, any other Loan Document or any of the Obligations, including all court costs and the fees and expenses of agents and legal counsel, the repayment of all advances made by the Lender hereunder or under any other Loan Document on

behalf of any Loan Party and any other costs or expenses incurred in connection with the exercise of any right or remedy hereunder or under any other Loan Document, second, to pay any fees, indemnities or expense reimbursements then due to the Lender (other than those covered in clause first above) from the Borrower constituting Obligations, third, in accordance with the amounts of the Obligations (other than contingent indemnification obligations for which no claim or demand has been made) owed to the Lender on the date of any such distribution, to the payment in full of the Obligations, and fourth, after payment in full of all Obligations (other than contingent indemnification obligations for which no claim or demand has been made), to, or at the direction of, the Borrower or as a court of competent jurisdiction may otherwise direct.

ARTICLE 3 REPRESENTATIONS AND WARRANTIES

On the Closing Date and on any other applicable date, each of Holdings, the Borrower and the other Loan Parties, on behalf of themselves and their respective Subsidiaries, represents and warrants to the Lender that (provided that, notwithstanding anything in this Agreement to the contrary, solely with respect to the making of the representations and warranties set forth in Sections 3.01(b) and (c), 3.03(c), 3.04, 3.05, 3.06, 3.07, 3.09, 3.10, 3.11, 3.13, 3.15 and 3.17 on the Closing Date, such representations and warranties shall be made solely by, and solely with respect to, Holdings and the Borrower (as applicable)):

SECTION 3.01. Organization; Powers. Each of the Loan Parties and each of their Subsidiaries (a) is (i) duly organized and validly existing and (ii) in good standing (to the extent such concept exists in the relevant jurisdiction) under the laws of the jurisdiction of its organization, (b) has all requisite power and authority to own its property and assets and to carry on its business as now conducted and (c) is qualified to do business in, and is in good standing (to the extent such concept exists in the relevant jurisdiction) in, every jurisdiction where its ownership, lease or operation of properties or conduct of its business requires such qualification; except, in each case referred to in this Section 3.01 (other than clauses (a)(i) and (b) with respect to Holdings and the Borrower) where the failure to do so, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect.

SECTION 3.02. Authorization; Enforceability. The execution, delivery and performance of each of the Loan Documents are within each applicable Loan Party's corporate or other organizational powers and have been duly authorized by all necessary corporate or other organizational action of such Loan Party. Each Loan Document to which any Loan Party is a party has been duly executed and delivered by such Loan Party and is a legal, valid and binding obligation of such Loan Party, enforceable in accordance with its terms, subject to applicable bankruptcy, insolvency or similar laws affecting creditors' rights generally and to general principles of equity and principles of good faith and dealing.

SECTION 3.03. Governmental Approvals; No Conflicts. The execution and delivery of the Loan Documents by each Loan Party party thereto and the performance by such Loan Party thereof (a) do not require any consent or approval of, registration or filing with, or any other action by, any Governmental Authority, except (i) such as have been obtained or made and are in full force and effect, (ii) for filings necessary to perfect Liens created pursuant to the Loan Documents and (iii) such consents, approvals, registrations, filings, or other actions the failure to obtain or make which could not be reasonably expected to have a Material Adverse Effect, (b) will not violate (i) any of such Loan Party's Organizational Documents or (ii) any Requirements of Law applicable to such Loan Party which, in the case of this clause (b)(ii), could reasonably be expected to have a Material Adverse Effect and (c) will not violate or result in a default under any material Contractual Obligation of any of the Loan Parties which violation or default could reasonably be expected to result in a Material Adverse Effect.

SECTION 3.04. No Material Adverse Effect. Since the Closing Date, there has been no event or condition that has resulted or would reasonably be expected to result, in a Material Adverse Effect.

SECTION 3.05. Properties.

(a) Holdings and each of its Subsidiaries has good and valid fee simple title (or similar concept under any applicable jurisdiction) to or rights to purchase, or valid leasehold interests in, or other limited property interests in, all its Real Estate Assets (including any Mortgaged Properties) acquired after the Closing Date and has good title to its personal property and assets, in each case, except (i) for defects in title that do not materially interfere with its ability to conduct its business as currently conducted or to utilize such properties and assets for their intended purposes or (ii) where the failure to have such title or rights would not reasonably be expected to have a Material Adverse Effect. All such properties and assets are free and clear of Liens, other than Permitted Liens.

(b) Holdings and its Subsidiaries have valid title to or a valid license or right to use all patents, trademarks, service marks, trade names, copyrights, proprietary know how and data and other rights in works of authorship (including all copyrights embodied in software) and all other similar intellectual property rights (the foregoing, collectively, "**IP Rights**") acquired after the Closing Date necessary to conduct the businesses of Holdings and its Subsidiaries as presently conducted without, to the knowledge of Holdings, any infringement or misappropriation of the IP Rights of third parties, except where such failure to own or license or have rights to use would not, or where such infringement or misappropriation would not, have, individually or in the aggregate, a Material Adverse Effect.

SECTION 3.06. Litigation and Environmental Matters.

(a) There are no actions, suits or proceedings by or before any arbitrator or Governmental Authority pending against or, to the knowledge of Holdings, threatened against or affecting the Loan Parties or any of their Subsidiaries which would reasonably be expected, individually or in the aggregate, to result in a Material Adverse Effect.

(b) Except for any matters that, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect, (i) no Loan Party nor any of its Subsidiaries has received notice of any Environmental Claim or knows of any basis for any Environmental Liability and (ii) no Loan Party nor any of its Subsidiaries has failed to comply with any Environmental Law or to obtain, maintain or comply with any permit, license or other approval required under any Environmental Law.

(c) Neither Holdings nor any of its Subsidiaries has treated, stored, transported or disposed of Hazardous Materials at or from any currently or formerly operated real estate or facility relating to its business in a manner that would reasonably be expected to have a Material Adverse Effect.

Except with respect to Holdings and the Borrower, the representations made in this Section 3.06 shall only be applicable since the Closing Date.

SECTION 3.07. Compliance with Laws. Each of Holdings and its Subsidiaries is in compliance with all Requirements of Law applicable to it or its property, except, in each case, where the failure to do so, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect. Except with respect to Holdings and the Borrower, the representations made in this Section 3.07 shall only be applicable since the Closing Date.

SECTION 3.08. Investment Company Status. No Loan Party is required to register as an “investment company” under the Investment Company Act of 1940, as amended. The execution and delivery of the Loan Documents by the Loan Parties and the consummation by the Loan Parties of the transactions contemplated by this Agreement do not violate, and are not subject to avoidance under, the Investment Company Act of 1940, as amended.

SECTION 3.09. Taxes. Each of Holdings and its Subsidiaries has timely filed or caused to be filed all Tax returns and reports required to have been filed by it and has paid or caused to be paid all Taxes required to have been paid by it that are due and payable, except (a) Taxes (or any requirement to file Tax returns with respect thereto) that are being contested in good faith by appropriate proceedings and for which Holdings or such Subsidiary, as applicable, has set aside on its books adequate reserves in accordance with GAAP, or (b) in each case, to the extent that the failure to do so, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect. Except with respect to Holdings and the Borrower the representations made in this Section 3.09 shall only be applicable since the Closing Date.

SECTION 3.10. ERISA; Plan Assets. No ERISA Event has occurred in the five-year period prior to the date on which this representation is made or deemed made and is continuing that, when taken together with all other such ERISA Events, would reasonably be expected to result in a Material Adverse Effect. Except with respect to Holdings and the Borrower, the representations made in this Section 3.10 shall only be applicable since the Closing Date.

SECTION 3.11. Disclosure. As of the Closing Date, all information (other than (i) forecasts, financial estimates, other forward-looking information and/or (ii) projected information and information of a general economic or industry-specific nature) concerning Holdings and the Borrower that was prepared by or on behalf of Holdings or the Borrower or their respective representatives and made available to the Lender in connection with the Transactions on or before the Closing Date, when taken as a whole, did not, when furnished, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein not materially misleading in light of the circumstances under which such statements are made (after giving effect to all supplements and updates thereto from time to time prior to the Closing Date).

SECTION 3.12. Solvency. As of the Closing Date, immediately after the incurrence of Indebtedness being incurred under this Agreement on the Closing Date and the consummation of the other Transactions, (i) the sum of the debt (including contingent liabilities) of Holdings and its Subsidiaries, on a consolidated basis taken as a whole, does not exceed the fair value of the assets of Holdings and its Subsidiaries, on a consolidated basis taken as a whole, (ii) the present fair saleable value of the assets of Holdings and its Subsidiaries, on a consolidated basis taken as a whole, is not less than the amount that will be required to pay the probable liabilities (including contingent liabilities) of Holdings and its Subsidiaries, on a consolidated basis taken as a whole, on their debts as they become absolute and matured, (iii) the capital of Holdings and its Subsidiaries, on a consolidated basis taken as a whole, is not unreasonably small in relation to the business of Holdings and its Subsidiaries, on a consolidated basis taken as a whole, contemplated as of the Closing Date, and (iv) Holdings and its Subsidiaries, on a consolidated basis taken as a whole, do not intend to incur, or believe that they will incur, debts (including current obligations and contingent liabilities) beyond their ability to pay such debts as they mature in the ordinary course of business. For purposes of the foregoing determination, the amount of any contingent liability at any time shall be computed as the amount that, in light of all of the facts and circumstances existing at such time, represents the amount that can reasonably be expected to become an actual or matured liability.

SECTION 3.13. Capitalization and Subsidiaries. Schedule 3.13 sets forth, in each case, as of the Closing Date (or, if the extent applicable, as of the date of the most recent Compliance Certificate provided pursuant to Section 5.01(c)), (a) a correct and complete list of the name of each Subsidiary of Holdings and the ownership interest therein held by Holdings or its applicable Subsidiary, and (b) the type of entity of each Holdings' Subsidiaries.

SECTION 3.14. Security Interest in Collateral. The provisions of this Agreement and the other Loan Documents create legal, valid and enforceable Liens on the Collateral in favor of the Lender, subject, as to enforceability, to applicable bankruptcy, insolvency or similar laws affecting creditors' rights generally and to general principles of equity and principles of good faith and dealing, and upon the making of such filings and taking of such other actions required to be taken hereby or by the applicable Loan Documents (including the filing of appropriate financing statements with the office of the Secretary of State of the state of organization of each Loan Party that is a Domestic Subsidiary, as the case may be, the filing of appropriate notices with the U.S. Patent and Trademark Office and the U.S. Copyright Office, and the proper recordation of Mortgages and fixture filings with respect to any Material Real Estate Assets, in each case in favor of the Lender, and the delivery to the Lender of any stock certificates or promissory notes required to be delivered pursuant to the applicable Loan Documents), such Liens will constitute perfected Liens (with the priority such Liens are expressed to have within the relevant Collateral Document) on the Collateral (to the extent such Liens are required to be perfected under the terms of the Loan Documents and to the extent such Liens may be perfected by such filings), securing the Obligations, in each case as and to the extent set forth therein.

SECTION 3.15. Senior Indebtedness. The Obligations constitute "Senior Indebtedness" (or any comparable term) and "Designated Senior Debt" (or any comparable term) (if applicable) under and as defined in the documentation governing any Junior Debt.

SECTION 3.16. Federal Reserve Regulations.

(a) On the Closing Date, not more than 25% of the value of the assets of Holdings, and its Subsidiaries, taken as a whole, is represented by Margin Stock.

(b) None of Holdings or any of its Subsidiaries is engaged principally, or as one of its important activities, in the business of extending credit for the purpose of buying or carrying Margin Stock.

(c) No part of the proceeds of the Loan will be used, whether directly or indirectly, and whether immediately, incidentally or ultimately, for any purpose that entails a violation of the provisions of Regulation U or X.

SECTION 3.17. Sanctions; Anti-Terrorism Laws; Anti-Corruption Laws.

(a) None of Holdings or any of its Subsidiaries, nor, to the knowledge of Holdings, any Affiliate, director, officer agent or employee of any of the foregoing, is (i) the target of any Sanctions or (ii) organized in, resident in, or doing business within a Sanctioned Country; and the Borrower will not directly or, to the knowledge of the Borrower, indirectly use the proceeds of the Loan or otherwise directly or, knowingly, indirectly make available such proceeds to any Person for the purpose of financing the activities or business of any Person, or in any Sanctioned Country, except to the extent permissible for a Person required to comply with Sanctions.

(b) To the extent applicable, each Loan Party is in compliance, in all material respects, with (i) applicable Sanctions and (ii) Anti-Terrorism Laws.

(c) No part of the proceeds of the Loan will be used, directly or, to the knowledge of the Borrower, indirectly, for any payments to any governmental official or employee, political party, official of a political party, candidate for political office, or anyone else acting in an official capacity, in order to obtain, retain or direct business or obtain any improper advantage, in violation of Anti-Corruption Laws.

Except with respect to Holdings and the Borrower, the representations made in this Section 3.17 shall only be applicable since the Closing Date.

SECTION 3.18. Use of Proceeds. The Borrower has used the proceeds of the Loan only in compliance with (and not in contravention of) Section 5.09.

ARTICLE 4 RESERVED

ARTICLE 5 AFFIRMATIVE COVENANTS

Until the date that all the principal of and interest on the Loan and all fees, expenses, other amounts and Obligations payable under any Loan Document (other than contingent indemnification obligations for which no claim or demand has been made) have been paid in full in Cash (such date, the “**Termination Date**”), each of Holdings, the Borrower and its Subsidiaries covenant and agree with the Lender that:

SECTION 5.01. Financial Statements and Other Reports. Holdings will deliver to the Lender:

(a) Unaudited Financial Statements. Commencing with the financial statements for the Fiscal Quarter ending March 31, 2022, within 60 days (or with respect to the first three Fiscal Quarters ending after the Closing Date, 75 days) following the end of each Fiscal Quarter of each Fiscal Year (or, if applicable, any later date by which Holdings is required to file its quarterly report on Form 10-Q under applicable SEC rules), the consolidated statement of financial position of Holdings as at the end of such Fiscal Quarter and the related consolidated statements of comprehensive income (loss) and cash flows of Holdings for such Fiscal Quarter and for the period from the beginning of the then current Fiscal Year to the end of such Fiscal Quarter, setting forth in each case in comparative form (other than for the first four quarters following the Closing Date) the corresponding figures for the corresponding periods of the previous Fiscal Year, all in reasonable detail, together with a Financial Officer Certification with respect thereto, subject to changes resulting from audit and normal year-end audit adjustments and to the absence of footnotes; provided, however, that such financial statements shall not be required to reflect any purchase accounting adjustments relating to the Purchase or any other acquisition consummated after the Closing Date until after the delivery of financial statements pursuant to Section 5.01(b) which include such adjustments;

(b) Annual Financial Statements. Beginning with the Fiscal Year ending December 31, 2021, as soon as available and in any event within 120 days (or with respect to the Fiscal Year ending December 31, 2021, 150 days) after the end of each Fiscal Year (or, if applicable, any later date by which Holdings is required to file its annual report on Form 10-K under applicable SEC rules), (i) the consolidated statement of financial position of Holdings as at the end of such Fiscal Year and the related consolidated statements of comprehensive income (loss), changes in equity and

cash flows of Holdings for such Fiscal Year, setting forth in each case in comparative form the corresponding figures for the previous Fiscal Year, in reasonable detail; and (ii) with respect to such consolidated financial statements, a report thereon of independent registered public accountants of recognized national standing (which report shall be unqualified as to “going concern” and scope of audit (other than solely with respect to, or resulting solely from, (i) an upcoming maturity date under any documentation governing any Indebtedness within one year or (ii) any prospective or potential inability to satisfy a financial maintenance covenant on a future date or in a future period (or, other than in the case of any revolving facility, any actual inability to satisfy or breach of a financial maintenance covenant)), and shall state that such consolidated financial statements fairly present, in all material respects, the consolidated financial position of Holdings as at the dates indicated and the results of its consolidated operations and cash flows for the periods indicated in conformity with GAAP;

(c) Compliance Certificate. Not later than five Business Days after each delivery of consolidated financial statements of Holdings pursuant to Sections 5.01(a) and 5.01(b), a duly executed and completed Compliance Certificate certifying that no Default or Event of Default has occurred and is continuing (or if a Default or Event of Default has occurred and is continuing, describing in reasonable detail such Default or Event of Default and the steps being taken to cure, remedy or waive the same) and, to the extent necessary to maintain its accuracy, providing an updated Schedule 3.13;

(d) Notice of Default. Promptly upon the occurrence of any Default or Event of Default, written notice thereof;

(e) Notice of Litigation. Promptly upon the occurrence of (i) the institution of, or threat of, any Adverse Proceeding not previously disclosed in writing by the Loan Parties to the Lender or (ii) any material development in any Adverse Proceeding that, in the case of either clauses (i) or (ii), could reasonably be expected to have a Material Adverse Effect, written notice specifying the nature thereof;

(f) ERISA. Promptly upon the occurrence of any ERISA Event that could reasonably be expected to have a Material Adverse Effect, a written notice specifying the nature thereof;

(g) Budget. As soon as available and in any event no later than 120 days (or with respect to the Fiscal Year beginning January 1, 2022, 150 days) after the beginning of each Fiscal Year commencing after the Closing Date, a consolidated budget of Holdings and its Subsidiaries for such Fiscal Year (in the form customarily prepared by Holdings);

(h) Information Regarding Collateral. Holdings will furnish to the Lender prompt (and in any event within thirty (30) days (or such later date as the Lender may reasonable agree)) written notice with respect to the Borrower, Holdings or any other Loan Party that is organized in the United States, of any change (A) in any such Person’s legal name, (B) in any such Person’s type of organization, (C) in any such Person’s jurisdiction of organization, incorporation or amalgamation, chief executive office or domicile or (D) in any such Person’s organizational identification number (to the extent necessary to perfect or maintain the perfection and priority of the Lender’s security interest in the applicable Collateral);

(i) Certain Reports. Promptly upon their becoming available and without duplication of any obligations with respect to any such information that is otherwise required to be delivered under the provisions of any Loan Document, copies of (i) following a Qualifying IPO, all financial statements, reports, notices and proxy statements sent or made available generally by any Parent

Company to its public security holders acting in such capacity or by any Subsidiary of Holdings to its public security holders other than Holdings or another Subsidiary of Holdings and (ii) all regular and periodic reports and all registration statements (other than amendments to any registration statement (to the extent such registration statement, in the form it became effective, is delivered to the Lender), exhibits to any registration statement and, if applicable, any registration statement on Form S-8 or similar form) and prospectuses, if any, furnished or filed by any Parent Company (other than a Parent Company under clause (c) of the definition thereof), Holdings or any of its Subsidiaries with any securities exchange or with the SEC or any governmental or private regulatory authority with jurisdiction over matters relating to securities;

(a) Other Information. Subject to the limitations set forth in Section 5.06 and the confidentiality provisions of Section 8.13, such additional information (financial or otherwise) as the Lender may reasonably request from time to time in connection with the financial condition or business of Holdings and its Subsidiaries; and

(b) Quarterly Conference Calls. After delivery of consolidated financial statements of Holdings pursuant to Sections 5.01(a) and 5.01(b), if reasonably requested by the Lender in its sole discretion, the Borrower shall conduct a quarterly conference call with the Lender to discuss the financial condition and results of operations of the Borrower for the most recently ended Fiscal Quarter or Fiscal Year, as applicable, for which financial statements have been delivered pursuant to Sections 5.01(a) and (b), at a date and time to be determined by the Borrower with reasonable advance notice to the Lender.

Documents required to be delivered pursuant to this Section 5.01 may be delivered electronically and if so delivered, shall be deemed to have been delivered on the date (i) on which executed certificates or other documents are faxed to the Lender (or electronically mailed to an address provided by the Lender); or (ii) in respect of the items required to be delivered pursuant to Section 5.01(i) above in respect of information furnished or filed by any Parent Company, Holdings or any of its subsidiaries with any securities exchange or with the SEC or any governmental or private regulatory authority, such items have been made available on the SEC website or the website of the relevant analogous governmental or private regulatory authority or securities exchange. Notwithstanding the foregoing, the obligations in paragraphs (a) and (b) of this Section 5.01 may be satisfied with respect to financial information of Holdings and its consolidated Subsidiaries by furnishing Holdings's Form 10-K, 10-Q, Annual Information Form and quarterly financial statements, as applicable, filed with the SEC.

SECTION 5.02. Existence. Except as otherwise permitted under Section 6.06, Holdings will, and will cause each of its Subsidiaries to, at all times preserve and keep in full force and effect its existence and all rights and franchises, licenses and permits necessary in the normal conduct of its business except to the extent (other than with respect to the preservation of existence of Holdings or the Borrower) failure to do so could not reasonably be expected to result in a Material Adverse Effect; provided that neither Holdings nor any of its Subsidiaries shall be required to preserve any such existence (other than the preservation of existence of Holdings and the Borrower), right or franchise, licenses or permits if such Person or such Person's board of directors (or similar governing body) shall determine that the preservation thereof is no longer desirable in the conduct of the business of such Person, and that the loss thereof is not disadvantageous in any material respect to such Person or to the Lender.

SECTION 5.03. Payment of Taxes. Holdings will, and will cause each of its Subsidiaries to, pay all Taxes imposed upon it or any of its properties or assets or in respect of any of its income, businesses or franchises before any penalty or fine accrues thereon; provided that no such Tax need be paid if (a) it is being contested in good faith by appropriate proceedings and adequate reserves or other

appropriate provisions, as shall be required in conformity with GAAP, shall have been made therefor and, in the case of a Tax which has or may become a Lien against any of the Collateral, such contest proceedings operate to stay the sale of any portion of the Collateral to satisfy such Tax or (b) failure to pay or discharge the same could not reasonably be expected to result in a Material Adverse Effect.

SECTION 5.04. Maintenance of Properties. Holdings will, and will cause each of its Subsidiaries to, maintain or cause to be maintained in good repair, working order and condition, ordinary wear and tear and casualty and condemnation excepted, all property and maintain and renew all intellectual property, in each case, reasonably necessary to the normal conduct of business of Holdings and its Subsidiaries and from time to time will make or cause to be made all needed and appropriate repairs, renewals and replacements thereof except as expressly permitted by this Agreement or where the failure to maintain or renew such properties or make such repairs, renewals or replacements could not reasonably be expected to have a Material Adverse Effect.

SECTION 5.05. Insurance. Holdings will maintain or cause to be maintained, with financially sound and reputable insurers, such insurance coverage with respect to liabilities, losses or damage in respect of the assets, properties and businesses of Holdings and its Subsidiaries as may customarily be carried or maintained under similar circumstances by Persons of established reputations engaged in similar businesses (as determined in good faith by Holdings), in each case in such amounts, with such deductibles, covering such risks and otherwise on such terms and conditions as Holdings believes in good faith is reasonable and prudent in light of the size or nature of its business. Without limiting the generality of the foregoing, Holdings and its Subsidiaries will maintain flood insurance with respect to each Flood Hazard Property, in each case in compliance with the Flood Insurance Laws. Not later than 30 days after the Closing Date (or such later date as the Lender may reasonably agree), each such policy of insurance shall (a) name the Lender, as an additional insured thereunder as its interests may appear and (b) in the case of each casualty insurance policy with respect to the Collateral, contain a lender's loss payable and mortgagee, as applicable, clause or endorsement from such insurance carrier that names the Lender, as lender's loss payee and mortgagee, as applicable, thereunder and, to the extent available, provides for at least 30 days' prior written notice to the Lender of any modification or cancellation of such policy (or 10 days' prior written notice for any cancellation due to non-payment of premiums).

SECTION 5.06. Inspections. Holdings will, and will cause each of its Subsidiaries to, permit any authorized representatives designated by the Lender to visit and inspect any of the properties of Holdings and any of its Subsidiaries at which the principal financial records and executive officers of the applicable Person are located, to inspect, copy and take extracts from its financial and accounting records, and to discuss its affairs, finances and accounts with its Responsible Officers and independent public accountants (provided that Holdings may, if it so chooses, be present at or participate in any such discussion), all upon reasonable notice, reasonable coordination in and at such reasonable times during normal business hours; provided that, except as provided in the proviso below in connection with the occurrence and continuance of an Event of Default, (i) the Lender shall not exercise such rights more often than twice during any calendar year and (ii) only twice per calendar year shall be at the expense of Holdings; provided, further, that when an Event of Default has occurred and is continuing, the Lender (or any of its representatives or independent contractors) may do any of the foregoing at the expense of Holdings in accordance with Section 8.03(a) at any time during normal business hours and upon reasonable advance notice. Notwithstanding anything to the contrary in Section 5.06, none of Holdings or any Subsidiary will be required to disclose, permit the inspection, examination or making copies or abstracts of, or discussion of, any document, information or other matter (i) that constitutes non-financial trade secrets or non-financial proprietary information, (ii) in respect of which disclosure to the Lender (or its respective representatives or contractors) is prohibited by applicable law or any binding agreement or (iii) that is subject to attorney-client or similar privilege or constitutes attorney work product.

SECTION 5.07. Maintenance of Book and Records. Holdings will, and will cause its Subsidiaries to, maintain proper books of record and account, in which entries that are full, true and correct in all material respects shall be made of all material financial transactions and matters involving the assets and business of Holdings and its Subsidiaries, as the case may be, and permit the preparation of consolidated financial statements in accordance with GAAP.

SECTION 5.08. Compliance with Laws. Holdings will comply, and shall cause each of its Subsidiaries to comply, with Requirements of Law (including all Environmental Laws, ERISA, Anti-Corruption Laws, Anti-Terrorism Laws and Sanctions), except to the extent the failure of Holdings or such Subsidiary to comply could not reasonably be expected to have a Material Adverse Effect.

SECTION 5.09. Use of Proceeds.

(a) The Borrower shall use proceeds of the Loan solely to finance a portion of the Transactions.

(b) No part of the proceeds of the Loan will be used, whether directly or indirectly, for any purpose that would entail a violation of Regulations U or X.

SECTION 5.10. Additional Collateral; Further Assurances

(a) Subject to applicable law and the limitations expressly set forth in this Agreement and the Collateral Documents, the Borrower and each other Loan Party shall cause each Subsidiary (other than any Excluded Subsidiary) formed or acquired after the Closing Date (including, without limitation, upon the formation of any Subsidiary resulting from a division of a limited liability company) to become a Loan Party on or prior to the earlier to occur of (i) the date that is 30 days following the date of such formation or acquisition and (ii) the next date a Compliance Certificate is required to be delivered following the date of such formation or acquisition (including, without limitation, upon the formation of any Subsidiary resulting from a division of a limited liability company) (or, in either case, such later date as may be acceptable to the Lender in its sole discretion), by executing (i) a Joinder Agreement in substantially the form attached as Exhibit B hereto (the "**Joinder Agreement**"), (ii) a Security Agreement Joinder Agreement or such other customary supplements or joinders to the other applicable Collateral Documents or new security or collateral documents in the United States, in each case to create Liens over its assets of scope substantially similar to the Liens granted pursuant to the Collateral Documents executed on the Closing Date or pursuant to Section 5.13, (iii) the Global Intercompany Note and (iv) such other documentation as the Lender may reasonably request and that is contemplated by the terms hereof (including, for the avoidance of doubt, documents contemplated by clause (c) of this Section 5.10) or of the applicable Collateral Documents, together with such customary closing certificates, evidences of authority and good standing and legal opinions as the Lender may reasonably request. Upon execution and delivery thereof, each such Person (x) shall automatically become a Subsidiary Guarantor hereunder and thereupon shall have all of the rights, benefits, duties, and obligations in such capacity under the Loan Documents and (y) will take such actions as may be required by the terms hereof or of the applicable Collateral Documents to grant and perfect Liens to the Lender in any property (subject to the limitations set forth herein and in the other Loan Documents) of such Loan Party which constitutes Collateral, on such terms as are required pursuant to the terms of the Collateral Documents and in such priority as may be required pursuant to the terms of any Acceptable Intercreditor Agreement.

(b) the Borrower and each other Loan Party will cause all Capital Stock (other than any Capital Stock constituting an Excluded Asset) directly owned by them to be subject at all times to a First Priority perfected Lien in favor of the Lender pursuant to the terms and conditions of, and to the extent required by, the Collateral Documents.

(c) Without limiting the foregoing, subject to any Acceptable Intercreditor Agreement and the limitations expressly set forth in this Agreement and the Collateral Documents, each Loan Party will promptly execute and deliver, or cause to be promptly executed and delivered, to the Lender such documents, agreements (including, for the avoidance of doubt, deposit account and securities account control agreements to the extent required by the Collateral Documents) and instruments, and will take or cause to be taken such further actions (including the filing and recording of financing statements, fixture filings, mortgages, deeds of trust and other documents and such other actions or deliveries of the type required by Section 5.14), which the Lender may, from time to time, reasonably request to carry out the terms and conditions of this Agreement and the other Loan Documents and to ensure perfection and priority of the Liens created or intended to be created by the Collateral Documents (to the extent required herein or therein), all at the expense of the Borrower in accordance with Section 8.03(a).

(d) Subject to the limitations set forth or referred to in this Section 5.10, if any Material Real Estate Asset is acquired by any Loan Party after the Closing Date or any Real Estate Asset which becomes a Material Real Estate Asset after the Closing Date, the Borrower will promptly notify the Lender, and, if requested by the Lender in its sole discretion, within 75 days of such request (or such longer period as may be acceptable to the Lender) the Borrower will cause such assets to be subjected to a Lien securing the Obligations and will take, and cause each Subsidiary that is a Loan Party to take, such actions as shall be reasonably requested by the Lender to grant and perfect such Liens, including actions described in clause (c) of this Section 5.10, all at the expense of the Borrower in accordance with Section 8.03(a). The Loan Parties shall within 75 days following a request by the Lender (or such longer period as the Lender may agree) cause the Mortgages on each such Material Real Estate Asset acquired by any Loan Party, or which becomes a Material Real Estate Asset, after the Closing Date to be executed, delivered and recorded and in connection therewith deliver corresponding UCC fixture filings, financing statements and filings in applicable land registry offices (to the extent required), flood hazard determinations and if required, evidence of flood insurance, title insurance policies (including any customary endorsements thereto), surveys, local counsel opinions and other documentation, in each case, that the Lender shall reasonably require.

(e) After any Subsidiary ceases to constitute an Excluded Subsidiary in accordance with the definition thereof, Holdings shall cause such Subsidiary to take all actions required by this Section 5.10 (within the time periods specified herein) as if such Subsidiary were then formed or acquired.

SECTION 5.11. Conduct of Business. From and after the Closing Date, Holdings and the Subsidiaries, taken as a whole, shall not fundamentally and substantively alter the character of their business, taken as a whole, from the business conducted by them on the Closing Date and other business activities which are reasonable extensions thereof or incidental, related or ancillary thereto.

SECTION 5.12. Fiscal Year. Holdings shall not change its Fiscal Year-end to a date other than as described in the definition of Fiscal Year; provided that Holdings may, upon written notice to the Lender, change its Fiscal Year-end to another date, in which case Holdings and the Lender will make any adjustments to this Agreement that are necessary and appropriate to reflect such change in Fiscal Year (which adjustments may include, among other things, adjustments to financial reporting requirements to account for such changes, including without limitation, the impact on year over year comparison reporting and stub period reporting obligations, in each case subject to the approval and agreement of the Lender in its reasonable discretion.

SECTION 5.13. Post-Closing Matters. The Loan Parties shall satisfy each of the requirements set forth in Schedule 5.13 on or before the date specified in Schedule 5.13 for each such requirement, or such later date as may be permitted by the Lender with respect thereto.

SECTION 5.14. Closing Date Covenants. The Loan Parties shall satisfy each of the following requirements on the Closing Date (except to the extent waived by the Lender in accordance with the terms of this Agreement):

(a) Loan Documents. The Lender (or its counsel) shall have received from each of the Loan Parties party thereto either (i) a counterpart of this Agreement, each Collateral Document described on Schedule 5.14, the Global Intercompany Note, the Promissory Note and each other Loan Document to be executed on the Closing Date, in each case signed on behalf of such party or (ii) evidence reasonably satisfactory to the Lender (which may include facsimile or e-mail transmission) that such party has signed a counterpart of the applicable agreements referred to in clause (i) above.

(b) Legal Opinions. On the Closing Date, the Borrower shall deliver to the Lender a customary written opinion of Simpson Thacher & Bartlett LLP, New York counsel for Holdings, the Borrower and each other Loan Party in the form of Exhibit D-1, and McGuireWoods LLP, Virginia counsel for Holdings, the Borrower and each other Loan Party in the form of Exhibit D-2, in each case (A) dated the Closing Date and (B) addressed to the Lender.

(c) Closing Certificates; Certified Charters; Good Standing Certificates. On the Closing Date, the Lender shall have received (i) a certificate of each Loan Party, dated the Closing Date and executed by a Responsible Officer of such Loan Party in the form of Exhibit E, and (ii) a certificate of good standing (or equivalent) from the relevant office of each Loan Party's jurisdiction of organization (to the extent relevant, customary and available in the jurisdiction of incorporation, formation or organization of each Loan Party) dated on or about the Closing Date.

(d) Solvency. On the Closing Date, the Lender shall have received a certificate dated as of the Closing Date in substantially the form of Exhibit F from a Financial Officer of the Borrower certifying as to the matters set forth therein.

(e) Representations. The representations and warranties in this Agreement (for the avoidance of doubt, as qualified and limited by the first sentence of Article 3) and the other Loan Documents shall be accurate in all material respects on and as of the Closing Date; provided that any representation and warranty that is qualified as to "materiality," "Material Adverse Effect" or similar language shall be true and correct in all respects, as the case may be.

(f) Filings, Registrations and Recordings. Subject to the terms of each applicable Collateral Document, each document (including any UCC financing statement) required by the Collateral Documents to be filed, registered, recorded or delivered in order to create in favor of the Lender, a perfected Lien on the Collateral described therein, prior and superior in right to any other Person (other than with respect to Permitted Liens), shall be in proper form for filing, registration or recordation.

(g) Pledged Stock, Stock Powers, Pledged Notes and Endorsements. The Lender shall have received (i) the certificates, if any, representing the Capital Stock constituting Collateral required to be delivered pursuant to the Collateral Documents, together with undated stock powers for each such certificate duly executed in blank by an authorized officer of each pledgor thereof, or other instruments of transfer contemplated by the Collateral Documents, have been delivered to the Borrower by the Lender and (ii) the Global Intercompany Note and each other promissory note and other instrument, if any, representing any other Collateral under the Collateral Documents required to be delivered to the Lender pursuant to the terms of the Collateral Documents, duly endorsed in blank by an authorized officer of each pledgor thereof.

(h) USA PATRIOT Act. No later than three Business Days in advance of the Closing Date, the Lender shall have received a duly executed IRS Form W-9 (or other applicable tax form) and all documentation and other information reasonably requested by them with respect to Holdings or the Borrower in writing at least 10 Business Days in advance of the Closing Date, which documentation or other information is required by United States regulatory authorities under applicable “know your customer” and anti-money laundering rules and regulations, including the USA PATRIOT Act.

SECTION 5.15. Senior Indebtedness. The Obligations shall at all times constitute “Senior Indebtedness” (or any comparable term) and “Designated Senior Debt” (or any comparable term) (if applicable) under and as defined in the documentation governing any Junior Debt.

Notwithstanding anything in this Article 5 to the contrary, Holdings, the Borrower and its Subsidiaries shall not be deemed to have breached or be in violation of any of the provisions of Sections 5.02, 5.03, 5.04, 5.05, 5.06, 5.07 or 5.08 of this Article 5 solely to the extent such breach or violation directly resulted from or is directly related to events solely applicable to the Loan Parties and their Subsidiaries (other than Holdings and the Borrower) or actions solely taken by the Loan Parties and their Subsidiaries (other than Holdings and the Borrower), in each case that occurred prior to the consummation of the Purchase.

ARTICLE 6 NEGATIVE COVENANTS

Until the Termination Date has occurred, each of Holdings and the other Loan Parties covenant and agree with the Lender that:

SECTION 6.01. Indebtedness. Holdings shall not, nor shall it permit any of its Subsidiaries to, directly or indirectly, create, incur, assume or otherwise become or remain liable with respect to any Indebtedness, except:

(a) the Obligations;

(b) Indebtedness of Holdings owed to any Subsidiary, the Borrower owed to Holdings or any Subsidiary and of any Subsidiary owed to Holdings, the Borrower or any other Subsidiary; provided, that in the case of any Indebtedness of a Subsidiary that is not a Loan Party owing to a Loan Party, such Indebtedness (other than any such Indebtedness in connection with intercompany loans made solely for the purpose to fund cash reserves to the extent required to be maintained by Subsidiaries that are Regulated Entities for the purpose of meeting required reserve requirements pursuant to applicable laws or regulations) shall at the time of any such incurrence of Indebtedness and after giving pro forma effect thereto and the use of proceeds thereof, not exceed the greater of (i) \$15,000,000 and (ii) 15% of Consolidated Adjusted EBITDA for the most recently ended Test Period; provided, that, all such Indebtedness of any Loan Party owing to any Subsidiary that is not a Loan Party must be expressly subordinated to the Obligations of such Loan Party pursuant to the terms set forth in the Global Intercompany Note (or such other terms as are acceptable to the Lender);

(c) Indebtedness arising from agreements providing for indemnification, adjustment of purchase price or similar obligations (including contingent earn-out obligations) incurred in connection with the Transactions, any Disposition permitted hereunder, any acquisitions permitted hereunder, other purchases of assets or Capital Stock or other Investments permitted hereunder, and Indebtedness arising from guaranties, letters of credit, bank guaranties, surety bonds, performance bonds or similar instruments securing the performance of Holdings or any such Subsidiary pursuant to such agreements;

(d) Indebtedness (i) as a result of or which may be deemed to exist pursuant to any performance and completion guaranties or customs, stay, performance, bid, surety, statutory, appeal, performance and return of money bonds, tenders, statutory obligations, leases, governmental contracts, trade contracts or other similar obligations (including relating to any litigation being contested in good faith) incurred in the ordinary course of business or (ii) in respect of any letters of credit, bank guaranties, surety bonds, performance bonds or similar instruments to support any of the foregoing items;

(e) Indebtedness in respect of commercial credit cards, stored value cards, employee credit cards, purchasing cards and treasury management services and other netting services, overdraft protections, check drawing services, automated clearing-house arrangements, employee credit card programs, automated payment services (including depository, overdraft, controlled disbursement, return items and interstate depository network services) and, cash pooling, and, in each case, including similar arrangements and otherwise in connection with cash management, including cash management arrangements among Holdings, and its Subsidiaries, and deposit accounts and incentive, supplier finance or similar programs in the ordinary course of business and to the extent such Indebtedness remains outstanding for no longer than 30 days;

(f) (i) Indebtedness in respect of Guarantees of the obligations of suppliers, customers and licensees in the ordinary course of business and (ii) Indebtedness in respect of any letter of credit, bankers' acceptance, bank guaranties or similar instrument supporting trade payables, warehouse receipts or similar facilities entered into in the ordinary course of business;

(g) Indebtedness existing, or pursuant to commitments existing, on the Closing Date and described on Schedule 6.01(g) and any Permitted Refinancing Indebtedness thereof;

(h) so long as no Specified Event of Default shall have occurred and be continuing at the time of the incurrence thereof, Indebtedness of Subsidiaries that are not Loan Parties; provided that, at the time of any such incurrence of Indebtedness and after giving pro forma effect thereto and the use of proceeds thereof, the aggregate principal amount of Indebtedness that is outstanding in reliance on this clause (h) and clause (t) below shall not exceed the greater of (i) \$15,000,000 and (ii) 15% of Consolidated Adjusted EBITDA for the most recently ended Test Period;

(i) Indebtedness consisting of obligations owing under any dealer, customer or supplier incentive, supply, license or similar agreements entered into in the ordinary course of business;

(j) Indebtedness (including with respect to Financing Lease Obligations and purchase money Indebtedness) financing the acquisition, lease, construction, repair, replacement, improvement or installation of assets or capital expenditures and any Permitted Refinancing Indebtedness incurred to refinance such Indebtedness; provided that (i) such Indebtedness is incurred prior to or within 270 days of the applicable acquisition or lease or completion of the applicable construction, repair, replacement, improvement or installation or (ii) such Indebtedness refinances

debt previously incurred under Section 6.01(j)(i) and any Permitted Refinancing Indebtedness incurred to refinance such Indebtedness; provided, further, that, at the time of any such incurrence of Indebtedness and after giving pro forma effect thereto and the use of the proceeds thereof, the aggregate principal amount of Indebtedness that is outstanding in reliance on this clause (j) shall not exceed, except as contemplated by the definition of "Permitted Refinancing Indebtedness," the greater of (x) \$15,000,000 and (y) 15% of Consolidated Adjusted EBITDA for the most recently ended Test Period as of such time; provided, further, that at the time of any such incurrence of Indebtedness and after giving pro forma effect thereto and the use of the proceeds thereof, the aggregate principal amount of Indebtedness of non-Loan Parties that is outstanding in reliance on this clause (j) shall not exceed the greater of (x) \$5,000,000 and (y) 5% of Consolidated Adjusted EBITDA for the most recently ended Test Period as of such time;

(k) Indebtedness of a Person that becomes a Subsidiary or Indebtedness assumed in connection with a Permitted Acquisition or any other Investment permitted hereunder after the Closing Date; provided that after giving pro forma effect (but without giving pro forma effect to any substantially simultaneous incurrence pursuant to clause (A) of Section 6.01(s)) to any such Permitted Acquisition, the incurrence of any Indebtedness and the use of the proceeds thereof, (i) the Consolidated Total Leverage Ratio (calculated on a Pro Forma Basis) is less than or equal to 7.00:1.00, (ii) such Indebtedness was not created in contemplation of such Permitted Acquisition and (iii) such Indebtedness is only the obligation of the Person and/or Person's Subsidiaries that are acquired or that acquired the relevant assets and such Indebtedness; provided, further, that at the time of any such assumption of Indebtedness and after giving pro forma effect thereto, the aggregate principal amount of Indebtedness of non-Loan Parties that is outstanding in reliance on this clause (k) shall not exceed the greater of (x) \$50,000,000 and (y) 50% of Consolidated Adjusted EBITDA for the most recently ended Test Period as of such time;

(l) Indebtedness in an aggregate principal amount or face amount at any time outstanding not to exceed \$10,000,000 in respect of letters of credit, bank guaranties, surety bonds, performance bonds and similar instruments issued for general corporate purposes and denominated in currencies other than Dollars;

(m) Indebtedness of Holdings or any Subsidiary under any Derivative Transaction not entered into for speculative purposes and otherwise in the ordinary course of business;

(n) additional Indebtedness provided that (i) no Event of Default shall have occurred and be continuing at the time of the incurrence thereof and (ii) at the time of any such incurrence of Indebtedness and after giving pro forma effect thereto and the use of the proceeds thereof, the aggregate principal amount of Indebtedness that is outstanding in reliance on this clause (n) shall not exceed the greater of (A) \$15,000,000 and (B) 15% of Consolidated Adjusted EBITDA for the most recently ended Test Period; provided, further, that at the time of any such incurrence of Indebtedness and after giving pro forma effect thereto and the use of the proceeds thereof, the aggregate principal amount of Indebtedness of non-Loan Parties that is outstanding in reliance on this clause (n) shall not exceed the greater of (x) \$5,000,000 and (y) 5% of Consolidated Adjusted EBITDA for the most recently ended Test Period as of such time

(o) Indebtedness incurred in connection with Sale and Lease-Back Transactions permitted pursuant to Section 6.07; provided that, at the time of any such incurrence of Indebtedness and after giving pro forma effect thereto and the use of the proceeds thereof, the aggregate principal amount of Indebtedness that is outstanding in reliance on this clause (o) shall not exceed the greater of (A) \$10,000,000 and (B) 10% of Consolidated Adjusted EBITDA for the most recently ended Test Period; provided, further, that at the time of any such incurrence of Indebtedness and after giving pro forma effect thereto and the use of the proceeds thereof, the aggregate principal amount of Indebtedness of non-Loan Parties that is outstanding in reliance on this clause (o) shall not exceed the greater of (x) \$3,500,000 and (y) 3.5% of Consolidated Adjusted EBITDA for the most recently ended Test Period as of such time

(p) Indebtedness (including obligations in respect of letters of credit, bank guarantees, bankers' acceptances, surety bonds, performance bonds or similar instruments with respect to such Indebtedness) incurred in respect of workers compensation claims, unemployment, property, casualty or liability insurance (including premiums related thereto) or self-insurance, other reimbursement-type obligations regarding workers compensation claims, other types of social security, pension obligations, vacation pay, or health, disability or other employee benefits, in each case entered into in the ordinary course of business;

(q) customer deposits and advance payments received in the ordinary course of business from customers for goods and services purchased in the ordinary course of business;

(r) Revolving Facility Indebtedness (including any guarantees in respect thereof and the issuance and creation of letters of credit and bankers' acceptances thereunder (with letters of credit and bankers' acceptances being deemed to have a principal amount equal to the undrawn face amount thereof)) in an aggregate principal amount at any time outstanding not to exceed \$75,000,000;

(s) so long as no Specified Event of Default shall have occurred and be continuing at the time of the incurrence thereof, (i) Permitted Additional Debt; provided that, in the case of this clause (s), at the time of incurrence thereof and after giving pro forma effect thereto and the use of the proceeds thereof, assuming that all commitments thereunder were fully drawn, the aggregate principal amount of all such Indebtedness incurred under this clause (s) shall not exceed, as of the date of incurrence of such Indebtedness or commitments, the sum of (A) the greater of (x) \$96,000,000 and (y) 100% of Consolidated Adjusted EBITDA for the most recently ended Test Period as of such time less the aggregate amount of Indebtedness incurred in reliance on this clause (A) prior to the applicable date of incurrence plus (B) an aggregate amount of Indebtedness, such that, after giving effect to such incurrence on a Pro Forma Basis (and after giving effect to any Subject Transaction to be consummated in connection therewith but without giving pro forma effect to any substantially simultaneous incurrence pursuant to clause (A) above)) Holdings would be in compliance with a Consolidated Total Leverage Ratio of no greater than 7.00:1.00 and (ii) any Permitted Refinancing Indebtedness incurred to Refinance such Permitted Additional Debt; provided that without limitation of the requirements set forth in the definition of "Permitted Refinancing Indebtedness," such Permitted Refinancing Indebtedness shall be of the type described in clause (i) or clause (ii) of the definition of "Permitted Additional Debt";

(t) Indebtedness incurred to finance a Permitted Acquisition (or similar Investment); provided that (i) the aggregate amount of Indebtedness, measured at the time of incurrence and after giving pro forma effect thereto and the use of the proceeds thereof, of non-Loan Parties under this clause (t), shall not exceed the amount set forth in clause (h) above, (ii) after giving effect thereto no Event of Default (or in the case of a Limited Condition Transaction, no Specified Event of Default) shall exist or result therefrom, (iii) no portion of such Indebtedness shall mature prior to the Maturity Date, and (iv) after giving pro forma effect to any such purchase or other acquisition, the incurrence of any Indebtedness and the use of the proceeds thereof, the Consolidated Total Leverage Ratio (calculated on a Pro Forma Basis) is less than or equal to 7.00:1.00;

(u) Guarantee Obligations of Holdings and its Subsidiaries in respect of Indebtedness of Holdings or any Subsidiary otherwise permitted hereunder (except that a non-Loan Party may not, by virtue of this Section 6.01(u), guarantee Indebtedness that such non-Loan Party could not otherwise incur under this Section 6.01); provided that (i) if the Indebtedness being guaranteed is subordinated in right of payment to the Obligations, such Guarantee Obligation shall be subordinated in right of payment to the Guarantee of the Obligations on terms at least as favorable to the Lender as those contained in the subordination of such Indebtedness and (ii) no Guarantee by any Subsidiary of any Indebtedness of a Loan Party shall be permitted unless such Subsidiary shall have also provided a Guarantee of the Obligations;

(v) Indebtedness consisting of (i) the financing of insurance premiums or (ii) take or pay obligations entered into in the ordinary course of business;

(w) (i) Indebtedness representing deferred compensation to employees, directors, consultants, contract providers, independent contractors or other service providers of Holdings, the Borrower and the Subsidiaries incurred in the ordinary course of business; and (ii) Indebtedness consisting of obligations of Holdings, the Borrower or the Subsidiaries under deferred compensation arrangements to their employees, directors, consultants, independent contractors or other service providers;

(x) Indebtedness arising from agreements of Holdings or any Subsidiary providing for indemnification, adjustment of purchase price or similar obligations (including earn-outs), in each case entered into in connection with Permitted Acquisitions, other Investments and the Disposition of any business, assets or Capital Stock permitted hereunder, other than Guarantee Obligations incurred by any Person acquiring all or any portion of such business, assets or Capital Stock for the purpose of financing such acquisition; and

(y) all premiums (if any), interest (including post-petition interest), fees, expenses, charges and additional or contingent interest on obligations described in clauses (a) through (x) above.

For purposes of determining compliance with this Section 6.01, (x) in the event that an item of Indebtedness meets the criteria of more than one of the categories of Indebtedness described in clauses (a) through (q) and (u) through (y) above (or any sub-category thereof), the Borrower shall, in its sole discretion, classify and reclassify or later divide, classify or reclassify such item of Indebtedness (or any portion thereof) and will only be required to include the amount and type of such Indebtedness in one or more of the above clauses and (y) (i) amortization of debt discount or the accretion of principal with respect to a non interest bearing or other discount security, (ii) the payment of regularly scheduled interest in the form of additional Indebtedness of the same instrument or the payment of regularly scheduled dividends on Qualified Capital Stock in the form of additional Qualified Capital Stock of the same class and with the same terms and (iii) the obligation to pay a premium in respect of Indebtedness arising in connection with the issuance of a notice of prepayment, redemption, repurchase, defeasance, acquisition or similar payment or making of a mandatory offer to prepay, redeem, repurchase, defease, acquire, or similarly pay such Indebtedness, will not be deemed to be an incurrence of Indebtedness.

Notwithstanding the foregoing, (x) no Loan Party will create or incur any Indebtedness which is contractually subordinated or ranking junior in right of payment to any other Indebtedness of the Loan Parties, unless such Indebtedness is also subordinated or ranking junior in right of payment, in the same manner and to the same extent, to the Obligations and (y) other than with respect to such Indebtedness as is described in Section 6.01(c), (d), (e), (f), (g), (i), (l), (m), (p), (q), (v), (w), (x) or (y), no non-Loan Party will incur Indebtedness except to the extent of Indebtedness expressly permitted by this Section 6.01 to be incurred by non-Loan Parties or with respect to which there is a cap on the amount of such Indebtedness that can be incurred or assumed, as applicable, by non-Loan Parties.

SECTION 6.02. Liens. Holdings shall not, nor shall they permit any of its Subsidiaries to, create, incur, assume or permit or suffer to exist any Lien on or with respect to any property of any kind owned by it, whether now owned or hereafter acquired, or any income or profits therefrom, except:

(a) Liens created pursuant to the Loan Documents securing the Obligations;

(b) Liens for Taxes, assessments or other governmental charges or levies (i) that are not then due or, if due, obligations with respect to such Taxes that are not at such time required to be paid pursuant to Section 5.03 or (ii) that are being contested in good faith in accordance with Section 5.03;

(c) statutory Liens (and rights of set-off) of landlords, banks, carriers, warehousemen, mechanics, repairmen, workmen and materialmen, and other Liens imposed by applicable Requirements of Law (i) for amounts not yet overdue by more than 30 days or (ii) for amounts that are overdue by more than 30 days and that are being contested in good faith by appropriate proceedings, so long as such reserves or other appropriate provisions, if any, as shall be required by GAAP shall have been made for any such contested amounts;

(d) Liens incurred or deposits made (i) in the ordinary course of business in connection with workers' compensation, unemployment insurance and other types of social security laws and regulations, (ii) in the ordinary course of business, to secure the performance of tenders, statutory obligations, surety, stay, customs and appeal bonds, bids, leases, government contracts, trade contracts, performance and return-of-money bonds and other similar obligations (exclusive of obligations for the payment of borrowed money), (iii) pursuant to pledges and deposits of Cash or Cash Equivalents in the ordinary course of business, securing (A) any liability for reimbursement or indemnification obligations of insurance carriers providing property, casualty, liability or other insurance to Holdings and its subsidiaries or (B) leases or licenses of property otherwise permitted by this Agreement or (iv) to secure obligations in respect of letters of credit, bank guaranties, surety bonds, performance bonds or similar instruments posted with respect to the items described in clauses (i) through (iii) above;

(e) Liens consisting of survey exceptions, easements, rights-of-way, restrictions, covenants, conditions, declarations, encroachments, zoning restrictions and other defects or irregularities in title, or environmental deed restrictions, in each case which do not, in the aggregate, materially interfere with the ordinary conduct of the business of Holdings and its Subsidiaries, taken as a whole;

(f) Liens consisting of any (i) interest or title of a lessor or sub-lessor under any lease of real estate permitted hereunder, (ii) customary landlord liens permitted by the terms of any lease, (iii) restriction or encumbrance to which the interest or title of such lessor or sub-lessor may be subject or (iv) subordination of the interest of the lessee or sub-lessee under such lease to any restriction or encumbrance referred to in the preceding clause (iii);

(g) Liens solely on any Cash earnest money deposits made by Holdings or any of its Subsidiaries in connection with any letter of intent or purchase agreement with respect to any Investment or Disposition permitted hereunder;

(h) purported Liens (i) evidenced by the filing of UCC financing statements relating solely to operating leases or hire arrangements, (ii) consisting of the prior rights of consignees and their lenders under consignment arrangements, in each case entered into in the ordinary course of business, and (iii) arising from precautionary UCC filings;

(i) Liens in favor of customs and revenue authorities arising as a matter of law to secure payment of customs duties in connection with the importation of goods;

(cc) Liens on Capital Stock in joint ventures; provided that any such Lien is in favor of a creditor or partner of such joint venture; and

(dd) ground leases in respect of Real Estate Assets on which facilities owned or leased by Holdings or any of its Subsidiaries are located.

For purposes of determining compliance with this Section 6.02, in the event that a Lien meets the criteria of more than one of the categories of Liens described in clauses (a) through (dd) above (or any sub-category thereof), the Borrower shall, in its sole discretion, classify and reclassify or later divide, classify or reclassify such item of Liens (or any portion thereof) and will only be required to include the amount and type of such Liens in one or more of the above clauses.

SECTION 6.03. Restrictive Agreements. Holdings shall not nor shall it permit any of its Subsidiaries to enter into any agreement (x) prohibiting the creation or assumption of any Lien upon any of its properties, whether now owned or hereafter acquired, for the benefit of the Lender with respect to the Obligations, or (y) prohibiting or restricting any Subsidiary's ability to make or declare dividends or other distributions with respect to its Capital Stock, except with respect to:

(a) specific property to be sold pursuant to any Disposition permitted by Section 6.06;

(b) solely in the case of clause (x) of the foregoing, restrictions contained in any agreement with respect to Indebtedness permitted by Section 6.01 that is secured by a Permitted Lien, but only if such restrictions apply only to the Person or Persons obligated under such Indebtedness and its or their Subsidiaries or the property or assets securing such Indebtedness;

(c) solely in the case of clause (x) of the foregoing, restrictions contained in the documentation governing Indebtedness permitted by clauses (j), (k) and (o) of Section 6.01;

(d) solely in the case of clause (x) of the foregoing, restrictions by reason of customary provisions restricting assignments, pledging or other transfers (including the granting of any Lien) contained in leases (including customary net worth provisions contained in real property leases entered into by Subsidiaries), subleases, licenses, sublicenses and other agreements entered into in the ordinary course of business (provided that such restrictions are limited to the relevant leases, subleases, licenses, sublicenses or other agreements and/or the property or assets secured by such Liens or the property or assets subject to such leases, subleases, licenses, sublicenses or other agreements, as the case may be);

(e) solely in the case of clause (x) of the foregoing, Permitted Liens and restrictions in the agreements relating thereto that limit the right of Holdings or any of its Subsidiaries to Dispose of, or encumber the assets subject to such Liens;

(f) any encumbrance or restriction assumed in connection with an acquisition of property or the Capital Stock of any Person, so long as such encumbrance or restriction relates solely to the property so acquired (or to the Person or Persons (and its or their subsidiaries) bound thereby) and was not created in connection with or in contemplation of such acquisition;

(g) solely in the case of clause (x) of the foregoing, restrictions imposed by customary provisions in partnership agreements, limited liability company organizational governance documents, joint venture agreements and other similar agreements that restrict the transfer of the assets of, or ownership interests in, such partnership, limited liability company, joint venture or similar Person;

(h) restrictions on Cash or other deposits imposed by Persons under contracts entered into in the ordinary course of business or for whose benefit such Cash or other deposits exist;

(i) customary restrictions and conditions existing on the Closing Date;

(j) customary provisions in joint venture agreements and other similar agreements applicable to joint ventures permitted by Section 6.05 and applicable solely to such joint venture and entered into in the ordinary course of business;

(k) provisions restricting the granting of a security interest in intellectual property contained in licenses or sublicenses by Holdings and its Subsidiaries of such intellectual property, which licenses and sublicenses were entered into in the ordinary course of business (in which case such restriction shall relate only to such intellectual property); and

(l) other restrictions or encumbrances imposed by any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (a) through (k) above; provided that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Borrower, no more restrictive with respect to such encumbrances and other restrictions, taken as a whole, than those in effect prior to such amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing.

SECTION 6.04. Restricted Payments; Certain Payments of Indebtedness.

(a) Holdings shall not pay or make, directly or indirectly, any Restricted Payment, except that:

(i) Except with respect to clause (A)(y) below, so long as no Specified Event of Default shall have occurred and be continuing at the time of the making thereof, Holdings may make Restricted Payments to the extent necessary to permit any Parent Company of Holdings:

(A) to pay (x) general administrative costs and expenses (including corporate overhead, audit and other accounting and reporting expenses, administrative, legal or similar expenses and customary wages, salary, bonus and other benefits payable to directors, officers, employees, members of management, consultants and/or independent contractors of any Parent Company) in an aggregate amount not to exceed \$2,500,000 per fiscal year, and (y) franchise fees, franchise Taxes and similar fees, Taxes and expenses required to maintain the organizational existence of such Parent Company and any reasonable and customary indemnification claims made by directors or officers of Parent Company attributable to the direct or indirect ownership or operations of Holdings and its Subsidiaries, in each case, incurred in the ordinary course of business;

(B) for any taxable period ending after the Closing Date with respect to which Holdings or any of its subsidiaries is a member of a consolidated, combined or similar income tax group of which any Parent Company is the common parent (a "**Tax Group**"), or in which Holdings or the Borrower is disregarded from a direct or indirect parent entity that is a C corporation for U.S. federal income tax purposes, to pay the portion of any consolidated, combined or similar income Taxes of such Tax Group that is attributable to the taxable income of Holdings and its subsidiaries; provided that for each taxable period, the amount of such payments made in respect of such period shall not exceed the amount that Holdings and its applicable subsidiaries would have been required to pay as a stand-alone taxpayer or stand-alone Tax Group;

(C) to finance any Investment permitted to be made pursuant to Section 6.05; provided that (x) such Restricted Payment shall be made substantially concurrently with the closing of such Investment and (y) Holdings or such Parent Company shall, immediately following the closing thereof, cause all property acquired (whether assets or Capital Stock) to be held by or contributed to Holdings or another Loan Party or, subject to compliance with Section 6.05(b), any Subsidiary; and

(D) in an amount equal to withholding or similar taxes payable or expected to be payable by any future, current or former employee, director, manager, consultant or independent contractor (or any of their respective Immediate Family Members) of any Parent Company of Holdings, any Equityholding Vehicle, the Borrower or any Subsidiary of the Borrower in connection with the exercise or vesting of Capital Stock or other equity awards or any repurchases, redemptions, acquisitions, retirements or withholdings of Capital Stock in connection with any exercise of Capital Stock or other equity options or warrants or the vesting of Capital Stock or other equity awards if such Capital Stock represent all or a portion of the exercise price of, or withholding obligation with respect to, such options or, warrants or other Capital Stock or equity awards; provided that the aggregate amount of Restricted Payments made pursuant to this subclause (D) shall not exceed \$2,500,000 in any fiscal year (with any unused amounts permitted to be carried forward to the immediately following fiscal year);

in each case, so long as such Parent Company promptly applies the amount of any such Restricted Payment for such purpose;

(ii) Holdings may pay (or make Restricted Payments to allow any Parent Company to pay) for the repurchase, redemption, retirement or other acquisition or retirement for value of Capital Stock of any Parent Company or any subsidiary of Holdings held by any future, present or former employee, vendor, director, member of management, officer, manager or consultant (or any Affiliate thereof) of any Parent Company or any subsidiary of Holdings with Cash and Cash Equivalents in an amount not to exceed the greater of \$5,000,000 and 5% of Consolidated Adjusted EBITDA for the most recently ended Test Period in any Fiscal Year; provided that any unused portion of the preceding basket calculated for any calendar year may be carried forward to the next succeeding calendar year;

(iii) so long as no Event of Default shall have occurred and be continuing at the time of the declaration thereof, Holdings may make Restricted Payments in an aggregate amount not to exceed the greater of \$5,000,000 and 5.0% of Consolidated Adjusted EBITDA for the most recently ended Test Period;

(iv) Holdings may make Restricted Payments in accordance with the Revenue Share Agreement (as defined in the Purchase Agreement);

(v) Holdings may make Restricted Payments the proceeds of which shall be used to pay customary salary, compensation, bonus and other benefits payable to officers, employees, consultants and other service providers of any Parent Company or partner of Holdings to the extent such salaries, compensation, bonuses and other benefits are attributable to the ownership or operation of Holdings, the Borrower and its Restricted Subsidiaries; provided that the aggregate amount of Restricted Payments made pursuant to this subclause (v) shall not exceed \$2,500,000 in any fiscal year (with any unused amounts permitted to be carried forward to the immediately following fiscal year);

(vi) Holdings may pay any dividend or distribution within 60 days after the date of declaration thereof, if at the date of declaration such payment would have complied with the provisions of this Agreement (it being understood that a distribution pursuant to this Section 6.04(a)(vi) shall be deemed to have utilized capacity under such other provision of this Agreement);

(vii) Holdings may make Restricted Payments in an aggregate amount not to exceed an amount equal to the Available Equity Amount at the time such Restricted Payment is paid;

(viii) Holdings may pay Restricted Payments payable solely in its Qualified Capital Stock; and

(ix) Holdings may pay cash in lieu of fractional Qualified Capital Stock in connection with any dividend, split or combination thereof or any Permitted Acquisition (or other similar permitted Investment).

(b) The Borrower shall not, and Holdings shall not permit any Subsidiary to, pay or make, directly or indirectly, any Restricted Payment, except that:

(i) any Subsidiary of the Borrower may make Restricted Payments to its direct equity holders (other than Holdings) on a ratable basis (or greater than ratable basis with respect to equityholders that are the Borrower or a Subsidiary that is a Loan Party); and

(ii) the Borrower may make Restricted Payments to Holdings to the extent necessary to permit Holdings to make Restricted Payments permitted by Section 6.04(a) (or as if such Restricted Payments were to be paid to Holdings instead of a Parent Company); in each case under this clause (ii), so long as Holdings promptly applies the amount of any such Restricted Payment for such purpose.

(c) Holdings shall not, nor shall it permit any Subsidiary to, make any payment in Cash, securities or other property on or in respect of principal or interest on any Junior Debt, including any sinking fund or similar deposit, on account of the purchase, redemption, retirement, acquisition, cancellation or termination of any Junior Debt (collectively, "**Restricted Debt Payments**"), except:

(i) the purchase, defeasance, redemption, repurchase, repayment or other acquisition or retirement of any Junior Debt made by exchange for, or out of the proceeds of the substantially concurrent incurrence of, Junior Debt permitted by Section 6.01;

(ii) payments of regularly scheduled interest and payments of fees, expenses and indemnification obligations as and when due in respect of any Junior Debt (other than payments prohibited by the subordination provisions thereof (if any));

(iii) to the extent constituting Junior Debt, payments in respect of earn-outs and purchase price adjustments arising under Investments otherwise expressly permitted under this Agreement;

(iv)

(A) payments with respect to intercompany Indebtedness between the Borrower and its Subsidiaries permitted under Section 6.01, subject to the payment subordination provisions applicable thereto;

(B) so long as no Event of Default exists at the time of delivery of notice with respect thereof or would result therefrom, additional Restricted Debt Payments in an aggregate amount not to exceed the greater of \$7,500,000 and 7.5% of Consolidated Adjusted EBITDA for the most recently ended Test Period; and

(C) Restricted Debt Payments in an aggregate amount not to exceed the Available Equity Amount at the time of such Restricted Debt Payment;

(v) the conversion thereof to Capital Stock (other than Disqualified Capital Stock) of Holdings; and

(vi) the refinancing thereof with the Net Proceeds of any Indebtedness that constitutes Junior Debt of the same type as the Junior Debt being refinanced (to the extent such Indebtedness constitutes Permitted Refinancing Indebtedness).

For purposes of determining compliance with this Section 6.04, in the event that a proposed Restricted Payment (or a portion thereof) or Restricted Debt Payment of a portion thereof, as applicable meets the criteria of clauses (a)(i) through (ix), (b)(i) or (ii) or (c)(i) through (vi) (or any sub-category thereof) above, as applicable, the Borrower will be entitled to classify or later reclassify (based on circumstances existing on the date of such reclassification) such Restricted Payment (or portion thereof) among such clauses (a)(i) through (ix), (b)(i) or (ii) or (c)(i) through (vi) (or any sub-category thereof) in a manner that otherwise complies with this Section 6.04.

SECTION 6.05. Investments. Holdings shall not, nor shall it permit any of its Subsidiaries to make or own any Investment in any other Person except:

(a) Cash or Investments that were Cash Equivalents at the time made;

(b) Investments (i) by Holdings, the Borrower or any Subsidiary in any Loan Party, (ii) by any Subsidiary that is not a Loan Party in any other Subsidiary that is also not a Loan Party, (iii) by Holdings or any Subsidiary in any Subsidiary, subject, in the case of this clause (iii) to no Specified Event of Default having occurred that is continuing at the time of any such Investment (other than any intercompany Investments to fund cash reserves to the extent required to be maintained by Subsidiaries that are Regulated Entities solely for the purpose of meeting required reserve requirements pursuant to applicable laws or regulations) in any Subsidiary that is not a Loan Party; provided that the aggregate amount of such Investments (other than (x) intercompany Investments, reorganizations and related activities related to tax planning and reorganization or (y) intercompany Investments to fund cash reserves maintained by Subsidiaries that are Regulated Entities for the purpose of meeting required reserve requirements pursuant to applicable laws or regulations) made by Loan Parties after the Closing Date in Subsidiaries that are not Loan Parties in reliance on this clause (iii) shall not exceed the sum of (A) the greater of \$15,000,000 and 15% of Consolidated Adjusted EBITDA for the most recently ended Test Period and (B) an amount equal to the amount by which any Returns in respect of Investments made in reliance on clause (A) exceeds the amount set forth in clause (A);

(c) Investments (i) constituting deposits, prepayments, trade credit and/or other credits to suppliers made in the ordinary course of business, (ii) made in connection with obtaining, maintaining or renewing client and customer contracts made in the ordinary course of business and (iii) in the form of advances made to distributors, suppliers, licensors and licensees, in each case, in the ordinary course of business, or, in the case of clause (iii), to the extent necessary to maintain the ordinary course of supplies to Holdings or any Subsidiary;

(d) Permitted Acquisitions; provided that the aggregate amount of consideration paid or provided by Holdings, the Borrower or any other Loan Party after the Closing Date in reliance on this clause (d) for Permitted Acquisitions (including the aggregate principal amount of all Indebtedness assumed in connection with Permitted Acquisitions) made or provided by any Loan Party to purchase or acquire any Non-Compliant Subsidiary or Assets and that is allocable to the purchase or acquisition of such Non-Compliant Subsidiaries or Assets (determined in accordance with GAAP and excluding amounts referred to in the proviso to this sentence), shall not exceed the sum of (A) the greater of \$25,000,000 and 25% of Consolidated Adjusted EBITDA for the most recently ended Test Period at such time and (B) an amount equal to the amount by which any Returns in respect of Investments made in reliance on clause (A) exceeds the amount set forth in clause (A);

(e) Investments (i) existing on, or contractually committed to as of, the Closing Date; provided, that any such Investment shall be described on Schedule 6.05 and (ii) any modification, replacement, renewal or extension thereof so long as such modification, renewal or extension thereof does not increase the amount of such Investment except, in the case of any such Investment described on Schedule 6.05, by the terms thereof as in effect on the Closing Date or as otherwise permitted by this Section 6.05;

(f) Investments received in lieu of Cash in connection with any Disposition permitted by Section 6.05;

(g) loans or advances to present or former employees, directors, members of management, officers, managers or consultants, independent contractors or other service providers of any Parent Company, any subsidiaries of Holdings and/or any joint venture to the extent constituting Investments; provided that at the time of any such Investment and after giving pro forma effect thereto, the aggregate principal amount of Investments made in reliance on this clause (g) shall not exceed the greater of \$5,000,000 and 5% of Consolidated Adjusted EBITDA for the most recently ended Test Period;

(h) Investments consisting of extensions of credit in the nature of accounts receivable or notes receivable arising from the grant of trade credit in the ordinary course of business;

(i) Investments in the ordinary course of business consisting of endorsements for collection or deposit and customary trade arrangements with customers;

(j) (i) loans and advances of payroll payments or other compensation (including deferred compensation) or moving, entertainment or travel expenses to present or former employees, directors, members of management, officers, managers or consultants of Holdings, the Borrower or any Subsidiary in the ordinary course of business and (ii) loans and advances to present or former employees, directors, members of management, officers, managers or consultants of Holdings, the Borrower or any Subsidiary in connection with such Person's purchase of Capital Stock of Holdings (provided that the amount of such loans and advances shall be contributed to Holdings in cash as common equity (or any other form of equity reasonably satisfactory to the Lender) or used to satisfy tax obligations relating to proceeds received by such Person in connection with the Transactions, which proceeds are used for the purchase of such Capital Stock;

(k) (i) Investments of any Subsidiary acquired after the Closing Date, or of any Person acquired by, or merged into or consolidated or amalgamated with, Holdings or any Subsidiary after the Closing Date, in each case pursuant to an Investment otherwise permitted by this Section 6.05 to the extent that such Investments of such Person were not made in contemplation of or in connection with such acquisition, merger, amalgamation or consolidation and were in existence on the date of such acquisition, merger, amalgamation or consolidation and (ii) any modification, replacement, renewal or extension of any Investment permitted under clause (i) of this Section 6.05(k) so long as any such modification, replacement, renewal or extension thereof does not increase the amount of such Investment except as otherwise permitted by this Section 6.05;

(l) Investments made after the Closing Date by Holdings and/or any of its Subsidiaries provided that at the time of any such Investment and after giving pro forma effect thereto (i) no Specified Event of Default shall have occurred and be continuing and (ii) the aggregate principal amount of Investments made in reliance on this clause (l) shall not exceed the sum of (A) greater of \$12,500,000 and 12.5% of Consolidated Adjusted EBITDA for the most recently ended Test Period and (B) an amount equal to the amount by which any Returns in respect of Investments made in reliance on clause (A) exceeds the amount set forth in clause (A);

(m) Investments in Similar Businesses provided that at the time of any such Investment and after giving pro forma effect thereto, the aggregate principal amount of Investments made in reliance on this clause (m) shall not exceed the sum of (A) the greater of \$10,000,000 and 10% of Consolidated Adjusted EBITDA for the most recently ended Test Period and (B) an amount equal to the amount by which any Returns in respect of Investments made in reliance on clause (A) exceeds the amount set forth in clause (A);

(n) Investments in joint ventures provided that at the time of any such Investment and after giving pro forma effect thereto, the aggregate principal amount of Investments made in reliance on this clause (n) shall not exceed the sum of (A) the greater of \$10,000,000 and 10% of Consolidated Adjusted EBITDA for the most recently ended Test Period and (B) an amount equal to the amount by which any Returns in respect of Investments made in reliance on clause (A) exceeds the amount set forth in clause (A);

(i) Guarantees of leases (other than Financing Lease Obligations) or of other obligations not constituting Indebtedness and
(ii) Guarantees of the lease obligations of suppliers, customers, franchisees and licensees of Holdings and its Subsidiaries, in each case in the ordinary course of business;

(p) Investments under any Derivative Transactions permitted to be entered into under Section 6.01;

(q) so long as no Specified Event of Default shall have occurred and be continuing at the time of the making thereof, additional Investments; provided that at the time of such Investment and after giving pro forma effect thereto, the Consolidated Total Leverage Ratio is not greater than 7.00:1.00 as of the last day of the Test Period most recently ended on or prior to the making of such Investment;

(r) Investments made to acquire, purchase, repurchase or retire Qualified Capital Stock of Holdings or the Borrower owned by any employee equity ownership plan or similar plan of Holdings the Borrower, or any Subsidiary;

(s) contributions to a “rabbi” trust for the benefit of employees, directors, consultants, independent contractors or other service providers or other grantor trust subject to claims of creditors in the case of a bankruptcy of Holdings;

(t) Investments made after the Closing Date by Holdings and/or any of its Subsidiaries provided that at the time of any such Investment and after giving pro forma effect thereto, the aggregate principal amount of Investments made in reliance on this clause (u) shall not exceed the Available Equity Amount at such time; and

(u) Investments consisting of Liens, Indebtedness, fundamental changes, Dispositions, Restricted Payments and Sale and Lease-Back Transactions expressly permitted under Section 6.01, Section 6.02, Section 6.04 and Section 6.06 (other than Section 6.06(t)) and Section 6.07, respectively; provided, however, that no Investments may be made solely pursuant to this Section 6.05(u).

For purposes of determining compliance with this Section 6.05, in the event that a proposed Investment (or a portion thereof) meets the criteria of clauses (a) through (u) (other than clause (q)) above and, the Borrower will be entitled to classify or later reclassify (based on circumstances existing on the date of such reclassification) such Investment (or portion thereof) among such clauses (a) through (u) (other than clause (q)) above in a manner that otherwise complies with this covenant.

SECTION 6.06. Fundamental Changes; Disposition of Assets. Holdings shall not, nor shall it permit any of its Subsidiaries to, enter into any transaction of merger, consolidation or amalgamation, or liquidate, wind up or dissolve itself (or suffer any liquidation or dissolution), or make any Disposition, except:

(a) Dispositions (i) between or among Loan Parties, (ii) from Subsidiaries that are not Loan Parties to Loan Parties or (iii) between or among Subsidiaries that are not Loan Parties and (iv) from Loan Parties to Subsidiaries that are not Loan Parties to the extent such Dispositions would be permitted as Investments under Section 6.05 (and for the avoidance of doubt, such Dispositions shall use basket capacity under Section 6.05);

(b) the liquidation or dissolution of any Subsidiary if Holdings determines in good faith that such liquidation or dissolution (x) is in the best interests of Holdings, (y) is not materially disadvantageous to the Lender and (z) if such liquidating or dissolving Subsidiary is a Loan Party, a Loan Party receives any assets of such dissolved or liquidated Subsidiary; provided that no dissolution or liquidation of the Borrower shall be permitted hereunder;

(c) (i) Dispositions of inventory, equipment, raw or scrap materials or other assets in the ordinary course of business and (ii) the leasing or subleasing of real property in the ordinary course of business;

(d) (i) Dispositions of surplus, obsolete, used or worn out property or other property that, as determined in good faith by Holdings, is (A) no longer useful in its business (or in the business of any of its Subsidiaries) or (B) otherwise economically impracticable to maintain and (ii) any assets acquired in connection with the acquisition of another Person or a division or line of business of such Person which Holdings reasonably determines in good faith are surplus assets;

(e) Dispositions of Cash Equivalents or other assets that were Cash Equivalents when the original Investment was made (in each case, for the Fair Market Value thereof);

(f) Sale and Lease-Back Transactions permitted by clause (A) or (B) of the proviso in Section 6.07;

(g) Dispositions for Fair Market Value; provided that with respect to all such Dispositions (in a single transaction or in a series of related transactions) with a purchase price in an aggregate amount in excess of the greater of \$10,000,000 and 10% of Consolidated Adjusted EBITDA for the most recently ended Test Period, at least 75% of the consideration for such Dispositions in the aggregate for all such Dispositions after the Closing Date shall consist of Cash or Cash Equivalents; provided, further, that, for purposes of determining what constitutes Cash and Cash Equivalents under this clause (g), (i) any securities received by Holdings or such Subsidiary from such transferee that are converted by Holdings or such Subsidiary into Cash (to the extent of the cash received) within 180 days following the closing of the applicable Disposition shall be deemed to be Cash and (ii) any Designated Non-Cash Consideration received by Holdings or such Subsidiary in respect of the applicable Disposition having an aggregate Fair Market Value, taken together with all other Designated Non-Cash Consideration received pursuant to this proviso that is outstanding at the time such Designated Non-Cash Consideration is received, not in excess of the greater of \$10,000,000 and 10% of Consolidated Adjusted EBITDA for the most recently ended Test Period at the time of the receipt of such Designated Non-Cash Consideration, with the Fair Market Value of each item of Designated Non-Cash Consideration being measured at the time received and without giving effect to subsequent changes in value, shall be deemed to be Cash;

(h) to the extent that (i) the relevant property is exchanged for credit against the purchase price of similar replacement property or (ii) the proceeds of the relevant Disposition are promptly applied to the purchase price of such replacement property;

(i) Dispositions, discounting or forgiveness of accounts receivable in the ordinary course of business (including to insurers which have provided insurance as to the collection thereof) or in connection with the collection or compromise thereof (including sales to factors);

(j) Dispositions and/or terminations of leases, subleases, licenses or sublicenses (including the provision of software under an open source license), which (i) do not materially interfere with the business of Holdings and its Subsidiaries (taken as a whole) or (ii) relate to closed facilities or the discontinuation of any product or service line;

(k) (i) termination of leases in the ordinary course of business, (ii) the expiration of any option agreement in respect of real or personal property and (iii) any surrender or waiver of contractual rights or the settlement, release or surrender of contractual rights or other litigation claims (including in tort) in the ordinary course of business;

(l) Dispositions of property subject to casualty, foreclosure, eminent domain, expropriation or condemnation proceedings (including in lieu thereof or any similar proceeding);

(m) other Dispositions after the Closing Date in an aggregate amount of not more than the greater of \$7,500,000 and 7.5% of Consolidated Adjusted EBITDA for the most recently ended Test Period in any Fiscal Year, which, if not used in such Fiscal Year, shall be carried forward to the immediately succeeding Fiscal Year; provided that no Event of Default shall have occurred and be continuing on the date on which the definitive agreement governing the relevant Disposition is executed;

(n) (i) Dispositions, licensing, sublicensing and cross-licensing arrangements involving any technology, intellectual property or IP Rights of Holdings or any Subsidiary in the ordinary course of business; provided, that any such lease, license or sublease of IP Rights shall be (x) granted on a non-exclusive basis and (y) limited in time, and (ii) the Disposition, abandonment, cancellation or lapse of any technology, intellectual property or IP Rights, or any issuances or registrations, or applications for issuances or registrations, of any intellectual property or IP Rights, which, in the reasonable good faith determination of Holdings are not material to the conduct of the business of Holdings and/or its Subsidiaries, or are no longer economical to maintain in light of its use;

(o) Dispositions in connection with the termination or unwinding of Derivative Transactions entered into in the ordinary course of business and not for speculative purposes;

(p) any merger, amalgamation, consolidation, Disposition or conveyance the sole purpose and effect of which is to reincorporate or reorganize (i) any Subsidiary organized in a state within the United States in another state within the United States or (ii) any other Subsidiary in the United States or any other jurisdiction;

(q) Dispositions of assets that do not constitute Collateral having an aggregate Fair Market Value of up to the greater of \$5,000,000 and 5% of Consolidated Adjusted EBITDA as of the last day of the most recently ended Test Period; provided that no Event of Default shall have occurred and be continuing on the date on which the definitive agreement governing the relevant Disposition is executed;

(r) (x) any Subsidiary may merge, amalgamate or consolidate with (i) the Borrower or Holdings (including a merger the purpose of which is to reorganize the Borrower or Holdings into a new jurisdiction) and the Borrower or Holdings may merge amalgamate or consolidate with any such Subsidiary; provided that the Borrower or Holdings, as applicable, shall be the continuing or surviving Person and such merger does not result in the Borrower or Holdings, as applicable, ceasing to be a corporation, partnership or limited liability company organized under the laws of the United States, any state thereof or the District of Columbia, (ii) one or more other Subsidiaries other than the Borrower; provided that when any Person that is a Loan Party is merging with such Subsidiary, a Loan Party shall be the continuing or surviving Person or (iii) any other Person; provided that the continuing or surviving Person shall be a Subsidiary and if any Person that is a Loan Party is merging with such Person, a Loan Party shall be the continuing or surviving Person and (y) the Borrower or Holdings may merge amalgamate or consolidate with any other Person; provided that the Borrower or Holdings, as applicable, shall be the continuing or surviving Person and such merger does not result in the Borrower or Holdings, as applicable, ceasing to be a corporation, partnership or limited liability company organized under the laws of the United States, any state thereof or the District of Columbia;

(s) any Subsidiary that is not a Loan Party may merge, amalgamate or consolidate with or into any other Subsidiary that is not a Loan Party;

(t) Dispositions permitted by Section 6.04 and Section 6.05 (other than Section 6.05(r)), and Liens permitted by Section 6.02; and

(u) Dispositions of Investments in joint ventures to the extent required by, or made pursuant to customary buy/sell arrangements between, the joint venture parties set forth in joint venture arrangements and similar binding arrangements.

Notwithstanding anything to the contrary contained in this Agreement, Holdings and the Borrower shall not, nor shall they permit any of their respective Subsidiaries to, make any Disposition of, or any Investment in the form of, intellectual property or IP Rights which, in the reasonable good faith determination of the Borrower are material to the conduct of the business of Holdings, the Borrower and its Subsidiaries (taken as a whole) to any Subsidiary that is not a Loan Party, nor shall the Borrower designate any Subsidiary as an Excluded Subsidiary at any time when such Subsidiary owns intellectual property or IP Rights which, in the reasonable good faith determination of the Borrower are material to the conduct of the business of Holdings, the Borrower and its Subsidiaries (taken as a whole).

SECTION 6.07. Sales and Lease-Backs. Holdings shall not, nor shall it permit any of its Subsidiaries to, directly or indirectly, become or remain liable as lessee or as a guarantor or other surety with respect to any lease of any property (whether real, personal or mixed), whether now owned or hereafter acquired, which Holdings or such Subsidiary (a) has sold or transferred or is to sell or to transfer to any other Person (other than Holdings or any of its Subsidiaries) and (b) intends to use for substantially the same purpose as the property which has been or is to be sold or transferred by Holdings or Subsidiary to any Person (other than Holdings or any of its Subsidiaries) in connection with such lease (such a transaction described herein, a “**Sale and Lease-Back Transaction**”); provided that any Sale and Lease-Back Transaction shall be permitted so long as such Sale and Lease-Back Transaction is either (A) permitted by Section 6.01(i) (or which otherwise constitutes a Financing Lease Obligation or purchase money Indebtedness permitted by Section 6.01), (B) described on Schedule 6.07 hereto or (C) permitted by Section 6.06(f).

SECTION 6.08. Transactions with Affiliates. Holdings shall not, nor shall it permit any of its Subsidiaries to, enter into any transaction (including the purchase, sale, lease or exchange of any property or the rendering of any service) involving, pursuant to any such transaction, payments in excess of the greater of \$5,000,000 and 5% of Consolidated Adjusted EBITDA for the most recently

ended Test Period in any Fiscal Year with any of their Affiliates on terms (taken as a whole) that are less favorable to Holdings or such Subsidiary in any material respect, as the case may be (as determined in good faith by the Borrower), than those that might be obtained at the time in a comparable arm's-length transaction from a Person who is not an Affiliate; provided that the foregoing restriction shall not apply to:

(a) transactions in existence on the Closing Date and described on Schedule 6.08 and any amendment, modification or extension thereto to the extent such amendment, modification or extension, taken as a whole, is not (i) adverse to the Lender in any material respect or (ii) more disadvantageous to the Lender in any material respect than the relevant transaction in existence on the Closing Date in any material respect;

(b) the Transactions, including the payment of Transaction Costs;

(c) Guarantees permitted by Section 6.01;

(d) (i) any purchase by Holdings of the Capital Stock of (or contribution to the equity capital of) the Borrower and (ii) the making of any intercompany loan by Holdings to the Borrower or any Subsidiary, in each case of clause (i) or (ii) above, to the extent expressly permitted under this Agreement;

(e) any issuance, sale or grant of securities or other payments, awards or grants in Cash, securities or otherwise pursuant to compensation arrangements for employees and officers in the ordinary course of business, or the funding of employment arrangements, stock options and stock ownership or other incentive plans for employees and officers in the ordinary course of business and, in each case, approved by a majority of the members of the board of directors (or similar governing body) or a majority of the disinterested members of the board of directors (or similar governing body) of Holdings in good faith;

(f) (i) transactions between or among Holdings, the Borrower or any Loan Party and (ii) transactions between or among Subsidiaries of the Borrower that are not Loan Parties;

(g) transactions between or among Holdings, the Borrower or any Subsidiary or any entity that becomes a Subsidiary as a result of such transaction consisting of (i) the non-exclusive licensing of intellectual property to any Subsidiary that is not a Loan Party; provided that any such license is either on terms and conditions substantially as favorable to the licensor as those that would prevail at such time in comparable arm's length transactions with unrelated third parties or such licensee compensates the licensor on a reasonable basis in consideration for such license, (ii) intercompany transactions, including the (A) provision of management services and other corporate overhead services, (B) provision of personnel to other locations within Holdings' consolidated group on a temporary basis and (C) provision, purchase or lease of services, operational support, assets, equipment, data, information and technology, that, in the case of any such intercompany transaction referred to in this clause (ii), are subject to reasonable reimbursement or cost-sharing arrangements (as determined in good faith by the Borrower), which reimbursement or cost-sharing arrangements may be effected through transfers of cash or other assets or through book-entry credits or debits made on the ledgers of each involved Subsidiary; provided that any such intercompany transaction is either (1) entered into in the ordinary course of business or (2) otherwise entered into pursuant to the reasonable requirements of the business of the Borrower and the Subsidiaries and (iii) ordinary course business transactions (other than transactions of the type described in clause (ii) above) that (A) do not involve the sale, transfer or other Disposition of operations or assets and (B) do not materially and adversely affect the Lender, and

SECTION 6.09. Amendments or Waivers of Organizational Documents. Holdings shall not, nor shall it permit any of its Subsidiaries to, amend or modify, in each case in a manner that is adverse to the Lender (in its capacity as such) such Person's Organizational Documents without obtaining the prior written consent of the Lender.

SECTION 6.10. Amendments of or Waivers with Respect to Junior Debt. Holdings shall not, nor shall it permit any of its Subsidiaries to, amend or otherwise modify (a) the terms of any Junior Debt (or the documentation governing the foregoing) if the effect of such amendment or modification, together with all other amendments or modifications made, is adverse to the interests of the Lender (in its capacity as such) or (b) the terms of any Junior Debt (or the documentation governing the foregoing) in violation of any Acceptable Intercreditor Agreement governing such Junior Debt.

SECTION 6.11. Permitted Activities of Holdings. Holdings shall not:

(a) directly or indirectly, create, incur, assume or otherwise become or remain liable with respect to any Indebtedness, except (i) the Indebtedness under the Loan Documents, (ii) Guarantees of Indebtedness of the Borrower and its Subsidiaries permitted hereunder, (iii) any Indebtedness (other than Indebtedness for borrowed money (including notes, bonds, debentures and similar instruments)) arising in connection with any Permitted Acquisition or other Investment permitted under this Agreement or any Disposition permitted by this Agreement, (iv) any Indebtedness owing to the Borrower or any Subsidiary to the extent resulting from an Investment permitted by Section 6.05 and (v) any Indebtedness (other than Indebtedness for borrowed money (including notes, bonds, debentures and similar instruments)) of the type permitted by Section 6.01(b), (c), (d), (e) or (f);

(b) create or suffer to exist any Lien upon any property or assets now owned or hereafter acquired by it other than (i) the Liens created under the Collateral Documents to which it is a party, (ii) Permitted Liens on the Collateral that are secured on a *pari passu* or junior basis with the Obligations, so long as such Permitted Liens secure Guarantees permitted under clause (a)(ii) above and the underlying Indebtedness subject to such Guarantee is permitted to be secured on the same basis pursuant to Section 6.02, provided that any such Liens shall be subject to an Acceptable Intercreditor Agreement, and (iii) Liens of the type permitted under Section 6.02 (other than in respect of Indebtedness for borrowed money); or

(c) consolidate or amalgamate with, or merge with or into, any Person or convey, sell, transfer or otherwise dispose of all or substantially all of its assets to another Person.

ARTICLE 7 EVENTS OF DEFAULT

SECTION 7.01. Events of Default. If any of the following events (each, an "**Event of Default**") shall occur:

(a) Failure To Make Payments When Due. Failure by the Borrower to pay (i) when due any installment of principal of the Loan, whether at stated maturity, by acceleration, by mandatory prepayment, pursuant to Section 2.02, Section 2.03 or Section 2.04 or otherwise or (ii) any interest on the Loan or any fee or any other amount due hereunder within three Business Days after the date due; or

(b) Default in Other Agreements. (i) Failure of any Loan Party or any of its Subsidiaries to pay when due any Principal of or interest on or any other amount payable in respect of any Revolving Facility Indebtedness or one or more items of Indebtedness (other than Indebtedness referred to in clause (a) above) with an aggregate outstanding principal amount exceeding the Threshold Amount, in each case beyond the grace period, if any, provided therefor; or (ii) breach or default by any Loan Party or any of its Subsidiaries with respect to any other term of (A) one or more items of Indebtedness with an aggregate outstanding principal amount exceeding the Threshold Amount, (B) any Revolving Facility Indebtedness or (C) any loan agreement, mortgage, indenture or other agreement relating to such item(s) of Indebtedness exceeding the Threshold Amount, in each case beyond the grace period, if any, provided therefor, if the effect of such breach or default is to cause, or to permit the holder or holders of such Indebtedness (or a trustee or agent on behalf of such holder or holders) to cause, such Indebtedness to become or be declared due and payable (or redeemable) prior to its stated maturity or the stated maturity of any underlying obligation, as the case may be; provided that clause (ii) of this clause (b) shall not apply to secured Indebtedness that becomes due as a result of the voluntary sale or transfer of the property securing such Indebtedness if such sale or transfer is permitted hereunder; provided further that a breach of any financial maintenance covenant under the documentation governing any such Indebtedness will not constitute a Default or Event of Default until the date on which the holders of such Indebtedness have accelerated the loans, elected to otherwise exercise remedies or terminated commitments in respect thereof; or

(c) Breach of Certain Covenants. Failure of the Borrower or any other Loan Party, as required by the relevant provision, to perform or comply with any term or condition contained in Section 2.03, Section 2.04, Section 5.02, Section 5.14 (except as provided below) or Article 6; or

(d) Breach of Representations, Etc. Any representation, warranty or certification made or deemed made by any Loan Party in any Loan Document or in any certificate or document required to be delivered in connection herewith or therewith shall be untrue in any material respect as of the date made or deemed made, and such incorrect representation or warranty (if curable, including by a restatement of any relevant financial statements) shall remain incorrect for a period of 30 days of the occurrence thereof; or

(e) Other Defaults under Loan Documents. Any Loan Party shall default in the performance of or compliance with any term contained herein or any of the other Loan Documents, other than any such term referred to in any other Section of this Article 7, and such default shall not have been remedied or waived within 30 days of the occurrence thereof (except that, with respect to any default as a result of the failure to deliver any document required to be delivered to the Lender pursuant to Section 5.14(c) (other than with respect to the deliverables to be provided under such Section 5.14(c) by Holdings and the Borrower) or Section 5.14(g) (other than with respect to the deliverables to be provided under such Section 5.14(g) with respect to the Borrower), such default shall not have been remedied or waived within three Business Days of the Closing Date); or

(f) Involuntary Bankruptcy; Appointment of Receiver, Etc. (i) A court of competent jurisdiction shall enter a decree or order for relief in respect of Holdings, the Borrower or any of its Subsidiaries (other than any Immaterial Subsidiary or any Subsidiary that could at such time, upon designation by Holdings, become an Immaterial Subsidiary) in an involuntary case under the Bankruptcy Code or under any other applicable bankruptcy, insolvency, corporate or similar law now or hereafter in effect, which decree or order is not stayed; or any other similar relief shall be granted under any applicable federal, provincial, territorial or state law; or (ii) an involuntary case shall be commenced against Holdings, the Borrower or any of its Subsidiaries (other than any Immaterial Subsidiary or any Subsidiary that could at such time, upon designation by Holdings, become an

Immaterial Subsidiary) under the Bankruptcy Code or under any other applicable bankruptcy, insolvency, corporate or similar law now or hereafter in effect; or a decree or order of a court having jurisdiction in the premises for the appointment of a receiver, receiver and manager, liquidator, sequestrator, monitor, trustee, custodian or other officer having similar powers over Holdings, the Borrower or any of its Subsidiaries (other than any Immaterial Subsidiary or any Subsidiary that could at such time, upon designation by Holdings, become an Immaterial Subsidiary), or over all or a substantial part of its property, shall have been entered; or there shall have occurred the involuntary appointment of an interim receiver, receiver and manager, trustee or other custodian of Holdings, the Borrower or any of its Subsidiaries (other than any Immaterial Subsidiary or any Subsidiary that could at such time, upon designation by Holdings, become an Immaterial Subsidiary) for all or a substantial part of its property; and any such event described in this clause (ii) shall continue for 60 consecutive days without having been dismissed, vacated, bonded or discharged; or

(g) Voluntary Bankruptcy: Appointment of Receiver, Etc. (i) Holdings, the Borrower or any of their Subsidiaries (other than any Immaterial Subsidiary or any Subsidiary that could at such time, upon designation by Holdings, become an Immaterial Subsidiary) shall have an order for relief entered with respect to it or shall commence a voluntary case under the Bankruptcy Code or under any other applicable bankruptcy, insolvency, corporate or similar law now or hereafter in effect, or shall consent to the entry of an order for relief in an involuntary case, or to the conversion of an involuntary case to a voluntary case, under any such law, or shall consent to the appointment of or taking possession by a receiver, receiver and manager, monitor, trustee, liquidator, custodian or other similar official in respect of it or for all or a substantial part of its property; or (ii) Holdings, the Borrower or any of their Subsidiaries (other than any Immaterial Subsidiary or any Subsidiary that could at such time, upon designation by Holdings, become an Immaterial Subsidiary) shall make a general assignment for the benefit of creditors; or (iii) Holdings, the Borrower or any of their Subsidiaries (other than any Immaterial Subsidiary or any Subsidiary that could at such time, upon designation by Holdings, become an Immaterial Subsidiary) shall admit in writing its inability to pay its debts as such debts become due; or

(h) Judgments and Attachments. Any one or more final money judgments, writs or warrants of attachment or similar process involving in the aggregate at any time an amount in excess of the Threshold Amount (in either case to the extent not adequately covered by insurance or indemnitees (including, if applicable, self-insurance) as to which a third party insurance company or indemnitor has been notified and not denied coverage) shall be entered or filed against Holdings, the Borrower or any of their Subsidiaries or any of their respective assets and shall remain unpaid, undischarged, unvacated, unbonded or unstayed pending appeal for a period of 60 days or more; or

(i) Employee Benefit Plans. There shall occur one or more ERISA Events, which individually or in the aggregate results in liability of Holdings or any of its Subsidiaries in an aggregate amount which would reasonably be expected to result in a Material Adverse Effect; or

(j) Change of Control. Unless waived in writing by the Lender in its sole discretion, a Change of Control shall occur; or

(k) Guaranties, Collateral Documents and Other Loan Documents. At any time after the execution and delivery thereof, (i) any material Loan Guaranty for any reason, other than the occurrence of the Termination Date, shall cease to be in full force and effect (other than in accordance with its terms) or shall be declared to be null and void or any Loan Guarantor shall repudiate in writing its obligations thereunder (other than as a result of the discharge of such Loan Guarantor in accordance with the terms thereof), (ii) this Agreement or any Collateral Document ceases to be in full force and effect or shall be declared null and void or any significant part of the Liens purported

to be created under any Collateral Document ceases to be perfected security interests (other than by reason of (A) a release of Collateral in accordance with the terms hereof or thereof, (B) the occurrence of the Termination Date or any other termination of such Collateral Document in accordance with the terms thereof, (C) as a result of the sale or other disposition of the applicable Collateral to a Person that is not a Loan Party in a transaction permitted under the Loan Documents, (D) to the extent that such losses are covered by a lender's title insurance policy and such insurer has not denied coverage) or (E) solely as a result of acts or omissions by the Lender, (iii) any Loan Party shall contest in writing, the validity or enforceability of any provision of any Loan Document (or any Lien purported to be created by the Collateral Documents or any Loan Guaranty) or deny in writing that it has any further liability (other than by reason of the occurrence of the Termination Date) or (iv) the Obligations shall cease to constitute senior indebtedness under the subordination provisions of any documents or instruments evidencing any permitted Junior Debt or such subordination provision shall be invalidated or otherwise cease, for any reason, to be valid, binding and enforceable obligations of the parties thereto;

then, and in every such event (other than an event with respect to the Borrower described in clause (f) or (g) of this Article), and at any time thereafter during the continuance of such event, the Lender may, by notice to the Borrower, take any of the following actions, at the same or different times: declare the portion of the Loan then outstanding to be due and payable in whole (or in part, in which case any principal not so declared to be due and payable may thereafter be declared to be due and payable), and thereupon the principal of the Loan so declared to be due and payable, together with accrued interest thereon and all fees and other Obligations of the Borrower accrued hereunder, shall become due and payable immediately, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower; provided that upon the occurrence of an event with respect to the Borrower described in clause (f) or (g) of this Article, the principal of the portion of the Loan then outstanding, together with accrued interest thereon and all fees and other Obligations of the Borrower accrued hereunder, shall automatically become due and payable, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower, in each case without further action of the Lender. Upon the occurrence and during the continuance of an Event of Default, the Lender may exercise any rights and remedies provided to the Lender under the Loan Documents or at law or equity, including all remedies provided under the UCC.

If the Obligations are accelerated for any reason prior to the Call Protection Termination Date, including, without limitation, because of default, sale, transfer or encumbrance (including that by operation of law or otherwise), the Applicable Premium on the Loan will also be due and payable and shall constitute part of the Obligations, in view of the impracticability and extreme difficulty of ascertaining actual damages and by mutual agreement of the parties as to a reasonable calculation of the Lender's lost profits as a result thereof. Any Applicable Premium on the Loan payable above shall be presumed to be the liquidated damages sustained by the Lender as the result of the early termination and the Borrower agrees that it is reasonable under the circumstances currently existing. The Applicable Premium on the Loan shall also be payable in the event the Obligations (and/or this Agreement or any Notes evidencing the Obligations) are satisfied or released by foreclosure (whether by power of judicial proceeding), deed in lieu of foreclosure or by any other means. **THE BORROWER EXPRESSLY WAIVES THE PROVISIONS OF ANY PRESENT OR FUTURE STATUTE OR LAW WHICH PROHIBITS OR MAY PROHIBIT THE COLLECTION OF THE FOREGOING APPLICABLE PREMIUM ON THE LOAN IN CONNECTION WITH ANY SUCH ACCELERATION.** The Borrower expressly agrees that: (A) the Applicable Premium on the Loan provided for herein is reasonable and is the product of an arm's length transaction between sophisticated business people, ably represented by counsel; (B) the Applicable Premium on the Loan shall be payable notwithstanding the then prevailing market rates at the time payment is made; (C) there has been a course of conduct between the Lender and Borrower giving specific consideration in this transaction for such agreement to pay the Applicable Premium on the Loan; and (D) the Borrower shall be estopped hereafter from claiming differently than as agreed to in this paragraph. The Borrower expressly acknowledges that its agreement to pay the Applicable Premium on the Loan to the Lender as herein described is a material inducement to Lender to extend the Loan and to enter into the Transactions.

All such notices and other communications (A) sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when delivered in person or by courier service and signed for against receipt thereof or three Business Days after dispatch if sent by certified or registered mail, in each case, delivered, sent or mailed (properly addressed) to such party as provided in this Section 8.01 or in accordance with the latest unrevoked direction from such party given in accordance with this Section 8.01, (B) sent by facsimile shall be deemed to have been given when sent and when receipt has been confirmed by telephone; provided that received notices and other communications sent by facsimile shall be deemed to have been given when sent (except that, if not given during normal business hours for the recipient, such notices or other communications shall be deemed to have been given at the opening of business on the next Business Day for the recipient) or (C) sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested" function, as available, return e-mail or other written acknowledgement); provided that if not given during the normal business hours of the recipient, such notice or communication shall be deemed to have been given at the opening of business on the next Business Day for the recipient.

(b) Notices and other communications to the Lender hereunder may be delivered or furnished by electronic communications (including e-mail) pursuant to procedures set forth herein or otherwise approved by the Lender.

(c) Any party hereto may change its address or facsimile number for notices and other communications hereunder by notice to the other parties hereto.

(d) The Lender, its Affiliates and Related Parties shall not be liable to any Person for any damages arising from the use by any Person (other than the Lender or its Affiliates or Related Parties) of information or other materials obtained through electronic, telecommunications or other information transmission systems, in each case, except to the extent any such damages arise from the gross negligence, bad faith or willful misconduct of, or material breach of the Loan Documents by, the Lender or any of its Affiliates or Related Parties, in each case as determined by a final non-appealable judgment of a court of competent jurisdiction.

SECTION 8.02. Waivers; Amendments.

(a) No failure or delay by the Lender in exercising any right or power hereunder or under any other Loan Document shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Lender hereunder and under any other Loan Document are cumulative and are not exclusive of any rights or remedies that it would otherwise have. No waiver of any provision of any Loan Document or consent to any departure by any Loan Party therefrom shall in any event be effective unless the same shall be permitted by clause (b) of this Section, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given.

(b) Except as expressly provided herein or in any Loan Document, neither this Agreement nor any other Loan Document nor any provision hereof or thereof may be waived, amended or modified, except (i) in the case of this Agreement, pursuant to an agreement or agreements in writing entered into by Holdings, the Borrower and the Lender or (ii) in the case of any other Loan Document (other than any waiver, amendment or modification to effectuate any modification thereto expressly contemplated by the terms of such other Loan Documents), pursuant to an agreement or agreements in writing entered into by the Lender and the Loan Party or Loan Parties that are parties thereto.

SECTION 8.03. Expenses; Indemnity; Damage Waiver.

(a) The Borrower shall pay (i) all reasonable and documented out-of-pocket expenses incurred by the Lender and its Affiliates (but limited, in the case of legal fees and expenses, to the actual reasonable and documented out-of-pocket fees, disbursements and other charges of one firm of outside counsel to all such Persons taken as a whole and, if reasonably necessary, of one local counsel in any relevant jurisdiction to such Persons, taken as a whole) in connection with the preparation, execution, delivery and administration of any Loan Documents and related documentation (but for the avoidance of doubt, only such expenses that are incurred after the Closing Date), including in connection with any amendments, modifications or waivers of the provisions of any Loan Documents (whether or not the transactions contemplated thereby shall be consummated) and (ii) all reasonable and documented out-of-pocket expenses incurred by the Lender and each of its Affiliates (but limited, in the case of legal fees and expenses, to the actual reasonable and documented out-of-pocket fees, disbursements and other charges of one firm of outside counsel to all such Persons taken as a whole and, if reasonably necessary, of one local counsel in any relevant jurisdiction to such Persons, taken as a whole and, solely in the case of an actual or reasonably perceived conflict of interest and to the extent notice thereof is provided to the Borrower, one additional counsel to all affected Persons taken as a whole and one additional local counsel in each relevant jurisdiction to all affected Persons taken as a whole) in connection with the enforcement, collection or protection of its rights in connection with the Loan Documents, including its rights under this Section, or in connection with the Loan made hereunder. Other than to the extent required to be paid on the Closing Date, all amounts due under this clause (a) shall be payable by the Borrower within 30 days of receipt of an invoice relating thereto, setting forth such expenses in reasonable detail and together with reasonable backup documentation supporting such reimbursement requests.

(b) The Borrower shall indemnify the Lender and each of its Related Parties, and their respective successors and assigns, each such Person being called an “**Indemnitee**”) against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities and related expenses (but limited, in the case of legal fees and expenses, to the actual reasonable and documented out-of-pocket fees, disbursements and other charges of one counsel to all Indemnitees taken as a whole and, solely in the case of an actual or reasonably perceived conflict of interest, one additional counsel to all affected Indemnitees, taken as a whole, and, if reasonably necessary, one local counsel in any relevant jurisdiction to all Indemnitees, taken as a whole and, solely in the case of an actual or reasonably perceived conflict of interest, one additional local counsel to all affected Indemnitees, taken as a whole), incurred by or asserted against any Indemnitee arising out of, in connection with, or as a result of any action, claim, litigation, investigation or proceeding (including any inquiry or investigation of the foregoing) (any of the foregoing, a “**Proceeding**”) relating to (i) the execution or delivery of the Loan Documents or any agreement or instrument contemplated thereby, the performance by the parties hereto of their respective obligations thereunder or the consummation of any transactions contemplated hereby or thereby (except for any Taxes (which shall be governed by Section 2.06), other than any Taxes that represent losses, claims or damages arising from any non-Tax claim) or (ii) any actual or alleged presence or Release or threat of Release of Hazardous Materials on, at, to or from any Mortgaged Property or other property currently or formerly owned or operated by any Loan Party or any Subsidiary, or any Environmental Liability; provided that such indemnity shall not, as to any Indemnitee, be available to the extent that such losses, claims, damages, liabilities or related expenses are determined by a court of competent jurisdiction by final and non-appealable judgment to have resulted from (x) the gross negligence, bad faith or willful misconduct of such Indemnitee or any Affiliate or Related Party of such Indemnitee or (y) a material breach of the obligations of such Indemnitee any Affiliate or Related Party under the terms of this Agreement or any other Loan Document by such Indemnitee or any of its Affiliates or Related Parties as determined in a final and non-appealable decision of a court of competent jurisdiction. Each Indemnitee shall be obligated to refund or return any and all amounts paid by the Borrower pursuant to this Section 8.03(b) to such Indemnitee for any fees, expenses, or damages to the extent such Indemnitee is not entitled to payment of such amounts in accordance with the terms hereof. All amounts due under this clause (b) shall be payable by the Borrower within 30 days (x) after written demand thereof, in the case of any indemnification obligations and (y) in the case of reimbursement of costs and expenses, after receipt of an invoice relating thereto, setting forth such expenses in reasonable detail and together with reasonable backup documentation supporting such reimbursement requests.

SECTION 8.04. Waiver of Claim. Notwithstanding anything to the contrary set forth herein, to the extent permitted by applicable law, no party to this Agreement shall assert, and each hereby waives, any claim against any other party hereto or any Related Party thereof, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement or any agreement or instrument contemplated hereby, the Loan or the use of the proceeds thereof, except, in the case of a claim by any Indemnitee against the Borrower or any other Loan Party, to the extent such damages would otherwise be subject to indemnification pursuant to the terms of Section 8.03.

SECTION 8.05. Successors and Assigns. The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby, except that (a) none of the Borrower, Holdings or any other Loan Party may assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Lender, which consent may be given or withheld in the Lender’s sole discretion (and any attempted assignment or transfer by the Borrower or Holdings without such consent shall be null and void) and (b) the Lender may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Borrower, which consent may be given or withheld in the Borrower’s sole discretion (and any attempted assignment or transfer by the Lender without such consent shall be null and void); provided that, notwithstanding the foregoing, upon the occurrence and during the continuance of a Specified Event of Default, the Lender may assign or transfer its rights or obligations

hereunder without the consent of the Borrower to any Person other than any Person that is a Disqualified Lender (for the avoidance of doubt, any assignee or transferee shall be subject to the restrictions on assignment and transfer set forth in this Section 8.05 that are applicable to the Lender in all respects). Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors, assigns and participants permitted hereby), any legal or equitable right, remedy or claim under or by reason of this Agreement.

SECTION 8.06. Survival. All covenants, agreements, representations and warranties made by the Loan Parties in the Loan Documents and in the certificates or other instruments delivered in connection with or pursuant to this Agreement or any other Loan Document shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery of the Loan Documents and the making of the Loan, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Lender may have had notice or knowledge of any Default or Event of Default or incorrect representation or warranty at the time any credit is extended hereunder, and shall continue in full force and effect until the Termination Date. The provisions of Sections 2.06, 8.03 and 8.13 shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the repayment of the Loan, the occurrence of the Termination Date or the termination of this Agreement or any provision hereof but in each case, subject to the limitations set forth in this Agreement.

SECTION 8.07. Counterparts; Integration; Effectiveness. This Agreement may be manually or electronically executed in counterparts (and by different parties hereto on different counterparts (including by facsimile or electronic transmission (including .pdf file, .jpeg file, Adobe Sign, or DocuSign))), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement, the other Loan Documents and any separate letter agreements with respect to fees payable to the Lender constitute the entire agreement among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. This Agreement shall become effective when it shall have been executed by Holdings, the Borrower, the other Subsidiaries of Holdings party hereto and the Lender and when the Lender shall have received counterparts hereof which, when taken together, bear the signatures of each of the other parties hereto, and thereafter shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or by email as a “.pdf” or “.tif” attachment shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 8.08. Severability. To the extent permitted by law, any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

SECTION 8.09. Right of Setoff; Obligations Absolute.

(a) If an Event of Default shall have occurred and be continuing, each of the Lender and its Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other obligations at any time owing by the Lender or any Affiliate thereof to or for the credit or the account of the Borrower or any Loan Guarantor against any of and all the Obligations then due and owing held by the Lender or such Affiliate, irrespective of whether or not

the Lender or such Affiliate shall have made any demand under the Loan Documents. The Lender or any applicable Affiliate shall promptly notify the Borrower of such set-off or application; provided that any failure to give or any delay in giving such notice shall not affect the validity of any such set-off or application under this Section. The rights of the Lender and each Affiliate under this Section are in addition to other rights and remedies (including other rights of setoff) which the Lender or such Affiliate may have.

(b) Each Loan Party acknowledges and agrees that its obligations under this Agreement and the other Loan Documents are irrevocable and absolute and will not be subject to netting, set-off or reduction against, or be otherwise affected by, any action or alleged claim by any Loan Party or any of its Affiliates pursuant to, or any actual or alleged breach by the Lender or any of its Affiliates of, or any actual or alleged invalidity or other defect of, any of (i) the Purchase Agreement, (ii) any other Purchase Document or (iii) any other agreement or arrangement.

SECTION 8.10. Governing Law; Jurisdiction; Consent to Service of Process.

(a) THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS (OTHER THAN AS EXPRESSLY SET FORTH IN OTHER LOAN DOCUMENTS) AND ANY CLAIM, CONTROVERSY OR DISPUTE ARISING UNDER OR RELATED TO THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS (OTHER THAN AS EXPRESSLY SET FORTH IN THE OTHER LOAN DOCUMENTS), WHETHER IN TORT, CONTRACT (AT LAW OR IN EQUITY) OR OTHERWISE, SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

(b) EACH PARTY HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF ANY U.S. FEDERAL OR NEW YORK STATE COURT SITTING IN THE BOROUGH OF MANHATTAN, IN THE CITY OF NEW YORK (OR ANY APPELLATE COURT THEREFROM) OVER ANY SUIT, IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO ANY LOAN DOCUMENTS AND AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING SHALL (EXCEPT AS PERMITTED BELOW) BE HEARD AND DETERMINED IN SUCH NEW YORK STATE OR, TO THE EXTENT PERMITTED BY LAW, FEDERAL COURT. THE PARTIES HERETO AGREE THAT SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY REGISTERED MAIL ADDRESSED TO SUCH PERSON SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PERSON FOR ANY SUIT, ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. EACH PARTY HERETO AGREES THAT THE LENDER RETAINS THE RIGHT TO BRING PROCEEDINGS AGAINST ANY LOAN PARTY IN THE COURTS OF ANY OTHER JURISDICTION SOLELY IN CONNECTION WITH THE EXERCISE OF ANY RIGHTS UNDER ANY COLLATERAL DOCUMENT.

(c) EACH PARTY HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT IT MAY LEGALLY AND EFFECTIVELY DO SO, ANY OBJECTION WHICH IT MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY SUIT, ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT IN ANY COURT REFERRED TO IN CLAUSE (b) OF THIS SECTION. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY CLAIM OR DEFENSE OF AN INCONVENIENT FORUM TO THE MAINTENANCE OF SUCH ACTION, SUIT OR PROCEEDING IN ANY SUCH COURT.

(d) TO THE EXTENT PERMITTED BY LAW, EACH PARTY TO THIS AGREEMENT HEREBY IRREVOCABLY WAIVES PERSONAL SERVICE OF ANY AND ALL PROCESS UPON IT AND AGREES THAT ALL SUCH SERVICE OF PROCESS MAY BE MADE BY REGISTERED MAIL (OR ANY SUBSTANTIALLY SIMILAR FORM OF MAIL) DIRECTED TO IT AT ITS ADDRESS FOR NOTICES AS PROVIDED FOR IN SECTION 8.01. EACH PARTY TO THIS AGREEMENT HEREBY WAIVES ANY OBJECTION TO SUCH SERVICE OF PROCESS AND FURTHER IRREVOCABLY WAIVES AND AGREES NOT TO PLEAD OR CLAIM IN ANY ACTION OR PROCEEDING COMMENCED HEREUNDER OR UNDER ANY LOAN DOCUMENT THAT SERVICE OF PROCESS WAS INVALID AND INEFFECTIVE. NOTHING IN THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT WILL AFFECT THE RIGHT OF ANY PARTY TO THIS AGREEMENT TO SERVE PROCESS IN ANY OTHER MANNER PERMITTED BY LAW.

SECTION 8.11. Waiver of Jury Trial. EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY SUIT, ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY) DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT, ANY OTHER LOAN DOCUMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY. EACH PARTY HERETO (a) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (b) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

SECTION 8.12. Headings. Article and Section headings and the table of contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

SECTION 8.13. Confidentiality.

(a) The Lender agrees to maintain the confidentiality of the Confidential Information (as defined below), except that Confidential Information may be disclosed (i) to its and its Affiliates' directors (or equivalent managers), officers, employees, independent auditors, or other agents, experts and advisors, including accountants, legal counsel, ratings agencies and other advisors (collectively, the "**Representatives**") on a "need to know" basis solely in connection with the transactions completed hereby and who are informed of the confidential nature of such Confidential Information and are or have been advised of their obligation to keep such Confidential Information of this type confidential; provided that the Lender shall be responsible for its Affiliates' and their Representatives' compliance with this paragraph, (ii) upon the demand or request of any regulatory (including any self-regulatory body) or governmental authority purporting to have jurisdiction over such Person or its Affiliates (in which case such Person shall, except with respect to any audit or examination conducted by bank accountants or any regulatory (including any self-regulatory body) or governmental authority exercising examination or regulatory authority, to the extent practicable and permitted by law, inform the Borrower promptly in advance thereof, (iii) to the extent compelled by legal process in, or reasonably necessary to, the defense of such legal, judicial or administrative

proceeding, in any legal, judicial or administrative proceeding or otherwise as required by applicable Requirements of Law, up to regulation 107 which case such Person shall (A) except with respect to any audit or examination conducted by bank accountants or any regulatory (including any self-regulatory body) or governmental authority exercising examination or regulatory authority, to the extent practicable and permitted by law, inform the Borrower promptly in advance thereof and (B) use commercially reasonable efforts to ensure that any such information so disclosed is accorded confidential treatment), (iv) in connection with (x) the exercise of any remedy or the enforcement of any right under this Agreement or any other Loan Document in any litigation or arbitration action or proceeding relating thereto, to the extent such disclosure is reasonably necessary in connection with such litigation or arbitration action or proceeding (provided that the Borrower shall be given notice thereof and a reasonable opportunity to seek a protective court order with respect to such Information prior to such disclosure (it being understood that the refusal by a court to grant such a protective order shall not prevent the disclosure of such Information thereafter)) and (y) any foreclosure, sale or other disposition of any Collateral in connection with the exercise of remedies under the Collateral Documents, subject to each potential transferee of such Collateral having entered into customary confidentiality undertakings with respect to such Collateral prior to the disclosure thereof to such Person (which confidentiality obligations will cease to apply to any transferee upon the consummation of its acquisition of such Collateral), (v) subject to an acknowledgment and agreement by such recipient that such information is being disseminated on a confidential basis (on substantially the terms set forth in this paragraph or as is otherwise reasonably acceptable to Holdings), to any assignee of or participant in any of its rights or obligations under this Agreement, (vi) with the prior written consent of the Borrower, (vii) in connection with the Lender's (or its applicable Affiliate's) public filings to the extent required by applicable Requirements of Law or determined by the Lender in good faith to be required to comply with Requirements of Law and (viii) to the extent such Confidential Information (A) becomes publicly available other than as a result of a breach of this Section by such Person, its Affiliates or their respective Representatives or (B) becomes available to the Lender on a non-confidential basis other than as a result of a breach of this Section from a source other than a Loan Party that is not to such disclosing Person's knowledge, after reasonable investigation, subject to confidentiality, fiduciary or other legal obligations to Holdings, the Borrower, the Sponsor or any of their respective Affiliates. For the purposes of this Section, "**Confidential Information**" means all information relating to the Loan Parties and/or any of their subsidiaries and their respective businesses, the Sponsor or the Transactions (including any information obtained by the Lender or any of its Affiliates or Representatives, based on a review of the books and records relating to Holdings and/or any of its subsidiaries and their respective Affiliates from time to time, including prior to the date hereof).

SECTION 8.14. No Fiduciary Duty. The Lender and its Affiliates (collectively, solely for purposes of this paragraph, the "**Lenders**"), may have economic interests that conflict with those of the Loan Parties, their stockholders and/or their respective Affiliates. Each Loan Party agrees that nothing in the Loan Documents or otherwise will be deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty between the Lender, on the one hand, and any Loan Party, its respective stockholders or its respective Affiliates, on the other. The Loan Parties acknowledge and agree that: (i) the transactions contemplated by the Loan Documents (including the exercise of rights and remedies hereunder and thereunder) are arm's-length commercial transactions between the Lenders, on the one hand, and each Loan Party, on the other, and (ii) in connection therewith and with the process leading thereto, (x) the Lender has not assumed an advisory or fiduciary responsibility in favor of any Loan Party, its respective stockholders or its respective Affiliates with respect to the transactions contemplated hereby (or the exercise of rights or remedies with respect thereto) or the process leading thereto or any other obligation to any Loan Party except the obligations expressly set forth in the Loan Documents and (y) the Lender is acting solely as principal and not as the agent or fiduciary of such Loan Party, its respective management, stockholders, creditors or any

other Person. Each Loan Party acknowledges and agrees that such Loan Party has consulted its own legal and financial advisors to the extent it deemed appropriate and that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto. Each Loan Party agrees that it will not claim that the Lender (solely in its capacity as such) owes a fiduciary or similar duty to such Loan Party in connection with such transaction or the process leading thereto.

SECTION 8.15. USA PATRIOT Act. The Lender that is subject to the requirements of the USA PATRIOT Act hereby notifies the Loan Parties that pursuant to the requirements of the USA PATRIOT Act, it is required to obtain, verify and record information that identifies the Borrower and each Loan Guarantor, which information includes the name and address of each Loan Party and other information that will allow such Lender to identify the Loan Parties in accordance with the USA PATRIOT Act. This notice is given in accordance with the requirements of the USA PATRIOT Act and is effective as to the Lender.

SECTION 8.16. Conflicts. Notwithstanding anything to the contrary contained herein, (a) in the event of any conflict or inconsistency between this Agreement and any other Loan Document, the terms of this Agreement shall govern and control and (b) in the event of any conflict or inconsistency between any then in effect Acceptable Intercreditor Agreement and any Loan Document, the terms of such Acceptable Intercreditor Agreement (except as otherwise expressly set forth therein with respect to any other Acceptable Intercreditor Agreement) shall govern and control.

ARTICLE 9 LOAN GUARANTY

SECTION 9.01. Guaranty. Each Loan Guarantor hereby agrees that it is jointly and severally liable for, and, as primary obligor and not merely as surety, and absolutely and unconditionally and irrevocably guarantees to the Lender the full and prompt payment upon the failure of the Borrower to do so, when and as the same shall become due, whether at stated maturity, upon acceleration or otherwise, and at all times thereafter, of the Obligations; provided that it is understood and agreed that each Loan Guarantor also guarantees the Obligations of each other Loan Guarantor (all of the Obligations set forth in this sentence are collectively referred to as the “**Guaranteed Obligations**”). Each Loan Guarantor further agrees that the Guaranteed Obligations may be extended or renewed in whole or in part without notice to or further assent from it, and that it remains bound upon its guarantee notwithstanding any such extension or renewal. If any or all of the Guaranteed Obligations becomes due and payable hereunder, each Loan Guarantor, unconditionally and irrevocably, promises to pay such Guaranteed Obligations to the Lender, on demand, together with any and all expenses which may be incurred by the Lender in collecting any of the Guaranteed Obligations, to the extent reimbursable in accordance with Section 8.03. Each Loan Guarantor unconditionally and irrevocably guarantees the payment of any and all of the Guaranteed Obligations to the Lender whether or not due or payable by the Borrower upon the occurrence of any Event of Default specified in Sections 7.01(f) or 7.01(g), and in such event, irrevocably and unconditionally promises to pay such indebtedness to the Lender, on demand, in Dollars.

SECTION 9.02. Guaranty of Payment. This Loan Guaranty is a guaranty of payment and not of collection. Each Loan Guarantor waives any right to require the Lender to sue the Borrower, any other Loan Guarantor, any other guarantor, or any other Person obligated for all or any part of the Guaranteed Obligations (each, an “**Obligated Party**”), or otherwise to enforce its rights in respect of any Collateral securing all or any part of the Guaranteed Obligations. The Lender may immediately enforce this Loan Guaranty upon the occurrence and during the continuance of an Event of Default.

SECTION 9.03. No Discharge or Diminishment of Loan Guaranty.

(a) Except as otherwise provided for herein, the obligations of each Loan Guarantor hereunder are unconditional, irrevocable and absolute and not subject to any reduction, limitation, impairment or termination for any reason (other than as expressly set forth in Section 9.12), including: (i) any claim of waiver, release, extension, renewal, settlement, surrender, alteration, or compromise of any of the Guaranteed Obligations, by operation of law or otherwise; (ii) any change in the corporate existence, structure or ownership of the Borrower or any other guarantor or of other Person liable for any of the Guaranteed Obligations; (iii) any insolvency, bankruptcy, reorganization or other similar proceeding affecting any Obligated Party, or their assets or any resulting release or discharge of any obligation of any Obligated Party; (iv) the existence of any claim, setoff or other rights which any Loan Guarantor may have at any time against any Obligated Party, the Lender or any other Person, whether in connection herewith or in any unrelated transactions; (v) any direction as to application of payments by the Borrower or by any other party; (vi) any other continuing or other guaranty, undertaking or maximum liability of a guarantor or of any other party as to the Guaranteed Obligations; (vii) any payment on or in reduction of any such other guaranty or undertaking; (viii) any dissolution, termination or increase, decrease or change in personnel by the Borrower or (ix) any payment made to the Lender on the Guaranteed Obligations which the Lender repays to the Borrower pursuant to court order in any bankruptcy, reorganization, arrangement, moratorium or other debtor relief proceeding, and each Loan Guarantor waives any right to the deferral or modification of its obligations hereunder by reason of any such proceeding.

(b) Except for termination of a Loan Guarantor's obligations hereunder or as expressly permitted by Section 9.12, the obligations of each Loan Guarantor hereunder are not subject to any defense or setoff, counterclaim, recoupment, or termination whatsoever by reason of the invalidity, illegality, or unenforceability of any of the Guaranteed Obligations or otherwise, or any provision of applicable law or regulation purporting to prohibit payment by any Obligated Party, of the Guaranteed Obligations or any part thereof.

(c) Further, the obligations of any Loan Guarantor hereunder are not discharged or impaired or otherwise affected by: (i) the failure of the Lender to assert any claim or demand or to enforce any remedy with respect to all or any part of the Guaranteed Obligations; (ii) any waiver or modification of or supplement to any provision of any agreement relating to the Guaranteed Obligations; (iii) any release, non-perfection, or invalidity of any indirect or direct security for the obligations of the Borrower for all or any part of the Guaranteed Obligations or any obligations of any other guarantor or of other Person liable for any of the Guaranteed Obligations; (iv) any action or failure to act by the Lender with respect to any Collateral securing any part of the Guaranteed Obligations; or (v) any default, failure or delay, willful or otherwise, in the payment or performance of any of the Guaranteed Obligations, or any other circumstance, act, omission or delay that might in any manner or to any extent vary the risk of such Loan Guarantor or that would otherwise operate as a discharge of any Loan Guarantor as a matter of law or equity (other than as set forth in Section 9.12).

SECTION 9.04. Defenses Waived. To the fullest extent permitted by applicable Requirements of Law, and except for termination of a Loan Guarantor's obligations hereunder or as expressly permitted by Section 9.12, each Loan Guarantor hereby waives any defense based on or arising out of any defense of the Borrower or any other Loan Guarantor or arising out of the disability of the Borrower or any other Loan Guarantor or any other party or the unenforceability of all or any part of the Guaranteed Obligations or any part thereof from any cause, or the cessation from any cause of the liability of the Borrower or any other Loan Guarantor. Without limiting the generality of the foregoing, each Loan Guarantor irrevocably waives acceptance hereof, presentment, demand, protest

and, to the fullest extent permitted by Requirements of Law, any notice not provided for herein, including notices of nonperformance, notices of protest, notices of dishonor, notices of acceptance of this Loan Guaranty, and notices of the existence, creation or incurring of new or additional Guaranteed Obligations, as well as any requirement that at any time any action be taken by any Person against any Obligated Party, or any other Person, including any right (except as shall be required by applicable statute and cannot be waived) to require the Lender to (i) proceed against the Borrower, any other guarantor or any other party, (ii) proceed against or exhaust any security held from the Borrower, any other Loan Guarantor or any other party or (iii) pursue any other remedy in the Lender's power whatsoever. The Lender may, at its election, foreclose on any Collateral held by it by one or more judicial or nonjudicial sales, whether or not every aspect of any such sale is commercially reasonable (to the extent permitted by applicable Requirements of Law), accept an assignment of any such Collateral in lieu of foreclosure or otherwise act or fail to act with respect to any Collateral securing all or a part of the Guaranteed Obligations, and the Lender may, at its election, compromise or adjust any part of the Guaranteed Obligations, make any other accommodation with any Obligated Party or exercise any other right or remedy available to it against any Obligated Party, or any security, without affecting or impairing in any way the liability of such Loan Guarantor under this Loan Guaranty except as otherwise provided in Section 9.12. To the fullest extent permitted by applicable Requirements of Law, each Loan Guarantor waives any defense arising out of any such election even though that election may operate, pursuant to applicable Requirements of Law, to impair or extinguish any right of reimbursement or subrogation or other right or remedy of any Loan Guarantor against any Obligated Party or any security.

SECTION 9.05. Authorization. The Loan Guarantors authorize the Lender without notice or demand (except as shall be required by applicable statute and cannot be waived), and without affecting or impairing its liability hereunder (except as set forth in Section 9.12), from time to time to:

(a) change the manner, place or terms of payment of, and/or change or extend the time of payment of, renew, increase, accelerate or alter, any of the Guaranteed Obligations (including any increase or decrease in the principal amount thereof or the rate of interest or fees thereon), any security therefor, or any liability incurred directly or indirectly in respect thereof, and this Loan Guaranty shall apply to the Guaranteed Obligations as so changed, extended, renewed or altered;

(b) take and hold security for the payment of the Guaranteed Obligations and sell, exchange, release, impair, surrender, realize upon or otherwise deal with in any manner and in any order any property by whomsoever at any time pledged or mortgaged to secure, or howsoever securing, the Guaranteed Obligations or any liabilities (including any of those hereunder) incurred directly or indirectly in respect thereof or hereof, and/or any offset there against;

(c) exercise or refrain from exercising any rights against any of the Borrower, any other Loan Party or others or otherwise act or refrain from acting;

(d) release or substitute any one or more endorsers, guarantors, the Borrower, other Loan Parties or other obligors;

(e) settle or compromise any of the Guaranteed Obligations, any security therefor or any liability (including any of those hereunder) incurred directly or indirectly in respect thereof or hereof, and may subordinate the payment of all or any part thereof to the payment of any liability (whether due or not) of the Borrower to their creditors other than the Lender;

(f) apply any sums by whomsoever paid or howsoever realized to any liability or liabilities of the Borrower to the Lender, regardless of what liability or liabilities of the Borrower remains unpaid;

(g) consent to or waive any breach of, or any act, omission or default under, this Agreement, any other Loan Document or any of the instruments or agreements referred to herein or therein, or otherwise amend, modify or supplement this Agreement, any other Loan Document, or any of such other instruments or agreements; and/or

(h) take any other action which would, under otherwise applicable principles of common law, give rise to a legal or equitable discharge of the Loan Guarantors from their respective liabilities under this Loan Guaranty.

SECTION 9.06. Rights of Subrogation. No Loan Guarantor will assert any right, claim or cause of action, including a claim of subrogation, contribution or indemnification that it has against any Loan Party in respect of this Loan Guaranty until the occurrence of the Termination Date.

SECTION 9.07. Reinstatement; Stay of Acceleration. If at any time any payment of any portion of the Guaranteed Obligations is rescinded or must otherwise be restored or returned upon the insolvency, bankruptcy, or reorganization of the Borrower or otherwise, each Loan Guarantor's obligations under this Loan Guaranty with respect to that payment shall be reinstated at such time as though the payment had not been made. If acceleration of the time for payment of any of the Guaranteed Obligations is stayed upon the insolvency, bankruptcy or reorganization of the Borrower, all such amounts otherwise subject to acceleration under the terms of any agreement relating to the Guaranteed Obligations shall nonetheless be payable by the other Loan Guarantors forthwith on demand by the Lender.

SECTION 9.08. Information. Each Loan Guarantor assumes all responsibility for being and keeping itself informed of the Borrower's financial condition and assets, and of all other circumstances bearing upon the risk of nonpayment of the Guaranteed Obligations and the nature, scope and extent of the risks that each Loan Guarantor assumes and incurs under this Loan Guaranty, and agrees that the Lender shall not have any duty to advise any Loan Guarantor of information known to it regarding those circumstances or risks.

SECTION 9.09. Maximum Liability. It is the desire and intent of the Loan Guarantors and the Lender that this Loan Guaranty shall be enforced against the Loan Guarantors to the fullest extent permissible under the laws and public policies applied in each jurisdiction in which enforcement is sought. The provisions of this Loan Guaranty are severable, and in any action or proceeding involving any state or provincial or territorial corporate law, or any state, province, territory, Federal or foreign bankruptcy, insolvency, reorganization or other law affecting the rights of creditors generally, if the obligations of any Loan Guarantor under this Loan Guaranty would otherwise be held or determined to be avoidable, invalid or unenforceable on account of the amount of such Loan Guarantor's liability under this Loan Guaranty, then, notwithstanding any other provision of this Loan Guaranty to the contrary, the amount of such liability shall, without any further action by the Loan Guarantors or the Lender, be automatically limited and reduced to the highest amount that is valid and enforceable as determined in such action or proceeding (such highest amount determined hereunder being the relevant Loan Guarantor's "**Maximum Liability**"). Each Loan Guarantor agrees that the Guaranteed Obligations may at any time and from time to time exceed the Maximum Liability of each Loan Guarantor without impairing this Loan Guaranty or affecting the rights and remedies of the Lender hereunder; provided that nothing in this sentence shall be construed to increase any Loan Guarantor's obligations hereunder beyond its Maximum Liability. Notwithstanding anything to the contrary

herein, American Water Resources of Florida, LLC, a Delaware limited liability company, and Pivotal Home Solutions, LLC, a Delaware limited liability company, shall at all times comply with applicable minimum net asset requirements pursuant to Chapter 634, Florida Statutes, and such assets required to satisfy applicable minimum net asset requirements shall be regarded in the same manner as Excluded Assets and may in no event be applied towards the satisfaction of American Water Resources of Florida LLC's and Pivotal Home Solutions LLC's obligations hereunder.

SECTION 9.10. Contribution. In the event any Loan Guarantor (a "**Paying Guarantor**") shall make any payment or payments under this Loan Guaranty or shall suffer any loss as a result of any realization upon any Collateral granted by it to secure its obligations under this Loan Guaranty, each other Loan Guarantor (each a "**Non-Paying Guarantor**") shall contribute to such Paying Guarantor an amount equal to such Non-Paying Guarantor's "Guarantor Percentage" of such payment or payments made, or losses suffered, by such Paying Guarantor. For purposes of this Article 9, each Non-Paying Guarantor's "**Guarantor Percentage**" with respect to any such payment or loss by a Paying Guarantor shall be determined as of the date on which such payment or loss was made by reference to the ratio of (a) such Non-Paying Guarantor's Maximum Liability as of such date (without giving effect to any right to receive, or obligation to make, any contribution hereunder) or, if such Non-Paying Guarantor's Maximum Liability has not been determined, the aggregate amount of all monies received by such Non-Paying Guarantor from the Borrower after the Closing Date (whether by loan, capital infusion or by other means) to (b) the aggregate Maximum Liability of all Loan Guarantors hereunder (including such Paying Guarantor) as of such date (without giving effect to any right to receive, or obligation to make, any contribution hereunder), or to the extent that a Maximum Liability has not been determined for any Loan Guarantor, the aggregate amount of all monies received by such Loan Guarantors from the Borrower after the Closing Date (whether by loan, capital infusion or by other means). Nothing in this provision shall affect any Loan Guarantor's several liability for the entire amount of the Guaranteed Obligations (up to such Loan Guarantor's Maximum Liability). Each of the Loan Guarantors covenants and agrees that its right to receive any contribution under this Loan Guaranty from a Non-Paying Guarantor shall be subordinate and junior in right of payment to the Obligations until the Termination Date. This provision is for the benefit of the Lender and may be enforced by the Lender in accordance with the terms hereof.

SECTION 9.11. Liability Cumulative. The liability of each Loan Guarantor under this Article 9 is in addition to and shall be cumulative with all liabilities of such Loan Guarantor to the Lender under this Agreement and the other Loan Documents to which such Loan Guarantor is a party or in respect of any obligations or liabilities of the other Loan Guarantors, without any limitation as to amount, unless the instrument or agreement evidencing or creating such other liability specifically provides to the contrary.

SECTION 9.12. Release of Loan Guarantors. Upon the consummation of any transaction or related series of transactions expressly permitted hereunder (as certified in writing by the Borrower to the Lender at least two Business Days prior to the consummation of such transactions) if as a result thereof such Subsidiary Guarantor shall cease to be a Subsidiary (or becomes an Excluded Subsidiary), the applicable Subsidiary Guarantor shall be automatically released from its obligations hereunder and its Loan Guaranty (provided that no Subsidiary Guarantor which becomes an Excluded Subsidiary solely as a result of ceasing to be a Wholly-Owned Subsidiary after the Closing Date, shall be released from its obligations hereunder and its Loan Guaranty if there is no bona fide business purpose for the transaction pursuant to which such Subsidiary Guarantor becomes an Excluded Subsidiary which would result in such release. In connection with any such release, the Lender shall promptly execute and deliver to any Loan Guarantor, at such Loan Guarantor's expense, all documents that such Loan Guarantor shall reasonably request to evidence termination or release. Any execution and delivery of

documents pursuant to the preceding sentence of this Section 9.12 shall be without recourse to or warranty by the Lender (other than as to the Lender's authority to execute and deliver such documents).

REVENUE SHARE AGREEMENT

This REVENUE SHARE AGREEMENT (this "Agreement") is made as of December 9, 2021, and is entered into by and among American Water Works Company, Inc., a Delaware corporation ("American Water"), American Water Resources, LLC, a Virginia limited liability company ("American Water Resources"), Pivotal Home Solutions, LLC, a Delaware limited liability company ("Pivotal"), American Water Resources Holdings, LLC, a Delaware limited liability company ("American Water Holdings") and together with American Water Resources and Pivotal, the "Companies". American Water and each of the Companies may be individually referred to herein as a "Party" or collectively as the "Parties".

WHEREAS, American Water Enterprises, LLC, a Delaware limited liability company, American Water (USA), LLC, a Delaware limited liability company, the Companies and Lakehouse Buyer Inc., a Delaware corporation (the "Purchaser") are parties to that certain Membership Interest Purchase Agreement (the "Purchase Agreement"), dated as of October 28, 2021, concerning the sale of all of the issued and outstanding membership interests of the Companies, subject to the satisfaction of certain closing conditions set forth therein;

WHEREAS, in connection with the transactions contemplated by the Purchase Agreement, American Water and the Purchaser have agreed that the Companies shall pay, or cause to be paid to, American Water, the Revenue Share Amount (as defined below) on the terms and subject to the conditions set forth in this Agreement;

WHEREAS, this Agreement is the "Revenue Share Agreement" referenced in the Purchase Agreement; and

WHEREAS, each capitalized term used but not otherwise defined herein shall have the meaning ascribed to it in the Purchase Agreement.

NOW, THEREFORE, in consideration of the mutual promises and agreements set forth herein, the Parties agree as follows:

ARTICLE I PAYMENT OF REVENUE SHARE

1.1 Definitions.

(a) "Applicable Period" means (a) for the first Applicable Period, the period beginning on the date hereof and ending on March 31, 2022 and (b) for each subsequent Applicable Period, each 90-day period after the last day of the first Applicable Period.

(b) "Collected Revenue" means, during any Applicable Period, the aggregate amount of revenues received by the Companies or any of their respective Affiliates (collectively, the "Providers") pursuant to any on-bill billing arrangements existing as of the date hereof or entered into after the date hereof (each such on-bill arrangement, together with the other terms and conditions contained in the agreement, setting forth such arrangement, a "Billing Arrangement" and, collectively, the "Billing Arrangements") between any of the Providers and any affiliate of American Water that owns and operates regulated water and wastewater utilities (the "AWK Subsidiaries"). For the purposes of clarity, "Collected Revenue" shall be calculated without taking into account (a) any fees or other amounts payable by any Providers to the AWK Subsidiaries pursuant to the terms of any of the Billing Arrangements, (b) any amounts paid by customers of any of the AWK Subsidiaries for any Taxes, (c) any revenues refunded to customers of the Providers, (d) any late fees, penalties or interest, and (e) with respect to the first Applicable Period, any revenues received with respect to any period prior to the date hereof.

(c) "Revenue Share Amount" means an amount equal to ten percent (10%) of Collected Revenue for the Billing Arrangements existing as of the date hereof, and fifteen (15%) of the Collected Revenue for any future Billing Arrangement entered into after the date hereof that reflects substantially similar terms to the Billing Arrangements entered into as of the date hereof.

1.2 Revenue Share Amount.

(a) Promptly following the end of each Applicable Period, American Water will deliver to the Companies a reasonably detailed statement (a "Revenue Share Statement") of the Collected Revenue for such Applicable Period and the calculation of the resulting Revenue Share Amount. The Companies may deliver a written notice to American Water no later than ten (10) business days following receipt of a Revenue Share Statement stating whether the Companies have any good faith objections to the information or calculations contained in such Revenue Share Statement, describing in reasonable detail any objections thereto. Failure to give a timely objection notice (or written notification from the Companies that the Companies have no objection to a Revenue Share Statement) will constitute acceptance and approval of the calculation of the Revenue Share Amount set forth therein and such calculation will be final and binding upon the Parties.

(b) If the Companies notify American Water of any objection to the Revenue Share Statement within the time period set forth in Section 1.2, American Water and the Companies will attempt in good faith to reach an agreement as to the matter in dispute. If such parties have failed to resolve any such disputed item within fifteen (15) days after receipt of timely notice of such objection, then the Parties will follow the procedures set forth in Sections 2.4(c) and (d) of the Purchase Agreement to resolve such disagreement.

(c) Once finally determined in accordance with the foregoing, the Companies, as applicable, will pay, the Revenue Share Amount to American Water within ten (10) Business Days after the Revenue Share Amount becomes final and binding.

(d) Following the date hereof, the Companies shall not take any actions with the primary intent of avoiding or reducing the amount of the Revenue Share Amount otherwise payable to American Water hereunder.

1.3 Ranking; Absolute Obligation. Payment of the Revenue Share Amount will at all times be pari passu with all other senior Indebtedness obligations of the Companies or any of their respective Affiliates; provided, however, that any such Indebtedness shall in all circumstances permit the payment of the Revenue Share Amount pursuant to this Agreement. The obligations of the Companies to make payments of the Revenue Share Amount will be irrevocable and absolute and will not be subject to netting, set-off or reduction against, or be otherwise affected by, any actual or alleged claim by the Companies pursuant to, or any actual or alleged breach by American Water or any of its Affiliates of, or any actual or alleged invalidity or other defect of, any of (i) the Purchase Agreement, (ii) any ancillary agreements related thereto or (iii) any other agreement or arrangement.

1.4 Regulatory Restrictions. In the event any governmental or regulatory body with jurisdiction over any of the AWK Subsidiaries determines, pursuant to any law, statute, order, consent, decree, directive, regulation, statement of policy, ruling or requirement, that the receipt of the Revenue Share Amount by American Water is not permitted (in whole or in part), then the Companies shall cooperate with American Water in good faith to restructure the payment of the Revenue Share Amount such that American Water may continue to receive the economic benefit of this Agreement.

1.5 Effect of Subsequent Transactions. If the Companies or any of their respective successors or assigns proposes to (i) consolidate with or merge into any other Person and such Company will not be the continuing or surviving entity in such consolidation or merger or (ii) transfer all or substantially all of its properties and assets to any Person, then, in each case, proper provision will be made prior to or concurrently with the consummation of such transaction so that the successors and assigns of any Company will satisfy the obligations set forth in this Article I.

1.6 Competitive Businesses. Unless required by Law, American Water will not, and will cause the Post-Closing Seller Group not to, directly or indirectly, or as or as a stockholder, partner, member, manager, or other owner or participant in any Person, (i) engage in or assist any other Person to engage in the business of providing Warranty Services (as defined in the Billing Arrangements entered into on the date hereof) (collectively, the "Purchaser Business") or (ii) solicit, endeavor to entice away from or otherwise encourage to leave the Purchaser Business, endeavor to reduce the business conducted with the Purchaser Business, or otherwise interfere with the business relationship of the Companies or the Subsidiaries with, any Person who is at the time of such solicitation, endeavor or other interference a customer or client of, supplier, vendor or service provider to, the Purchaser Business (in each case, other than in accordance with the agreements governing any Billing Arrangements).

ARTICLE II TERMINATION

2.1 Term; Termination.

(a) The term of this Agreement (the "Term") shall commence on the date of this Agreement and shall expire on the earliest to occur of (i) the termination of this Agreement pursuant to Section 2.1(b) or (c), or (ii) the termination or expiration of the last Billing Arrangement, not including any runoff period under any such Billing Arrangement. For the avoidance of doubt, with respect to each Billing Arrangement, in no event shall the Companies be required to pay American Water for any Revenue Share Amount with respect to such Billing Arrangement accruing after the termination of such Billing Arrangement or with respect to any off-bill runoff period following any such termination.

(b) If the Companies fail to make a payment to American Water when due, then, subject to a fifteen (15) day cure period following receipt of written notice of such failure and provided that such payment is not subject to a good faith dispute by the Companies, American Water may terminate this Agreement effective immediately, by providing written notice of termination to the Companies.

2.2 Survival upon Expiration or Termination. The provisions of this ARTICLE II, ARTICLE III (Notices and Demands) and ARTICLE IV (Miscellaneous) shall survive the termination or expiration of this Agreement unless otherwise agreed to in writing by the Parties; provided, that, the provisions of ARTICLE I (Payment of Revenue Share) shall survive such termination and the Companies shall remain liable to the Sellers for all amounts payable thereunder in respect of the Revenue Share Amount for the portion of any Applicable Period ending prior to the effective date of such termination.

**ARTICLE III
NOTICES AND DEMANDS**

Each such notice, request or communication shall be effective (x) if mailed, three (3) calendar days after mailing at the address specified in this Section 3.1 (or in accordance with the latest unrevoked written direction from such Party), (y) if delivered by hand or by internationally recognized courier service, when delivered at the address specified in this Section 3.1 (or in accordance with the latest unrevoked written direction from the receiving Party) and (z) if given by electronic mail, such notice will be deemed delivered only if the Party giving the notice obtains a confirmation of receipt, which the Party receiving the notice shall be affirmatively obligated to provide (or allow to be provided, in the case of “read receipts” and other automated receipt notification processes); provided that notices received on a day that is not a Business Day or after 5:00 p.m. Eastern Time on a Business Day will be deemed to be effective on the next Business Day.

3.2 Change of Address. The address to which such notices, demands, requests, elections or other communications are to be given by a Party may be changed by written notice given by such Party to the other Parties pursuant to this Section 3.2.

**ARTICLE IV
MISCELLANEOUS**

4.1 Severability. The provisions of this Agreement shall be deemed severable and the invalidity or unenforceability of any provision shall not affect the validity or enforceability of the other provisions hereof if any provision of this Agreement, or the application thereof to any person or any circumstance, is found to be invalid or unenforceable in any jurisdiction, (a) a suitable and equitable provision shall be substituted therefor in order to carry out, so far as may be valid or enforceable, such provision and (b) the remainder of this Agreement and the application of such provision to other persons or circumstances shall not be affected by such invalidity or unenforceability, nor shall such invalidity or unenforceability affect the validity or enforceability of such provision, or the application thereof, in any other jurisdiction.

4.2 Third Party Beneficiaries. Nothing expressed or implied in this Agreement confers, or is intended to confer, on any person or entity other than the Parties hereto any rights or remedies whatsoever (including, without limitation, any rights to employment or benefits for any period) under or by reason of this Agreement. The Parties hereby expressly agree that this Agreement does not, and shall not be construed to, alter or amend in any way the rights and obligations of such Parties' affiliates pursuant to the Purchase Agreement.

4.3 Waiver of Jury Trial. EACH OF THE PARTIES KNOWINGLY, VOLUNTARILY AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR THE ACTIONS OF ANY PARTY TO THIS AGREEMENT IN NEGOTIATION, ADMINISTRATION, PERFORMANCE OR ENFORCEMENT OF THIS AGREEMENT.

4.4 Governing Law. This Agreement shall be governed by and construed in accordance with the Laws of the State of Delaware without giving effect to any conflict or choice of law provision that would result in the application of another state's Laws.

4.5 Executed in Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original and all of which shall, taken together, be considered one and the same agreement. Any facsimile or electronically transmitted copies hereof or signature hereon shall, for all purposes, be deemed originals.

4.6 Construction. The headings and numbering of articles, sections and paragraphs in this Agreement are for convenience only and shall not be construed to define or limit any of the terms or affect the scope, meaning, or interpretation of this Agreement or the particular Article or Section to which they relate. This Agreement and the provisions contained herein shall not be construed or interpreted for or against any Party because that Party drafted or caused its legal representative to draft any of its provisions.

4.7 Entire Agreement. This Agreement, including all attachments, constitutes the entire Agreement between the Parties with respect to the payment of the Revenue Share Amount, and supersedes all prior oral or written agreements, representations, statements, negotiations, understandings, proposals and undertakings, with respect to the Revenue Share Amount.

4.8 Amendments and Waivers. This Agreement may not be amended, supplemented or modified except by an instrument in writing signed on behalf of the Parties. Any term or condition of this Agreement may be waived at any time by the Party that is entitled to the benefit thereof, but no such waiver shall be effective, unless set forth in a written instrument duly executed by or on behalf of the Party waiving such term or condition. No waiver by any Party of any term or condition of this Agreement, in any one or more instances, shall be deemed to be or construed as a waiver of the same or any other term or condition of this Agreement on any future occasion.

4.9 Assignment: Successors and Assigns. No Party may assign this Agreement or any of its rights or obligations hereunder, in whole or in part, without the prior written consent of the other Party; provided that the Companies may assign this Agreement or any of its rights and obligations hereunder to any such affiliate or in a sale of all or substantially all of the business of the Companies. Subject to the foregoing, this Agreement will be binding upon, and inure to the benefit of, the Parties and their respective successors and permitted assigns. Notwithstanding the foregoing, in connection with the assignment (whether by the sale of equity or assets, merger or otherwise) of a Billing Arrangement by a Provider, the obligations contained herein with respect to such Billing Arrangement shall be transferred to the transferee of such Billing Arrangement and the assumption of such obligations in writing shall be a condition of any such transfer.

Press Release

American Water Announces Completion of Sale of Homeowner Services Group to Funds Advised by Apax Partners

CAMDEN, N.J., December 9, 2021 – American Water Works Company, Inc. (NYSE: AWK), the largest publicly traded U.S. water and wastewater utility company, today announced the close of the sale of its Homeowner Services Group to funds advised by Apax Partners LLP (“Apax”). The sale agreement was announced on October 29, 2021, with the deal valued at approximately \$1.275 billion, plus an applicable working capital adjustment.

Under the agreement, American Water received at closing, as part of the purchase price, \$485 million in cash, inclusive of \$5 million for a working capital adjustment, and a \$720 million secured Seller Note bearing a 7% annual interest rate with a five-year term. In addition, the transaction includes a delayed payment to American Water of \$75 million if certain milestones are met by December 31, 2023. The structure of the transaction enables initial cash proceeds to be redeployed into the regulated water and wastewater business to fund near-term incremental capital investments, while interest on the Seller Note will provide a stream of earnings over the term of the note. Upon maturity, the proceeds from the repayment of the Seller Note are expected to be used to fund a continually growing capital investment in the regulated business.

American Water was exclusively advised by BofA Securities, Schulte Roth & Zabel LLP and Shearman & Sterling LLP.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this press release are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements relate to our business and the proposed transactions described in this press release, including, but not limited to, the accounting, financial and other impacts of such transactions; and the ability to achieve the Company's regulatory and other strategies, benefits, plans and goals related to such transactions, including with respect to the repayment of the Seller Note and the redeployment of the net proceeds from such transactions, and involve various risks and uncertainties. These statements are based on the current expectations of management of American Water. There are a number of risks and uncertainties that could cause actual results to differ materially from these forward-looking statements, including without limitation with respect to (1) the amount of net proceeds to be received from the transactions due to, among other things, post-closing adjustments to the purchase price and other withholdings as provided in the purchase agreement and the ability to receive contingent consideration and payments under the Seller Note and the revenue share agreement; (2) regulatory, legislative, local or municipal actions affecting the Homeowner Services Group and the water and wastewater industries; and (3) other economic, business and other factors.

For further information regarding risks and uncertainties associated with American Water's business, please refer to American Water's annual, quarterly and periodic SEC filings, including American Water's Current Report on Form 8-K filed with the SEC to report this transaction. Forward-looking statements are not guarantees or assurances of future performance or results, and, except as may be required by applicable law, American Water does not undertake any duty to update any forward-looking statement. The foregoing factors should not be construed as exhaustive.

Press Release

American Water Board of Directors Appoints Susan Hardwick as Interim CEO due to hospitalization of Walter Lynch

CAMDEN, N.J., Dec. 8, 2021 – American Water (NYSE: AWK), the largest publicly-traded U.S. water and wastewater utility company, announced today its Board of Directors appointed Susan Hardwick, American Water’s executive vice president and CFO as Interim CEO. The announcement occurred as Walter Lynch, president and CEO of American Water has been hospitalized and is now recovering from an injury. This action, part of our business continuity plan, permits Walter to focus on his full recovery and allows the business to operate without interruption during this time.

“Our primary concern is the well-being of Walter as he focuses on his health,” said Karl Kurz, chairman of American Water’s Board of Directors. “The company has executed its business continuity plan and I, along with the Board, have full confidence in Susan Hardwick and American Water’s management team as the company continues to provide essential services to its customers across the U.S.”

“Planning for these types of situations is why a company like American Water has a business continuity plan and is prepared to execute that plan. This action will permit Walter to focus on his full recovery and allow the business to operate without interruption during that time,” added Kurz.

The company will communicate updates as appropriate.

California Public Utilities Commission Issues Final Decision in General Rate Case

As previously reported, in 2019, the California subsidiary of American Water Works Company, Inc. (the “Company”) filed a general rate case with the California Public Utilities Commission (the “CPUC”) requesting \$27 million in annualized incremental water and wastewater revenues for 2021, and increases of \$10 million in both the escalation year of 2022 and the attrition year of 2023, respectively. In January and February 2021, the Company’s California subsidiary filed comprehensive settlements in the general rate case resolving substantially all disputed matters among the parties to the settlements.

On November 18, 2021, the CPUC unanimously approved a final decision adopting the comprehensive general rate case settlements. Pursuant to this final decision, which is retroactive to January 1, 2021, the Company’s California subsidiary has been authorized annualized incremental water and wastewater revenues of \$17.9 million for 2021, and increases of \$7.7 million for each of 2022 and 2023. The final decision also authorizes the Company’s California subsidiary to make \$165 million in new infrastructure investments for water and wastewater service for 2021 and 2022. The new rates will be implemented in the first quarter of 2022.

A copy of the press release issued by the Company’s California subsidiary on November 18, 2021 has been filed as Exhibit 99.1 hereto and is incorporated herein by reference.

Press Release

California Public Utilities Commission Issues Order Approving Settlement Reached in California American Water's General Rate Case

SAN DIEGO (November 18, 2021) – The California Public Utilities Commission (CPUC) issued a final decision in California American Water's General Rate Case at its meeting on November 18, 2021. The final decision adopts the comprehensive settlement California American Water reached with the CPUC's Public Advocates Office, as well as two additional settlements reached with intervenors.

Under the CPUC's final decision, which is retroactive to January 1, 2021, California American Water will be authorized additional annualized water and wastewater revenues of \$17.9 million for test year 2021, \$7.7 million for escalation year 2022 and \$7.7 million for attrition year 2023.

The decision also authorizes \$165 million in new infrastructure investment for forecasted test years 2021-2022 to maintain high-quality water and wastewater service. These investments, which include upgrades to distribution systems, treatment facilities, storage tanks and pump stations, are necessary to maintain and improve water quality, reliability, fire protection and customer service for the communities served by California American Water.

"This decision strikes the right balance to see that customers benefit from investments in water treatment and distribution while maintaining our commitment to affordability and customer assistance for those in need," said California American Water President Kevin Tilden. "We want to continue to provide customers excellent value for their water service and maintain our systems to provide high-quality water service."

Rate cases are proceedings used to address the capital investment needed for infrastructure, the costs of operating and maintaining the utility system and the allocation of those costs among customer classes. Large, regulated water utilities like California American Water are required by law to file a General Rate Case every three years with the CPUC to set revenues and rates.

Press Release

With this approval of the CPUC's decision, California American Water will prepare to implement the new rates in early 2022. Customers should expect to receive more information ahead of the implementation of new rates in each of California American Water's water and wastewater service areas, as well as information about customer assistance and conservation programs.

About California American Water: California American Water, a subsidiary of American Water (NYSE: AWK), provides high-quality and reliable water and wastewater services to more than 880,000 California residents. AMERICAN WATER REPORTS THIRD QUARTER 2021 RESULTS AND AFFIRMS 2021 GUIDANCE RANGE ANNOUNCES 2022 GUIDANCE, LONG-TERM GROWTH TARGETS, AND CAPITAL INVESTMENT PLANS

- **Third quarter 2021 diluted earnings of \$1.53 per share, compared to \$1.46 per share in 2020; Year-to-date 2021 diluted earnings of \$3.40 per share, compared to \$3.11 per share in 2020**
 - **Quarter and year-to-date results reflect an estimated unfavorable impact of \$0.07 per share and \$0.04 per share, respectively, from cooler and wetter weather in 2021 compared to 2020; on a weather normalized basis, results increased 10% and 11% for the quarter and year-to-date periods, respectively**
- **2021 diluted earnings per share (EPS) guidance range of \$4.18 to \$4.28 per share affirmed. This guidance range excludes any estimated impact from a closing of the announced sale of Homeowner Services business (HOS) in 2021**
- **2022 diluted EPS guidance range of \$4.39 to \$4.49 established, reflective of continued growth of the Regulated Businesses and announced sale of HOS**
- **Long Term EPS compound annual growth rate (CAGR) established at a narrowed range of 7 to 9% for the 2022-2026 period**
- **Increased regulated investment over the next 10 years by \$6.0 billion to a range of \$28-32 billion, reflective of redeployment of Homeowner Services sale proceeds**

CAMDEN, N.J., November 2, 2021 - American Water Works Company, Inc. (NYSE: AWK) today reported results for the quarter ended September 30, 2021, of \$1.53 per share, compared to \$1.46 per share in 2020. The Company today also established 2022 diluted earnings per share guidance, and announced its long-term EPS growth target, and capital investment plans.

“We continue to deliver solid results with third quarter 2021 earnings in line with our expectations. These results demonstrate that we continue to grow our business through the consistent execution of our strategies,” said Walter Lynch, president and CEO of American Water. “Building on our year-over-year success, we have further strengthened our regulated business and will now deliver even higher quality earnings,” added Lynch. “With our recently announced sale of our Homeowner Services business, we can accelerate on our commitment to build and maintain reliable and resilient water and wastewater infrastructure, continue to put our customers first, and deliver water and wastewater solutions where we create the most value for customers and communities.

Additionally, 100% of our earnings going forward will come from our regulated and regulated-like businesses, providing long term, stable and steady growth.”

Sale of Homeowner Services Group

American Water announced on October 29, 2021, that it has agreed to sell its Homeowner Services Group to funds advised by Apax Partners LLP (“Apax”) in a deal valued at approximately \$1.275 billion. Upon closing of the transaction, American Water will receive \$480 million in cash and a \$720 million secured Seller’s Note bearing a 7% annual interest rate with a five-year term. In addition, the transaction includes a delayed payment to American Water of \$75 million if certain milestones are met by December 31, 2023. The structure of the transaction enables initial cash proceeds to be redeployed into the regulated water and wastewater business to fund near-term incremental capital investments, while interest on the Seller’s Note will provide a stream of earnings over the life of the note. Upon maturity, the proceeds from the repayment of the Seller’s Note are expected to be used to fund a continually growing capital investment in the regulated business. American Water will also enter into a revenue sharing agreement that provides for American Water to receive a percentage of revenue generated from previous on-bill billing arrangements with American Water customers. This agreement will also provide an ongoing income stream as Apax continues these relationships. American Water anticipates closing the transaction in the fourth quarter of 2021, subject to the satisfaction or waiver of customary closing conditions, including the expiration or termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976.

Financial Targets Established for 2022-2026

- 2022 earnings guidance range of **\$4.39 to \$4.49** per share
- Long-term EPS CAGR narrowed to a range of **7-9% for the 2022-2026 period**
- 2022-2026 investment plan of **\$13-\$14 billion** and expected **\$28-\$32 billion** for the 10-year period of 2022-2031
- Rate base growth expectation of **8-9%, increased** from 7-8%
- Long-term dividend growth expectation **affirmed** at the high end of a 7-10% range
- Long-term plan includes **\$1.275 billion** in expected gross proceeds (\$1.0 billion estimated after tax) from the Homeowner Services sale transaction fully redeployed into the regulated capital investment plan and **\$1.1 billion of public equity issuances** to support growth
- 2026 O&M efficiency target of **30.0%**

Consolidated Results

For the three months ended September 30, 2021, earnings per share were \$1.53, an increase of \$0.07 compared to the same period in 2020. This increase was primarily driven by continued growth in the Regulated Businesses from infrastructure investment, acquisitions and organic growth, partially offset by an estimated \$0.07 per share impact from weather that was cooler and wetter in the third quarter 2021 compared to the same period in 2020. On a weather normalized basis, third quarter diluted earnings for 2021 and 2020 were \$1.54 and \$1.40 per share, respectively, an increase of 10%.

For the nine months ended September 30, 2021, earnings per share were \$3.40, an increase of \$0.29 compared to the same period in 2020. This increase was primarily driven by a \$0.34 increase in the Regulated Businesses as earnings growth from infrastructure investment, acquisitions and organic growth, was partially offset by an estimated \$0.04 per share impact from cooler and wetter weather in 2021 compared to the same period in 2020. On a weather normalized basis, diluted earnings for 2021 and 2020 year-to-date were \$3.38 and \$3.05 per share, respectively, an increase of nearly 11%. The consolidated results were also partially offset by lower results from the Homeowner Services Group due to an increase in claims expense in the first half of 2021.

For the first nine months of 2021, the Company made capital investments of approximately \$1.3 billion, including \$1.2 billion primarily for infrastructure improvements in the Regulated Businesses and \$78 million for regulated acquisitions. The Company plans to invest approximately \$1.9 billion across its footprint in 2021.

Regulated Businesses

In the third quarter of 2021, the Regulated Businesses' net income was \$273 million, compared to \$261 million for the same period in 2020. Regulated revenue decreased approximately \$1 million as increases from additional authorized revenues from infrastructure investments, acquisitions and organic growth were offset by lower demand due to weather compared to the prior year. Excluding revenue reductions for the amortization of excess accumulated deferred income tax ("EADIT") of \$24 million, which is offset with a like amount as lower tax expense, revenue increased \$23 million. Results also reflect higher O&M expenses of \$3 million to support growth in the Regulated Businesses and increased depreciation of \$13 million, mainly related to infrastructure investment growth.

For the first nine months of 2021, the Regulated Businesses net income was \$623 million, compared to \$561 million for the same period in 2020. Regulated revenue increased approximately \$88 million from additional authorized revenues from infrastructure investments, acquisitions and organic growth, partially offset by lower demand due to weather. Excluding agreed to revenue reductions for the amortization of EADIT of \$68 million, which is offset with a like amount as lower tax expense, revenue increased \$156 million. Results also reflect higher O&M expenses of \$51 million to support growth in the Regulated Businesses and increased depreciation of \$32 million, mainly related to infrastructure investment growth.

To date, the Company has been authorized additional annualized revenues, excluding agreed to reductions for EADIT, of approximately \$120 million from general rate cases, with \$100 million effective in 2021 and \$20 million effective in 2022. In addition, approximately \$53 million of additional annualized revenues from infrastructure surcharges have been authorized and are effective in 2021. The Company has general rate cases in progress in three jurisdictions and filed for infrastructure surcharges in two jurisdictions, reflecting a total annualized revenue request of approximately \$77 million.

For the 12-month period ended September 30, 2021, the Company's adjusted regulated O&M efficiency ratio (a non-GAAP financial measure) was 33.9%, a decrease from 34.2% for the 12-month period ended September 30, 2020. The improvement in this ratio reflects the continued focus on operating costs, as well as an increase in operating revenues for the Regulated Businesses after considering the adjustment for the amortization of the EADIT shown below.

Market-Based Businesses

In the third quarter of 2021, net income for the Market-Based Businesses was \$23 million, unchanged from the same period in 2020.

For the first nine months of 2021, net income in the Market-Based Businesses was \$59 million, compared to \$68 million for the same period in 2020. The decrease was largely the result of increased claims costs in 2021 for the Homeowner Services business from extreme cold weather across the country during the first quarter of 2021, primarily in Texas and Illinois.

Dividends

On October 28, 2021, the Company's Board of Directors declared a quarterly cash dividend payment of \$0.6025 per share, payable on December 1, 2021, to shareholders of record as of November 10, 2021.

2021 Earnings Guidance

The Company affirms its 2021 earnings per share guidance range of \$4.18 to \$4.28. This guidance range assumes normal weather for the remainder of the year and does not reflect any estimated impact from the sale of HOS, which is expected to close in the fourth quarter of 2021. The Company's earnings forecasts are subject to numerous risks and uncertainties, including, without limitation, those described under "Forward-Looking Statements" below and under "Risk Factors" in its annual, quarterly and current reports filed with the Securities and Exchange Commission ("SEC").

Non-GAAP Financial Measures

This press release includes a presentation of adjusted regulated O&M efficiency ratio, a “non-GAAP financial measure” under SEC rules, which excludes from its calculation estimated purchased water revenues and purchased water expenses, reductions for the amortization of EADIT, and the allocable portion of non-O&M support services costs, mainly depreciation and general taxes. These items were excluded from the O&M efficiency ratio calculation as they do not reflect management’s ability to increase the efficiency of the Regulated Businesses. This item is derived from American Water’s consolidated financial information but is not presented in its financial statements prepared in accordance with GAAP. This non-GAAP financial measure supplements and should be read in conjunction with the Company’s GAAP disclosures and should be considered as an addition to, and not a substitute for, any GAAP measure.

Management evaluates its operating performance using this ratio and believes that this non-GAAP financial measure is useful to the Company’s investors because it directly measures improvement in the operating performance and efficiency of the Company’s Regulated Businesses. The Company’s adjusted regulated O&M efficiency ratio (i) is not an accounting measure that is based on GAAP; (ii) is not based on a standard, objective industry definition or method of calculation; (iii) may not be comparable to other companies’ operating measures; and (iv) should not be used in place of the GAAP information provided elsewhere in this press release.

Set forth in this release is a table that calculates the Company’s adjusted regulated O&M efficiency ratio and reconciles each of the components used to calculate this ratio to the most directly comparable GAAP financial measure. Management is unable to present a reconciliation of adjustments to the components of the forward-looking regulated O&M efficiency ratio without unreasonable effort because management cannot reliably predict the nature, amount or probable significance of all of the adjustments for future periods; however, these adjustments may, individually or in the aggregate, cause the non-GAAP financial measure component of the forward-looking ratio to differ significantly from the most directly comparable GAAP financial measure.

Virtual Investor Day

American Water will host a virtual Investor Day on Wednesday, November 3, 2021, at 9:00 a.m. Eastern Daylight Time. The event will feature presentations by Walter Lynch, President and Chief Executive Officer; Susan Hardwick, Executive Vice President and Chief Financial Officer; and Cheryl Norton, Executive Vice President and Chief Operating Officer. The company will review the results for the third quarter of 2021 and will discuss its vision and strategy for the future, updated long-term financial plan, and the recently announced agreement to sell its Homeowner Services Group. The company will also discuss an increased capital investment program to provide reliable and sustainable water and wastewater services and its ongoing effort to enhance customer experience.

Interested parties may access the video webcast through a link on the Company’s Investor Relations website at ir.amwater.com. Presentation slides that will be used in conjunction with the event will also be made available online on the Company’s Investor Relations. The Company recognizes its Investor Relations website as a key channel of distribution to reach public investors and as a means of disclosing material non-public information to comply with its obligations under SEC Regulation FD.

Following the event, an archive of the webcast will be available for one year on American Water’s investor relations website at ir.amwater.com/events.

The company’s earnings guidance, capital spending, dividend growth, rate base growth and O&M efficiency forecasts are subject to numerous risks and uncertainties, including, without limitation, those described under “Cautionary Statement Concerning Forward-Looking Statements” below and under “Risk Factors” in its annual and quarterly reports filed with the Securities and Exchange Commission (SEC).

About American Water

Throughout this press release, unless the context otherwise requires, references to the “Company” and “American Water” mean American Water Works Company, Inc. and all of its subsidiaries, taken together as a whole.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this press release including, without limitation, 2021 and 2022 earnings guidance, future capital needs, earnings, rate base and dividend growth projections, the ability to complete the proposed sale of the Homeowner Services Group on a timely basis or at all (including without limitation the ability to obtain required antitrust approval and satisfy closing and other conditions, covenants and deliveries related to the proposed transaction), the accounting, financial and other impacts of the proposed transaction, the ability to achieve the Company’s goals related to the proposed transaction, including with respect to the repayment of the Seller’s note and the redeployment of net proceeds from the proposed transaction, the outcome of pending acquisition activity, the amount and allocation of projected capital expenditures; the Company’s long-term O&M efficiency ratio target, the impacts to the Company of the COVID-19 pandemic health event, and estimated revenues from rate cases and other government agency authorizations, are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and the Federal securities laws. In some cases, these forward-looking statements can be identified by words with prospective meanings such as “intend,” “plan,” “estimate,” “believe,” “anticipate,” “expect,” “predict,” “project,” “propose,” “assume,” “forecast,” “outlook,” “future,” “pending,” “goal,” “objective,” “potential,” “continue,” “seek to,” “may,” “can,” “will,” “should” and “could” and or the negative of such terms or other variations or similar expressions. These forward-looking statements are predictions based on American Water’s current expectations and assumptions regarding future events. They are not guarantees or assurances of any outcomes, financial results of levels of activity, performance or achievements, and readers are cautioned not to place undue reliance upon them. The forward-looking statements are subject to a number of estimates and assumptions, and known and unknown risks, uncertainties and other factors. Actual results may differ materially from those discussed in the forward-looking statements included in this press release as a result of the factors discussed in the Company’s Annual Report on Form 10-K for the year ended December 31, 2020, and subsequent filings with the SEC, and because of factors such as: the ability to obtain required consents and regulatory and other approvals required to complete, and satisfying other conditions to the closing of, the proposed transaction, including the expiration or termination of the early waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976; the amount of proceeds to be received from the proposed sale, due to, among other things, closing and post-closing adjustments to the purchase price as provided in the purchase agreement; unexpected costs, liabilities or delays associated with the contemplated transaction; the decisions of governmental and regulatory bodies, including decisions to raise or lower customer rates and regulatory responses to the COVID-19 pandemic; the timeliness and outcome of regulatory commissions’ and other authorities’ actions concerning rates, capital structure, authorized return on equity, capital investment, system acquisitions and dispositions, taxes, permitting, water supply and management, and other decisions; changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts, impacts of the COVID-19 pandemic, or otherwise; a loss of one or more large industrial or commercial customers due to adverse economic conditions, the COVID-19 pandemic, or other factors; limitations on the availability of the Company’s water supplies or sources of water, or restrictions on its use thereof, resulting from allocation rights, governmental or regulatory requirements and restrictions, drought, overuse or other factors; changes in laws, governmental regulations and policies, including with respect to the environment, health and safety, consumer and data privacy, water quality and water quality accountability, contaminants of emerging concern, public utility and tax regulations and policies, and impacts resulting from U.S., state and local elections and changes in federal, state and local executive administrations; weather conditions and events, climate variability patterns, and natural disasters, including drought or abnormally high rainfall, prolonged and abnormal ice or freezing conditions, strong winds, coastal and intercoastal flooding, pandemics (including COVID-19) and epidemics, earthquakes, landslides, hurricanes, tornadoes, wildfires, electrical storms, sinkholes and solar flares; the outcome of litigation and similar governmental and regulatory proceedings, investigations

or actions; the risks associated with the Company's aging infrastructure, and its ability to appropriately improve the resiliency of, or maintain, or replace, current or future infrastructure and systems, including its technology and other assets, and manage the expansion of its businesses; exposure or infiltration of the Company's technology and critical infrastructure systems, including the disclosure of sensitive, personal or confidential information contained therein, through physical or cyber attacks or other means; the Company's ability to obtain permits and other approvals for projects and construction of various water and wastewater facilities; changes in the Company's capital requirements; the Company's ability to control operating expenses and to achieve operating efficiencies; the intentional or unintentional actions of a third party, including contamination of the Company's water supplies or the water provided to its customers; the Company's ability to obtain adequate and cost-effective supplies of equipment (including personal protective equipment), chemicals, electricity, fuel, water and other raw materials; the Company's ability to successfully meet growth projections for the Regulated Businesses and the Market-Based Businesses, either individually or in the aggregate, and capitalize on growth opportunities, including, among other things, with respect to acquiring, closing and successfully integrating regulated operations and market-based businesses, entering into contracts and other agreements with, or otherwise obtaining, new customers or partnerships in the Market-Based Businesses, and realizing anticipated benefits and synergies from new acquisitions; risks and uncertainties associated with contracting with the U.S. government, including ongoing compliance with applicable government procurement and security regulations; cost overruns relating to improvements in or the expansion of the Company's operations; the Company's ability to successfully develop and implement new technologies and to protect related intellectual property; the Company's ability to maintain safe work sites; the Company's exposure to liabilities related to environmental laws and similar matters resulting from, among other things, water and wastewater service provided to customers; changes in general economic, political, business and financial market conditions, including without limitation conditions and collateral consequences associated with the COVID-19 pandemic health event; access to sufficient debt and/or equity capital on satisfactory terms and when and as needed to support operations and capital expenditures; fluctuations in interest rates; the ability to comply with affirmative or negative covenants in the current or future indebtedness of the Company or any of its subsidiaries, or the issuance of new or modified credit ratings or outlooks or other communications by credit rating agencies with respect to the Company or any of its subsidiaries (or any current or future indebtedness thereof), which could increase financing costs or funding requirements and affect the Company's or its subsidiaries' ability to issue, repay or redeem debt, pay dividends or make distributions; fluctuations in the value of benefit plan assets and liabilities that could increase the Company's cost and funding requirements; changes in federal or state general, income and other tax laws, including (i) future significant tax legislation; (ii) further rules, regulations, interpretations and guidance by the U.S. Department of the Treasury and state or local taxing authorities related to the enactment of the Tax Cuts and Jobs Act of 2017; (iii) the availability of, or the Company's compliance with, the terms of applicable tax credits and tax abatement programs; and (iv) the Company's ability to utilize its U.S. federal and state income tax net operating loss carryforwards; migration of customers into or out of the Company's service territories; the use by municipalities of the power of eminent domain or other authority to condemn the systems of one or more of the Company's utility subsidiaries, or the assertion by private landowners of similar rights against such utility subsidiaries; any difficulty or inability to obtain insurance for the Company, its inability to obtain insurance at acceptable rates and on acceptable terms and conditions, or its inability to obtain reimbursement under existing or future insurance programs and coverages for any losses sustained; the incurrence of impairment charges related to the Company's goodwill or other assets; labor actions, including work stoppages and strikes; the Company's ability to retain and attract qualified employees; civil disturbances or unrest, or terrorist threats or acts, or public apprehension about future disturbances, unrest, or terrorist threats or acts; and the impact of new, and changes to existing, accounting standards.

These forward-looking statements are qualified by, and should be read together with, the risks and uncertainties set forth above and the risk factors included in American Water's annual, quarterly and other SEC filings, and readers should refer to such risks, uncertainties and risk factors in evaluating such forward-looking statements. Any forward-looking statements American Water makes speak only as of the date of this press release. American Water does not have or undertake any obligation or intention to update or revise any forward-looking statement, whether as a result of new information, future events, changed circumstances or otherwise, except as otherwise required by the federal securities laws. New factors emerge from time to time, and it is not possible for the Company to predict all such factors. Furthermore, it may not be possible to assess the impact of any such factor on the Company's businesses, either viewed independently or together, or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. The foregoing factors should not be construed as exhaustive.

Resiliency Investments to Manage
Climate Variability

- Approximately **51,000** community water systems, **16,000** wastewater systems
- Nationwide, there is an estimated **250,000 to 300,000** water main breaks per year; equivalent to a water main break every two minutes
- Over **2.1 trillion gallons** of treated water is lost each year
- Since 2017, replacement rates for wastewater collection pipes have essentially **stagnated**
- **900 billion gallons** of untreated wastewater discharged into our waterways each year

Value of American Water's Resiliency Investments Demonstrated During Hurricane Ida

- The river outside our Raritan-Millstone Plant in New Jersey crested at record height of 44.87', three feet below the top of the recently heightened flood wall
- Flood doors at our Norristown Water Treatment Plant in Pennsylvania withstood 5' of floodwater
- Recently reinforced Scranton, PA dam withstood heavy rains
- Maryland received 8" of rain, raising the turbidity of the typical water supply; our operations switched to alternate water source
- In New York, emergency sump pumps & post-Hurricane Sandy upgrades handled floodwaters

Managing Customer Affordability with a Disciplined Focus on Operating Costs

* Non-GAAP Measure – O&M Efficiency Ratio = Adjusted Regulated O&M Expenses (O&M Expenses is most comparable GAAP measure) / Adjusted Regulated Operating Revenues (Operating Revenues is most comparable GAAP measure). This calculation assumes purchased water revenues approximate purchased water expenses.
 ** A reconciliation to a most comparable forward-looking GAAP measure is not available without unreasonable effort.
 *** Figure is estimated based on data from the US Census Bureau American Community Survey based on zip codes served by American Water. American Water does not collect household income data from its customers.

Forward-Looking Statements

Statements made, referred to or relied upon in this presentation, including, without limitation, with respect to earnings per share guidance, dividend growth guidance, the timing and outcome of pending or future regulatory activity, our future financial performance, liquidity and cash flows; our ability to finance our current operations, capital expenditures and growth initiatives by accessing the debt and equity capital markets; the impacts to us attributable to the COVID-19 pandemic health event; the amount and allocation of future capital investments and expenditures; estimated revenues, regulatory recovery and other decisions in general rate cases and other proceedings; estimates regarding our projected rate base, growth, results of operations and financial condition; our projected regulated adjusted operation and maintenance efficiency ratio; growth and portfolio optimization strategies, including with respect to the announced sale of our New York subsidiary and the Homeowner Services Group and the amount of proceeds or gain or loss to be recognized therefrom; our ability to complete the proposed sale of the Homeowner Services Group on a timely basis or at all, and the accounting, financial and other impacts of the proposed transaction; the ability to achieve our strategies and goals related to the transaction, including the repayment of the Seller note receivable and the redeployment of the net proceeds therefrom; trends in the industries in which we operate, including macro trends with respect to our efforts related to customer, technology and work execution; the outcome and impact on us of governmental and regulatory investigations and proceedings and related potential fines, penalties and other sanctions; our ability to execute our business and operational strategy, and regulatory, legislative, tax policy or legal developments; are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and the Federal securities laws. In some cases, these forward-looking statements can be identified by words with prospective meanings such as "intend," "plan," "estimate," "believe," "anticipate," "expect," "predict," "project," "propose," "assume," "forecast," "likely," "uncertain," "outlook," "future," "pending," "goal," "objective," "potential," "continue," "seek to," "may," "can," "will," "should" and "could" or the negative of such terms or other variations or similar expressions. These forward-looking statements are predictions based on our current expectations and assumptions regarding future events. They are not guarantees or assurances of any outcome, financial results, levels of activity, performance or achievements, and readers are cautioned not to place undue reliance upon them. The forward-looking statements are subject to a number of estimates and assumptions, known and unknown risks, uncertainties and other factors. Actual results may vary materially from those discussed in the forward-looking statements included in this presentation as a result of the factors discussed in our Annual Report on Form 10-K for the year ended December 31, 2020, as filed with the SEC on February 24, 2021, and subsequent filings with the SEC, and because of factors including, without limitation: the ability to obtain required consents and regulatory and other approvals required to complete, and satisfying other conditions to the closing of, the proposed transaction; the amount of proceeds to be received from the proposed sale, due to, among other things, closing and post-closing adjustments to the purchase price as provided in the purchase agreement; the post-closing operating and financial results of the Homeowner Services business; unexpected costs, liabilities or delays associated with the contemplated transaction; the decisions of governmental and regulatory bodies and the timeliness and outcome of regulatory commissions' and other authorities' actions; changes in customer demand for, and patterns of use of, water; limitations on the availability of our water supplies or sources of water, or restrictions on its use thereof; a loss of one or more large industrial or commercial customers; changes in laws, governmental regulations and policies; impacts resulting from U.S., state and local elections and changes in executive administrations; weather conditions and events, climate variability patterns, and natural disasters, including drought or abnormally high rainfall, prolonged and abnormal ice or freezing conditions, strong winds, coastal and intercoastal flooding, pandemics (including COVID-19) and epidemics, earthquakes, landslides, hurricanes, tornadoes, wildfires, electrical storms, sinkholes and solar flares; the outcome of litigation and similar governmental and regulatory proceedings, investigations or actions; risks associated with our aging infrastructure and our ability to appropriately improve the resiliency of, or maintain and replace, current or future infrastructure, systems and assets; exposure or infiltration of our technology and critical infrastructure systems through physical or cyber attacks or other means; our ability to obtain permits and other approvals for projects and construction of various water and wastewater facilities; changes in our capital requirements; our ability to control operating expenses and to achieve efficiencies in our operations; the intentional or unintentional actions of a third party, including contamination of our water supplies or the water provided to our customers; our ability to obtain adequate and cost-effective supplies of equipment, chemicals, electricity, fuel, water and other raw materials; our ability to successfully meet growth projections for our businesses and capitalize on growth opportunities; our ability to acquire, close and successfully integrate regulated operations and market-based businesses, enter into contracts and other agreements with, or otherwise obtain, new customers in our market-based businesses, and realize anticipated benefits and synergies from new acquisitions; risks and uncertainties associated with contracting with the U.S. government; cost overruns relating to our operations; our ability to successfully develop and implement new technologies; our ability to maintain safe work sites; our exposure to liabilities related to environmental laws and similar matters; changes in general economic, political, business and financial market conditions, including with respect to the COVID-19 pandemic; access to sufficient debt and/or equity capital on satisfactory terms and when and as needed to support operations and capital expenditures; fluctuations in interest rates; our ability to comply with negative and affirmative covenants in our current or future indebtedness; the issuance of new or modified credit ratings or outlooks or other communications by credit rating agencies on us or on our current or future debt; our ability to issue, repay or redeem debt, pay dividends or make distributions; fluctuations in the value of benefit plan assets and liabilities; changes in federal or state general, income and other tax laws, including future significant tax legislation, the availability of or our compliance with the terms of applicable tax credits and tax abatement programs, and our ability to utilize our U.S. federal and state income tax net operating loss carryforwards; the use by municipalities of the power of eminent domain or other authority or the assertion of similar rights by private landowners; any difficulty or inability for us to obtain insurance; the incurrence of impairment charges related to goodwill or other assets; labor actions; our ability to attract and retain qualified employees; civil disturbances or unrest, or terrorist threats or acts; and other factors as may be set forth in the Company's SEC filings.

These and other forward-looking statements are qualified by, and should be read together with, the risks and uncertainties set forth above and the risk factors and cautionary statements included in our annual, quarterly and other SEC filings, and readers should refer to such risks, uncertainties, risk factors and statements in evaluating such forward-looking statements. Any forward-looking statements American Water makes speak only as of the date this presentation was first used or given. We do not have and do not undertake any obligation or intention to update or revise any forward-looking statement, whether as a result of new information, future events, changed circumstances or otherwise, except as otherwise required by the Federal securities laws. New factors emerge from time to time, and it is not possible for the Company to predict all such factors. Furthermore, it may not be possible to assess the impact of any such factor on our businesses, either viewed independently or together, or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. The foregoing factors should not be construed as exhaustive.

Non-GAAP Financial Information

This presentation includes adjusted regulated O&M efficiency ratios, both historical and forward-looking, which exclude from their calculation (i) estimated purchased water and other revenues and purchased water expenses, (ii) the impact of the Freedom industries chemical spill in 2014 and certain related settlement activities recognized in 2016 and 2018, (iii) the estimated impact in 2012 and 2014 of weather, (iv) as to operating revenues, the amortization of excess accumulated deferred income taxes, and (v) the allocable portion of non-O&M support services costs, mainly depreciation and general taxes. Also, an alternative presentation of these ratios has been provided for each of 2010, 2012, 2014 and 2016, which includes a pro forma adjustment for the impact of the Tax Cuts and Jobs Act of 2017, and includes for 2012, 2014 and 2016 the impact of our implementation of Accounting Standards Update 2017-07, Compensation – Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Post-retirement Benefit, on January 1, 2018. These items were excluded from the O&M efficiency ratio calculation as they are not reflective of management's ability to increase the efficiency of its Regulated Businesses. For that reason, these adjusted regulated O&M efficiency ratios constitute "non-GAAP financial measures" under SEC rules. We evaluate our operating performance using these ratios and believe that the presentation of them is useful to investors because the ratios directly measure improvement in the operating performance and efficiency of our regulated businesses. These ratios are derived from our consolidated financial information but are not presented in our consolidated financial statements prepared in accordance with GAAP. These non-GAAP financial measures supplement and should be read in conjunction with our GAAP disclosures and should be considered as an addition to, and not a substitute for, any GAAP measure. These ratios (i) are not accounting measures based on GAAP; (ii) are not based on a standard, objective industry definition or method of calculation; (iii) may not be comparable to other companies' operating measures; and (iv) should not be used in place of the GAAP information provided elsewhere in this presentation. Management is unable to present a reconciliation of adjustments to the components of the forward-looking adjusted regulated O&M efficiency ratio without unreasonable effort because management cannot reliably predict the nature, amount or probable significance of all the adjustments for future periods; however, these adjustments may, individually or in the aggregate, cause each of the non-GAAP financial measure components of the forward-looking ratios to differ significantly from the most directly comparable GAAP financial measure.

Set forth in this appendix are tables that reconcile each of the components of our historical adjusted regulated O&M efficiency ratios to its most directly comparable GAAP financial measure.

All references throughout this presentation to EPS or earnings per share refer to diluted EPS attributable to common shareholders.

Item 1.01. Entry into a Material Definitive Agreement.

Membership Interest Purchase Agreement for the Sale of Homeowner Services Group

On October 28, 2021, American Water Enterprises, LLC (“AWE”) and American Water (USA), LLC, direct and indirect wholly owned subsidiaries of American Water Works Company, Inc. (the “Company”), as sellers (collectively, the “Sellers”), American Water Resources, LLC (“AWR”), Pivotal Home Solutions, LLC (“Pivotal”), and American Water Resources Holdings, LLC, indirect wholly owned subsidiaries of the Company that, collectively and through wholly owned subsidiaries, own and operate the Company’s Homeowner Services Group (each, an “HOS Company” and, collectively, the “HOS Companies”), and, for specified limited purposes, the Company, entered into a Membership Interest Purchase Agreement (the “Purchase Agreement”) with Lakehouse Buyer Inc., an indirect, wholly owned subsidiary of funds advised by Apax Partners LLP (the “Buyer”), pursuant to which, among other things, the Sellers will sell, and the Buyer will purchase, 100% of the equity interests in the HOS Companies for aggregate estimated consideration of approximately \$1.275 billion (the “Transaction”), as described in greater detail in the following paragraph (an estimated \$1.0 billion net of tax). The HOS Companies provide warranty protection programs and other home services and have nearly 3 million customer contracts in 43 states and the District of Columbia. Apax Partners is a global private equity advisory firm.

The aggregate estimated pre-tax consideration described above to be paid by the Buyer to the Sellers under the Purchase Agreement in the Transaction is comprised of the following: (i) \$480 million in cash payable by the Buyer to the Sellers upon closing of the Transaction (the “Closing”), subject to adjustments as set forth in the Purchase Agreement to be made at the Closing (the “Cash Payment”), including estimated Closing and final post-Closing adjustments with respect to the amount of the HOS Companies’ cash on hand, net working capital, indebtedness and transaction expenses, each as of the date of the Closing, and required withholdings by the Buyer for taxes; and (ii) a five-year secured seller promissory note, in the original principal amount of \$720 million (the “Loan”), to be issued by the Buyer at the Closing and payable to AWE as provided by the terms and conditions of a Secured Seller Note Agreement (such promissory note and agreement, collectively, the “Seller Note”) to be executed at the Closing in substantially the form attached to the Purchase Agreement and as described in greater detail under “Secured Seller Note Agreement” included in response to Item 8.01 below. The Purchase Agreement also provides for a contingent cash payment of \$75 million by the Buyer to the Sellers, due and payable within 45 days after the satisfaction of certain conditions (as set forth in the Purchase Agreement) by December 31, 2023. The structure of the Transaction enables the initial cash proceeds to be redeployed in the Company’s regulated water and wastewater businesses to fund near-term incremental capital investments, while interest on the Seller Note will provide a stream of earnings during its term.

The Purchase Agreement contains customary representations, warranties and covenants by the parties, including, among others, covenants by the Sellers (i) regarding the operation of the Homeowner Services Group in the ordinary course of business during the period between the execution of the Purchase Agreement and the Closing; (ii) to use commercially reasonable efforts to maintain and preserve intact the current organization, rights, businesses, goodwill, relationships and franchises of and used by the HOS Companies; and (iii) not to, and to cause the HOS Companies and their affiliates not to, directly or indirectly, solicit, encourage or enter into any negotiation, discussion or contract with any other person with respect to a disposition or sale of the HOS Companies.

The consummation of the Transaction is subject to certain customary closing conditions, including, among others, (a) the expiration or termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the “HSR Act”); (b) the absence of any law, order, injunction or award restraining, enjoining or otherwise prohibiting the consummation of the Transaction; (c) the accuracy of each party’s representations and warranties contained in the Purchase Agreement (subject to certain materiality and/or “material adverse effect” qualifiers); and (d) each party’s performance and observance, in all material respects, of their respective covenants and agreements under the Purchase Agreement.

The Purchase Agreement includes certain termination rights for the Sellers and/or the Buyer, including if the Transaction is not consummated by December 27, 2021 (the “Closing End Date”). The Closing End Date is subject to extension by Sellers or the Buyer for up to an additional nine months if conditions related to (i) the existence of laws and orders restraining, prohibiting or otherwise enjoining the consummation of the Transaction or (ii) the expiration or termination of the applicable waiting period under the HSR Act, are the only remaining conditions that have not been satisfied and so long as the notifying

party has been diligently pursuing the satisfaction of such remaining conditions. If the Purchase Agreement is terminated, no party will have any liability arising out of the Purchase Agreement to any of the other parties, except for liability or damages resulting from fraud (as defined in the Purchase Agreement) or a willful breach of a party's representations, warranties, covenants or agreements in the Purchase Agreement prior to termination. In the event of the Buyer's breach of the Purchase Agreement, the Purchase Agreement provides that the Buyer's liability to the Sellers shall not exceed the Cash Payment. In addition, a representations and warranties insurance policy to be provided at the Closing shall be the sole and exclusive remedy of the Buyer for any breach of any representation or warranty or pre-Closing covenant or agreement by the Sellers or the HOS Companies, except in the case of fraud and certain limited matters (other than breaches of representations and warranties under the Purchase Agreement) arising out of the separation of the Homeowner Services Group from the Sellers' business. In the case any such loss arises or results from fraud, the Buyer must first exhaust the retention under such insurance policy, and then seek recovery under and exhaust completely the coverage under such insurance policy, before seeking any recovery from the Sellers.

The foregoing summary of the terms and conditions of the Purchase Agreement is qualified in its entirety by reference to the full text thereof, a copy of which is attached as Exhibit 2.1 to this Current Report on Form 8-K.

Certain relationships between the Company or its affiliates, on the one hand, and the other parties to the Purchase Agreement, on the other hand, that may be entered into at or in connection with the Closing of the Transaction are described in response to Item 8.01 hereto and are incorporated by reference herein.

Item 7.01. Regulation FD Disclosure.

On October 29, 2021, the Company issued a press release to announce that the Company, the Sellers and the HOS Companies entered into the Purchase Agreement referenced in Item 1.01 above. The Company also announced that it will hold a virtual Investor Day on Wednesday, November 3, 2021, at 9:00 a.m., Eastern Daylight Time. Topics to be discussed at this Investor Day include the Transaction, the Company's results for the third quarter of 2021, the Company's earnings guidance for 2021 and 2022, the Company's long-term earnings and dividend growth plans, and its financing and capital investment plans. Information on how to access the virtual Investor Day presentation will be provided on the Company's investor relations website, *ir.amwater.com*. A copy of this press release has been included as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference in response to this Item 7.01.

The information furnished in response to this Item 7.01, including Exhibit 99.1, shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), nor shall it be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

Item 8.01. Other Events.

Certain of the parties to the Purchase Agreement described above (or their respective affiliates) have entered into, or agreed at the Closing to enter into, certain additional agreements. A brief summary of the terms of certain of these agreements is provided below.

Secured Seller Note Agreement

Pursuant to the Purchase Agreement, the Buyer and certain of its affiliates (individually or collectively, the "Borrower") and AWE, as lender and a Seller under the Purchase Agreement (the "Lender"), are required, at Closing, to enter into the Secured Seller Note Agreement, in substantially the form attached to the Purchase Agreement. Pursuant to the Seller Note, the Borrower will be required to issue at the Closing a secured promissory note to repay or prepay to the Lender in cash all obligations under the Loan, including, without limitation, the outstanding aggregate principal and all accrued and unpaid interest thereon (including any applicable premium, interest, fees and other obligations). The Seller Note will bear interest at a rate of 7.00% per year until maturity, payable in cash semi-annually in arrears or upon the occurrence of any repayment or prepayment of the Loan. The Seller Note will mature, and all amounts and obligations due, payable and owing under the Seller Note shall be repaid in cash, on the fifth anniversary of the date of the Closing. Upon maturity, proceeds from the repayment of the Seller Note are expected to be used to fund capital investments in the Company's regulated businesses.

Beginning on the 36th month anniversary of the Closing date, the Lender may require the Borrower to repay 100% of the outstanding principal amount of the Loan in full in cash, together with all accrued and unpaid interest and other obligations under the Seller Note (the "Lender Put Right"), without any premium or penalty ("at par"), except that, in the event of a disruption event in the broadly syndicated term loan "B" debt financing market, the Borrower will not be required to make any repayment pursuant to the Lender Put Right until the termination of such market disruption event. The Borrower will not be permitted to prepay the Loan prior to the earlier of (i) the date the Lender elects to exercise the Lender Put Right or (ii) the fourth anniversary of the date of the Closing (the "Non-Call Provision"). If the Borrower breaches the Non-Call Provision, an event of default will occur under the Seller Note and the Company may, among other remedies, demand repayment from Borrower of the Loan in full together with an applicable premium ranging from 105.5% to 107.5% of the aggregate outstanding principal amount of the Loan, together with a customary "make-whole" amount and accrued and unpaid interest and any other obligations owed. An optional prepayment by the Borrower that complies with the Non-Call Provision may be made at par. The Lender also may, in its sole discretion from time to time, require the Borrower to prepay the Loan at par in the event of certain circumstances, including permitted sales of the Borrower's assets, the receipt of insurance proceeds due to a loss casualty or condemnation event incurred by the Borrower or the receipt of proceeds from an unpermitted incurrence of indebtedness by the Borrower.

The Seller Note will require that the payment obligations of the Buyer under the Seller Note be secured by a first priority security interest in certain assets of the Borrower and the HOS Companies, including their cash and securities accounts, as well as a pledge of the equity interests in each of the HOS Companies, subject to certain exceptions, including for permitted liens and permitted future indebtedness of the Borrower that may be secured by such assets on a senior basis (as to repayment) or on a *pari passu* basis (as to lien priority) with the security interests provided for under the Seller Note.

The Seller Note will require the Borrower to comply with certain affirmative and negative covenants until all principal of and interest on the Loan and all other obligations under the Seller Note have been paid in full in cash, but will not include any financial maintenance covenants. These covenants include, among others: (i) periodic financial, budgeting and compliance reporting of the Borrower; notices of default and litigation; and requirements as to the post-Closing operation of the HOS Companies' business; and (ii) negative covenants related to (subject, in each case, to various conditions, limitations and exceptions): the incurrence of additional indebtedness by the Borrower that exceeds certain pro forma leverage ratios set forth in the Seller Note; the creation or existence of liens on the Borrower's properties or assets; restrictive agreements prohibiting the Lender's liens under the Seller Note and the making of dividends or distributions with respect to the Borrower's capital stock; the making of restricted payments; the making of certain investments; fundamental changes and dispositions of the Borrower's assets; sale and leaseback transactions; transactions with the Borrower's affiliates; changes in organizational documents; and amendments of junior indebtedness.

The Seller Note will provide that an event of default under the Seller Note will occur upon, among other things: a breach by the Borrower of its obligations under the Seller Note, including a breach of the Non-Call Provision or a failure to make any payments when due; a default on the Borrower's other indebtedness exceeding a specified threshold; a breach of certain of the Borrower's covenants, and its representations and warranties in any material respect, under the Seller Note; certain bankruptcy or similar events with respect to the Borrower; the filing of final money judgments in excess of a threshold amount that remain unpaid for 60 days or more; certain material employee benefit plan events; a change of control involving the Borrower; and a repudiation by the Borrower of any loan document, security agreement or guarantee related to the Seller Note.

Revenue Share Agreement

The Company, the Sellers, the HOS Companies and the Buyer will enter into, at Closing, a Revenue Share Agreement (the "Revenue Share Agreement"), pursuant to which the Company will receive 10% of the revenue generated by the business of the applicable HOS Company after the Closing from customers who are currently billed for home warranty services through an applicable Company subsidiary (an "on-bill" arrangement), and 15% of the revenue generated from any future on-bill arrangements entered into after the Closing. Unless earlier terminated, the Revenue Share Agreement has a term of up to 15 years, which may be renewed for up to two five-year periods.

Common Interest and Cooperation Agreement

The Company, AWR and the Buyer will enter into, at Closing, a Common Interest and Cooperation Agreement (the “Cooperation Agreement”), in order to facilitate a common defense for, and to share information concerning, the previously reported federal grand jury investigation being conducted by the U.S. Attorney’s Office for the Eastern District of New York involving AWR’s operations and its contractor network in the New York City metropolitan area, and any legal or regulatory inquiries or proceedings related to or resulting from such investigation or the subject matter in the grand jury subpoena issued to AWR on April 2, 2021 in connection with such investigation relating to AWR’s business and operations in the State of New York (collectively, the “Covered Matters”). Under the terms of the Cooperation Agreement, the Company will, on behalf of AWR, defend any Covered Matter, using commercially reasonable efforts to resolve it on a reasonably expedient basis, and consult with the Buyer on such Covered Matter. Further, the Company will be required to obtain the prior written consent of the Buyer (which consent may not be unreasonably withheld, conditioned or delayed) before entering into any resolution of any Covered Matter that imposes non-monetary provisions or undertakings or any other terms for which there will be no indemnification under the Cooperation Agreement. In addition, for a period of 39 months after the date of the Closing, the Company will indemnify the Buyer for any monetary losses or out-of-pocket damages (as described in the Cooperation Agreement) incurred by the Buyer or certain of the HOS Companies to the extent directly arising in connection with, or directly resulting from, any Covered Matter.

Item 9.01. Financial Statements and Exhibits.

(d) Exhibits.

The following exhibits to this Current Report have been filed herewith (except as noted below):

Exhibit No.	Description
2.1*	Membership Interest Purchase Agreement, dated as of October 28, 2021, by and among the Buyer, each of the Sellers, each of the HOS Companies, and for the limited purposes set forth therein, the Company.

* Filed herewith. Certain schedules and exhibits to this agreement have been omitted pursuant to Item 601(a)(5) of Regulation S-K. The Company will furnish the omitted schedules and exhibits to the U.S. Securities and Exchange Commission (the “SEC”) upon request.

** Furnished herewith.

The Purchase Agreement filed as Exhibit 2.1 herewith has been included to provide investors and security holders with information regarding its terms. It is not intended to provide any other factual information about the Company or the Buyer, or any of their respective subsidiaries or affiliates. The representations, warranties and covenants contained in the Purchase Agreement (i) were made by the parties thereto only for purposes of that agreement and as of specific dates; (ii) were made solely for the benefit of the parties to the Purchase Agreement; (iii) may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures exchanged between the parties in connection with the execution of the Purchase Agreement (such disclosures include information that has been included in public disclosures, as well as additional non-public information); (iv) may have been made for the purposes of allocating contractual risk between the parties to the Purchase Agreement instead of establishing these matters as facts; and (v) may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors.

Investors should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of the Company or the Buyer, or any of their respective subsidiaries or affiliates. Additionally, the representations, warranties, covenants, conditions and other terms of the Purchase Agreement may be subject to subsequent waiver or modification. Moreover, information concerning the subject matter of the representations, warranties and covenants may change after the date of the Purchase Agreement, which subsequent information may or may not be fully reflected in the Company’s public disclosures. The Purchase Agreement should not be read alone, but should instead be read in conjunction with the other information regarding the Company that is or will be contained in, or incorporated by reference into, the reports and other documents that are filed by the Company with the SEC.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements included in this Current Report on Form 8-K are forward-looking statements within the meaning of Section 27A of the Securities Act, Section 21E of the Exchange Act, and the Private Securities Litigation Reform Act of 1995. In some cases, these forward-looking statements can be identified by words with prospective meanings such as “intend,” “plan,” “estimate,” “believe,” “anticipate,” “expect,” “predict,” “project,” “propose,” “assume,” “forecast,” “outlook,” “future,” “pending,” “goal,” “objective,” “potential,” “continue,” “seek to,” “may,” “can,” “will,” “should” and “could,” or the negative of such terms or other variations or similar expressions. Forward-looking statements relate to, among other things (i) the Company’s ability to complete the Transaction on a timely basis or at all; (ii) the ability to satisfy closing and other covenants and conditions related to the Transaction, including the ability to obtain required regulatory approvals (including the expiration or termination of the applicable waiting period under the HSR Act) and obtaining other required consents and making all required closing deliveries; (iii) the accounting, financial and other impacts of the Transaction, including impacts on the Company’s current and short- and long-term expectations, guidance and plans with respect to its current and future debt and equity capital needs, capital expenditures, dividends, earnings (including earnings per share), growth, future regulatory outcomes, rate base growth, and other financial and operational plans; (iv) the ability to achieve the Company’s regulatory and other strategies, benefits, plans and goals related to the Transaction, including with respect to the redeployment of the net proceeds of the Transaction into the Company’s regulated water and wastewater businesses; (v) the Company’s ability to receive any contingent consideration provided for in the Purchase Agreement; (vi) the ability to receive amounts due, payable and owing from time to time under the Seller Note, including without limitation the Loan and all accrued and unpaid interest and other amounts thereunder, and the Revenue Share Agreement; and (vii) various other risks and uncertainties.

These forward-looking statements are predictions based on the Company’s current expectations and assumptions regarding future events. They are not guarantees or assurances of any outcomes, performance or achievements, and readers are cautioned not to place undue reliance upon them. The forward-looking statements are subject to a number of estimates and assumptions, and known and unknown risks, uncertainties and other factors, including obtaining regulatory and other third-party consents and approvals required to complete, and satisfying other conditions to the closing of, the Transaction (including all requirements under the HSR Act); the amount of proceeds to be received from the Transaction due to, among other things, Closing and post-Closing adjustments to the purchase price as provided in the Purchase Agreement and impacts and withholdings for taxes; the post-Closing operating and financial results of the HOS Companies; unexpected costs, liabilities or delays associated with the Transaction; regulatory, legislative, local or municipal actions affecting the home warranty services and the water and wastewater industries; and other economic, business and other factors. Actual results may differ materially from those discussed in the forward-looking statements included in this Current Report on Form 8-K as a result of the factors discussed in the Company’s Form 10-K for the year ended December 31, 2020, and in other filings with the SEC, and the additional risks, uncertainties, assumptions and limitations described herein. The foregoing factors should not be construed as exhaustive.

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

ARTICLE 2
PURCHASE AND SALE

2.1 Purchase and Sale. Subject to, and on the terms and conditions contained in, this Agreement, at the Closing, the Sellers agree to sell to the Purchaser, and the Purchaser agrees to purchase, assume, accept, and pay for, the Units, free and clear of all Liens (other than any transfer restrictions under applicable securities Laws).

2.2 Estimated Cash Purchase Price. At Closing, the Purchaser shall (i) deliver the Seller Note to the Sellers (and the related documentation required by Section 7.3(c)) and (ii) pay to the Sellers, by wire transfer of immediately available funds to an account or accounts designated by Sellers, an amount equal to (the "Estimated Cash Purchase Price"):

- (a) the Base Cash Amount;
- (b) plus or minus, as applicable, Estimated Closing Cash;
- (c) minus Estimated Closing Indebtedness;
- (d) minus Estimated Closing Transaction Expenses;

(e) plus or minus, as applicable, on a dollar-for-dollar basis, the amount by which the Estimated Closing Net Working Capital is greater or less than the Net Working Capital Target.

2.3 Preliminary Closing Statement. Not later than five (5) Business Days prior to the Closing Date, the Sellers shall prepare and deliver to the Purchaser, using and based upon the books and records of the Companies and the Subsidiaries, a statement (the "Preliminary Closing Statement") setting forth the Seller's good faith estimate of: (i) the Closing Cash (the "Estimated Closing Cash"); (ii) the Closing Indebtedness (the "Estimated Closing Indebtedness"); (iii) the Closing Transaction Expenses (the "Estimated Closing Transaction Expenses"); (iv) the Closing Net Working Capital, prepared in accordance with the Accounting Principles (the "Estimated Closing Net Working Capital") and the amount by which, on a dollar-for-dollar basis, the Estimated Closing Net Working Capital is greater or less than the Net Working Capital Target; and (v) the Estimated Cash Purchase Price as calculated in accordance with Section 2.2 based on the estimated amounts set forth in the Preliminary Closing Statement.

2.4 Purchase Price Adjustment: Final Closing Statement.

(a) As soon as reasonably practicable after the Closing but not later than the sixtieth (60th) day following the Closing Date, the Purchaser shall prepare in good faith and deliver to the Sellers a statement (the "Final Closing Statement") setting forth the final calculation of: (i) Closing Cash; (ii) the Closing Indebtedness; (iii) the Closing Transaction Expenses; (iv) the Closing Net Working Capital (prepared in accordance with the Accounting Principles); and (v) a calculation of the Estimated Cash Purchase Price based on the amounts set forth in the Final Closing Statement (the "Final Cash Purchase Price"). The Purchaser shall provide the Seller with reasonable documentation to support the calculation of the Final Cash Purchase Price.

(b) If the Sellers disagree with any of the Purchaser's calculations set forth in the Final Closing Statement, as soon as reasonably practicable, but not later than the thirtieth (30th) day following receipt by Sellers of the Final Closing Statement, the Sellers may deliver to the Purchaser a written notice (a "Dispute Notice") specifying the nature and amount of any dispute as to the calculation of the Final Cash Purchase Price as set forth in the Final Closing Statement. If the Sellers fails to deliver a Dispute Notice prior to the end of the thirty (30) day period, the Seller shall be deemed to have agreed with the Purchaser's calculation of the Final Cash Purchase Price as set forth in the Final Closing Statement, and the Final Closing Statement shall become final and binding upon the Parties.

(c) In the event the Sellers deliver to the Purchaser a Dispute Notice prior to the end of the thirty (30) day period set forth in Section 2.4(b), the Parties shall undertake to agree on a final calculation of the Final Cash Purchase Price no later than thirty (30) days after receipt by Purchaser of the Dispute Notice. In the event that the Parties cannot reach agreement on the Final Cash Purchase Price within such 30-day period, any Party may submit in writing the Final Closing Statement and the Dispute Notice to the Philadelphia office of BDO USA, LLP, or, if such firm is not able or willing to serve, a nationally-recognized independent accounting firm mutually acceptable to both the Purchaser and the Seller (the "Accounting Arbitrator"), for review and final determination by arbitration. Each Party agrees to sign, if requested by the Accounting Arbitrator, a reasonable engagement letter and to provide indemnity and other standard agreements that the Accounting Arbitrator requires as a condition to the engagement.

(d) The Accounting Arbitrator's determination shall be made within forty-five (45) days after submission of the Final Closing Statement to the Accounting Arbitrator, which determination shall be final and binding on all Parties, without right of appeal. The Accounting Arbitrator will consider only those items and amounts included in the calculation of the Final Cash Purchase Price that the Parties have been unable to resolve. In resolving any such disputed item, the Accounting Arbitrator shall be bound by the terms of this Agreement and may not assign a value to any disputed item greater than the greatest value for such item proposed by a Party or less than the smallest value for such item proposed by a Party in the Final Closing Statement or in the Dispute Notice. The Accounting Arbitrator shall act as an expert for the limited purpose of determining the specific disputed aspects of those items and amounts included in the calculation of the Final Cash Purchase Price submitted by any Party and may not award damages, interest or penalties to any Party with respect to any matter. The Seller and the Purchaser shall each bear their own legal fees and other costs of presenting their respective cases. The costs and expenses of the Accounting Arbitrator shall be borne by the Sellers and the Purchaser inversely proportional to the dollar amounts resolved in favor of each Party.

(e) Within ten (10) days after the earlier of that date that is (i) the expiration of the Sellers' thirty (30) day review period without delivery of a Dispute Notice pursuant to Section 2.4(b), and (ii) the date on which the Parties or the Accounting Arbitrator, as the case may be, determine the Final Cash Purchase Price in accordance with this Section 2.4, (x) if the Final Cash Purchase Price exceeds the Estimated Cash Purchase Price, then the Purchaser shall pay such excess in immediately available funds to the Sellers to an account or accounts specified by the Sellers, or (y) if the Estimated Cash Purchase Price exceeds the Final Cash Purchase Price, then the Sellers shall pay such excess in immediately available funds to the Purchaser to an account designated by the Purchaser.

(f) The Sellers shall use commercially reasonable efforts (but without the obligation to pay any amount to, or undertake any obligations for the benefit of, the Purchaser, the Companies, the Subsidiaries, or any other Person) to assist the Purchaser in preparation of the Final Closing Statement by furnishing invoices, receipts, reasonable access to personnel, and such other assistance as may be reasonably requested by the Purchaser to facilitate such process. The Purchaser shall use commercially reasonable efforts (but without the obligation to pay any amount to, or undertake any obligations for the benefit of, the Sellers or any other Person) to assist the Sellers in their review of the Final Closing Statement by furnishing invoices, receipts, reasonable access to personnel, and such other assistance as may be reasonably requested by the Sellers to facilitate such process.

(g) Any amount paid pursuant to this Section 2.4 shall be the "Cash Purchase Price" for purposes of this Agreement. Upon payment of the Cash Purchase Price, none of the Parties to this Agreement may make or assert any further claim under this Section 2.4.

2.5 Purchase Price Adjustment. The payment of any amount paid pursuant to Section 2.4 shall be treated as an adjustment to the Cash Purchase Price for Tax purposes except to the extent otherwise required by applicable Law.

2.6 Withholding. Purchaser, its Affiliates, and any other applicable withholding agent shall be entitled to deduct and withhold from any payments made pursuant to this Agreement such amounts as it is required to deduct and withhold with respect to the making of any such payment under any applicable Tax Law; provided, that Purchaser shall use commercially reasonable efforts to provide each Seller and Company with notice of any such withholding from any payment by Purchaser pursuant to this Agreement no later than five (5) Business Days prior to the expected withholding and allow the relevant party an opportunity to correct or take any action that will mitigate such amounts. To the extent that amounts are so withheld, and paid to the proper Governmental Authority pursuant to any applicable Tax Law, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to such holder in respect of which such deduction and withholding was made. The Parties shall reasonably cooperate in determining and complying with any withholding obligations hereunder.

2.7 Delayed Payment. As additional consideration to Sellers hereunder, an additional cash payment of \$75,000,000 (the "Delayed Payment") shall become due and payable by (or on behalf of) the Purchaser to the Sellers if, as of December 31, 2023, a Payment Event (as defined in Schedule 2.7) shall have occurred. The Delayed Payment, if due, shall be made within forty-five (45) days of the Payment Event, by wire transfer of immediately available funds to an account or accounts designated by Sellers pursuant to Section 2.2. Certain other matters with respect to this Section 2.7 and the Delayed Payment are set forth in Schedule 2.7. Payment of the Delayed Payment will be pari passu with all other senior Indebtedness obligations of the Purchaser, the Companies or any of their respective Affiliates; provided, however, that any such Indebtedness shall in all circumstances permit the payment of the Delayed Payment pursuant to this Section 2.7. The payment of the Delayed Payment shall be treated as an adjustment to the Cash Purchase Price for Tax purposes except to the extent otherwise required by applicable Law.

ARTICLE 3
REPRESENTATIONS AND WARRANTIES OF THE SELLERS

Subject to the provisions of this Article 3, and the other terms and conditions of this Agreement, and except as set forth on the disclosure Schedules dated as of the date of this Agreement and delivered herewith (the "Schedules"), each Seller represents and warrants to the Purchaser, as follows:

3.1 Sellers.

(a) Organization and Power. Each Seller is a limited liability company duly organized, validly existing, and in good standing under the Laws of the State of Delaware. Each Seller is duly qualified and licensed to do business and is in good standing in each jurisdiction where such qualification or license is necessary, except where the failure to so qualify or be licensed would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. Each Seller has all requisite power and authority to enter into and perform this Agreement and all other Ancillary Documents to which each Seller is or will be a party and to consummate the transactions contemplated by this Agreement and such Ancillary Documents.

(b) Due Authorization. The execution, delivery, and performance by each Seller of this Agreement and the other Ancillary Documents to which each Seller is or will be a party, and the consummation of the transactions contemplated hereby and thereby, have been or will be prior to Closing, duly and validly authorized and approved by all necessary action on the part of each Seller. This Agreement has been, and each other Ancillary Document to which each Seller is or will be a party has been or will be prior to Closing, duly executed and delivered by each Seller, and this Agreement constitutes, and each other Ancillary Document to which each Seller is or will be a party constitutes, or will constitute when so duly executed and delivered, in each case assuming the due execution and delivery of the other parties hereto and thereto, the valid and binding obligations of each Seller, enforceable in accordance with their terms except as such enforceability may be limited by (i) bankruptcy, insolvency, reorganization, moratorium or similar Laws now or hereafter in effect relating to creditors' rights generally and (ii) equitable defenses at the discretion of the court before which any Legal Proceeding therefor may be brought (clauses (i) and (ii) collectively, the "Bankruptcy and Equity Exceptions").

(c) No Conflict. The execution, delivery and performance by each Seller of this Agreement and the other Ancillary Documents to which each Seller is or will be a party and the consummation of the transactions contemplated hereby and thereby do not and will not: (i) violate or conflict with the applicable governing documents of each Seller; (ii) assuming compliance with the HSR Act, require any consent, approval, or Permit of or filing with or notification to any Governmental Authority or otherwise violate any Law applicable to each Seller; (iii) conflict with, constitute a default under, require any consent, approval, or Permit of or give rise to any third party any right of termination, amendment, suspension, revocation, cancellation or acceleration of any right or obligation of each Seller or to a loss of any benefit to which each Seller is entitled under

any provision of any Contract, note, bond, mortgage, indenture, or other financing instrument binding upon each Seller; or (iv) by the creation or imposition of any Lien (other than a Permitted Lien) on any property, right, or asset of each Seller, except in the case of the foregoing clauses (ii), (iii) and (iv), where such violation, default, right of termination, cancellation, acceleration, loss or Lien would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

(d) Required Consents. Except as required by the HSR Act, the execution and delivery by each Seller of this Agreement and the other Ancillary Documents to which each Seller is or will be a party does not and will not, and the performance of this Agreement by each Seller and the other Ancillary Documents to which each Seller is or will be a Party does not and will not, require any consent, approval, or Permit of, or registration, declaration or filing with or notification to, any Governmental Authority that if not obtained would, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

(e) Legal Proceedings. Except as required by the HSR Act, there are no Legal Proceedings pending or threatened in writing before any Governmental Authority or arbitrator against each Seller which, if adversely determined, are reasonably likely to (a) challenge or seek to prevent, enjoin, alter or materially delay the transactions contemplated by this Agreement or (b) have a Material Adverse Effect.

(f) Governing Documents. Prior to the date hereof, the Sellers have made available to the Purchaser true and complete copies of the governing documents of the Companies and the Subsidiaries currently in effect, reflecting all amendments made thereto prior to the date of this Agreement.

3.2 Company.

(a) Organization and Power. Each Company is a limited liability company and each Utility Affiliate is a corporation, duly organized, validly existing and in good standing under the Laws of the state of its organization and has all limited liability company (or applicable organizational) power and authority required to carry on its respective businesses (including the Business) as now operated or conducted and to own, lease and operate its respective property, rights or assets. Each Company and each Utility Affiliate is duly qualified or licensed to do business (including the Business) and is in good standing in each jurisdiction where such qualification is necessary, except where the failure to so qualify would not, in the aggregate, have a Material Adverse Effect. Each Company and each Utility Affiliate has all limited liability company (or applicable organizational) power and authority to enter into and perform this Agreement and all other Ancillary Documents to which each Company and each Utility Affiliate is or will be a party and to consummate or cause to be consummated the transactions contemplated by this Agreement and such Ancillary Documents.

(b) Due Authorization. The execution, delivery, and performance by each Company and each Utility Affiliate of this Agreement and the other Ancillary Documents to which each Company and each Utility Affiliate is or will be a party, and the consummation of the transactions contemplated hereby and thereby, have been or will be prior to Closing, duly and validly authorized and approved by all necessary action on the part of each Company and each

Utility Affiliate. This Agreement has been, and each other Ancillary Document to which each Company and each Utility Affiliate is or will be a party has been or will be prior to Closing, duly executed and delivered by each Company and each Utility Affiliate, and this Agreement constitutes, and each other Ancillary Document to which each Company and each Utility Affiliate is or will be a party constitutes, or will constitute when so duly executed and delivered, in each case assuming the due execution and delivery of the other parties hereto and thereto, the valid and binding obligations of each Company and each Utility Affiliate, enforceable in accordance with their terms except as such enforceability may be limited by the Bankruptcy and Equity Exceptions.

(c) No Conflict. The execution, delivery and performance of this Agreement and the other Ancillary Documents to which each Company and each Utility Affiliate is or will be a party and the consummation of the transactions contemplated hereby and thereby do not and will not: (i) violate or conflict with the applicable governing documents of each Company and each Utility Affiliate; (ii) assuming compliance with the HSR Act, require any consent, approval, or Permit of or filing with or notification to any Governmental Authority or otherwise violate any Law applicable to each Company, each Utility Affiliate or the Business; (iii) conflict with, constitute a default under, require any consent, approval, or Permit of or give rise to any third party any right of termination, amendment, suspension, revocation, cancellation or acceleration of any right or obligation of each Company and each Utility Affiliate or to a loss of any benefit to which each Company, each Utility Affiliate or the Business is entitled under any provision of any Contract, note, bond, mortgage, indenture, or other financing instrument binding upon each Company, each Utility Affiliate or binding the Business; or (iv) result in the creation or imposition of any Lien (other than a Permitted Lien) on any property, right, or asset of each Company or each Utility Affiliate, except in the case of the foregoing clauses (ii), (iii) and (iv), where such violation, default, right of termination, cancellation, acceleration, loss or Lien would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

(d) Required Consents. Except as required by the HSR Act, the execution and delivery by each Company and each Utility Affiliate of this Agreement and the other Ancillary Documents to which each Company and each Utility Affiliate is or will be a party does not and will not, and the performance of this Agreement by each Company and each Utility Affiliate and the other Ancillary Documents to which each Company is or will be a Party does not and will not, require any consent, approval, authorization or permit of, or registration, declaration or filing with or notification to, any Governmental Authority that if not obtained would, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

3.3 Subsidiaries.

(a) Organization and Power. Each Subsidiary is a limited liability company duly organized, validly existing and in good standing under the Laws of the state of its organization and has all limited liability company power and authority required to carry on its business (including, as applicable, the Business) as now operated or conducted. Each Subsidiary is duly qualified to do business and is in good standing in each jurisdiction where such qualification is necessary, except where the failure to so qualify would not, in the aggregate, have a Material Adverse Effect. Other than the Subsidiaries, the Companies do not own, directly or indirectly, any equity interest in any other Person.

(b) No Conflict. The execution, delivery and performance of this Agreement and the other Ancillary Documents to which Sellers or the Companies or the Utility Affiliates are or will be party and the consummation of the transactions contemplated hereby and thereby do not and will not: (i) violate or conflict with the applicable governing documents of any Subsidiary; (ii) assuming compliance with the HSR Act, violate any Law applicable to any Subsidiary; (iii) conflict with, constitute a default under, require any consent, approval, or Permit of or give rise to any third party any right of termination, amendment, suspension, revocation, cancellation or acceleration of any right or obligation of each Subsidiary or to a loss of any benefit to which any Subsidiary is entitled under any provision of any Contract, not, bond, mortgage, indenture, or other financing instrument binding upon each Subsidiary or binding the Business; or (iv) result in the creation or imposition of any Lien (other than a Permitted Lien) on any property, right, or asset of any Subsidiary, except in the case of the foregoing clauses (ii), (iii) and (iv), where such violation, default, right of termination, cancellation, acceleration, loss or Lien would not individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

3.4 Title.

(a) American Water Enterprises owns, beneficially and of record, and has good and valid title to the Enterprise Units, and American Water USA owns, beneficially and of record, and has good and valid title to the USA Units, in each case free and clear of any Liens (other than restrictions on transfer that may be imposed by applicable securities Laws or in the Companies' governing documents). Other than pursuant to this Agreement and the Companies' governing documents, the Units are not subject to any voting or other Contract, including any agreement, arrangement, commitment or understanding restricting or otherwise relating to the voting, dividend rights or disposition of the Units.

(b) American Water Enterprises has all requisite power and authority to sell, transfer, assign and deliver the Enterprise Units, and American Water USA has all requisite power and authority to sell, transfer, assign and deliver the USA Units, in each case as provided herein and the other Ancillary Documents to which such Seller is or will be party, and at the Closing, such Seller shall transfer to the Purchaser good and marketable title to the Units owned by such Seller (other than restrictions on transfer that may be imposed by applicable securities Laws or in the Companies' governing documents). Immediately after the Closing, the Purchaser shall own all of the Units, free and clear of any Liens (other than restrictions on transfer that may be imposed by applicable securities Laws or in the Companies' governing documents).

3.5 Capitalization.

(a) Schedule 3.5(a) sets forth a complete and correct list of each of the Companies and Subsidiaries, and with respect to each, (i) its name and jurisdiction of organization, (ii) its form of organization and (iii) the authorized, issue and outstanding equity interests in such entity owned, directly or indirectly (without duplication), by the Seller or Companies. There are no equity interests in any of the Companies or Subsidiaries issued and outstanding other than those listed on Schedule 3.5(a).

(b) The Units are duly authorized and validly issued and outstanding, fully paid, non-assessable and have not been issued in violation of any preemptive rights or any Law. Except for the Units, there are no outstanding equity interests in the Companies, or any contractual arrangements giving any Person a right to receive any benefits or rights similar to the rights enjoyed by or accruing to the holders of such equity interests. Other than pursuant to this Agreement and other than as provided for in the Companies' governing documents, there are no outstanding warrants, options, rights, convertible or exchangeable securities or other commitments pursuant to which the Sellers or the Companies are or may become obligated to issue or sell any securities of the Companies. There are no outstanding obligations of the Companies to repurchase, redeem or otherwise acquire any outstanding securities of the Companies other than as may be provided for in the Companies' governing documents.

(c) All of the issued and outstanding equity interests of each Subsidiary are owned by American Water Holdings free and clear of any Liens (other than restrictions on transfer that may be imposed by applicable securities Laws or in the Companies' governing documents). Other than pursuant to this Agreement and their respective governing documents, the issued and outstanding equity interests in each Subsidiary are not subject to any voting agreement or other Contract, including any such agreement, arrangement, commitment or understanding restricting or otherwise relating to the voting, dividend rights or disposition of such equity interest.

(d) All of the issued and outstanding equity interests of each Subsidiary are duly authorized and validly issued and outstanding, fully paid, non-assessable and have not been issued in violation of any preemptive rights. Except for the equity interests held by American Water Holdings, there are no outstanding equity interests in any Subsidiary, or any contractual arrangements giving any Person a right to receive any benefits or rights similar to the rights enjoyed by or accruing to the holders of such equity interests. Other than pursuant to this Agreement and other than as provided for in the Subsidiaries' governing documents, there are no outstanding warrants, options, rights, convertible or exchangeable securities or other commitments pursuant to which American Water Resources or the Subsidiaries are or may become obligated to issue or sell any securities of the Subsidiaries. There are no outstanding obligations of any Subsidiary to repurchase, redeem or otherwise acquire any outstanding securities of such Subsidiary other than as may be provided for in the Subsidiaries' governing documents.

(e) There is no obligation, contingent or otherwise, of the Companies or the Subsidiaries to provide funds to, or make any investment in (in the form of a loan, capital contribution or otherwise), or provide any guarantee with respect to the obligations of, any other Person. There are no bonds, debentures, notes or other indebtedness issued by the Companies or the Subsidiaries which have the right to vote (or which are convertible into, or exchangeable for, securities having the right to vote) or any matter on which interest holders of such Company or Subsidiary are entitled to vote.

3.6 Financial Statements; No Undisclosed Liabilities; Absence of Changes.

(a) Each of (i) the audited combined balance sheet of the Companies and the Subsidiaries (other than Pivotal) for the year ended December 31, 2019, and the related audited combined statements of operations, cash flows and equity and accompanying notes of the Companies and the Subsidiaries (other than Pivotal) for the year ended December 31, 2019, (ii) the audited balance sheet of Pivotal as of December 31, 2019 and 2020, and the related audited statements of operations, cash flows and equity and accompanying notes of Pivotal for the years

ended December 31, 2019 and 2020, and (iii) the unaudited combined balance sheet of the Companies and the Subsidiaries (other than Pivotal) for the year ended December 31, 2020, and the related unaudited combined statements of operations, cash flows and equity and accompanying notes of the Companies and the Subsidiaries (other than Pivotal) for the year ended December 31, 2020 (collectively, the “Financial Statements”), were prepared in accordance with GAAP applied on a consistent basis throughout the periods referred to therein (except as may be indicated in the notes thereto), and fairly present in all material respects the financial position, assets and liabilities of the Companies and the Subsidiaries, as applicable, for the periods referred to therein, and their results of operations and cash flows for the fiscal years then ended. True, correct and complete copies of such Financial Statements are attached hereto as Schedule 3.6(a). American Water Holdings’ only assets are the equity interests of American Water Florida and American Water Texas, and it has no liabilities or operations.

(b) The unaudited combined balance sheet (the “Balance Sheet”) and the related unaudited combined statement of operations of the Companies and the Subsidiaries for the seven (7)-month period ending July 31, 2021 (the “Balance Sheet Date”) were prepared in accordance with GAAP applied on a consistent basis throughout the period indicated, and fairly present in all material respects the combined financial position, assets and liabilities of the Companies and the Subsidiaries as of the Balance Sheet Date and their combined results of operations for the period referred to therein, subject to normal and recurring year-end adjustments (which are not, individually or in the aggregate, reasonably expected to be material) and the absence of notes otherwise required by GAAP which if presented would not differ materially from those presented in the audited Financial Statements. True, correct and complete copies of the Balance Sheet and such other financial statements are attached hereto as Schedule 3.6(b).

(c) Neither the Companies nor the Subsidiaries have any Liabilities, except: (i) Liabilities specifically reflected and adequately reserved on the face of the Balance Sheet; (ii) Liabilities in connection with the transactions contemplated by this Agreement; (iii) Liabilities incurred in the Ordinary Course of Business since the Balance Sheet Date (none of which results from, arises out of, or relates to any breach or violation of, or default under, any Contract or Laws); (iv) those post-Closing executory obligations which arise pursuant to any Contract, in each such case, which arose in the Ordinary Course of Business and did not result from any default, tort, breach of Contract or breach of warranty; (v) liabilities disclosed on Schedule 3.6(c); or Liabilities which, individually or in the aggregate have not had or would not have a Material Adverse Effect.

(d) Since (i) December 31, 2020, (A) the Business has been operated in the Ordinary Course of Business and (B) there has not been any event, occurrence or development which, individually or in the aggregate, has had or would reasonably be expected to have, a Material Adverse Effect or (ii) the Balance Sheet Date, none of the Companies or Subsidiaries or the Business has taken any action which, if taken or omitted to be taken after the date of this Agreement, would require the consent of the Purchaser in accordance with Section 5.5.

(e) The Companies, Subsidiaries and the Business maintain systems of internal accounting controls sufficient to provide reasonable assurances regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP in all material respects, including internal accountings controls sufficient to provide reasonable assurance that: (i) transactions are executed in accordance with management’s general

or specific authorization, (ii) transactions are recorded as necessary to permit the preparation of financial statements of the Companies, Subsidiaries and the Business in conformity with GAAP and maintain accountability for assets, and (iii) the recorded accountability for assets is maintained at reasonable intervals and appropriate action is taken with respect to any differences.

(f) Schedule 3.6(f) sets forth a true and complete list as of the date hereof of the Indebtedness (but, for the purposes of this Section 3.6(f), only the types set forth in clauses (i), (ii), (iii), (iv), (v), (vii) and (viii) of the definition of “Indebtedness”) of the Companies and Subsidiaries (including the amount of outstanding principal and any accrued but unpaid interests) and the Contracts under which such Indebtedness of the Companies or Subsidiaries exists.

3.7 Litigation.

(a) There are no, and since January 1, 2019 have not been any, Legal Proceedings pending or, to the Knowledge of the Companies, threatened against or affecting the Companies or the Subsidiaries or any of their respective properties, rights or assets or the Business, before any Governmental Authority or arbitrator that (a) are reasonably likely to be material to the Companies and the Subsidiaries, taken as a whole or (b) challenge or seek to prevent, enjoin, alter or materially delay the transactions contemplated by this Agreement. No Seller, Company, or Subsidiary is a party or subject to or in default under any judgment or order of any Governmental Authority other than orders of general applicability.

(b) The Companies and the Subsidiaries are not subject to any cease-and-desist or other order or enforcement action issued by, or is a party to any written agreement, consent agreement or memorandum of understanding with, or is a party to any commitment letter or similar undertaking to, or is subject to any order or directive by, or has been ordered to pay any civil money penalty by, or has been since January 1, 2019, a recipient of any supervisory letter from, or since January 1, 2019, has adopted any policies, procedures or board resolutions at the request or suggestion of any Governmental Authority that currently restricts in any material respect the conduct of the Business (each, whether or not set forth in the Schedules, a “Regulatory Agreement”), nor has the Companies or the Subsidiaries been advised in writing since January 1, 2019, by any Governmental Authority that it is considering (and to the Knowledge of the Companies, no Governmental Authority is considering) issuing, initiating, ordering or requesting any such Regulatory Agreement.

(c) Except for normal examinations conducted by a Governmental Authority in the regular course of the Business, since January 1, 2019, no Governmental Authority has, to the Knowledge of the Companies, initiated or threatened any proceeding with respect to, the business or operations of the Companies or the Subsidiaries. The Sellers have made available to Purchaser complete and correct copies of all (i) material investigation, examination, audit or inspection reports provided to each Seller, the Companies or the Subsidiaries by any Governmental Authority in respect of the Companies or the Subsidiaries, (ii) material written responses to any such reports made by the Companies or the Subsidiaries and (iii) other material correspondence relating to any investigation, examination, audit or inspection of the Companies or the Subsidiaries, in the case of each of clauses (i), (ii) and (iii), since January 1, 2019 and except to the extent Sellers are required to keep such reports, responses and correspondence confidential under applicable Law.

(d) Except as provided in Schedule 3.7(d), none of the Companies or the Subsidiaries are required to satisfy any regulatory capital requirements under applicable Law or applicable agreement with any Governmental Authority.

3.8 Taxes and Assessments.

(a) Sellers, the Companies and the Subsidiaries have each (i) duly and timely filed all income and other material Tax Returns required to be filed with respect to the Companies, the Subsidiaries and the Business under applicable Law, and all such Tax Returns are true, correct and complete in all material respects; (ii) timely paid all income and other material Taxes due from or with respect to the Companies, the Subsidiaries and the Business; and (iii) deducted, withheld and timely paid all material Taxes required to have been deducted, withheld or paid in connection with amounts paid or owing any employee, independent contractor, creditor, member or other Person, and all Forms W-2 and 1099 required with respect thereto have been properly and timely filed or provided, in each case with respect to the Companies, the Subsidiaries and the Business.

(b) No Legal Proceeding, audit, investigation, examination, or claim is now in progress with respect to the Companies, the Subsidiaries or the Business regarding Taxes, and none of the Sellers, the Companies, or the Subsidiaries has received written notice of any pending or threatened Legal Proceeding, audit, investigation, examination, or claim against it (which remains outstanding) from any applicable Governmental Authority. No deficiency has been assessed or asserted with respect to Taxes of the Companies, the Subsidiaries or the Business which has not been timely paid in full. None of the Sellers, Companies or the Subsidiaries has waived any statute of limitations in respect of any income or other material Taxes of the Companies, the Subsidiaries or the Business or agreed to any extension of time with respect to an income or other material Tax assessment or deficiency with respect to the Companies, Subsidiaries or the Business. There are no Liens with respect to Taxes upon any asset of the Companies, the Subsidiaries or the Business other than liens for Taxes not yet due and payable.

(c) No claim has ever been made in writing by a Governmental Authority in a jurisdiction where the Companies and/or any of the Subsidiaries do not file a specific type of Tax Return that such Company or such Subsidiary is or may be subject to taxation by, or required to file Tax Returns in, that jurisdiction, which claim has not been fully resolved.

(d) No Company or Subsidiary (i) has ever been a member of an affiliated, consolidated, joint, unitary, combined or similar Tax group for Tax purposes, (ii) is a party to or has any obligation under any Tax sharing, Tax indemnification, or Tax allocation agreement or similar contract or arrangement (other than any customary commercial contract entered into in the ordinary course of business the principal subject of which is not Taxes) or (iii) has any liability for the Taxes of any other Person under Treas. Reg. § 1.1502-6 (or any similar provision of state, local or foreign Law), as a transferee or successor, or otherwise as a matter of Law.

(e) The Companies and the Subsidiaries will not be required to include any material amounts in income, or exclude any material items of deduction, in a taxable period (or portion thereof) beginning after the Closing Date as a result of (i) a change in or incorrect method of accounting occurring prior to the Closing, (ii) an installment sale or open transaction arising in a taxable period (or portion thereof) ending on or before the Closing Date, (iii) a prepaid amount

received, or paid, or deferred revenue accrued, prior to the Closing, (iv) a “closing agreement” as described in Section 7121 of the Code for 2017 (or any corresponding or similar provision of state or local income Tax Law) executed on or prior to the Closing Date, (v) any intercompany transactions or any excess loss account described in Treasury Regulations under Section 1502 of the Code (or any corresponding or similar provision of state or local income Tax Law), or (vi) an election under Section 965(h) of the Code.

(f) No Company or Subsidiary (i) has participated in or has any liability or obligation with respect to any “listed transaction” within the meaning of Treas. Reg. § 1.6011-4, (ii) has deferred any payroll or employment Taxes or claimed any other benefit or relief pursuant to the CARES Act or (iii) has a permanent establishment (within the meaning of an applicable Tax treaty) or otherwise has an office or fixed place of business in, or is tax resident in, in a country other than the country in which it is organized.

(g) Each of the Companies and the Subsidiaries have collected all material sales and use Taxes required to be collected, and has remitted, or will remit on a timely basis, such amounts to the appropriate governmental authorities, or has been furnished properly completed exemption certificates.

(h) Each Company and Subsidiary is, and has been since its formation and until the Effective Time of the Check the Box Elections, properly treated as an entity disregarded from its owner for U.S. federal (and applicable state and local) income tax purposes. Following the Effective Time of the Check the Box Elections, each Company and Subsidiary will be properly treated as a corporation for U.S. federal (and applicable state and local) income tax purposes. As of the Closing, no Company or Subsidiary will be a “United States real property holding corporation” within the meaning of Section 897(c)(2) of the Code.

3.9 Permits and Approvals; Compliance with Laws.

(a) The Companies and the Subsidiaries (i) are, and since January 1, 2019 have been, in compliance in all material respects with all applicable Laws, and (ii) have all material Permits required to carry on the Business as now conducted. All such Permits are in full force and effect and the Companies and the Subsidiaries are in compliance in all material respects with the requirements of such Permits. No suspension, cancellation or revocation of any such Permit is pending or, to the Knowledge of the Companies, threatened.

(b) Since January 1, 2019, none of the Companies or the Subsidiaries has received written or, to the Knowledge of the Companies, oral notice of any material violation of any Permit or applicable Law. There is no consent decree, compliance order or administrative order against any Company or any Subsidiary or by which any Company or any Subsidiary is or was bound or which otherwise relates to the Business or assets, including any Privacy Policy, of any Company or any Subsidiary.

(c) To the extent required by applicable Laws and Permits, each of the Companies and the Subsidiaries currently has, and since January 1, 2019, has had (i) insured Service Contracts under reimbursement or other insurance policies, (ii) posted bonds or other security, (iii) maintained reserve accounts, or (iv) maintained its net worth, in each case in amounts

no less than the minimum required by applicable Law, except where the failure to take any such actions would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. Each of the Companies and the Subsidiaries has marketed, sold and issued Service Contracts and Insurance Products, as the case may be, in compliance with applicable Laws and Permits in all material respects in the respective jurisdictions in which such products have been sold. All advertising, promotional and sales materials and marketing practices used by each of the Companies and the Subsidiaries have complied and are currently in compliance with all applicable Laws in all material respects. All Service Contracts and Insurance Products issued, or which are being issued, are in compliance, and at their respective dates of issuance were in compliance with all applicable Laws and Permits in all material respects. To the extent required by applicable Law, all Service Contracts and Insurance Products are on forms approved by the applicable Governmental Authority or have been filed and not objected to (or such objection has been withdrawn or resolved) by such Governmental Authority. All forms of Service Contracts and Insurance Products currently in force, including all amendments thereto, have been provided to Purchaser.

3.10 Sufficiency of Assets. Other than the Support Obligations and the shared services and systems provided by Sellers or its respective Affiliates (other than the Companies or the Subsidiaries) or as otherwise set forth in Schedule 3.10, as of the Closing, the Companies and Subsidiaries will own or otherwise have sufficient and legally enforceable rights to use all of the material assets, rights and properties (excluding Intellectual Property), used or held for use in the conduct of the Business substantially in the same manner as the Business was conducted during the 12 month prior to the date of this Agreement and through the Closing. None of the Sellers or its respective Affiliates (other than the Companies or the Subsidiaries) hold title to, or has an ownership interest in, any of the properties, rights or assets primarily related to or primarily used in the Business.

3.11 Environmental Matters.

(a) The Companies and the Subsidiaries are, and have been, since January 1, 2019, in material compliance with all applicable Environmental Laws.

(b) None of the Companies or the Subsidiaries has received a written notice, order, complaint or penalty from a Governmental Authority or any other Person alleging a material violation by or material liability of any Company or any Subsidiary of or under any Environmental Law and there are no judicial, administrative or other actions, suits or Legal Proceedings pending or, to the Knowledge of the Companies, threatened, in the case of any of the foregoing, which allege a material violation by or material liability of the Companies or the Subsidiaries of or under any Environmental Law.

(c) There has been no Release or threatened Release of any Hazardous Substance by and of the Companies or the Subsidiaries at any location, or any Release or threatened Release at any Leased Real Property or, to the Knowledge of the Companies, at any property formerly leased, operated or owned, by the Companies or the Subsidiaries during the time of such leasing or operation or ownership, in violation of applicable Environmental Law or that in any case requires, or would reasonably be expected to result in, liability, reporting, investigation, assessment, cleanup, or remediation of or by any of the Companies or the Subsidiaries pursuant to any Environmental Law, except to the extent that such Release or threatened Release has been addressed fully and appropriately pursuant to Environmental Law.

(d) None of the Companies or the Subsidiaries has assumed, undertaken or otherwise become responsible for any material liability of any other Person relating to or arising from any Environmental Law.

(e) None of the Companies or the Subsidiaries has entered into or been subject to any consent decree, compliance order or administrative order pursuant to any Environmental Law.

(f) The Sellers have made available to the Purchaser copies of all written studies, reports, data and assessments or investigations, including "Phase I" and "Phase II" reports, which have been performed by or on behalf of the Companies or the Subsidiaries and are in their possession and relate to the environmental condition or compliance status of the Leased Real Property or other properties.

3.12 Properties.

(a) Except for the Permitted Liens, the Companies and the Subsidiaries have good and marketable title to, or in the case of leased property and assets, have valid leasehold interests in, or the right to use, all property and assets (whether real, personal, tangible or intangible, excluding Intellectual Property) reflected on the Balance Sheet or acquired after the Balance Sheet Date, except for properties and assets sold since the Balance Sheet Date in the Ordinary Course of Business.

(b) None of the properties and assets (whether real, personal, tangible or intangible) reflected on the Balance Sheet or acquired by the Companies or the Subsidiaries after the Balance Sheet Date are subject to any Lien, except Permitted Liens.

(c) Neither the Companies nor any Subsidiary own any real property. None of the Company or any of the Subsidiaries is a party to any agreement or option to purchase or sell any real property or interest therein.

(d) The Sellers have made available to the Purchaser a correct and complete copy of each lease, sublease, license or other Contract, currently in effect, under which any real property leased or subleased has been granted to the Companies or the Subsidiaries (each, a "Leased Real Property") or is occupied or used by the Companies or the Subsidiaries (each, a "Company Lease"), as amended to date. Each Company Lease is a valid and binding obligation of the Company or Subsidiary party and, to the Knowledge of the Companies, the other party thereto, enforceable in accordance with the terms. Neither the applicable Company or Subsidiary party to any Company Lease nor, to the Knowledge of the Companies, any other party to any such Company Lease, is in breach or default, and no event has occurred (including the failure to obtain any consent) which, with notice or lapse of time or both, would constitute a breach or default under or permit termination or material modification of, or acceleration of a material amount of rents due under, any Company Lease.

3.13 Contracts.

(a) Schedule 3.13(a) lists all Contracts of the type described below that are currently in effect as of the date of this Agreement and to which any Company or any Subsidiary is party or to which the Sellers or any of their Affiliates are party and primarily relate to the Business, other than any Employee Plan or Company Lease (of which complete and correct copies of such Contracts have been made available to Purchaser prior to the date hereof) or any Service Contracts (collectively, the "Material Contracts"):

- (i) any material joint venture, strategic partnership or similar arrangement;
- (ii) any Contracts which provided for the top twenty (20) aggregate payments by the Company to third party contractors to perform repair services for the twelve (12) months ended June 30, 2021;
- (iii) except for Contracts with third party contractors to perform repair services, any Contract (A) which obligates any Company or any Subsidiary to make future annual payments of more than Five Hundred Thousand Dollars (\$500,000) individually and is not terminable by the Company or the applicable Subsidiary without penalty on one hundred twenty (120) days' or less notice, (B) which provided for the top twenty (20) aggregate payments (or the incurrence or assumption of liabilities) by the Company and its Subsidiaries for the twelve (12) months ending December 31, 2020 and (C) which provided for the top twenty (20) aggregate payments (or the incurrence or assumption of liabilities) by the Company and its Subsidiaries for the six (6) months ending June 30, 2021;
- (iv) any Contract relating to the acquisition or disposition (by merger, sale of equity interests or otherwise) by any Company or any Subsidiary of any assets or equity interests to the extent that any Company or any Subsidiary has any surviving obligations under such Contract;
- (v) any Contract involving any resolution or settlement of any actual or threatened Legal Proceeding or other dispute involving the Companies or the Subsidiaries which will (A) involve payments after the Balance Sheet Date of amounts in excess of Five Hundred Thousand Dollars (\$500,000) or (B) impose monitoring, reporting or other non-monetary obligations on any Company or any Subsidiary to any other Person outside the Ordinary Course of Business;
- (vi) any Contract that constitutes a lease of personal property used in the Business under which any Company or any Subsidiary is lessor or lessee, which lease cannot be terminated by any Company or any Subsidiary without penalty on one hundred twenty (120) days' or less notice and which involves an annual base rental of more than Five Hundred Thousand Dollars (\$500,000);
- (vii) any material Contract relating to Intellectual Property, Personal Data or Company Systems, excluding (A) commercially available, off-the-shelf, non-exclusive Software licenses to any Company or any Subsidiary which involve annual or aggregate payments of less than \$500,000 and (B) non-exclusive licenses granted by any Company or any Subsidiary to customers in the Ordinary Course of Business;

- (viii) any Contract that contains a non-competition covenant, area of mutual interest agreement, or any other covenant that purports to restrict, limit, or prohibit the manner in which, or the locations in which, the Companies or the Subsidiaries conduct the Business including the right to approve providing services in an geographic area in which the Business is not currently operating (other than confidentiality obligations and restrictions on the solicitation of employees);
- (ix) any collective bargaining agreement;
- (x) any Contract relating to any Indebtedness required to be disclosed under Schedule 3.6(f).
- (xi) any Contract that provides for “most favored nations” or similar provisions or any right of first offer or right of first refusal to purchase any assets or equity securities of the Companies or the Subsidiaries;
- (xii) any Contract providing for Support Obligations; and
- (xiii) an agreement with (i) a municipality, other Governmental Authority, utility provider or other partner organization, or (ii) a league, group, collective or any of the foregoing in combination pursuant to which Service Contracts or Insurance Products are offered to end customers.

(b) The Material Contracts are in full force and effect and are valid, binding and enforceable against each Company and each Subsidiary party thereto and, to the Knowledge of the Companies, the other parties thereto in accordance with their respective terms (subject to the Bankruptcy and Equity Exceptions). There are no material defaults under such Material Contracts by each Company and each Subsidiary party thereto or, to the Knowledge of the Companies, the other parties thereto. No event has occurred that, with notice or lapse of time or both, would constitute a material default under any such Material Contract by each Company and each Subsidiary party thereto or, to the Knowledge of the Companies, the other parties thereto. No party to any Material Contract has exercised any termination rights with respect thereto, nor has any party to any Material Contract provided any written notice of any intention to terminate any such Material Contract. No party to any Material Contract has given written notice of any material breach of, material default under or material dispute with respect to any Material Contract.

3.14 Intercompany Arrangements. Except as set forth in Schedule 3.14, other than this Agreement and the Ancillary Documents, there are no Contracts or other arrangements between the Sellers or their Affiliates (other than the Companies or the Subsidiaries), on the one hand, and the Companies or the Subsidiaries, on the other hand. As of the Closing, except as set forth on Schedule 3.14 or pursuant to this Agreement or the Ancillary Documents, all liabilities and obligations of the Companies, the Subsidiaries or of the Business, on the one hand, to the Sellers or their Affiliates (other than the Companies or the Subsidiaries) shall have been cancelled without liability to Purchaser, the Companies and the Subsidiaries, and none of the Companies, the Subsidiaries or the Business will have any liabilities to the Sellers or their Affiliates other than pursuant to the terms of this Agreement and the Ancillary Documents.

3.15 Insurance Policies. Schedule 3.15 contains a complete and correct list of all insurance policies and/or programs of self-insurance owned, held, maintained, carried by, or covering the Companies and the Subsidiaries in connection with their ownership and operation of the Business (such policies or programs required to be set forth on Schedule 3.15, collectively, the “Insurance Policies”). There are no claims by any Company or any Subsidiary pending under the Insurance Policies. The Insurance Policies satisfy all requirements of applicable Laws and any Contracts to which the Companies or the Subsidiaries are a party. There have been no claims by the Business under the Insurance Policies as to which coverage has been questioned, denied or disputed by the underwriters of such Insurance Policies or in respect of which such underwriters have reserved their rights. All premiums due and payable for Insurance Policies have been duly paid, and all Insurance Policies are and shall be until the Closing Date, in full force and effect and no written notice of cancellation, termination or non-renewal has been received with respect to any such Insurance Policy.

3.16 Intellectual Property.

(a) Schedule 3.16(a) lists all registrations of and applications for registration for Intellectual Property owned by the Companies or the Subsidiaries. All of the Intellectual Property owned by the Companies or the Subsidiaries are subsisting, unexpired, and to the Knowledge of the Companies, valid and enforceable. The Companies or the Subsidiaries exclusively owns the material Intellectual Property owned or purported to be owned by the Companies or the Subsidiaries, free and clear of all Liens other than Permitted Liens.

(b) To the Knowledge of the Companies, no Intellectual Property owned by the Companies or the Subsidiaries is being infringed or misappropriated by any third party in any material respect, and none of the Companies or the Subsidiaries is materially infringing or misappropriating any valid and enforceable Intellectual Property owned by any third party. There are no claims pending or, to the Knowledge of the Companies, threatened alleging infringement, dilution, misappropriation, or other unauthorized use (x) by the Companies or the Subsidiaries of any Intellectual Property of any other Person or (y) by any other Person of any Intellectual Property owned by the Companies or the Subsidiaries. To the Knowledge of the Companies, the Companies and the Subsidiaries own or have licenses to use all Intellectual Property owned by third parties that is material to the conduct of the Business as currently conducted.

(c) The Company Systems operate and perform as required to conduct the Business as currently conducted. The Company Systems (and all Personal Data within the same) have been safeguarded with information security controls, system and data backup practices, and disaster recovery and business-continuity practices that, in each case, are commercially reasonable and comply in all material respects with applicable Law and Privacy Policies. Since January 1, 2019, there has been no material theft or unauthorized disclosure, use, access, intrusions, or breaches or violations of security, of any: (i) Company Systems; (ii) Personal Data, payment card information collected, maintained or stored by or on behalf of the Companies or the Subsidiaries; or (iii) trade secrets and other confidential information that constitutes Intellectual Property owned by the Companies or the Subsidiaries.

(d) All Persons who created Intellectual Property that is used in and material to the conduct of the Business on behalf of the Company or its Subsidiaries have assigned in writing to the Seller or one of its Affiliates (including a Company or a Subsidiary) their rights in same that do not vest initially in such entities by operation of law. The Company and its Subsidiaries have not distributed or made available to other Persons any material proprietary Software that is subject to any "open source" or similar license in such a way that requires the Company or the Subsidiaries to license or make available any material proprietary source code to any third party. No Person other than employees or authorized contractors performing services for the Company or its Subsidiaries possesses or has the current or contingent right to possess any material proprietary source code of the Company or its Subsidiaries.

3.17 Labor Matters.

(a) None of the Companies or the Subsidiaries is party to, or bound by, any collective bargaining agreement with any labor organizations. No labor organization or group of the Business Employees has made a demand for recognition or certification as a union or other labor organization with respect to any of the Business Employees. There has been no representation or certification Legal Proceedings or petitions seeking a representation Legal Proceeding pending or threatened to be brought or filed with the National Labor Relations Board or any labor relations tribunal or authority with respect to any of such employees. Since January 1, 2019, none of the Companies or the Subsidiaries has experienced any strike, grievance, unfair labor practice claim, or other material employee or labor dispute.

(b) Since January 1, 2019, the Companies and the Subsidiaries have been in compliance in all material respects with all applicable Laws relating to labor, employment, and fair employment practices, including all Laws relating to terms and conditions of employment, health and safety, employee-independent contractor classifications, wages and hours (including payment of overtime), child labor, immigration, employment discrimination, the prevention of harassment and retaliation, disability rights or benefits, equal opportunity, plant closures and layoffs, affirmation action, workers' compensation, employee leave issues, labor relations, unemployment insurance, and the collection and payment of withholding or social security Taxes.

(c) Since January 1, 2019, the Companies and the Subsidiaries have not received notice of, nor, to the Knowledge of the Companies, been threatened with (i) any charge or complaint with respect to or relating to them before any Governmental Authority responsible for the prevention of unlawful employment practices; (ii) the intent of any Governmental Authority responsible for the enforcement of Laws concerning labor, employment, wages and hours of work, child labor, immigration, or occupational safety and health Laws to conduct an audit or investigation with respect to or relating to them or written notice that such investigation is in progress; or (iii) any lawsuit or other Legal Proceeding pending or threatened in any judicial or arbitral forum by or on behalf of any present or former employee of such entities, any applicant for employment or classes of the foregoing alleging breach of any express or implied Contract of employment, any applicable Law governing employment or the termination thereof or other discriminatory, wrongful or tortious conduct in connection with the employment relationship, or otherwise arising from or relating to any of the Companies' or any of the Subsidiaries' labor or employment practices.

(d) Since January 1, 2019, none of the Companies or the Subsidiaries have implemented any employee layoffs that could implicate the WARN Act, and no such activities have been announced or planned for the future.

(e) No officer, director or management level employee of the Companies or the Subsidiaries is the subject of a pending allegation of sexual harassment or assault, nor has any officer, director or management level employee of the Companies or the Subsidiaries engaged in sexual harassment or assault or been accused of sexual harassment or assault since January 1, 2019. None of the Companies or the Subsidiaries has entered into any settlement agreements related to allegations of sexual harassment or misconduct by any employee.

(f) Sellers have provided to Purchaser a true and correct Schedule of all Business Employees as of the date of this Agreement (the "Employee List"). Each Business Employee has dedicated at least seventy-five percent (75%) of his or her working hours to the Business over the prior twelve (12) month period (or, if shorter, during any period of employment) (the "Service Condition"). There are no employees of Seller or its Affiliates who satisfy the Service Condition but are not included on the Employee List.

3.18 Employee Benefits.

(a) Schedule 3.18(a) sets forth a complete and correct list of each Employee Plan and separately identifies any Employee Plan that is a Group Company Plan. Accurate, correct, and complete copies of each Employee Plan and summaries of material modifications in respect of any Employee Plan have been made available to the Purchaser.

(b) Each Employee Plan has been established, administered and maintained in all material respects in accordance with its terms and in compliance with all applicable Laws (including without limitation ERISA and the Code). All benefits, contributions and premiums required by and due under the terms of each Employee Plan or applicable Law have been timely paid in accordance with the terms of such Employee Plan, and in material compliance with all applicable Laws.

(c) Each Employee Plan intended to be qualified under Section 401 of the Code (each a "Seller 401(k) Plan") has received a favorable determination letter from the Internal Revenue Service, or with respect to a prototype plan, can rely on an opinion letter from the Internal Revenue Service to the prototype plan sponsor, to the effect that such Employee Plan is so qualified and that the plan and the trust related thereto are exempt from federal income Taxes under Sections 401(a) and 501(a), respectively, of the Code. To the Knowledge of the Companies, nothing has occurred that could reasonably be expected to cause the revocation of such determination letter from the Internal Revenue Service or the unavailability of reliance on such opinion letter from the Internal Revenue Service or which may materially and adversely affect the qualified status of the Employee Plan. No Group Company Plan is intended to be qualified under Section 401 of the Code.

(d) No Employee Plan: (i) is a “multi-employer plan” (as defined in Section 3(37) of ERISA); or (ii) is a “multiple employer plan” within the meaning of Section 4063 or 4064 of ERISA, and the Companies and the Subsidiaries have no Liability with respect to any such plans. No Employee Plan that is a “Pension Plan” (as defined in Section 3(2) of ERISA) subject to Title IV of ERISA or Sections 412 or 430 of the Code is in at-risk status as defined under Section 430(i)(4) of the Code or has failed to make any required minimum contribution, as defined in Section 430 of the Code or Section 303 of ERISA and there has been no waived funding deficiency within the meaning of Section 412 of the Code or Section 303 of ERISA. The Companies and Subsidiaries have no liability with respect to any terminated “Pension Plan” (as defined in Section 3(2) of ERISA). None of the Sellers, the Companies or the Subsidiaries: (A) has withdrawn or terminated from any pension plan under circumstances resulting (or expected to result) in a liability to the PBGC or (B) has engaged in any transaction which would give rise to a liability of the Companies, the Subsidiaries or the Purchaser under Section 4069 or Section 4212(c) of ERISA.

(e) Neither the execution of this Agreement nor any of the transactions contemplated by this Agreement will (either alone or upon the occurrence of any additional or subsequent events): (i) entitle any current or former manager, officer, or employee of the Companies or the Subsidiaries to severance pay or any other payment or benefit; (ii) accelerate the time of payment, funding or vesting, or increase the amount of compensation due to any such individual; (iii) limit or restrict the right of the Companies or Subsidiaries to merge, amend or terminate any Employee Plan; or (iv) increase the amount payable under or result in any other material obligation pursuant to any Employee Plan. Neither the execution of this Agreement nor the consummation of the transactions contemplated hereby (either alone or upon the occurrence of any additional or subsequent events) will result in “excess parachute payments” within the meaning of Section 280G(b) of the Code or require a “gross-up” or other payment to any “disqualified individual” within the meaning of Section 280G(c) of the Code. The Sellers have made available to the Purchaser true and complete copies of any Section 280G calculations prepared (whether or not final) with respect to any disqualified individual in connection with the transactions.

(f) Other than as required under Section 4980B of the Code or other applicable Law, no Employee Plan provides benefits or coverage in the nature of health, life or disability insurance following retirement or other termination of employment (other than death benefits when termination occurs upon death).

(g) Each Employee Plan that is subject to Section 409A of the Code has been administered in material compliance with its terms and the operational and documentary requirements of Section 409A of the Code and all applicable regulatory guidance (including notices, rulings and proposed and final regulations) thereunder. The Companies do not have any obligation to gross up, indemnify or otherwise reimburse any individual for any excise taxes, interest or penalties incurred pursuant to Section 409A of the Code.

(h) There is no material Proceeding pending or, to the Knowledge of the Companies, threatened against, or arising out of, any Employee Plan or the assets of any Employee Plan (other than routine claims for benefits) and, to the Knowledge of the Companies, no facts or circumstances exist that could reasonably be expected to give rise to any such Proceeding.

(i) No Contract, plan, policy or arrangement that is not a Group Company Plan will automatically transfer, in whole or in part, to Purchaser or a subsidiary of Purchaser under applicable Law in connection with the transactions contemplated by this Agreement. Upon and following the Closing, Purchaser and its Affiliates (including, following the Closing, the Companies and Subsidiaries) shall have no Liability under or with respect to any Employee Plan other than Group Company Plans except to the extent any such Liability is included as Indebtedness.

3.19 Service Contracts. All Service Contracts are valid, binding and enforceable against the Company or the Subsidiary party thereto in accordance with their respective terms (subject to the Bankruptcy and Equity Exceptions). Other than arising or occurring in the Ordinary Course of Business, since January 1, 2021, (a) there have been no material defaults under any Service Contracts by the Company or the Subsidiary party thereto and (b) no party to any Service Contract has (i) exercised any termination rights with respect thereto or (ii) given written notice of any material dispute with respect to any Service Contract.

3.20 Brokers. No Seller, Company or Subsidiary has any liability or obligation to pay any fees or commissions to any broker, finder, or agent in connection with the negotiation, execution or delivery of this Agreement or any Ancillary Document.

3.21 FCPA. The Company and its Subsidiaries, and each of their respective officers and directors, and, to the Knowledge of the Companies, each of its and their respective employees, agents, and representatives, have been since January 1, 2019 and are currently in compliance in all material respects with the U.S. Foreign Corrupt Practices Act of 1977, as amended, and all other anti-corruption or anti-bribery laws of all jurisdictions in which the Company or its Subsidiaries conduct business.

3.22 Sanctions. The Companies and its Subsidiaries have been and are currently in compliance in all material respects with all applicable Sanctions. None of the Company, any Subsidiary, any of their respective officers or directors, nor, to the Knowledge of the Companies, any of their respective employees, agents or representatives (x) has been or is a Sanctioned Person, (y) has engaged in any transactions or business dealings with any Sanctioned Person in the last three (3) years, or (z) has engaged in any transactions or business dealings in or with any Sanctioned Country in the last three (3) years.

3.23 Limitations. Except as expressly represented otherwise in this Article 3 (which include the Schedules) or in the certificate of the Sellers to be delivered at Closing pursuant to Section 7.2(d) or in any Ancillary Documents, each Seller and each Company makes no, and hereby expressly disclaims, any representation or warranty, express, implied, or statutory as to: (i) the contents, character, or nature of any descriptive memorandum, report, study, presentation or summary, abstract, or derivative work based on, or relating to, the Companies, the Subsidiaries, or the Business; (ii) future costs or revenues relating to, or arising from, the ownership of the Units, the Companies, the Subsidiaries, or the Business; (iii) the existence of any prospect, expansion, or opportunities with respect to the Business, the Companies, the Subsidiaries, or the Units; (iv) any estimates of the value of the Units, the Business, the Subsidiaries, or the Companies, or the assets thereof or future revenues to be generated, or costs incurred, by any of the foregoing; (v) the maintenance, repair, condition, quality, suitability, design or marketability of any assets owned or leased by the Companies or the Subsidiaries, or otherwise included in the Business; (vi) infringement of any Intellectual Property right; (vii) any other materials or information that

may have been made available or communicated to Purchaser or its Affiliates, or its or their employees, agents, consultants, Representatives or advisors in connection with the transactions contemplated by this Agreement or any discussion or presentation relating thereto; and (viii) compliance with any Law (including Environmental Laws); and further disclaims any representation or warranty, express, implied, or statutory, of merchantability, fitness for a particular purpose, or conformity to models or samples of materials of any equipment or other assets, it being expressly understood and agreed by the Parties that, except as expressly set forth in this Article 3, the Units, the Companies, the Subsidiaries, and all assets thereof or that otherwise relate to the Business, are being transferred “as is, where is,” with all faults and defects, and that Purchaser has made or caused to be made such inspections as purchaser deems appropriate to enter into this Agreement. The Parties agree and understand that nothing contained in this Agreement, including this Section 3.23, shall limit any claims for Fraud.

ARTICLE 4 REPRESENTATIONS AND WARRANTIES OF PURCHASER

Subject to the provisions of this Article 4, and the other terms and conditions of this Agreement, Purchaser represents and warrants to each Seller as follows:

4.1 Organization and Power. The Purchaser is a Delaware corporation duly organized, validly existing, and in good standing under the Laws of the State of Delaware. The Purchaser is duly qualified to do business and is in good standing in each jurisdiction where such qualification is necessary, except where the failure to so qualify would not reasonably be likely to impair or delay materially the Purchaser’s ability to perform its obligations under this Agreement or any other Ancillary Document to which the Purchaser is or will be a party. The Purchaser has the power to enter into and perform this Agreement and all other Ancillary Documents to which the Purchaser is or will be a party and to consummate the transactions contemplated by this Agreement and such Ancillary Documents.

4.2 Due Authorization. The execution, delivery, and performance by the Purchaser of this Agreement and the other Ancillary Documents to which the Purchaser is or will be a party, and the consummation of the transactions contemplated hereby and thereby, have been or will be prior to Closing, duly and validly authorized and approved by all necessary action on the part of the Purchaser. This Agreement has been, and each other Ancillary Document to which the Purchaser is or will be a party has been or will be prior to Closing, duly executed and delivered by the Purchaser, and this Agreement constitutes, and each other Ancillary Document to which the Purchaser is or will be a party constitutes, or will constitute when so duly executed and delivered, in each case assuming the due execution and delivery of the other parties hereto and thereto, the valid and binding obligations of the Purchaser, enforceable in accordance with their terms except as such enforceability may be limited by the Bankruptcy and Equity Exceptions.

4.3 No Conflict. The execution, delivery and performance by the Purchaser of this Agreement and the other Ancillary Documents to which the Purchaser is or will be a party and the consummation of the transactions contemplated hereby and thereby do not and will not: (i) violate or conflict with the applicable governing documents of the Purchaser; (ii) assuming compliance with the HSR Act, require any consent, approval, or Permit of or filing with or notification to any Governmental Authority or otherwise violate any Law applicable to the Purchaser; (iii) conflict

with, constitute a default under, require any consent, approval, or Permit of or give rise to any third party any right of termination, amendment, suspension, revocation, cancellation or acceleration of any right or obligation of the Purchaser or to a loss of any benefit to which the Purchaser is entitled under any provision of any Contract, note, bond, mortgage, indenture, or other financing instrument binding upon the Purchaser; or (iv) result in the creation or imposition of any Lien (other than a Permitted Lien) on any property, right, or asset of the Purchaser, except in the case of the foregoing clauses (ii), (iii) and (iv), where such violation, default, right of termination, cancellation, acceleration, loss or Lien would not reasonably be likely to impair or delay materially the Purchaser's ability to perform its obligations under this Agreement or any other Ancillary Document to which the Purchaser is or will be a party.

4.4 Litigation. Except as required by the HSR Act, there are no Legal Proceedings pending or to the Knowledge of the Purchaser threatened in writing before any Governmental Authority or arbitrator against the Purchaser which, if adversely determined, are reasonably likely to (a) challenge or seek to prevent, enjoin, alter or materially delay the transactions contemplated by this Agreement or (b) impair or delay materially the Purchaser's ability to perform its obligations under this Agreement or any other Ancillary Document to which the Purchaser is or will be a party.

4.5 Required Consents. Except as required by the HSR Act, the execution and delivery by the Purchaser of this Agreement and the other Ancillary Documents to which the Purchaser is or will be a party does not and will not, and the performance of this Agreement by the Purchaser and the other Ancillary Documents to which the Purchaser is or will be a Party does not and will not, require any consent, approval, or Permit of, or registration, declaration or filing with or notification to, any Governmental Authority that if not obtained would reasonably be likely to impair or delay materially the Purchaser's ability to perform its obligations under this Agreement or any other Ancillary Document to which the Purchaser is or will be a party. Notwithstanding anything contrary in the Agreement, the Purchaser's acquisition of American Water Florida and Pivotal is not final until approved by the Florida Office of Insurance Regulation pursuant to section 628.4615, Florida Statutes; provided, for the avoidance of doubt, such approval by the Florida Office of Insurance Regulation shall not be a condition to the Closing of the transactions contemplated hereunder and Closing shall occur hereunder if such approval has not been obtained and neither Purchaser nor any of its Affiliates shall have any claim against any member of the Seller Group for failure to comply with its obligations hereunder or otherwise in connection therewith.

4.6 Financial Ability.

(a) Purchaser has delivered to the Sellers true, correct and complete copies, as of the date of this Agreement, of the Equity Commitment Letter from the Sponsors to provide, subject to the terms and conditions therein, cash in the aggregate amount to satisfy all of the Purchaser's obligations hereunder (other than the Seller Note Amount but including payments of any consideration hereunder or any Liabilities or Losses payable pursuant to Section 9.2) (the "Equity Financing") which provides that the Sellers are a third party beneficiary thereof.

(b) The Equity Commitment Letter has not been amended or modified, and the commitment contained in the Equity Commitment Letter has not been withdrawn or rescinded in any respect, no such withdrawal, termination, amendment or modification is contemplated or pending, and no event has occurred that, with or without notice, lapse of time or both, would or would reasonably be expected to constitute a default or breach on the part of the Purchaser or any of its respective Affiliates or, to the Knowledge of the Purchaser, any other Person, under any term or condition of the Equity Commitment Letter. Assuming the Equity Financing is funded in accordance with the Equity Commitment Letter, the aggregate proceeds contemplated by the Equity Commitment Letter together with the issuance of the Seller Note will be sufficient when funded for Purchaser to make, in full, the payments described in Article 2 and to pay all fees, costs and expenses related to the Equity Financing and the transactions contemplated by this Agreement and the other Ancillary Documents. The Equity Commitment Letter constitutes the entire and complete agreement between the parties thereto with respect to the Equity Financing and are not subject to any conditions precedent or other contingencies other than as expressly set forth therein and, as of the date hereof, are (x) in full force and effect and (y) the legal, valid, binding and enforceable obligations of the Purchaser and each of the other parties thereto. As of the date hereof, the Purchaser has no reason to believe that any of the conditions to the Equity Financing shall not be satisfied on a timely basis or that the funding contemplated in the Equity Financing shall not be made available to Purchaser on a timely basis in order to consummate the transactions contemplated by this Agreement and to the Knowledge of the Purchaser, there are no facts or occurrences existing on the date hereof that would reasonably be expected to make any of the assumptions or any of the statements set forth in the Equity Commitment Letter inaccurate or that would reasonably be expected to cause the Equity Commitment Letter to be ineffective.

4.7 Investment Intent. The Purchaser is acquiring the Units for its own account and not with a view to their sale or distribution in violation of the Securities Act of 1933, as amended, the rules and regulations thereunder, any applicable state blue sky Laws, or any other applicable securities Laws. The Purchaser is an “accredited investor” as defined in Regulation D promulgated under the Securities Act of 1933, and has sufficient knowledge and experience in financial and business matters so as to be capable of evaluating the merits and risks of its investment in the Units and is capable of bearing the economic risks of such investment.

4.8 Solvency. As of the Closing and immediately after giving effect to the transactions contemplated by this Agreement, including the payment of the Cash Purchase Price and the Seller Note Amount and any amounts which, by the terms of this Agreement, increase the Cash Purchase Price, and all of the related fees and expenses of the Purchaser and its Affiliates in connection therewith and assuming (1) the accuracy of the representations and warranties by the Sellers set forth in Article 3 (for such purposes, such representations shall be true and correct in all material respects without giving effect to any “knowledge”, “materiality”, “Material Adverse Effect” or similar qualification or expectation) and compliance in all material respects by the Sellers with their covenants contained herein, (2) any estimates, projections or forecasts with respect to the Business that have been provided to the Purchaser have been prepared in good faith upon assumptions that were reasonable as of the date provided and (3) immediately prior to the Closing, none of the Companies or the Subsidiaries are insolvent after giving effect to the transactions contemplated by this Agreement, then, immediately after the Closing: (i) the amount of the “fair saleable value” of the assets of the Purchaser, the Companies, the Subsidiaries and the Purchaser’s other subsidiaries will exceed (A) the value of all liabilities of the Purchaser, the Companies, the Subsidiaries and the Purchaser’s other subsidiaries, including contingent and other liabilities, and (B) the amount that will be required to pay the probable liabilities of the Purchaser, the Companies,

the Subsidiaries and the Purchaser's other subsidiaries on their existing debts (including contingent liabilities) as such debts become absolute and matured; (ii) the Purchaser, the Companies, the Subsidiaries and the Purchaser's other subsidiaries will not have an unreasonably small amount of capital for the operation of the businesses in which they are engaged or proposed to be engaged; and (iii) the Purchaser, the Companies, the Subsidiaries and the Purchaser's other subsidiaries will be able to pay their liabilities, including contingent and other liabilities, as they mature. For purposes of the foregoing, "not have an unreasonably small amount of capital for the operation of the businesses in which they are engaged or proposed to be engaged" and "able to pay their liabilities, including contingent and other liabilities, as they mature" means that the Purchaser, the Companies, the Subsidiaries and the Purchaser's other subsidiaries will be able to generate enough cash from operations, asset dispositions or refinancing, or a combination thereof, to meet their obligations as they become due.

4.9 Qualification: Bonding. As of the Closing, the Purchaser will have (and will cause the Companies and the Subsidiaries to have) posted such bonds and other financial assurances, and provided such evidence of financial responsibility, as may be required (to the Knowledge of the Purchaser) for the ownership of such Permits and other assets. To the Knowledge of the Purchaser, no fact or condition exists with respect to the properties and assets of Purchaser which may cause any Governmental Authority to withhold its approval of the transactions contemplated hereby.

4.10 Brokers. The Purchaser does not have any liability or obligation to pay any fees or commissions to any broker, finder, or agent in connection with the negotiation, execution or delivery of this Agreement or any Ancillary Document.

ARTICLE 5 COVENANTS OF THE PARTIES

5.1 Regulatory Compliance: Consents.

(a) Upon the terms and subject to the conditions set forth in this Agreement, each of the Purchaser and the Sellers shall use their reasonable best efforts to assist, consult with and cooperate with each other and any other parties in doing all things necessary, proper or advisable to consummate and make effective, in the most expeditious manner practicable, the transactions contemplated by this Agreement, including using reasonable best efforts to accomplish the following: (i) the taking of all actions necessary to cause the conditions to the Closing to be satisfied as promptly as practicable; (ii) the obtaining of all actions, waivers, Permits, consents, approvals and authorizations from all third parties and all Governmental Authorities required to consummate, or in connection with, the transactions contemplated by this Agreement; (iii) the making of all necessary registrations and filings promptly with the appropriate Governmental Authorities, including any registrations and filings required by the HSR Act; and (iv) the execution and delivery of any additional instruments necessary to consummate the transactions contemplated by, and to fully carry out the purposes of, this Agreement. In addition to and in no way limiting the generality of the foregoing, following the date hereof, the Parties shall in good faith prepare and finalize, in the most expeditious manner practicable, the schedules to the Seller Note, the Pledge and Security Agreement (as defined in the Seller Note) and all related ancillary documentation required to be delivered by Purchaser or its Affiliates pursuant thereto so that such documents and schedules are completed on or prior to the Closing in a form that is

reasonably satisfactory to Purchaser and the Sellers and in a manner that implements the transactions contemplated by this Agreement and the Seller Note; provided that (i) the schedules to Article 6 to the Seller Note shall only include transactions involving the Companies and the Subsidiaries (and not, for the avoidance of doubt, the Purchaser or Holdings (as defined in the Seller Note)) and (ii) the Sellers shall use their reasonable best efforts to provide readily available historical inputs as they pertain to Companies and the Subsidiaries as may be reasonably requested by the Purchaser to complete such schedules.

(b) In furtherance (but not in limitation) of Section 5.1(a), the Purchaser and the Sellers shall each keep the other apprised of the status of matters relating to actions, waivers, Permits, consents, approvals, authorizations, applications, filings and completion of the transactions contemplated by this Agreement and the Ancillary Documents. Subject to applicable Law and other than with respect to filings and disclosures made pursuant to Section 5.4, each of the Purchaser and the Sellers shall have the right to review in advance, and, to the extent practicable, each shall consult the other on, all of the information relating to the Purchaser, the Sellers, the Companies or any of the Subsidiaries, as the case may be, and any of their respective Affiliates, that appear in any filing made with, or written materials submitted to, any third party or any Governmental Authority in connection with the transactions contemplated by this Agreement and the Ancillary Documents. The Purchaser and the Sellers shall promptly (but in no event later than (i) with respect to any required applications, notices or other filings under the HSR Act, five (5) Business Days after the date of this Agreement, or (ii) with respect to any required applications, notices or other filings under any other applicable Law, ten (10) days after the date of this Agreement) make all filings and submissions with Governmental Authorities under applicable Law that are necessary or advisable to consummate, or in connection with, the transactions contemplated by this Agreement and the Ancillary Documents. The Sellers, on the one hand, and the Purchaser, on the other hand, shall each, in connection with the efforts referenced in this Section 5.1 to obtain all requisite Permits for the transactions contemplated by this Agreement under applicable Law, use its reasonable best efforts to: (i) cooperate in all respects with each other in connection with any filing or submission and in connection with any investigation or other inquiry, including any Legal Proceeding initiated by a private party, in each case, regarding any such transaction; (ii) promptly keep the other Party informed of any material communication received by such Party from, or given by such Party to, the FTC, the Antitrust Division of the DOJ, or any other Governmental Authority and of any communication received or given in connection with any Legal Proceeding by a private party, in each case regarding any such transaction; (iii) subject to applicable Law, permit the other Party to review, in advance, any written communication given by it to or received from, and consult with each other in advance of any meeting or conference with, the FTC, the DOJ, or any other Governmental Authority or, in connection with any Legal Proceeding by a private party regarding any such transaction, any other Person, and to the extent permitted by the FTC, the DOJ, or other applicable Governmental Authority or other Person, give the other Party the opportunity to attend and participate, and shall participate and attend upon the request of the other Party, in such meetings and conferences subject to applicable Law; provided, however, that to the extent any of the documents or information provided pursuant to this Section 5.1 are commercially or competitively sensitive, the Sellers or Purchaser, as the case may be, may satisfy its obligations by providing such documents or information to the other Party's outside counsel, with the understanding and agreement that such counsel shall not share such documents and information with its client; provided, further, that materials may also be redacted as necessary to address reasonable attorney-client or other privilege or confidentiality concerns; and (iv) shall, if requested by the other Party or any Governmental Authority, promptly provide information or respond to questions by such Governmental Authority in connection with the subject matter of this Agreement. All fees payable pursuant to this Section 5.1 relating to registrations and filings required by the HSR Act shall be borne by the Purchaser.

(c) Notwithstanding anything contained in Sections 5.1(a) and 5.1(b), Purchaser shall take promptly any and all steps necessary to avoid or eliminate each and every impediment under any Law or decree, order, judgment, injunction, temporary restraining order, or other order that may be asserted by any Governmental Authority or any other Person with respect to the transaction contemplated by this Agreement so as to enable the Closing to occur expeditiously, but in no case later than the Closing Date, including providing information, proposing, negotiating, committing to and/or effecting, by consent decree, hold separate orders, or otherwise, the sale, divestiture or disposition of, or holding separate (through the establishment of a trust or otherwise) such of the assets, properties or businesses of the Business to be acquired by it pursuant hereto as are required to be divested in order to avoid the entry of, or to effect the dissolution of, any decree, order, judgment, injunction, temporary restraining order, or other order in any suit or proceeding, which would otherwise have the effect of materially delaying or preventing the consummation of the transaction contemplated hereby or that would make the consummation of the acquisition of Business in accordance with the terms of this Agreement unlawful. Notwithstanding anything in this Agreement to the contrary, nothing in this Section 5.1 or elsewhere shall require Purchaser or any of its Affiliates (including Apax Partners US, LLC and any investment funds or investment vehicles affiliated with, or managed or advised by Apax Partners US, LLC or any portfolio company (as such term is commonly understood in the private equity industry) or investment of Apax Partners US, LLC or of any such investment fund or investment vehicle) to, and the Sellers shall not, without the prior written consent of Purchaser, agree or otherwise be required to, take any action with respect to Purchaser, or any of its Subsidiaries or Affiliates, including selling, divesting, or otherwise disposing of, licensing, holding separate, or taking or committing to take any action that limits in any respect its freedom of action with respect to, or its ability to retain, any business, products, rights, services, licenses, assets or properties of Purchaser or any of its Subsidiaries or such Affiliates, or any interest therein, other than with respect to the Post-Closing Sellers Group. Without limiting the foregoing, in no event shall the Sellers or any of their respective Subsidiaries or Affiliates propose, negotiate, effect or agree to any action contemplated by this Section 5.1(c) without the prior written consent of Purchaser. In addition, the Purchaser shall defend through litigation on the merits any claim asserted in court by any party in order to avoid entry of, or to have vacated or terminated, any decree, order, or judgment (whether temporary, preliminary, or permanent) that would restrain or prevent the Closing by the Closing Date.

5.2 Interim Period Access.

(a) Upon reasonable notice, subject to applicable HSR and other applicable Laws, the Companies and the Subsidiaries shall afford to the Purchaser and its Representatives, reasonable access during normal business hours during the period from the date of this Agreement to the earlier of the Closing Date or the termination of this Agreement, to the properties and existing books and records of the Business for the sole purpose of enabling the Purchaser to verify the accuracy of the Sellers' representations and warranties contained in this Agreement; provided, however, that any such access shall be conducted (i) in accordance with all policies and procedures

of Seller and the Companies (including any restrictions on physical presence in offices and facilities as a result of COVID-19) at the Purchaser's sole expense, at reasonable times, under the supervision of appropriate personnel of the Companies and the Subsidiaries, in such a manner as to maintain the confidentiality of this Agreement and the transactions contemplated by this Agreement and (iii) not to interfere with the normal operation of the business of the Companies and the Subsidiaries, and the Purchaser shall provide the Sellers with at least three (3) Business Days written notice before such access is granted, along with a description of the activities the Purchaser intends to undertake; provided, further, that no environmental studies or tests (including sampling or testing of the soil, sediment, surface water, groundwater, stream sediments, ambient air or building materials) may be performed with respect to the real property leased by the Companies or the Subsidiaries. Notwithstanding the foregoing provisions of this Section 5.2(a) or any other provision of this Agreement, none of the Companies or the Subsidiaries shall be required to provide to the Purchaser documents that are subject to a confidentiality agreement that has not been duly waived or that are subject to attorney-client privilege or work-product doctrine. The Purchaser agrees that it will not, and it will cause its Representatives and Affiliates not to, use any information obtained pursuant to this Section 5.2 for any purpose unrelated to the consummation of the transactions contemplated hereby. All information obtained by the Purchaser and its Representatives under this Section 5.2 shall be subject to the terms of the Confidentiality Agreement and any applicable privacy Laws regarding personal information.

(b) The Purchaser's and the Purchaser's Affiliates' access to and inspection of the assets of the Business shall be at the Purchaser's sole risk, cost, and expense, and the Purchaser waives and releases all claims against the Sellers, the Companies, the Subsidiaries, and their respective Affiliates, and each of their respective partners, members, officers, directors, employees, attorneys, contactors, agents, or other Representatives, arising in any way therefrom, or in any way connected therewith. The Purchaser agrees to indemnify, defend, and hold harmless the Sellers, the Companies, the Subsidiaries, and their respective Affiliates, and each of their respective partners, members, officers, directors, employees, attorneys, contactors, agents, or other Representatives from and against any and all claims, liabilities, losses, costs, and out-of-pocket expenses (including court costs and reasonable attorneys' fees), including claims, liabilities, losses, costs, and expenses attributable to personal injury, death, or property damage, arising out of, or relating to, access to the books and records of the Companies and the Subsidiaries prior to the Closing by the Purchaser, its Affiliates, or their respective directors, officers, employees, agents, or Representatives, even if caused in whole or in part by the negligence (whether sole, joint, or concurrent), strict liability, or other legal fault of the Companies, the Subsidiaries, or their respective Affiliates or other Representatives. Purchaser recognizes and agrees that all materials, documents, reports, and other information of any type and nature made available to it, its Affiliates or other Representatives, in connection with the transaction contemplated by this Agreement, are made available to it as an accommodation, and without representation or warranty of any kind, whether express, implied, or statutory, as to the accuracy and completeness of such materials, documents, reports, and other information. No warranty of any kind is made by the Sellers, the Companies or the Subsidiaries as to the information supplied to Purchaser or its Affiliates or other Representatives or with respect to the assets to which the information relates. Purchaser expressly agrees that any reliance upon such information, or conclusions drawn from such information, shall be the result of its own independent review and judgment.

5.3 Post-Closing Retention and Access to Records. For a period of seven (7) years following the Closing Date, the Purchaser shall cause the Companies and the Subsidiaries to maintain all books and records relating to the Business, the Companies, and the Subsidiaries for the periods ending on or prior to the Closing Date and shall make them, and any individuals responsible for maintenance of such books and records, reasonably available to the Sellers and their Representatives upon reasonable notice during normal business hours. If at any time after the Closing, any Seller or Representative of any Seller reasonably requires a copy of any such book or record, any Seller shall have the right to promptly obtain a copy thereof from the Purchaser, the Companies or the Subsidiaries at the Purchaser's, the Companies' or the Subsidiaries' cost (as applicable). Notwithstanding the foregoing provisions of this Section 5.3, none of the Purchaser or its Affiliates shall be required to provide any Seller documents that are subject to a confidentiality agreement that has not been duly waived or that are subject to attorney-client privilege or work-product doctrine.

5.4 Press Releases. Neither the Sellers nor the Purchaser, nor any Affiliate or other Representative thereof, shall make any press release or other public announcement regarding the existence of this Agreement, the contents of this Agreement, or the transactions contemplated by this Agreement without the prior written consent of the Purchaser (in the case of announcements by the Sellers or its Affiliates or other Representative) or the Sellers (in the case of announcements by the Purchaser or its Affiliates or other Representatives); provided, however, that the foregoing shall not restrict disclosures by the Purchaser or the Sellers (or any of its Affiliates or other Representatives): (a) to the extent that such disclosures are required by, or advisable under, applicable securities or other Laws or the applicable rules of any stock exchange having jurisdiction over the disclosing Party or its Affiliates (and the Purchaser hereby acknowledges and agrees that AWK is required to publicly file this Agreement, the Seller Note and the Revenue Share Agreement with the U.S. Securities and Exchange Commission); (b) that, subject to Section 5.1(b), are necessary to provide notices, seek waivers, or seek consents necessary for the consummation of the transactions contemplated by this Agreement; (c) in connection with the enforcement of their respective rights under this Agreement; or (d) upon mutual consent of both the Sellers and the Purchasers to release such press release; provided, further, that, in the case of clause (b), each Party shall use its reasonable efforts to consult with the other Party regarding the contents of any such release or announcement prior to making such release or announcement. The Sellers and the Purchaser shall each be liable for the compliance of their respective Affiliates with the terms of this Section 5.4.

5.5 Operation of Business.

(a) From the date of this Agreement until the Closing or earlier termination of this Agreement in accordance with its terms, except as (i) may be expressly required by this Agreement, (ii) previously consented to in writing by the Purchaser or (iii) required by changes to Law, the Sellers shall, and shall cause the Companies and the Subsidiaries to: (A) operate the Business in the Ordinary Course of Business and (B) use commercially reasonable efforts to maintain and preserve intact the current organization, business and franchise of the Companies and the Subsidiaries and to preserve the rights, franchises, goodwill and relationships of its and their respective customers, lenders, suppliers, regulators and others having business relationships with the Companies and the Subsidiaries.

(b) Without limiting the foregoing, from the date of this Agreement until the Closing or earlier termination of this Agreement in accordance with its terms, except as (i) may be expressly required by this Agreement, (ii) previously consented to in writing by the Purchaser (such consent not to be unreasonably withheld, conditioned or delayed), (iii) required by changes to Law, or (iv) as set forth on Schedule 5.5(b), the Sellers shall not, and shall cause the Companies and the Subsidiaries not to:

- (i) take or fail to take any action which would reasonably be expected to cause a Lien to arise with respect to the Units (other than a Permitted Lien);
- (ii) split, combine, or reclassify any outstanding equity securities of any Company or any Subsidiary;
- (iii) repurchase, redeem, or otherwise acquire any Company's or any Subsidiary's interests or securities;
- (iv) adopt a plan or complete or partial dissolution, merger, consolidation, restructuring, recapitalization, or other reorganization of any Company or any Subsidiary;
- (v) issue, deliver or sell, or authorize the issuance, delivery or sale of, any equity securities of any Company or any Subsidiary;
- (vi) amend or otherwise alter, waive, or change any rights or obligations under or with respect to the articles of organization of any Company or any Subsidiary (whether by merger, consolidation or otherwise);
- (vii) liquidate, dissolve, recapitalize, or otherwise wind up any Company or any Subsidiary;
- (viii) change the financial accounting methods, policies, or practices of the Companies and the Subsidiaries except, in each case, as required by applicable Law or GAAP;
- (ix) make, change or revoke any material Tax election, change any accounting period or method with respect to Taxes, file any amended material Tax Return, enter into any closing agreement with respect to material Taxes, settle or compromise any proceeding with respect to any material Tax claim or assessment, surrender any right to claim a refund of a material amount of Taxes, initiate any voluntary disclosure with, or request any ruling from, a Governmental Authority with respect to Taxes, or consent to any extension or waiver of the limitation period applicable to any Taxes of the Company or any Subsidiary;
- (x) acquire (by merger, consolidation, acquisition of equity interest or assets or otherwise), directly or indirectly, any assets, securities, properties, interests or businesses of another Person, other than the acquisition of assets, securities, properties, interests or businesses in the Ordinary Course of Business or in replacement of worn-out, obsolete, or damaged equipment, which are not, individually or in the aggregate, material to the Business;

- (xi) transfer, sell, hypothecate, license, encumber, abandon, allow to lapse or otherwise dispose of (by merger, consolidation, acquisition of equity interests or assets or otherwise) any material assets of any Company or any Subsidiary, except for (i) non-exclusive licenses for Intellectual Property in the Ordinary Course of Business and (ii) distributions of cash to any Seller or its designee prior to the Effective Time;
- (xii) terminate, materially amend, or extend any Material Contract or enter into any Contract that, if in existence on the date of this Agreement, would be required to be disclosed pursuant to Section 3.13(a); (other than the expiration of such Material Contract in accordance with its terms); provided, however, that the Companies and the Subsidiaries may extend or renew, on terms no less favorable in the aggregate to the applicable Company or the applicable Subsidiary, or pursuant to the terms that are set forth in such Material Contract, any Material Contract that is Scheduled to expire in accordance with its terms within twelve (12) months after the date of this Agreement or amend the terms of, or change the forms of, its Service Contracts;
- (xiii) fail to use commercially reasonable efforts (including the expenditure of reasonable funds) to maintain in full force and effect all Permits;
- (xiv) make any loans, advances or capital contributions to, or investments in, any other Person other than accounts receivable in the Ordinary Course of Business and loans, advances or capital contributions to, or investments in, the Company or any Subsidiary;
- (xv) except as required by applicable Law, or required under any Employee Plan or Group Company Plan, (A) increase the compensation or benefits of any Business Employee (other than in the Ordinary Course of Business with respect to Business Employees whose annual compensation is less than \$100,000), (B) establish, adopt, enter into, terminate or amend any Group Company Plan (or any agreement, program, policy or plan that would be a Group Company Plan if it were in existence on the date of this Agreement), (C) hire or terminate (other than for cause) any Business Employees with a level of 40 or above or increase the number of employees satisfying the Service Condition by more than 15% (D) take any action to accelerate the vesting or payment, or the funding of any payment or benefit under, any amount under any Employee Plan (with respect to Business Employees), (E) change the duties of any employee of Sellers or its respective subsidiaries (including the Companies and the Subsidiaries) such that such employee becomes a Business Employee or ceases to be a Business Employee or (F) cause or permit the Companies or Subsidiaries to make any loans or advances to, or guarantees for the benefit of, any other Person (except participant loans made by the Seller 401(k) Plans pursuant to the terms of the applicable Seller 401(k) Plan) other than advances to Business Employees for business expenses to be incurred in the Ordinary Course of Business;

- (xvi) (A) pay, settle, waive, or compromise any suit, claim, arbitration, or other Legal Proceeding involving or against any Company or any Subsidiary other than any such claims (or series of related claims) seeking solely monetary damages; provided, however, that the payment of amounts for such claims are paid in full prior to the Closing, or are reflected in Net Working Capital as a Current Liability or (B) other than in response to an unsolicited inquiry following consultation with the Purchaser and subject to the terms of the Common Interest and Cooperation Agreement, make any disclosure to any regulatory or licensing authority, end customers, utility partners or other third parties (other than the EDNY (as defined in the Common Interest and Cooperation Agreement) with respect to the Covered Matters (as defined in the Common Interest and Cooperation Agreement);
- (xvii) enter into any Contract with any Seller or Affiliate of any Seller (other than the Companies and the Subsidiaries), on the one hand, and any Company or any Subsidiary, on the other hand;
- (xviii) make or commit to make any capital expenditure over \$500,000 in the aggregate other than those set forth in Schedule 5.5(b)(xviii);
- (xix) enter into any new line of business other than the Business;
- (xx) make any materially adverse change to the security of any Company Systems;
- (xxi) allow any Insurance Policy to lapse or otherwise terminate, except if replaced by a substantially similar insurance policy without any gaps in coverage;
- (xxii) pay payables and other accrued liabilities or collect receivables in any manner other than in the Ordinary Course of Business in all material respects; and
- (xxiii) agree to do any of the foregoing.

(c) The Purchaser's approval of any action restricted by this Section 5.5 shall not be unreasonably withheld, conditioned or delayed and shall be considered granted in full within ten (10) days (unless a shorter time is, in the reasonable discretion of the Sellers, required by the circumstances and such shorter time is specified in Sellers' notice requesting consent) of the Seller's notice to the Purchaser requesting such consent unless the Purchaser notifies the Seller to the contrary during that period.

(d) For purposes of the covenants contained in this Section 5.5, any change, event, circumstance, development, condition, occurrence, state of facts, or effect relating to or arising from COVID-19, and any action taken by any Company or any Subsidiary relating to or arising from COVID-19, shall not constitute a breach of such covenants, including any change, event, circumstance, development, condition, occurrence, state of facts, or effect, or act or omission of any Company or any Subsidiary, relating to or arising from one or more Laws or orders of Governmental Authorities relating to COVID-19.

5.6 Employee Matters.

(a) Employee List Updates; No Participation After Closing Date. Revisions to the Employee List following the date of this Agreement shall be made by Seller periodically prior to the Closing Date to reflect new hires, employment terminations, changes to employment status and any other change thereto which are not prohibited by this Agreement, and Seller shall provide an updated Employee List to Purchaser three (3) Business Days prior to the Closing Date. The Sellers shall take such action as necessary to ensure that each of the Companies and the Subsidiaries is no longer a participating employer eligible to participate in any of the Employee Plans on or after the Closing Date other than Group Company Plans. With respect to Employee Plans in which the Companies or the Subsidiaries cease to be participating employers, the Sellers shall take such action as necessary to ensure that all current or former employees of the Companies and the Subsidiaries (the "Applicable Employees"), and their dependents (as applicable), cease to participate in the Employee Plans on and after the Closing Date, except to the extent they, or their dependents, beneficiaries or alternate payees are entitled to receive a previously accrued benefit under an Employee Plan not transferred to the Purchaser under this Agreement.

(b) Purchaser Obligation for Employment Terms and Benefits. For the twelve (12) month period following the Closing Date, the Purchaser shall, or shall cause the Company to, provide each Applicable Employee as of the Closing Date who remains employed by the Company or the Subsidiary (each, a "Continuing Employee") with the following, for so long as such Continuing Employee remains employed by the Company or the Subsidiary: (A) base salary or hourly wages which are no less than the base salary or hourly wages provided thereto by the Companies or the applicable Subsidiary immediately prior to the Closing; (B) target cash award and other annual cash incentives (including, for the avoidance of doubt, the 2021 target cash award) and commission opportunities which are no less than the target cash award and other annual cash incentives and commission opportunities provided thereto by the Companies or the applicable Subsidiary immediately prior to the Closing; (C) 401(k) and health and welfare benefits that are substantially comparable in the aggregate than those provided thereto by the Company or the applicable Subsidiary immediately prior to the Closing; and (D) severance benefits that are no less favorable than the practice, plan or policy in effect therefor immediately prior to the Closing Date. Nothing in this Agreement shall be construed as requiring the Purchaser, the Companies, or the Subsidiaries to continue the employment of any specific person.

(c) Prior Service and Other Credits.

- (i) With respect to the employee benefit plans (within the meaning of Section 3(3) of ERISA), programs, policies, fringe benefits, or arrangements (whether written or unwritten of the Purchaser or its Affiliates (collectively the "Purchaser Employee Plans"), all periods of service with the Companies, the Subsidiaries or any ERISA Affiliate, or any predecessor entity of either, by any Continuing Employee prior to the Closing Date shall be credited for purposes of (vesting and eligibility, benefit accrual and/or level of benefits) under the Purchaser Employee Plans, including but not limited to fringe benefit plans, sick leave policies, vacation, severance plans or policies (subject to any retention agreements), defined contribution, and matching contributions under defined contribution plans (but excluding benefits under a defined benefit pension plan, any benefit plan that provides retiree welfare benefits, or any benefit plan that is a frozen plan or provides grandfathered benefits); provided, however, that, except as expressly provided in this Section 5.6, such service need not be recognized to the extent that such recognition would result in any duplication of benefits for the same period of service.

- (ii) With respect to any Purchaser Employee Plans which are welfare plans as defined in Section 3(1) of ERISA to which any Continuing Employee may become eligible, the Purchaser shall cause such Purchaser Employee Plans to provide credit for the year in which the Closing occurs for any co-payments, deductibles, maximum out-of-pocket payments by such employees, and to waive all pre-existing condition exclusions and waiting periods, to the extent permitted by the insurance carriers for Purchaser Employee Plans without additional cost.
- (iii) Solely to the extent the Closing occurs during calendar year 2021, effective as of the last day of the month in which the Closing occurs (the "FSA End Date"), Continuing Employees who participate in an Employee Plan that is a flexible spending account plan (such accounts, the "Seller FSA" and such participants in the FSA, "FSA Participants") shall no longer be eligible to contribute to the Seller FSA except as otherwise provided by and in accordance with COBRA. Effective as of the Closing Date, Purchaser or one of its Affiliates, shall establish a flexible spending account plan which shall (i) permit immediate participation as of the first day of the month immediately following Closing for all FSA Participants and (ii) accept for reimbursement any claims related to the calendar year in which the Closing Date occurs and eligible for reimbursement on the basis of participant elections initially made under the Seller FSA, to the extent such claims have not been previously reimbursed by Seller or the Company. The salary reduction election of FSA Participants under the Seller FSA will be continued by the Purchaser or its Affiliate following Closing (and no such FSA Participant shall be able to change such an election as a result of the transactions contemplated by this Agreement). The Seller shall provide to the Purchaser as soon as administratively feasible, but in no event later than ten (10) Business Days following the date of this Agreement, a Schedule setting forth the FSA Participants and (x) if applicable, the amount each FSA Participant has elected to contribute to the Seller FSA for the calendar year in which the Closing Date occurs and (y) the account balance of each FSA Participant (the "FSA Balances"). In addition, the Seller shall provide to the Purchaser as soon as administratively feasible, but in no event later than ten (10) Business Days, following the FSA End Date, an updated Schedule setting forth the FSA Balance for each FSA Participant as of the FSA End Date. To the extent the FSA Balances in the aggregate are positive, the Seller shall make a payment to the Purchaser equal to the aggregate positive FSA Balances by the fifteenth (15th) Business Day following the Closing Date. To the extent the FSA Balances in the aggregate are negative, the Purchaser shall make a payment to the Seller equal to the aggregate negative FSA Balances by the fifteenth (15th) Business Day following the Closing Date. The Seller shall reasonably cooperate with the Purchaser in order to effectuate the foregoing, including by providing the FSA Participants' claims history, to the extent permitted by applicable Law, under the Seller FSA in order to verify the FSA Balances. Notwithstanding the foregoing, no Continuing Employee who elects COBRA continuation coverage with respect to such Continuing Employee's flexible spending account shall be considered an FSA Participant and any such Continuing Employee's flexible spending account balance shall not be an FSA Balance.

- (iv) The Purchaser shall cause the Company and the Subsidiary to recognize and assume liability for vacation days and previously accrued and reserved for by the Companies and the Subsidiary as of the Closing Date.

(d) Health and Welfare Benefits. Sellers shall be responsible for all (a) medical, vision, dental and prescription drug claims for expenses incurred by any Applicable Employee or his or her dependents, (b) claims for short-term and long-term disability income benefits incurred by any Applicable Employee and (c) claims for group life, travel and accident and accidental death and dismemberment insurance benefits incurred by any Applicable Employee, in each case, prior to the Closing. Purchaser shall be, or shall cause its Affiliates to be, responsible for all (i) medical, vision, dental and prescription drug claims for expenses incurred by any Continuing Employee or his or her dependents, (ii) claims for short-term and long-term disability income benefits incurred by any Continuing Employee and (iii) claims for group life, travel and accident and accidental death and dismemberment insurance benefits incurred by any Continuing Employee, in each case, on or after the Closing. Except in the event of any claim for workers compensation benefits, for purposes of this Agreement, the following claims and liabilities shall be deemed to be incurred as follows: (x) medical, vision, dental or prescription drug benefits (including hospital expenses), upon provision of the services, materials or supplies comprising any such benefits and (y) short- and long-term disability, life, accidental death and dismemberment and business travel accident insurance benefits, upon the death, illness, injury or accident giving rise to such benefits. Sellers shall be responsible for all claims for workers compensation benefits that are incurred prior to the Closing by any Applicable Employee to the extent such claims are covered under a workers' compensation plan or policy maintained or owned by Sellers or their Affiliates. Purchaser and its Affiliates shall be responsible for all claims for workers compensation benefits that are incurred on or after the Closing by any Continuing Employee to the extent such claims are covered under a workers' compensation plan or policy maintained or owned by Purchaser or its Affiliates. A claim for workers compensation benefits shall be deemed to be incurred when the event giving rise to the claim (the "Workers Compensation Event") occurs. If the Workers Compensation Event occurs over a period both preceding and following the Closing, the claim shall be the responsibility and liability of Purchaser.

(e) 401(k) Plan. The Sellers shall retain the Savings Plan for Employees of American Water Works Company, Inc. and its designated Subsidiaries (the "Savings Plan"), and Applicable Employees shall be entitled to a distribution from the Savings Plan after the Closing Date to the extent permitted by the Savings Plan and applicable Law. The Sellers, if applicable, shall amend the Savings Plan to (i) fully vest the Applicable Employees as of the Closing Date and (ii) allow Applicable Employees to continue to make loan payments on any outstanding participant loan following the Closing Date provided any such Applicable Employee retains a balance in the Savings Plan. The Continuing Employees shall be eligible to commence participation in a Purchaser-designated 401(k) savings plan as soon as administratively practicable following the Closing Date and shall be permitted to rollover their account balances from the Savings Plan, including any outstanding loans.

(f) Nothing in this Agreement is intended to amend any Employee Plan or affect the Sellers', the Companies', the Subsidiaries', or any ERISA Affiliate's right to amend or terminate any Employee Plan pursuant to the terms of such plan. Nothing in this Agreement is intended to amend any Purchaser Employee Plan or affect the Purchaser's or any of the Purchaser's Affiliate's right to amend or terminate any the Purchaser Employee Plan pursuant to the terms of such plan. This Section 5.6 shall be binding upon and inure solely to the benefit of each of the Parties to this Agreement, and nothing in this Section 5.6, express or implied, shall confer upon any other Person any rights or remedies of any nature whatsoever under or by reason of this Section 5.6. Nothing contained in this Agreement, express or implied, shall be construed to establish, amend or modify any benefit plan, program, agreement or arrangement. The Parties acknowledge and agree that the terms set forth in this Section 5.6 shall not create any right in any employee or any other Person to any continued employment with the Companies, the Subsidiaries, the Purchaser or any of their respective Affiliates or compensation or benefits of any nature or kind whatsoever.

(g) From and after the date hereof until the Closing Date, Purchasers and Sellers shall cooperate in good faith regarding any written communications to be distributed to any Business Employees relating to the transactions contemplated by this Agreement or post-Closing terms of employment, and Purchaser shall consult with Sellers and obtain Sellers' consent before distributing any communications to any Business Employees. Sellers shall not (i) take any action that would impede, hinder, interfere or otherwise compete (directly or indirectly) with Purchaser's effort to employ any Business Employee or (ii) enforce against any Continuing Employee any non-compete or other restrictive covenant that would restrict or prohibit in any manner such employee's ability to be employed by Purchaser or any of its Affiliates, or such employee's employment or ability to provide services to Purchaser or any of its Affiliates in any capacity from and after the Closing. Sellers shall assign to Purchaser all of Seller's right in, and interest as a beneficiary under, the Contracts, Employee Plans or other arrangements set forth on Schedule 5.6(g).

5.7 Further Assurances. After Closing, the Sellers and the Purchaser each agree to take such further actions and to execute, acknowledge and deliver all such further documents as are reasonably requested by the other for carrying out the purposes of this Agreement or of any document delivered pursuant to this Agreement, all at the sole cost and expense of the requesting Party.

5.8 Exclusivity. From and after the date of this Agreement and until the earlier of the Closing Date or the termination of this Agreement in accordance with its terms, except for the transactions contemplated by this Agreement, without the prior written consent of the Purchaser, the Sellers shall not, and shall cause the Companies, the Subsidiaries, and their respective Affiliates, not to, directly or indirectly, solicit, encourage or enter into any negotiation, discussion or Contract with any Person, with respect to the sale of the Units or any other voting or equity interests of any Subsidiary, or all or substantially all of the assets of any Company or any Subsidiary, or any merger, recapitalization or similar transaction with respect to any Company or any of the Subsidiaries.

5.9 Termination of Affiliate Obligations. Except with respect to liabilities relating to employment relationships and the payment of employment compensation and benefits in the Ordinary Course of Business, and except for the matters described on Schedule 5.9, the Sellers shall cause the termination, settlement, cancellation, or assignment of, effective as of or prior to the Effective Time, all Contracts, Intercompany Debt and obligations between the Companies and the Subsidiaries, on the one hand, and Sellers or its Affiliates (other than the Company and the Subsidiaries), on the other hand (collectively, the "Terminated Affiliate Obligations"). On and after the Closing, none of the Purchaser, the Companies, the Subsidiaries or any of their Affiliates shall have any obligations or liabilities arising out of or pursuant to any Terminated Affiliate Obligations.

5.10 Confidentiality.

(a) For five (5) years after the Closing Date, the Sellers shall (and shall cause its Affiliates to) maintain as confidential, and shall not (and shall cause their representative Affiliates to not) use or disclose, except as required by Law or as authorized in writing by the Purchaser, any Confidential Information. The Sellers shall take all appropriate steps (and to cause each of their representative Affiliates to take all appropriate steps) to safeguard such Confidential Information and to protect it against disclosure, misuse, espionage, loss and theft, using the standard of care that they each use to protect their own similar confidential information (and in no event less than a reasonable standard of care). In the event any Seller or any of its Affiliates is required by Law to disclose any Confidential Information, the Seller shall promptly notify the Purchaser in writing, which notification shall include the nature of the legal requirement and the extent of the required disclosure. The foregoing shall not apply to press releases or other announcements pursuant to Section 5.4 or Confidential Information that: (i) is or becomes available to the public, other than as a result of breach of this Section 5.10(a) by any Seller; (ii) is acquired independently from a third Person that represents to any Seller or its Affiliate that it has, and such Seller or such Affiliate does not otherwise have reason to believe that such Person does not have, the right to disseminate such information at the time it is acquired by such Seller or Affiliate; or (iii) is used or disclosed by any Seller or its Affiliate in the enforcement of this Agreement or any Seller's rights under this Agreement or under any document executed pursuant to the transactions contemplated hereby. The Confidentiality Agreement shall terminate and be of no further force or effect as of the Closing.

(b) The Sellers acknowledge and agree that the remedy at law for any breach, or threatened breach, of any of the provisions of this Section 5.10 will be inadequate and, accordingly, the Sellers covenant and agree that the Purchaser shall, in addition to any other rights and remedies which the Purchaser may have at Law, be entitled to equitable relief, including injunctive relief, and to the remedy of specific performance with respect to any breach or threatened breach of this Section 5.10, as may be available from any court of competent jurisdiction. In addition, the Sellers and the Purchaser agree that the terms of this Section 5.10 are fair and reasonable and are necessary to accomplish the full transfer of the goodwill and other intangible assets contemplated hereby. In the event that any of the covenants contained in this Section 5.10 shall be determined by any court of competent jurisdiction to be unenforceable for any reason whatsoever, then any such provision or provisions shall not be deemed void, and the Parties hereto agree that said limits may be modified by the court and that said covenant contained in this Section 5.10 shall be amended in accordance with said modification, it being specifically agreed by the Parties that it is their continuing desire that this covenant be enforced to the full extent of its terms and conditions or if a court finds the scope of the covenant unenforceable, the court should redefine the covenant so as to comply with applicable Law.

5.11 Directors' and Officers' Insurance.

(a) From and after the Closing Date, the Purchaser, the Companies and the Subsidiaries (each, a "D&O Indemnifying Person") shall indemnify, defend and hold harmless each Person who is now, or has been at any time prior to the Closing Date, an officer, director, employee, equityholder, member or manager of any Company or any Subsidiary (collectively, the "Company Indemnified Agents") against all losses, claims, damages, costs, expenses, liabilities or judgments or amounts that are paid in settlement with the approval of the D&O Indemnifying Person (which approval shall not be unreasonably delayed, conditioned, or withheld) or in connection with any claim, action, suit, proceeding or investigation based in whole or in part on, or arising in whole or in part out, of the fact that such Person is or was a director, officer, employee, equityholder, member or manager of any Company or any Subsidiary and arising out of actions or omissions occurring at or prior to the Closing Date and whether asserted or claimed prior to, at, or after, the Closing Date, but only to the extent any Company or any Subsidiary would be required to do so as of the date of this Agreement; provided, that each D&O Indemnifying Person shall only be required to indemnify a Company Indemnified Agent pursuant to this Section 5.11 to the extent it is permitted under the Law of the state of its formation to indemnify directors, officers, managers, equityholders, members and employees, as the case may be (and the Purchaser, the Companies and the Subsidiaries, as the case may be, will pay expenses in advance of the final disposition of any such action or proceeding to each Company Indemnified Agent to the fullest extent permitted by Law). The Purchaser agrees that the indemnification obligations set forth in the Companies' and the Subsidiaries' governing documents shall survive the Closing and shall not be amended, repealed or otherwise modified for a period of six (6) years after the Closing in any manner that would adversely affect the rights thereunder of any Company Indemnified Agent.

(b) Each Company Indemnified Agent under this Section 5.11 will, promptly after the receipt of notice of the commencement of any action or other proceeding against such Company Indemnified Agent in respect of which indemnity may be sought from a D&O Indemnifying Person under this Section 5.11, notify the D&O Indemnifying Person in writing of the commencement thereof. The failure of any Company Indemnified Agent to notify a D&O Indemnifying Person of any such action shall not relieve such D&O Indemnifying Person from any liability which it may have to such Company Indemnified Agent, unless, and only to the extent that, such failure actually and materially prejudices the D&O Indemnifying Person. In case any such action or other proceeding shall be brought against any Company Indemnified Agent and it shall notify the D&O Indemnifying Person of the commencement thereof, the D&O Indemnifying Person shall be entitled to participate therein and, to the extent that it may wish, to assume the defense thereof, with counsel reasonably satisfactory to such Company Indemnified Agent; provided, however, that any Company Indemnified Agent may, at its own expense, retain separate counsel to participate in such defense. Notwithstanding the foregoing, in any action or proceeding in which both the D&O Indemnifying Person and a Company Indemnified Agent are, or are reasonably likely to become, a party, such Company Indemnified Agent shall have the right to employ separate counsel at the D&O Indemnifying Person's expense and to control its own defense of such action or proceeding if, based on the advice of counsel to such Company Indemnified Agent, (a) there are or may be legal defenses available to such Company Indemnified Agent or to other Company Indemnified Agents that are different from or additional to those available to the D&O Indemnifying Person or (b) any conflict or potential conflict exists between the D&O Indemnifying Person and such Company Indemnified Agent that would make such separate representation advisable. The D&O Indemnifying Person shall not, without the consent of the Company Indemnified Agent, consent to the entry of any judgment or enter into any

settlement which (i) does not include as an unconditional term thereof the giving by the claimant or plaintiff to such Company Indemnified Agent of a release from all liability in respect to such claim or litigation or (ii) requires action by the Company Indemnified Agent. The rights accorded to Company Indemnified Agents under this Agreement shall be in addition to any rights that any Company Indemnified Agent may have at common law, by separate agreement or otherwise.

(c) Purchaser has obtained, or shall obtain prior to Closing, a prepaid "tail" officers' and directors' liability insurance policy for a term of no less than six (6) years following Closing covering the Persons who are presently covered by the officers' and directors' liability insurance policies maintained by an Affiliate of the Sellers covering officers and directors of the Companies and the Subsidiaries (copies of which have been made available to the Purchaser) with respect to actions and omissions occurring prior to the Closing Date that provides coverage from insurance carriers with the same or better credit ratings as the Companies' and the Subsidiaries' current insurance carrier with respect to officers' and directors' liability insurance and fiduciary duty insurance with a policy limit of \$35 million and otherwise not less favorable than provided by such insurance in effect on the date of this Agreement set forth on Schedule 5.11(c); provided, Purchaser shall not be required to provide or purchase any coverage related to the Covered Matters (as defined in the Common Interest and Cooperation Agreement). The Purchaser shall pay any applicable premiums for such insurance.

(d) The provisions of this Section 5.11 are intended to be for the benefit of, and shall be enforceable by, each Company Indemnified Agent, his or her heirs and his or her Representatives.

5.12 Purchaser's Due Diligence Investigation.

(a) The Purchaser acknowledges and agrees that none of the Sellers, the Companies or the Subsidiaries nor any of their respective Affiliates or Representatives has made any representations or warranties regarding the Sellers, the Companies, the Subsidiaries, any of their respective businesses or assets or the Units or equity interests of the Subsidiaries or otherwise in connection with the transactions contemplated hereby, other than the representations and warranties expressly set forth in Article 3. Without limiting the generality of the foregoing, the Purchaser acknowledges and agrees that no projections, forecasts, predictions, other estimates, data, financial information, documents, reports, statements (oral or written), summaries, abstracts, descriptions, presentations (including any management presentation or facility tour), memoranda, or offering material with respect to the Companies or the Subsidiaries or the Units or equity interests of the Subsidiaries, is or shall be deemed to be a representation or warranty by the Sellers, the Companies or the Subsidiaries to the Purchaser under this Agreement or otherwise, and that the Purchaser has not relied thereon in determining to execute this Agreement or any Ancillary Document to which Purchaser is or will be a party and proceed with the transactions contemplated hereby. The Purchaser further acknowledges and agrees that materials it and its Representatives have received from the Sellers, the Companies, the Subsidiaries and their respective Affiliates or Representatives, including any investment banker or broker, include projections, forecasts and predictions relating to the Business and that (i) there are uncertainties inherent in attempting to make such projections, forecasts and predictions, (ii) the Purchaser is familiar with such uncertainties and is taking full responsibility for making its own evaluation of the adequacy and accuracy of all projections, forecasts, predictions and information so furnished (iii) the Purchaser

shall not have any claims against the Sellers, the Companies, the Subsidiaries or their respective Affiliates or Representatives, including any investment banker or broker, with respect thereto, and (iv) the Purchaser has not relied thereon. The Purchaser acknowledges that, except for the representations and warranties expressly set forth in Article 3, no Person has been authorized by the Sellers, the Companies or the Subsidiaries to make any representation or warranty regarding the Sellers, the Companies or the Subsidiaries, any of their respective businesses or assets, the Units or equity interests of the Subsidiaries or the transactions contemplated hereby and, if made, such representation or warranty may not be relied upon as having been authorized by the Sellers, the Companies or the Subsidiaries.

(b) The Purchaser acknowledges and agrees that it: (i) has made its own inquiry and investigation into, and, based thereon and on the representations and warranties expressly set forth in Article 3, has formed an independent judgment concerning the Companies and the Subsidiaries, their businesses and the Units and the equity interests of the Subsidiaries; and (ii) has conducted such investigations of the Companies and the Subsidiaries, their businesses and the Units and equity interests of the Subsidiaries as the Purchaser deems necessary to satisfy itself as to the operations and conditions thereof, and will rely solely on such investigations and inquiries, and the representations and warranties expressly set forth in Article 3. The Purchaser further acknowledges and agrees that it will not at any time assert any claim against the Sellers, the Companies, the Subsidiaries or any of their respective present and former Affiliates or Representatives, including any investment banker or broker, or attempt to hold any of such Persons liable, for any inaccuracies, misstatements or omissions with respect to the information furnished by such Persons concerning the Sellers, the Companies or the Subsidiaries, any of their respective businesses or assets or the Units or equity interests of the Subsidiaries, other than for any inaccuracies or misstatements in the representations and warranties set forth in Article 3 (subject to the limitations and expiration set forth in Article 10).

(c) The Purchaser is (or its advisors are) experienced and knowledgeable in the Business and is aware of the risks of owning and operating the Business. The Purchaser acknowledges and affirms that: (a) it has been given such access to the Business, been afforded the opportunity to ask all questions of the Sellers, the Companies, the Subsidiaries and their Affiliates and Representatives, and completed such independent investigation, verification, reviews, analysis, and evaluation of the Companies, the Subsidiaries, and the Business, as it has deemed necessary or appropriate to enter into this Agreement and the other Ancillary Document to which Purchaser is a party that will be executed and delivered concurrently with this Agreement; and (b) prior to the Closing, it will have completed its independent investigation, verification, analysis, and evaluation of the Companies, the Subsidiaries, and the Business and made all such reviews and inspections of Companies, the Subsidiaries, and the Business as it deems necessary or appropriate to enter into the other Ancillary Documents to which Purchaser will be a party on or prior to Closing, and to consummate the transactions contemplated by this Agreement and such Ancillary Documents. Except for the representations and warranties expressly made by Sellers in Article 3 of this Agreement or the certificate to be delivered to the Purchaser pursuant to Section 7.2(d), the Purchaser acknowledges that there are no representations or warranties, express or implied, as to the financial condition, liabilities, operations, business, or prospects of the Companies, the Subsidiaries, and the Business and that, in making its decision to enter into this Agreement and the other Ancillary Document to which Purchaser is or will be a party, and to consummate the transactions contemplated hereby and thereby, the Purchaser has relied solely

upon its own independent investigation, verification, analysis, and evaluation. The Purchaser understands and acknowledges that neither the United States Securities and Exchange Commission nor any Governmental Authority or foreign government, agency or instrumentality has passed upon the Units, the equity interests of the Subsidiaries, the Companies, the Subsidiaries, or the Business or made any finding or determination as to the fairness of an investment in any of the foregoing or the accuracy or adequacy of the disclosures made to the Purchaser, and, except as set forth in Article 9, the Purchaser is not entitled to cancel, terminate, or revoke this Agreement.

(d) The Purchaser acknowledges that the Purchase Price has been negotiated based upon the Purchaser's express agreement that should the Closing occur, the Purchaser will acquire the Companies and the Subsidiaries and their equity interests, businesses, properties, assets and liabilities in an "as is" condition and on a "where is" basis, without any representation or warranty of any kind, express or implied, except such representations and warranties expressly set forth in Article 3. Further, without limiting any representation or warranty set forth in Article 3, and without limitation or prejudice to Purchaser's rights pursuant to Section 5.2 hereof, the Purchaser acknowledges that it has waived and hereby waives as a condition to the Closing or otherwise any further due diligence reviews, inspections or examinations with respect to the Companies, the Subsidiaries and the Units and equity interests of the Subsidiaries, including with respect to engineering, environmental, title, survey, financial, operational, regulatory and legal compliance matters.

5.13 Release of Support Obligations.

(a) The Purchaser recognizes that the Sellers and their Affiliates have provided guarantees or other credit support to the Companies and/or the Subsidiaries, all of which that are outstanding as of this Agreement are set forth on Schedule 5.13 (such support obligations set forth on Schedule 5.13, hereinafter referred to as "Support Obligations").

(b) Prior to the Closing, the Purchaser and the Sellers shall cooperate, and each shall use its commercially reasonable efforts to, effect the full and unconditional release, effective as of the Closing Date, of the Sellers and their Affiliates (other than the Companies or the Subsidiaries) from all Support Obligations, and in the case of the Purchaser, by:

- (i) furnishing a letter of credit to replace each existing letter of credit that is a Support Obligation containing terms and conditions that are no less favorable to the terms and conditions of such existing letter of credit and from lending institutions that have a credit rating commensurate with or better than that of lending institutions for such existing letter of credit;
- (ii) instituting an escrow arrangement to replace each existing escrow arrangement that is a Support Obligation on terms no less favorable to the counterparty of such existing escrow arrangement;
- (iii) furnishing a guaranty to replace each existing guaranty that is a Support Obligation, which replacement guaranty is issued by a Person having a credit rating at least equal to "investment grade" and containing terms and conditions that no less favorable to the terms and conditions of such existing guaranty;

- (iv) posting a surety or performance bond to replace each existing surety or performance bond that is a Support Obligation, which replacement surety or performance bond is issued by a Person having a net worth and credit rating at least equal to those of the issuer of such existing surety or performance bond, and containing terms and conditions that are no less favorable to the terms and conditions of such existing surety or performance bond; and/or
- (v) replacing any other security agreement or arrangement on no less favorable terms and conditions to the existing security agreement or arrangement that is a Support Obligation.

(c) The Purchaser shall cause the beneficiary or beneficiaries of such Support Obligations to: (i) remit any cash or other asset to a Seller or one of its Affiliates, as applicable, held under any escrow arrangement that is a Support Obligation promptly following the replacement of such escrow arrangement pursuant to Section 5.13(b)(ii); and (ii) terminate, surrender and redeliver to a Seller or one of its Affiliates the copy of each original guaranty, letter of credit or other instrument constituting or evidencing such Support Obligations.

(d) If the Purchaser and the Sellers are not successful, following the use of commercially reasonable efforts, in obtaining the complete and unconditional release of the Sellers and their Affiliates (other than the Company and the Subsidiaries) from any Support Obligations by the Closing Date (each such unreleased Support Obligation, until such time as such Support Obligation is released in accordance with Section 5.13(d)(i), a “Continuing Support Obligation”), then:

- (i) from and after the Closing Date, the Purchaser and the Sellers shall continue to cooperate, and each shall continue to use its commercially reasonable efforts, to obtain promptly the full and unconditional release of the Sellers and their Affiliates from each Continuing Support Obligation;
- (ii) the Purchaser shall indemnify the Sellers and their Affiliates from and against any liabilities, losses and reasonable out-of-pocket costs or expenses incurred by the Sellers and their Affiliates from and after the Closing Date in connection with each Continuing Support Obligation (including any demand or draw upon, or withdrawal from, any Continuing Support Obligation) until such time as such Continuing Support Obligation is released in accordance with Section 5.13(d)(i);
- (iii) the Purchaser shall not, and shall cause its Affiliates, including in all events the Companies and the Subsidiaries, not to, effect any amendments or modifications or any other changes to the Contracts or obligations to which any of the Continuing Support Obligations relate, or to otherwise take any action that could increase, extend or accelerate the liability of the Sellers or any of their Affiliates under any Continuing Support Obligation, without the Sellers’ prior written consent, which, subject to the application of the provisions of this Section 5.13(d) to any such increase, extension or acceleration, shall not be unreasonably withheld or delayed; and

- (iv) the Seller shall not, and shall cause its Affiliates not to, cancel or otherwise effect any amendments or modifications or any other changes to the Continuing Support Obligations that could increase, extend or accelerate the liability of the Purchaser or any of their Affiliates under any Continuing Support Obligation, without the Purchaser's prior written consent, which, subject to the application of the provisions of this Section 5.13(d) to any such increase, extension or acceleration, shall not be unreasonably withheld or delayed.

5.14 Sellers' Marks. From and after the Closing, except as permitted by the License Agreement, (i) the Companies and the Subsidiaries shall cease all use of (including in any domain name, and shall not register) all Trademarks owned by Seller or any of its Affiliates and identified on Schedule 5.145.5(b) (collectively, the "Seller Marks"), and (ii) the Purchaser shall not, and shall cause its Affiliates, including in all events the Companies and the Subsidiaries, not to, use (including in any domain name, and shall not register) any Seller Marks, or any recognizable abbreviation or derivation thereof or any Trademark confusingly similar thereto. From and after the Closing, Purchaser shall not, and shall cause its Affiliates, including in all events the Companies and the Subsidiaries, not to, challenge the validity, enforceability or use (including registration) by Seller or any of its Affiliates or licensees of any of the Seller Marks, so long as any such use does not violate the License Agreement.

5.15 Intellectual Property Covenants: Websites and Social Media Sites.

(a) Effective as of the Closing Date:

- (i) Sellers, on behalf of themselves and their respective Affiliates (as of the Closing Date) (excluding the Companies and the Subsidiaries, the "Seller Covenant Parties"), hereby covenants to Purchaser that none of the Seller Covenant Parties shall bring any Legal Proceeding against the Purchaser Covenant Parties that alleges that the current and future operation of the Business infringes any Intellectual Property other than Trademarks that, in each case, is (x) owned by the Seller Covenant Parties as of the Closing Date and (y) used in the Business on or at any time during the twelve (12) month period prior to the Closing Date.
- (ii) Purchaser, on behalf of itself, the Companies and their Affiliates (the "Purchaser Covenant Parties") hereby covenants to the Seller Covenant Parties that none of the Purchaser Covenant Parties shall bring any Legal Proceeding against any of the Seller Covenant Parties that alleges that the current and future operation of the retained businesses of the Seller Covenant Parties infringes any Intellectual Property, other than Trademarks, that, in each case, is (x) owned by the Companies or the Purchaser Covenant Parties as of the Closing Date and (y) used in the retained businesses of the Seller Covenant Parties on or at any time during the twelve (12) month period prior to the Closing Date.
- (iii) The covenants in Sections 5.15(a)(i) and (ii) extend to the contractors, service providers, distributors, resellers and end-users of the applicable Seller Covenant Parties or the Purchaser Covenant Parties, as applicable, with respect to the Business or retained businesses, as applicable, of the Seller Covenant Parties or the Purchaser Covenant Parties, as applicable, but not with respect to other products or services of such third parties.

- (iv) The above covenants are deemed to run with the Intellectual Property subject thereto and shall automatically be binding upon any assignee thereof.

(b) At Purchaser's request, for up to 180 days after the Closing Date, Seller shall display on all of its and its applicable Affiliates' website and social media sites set out on Schedule 5.15(b) a mutually agreed statement about the transactions contemplated herein and link to a website and social media sites designated by Purchaser.

5.16 Transfer of Assets. Notwithstanding anything in this Agreement to the contrary, in addition to the purchase of the Units, the Sellers shall and cause its respective Affiliates to convey, assign and transfer to the Companies or the Subsidiaries as designated by the Purchaser in its sole discretion, at or prior to the Closing, all of the right, title and interest in any assets of the Sellers and their respective Affiliates primarily related to the Business, including such assets set forth in Schedule 5.16. Following the date of this Agreement until eighteen (18) months after the Closing, in the event any Seller is or becomes aware of any assets primarily related to the Business in the possession of any Seller or any other Affiliate, such Seller shall notify the Purchaser of such fact and provide a reasonably detailed description of such asset and, upon the request of the Purchaser, shall transfer such asset to the Purchaser (or a designee of the Purchaser).

5.17 Equity Commitment Letter. The Purchaser will take (or cause to be taken) all actions, and do (or cause to be done) all things, necessary, proper, or advisable to obtain the Equity Financing contemplated by the Equity Commitment Letter, including fully enforcing the Sponsors' obligations (and the rights of the Purchaser) under the applicable Equity Commitment Letter.

5.18 Non-Solicitation. During the period commencing as of the date hereof and ending on the third (3rd) anniversary of the Closing, none of Sellers and each entity that is or becomes an Affiliate of Sellers after the Closing (collectively, the "Post-Closing Seller Group") shall, directly or indirectly, or as a stockholder, partner, member, manager, or other owner or participant in any Person, solicit, endeavor to entice away from or otherwise encourage to leave the employ or service of any of the Companies or their Subsidiaries or offer employment or a consulting position to, or hire any Person who is a Continuing Employee as of the Closing; provided, however, that any member of the Post-Closing Seller Group may advertise for employees, in newspapers, trade publications or other through the internet or other media, or engage recruiters to conduct general employee, search activities, in either case not targeted specifically at employees of the Purchaser, the Companies or their Subsidiaries.

5.19 Insurance Claims. From and after the Closing, the Sellers shall, or shall cause their respective Affiliates to, reasonably cooperate with the Purchaser with respect to any claim for coverage by or on behalf of the Companies or the Subsidiaries or with respect to the Companies or the Subsidiaries arising out of or related to the Business under the insurance policies of, or arranged or maintained by, Sellers or their respective Affiliates with respect to the Business (the "Pre-Closing Insurance") for Losses or claims arising from facts, events or circumstances that occurred or were alleged to have occurred prior to the Closing ("Pre-Closing Occurrences"), and shall, promptly upon receipt, surrender to the applicable Company, Subsidiary or Purchaser any

insurance proceeds received by Sellers or its respective Affiliates under the Pre-Closing Insurance with respect to any Loss incurred solely by the Companies or the Subsidiaries arising from such Pre-Closing Occurrences. Sellers shall take no action to exclude or remove the Companies or the Subsidiaries from coverage under any such Pre-Closing Insurance with respect to Pre-Closing Occurrences. Sellers shall reasonably cooperate with the Purchaser in the pursuit of the collection of all insurance proceeds in respect of claims made by the Purchaser, the Companies or the Subsidiaries with respect to Pre-Closing Occurrences. Purchaser shall reimburse Sellers in a timely manner for all reasonable costs and expenses incurred by Sellers or their Affiliates in connection with such cooperation. This Section 5.19 shall not be considered as an attempted assignment of any policy of insurance or as a contract of insurance, and nothing in this Section 5.19 is intended to waive or abrogate in any way Sellers' rights to insurance coverage.

5.20 Common Interest and Cooperation Agreement. Sections 4.1 (other than the last sentence thereof), 4.2, 4.4, 4.5, 4.6, 5.1 and 5.2 of the Common Interest and Cooperation Agreement shall apply *mutatis mutandis* to this Agreement, as if they have been fully set forth herein and effective as of the date hereof through the Closing or the termination of this Agreement.

ARTICLE 6 CONDITIONS TO CLOSING

6.1 Conditions of the Sellers and Companies to Closing. The obligations of the Sellers to consummate the transactions contemplated by this Agreement are subject to the satisfaction on or prior to the Closing of each of the following conditions by the Purchaser, any and all of which may be waived in writing by the Sellers:

(a) the representations and warranties of the Purchaser set forth in Article 4 shall be true and correct in all material respects (or in all respects, in the case of representations and warranties qualified by materiality) as of the date of this Agreement and as of the Closing Date as though made on and as of the Closing Date (other than representations and warranties that refer to a specified date, which need only be true and accurate as of such specified date), except to the extent the failure of such representations and warranties to be so true and correct would not in the aggregate have a material adverse effect on ability of the Purchaser to consummate the transactions contemplated hereby;

(b) the Purchaser shall have performed and observed, in all material respects, all covenants and agreements to be performed or observed by the Purchaser under this Agreement prior to or on the Closing Date;

(c) on the Closing Date, no provision of applicable Law and no injunction, order or award restraining, enjoining or otherwise prohibiting the consummation of the transactions contemplated by this Agreement and the Ancillary Document shall have been issued and remain in force;

(d) the Purchaser shall have delivered, or caused to be delivered, to the Sellers all items required to be delivered in accordance with Section 7.3; and

(e) the applicable waiting period under the HSR Act with respect to the transactions contemplated by this Agreement shall have expired or been terminated.

6.2 Conditions of the Purchaser to Closing. The obligations of the Purchaser to consummate the transactions contemplated by this Agreement are subject to the satisfaction on or prior to the Closing of each of the following conditions by the Sellers, any and all of which may be waived in writing by the Purchaser:

(a) (i) the representations and warranties of the Sellers set forth in Article 3 (other than the Fundamental Representations and Section 3.6(d)(ii)) shall be true and correct in all respects (without giving effect to any materiality or Material Adverse Effect qualifications contained herein) as of the date of this Agreement and as of the Closing Date as though made on and as of the Closing Date (other than representations and warranties that refer to a specified date, which need only be true and correct on and as of such specified date), except where the failure of such representations and warranties to be so true and correct would not, individually or in the aggregate, have a Material Adverse Effect, (ii) the representation and warranty of the Sellers in Section 3.6(d)(ii) shall be true and correct in all respects as of the date hereof and as of the Closing as though made at and as of the Closing, (iii) the representations and warranties of the Sellers in Section 3.4, 3.5(a), 3.5(b), 3.5(c), 3.5(d) shall be true and correct in all respects (other than de minimis inaccuracies) as of the date hereof and as of the Closing as though made at and as of the Closing and (iv) the Fundamental Representations (other than 3.4, 3.5(a), 3.5(b), 3.5(c), 3.5(d)) shall be true and correct in all material respect (without giving effect to any materiality or Material Adverse Effect qualifications contained herein) as of the date of this Agreement and as of the Closing Date as though made on and as of the Closing Date;

(b) the Sellers and the Companies shall have performed and observed, in all material respects, all covenants and agreements to be performed or observed by the Sellers or the Companies under this Agreement prior to or on the Closing Date;

(c) on the Closing Date, no provision of applicable Law and no injunction, order or award restraining, enjoining or otherwise prohibiting the consummation of the transactions contemplated by this Agreement and the Ancillary Document shall have been issued and remain in force;

(d) the Sellers shall have delivered, or caused to be delivered, to the Purchaser all items required to be delivered in accordance with Section 7.2; and

(e) the applicable waiting period under the HSR Act with respect to the transactions contemplated by this Agreement shall have expired or been terminated.

ARTICLE 7 CLOSING

7.1 Time and Place of the Closing. The consummation of the purchase and sale of the Units and the other transactions contemplated by this Agreement (the "Closing") shall take place at the offices of Schulte, Roth & Zabel LLP, 919 Third Avenue, New York, New York 10022, as soon as possible, but in no event later than the third Business Day after satisfaction or, to the extent legally permissible, waiver by the party entitled to the benefit of, each of the conditions set forth in Article 6 (other than those conditions that, by their terms, are to be satisfied or waived at the Closing, but subject to the satisfaction or waiver of those conditions at the Closing) or at such other

time or place as the Parties may mutually agree. The date on which the Closing occurs is referred to in this Agreement as the "Closing Date." The Closing may take place by delivery of the documents required to be delivered at the Closing pursuant to this Agreement by facsimile or other electronic transmission. All document deliveries and payments by one Party to another Party at the Closing shall be deemed to have occurred simultaneously and none shall be effective until and unless all have occurred. Subject to the provisions of Article 9, failure to consummate the transactions contemplated in this Agreement on the date and time and at the place determined pursuant to this Section 7.1 will not result in the termination of this Agreement and will not relieve any Party of any obligation under this Agreement.

7.2 Sellers' Deliverables. At the Closing, upon the terms and subject to the conditions of this Agreement, and subject to the simultaneous performance by the Purchaser of its obligations pursuant to Section 7.3, the Sellers shall deliver, or cause to be delivered, to the Purchaser the following:

- (a) a duly executed assignment and assumption agreement related to the transfer of the Units, dated as of the Closing Date, in form and substance reasonably satisfactory to the Purchaser;
- (b) counterpart signature pages to the Utility Agreements and the License Agreements, in each case duly executed by the Utility Affiliate a party thereto;
- (c) counterpart signature pages to the Transition Services Agreement, the Common Interest and Cooperation Agreement and the Revenue Share Agreement duly executed by each party thereto other than the Purchaser;
- (d) a certificate from the Sellers duly executed by an authorized officer of each Seller, dated as of the Closing Date, certifying on behalf each Seller that the conditions set forth in Section 6.2(a) and Section 6.2(b) have been fulfilled;
- (e) a duly executed IRS Form W-9 from each Seller;
- (f) a duly executed IRS Form W-9 or applicable IRS Form W-8 from each payee of Transaction Expenses or Indebtedness;
- (g) the Check the Box Elections;
- (h) the Section 338 Election Forms;
- (i) resignations of officers and/or members of the board of directors (or equivalent) of the Companies and the Subsidiaries (in their capacities as officers and/or members and not as employees, if applicable) which have been requested in writing by Purchaser at least five (5) Business Days prior to the scheduled Closing Date, such resignations to be effective concurrently with the Closing; and
- (j) evidence of termination of each Contract between any of the Companies and the Subsidiaries on the one hand and each Utility Affiliate on the other hand (other than the Utility Agreements).

7.3 Purchaser's Deliverables. At the Closing, upon the terms and subject to the conditions of this Agreement, and subject to the simultaneous performance by the Sellers of their obligations pursuant to Section 7.2, the Purchaser shall deliver, or cause to be delivered, the following:

- (a) a duly executed assignment and assumption agreement related to the transfer of the Units, dated as of the Closing Date, in form and substance reasonably satisfactory to the Sellers;
- (b) wire transfer(s) of immediately available funds of an amount equal to the Estimated Cash Purchase Price to an account (or accounts) designated by the Sellers, in accordance with Section 2.2;
- (c) the Seller Note, together with, the Pledge and Security Agreement (as defined in the Seller Note) and to the extent required by the terms of the Seller Note, any related promissory notes, and all related ancillary documentation and schedules required to be delivered by the Purchaser or its Affiliates pursuant thereto (including all of the deliverables set forth in or contemplated by Section 5.14 of the Seller Note), in each case to the extent applicable duly executed by the Purchaser or such Affiliate, in each case, in accordance with Section 2.2;
- (d) counterpart signature pages to the Utility Agreements, the License Agreement, the Revenue Share Agreement, the Common Interest and Cooperation Agreement and the Transition Services Agreement, in each case duly executed by Purchaser;
- (e) on behalf of the Company or the Subsidiaries (as applicable), wire transfer(s) of immediately available funds of all amounts necessary to discharge fully all Estimated Closing Transaction Expenses, in the amounts and in accordance with the payment instructions set forth on the Preliminary Closing Statement; and
- (f) to the Sellers, a certificate by an authorized officer of the Purchaser, dated as of the Closing, certifying on behalf of the Purchaser that the conditions set forth in Section 6.1(a) and Section 6.1(b) have been fulfilled.

ARTICLE 8 TAX MATTERS

8.1 Liability for Taxes.

(a) From and after Closing, the Sellers shall jointly and severally be liable for, and indemnify and hold harmless the Purchaser and its Affiliates from and against any Losses attributable to (i) any Taxes of the Companies or the Subsidiaries for any Pre-Closing Tax Period or the portion of a Straddle Period ending on the Closing Date; (ii) all Taxes relating to the ownership or operation of the Business or the acquisition, ownership, or sale of any assets primarily related to the Business in any Pre-Closing Tax Period or the portion of a Straddle Period ending on the Closing Date; (iii) any Taxes of Sellers or of any other Person for which any Company or Subsidiary is liable, including pursuant to Treasury Regulation Section 1.1502-6 or any similar provision of state, local or non-U.S. Law, as a result of being a member of an affiliated, consolidated, joint, unitary, combined or similar group for Tax purposes including Sellers or any

Affiliate of any Seller other than the Companies and the Subsidiaries on or prior to the Closing Date, or as a successor or transferee or otherwise as a matter of Law to the extent arising from a transaction or event occurring prior to the Closing; (iv) any payments required to be made by the Companies or the Subsidiaries following the Closing Date pursuant to any Tax allocation, Tax indemnity, or Tax sharing agreement entered into by any Company or Subsidiary prior to the Closing (other than any such agreements solely among Companies and/or Subsidiaries or any customary agreements entered into in the ordinary course of business that do not primarily relate to Tax matters); and (v) any Taxes arising from or imposed in connection with the transfer, conveyance or assignment of any assets pursuant to Section 5.16 or the termination of the Terminated Affiliate Obligations pursuant to Section 5.9 (clauses (i) through (v), collectively, the "Pre-Closing Tax Indemnity"). Notwithstanding the foregoing, the Purchaser and its Affiliates shall first seek recovery under the Representations and Warranties Insurance Policy before seeking recovery from the Sellers pursuant to the Pre-Closing Tax Indemnity.

(b) Whenever it is necessary for purposes of this Agreement to determine the portion of any Taxes for a Straddle Period which is allocable to the Pre-Closing Tax Period or the Post-Closing Tax Period, (i) any Taxes attributable to the Straddle Period that are based on or related to income, gains, or receipts will be allocated between the Pre-Closing Tax Period and the Post-Closing Tax Period based on an interim closing of the books (such Taxes allocable to the Pre-Closing Tax Period being determined as if such taxable period ended as of the end of the Closing Date) (provided that exemptions, allowances or deductions that are calculated on an annual basis (including, but not limited to, depreciation and amortization deductions) shall be allocated between the portion of the Straddle Period ending on the Closing Date, on the one hand, and the portion of the Straddle Period beginning after the Closing Date, on the other hand, in proportion to the number of days in such Straddle Period included in the portion ending on the Closing Date and the number of days in such Straddle Period included in the portion beginning after the Closing) and (ii) any other Taxes will be prorated between the Pre-Closing Tax Period and the Post-Closing Tax Period based upon the number of days in the applicable period ending on and including the Closing Date and the number of days in the portion of the Straddle Period beginning on and including the day after the Closing Date.

8.2 Preparation and Filing of Company Tax Returns.

(a) The Sellers shall prepare or cause to be prepared and file or cause to be filed when due (taking account of any applicable extensions) all Tax Returns that are required to be filed by the Sellers, the Companies, or the Subsidiaries that are (i) Tax Returns due on or before the Closing Date ("Pre-Closing Returns"), (ii) Tax Returns due after the Closing Date for taxable years ending on or before the Closing Date ("Seller Separate Returns") and (iii) Tax Returns of any affiliated, consolidated, joint, unitary, combined or similar group for Tax purposes that includes the Companies or the Subsidiaries and of which an Affiliate of the Sellers other than the Companies and the Subsidiaries is the common parent ("Seller Consolidated Returns" and together with the Pre-Closing Returns and Seller Separate Returns, the "Seller Prepared Returns"), and shall pay or cause to be paid all Taxes shown as due on such Tax Returns. Any such Tax Returns shall be prepared consistent with the past practice of the Companies and the Subsidiaries except to the extent otherwise required by applicable Law. For the avoidance of doubt, any items of income or gain attributable to the Section 338(h)(10) Elections shall be included on the Seller Consolidated Return for the Pre-Closing Tax Period. Any Seller Separate Returns that are filed following the

Closing Date shall be submitted (with copies of any relevant Schedules, work papers and other documentation then available) to the Purchaser for the Purchaser's review and approval at least thirty (30) days prior to the filing of such Tax Return (or as soon as reasonably practicable in the case of any Seller Separate Return that is due within thirty (30) days of Closing or which is a non-income Tax Return), and Seller will incorporate any reasonable comments received from Purchaser at least ten (10) days prior to filing, and no such Tax Return will be filed without the prior written consent of Purchaser (not to be unreasonably withheld, conditioned or delayed).

(b) Following the Closing, the Purchaser shall prepare or cause to be prepared and file or cause to be filed when due (taking account of any applicable extensions) all Tax Returns that are required to be filed by the Companies or the Subsidiaries other than the Seller Prepared Returns. Any such Tax Returns of the Companies or Subsidiaries that are Tax Returns for taxable periods ending on or prior to the Closing Date or for Straddle Periods (the "Purchaser Prepared Returns") shall be prepared in accordance with the past practice of the Companies and the Subsidiaries except to the extent otherwise required by applicable Law. Any Purchaser Prepared Return shall be submitted (with copies of any relevant Schedules, work papers and other documentation then available) to the Sellers for the Sellers' review not less than thirty (30) days prior to the due date for the filing of such Tax Return (or as soon as reasonably practicable in the case of any Tax Return that is due within thirty (30) days of Closing or which is a non-income Tax Return), and Purchaser will incorporate any reasonable comments received from Sellers related to the Pre-Closing Tax Period at least ten (10) days prior to filing; provided that with respect to any Purchaser Prepared Returns that are filed following the Closing Date for which Seller could reasonably be expected to be liable in accordance with Section 8.1(a), no such Purchaser Prepared Return will be filed without the prior written consent of Seller (not to be unreasonably withheld, conditioned or delayed). Sellers shall pay or cause to be paid to Purchaser the portion of any Taxes due with a Purchaser Prepared Return for which Sellers are responsible pursuant to Section 8.1(a) at least five (5) days prior to the filing of any Purchaser Prepared Return.

8.3 Contest Provisions. If, after the Closing, the Purchaser or any of its Affiliates receives written notice from a Governmental Authority of any pending or threatened Tax audits or assessments or other disputes, assessments or proceedings concerning Taxes of any Company or Subsidiary for a taxable period ending on or prior to the Closing Date or a Straddle Period and with respect to which the Sellers are responsible under this Agreement (a "Tax Proceeding"), the Purchaser shall promptly notify the Sellers of the Tax Proceeding in writing and in any event within ten (10) days after receiving the notice of the Tax Proceeding; provided, that the failure of Purchaser to timely give such notice shall not relieve the Sellers of any of their obligations under this Agreement, except to the extent that the Sellers are actually and materially prejudiced by such failure. The Sellers shall have the right to elect to control any Tax Proceeding relating solely to a taxable period ending on or prior to the Closing Date and to employ counsel of their choice at their expense; provided, that (A) Sellers shall keep Purchaser reasonably informed regarding any material development of such Tax Proceeding and shall permit Purchaser to participate in such Tax Proceeding at its own expense (to the extent such participation is permitted by the applicable Governmental Authority), and (B) Sellers shall not settle, compromise or abandon any such Tax Proceeding without the prior written consent of Purchaser, which consent shall not be unreasonably withheld, conditioned or delayed. In the case of (i) any Tax Proceeding relating to a taxable period ending on or prior to the Closing Date that Sellers do not timely elect to assume the control of or (ii) any Tax Proceeding relating to any Straddle Period, Purchaser shall have the right

to control such Tax Proceeding and to employ counsel of its choice; provided, that (A) Purchaser shall keep Sellers reasonably informed regarding any material development of such Tax Proceeding and shall permit Sellers to participate in such Tax Proceeding at their own expense (to the extent such participation is permitted by the applicable Governmental Authority), and (B) Purchaser shall not settle, compromise or abandon any such Tax Proceeding without obtaining the prior written consent of Sellers (which consent shall not be unreasonably withheld, conditioned or delayed). Notwithstanding the foregoing, the rights of the Sellers with respect to any Tax Proceeding shall be subject to any rights of the insurer with respect to such Tax Proceeding pursuant to the Representations and Warranties Insurance Policy, unless the Sellers agree that the Sellers will be fully liable for any Losses resulting from such Tax Proceeding. This Section 8.3 shall not apply to the audit of any Seller Consolidated Return and the Sellers will have the exclusive right to control, at its own expense, any audit of a Seller Consolidated Return, including, without limitation, any disposition or settlement of such audit.

8.4 Post-Closing Actions Which Affect the Sellers' Tax Liability. Except as required by applicable Law, neither the Purchaser nor any Affiliate of the Purchaser shall amend or refile any Tax Return of any Company or Subsidiary with respect to any taxable period ending on or prior to the Closing Date or any Straddle Period, nor, make or change any Tax election that is retroactive to any taxable period (or portion thereof) ending on or before the Closing Date, in each case, without the prior written consent of the Sellers, such consent not to be unreasonably withheld, conditioned or delayed, in each case if such amendment, refiling or election would result in an increase in any Tax liability taken into account for purposes of calculating the Final Cash Purchase Price after giving effect to all adjustments set forth in Section 2.4 or reasonably be expected to result in Sellers or their Affiliates being liable for any amounts with respect to Taxes under this Agreement or pursuant to applicable Law.

8.5 Refunds. Any refunds of Taxes attributable to any Pre-Closing Tax Period for which Sellers are responsible for pursuant to Section 8.1(a) shall be for the account of the Sellers (other than any refund (i) that was taken into account for purposes of calculating the Final Cash Purchase Price after giving effect to all adjustments set forth in Section 2.4, (ii) that results from the carry back required by applicable Law of any Tax assets attributable to a Tax period or portion of a Straddle Period beginning after the Closing Date, and (iii) of Transfer Taxes, each of which shall be for the account of Purchaser). To the extent the Purchaser or any Company or Subsidiary receives a refund that is for the account of the Seller, such refund shall be paid by the Purchaser to the Sellers net of any Taxes and reasonable out-of-pocket expenses incurred in connection with obtaining such Tax refund within ten (10) days of receipt thereof. In determining the portion of a Tax refund relating to a Pre-Closing Tax Period, any refund of Taxes relating to a Straddle Period shall be apportioned between the portion of such period ending on the Closing Date and the portion of such taxable period beginning on the day after the Closing Date in accordance with the same principles provided for in Section 8.1(b).

8.6 Check the Box Elections. The Sellers shall prepare a properly completed IRS Form 8832 for the Companies and each Subsidiary, electing for each Company and each Subsidiary to be classified as a corporation for U.S. federal income Tax purposes effective no later than one (1) day prior to the Closing Date (the "Check the Box Elections") and shall deliver drafts of the Check the Box Elections to the Purchaser at least five (5) Business Days prior to the Closing Date. The Purchaser shall be entitled to review and comment on such draft IRS Forms 8832 and the Sellers shall revise such draft IRS Forms 8832 in accordance with the Purchaser's reasonable comments. On the Closing Date, the Sellers shall provide to the Purchaser such Check the Box Elections, properly executed, and the Purchaser shall file the Check the Box Elections with the Internal Revenue Service promptly following the Closing.

8.7 Section 338(h)(10) Elections.

(a) Sellers and Purchaser shall join in making timely and irrevocable elections under Section 338(h)(10) of the Code (and the Treasury Regulations and administrative pronouncements thereunder and any corresponding election under state, local, or foreign Law) (the “Section 338(h)(10) Elections”) with respect to Purchaser’s purchase of each of the Companies and the Subsidiaries pursuant to this Agreement. The Sellers shall prepare a properly completed IRS Form 8023 and any similar forms required by applicable state and local Tax Law (collectively, the “Section 338 Election Forms”) and shall deliver a draft of the Section 338 Election Forms to the Purchaser at least five (5) Business Days prior to the Closing Date. The Purchaser shall be entitled to review and comment on such draft Section 338 Election Forms and the Sellers shall revise such draft Section 338 Election Forms in accordance with the Purchaser’s reasonable comments. On the Closing Date, the Sellers shall provide to the Purchaser such Section 338 Election Forms, properly executed by the Sellers. The Purchaser shall execute and file the Section 338 Election Forms with the Internal Revenue Service and any other applicable Governmental Authority promptly following the Closing and shall provide Sellers a copy of such filings.

(b) Within thirty (30) days following the final determination of the Final Cash Purchase Price pursuant to Section 2.4 (but no later than ninety (90) days prior to the due date for the Section 338 Allocation Forms, taking account of any applicable extensions), Purchaser shall prepare a determination of the Aggregate Deemed Sales Price (as defined in the applicable Treasury Regulations under Section 338 of the Code) (“ADSP”) and a proposed allocation of the ADSP among the assets of each Company in a manner consistent with Sections 338 and 1060 of the Code (the “Proposed Section 338(h)(10) Allocation”) and shall deliver the Proposed Section 338(h)(10) Allocation to Sellers. Within thirty (30) days of receipt of the Proposed Section 338(h)(10) Allocation, Sellers shall notify Purchaser that Sellers agree with the Proposed Section 338(h)(10) Allocation or shall identify any objections to the Proposed Section 338(h)(10) Allocation. Purchaser and Sellers shall use commercially reasonable efforts to resolve any disagreement over the Proposed Section 338(h)(10) Allocation. If Purchaser and Sellers cannot agree on a mutually satisfactory allocation within thirty (30) days after delivery of the Proposed Section 338(h)(10) Allocation, the Accounting Arbitrator shall determine the appropriate allocation, which determination shall be binding on the parties. The costs and expenses of the Accounting Arbitrator shall be borne by Purchaser and Sellers in the manner provided in Section 2.4(d). As soon as practicable after Purchaser and Sellers are in agreement on the allocation or the allocation has otherwise been finally determined in accordance with this Section 8.7(b) (the “Final Section 338(h)(10) Allocation”), Purchaser shall prepare consistently therewith IRS Form 8883 and any similar forms required by applicable state and local Tax Law (collectively, the “Section 338 Allocation Forms”), and promptly deliver copies of the Section 338 Allocation Forms to Seller for review and approval (not to be unreasonably withheld, conditioned or delayed) and the Purchaser shall revise such draft Section 338 Allocation Forms in accordance with the Sellers’ reasonable comments. If the purchase price is increased as a result of an

adjustment pursuant to this Agreement or the payment of any Delayed Payment, then the Final Section 338(h)(10) Allocation shall be adjusted to increase amounts allocable to goodwill. If the purchase price is decreased as a result of an adjustment pursuant to this Agreement, then the Final Section 338(h)(10) Allocation shall be adjusted to decrease amounts allocable to goodwill and, with respect to any excess, the Final Section 338(h)(10) Allocation shall be adjusted as mutually agreed by Purchaser and Sellers. Purchaser, the Companies, the Subsidiaries and Sellers shall file all Tax Returns (including but not limited to the Section 338 Election Forms and the Section 338 Allocation Forms) consistent with the Final Section 338(h)(10) Allocation and will not take any position contrary thereto except pursuant to a “determination” within the meaning of Section 1313 of the Code.

8.8 Cooperation on Tax Matters. Purchaser and Sellers shall, and shall cause their respective Affiliates, officers, employees, agents, auditors and other representatives to, reasonably cooperate in connection with the preparation of any Tax Return or claim for refund, the determination of any Tax liability or indemnification obligation, the preparation, defense and conduct of any audit, investigation or other proceeding relating to Taxes, or otherwise with respect to the Taxes of the Companies or the Subsidiaries or with respect to the Business. Such cooperation shall include furnishing to each other, upon request, such information (including access to Tax Returns, books, records and employees) and assistance as is reasonably requested in connection with any such Tax Return, refund, determination, audit, investigation or proceeding relating to Taxes. Except as otherwise provided in this Agreement, the party requesting assistance pursuant to this Section 8.8 shall reimburse the other party for any reasonable out-of-pocket costs incurred in providing any Tax Return, document or other written information, and shall compensate the other party for any reasonable costs (excluding wages, salaries and related costs) of making employees available, upon receipt of reasonable documentation of such costs.

8.9 Characterization of Tax Indemnification Payments. Any payment under this Article 8 shall be treated as an adjustment to the Cash Purchase Price for Tax purposes except to the extent otherwise required by applicable Law.

8.10 Survival of Tax Matters Covenants. The provisions of this Article 8 shall survive the Closing until sixty (60) days following the expiration of the statute of limitations under applicable Tax Law.

ARTICLE 9 TERMINATION

9.1 Termination. This Agreement may be terminated at any time prior to Closing:

(a) by the mutual prior written consent of the Seller and the Purchaser;

(b) by the Sellers or the Purchaser if the Closing has not occurred on or before 5:00 p.m., New York time on December 27, 2021 (the “Closing End Date”); provided, that neither the Purchaser nor the Sellers will be entitled to terminate this Agreement pursuant to this Section 9.1(b) if such Person’s (or, in the case of the Sellers, including any of the Companies’) breach of, or failure to fulfill any obligation under, this Agreement or any other Ancillary Document to which such Person is or will be Party has been a cause of the failure of the Closing

to occur on or prior to such time on the Closing End Date; provided, further, that the Purchaser or the Sellers may, from time to time by written notice prior to the Closing End Date, extend the Closing End Date to a time and date not later than 5:00 p.m., New York time on the date that is nine (9) months following the Closing End Date set forth above in the event that the conditions set forth in Sections 6.1(c), 6.1(e), 6.2(c) or 6.2(e) are the only conditions to Closing that have not been satisfied so long as the notifying Party is, and has been since the date hereof, diligently pursuing the satisfaction of such conditions.

(c) by the Sellers or the Purchaser, upon delivery of written notice to the other, of any non-appealable final order, decree or judgment of any Governmental Authority having competent jurisdiction, that permanently restrains, enjoins or otherwise prohibits the consummation of the transactions contemplated by this Agreement or the other Ancillary Documents, subject, however, to compliance by the terminating Party with the terms of Section 5.1; provided, that neither the Purchaser nor the Sellers will be entitled to terminate this Agreement pursuant to this Section 9.1(c) if such order, decree or judgment is a result of such Person's (or, in the case of the Sellers, including any of the Companies') breach of, or failure to fulfill any obligation under, this Agreement or any other Ancillary Document to which such Person is or will be Party.

(d) by the Purchaser (if it is not in breach of its representations, warranties, covenants or agreements under this Agreement so as to cause any of the conditions set forth in Article 6 not to be satisfied), upon written notice to the Sellers, if there has been a violation, breach or inaccuracy of any representation, warranty, covenant or agreement of the Sellers or the Companies contained in this Agreement, which violation, breach or inaccuracy would cause any of the conditions set forth in Article 6 not to be satisfied, and such violation, breach or inaccuracy has not been waived by the Purchaser or cured by the Sellers, as applicable, within twenty (20) Business Days after receipt by the Sellers of written notice thereof from the Purchaser or is not reasonably capable of being cured prior to the Closing End Date;

(e) by the Sellers (if they are not in breach of their representations, warranties, covenants or agreements under this Agreement so as to cause any of the conditions set forth in Article 6 not to be satisfied), upon written notice to the Purchaser, if there has been a violation, breach or inaccuracy of any representation, warranty, covenant or agreement of the Purchaser contained in this Agreement, which violation, breach or inaccuracy would cause any of the conditions set forth in Article 6 not to be satisfied, and such violation, breach or inaccuracy has not been waived by the Sellers or cured by the Purchaser, as applicable, within twenty (20) Business Days after receipt by the Purchaser of written notice thereof from the Sellers or is not reasonably capable of being cured prior to the Closing End Date; or

(f) by the Sellers, upon written notice to the Purchaser, if: (i) each of the conditions set forth in Section 6.2 has been satisfied or waived by the Purchaser (other than those conditions that, by their terms, are to be satisfied or waived at the Closing, but subject to the satisfaction or waiver of those conditions at the Closing); (ii) the Sellers have irrevocably notified the Purchaser in writing that the Sellers and Companies are ready, willing and able to consummate the transactions contemplated by this Agreement; and (iii) the Purchaser fails to consummate the transactions contemplated by this Agreement within two (2) Business Days following delivery of such notice by the Sellers.

9.2 Effect of Termination. If this Agreement is terminated pursuant to Section 9.1, this Agreement shall become void and of no further force or effect (except for the provisions of Section 5.4, this Article 9, Article 11, and the Confidentiality Agreement, all of which shall continue in full force and effect). Notwithstanding anything to the contrary in this Agreement, the termination of this Agreement under Section 9.1 shall not relieve any Party from Liabilities or Losses (which the Parties acknowledge and agree shall not be limited to reimbursement of expenses or out-of-pocket costs, and may include, to the extent proven, the benefit of the bargain lost by a Party's equityholders (taking into consideration relevant matters, including other combination opportunities and the time value of money)) for Fraud or willful breach of any of its representations, warranties, covenants or agreements contained in this Agreement prior to termination.

ARTICLE 10 INDEMNIFICATION; LIMITATIONS

10.1 No Survival; Exclusive Remedy; Representations and Warranties Insurance Policy.

(a) All representations and warranties and pre-Closing covenants of the Parties and any certificate related to any such representations and warranties and pre-Closing covenants shall terminate upon, and shall not survive, the Closing, and none of the Parties, nor any of their Affiliates, nor any of their respective directors, officers, employees, equityholders, partners, members, managers, trustees, beneficiaries or Representatives shall have any liability whatsoever with respect to any such representations and warranties or pre-Closing covenants, and no claim for breach of any such representation, warranty, pre-Closing covenant, or any claim for detrimental reliance or other right or remedy (whether in contract, in tort or at law or in equity) may be brought after Closing with respect thereto against the other Party nor any Affiliate of such Party, or any director, officer, employee, equityholder, partner, member, manager, trustee, beneficiary or Representative of such Party or any Affiliate of the such Party except in the case of Fraud. For the avoidance of doubt, such pre-Closing covenants shall not include the Pre-Closing Tax Indemnity and other covenants contained in Article 8, which shall survive for the period specified in Section 8.10. Recovery by the Purchaser in respect of all losses arising or resulting from or related to a breach of any representation or warranty or pre-Closing covenant shall be limited to the Representations and Warranties Insurance Policy, except for (i) losses recoverable under the Pre-Closing Tax Indemnity and (ii) in cases of Fraud.

(b) Except in the case of Fraud, the Representations and Warranties Insurance Policy is the sole and exclusive remedy of the Purchaser for any breach of the representations and warranties and pre-Closing covenants set forth in this Agreement or the certificate delivered pursuant to Section 7.2(d), including those caused by any breach of or inaccuracy in any representation or warranty or breach, nonfulfillment or default in the performance of any of the pre-Closing covenants or agreements contained in this Agreement. Other than as expressly set forth in this Agreement or any Ancillary Document, the Parties shall not be entitled to a rescission of this Agreement, or to any further indemnification rights or other claims of any nature whatsoever in respect thereof (whether by contract, common law, statute, law, regulation or otherwise, including under the Racketeer Influence and Corrupt Organizations Act of 1970 and under any Environmental Laws), all of which the Parties hereby waive. In furtherance of the foregoing, effective as of the Effective Time and subject to this Article 10, the Purchaser hereby waives and

releases to the fullest extent permitted under applicable Law, the Sellers and each of their respective Affiliates, whether in any individual, corporate or any other capacity, from and against any and all other rights, claims and causes of action it may have against the Sellers or any of their respective Affiliates relating (directly or indirectly) to the subject matter of this Agreement or the transactions contemplated under this Agreement (including relating to any exhibit, Schedule or document delivered under this Agreement), including whether arising under or based upon any federal, state, local or foreign statute, Law or ordinance or otherwise, including any rights, claims or causes of action with respect to any environmental, health or safety matters, in each case, other than (A) as expressly set forth in this Agreement or any Ancillary Document and (B) with respect to any matters described on Schedule 5.9 and any rights that expressly survive the termination of the Contracts with the Utility Affiliates referenced in Section 7.2(i). Effective as of the Effective Time and subject to this Article 10, each Seller hereby waives and releases to the fullest extent permitted under applicable Law, the Purchaser and its Affiliates (including for the avoidance of doubt, the Company and its Subsidiaries), whether in any individual, corporate or any other capacity, from and against any and all other rights, claims and causes of action it may have against the Purchaser or its Affiliates relating (directly or indirectly) to (1) the subject matter of this Agreement or the transactions contemplated under this Agreement (including relating to any exhibit, Schedule or document delivered under this Agreement), including whether arising under or based upon any federal, state, local or foreign statute, Law or ordinance or otherwise, including any rights, claims or causes of action with respect to any environmental, health or safety matters or (2) the Companies and the Subsidiaries or any actions taken or failed to be taken by the Purchaser, the Companies, the Subsidiaries and its respective Affiliates in any capacity related to the Companies and the Subsidiaries or the operation of the Business of the Companies and the Subsidiaries, in each case, other than (A) as expressly set forth in this Agreement or any Ancillary Document and (B) with respect to any matters described on Schedule 5.9 and any rights that expressly survive the termination of the Contracts with the Utility Affiliates referenced in Section 7.2(i).

(c) The Purchaser acknowledges and agrees that the provisions of this Section 10.1 will apply regardless of whether (a) the Purchaser maintains the Representations and Warranties Insurance Policy following the Closing, (b) the Representations and Warranties Insurance Policy is revoked, cancelled, or modified in any manner after issuance, or (c) the Purchaser makes a claim under the Representations and Warranties Insurance Policy and such claim is denied by the insurer.

10.2 Representations and Warranties Insurance Policy. The Purchaser agrees that it will cause the Representations and Warranties Insurance Policy to expressly exclude rights of subrogation against the Sellers and each of the Seller's officers, directors, partners, managers, equity holders, employees, and Affiliates. The Purchaser and its Affiliates will not amend, waive or otherwise modify the Representations and Warranties Insurance Policy in any manner adverse to the Sellers without the prior written consent of the Sellers.

10.3 Indemnity. Notwithstanding anything contrary in this Article 10:

(a) Purchaser Indemnity. Purchaser shall indemnify, defend, save and hold harmless the Seller Group Indemnified Parties from and against all Losses (without duplication) that arise out of: (i) the conduct of the Business before, at and after the date of the Agreement and (ii) liabilities to the extent arising out of, based on or resulting from the Business. For the avoidance of doubt, Purchaser shall not be required to indemnify the Seller Group Indemnified Parties hereunder for any Losses to the extent arising out of the business of the Seller Group (other than the Business) (whether before or after the Effective Time) or any Losses to the extent arising out of the transactions of the Seller Group with the Business pursuant to the Ancillary Documents at or after the Effective Time.

(b) Seller Indemnity. Sellers shall indemnify, defend, save and hold harmless the Purchaser Indemnified Parties from and against all Losses (without duplication) that arise out of: (i) the conduct of the businesses of the Seller Group (other than the Business) before, at and after the Effective Time and (ii) liabilities to the extent arising out of, based on or resulting from businesses of the Seller Group (other than the Business). Notwithstanding anything to the contrary, the parties acknowledge and agree that (x) the purpose of this Section 10.3 is to effect the separation of the Business from the Seller Group as it may relate to liabilities and expressly not to serve as recourse to the Seller Group for breaches of the representations and warranties in Article 3 and (y) for the avoidance of doubt, Sellers shall not be required to indemnify the Purchaser Indemnified Parties hereunder for any Losses to the extent arising out of the Business (whether before or after the Effective Time) or any Losses to the extent arising out of (1) the transactions of the Seller Group with the Business pursuant to the Ancillary Documents at or after the Effective Time or (2) any Contracts set forth on Schedule 10.3(b) between any of the Companies or the Subsidiaries, on the one hand, and any other members of the Seller Group, on the other hand, including the Contracts with the Utility Affiliates referenced in Section 7.2(i). Purchaser shall make claims against the Representations and Warranties Insurance Policy to the extent coverage is available and Purchaser reasonably determines there is a claim to be made thereunder prior to (or substantially concurrent with) the making of any claim under this Article 10 and any proceeds recovered; provided, for the avoidance of doubt, the foregoing shall not be construed as providing that the indemnification in this Article 10 serves as recourse to the Seller Group for breaches of the representations and warranties in Article 3.

(c) Determination of Loss Amount.

- (i) The amount of any Loss subject to indemnification under Section 10.3 shall be calculated net of any insurance proceeds or any indemnity, contribution or other similar payment recovered by the Indemnified Party (or its Affiliates) from any third party with respect thereto, net of any retropremiums, out-of-pocket expenses and costs of recovery, if any (“Third-Party Proceeds”). The Indemnified Party shall take all commercially reasonable actions to seek full and prompt recovery from any Third-Party Proceeds covering any Loss to the same extent as it would if such Loss were not subject to indemnification hereunder; provided, that the Indemnified Party’s inability to collect or recover any such Third-Party Proceeds shall not limit or otherwise delay the Indemnifying Party’s obligation hereunder. In the event that an insurance or other recovery is made by any Indemnified Party with respect to any Loss for which any such Person has been indemnified hereunder, then a refund equal to the aggregate amount of the recovery (net of any retropremiums, out-pocket-expenses and costs of recovery) shall be made promptly to the Indemnifying Party. Each party hereby waives, to the extent permitted under its applicable insurance policies, any subrogation rights that its insurer may have with respect to

any indemnifiable Losses. If the Indemnifying Party elects to control the defense of any claim pursuant to Section 10.3(d), then the Indemnifying Party shall be subrogated to and shall stand in the place of the Indemnified Party as to any events or circumstance in respect of which the Indemnified Party may have any right, defense or claim pursuant to the applicable insurance policies. The Indemnified Party shall cooperate with and take such actions as reasonably requested by the Indemnifying Party in a reasonable manner, and at the cost of the Indemnifying Party, in presenting any subrogated right, defense or claim and effecting any such subrogation.

- (ii) An Indemnified Party shall not be entitled to recover damages or obtain payment, reimbursement, restitution or indemnity more than once in respect of any one Loss.
- (iii) Notwithstanding anything to the contrary contained in this Agreement, no Indemnified Party shall have any right to indemnification hereunder with respect to any Loss or alleged Loss to the extent such Loss or alleged Loss (i) is included in the final calculation of Cash, Indebtedness, Transaction Expenses, or Net Working Capital or (ii) is a possible or potential Loss that an Indemnified Party believes may be incurred rather than an actual Loss that has, in fact, been incurred by an Indemnified Party (which shall not limit the ability of any Indemnified Party to submit a notice of a Claim in accordance with Section 10.3(d)).
- (iv) Neither the Purchaser Group nor the Seller Group shall be required to indemnify, defend or hold harmless the Seller Group or the Purchaser Group, as applicable, for any Losses in a cumulative aggregate basis (taking into account all amounts paid hereunder) exceeding the Base Amount.

(d) Notice of Claim. After receipt by the Purchaser Indemnified Parties or the Seller Group Indemnified Parties, as the case may be (the "Indemnified Party"), of notice, or its actual discovery, of any action, proceeding, claim, demand, or potential claims, which could give rise to a right of indemnification pursuant to Section 10.3, as applicable (any of which is individually referred to as a "Claim"), Indemnified Party shall give the other party (the "Indemnifying Party") written notice describing the Claim in reasonable detail; provided that no delay by the Indemnified Party in notifying the Indemnifying Party shall relieve the Indemnifying Party from any Liability hereunder unless (and solely to the extent that) the Indemnifying Party's position is actually prejudiced by such a delay. In the event that the Indemnifying Party notifies the Indemnified Party, within 30 days after such notice that the Indemnifying Party is assuming the defense thereof, (i) the Indemnifying Party will defend the Indemnified Party against the Claim with counsel of its choice, provided such counsel is reasonably satisfactory to the Indemnified Party, (ii) the Indemnified Party may retain separate co-counsel at its or their sole cost and expense (except that the Indemnifying Party will be responsible for the fees and expenses for the separate co-counsel to the extent the Indemnifying party concludes reasonably that the counsel selected by the Indemnifying Party has a conflict of interest), (iii) the Indemnified Party will not consent to the entry of any judgment or enter into any settlement with respect to the Claim without the written consent of the Indemnifying Party and (iv) Indemnifying Party will not consent to the entry of any judgment with respect to the Claim, or enter into any settlement which does not include a provision whereby plaintiff or claimant in the matter releases the Indemnified Party from all Liability with

respect thereto, without the prior written consent of the Indemnified Party. In the event that the Indemnifying Party does not notify the Indemnified Party within 30 days after the Indemnified Party has given notice of the Claim that the Indemnifying Party is assuming the defense thereof, the Indemnified Party may defend against, or enter into any settlement with respect to, the Claim in any manner the Indemnified Party reasonably deems appropriate, at the Indemnifying Party's sole cost and expense (including attorney's fees).

ARTICLE 11 MISCELLANEOUS

11.1 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original instrument, but all of which shall together constitute one and the same document. Delivery of an executed counterpart signature page to this Agreement by electronic means (including, without limitation, DocuSign or portable document format (.pdf)) is as effective as executing and delivering this Agreement in the presence of the other Parties to this Agreement.

11.2 Notices. Any and all notices required or permitted under this Agreement must be made or given in writing and delivered in person or sent by postage, pre-paid, United States mail, certified or registered, return receipt requested, or by a recognized overnight carrier, or by e-mail, to the other Party at the addresses set forth below. All notices will be deemed given and effective on the earliest to occur of actual receipt and (i) when sent, if sent by e-mail, (ii) the hand delivery of the notice at the address for notices, (iii) one (1) Business Day after the deposit of such notice with an overnight carrier service by the time deadline for next day delivery addressed to the address for notices, or (iv) three (3) Business Days after depositing the notice in the United States mail. Either Party may change its address for notice by notice to the other in the manner set forth above.

11.3 Sales or Use Tax, Recording Fees and Similar Taxes and Fees. Notwithstanding anything to the contrary in Article 8, the Purchaser shall bear any sales, use, excise, real property transfer or gain, gross receipts, goods and services, registration, capital, documentary, stamp or transfer Taxes, recording fees, and similar Taxes and fees incurred and imposed upon, or with respect to, the property transfers or other transactions contemplated hereby (“Transfer Taxes”). The party legally responsible for doing so will file all necessary Tax Returns and other documentation with respect to all such Transfer Taxes, and the other party will cooperate with respect to the filing of such Tax Returns and other documentation and the payment of such Transfer Taxes and, if required by law, shall join or cause its Affiliates to join in the execution of any such Tax Returns and other documentation. Should the Sellers, the Companies, the Subsidiaries, or any Affiliate of any of them pay prior to Closing, or should the Sellers or any continuing Affiliate of the Sellers pay after Closing, any amount for which the Purchaser is liable under this Section 11.3, the Purchaser shall, promptly following receipt of the Sellers’ invoice, describing the amount in reasonable detail, reimburse the amount paid.

11.4 Expenses. Except as provided in Section 5.1, all expenses incurred by the Sellers in connection with or related to the authorization, preparation or execution of this Agreement, and the Exhibits and Schedules hereto and thereto, and all other matters related to the Closing, including all fees and expenses of counsel, accountants, and financial advisers employed by the Sellers, shall be borne solely and entirely by the Seller, and all such expenses incurred by the Purchaser shall be borne solely and entirely by the Purchaser.

11.5 Governing Law. This Agreement, any Legal Proceeding arising out of or relating to this Agreement, and the legal relations between the Parties shall be governed by and construed in accordance with the Laws of the State of Delaware, without regard to principles of conflicts of Laws that would direct the application of the Laws of another jurisdiction.

11.6 Dispute Resolution. Each Party irrevocably and unconditionally consents to the exclusive jurisdiction of the United States federal courts located in the State of Delaware, and any appellate court therefrom, with respect to any dispute, controversy, or claim arising out of, in relation to, or in connection with, this Agreement and the other Ancillary Documents, and each of the Parties irrevocably and unconditionally agrees that any Legal Proceeding instituted by it against the other with respect to any such dispute, controversy, or claim (except to the extent a dispute, controversy, or claim arises out of, in relation to, or in connection with, the determination of the Final Cash Purchase Price pursuant to Section 2.4 that is referred to the Accounting Arbitrator pursuant to that Section) will be instituted exclusively in such courts. Each Party irrevocably and unconditionally: (a) submits to the exclusive jurisdiction of such courts; (b) waives any objection to laying venue in any such Legal Proceeding in such courts; (c) waives any objection that such courts are an inconvenient forum or do not have jurisdiction over it; and (d) agrees that service of process upon it may be effected by mailing a copy thereof by registered mail (or any substantially similar form of mail), postage prepaid, to it at its address specified in Section 11.2. Notwithstanding the foregoing, a Party may commence any lawsuit in a court other than the above named courts solely for the purpose of enforcing an order or judgment issued by one of the above named courts. The foregoing consents to jurisdiction and service of process shall not constitute general consents to service of process in any other U.S. state for any purpose except as provided in this Agreement and shall not be deemed to confer any rights on any Person other than the Parties to this Agreement. The Parties hereby irrevocably and unconditionally waive trial by jury in any Legal Proceeding brought by any Party against another Party in any matter whatsoever arising out of, in relation to, or in connection with, this Agreement and the other Ancillary Documents or the transactions contemplated hereby and thereby. Each Party certifies and acknowledges that it understands and has considered the implications of the foregoing waiver, it makes such waiver voluntarily, and that it has been induced to enter into this Agreement by, among other things, the foregoing waiver.

11.7 Captions. The titles, headings or captions in this Agreement are for convenience only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement.

11.8 Waivers. Any failure by any Party to comply with any of its obligations, agreements, or conditions in this Agreement contained may be waived by the Party to whom such compliance is owed by an instrument signed by the Party to whom compliance is owed and expressly identified as a waiver, but not in any other manner. No waiver of, or consent to a change in, any of the provisions of this Agreement shall be deemed or shall constitute a waiver of, or consent to a change in, other provisions of this Agreement (whether or not similar), nor shall such waiver constitute a continuing waiver unless otherwise expressly provided. No failure or delay by any party in exercising any right, power or privilege under this Agreement shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

11.9 Assignment. No Party shall assign (including by change of control, merger, consolidation, or equity purchase) or otherwise transfer all or any part of this Agreement to any third Person, nor shall any Party delegate any of its rights or duties under this Agreement (including by change of control, merger, consolidation, or equity purchase) to any third Person, without the prior written consent of the other Party and any transfer or delegation made without such consent shall be void, except that Purchaser and the Companies may so assign or otherwise transfer or delegate, in whole or in part: (i) to one or more of their respective Affiliates (provided no such assignment shall relieve the assigning party of any of its obligations hereunder); (ii) or in a sale of all or substantially all of the businesses of the Companies, or (iii) in connection with the transfer or sale of all or substantially all of the businesses in the service territory of one or more existing or new Utility Agreements, in the case of clauses (i) or (ii), this Agreement or its or their rights and/or obligations under this Agreement, and in the case of clause (iii), both the rights and the obligations under Section 10.3 with respect to the businesses being transferred or sold (and only if the transferee or purchaser of such businesses expressly assumes such obligations in writing as a condition to such transfer). Subject to the foregoing, this Agreement shall be binding upon, and inure to the benefit of, the Parties and their respective successors and assigns.

11.10 Entire Agreement. The Confidentiality Agreement, this Agreement, the other Ancillary Documents and the documents to be executed under this Agreement and the other Ancillary Documents and the Exhibits and Schedules attached hereto and thereto constitute the entire agreement among the Parties pertaining to the subject matter of this Agreement, and supersede all prior agreements, understandings, negotiations, and discussions, whether oral or written, of the Parties pertaining to the subject matter of this Agreement.

11.11 Amendment. This Agreement may be amended or modified only by an agreement in writing signed by the Sellers and the Purchaser and expressly identified as an amendment or modification to this Agreement.

11.12 No Third-Person Beneficiaries. Nothing in this Agreement shall entitle any Person other than the Purchaser, the Sellers and the Companies (and their respective successors and permitted assigns) to any claim, cause of action, remedy or right of any kind, except the rights expressly provided to certain Persons pursuant to [Section 5.2\(b\)](#), [Section 5.11](#) and [Section 11.18](#).

11.13 Severability. If any provision of this Agreement, or any application thereof, is held invalid, illegal, or unenforceable in any respect under any Law, this Agreement shall be reformed to the extent necessary to conform, in each case consistent with the intention of the Parties, to such Law, and, to the extent such provision cannot be so reformed, then such provision (or the invalid, illegal, or unenforceable application thereof) shall be deemed deleted from (or prohibited under) this Agreement, as the case may be, and the validity, legality, and enforceability of the remaining provisions contained in this Agreement (and any other application of such provision) shall not in any way be affected or impaired thereby.

11.14 Time of the Essence. Time is of the essence in this Agreement. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (and the expiration of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day.

11.15 References. In this Agreement, unless the context requires otherwise: (a) references to any gender includes a reference to all other genders; (b) references to the singular includes the plural, and vice versa; (c) reference to any Article or Section means an Article or Section of this Agreement; (d) reference to any Exhibit or Schedule means an Exhibit or Schedule to this Agreement, all of which are incorporated into, and made a part of, this Agreement; (e) unless expressly provided to the contrary, “hereunder”, “hereof”, “herein”, and words of similar import are references to this Agreement as a whole and not any particular Section or other provision of this Agreement; (f) references to “\$” or “Dollars” means United States Dollars; (g) “include” and “including” mean include or including without limiting the generality of the description preceding such term; (h) “made available” means that the Purchaser, its Affiliates, or Representatives have had the opportunity, prior to the execution of this Agreement, to review the relevant documents or referenced matters or materials; (i) the word “or” shall not be exclusive; and (j) any reference to any particular Code Section or any other Law will be interpreted to include any revision of or successor to that Section regardless of how it is numbered or classified and any reference herein to a Governmental Authority shall be deemed to include reference to any successor thereto. Inclusion of a matter on a Schedule attached hereto with respect to a representation or warranty that addresses matters being material or having a Material Adverse Effect shall not be deemed an indication that such matter is, or may be, material or does, or may, have a Material Adverse Effect. Schedules may include matters not required by the terms of the Agreement to be listed on the Schedule, which additional matters are disclosed for purposes of information only, and inclusion of any such matter does not mean that all such matters are included. A matter set forth on a Schedule as an exception to any representation shall be deemed to be an exception to all other representations for which its relevance is reasonably apparent from the content of such disclosure. When calculating the period of time before which, within which or following which any act is to be done or step is to be taken pursuant to this Agreement, the date that is the reference date in calculating such period shall be excluded. If the last day of such period is a non-Business Day, the period in question shall end on the next succeeding Business Day. In the case of a covenant or obligation contained in this Agreement that requires a Party to submit a filing with, deliver notice to, or take other similar action with respect to a Governmental Authority within a period of time specified in this Agreement, in the event that, on the last day of such period of performance, (A) the relevant office of the applicable Governmental Authority is closed by Law or order of a Governmental Authority (including pursuant to one or more Laws or orders of a Governmental Authority relating to COVID-19) on a date on which, absent such Law or order of a Governmental Authority, such Governmental Authority would otherwise not be closed, (B) the applicable Party is unable to perform such covenant or obligation prior to the end of the specified period of performance due solely to the closure of such office of such Governmental Authority, (C) such Party has attempted in good faith to perform or comply with such covenant before the last day of such period, and (D) no reasonable alternative means of performing such covenant or obligation (such as submitting such filing or notice to a different office of such Governmental Authority) is available to such Party, then in such case the relevant period of performance shall be automatically extended until the first Business Day following the date on which such office of such Governmental Authority is reopened.

11.16 Construction. The Purchaser is capable of making such investigation, inspection, review and evaluation of the Units, the equity interests of the Subsidiaries, the Companies, the Subsidiaries, and the Business as a prudent purchaser would deem appropriate under the circumstances, including with respect to all matters relating to the Business, its value, operation, and suitability. The Seller and the Purchaser have had the opportunity to exercise business discretion in relation to the negotiation of the details of the transaction contemplated hereby. This Agreement is the result of arm's-length negotiations from equal bargaining positions. It is expressly agreed that this Agreement shall not be construed against any Party, and no consideration shall be given or presumption made, on the basis of who drafted this Agreement or any particular provision of this Agreement.

11.17 Specific Performance. The Parties agree that irreparable damage would occur if any provision of this Agreement or any Ancillary Document were not performed in accordance with its specific terms or is otherwise breached, and that money damages or other legal remedies would not be an adequate remedy for any such damages. Accordingly, the Parties acknowledge and hereby agree that in the event of any breach or threatened breach by the Sellers or the Companies, on the one hand, or the Purchaser, on the other hand, of any of their respective covenants or obligations set forth in this Agreement, the Sellers or the Companies, on the one hand, and the Purchaser, on the other hand, shall be entitled to an injunction or injunctions, specific performance, or other equitable relief to prevent or restrain breaches or threatened breaches of this Agreement by the other (as applicable), without the necessity of proving the inadequacy of monetary damages and without the necessity of posting a bond or other security, and to specifically enforce the terms and provisions of this Agreement or any Ancillary Document to prevent breaches or threatened breaches of, or to enforce compliance with, the covenants and obligations of the other under this Agreement or any Ancillary Document and this right shall include the right of the Sellers to cause the transactions contemplated by this Agreement and the other Ancillary Documents to be consummated. The Parties hereby agree not to raise any objections to the availability of the equitable remedy of specific performance to prevent or restrain breaches or threatened breaches of this Agreement by the other Party and to specifically enforce the terms and provisions of this Agreement to prevent breaches or threatened breaches of, or to enforce compliance with, the covenants and obligations of under this Agreement. The Parties further agree that (i) by seeking the remedies provided for in this Section 11.17, a Party shall not in any respect waive its right to seek any other form of relief that may be available under this Agreement (including monetary damages) if this Agreement has been terminated or if the remedies provided for in this Section 11.17 are not available or otherwise are not granted, and (ii) nothing set forth in this Section 11.17 shall require any Party to institute any proceeding for (or limit any Party's right to institute any proceeding for) specific performance under this Section 11.17 prior or as a condition to exercising any termination right under Article 9 (and pursuing damages after such termination), nor shall the commencement of any Legal Proceeding pursuant to this Section 11.17 or anything set forth in this Section 11.17 restrict or limit any Party's right to terminate this Agreement in accordance with the terms of Article 9 or pursue any other remedies under this Agreement that may be available then or thereafter; provided, that in no event shall the Purchaser's liability under this Agreement exceed the Base Cash Amount. The right of specific enforcement set forth in this Section 11.17 is an integral part of the transactions contemplated by this Agreement and without that right, none of the Parties would have entered into this Agreement. The Parties hereby acknowledge that, other than the Purchaser, the Sellers and the Companies, no other Person or any of its Affiliates shall be entitled to enforce specifically the terms and provisions of this Agreement.

11.18 Legal Representation. In any Legal Proceeding by or against the Purchaser wherein the Purchaser asserts or prosecutes any claim under, or otherwise seeks to enforce, this Agreement, the Purchaser agrees in connection with such Legal Proceeding (a) that neither the Purchaser nor counsel therefor will move to seek disqualification of either SRZ or S&S, (b) to waive any right the Purchaser may have to assert the attorney-client privilege against either SRZ or S&S or the Sellers or any of their Affiliates with respect to any communication or information contained in SRZ's or S&S's possession or files and (c) to consent to the representation of the Sellers and their Affiliates by both SRZ and S&S, notwithstanding that either SRZ or S&S has or may have represented the Sellers or any of their Affiliates (including the Companies and the Subsidiaries) as counsel in connection with any matter, including any transaction (including the transactions contemplated by this Agreement), negotiation, investigation, Legal Proceeding or action, prior to the Closing. This consent and waiver extends to either SRZ or S&S representing the Sellers against the Purchaser, the Companies or the Subsidiaries in litigation, arbitration or mediation in connection with this Agreement or any other Ancillary Document or the transactions contemplated hereby and thereby. In addition, all communications between the Sellers, the Companies and their respective subsidiaries (including the Subsidiaries), on the one hand, and either SRZ or S&S, on the other hand, related to this or any other proposed sale of the Units, the Agreement, any Ancillary Document or the transactions contemplated hereby and thereby shall be deemed to be attorney-client confidences that belong solely to the Seller and their Affiliates (and not the Companies or the Subsidiaries) (the "Seller Pre-Closing Communications"). Accordingly, none of the Purchaser nor, following Closing, the Companies or the Subsidiaries, shall have access to any such Seller Pre-Closing Communications or to the files of either SRZ or S&S relating to such engagement, and all books, records and other materials of the Companies and the Subsidiaries in any medium (including electronic copies) containing or reflecting any of the Seller Pre-Closing Communications or the work product of legal counsel with respect thereto, including any related summaries, drafts or analyses, and all rights with respect to any of the foregoing, are hereby retained by, assigned and transferred to the Sellers effective as of the Closing. Such material and information shall be excluded from the transfer contemplated by this Agreement and may be retained by the Sellers at Closing. From and after the Closing, the Purchaser, the Companies, the Subsidiaries and their respective subsidiaries, Affiliates and Representatives shall maintain the confidentiality of all such material and information. From and after the Closing, none of the Purchaser, the Company, the Subsidiaries and their respective subsidiaries, Affiliates and Representatives shall intentionally access or in any way, directly or indirectly, use or rely upon any such materials or information. Without limiting the generality of the foregoing, from and after the Closing, (a) the Sellers and their Affiliates (and not the Companies or the Subsidiaries) shall be the sole holders of the attorney-client privilege with respect to such engagement and the Seller Pre-Closing Communications, and none of the Companies or the Subsidiaries shall be a holder thereof, (b) to the extent that files of either SRZ or S&S in respect of such engagement and with respect to the Seller Pre-Closing Communications constitute property of the Sellers, only the Sellers and their Affiliates (and not the Companies or the Subsidiaries) shall hold such property rights and (c) neither SRZ nor S&S shall have duty whatsoever to reveal or disclose any such attorney-client communications, files or the Seller Pre-Closing Communications to the Companies or the Subsidiaries by reason of any attorney-client relationship between either SRZ or S&S and the Companies or the Subsidiaries or otherwise. As to the Seller Pre-Closing Communications, the Purchaser and its Affiliates (including, after the Closing, the Companies and the Subsidiaries),

together with any of their respective successors or assigns, agree that no such Person may use or rely on any of the Seller Pre-Closing Communications in any Legal Proceeding against or involving Sellers or any of their Affiliates after the Closing. The Purchaser further agrees that, on its own behalf and on behalf of its subsidiaries (including, after the Closing, the Companies and the Subsidiaries), the retention of either SRZ or S&S by the Companies and the Subsidiaries shall be deemed completed and terminated without any further action by any Person effective as of the Closing. The Purchaser hereby acknowledges and confirms that it has had the opportunity to review and obtain adequate information regarding the significance and risks of the waivers and other terms and conditions of this Section 11.18, including the opportunity to discuss with counsel such matters and reasonable alternatives to such terms. This Section 11.18 is for the benefit of the Sellers and each of SRZ and S&S, and each of SRZ and S&S is an intended third party beneficiary of this Section 11.18. This Section 11.18 shall be irrevocable, and no term of this Section 11.18 may be amended, waived or modified, without the prior written consent of the Sellers and each of SRZ and S&S. The covenants and obligations set forth in this Section 11.18 shall survive for ten (10) years following the Closing Date.

American Water Announces Agreement to Sell its Homeowner Services Group to Funds Advised by Apax Partners Virtual Investor Day November 3, 2021

- American Water agrees to sell its Homeowner Services Group to funds advised by Apax Partners LLP (“Apax”) in a deal valued at \$1.275 billion
- At closing, American Water will receive \$480 million in cash and a \$720 million secured Seller’s Note bearing a 7% annual interest rate with a five-year term
- Additional purchase price of \$75 million if certain milestones are met
- American Water also enters into revenue sharing agreement on revenue generated from on-bill billing arrangements with American Water customers
- American Water’s core regulated business strengthened as cash proceeds from the transaction will be redeployed into the regulated water and wastewater businesses in near- and long-term
- Proposed sale further narrows market-based business focus to regulated-like Military Services Group

CAMDEN, N.J., October 29, 2021 – American Water Works Company, Inc. (NYSE: AWK), the largest publicly traded U.S. water and wastewater utility company, today announced that it has agreed to sell its Homeowner Services Group to funds advised by Apax in a deal valued at approximately \$1.275 billion.

Upon closing of the transaction, American Water will receive \$480 million in cash and a \$720 million secured Seller’s Note bearing a 7% annual interest rate with a five-year term. In addition, the transaction includes a delayed payment to American Water of \$75 million if certain milestones are met by December 31, 2023. The structure of the transaction enables initial cash proceeds to be redeployed into the regulated water and wastewater business to fund near-term incremental capital investments, while interest on the Seller’s Note will provide a stream of earnings over the term of the note. Upon maturity, the proceeds from the repayment of the Seller’s Note are expected to be used to fund a continually growing capital investment in the regulated business.

“American Water has successfully grown our Homeowner Services Group over the last 20 years, creating great value.” said Walter Lynch, President and CEO of American Water. “This transaction allows us to capitalize on that value creation by utilizing the proceeds to invest in our regulated businesses. As we have continuously communicated, our strategy is to operate where we can best serve customers, drive efficiencies, invest in our systems and grow our regulated water and wastewater businesses,” added Lynch. “We look forward to outlining the transaction further, as we discuss our long-term financial plan at our next virtual investor day on November 3, 2021.”

Press Release

Homeowner Services Group's customer facing brands include American Water Resources and Pivotal Home Solutions, which provide various warranty protection programs and other home services to residential customers across the country. This business currently has nearly 3 million customer contracts across 43 states and Washington, D.C.

"We believe Apax will take the growing Homeowner Services business into its next chapter and employees will transfer as part of the deal and have the opportunity to continue to add value to customers," added Lynch.

Ashish Karandikar, Partner at Apax, said, "Having tracked the home warranty sector, we identified American Water Resources as a stand-out provider in the space. The Apax Funds have deep domain experience across the home services market and insurance and warranty product dynamics, with prior investments in Authority Brands, Assured Partners and Hub for example. We are excited to partner with the team at American Water Resources as we look to build on the Homeowner Services Group's success to date, leveraging the Apax Funds' transformational approach, hands-on operational excellence, and deep digital expertise to support the company going forward."

American Water will also enter into a revenue sharing agreement that provides for American Water to receive a percentage of revenue generated from previous on-bill billing arrangements with American Water customers. This agreement will also provide an ongoing income stream as Apax continues these relationships.

American Water anticipates closing the transaction in the fourth quarter of 2021, subject to the satisfaction or waiver of customary closing conditions, including the expiration or termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976.

American Water was exclusively advised by BofA Securities, Schulte Roth & Zabel LLP and Shearman & Sterling LLP.

American Water Investor Day

Further details surrounding the transaction and American Water's long-term financial plan will be discussed at a virtual Investor Day American Water scheduled for Wednesday, November 3, 2021, at 9:00 a.m. Eastern Daylight Time. Also at that event, the Company will discuss its 2021 third quarter results, 2021 and 2022 earnings guidance, and long-term earnings, dividend growth and O&M efficiency ratio targets, and its financing and capital investment plans. The event hosts will be Walter Lynch, President and Chief Executive Officer; Susan Hardwick, Executive Vice President and Chief Financial Officer; and Cheryl Norton, Executive Vice President and Chief Operating Officer. There will be a question-and-answer session as part of the event.

American Water Announces Changes in Investor Relations Organization

Maureen Duffy
Senior Vice President, Communications and External Affairs
856-955-4163
maureen.duffy@amwater.com

CAMDEN, N.J., Sept. 16, 2021— American Water Works Company, Inc. (NYSE: AWK), the largest publicly-traded U.S. water and wastewater utility company, announced that Edward Vallejo, vice president of Investor Relations, has accepted a position with another publicly traded company. His last day with the company is September 17, 2021.

“I want to thank Ed for all of his contributions to our company,” said Walter Lynch, president and CEO of American Water. “Ed has been part of investor relations since our IPO in 2008 and has done a great job communicating the value of our company. We wish him all the best as he starts a new chapter in his career.”

American Water’s executive and investor relations team has been recognized by Institutional Investor Research, ranking first in the utilities sector, as voted by research analysts, for Environmental, Social and Governance (ESG); Communication of Strategy and Risk Management Amid COVID-19, and Best Analyst Day.

“While we wish Ed the best, we are happy to announce that Aaron Musgrave will join American Water, effective September 20, 2021, as senior director of Investor Relations. Aaron has extensive experience in this area, most recently at Vectren Corporation prior to its sale to CenterPoint Energy,” added Lynch. “Working closely with Susan Hardwick, our CFO, and Maureen Duffy, our SVP of Communications and External Affairs, Investor Relations will continue our open and transparent engagement with all stakeholders.”

Musgrave served as director of Investor Relations for Vectren for nine years. He also served as manager of Financial Analysis and Forecasting at Vectren. Prior to that, Musgrave was a lead financial analyst at Cinergy Corporation, now Duke Energy.

Musgrave earned his Master of Business Administration from Butler University and his Bachelor of Science in Accounting, with a Minor in Mathematics, from the University of Evansville in Indiana.

- **Invested \$782 million in the first half of the year and added approximately 11,200 customer connections year-to-date through closed acquisitions and organic growth; Capital plan remains on track to invest approximately \$1.9 billion in 2021**

CAMDEN, N.J., August 2, 2021 - American Water Works Company, Inc. (NYSE: AWK) today reported results for the quarter ended June 30, 2021, of \$1.14 per share, compared to \$0.97 per share in 2020.

“American Water employees delivered a strong second quarter with 2021 earnings per share up 17.5% compared to 2020. These results demonstrate that we continue to grow our business through the consistent execution of our strategies,” said Walter Lynch, president and CEO of American Water.

“In the first six months in 2021, we invested \$782 million with the majority dedicated to needed infrastructure improvements to better serve our customers. We continued to minimize the customer bill impacts of these investments through operating and capital efficiencies and by leveraging the size and scale of our business. We added approximately 11,200 customer connections to date through closed acquisitions and organic growth. We also look forward to welcoming an additional 86,900 customer connections through pending acquisitions.”

Consolidated Results

For the three and six months ended June 30, 2021, earnings per share were \$1.14 and \$1.87, respectively, which reflect increases of 17.5% and 13.3%, respectively, compared to the same periods in 2020. These increases were primarily driven by continued growth in the Regulated Businesses from infrastructure investment, acquisitions and organic growth, and include an estimated \$0.03 per share benefit from warmer and drier than normal weather, primarily in the Northeast, in the second quarter of 2021. The consolidated results were partially offset by lower results from the Homeowner Services Group (“HOS”) from an increase in claims in 2021, including from extreme cold weather across the country during the first quarter of 2021, primarily in Texas and Illinois.

For the first six months of 2021, the Company made capital investments of approximately \$782 million, including \$735 million primarily for infrastructure improvements in the Regulated Businesses and \$39 million for regulated acquisitions. The Company plans to invest approximately \$1.9 billion across its footprint in 2021.

Regulated Businesses

In the second quarter of 2021, the Regulated Businesses’ net income was \$215 million, compared to \$177 million for the same period in 2020.

Regulated revenue increased approximately \$54 million from additional authorized revenues from infrastructure investments, acquisitions and organic growth, and increases in demand, reflective of warmer and drier than normal weather in the second quarter of 2021, primarily in the Northeast, and lower demand in 2020 as a result of the COVID-19 pandemic. Excluding revenue reductions for the amortization of excess deferred income taxes of \$24 million, which is offset with a like amount as lower tax expense, revenue increased \$78 million. Results also reflect higher O&M expenses of \$26 million to support growth in the Regulated Businesses and increased depreciation of \$7 million, mainly related to infrastructure investment growth.

For the first six months of 2021, the Regulated Businesses net income was \$350 million, compared to \$300 million for the same period in 2020.

Regulated revenue increased approximately \$89 million from additional authorized revenues from infrastructure investments, acquisitions and organic growth, and increases in demand, reflective of the warmer and drier than normal weather in the second quarter of 2021 and lower demand in the second quarter of 2020 as a result of the COVID-19 pandemic. Excluding agreed to revenue reductions for the amortization of excess deferred income taxes of \$44 million, which is offset with a like amount as lower tax expense, revenue increased \$133 million. Results also reflect higher O&M expenses of \$48 million to support growth in the Regulated Businesses and increased depreciation of \$19 million, mainly related to infrastructure investment growth.

To date, the Company has been authorized additional annualized revenues, excluding agreed to reductions for excess accumulated deferred income taxes, of approximately \$120 million from general rate cases, with \$100 million effective in 2021 and \$20 million effective in 2022. In addition, approximately \$46 million of additional annualized revenues from infrastructure surcharges have been authorized and are effective in 2021. The Company has general rate cases in progress in two jurisdictions and filed for infrastructure surcharges in two jurisdictions, reflecting a total annualized revenue request of approximately \$71 million.

For the 12-month period ended June 30, 2021, the Company’s adjusted regulated O&M efficiency ratio (a non-GAAP financial measure) was 33.9%, a decrease from 34.3% for the 12-month period ended June 30, 2020. The improvement in this ratio reflects the continued focus on operating costs, as well as an increase in operating revenues for the Regulated Businesses.

Market-Based Businesses

In the second quarter of 2021, net income for the Market-Based Businesses was \$19 million, compared to \$23 million for the same period in 2020. The lower results are attributable to HOS due primarily to an increase in claims in 2021.

For the first six months of 2021, net income in the Market-Based Businesses was \$36 million, compared to \$45 million for the same period in 2020. The decrease was largely the result of increased claims in 2021 for HOS, including from extreme cold weather across the country during the first quarter of 2021, primarily in Texas and Illinois.

Dividends

On July 28, 2021, the Company’s board of directors declared a quarterly cash dividend payment of \$0.6025 per share of common stock, payable on September 1, 2021, to all shareholders of record as of August 10, 2021.

2021 Earnings Guidance

The Company affirms its 2021 earnings per share guidance range of \$4.18 to \$4.28. The Company's earnings forecasts are subject to numerous risks and uncertainties, including, without limitation, those described under "Forward-Looking Statements" below and under "Risk Factors" in its annual, quarterly and current reports filed with the Securities and Exchange Commission ("SEC").

Non-GAAP Financial Measures

This press release includes a presentation of adjusted regulated O&M efficiency ratio, a "non-GAAP financial measure" under SEC rules, which excludes from its calculation estimated purchased water revenues and purchased water expenses, reductions for the amortization of excess accumulated deferred income taxes, and the allocable portion of non-O&M support services costs, mainly depreciation and general taxes. These items were excluded from the O&M efficiency ratio calculation as they do not reflect management's ability to increase the efficiency of the Regulated Businesses. This item is derived from American Water's consolidated financial information but is not presented in its financial statements prepared in accordance with GAAP. This non-GAAP financial measure supplements and should be read in conjunction with the Company's GAAP disclosures and should be considered as an addition to, and not a substitute for, any GAAP measure.

Management evaluates its operating performance using this ratio and believes that this non-GAAP financial measure is useful to the Company's investors because it directly measures improvement in the operating performance and efficiency of the Company's Regulated Businesses. The Company's adjusted regulated O&M efficiency ratio (i) is not an accounting measure that is based on GAAP; (ii) is not based on a standard, objective industry definition or method of calculation; (iii) may not be comparable to other companies' operating measures; and (iv) should not be used in place of the GAAP information provided elsewhere in this press release.

Set forth in this release is a table that calculates the Company's adjusted regulated O&M efficiency ratio and reconciles each of the components used to calculate this ratio to the most directly comparable GAAP financial measure.

Second Quarter 2021 Earnings Conference Call

The second quarter 2021 earnings conference call will take place on Tuesday, August 3, 2021, at 9 a.m. Eastern Daylight Time. Interested parties may listen to an audio webcast through a link on the Company's Investor Relations website at ir.amwater.com. Presentation slides that will be used in conjunction with the earnings conference call will also be made available online. The Company recognizes its website as a key channel of distribution to reach public investors and as a means of disclosing material non-public information to comply with its obligations under SEC Regulation FD.

Following the earnings conference call, an audio archive of the call will be available for one year on American Water's investor relations website at ir.amwater.com/events.

Throughout this press release, unless the context otherwise requires, references to the "Company" and "American Water" mean American Water Works Company, Inc. and all of its subsidiaries, taken together as a whole.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this press release including, without limitation, 2021 earnings guidance, the outcome of pending acquisition activity, the amount and allocation of projected capital expenditures; the impacts to the Company of the COVID-19 pandemic health event, and estimated revenues from rate cases and other government agency authorizations, are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and the Federal securities laws. In some cases, these forward-looking statements can be identified by words with prospective meanings such as "intend," "plan," "estimate," "believe," "anticipate," "expect," "predict," "project," "propose," "assume," "forecast," "outlook," "future," "pending," "goal," "objective," "potential," "continue," "seek to," "may," "can," "will," "should" and "could" and or the negative of such terms or other variations or similar expressions. These forward-looking statements are predictions based on American Water's current expectations and assumptions regarding future events. They are not guarantees or assurances of any outcomes, financial results of levels of activity, performance or achievements, and readers

are cautioned not to place undue reliance upon them. The forward-looking statements are subject to a number of estimates and assumptions, and known and unknown risks, uncertainties and other factors. Actual results may differ materially from those discussed in the forward-looking statements included in this press release as a result of the factors discussed in the Company's Annual Report on Form 10-K for the year ended December 31, 2020, and subsequent filings with the SEC, and because of factors such as: the decisions of governmental and regulatory bodies, including decisions to raise or lower customer rates and regulatory responses to the COVID-19 pandemic; the timeliness and outcome of regulatory commissions' and other authorities' actions concerning rates, capital structure, authorized return on equity, capital investment, system acquisitions and dispositions, taxes, permitting, water supply and management, and other decisions; changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts, impacts of the COVID-19 pandemic, or otherwise; a loss of one or more large industrial or commercial customers due to adverse economic conditions, the COVID-19 pandemic, or other factors; limitations on the availability of the Company's water supplies or sources of water, or restrictions on its use thereof, resulting from allocation rights, governmental or regulatory requirements and restrictions, drought, overuse or other factors; changes in laws, governmental regulations and policies, including with respect to the environment, health and safety, consumer and data privacy, water quality and water quality accountability, contaminants of emerging concern, public utility and tax regulations and policies, and impacts resulting from U.S., state and local elections and changes in federal, state and local executive administrations; weather conditions and events, climate variability patterns, and natural disasters, including drought or abnormally high rainfall, prolonged and abnormal ice or freezing conditions, strong winds, coastal and intercoastal flooding, pandemics (including COVID-19) and epidemics, earthquakes, landslides, hurricanes, tornadoes, wildfires, electrical storms, sinkholes and solar flares; the outcome of litigation and similar governmental and regulatory proceedings, investigations or actions; the risks associated with the Company's aging infrastructure, and its ability to appropriately improve the resiliency of, or maintain and replace, current or future infrastructure and systems, including its technology and other assets, and manage the expansion of its businesses; exposure or infiltration of the Company's technology and critical infrastructure systems, including the disclosure of sensitive, personal or confidential information contained therein, through physical or cyber attacks or other means; the Company's ability to obtain permits and other approvals for projects and construction of various water and wastewater facilities; changes in the Company's capital requirements; the Company's ability to control operating expenses and to achieve operating efficiencies; the intentional or unintentional actions of a third party, including contamination of the Company's water supplies or the water provided to its customers; the Company's ability to obtain adequate and cost-effective supplies of equipment (including personal protective equipment), chemicals, electricity, fuel, water and other raw materials; the Company's ability to successfully meet growth projections for the Regulated Businesses and the Market-Based Businesses, either individually or in the aggregate, and capitalize on growth opportunities, including, among other things, with respect to acquiring, closing and successfully integrating regulated operations and market-based businesses, entering into contracts and other agreements with, or otherwise obtaining, new customers or partnerships in the Market-Based Businesses, and realizing anticipated benefits and synergies from new acquisitions; risks and uncertainties associated with contracting with the U.S. government, including ongoing compliance with applicable government procurement and security regulations; cost overruns relating to improvements in or the expansion of the Company's operations; the Company's ability to successfully develop and implement new technologies and to protect related intellectual property; the Company's ability to maintain safe work sites; the Company's exposure to liabilities related to environmental laws and similar matters resulting from, among other things, water and wastewater service provided to customers; changes in general economic, political, business and financial market conditions, including without limitation conditions and collateral consequences associated with the COVID-19 pandemic health event; access to sufficient debt and/or equity capital on satisfactory terms and when and as needed to support operations and capital expenditures; fluctuations in interest rates; the ability to comply with affirmative or negative covenants in the current or future indebtedness of the Company or any of its subsidiaries, or the issuance of new or modified credit ratings or outlooks or other communications by credit rating agencies with respect to the Company or any of its subsidiaries (or any current or future indebtedness thereof), which could increase financing costs or funding requirements and affect the Company's or its subsidiaries' ability to issue, repay or redeem debt, pay dividends or make distributions; fluctuations in the value of benefit plan assets and liabilities that could increase the Company's cost and funding requirements; changes in federal or state general, income and other tax laws, including (i) future significant tax legislation; (ii) further rules, regulations, interpretations and guidance by the U.S. Department of the Treasury and state or local taxing authorities related to the enactment of the Tax Cuts and Jobs Act of 2017; (iii) the availability of, or the Company's compliance with, the terms of applicable tax credits and tax abatement programs; and (iv) the Company's ability to utilize its U.S. federal and state income tax net operating loss carryforwards; migration of customers into or out of the Company's service territories; the use by municipalities of the power of eminent domain or other authority to condemn the systems of one or more of the Company's utility subsidiaries, or the assertion by private landowners of similar rights against such utility subsidiaries; any difficulty or inability to obtain insurance for the Company, its inability to obtain insurance at acceptable rates and on acceptable terms and conditions, or its inability to obtain reimbursement under existing or future insurance programs and coverages for any losses sustained; the incurrence of impairment charges related to the Company's goodwill or other assets; labor actions, including work stoppages and strikes; the Company's ability to retain and attract qualified employees; civil disturbances or unrest, or terrorist threats or acts, or public apprehension about future disturbances, unrest, or terrorist threats or acts; and the impact of new, and changes to existing, accounting standards.

These forward-looking statements are qualified by, and should be read together with, the risks and uncertainties set forth above and the risk factors included in American Water's annual, quarterly and other SEC filings, and readers should refer to such risks, uncertainties and risk factors in evaluating such forward-looking statements. Any forward-looking statements American Water makes speak only as of the date of this press release. American Water does not have or undertake any obligation or intention to update or revise any forward-looking statement, whether as a result of new information, future events, changed circumstances or otherwise, except as otherwise required by the federal securities laws. New factors emerge from time to time, and it is not possible for the Company to predict all such factors. Furthermore, it may not be possible to assess the impact of any such factor on the Company's businesses, either viewed independently or together, or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. The foregoing factors should not be construed as exhaustive.

As previously disclosed, American Water Works Company, Inc. (the "Company"), the Company's New York subsidiary, and Liberty Utilities (Eastern Water Holdings) Corp. ("Liberty"), an indirect, wholly owned subsidiary of Algonquin Power & Utilities Corp., are parties to a Stock Purchase Agreement, dated November 20, 2019 (the "Stock Purchase Agreement"), pursuant to which Liberty has agreed to purchase all of the capital stock of the Company's New York subsidiary (the "Stock Purchase"). The Stock Purchase Agreement provides for certain termination rights, including, among other things, that the Company or Liberty may terminate the Stock Purchase Agreement if the Stock Purchase is not consummated by June 30, 2021 (the "Closing End Date"). The Stock Purchase Agreement provides that the Closing End Date is subject to extension for an additional six months if all of the conditions to closing, other than the conditions related to obtaining regulatory approvals, have been satisfied or are capable of being satisfied.

On June 29, 2021, the parties mutually agreed to extend the Closing End Date for six months in accordance with the terms of the Stock Purchase Agreement, and agreed to extend further the Closing End Date to January 3, 2022 as December 31, 2021 is a federal holiday.

A copy of the letter agreement, dated June 29, 2021, extending the Closing End Date as described above has been filed as Exhibit 2.1 hereto. No other provision of the Stock Purchase Agreement was modified by this letter agreement.

Ladies and Gentlemen:

Reference is made to that certain Stock Purchase Agreement, dated November 20, 2019 (the "Existing Agreement") between American Water Works Company, Inc., a Delaware corporation (the "Seller"), New York American Water Company, Inc., a New York corporation, and Liberty Utilities Co., a Delaware corporation (the "Purchaser"),¹ and capitalized terms used and not defined herein shall have the respective meanings assigned to them in the Existing Agreement.

Pursuant to Section 9.1(b) of the Existing Agreement, if the Closing has not occurred on or before June 30, 2021, the Existing Agreement may be terminated, unless either the Purchaser or the Seller opt to extend the Closing End Date to December 31, 2021 by providing written notice to the other party. As such, by executing this letter agreement ("Letter"), the Seller and the Purchaser mutually notify each other of their respective intent to extend the Closing End Date from June 30, 2021 to December 31, 2021.

Simultaneous with this election, given that December 31, 2021 is a federal holiday, each of the Purchaser and Seller would like to modify the Existing Agreement pursuant to Section 11.11 to change the definition of the Closing End Date from December 31, 2021 to January 3, 2022.

Pursuant to Section 11.2 of the Existing Agreement, by executing this Letter, each of the Purchaser and Seller provide written confirmation of receipt of this notice and make the following acknowledgements: (i) that, other than the conditions to Closing set forth in Section 6.1(d) and Section 6.2(d) of the Existing Agreement, the conditions to Closing contained in Article 6 have been fulfilled or are capable of being fulfilled, and (ii) that the Closing End Date is hereby extended from June 30, 2021 to January 3, 2022.

The undersigned parties hereby agree to the terms and conditions set forth in this Letter, as memorialized by their respective signatures below.

¹ On February 25, 2020, Liberty Utilities Co. assigned all of its rights in and to the Existing Agreement to Liberty Utilities (Eastern Water Holdings) Corp.

Sincerely,

AMERICAN WATER WORKS COMPANY, INC.

Iowa Utilities Board Issues Order in General Rate Case

On June 28, 2021, the Iowa Utilities Board (the “IUB”) issued an order unanimously approving a rate adjustment pursuant to a general rate case filed on August 28, 2020 by the Iowa subsidiary of American Water Works Company, Inc. (the “Company”). Under the IUB’s order, the Company’s Iowa subsidiary will be authorized additional annualized water revenues of \$2.3 million. The Company’s Iowa subsidiary intends to file a motion with the IUB seeking clarification of its order with respect to, among other things, the inclusion of a rate base offset in the return of unprotected excess accumulated deferred income taxes to customers. An effective date for final rates will be established after resolution of the motion for clarification, and the filing of final tariffs and rate designs by the Company’s Iowa subsidiary and approval thereof by the IUB.

A copy of the press release issued by the Company’s Iowa subsidiary on July 6, 2021 has been filed as Exhibit 99.1 hereto and is incorporated herein by reference.

Final Order Issued by the Iowa Utilities Board in Iowa American Water's Rate Review

Over \$87 million in water infrastructure investment drives the need for a rate adjustment

Davenport, Iowa. (July 6, 2021) – Following a 10-month review, the Iowa Utilities Board (IUB) issued an order on June 28 approving a rate adjustment for Iowa American Water. The company's investment of almost \$87 million in water system improvements is the primary driver behind the rate adjustment request.

Company officials say the additional revenue will help Iowa American Water continue to invest proactively in its water infrastructure throughout the state. Iowa American Water last received a rate change order from the IUB four years ago in 2017.

"By continually improving our water systems, we help reduce the frequency of service interruptions, prevent property damage from water main breaks and enhance fire protection. We carefully plan and invest in our water systems to provide safe, clean, and reliable service to about 213,000 residents in eight eastern Iowa communities," said Randy Moore, president of Iowa American Water. "These investments are key to our commitment to provide outstanding service and reliability, both now and for future generations."

The need to upgrade water systems is a national issue. The EPA's 2015 Drinking Water Needs Assessment reported to Congress that Iowa drinking water systems have an estimated capital need of more than \$7.8 billion over the next 20 years with the majority needed for the small and medium sized systems that dominate the state.

Investments included in the rate review included the replacement of aging water pipelines and the upgrading of treatment plants, storage tanks, wells, and pumping stations across the state.

Iowa American Water's rates are based on the cost of providing water service as reviewed and approved by the IUB. The next step in the process will be for Iowa American Water to prepare and file a final rate design and rates for approval by the IUB that complies with the terms in the order and the allowed increase between the company's various customer classifications. An effective date for the new rates will be established once the IUB approves the company's rate design.

"The residents and businesses in our service communities rely on us to provide safe, reliable water service for quality of life, economic development and fire protection," Moore added. "With over 900 miles of water pipe serving our customers, we must continue to make these proactive investments to maintain and improve service."

In addition, Iowa American Water is continuing to respond to financial hardships the COVID-19 pandemic has caused some of its customers. The company continues to offer payment arrangements and budget billing to customers who need assistance. Additionally, the company provides financial assistance to low-income, eligible customers through its H2O Help to Others Program™.

Press Release

“As a utility whose services are critical to public health, we take our responsibility to provide quality drinking water seriously, and as such, we are committed to keeping our systems and facilities well maintained,” added Moore. “Even with this increase in rates, water service remains a good value for our customers at about a penny a gallon.”

In its final rate order, the IUB approved an overall increase in additional annual revenue of \$2.3 million. The company filed its original rate review request with the IUB in August 2020 seeking an annual revenue increase totaling approximately \$3.9 million.

Customers can contact the company’s customer service center at 1-866-641-2108 with additional questions they may have. Additional information can also be found on the Iowa Utilities Board’s website at www.state.ia.us/iub/.

American Water Chief Growth Officer Retires *Company continues to execute growth strategy*

Maureen Duffy
Senior Vice President, Communications and External Affairs
856-955-4163
maureen.duffy@amwater.com

CAMDEN, N.J., June 1, 2021 – American Water Works Company, Inc. (NYSE: AWK) the largest publicly-traded U.S. water and wastewater utility company, announced that William Varley, its Chief Growth Officer, retired effective today due to health reasons.

“I want to thank Bill for all of his contributions to our company,” said Walter Lynch, president and CEO of American Water. “Bill came out of retirement last year and worked with our state leadership and business development teams to further enhance our growth strategy, which is successfully being executed across our footprint.”

American Water’s growth strategy will continue to focus on operating in states where it can best serve customers, drive efficiencies, and continue to grow the regulated businesses. As of May 1, 2021, American Water has more than 86,000 customer connections under agreement across 8 different states, with more than 1.2 million customer connection opportunities in its growth pipeline.

Earlier this year, Pennsylvania American Water also announced what would be the largest municipal acquisition in its history, with a signed agreement to acquire the wastewater treatment and collection system for the City of York, Pennsylvania. This acquisition, when closed, would add an equivalent customer connection total of more than 45,000.

“The continued, successful execution of our growth strategy is why our 2021 to 2025 expected earnings growth from regulated acquisitions was raised to one-and-a-half to two-and-a-half percent earlier this year,” added Lynch. “Our state teams, with corporate support, are delivering on the fundamentals like acquisitions in our target range of 5,000 to 50,000 customers and consideration for larger acquisitions; wastewater acquisitions in or near our water footprint; and continued engagement on legislative and regulatory policy to benefit customers.”

“With our deeply experienced state leadership and a proven business development team, we are well positioned to continue our growth strategy by providing water and wastewater solutions for the long-term,” added Lynch.

Corporate business development efforts will be led by Robert Stoy, American Water’s Vice President of Business Development, in the interim, until a replacement for Varley is identified. Stoy has nearly 20 years of experience in corporate finance, project finance, and mergers and acquisitions. He joined American Water in 2018 as Director of Business Development. He also served as Assistant Treasurer at American Water prior to his current role as Vice President of Business Development. Prior to joining American Water, Stoy held various business

development roles including at Wells Fargo Securities. His broad experience includes many multimillion-dollar transactions within the utilities industry and related infrastructure sectors.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this press release are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements relate to, among other things, the replacement of the Company's Chief Growth Officer; the completion of the acquisition of the City of York's wastewater collection system and the ability to satisfy closing and other conditions related to such acquisition, including obtaining regulatory approvals; and the execution of the Company's growth strategy and its ability to meet its regulated acquisition growth targets. These forward-looking statements are predictions based on American Water's current expectations and assumptions regarding future events. They are not guarantees or assurances of any outcomes, levels of performance or achievements, and readers are cautioned not to place undue reliance upon them. The forward-looking statements are subject to a number of estimates and assumptions, and known and unknown risks, uncertainties and other factors, and actual results may differ materially from those discussed in these forward-looking statements as a result of the factors discussed in the Company's Annual Report on Form 10-K for the year ended December 31, 2020 and in subsequent filings with the SEC.

These forward-looking statements are qualified by, and should be read together with, the risk factors and other cautionary statements included in American Water's annual, quarterly and other SEC filings, and readers should refer to such risks, uncertainties and risk factors in evaluating such forward-looking statements. Any forward-looking statements speak only as of the date of this press release. American Water does not have or undertake any obligation or intention to update or revise any forward-looking statement, whether as a result of new information, future events, changed circumstances or otherwise, except as otherwise required by the federal securities laws. Furthermore, it may not be possible to assess the impact of any such factor on the Company's businesses, either viewed independently or together, or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement.

FORWARD-LOOKING STATEMENTS

Statements included in Part I, Item 2—Management’s Discussion and Analysis of Financial Condition and Results of Operations and in other sections of this Form 10-Q are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the Private Securities Litigation Reform Act of 1995. In some cases, these forward-looking statements can be identified by words with prospective meanings such as “intend,” “plan,” “estimate,” “believe,” “anticipate,” “expect,” “predict,” “project,” “propose,” “assume,” “forecast,” “likely,” “uncertain,” “outlook,” “future,” “pending,” “goal,” “objective,” “potential,” “continue,” “seek to,” “may,” “can,” “should,” “will” and “could” or the negative of such terms or other variations or similar expressions. Forward-looking statements may relate to, among other things: the Company’s future financial performance, liquidity and cash flows; the timing and amount of rate and revenue adjustments, including through general rate case filings, filings for infrastructure surcharges and other governmental agency authorizations and proceedings, and filings to address regulatory lag; the Company’s growth and portfolio optimization strategies, including the timing and outcome of pending or future acquisition activity; the ability of the Company’s California subsidiary to obtain adequate alternative water supplies in lieu of diversions from the Carmel River; the amount and allocation of projected capital expenditures and related funding requirements; the Company’s ability to repay or refinance debt; the future impacts of increased or increasing financing costs, inflation and interest rates; the Company’s ability to execute its current and long-term business, operational and capital expenditures strategies; the Company’s ability to finance current operations, capital expenditures and growth initiatives by accessing the debt and equity capital markets, including the timing and amount of the Company’s future public equity issuances; the outcome and impact on the Company of governmental and regulatory proceedings and related potential fines, penalties and other sanctions; the ability to meet or exceed the Company’s stated environmental and sustainability goals, including its greenhouse gas (“GHG”) emission reduction, water delivery efficiency and water system resiliency goals; the ability to complete, and the timing and efficacy of, the design, development, implementation and improvement of technology and other strategic initiatives; the ability to capitalize on existing or future utility privatization opportunities; trends in the water and wastewater industries in which the Company operates, including macro trends with respect to the Company’s efforts related to customer, technology and work execution; regulatory, legislative, tax policy or legal developments; and impacts that future significant tax legislation may have on the Company and on its business, results of operations, cash flows and liquidity.

Forward-looking statements are predictions based on the Company’s current expectations and assumptions regarding future events. They are not guarantees or assurances of any outcomes, financial results, levels of activity, performance or achievements, and readers are cautioned not to place undue reliance upon them. These forward-looking statements are subject to a number of estimates, assumptions, known and unknown risks, uncertainties and other factors. The Company’s actual results may vary materially from those discussed in the forward-looking statements included herein as a result of the following important factors:

- the decisions of governmental and regulatory bodies, including decisions to raise or lower customer rates;
- the timeliness and outcome of regulatory commissions’ and other authorities’ actions concerning rates, capital structure, authorized return on equity, capital investment, system acquisitions and dispositions, taxes, permitting, water supply and management, and other decisions;
- changes in customer demand for, and patterns of use of, water and energy, such as may result from conservation efforts, or otherwise;
- limitations on the availability of the Company’s water supplies or sources of water, or restrictions on its use thereof, resulting from allocation rights, governmental or regulatory requirements and restrictions, drought, overuse or other factors;
- a loss of one or more large industrial or commercial customers due to adverse economic conditions or other factors;
- changes in laws, governmental regulations and policies, including with respect to the environment, health and safety, data and consumer privacy, security and protection, water quality and water quality accountability, contaminants of emerging concern, public utility and tax regulations and policies, and impacts resulting from U.S., state and local elections and changes in federal, state and local executive administrations;
- the Company’s ability to collect, distribute, use, secure and store consumer data in compliance with current or future governmental laws, regulations and policies with respect to data and consumer privacy, security and protection;
- weather conditions and events, climate variability patterns, and natural disasters, including drought or abnormally high rainfall, prolonged and abnormal ice or freezing conditions, strong winds, coastal and intercoastal flooding, pandemics (including COVID-19) and epidemics, earthquakes, landslides, hurricanes, tornadoes, wildfires, electrical storms, sinkholes and solar flares;
- the outcome of litigation and similar governmental and regulatory proceedings, investigations or actions;
- the risks associated with the Company’s aging infrastructure, and its ability to appropriately improve the resiliency of or maintain and replace, current or future infrastructure and systems, including its technology and other assets, and manage the expansion of its businesses;

- exposure or infiltration of the Company’s technology and critical infrastructure systems, including the disclosure of sensitive, personal or confidential information contained therein, through physical or cyber attacks or other means;
- the Company’s ability to obtain permits and other approvals for projects and construction of various water and wastewater facilities;
- changes in the Company’s capital requirements;
- the Company’s ability to control operating expenses and to achieve operating efficiencies;
- the intentional or unintentional actions of a third party, including contamination of the Company’s water supplies or the water provided to its customers;
- the Company’s ability to obtain and have delivered adequate and cost-effective supplies of pipe, equipment (including personal protective equipment), chemicals, power and other fuel, water and other raw materials, and to address or mitigate supply chain constraints that may result in delays or shortages in, as well as increased costs of, supplies, products and materials that are critical to or used in the Company’s business operations;
- the Company’s ability to successfully meet its operational growth projections, either individually or in the aggregate, and capitalize on growth opportunities, including, among other things, with respect to:
 - acquiring, closing and successfully integrating regulated operations;
 - the Company’s Military Services Group (“MSG”) entering into new military installation contracts, price redeterminations, and other agreements and contracts with the U.S. government; and
 - realizing anticipated benefits and synergies from new acquisitions;
- risks and uncertainties following the completion of the sale of the Company’s Homeowner Services Group (“HOS”), including:
 - the Company’s ability to receive any contingent consideration provided for in the HOS sale, as well as amounts due, payable and owing to the Company under the seller note when due; and
 - the ability of the Company to redeploy successfully and timely the net proceeds of this transaction into the Company’s Regulated Businesses;
- risks and uncertainties associated with contracting with the U.S. government, including ongoing compliance with applicable government procurement and security regulations;
- cost overruns relating to improvements in or the expansion of the Company’s operations;
- the Company’s ability to successfully develop and implement new technologies and to protect related intellectual property;
- the Company’s ability to maintain safe work sites;
- the Company’s exposure to liabilities related to environmental laws and similar matters resulting from, among other things, water and wastewater service provided to customers;
- the ability of energy providers, state governments and other third parties to achieve or fulfill their GHG emission reduction goals, including without limitation through stated renewable portfolio standards and carbon transition plans;
- changes in general economic, political, business and financial market conditions;
- access to sufficient debt and/or equity capital on satisfactory terms and as needed to support operations and capital expenditures;
- fluctuations in inflation or interest rates, and the Company’s ability to address or mitigate the impacts thereof;
- the ability to comply with affirmative or negative covenants in the current or future indebtedness of the Company or any of its subsidiaries, or the issuance of new or modified credit ratings or outlooks by credit rating agencies with respect to the Company or any of its subsidiaries (or any current or future indebtedness thereof), which could increase financing costs or funding requirements and affect the Company’s or its subsidiaries’ ability to issue, repay or redeem debt, pay dividends or make distributions;
- fluctuations in the value of, or assumptions and estimates related to, its benefit plan assets and liabilities, including with respect to its pension and other post-retirement benefit plans, that could increase expenses and plan funding requirements;
- changes in federal or state general, income and other tax laws, including (i) future significant tax legislation or regulations, and (ii) the availability of, or the Company’s compliance with, the terms of applicable tax credits and tax abatement programs;
- migration of customers into or out of the Company’s service territories and changes in water and energy consumption resulting therefrom;

- the use by municipalities of the power of eminent domain or other authority to condemn the systems of one or more of the Company's utility subsidiaries, or the assertion by private landowners of similar rights against such utility subsidiaries;
- any difficulty or inability to obtain insurance for the Company, its inability to obtain insurance at acceptable rates and on acceptable terms and conditions, or its inability to obtain reimbursement under existing or future insurance programs and coverages for any losses sustained;
- the incurrence of impairment charges, changes in fair value and other adjustments related to the Company's goodwill or the value of its other assets;
- labor actions, including work stoppages and strikes;
- the Company's ability to retain and attract highly qualified and skilled employees and/or diverse talent;
- civil disturbances or unrest, or terrorist threats or acts, or public apprehension about future disturbances, unrest, or terrorist threats or acts; and
- the impact of new, and changes to existing, accounting standards.

These forward-looking statements are qualified by, and should be read together with, the risks and uncertainties set forth above, and the risk factors and other statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2022 (the "Form 10-K") and in this Form 10-Q, and readers should refer to such risks, uncertainties and risk factors in evaluating such forward-looking statements. Any forward-looking statements the Company makes shall speak only as of the date this Form 10-Q was filed with the U.S. Securities and Exchange Commission ("SEC"). Except as required by the federal securities laws, the Company does not have any obligation, and it specifically disclaims any undertaking or intention, to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changed circumstances or otherwise. New factors emerge from time to time, and it is not possible for the Company to predict all such factors. Furthermore, it may not be possible to assess the impact of any such factor on the Company's businesses, either viewed independently or together, or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. The foregoing factors should not be construed as exhaustive.

American Water Works Company, Inc. and Subsidiary Companies
Notes to Consolidated Financial Statements (Unaudited)
(Unless otherwise noted, in millions, except per share data)

Note 1: Basis of Presentation

The unaudited Consolidated Financial Statements included in this report include the accounts of American Water Works Company, Inc. and all of its subsidiaries (the “Company” or “American Water”), in which a controlling interest is maintained after the elimination of intercompany balances and transactions. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) for interim financial reporting, and the rules and regulations for reporting on Quarterly Reports on Form 10-Q (“Form 10-Q”). Accordingly, they do not contain certain information and disclosures required by GAAP for comprehensive financial statements. In the opinion of management, all adjustments necessary for a fair statement of the financial position as of March 31, 2023, and the results of operations and cash flows for all periods presented, have been made. All adjustments are of a normal, recurring nature, except as otherwise disclosed.

The unaudited Consolidated Financial Statements and Notes included in this report should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2022 (“Form 10-K”), which provides a more complete discussion of the Company’s accounting policies, financial position, operating results and other matters. The results of operations for interim periods are not necessarily indicative of the results that may be expected for the year, primarily due to the seasonality of the Company’s operations.

Note 2: Significant Accounting Policies

New Accounting Standards

Presented in the table below are new accounting standards that were adopted by the Company in 2023:

Standard	Description	Date of Adoption	Application	Effect on the Consolidated Financial Statements
Accounting for Contract Assets and Contract Liabilities from Contracts with Customers	The guidance requires an acquirer recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with Accounting Standards Codification Topic 606, as if it had originated the contracts. The amendments in this update also provide certain practical expedients for acquirers when recognizing and measuring acquired contract assets and contract liabilities from revenue contracts in a business combination.	January 1, 2023	Prospective	This standard did not have a material impact on the Consolidated Financial Statements
Troubled Debt Restructurings and Vintage Disclosures	The main provisions of this standard eliminate the receivables accounting guidance for troubled debt restructurings (“TDRs”) by creditors while enhancing disclosure requirements when a borrower is experiencing financial difficulty. Entities must apply the loan refinancing and restructuring guidance for receivables to determine whether a modification results in a new loan or a continuation of an existing loan. Additionally, the amendments in this update require that an entity disclose current-period gross write-offs by year of origination for financing receivables and net investment in leases.	January 1, 2023	Prospective, with a modified retrospective option for amendments related to the recognition and measurement of TDRs.	This standard did not have a material impact on the Consolidated Financial Statements

Property, Plant and Equipment

The New Jersey Economic Development Authority (“NJEDA”) determined that the Company was qualified to receive \$161 million in tax credits in connection with its capital investment in its corporate headquarters in Camden, New Jersey. The Company was qualified to receive the tax credits over a 10-year period commencing in 2019.

In March 2023, the NJEDA issued the utilization certificate for the 2020 tax credits to the Company in the amount of \$16 million. The Company sold these tax credits to external parties in March 2023 for \$15 million. As a result, the Company had assets of \$32 million and \$97 million in Other current assets and Other long-term assets, respectively, on the Consolidated Balance Sheets as of March 31, 2023. The Company has made the necessary annual filing for the years ended December 31, 2021 and 2022.

Allowance for Uncollectible Accounts

Allowances for uncollectible accounts are maintained for estimated probable losses resulting from the Company’s inability to collect receivables from customers. Accounts that are outstanding longer than the payment terms are considered past due. A number of factors are considered in determining the allowance for uncollectible accounts, including the length of time receivables are past due, previous loss history, current economic and societal conditions and reasonable and supportable forecasts that affect the collectability of receivables from customers. The Company generally writes off accounts when they become uncollectible or are over a certain number of days outstanding.

Presented in the table below are the changes in the allowance for uncollectible accounts for the three months ended March 31:

	2023	2022
Balance as of January 1	\$ (60)	\$ (75)
Amounts charged to expense	(3)	(4)
Amounts written off	5	8
Other, net (a)	3	(1)
Balance as of March 31	<u>\$ (55)</u>	<u>\$ (72)</u>

(a) This portion of the allowance for uncollectible accounts is primarily related to COVID-19 related regulatory asset activity.

Reclassifications

Certain reclassifications have been made to prior periods in the Consolidated Financial Statements and Notes to conform to the current presentation.

Note 3: Regulatory Matters

General Rate Cases

Presented in the table below are annualized incremental revenues, including reductions for the amortization of the excess accumulated deferred income taxes (“EADIT”) that are generally offset in income tax expense, assuming a constant water sales volume and customer count, resulting from general rate case authorizations that became effective during 2023:

(In millions)	Effective Date	Amount
General rate cases by state:		
Virginia	April 24, 2023 (a)	\$ 11
Pennsylvania	January 28, 2023	138
Illinois	January 1, 2023	67
California, Step Increase	January 1, 2023	13
Total general rate case authorizations		<u>\$ 229</u>

(a) Interim rates were effective May 1, 2022, and the difference between interim and final approved rates is subject to refund. The Virginia State Corporation Commission issued its final Order on April 24, 2023.

On April 24, 2023, the Virginia State Corporation Commission issued an order approving the settlement of the rate case filed on September 26, 2022, by the Company’s Virginia subsidiary. The general rate case order approved an \$11 million annualized increase in water and wastewater revenues. Interim rates in this proceeding were effective on May 1, 2022, and the order requires that the difference between interim and the final approved rates is subject to refund within 90 days of the order issuance. The order approves the settlement terms with a return on equity of 9.7% and a common equity ratio of 40.7%. The annualized revenue increase is driven primarily by significant incremental capital investments since the Virginia subsidiary’s 2020 rate case order that have been completed or are planned through April 30, 2023, increases in pension and other postretirement benefits expense and increases in production costs, including chemicals, fuel and power costs. The general rate case order includes recovery of the Company’s Virginia subsidiary’s COVID-19 deferral balance. It also includes approval of the accounting deferral of deviations in pension and other postretirement benefits expense from those established in base rates, until the Company’s Virginia subsidiary’s next base rate case.

On December 8, 2022, the Pennsylvania Public Utility Commission issued an order approving the joint settlement of the rate case filed on April 29, 2022, by the Company’s Pennsylvania subsidiary. The general rate case order approved a \$138 million annualized increase in water and wastewater revenues, excluding \$24 million for previously approved infrastructure filings, and authorizes implementation of the new water and wastewater rates effective January 28, 2023. The rate case proceeding was resolved through a “black box” settlement agreement and did not specify an approved return on equity. The annualized revenue increase is driven primarily by significant incremental capital investments since the Pennsylvania subsidiary’s 2021 rate case order that will be completed through December 31, 2023, increases in pension and other postretirement benefits expense and increases in production costs, including chemicals, fuel and power costs. The general rate case order also includes recovery of the Company’s Pennsylvania subsidiary’s COVID-19 deferral balance.

On December 15, 2022, the Illinois Commerce Commission issued an order approving the adjustment of base rates requested in a rate case filed on February 10, 2022, by the Company’s Illinois subsidiary. As updated in the Illinois subsidiary’s June 29, 2022 rebuttal filing, the request sought \$83 million in additional annualized revenues, excluding previously recovered infrastructure surcharges. The general rate case order approved a \$67 million annualized increase in water and wastewater system revenues, excluding previously recovered infrastructure surcharges of \$18 million, effective January 1, 2023, based on an authorized return on equity of 9.8%, authorized rate base of \$1.64 billion, a common equity ratio of 49.0% and a debt ratio of 51.0%. The annualized revenue increase is being driven primarily by significant water and wastewater system capital investments since the Illinois subsidiary’s 2017 rate case order that have been completed or are planned through December 31, 2023, expected higher pension and other postretirement benefit costs, and increases in production costs, including chemicals, fuel and power costs.

Pending General Rate Case Filings

On March 31, 2023, the Company’s Indiana subsidiary filed a general rate case requesting \$87 million in additional annualized revenues, excluding \$41 million of revenue from infrastructure filings already approved, which includes three step increases, with \$43 million of the increase to be included in rates in January 2024, \$18 million in May 2024, and \$26 million in May 2025. The general rate case is expected to be completed by the end of January 2024.

On July 1, 2022, the Company’s Missouri subsidiary filed a general rate case requesting an increase of \$105 million in additional annualized revenues, excluding infrastructure surcharges at the time of filing of approximately \$40 million. Subsequent to the filing of the general rate case, the Company’s Missouri subsidiary filed its semi-annual request for recovery of defined infrastructure investments within its Water and Sewer Infrastructure Rate Adjustment, which adjusted the amount of revenue recovered in the infrastructure surcharges to \$51 million and a net annualized revenue increase request of \$95 million in the general rate case. On March 3, 2023, a settlement agreement was filed with the Missouri Public Service Commission, reflecting a proposed increase of \$44 million in additional annualized revenues, excluding \$51 million for infrastructure surcharges. A final decision on this matter is expected in the second quarter of 2023.

On July 1, 2022, the Company’s California subsidiary filed a general rate case requesting an increase in 2024 revenue of \$56 million and a total increase in revenue over the 2024 to 2026 period of \$95 million, all as compared to 2022 revenues. The Company updated its filing in January 2023 to capture the authorized step increase effective January 1, 2023. The filing was also updated to incorporate a decoupling proposal and a revision to the Company’s sales and associated variable expense forecast. The revised filing requested additional annualized revenues for the test year 2024 of \$37 million, compared to 2023 revenues. This excludes the proposed step rate and attrition rate increase for 2025 and 2026 of \$20 million and \$19 million, respectively. The total revenue requirement request for the three-year rate case cycle, incorporating updates to present rate revenues and forecasted demand, is \$76 million.

The Company’s California subsidiary submitted its application on May 3, 2021, to set its cost of capital for 2022 through 2024. On March 21, 2023, the California Public Utilities Commission (“CPUC”) issued a decision extending the deadline to August 10, 2023, for the cost of capital proceeding.

Infrastructure Surcharges

A number of states have authorized the use of regulatory mechanisms that permit rates to be adjusted outside of a general rate case for certain costs and investments, such as infrastructure surcharge mechanisms that permit recovery of capital investments to replace aging infrastructure. Presented in the table below are annualized incremental revenues, assuming a constant water sales volume and customer count, resulting from infrastructure surcharge authorizations that became effective during 2023:

(In millions)	Effective Date	Amount
Infrastructure surcharges by state:		
Indiana	(a)	\$ 26
Missouri	January 16, 2023	14
Pennsylvania	January 1, 2023	3
West Virginia	January 1, 2023	7
Total infrastructure surcharge authorizations		<u>\$ 50</u>

(a) In 2023, \$20 million was effective March 23 and \$6 million was effective March 8.

Pending Infrastructure Surcharge Filings

On March 15, 2023, the Company's New Jersey subsidiary filed an infrastructure surcharge proceeding requesting \$16 million in additional annualized revenues.

On March 1, 2023, the Company's Kentucky subsidiary filed an infrastructure surcharge proceeding requesting \$4 million in additional annualized revenues.

Other Regulatory Matters

In September 2020, the CPUC released a decision under its Low-Income Rate Payer Assistance program rulemaking that required the Company's California subsidiary to file a proposal to alter its water revenue adjustment mechanism in its next general rate case filing in 2022, which would become effective in January 2024. On October 5, 2020, the Company's California subsidiary filed an application for rehearing of the decision and following the CPUC's denial of its rehearing application in September 2021, the Company's California subsidiary filed a petition for writ of review with the California Supreme Court on October 27, 2021. On May 18, 2022, the California Supreme Court issued a writ of review for the Company's California subsidiary's petition and the petitions filed by other entities challenging the decision. Independent of the judicial challenge, California passed Senate Bill 1469, which allows the CPUC to consider and authorize the implementation of a mechanism that separates the water corporation's revenue and its water sales. Legislation was signed by the Governor on September 30, 2022, and became effective on January 1, 2023. In response to the legislation, on January 27, 2023, the Company's California subsidiary filed an updated application requesting the CPUC to consider a Water Resources Sustainability Plan decoupling mechanism in its pending 2022 general rate case, which would be effective 2024 through 2026.

On March 2, 2021, an administrative law judge ("ALJ") in the Office of Administrative Law of New Jersey filed an initial decision with the New Jersey Board of Public Utilities ("NJBPU") that recommended denial of a petition filed by the Company's New Jersey subsidiary, which sought approval of acquisition adjustments in rate base of \$29 million associated with the acquisitions of Shorelands Water Company, Inc. in 2017 and the Borough of Haddonfield's water and wastewater systems in 2015. On July 29, 2021, the NJBPU issued an order adopting the ALJ's initial decision without modification. The Company's New Jersey subsidiary filed a Notice of Appeal with the New Jersey Appellate Division on September 10, 2021. The Company's New Jersey subsidiary filed its brief in support of the appeal on March 4, 2022. Response and Reply briefs were filed on June 22, 2022, and August 4, 2022, respectively. Oral argument was held on March 22, 2023, and the Company expects a decision by the end of 2023. There is no financial impact to the Company as a result of the NJBPU's order, since the acquisition adjustments are currently recorded as goodwill on the Consolidated Balance Sheets.

Note 4: Revenue Recognition***Disaggregated Revenues***

The Company's primary business involves the ownership of utilities that provide water and wastewater services to residential, commercial, industrial, public authority, fire service and sale for resale customers, collectively presented as the "Regulated Businesses." The Company also operates other businesses that provide water and wastewater services to the U.S. government on military installations, as well as municipalities, collectively presented throughout this Form 10-Q within "Other."

Presented in the table below are operating revenues disaggregated for the three months ended March 31, 2023:

Contract Balances

Contract assets and contract liabilities are the result of timing differences between revenue recognition, billings and cash collections. In the Company's Military Services Group ("MSG"), certain contracts are billed as work progresses in accordance with agreed-upon contractual terms, either at periodic intervals or upon achievement of contractual milestones. Contract assets are recorded when billing occurs subsequent to revenue recognition and are reclassified to accounts receivable when billed and the right to consideration becomes unconditional. Contract liabilities are recorded when the Company receives advances from customers prior to satisfying contractual performance obligations, particularly for construction contracts, and are recognized as revenue when the associated performance obligations are satisfied.

Contract assets of \$100 million and \$86 million are included in unbilled revenues on the Consolidated Balance Sheets as of March 31, 2023 and December 31, 2022, respectively. There were \$23 million of contract assets added during the three months ended March 31, 2023, and \$9 million of contract assets were transferred to accounts receivable during the same period. There were \$18 million of contract assets added during the three months ended March 31, 2022, and \$11 million of contract assets were transferred to accounts receivable during the same period.

Contract liabilities of \$85 million and \$91 million are included in other current liabilities on the Consolidated Balance Sheets as of March 31, 2023 and December 31, 2022, respectively. There were \$27 million of contract liabilities added during the three months ended March 31, 2023, and \$33 million of contract liabilities were recognized as revenue during the same period. There were \$36 million of contract liabilities added during the three months ended March 31, 2022, and \$35 million of contract liabilities were recognized as revenue during the same period.

Remaining Performance Obligations

Remaining performance obligations (“RPOs”) represent revenues the Company expects to recognize in the future from contracts that are in progress. The Company enters into agreements for the provision of services to water and wastewater facilities for the U.S. military, municipalities and other customers. As of March 31, 2023, the Company’s operation and maintenance (“O&M”) and capital improvement contracts in the MSG and the Contract Services Group have RPOs. Contracts with the U.S. government for work on various military installations expire between 2051 and 2073 and have RPOs of \$7.1 billion as of March 31, 2023, as measured by estimated remaining contract revenue. Such contracts are subject to customary termination provisions held by the U.S. government, prior to the agreed-upon contract expiration. Contracts with municipalities and commercial customers expire between 2026 and 2038 and have RPOs of \$576 million as of March 31, 2023, as measured by estimated remaining contract revenue. Some of the Company’s long-term contracts to operate and maintain the federal government’s, a municipality’s or other party’s water or wastewater treatment and delivery facilities include responsibility for certain maintenance for some of those facilities, in exchange for an annual fee. Unless specifically required to perform certain maintenance activities, the maintenance costs are recognized when the maintenance is performed.

Note 5: Acquisitions and Divestitures***Regulated Businesses******Closed Acquisitions***

During the three months ended March 31, 2023, the Company closed on five acquisitions of various regulated water and wastewater systems for a total aggregate purchase price of \$3 million, which added approximately 1,400 water and wastewater customers. These transactions were accounted for as asset acquisitions, principally consisting of utility plant.

Pending Acquisitions

On April 6, 2023, the Company’s Illinois subsidiary entered into an agreement to acquire the assets of the wastewater treatment plant from the City of Granite City for \$83 million, subject to adjustment as provided for in the asset purchase agreement. This system provides wastewater service for approximately 26,000 customer connections. The Company expects to close this acquisition by the end of 2023 or early 2024, pending regulatory approval.

Effective March 24, 2023, the Company’s Pennsylvania subsidiary acquired the rights to buy the wastewater system assets of the Township of Towamencin, for an aggregate purchase price of \$104 million, subject to adjustment as provided in the asset purchase agreement. This system provides wastewater services to approximately 6,300 customer connections in seven townships in Montgomery County, Pennsylvania. The Company expects to close this acquisition by mid-year 2024, pending regulatory approval.

On October 11, 2022, the Company’s Pennsylvania subsidiary entered into an agreement to acquire the wastewater assets of the Butler Area Sewer Authority for a total purchase price of \$232 million in cash, subject to adjustment as provided for in the asset purchase agreement. This system provides wastewater service for approximately 14,700 customer connections. The Company expects to close this acquisition by the end of 2023, pending regulatory approval.

On March 29, 2021, the Company’s New Jersey subsidiary entered into an agreement to acquire the water and wastewater assets of Egg Harbor City for \$22 million. The water and wastewater systems currently serve approximately 1,500 customers each, or 3,000 combined, and are being sold through the New Jersey Water Infrastructure Protection Act process. The Company expects to close this acquisition in 2023.

Note 6: Shareholders' Equity**Common Stock Offering**

On March 3, 2023, the Company completed an underwritten public offering of an aggregate of 12,650,000 shares of its common stock. Upon closing of this offering, the Company received, after deduction of the underwriting discount and before deduction of offering expenses, net proceeds of approximately \$1,688 million. The Company used the net proceeds of the offering to repay short-term commercial paper obligations of American Water Capital Corp. ("AWCC"), the wholly owned finance subsidiary of American Water, and for general corporate purposes.

Accumulated Other Comprehensive Loss

Presented in the table below are the changes in accumulated other comprehensive loss by component, net of tax, for the three months ended March 31, 2023 and 2022, respectively:

	Defined Benefit Pension Plans					Accumulated Other Comprehensive Loss
	Employee Benefit Plan Funded Status	Amortization of Prior Service Cost	Amortization of Actuarial Loss	Loss on Cash Flow Hedges	Gain on Fixed-Income Securities	
Balance as of December 31, 2022	\$ (93)	\$ 1	\$ 70	\$ (1)	\$ —	\$ (23)
Other comprehensive income (loss) before reclassifications	—	—	—	(2)	2	—
Amounts reclassified from accumulated other comprehensive loss	—	—	—	—	—	—
Net other comprehensive income (loss)	—	—	—	(2)	2	—
Balance as of March 31, 2023	\$ (93)	\$ 1	\$ 70	\$ (3)	\$ 2	\$ (23)
Balance as of December 31, 2021	\$ (107)	\$ 1	\$ 67	\$ (6)	\$ —	\$ (45)
Other comprehensive income (loss) before reclassifications	—	—	—	—	—	—
Amounts reclassified from accumulated other comprehensive loss	—	—	1	—	—	1
Net other comprehensive income (loss)	—	—	1	—	—	1
Balance as of March 31, 2022	\$ (107)	\$ 1	\$ 68	\$ (6)	\$ —	\$ (44)

The Company does not reclassify the amortization of defined benefit pension cost components from accumulated other comprehensive loss directly to net income in its entirety, as a portion of these costs have been deferred as a regulatory asset. These accumulated other comprehensive loss components are included in the computation of net periodic pension cost.

The amortization of the gain (loss) on cash flow hedges is reclassified to net income during the period incurred and is included in interest, net in the accompanying Consolidated Statements of Operations.

An unrealized gain (loss) on available-for-sale fixed-income securities is reclassified to net income upon sale of the securities as a realized gain or loss and is included in Other, net in the accompanying Consolidated Statements of Operations.

Dividends

On March 1, 2023, the Company paid a quarterly cash dividend of \$0.6550 per share to shareholders of record as of February 7, 2023.

On April 26, 2023, the Company's Board of Directors declared a quarterly cash dividend payment of \$0.7075 per share, payable on June 1, 2023, to shareholders of record as of May 9, 2023. Future dividends, when and as declared at the discretion of the Board of Directors, will be dependent upon future earnings and cash flows, compliance with various regulatory, financial and legal requirements, and other factors. See Note 9—Shareholders' Equity in the Notes to Consolidated Financial Statements in the Company's Form 10-K for additional information regarding the payment of dividends on the Company's common stock.

Note 7: Long-Term Debt

During the three months ended March 31, 2023, the Company's regulated subsidiaries issued in the aggregate \$8 million of private activity bonds and government funded debt in multiple transactions with annual interest rates ranging from 0.00% to 0.74%, with a weighted average interest rate of 0.01%, maturing in 2025 through 2041. During the three months ended March 31, 2023, AWCC and the Company's regulated subsidiaries made sinking fund payments for, or repaid at maturity, \$4 million in aggregate principal amount of outstanding long-term debt, with annual interest rates ranging from 0.00% to 3.12%, a weighted average interest rate of 1.12%, and maturity dates ranging from 2024 to 2051.

The Company has entered into eleven 10-year treasury lock agreements, with notional amounts totaling \$300 million, to reduce interest rate exposure on debt expected to be issued in 2023. These treasury lock agreements terminate in January 2024, and have an average fixed rate of 3.47%. The Company designated these treasury lock agreements as cash flow hedges, with their fair value recorded in accumulated other comprehensive gain or loss. Upon termination, the cumulative gain or loss recorded in accumulated other comprehensive gain or loss will be amortized through interest, net over the term of the new debt.

No ineffectiveness was recognized on hedging instruments for the three months ended March 31, 2023 or 2022.

Note 8: Short-Term Debt

Liquidity needs for capital investment, working capital and other financial commitments are generally funded through cash flows from operations, public and private debt offerings, commercial paper markets and, if and to the extent necessary, borrowings under the AWCC revolving credit facility and issuances of equity. The revolving credit facility provides \$2.75 billion in aggregate total commitments from a diversified group of financial institutions. The termination date of the credit agreement with respect to AWCC's revolving credit facility is October 2027. The revolving credit facility is used principally to support AWCC's commercial paper program, to provide additional liquidity support and to provide a sub-limit of up to \$150 million for letters of credit. As of March 31, 2023 and December 31, 2022, there were no borrowings and \$78 million of outstanding letters of credit under the revolving credit facility.

At March 31, 2023, there was no outstanding short-term debt as the proceeds of the common stock offering were used to repay the short-term commercial paper obligations, see Note 6—Shareholders' Equity for additional information relating to the common stock offering.

At December 31, 2022, short-term debt consisting of commercial paper borrowings totaled \$1,177 million, or net of discount \$1,175 million. The weighted-average interest rate on AWCC's outstanding short-term borrowings was approximately 4.41% and there were no commercial paper borrowings outstanding with maturities greater than three months.

Presented in the tables below is the aggregate credit facility commitments, commercial paper limit and letter of credit availability under the revolving credit facility, as well as the available capacity for each:

	As of March 31, 2023		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,600	\$ 150	\$ 2,750
Outstanding debt	—	(78)	(78)
Remaining availability as of March 31, 2023	\$ 2,600	\$ 72	\$ 2,672

(a) Total remaining availability of \$2.67 billion as of March 31, 2023, may be accessed through revolver draws.

	As of December 31, 2022		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,600	\$ 150	\$ 2,750
Outstanding debt	(1,177)	(78)	(1,255)
Remaining availability as of December 31, 2022	\$ 1,423	\$ 72	\$ 1,495

(a) Total remaining availability of \$1.50 billion as of December 31, 2022, may be accessed through revolver draws.

Presented in the table below is the Company's total available liquidity as of March 31, 2023 and December 31, 2022, respectively:

	Cash and Cash Equivalents	Availability on Revolving Credit Facility	Total Available Liquidity
(In millions)			
Available liquidity as of March 31, 2023	\$ 213	\$ 2,672	\$ 2,885
Available liquidity as of December 31, 2022	\$ 85	\$ 1,495	\$ 1,580

Note 9: Income Taxes

The Company's effective income tax rate was 20.6% and 18.1% for the three months ended March 31, 2023 and 2022, respectively. The increase in the Company's effective income tax rate for the three months ended March 31, 2023, was primarily due to the decrease in the amortization of EADIT pursuant to regulatory orders. The amortization of EADIT is generally offset with reduction in revenue.

On August 16, 2022, the Inflation Reduction Act of 2022 (the "IRA") was signed into law. The IRA contains a Corporate Alternative Minimum Tax ("CAMT") provision, effective January 1, 2023. To determine if a company is considered an applicable corporation subject to CAMT, the company's average adjusted financial statement income ("AFSI") for the three consecutive years preceding the tax year must exceed \$1 billion. An applicable corporation must make several adjustments to net income when determining AFSI. During the first quarter of 2023, the Company evaluated the potential impacts of the CAMT provision within the IRA and believes it does not exceed the \$1 billion AFSI threshold, and therefore, is not currently subject to CAMT in 2023. The Company is continuing to assess the impact of the initial guidance regarding the application of the CAMT and will continue to monitor as additional guidance is released.

Note 10: Pension and Other Postretirement Benefits

Presented in the table below are the components of net periodic benefit credit:

	For the Three Months Ended March 31,	
	2023	2022
Components of net periodic pension benefit cost (credit):		
Service cost	\$ 4	\$ 8
Interest cost	22	16
Expected return on plan assets	(23)	(31)
Amortization of prior service credit	(1)	(1)
Amortization of actuarial loss	4	5
Net periodic pension benefit cost (credit)	\$ 6	\$ (3)
Components of net periodic other postretirement benefit credit:		
Service cost	\$ 1	\$ 1
Interest cost	4	3
Expected return on plan assets	(3)	(5)
Amortization of prior service credit	(8)	(8)
Amortization of actuarial loss	1	—
Net periodic other postretirement benefit credit	\$ (5)	\$ (9)

The Company contributed \$10 million and \$9 million for the funding of its defined benefit pension plans for the three months ended March 31, 2023 and 2022, respectively. The Company expects to make pension contributions to the plan trusts of \$29 million during the remainder of 2023.

There were no contributions for the three months ended March 31, 2023 and \$10 million of contributions for the three months ended March 31, 2022 for the funding of the Company’s other postretirement benefit plans.

Note 11: Commitments and Contingencies

Contingencies

The Company is routinely involved in legal actions incident to the normal conduct of its business. As of March 31, 2023, the Company has accrued approximately \$6 million of probable loss contingencies and has estimated that the maximum amount of losses associated with reasonably possible loss contingencies that can be reasonably estimated is \$5 million. For certain matters, claims and actions, the Company is unable to estimate possible losses. The Company believes that damages or settlements, if any, recovered by plaintiffs in such matters, claims or actions, other than as described in this Note 11—Commitments and Contingencies, will not have a material adverse effect on the Company.

Dunbar, West Virginia Water Main Break Class Action Litigation

On the evening of June 23, 2015, a 36-inch pre-stressed concrete transmission water main, installed in the early 1970s, failed. The water main is part of the West Relay pumping station located in the City of Dunbar, West Virginia and owned by the Company’s West Virginia subsidiary (“WVAWC”). The failure of the main caused water outages and low pressure for up to approximately 25,000 WVAWC customers. In the early morning hours of June 25, 2015, crews completed a repair, but that same day, the repair developed a leak. On June 26, 2015, a second repair was completed and service was restored that day to approximately 80% of the impacted customers, and to the remaining approximately 20% by the next morning. The second repair showed signs of leaking, but the water main was usable until June 29, 2015, to allow tanks to refill. The system was reconfigured to maintain service to all but approximately 3,000 customers while a final repair was being completed safely on June 30, 2015. Water service was fully restored by July 1, 2015, to all customers affected by this event.

On June 2, 2017, a complaint captioned *Jeffries, et al. v. West Virginia-American Water Company* was filed in West Virginia Circuit Court in Kanawha County on behalf of an alleged class of residents and business owners who lost water service or pressure as a result of the Dunbar main break. The complaint alleges breach of contract by WVAWC for failure to supply water, violation of West Virginia law regarding the sufficiency of WVAWC's facilities and negligence by WVAWC in the design, maintenance and operation of the water system. The *Jeffries* plaintiffs seek unspecified alleged damages on behalf of the class for lost profits, annoyance and inconvenience, and loss of use, as well as punitive damages for willful, reckless and wanton behavior in not addressing the risk of pipe failure and a large outage.

In February 2020, the *Jeffries* plaintiffs filed a motion seeking class certification on the issues of breach of contract and negligence, and to determine the applicability of punitive damages and a multiplier for those damages if imposed. In July 2020, the Circuit Court entered an order granting the *Jeffries* plaintiffs' motion for certification of a class regarding certain liability issues but denying certification of a class to determine a punitive damages multiplier. In August 2020, WVAWC filed a Petition for Writ of Prohibition in the Supreme Court of Appeals of West Virginia seeking to vacate or remand the Circuit Court's order certifying the issues class. In January 2021, the Supreme Court of Appeals remanded the case back to the Circuit Court for further consideration in light of a decision issued in another case relating to the class certification issues raised on appeal. On July 5, 2022, the Circuit Court entered an order again certifying a class to address at trial certain liability issues but not to consider damages. On August 26, 2022, WVAWC filed another Petition for Writ of Prohibition in the Supreme Court of Appeals of West Virginia challenging the West Virginia Circuit Court's July 5, 2022 order. The Writ Petition has been supported by an amicus brief filed by certain water and utility industry trade groups. On February 9, 2023, the Supreme Court of Appeals accepted the Writ Petition by issuing a Rule to Show Cause and scheduling oral argument for April 26, 2023.

The Company and WVAWC believe that WVAWC has valid, meritorious defenses to the claims raised in this class action complaint. WVAWC is vigorously defending itself against these allegations. The Company cannot currently determine the likelihood of a loss, if any, or estimate the amount of any loss or a range of such losses related to this proceeding.

Chattanooga, Tennessee Water Main Break Class Action Litigation

On September 12, 2019, the Company's Tennessee subsidiary ("TAWC"), experienced a leak in a 36-inch water transmission main, which caused service fluctuations or interruptions to TAWC customers and the issuance of a boil water notice. TAWC repaired the main by early morning on September 14, 2019, and restored full water service by the afternoon of September 15, 2019, with the boil water notice lifted for all customers on September 16, 2019.

On September 17, 2019, a complaint captioned *Bruce, et al. v. American Water Works Company, Inc., et al.* was filed in the Circuit Court of Hamilton County, Tennessee against TAWC, the Company and American Water Works Service Company, Inc. ("Service Company" and, together with TAWC and the Company, collectively, the "Tennessee-American Water Defendants"), on behalf of a proposed class of individuals or entities who lost water service or suffered monetary losses as a result of the Chattanooga incident (the "Tennessee Plaintiffs"). The complaint alleged breach of contract and negligence against the Tennessee-American Water Defendants, as well as an equitable remedy of piercing the corporate veil. In the complaint as originally filed, the Tennessee Plaintiffs were seeking an award of unspecified alleged damages for wage losses, business and economic losses, out-of-pocket expenses, loss of use and enjoyment of property and annoyance and inconvenience, as well as punitive damages, attorneys' fees and pre- and post-judgment interest. In September 2020, the court dismissed all of the Tennessee Plaintiffs' claims in their complaint, except for the breach of contract claims against TAWC, which remain pending. In October 2020, TAWC answered the complaint, and the parties have been engaging in discovery. On January 12, 2023, after hearing oral argument, the court issued an oral ruling denying the Tennessee Plaintiffs' motion for class certification. On February 9, 2023, the Tennessee Plaintiffs sought reconsideration of the ruling by the court, and any final ruling is appealable to the Tennessee Court of Appeals, as allowed under Tennessee law.

TAWC and the Company believe that TAWC has meritorious defenses to the claims raised in this class action complaint, and TAWC is vigorously defending itself against these allegations. The Company cannot currently determine the likelihood of a loss, if any, or estimate the amount of any loss or a range of such losses related to this proceeding.

Alternative Water Supply in Lieu of Carmel River Diversions

Compliance with Orders to Reduce Carmel River Diversions—Monterey Peninsula Water Supply Project

Under a 2009 order (the "2009 Order") of the State Water Resources Control Board (the "SWRCB"), the Company's California subsidiary ("Cal Am") is required to decrease significantly its yearly diversions of water from the Carmel River according to a set reduction schedule. In 2016, the SWRCB issued an order (the "2016 Order," and, together with the 2009 Order, the "Orders") approving a deadline of December 31, 2021, for Cal Am's compliance with these prior orders.

Cal Am is currently involved in developing the Monterey Peninsula Water Supply Project (the “Water Supply Project”), which includes the construction of a desalination plant, to be owned by Cal Am, and the construction of wells that would supply water to the desalination plant. In addition, the Water Supply Project also includes Cal Am’s purchase of water from a groundwater replenishment project (the “GWR Project”) between Monterey One Water and the Monterey Peninsula Water Management District (the “MPWMD”). The Water Supply Project is intended, among other things, to fulfill Cal Am’s obligations under the Orders.

Cal Am’s ability to move forward on the Water Supply Project is subject to administrative review by the CPUC and other government agencies, obtaining necessary permits, and intervention from other parties. In September 2016, the CPUC unanimously approved a final decision to authorize Cal Am to enter into a water purchase agreement for the GWR Project and to construct a pipeline and pump station facilities and recover up to \$50 million in associated incurred costs, plus an allowance for funds used during construction (“AFUDC”), subject to meeting certain criteria.

In September 2018, the CPUC unanimously approved another final decision finding that the Water Supply Project meets the CPUC’s requirements for a certificate of public convenience and necessity and an additional procedural phase was not necessary to consider alternative projects. The CPUC’s 2018 decision concludes that the Water Supply Project is the best project to address estimated future water demands in Monterey, and, in addition to the cost recovery approved in its 2016 decision, adopts Cal Am’s cost estimates for the Water Supply Project, which amounted to an aggregate of \$279 million plus AFUDC at a rate representative of Cal Am’s actual financing costs. The 2018 final decision specifies the procedures for recovery of all of Cal Am’s prudently incurred costs associated with the Water Supply Project upon its completion, subject to the frameworks included in the final decision related to cost caps, operation and maintenance costs, financing, ratemaking and contingency matters. The reasonableness of the Water Supply Project costs will be reviewed by the CPUC when Cal Am seeks cost recovery for the Water Supply Project. Cal Am is also required to implement mitigation measures to avoid, minimize or offset significant environmental impacts from the construction and operation of the Water Supply Project and comply with a mitigation monitoring and reporting program, a reimbursement agreement for CPUC costs associated with that program, and reporting requirements on plant operations following placement of the Water Supply Project in service. Cal Am has incurred \$218 million in aggregate costs as of March 31, 2023 related to the Water Supply Project, which includes \$60 million in AFUDC.

In September 2021, Cal Am, Monterey One Water and the MPWMD reached an agreement on Cal Am’s purchase of additional water from an expansion to the GWR Project, which is not expected to produce additional water until 2024 at the earliest. The amended and restated water purchase agreement for the GWR Project expansion is subject to review and approval of the CPUC, and in November 2021, Cal Am filed an application with the CPUC that sought review and approval of the amended and restated water purchase agreement. Cal Am also requested rate base treatment of the additional capital investment for certain Cal Am facilities required to maximize the water supply from the expansion to the GWR Project and a related Aquifer Storage and Recovery Project, totaling approximately \$81 million. This requested amount is in addition to, and consistent in regulatory treatment with, the prior \$50 million of cost recovery for facilities associated with the original water purchase agreement, which was approved by the CPUC in its 2016 final decision.

On December 5, 2022, the CPUC issued a final decision that authorizes Cal Am to enter into the amended water purchase agreement, and specifically to increase pumping capacity and reliability of groundwater extraction from the Seaside Groundwater Basin. The final decision sets the cost cap for the proposed facilities at approximately \$62 million. Cal Am may seek recovery of amounts above the cost cap in a subsequent rate filing or general rate case. Additionally, the final decision authorizes AFUDC at Cal Am’s actual weighted average cost of debt for most of the facilities.

On December 30, 2022, Cal Am filed with the CPUC an application for rehearing of the CPUC’s December 5, 2022 final decision. On March 30, 2023, the CPUC issued a decision denying Cal Am’s application for rehearing, but adopting its proposed AFUDC for already incurred and future costs. The decision also provides Cal Am the opportunity to serve supplemental testimony to increase its cost cap for certain of the Water Supply Project’s extraction wells. The amended water purchase agreement and a memorandum of understanding to negotiate certain milestones related to the expansion of the GWR Project have been signed by the relevant parties.

While Cal Am believes that its expenditures to date have been prudent and necessary to comply with the Orders, as well as relevant final decisions of the CPUC related thereto, Cal Am cannot currently predict its ability to recover all of its costs and expenses associated with the Water Supply Project and there can be no assurance that Cal Am will be able to recover all of such costs and expenses in excess of the \$112 million in aggregate construction costs, plus applicable AFUDC, previously approved by the CPUC in its 2016 final decision and its December 2022 final decision, as amended by its March 30, 2023 rehearing decision.

Coastal Development Permit Application

In 2018, Cal Am submitted a coastal development permit application (the “Marina Application”) to the City of Marina (the “City”) for those project components of the Water Supply Project located within the City’s coastal zone. Members of the City’s Planning Commission, as well as City councilpersons, have publicly expressed opposition to the Water Supply Project. In May 2019, the City issued a notice of final local action based upon the denial by the Planning Commission of the Marina Application. Thereafter, Cal Am appealed this decision to the Coastal Commission, as permitted under the City’s code and the California Coastal Act. At the same time, Cal Am submitted an application (the “Original Jurisdiction Application”) to the Coastal Commission for a coastal development permit for those project components located within the Coastal Commission’s original jurisdiction. After Coastal Commission staff issued reports recommending denial of the Original Jurisdiction Application, noting potential impacts on environmentally sensitive habitat areas and wetlands and possible disproportionate impacts to communities of concern, in September 2020, Cal Am withdrew the Original Jurisdiction Application in order to address the staff’s environmental justice concerns. The withdrawal of the Original Jurisdiction Application did not impact Cal Am’s appeal of the City’s denial of the Marina Application, which remains pending before the Coastal Commission. In November 2020, Cal Am refiled the Original Jurisdiction Application.

On October 5, 2022, Cal Am announced a phasing plan for the proposed desalination plant component of the Water Supply Project. The desalination plant and slant wells originally approved by the CPUC would produce up to 6.4 million gallons of desalinated water per day. Under the phased approach, the facilities would initially be constructed to produce up to 4.8 million gallons per day of desalinated water, enough to meet anticipated demand through about 2030, and would limit the number of slant wells initially constructed. As demand increases in the future, desalination facilities would be expanded to meet the additional demand. The phased approach seeks to meet near-term demand by allowing for additional supply as it becomes needed, while also providing an opportunity for regional future public participation and was developed by Cal Am based on feedback received from the community.

On November 18, 2022, the Coastal Commission approved the Marina Application and the Original Jurisdiction Application with respect to the phased development of the proposed desalination plant, subject to compliance with a number of conditions, all of which Cal Am expects to satisfy. On December 29, 2022, the City, Marina Coast Water District (“MCWD”), MCWD’s groundwater sustainability agency, and the MPWMD jointly filed a petition for writ of mandate in Monterey County Superior Court against the Coastal Commission, alleging that the Coastal Commission violated the California Coastal Act and the California Environmental Quality Act in issuing a coastal development permit to Cal Am for construction of the slant wells. Cal Am is named as a real party in interest. This matter remains pending.

Following the issuance of the coastal development permit, Cal Am continues to work constructively with all appropriate agencies to provide necessary information in connection with obtaining the remaining required permits for the Water Supply Project. However, there can be no assurance that the Water Supply Project in its current configuration will be completed on a timely basis, if ever. For the year ended December 31, 2022, Cal Am has complied with the diversion limitations contained in the 2016 Order. Continued compliance with the diversion limitations in 2023 and future years may be impacted by a number of factors, including, without limitation, continued drought conditions in California and the exhaustion of water supply reserves, and will require successful development of alternate water supply sources sufficient to meet customer demand. The Orders remain in effect until Cal Am certifies to the SWRCB, and the SWRCB concurs, that Cal Am has obtained a permanent supply of water to substitute for past unauthorized Carmel River diversions. While the Company cannot currently predict the likelihood or result of any adverse outcome associated with these matters, further attempts to comply with the Orders may result in material additional costs and obligations to Cal Am, including fines and penalties against Cal Am in the event of noncompliance with the Orders.

West Virginia Elk River Freedom Industries Chemical Spill

On June 8, 2018, the U.S. District Court for the Southern District of West Virginia granted final approval of a settlement class and global class action settlement (the “Settlement”) for all claims and potential claims by all class members (collectively, the “West Virginia Plaintiffs”) arising out of the January 2014 Freedom Industries, Inc. chemical spill in West Virginia. The effective date of the Settlement was July 16, 2018. Under the terms and conditions of the Settlement, WVAWC and certain other Company affiliated entities did not admit, and will not admit, any fault or liability for any of the allegations made by the West Virginia Plaintiffs in any of the actions that were resolved.

As of March 31, 2023, \$0.5 million of the aggregate Settlement amount of \$126 million remains reflected in accrued liabilities, and \$0.5 million in an offsetting insurance receivable remains reflected in other current assets on the Consolidated Balance Sheets pending resolution of all asserted actual or potential claims associated with this matter. The amount reflected in accrued liabilities reflects the status of the liability and the offsetting insurance receivable reflected in other current assets, each as of as of March 31, 2023.

Note 12: Earnings per Common Share

Presented in the table below is a reconciliation of the numerator and denominator for the basic and diluted earnings per share (“EPS”) calculations:

	For the Three Months Ended March 31,	
	2023	2022
Numerator:		
Net income attributable to common shareholders	\$ 170	\$ 158
Denominator:		
Weighted-average common shares outstanding—Basic	186	182
Effect of dilutive common stock equivalents	—	—
Weighted-average common shares outstanding—Diluted	186	182

The effect of dilutive common stock equivalents is related to outstanding restricted stock units (“RSUs”) and performance stock units (“PSUs”) granted under the Company’s 2007 Omnibus Equity Compensation Plan and outstanding RSUs and PSUs granted under the Company’s 2017 Omnibus Equity Compensation Plan, as well as estimated shares to be purchased under the Company’s 2017 Nonqualified Employee Stock Purchase Plan. Less than one million share-based awards were excluded from the computation of diluted EPS for the three months ended March 31, 2023 and 2022, because their effect would have been anti-dilutive under the treasury stock method.

Note 13: Fair Value of Financial Information
Fair Value of Financial Instruments

The following methods and assumptions were used by the Company in estimating its fair value disclosures for financial instruments:

Current assets and current liabilities—The carrying amounts reported on the Consolidated Balance Sheets for current assets and current liabilities, including revolving credit debt, due to the short-term maturities and variable interest rates, approximate their fair values.

Seller promissory note from the sale of the Homeowner Services Group (“HOS”) — The carrying amount reported on the Consolidated Balance Sheets for the seller promissory note, included as part of the consideration from the sale of HOS, is \$720 million as of March 31, 2023 and December 31, 2022. This amount represents the principal amount owed under the seller note, for which the Company expects to receive full payment. The accounting fair value measurement of the seller note approximated \$696 million and \$686 million as of March 31, 2023 and December 31, 2022, respectively. The accounting fair value measurement is an estimate that is reflective of changes in benchmark interest rates. The seller note is classified as Level 3 within the fair value hierarchy.

Preferred stock with mandatory redemption requirements and long-term debt—The fair values of preferred stock with mandatory redemption requirements and long-term debt are categorized within the fair value hierarchy based on the inputs that are used to value each instrument. The fair value of long-term debt classified as Level 1 is calculated using quoted prices in active markets. Level 2 instruments are valued using observable inputs and Level 3 instruments are valued using observable and unobservable inputs.

Presented in the tables below are the carrying amounts, including fair value adjustments previously recognized in acquisition purchase accounting, and the fair values of the Company's financial instruments:

	As of March 31, 2023				
	Carrying Amount	At Fair Value			Total
		Level 1	Level 2	Level 3	
Preferred stock with mandatory redemption requirements	\$ 3	\$ —	\$ —	\$ 3	\$ 3
Long-term debt (excluding finance lease obligations)	11,211	8,814	50	1,440	10,304
	As of December 31, 2022				
	Carrying Amount	At Fair Value			Total
		Level 1	Level 2	Level 3	
Preferred stock with mandatory redemption requirements	\$ 3	\$ —	\$ —	\$ 3	\$ 3
Long-term debt (excluding finance lease obligations)	11,207	8,599	49	1,427	10,075

Recurring Fair Value Measurements

Presented in the tables below are assets and liabilities measured and recorded at fair value on a recurring basis and their level within the fair value hierarchy:

	As of March 31, 2023

Total assets	\$ 244	\$ 7	\$ 72	\$ 323

Restricted funds—The Company’s restricted funds primarily represent proceeds received from financings for the construction and capital improvement of facilities and from customers for future services under operation, maintenance and repair projects.

Rabbi trust investments—The Company’s rabbi trust investments consist of equity and index funds from which supplemental executive retirement plan benefits and deferred compensation obligations can be paid. The Company includes these assets in other long-term assets on the Consolidated Balance Sheets.

Deposits—Deposits include escrow funds and certain other deposits held in trust. The Company includes cash deposits in other current assets on the Consolidated Balance Sheets.

Deferred compensation obligations—The Company’s deferred compensation plans allow participants to defer certain cash compensation into notional investment accounts. The Company includes such plans in other long-term liabilities on the Consolidated Balance Sheets. The value of the Company’s deferred compensation obligations is based on the market value of the participants’ notional investment accounts. The notional investments are comprised primarily of mutual funds, which are based on observable market prices.

Mark-to-market derivative assets and liabilities—The Company employs derivative financial instruments in the form of treasury lock agreements, classified as cash flow hedges, in order to fix the interest cost on existing or forecasted debt. The Company uses a calculation of future cash inflows and estimated future outflows, which are discounted, to determine the current fair value. Additional inputs to the present value calculation include the contract terms, counterparty credit risk, interest rates and market volatility.

Other investments—The Company maintains a Voluntary Employees’ Beneficiary Association trust for purposes of paying active union employee medical benefits (“Active VEBA”). The investments in the Active VEBA trust primarily consist of money market funds and available-for-sale fixed income securities.

The money market and other investments have original maturities of three months or less when purchased. The fair value measurement of the money market and other investments is based on observable market prices and therefore included in the recurring fair value measurements hierarchy as Level 1.

The available-for-sale fixed income securities are primarily investments in U.S. Treasury securities and government bonds. The majority of U.S. Treasury securities and government bonds have been categorized as Level 1 because they trade in highly-liquid and transparent markets. Certain U.S. Treasury securities are based on prices that reflect observable market information, such as actual trade information of similar securities, and are therefore categorized as Level 2, because the valuations are calculated using models which utilize actively traded market data that the Company can corroborate.

The Company includes other investments measured and recorded at fair value on the Consolidated Balance Sheets of \$64 million and \$67 million in Other current assets, as of March 31, 2023 and December 31, 2022, respectively, and \$146 million and \$147 million in Other long-term assets, as of March 31, 2023 and December 31, 2022, respectively. Unrealized holding gains and losses on available-for-sale securities are excluded from earnings and reported in other comprehensive income until realized.

The following tables summarize the unrealized positions for available-for-sale fixed income securities as of March 31, 2023 and December 31, 2022:

	As of March 31, 2023			
	Amortized Cost Basis	Gross unrealized gains	Gross unrealized losses	Fair Value
Available-for-sale fixed-income securities	\$ 153	\$ 6	\$ 4	\$ 155

	As of December 31, 2022			
	Amortized Cost Basis	Gross unrealized gains	Gross unrealized losses	Fair Value
Available-for-sale fixed-income securities	\$ 153	\$ —	\$ —	\$ 153

The fair value of the Company’s available-for-sale fixed income securities, summarized by contractual maturities, as of March 31, 2023, is as follows:

	Amount
Other investments - Available-for-sale fixed-income securities	
Less than one year	\$ 61
1 year - 5 years	80
5 years - 10 years	3
Greater than 10 years	11
Total	\$ 155

Contingent cash payment from the sale of HOS—The Company’s contingent cash payment derivative included as part of the consideration from the sale of HOS, payable upon satisfaction of certain conditions on or before December 31, 2023, is included in other current assets on the Consolidated Balance Sheets. The accounting fair value measurement of the contingent cash payment approximated \$72 million, which is reflective of changes in the benchmark interest rate and estimated using the probability of the outcome of receipt of the \$75 million, a Level 3 input.

Note 14: Leases

The Company has operating and finance leases involving real property, including facilities, utility assets, vehicles, and equipment. Certain operating leases have renewal options ranging from one to 60 years. The exercise of lease renewal options is at the Company’s sole discretion. Renewal options that the Company was reasonably certain to exercise are included in the Company’s right-of-use (“ROU”) assets. Certain operating leases contain the option to purchase the leased property. The operating leases for real property, vehicles and equipment will expire over the next 37 years, five years, and four years, respectively.

The Company participates in a number of arrangements with various public entities (“Partners”) in West Virginia. Under these arrangements, the Company transferred a portion of its utility plant to the Partners in exchange for an equal principal amount of Industrial Development Bonds (“IDBs”) issued by the Partners under the Industrial Development and Commercial Development Bond Act. The Company leased back the utility plant under agreements for a period of 30 to 40 years. The Company has recorded these agreements as finance leases in property, plant and equipment, as ownership of the assets will revert back to the Company at the end of the lease term. The carrying value of the finance lease assets was \$144 million and \$145 million as of March 31, 2023 and December 31, 2022, respectively. The Company determined that the finance lease obligations and the investments in IDBs meet the conditions for offsetting, and as such, are reported net on the Consolidated Balance Sheets and are excluded from the lease disclosure presented below.

The Company also enters into O&M agreements with the Partners. The Company pays an annual fee for use of the Partners’ assets in performing under the O&M agreements. The O&M agreements are recorded as operating leases, and future annual use fees of \$3 million in 2023, \$4 million in 2024 through 2027, and \$45 million thereafter, are included in operating lease ROU assets and operating lease liabilities on the Consolidated Balance Sheets.

Rental expenses under operating leases were \$3 million and \$3 million for each of the three months ended March 31, 2023 and March 31, 2022, respectively.

For the three months ended March 31, 2023, cash paid for amounts in lease liabilities, which includes operating cash flows from operating leases, were \$3 million. For the three months ended March 31, 2023, there were ROU assets obtained in exchange for new operating lease liabilities of \$2 million.

As of March 31, 2023, the weighted-average remaining lease term of the operating leases was 17 years, and the weighted-average discount rate of the operating leases was 4%.

The future maturities of lease liabilities as of March 31, 2023 were \$8 million in 2023, \$9 million in 2024, \$9 million in 2025, \$8 million in 2026, \$6 million in 2027, and \$76 million thereafter. As of March 31, 2023, imputed interest was \$38 million.

Note 15: Segment Information

The Company's operating segments are comprised of its businesses which generate revenue, incur expense and have separate financial information which is regularly used by management to make operating decisions, assess performance and allocate resources. The Company operates its businesses primarily through one reportable segment, the Regulated Businesses segment. The Regulated Businesses segment also includes inter-segment revenues, costs and interest which are eliminated to reconcile to the Consolidated Statements of Operations.

The Company also operates other businesses, primarily MSG, that do not meet the criteria of a reportable segment in accordance with GAAP, and are collectively presented throughout this Form 10-Q within "Other," which is consistent with how management assesses the results of these businesses. Other also includes corporate costs that are not allocated to the Company's Regulated Businesses, interest income related to the seller promissory note and income from the revenue share agreement from the sale of HOS, eliminations of inter-segment transactions and fair value adjustments related to acquisitions that have not been allocated to the Regulated Businesses segment. The adjustments related to the acquisitions are reported in Other as they are excluded from segment performance measures evaluated by management.

The seller promissory note from the sale of HOS has a five-year term, is payable in cash, and bears interest at a rate of 7.00% per year during the term. The Company recognized \$13 million of interest income from the seller note for each of the three months ended March 31, 2023 and 2022.

The Company recognized \$3 million and \$2 million of income during the three months ended March 31, 2023 and 2022, respectively, from the revenue share agreements from the sale of HOS, which is included in Other, net on the Consolidated Statements of Operations.

Presented in the tables below is summarized segment information:

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read together with the unaudited Consolidated Financial Statements and the Notes thereto included elsewhere in this Form 10-Q, and in the Company’s Form 10-K for the year ended December 31, 2022. This discussion contains forward-looking statements that are based on management’s current expectations, estimates and projections about the Company’s business, operations and financial performance. The cautionary statements made in this Form 10-Q should be read as applying to all related forward-looking statements whenever they appear in this Form 10-Q. The Company’s actual results may differ materially from those currently anticipated and expressed in such forward-looking statements as a result of a number of factors, including those that are discussed under “Forward-Looking Statements” and elsewhere in this Form 10-Q. The Company has a disclosure committee consisting of members of senior management and other key employees involved in the preparation of the Company’s SEC reports. The disclosure committee is actively involved in the review and discussion of the Company’s SEC filings.

Overview

American Water is the largest and most geographically diverse, publicly traded water and wastewater utility company in the United States, as measured by both operating revenues and population served. The Company’s primary business involves the ownership of utilities that provide water and wastewater services to residential, commercial, industrial, public authority, fire service and sale for resale customers, collectively presented as the “Regulated Businesses.” Services provided by the Company’s utilities are subject to regulation by multiple state utility commissions or other entities engaged in utility regulation, collectively referred to as public utility commissions (“PUCs”). The Company also operates other businesses not subject to economic regulation by state PUCs that provide water and wastewater services to the U.S. government on military installations, as well as municipalities, collectively presented throughout this Form 10-Q within “Other.” See Part I, Item 1—Business in the Company’s Form 10-K for additional information.

Financial Results

For the three months ended March 31, 2023, diluted earnings per share, prepared in accordance with accounting principles generally accepted in the United States (“GAAP”), were \$0.91, an increase of \$0.04, as compared to the same period in the prior year. This increase was primarily driven by the implementation of new rates in the Regulated Businesses for the recovery of capital and acquisition investments, offset somewhat by impacts from inflationary pressures on production costs and higher interest costs.

Growth Through Capital Investment in Infrastructure and Regulated Acquisitions

The Company continues to grow its businesses, with the majority of its growth to be achieved in the Regulated Businesses through (i) continued capital investment in the Company’s infrastructure to provide safe, clean, reliable and affordable water and wastewater services to its customers, and (ii) regulated acquisitions to expand the Company’s services to new customers. The Company plans to invest approximately \$2.9 billion across its footprint in 2023. During the first three months of 2023, the Company invested \$538 million, primarily in the Regulated Businesses, as discussed below:

Regulated Businesses - Growth and Optimization

- \$532 million capital investment in the Regulated Businesses, the substantial majority for infrastructure improvements and replacements; and
- \$3 million to fund acquisitions in the Regulated Businesses, which added approximately 1,400 customers, in addition to approximately 4,000 customers added through organic growth.

Effective March 24, 2023, the Company’s Pennsylvania subsidiary acquired the rights to buy the wastewater system assets of the Township of Towamencin, for an aggregate purchase price of \$104 million, subject to adjustment as provided in the asset purchase agreement. This system provides wastewater services to approximately 6,300 customer connections in seven townships in Montgomery County, Pennsylvania. The Company expects to close this acquisition by mid-year 2024, pending regulatory approval.

On October 11, 2022, the Company’s Pennsylvania subsidiary entered into an agreement to acquire the wastewater assets of the Butler Area Sewer Authority for a total purchase price of \$232 million in cash, subject to adjustment as provided for in the asset purchase agreement. This system provides wastewater service for approximately 14,700 customer connections. The Company expects to close this acquisition by the end of 2023, pending regulatory approval.

On March 29, 2021, the Company’s New Jersey subsidiary entered into an agreement to acquire the water and wastewater assets of Egg Harbor City for \$22 million. The water and wastewater systems currently serve approximately 1,500 customers each, or 3,000 combined, and are being sold through the New Jersey Water Infrastructure Protection Act process. The Company expects to close this acquisition in 2023.

As of March 31, 2023, the Company has entered into 27 agreements for pending acquisitions in the Regulated Businesses, including the agreements discussed above, to add approximately 48,200 additional customers.

On April 6, 2023, the Company's Illinois subsidiary entered into an agreement to acquire the assets of the wastewater treatment plant from the City of Granite City for \$83 million, subject to adjustment as provided for in the asset purchase agreement. This system provides wastewater service for approximately 26,000 customer connections. The Company expects to close this acquisition by the end of 2023 or early 2024, pending regulatory approval.

Other Matters

Environmental, Health and Safety, and Water Quality Regulation

On March 14, 2023, the United States Environmental Protection Agency ("EPA") announced the proposed National Primary Drinking Water Regulation ("NPDWR") for six per- and polyfluoroalkyl substances ("PFAS") including perfluorooctanoic acid ("PFOA"), perfluorooctane sulfonic acid ("PFOS"), perfluorononanoic acid ("PFNA"), hexafluoropropylene oxide dimer acid ("HFPO-DA", commonly known as "GenX Chemicals"), perfluorohexane sulfonic acid ("PFHxS"), and perfluorobutane sulfonic acid ("PFBS"). The proposed regulations would establish legally enforceable levels for PFAS in drinking water. While the Company has been anticipating the rulemaking, the Company is carefully reviewing the NPDWR to assess the four parts per trillion requirements for PFAS and the application of the Hazard Index approach for PFNA, PFBS, PFHxS, and GenX Chemicals. The Company's review will inform the comments on the proposed rulemaking it plans to submit to the EPA by May 30, 2023.

The Company is evaluating the estimated capital expenditures for additional treatment over the next three to five years, including additional estimated operating expenses. The Company supports sound policies that will ensure compliance by all water utilities while protecting customers and communities from the costly burden of monitoring and mitigating PFAS. The Company continues to strongly advocate for policies that hold polluters accountable and is currently part of Multi-District Litigation against multiple PFAS manufacturers to ensure that the ultimate responsibility for the cleanup of these contaminants is attributed to the polluters.

Operational Excellence

The Company's adjusted regulated operation and maintenance ("O&M") efficiency ratio was 33.6% for the twelve months ended March 31, 2023, as compared to 33.9% for the twelve months ended March 31, 2022. The ratio reflects an increase in operating revenues for the Regulated Businesses, after considering the adjustment for the amortization of the excess accumulated deferred income taxes ("EADIT") shown in the table below, as well as the continued focus on operating costs.

The Company's adjusted regulated O&M efficiency ratio is a non-GAAP measure and is defined by the Company as its operation and maintenance expenses from the Regulated Businesses, divided by the operating revenues from the Regulated Businesses, where both operation and maintenance expenses and operating revenues were adjusted to eliminate purchased water expense. Operating revenues were further adjusted to exclude reductions for the amortization of the EADIT. Also excluded from operation and maintenance expenses is the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, which is reflected in the Regulated Businesses segment as operation and maintenance expenses, but for consolidated financial reporting purposes, is categorized within other line items in the accompanying Consolidated Statements of Operations. The items discussed above were excluded from the O&M efficiency ratio calculation as they are not reflective of management's ability to increase the efficiency of the Regulated Businesses.

The Company evaluates its operating performance using this ratio, and believes it is useful to investors because it directly measures improvement in the operating performance and efficiency of the Regulated Businesses. This information is derived from the Company's consolidated financial information but is not presented in its financial statements prepared in accordance with GAAP. This information supplements and should be read in conjunction with the Company's GAAP disclosures, and should be considered as an addition to, and not a substitute for, any GAAP measure. The Company's adjusted regulated O&M efficiency ratio (i) is not an accounting measure that is based on GAAP; (ii) is not based on a standard, objective industry definition or method of calculation; (iii) may not be comparable to other companies' operating measures; and (iv) should not be used in place of the GAAP information provided elsewhere in this Form 10-Q.

Presented in the table below is the calculation of the Company's adjusted regulated O&M efficiency ratio and a reconciliation that compares operation and maintenance expenses and operating revenues, each as determined in accordance with GAAP, to those amounts utilized in the calculation of its adjusted O&M efficiency ratio:

(Dollars in millions)	For the Twelve Months Ended March 31,	
	2023	2022
Total operation and maintenance expenses	\$ 1,619	\$ 1,723
Less:		
Operation and maintenance expenses—Other	258	403
Total operation and maintenance expenses—Regulated Businesses	1,361	1,320
Less:		
Regulated purchased water expenses	153	155
Allocation of non-operation and maintenance expenses	26	29
Adjusted operation and maintenance expenses—Regulated Businesses (i)	\$ 1,182	\$ 1,136
Total operating revenues	\$ 3,889	\$ 3,881
Less:		
Operating revenues—Other	302	474
Total operating revenues—Regulated Businesses	3,587	3,407
Less:		
Regulated purchased water revenues (a)	153	155
Revenue reductions from the amortization of EADIT	(85)	(102)
Adjusted operating revenues—Regulated Businesses (ii)	\$ 3,519	\$ 3,354
Adjusted O&M efficiency ratio—Regulated Businesses (i) / (ii)	33.6 %	33.9 %

(a) The calculation assumes regulated purchased water revenues approximate regulated purchased water expenses.

Regulatory Matters

General Rate Cases

Presented in the table below are annualized incremental revenues, including reductions for the amortization of the EADIT that are generally offset in income tax expense, assuming a constant water sales volume and customer count, resulting from general rate case authorizations that became effective during 2023:

(In millions)	Effective Date	Amount
General rate cases by state:		
Virginia	April 24, 2023 (a)	\$ 11
Pennsylvania	January 28, 2023	138
Illinois	January 1, 2023	67
California, Step Increase	January 1, 2023	13
Total general rate case authorizations		<u>\$ 229</u>

(a) Interim rates were effective May 1, 2022, and the difference between interim and final approved rates is subject to refund. The Virginia State Corporation Commission issued its final Order on April 24, 2023.

On April 24, 2023, the Virginia State Corporation Commission issued an order approving the settlement of the rate case filed on September 26, 2022, by the Company’s Virginia subsidiary. The general rate case order approved an \$11 million annualized increase in water and wastewater revenues. Interim rates in this proceeding were effective on May 1, 2022, and the order requires that the difference between interim and the final approved rates is subject to refund within 90 days of the order issuance. The order approves the settlement terms with a return on equity of 9.7% and a common equity ratio of 40.7%. The annualized revenue increase is driven primarily by significant incremental capital investments since the Virginia subsidiary’s 2020 rate case order that have been completed or are planned through April 30, 2023, increases in pension and other postretirement benefits expense and increases in production costs, including chemicals, fuel and power costs. The general rate case order includes recovery of the Company’s Virginia subsidiary’s COVID-19 deferral balance. It also includes approval of the accounting deferral of deviations in pension and other postretirement benefits expense from those established in base rates, until the Company’s Virginia subsidiary’s next base rate case.

On December 8, 2022, the Pennsylvania Public Utility Commission issued an order approving the joint settlement of the rate case filed on April 29, 2022, by the Company’s Pennsylvania subsidiary. The general rate case order approved a \$138 million annualized increase in water and wastewater revenues, excluding \$24 million for previously approved infrastructure filings, and authorizes implementation of the new water and wastewater rates effective January 28, 2023. The rate case proceeding was resolved through a “black box” settlement agreement and did not specify an approved return on equity. The annualized revenue increase is driven primarily by significant incremental capital investments since the Pennsylvania subsidiary’s 2021 rate case order that will be completed through December 31, 2023, increases in pension and other postretirement benefits expense and increases in production costs, including chemicals, fuel and power costs. The general rate case order also includes recovery of the Company’s Pennsylvania subsidiary’s COVID-19 deferral balance.

On December 15, 2022, the Illinois Commerce Commission issued an order approving the adjustment of base rates requested in a rate case filed on February 10, 2022, by the Company’s Illinois subsidiary. As updated in the Illinois subsidiary’s June 29, 2022 rebuttal filing, the request sought \$83 million in additional annualized revenues, excluding previously recovered infrastructure surcharges. The general rate case order approved a \$67 million annualized increase in water and wastewater system revenues, excluding previously recovered infrastructure surcharges of \$18 million, effective January 1, 2023, based on an authorized return on equity of 9.8%, authorized rate base of \$1.64 billion, a common equity ratio of 49.0% and a debt ratio of 51.0%. The annualized revenue increase is being driven primarily by significant water and wastewater system capital investments since the Illinois subsidiary’s 2017 rate case order that have been completed or are planned through December 31, 2023, expected higher pension and other postretirement benefit costs, and increases in production costs, including chemicals, fuel and power costs.

Pending General Rate Case Filings

On March 31, 2023, the Company’s Indiana subsidiary filed a general rate case requesting \$87 million in additional annualized revenues, excluding \$41 million of revenue from infrastructure filings already approved, which includes three step increases, with \$43 million of the increase to be included in rates in January 2024, \$18 million in May 2024, and \$26 million in May 2025. The general rate case is expected to be completed by the end of January 2024.

On July 1, 2022, the Company’s Missouri subsidiary filed a general rate case requesting an increase of \$105 million in additional annualized revenues, excluding infrastructure surcharges at the time of filing of approximately \$40 million. Subsequent to the filing of the general rate case, the Company’s Missouri subsidiary filed its semi-annual request for recovery of defined infrastructure investments within its Water and Sewer Infrastructure Rate Adjustment, which adjusted the amount of revenue recovered in the infrastructure surcharges to \$51 million and a net annualized revenue increase request of \$95 million in the general rate case. On March 3, 2023, a settlement agreement was filed with the Missouri Public Service Commission, reflecting a proposed increase of \$44 million in additional annualized revenues, excluding \$51 million for infrastructure surcharges. A final decision on this matter is expected in the second quarter of 2023.

On July 1, 2022, the Company’s California subsidiary filed a general rate case requesting an increase in 2024 revenue of \$56 million and a total increase in revenue over the 2024 to 2026 period of \$95 million, all as compared to 2022 revenues. The Company updated its filing in January 2023 to capture the authorized step increase effective January 1, 2023. The filing was also updated to incorporate a decoupling proposal and a revision to the Company’s sales and associated variable expense forecast. The revised filing requested additional annualized revenues for the test year 2024 of \$37 million, compared to 2023 revenues. This excludes the proposed step rate and attrition rate increase for 2025 and 2026 of \$20 million and \$19 million, respectively. The total revenue requirement request for the three-year rate case cycle, incorporating updates to present rate revenues and forecasted demand, is \$76 million.

The Company’s California subsidiary submitted its application on May 3, 2021, to set its cost of capital for 2022 through 2024. On March 21, 2023, the California Public Utilities Commission (“CPUC”) issued a decision extending the deadline to August 10, 2023, for the cost of capital proceeding.

Infrastructure Surcharges

A number of states have authorized the use of regulatory mechanisms that permit rates to be adjusted outside of a general rate case for certain costs and investments, such as infrastructure surcharge mechanisms that permit recovery of capital investments to replace aging infrastructure. Presented in the table below are annualized incremental revenues, assuming a constant water sales volume and customer count, resulting from infrastructure surcharge authorizations that became effective during 2023:

(In millions)	Effective Date	Amount
Infrastructure surcharges by state:		
Indiana	(a)	\$ 26
Missouri	January 16, 2023	14
Pennsylvania	January 1, 2023	3
West Virginia	January 1, 2023	7
Total infrastructure surcharge authorizations		<u>\$ 50</u>

(a) In 2023, \$20 million was effective March 23 and \$6 million was effective March 8.

Pending Infrastructure Surcharge Filings

On March 15, 2023, the Company’s New Jersey subsidiary filed an infrastructure surcharge proceeding requesting \$16 million in additional annualized revenues.

On March 1, 2023, the Company’s Kentucky subsidiary filed an infrastructure surcharge proceeding requesting \$4 million in additional annualized revenues.

Other Regulatory Matters

In September 2020, the CPUC released a decision under its Low-Income Rate Payer Assistance program rulemaking that required the Company’s California subsidiary to file a proposal to alter its water revenue adjustment mechanism in its next general rate case filing in 2022, which would become effective in January 2024. On October 5, 2020, the Company’s California subsidiary filed an application for rehearing of the decision and following the CPUC’s denial of its rehearing application in September 2021, the Company’s California subsidiary filed a petition for writ of review with the California Supreme Court on October 27, 2021. On May 18, 2022, the California Supreme Court issued a writ of review for the Company’s California subsidiary’s petition and the petitions filed by other entities challenging the decision. Independent of the judicial challenge, California passed Senate Bill 1469, which allows the CPUC to consider and authorize the implementation of a mechanism that separates the water corporation’s revenue and its water sales. Legislation was signed by the Governor on September 30, 2022, and became effective on January 1, 2023. In response to the legislation, on January 27, 2023, the Company’s California subsidiary filed an updated application requesting the CPUC to consider a Water Resources Sustainability Plan decoupling mechanism in its pending 2022 general rate case, which would be effective 2024 through 2026.

On March 2, 2021, an administrative law judge (“ALJ”) in the Office of Administrative Law of New Jersey filed an initial decision with the New Jersey Board of Public Utilities (“NJBP”) that recommended denial of a petition filed by the Company’s New Jersey subsidiary, which sought approval of acquisition adjustments in rate base of \$29 million associated with the acquisitions of Shorelands Water Company, Inc. in 2017 and the Borough of Haddonfield’s water and wastewater systems in 2015. On July 29, 2021, the NJBP issued an order adopting the ALJ’s initial decision without modification. The Company’s New Jersey subsidiary filed a Notice of Appeal with the New Jersey Appellate Division on September 10, 2021. The Company’s New Jersey subsidiary filed its brief in support of the appeal on March 4, 2022. Response and Reply briefs were filed on June 22, 2022, and August 4, 2022, respectively. Oral argument was held on March 22, 2023, and the Company expects a decision by the end of 2023. There is no financial impact to the Company as a result of the NJBP’s order, since the acquisition adjustments are currently recorded as goodwill on the Consolidated Balance Sheets.

Consolidated Results of Operations

Presented in the table below are the Company’s consolidated results of operations:

	For the Three Months Ended March 31,

Segment Results of Operations

The Company’s operating segments are comprised of its businesses which generate revenue, incur expense and have separate financial information which is regularly used by management to make operating decisions, assess performance and allocate resources. The Company operates its businesses primarily through one reportable segment, the Regulated Businesses segment. The Company also operates other businesses, primarily MSG, that do not meet the criteria of a reportable segment in accordance with GAAP, and are collectively presented throughout this Form 10-Q within “Other.” Other also includes corporate costs that are not allocated to the Company’s Regulated Businesses, interest income related to the seller promissory note and income from the revenue share agreement from the sale of HOS, eliminations of inter-segment transactions and fair value adjustments related to acquisitions that have not been allocated to the Regulated Businesses segment. This presentation is consistent with how management assesses the results of these businesses.

Regulated Businesses Segment

Presented in the table below is financial information for the Regulated Businesses:

	For the Three Months Ended March 31,	
	2023	2022
(In millions)		
Operating revenues	\$ 860	\$ 778
Operation and maintenance	330	315
Depreciation and amortization	169	155
General taxes	73	68
Other income (expenses)	(68)	(44)
Provision for income taxes	46	36
Net income attributable to common shareholders	174	160

Operating Revenues

Presented in the tables below is information regarding the main components of the Regulated Businesses’ operating revenues:

	For the Three Months Ended March 31,	
	2023	2022
(In millions)		
Water services:		
Residential	\$ 461	\$ 428
Commercial	171	153
Fire service	39	36
Industrial	38	36
Public and other	65	59
Total water services	774	712

Commercial	14	10
Industrial	2	1
Public and other	6	3
Total wastewater services	76	55
Other (a)	10	11
Total operating revenues	\$ 860	\$ 778

(a) Includes other operating revenues consisting primarily of miscellaneous utility charges, fees and rents.

	For the Three Months Ended March 31,	
	2023	2022
(Gallons in millions)		
Billed water services volumes:		
Residential	33,808	34,160
Commercial	16,836	16,339
Industrial	8,840	8,619
Fire service, public and other	11,688	11,756
Total billed water services volumes	71,172	70,874

For the three months ended March 31, 2023, operating revenues increased \$82 million, primarily due to a \$71 million increase from authorized rate increases, including infrastructure surcharges, principally to fund infrastructure investment in various states and an \$11 million increase from water and wastewater acquisitions, as well as organic growth in existing systems.

Operation and Maintenance

Presented in the table below is information regarding the main components of the Regulated Businesses' operation and maintenance expense:

	For the Three Months Ended March 31,	
	2023	2022
(In millions)		
Employee-related costs	\$ 129	\$ 126
Production costs	93	84
Operating supplies and services	57	57
Maintenance materials and supplies	22	22
Customer billing and accounting	13	13
Other	16	13
Total	\$ 330	\$ 315

For the three months ended March 31, 2023, operation and maintenance expense increased \$15 million, primarily due to inflationary pressures which resulted in increased fuel, power, and chemicals costs.

Depreciation and Amortization

For the three months ended March 31, 2023, depreciation and amortization increased \$14 million, primarily due to additional utility plant placed in service from capital infrastructure investments and acquisitions.

General Taxes

For the three months ended March 31, 2023, general taxes increased \$5 million, primarily due to an increase in the New Jersey Gross Receipts Tax and incremental property taxes.

Other Income (Expenses)

For the three months ended March 31, 2023, other (expenses) increased \$24 million, primarily due to higher interest expense as a result of an \$800 million long-term debt issuance in May 2022 and higher interest rates on short-term debt. The increase was also due to higher net periodic pension and other postretirement benefit costs in the current period.

Provision for Income Taxes

For the three months ended March 31, 2023, the Regulated Businesses' provision for income taxes increased \$10 million. The Regulated Businesses' effective income tax rate was 20.9% and 18.4% for the three months ended March 31, 2023 and 2022, respectively. The increase was primarily due to the decrease in the amortization of EADIT pursuant to regulatory orders. The amortization of EADIT is generally offset with a reduction in revenue.

Other

Presented in the table below is information for Other:

(In millions)	For the Three Months Ended March 31,	
	2023	2022
Operating revenues	\$ 78	\$ 64
Operation and maintenance	63	50
Depreciation and amortization	3	3
Interest expense	(28)	(30)
Interest income	13	13
Provision (benefit) for income taxes	(2)	(1)
Net loss attributable to common shareholders	(4)	(2)

Operating Revenues

For the three months ended March 31, 2023, operating revenues increased \$14 million, due primarily to the increase in capital projects in MSG, primarily at the United States Military Academy at West Point, New York and revenue for Naval Station Mayport in Jacksonville, Florida, awarded on June 30, 2022, with the performance start date for operation on March 1, 2023.

Operation and Maintenance

For the three months ended March 31, 2023, operation and maintenance expense increased \$13 million, primarily due to cost associated with increased capital projects in MSG and expenses for Naval Station Mayport, as discussed above.

Legislative Updates

During 2023, the Company’s regulatory jurisdictions enacted the following legislation that has been approved and is effective as of April 26, 2023:

- California passed Senate Bill 1469, which allows the CPUC to consider and authorize the implementation of a mechanism that separates the water corporation’s revenue and its water sales. Legislation was signed by the Governor on September 30, 2022 and was effective on January 1, 2023.
- Indiana passed House Bill 1417, which allows for deferred accounting and subsequent recovery through rates of regulatory assets, with or without Indiana Utility Regulatory Commission (the “IURC”) approval. There are several requirements: (i) the costs must be deferred as a regulatory asset, (ii) only incremental costs may be deferred, and (iii) the IURC must find the costs to be reasonable and prudent. Legislation was signed by the Governor and became effective on April 20, 2023.

During 2023, the Company’s regulatory jurisdictions passed the following legislation, which is not yet effective as of April 26, 2023:

- Indiana passed Senate Bill 180, which allows for consolidated revenue to support post-acquisition capital improvements in wastewater systems via a service enhancement improvement recovery mechanism.

Condemnation and Eminent Domain

All or portions of the Regulated Businesses’ utility assets could be acquired by state, municipal or other government entities through one or more of the following methods: (i) eminent domain (also known as condemnation); (ii) the right of purchase given or reserved by a municipality or political subdivision when the original certificate of public convenience and necessity (“CPCN”) was granted; and (iii) the right of purchase given or reserved under the law of the state in which the utility subsidiary was incorporated or from which it received its CPCN. The acquisition consideration related to such a proceeding initiated by a local government may be determined consistent with applicable eminent domain law, or may be negotiated or fixed by appraisers as prescribed by the law of the state or the jurisdiction of the particular CPCN.

As such, the Regulated Businesses are periodically subject to condemnation proceedings in the ordinary course of business. For example, the Monterey water service system assets (the “Monterey system assets”) of the Company’s California subsidiary (“Cal Am”) are the subject of a potential condemnation action by the Monterey Peninsula Water Management District (the “MPWMD”) stemming from a November 2018 public ballot initiative. In 2019, the MPWMD issued a preliminary valuation and cost of service analysis report, finding in part that (1) an estimate of the Monterey system assets’ total value plus adjustments would be approximately \$513 million, (2) the cost of service modeling results indicate significant annual reductions in revenue requirements and projected monthly water bills, and (3) the acquisition of the Monterey system assets by the MPWMD would be economically feasible. In 2020, the MPWMD certified a final environmental impact report, analyzing the environmental impacts of the MPWMD’s project to (1) acquire the Monterey system assets through the power of eminent domain, if necessary, and (2) expand its geographic boundaries to include all parts of this system.

In February 2021, the MPWMD filed an application with the Local Agency Formation Commission of Monterey County (“LAFCO”) seeking approval to become a retail water provider and annex approximately 58 parcels of land into the MPWMD’s boundaries. In June 2021, LAFCO’s commissioners voted to require a third-party independent financial study as to the feasibility of an acquisition by the MPWMD of the Monterey system assets. In December 2021, LAFCO’s commissioners denied the MPWMD’s application to become a retail water provider, determining that the MPWMD does not have the authority to proceed with a condemnation of the Monterey system assets. On April 1, 2022, the MPWMD filed a lawsuit against LAFCO challenging its decision to deny the MPWMD’s application seeking approval to become a retail water provider.

By letter dated October 3, 2022, the MPWMD notified Cal Am of a decision to appraise the Monterey system assets and requesting access to a number of Cal Am’s properties and documents to assist the MPWMD with such an appraisal. Cal Am responded by letter on October 24, 2022, denying the request for access, stating that the MPWMD does not have the right to appraise Cal Am’s system without LAFCO approval to become a retail water provider. Notwithstanding the denial by LAFCO of the MPWMD’s application seeking to be a retail water provider, the MPWMD notified Cal Am by letter dated April 3, 2023, of its offer to purchase the Monterey system assets for \$448.8 million. Cal Am’s response is due by April 30, 2023, and it currently plans to reject the offer. The MPWMD has reserved its right to determine whether to acquire the Monterey system assets through the exercise of eminent domain. For more information on the lawsuit against LAFCO, see Item 3—Legal Proceedings in the Form 10-K and Part II, Item 1—Legal Proceedings—Proposed Acquisition of Monterey System Assets—Local Area Formation Commission Litigation in this Form 10-Q.

Also, five municipalities in the Chicago, Illinois area (approximately 30,300 customers in total) formed a water agency and filed an eminent domain lawsuit against the Company in January 2013, seeking to condemn the water pipeline that serves those five municipalities. During a valuation trial held in January 2023, the parties settled the lawsuit and the water agency dismissed the eminent domain case, and as a result the Company will retain the pipeline. As part of the dismissal, the Company’s Illinois subsidiary and another subsidiary entered into a settlement agreement with the water agency agreeing to, among other things, maintain through December 31, 2027, the utility-specific wholesale water rate passed through to customers of the pipeline, such that the rate, exclusive of other pass-through charges, remains no higher than the current rate.

Furthermore, the law in certain jurisdictions in which the Regulated Businesses operate provides for eminent domain rights allowing private property owners to file a lawsuit to seek just compensation against a public utility, if a public utility’s infrastructure has been determined to be a substantial cause of damage to that property. In these actions, the plaintiff would not have to prove that the public utility acted negligently. In California, for example, lawsuits have been filed in connection with large-scale natural events such as wildfires. Some of these lawsuits have included allegations that infrastructure of certain utilities triggered the natural event that resulted in damage to the property. In some cases, the PUC has allowed certain costs or losses incurred by the utility to be recovered from customers in rates, but in other cases such recovery in rates has been disallowed. Also, the utility may have obtained insurance that could respond to some or all of such losses, although the utility would be at risk for any losses not ultimately subject to rate or insurance recovery or losses that exceed the limits of such insurance.

Tax Matters

On August 16, 2022, the Inflation Reduction Act of 2022 (the “IRA”) was signed into law. The IRA contains a Corporate Alternative Minimum Tax (“CAMT”) provision, effective January 1, 2023. To determine if a company is considered an applicable corporation subject to CAMT, the company’s average adjusted financial statement income (“AFSI”) for the three consecutive years preceding the tax year must exceed \$1 billion. An applicable corporation must make several adjustments to net income when determining AFSI. During the first quarter of 2023, the Company evaluated the potential impacts of the CAMT provision within the IRA and believes it does not exceed the \$1 billion AFSI threshold, and therefore, is not currently subject to CAMT in 2023. The Company is continuing to assess the impact of the initial guidance regarding the application of the CAMT and will continue to monitor as additional guidance is released.

Liquidity and Capital Resources

For a general overview of the sources and uses of capital resources, see the introductory discussion in Part II, Item 7—Management’s Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources in the Company’s Form 10-K.

Liquidity needs for capital investment, working capital and other financial commitments are generally funded through cash flows from operations, public and private debt offerings, commercial paper markets, and, if and to the extent necessary, borrowings under American Water Capital Corp.’s (“AWCC”) revolving credit facility, and issuances of equity.

The Company expects to fund future maturities of long-term debt through a combination of external debt and, to the extent available, cash flows from operations. Since the Company expects its capital investments over the next few years to be greater than its cash flows from operating activities, the Company currently plans to fund the excess of its capital investments over its cash flows from operating activities for the next five years through a combination of long-term debt and equity issuances, in addition to the remaining proceeds from the sale of HOS. The remaining proceeds from the sale of HOS include receipt of a seller promissory note, plus interest, and a contingent cash payment payable upon satisfaction of certain conditions on or before December 31, 2023. If necessary, the Company may delay certain capital investments or other funding requirements or pursue financing from other sources to preserve liquidity. In this event, the Company believes it can rely upon cash flows from operations to meet its obligations and fund its minimum required capital investments for an extended period of time.

On March 3, 2023, the Company completed an underwritten public offering of an aggregate of 12,650,000 shares of its common stock. Upon closing of this offering, the Company received, after deduction of the underwriting discount and before deduction of offering expenses, net proceeds of approximately \$1,688 million. The Company used the net proceeds of the offering to repay short-term commercial paper obligations of AWCC, the wholly owned finance subsidiary of American Water, and for general corporate purposes.

The Company’s revolving credit facility provides \$2.75 billion in aggregate total commitments from a diversified group of financial institutions. The revolving credit facility is used principally to support AWCC’s commercial paper program, to provide additional liquidity support, and to provide for the issuance of up to \$150 million in letters of credit. The maximum aggregate principal amount of short-term borrowings authorized for issuance under AWCC’s commercial paper program is \$2.60 billion. Subject to satisfying certain conditions, the credit agreement also permits AWCC to increase the maximum commitment under the facility by up to an aggregate of \$500 million. As of March 31, 2023 and December 31, 2022, there were no borrowings and \$78 million of outstanding letters of credit under the revolving credit facility. At March 31, 2023, there was no outstanding short-term debt as the proceeds of the equity securities offering were used to repay the short-term commercial paper obligations. At December 31, 2022, the weighted-average interest rate on AWCC’s outstanding short-term borrowings was approximately 4.41%.

Presented in the tables below is the aggregate credit facility commitments, commercial paper limit and letter of credit availability under the revolving credit facility as of March 31, 2023 and December 31, 2022, as well as the available capacity for each:

	As of March 31, 2023		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,600	\$ 150	\$ 2,750
Outstanding debt	—	(78)	(78)
Remaining availability as of March 31, 2023	\$ 2,600	\$ 72	\$ 2,672

(a) Total remaining availability of \$2.67 billion as of March 31, 2023, may be accessed through revolver draws.

	As of December 31, 2022		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,600	\$ 150	\$ 2,750
Outstanding debt	(1,177)	(78)	(1,255)
Remaining availability as of December 31, 2022	\$ 1,423	\$ 72	\$ 1,495

(a) Total remaining availability of \$1.50 billion as of December 31, 2022, may be accessed through revolver draws.

Presented in the table below is the Company's total available liquidity as of March 31, 2023 and December 31, 2022, respectively:

(In millions)	Cash and Cash Equivalents	Availability on Revolving Credit Facility	Total Available Liquidity
Available liquidity as of March 31, 2023	\$ 213	\$ 2,672	\$ 2,885
Available liquidity as of December 31, 2022	\$ 85	\$ 1,495	\$ 1,580

The Company believes that its ability to access the debt and equity capital markets, the revolving credit facility and cash flows from operations will generate sufficient cash to fund the Company's short-term requirements. The Company believes it has sufficient liquidity and the ability to manage its expenditures, should there be a disruption of the capital and credit markets. However, there can be no assurance that the lenders will be able to meet existing commitments to AWCC under the revolving credit facility, or that AWCC will be able to access the commercial paper or loan markets in the future on acceptable terms or at all. See Note 8—Short-Term Debt in the Notes to Consolidated Financial Statements for additional information.

The Company has entered into eleven 10-year treasury lock agreements, with notional amounts totaling \$300 million, to reduce interest rate exposure on debt expected to be issued in 2023. These treasury lock agreements terminate in January 2024, and have an average fixed rate of 3.47%. The Company designated these treasury lock agreements as cash flow hedges, with their fair value recorded in accumulated other comprehensive gain or loss. Upon termination, the cumulative gain or loss recorded in accumulated other comprehensive gain or loss will be amortized through interest, net over the term of the new debt.

No ineffectiveness was recognized on hedging instruments for the three months ended March 31, 2023 or 2022.

Cash Flows from Operating Activities

Cash flows from operating activities primarily result from the sale of water and wastewater services and, due to the seasonality of demand, are generally greater during the warmer months. Presented in the table below is a summary of the major items affecting the Company's cash flows from operating activities:

(In millions)	For the Three Months Ended March 31,	
	2023	2022
Net income	\$ 170	\$ 158
Add (less):		
Depreciation and amortization	172	158
Deferred income taxes and amortization of investment tax credits	26	(61)
Other non-cash activities (a)	(32)	(11)
Changes in working capital (b)	(41)	(71)
Pension and non-pension postretirement benefit contributions	(10)	(19)
Net cash provided by operating activities	<u>\$ 285</u>	<u>\$ 154</u>

(a) Includes provision for losses on accounts receivable, pension and non-pension postretirement benefits and other non-cash, net. Details of each component can be found on the Consolidated Statements of Cash Flows.

(b) Changes in working capital include changes to receivables and unbilled revenues, accounts payable, accrued liabilities, accrued taxes, and other current assets and liabilities, net.

For the three months ended March 31, 2023, cash provided by operating activities increased \$131 million, primarily due to changes in deferred taxes and working capital. The change in deferred taxes was driven by the settlement of the deferred tax liability related to the Company's New York regulated operations that was sold in the first quarter of 2022. Partially offset by the change in other non-cash activities including activity in regulatory accounts and pension and non-pension postretirement benefits.

Cash Flows from Investing Activities

Presented in the table below is a summary of the major items affecting the Company's cash flows from investing activities:

(In millions)	For the Three Months Ended March 31,	
	2023	2022
Net capital expenditures	\$ (526)	\$ (424)
Acquisitions, net of cash acquired	(4)	(5)
Net proceeds from sale of assets	—	608
Other investing activities, net (a)	(31)	(20)
Net cash (used in) provided by investing activities	\$ (561)	\$ 159

(a) Includes removal costs from property, plant and equipment retirements.

For the three months ended March 31, 2023, cash used in investing activities increased \$720 million, primarily due to proceeds received from the sale of the Company's New York operations in the first quarter of 2022 and increased payments for capital expenditures and acquisitions. The Company plans to invest approximately \$2.9 billion across its footprint in 2023.

Cash Flows from Financing Activities

Presented in the table below is a summary of the major items affecting the Company's cash flows from financing activities:

(In millions)	For the Three Months Ended March 31,	
	2023	2022
Proceeds from long-term debt	\$ 8	\$ 11
Repayments of long-term debt	(4)	(5)
Net proceeds from common stock financing	1,688	—
Net short-term borrowings (repayments) with maturities less than three months	(1,175)	(263)
Dividends paid	(119)	(109)
Other financing activities, net (a)	3	13
Net cash provided by (used in) financing activities	\$ 401	\$ (353)

(a) Includes proceeds from issuances of common stock under various employee stock plans and the Company's dividend reinvestment and direct stock purchase plan, net of taxes paid, and advances and contributions in aid of construction, net of refunds.

For the three months ended March 31, 2023, cash provided by financing activities increased \$754 million, primarily due to the common stock offering. This was partially offset by repayment in full of the short-term commercial paper obligations during the first quarter of 2023.

Debt Covenants

The Company's debt agreements contain financial and non-financial covenants. To the extent that the Company is not in compliance with these covenants, an event of default may occur under one or more debt agreements and the Company, or its subsidiaries, may be restricted in its ability to pay dividends, issue new debt or access the revolving credit facility. The long-term debt indentures contain a number of covenants that, among other things, prohibit or restrict the Company from issuing debt secured by the Company's assets, subject to certain exceptions. Failure to comply with any of these covenants could accelerate repayment obligations.

Covenants in certain long-term notes and the revolving credit facility require the Company to maintain a ratio of consolidated debt to consolidated capitalization (as defined in the relevant documents) of not more than 0.70 to 1.00. On March 31, 2023, the Company's ratio was 0.54 to 1.00 and therefore the Company was in compliance with the covenants.

Security Ratings

Presented in the table below are long-term and short-term credit ratings and rating outlooks as of April 26, 2023, as issued by Moody’s Investors Service on December 19, 2022, and S&P Global Ratings on February 6, 2023:

Securities	Moody’s Investors Service	Standard & Poor’s Ratings Service
Rating outlook	Stable	Stable
Senior unsecured debt	Baa1	A
Commercial paper	P-2	A-1

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning rating agency, and each rating should be evaluated independently of any other rating. Security ratings are highly dependent upon the ability to generate cash flows in an amount sufficient to service debt and meet investment plans. The Company can provide no assurances that its ability to generate cash flows is sufficient to maintain its existing ratings. None of the Company’s borrowings are subject to default or prepayment as a result of the downgrading of these security ratings, although such a downgrading could increase fees and interest charges under its credit facility.

As part of its normal course of business, the Company routinely enters into contracts for the purchase and sale of water, energy, chemicals and other services. These contracts either contain express provisions or otherwise permit the Company and its counterparties to demand adequate assurance of future performance when there are reasonable grounds for doing so. In accordance with the contracts and applicable contract law, if the Company is downgraded by a credit rating agency, especially if such downgrade is to a level below investment grade, it is possible that a counterparty would attempt to rely on such a downgrade as a basis for making a demand for adequate assurance of future performance, which could include a demand that the Company must provide collateral to secure its obligations. The Company does not expect to post any collateral which will have a material adverse impact on the Company’s results of operations, financial position or cash flows.

Access to the capital markets, including the commercial paper market, and respective financing costs in those markets, may be directly affected by the Company’s securities ratings. The Company primarily accesses the debt capital markets, including the commercial paper market, through AWCC. However, the Company has also issued debt through its regulated subsidiaries, primarily in the form of mortgage bonds and tax-exempt securities or borrowings under state revolving funds, to lower the overall cost of debt.

Dividends

For discussion of the Company’s dividends, see Note 6—Shareholders’ Equity in the Notes to Consolidated Financial Statements for additional information.

Application of Critical Accounting Policies and Estimates

Financial condition of the Company, results of operations and cash flows, as reflected in the Company’s Consolidated Financial statements, are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. See Part II, Item 7—Management’s Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies and Estimates in the Company’s Form 10-K for a discussion of its critical accounting policies. Additionally, see Note 2—Significant Accounting Policies in the Notes to Consolidated Financial Statements for updates, if any, to the significant accounting policies previously disclosed in the Company’s Form 10-K.

Recent Accounting Standards

See Note 2—Significant Accounting Policies in the Notes to Consolidated Financial Statements for a description of new accounting standards recently adopted or pending adoption.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to market risk in the normal course of business, including changes in commodity prices, equity prices and interest rates. For further discussion of its exposure to market risk, see Part II, Item 7A—Quantitative and Qualitative Disclosures about Market Risk in the Company’s Form 10-K. There have been no significant changes to the Company’s exposure to market risk since December 31, 2022.

ITEM 4. CONTROLS AND PROCEDURES**Evaluation of Disclosure Controls and Procedures**

American Water maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in its reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including the Chief Executive Officer and the Chief Financial Officer, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objective.

The Company's management, including the Chief Executive Officer and the Chief Financial Officer, conducted an evaluation of the effectiveness of its disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) as of March 31, 2023.

Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that, as of March 31, 2023, the Company's disclosure controls and procedures were effective at a reasonable level of assurance.

Changes in Internal Control over Financial Reporting

The Company concluded that there have been no changes in internal control over financial reporting that occurred during the three months ended March 31, 2023, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The following information updates and amends the information provided in the Company's Form 10-K in Item 3—Legal Proceedings. Capitalized terms used but not otherwise defined herein have the meanings set forth in the Company's Form 10-K. In accordance with the SEC's disclosure rules, the Company has elected to disclose environmental proceedings involving the Company and a governmental authority if the amount of potential monetary sanctions, exclusive of interest and costs, that the Company reasonably believes will result from such proceeding is \$1 million or more.

Alternative Water Supply in Lieu of Carmel River Diversions

Monterey Peninsula Water Supply Project

CPUC Final Approval of Water Supply Project

On March 30, 2023, the CPUC issued a decision denying Cal Am's application for rehearing, but adopting its proposed AFUDC for already incurred and future costs. The decision also provides Cal Am the opportunity to serve supplemental testimony to increase its cost cap for certain of the Water Supply Project's extraction wells. The amended water purchase agreement and a memorandum of understanding to negotiate certain milestones related to the expansion of the GWR Project have been signed by the relevant parties.

While Cal Am believes that its expenditures to date have been prudent and necessary to comply with the 2009 Order and the 2016 Order, as well as relevant final decisions of the CPUC related thereto, Cal Am cannot currently predict its ability to recover all of its costs and expenses associated with the Water Supply Project and there can be no assurance that Cal Am will be able to recover all of such costs and expenses in excess of the \$112 million in aggregate construction costs, plus applicable AFUDC, previously approved by the CPUC in its 2016 final decision and its December 2022 final decision, as amended by its March 30, 2023 rehearing decision.

Test Slant Well Permitting

The application for extension of the State Lands Commission lease was approved, and the lease will now expire on December 16, 2027.

Proposed Acquisition of Monterey System Assets — Local Area Formation Commission Litigation

Notwithstanding the denial by LAFCO of the MPWMD's application seeking to be a retail water provider, which is currently being challenged by the MPWMD, the MPWMD notified Cal Am by letter dated April 3, 2023, of its offer to purchase the Monterey system assets for \$448.8 million. Cal Am's response is due by April 30, 2023, and it currently plans to reject the offer. The MPWMD has reserved its right to determine whether to acquire the Monterey system assets through the exercise of eminent domain.

ITEM 1A. RISK FACTORS

In addition to the other information set forth in this report, readers should carefully consider the factors discussed in Item 1A—Risk Factors in the Form 10-K, and in the Company's other filings with the SEC, which could materially affect the Company's business, financial condition, cash flows or future results. There have been no material changes from the risk factors previously disclosed in Item 1A—Risk Factors in the Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

In February 2015, the Board of Directors authorized an anti-dilutive stock repurchase program to mitigate the dilutive effect of shares issued through the Company's dividend reinvestment and direct stock purchase plan and employee stock purchase and executive compensation activities. The program allows the Company to purchase up to 10 million shares of its outstanding common stock over an unrestricted period of time in the open market or through privately negotiated transactions. The program is conducted in accordance with Rule 10b-18 of the Exchange Act, and, to facilitate these repurchases, the Company enters into Rule 10b5-1 stock repurchase plans with a third-party broker, which allow the Company to repurchase shares of its common stock at times when it otherwise might be prevented from doing so under insider trading laws or because of self-imposed trading blackout periods. Subject to applicable regulations, the Company may elect to amend or cancel the program or the stock repurchase parameters at its discretion to manage dilution.

The Company did not repurchase shares of common stock during the three months ended March 31, 2023. From April 1, 2015, the date repurchases under the anti-dilutive stock repurchase program commenced, through March 31, 2023, the Company repurchased an aggregate of 4,860,000 shares of common stock under the program, leaving an aggregate of 5,140,000 shares available for repurchase under this program.

AMERICAN WATER WORKS COMPANY, INC.
2017 OMNIBUS EQUITY COMPENSATION PLAN
RESTRICTED STOCK UNIT GRANT

This RESTRICTED STOCK UNIT GRANT, dated as of February 14, 2023 (the “Date of Grant”), is delivered by American Water Works Company, Inc. (the “Company”) to _____ (the “Participant”).

RECITALS

WHEREAS, the Committee (as defined in the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan (the “Plan”)) has adopted a 2023 Long Term Performance Plan (“2023 LTPP”) pursuant to which designated employees will be granted equity awards (collectively, the “Equity Award”) for shares of Common Stock of the Company, par value \$0.01 per share, (the “Company Stock”);

WHEREAS, the Equity Award is comprised of three separate grants: a restricted stock unit and two performance stock unit grants;

WHEREAS, the Committee has determined that the Participant is eligible to participate in the 2023 LTPP and to grant the Participant an Equity Award under the 2023 LTPP; and

WHEREAS, the Committee has determined that the restricted stock unit portion of the Equity Award granted pursuant to the 2023 LTPP to the Participant shall be issued under the Plan and the terms and conditions of such restricted stock unit shall be memorialized in this grant (the “Grant”).

NOW, THEREFORE, the parties to this Grant, intending to be legally bound hereby, agree as follows:

1. Grant of Restricted Stock Units. Subject to the terms and conditions set forth in this Grant and the Plan, the Company hereby grants to the Participant _____ units (the “Restricted Stock Units”). Each unit (a “Unit”) shall be a phantom right and shall be equivalent to one share of Company Stock on the applicable Redemption Date (as defined below).
2. Restricted Stock Unit Account. The Company shall establish and maintain a Restricted Stock Unit account as a bookkeeping account on its records (the “Restricted Stock Unit Account”) for the Participant and shall record in such Restricted Stock Unit Account the number of Restricted Stock Units granted to the Participant. The Participant shall not have any interest in any fund or specific assets of the Company by reason of this grant or the Restricted Stock Unit Account established for the Participant.
3. Vesting.
 - (a) Except as provided in subparagraph (c) below, the Restricted Stock Units shall vest on the following dates (each a “Service Date”), provided the Participant continues to be

employed by, or providing service to, the Employer (as defined in the Plan) from the Date of Grant through the applicable Service Date:

<u>Service Date</u>	<u>Units Vesting</u>
January 31, 2024	1/3
January 31, 2025	1/3
January 31, 2026	1/3

The vesting of the Restricted Stock Units is cumulative, but shall not exceed 100% of the Units subject to the Restricted Stock Units. If the foregoing schedule would produce fractional Units, the number of Units for which the Restricted Stock Units becomes vested on a Service Date shall be rounded down to the nearest whole Unit. The Restricted Stock Units shall become vested with respect to 100% of the Units subject to the Restricted Stock Units on January 31, 2026, if the Participant is employed by, or providing service to, the Employer on such date.

(b) Subject to subparagraph (c) below, if at any time prior to January 31, 2026, the Participant's employment or service with the Employer terminates for any reason, including death or disability, then all of the unvested Restricted Stock Units shall be immediately forfeited and the Participant shall not have any rights with respect to the vesting or the redemption of any portion of the Restricted Stock Unit.

(c) If at any time prior to January 31, 2026, but while the Participant is employed by or providing service to the Employer, a Change of Control (as defined below) occurs, the Company is not the surviving corporation (or survives only as a subsidiary of another corporation or entity (the "surviving corporation")) and the Restricted Stock Units are not converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation), then the portion of the Restricted Stock Units that have not yet vested as provided in subparagraph 3(a) above shall become fully vested on the date of the Change of Control (the "Change of Control Date"). In the event the Participant's Restricted Stock Units are assumed by the surviving corporation but the Participant ceases to be employed by, or providing service to, the surviving corporation (or a parent or subsidiary of the surviving corporation) within twelve (12) months after the date of the Change of Control on account of (i) a termination of such Participant's employment by the surviving corporation (or a parent or subsidiary of the surviving corporation) for any reason other than on account of Cause (as defined below), or on account of death or Disability (each as defined in the Plan), or (ii) a termination of employment or service by the Participant for Good Reason (as defined in the Plan), then the portion of the Restricted Stock Units that have not yet vested as provided in subparagraph 3(a) above shall become fully vested on the date of such termination of employment or service (the "Termination Date"). For purposes of this Grant, "Change of Control" shall mean as such term is defined in the Plan, except that a Change of Control shall not be deemed to have occurred for purposes of this Agreement unless the event constituting the Change of Control constitutes a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of section 409A of the Internal Revenue Code of 1986, as amended (the "Code") and its corresponding regulations. For the avoidance of doubt, if the Change of Control does not constitute a permitted change in control event under section 409A of the Code, then the Restricted Stock Unit shall not vest on the occurrence of the Change

of Control. For purposes of this Grant, “Cause” shall mean a finding by the Committee that the Participant (i) has breached his or her employment or service contract with the Employer, if any; (ii) has engaged in disloyalty to the Employer including, without limitation, fraud, embezzlement, theft, commission of a felony or proven dishonesty; (iii) has disclosed trade secrets or confidential information of the Employer to persons not entitled to receive such information; (iv) has breached any written noncompetition or nonsolicitation agreement between the Participant and the Employer; or (v) has engaged in such other behavior detrimental to the interests of the Employer as the Committee determines.

4. Redemption. Unless an election is made pursuant to Paragraph 5 below, the Restricted Stock Units that have become vested pursuant to Paragraph 3 shall be redeemed by the Company on the earliest of the (i) applicable Service Date, (ii) the Change of Control Date or (iii) the Termination Date, (the date of redemption is hereinafter referred to as the “Redemption Date”). As soon as administratively practicable following the applicable Redemption Date, but not later than forty-five (45) days following the Redemption Date, (or, if applicable, the Deferred Date, as defined in Paragraph 5 below), all Restricted Stock Units that become vested pursuant to Paragraph 3 above shall be redeemed and converted to an equivalent number of shares of Company Stock, and the Participant shall receive a single distribution of such shares of Company Stock, which shall be issued under the Plan.

5. Deferrals. The Participant may make an irrevocable election to defer the Redemption Date (or further defer the Deferred Date (as defined below), if applicable) of any of the Restricted Stock Units that vest, plus dividend equivalents earned on such Restricted Stock Units as described in Paragraph 6 below, to a later date, provided that, except as to any election made by the Participant to accelerate the Deferred Date in the event of his or her death prior to the Deferred Date, (a) the election shall not take effect until at least twelve (12) months after the date on which the election is made, (b) the new Redemption Date cannot be earlier than five (5) years from the original Redemption Date under Paragraph 4 above (or five (5) years from the previously applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made), and (c) the election must be made no less than twelve (12) months prior to the date of the Redemption Date (twelve (12) months prior to the previously applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made). To defer the Redemption Date, the Participant must complete the deferral election form provided to the Participant, and return such form to the Company in the manner and by the deadline provided therein. If the Participant desires to make a further deferral, the Participant must make such election on a separate form provided for such purpose. Any such election shall be made in accordance with section 409A of the Code and any corresponding guidance and regulations issued under section 409A of the Code. Notwithstanding a Participant’s election pursuant to this Paragraph, if the Change of Control Date or the Termination Date occurs prior to the Deferred Date, the redemption of the Participant’s Restricted Stock Units, plus corresponding dividend equivalents, will be the Change of Control Date or the Termination Date, as applicable. If a Redemption Date is delayed one or more times pursuant to any election made by the Participant pursuant to this Paragraph 5, the new Redemption Date shall be referred to as the “Deferred Date.”

6. Dividend Equivalents. Until the Redemption Date (or the Deferred Date, if elected), if any dividends are paid with respect to the shares of Company Stock, the Company shall credit to a dividend equivalent account (the “Dividend Equivalent Account”) the value of the dividends that would have been distributed if the Restricted Stock Units credited to the Participant’s Restricted Stock Unit Account as of the date of payment of any such dividend were shares of Company Stock. On the Redemption Date (or the Deferred Date, if applicable), the Company shall pay to the Participant in a lump sum cash equal to the value of the dividends credited to the Participant’s Dividend Equivalent Account; provided, however, that any dividends that were

credited to the Participant's Dividend Equivalent Account that are attributable to Units that have been forfeited as provided in Paragraph 3 above shall be immediately forfeited and not payable to the Participant. No interest shall accrue on any dividend equivalents credited to the Participant's Dividend Equivalent Account.

7. Change of Control. Except as set forth in Paragraph 3(c) of this Grant, the provisions set forth in the Plan applicable to a Change of Control (as defined in the Plan) shall apply to the Restricted Stock Units, and, in the event of a Change of Control, the Committee may take such actions as it deems appropriate pursuant to the Plan and is consistent with the requirements of section 409A of the Code.

8. Acknowledgment by Participant. By accepting this Grant, the Participant acknowledges that with respect to any right to redemption or distribution pursuant to this Grant, the Participant is and shall be an unsecured general creditor of the Company without any preference as against other unsecured general creditors of the Company, and the Participant hereby covenants for himself or herself, and anyone at any time claiming through or under the Participant not to claim any such preference, and hereby disclaims and waives any such preference which may at any time be at issue, to the fullest extent permitted by applicable law.

9. Restrictions on Issuance or Transfer of Shares of Company Stock.

(a) To the extent permitted by Code section 409A, the obligation of the Company to deliver shares of Company Stock upon the redemption of the Restricted Stock Units shall be subject to the condition that shares of Company Stock be qualified for listing on the New York Stock Exchange or another securities exchange and be registered under the Securities Act of 1933, as amended, and that any consent or approval of any governmental regulatory body that is necessary to issue shares of Company Stock has been so obtained, and that shares of Company Stock may not be issued in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

(b) The issuance of shares of Company Stock and the payment of cash to the Participant pursuant to this Grant is subject to any applicable taxes and other laws or regulations of the United States or of any state having jurisdiction thereof.

(c) As a condition to receive any shares of Company Stock on the Redemption Date (or the Deferred Date, if applicable), the Participant agrees:

(i) to be bound by, and to comply with, the Company's policies and practices (as they may be in effect from time to time) regarding the restrictions or limitations on the transfer of such shares, and understands that the Participant may be restricted or prohibited at any time and from time to time from selling, transferring, pledging, donating, assigning, margining, mortgaging, hypothecating or otherwise encumbering the shares in accordance with such policies and practices, including without limitation the Company's Insider Trading and Prohibited Transactions Policy and the Personal Securities Trading and Preclearance Practice; and

(ii) that the shares of Company Stock obtained by the Participant upon the redemption of the Restricted Stock Units shall be subject to the guidelines and restrictions set forth in the Company's Executive Stock Ownership Guidelines and Executive Stock Retention Requirements, effective as of July 26, 2022 (and as they may be amended, restated, supplemented and interpreted), and any applicable clawback or recoupment

policies and other policies that may be implemented by the Company's Board of Directors or a duly authorized committee thereof, from time to time.

10. Participant Undertaking. The Participant agrees to take whatever additional actions and execute whatever additional documents the Company may deem necessary or advisable in order to carry out or effect one or more of the obligations or restrictions imposed on the Participant pursuant to the provisions of this Grant.

11. Grant Subject to Plan Provisions. This Grant is made pursuant to the Plan, the terms of which are incorporated herein by reference, and in all respects shall be interpreted in accordance with the Plan. In the event of any contradiction, distinction or difference between this Grant and the terms of the Plan, the terms of the Plan will control. Except as otherwise defined in this Grant, capitalized terms used in this Grant shall have the meanings set forth in the Plan. This Grant is subject to the interpretations, regulations and determinations concerning the Plan established from time to time by the Committee in accordance with the provisions of the Plan, including, but not limited to, provisions pertaining to (a) rights and obligations with respect to withholding taxes, (b) the registration, qualification or listing of the shares of Company Stock, (c) changes in capitalization of the Company, and (d) other requirements of applicable law. The Committee shall have the authority to interpret and construe this Grant pursuant to the terms of the Plan, its decisions shall be conclusive as to any questions arising hereunder. By accepting this Grant, the Participant agrees (i) to be bound by the terms of the Plan and this Grant, (ii) to be bound by the determinations and decisions of the Committee with respect to this Grant, the Plan and the Participant's rights to benefits under this Grant and the Plan, and (iii) that all such determinations and decisions of the Committee shall be binding on the Participant, his or her beneficiaries and any other person having or claiming an interest under this Grant and the Plan on behalf of the Participant.

12. No Rights as Stockholder. The Participant shall not have any rights as a stockholder of the Company, including the right to any cash dividends (except with respect to the dividend equivalent rights provided in Paragraph 6), or the right to vote, with respect to any Restricted Stock Units.

13. No Rights to Continued Employment or Service. This Grant shall not confer upon the Participant any right to be retained in the employment or service of the Employer and shall not interfere in any way with the right of the Employer to terminate the Participant's employment or service at any time. The right of the Employer to terminate at will the Participant's employment or service at any time for any reason is specifically reserved.

14. Assignment and Transfers. No Restricted Stock Units or dividend equivalents awarded to the Participant under this Grant may be transferred, assigned, pledged, or encumbered by the Participant and a Restricted Stock Unit shall be redeemed and a dividend equivalent distributed during the lifetime of the Participant only for the benefit of the Participant. Any attempt to transfer, assign, pledge, or encumber the Restricted Stock Unit or dividend equivalent by the Participant shall be null, void and without effect. The rights and protections of the Company hereunder shall extend to any successors or assigns of the Company. This Grant may be assigned by the Company without the Participant's consent.

15. Withholding. The Participant shall be required to pay to the Employer, or make other arrangements satisfactory to the Employer to provide for the payment of, any federal, state, local or other taxes that the Employer is required to withhold with respect to the grant, vesting and redemption of the Restricted Stock Units and payment of dividend equivalents. Any tax withholding obligation of the Employer with respect to the redemption of the Restricted Stock

Units may, at the Committee's discretion, be satisfied by having shares of Company Stock withheld, up to an amount that does not exceed the minimum applicable withholding tax rate for federal (including FICA), state, local and other tax liabilities.

16. Effect on Other Benefits. The value of shares of Company Stock and dividend equivalents distributed with respect to the Restricted Stock Units shall not be considered eligible earnings for purposes of any other plans maintained by the Company or the Employer. Neither shall such value be considered part of the Participant's compensation for purposes of determining or calculating other benefits that are based on compensation, such as life insurance.

17. Applicable Law. The validity, construction, interpretation and effect of this Grant shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.

18. Notice. Any notice to the Company provided for in this instrument shall be addressed to the Company in care of the General Counsel at the Company's corporate headquarters, and any notice to the Participant shall be addressed to such Participant at the current address shown on the payroll records of the Employer, or to such other address as the Participant may designate to the Employer in writing. Any notice shall be (i) delivered by hand, (ii) delivered by a national overnight courier or delivery service, (iii) enclosed in a properly sealed envelope addressed as stated above, registered and deposited, postage prepaid, in a post office regularly maintained by the United States Postal Service, or (iv) in the case of notices by the Company to the Participant, delivered by e-mail or other electronic means (with confirmation of receipt to be made by any oral, electronic or written means).

19. Taxation; Code Section 409A. As applicable, this Grant is intended to comply with the requirements of section 409A of the Code and shall be interpreted and administered in accordance with Code section 409A. Notwithstanding any provision to the contrary herein, if the Restricted Stock Units constitute "deferred compensation" under section 409A of the Code, distributions made with respect to this Grant may only be made in a manner and upon an event permitted by Code section 409A. To the extent that any provision of the Grant would cause a conflict with the requirements of Code section 409A, or would cause the administration of the Grant to fail to satisfy the requirements of Code section 409A, such provision shall, to the extent practicable if permitted by applicable law, be deemed null and void. In the event that it is determined not feasible to void a provision of this Grant, such provision shall be construed in a manner as to comply with the Code section 409A requirements. This Grant may be amended without the consent of the Participant in any respect deemed by the Committee or its delegate to be necessary in order to comply with Code section 409A. Unless a valid election is made pursuant to Paragraph 5 above, in no event may the Participant, directly or indirectly, designate the calendar year of distribution. Notwithstanding anything in the Plan or the Grant to the contrary, the Participant shall be solely responsible for the tax consequences of this Grant, and in no event shall the Company have any responsibility or liability if this Grant does not meet any applicable requirements of Code section 409A.

20. Severability. In the event one or more of the provisions of this Grant should, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability will not affect any other provisions of this Grant, and this Grant will be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

IN WITNESS WHEREOF, the Company has caused its duly authorized officer to execute this Grant, effective as of the Date of Grant.

AMERICAN WATER WORKS COMPANY, INC.
2017 OMNIBUS EQUITY COMPENSATION PLAN
RESTRICTED STOCK UNIT GRANT

This RESTRICTED STOCK UNIT GRANT, dated as of February 14, 2023 (the “Date of Grant”), is delivered by American Water Works Company, Inc. (the “Company”) to _____ (the “Participant”).

RECITALS

WHEREAS, the Committee (as defined in the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan (the “Plan”)) has adopted a 2023 Long Term Performance Plan (“2023 LTTP”) pursuant to which designated employees will be granted equity awards (collectively, the “Equity Award”) for shares of Common Stock of the Company, par value \$0.01 per share, (the “Company Stock”);

WHEREAS, the Equity Award is comprised of three separate grants: a restricted stock unit and two performance stock unit grants;

WHEREAS, the Committee has determined that the Participant is eligible to participate in the 2023 LTTP and to grant the Participant an Equity Award under the 2023 LTTP; and

WHEREAS, the Committee has determined that the restricted stock unit portion of the Equity Award granted pursuant to the 2023 LTTP to the Participant shall be issued under the Plan and the terms and conditions of such restricted stock unit shall be memorialized in this grant (the “Grant”).

NOW, THEREFORE, the parties to this Grant, intending to be legally bound hereby, agree as follows:

1. Grant of Restricted Stock Units. Subject to the terms and conditions set forth in this Grant and the Plan, the Company hereby grants to the Participant _____ units (the “Restricted Stock Units”). Each unit (a “Unit”) shall be a phantom right and shall be equivalent to one share of Company Stock on the applicable Redemption Date (as defined below).
2. Restricted Stock Unit Account. The Company shall establish and maintain a Restricted Stock Unit account as a bookkeeping account on its records (the “Restricted Stock Unit Account”) for the Participant and shall record in such Restricted Stock Unit Account the number of Restricted Stock Units granted to the Participant. The Participant shall not have any interest in any fund or specific assets of the Company by reason of this grant or the Restricted Stock Unit Account established for the Participant.
3. Vesting.
 - (a) Except as provided in subparagraphs (c), (d), and (e) below, the Restricted Stock Units shall vest on the following dates (each a “Service Date”), provided the Participant

continues to be employed by, or providing service to, the Employer (as defined in the Plan) from the Date of Grant through the applicable Service Date:

<u>Service Date</u>	<u>Units Vesting</u>
January 31, 2024	1/3
January 31, 2025	1/3
January 31, 2026	1/3

The vesting of the Restricted Stock Units is cumulative, but shall not exceed 100% of the Units subject to the Restricted Stock Units. If the foregoing schedule would produce fractional Units, the number of Units for which the Restricted Stock Units becomes vested on a Service Date shall be rounded down to the nearest whole Unit. The Restricted Stock Units shall become vested with respect to 100% of the Units subject to the Restricted Stock Units on January 31, 2026, if the Participant is employed by, or providing service to, the Employer on such date.

(b) Subject to subparagraphs (c), (d), and (e) below, if at any time prior to January 31, 2026, the Participant's employment or service with the Employer terminates for any reason, including death or disability, then all of the unvested Restricted Stock Units shall be immediately forfeited and the Participant shall not have any rights with respect to the vesting or the redemption of any portion of the Restricted Stock Unit.

(c) If prior to January 31, 2026, the Participant's employment or service with the Employer terminates on account of Normal Retirement (as defined below), then the portion of the Restricted Stock Units that have not yet vested as provided in subparagraph 3(a) above shall continue to become vested following the Participant's termination of employment or service on account of Normal Retirement in accordance with the schedule set forth in subparagraph 3(a). For purposes of this Grant, (i) "Normal Retirement" shall mean termination of employment or service with the Employer (other than for Cause (as defined below)) after the Participant has attained age sixty (60) and has five (5) total years of employment or service with the Employer which includes at least three (3) consecutive full calendar years of service in the position of Chief Executive Officer, Chief Operating Officer or Chief Financial Officer, or any combination thereof and (ii) "Cause" shall mean a finding by the Committee that the Participant (A) has breached his or her employment or service contract with the Employer, if any; (B) has engaged in disloyalty to the Employer including, without limitation, fraud, embezzlement, theft, commission of a felony or proven dishonesty; (C) has disclosed trade secrets or confidential information of the Employer to persons not entitled to receive such information; (D) has breached any written noncompetition or nonsolicitation agreement between the Participant and the Employer; or (E) has engaged in such other behavior detrimental to the interests of the Employer as the Committee determines.

(d) If prior to January 31, 2026, the Participant's employment or service with the Employer terminates on account of Early Retirement (as defined below), then 75% of the portion of the Restricted Stock Units that have not yet vested as provided in subparagraph 3(a) above shall continue to become vested following the Participant's termination of employment or service on account of Early Retirement in accordance with the schedule set forth in subparagraph 3(a) and the remaining 25% of the portion of the Restricted Stock Units that have not vested as of the Participant's Early Retirement shall be immediately forfeited. For purposes of this Grant, "Early Retirement" shall mean termination of employment or service with the Employer (other than for Cause) after the Participant has attained age fifty-five (55) and has five (5) total years of employment or service with the Employer which includes at least three (3) consecutive full

calendar years of service in the position of Chief Executive Officer, Chief Operating Officer or Chief Financial Officer, or any combination thereof.

(e) If at any time prior to January 31, 2026, but while the Participant is employed by or providing service to the Employer, a Change of Control (as defined below) occurs, the Company is not the surviving corporation (or survives only as a subsidiary of another corporation or entity (the “surviving corporation”)) and the Restricted Stock Units are not converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation), then the portion of the Restricted Stock Units that have not yet vested as provided in subparagraph 3(a) above shall become fully vested on the date of the Change of Control (the “Change of Control Date”). In the event the Participant’s Restricted Stock Units are assumed by the surviving corporation but the Participant ceases to be employed by, or providing service to, the surviving corporation (or a parent or subsidiary of the surviving corporation) within twelve (12) months after the date of the Change of Control on account of (i) a termination of such Participant’s employment by the surviving corporation (or a parent or subsidiary of the surviving corporation) for any reason other than on account of Cause (as defined in 3(c)), or on account of death or Disability (each as defined in the Plan), or (ii) a termination of employment or service by the Participant for Good Reason (as defined in the Plan), then the portion of the Restricted Stock Units that have not yet vested as provided in subparagraph 3(a) above shall become fully vested on the date of such termination of employment or service (the “Termination Date”). For purposes of this Grant, “Change of Control” shall mean as such term is defined in the Plan, except that a Change of Control shall not be deemed to have occurred for purposes of this Agreement unless the event constituting the Change of Control constitutes a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of section 409A of the Internal Revenue Code of 1986, as amended (the “Code”) and its corresponding regulations. For the avoidance of doubt, if the Change of Control does not constitute a permitted change in control event under section 409A of the Code, then the Restricted Stock Unit shall not vest on the occurrence of the Change of Control.

4. Redemption. Unless an election is made pursuant to Paragraph 5 below, the Restricted Stock Units that have become vested pursuant to Paragraph 3 shall be redeemed by the Company on the earliest of the (i) applicable Service Date, (ii) the Change of Control Date or (iii) the Termination Date, (the date of redemption is hereinafter referred to as the “Redemption Date”). As soon as administratively practicable following the applicable Redemption Date, but not later than forty-five (45) days following the Redemption Date, (or, if applicable, the Deferred Date, as defined in Paragraph 5 below), all Restricted Stock Units that become vested pursuant to Paragraph 3 above shall be redeemed and converted to an equivalent number of shares of Company Stock, and the Participant shall receive a single distribution of such shares of Company Stock, which shall be issued under the Plan. For purposes of clarity, if any Restricted Stock Units become vested pursuant to subparagraphs 3(c) or 3(d) above as a result of termination of employment or service with the Employer on account of Normal Retirement or Early Retirement, the Redemption Date for such vested Restricted Stock Units shall be the applicable Service Date or Change of Control Date to which such Restricted Stock Units would have been redeemed if the Participant had remained in the employment or service of the Employer (*i.e.*, the Redemption Date continues to be the originally scheduled Service Date as provided in subparagraph 3(a) above or the Change of Control Date, if earlier, and is not accelerated to an earlier Service Date or to the date on which the termination of employment or service occurs).

5. Deferrals. The Participant may make an irrevocable election to defer the Redemption Date (or further defer the Deferred Date (as defined below), if applicable) of any of the Restricted Stock Units that vest, plus dividend equivalents earned on such Restricted Stock Units

as described in Paragraph 6 below, to a later date, provided that, except as to any election made by the Participant to accelerate the Deferred Date in the event of his or her death prior to the Deferred Date, (a) the election shall not take effect until at least twelve (12) months after the date on which the election is made, (b) the new Redemption Date cannot be earlier than five (5) years from the original Redemption Date under Paragraph 4 above (or five (5) years from the previously applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made), and (c) the election must be made no less than twelve (12) months prior to the date of the Redemption Date (twelve (12) months prior to the previously applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made). To defer the Redemption Date, the Participant must complete the deferral election form provided to the Participant, and return such form to the Company in the manner and by the deadline provided therein. If the Participant desires to make a further deferral, the Participant must make such election on a separate form provided for such purpose. Any such election shall be made in accordance with section 409A of the Code and any corresponding guidance and regulations issued under section 409A of the Code. Notwithstanding a Participant's election pursuant to this Paragraph, if the Change of Control Date or the Termination Date occurs prior to the Deferred Date, the redemption of the Participant's Restricted Stock Units, plus corresponding dividend equivalents, will be the Change of Control Date or the Termination Date, as applicable. If a Redemption Date is delayed one or more times pursuant to any election made by the Participant pursuant to this Paragraph 5, the new Redemption Date shall be referred to as the "Deferred Date."

6. Dividend Equivalents. Until the Redemption Date (or the Deferred Date, if elected), if any dividends are paid with respect to the shares of Company Stock, the Company shall credit to a dividend equivalent account (the "Dividend Equivalent Account") the value of the dividends that would have been distributed if the Restricted Stock Units credited to the Participant's Restricted Stock Unit Account as of the date of payment of any such dividend were shares of Company Stock. On the Redemption Date (or the Deferred Date, if applicable), the Company shall pay to the Participant in a lump sum cash equal to the value of the dividends credited to the Participant's Dividend Equivalent Account; provided, however, that any dividends that were credited to the Participant's Dividend Equivalent Account that are attributable to Units that have been forfeited as provided in Paragraph 3 above shall be immediately forfeited and not payable to the Participant. No interest shall accrue on any dividend equivalents credited to the Participant's Dividend Equivalent Account.

7. Change of Control. Except as set forth in subparagraph 3(e) of this Grant, the provisions set forth in the Plan applicable to a Change of Control (as defined in the Plan) shall apply to the Restricted Stock Units, and, in the event of a Change of Control, the Committee may take such actions as it deems appropriate pursuant to the Plan and is consistent with the requirements of section 409A of the Code.

8. Acknowledgment by Participant. By accepting this Grant, the Participant acknowledges that with respect to any right to redemption or distribution pursuant to this Grant, the Participant is and shall be an unsecured general creditor of the Company without any preference as against other unsecured general creditors of the Company, and the Participant hereby covenants for himself or herself, and anyone at any time claiming through or under the Participant not to claim any such preference, and hereby disclaims and waives any such preference which may at any time be at issue, to the fullest extent permitted by applicable law.

9. Restrictions on Issuance or Transfer of Shares of Company Stock.

(a) To the extent permitted by Code section 409A, the obligation of the Company to deliver shares of Company Stock upon the redemption of the Restricted Stock Units shall be subject to the condition that shares of Company Stock be qualified for listing on the New York Stock Exchange or another securities exchange and be registered under the Securities Act of 1933, as amended, and that any consent or approval of any governmental regulatory body that is necessary to issue shares of Company Stock has been so obtained, and that shares of Company Stock may not be issued in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

(b) The issuance of shares of Company Stock and the payment of cash to the Participant pursuant to this Grant is subject to any applicable taxes and other laws or regulations of the United States or of any state having jurisdiction thereof.

(c) As a condition to receive any shares of Company Stock on the Redemption Date (or the Deferred Date, if applicable), the Participant agrees:

(i) to be bound by, and to comply with, the Company's policies and practices (as they may be in effect from time to time) regarding the restrictions or limitations on the transfer of such shares, and understands that the Participant may be restricted or prohibited at any time and from time to time from selling, transferring, pledging, donating, assigning, margining, mortgaging, hypothecating or otherwise encumbering the shares in accordance with such policies and practices, including without limitation the Company's Insider Trading and Prohibited Transactions Policy and the Personal Securities Trading and Preclearance Practice; and

(ii) that the shares of Company Stock obtained by the Participant upon the redemption of the Restricted Stock Units shall be subject to the guidelines and restrictions set forth in the Company's Executive Stock Ownership Guidelines and Executive Stock Retention Requirements, effective as of July 26, 2022 (and as they may be amended, restated, supplemented and interpreted), and any applicable clawback or recoupment policies and other policies that may be implemented by the Company's Board of Directors or a duly authorized committee thereof, from time to time.

10. Participant Undertaking. The Participant agrees to take whatever additional actions and execute whatever additional documents the Company may deem necessary or advisable in order to carry out or effect one or more of the obligations or restrictions imposed on the Participant pursuant to the provisions of this Grant.

11. Grant Subject to Plan Provisions. This Grant is made pursuant to the Plan, the terms of which are incorporated herein by reference, and in all respects shall be interpreted in accordance with the Plan. In the event of any contradiction, distinction or difference between this Grant and the terms of the Plan, the terms of the Plan will control. Except as otherwise defined in this Grant, capitalized terms used in this Grant shall have the meanings set forth in the Plan. This Grant is subject to the interpretations, regulations and determinations concerning the Plan established from time to time by the Committee in accordance with the provisions of the Plan, including, but not limited to, provisions pertaining to (a) rights and obligations with respect to withholding taxes, (b) the registration, qualification or listing of the shares of Company Stock, (c) changes in capitalization of the Company, and (d) other requirements of applicable law. The Committee shall have the authority to interpret and construe this Grant pursuant to the terms of

the Plan, its decisions shall be conclusive as to any questions arising hereunder. By accepting this Grant, the Participant agrees (i) to be bound by the terms of the Plan and this Grant, (ii) to be bound by the determinations and decisions of the Committee with respect to this Grant, the Plan and the Participant's rights to benefits under this Grant and the Plan, and (iii) that all such determinations and decisions of the Committee shall be binding on the Participant, his or her beneficiaries and any other person having or claiming an interest under this Grant and the Plan on behalf of the Participant.

12. No Rights as Stockholder. The Participant shall not have any rights as a stockholder of the Company, including the right to any cash dividends (except with respect to the dividend equivalent rights provided in Paragraph 6), or the right to vote, with respect to any Restricted Stock Units.

13. No Rights to Continued Employment or Service. This Grant shall not confer upon the Participant any right to be retained in the employment or service of the Employer and shall not interfere in any way with the right of the Employer to terminate the Participant's employment or service at any time. The right of the Employer to terminate at will the Participant's employment or service at any time for any reason is specifically reserved.

14. Assignment and Transfers. No Restricted Stock Units or dividend equivalents awarded to the Participant under this Grant may be transferred, assigned, pledged, or encumbered by the Participant and a Restricted Stock Unit shall be redeemed and a dividend equivalent distributed during the lifetime of the Participant only for the benefit of the Participant. Any attempt to transfer, assign, pledge, or encumber the Restricted Stock Unit or dividend equivalent by the Participant shall be null, void and without effect. The rights and protections of the Company hereunder shall extend to any successors or assigns of the Company. This Grant may be assigned by the Company without the Participant's consent.

15. Withholding. The Participant shall be required to pay to the Employer, or make other arrangements satisfactory to the Employer to provide for the payment of, any federal, state, local or other taxes that the Employer is required to withhold with respect to the grant, vesting and redemption of the Restricted Stock Units and payment of dividend equivalents. Any tax withholding obligation of the Employer with respect to the redemption of the Restricted Stock Units may, at the Committee's discretion, be satisfied by having shares of Company Stock withheld, up to an amount that does not exceed the minimum applicable withholding tax rate for federal (including FICA), state, local and other tax liabilities.

16. Effect on Other Benefits. The value of shares of Company Stock and dividend equivalents distributed with respect to the Restricted Stock Units shall not be considered eligible earnings for purposes of any other plans maintained by the Company or the Employer. Neither shall such value be considered part of the Participant's compensation for purposes of determining or calculating other benefits that are based on compensation, such as life insurance.

17. Applicable Law. The validity, construction, interpretation and effect of this Grant shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.

18. Notice. Any notice to the Company provided for in this instrument shall be addressed to the Company in care of the General Counsel at the Company's corporate headquarters, and any notice to the Participant shall be addressed to such Participant at the current address shown on the payroll records of the Employer, or to such other address as the Participant may designate to the Employer in writing. Any notice shall be (i) delivered by hand, (ii) delivered by a national

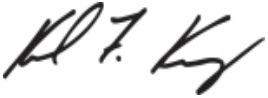

overnight courier or delivery service, (iii) enclosed in a properly sealed envelope addressed as stated above, registered and deposited, postage prepaid, in a post office regularly maintained by the United States Postal Service, or (iv) in the case of notices by the Company to the Participant, delivered by e-mail or other electronic means (with confirmation of receipt to be made by any oral, electronic or written means).

19. Taxation; Code Section 409A. As applicable, this Grant is intended to comply with the requirements of section 409A of the Code and shall be interpreted and administered in accordance with Code section 409A. Notwithstanding any provision to the contrary herein, if the Restricted Stock Units constitute “deferred compensation” under section 409A of the Code, distributions made with respect to this Grant may only be made in a manner and upon an event permitted by Code section 409A. To the extent that any provision of the Grant would cause a conflict with the requirements of Code section 409A, or would cause the administration of the Grant to fail to satisfy the requirements of Code section 409A, such provision shall, to the extent practicable if permitted by applicable law, be deemed null and void. In the event that it is determined not feasible to void a provision of this Grant, such provision shall be construed in a manner as to comply with the Code section 409A requirements. This Grant may be amended without the consent of the Participant in any respect deemed by the Committee or its delegate to be necessary in order to comply with Code section 409A. Unless a valid election is made pursuant to Paragraph 5 above, in no event may the Participant, directly or indirectly, designate the calendar year of distribution. Notwithstanding anything in the Plan or the Grant to the contrary, the Participant shall be solely responsible for the tax consequences of this Grant, and in no event shall the Company have any responsibility or liability if this Grant does not meet any applicable requirements of Code section 409A.

20. Severability. In the event one or more of the provisions of this Grant should, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability will not affect any other provisions of this Grant, and this Grant will be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

IN WITNESS WHEREOF, the Company has caused this Grant to be executed, effective as of the Date of Grant.

AMERICAN WATER WORKS COMPANY, INC.
2017 OMNIBUS EQUITY COMPENSATION PLAN
PERFORMANCE STOCK UNIT GRANT

This PERFORMANCE STOCK UNIT GRANT, dated as of February 14, 2023 (the "Date of Grant"), is delivered by American Water Works Company, Inc. (the "Company") to _____ (the "Participant").

RECITALS

WHEREAS, the Committee (as defined in the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan (the "Plan")) has adopted a 2023 Long Term Performance Plan ("2023 LTTP") pursuant to which designated employees will be granted equity awards (collectively, the "Equity Award") for shares of Common Stock of the Company, par value \$0.01 per share (the "Company Stock");

WHEREAS, the Equity Award is comprised of three separate grants: a restricted stock unit and two performance stock unit grants;

WHEREAS, the Committee has determined that the Participant is eligible to participate in the 2023 LTTP and to grant the Participant an Equity Award under the 2023 LTTP; and

WHEREAS, the Committee has determined that the performance stock unit portion of the Equity Award granted to the Participant pursuant to the 2023 LTTP shall be issued under the Plan, and the terms and conditions of the performance stock unit grant that may be earned based on the Performance Goal (defined below) relating to the Company's Total Stockholder Return shall be memorialized in this grant (the "Grant").

NOW, THEREFORE, the parties to this Grant, intending to be legally bound hereby, agree as follows:

1. Grant of Performance Stock Units. Subject to the terms and conditions set forth in this Grant and the Plan, the Company hereby grants to the Participant _____ performance stock units (the "Performance Units"). The Performance Units are contingently awarded and will be earned and distributable if and only to the extent that the Performance Goal and other conditions set forth in this Grant are met. Each Performance Unit shall be a phantom right and shall be equivalent to one share of Company Stock on the applicable payment date, as described in Paragraph 5 below. The number of Performance Units set forth above is equal to the target number of shares of Company Stock that the Participant will earn for 100% achievement of the Performance Goal described in Paragraph 3 below (the "Target Award").

2. Performance Unit Account. The Company shall establish and maintain a Performance Unit account as a bookkeeping account on its records (the "Performance Unit Account") for the Participant and shall record in such Performance Unit Account the number of Performance Units granted to the Participant. The Participant shall not have any interest in any fund or specific assets of the Company by reason of this grant or the Performance Unit Account established for the Participant.

3. Performance Goal.

(a) Unless a Change of Control (as defined below) occurs prior to the end of the Performance Period (as defined below), the distribution of the shares of Company Stock attributable to the Performance Units is contingent upon achievement of the performance goal

described in subparagraph (b) below for the Performance Period (the “Performance Goal”) and the Participant satisfying the continuation of employment and service with the Employer (as defined in the Plan) requirement described in Paragraph 4 below.

(b) The Company’s Total Stockholder Return (“TSR”) (as described in subparagraph (c) below) will be compared to the TSR of the Peer Group companies set forth in Exhibit A attached hereto over the Performance Period (as defined below). The actual number of Performance Units the Participant earns may be greater or less than the Target Award, or even zero, based on the Company’s TSR percentile ranking relative to the TSR performance of the companies in the Peer Group, as follows:

[INSERT RELATIVE TSR PERFORMANCE CURVE HERE]

If the Company’s actual TSR performance is between measuring points, the number of Performance Units the Participant earns will be interpolated. If the Company’s actual TSR performance is below the threshold, no Performance Units will be earned and all of Performance Units will be forfeited. If the Company’s actual TSR performance is greater than the maximum, only the maximum number of Performance Units will be earned.

(c) TSR represents stock price performance and dividend accumulation over the Performance Period for the Company and Peer Group. For purposes of this calculation, the initial stock price and the ending stock price are determined using the twenty (20) day average stock price for December 31, 2022, and December 31, 2025, as applicable. The twenty (20) day average stock price is the average of the daily closing stock prices for the twenty (20) trading days that end on the applicable December 31. If December 31 is not a trading day, the closing stock price on the first trading day prior to December 31 shall be used. To determine stock price performance, each closing stock price shall be adjusted by a dividend adjustment factor. The dividend adjustment factor takes into account each per share dividend paid for the Performance Period as well as the effect of any appreciation in stock price by reason of deeming the dividend to be reinvested in the stock. The dividend adjusted price provides the closing price for the requested day, week, or month, adjusted for all applicable splits and dividend distributions. At the end of the Performance Period, the TSR for the Company, and for each company in the Peer Group, shall be determined pursuant to the following formula:

$$\text{TSR} = \frac{(\text{Dividend Adjusted Ending Stock Price} - \text{Dividend Adjusted Initial Stock Price})}{\text{Dividend Adjusted Initial Stock Price}}$$

The result shall be rounded to the nearest hundredth of one percent (.01%).

(d) As soon as administratively practicable following the end of the Performance Period (as defined in Paragraph 3(f) below), the Committee will determine whether and to what extent the Performance Goal has been met and the number of Performance Units the Participant has earned, if any. Except as described in Paragraph 4 below, the Participant must be employed by, or providing service to, the Employer on the last day of the Performance Period in order to earn the Performance Units.

(e) If a Change of Control occurs prior to the end of the Performance Period, the Company is not the surviving corporation (or survives only as a subsidiary of another corporation or entity (the “surviving corporation”)) and the Performance Units are not converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation), then the Performance Period will end on the date of the Change of Control and the Performance Units will be deemed earned at the Target Award level as of the date of the Change of Control (the “Change of Control Date”). In the event the Participant’s Performance Units are

assumed by the surviving corporation but the Participant ceases to be employed by, or providing service to, the surviving corporation (or a parent or subsidiary of the surviving corporation) within twelve (12) months after the date of the Change of Control on account of (i) a termination of such Participant's employment by the surviving corporation (or a parent or subsidiary of the surviving corporation) for any reason other than on account of Cause (as defined in paragraph 4(c) hereof), or on account of death or Disability (each as defined in the Plan), or (ii) a termination of employment or service by the Participant for Good Reason (as defined in the Plan), then the Performance Period will end on the date of such termination of employment or service (the "Termination Date") and the Performance Units will be deemed earned at the Target Award level as of the Termination Date. For purposes of this Grant, "Change of Control" shall mean as such term is defined in the Plan, except that a Change of Control shall not be deemed to have occurred for purposes of this Grant unless the event constituting the Change of Control constitutes a change in ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of section 409A of the Internal Revenue Code of 1986, as amended (the "Code"), and its corresponding regulations.

(f) For purposes of this Grant, the term "Performance Period" shall mean the three (3)-year period beginning on January 1, 2023 and ending December 31, 2025, and the term "Peer Group" shall mean those companies included in Exhibit A. If at any time during the Performance Period a company in the Peer Group is no longer a publicly traded entity, such company shall be removed from the Peer Group as of January 1 of the year in which the company is no longer publicly traded.

4. Termination of Employment or Service.

(a) Except as set forth in Paragraph 3(e), if, at least one year after the beginning of the Performance Period, but prior to the end of the Performance Period, the Participant ceases to be employed by, or provide service to, the Employer on account of any reason other than a termination for Cause (as defined below), the Participant will earn a pro-rata portion of the Performance Units, if the Performance Goal and the requirements of this Grant are met as of the last day of the Performance Period. The pro-rata portion earned will be equal to the number of Performance Units that would have been earned if the Participant had remained employed through the last day of the Performance Period, multiplied by a fraction, which fraction shall be equal to (i) 1/3, if the Participant's employment or service with the Employer terminates on or after January 31, 2024, but prior to January 31, 2025; (ii) 2/3, if the Participant's employment or service with the Employer terminates on or after January 31, 2025, but prior to January 31, 2026; and (iii) 3/3, if the Participant's employment or service terminates with the Employer on or after January 31, 2026. If the Participant ceases to be employed by, or provide service to, the Employer for any reason other than on account of Cause, the prorated number of Performance Units earned by the Participant pursuant to this Paragraph 4(a) will be distributed in accordance with Paragraph 5.

(b) If at any time prior to the earlier of January 31, 2024 or a Change of Control, the Participant's employment or service with the Employer is terminated by the Employer on account of any reason or no reason or by the Participant for any reason or no reason, all of the Performance Units subject to this Grant shall be immediately forfeited as of the date of the Participant's termination of employment or service with the Employer and the Participant shall not have any rights with respect to the distribution of any portion of the Performance Units.

(c) If at any time prior to the date the Performance Units are distributed in accordance with Paragraph 5 the Participant's employment or service with the Employer is terminated on account of Cause, all of the Performance Units subject to this Grant shall be immediately forfeited and the Participant will not have any rights with respect to the distribution of any

portion of the Performance Units, irrespective of the level of achievement of the Performance Goal. For purposes of this Grant, “Cause” shall mean a finding by the Committee that the Participant (i) has breached his or her employment or service contract with the Employer, if any; (ii) has engaged in disloyalty to the Employer, including, without limitation, fraud, embezzlement, theft, commission of a felony or proven dishonesty; (iii) has disclosed trade secrets or confidential information of the Employer to persons not entitled to receive such information; (iv) has breached any written noncompetition or nonsolicitation agreement between the Participant and the Employer; or (v) has engaged in such other behavior detrimental to the interests of the Employer as the Committee determines.

5. Time and Form of Payment with Respect to Performance Units. Unless an election is made pursuant to Paragraph 6 below, the Participant will receive a distribution with respect to the Performance Units earned as described in Paragraphs 3 and 4 above within seventy (70) days following the earliest of (a) January 31, 2026 (the “Distribution Date”), (b) the Change of Control Date or (c) the Termination Date. The Performance Units will be distributed in shares of Company Stock, with each Performance Unit earned equivalent to one share of Company Stock. Any Performance Units not earned because of the failure to attain the Performance Goal and service condition will be immediately forfeited.

6. Deferrals. The Participant may make an irrevocable election to defer the Distribution Date (or further defer the Deferred Date (as defined below), if applicable) of all of the Performance Units that are earned, plus dividend equivalents earned on such Performance Units as described in Paragraph 7 below, to a later date, provided that, except as to any election made by the Participant to accelerate the Deferred Date in the event of his or her death prior to the Deferred Date, (a) the election shall not take effect until at least twelve (12) months after the date on which the election is made, (b) the deferred Distribution Date cannot be earlier than five (5) years from the original Distribution Date under Paragraph 5 above (or five (5) years from the applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made), and (c) the election must be made no less than twelve (12) months prior to the date of the Distribution Date (twelve (12) months prior to the previously applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made). To defer the Distribution Date, the Participant must elect to defer 100% of the Performance Units, including corresponding dividend equivalents, earned by the Participant under this Grant, as well as 100% of the other performance stock units, including corresponding dividend equivalents, earned by the Participant under the 2023 LTPP, complete the deferral election form provided to the Participant and return such form to the Company in the manner and by the deadline provided therein. If the Participant desires to make a further deferral, the Participant must make such election on a separate form provided for such purpose. Any such election shall be made in accordance with section 409A of the Code and any corresponding guidance and regulations issued under section 409A of the Code. Notwithstanding a Participant’s election pursuant to this Paragraph, if the Change of Control Date or the Termination Date occurs prior to the Deferred Date, the distribution of the Participant’s earned Performance Units, plus corresponding dividend equivalents, will be the Change of Control Date or the Termination Date, as applicable. If a Distribution Date is delayed one or more times pursuant to any election made by the Participant pursuant to this Paragraph 6, the new Distribution Date shall be referred to as the “Deferred Date.”

7. Dividend Equivalents. Until the earlier of the Distribution Date (or the Deferred Date, if elected), the Change of Control Date or the Termination Date, if any dividends are paid with respect to the shares of Company Stock, the Company shall credit to a dividend equivalent account (the “Dividend Equivalent Account”) the value of the dividends that would have been distributed if the Performance Units credited to the Participant’s Performance Unit Account as of the date of payment of any such dividend were shares of Company Stock. At the same time that the Performance Units are converted to shares of Company Stock and distributed to the Participant, the Company shall pay to the Participant in a lump sum cash equal to the value of the

dividends credited to the Participant's Dividend Equivalent Account; provided, however, that any dividends that were credited to the Participant's Dividend Equivalent Account that are attributable to Performance Units that have been forfeited as provided in Paragraph 3 and 4 above shall be forfeited and not payable to the Participant. No interest shall accrue on any dividend equivalents credited to the Participant's Dividend Equivalent Account.

8. Change of Control. Except as set forth above, the provisions set forth in the Plan applicable to a Change of Control (as defined in the Plan) shall apply to the Performance Units, and, in the event of a Change of Control, the Committee may take such actions as it deems appropriate pursuant to the Plan and is consistent with the requirements of section 409A of the Code.

9. Acknowledgment by Participant. By accepting this Grant, the Participant acknowledges that, with respect to any right to distribution pursuant to the Plan or this Grant, the Participant is and shall be an unsecured general creditor of the Company without any preference as against other unsecured general creditors of the Company, and the Participant hereby covenants for himself or herself, and anyone at any time claiming through or under the Participant, not to claim any such preference, and hereby disclaims and waives any such preference which may at any time be at issue, to the fullest extent permitted by applicable law.

10. Restrictions on Issuance or Transfer of Shares of Company Stock.

(a) To the extent permitted by Code section 409A, the obligation of the Company to deliver shares of Company Stock upon the Participant earning the Performance Units shall be subject to the condition that shares of Company Stock be qualified for listing on the New York Stock Exchange or another securities exchange and be registered under the Securities Act of 1933, as amended, and that any consent or approval of any governmental regulatory body that is necessary to issue shares of Company Stock has been so obtained, and that shares of Company Stock may not be issued in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

(b) The issuance of shares of Company Stock and the payment of cash to the Participant pursuant to this Grant is subject to any applicable taxes and other laws or regulations of the United States or of any state having jurisdiction thereof.

(c) As a condition to receive any shares of Company Stock upon conversion of the earned Performance Units, the Participant agrees:

i. to be bound by, and to comply with, the Company's policies and practices (as they may be in effect from time to time) regarding the restrictions or limitations on the transfer of such shares, and understands that the Participant may be restricted or prohibited at any time and/or from time to time from selling, transferring, pledging, donating, assigning, margining, mortgaging, hypothecating or otherwise encumbering the shares in accordance with such policies and practices, including without limitation the Company's Insider Trading and Prohibited Transactions Policy and the Personal Securities Trading and Preclearance Practice; and

ii. that any shares of Company Stock received by the Participant upon the distribution of the earned Performance Units pursuant to this Grant shall be subject to the guidelines and restrictions set forth in the Company's Executive Stock Ownership Guidelines and Executive Stock Retention Requirements, effective as of July 26, 2022 (and as they may be amended, restated, supplemented and interpreted), and any applicable clawback or recoupment policies and other policies that may be implemented

by the Company's Board of Directors or a duly authorized committee thereof, from time to time.

11. Participant Undertaking. The Participant agrees to take whatever additional actions and execute whatever additional documents the Company may deem necessary or advisable in order to carry out or effect one or more of the obligations or restrictions imposed on the Participant pursuant to the provisions of this Grant.

12. Grant Subject to Plan Provisions. This Grant is made pursuant to the Plan, the terms of which are incorporated herein by reference, and in all respects shall be interpreted in accordance with the Plan. In the event of any contradiction, distinction or difference between this Grant and the terms of the Plan, the terms of the Plan will control. Except as otherwise defined in this Grant, capitalized terms used in this Grant shall have the meanings set forth in the Plan. This Grant is subject to the interpretations, regulations and determinations concerning the Plan established from time to time by the Committee in accordance with the provisions of the Plan, including, but not limited to, provisions pertaining to (a) rights and obligations with respect to withholding taxes, (b) the registration, qualification or listing of the shares of Company Stock, (c) changes in capitalization of the Company, and (d) other requirements of applicable law. The Committee shall have the authority to interpret and construe this Grant pursuant to the terms of the Plan, its decisions shall be conclusive as to any questions arising hereunder. By accepting this Grant, the Participant agrees (i) to be bound by the terms of the Plan and this Grant, (ii) to be bound by the determinations and decisions of the Committee with respect to this Grant, the Plan and the Participant's rights to benefits under this Grant and the Plan, and (iii) that all such determinations and decisions of the Committee shall be binding on the Participant, his or her beneficiaries and any other person having or claiming an interest under this Grant and the Plan on behalf of the Participant.

13. No Rights as Stockholder. The Participant shall not have any rights as a stockholder of the Company, including the right to any cash dividends (except with respect to the dividend equivalent rights provided in Paragraph 7), or the right to vote, with respect to any Performance Units.

14. No Rights to Continued Employment or Service. This Grant shall not confer upon the Participant any right to be retained in the employment or service of the Employer and shall not interfere in any way with the right of the Employer to terminate the Participant's employment or service at any time. The right of the Employer to terminate at will the Participant's employment or service at any time for any reason is specifically reserved.

15. Assignment and Transfers. No Performance Units or dividend equivalents awarded to the Participant under this Grant may be transferred, assigned, pledged, or encumbered by the Participant and the Performance Units and dividend equivalents shall be distributed during the lifetime of the Participant only for the benefit of the Participant. Any attempt to transfer, assign, pledge, or encumber the Performance Units or dividend equivalents under this Grant by the Participant shall be null, void and without effect. The rights and protections of the Company hereunder shall extend to any successors or assigns of the Company. This Grant may be assigned by the Company without the Participant's consent.

16. Withholding. The Participant shall be required to pay to the Employer, or make other arrangements satisfactory to the Employer to provide for the payment of, any federal, state, local or other taxes that the Employer is required to withhold with respect to the grant, vesting and distribution of the Performance Units and dividend equivalents. Any tax withholding obligation of the Employer with respect to the distribution of shares of Company Stock pursuant to the Performance Units that are earned by the Participant under this Grant may, at the Committee's discretion, be satisfied by having shares of Company Stock withheld up to an amount that does

not exceed the minimum applicable withholding tax rate for federal (including FICA), state, local and other tax liabilities.

17. Effect on Other Benefits. The value of shares of Company Stock and dividend equivalents distributed with respect to the Performance Units shall not be considered eligible earnings for purposes of any other plans maintained by the Company or the Employer. Neither shall such value be considered part of the Participant's compensation for purposes of determining or calculating other benefits that are based on compensation, such as life insurance.

18. Applicable Law. The validity, construction, interpretation and effect of this Grant shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.

19. Notice. Any notice to the Company provided for in this instrument shall be addressed to the Company in care of the General Counsel at the Company's corporate headquarters, and any notice to the Participant shall be addressed to such Participant at the current address shown on the payroll records of the Employer, or to such other address as the Participant may designate to the Employer in writing. Any notice shall be (i) delivered by hand, (ii) delivered by a national overnight courier or delivery service, (iii) enclosed in a properly sealed envelope addressed as stated above, registered and deposited, postage prepaid, in a post office regularly maintained by the United States Postal Service, or (iv) in the case of notices by the Company to the Participant, delivered by e-mail or other electronic means (with confirmation of receipt to be made by any oral, electronic or written means).

20. Taxation; Code Section 409A. As applicable, this Grant is intended to comply with the requirements of section 409A of the Code and shall be interpreted and administered in accordance with Code section 409A. Notwithstanding any provision to the contrary herein, if the Performance Units constitute "deferred compensation" under section 409A of the Code, distributions made with respect to this Grant may only be made in a manner and upon an event permitted by Code section 409A. To the extent that any provision of the Grant would cause a conflict with the requirements of Code section 409A, or would cause the administration of the Grant to fail to satisfy the requirements of Code section 409A, such provision shall, to the extent practicable if permitted by applicable law, be deemed null and void. In the event that it is determined not feasible to void a provision of this Grant, such provision shall be construed in a manner as to comply with the Code section 409A requirements. This Grant may be amended without the consent of the Participant in any respect deemed by the Committee or its delegate to be necessary in order to comply with Code section 409A. Unless a valid election is made pursuant to Paragraph 6 above, in no event may the Participant, directly or indirectly, designate the calendar year of distribution. Notwithstanding anything in the Plan or the Grant to the contrary, the Participant shall be solely responsible for the tax consequences of this Grant, and in no event shall the Company have any responsibility or liability if this Grant does not meet any applicable requirements of Code section 409A.

21. Severability. In the event one or more of the provisions of this Grant should, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability will not affect any other provisions of this Grant, and this Grant will be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

AMERICAN WATER WORKS COMPANY, INC.
2017 OMNIBUS EQUITY COMPENSATION PLAN
PERFORMANCE STOCK UNIT GRANT

This PERFORMANCE STOCK UNIT GRANT, dated as of February 14, 2023 (the "Date of Grant"), is delivered by American Water Works Company, Inc. (the "Company") to _____ (the "Participant").

RECITALS

WHEREAS, the Committee (as defined in the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan (the "Plan")) has adopted a 2023 Long Term Performance Plan ("2023 LTTP") pursuant to which designated employees will be granted equity awards (collectively, the "Equity Award") for shares of Common Stock of the Company, par value \$0.01 per share (the "Company Stock");

WHEREAS, the Equity Award is comprised of three separate grants: a restricted stock unit and two performance stock unit grants;

WHEREAS, the Committee has determined that the Participant is eligible to participate in the 2023 LTTP and to grant the Participant an Equity Award under the 2023 LTTP; and

WHEREAS, the Committee has determined that the performance stock unit portion of the Equity Award granted to the Participant pursuant to the 2023 LTTP shall be issued under the Plan, and the terms and conditions of the performance stock unit grant that may be earned based on the Performance Goal (defined below) relating to the Company's Total Stockholder Return shall be memorialized in this grant (the "Grant").

NOW, THEREFORE, the parties to this Grant, intending to be legally bound hereby, agree as follows:

1. Grant of Performance Stock Units. Subject to the terms and conditions set forth in this Grant and the Plan, the Company hereby grants to the Participant _____ performance stock units (the "Performance Units"). The Performance Units are contingently awarded and will be earned and distributable if and only to the extent that the Performance Goal and other conditions set forth in this Grant are met. Each Performance Unit shall be a phantom right and shall be equivalent to one share of Company Stock on the applicable payment date, as described in Paragraph 5 below. The number of Performance Units set forth above is equal to the target number of shares of Company Stock that the Participant will earn for 100% achievement of the Performance Goal described in Paragraph 3 below (the "Target Award").

2. Performance Unit Account. The Company shall establish and maintain a Performance Unit account as a bookkeeping account on its records (the "Performance Unit Account") for the Participant and shall record in such Performance Unit Account the number of Performance Units granted to the Participant. The Participant shall not have any interest in any fund or specific assets of the Company by reason of this grant or the Performance Unit Account established for the Participant.

3. Performance Goal.

(a) Unless a Change of Control (as defined below) occurs prior to the end of the Performance Period (as defined below), the distribution of the shares of Company Stock attributable to the Performance Units is contingent upon achievement of the performance goal

described in subparagraph (b) below for the Performance Period (the “Performance Goal”) and the Participant satisfying the continuation of employment and service with the Employer (as defined in the Plan) requirement described in Paragraph 4 below.

(b) The Company’s Total Stockholder Return (“TSR”) (as described in subparagraph (c) below) will be compared to the TSR of the Peer Group companies set forth in Exhibit A attached hereto over the Performance Period (as defined below). The actual number of Performance Units the Participant earns may be greater or less than the Target Award, or even zero, based on the Company’s TSR percentile ranking relative to the TSR performance of the companies in the Peer Group, as follows:

[INSERT RELATIVE TSR PERFORMANCE CURVE HERE]

If the Company’s actual TSR performance is between measuring points, the number of Performance Units the Participant earns will be interpolated. If the Company’s actual TSR performance is below the threshold, no Performance Units will be earned and all of Performance Units will be forfeited. If the Company’s actual TSR performance is greater than the maximum, only the maximum number of Performance Units will be earned.

(c) TSR represents stock price performance and dividend accumulation over the Performance Period for the Company and Peer Group. For purposes of this calculation, the initial stock price and the ending stock price are determined using the twenty (20) day average stock price for December 31, 2022, and December 31, 2025, as applicable. The twenty (20) day average stock price is the average of the daily closing stock prices for the twenty (20) trading days that end on the applicable December 31. If December 31 is not a trading day, the closing stock price on the first trading day prior to December 31 shall be used. To determine stock price performance, each closing stock price shall be adjusted by a dividend adjustment factor. The dividend adjustment factor takes into account each per share dividend paid for the Performance Period as well as the effect of any appreciation in stock price by reason of deeming the dividend to be reinvested in the stock. The dividend adjusted price provides the closing price for the requested day, week, or month, adjusted for all applicable splits and dividend distributions. At the end of the Performance Period, the TSR for the Company, and for each company in the Peer Group, shall be determined pursuant to the following formula:

$$\text{TSR} = \frac{(\text{Dividend Adjusted Ending Stock Price} - \text{Dividend Adjusted Initial Stock Price})}{\text{Dividend Adjusted Initial Stock Price}}$$

The result shall be rounded to the nearest hundredth of one percent (.01%).

(d) As soon as administratively practicable following the end of the Performance Period (as defined in Paragraph 3(f) below), the Committee will determine whether and to what extent the Performance Goal has been met and the number of Performance Units the Participant has earned, if any. Except as described in Paragraph 4 below, the Participant must be employed by, or providing service to, the Employer on the last day of the Performance Period in order to earn the Performance Units.

(e) If a Change of Control occurs prior to the end of the Performance Period, the Company is not the surviving corporation (or survives only as a subsidiary of another corporation or entity (the “surviving corporation”)) and the Performance Units are not converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation), then the Performance Period will end on the date of the Change of Control and the Performance Units will be deemed earned at the Target Award level as of the date of the Change of Control (the “Change of Control Date”). In the event the Participant’s Performance Units are

assumed by the surviving corporation but the Participant ceases to be employed by, or providing service to, the surviving corporation (or a parent or subsidiary of the surviving corporation) within twelve (12) months after the date of the Change of Control on account of (i) a termination of such Participant's employment by the surviving corporation (or a parent or subsidiary of the surviving corporation) for any reason other than on account of Cause (as defined in paragraph 4(e) hereof), or on account of death or Disability (each as defined in the Plan), or (ii) a termination of employment or service by the Participant for Good Reason (as defined in the Plan), then the Performance Period will end on the date of such termination of employment or service (the "Termination Date") and the Performance Units will be deemed earned at the Target Award level as of the Termination Date. For purposes of this Grant, "Change of Control" shall mean as such term is defined in the Plan, except that a Change of Control shall not be deemed to have occurred for purposes of this Grant unless the event constituting the Change of Control constitutes a change in ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of section 409A of the Internal Revenue Code of 1986, as amended (the "Code"), and its corresponding regulations.

(f) For purposes of this Grant, the term "Performance Period" shall mean the three (3)-year period beginning on January 1, 2023 and ending December 31, 2025, and the term "Peer Group" shall mean those companies included in Exhibit A. If at any time during the Performance Period a company in the Peer Group is no longer a publicly traded entity, such company shall be removed from the Peer Group as of January 1 of the year in which the company is no longer publicly traded.

4. Termination of Employment or Service.

(a) Except as set forth in Paragraphs 3(e), 4(b), or 4(c), if, at least one year after the beginning of the Performance Period, but prior to the end of the Performance Period, the Participant ceases to be employed by, or provide service to, the Employer on account of any reason other than a termination for Cause (as defined below), the Participant will earn a pro-rata portion of the Performance Units, if the Performance Goal and the requirements of this Grant are met as of the last day of the Performance Period. The pro-rata portion earned will be equal to the number of Performance Units that would have been earned if the Participant had remained employed through the last day of the Performance Period, multiplied by a fraction, which fraction shall be equal to (i) 1/3, if the Participant's employment or service with the Employer terminates on or after January 31, 2024, but prior to January 31, 2025; (ii) 2/3, if the Participant's employment or service with the Employer terminates on or after January 31, 2025, but prior to January 31, 2026; and (iii) 3/3, if the Participant's employment or service terminates with the Employer on or after January 31, 2026. If the Participant ceases to be employed by, or provide service to, the Employer for any reason other than on account of Cause, the prorated number of Performance Units earned by the Participant pursuant to this Paragraph 4(a) will be distributed in accordance with Paragraph 5.

(b) Notwithstanding any provision of this Agreement to the contrary, if prior to the end of the Performance Period, the Participant ceases to be employed by, or provide service to, the Employer on account of Normal Retirement, then the Participant will earn the number of Performance Units that would have been earned if the Participant had remained employed through the last day of the Performance Period, if the Performance Goal and the requirements of this Grant are met as of the last day of the Performance Period. If the Participant ceases to be employed by, or provide service to, the Employer on account of Normal Retirement pursuant to this subparagraph (b), the number of Performance Units that are earned based on the Performance Goal and other requirements of this Grant will be distributed in accordance with Paragraph 5. For purposes of this Grant, "Normal Retirement" shall mean termination of employment or service with the Employer (other than for Cause) after the Participant has

attained age sixty (60) and has five (5) total years of employment or service with the Employer which includes at least three (3) consecutive full calendar years of service in the position of Chief Executive Officer, Chief Operating Officer or Chief Financial Officer, or any combination thereof.

(c) Notwithstanding any provision of this Agreement to the contrary, if prior to the end of the Performance Period, the Participant ceases to be employed by, or provide service to, the Employer on account of Early Retirement, then the Participant will earn 75% of the number of Performance Units that would have been earned if the Participant had remained employed through the last day of the Performance Period, if the Performance Goal and the requirements of this Grant are met as of the last day of the Performance Period, and unearned Performance Units shall be immediately forfeited. If the Participant ceases to be employed by, or provide service to, the Employer on account of Early Retirement pursuant to this subparagraph (c), then the number of Performance Units that are earned based on the Performance Goal and other requirements of this Grant will be distributed in accordance with Paragraph 5. For purposes of this Grant, "Early Retirement" shall mean termination of employment or service with the Employer (other than for Cause) after the Participant has attained age fifty-five (55) and has five (5) total years of employment or service with the Employer which includes at least three (3) consecutive full calendar years of service in the position of Chief Executive Officer, Chief Operating Officer or Chief Financial Officer, or any combination thereof.

(d) Except as set forth in Paragraphs 4(b) or 4(c), if at any time prior to the earlier of January 31, 2024 or a Change of Control, the Participant's employment or service with the Employer is terminated by the Employer on account of any reason or no reason or by the Participant for any reason or no reason, all of the Performance Units subject to this Grant shall be immediately forfeited as of the date of the Participant's termination of employment or service with the Employer and the Participant shall not have any rights with respect to the distribution of any portion of the Performance Units.

(e) If at any time prior to the date the Performance Units are distributed in accordance with Paragraph 5 the Participant's employment or service with the Employer is terminated on account of Cause, all of the Performance Units subject to this Grant shall be immediately forfeited and the Participant will not have any rights with respect to the distribution of any portion of the Performance Units, irrespective of the level of achievement of the Performance Goal. For purposes of this Grant, "Cause" shall mean a finding by the Committee that the Participant (i) has breached his or her employment or service contract with the Employer, if any; (ii) has engaged in disloyalty to the Employer, including, without limitation, fraud, embezzlement, theft, commission of a felony or proven dishonesty; (iii) has disclosed trade secrets or confidential information of the Employer to persons not entitled to receive such information; (iv) has breached any written noncompetition or nonsolicitation agreement between the Participant and the Employer; or (v) has engaged in such other behavior detrimental to the interests of the Employer as the Committee determines.

5. Time and Form of Payment with Respect to Performance Units. Unless an election is made pursuant to Paragraph 6 below, the Participant will receive a distribution with respect to the Performance Units earned as described in Paragraphs 3 and 4 above within seventy (70) days following the earliest of (a) January 31, 2026 (the "Distribution Date"), (b) the Change of Control Date or (c) the Termination Date. The Performance Units will be distributed in shares of Company Stock, with each Performance Unit earned equivalent to one share of Company Stock. Any Performance Units not earned because of the failure to attain the Performance Goal and service condition will be immediately forfeited.

6. Deferrals. The Participant may make an irrevocable election to defer the Distribution Date (or further defer the Deferred Date (as defined below), if applicable) of all of the Performance Units that are earned, plus dividend equivalents earned on such Performance Units as described in Paragraph 7 below, to a later date, provided that, except as to any election made by the Participant to accelerate the Deferred Date in the event of his or her death prior to the Deferred Date, (a) the election shall not take effect until at least twelve (12) months after the date on which the election is made, (b) the deferred Distribution Date cannot be earlier than five (5) years from the original Distribution Date under Paragraph 5 above (or five (5) years from the applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made), and (c) the election must be made no less than twelve (12) months prior to the date of the Distribution Date (twelve (12) months prior to the previously applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made). To defer the Distribution Date, the Participant must elect to defer 100% of the Performance Units, including corresponding dividend equivalents, earned by the Participant under this Grant, as well as 100% of the other performance stock units, including corresponding dividend equivalents, earned by the Participant under the 2023 LTTP, complete the deferral election form provided to the Participant and return such form to the Company in the manner and by the deadline provided therein. If the Participant desires to make a further deferral, the Participant must make such election on a separate form provided for such purpose. Any such election shall be made in accordance with section 409A of the Code and any corresponding guidance and regulations issued under section 409A of the Code. Notwithstanding a Participant's election pursuant to this Paragraph, if the Change of Control Date or the Termination Date occurs prior to the Deferred Date, the distribution of the Participant's earned Performance Units, plus corresponding dividend equivalents, will be the Change of Control Date or the Termination Date, as applicable. If a Distribution Date is delayed one or more times pursuant to any election made by the Participant pursuant to this Paragraph 6, the new Distribution Date shall be referred to as the "Deferred Date."

7. Dividend Equivalents. Until the earlier of the Distribution Date (or the Deferred Date, if elected), the Change of Control Date or the Termination Date, if any dividends are paid with respect to the shares of Company Stock, the Company shall credit to a dividend equivalent account (the "Dividend Equivalent Account") the value of the dividends that would have been distributed if the Performance Units credited to the Participant's Performance Unit Account as of the date of payment of any such dividend were shares of Company Stock. At the same time that the Performance Units are converted to shares of Company Stock and distributed to the Participant, the Company shall pay to the Participant in a lump sum cash equal to the value of the dividends credited to the Participant's Dividend Equivalent Account; provided, however, that any dividends that were credited to the Participant's Dividend Equivalent Account that are attributable to Performance Units that have been forfeited as provided in Paragraph 3 and 4 above shall be forfeited and not payable to the Participant. No interest shall accrue on any dividend equivalents credited to the Participant's Dividend Equivalent Account.

8. Change of Control. Except as set forth above, the provisions set forth in the Plan applicable to a Change of Control (as defined in the Plan) shall apply to the Performance Units, and, in the event of a Change of Control, the Committee may take such actions as it deems appropriate pursuant to the Plan and is consistent with the requirements of section 409A of the Code.

9. Acknowledgment by Participant. By accepting this Grant, the Participant acknowledges that, with respect to any right to distribution pursuant to the Plan or this Grant, the Participant is and shall be an unsecured general creditor of the Company without any preference as against other unsecured general creditors of the Company, and the Participant hereby covenants for himself or herself, and anyone at any time claiming through or under the Participant, not to claim

any such preference, and hereby disclaims and waives any such preference which may at any time be at issue, to the fullest extent permitted by applicable law.

10. Restrictions on Issuance or Transfer of Shares of Company Stock.

(a) To the extent permitted by Code section 409A, the obligation of the Company to deliver shares of Company Stock upon the Participant earning the Performance Units shall be subject to the condition that shares of Company Stock be qualified for listing on the New York Stock Exchange or another securities exchange and be registered under the Securities Act of 1933, as amended, and that any consent or approval of any governmental regulatory body that is necessary to issue shares of Company Stock has been so obtained, and that shares of Company Stock may not be issued in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

(b) The issuance of shares of Company Stock and the payment of cash to the Participant pursuant to this Grant is subject to any applicable taxes and other laws or regulations of the United States or of any state having jurisdiction thereof.

(c) As a condition to receive any shares of Company Stock upon conversion of the earned Performance Units, the Participant agrees:

i. to be bound by, and to comply with, the Company's policies and practices (as they may be in effect from time to time) regarding the restrictions or limitations on the transfer of such shares, and understands that the Participant may be restricted or prohibited at any time and/or from time to time from selling, transferring, pledging, donating, assigning, margining, mortgaging, hypothecating or otherwise encumbering the shares in accordance with such policies and practices, including without limitation the Company's Insider Trading and Prohibited Transactions Policy and the Personal Securities Trading and Preclearance Practice; and

ii. that any shares of Company Stock received by the Participant upon the distribution of the earned Performance Units pursuant to this Grant shall be subject to the guidelines and restrictions set forth in the Company's Executive Stock Ownership Guidelines and Executive Stock Retention Requirements, effective as of July 26, 2022 (and as they may be amended, restated, supplemented and interpreted), and any applicable clawback or recoupment policies and other policies that may be implemented by the Company's Board of Directors or a duly authorized committee thereof, from time to time.

11. Participant Undertaking. The Participant agrees to take whatever additional actions and execute whatever additional documents the Company may deem necessary or advisable in order to carry out or effect one or more of the obligations or restrictions imposed on the Participant pursuant to the provisions of this Grant.

12. Grant Subject to Plan Provisions. This Grant is made pursuant to the Plan, the terms of which are incorporated herein by reference, and in all respects shall be interpreted in accordance with the Plan. In the event of any contradiction, distinction or difference between this Grant and the terms of the Plan, the terms of the Plan will control. Except as otherwise defined in this Grant, capitalized terms used in this Grant shall have the meanings set forth in the Plan. This Grant is subject to the interpretations, regulations and determinations concerning the Plan established from time to time by the Committee in accordance with the provisions of the Plan, including, but not limited to, provisions pertaining to (a) rights and obligations with respect to

withholding taxes, (b) the registration, qualification or listing of the shares of Company Stock, (c) changes in capitalization of the Company, and (d) other requirements of applicable law. The Committee shall have the authority to interpret and construe this Grant pursuant to the terms of the Plan, its decisions shall be conclusive as to any questions arising hereunder. By accepting this Grant, the Participant agrees (i) to be bound by the terms of the Plan and this Grant, (ii) to be bound by the determinations and decisions of the Committee with respect to this Grant, the Plan and the Participant's rights to benefits under this Grant and the Plan, and (iii) that all such determinations and decisions of the Committee shall be binding on the Participant, his or her beneficiaries and any other person having or claiming an interest under this Grant and the Plan on behalf of the Participant.

13. No Rights as Stockholder. The Participant shall not have any rights as a stockholder of the Company, including the right to any cash dividends (except with respect to the dividend equivalent rights provided in Paragraph 7), or the right to vote, with respect to any Performance Units.

14. No Rights to Continued Employment or Service. This Grant shall not confer upon the Participant any right to be retained in the employment or service of the Employer and shall not interfere in any way with the right of the Employer to terminate the Participant's employment or service at any time. The right of the Employer to terminate at will the Participant's employment or service at any time for any reason is specifically reserved.

15. Assignment and Transfers. No Performance Units or dividend equivalents awarded to the Participant under this Grant may be transferred, assigned, pledged, or encumbered by the Participant and the Performance Units and dividend equivalents shall be distributed during the lifetime of the Participant only for the benefit of the Participant. Any attempt to transfer, assign, pledge, or encumber the Performance Units or dividend equivalents under this Grant by the Participant shall be null, void and without effect. The rights and protections of the Company hereunder shall extend to any successors or assigns of the Company. This Grant may be assigned by the Company without the Participant's consent.

16. Withholding. The Participant shall be required to pay to the Employer, or make other arrangements satisfactory to the Employer to provide for the payment of, any federal, state, local or other taxes that the Employer is required to withhold with respect to the grant, vesting and distribution of the Performance Units and dividend equivalents. Any tax withholding obligation of the Employer with respect to the distribution of shares of Company Stock pursuant to the Performance Units that are earned by the Participant under this Grant may, at the Committee's discretion, be satisfied by having shares of Company Stock withheld up to an amount that does not exceed the minimum applicable withholding tax rate for federal (including FICA), state, local and other tax liabilities.

17. Effect on Other Benefits. The value of shares of Company Stock and dividend equivalents distributed with respect to the Performance Units shall not be considered eligible earnings for purposes of any other plans maintained by the Company or the Employer. Neither shall such value be considered part of the Participant's compensation for purposes of determining or calculating other benefits that are based on compensation, such as life insurance.

18. Applicable Law. The validity, construction, interpretation and effect of this Grant shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.

19. Notice. Any notice to the Company provided for in this instrument shall be addressed to the Company in care of the General Counsel at the Company's corporate headquarters, and any

notice to the Participant shall be addressed to such Participant at the current address shown on the payroll records of the Employer, or to such other address as the Participant may designate to the Employer in writing. Any notice shall be (i) delivered by hand, (ii) delivered by a national overnight courier or delivery service, (iii) enclosed in a properly sealed envelope addressed as stated above, registered and deposited, postage prepaid, in a post office regularly maintained by the United States Postal Service, or (iv) in the case of notices by the Company to the Participant, delivered by e-mail or other electronic means (with confirmation of receipt to be made by any oral, electronic or written means).

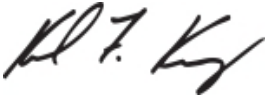

20. Taxation; Code Section 409A. As applicable, this Grant is intended to comply with the requirements of section 409A of the Code and shall be interpreted and administered in accordance with Code section 409A. Notwithstanding any provision to the contrary herein, if the Performance Units constitute “deferred compensation” under section 409A of the Code, distributions made with respect to this Grant may only be made in a manner and upon an event permitted by Code section 409A. To the extent that any provision of the Grant would cause a conflict with the requirements of Code section 409A, or would cause the administration of the Grant to fail to satisfy the requirements of Code section 409A, such provision shall, to the extent practicable if permitted by applicable law, be deemed null and void. In the event that it is determined not feasible to void a provision of this Grant, such provision shall be construed in a manner as to comply with the Code section 409A requirements. This Grant may be amended without the consent of the Participant in any respect deemed by the Committee or its delegate to be necessary in order to comply with Code section 409A. Unless a valid election is made pursuant to Paragraph 6 above, in no event may the Participant, directly or indirectly, designate the calendar year of distribution. Notwithstanding anything in the Plan or the Grant to the contrary, the Participant shall be solely responsible for the tax consequences of this Grant, and in no event shall the Company have any responsibility or liability if this Grant does not meet any applicable requirements of Code section 409A.

21. Severability. In the event one or more of the provisions of this Grant should, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability will not affect any other provisions of this Grant, and this Grant will be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

AMERICAN WATER WORKS COMPANY, INC.
2017 OMNIBUS EQUITY COMPENSATION PLAN
PERFORMANCE STOCK UNIT GRANT

This PERFORMANCE STOCK UNIT GRANT, dated as of February 14, 2023 (the "Date of Grant"), is delivered by American Water Works Company, Inc. (the "Company") to _____ (the "Participant").

RECITALS

WHEREAS, the Committee (as defined in the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan (the "Plan")) has adopted a 2023 Long Term Performance Plan ("2023 LTTP") pursuant to which designated employees will be granted equity awards (collectively, the "Equity Award") for shares of Common Stock of the Company, par value \$0.01 per share (the "Company Stock");

WHEREAS, the Equity Award is comprised of three separate grants: a restricted stock unit and two performance stock unit grants;

WHEREAS, the Committee has determined that the Participant is eligible to participate in the 2023 LTTP and to grant the Participant an Equity Award under the 2023 LTTP; and

WHEREAS, the Committee has determined that the performance stock unit portion of the Equity Award granted to the Participant pursuant to the 2023 LTTP shall be issued under the Plan, and the terms and conditions of the performance stock unit grant that may be earned based on Performance Goals (defined below) relating to compounded earnings per share, as set forth in Exhibit A attached hereto, shall be memorialized in this grant (the "Grant").

NOW, THEREFORE, the parties to this Grant, intending to be legally bound hereby, agree as follows:

1. Grant of Performance Stock Units. Subject to the terms and conditions set forth in this Grant and the Plan, the Company hereby grants to the Participant _____ performance stock units (the "Performance Units"). The Performance Units are contingently awarded and will be earned and distributable if and only to the extent that the Performance Goals and other conditions set forth in this Grant are met. Each Performance Unit shall be a phantom right and shall be equivalent to one share of Company Stock on the applicable payment date, as described in Paragraph 5 below. The number of Performance Units set forth above is equal to the target number of shares of Company Stock that the Participant will earn for 100% achievement of the Performance Goals described in this Grant (the "Target Award").

2. Performance Unit Account. The Company shall establish and maintain a Performance Unit account as a bookkeeping account on its records (the "Performance Unit Account") for the Participant and shall record in such Performance Unit Account the number of Performance Units granted to the Participant. The Participant shall not have any interest in any fund or specific assets of the Company by reason of this grant or the Performance Unit Account established for the Participant.

3. Performance Goals.

(a) Unless a Change of Control (as defined below) occurs prior to the end of the Performance Period (as defined below), the distribution of the shares of Company Stock attributable to the Performance Units is contingent upon achievement of the performance goals

set forth in Exhibit A attached hereto (the “Performance Goals”) and the Participant satisfying the continuation of employment and service with the Employer (as defined in the Plan) requirement described in Paragraph 4 below.

(b) As soon as administratively practicable following the end of the Performance Period (as defined in Paragraph 3(d) below), the Committee will determine whether and to what extent the Performance Goals have been met and the number of Performance Units the Participant has earned, if any. Except as described in Paragraph 4 below, the Participant must be employed by, or providing service to, the Employer on the last day of the Performance Period in order to earn the Performance Units.

(c) If a Change of Control occurs prior to the end of the Performance Period, the Company is not the surviving corporation (or survives only as a subsidiary of another corporation or entity (the “surviving corporation”)) and the Performance Units are not converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation), then the Performance Period will end on the date of the Change of Control and the Performance Units will be deemed earned at the Target Award level as of the date of the Change of Control (the “Change of Control Date”). In the event the Participant’s Performance Units are assumed by the surviving corporation but the Participant ceases to be employed by, or providing service to, the surviving corporation (or a parent or subsidiary of the surviving corporation) within twelve (12) months after the date of the Change of Control on account of (i) a termination of such Participant’s employment by the surviving corporation (or a parent or subsidiary of the surviving corporation) for any reason other than on account of Cause (as defined in paragraph 4(c) hereof), or on account of death or Disability (each as defined in the Plan), or (ii) a termination of employment or service by the Participant for Good Reason (as defined in the Plan), then the Performance Period will end on the date of such termination of employment or service (the “Termination Date”) and the Performance Units will be deemed earned at the Target Award level as of the Termination Date. For purposes of this Grant, “Change of Control” shall mean as such term is defined in the Plan, except that a Change of Control shall not be deemed to have occurred for purposes of this Grant unless the event constituting the Change of Control constitutes a change in ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of section 409A of the Internal Revenue Code of 1986, as amended (the “Code”) and its corresponding regulations.

(d) For purposes of this Grant, the term “Performance Period” shall mean the three (3)-year period beginning on January 1, 2023 and ending December 31, 2025.

4. Termination of Employment or Service.

(a) Except as set forth in Paragraph 3(c), if, at least one year after the beginning of the Performance Period, but prior to the end of the Performance Period, the Participant ceases to be employed by, or provide service to, the Employer on account of any reason other than a termination for Cause (as defined below), the Participant will earn a pro-rata portion of the Performance Units, if the Performance Goals and the requirements of this Grant are met as of the last day of the Performance Period. The pro-rata portion earned will be equal to the number of Performance Units that would have been earned if the Participant had remained employed through the last day of the Performance Period, multiplied by a fraction, which fraction shall be equal to (i) 1/3, if the Participant’s employment or service with the Employer terminates on or after January 31, 2024, but prior to January 31, 2025; (ii) 2/3, if the Participant’s employment or service with the Employer terminates on or after January 31, 2025, but prior to January 31, 2026; and (iii) 3/3, if the Participant’s employment or service terminates with the Employer on or after January 31, 2026. If the Participant ceases to be employed by, or provide service to, the Employer for any reason other than on account of Cause, the prorated number of Performance

Units earned by the Participant pursuant to this Paragraph 4(a) will be distributed in accordance with Paragraph 5.

(b) If at any time prior to the earlier of January 31, 2024 or a Change of Control, the Participant's employment or service with the Employer is terminated by the Employer on account of any reason or no reason or by the Participant for any reason or no reason, all of the Performance Units subject to this Grant shall be immediately forfeited as of the date of the Participant's termination of employment or service with the Employer and the Participant shall not have any rights with respect to the distribution of any portion of the Performance Units.

(c) If at any time prior to the date the Performance Units are distributed in accordance with Paragraph 5 the Participant's employment or service with the Employer is terminated on account of Cause, all of the Performance Units subject to this Grant shall be immediately forfeited and the Participant will not have any rights with respect to the distribution of any portion of the Performance Units, irrespective of the level of achievement of the Performance Goals. For purposes of this Grant, "Cause" shall mean a finding by the Committee that the Participant (i) has breached his or her employment or service contract with the Employer, if any; (ii) has engaged in disloyalty to the Employer, including, without limitation, fraud, embezzlement, theft, commission of a felony or proven dishonesty; (iii) has disclosed trade secrets or confidential information of the Employer to persons not entitled to receive such information; (iv) has breached any written noncompetition or non-solicitation agreement between the Participant and the Employer; or (v) has engaged in such other behavior detrimental to the interests of the Employer as the Committee determines.

5. Time and Form of Payment with Respect to Performance Units. Unless an election is made pursuant to Paragraph 6 below, the Participant will receive a distribution with respect to the Performance Units earned as described in Paragraphs 3 and 4 above within seventy (70) days following the earliest of (a) January 31, 2026 (the "Distribution Date"), (b) the Change of Control Date, or (c) the Termination Date. The Performance Units will be distributed in shares of Company Stock, with each Performance Unit earned equivalent to one share of Company Stock. Any Performance Units not earned because of the failure to attain the Performance Goals and service condition will be immediately forfeited.

6. Deferrals. The Participant may make an irrevocable election to defer the Distribution Date (or further defer the Deferred Date (as defined below), if applicable) of all of the Performance Units that are earned, plus dividend equivalents earned on such Performance Units as described in Paragraph 7 below, to a later date, provided that, except as to any election made by the Participant to accelerate the Deferred Date in the event of his or her death prior to the Deferred Date, (a) the election shall not take effect until at least twelve (12) months after the date on which the election is made, (b) the deferred Distribution Date cannot be earlier than five (5) years from the original Distribution Date under Paragraph 5 above (or five (5) years from the applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made), and (c) the election must be made no less than twelve (12) months prior to the date of the Distribution Date (twelve (12) months prior to the previously applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made). To defer the Distribution Date, the Participant must elect to defer 100% of the Performance Units, including corresponding dividend equivalents, earned by the Participant under this Grant, as well as 100% of the other performance stock units, including corresponding dividend equivalents, earned by the Participant under the 2023 LTPP, complete the deferral election form provided to the Participant, and return such form to the Company in the manner and by the deadline provided therein. If the Participant desires to make a further deferral, the Participant must make such election on a separate form provided for such purpose. Any such election shall be made in accordance with section 409A of the Code and any corresponding guidance and regulations issued under section 409A of the Code. Notwithstanding a Participant's election pursuant to this Paragraph, if the Change of Control Date or the

Termination Date occurs prior to the Deferred Date, the distribution of the Participant's earned Performance Units, plus corresponding dividend equivalents, will be the Change of Control Date or the Termination Date, as applicable. If a Distribution Date is delayed one or more times pursuant to any election made by the Participant pursuant to this Paragraph 6, the new Distribution Date shall be referred to as the "Deferred Date."

7. Dividend Equivalents. Until the earlier of the Distribution Date (or the Deferred Date, if elected), the Change of Control Date or the Termination Date, if any dividends are paid with respect to the shares of Company Stock, the Company shall credit to a dividend equivalent account (the "Dividend Equivalent Account") the value of the dividends that would have been distributed if the Performance Units credited to the Participant's Performance Unit Account as of the date of payment of any such dividend were shares of Company Stock. At the same time that the Performance Units are converted to shares of Company Stock and distributed to the Participant, the Company shall pay to the Participant in a lump sum cash equal to the value of the dividends credited to the Participant's Dividend Equivalent Account; provided, however, that any dividends that were credited to the Participant's Dividend Equivalent Account that are attributable to Performance Units that have been forfeited as provided in Paragraph 3 and 4 above shall be forfeited and not payable to the Participant. No interest shall accrue on any dividend equivalents credited to the Participant's Dividend Equivalent Account.

8. Change of Control. Except as set forth above, the provisions set forth in the Plan applicable to a Change of Control (as defined in the Plan) shall apply to the Performance Units, and, in the event of a Change of Control, the Committee may take such actions as it deems appropriate pursuant to the Plan and is consistent with the requirements of section 409A of the Code.

9. Acknowledgment by Participant. By accepting this Grant, the Participant acknowledges that, with respect to any right to distribution pursuant to the Plan or this Grant, the Participant is and shall be an unsecured general creditor of the Company without any preference as against other unsecured general creditors of the Company, and the Participant hereby covenants for himself or herself, and anyone at any time claiming through or under the Participant, not to claim any such preference, and hereby disclaims and waives any such preference which may at any time be at issue, to the fullest extent permitted by applicable law.

10. Restrictions on Issuance or Transfer of Shares of Company Stock.

(a) To the extent permitted by Code section 409A, the obligation of the Company to deliver shares of Company Stock upon the Participant earning the Performance Units shall be subject to the condition that shares of Company Stock be qualified for listing on the New York Stock Exchange or another securities exchange and be registered under the Securities Act of 1933, as amended, and that any consent or approval of any governmental regulatory body that is necessary to issue shares of Company Stock has been so obtained, and that shares of Company Stock may not be issued in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

(b) The issuance of shares of Company Stock and the payment of cash to the Participant pursuant to this Grant is subject to any applicable taxes and other laws or regulations of the United States or of any state having jurisdiction thereof.

(c) As a condition to receive any shares of Company Stock upon conversion of the earned Performance Units, the Participant agrees:

(i) to be bound by, and to comply with, the Company's policies and practices (as they may be in effect from time to time) regarding the restrictions or limitations on the transfer of such shares, and understands that the Participant may be restricted or prohibited at any time and/or from time to time from selling, transferring, pledging, donating, assigning, margining, mortgaging, hypothecating or otherwise encumbering the shares in accordance with such policies and practices, including without limitation the Company's Insider Trading and Prohibited Transactions Policy and the Personal Securities Trading and Preclearance Practice; and

(ii) that any shares of Company Stock received by the Participant upon the distribution of the earned Performance Units pursuant to this Grant shall be subject to the guidelines and restrictions set forth in the Company's Executive Stock Ownership Guidelines and Executive Stock Retention Requirements, effective as of July 26, 2022 (and as they may be amended, restated, supplemented and interpreted), and any applicable clawback or recoupment policies and other policies that may be implemented by the Company's Board of Directors or a duly authorized committee thereof, from time to time.

11. Participant Undertaking. The Participant agrees to take whatever additional actions and execute whatever additional documents the Company may deem necessary or advisable in order to carry out or effect one or more of the obligations or restrictions imposed on the Participant pursuant to the provisions of this Grant.

12. Grant Subject to Plan Provisions. This Grant is made pursuant to the Plan, the terms of which are incorporated herein by reference, and in all respects shall be interpreted in accordance with the Plan. In the event of any contradiction, distinction or difference between this Grant and the terms of the Plan, the terms of the Plan will control. Except as otherwise defined in this Grant, capitalized terms used in this Grant shall have the meanings set forth in the Plan. This Grant is subject to the interpretations, regulations and determinations concerning the Plan established from time to time by the Committee in accordance with the provisions of the Plan, including, but not limited to, provisions pertaining to (a) rights and obligations with respect to withholding taxes, (b) the registration, qualification or listing of the shares of Company Stock, (c) changes in capitalization of the Company, and (d) other requirements of applicable law. The Committee shall have the authority to interpret and construe this Grant pursuant to the terms of the Plan, its decisions shall be conclusive as to any questions arising hereunder. By accepting this Grant, the Participant agrees (i) to be bound by the terms of the Plan and this Grant, (ii) to be bound by the determinations and decisions of the Committee with respect to this Grant, the Plan and the Participant's rights to benefits under this Grant and the Plan, and (iii) that all such determinations and decisions of the Committee shall be binding on the Participant, his or her beneficiaries and any other person having or claiming an interest under this Grant and the Plan on behalf of the Participant.

13. No Rights as Stockholder. The Participant shall not have any rights as a stockholder of the Company, including the right to any cash dividends (except with respect to the dividend equivalent rights provided in Paragraph 7), or the right to vote, with respect to any Performance Units.

14. No Rights to Continued Employment or Service. This Grant shall not confer upon the Participant any right to be retained in the employment or service of the Employer and shall not interfere in any way with the right of the Employer to terminate the Participant's employment or service at any time. The right of the Employer to terminate at will the Participant's employment or service at any time for any reason is specifically reserved.

15. Assignment and Transfers. No Performance Units or dividend equivalents awarded to the Participant under this Grant may be transferred, assigned, pledged, or encumbered by the Participant and the Performance Units and dividend equivalents shall be distributed during the lifetime of the Participant only for the benefit of the Participant. Any attempt to transfer, assign, pledge, or encumber the Performance Units or dividend equivalents under this Grant by the Participant shall be null, void and without effect. The rights and protections of the Company hereunder shall extend to any successors or assigns of the Company. This Grant may be assigned by the Company without the Participant's consent.

16. Withholding. The Participant shall be required to pay to the Employer, or make other arrangements satisfactory to the Employer to provide for the payment of, any federal, state, local or other taxes that the Employer is required to withhold with respect to the grant, vesting and distribution of the Performance Units and dividend equivalents. Any tax withholding obligation of the Employer with respect to the distribution of shares of Company Stock pursuant to the Performance Units that are earned by the Participant under this Grant may, at the Committee's discretion, be satisfied by having shares of Company Stock withheld up to an amount that does not exceed the minimum applicable withholding tax rate for federal (including FICA), state, local and other tax liabilities.

17. Effect on Other Benefits. The value of shares of Company Stock and dividend equivalents distributed with respect to the Performance Units shall not be considered eligible earnings for purposes of any other plans maintained by the Company or the Employer. Neither shall such value be considered part of the Participant's compensation for purposes of determining or calculating other benefits that are based on compensation, such as life insurance.

18. Applicable Law. The validity, construction, interpretation and effect of this Grant shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.

19. Notice. Any notice to the Company provided for in this instrument shall be addressed to the Company in care of the General Counsel at the Company's corporate headquarters, and any notice to the Participant shall be addressed to such Participant at the current address shown on the payroll records of the Employer, or to such other address as the Participant may designate to the Employer in writing. Any notice shall be (i) delivered by hand, (ii) delivered by a national overnight courier or delivery service, (iii) enclosed in a properly sealed envelope addressed as stated above, registered and deposited, postage prepaid, in a post office regularly maintained by the United States Postal Service, or (iv) in the case of notices by the Company to the Participant, delivered by e-mail or other electronic means (with confirmation of receipt to be made by any oral, electronic or written means).

20. Taxation; Code Section 409A. As applicable, this Grant is intended to comply with the requirements of section 409A of the Code and shall be interpreted and administered in accordance with Code section 409A. Notwithstanding any provision to the contrary herein, if the Performance Units constitute "deferred compensation" under section 409A of the Code, distributions made with respect to this Grant may only be made in a manner and upon an event permitted by Code section 409A. To the extent that any provision of the Grant would cause a conflict with the requirements of Code section 409A, or would cause the administration of the Grant to fail to satisfy the requirements of Code section 409A, such provision shall, to the extent practicable if permitted by applicable law, be deemed null and void. In the event that it is determined not feasible to void a provision of this Grant, such provision shall be construed in a manner as to comply with the Code section 409A requirements. This Grant may be amended without the consent of the Participant in any respect deemed by the Committee or its delegate to be necessary in order to comply with Code section 409A. Unless a valid election is made pursuant to Paragraph 6 above, in no event may the Participant, directly or indirectly, designate

the calendar year of distribution. Notwithstanding anything in the Plan or the Grant to the contrary, the Participant shall be solely responsible for the tax consequences of this Grant, and in no event shall the Company have any responsibility or liability if this Grant does not meet any applicable requirements of Code section 409A.

21. Severability. In the event one or more of the provisions of this Grant should, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability will not affect any other provisions of this Grant, and this Grant will be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

AMERICAN WATER WORKS COMPANY, INC.
2017 OMNIBUS EQUITY COMPENSATION PLAN
PERFORMANCE STOCK UNIT GRANT

This PERFORMANCE STOCK UNIT GRANT, dated as of February 14, 2023 (the "Date of Grant"), is delivered by American Water Works Company, Inc. (the "Company") to _____ (the "Participant").

RECITALS

WHEREAS, the Committee (as defined in the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan (the "Plan")) has adopted a 2023 Long Term Performance Plan ("2023 LTPP") pursuant to which designated employees will be granted equity awards (collectively, the "Equity Award") for shares of Common Stock of the Company, par value \$0.01 per share (the "Company Stock");

WHEREAS, the Equity Award is comprised of three separate grants: a restricted stock unit and two performance stock unit grants;

WHEREAS, the Committee has determined that the Participant is eligible to participate in the 2023 LTPP and to grant the Participant an Equity Award under the 2023 LTPP; and

WHEREAS, the Committee has determined that the performance stock unit portion of the Equity Award granted to the Participant pursuant to the 2023 LTPP shall be issued under the Plan, and the terms and conditions of the performance stock unit grant that may be earned based on Performance Goals (defined below) relating to compounded earnings per share, as set forth in Exhibit A attached hereto, shall be memorialized in this grant (the "Grant").

NOW, THEREFORE, the parties to this Grant, intending to be legally bound hereby, agree as follows:

1. Grant of Performance Stock Units. Subject to the terms and conditions set forth in this Grant and the Plan, the Company hereby grants to the Participant _____ performance stock units (the "Performance Units"). The Performance Units are contingently awarded and will be earned and distributable if and only to the extent that the Performance Goals and other conditions set forth in this Grant are met. Each Performance Unit shall be a phantom right and shall be equivalent to one share of Company Stock on the applicable payment date, as described in Paragraph 5 below. The number of Performance Units set forth above is equal to the target number of shares of Company Stock that the Participant will earn for 100% achievement of the Performance Goals described in this Grant (the "Target Award").

2. Performance Unit Account. The Company shall establish and maintain a Performance Unit account as a bookkeeping account on its records (the "Performance Unit Account") for the Participant and shall record in such Performance Unit Account the number of Performance Units granted to the Participant. The Participant shall not have any interest in any fund or specific assets of the Company by reason of this grant or the Performance Unit Account established for the Participant.

3. Performance Goals.

(a) Unless a Change of Control (as defined below) occurs prior to the end of the Performance Period (as defined below), the distribution of the shares of Company Stock

attributable to the Performance Units is contingent upon achievement of the performance goals set forth in Exhibit A attached hereto (the “Performance Goals”) and the Participant satisfying the continuation of employment and service with the Employer (as defined in the Plan) requirement described in Paragraph 4 below.

(b) As soon as administratively practicable following the end of the Performance Period (as defined in Paragraph 3(d) below), the Committee will determine whether and to what extent the Performance Goals have been met and the number of Performance Units the Participant has earned, if any. Except as described in Paragraph 4 below, the Participant must be employed by, or providing service to, the Employer on the last day of the Performance Period in order to earn the Performance Units.

(c) If a Change of Control occurs prior to the end of the Performance Period, the Company is not the surviving corporation (or survives only as a subsidiary of another corporation or entity (the “surviving corporation”)) and the Performance Units are not converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation), then the Performance Period will end on the date of the Change of Control and the Performance Units will be deemed earned at the Target Award level as of the date of the Change of Control (the “Change of Control Date”). In the event the Participant’s Performance Units are assumed by the surviving corporation but the Participant ceases to be employed by, or providing service to, the surviving corporation (or a parent or subsidiary of the surviving corporation) within twelve (12) months after the date of the Change of Control on account of (i) a termination of such Participant’s employment by the surviving corporation (or a parent or subsidiary of the surviving corporation) for any reason other than on account of Cause (as defined in Paragraph 4(e) hereof), or on account of death or Disability (each as defined in the Plan), or (ii) a termination of employment or service by the Participant for Good Reason (as defined in the Plan), then the Performance Period will end on the date of such termination of employment or service (the “Termination Date”) and the Performance Units will be deemed earned at the Target Award level as of the Termination Date. For purposes of this Grant, “Change of Control” shall mean as such term is defined in the Plan, except that a Change of Control shall not be deemed to have occurred for purposes of this Grant unless the event constituting the Change of Control constitutes a change in ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of section 409A of the Internal Revenue Code of 1986, as amended (the “Code”) and its corresponding regulations.

(d) For purposes of this Grant, the term “Performance Period” shall mean the three (3)-year period beginning on January 1, 2023 and ending December 31, 2025.

4. Termination of Employment or Service.

(a) Except as set forth in Paragraphs 3(c) 4(b) or 4(c), if, at least one year after the beginning of the Performance Period, but prior to the end of the Performance Period, the Participant ceases to be employed by, or provide service to, the Employer on account of any reason other than a termination for Cause (as defined below), the Participant will earn a pro-rata portion of the Performance Units, if the Performance Goals and the requirements of this Grant are met as of the last day of the Performance Period. The pro-rata portion earned will be equal to the number of Performance Units that would have been earned if the Participant had remained employed through the last day of the Performance Period, multiplied by a fraction, which fraction shall be equal to (i) 1/3, if the Participant’s employment or service with the Employer terminates on or after January 31, 2024, but prior to January 31, 2025; (ii) 2/3, if the Participant’s employment or service with the Employer terminates on or after January 31, 2025, but prior to January 31, 2026; and (iii) 3/3, if the Participant’s employment or service terminates with the Employer on or after January 31, 2026. If the Participant ceases to be employed by, or provide service to, the Employer for any reason other than on account of Cause, the prorated number of

Performance Units earned by the Participant pursuant to this Paragraph 4(a) will be distributed in accordance with Paragraph 5.

(b) Notwithstanding any provision of this Agreement to the contrary, if prior to the end of the Performance Period, the Participant ceases to be employed by, or provide service to, the Employer on account of Normal Retirement, then the Participant will earn the number of Performance Units that would have been earned if the Participant had remained employed through the last day of the Performance Period, if the Performance Goals and the requirements of this Grant are met as of the last day of the Performance Period. If the Participant ceases to be employed by, or provide service to, the Employer on account of Normal Retirement pursuant to this subparagraph (b), the number of Performance Units that are earned based on the Performance Goals and other requirements of this Grant will be distributed in accordance with Paragraph 5. For purposes of this Grant, "Normal Retirement" shall mean termination of employment or service with the Employer (other than for Cause) after the Participant has attained age sixty (60) and has five (5) total years of employment or service with the Employer which includes at least three (3) consecutive full calendar years of service in the position of Chief Executive Officer, Chief Operating Officer or Chief Financial Officer, or any combination thereof.

(c) Notwithstanding any provision of this Agreement to the contrary, if prior to the end of the Performance Period, the Participant ceases to be employed by, or provide service to, the Employer on account of Early Retirement, then the Participant will earn 75% of the number of Performance Units that would have been earned if the Participant had remained employed through the last day of the Performance Period, if the Performance Goals and the requirements of this Grant are met as of the last day of the Performance Period, and unearned Performance Units shall be immediately forfeited. If the Participant ceases to be employed by, or provide service to, the Employer on account of Early Retirement pursuant to this subparagraph (c), then the number of Performance Units that are earned based on the Performance Goals and other requirements of this Grant will be distributed in accordance with Paragraph 5. For purposes of this Grant, "Early Retirement" shall mean termination of employment or service with the Employer (other than for Cause) after the Participant has attained age fifty-five (55) and has five (5) total years of employment or service with the Employer which includes at least three (3) consecutive full calendar years of service in the position of Chief Executive Officer, Chief Operating Officer or Chief Financial Officer, or any combination thereof.

(d) Except as set forth in Paragraphs 4(b) or 4(c), if at any time prior to the earlier of January 31, 2024 or a Change of Control, the Participant's employment or service with the Employer is terminated by the Employer on account of any reason or no reason or by the Participant for any reason or no reason, all of the Performance Units subject to this Grant shall be immediately forfeited as of the date of the Participant's termination of employment or service with the Employer and the Participant shall not have any rights with respect to the distribution of any portion of the Performance Units.

(e) If at any time prior to the date the Performance Units are distributed in accordance with Paragraph 5 the Participant's employment or service with the Employer is terminated on account of Cause, all of the Performance Units subject to this Grant shall be immediately forfeited and the Participant will not have any rights with respect to the distribution of any portion of the Performance Units, irrespective of the level of achievement of the Performance Goals. For purposes of this Grant, "Cause" shall mean a finding by the Committee that the Participant (i) has breached his or her employment or service contract with the Employer, if any; (ii) has engaged in disloyalty to the Employer, including, without limitation, fraud, embezzlement, theft, commission of a felony or proven dishonesty; (iii) has disclosed trade secrets or confidential information of the Employer to persons not entitled to receive such information; (iv) has breached any written noncompetition or non-solicitation agreement

between the Participant and the Employer; or (v) has engaged in such other behavior detrimental to the interests of the Employer as the Committee determines.

5. Time and Form of Payment with Respect to Performance Units. Unless an election is made pursuant to Paragraph 6 below, the Participant will receive a distribution with respect to the Performance Units earned as described in Paragraphs 3 and 4 above within seventy (70) days following the earliest of (a) January 31, 2026 (the "Distribution Date"), (b) the Change of Control Date, or (c) the Termination Date. The Performance Units will be distributed in shares of Company Stock, with each Performance Unit earned equivalent to one share of Company Stock. Any Performance Units not earned because of the failure to attain the Performance Goals and service condition will be immediately forfeited.

6. Deferrals. The Participant may make an irrevocable election to defer the Distribution Date (or further defer the Deferred Date (as defined below), if applicable) of all of the Performance Units that are earned, plus dividend equivalents earned on such Performance Units as described in Paragraph 7 below, to a later date, provided that, except as to any election made by the Participant to accelerate the Deferred Date in the event of his or her death prior to the Deferred Date, (a) the election shall not take effect until at least twelve (12) months after the date on which the election is made, (b) the deferred Distribution Date cannot be earlier than five (5) years from the original Distribution Date under Paragraph 5 above (or five (5) years from the applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made), and (c) the election must be made no less than twelve (12) months prior to the date of the Distribution Date (twelve (12) months prior to the previously applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made). To defer the Distribution Date, the Participant must elect to defer 100% of the Performance Units, including corresponding dividend equivalents, earned by the Participant under this Grant, as well as 100% of the other performance stock units, including corresponding dividend equivalents, earned by the Participant under the 2023 LTTP, complete the deferral election form provided to the Participant, and return such form to the Company in the manner and by the deadline provided therein. If the Participant desires to make a further deferral, the Participant must make such election on a separate form provided for such purpose. Any such election shall be made in accordance with section 409A of the Code and any corresponding guidance and regulations issued under section 409A of the Code. Notwithstanding a Participant's election pursuant to this Paragraph, if the Change of Control Date or the Termination Date occurs prior to the Deferred Date, the distribution of the Participant's earned Performance Units, plus corresponding dividend equivalents, will be the Change of Control Date or the Termination Date, as applicable. If a Distribution Date is delayed one or more times pursuant to any election made by the Participant pursuant to this Paragraph 6, the new Distribution Date shall be referred to as the "Deferred Date."

7. Dividend Equivalents. Until the earlier of the Distribution Date (or the Deferred Date, if elected), the Change of Control Date or the Termination Date, if any dividends are paid with respect to the shares of Company Stock, the Company shall credit to a dividend equivalent account (the "Dividend Equivalent Account") the value of the dividends that would have been distributed if the Performance Units credited to the Participant's Performance Unit Account as of the date of payment of any such dividend were shares of Company Stock. At the same time that the Performance Units are converted to shares of Company Stock and distributed to the Participant, the Company shall pay to the Participant in a lump sum cash equal to the value of the dividends credited to the Participant's Dividend Equivalent Account; provided, however, that any dividends that were credited to the Participant's Dividend Equivalent Account that are attributable to Performance Units that have been forfeited as provided in Paragraph 3 and 4 above shall be forfeited and not payable to the Participant. No interest shall accrue on any dividend equivalents credited to the Participant's Dividend Equivalent Account.

8. Change of Control. Except as set forth above, the provisions set forth in the Plan applicable to a Change of Control (as defined in the Plan) shall apply to the Performance Units, and, in the event of a Change of Control, the Committee may take such actions as it deems appropriate pursuant to the Plan and is consistent with the requirements of section 409A of the Code.

9. Acknowledgment by Participant. By accepting this Grant, the Participant acknowledges that, with respect to any right to distribution pursuant to the Plan or this Grant, the Participant is and shall be an unsecured general creditor of the Company without any preference as against other unsecured general creditors of the Company, and the Participant hereby covenants for himself or herself, and anyone at any time claiming through or under the Participant, not to claim any such preference, and hereby disclaims and waives any such preference which may at any time be at issue, to the fullest extent permitted by applicable law.

10. Restrictions on Issuance or Transfer of Shares of Company Stock.

(a) To the extent permitted by Code section 409A, the obligation of the Company to deliver shares of Company Stock upon the Participant earning the Performance Units shall be subject to the condition that shares of Company Stock be qualified for listing on the New York Stock Exchange or another securities exchange and be registered under the Securities Act of 1933, as amended, and that any consent or approval of any governmental regulatory body that is necessary to issue shares of Company Stock has been so obtained, and that shares of Company Stock may not be issued in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

(b) The issuance of shares of Company Stock and the payment of cash to the Participant pursuant to this Grant is subject to any applicable taxes and other laws or regulations of the United States or of any state having jurisdiction thereof.

(c) As a condition to receive any shares of Company Stock upon conversion of the earned Performance Units, the Participant agrees:

(i) to be bound by, and to comply with, the Company's policies and practices (as they may be in effect from time to time) regarding the restrictions or limitations on the transfer of such shares, and understands that the Participant may be restricted or prohibited at any time and/or from time to time from selling, transferring, pledging, donating, assigning, margining, mortgaging, hypothecating or otherwise encumbering the shares in accordance with such policies and practices, including without limitation the Company's Insider Trading and Prohibited Transactions Policy and the Personal Securities Trading and Preclearance Practice; and

(ii) that any shares of Company Stock received by the Participant upon the distribution of the earned Performance Units pursuant to this Grant shall be subject to the guidelines and restrictions set forth in the Company's Executive Stock Ownership Guidelines and Executive Stock Retention Requirements, effective as of July 26, 2022 (and as they may be amended, restated, supplemented and interpreted), and any applicable clawback or recoupment policies and other policies that may be implemented by the Company's Board of Directors or a duly authorized committee thereof, from time to time.

11. Participant Undertaking. The Participant agrees to take whatever additional actions and execute whatever additional documents the Company may deem necessary or advisable in order

to carry out or effect one or more of the obligations or restrictions imposed on the Participant pursuant to the provisions of this Grant.

12. Grant Subject to Plan Provisions. This Grant is made pursuant to the Plan, the terms of which are incorporated herein by reference, and in all respects shall be interpreted in accordance with the Plan. In the event of any contradiction, distinction or difference between this Grant and the terms of the Plan, the terms of the Plan will control. Except as otherwise defined in this Grant, capitalized terms used in this Grant shall have the meanings set forth in the Plan. This Grant is subject to the interpretations, regulations and determinations concerning the Plan established from time to time by the Committee in accordance with the provisions of the Plan, including, but not limited to, provisions pertaining to (a) rights and obligations with respect to withholding taxes, (b) the registration, qualification or listing of the shares of Company Stock, (c) changes in capitalization of the Company, and (d) other requirements of applicable law. The Committee shall have the authority to interpret and construe this Grant pursuant to the terms of the Plan, its decisions shall be conclusive as to any questions arising hereunder. By accepting this Grant, the Participant agrees (i) to be bound by the terms of the Plan and this Grant, (ii) to be bound by the determinations and decisions of the Committee with respect to this Grant, the Plan and the Participant's rights to benefits under this Grant and the Plan, and (iii) that all such determinations and decisions of the Committee shall be binding on the Participant, his or her beneficiaries and any other person having or claiming an interest under this Grant and the Plan on behalf of the Participant.

13. No Rights as Stockholder. The Participant shall not have any rights as a stockholder of the Company, including the right to any cash dividends (except with respect to the dividend equivalent rights provided in Paragraph 7), or the right to vote, with respect to any Performance Units.

14. No Rights to Continued Employment or Service. This Grant shall not confer upon the Participant any right to be retained in the employment or service of the Employer and shall not interfere in any way with the right of the Employer to terminate the Participant's employment or service at any time. The right of the Employer to terminate at will the Participant's employment or service at any time for any reason is specifically reserved.

15. Assignment and Transfers. No Performance Units or dividend equivalents awarded to the Participant under this Grant may be transferred, assigned, pledged, or encumbered by the Participant and the Performance Units and dividend equivalents shall be distributed during the lifetime of the Participant only for the benefit of the Participant. Any attempt to transfer, assign, pledge, or encumber the Performance Units or dividend equivalents under this Grant by the Participant shall be null, void and without effect. The rights and protections of the Company hereunder shall extend to any successors or assigns of the Company. This Grant may be assigned by the Company without the Participant's consent.

16. Withholding. The Participant shall be required to pay to the Employer, or make other arrangements satisfactory to the Employer to provide for the payment of, any federal, state, local or other taxes that the Employer is required to withhold with respect to the grant, vesting and distribution of the Performance Units and dividend equivalents. Any tax withholding obligation of the Employer with respect to the distribution of shares of Company Stock pursuant to the Performance Units that are earned by the Participant under this Grant may, at the Committee's discretion, be satisfied by having shares of Company Stock withheld up to an amount that does not exceed the minimum applicable withholding tax rate for federal (including FICA), state, local and other tax liabilities.

17. Effect on Other Benefits. The value of shares of Company Stock and dividend equivalents distributed with respect to the Performance Units shall not be considered eligible

earnings for purposes of any other plans maintained by the Company or the Employer. Neither shall such value be considered part of the Participant's compensation for purposes of determining or calculating other benefits that are based on compensation, such as life insurance.

18. Applicable Law. The validity, construction, interpretation and effect of this Grant shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.

19. Notice. Any notice to the Company provided for in this instrument shall be addressed to the Company in care of the General Counsel at the Company's corporate headquarters, and any notice to the Participant shall be addressed to such Participant at the current address shown on the payroll records of the Employer, or to such other address as the Participant may designate to the Employer in writing. Any notice shall be (i) delivered by hand, (ii) delivered by a national overnight courier or delivery service, (iii) enclosed in a properly sealed envelope addressed as stated above, registered and deposited, postage prepaid, in a post office regularly maintained by the United States Postal Service, or (iv) in the case of notices by the Company to the Participant, delivered by e-mail or other electronic means (with confirmation of receipt to be made by any oral, electronic or written means).

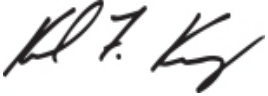

20. Taxation; Code Section 409A. As applicable, this Grant is intended to comply with the requirements of section 409A of the Code and shall be interpreted and administered in accordance with Code section 409A. Notwithstanding any provision to the contrary herein, if the Performance Units constitute "deferred compensation" under section 409A of the Code, distributions made with respect to this Grant may only be made in a manner and upon an event permitted by Code section 409A. To the extent that any provision of the Grant would cause a conflict with the requirements of Code section 409A, or would cause the administration of the Grant to fail to satisfy the requirements of Code section 409A, such provision shall, to the extent practicable if permitted by applicable law, be deemed null and void. In the event that it is determined not feasible to void a provision of this Grant, such provision shall be construed in a manner as to comply with the Code section 409A requirements. This Grant may be amended without the consent of the Participant in any respect deemed by the Committee or its delegate to be necessary in order to comply with Code section 409A. Unless a valid election is made pursuant to Paragraph 6 above, in no event may the Participant, directly or indirectly, designate the calendar year of distribution. Notwithstanding anything in the Plan or the Grant to the contrary, the Participant shall be solely responsible for the tax consequences of this Grant, and in no event shall the Company have any responsibility or liability if this Grant does not meet any applicable requirements of Code section 409A.

21. Severability. In the event one or more of the provisions of this Grant should, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability will not affect any other provisions of this Grant, and this Grant will be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

FORWARD-LOOKING STATEMENTS

Statements included in Part I, Item 2—Management’s Discussion and Analysis of Financial Condition and Results of Operations and in other sections of this Form 10-Q are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the Private Securities Litigation Reform Act of 1995. In some cases, these forward-looking statements can be identified by words with prospective meanings such as “intend,” “plan,” “estimate,” “believe,” “anticipate,” “expect,” “predict,” “project,” “propose,” “assume,” “forecast,” “likely,” “uncertain,” “outlook,” “future,” “pending,” “goal,” “objective,” “potential,” “continue,” “seek to,” “may,” “can,” “should,” “will” and “could” or the negative of such terms or other variations or similar expressions. Forward-looking statements may relate to, among other things: the Company’s future financial performance, liquidity and cash flows; the timing and amount of rate and revenue adjustments, including through general rate case filings, filings for infrastructure surcharges and other governmental agency authorizations and proceedings, and filings to address regulatory lag; the Company’s growth and portfolio optimization strategies, including the timing and outcome of pending or future acquisition activity; the ability of the Company’s California subsidiary to obtain adequate alternative water supplies in lieu of diversions from the Carmel River; the amount and allocation of projected capital expenditures and related funding requirements; the Company’s ability to repay or refinance debt; the future impacts of increased or increasing financing costs, inflation and interest rates; the Company’s ability to execute its current and long-term business, operational and capital expenditures strategies; the Company’s ability to finance current operations, capital expenditures and growth initiatives by accessing the debt and equity capital markets, including the timing and amount of the Company’s future public equity issuances; the outcome and impact on the Company of governmental and regulatory proceedings and related potential fines, penalties and other sanctions; the ability to meet or exceed the Company’s stated environmental and sustainability goals, including its greenhouse gas emission reduction, water delivery efficiency and water system resiliency goals; the ability to complete, and the timing and efficacy of, the design, development, implementation and improvement of technology and other strategic initiatives; the impacts to the Company of the COVID-19 pandemic; the ability to capitalize on existing or future utility privatization opportunities; trends in the water and wastewater industries in which the Company operates, including macro trends with respect to the Company’s efforts related to customer, technology and work execution; regulatory, legislative, tax policy or legal developments; and impacts that future significant tax legislation may have on the Company and on its business, results of operations, cash flows and liquidity.

Forward-looking statements are predictions based on the Company’s current expectations and assumptions regarding future events. They are not guarantees or assurances of any outcomes, financial results, levels of activity, performance or achievements, and readers are cautioned not to place undue reliance upon them. These forward-looking statements are subject to a number of estimates, assumptions, known and unknown risks, uncertainties and other factors. The Company’s actual results may vary materially from those discussed in the forward-looking statements included herein as a result of the following important factors:

- the decisions of governmental and regulatory bodies, including decisions to raise or lower customer rates and regulatory responses to the COVID-19 pandemic;
- the timeliness and outcome of regulatory commissions’ and other authorities’ actions concerning rates, capital structure, authorized return on equity, capital investment, system acquisitions and dispositions, taxes, permitting, water supply and management, and other decisions;
- changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts, impacts of the COVID-19 pandemic, or otherwise;
- limitations on the availability of the Company’s water supplies or sources of water, or restrictions on its use thereof, resulting from allocation rights, governmental or regulatory requirements and restrictions, drought, overuse or other factors;
- a loss of one or more large industrial or commercial customers due to adverse economic conditions, the COVID-19 pandemic, or other factors;
- changes in laws, governmental regulations and policies, including with respect to the environment, health and safety, data and consumer privacy, security and protection, water quality and water quality accountability, contaminants of emerging concern, public utility and tax regulations and policies, and impacts resulting from U.S., state and local elections and changes in federal, state and local executive administrations;
- the Company’s ability to collect, distribute, use, secure and store consumer data in compliance with current or future governmental laws, regulations and policies with respect to data and consumer privacy, security and protection;
- weather conditions and events, climate variability patterns, and natural disasters, including drought or abnormally high rainfall, prolonged and abnormal ice or freezing conditions, strong winds, coastal and intercoastal flooding, pandemics (including COVID-19) and epidemics, earthquakes, landslides, hurricanes, tornadoes, wildfires, electrical storms, sinkholes and solar flares;
- the outcome of litigation and similar governmental and regulatory proceedings, investigations or actions;

- the risks associated with the Company’s aging infrastructure, and its ability to appropriately improve the resiliency of or maintain and replace, current or future infrastructure and systems, including its technology and other assets, and manage the expansion of its businesses;
- exposure or infiltration of the Company’s technology and critical infrastructure systems, including the disclosure of sensitive, personal or confidential information contained therein, through physical or cyber attacks or other means;
- the Company’s ability to obtain permits and other approvals for projects and construction of various water and wastewater facilities;
- changes in the Company’s capital requirements;
- the Company’s ability to control operating expenses and to achieve operating efficiencies;
- the intentional or unintentional actions of a third party, including contamination of the Company’s water supplies or the water provided to its customers;
- the Company’s ability to obtain adequate and cost-effective supplies of pipe, equipment (including personal protective equipment), chemicals, electricity, fuel, water and other raw materials, and to address or mitigate supply chain constraints that may result in delays or shortages in, as well as increased costs of, supplies, products and materials that are critical to or used in the Company’s business operations;
- the Company’s ability to successfully meet its operational growth projections, either individually or in the aggregate, and capitalize on growth opportunities, including, among other things, with respect to:
 - acquiring, closing and successfully integrating regulated operations and market-based businesses;
 - the Company’s Military Services Group (“MSG”) entering into new military installation contracts, price redeterminations, and other agreements and contracts with the U.S. government; and
 - realizing anticipated benefits and synergies from new acquisitions;
- risks and uncertainties following the completion of the sale of the Company’s Homeowner Services Group (“HOS”) and its New York subsidiary, including:
 - the Company’s ability to receive any contingent consideration provided for in the HOS sale, as well as amounts due, payable and owing to the Company from time to time under the seller promissory note when due; and
 - the ability of the Company to redeploy successfully and timely the net proceeds of these transactions into the Company’s Regulated Businesses (as defined herein);
- risks and uncertainties associated with contracting with the U.S. government, including ongoing compliance with applicable government procurement and security regulations;
- cost overruns relating to improvements in or the expansion of the Company’s operations;
- the Company’s ability to successfully develop and implement new technologies and to protect related intellectual property;
- the Company’s ability to maintain safe work sites;
- the Company’s exposure to liabilities related to environmental laws and similar matters resulting from, among other things, water and wastewater service provided to customers;
- changes in general economic, political, business and financial market conditions, including without limitation conditions and collateral consequences associated with the COVID-19 pandemic;
- access to sufficient debt and/or equity capital on satisfactory terms and when and as needed to support operations and capital expenditures;
- fluctuations in inflation or interest rates, and the Company’s ability to address or mitigate the impacts thereof;
- the ability to comply with affirmative or negative covenants in the current or future indebtedness of the Company or any of its subsidiaries, or the issuance of new or modified credit ratings or outlooks by credit rating agencies with respect to the Company or any of its subsidiaries (or any current or future indebtedness thereof), which could increase financing costs or funding requirements and affect the Company’s or its subsidiaries’ ability to issue, repay or redeem debt, pay dividends or make distributions;
- fluctuations in the value of benefit plan assets and liabilities that could increase the Company’s cost and funding requirements;
- changes in federal or state general, income and other tax laws, including (i) future significant tax legislation, (ii) the availability of, or the Company’s compliance with, the terms of applicable tax credits and tax abatement programs, and (iii) the Company’s ability to utilize its state income tax net operating loss carryforwards;
- migration of customers into or out of the Company’s service territories;
- the use by municipalities of the power of eminent domain or other authority to condemn the systems of one or more of the Company’s utility subsidiaries, or the assertion by private landowners of similar rights against such utility subsidiaries;
- any difficulty or inability to obtain insurance for the Company, its inability to obtain insurance at acceptable rates and on acceptable terms and conditions, or its inability to obtain reimbursement under existing or future insurance programs and coverages for any losses sustained;
- the incurrence of impairment charges related to the Company’s goodwill or other assets;
- labor actions, including work stoppages and strikes;
- the Company’s ability to retain and attract qualified employees;

- civil disturbances or unrest, or terrorist threats or acts, or public apprehension about future disturbances, unrest, or terrorist threats or acts; and
- the impact of new, and changes to existing, accounting standards.

These forward-looking statements are qualified by, and should be read together with, the risks and uncertainties set forth above, and the risk factors and other statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2021 (the "Form 10-K") and in this Form 10-Q, and readers should refer to such risks, uncertainties and risk factors in evaluating such forward-looking statements. Any forward-looking statements the Company makes shall speak only as of the date this Form 10-Q was filed with the U.S. Securities and Exchange Commission ("SEC"). Except as required by the federal securities laws, the Company does not have any obligation, and it specifically disclaims any undertaking or intention, to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changed circumstances or otherwise. New factors emerge from time to time, and it is not possible for the Company to predict all such factors. Furthermore, it may not be possible to assess the impact of any such factor on the Company's businesses, either viewed independently or together, or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. The foregoing factors should not be construed as exhaustive.

American Water Works Company, Inc. and Subsidiary Companies
Notes to Consolidated Financial Statements (Unaudited)
(Unless otherwise noted, in millions, except per share data)

Note 1: Basis of Presentation

The unaudited Consolidated Financial Statements included in this report include the accounts of American Water Works Company, Inc. and all of its subsidiaries (the “Company” or “American Water”), in which a controlling interest is maintained after the elimination of intercompany balances and transactions. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) for interim financial reporting, and the rules and regulations for reporting on Quarterly Reports on Form 10-Q (“Form 10-Q”). Accordingly, they do not contain certain information and disclosures required by GAAP for comprehensive financial statements. In the opinion of management, all adjustments necessary for a fair statement of the financial position as of September 30, 2022, and the results of operations and cash flows for all periods presented, have been made. All adjustments are of a normal, recurring nature, except as otherwise disclosed.

The unaudited Consolidated Financial Statements and Notes included in this report should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2021 (“Form 10-K”), which provides a more complete discussion of the Company’s accounting policies, financial position, operating results and other matters. The results of operations for interim periods are not necessarily indicative of the results that may be expected for the year, primarily due to the seasonality of the Company’s operations.

Note 2: Significant Accounting Policies

New Accounting Standards

Presented in the table below are new accounting standards that were adopted by the Company in 2022:

Standard	Description	Date of Adoption	Application	Effect on the Consolidated Financial Statements
Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity	Simplification of financial reporting associated with accounting for convertible instruments and contracts in an entity’s own equity. The standard reduced the number of accounting models for convertible debt instruments and convertible preferred stock. This will result in fewer embedded conversion features being separately recognized from the host contract. Earnings per share (“EPS”) calculations have been simplified for certain instruments.	January 1, 2022	Either modified retrospective or fully retrospective	The standard did not have a material impact on its Consolidated Financial Statements.
Disclosures by Business Entities about Government Assistance	The amendments in this update require additional disclosures regarding government grants and contributions. These disclosures require information on the following three items about government transactions to be provided: information on the nature of transactions and related accounting policy used to account for transactions, the line items on the balance sheet and income statement affected by these transactions including amounts applicable to each line, and significant terms and conditions of the transactions, including commitments and contingencies.	January 1, 2022	Either prospective or retrospective	The standard did not have a material impact on its Consolidated Financial Statements.

Presented in the table below are recently issued accounting standards that have not yet been adopted by the Company as of September 30, 2022:

Standard	Description	Date of Adoption	Application	Estimated Effect on the Consolidated Financial Statements
Accounting for Contract Assets and Contract Liabilities from Contracts with Customers	The guidance requires an acquirer recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with Accounting Standards Codification Topic 606, as if it had originated the contracts. The amendments in this update also provide certain practical expedients for acquirers when recognizing and measuring acquired contract assets and contract liabilities from revenue contracts in a business combination.	January 1, 2023; early adoption permitted	Prospective	The Company is evaluating any impact on its Consolidated Financial Statements, as well as the timing of adoption.
Troubled Debt Restructurings and Vintage Disclosures	The main provisions of this standard eliminate the receivables accounting guidance for troubled debt restructurings (“TDRs”) by creditors while enhancing disclosure requirements when a borrower is experiencing financial difficulty. Entities must apply the loan refinancing and restructuring guidance for receivables to determine whether a modification results in a new loan or a continuation of an existing loan. Additionally, the amendments in this update require that an entity disclose current-period gross write-offs by year of origination for financing receivables and net investment in leases.	January 1, 2023; early adoption permitted	Prospective, with a modified retrospective option for amendments related to the recognition and measurement of TDRs.	The Company is evaluating any impact on its Consolidated Financial Statements, as well as the timing of adoption.

Allowance for Uncollectible Accounts

Allowances for uncollectible accounts are maintained for estimated probable losses resulting from the Company's inability to collect receivables from customers. Accounts that are outstanding longer than the payment terms are considered past due. A number of factors are considered in determining the allowance for uncollectible accounts, including the length of time receivables are past due, previous loss history, current economic and societal conditions and reasonable and supportable forecasts that affect the collectability of receivables from customers. The Company generally writes off accounts when they become uncollectible or are over a certain number of days outstanding.

Presented in the table below are the changes in the allowance for uncollectible accounts for the nine months ended September 30:

	2022	2021
Balance as of January 1	\$ (75)	\$ (60)
Amounts charged to expense	(17)	(28)
Amounts written off	19	22
Other, net (a)	9	(10)
Balance as of September 30	<u>\$ (64)</u>	<u>\$ (76)</u>

- (a) This portion of the allowance for uncollectible accounts is primarily related to COVID-19 related regulatory asset activity. The 2021 activity also includes the portion of the allowance related to the Company's New York subsidiary, which was sold on January 1, 2022, and is included in assets held for sale on the Consolidated Balance Sheets as of December 31, 2021. See Note 5—Acquisitions and Divestitures for additional information.

Reclassifications

Certain reclassifications have been made to prior periods in the Consolidated Financial Statements and Notes to conform to the current presentation.

Note 3: Regulatory Matters**General Rate Cases and Infrastructure Surcharges**

Presented in the table below are annualized incremental revenues, excluding reductions for the amortization of excess accumulated deferred income tax (“EADIT”) that are generally offset in income tax expense, assuming a constant water sales volume, resulting from general rate case authorizations and infrastructure surcharge authorizations that became effective in the respective period:

(a) Excludes authorized increase of \$7 million for the nine months ended September 30, 2021, for the Company’s New York subsidiary, which was sold on January 1, 2022. See Note 5—Acquisitions and Divestitures for additional information.

Effective October 1, 2022, the Company’s Pennsylvania subsidiary implemented an infrastructure surcharge for annualized incremental revenues of \$8 million.

On August 17, 2022, the Company’s New Jersey subsidiary was authorized additional annual revenues of \$61 million in its general rate case, effective September 1, 2022, excluding agreed to reductions for EADIT as a result of the Tax Cuts and Jobs Act of 2017 (the “TCJA”) (\$46 million including EADIT reductions). The order incorporated updated estimates of production costs, including chemicals, fuel and power costs. Beginning January 1, 2023, the Company’s New Jersey subsidiary will defer as a regulatory asset or liability, as appropriate, the difference between its pension expense and other post-employment benefits expense and those amounts included in base rates. The deferral period for this regulatory asset or liability will be two years or, if earlier, will end at the conclusion of the Company’s New Jersey subsidiary’s next general rate case. The Company’s New Jersey subsidiary also withdrew its request, without prejudice, to recover its existing authorized COVID-19-related regulatory asset in the general rate case and will seek recovery in a separate proceeding within the process established in the New Jersey Board of Public Utilities’ (the “NJBPU”) generic COVID-19-related proceeding.

On February 24, 2022, the Company's West Virginia subsidiary ("WVAWC") was authorized additional annual revenues of \$15 million in its general rate case, effective February 25, 2022, excluding agreed to reductions for EADIT as a result of the TCJA. The EADIT reduction in revenues is \$2 million and the exclusion for infrastructure surcharges is \$10 million. Staff of the Public Service Commission of West Virginia moved for reconsideration of the final order on several grounds. WVAWC filed its response to the Staff's Petition for Reconsideration on March 28, 2022, in support of the authorized revenue requirement. On October 21, 2022, the Public Service Commission of West Virginia denied the motion for reconsideration.

On November 18, 2021, the California Public Utilities Commission (the "CPUC") unanimously approved a final decision in the test year 2021 general rate case filed by the Company's California subsidiary, which was retroactive to January 1, 2021. The Company's California subsidiary received authorization for additional annualized water and wastewater revenues of \$22 million, excluding agreed to reductions for EADIT as a result of the TCJA. The EADIT reduction in revenues is \$4 million and is offset by a like reduction in income tax expense. On February 16, 2022, the Company's California subsidiary received approval to increase rates by \$13 million in 2022 escalation increases, excluding \$4 million of reductions related to the TCJA, which was retroactive to January 1, 2022.

On March 2, 2021, an administrative law judge ("ALJ") in the Office of Administrative Law of New Jersey filed an initial decision with the NJBPU that recommended denial of a petition filed by the Company's New Jersey subsidiary, which sought approval of acquisition adjustments in rate base of \$29 million associated with the acquisitions of Shorelands Water Company, Inc. in 2017 and the Borough of Haddonfield's water and wastewater systems in 2015. On July 29, 2021, the NJBPU issued an order adopting the ALJ's initial decision without modification. The Company's New Jersey subsidiary filed a Notice of Appeal with the New Jersey Appellate Division on September 10, 2021. The Company's New Jersey subsidiary filed its brief in support of the appeal on March 4, 2022. Response and Reply briefs were filed on June 22, 2022, and August 4, 2022, respectively. There is no financial impact to the Company as a result of the NJBPU's order, since the acquisition adjustments are currently recorded as goodwill on the Consolidated Balance Sheets.

On February 25, 2021, the Company's Pennsylvania subsidiary was authorized additional annualized revenues of \$90 million, effective January 28, 2021, excluding agreed to reductions in revenues of \$19 million for EADIT as a result of the TCJA. The overall increase, net of TCJA reductions, is \$71 million in revenues combined over two steps. The first step was effective January 28, 2021 in the amount of \$70 million (\$51 million including TCJA reductions) and the second step was effective January 1, 2022 in the amount of \$20 million. The protected EADIT balance of \$200 million is being returned to customers using the average rate assumptions method, and the unprotected EADIT balance of \$116 million is being returned to customers over 20 years. The \$19 million annual reduction to revenue is comprised of both the protected and unprotected EADIT amortizations and a portion of catch-up period EADIT. A bill credit of \$11 million annually for two years returns to customers the remainder of the EADIT catch-up period amortization. The catch-up period of January 1, 2018, through December 31, 2020, covers the period from when the lower federal corporate income tax rate went into effect until new base rates went into effect and will be amortized over two years.

Pending General Rate Case Filings

On July 1, 2022, the Company's California subsidiary filed a general rate case requesting an increase in 2024 revenue of \$57 million and a total increase in revenue over the 2024 to 2026 period of \$99 million. The requested increase excludes proposed reductions for EADIT of \$1 million as a result of TCJA.

On July 1, 2022, the Company's Missouri subsidiary filed a general rate case requesting \$116 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA (\$105 million including EADIT reductions) and infrastructure surcharges.

On April 29, 2022, the Company's Pennsylvania subsidiary filed a general rate case requesting \$185 million in additional annualized water and wastewater revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. On October 11, 2022, the Company's Pennsylvania subsidiary, the Pennsylvania Public Utility Commission's (the "PaPUC") Bureau of Investigation and Enforcement, the Pennsylvania Office of Consumer Advocate, and certain other parties to the general rate case jointly filed a petition for settlement with the PaPUC providing for a total annualized revenue increase of \$138 million. The petition for settlement provides for an annualized revenue increase of \$150 million excluding agreed to reductions for EADIT as a result of the TCJA (\$138 million including EADIT reductions). In addition, the petition for settlement incorporates updated estimates of pension and other post-employment benefits expense, as well as increases in chemicals, fuel and power costs. Furthermore, the petition for settlement includes recovery of the COVID-19 deferral balance. An ALJ will review the petition for settlement and render a recommended decision to the PaPUC on whether it should approve the settlement. After its review of the matter, the PaPUC will issue a final order, which the Company expects to occur by January 2023, with new rates to be effective as of January 28, 2023.

On February 10, 2022, the Company's Illinois subsidiary filed a general rate case requesting \$71 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. The requested increase was subsequently updated in the Illinois subsidiary's June 29, 2022, rebuttal filing, with the request adjusted to \$85 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA (\$83 million including EADIT reductions) and infrastructure surcharges. The request was increased in the rebuttal filing to capture higher production costs and expected higher pension and other post-employment benefit costs. Evidentiary hearings were held on August 10, 2022, and on October 28, 2022, the ALJs issued a proposed order recommending \$69 million in additional annualized revenues, excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges (\$67 million including EADIT reductions), on a proposed return on equity of 9.78%. The final order is expected in late 2022 or early January 2023, with rates effective in January 2023.

On November 15, 2021, the Company's Virginia subsidiary filed a general rate case requesting \$15 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA. Interim rates were effective on May 1, 2022, and the difference between interim and final approved rates is subject to refund. On September 26, 2022, a settlement agreement, supported by all parties except one, was filed with the Virginia State Corporation Commission for a \$12 million annual revenue increase excluding agreed to reductions for EADIT as a result of TCJA (\$11 million including EADIT reductions). Public hearings were held on September 27 and 28, 2022. A final decision on this matter is expected in the first quarter of 2023.

The Company's California subsidiary submitted its application on May 3, 2021, to set its cost of capital for 2022 through 2024. According to the CPUC's procedural schedule, a decision setting the authorized cost of capital is expected to be issued in the fourth quarter of 2022.

Pending Infrastructure Surcharge Filings

On September 9, 2022, the Company's Missouri subsidiary filed an infrastructure surcharge proceeding requesting \$13 million in additional annualized revenues.

On June 30, 2022, WVAWC filed an infrastructure surcharge proceeding requesting \$8 million in additional annualized revenues.

Other Regulatory Matters

In September 2020, the CPUC released a decision under its Low-Income Rate Payer Assistance program rulemaking that required the Company's California subsidiary to file a proposal to alter its water revenue adjustment mechanism in its next general rate case filing in 2022, which would become effective in January 2024. On October 5, 2020, the Company's California subsidiary filed an application for rehearing of the decision and following the CPUC's denial of its rehearing application in September 2021, the Company's California subsidiary filed a petition for writ of review with the California Supreme Court on October 27, 2021. On May 18, 2022, the California Supreme Court issued a writ of review for the Company's California subsidiary's petition and the petitions filed by other entities challenging the decision. Independent of the judicial challenge, California passed Senate Bill 1469, which allows the CPUC to consider and authorize the implementation of a mechanism that separates the water corporation's revenue and its water sales. Legislation was signed by the Governor on September 30, 2022, and will become effective on January 1, 2023. In response to the legislation, on October 10, 2022, the Company's California subsidiary filed a request for the CPUC to consider the continuation of its decoupling mechanism in its pending 2022 general rate case, which would be effective 2024 through 2026.

Note 4: Revenue Recognition

Disaggregated Revenues

The Company's primary business involves the ownership of utilities that provide water and wastewater services to residential, commercial, industrial, public authority, fire service and sale for resale customers, collectively presented as the "Regulated Businesses." The Company also operates other market-based businesses that provide water and wastewater services to the U.S. government on military installations, as well as municipalities, and utility customers, collectively included within "Market-Based Businesses and Other."

Presented in the table below are operating revenues disaggregated for the three months ended September 30, 2022:

Contract Balances

Contract assets and contract liabilities are the result of timing differences between revenue recognition, billings and cash collections. In Market-Based Businesses and Other, certain contracts are billed as work progresses in accordance with agreed-upon contractual terms, either at periodic intervals or upon achievement of contractual milestones. Contract assets are recorded when billing occurs subsequent to revenue recognition and are reclassified to accounts receivable when billed and the right to consideration becomes unconditional. Contract liabilities are recorded when the Company receives advances from customers prior to satisfying contractual performance obligations, particularly for construction contracts, and are recognized as revenue when the associated performance obligations are satisfied.

Contract assets of \$76 million and \$71 million are included in unbilled revenues on the Consolidated Balance Sheets as of September 30, 2022, and December 31, 2021, respectively. There were \$124 million of contract assets added during the nine months ended September 30, 2022, and \$119 million of contract assets were transferred to accounts receivable during the same period. There were \$60 million of contract assets added during the nine months ended September 30, 2021, and \$31 million of contract assets were transferred to accounts receivable during the same period.

Contract liabilities of \$75 million and \$19 million are included in other current liabilities on the Consolidated Balance Sheets as of September 30, 2022, and December 31, 2021, respectively. There were \$150 million of contract liabilities added during the nine months ended September 30, 2022, and \$94 million of contract liabilities were recognized as revenue during the same period. There were \$141 million of contract liabilities added during the nine months ended September 30, 2021, and \$137 million of contract liabilities were recognized as revenue during the same period.

Remaining Performance Obligations

Remaining performance obligations (“RPOs”) represent revenues the Company expects to recognize in the future from contracts that are in progress. The Company enters into agreements for the provision of services to water and wastewater facilities for the U.S. military, municipalities and other customers. As of September 30, 2022, the Company’s operation and maintenance (“O&M”) and capital improvement contracts in Market-Based Businesses and Other have RPOs. Contracts with the U.S. government for work on various military installations expire between 2051 and 2073 and have RPOs of \$7.0 billion as of September 30, 2022, as measured by estimated remaining contract revenue. Such contracts are subject to customary termination provisions held by the U.S. government, prior to the agreed-upon contract expiration. Contracts with municipalities and commercial customers expire between 2026 and 2038 and have RPOs of \$542 million as of September 30, 2022, as measured by estimated remaining contract revenue. Some of the Company’s long-term contracts to operate and maintain the federal government’s, a municipality’s or other party’s water or wastewater treatment and delivery facilities include responsibility for certain maintenance for some of those facilities, in exchange for an annual fee. Unless specifically required to perform certain maintenance activities, the maintenance costs are recognized when the maintenance is performed.

Note 5: Acquisitions and Divestitures***Regulated Businesses******Acquisitions***

On May 27, 2022, the Company’s Pennsylvania subsidiary acquired the public wastewater collection and treatment system assets from the York City Sewer Authority and the City of York for a purchase price of \$235 million, in cash, \$20 million of which was funded as a deposit to the seller in April 2021 in connection with the execution of the acquisition agreement. The system assets serve, directly and indirectly through bulk contracts, more than 45,000 customers. The acquisition was accounted for as a business combination and the preliminary purchase price allocation will be finalized once the valuation of assets acquired has been completed, no later than one year after the acquisition date. The preliminary purchase price allocation consisted primarily of \$231 million of utility plant and \$4 million of goodwill, which is reported in the Company’s Regulated Businesses segment.

In addition to the acquisition of the York wastewater system assets noted above, during the nine months ended September 30, 2022, the Company closed on the acquisition of 14 regulated water and wastewater systems for an aggregate purchase price of \$73 million. Two of these acquisitions were accounted for as a business combination. Assets acquired from these acquisitions consisted principally of utility plant.

The pro forma impact of the Company’s acquisitions was not material to the Consolidated Statements of Operations for the periods ended September 30, 2022 and 2021.

Pending Acquisitions

On October 11, 2022, the Company’s Pennsylvania subsidiary entered into an agreement to acquire the wastewater assets of the Butler Area Sewer Authority for a total purchase price of \$232 million in cash, subject to adjustment as provided for in the Asset Purchase Agreement. This system provides wastewater service for approximately 14,700 customer connections. The Company expects to close this acquisition by the end of 2023, pending regulatory approval.

On March 29, 2021, the Company’s New Jersey subsidiary entered into an agreement to acquire the water and wastewater assets of Egg Harbor City for \$22 million. The water and wastewater systems currently serve approximately 1,500 customers each, or 3,000 combined, and are being sold through the New Jersey Water Infrastructure Protection Act process. The Company expects to close this acquisition in late 2022 or early 2023.

Sale of New York American Water Company, Inc.

On January 1, 2022, the Company completed the previously disclosed sale of its regulated utility operations in New York to Liberty Utilities (Eastern Water Holdings) Corp. (“Liberty”), an indirect, wholly owned subsidiary of Algonquin Power & Utilities Corp. Liberty purchased from the Company all of the capital stock of the Company’s New York subsidiary for a purchase price of \$608 million in cash. During the first quarter of 2022, the Company recognized a loss on sale of \$2 million.

Sale of Michigan American Water Company

On February 4, 2022, the Company completed the sale of its operations in Michigan for \$6 million.

Sale of Homeowner Services Group

On December 9, 2021, the Company sold all of the equity interests in subsidiaries that comprised the Company's Homeowner Services Group ("HOS") to a wholly owned subsidiary of funds advised by Apax Partners LLP, a global private equity advisory firm (the "Buyer"), for total consideration of approximately \$1.275 billion, resulting in pre-tax gain on sale of \$748 million during the fourth quarter of 2021. The consideration was comprised of \$480 million in cash, a seller promissory note issued by the Buyer in the principal amount of \$720 million, and a contingent cash payment of \$75 million payable upon satisfaction of certain conditions on or before December 31, 2023. See Note 13—Fair Value of Financial Information for additional information relating to the seller promissory note and contingent cash payment. For the nine months ended September 30, 2022, the Company recorded post-closing adjustments, primarily related to working capital, of pre-tax income of \$20 million, which is included in Other, net on the Consolidated Statements of Operations.

The seller note has a five-year term, is payable in cash, and bears interest at a rate of 7.00% per year during the term. The Company recognized \$13 million and \$38 million of interest income during the three and nine months ended September 30, 2022, respectively, from the seller note.

The Company and the Buyer also entered into revenue share agreements, pursuant to which the Company is to receive 10% of the revenue generated from customers who are billed for home warranty services through an applicable Company subsidiary (an "on-bill" arrangement), and 15% of the revenue generated from any future on-bill arrangements entered into after the closing. Unless earlier terminated, this agreement has a term of up to 15 years, which may be renewed for up to two five-year periods. The Company recognized \$2 million and \$6 million of income during the three and nine months ended September 30, 2022, respectively, from the revenue share agreements, which is included in Other, net on the Consolidated Statements of Operations.

Note 6: Shareholders' Equity**Accumulated Other Comprehensive Loss**

Presented in the table below are the changes in accumulated other comprehensive loss by component, net of tax, for the nine months ended September 30, 2022 and 2021, respectively:

	Defined Benefit Pension Plans			Loss on Cash Flow Hedges	Accumulated Other Comprehensive Loss
	Employee Benefit Plan Funded Status	Amortization of Prior Service Cost	Amortization of Actuarial Loss		
Balance as of December 31, 2021	\$ (107)	\$ 1	\$ 67	\$ (6)	\$ (45)
Other comprehensive income before reclassifications	—	—	—	4	4
Amounts reclassified from accumulated other comprehensive loss	—	—	2	—	2
Net other comprehensive income	—	—	2	4	6
Balance as of September 30, 2022	\$ (107)	\$ 1	\$ 69	\$ (2)	\$ (39)
Balance as of December 31, 2020	\$ (106)	\$ 1	\$ 63	\$ (7)	\$ (49)
Other comprehensive loss before reclassifications	—	—	—	1	1
Amounts reclassified from accumulated other comprehensive loss	—	—	3	—	3
Net other comprehensive income	—	—	3	1	4
Balance as of September 30, 2021	\$ (106)	\$ 1	\$ 66	\$ (6)	\$ (45)

The Company does not reclassify the amortization of defined benefit pension cost components from accumulated other comprehensive loss directly to net income in its entirety, as a portion of these costs have been deferred as a regulatory asset. These accumulated other comprehensive loss components are included in the computation of net periodic pension cost.

The amortization of the gain (loss) on cash flow hedges is reclassified to net income during the period incurred and is included in interest, net in the accompanying Consolidated Statements of Operations.

Dividends

On September 1, 2022, the Company paid a quarterly cash dividend of \$0.6550 per share to shareholders of record as of August 9, 2022.

On October 27, 2022, the Company's Board of Directors declared a quarterly cash dividend payment of \$0.6550 per share, payable on December 1, 2022, to shareholders of record as of November 8, 2022. Future dividends, when and as declared at the discretion of the Board of Directors, will be dependent upon future earnings and cash flows, compliance with various regulatory, financial and legal requirements, and other factors. See Note 10—Shareholders' Equity in the Notes to Consolidated Financial Statements in the Company's Form 10-K for additional information regarding the payment of dividends on the Company's common stock.

Note 7: Long-Term Debt

On May 5, 2022, American Water Capital Corp. ("AWCC"), issued \$800 million aggregate principal amount of 4.45% senior notes due 2032. At closing, AWCC received, after deduction of underwriting discounts and before deduction of offering expenses, net proceeds of approximately \$792 million. AWCC used the net proceeds of the offering: (i) to lend funds to the Company and its subsidiaries in its Regulated Businesses segment; (ii) to repay AWCC's commercial paper obligations; and (iii) for general corporate purposes.

In April 2022, the Company entered into several 10-year treasury lock agreements, with notional amounts totaling \$400 million, and an average fixed interest rate of 2.89%. The Company designated these treasury lock agreements as cash flow hedges, with their fair value recorded in accumulated other comprehensive gain or loss. In May 2022, the Company terminated the treasury lock agreements, realizing a net gain of approximately \$4 million, to be amortized through interest, net over a 10-year period, in accordance with the tenor of the debt issuance on May 5, 2022. No ineffectiveness was recognized on hedging instruments for the three and nine months ended September 30, 2022.

In addition to the senior notes issued by AWCC as described above, during the nine months ended September 30, 2022, the Company's regulated subsidiaries issued in the aggregate \$22 million of private activity bonds and government funded debt in multiple transactions with annual interest rates ranging from 0.00% to 1.75%, with a weighted average interest rate of 1.05%, maturing in 2027 through 2042. During the nine months ended September 30, 2022, AWCC and the Company's regulated subsidiaries made sinking fund payments for, or repaid at maturity, \$14 million in aggregate principal amount of outstanding long-term debt, with annual interest rates ranging from 0.00% to 12.25%, a weighted average interest rate of 2.18%, and maturity dates ranging from 2022 to 2051.

Note 8: Short-Term Debt

Liquidity needs for capital investment, working capital and other financial commitments are generally funded through cash flows from operations, public and private debt offerings, commercial paper markets and, if and to the extent necessary, borrowings under the AWCC revolving credit facility, and, in the future, issuances of equity. Additionally, proceeds from the aforementioned sales of HOS and the Company's New York subsidiary will be used primarily for capital investment in the Regulated Businesses.

The Company maintains an unsecured revolving credit facility with a diversified group of financial institutions. AWCC's revolving credit facility is used principally to support its commercial paper program, to provide additional liquidity support, and to provide a sublimit for the issuance of up to \$150 million in letters of credit. On October 26, 2022, AWCC and certain lenders amended and restated the credit agreement with respect to the revolving credit facility to, among other things, increase the maximum commitments under the facility to \$2.75 billion from \$2.25 billion and to extend the expiration date of the facility to October 2027 from March 2025. Subject to satisfying certain conditions, the credit agreement also permits AWCC to increase the maximum commitment under the facility by up to an aggregate of \$500 million and to request extensions of its expiration date for up to two one-year periods. Also, effective October 26, 2022, the maximum aggregate principal amount of short-term borrowings authorized for issuance under AWCC's commercial paper program was increased to \$2.60 billion from \$2.10 billion.

Short-term debt consists of commercial paper borrowings totaling \$634 million and \$584 million as of September 30, 2022, and December 31, 2021, respectively. The weighted-average interest rate on AWCC's outstanding short-term borrowings was approximately 3.22% and 0.20% at September 30, 2022 and December 31, 2021, respectively. As of September 30, 2022, and December 31, 2021, there were no borrowings outstanding under the revolving credit facility, and there were no commercial paper borrowings outstanding with maturities greater than three months.

Presented in the tables below is the aggregate credit facility commitments, commercial paper limit and letter of credit availability under the revolving credit facility, as well as the available capacity for each:

	As of September 30, 2022		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(634)	(75)	(709)
Remaining availability as of September 30, 2022	\$ 1,466	\$ 75	\$ 1,541

(a) Total remaining availability of \$1.54 billion as of September 30, 2022, may be accessed through revolver draws.

	As of December 31, 2021		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(584)	(76)	(660)
Remaining availability as of December 31, 2021	\$ 1,516	\$ 74	\$ 1,590

(a) Total remaining availability of \$1.59 billion as of December 31, 2021, may be accessed through revolver draws.

Presented in the table below is the Company's total available liquidity as of September 30, 2022 and December 31, 2021, respectively:

	Cash and Cash Equivalents	Availability on Revolving Credit Facility	Total Available Liquidity
(In millions)			
Available liquidity as of September 30, 2022	\$ 77	\$ 1,541	\$ 1,618
Available liquidity as of December 31, 2021	\$ 116	\$ 1,590	\$ 1,706

Note 9: Income Taxes

The Company's effective income tax rate was 19.1% and 18.2% for the three months ended September 30, 2022 and 2021, respectively, and 18.9% and 17.2% for the nine months ended September 30, 2022 and 2021, respectively. The increase in the Company's effective income tax rate for the three and nine months ended September 30, 2022, was primarily due to a decrease in the amortization of EADIT pursuant to regulatory orders.

Other Tax Matters

On July 8, 2022, Pennsylvania Governor Tom Wolf signed into law Act 53 of 2022, which reduces the Pennsylvania state corporate income tax rate in yearly increments starting January 1, 2023, with a new rate of 8.99% and ending effective January 1, 2031, with a rate of 4.99%. Under Accounting Standards Codification Topic 740, Income Taxes ("ASC 740"), the tax effects of changes in tax laws must be recognized in the period in which the law is enacted. ASC 740 also requires deferred tax assets and liabilities to be measured at the enacted tax rate expected to apply when temporary differences are to be realized or settled. As such, the Company's accumulated deferred income tax ("ADIT") balances for their Pennsylvania subsidiary were remeasured during the quarter ended September 30, 2022, to estimate the impacts of the recently enacted tax rate. The remeasurement reduces the ADIT liability by \$132 million and creates a corresponding regulatory liability since the EADIT is expected to be returned to customers in a future rate case. However, since the rate is declining in yearly increments, the total EADIT will be subject to change. The rate change impacts to the non-regulated companies have been deemed immaterial.

On September 27, 2022, Iowa's Department of Revenue announced a reduction in the state's top corporate rate from 9.8% to 8.4% effective January 1, 2023. The remeasurement reduces the ADIT liability for the Company's Iowa subsidiary by \$1 million and creates a corresponding regulatory liability since the EADIT balance is expected to be returned to customers in a future rate case. The rate impacts to the non-regulated companies have been deemed immaterial.

Note 10: Pension and Other Postretirement Benefits

Presented in the table below are the components of net periodic benefit credit:

	For the Three Months Ended September 30,		For the Nine Months Ended September 30,	
	2022	2021	2022	2021
Components of net periodic pension benefit credit:				
Service cost	\$ 8	\$ 9	\$ 23	\$ 27
Interest cost	16	16	48	49
Expected return on plan assets	(31)	(31)	(92)	(95)
Amortization of prior service credit	(1)	(1)	(3)	(2)
Amortization of actuarial loss	5	7	15	20
Net periodic pension benefit credit	\$ (3)	\$ —	\$ (9)	\$ (1)
Components of net periodic other postretirement benefit credit:				
Service cost	\$ 1	\$ 1	\$ 3	\$ 3
Interest cost	3	2	8	6
Expected return on plan assets	(5)	(5)	(15)	(15)
Amortization of prior service credit	(8)	(8)	(24)	(24)
Net periodic other postretirement benefit credit	\$ (9)	\$ (10)	\$ (28)	\$ (30)

The Company contributed \$9 million and \$27 million for the funding of its defined benefit pension plans for the three and nine months ended September 30, 2022, respectively, and contributed \$10 million and \$28 million for the funding of its defined benefit pension plans for the three and nine months ended September 30, 2021, respectively. There were no material contributions and \$13 million of contributions for the funding of the Company’s other postretirement benefit plans for the three and nine months ended September 30, 2022, respectively, and \$3 million of contributions for each of the three and nine months ended September 30, 2021. The Company expects to make pension contributions to the plan trusts of \$9 million during the remainder of 2022.

Note 11: Commitments and Contingencies

Contingencies

The Company is routinely involved in legal actions incident to the normal conduct of its business. As of September 30, 2022, the Company has accrued approximately \$4 million of probable loss contingencies and has estimated that the maximum amount of losses associated with reasonably possible loss contingencies that can be reasonably estimated is \$3 million. For certain matters, claims and actions, the Company is unable to estimate possible losses. The Company believes that damages or settlements, if any, recovered by plaintiffs in such matters, claims or actions, other than as described in this Note 11—Commitments and Contingencies, will not have a material adverse effect on the Company.

West Virginia Elk River Freedom Industries Chemical Spill

On June 8, 2018, the U.S. District Court for the Southern District of West Virginia granted final approval of a settlement class and global class action settlement (the “Settlement”) for all claims and potential claims by all class members (collectively, the “West Virginia Plaintiffs”) arising out of the January 2014 Freedom Industries, Inc. chemical spill in West Virginia. The effective date of the Settlement was July 16, 2018. Under the terms and conditions of the Settlement, WVAWC and certain other Company-affiliated entities did not admit, and will not admit, any fault or liability for any of the allegations made by the West Virginia Plaintiffs in any of the actions that were resolved.

The aggregate pre-tax amount contributed by WVAWC of the \$126 million portion of the Settlement with respect to the Company, net of insurance recoveries, is \$19 million. As of September 30, 2022, \$0.5 million of the aggregate Settlement amount of \$126 million has been reflected in accrued liabilities, and \$0.5 million in offsetting insurance receivables have been reflected in other current assets on the Consolidated Balance Sheets. The amount reflected in accrued liabilities as of September 30, 2022 reflects reductions in the liability and appropriate reductions to the offsetting insurance receivable reflected in other current assets, associated with payments made to the Settlement fund, the receipt of a determination by the Settlement fund’s appeal adjudicator on all remaining medical claims and the calculation of remaining attorneys’ fees and claims administration costs. The Company funded WVAWC’s contributions to the Settlement through existing sources of liquidity.

Dunbar, West Virginia Water Main Break Class Action Litigation

On the evening of June 23, 2015, a 36-inch pre-stressed concrete transmission water main, installed in the early 1970s, failed. The water main is part of the West Relay pumping station located in the City of Dunbar, West Virginia and owned by WVAWC. The failure of the main caused water outages and low pressure for up to approximately 25,000 WVAWC customers. In the early morning hours of June 25, 2015, crews completed a repair, but that same day, the repair developed a leak. On June 26, 2015, a second repair was completed and service was restored that day to approximately 80% of the impacted customers, and to the remaining approximately 20% by the next morning. The second repair showed signs of leaking, but the water main was usable until June 29, 2015, to allow tanks to refill. The system was reconfigured to maintain service to all but approximately 3,000 customers while a final repair was being completed safely on June 30, 2015. Water service was fully restored by July 1, 2015 to all customers affected by this event.

On June 2, 2017, a complaint captioned *Jeffries, et al. v. West Virginia-American Water Company* was filed in West Virginia Circuit Court in Kanawha County on behalf of an alleged class of residents and business owners who lost water service or pressure as a result of the Dunbar main break. The complaint alleges breach of contract by WVAWC for failure to supply water, violation of West Virginia law regarding the sufficiency of WVAWC's facilities and negligence by WVAWC in the design, maintenance and operation of the water system. The *Jeffries* plaintiffs seek unspecified alleged damages on behalf of the class for lost profits, annoyance and inconvenience, and loss of use, as well as punitive damages for willful, reckless and wanton behavior in not addressing the risk of pipe failure and a large outage.

In February 2020, the *Jeffries* plaintiffs filed a motion seeking class certification on the issues of breach of contract and negligence, and to determine the applicability of punitive damages and a multiplier for those damages if imposed. In July 2020, the Circuit Court entered an order granting the *Jeffries* plaintiffs' motion for certification of a class regarding certain liability issues but denying certification of a class to determine a punitive damages multiplier. In August 2020, WVAWC filed a Petition for Writ of Prohibition in the Supreme Court of Appeals of West Virginia seeking to vacate or remand the Circuit Court's order certifying the issues class. On January 28, 2021, the Supreme Court of Appeals remanded the case back to the Circuit Court for further consideration in light of a decision issued in another case relating to the class certification issues raised on appeal. On July 5, 2022, the Circuit Court entered an order again certifying a class to address at trial certain liability issues but not to consider damages. On August 26, 2022, WVAWC filed another Petition for Writ of Prohibition in the Supreme Court of Appeals challenging this latest class certification order. The Writ Petition has been supported by an amicus brief filed by certain water and utility industry trade groups. The Supreme Court of Appeals will decide whether to accept the Writ Petition by issuing a Rule to Show Cause.

The Company and WVAWC believe that WVAWC has valid, meritorious defenses to the claims raised in this class action complaint. WVAWC is vigorously defending itself against these allegations. The Company cannot currently determine the likelihood of a loss, if any, or estimate the amount of any loss or a range of such losses related to this proceeding.

Chattanooga, Tennessee Water Main Break Class Action Litigation

On September 12, 2019, the Company's Tennessee subsidiary ("TAWC"), experienced a leak in a 36-inch water transmission main, which caused service fluctuations or interruptions to TAWC customers and the issuance of a boil water notice. TAWC repaired the main by early morning on September 14, 2019, and restored full water service by the afternoon of September 15, 2019, with the boil water notice lifted for all customers on September 16, 2019.

On September 17, 2019, a complaint captioned *Bruce, et al. v. American Water Works Company, Inc., et al.* was filed in the Circuit Court of Hamilton County, Tennessee against TAWC, the Company and American Water Works Service Company, Inc. ("Service Company" and, together with TAWC and the Company, collectively, the "Tennessee-American Water Defendants"), on behalf of a proposed class of individuals or entities who lost water service or suffered monetary losses as a result of the Chattanooga incident (the "Tennessee Plaintiffs"). The complaint alleged breach of contract and negligence against the Tennessee-American Water Defendants, as well as an equitable remedy of piercing the corporate veil. In the complaint as originally filed, the Tennessee Plaintiffs were seeking an award of unspecified alleged damages for wage losses, business and economic losses, out-of-pocket expenses, loss of use and enjoyment of property and annoyance and inconvenience, as well as punitive damages, attorneys' fees and pre- and post-judgment interest. In September 2020, the court dismissed all of the Tennessee Plaintiffs' claims in their complaint, except for the breach of contract claims against TAWC, which remain pending. In October 2020, TAWC answered the complaint, and the parties have been engaging in discovery. A hearing that had been originally scheduled for October 2022 to address the question of class certification has been postponed to January 2023.

TAWC and the Company believe that TAWC has meritorious defenses to the claims raised in this class action complaint, and TAWC is vigorously defending itself against these allegations. The Company cannot currently determine the likelihood of a loss, if any, or estimate the amount of any loss or a range of such losses related to this proceeding.

*Alternative Water Supply in Lieu of Carmel River Diversions*Compliance with Orders to Reduce Carmel River Diversions—Monterey Peninsula Water Supply Project

Under a 2009 order (the “2009 Order”) of the State Water Resources Control Board (the “SWRCB”), the Company’s California subsidiary (“Cal Am”) is required to decrease significantly its yearly diversions of water from the Carmel River according to a set reduction schedule. In 2016, the SWRCB issued an order (the “2016 Order”) approving a deadline of December 31, 2021 for Cal Am’s compliance with these prior orders.

Cal Am is currently involved in developing the Monterey Peninsula Water Supply Project (the “Water Supply Project”), which includes the construction of a desalination plant, to be owned by Cal Am, and the construction of wells that would supply water to the desalination plant. In addition, the Water Supply Project also includes Cal Am’s purchase of water from a groundwater replenishment project (the “GWR Project”) between Monterey One Water and the Monterey Peninsula Water Management District (the “MPWMD”). The Water Supply Project is intended, among other things, to fulfill Cal Am’s obligations under the 2009 Order and the 2016 Order.

Cal Am’s ability to move forward on the Water Supply Project is subject to administrative review by the CPUC and other government agencies, obtaining necessary permits, and intervention from other parties. In September 2016, the CPUC unanimously approved a final decision to authorize Cal Am to enter into a water purchase agreement for the GWR Project and to construct a pipeline and pump station facilities and recover up to \$50 million in associated incurred costs plus an allowance for funds used during construction (“AFUDC”), subject to meeting certain criteria.

In September 2018, the CPUC unanimously approved another final decision finding that the Water Supply Project meets the CPUC’s requirements for a certificate of public convenience and necessity and an additional procedural phase was not necessary to consider alternative projects. The CPUC’s 2018 decision concludes that the Water Supply Project is the best project to address estimated future water demands in Monterey, and, in addition to the cost recovery approved in its 2016 decision, adopts Cal Am’s cost estimates for the Water Supply Project, which amounted to an aggregate of \$279 million plus AFUDC at a rate representative of Cal Am’s actual weighted average cost of capital. The 2018 final decision specifies the procedures for recovery of all of Cal Am’s prudently incurred costs associated with the Water Supply Project upon its completion, subject to the frameworks included in the final decision related to cost caps, operation and maintenance costs, financing, ratemaking and contingency matters. The reasonableness of the Water Supply Project costs will be reviewed by the CPUC when Cal Am seeks cost recovery for the Water Supply Project. Cal Am has incurred \$206 million in aggregate costs as of September 30, 2022 related to the Water Supply Project, which includes \$55 million in AFUDC.

In September 2021, Cal Am, Monterey One Water and the MPWMD reached an agreement on Cal Am’s purchase of additional water from an expansion to the GWR Project, which is not expected to produce additional water until 2024 at the earliest. The amended and restated water purchase agreement for the GWR Project expansion is subject to review and approval of the CPUC, and on November 29, 2021, Cal Am filed an application with the CPUC seeking review and approval of the amended and restated water purchase agreement. Cal Am is also requesting rate base treatment of the additional capital investment for certain Cal Am facilities required to maximize the water supply from the expansion to the GWR Project and a related Aquifer Storage and Recovery Project, totaling approximately \$81 million. This amount is in addition to, and consistent in regulatory treatment with, the prior \$50 million of cost recovery for facilities associated with the original water purchase agreement, which was approved by the CPUC in its 2016 final decision. In September 2022, the parties completed testimony related to this CPUC proceeding, and the parties are now meeting and conferring to set hearing dates during the fourth quarter of 2022.

On September 30, 2022, a CPUC-assigned ALJ issued a proposed decision that would, if adopted by the CPUC, authorize Cal Am to enter into the amended water purchase agreement, and specifically to increase pumping capacity and reliability of groundwater extraction from the Seaside Groundwater Basin. The proposed decision sets the cost cap for the proposed facilities at approximately \$45 million, and the remaining \$36 million of costs initially requested have been deferred to a subsequent filing. Under the proposed decision, Cal Am may seek recovery of amounts above the cost cap in a subsequent rate filing or general rate case. Additionally, the proposed decision recommended AFUDC be authorized at Cal Am’s actual weighted average cost of debt. On October 20, 2022, the parties filed their comments to the proposed decision. Cal Am currently expects a CPUC ruling to be issued by the end of 2022. After that, this matter will remain open as part of a Phase 2 proceeding to update supply and demand amounts for the Water Supply Project and to address certain of the deferred capital requests.

While Cal Am believes that its expenditures to date have been prudent and necessary to comply with the 2009 Order and the 2016 Order, as well as the CPUC’s 2016 and 2018 final decisions, Cal Am cannot currently predict its ability to recover all of its costs and expenses associated with the Water Supply Project and there can be no assurance that Cal Am will be able to recover all of such costs and expenses in excess of the \$50 million in construction costs previously approved by the CPUC in its 2016 final decision.

Coastal Development Permit Application

In June 2018, Cal Am submitted a coastal development permit application to the City of Marina (the “City”) for those project components of the Water Supply Project located within the City’s coastal zone. Members of the City’s Planning Commission, as well as City councilpersons, have publicly expressed opposition to the Water Supply Project. In May 2019, the City issued a notice of final local action based upon the denial by the Planning Commission of Cal Am’s coastal development permit application. Thereafter, Cal Am appealed this decision to the California Coastal Commission (the “Coastal Commission”), as permitted under the City’s code and the California Coastal Act. At the same time, Cal Am submitted an application to the Coastal Commission for a coastal development permit for those project components located within the Coastal Commission’s original jurisdiction. In October 2019, staff of the Coastal Commission issued a report recommending a denial of Cal Am’s application for a coastal development permit with respect to the Water Supply Project, largely based on a memorandum prepared by the general manager of the MPWMD that contradicted findings made by the CPUC in its final decision approving the Water Supply Project. In November 2019, discussions between staffs of the Coastal Commission and the CPUC took place regarding the Coastal Commission staff recommendation, at which time the CPUC raised questions about the Coastal Commission staff’s findings on water supply and demand, groundwater impacts and the viability of a project that the Coastal Commission staff believes may be a possible alternative to the Water Supply Project.

In August 2020, the staff of the Coastal Commission released a report again recommending denial of Cal Am’s application for a coastal development permit. Although the report concluded that the Water Supply Project would have a negligible impact on groundwater resources, the report also concluded it would impact other coastal resources, such as environmentally sensitive habitat areas and wetlands, and that the Coastal Commission staff believes that a feasible alternative project exists that would avoid those impacts. The staff’s report also noted disproportionate impacts to communities of concern. In September 2020, Cal Am withdrew its original jurisdiction application to allow additional time to address the Coastal Commission staff’s environmental justice concerns. The withdrawal of the original jurisdiction application did not impact Cal Am’s appeal of the City’s denial, which remains pending before the Coastal Commission. Cal Am refiled the original jurisdiction application in November 2020. In December 2020, the Coastal Commission sent to Cal Am a notice of incomplete application, identifying certain additional information needed to consider the application complete. In March 2021, Cal Am provided responses to the Coastal Commission’s notice of incomplete application. In June 2021, the Coastal Commission responded, acknowledging the responses and requesting certain additional information before the application could be considered complete. Cal Am responded with the requested additional information on January 11, 2022, and on February 8, 2022, the Coastal Commission requested additional information, and Cal Am responded with additional information. On September 1, 2022, the Coastal Commission deemed Cal Am’s application complete. A hearing on the application is expected in November 2022.

Cal Am continues to work constructively with all appropriate agencies to provide necessary information in connection with obtaining required approvals for the Water Supply Project. However, there can be no assurance that the Water Supply Project in its current configuration will be completed on a timely basis, if ever. Beginning in January 2022, Cal Am expects to be able to comply with the diversion reduction requirements contained in the 2016 Order, but continued compliance with the diversion reduction requirements for 2023 and future years will depend on successful development of alternate water supply sources, sufficient to meet customer demand. The 2009 Order and the 2016 Order remain in effect until Cal Am certifies to the SWRCB, and the SWRCB concurs, that Cal Am has obtained a permanent supply of water to substitute for past unauthorized Carmel River diversions. While the Company cannot currently predict the likelihood or result of any adverse outcome associated with these matters, further attempts to comply with the 2009 Order and the 2016 Order may result in material additional costs and obligations to Cal Am, including fines and penalties against Cal Am in the event of noncompliance with the 2009 Order and the 2016 Order.

Note 12: Earnings per Common Share

Presented in the table below is a reconciliation of the numerator and denominator for the basic and diluted EPS calculations:

	For the Three Months Ended September 30,		For the Nine Months Ended September 30,	
	2022	2021	2022	2021
Numerator:				
Net income attributable to common shareholders	\$ 297	\$ 278	\$ 673	\$ 618
Denominator:				
Weighted-average common shares outstanding—Basic	182	182	182	182
Effect of dilutive common stock equivalents	—	—	—	—
Weighted-average common shares outstanding—Diluted	182	182	182	182

The effect of dilutive common stock equivalents is related to outstanding stock options, restricted stock units (“RSUs”) and performance stock units (“PSUs”) granted under the Company’s 2007 Omnibus Equity Compensation Plan and outstanding RSUs and PSUs granted under the Company’s 2017 Omnibus Equity Compensation Plan, as well as estimated shares to be purchased under the Company’s 2017 Nonqualified Employee Stock Purchase Plan. Less than one million share-based awards were excluded from the computation of diluted EPS for the three and nine months ended September 30, 2022 and 2021, because their effect would have been anti-dilutive under the treasury stock method.

Note 13: Fair Value of Financial Information

Fair Value of Financial Instruments

The following methods and assumptions were used by the Company in estimating its fair value disclosures for financial instruments:

Current assets and current liabilities—The carrying amounts reported on the Consolidated Balance Sheets for current assets and current liabilities, including revolving credit debt, due to the short-term maturities and variable interest rates, approximate their fair values.

Seller promissory note from the sale of HOS — The carrying amount reported on the Consolidated Balance Sheets for the seller promissory note from the sale of HOS is \$720 million as of September 30, 2022 and December 31, 2021. This amount represents the principal amount owed under the seller note, for which the Company expects to receive full payment. The accounting fair value measurement of the seller note approximated \$681 million and \$720 million as of September 30, 2022 and December 31, 2021, respectively. The accounting fair value measurement is an estimate that is reflective of changes in benchmark interest rates. The seller note is classified as Level 3 within the fair value hierarchy.

Preferred stock with mandatory redemption requirements and long-term debt—The fair values of preferred stock with mandatory redemption requirements and long-term debt are categorized within the fair value hierarchy based on the inputs that are used to value each instrument. The fair value of long-term debt classified as Level 1 is calculated using quoted prices in active markets. Level 2 instruments are valued using observable inputs and Level 3 instruments are valued using observable and unobservable inputs.

Presented in the tables below are the carrying amounts, including fair value adjustments previously recognized in acquisition purchase accounting, and the fair values of the Company’s financial instruments:

	As of September 30, 2022				
	Carrying Amount	At Fair Value			Total
		Level 1	Level 2	Level 3	
Preferred stock with mandatory redemption requirements	\$ 3	\$ —	\$ —	\$ 3	\$ 3
Long-term debt (excluding finance lease obligations)	11,205	8,378	47	1,397	9,822
	As of December 31, 2021				
	Carrying Amount	At Fair Value			Total
		Level 1	Level 2	Level 3	
Preferred stock with mandatory redemption requirements	\$ 4	\$ —	\$ —	\$ 6	\$ 6
Long-term debt (excluding finance lease obligations)	10,396	10,121	60	1,637	11,818

Recurring Fair Value Measurements

Presented in the tables below are assets and liabilities measured and recorded at fair value on a recurring basis and their level within the fair value hierarchy:

Liabilities:				
Deferred compensation obligations	27	—	—	27
Total liabilities	27	—	—	27
Total assets	\$ 61	\$ —	\$ 72	\$ 133

Restricted funds—The Company’s restricted funds primarily represent proceeds received from financings for the construction and capital improvement of facilities and from customers for future services under operation, maintenance and repair projects.

Rabbi trust investments—The Company’s rabbi trust investments consist of equity and index funds from which supplemental executive retirement plan benefits and deferred compensation obligations can be paid. The Company includes these assets in other long-term assets on the Consolidated Balance Sheets.

Deposits—Deposits include escrow funds and certain other deposits held in trust. The Company includes cash deposits in other current assets on the Consolidated Balance Sheets.

Deferred compensation obligations—The Company’s deferred compensation plans allow participants to defer certain cash compensation into notional investment accounts. The Company includes such plans in other long-term liabilities on the Consolidated Balance Sheets. The value of the Company’s deferred compensation obligations is based on the market value of the participants’ notional investment accounts. The notional investments are comprised primarily of mutual funds, which are based on observable market prices.

Mark-to-market derivative assets and liabilities—The Company employs derivative financial instruments in the form of variable-to-fixed interest rate swaps and treasury lock agreements, classified as economic hedges and cash flow hedges, respectively, in order to fix the interest cost on existing or forecasted debt. The Company may use fixed-to-floating interest rate swaps, typically designated as fair-value hedges, to achieve a targeted level of variable-rate debt as a percentage of total debt. The Company uses a calculation of future cash inflows and estimated future outflows, which are discounted, to determine the current fair value. Additional inputs to the present value calculation include the contract terms, counterparty credit risk, interest rates and market volatility. The Company had no mark-to-market derivatives outstanding as of September 30, 2022.

Other investments—Other investments primarily represent money market funds used for active employee benefits. The Company includes other investments in other current assets on the Consolidated Balance Sheets.

Contingent cash payment from the sale of HOS—The Company's contingent cash payment derivative included as part of the consideration from the sale of HOS is included in other long-term assets on the Consolidated Balance Sheets. The fair value of the contingent cash payment is \$72 million, which is reflective of changes in the benchmark interest rate and estimated using the probability of the outcome of receipt of the \$75 million, a Level 3 input.

Note 14: Leases

The Company has operating and finance leases involving real property, including facilities, utility assets, vehicles, and equipment. Certain operating leases have renewal options ranging from one to 60 years. The exercise of lease renewal options is at the Company's sole discretion. Renewal options that the Company was reasonably certain to exercise are included in the Company's right-of-use ("ROU") assets. Certain operating leases contain the option to purchase the leased property. The operating leases for real property, vehicles and equipment will expire over the next 37 years, six years, and four years, respectively.

The Company participates in a number of arrangements with various public entities ("Partners") in West Virginia. Under these arrangements, the Company transferred a portion of its utility plant to the Partners in exchange for an equal principal amount of Industrial Development Bonds ("IDBs") issued by the Partners under the Industrial Development and Commercial Development Bond Act. The Company leased back the utility plant under agreements for a period of 30 to 40 years. The Company has recorded these agreements as finance leases in property, plant and equipment, as ownership of the assets will revert back to the Company at the end of the lease term. The carrying value of the finance lease assets was \$146 million as of September 30, 2022 and December 31, 2021. The Company determined that the finance lease obligations and the investments in IDBs meet the conditions for offsetting, and as such, are reported net on the Consolidated Balance Sheets and excluded from the finance lease disclosure presented below.

The Company also enters into O&M agreements with the Partners. The Company pays an annual fee for use of the Partners' assets in performing under the O&M agreements. The O&M agreements are recorded as operating leases, and future annual use fees of \$1 million in 2022, \$4 million in 2023 through 2026, and \$48 million thereafter, are included in operating lease ROU assets and operating lease liabilities on the Consolidated Balance Sheets.

Rental expenses under operating and finance leases were \$3 million for each of the three months ended September 30, 2022 and September 30, 2021, and \$9 million and \$10 million for the nine months ended September 30, 2022 and September 30, 2021, respectively.

For the three and nine months ended September 30, 2022, cash paid for amounts in lease liabilities, which includes operating and financing cash flows from operating and finance leases, were \$3 million and \$9 million, respectively. For the nine months ended September 30, 2022, there were ROU assets obtained in exchange for new operating lease liabilities of \$4 million.

As of September 30, 2022, the weighted-average remaining lease term of the finance lease and operating leases were four years and 17 years, respectively, and the weighted-average discount rate of the finance lease and operating leases were 12% and 4%, respectively.

The future maturities of lease liabilities as of September 30, 2022 were \$3 million in 2022, \$10 million in 2023, \$9 million in 2024, \$9 million in 2025, \$8 million in 2026, and \$88 million thereafter. As of September 30, 2022, imputed interest was \$42 million.

Note 15: Segment Information

The Company's operating segments are comprised of the revenue-generating components of its businesses for which separate financial information is internally produced and regularly used by management to make operating decisions, assess performance and allocate resources. The Company operates its businesses primarily through one reportable segment, the Regulated Businesses segment. "Market-Based Businesses and Other" includes market-based businesses that, individually, do not meet the criteria of a reportable segment in accordance with GAAP, corporate costs that are not allocated to the Company's operating segments, eliminations of inter-segment transactions and fair value adjustments and associated income and deductions related to acquisitions that have not been allocated to the operating segments for evaluation of performance and allocation of resource purposes. The adjustments related to the acquisitions are reported in Market-Based Businesses and Other as they are excluded from segment performance measures evaluated by management.

As a result of the sale of HOS, the categories which were previously shown as "Market-Based Businesses" and "Other" have been combined and shown as "Market-Based Businesses and Other." Segment results for the three and nine months ended September 30, 2021, have been adjusted retrospectively to reflect this change.

Presented in the tables below is summarized segment information:

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read together with the unaudited Consolidated Financial Statements and the Notes thereto included elsewhere in this Form 10-Q, and in the Company’s Form 10-K for the year ended December 31, 2021. This discussion contains forward-looking statements that are based on management’s current expectations, estimates and projections about the Company’s business, operations and financial performance. The cautionary statements made in this Form 10-Q should be read as applying to all related forward-looking statements whenever they appear in this Form 10-Q. The Company’s actual results may differ materially from those currently anticipated and expressed in such forward-looking statements as a result of a number of factors, including those that are discussed under “Forward-Looking Statements” and elsewhere in this Form 10-Q. The Company has a disclosure committee consisting of members of senior management and other key employees involved in the preparation of the Company’s SEC reports. The disclosure committee is actively involved in the review and discussion of the Company’s SEC filings.

Overview

American Water is the largest and most geographically diverse, publicly traded water and wastewater utility company in the United States, as measured by both operating revenues and population served. The Company’s primary business involves the ownership of utilities that provide water and wastewater services to residential, commercial, industrial, public authority, fire service and sale for resale customers, collectively presented as the “Regulated Businesses.” Services provided by the Company’s utilities are subject to regulation by multiple state utility commissions or other entities engaged in utility regulation, collectively referred to as public utility commissions (“PUCs”). The Company also operates other market-based businesses not subject to economic regulation by state PUCs that provide water and wastewater services to the U.S. government on military installations, as well as municipalities, and utility customers, collectively included within “Market-Based Businesses and Other.” See Part I, Item 1—Business in the Company’s Form 10-K for additional information.

Financial Results

For the three and nine months ended September 30, 2022, diluted earnings per share, prepared in accordance with accounting principles generally accepted in the United States (“GAAP”), were \$1.63 and \$3.70, respectively, an increase of \$0.10 and \$0.30, respectively, as compared to the same periods in the prior year. These increases were primarily driven by the implementation of new rates in the Regulated Businesses from infrastructure investments, acquisitions and organic growth, offset somewhat by impacts from inflationary pressures on production costs and higher interest costs. Results for the three and nine months ended September 30, 2022, also reflect the favorable impact of weather, estimated at \$0.06 per share, primarily due to hot and dry weather in the third quarter of 2022 as compared to a \$0.01 per share unfavorable impact and \$0.02 per share favorable impact for the three and nine months ended September 30, 2021, respectively. Also, included in the results for the three and nine months ended September 30, 2022, are \$0.06 and \$0.18 per share, respectively, from interest income earned on the seller note and income earned on revenue share agreements, which compares to Homeowner Services Group (“HOS”) operating results for the three and nine months ended September 30, 2021, of \$0.09 and \$0.25 per share, respectively. Lastly, the operating results for the Company’s New York subsidiary, which was sold on January 1, 2022, were \$0.09 and \$0.10 per share, for the three and nine months ended September 30, 2021, respectively. See Note 5—Acquisitions and Divestitures in the Notes to Consolidated Financial Statements for additional information.

Growth Through Capital Investment in Infrastructure and Regulated Acquisitions

The Company continues to grow its businesses, with the majority of its growth to be achieved in the Regulated Businesses through (i) continued capital investment in the Company’s infrastructure to provide safe, clean, reliable and affordable water and wastewater services to its customers, and (ii) regulated acquisitions to expand the Company’s services to new customers. The Company plans to invest approximately \$2.5 billion across its footprint in 2022. During the first nine months of 2022, the Company invested \$1.9 billion, primarily in the Regulated Businesses, as discussed below:

Regulated Businesses - Growth and Optimization

- \$1.6 billion capital investment in the Regulated Businesses, the substantial majority for infrastructure improvements and replacements; and
- \$288 million to fund acquisitions in the Regulated Businesses, which added approximately 65,300 customers, in addition to approximately 14,000 customers added through organic growth. This includes the Company’s Pennsylvania subsidiary’s acquisition of the wastewater system assets from the York City Sewer Authority and the City of York on May 27, 2022, for a cash purchase price of \$235 million, \$20 million of which was funded as a deposit to the seller in April 2021 in connection with the execution of the acquisition agreement.

On October 11, 2022, the Company's Pennsylvania subsidiary entered into an agreement to acquire the wastewater assets of the Butler Area Sewer Authority for a total purchase price of \$232 million in cash, subject to adjustment as provided for in the Asset Purchase Agreement. This system provides wastewater service for approximately 14,700 customer connections. The Company expects to close this acquisition by the end of 2023, pending regulatory approval.

On March 29, 2021, the Company's New Jersey subsidiary entered into an agreement to acquire the water and wastewater assets of Egg Harbor City for \$22 million. The water and wastewater systems currently serve approximately 1,500 customers each, or 3,000 combined, and are being sold through the New Jersey Water Infrastructure Protection Act process. The Company expects to close this acquisition in late 2022 or early 2023.

As of September 30, 2022, the Company has entered into agreements for pending acquisitions in the Regulated Businesses, including the Egg Harbor City agreement discussed above, to add approximately 21,600 additional customers.

Sale of Homeowner Services Group

On December 9, 2021, the Company sold all of the equity interests in subsidiaries that comprised the Company's Homeowner Services Group ("HOS") to a wholly owned subsidiary of funds advised by Apax Partners LLP, a global private equity advisory firm (the "Buyer"), for total consideration of approximately \$1.275 billion, resulting in pre-tax gain on sale of \$748 million during the fourth quarter of 2021. The consideration was comprised of \$480 million in cash, a seller promissory note issued by the Buyer in the principal amount of \$720 million, and a contingent cash payment of \$75 million payable upon satisfaction of certain conditions on or before December 31, 2023. See Note 13—Fair Value of Financial Information for additional information relating to the seller promissory note and contingent cash payment. For the nine months ended September 30, 2022, the Company recorded post-close adjustments, primarily related to working capital, of pre-tax income of \$20 million, which is included in Other, net on the Consolidated Statements of Operations.

The seller note has a five-year term, is payable in cash, and bears interest at a rate of 7.00% per year during the term. The Company recognized \$13 million and \$38 million of interest income during the three and nine months ended September 30, 2022, respectively, from the seller note.

The Company and the Buyer also entered into revenue share agreements, pursuant to which the Company is to receive 10% of the revenue generated from customers who are billed for home warranty services through an applicable Company subsidiary (an "on-bill" arrangement), and 15% of the revenue generated from any future on-bill arrangements entered into after the closing. Unless earlier terminated, this agreement has a term of up to 15 years, which may be renewed for up to two five-year periods. The Company recognized \$2 million and \$6 million of income during the three and nine months ended September 30, 2022, respectively, from the revenue share agreements, which is included in Other, net on the Consolidated Statements of Operations.

Sale of New York American Water Company, Inc.

On January 1, 2022, the Company completed the previously disclosed sale of its regulated utility operations in New York to Liberty Utilities (Eastern Water Holdings) Corp. ("Liberty"), an indirect, wholly owned subsidiary of Algonquin Power & Utilities Corp. Liberty purchased from the Company all of the capital stock of the Company's New York subsidiary for a purchase price of \$608 million in cash.

Sale of Michigan American Water Company

On February 4, 2022, the Company completed the sale of its operations in Michigan for \$6 million.

Military Services Group

On June 30, 2022, MSG was awarded a contract for the ownership, operation, maintenance and replacement of the wastewater utility system assets at Naval Station Mayport in Jacksonville, Florida. The contract was effective July 1, 2022, and its total revenue is approximately \$341 million over a 50-year period, subject to an annual economic price adjustment. MSG operates and maintains water and/or wastewater systems and related capital programs as part of the U.S. government's Utilities Privatization Program. This contract represents the 18th installation in MSG's footprint and the first contract with respect to a U.S. Navy installation.

Environmental, Social Responsibility and Governance

The Company considers environmental, social responsibility and governance (“ESG”) principles fundamental to its corporate strategy and values. In September 2021, the Company issued its sixth biennial Sustainability Report, covering its sustainability performance for calendar years 2020 and 2019. The report can be accessed on the Company’s website.

On October 31, 2022, the Company added the following disclosures and announced the following goals to support its continued commitment to embedding ESG principles throughout its business:

- The Company created new medium- and long-term goals that are science-based and aligned with the Paris Agreement, for scope 1 (direct) and scope 2 (indirect, derived from the Company’s purchase of energy) greenhouse gas emissions reductions. The new goals aim to reduce absolute scope 1 and 2 emissions 50% by 2035 (2020 baseline year) and achieve net zero scope 1 and scope 2 emissions by 2050. They complement the Company’s existing short-term goal of reducing absolute scope 1 and 2 greenhouse gas emissions by more than 40% by 2025 (2007 baseline year).
- The Company worked with a third party to assist in evaluating and calculating an estimate of the Company’s scope 3 greenhouse gas emissions, which included estimating emissions from Categories 1 (Purchased Goods and Services), 2 (Capital Goods), 3 (Fuel and Energy Related Activities) and 6 (Business Travel).

Operational Excellence

The Company’s adjusted regulated operation and maintenance (“O&M”) efficiency ratio was 33.6% for the twelve months ended September 30, 2022, as compared to 33.9% for the twelve months ended September 30, 2021. The ratio reflects an increase in operating revenues for the Regulated Businesses, after considering the adjustment for the amortization of the excess accumulated deferred income taxes (“EADIT”) shown in the table below, as well as the continued focus on operating costs.

The Company’s adjusted regulated O&M efficiency ratio is a non-GAAP measure and is defined by the Company as its operation and maintenance expenses from the Regulated Businesses, divided by the operating revenues from the Regulated Businesses, where both operation and maintenance expenses and operating revenues were adjusted to eliminate purchased water expense. Operating revenues were further adjusted to exclude reductions for the amortization of the EADIT. Also excluded from operation and maintenance expenses is the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, which is reflected in the Regulated Businesses segment as operation and maintenance expenses, but for consolidated financial reporting purposes, is categorized within other line items in the accompanying Consolidated Statements of Operations. The items discussed above were excluded from the O&M efficiency ratio calculation as they are not reflective of management’s ability to increase the efficiency of the Regulated Businesses.

The Company evaluates its operating performance using this ratio, and believes it is useful to investors because it directly measures improvement in the operating performance and efficiency of the Regulated Businesses. This information is derived from the Company’s consolidated financial information but is not presented in its financial statements prepared in accordance with GAAP. This information supplements and should be read in conjunction with the Company’s GAAP disclosures, and should be considered as an addition to, and not a substitute for, any GAAP measure. The Company’s adjusted regulated O&M efficiency ratio (i) is not an accounting measure that is based on GAAP; (ii) is not based on a standard, objective industry definition or method of calculation; (iii) may not be comparable to other companies’ operating measures; and (iv) should not be used in place of the GAAP information provided elsewhere in this Form 10-Q.

Presented in the table below is the calculation of the Company's adjusted regulated O&M efficiency ratio and a reconciliation that compares operation and maintenance expenses and operating revenues, each as determined in accordance with GAAP, to those amounts utilized in the calculation of its adjusted O&M efficiency ratio:

(Dollars in millions)	For the Twelve Months Ended September 30,	
	2022	2021
Total operation and maintenance expenses	\$ 1,647	\$ 1,715

(a) The calculation assumes regulated purchased water revenues approximate regulated purchased water expenses.

Regulatory Matters**General Rate Cases and Infrastructure Surcharges**

Presented in the table below are annualized incremental revenues, excluding reductions for the amortization of EADIT that are generally offset in income tax expense, assuming a constant water sales volume, resulting from general rate case authorizations and infrastructure surcharge authorizations that became effective in the respective period:

Total infrastructure surcharges	\$ 33	\$ 1	\$ 74	\$ 46

(a) Excludes authorized increase of \$7 million for the nine months ended September 30, 2021, for the Company's New York subsidiary, which was sold on January 1, 2022. See Note 5—Acquisitions and Divestitures for additional information.

Effective October 1, 2022, the Company's Pennsylvania subsidiary implemented an infrastructure surcharge for annualized incremental revenues of \$8 million.

On August 17, 2022, the Company's New Jersey subsidiary was authorized additional annual revenues of \$61 million in its general rate case, effective September 1, 2022, excluding agreed to reductions for EADIT as a result of the Tax Cuts and Jobs Act of 2017 (the "TCJA") (\$46 million including EADIT reductions). The order incorporated updated estimates of production costs, including chemicals, fuel and power costs. Beginning January 1, 2023, the Company's New Jersey subsidiary will defer as a regulatory asset or liability, as appropriate, the difference between its pension expense and other post-employment benefits expense and those amounts included in base rates. The deferral period for this regulatory asset or liability will be two years or, if earlier, will end at the conclusion of the Company's New Jersey subsidiary's next general rate case. The Company's New Jersey subsidiary also withdrew its request, without prejudice, to recover its existing authorized COVID-19-related regulatory asset in the general rate case and will seek recovery in a separate proceeding within the process established in the New Jersey Board of Public Utilities' (the "NJBP") generic COVID-19-related proceeding.

On February 24, 2022, the Company's West Virginia subsidiary ("WVAWC") was authorized additional annual revenues of \$15 million in its general rate case, effective February 25, 2022, excluding agreed to reductions for EADIT as a result of the TCJA. The EADIT reduction in revenues is \$2 million and the exclusion for infrastructure surcharges is \$10 million. Staff of the Public Service Commission of West Virginia moved for reconsideration of the final order on several grounds. WVAWC filed its response to the Staff's Petition for Reconsideration on March 28, 2022, in support of the authorized revenue requirement. On October 21, 2022, the Public Service Commission of West Virginia denied the motion for reconsideration.

On November 18, 2021, the California Public Utilities Commission (the "CPUC") unanimously approved a final decision in the test year 2021 general rate case filed by the Company's California subsidiary, which was retroactive to January 1, 2021. The Company's California subsidiary received authorization for additional annualized water and wastewater revenues of \$22 million, excluding agreed to reductions for EADIT as a result of the TCJA. The EADIT reduction in revenues is \$4 million and is offset by a like reduction in income tax expense. On February 16, 2022, the Company's California subsidiary received approval to increase rates by \$13 million in 2022 escalation increases, excluding \$4 million of reductions related to the TCJA, which was retroactive to January 1, 2022.

On March 2, 2021, an administrative law judge ("ALJ") in the Office of Administrative Law of New Jersey filed an initial decision with the NJBPU that recommended denial of a petition filed by the Company's New Jersey subsidiary, which sought approval of acquisition adjustments in rate base of \$29 million associated with the acquisitions of Shorelands Water Company, Inc. in 2017 and the Borough of Haddonfield's water and wastewater systems in 2015. On July 29, 2021, the NJBPU issued an order adopting the ALJ's initial decision without modification. The Company's New Jersey subsidiary filed a Notice of Appeal with the New Jersey Appellate Division on September 10, 2021. The Company's New Jersey subsidiary filed its brief in support of the appeal on March 4, 2022. Response and Reply briefs were filed on June 22, 2022, and August 4, 2022, respectively. There is no financial impact to the Company as a result of the NJBPU's order, since the acquisition adjustments are currently recorded as goodwill on the Consolidated Balance Sheets.

On February 25, 2021, the Company's Pennsylvania subsidiary was authorized additional annualized revenues of \$90 million, effective January 28, 2021, excluding agreed to reductions in revenues of \$19 million for EADIT as a result of the TCJA. The overall increase, net of TCJA reductions, is \$71 million in revenues combined over two steps. The first step was effective January 28, 2021 in the amount of \$70 million (\$51 million including TCJA reductions) and the second step was effective January 1, 2022 in the amount of \$20 million. The protected EADIT balance of \$200 million is being returned to customers using the average rate assumptions method, and the unprotected EADIT balance of \$116 million is being returned to customers over 20 years. The \$19 million annual reduction to revenue is comprised of both the protected and unprotected EADIT amortizations and a portion of catch-up period EADIT. A bill credit of \$11 million annually for two years returns to customers the remainder of the EADIT catch-up period amortization. The catch-up period of January 1, 2018, through December 31, 2020, covers the period from when the lower federal corporate income tax rate went into effect until new base rates went into effect and will be amortized over two years.

Pending General Rate Case Filings

On July 1, 2022, the Company's California subsidiary filed a general rate case requesting an increase in 2024 revenue of \$57 million and a total increase in revenue over the 2024 to 2026 period of \$99 million. The requested increase excludes proposed reductions for EADIT of \$1 million as a result of TCJA.

On July 1, 2022, the Company's Missouri subsidiary filed a general rate case requesting \$116 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA (\$105 million including EADIT reductions) and infrastructure surcharges.

On April 29, 2022, the Company's Pennsylvania subsidiary filed a general rate case requesting \$185 million in additional annualized water and wastewater revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. On October 11, 2022, the Company's Pennsylvania subsidiary, the Pennsylvania Public Utility Commission's (the "PaPUC") Bureau of Investigation and Enforcement, the Pennsylvania Office of Consumer Advocate, and certain other parties to the general rate case jointly filed a petition for settlement with the PaPUC providing for a total annualized revenue increase of \$138 million. The petition for settlement provides for an annualized revenue increase of \$150 million excluding agreed to reductions for EADIT as a result of the TCJA (\$138 million including EADIT reductions). In addition, the petition for settlement incorporates updated estimates of pension and other post-employment benefits expense, as well as increases in chemicals, fuel and power costs. Furthermore, the petition for settlement includes recovery of the COVID-19 deferral balance. An ALJ will review the petition for settlement and render a recommended decision to the PaPUC on whether it should approve the settlement. After its review of the matter, the PaPUC will issue a final order, which the Company expects to occur by January 2023, with new rates to be effective as of January 28, 2023.

On February 10, 2022, the Company's Illinois subsidiary filed a general rate case requesting \$71 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. The requested increase was subsequently updated in the Illinois subsidiary's June 29, 2022, rebuttal filing, with the request adjusted to \$85 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA (\$83 million including EADIT reductions) and infrastructure surcharges. The request was increased in the rebuttal filing to capture higher production costs and expected higher pension and other post-employment benefit costs. Evidentiary hearings were held on August 10, 2022, and on October 28, 2022, the ALJs issued a proposed order recommending \$69 million in additional annualized revenues, excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges (\$67 million including EADIT reductions), on a proposed return on equity of 9.78%. The final order is expected in late 2022 or early January 2023, with rates effective in January 2023.

On November 15, 2021, the Company's Virginia subsidiary filed a general rate case requesting \$15 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA. Interim rates were effective on May 1, 2022, and the difference between interim and final approved rates is subject to refund. On September 26, 2022, a settlement agreement, supported by all parties except one, was filed with the Virginia State Corporation Commission for a \$12 million annual revenue increase excluding agreed to reductions for EADIT as a result of TCJA (\$11 million including EADIT reductions). Public hearings were held on September 27 and 28, 2022. A final decision on this matter is expected in the first quarter of 2023.

The Company's California subsidiary submitted its application on May 3, 2021, to set its cost of capital for 2022 through 2024. According to the CPUC's procedural schedule, a decision setting the authorized cost of capital is expected to be issued in the fourth quarter of 2022.

Pending Infrastructure Surcharge Filings

On September 9, 2022, the Company's Missouri subsidiary filed an infrastructure surcharge proceeding requesting \$13 million in additional annualized revenues.

On June 30, 2022, WVAWC filed an infrastructure surcharge proceeding requesting \$8 million in additional annualized revenues.

Other Regulatory Matters

In September 2020, the CPUC released a decision under its Low-Income Rate Payer Assistance program rulemaking that required the Company's California subsidiary to file a proposal to alter its water revenue adjustment mechanism in its next general rate case filing in 2022, which would become effective in January 2024. On October 5, 2020, the Company's California subsidiary filed an application for rehearing of the decision and following the CPUC's denial of its rehearing application in September 2021, the Company's California subsidiary filed a petition for writ of review with the California Supreme Court on October 27, 2021. On May 18, 2022, the California Supreme Court issued a writ of review for the Company's California subsidiary's petition and the petitions filed by other entities challenging the decision. Independent of the judicial challenge, California passed Senate Bill 1469, which allows the CPUC to consider and authorize the implementation of a mechanism that separates the water corporation's revenue and its water sales. Legislation was signed by the Governor on September 30, 2022, and will become effective on January 1, 2023. In response to the legislation, on October 10, 2022, the Company's California subsidiary filed a request for the CPUC to consider the continuation of its decoupling mechanism in its pending 2022 general rate case, which would be effective 2024 through 2026.

Segment Results of Operations

The Company's operating segments are comprised of the revenue-generating components of its business for which separate financial information is internally produced and regularly used by management to make operating decisions, assess performance and allocate resources. The Company operates its businesses primarily through one reportable segment, the Regulated Businesses segment. "Market-Based Businesses and Other" includes market-based businesses that, individually, do not meet the criteria of a reportable segment in accordance with GAAP, corporate costs that are not allocated to the Company's operating segments, eliminations of inter-segment transactions, and fair value adjustments and associated income and deductions related to acquisitions that have not been allocated to the operating segments for evaluation of performance and allocation of resource purposes. The adjustments related to the acquisitions are reported in Market-Based Businesses and Other as they are excluded from segment performance measures evaluated by management. This presentation is consistent with how management assesses the results of these businesses.

As a result of the sale of HOS, the categories which were previously shown as "Market-Based Businesses" and "Other" have been combined and shown as "Market-Based Businesses and Other." Segment results for the three and nine months ended September 30, 2021, have been adjusted retrospectively to reflect this change.

Regulated Businesses Segment

Included in operating revenues for the three months ended September 30, 2021, was \$45 million related to the Company's New York operations. Excluding the Company's New York operations, for the three months ended September 30, 2022, operating revenues increased \$104 million, primarily due to: (i) a \$56 million increase from authorized rate increases, including infrastructure surcharges, principally to fund infrastructure investment in various states; (ii) a \$13 million increase from water and wastewater acquisitions, as well as organic growth in existing systems; (iii) a \$19 million estimated net increase due to warmer and drier than normal weather in the third quarter of 2022, particularly in the Company's New Jersey and Missouri service territories; and (iv) a \$6 million net increase as a result of reduced amortization of EADIT, primarily in the Company's New Jersey subsidiary.

Included in operating revenues for the nine months ended September 30, 2021, was \$97 million related to the Company's New York operations. Excluding the Company's New York operations, for the nine months ended September 30, 2022, operating revenues increased \$187 million, primarily due to: (i) a \$128 million increase from authorized rate increases, including infrastructure surcharges, principally to fund infrastructure investment in various states; (ii) a \$25 million increase from water and wastewater acquisitions, as well as organic growth in existing systems; (iii) a \$13 million net increase as a result of reduced amortization of EADIT, primarily in the Company's New Jersey subsidiary; and (iv) a \$13 million estimated net increase primarily due to warmer and drier than normal weather in the third quarter of 2022 in the Company's New Jersey and Missouri service territories, which was offset by warmer and drier than normal weather in the second quarter of 2021 in the Northeast.

Operation and Maintenance

Presented in the table below is information regarding the main components of the Regulated Businesses' operation and maintenance expense:

	For the Three Months Ended September 30,		For the Nine Months Ended September 30,	
	2022	2021	2022	2021
(In millions)				
Employee-related costs	\$ 126	\$ 132	\$ 378	\$ 391
Production costs	114	101	291	268
Operating supplies and services	62	56	174	171

Customer billing and accounting	17	17	44	49
Other	14	13	40	38
Total	\$ 355	\$ 338	\$ 991	\$ 983

Included in operation and maintenance expense for the three and nine months ended September 30, 2021, was \$12 million and \$36 million, respectively, related to the Company's New York operations. Excluding the Company's New York operations, for the three and nine months ended September 30, 2022, operation and maintenance expense increased \$29 million and \$44 million, respectively, primarily due to inflationary pressures which resulted in increased fuel, power, and chemicals costs.

Depreciation and Amortization

For the three and nine months ended September 30, 2022, depreciation and amortization increased \$10 million and \$24 million, respectively, primarily due to additional utility plant placed in service from capital infrastructure investments and acquisitions.

General Taxes

For the three and nine months ended September 30, 2022, general taxes decreased \$16 million and \$32 million, respectively, primarily related to the sale of the Company's New York operations.

Provision for Income Taxes

For the three and nine months ended September 30, 2022, the Regulated Businesses' provision for income taxes increased \$11 million and \$24 million, respectively. The Regulated Businesses' effective income tax rate was 19.0% and 18.1% for the three months ended September 30, 2022 and 2021, respectively, and 18.4% and 17.3% for the nine months ended September 30, 2022 and 2021, respectively. The Regulated Businesses' effective income tax rate for the three and nine months ended September 30, 2022, reflects the amortization of EADIT pursuant to regulatory orders.

Market-Based Businesses and Other

Presented in the table below is information for Market-Based Businesses and Other:

	For the Three Months Ended September 30,		For the Nine Months Ended September 30,	
	2022	2021	2022	2021
(In millions)				
Operating revenues	\$ 79	\$ 148	\$ 215	\$ 423
Operation and maintenance	61	98	165	303

Net loss attributable to common shareholders	\$ (5)	\$ 5	\$ (8)	\$ (5)

Operating Revenues

For the three and nine months ended September 30, 2022, operating revenues decreased \$69 million and \$208 million, respectively, due primarily to the sale of HOS. HOS operating revenues for the three and nine months ended September 30, 2021, were \$79 million and \$233 million, respectively. Excluding the Company's HOS operations, for the three and nine months ended September 30, 2022, operating revenues increased \$9 million and \$25 million, respectively, largely driven by an increase in capital and O&M projects in MSG, primarily at Joint Base Lewis-McChord and the United States Military Academy at West Point, New York.

Operation and Maintenance

For the three and nine months ended September 30, 2022, operation and maintenance expense decreased \$37 million and \$138 million, respectively, primarily due to the sale of HOS. HOS operation and maintenance expenses for the three and nine months ended September 30, 2021, were \$49 million and \$151 million, respectively. Excluding the Company's HOS operations, for the three and nine months ended September 30, 2022, operation and maintenance expense increased \$12 million and \$13 million, respectively, largely driven by cost associated with increased capital and O&M projects in MSG, as discussed above.

Depreciation and Amortization

For the three and nine months ended September 30, 2022, depreciation and amortization decreased \$7 million and \$15 million, respectively, primarily due to the sale of HOS.

Interest Income

For the three and nine months ended September 30, 2022, interest income increased \$13 million and \$38 million, respectively, due to interest recognized on the seller note related to the sale of HOS. See Note 5—Acquisitions and Divestitures in the Notes to Consolidated Financial Statements for additional information.

Legislative Updates

During 2022, the Company's regulatory jurisdictions enacted the following legislation that has been approved and is effective as of October 31, 2022:

- Indiana passed Senate Enrolled Act 272, which requires public reporting of a non-jurisdictional utility's asset management programs. Non-jurisdictional utilities are exempt from the jurisdiction of the Indiana Utility Regulatory Commission (the "IURC"). The legislation also creates a water and wastewater research and extension program at a state university to serve as a repository for data collected from utilities. Additionally, the legislation establishes oversight and a receivership program in the IURC for non-jurisdictional utilities with violations that create environmental or human health and safety issues. Legislation was signed by the Governor on March 7, 2022, and became effective on July 1, 2022.
- Indiana passed water and wastewater utility asset financing legislation, Senate Enrolled Act 273, which authorizes the recovery of property tax in Distribution System Improvement Charge filings. The legislation also permits the IURC to allow recovery through tracking mechanisms for changes in property tax and for costs attributable to referenda or action by elected or appointed individuals. Legislation was signed by the Governor on March 10, 2022, and became effective on July 1, 2022.
- Virginia passed Senate Bill 500 and House Bill 182, which requires the Virginia State Corporation Commission, in any future ratemaking proceeding for an investor-owned water/wastewater utility, to evaluate the utility on a stand-alone basis and utilize the utility's actual end-of-test period capital structure and cost of capital without regard to the cost of capital, capital structure, or investments of any other entities with which the utility may be affiliated. Legislation was signed by the Governor on April 11, 2022, and became effective on July 1, 2022.
- Illinois passed House Bill 900/Public Act 102-0698, which contains appropriations to the Department of Commerce and Economic Opportunity of \$3 million for the purposes of the Water and Sewer Finance Assistance Act (H.B. 414/Public Act 102-0262) and \$55 million for the purposes of the federal Low-Income Household Water Assistance Program (LIHWAP). Legislation was signed by the Governor on April 19, 2022, with these provisions of the bill taking effect on July 1, 2022.
- Tennessee passed Senate Bill 2282 and House Bill 2346, which requires all utilities to implement a cyber security plan and update it every two years to provide for the protection of the utility's facilities from unauthorized use, alteration, ransom, or destruction of electronic data. The relevant regulatory body will verify if a utility has complied or impose reasonable sanctions if out of compliance. Utility compliance will be required by July 1, 2023. Legislation was signed by the Governor on June 1, 2022, and became effective immediately.
- The Missouri General Assembly passed state and local property tax tracker legislation, Senate Bill 745, which requires a utility to defer to a regulatory asset or liability account any difference in what was actually paid in state or local property taxes and what was used to set the revenue requirement in the utility's most recently completed general rate case. Legislation was signed by the Governor on June 29, 2022, and became effective on August 28, 2022.

During 2022, the Company's regulatory jurisdictions enacted the following legislation that has been approved but is not yet effective as of October 31, 2022:

- California passed Senate Bill 1469, which allows the CPUC to consider and authorize the implementation of a mechanism that separates the water corporation's revenue and its water sales. Legislation was signed by the Governor on September 30, 2022 and will become effective on January 1, 2023.

Condemnation and Eminent Domain

All or portions of the Regulated Businesses' utility assets could be acquired by state, municipal or other government entities through one or more of the following methods: (i) eminent domain (also known as condemnation); (ii) the right of purchase given or reserved by a municipality or political subdivision when the original certificate of public convenience and necessity (a "CPCN") was granted; and (iii) the right of purchase given or reserved under the law of the state in which the utility subsidiary was incorporated or from which it received its CPCN. The acquisition consideration related to such a proceeding initiated by a local government may be determined consistent with applicable eminent domain law, or may be negotiated or fixed by appraisers as prescribed by the law of the state or in the particular CPCN.

As such, the Regulated Businesses are periodically subject to condemnation proceedings in the ordinary course of business. For example, a citizens group in Monterey, California successfully added “Measure J” to the November 2018 election ballot asking voters to decide whether the Monterey Peninsula Water Management District (the “MPWMD”) should conduct a feasibility study concerning the potential purchase of the Monterey water service system assets (the “Monterey system assets”) of the Company’s California subsidiary, and, if feasible, to proceed with a purchase of those assets without an additional public vote. This service territory represents approximately 40,000 customers. In November 2018, Measure J was certified to have passed.

In August 2019, the MPWMD’s General Manager issued a report that recommends that the MPWMD board (1) develop criteria to determine which water systems should be considered for acquisition; (2) examine the feasibility of acquiring the Monterey system assets and consider public ownership of smaller systems only if the MPWMD becomes the owner of a larger system; (3) evaluate whether the acquisition of the Monterey system assets by the MPWMD is in the public interest and sufficiently satisfies the criterion of “feasible” as provided in Measure J; (4) ensure there is significant potential for cost savings before agreeing to commence an acquisition; and (5) develop more fully alternate operating plans before deciding whether to consider a Resolution of Necessity.

In November 2019, the MPWMD issued a preliminary valuation and cost of service analysis report, finding in part that (1) an estimate of the Monterey system assets’ total value plus adjustments would be approximately \$513 million, (2) the cost of service modeling results indicate significant annual reductions in revenue requirements and projected monthly water bills, and (3) the acquisition of the Monterey system assets by the MPWMD would be economically feasible. In November 2020, the MPWMD certified a final environmental impact report (“FEIR”), analyzing the environmental impacts of the MPWMD’s project to (1) acquire the Monterey system assets through the power of eminent domain, if necessary, and (2) expand its geographic boundaries to include all parts of this system. In February 2021, the MPWMD filed an application with the Local Agency Formation Commission of Monterey County (“LAFCO”) seeking approval to become a retail water provider and annex approximately 58 parcels of land into the MPWMD’s boundaries. In June 2021, LAFCO’s commissioners voted to require a third-party independent financial study as to the feasibility of an acquisition by the MPWMD of the Monterey system assets. On December 6, 2021, LAFCO’s commissioners denied the MPWMD’s application to become a retail water provider, determining that the MPWMD does not have the authority to proceed with a condemnation of the Monterey system assets, and on January 5, 2022, LAFCO’s commissioners confirmed the denial. On February 28, 2022, LAFCO’s commissioners voted to deny the MPWMD’s application for reconsideration of LAFCO’s confirmation of denial. On April 1, 2022, the MPWMD filed a lawsuit against LAFCO challenging its decision to deny the MPWMD’s application seeking approval to become a retail water provider. On June 17, 2022, the court granted, with conditions, a motion by Cal Am to intervene in the MPWMD’s lawsuit against LAFCO. By letter dated October 3, 2022, MPWMD notified Cal Am of MPWMD’s decision to appraise the Monterey system assets. MPWMD also requested access to a number of Cal Am’s properties and documents to assist MPWMD with such an appraisal. Cal Am is in the process of responding to this letter and intends to deny such request as it believes MPWMD does not have the right to appraise the Monterey system assets without first obtaining LAFCO approval to become a retail water provider.

Also, five municipalities in the Chicago, Illinois area (approximately 30,300 customers in total) formed a water agency and filed an eminent domain lawsuit against the Company in January 2013, seeking to condemn the water pipeline that serves those five municipalities. Before filing its eminent domain lawsuit, the water agency made an offer of \$38 million for the pipeline. The parties have filed with the court updated valuation reports. A valuation trial has been scheduled for January 2023.

Furthermore, the law in certain jurisdictions in which the Regulated Businesses operate provides for eminent domain rights allowing private property owners to file a lawsuit to seek just compensation against a public utility, if a public utility’s infrastructure has been determined to be a substantial cause of damage to that property. In these actions, the plaintiff would not have to prove that the public utility acted negligently. In California, lawsuits have been filed in connection with large-scale natural events such as wildfires. Some of these lawsuits have included allegations that infrastructure of certain utilities triggered the natural event that resulted in damage to the property. In some cases, the PUC has allowed certain costs or losses incurred by the utility to be recovered from customers in rates, but in other cases such recovery in rates has been disallowed. Also, the utility may have obtained insurance that could respond to some or all of such losses, although the utility would be at risk for any losses not ultimately subject to rate or insurance recovery or losses that exceed the limits of such insurance.

Tax Matters

On August 16, 2022, President Biden signed into law the Inflation Reduction Act of 2022 (the “IRA”). The IRA contains a Corporate Alternative Minimum Tax (“CAMT”) provision, effective January 1, 2023. To determine if a company is considered an applicable corporation subject to CAMT, the company’s average adjusted financial statement income (“AFSI”) for the three consecutive years preceding the tax year must exceed \$1 billion. An applicable corporation must make several adjustments to AFSI when determining CAMT under the new law. Due to the lack of guidance currently available regarding the implementation of the IRA, including adjustments to AFSI, it is premature to project the impact to the Company.

On July 8, 2022, Pennsylvania Governor Tom Wolf signed into law Act 53 of 2022, which reduces the Pennsylvania State Income Tax Rate in yearly increments starting January 1, 2023, with a new rate of 8.99% and ending effective January 1, 2031, with a rate of 4.99%. Under Accounting Standards Codification Topic 740, Income Taxes (“ASC 740”), the tax effects of changes in tax laws must be recognized in the period in which the law is enacted. ASC 740 also requires deferred tax assets and liabilities to be measured at the enacted tax rate expected to apply when temporary differences are to be realized or settled. As such, the Company’s accumulated deferred income tax (“ADIT”) balances for their Pennsylvania subsidiary were remeasured during the quarter ended September 30, 2022 to estimate the impacts of the recently enacted tax rate. The remeasurement reduces the ADIT liability by \$132 million and creates a corresponding regulatory liability since the EADIT is expected to be returned to customers in a future rate case. However, since the rate is declining in yearly increments, the total EADIT will be subject to change. The rate change impacts to the non-regulated companies have been deemed immaterial.

On September 27, 2022, Iowa’s Department of Revenue announced a reduction in the state’s top corporate rate from 9.8% to 8.4% effective January 1, 2023. The remeasurement reduces the ADIT liability for the Company’s Iowa subsidiary by \$1 million and creates a corresponding regulatory liability since the EADIT balance is expected to be returned to customers in a future rate case. The rate impacts to the non-regulated companies have been deemed immaterial.

Liquidity and Capital Resources

For a general overview of the sources and uses of capital resources, see the introductory discussion in Part II, Item 7—Management’s Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources in the Company’s Form 10-K.

Liquidity needs for capital investment, working capital and other financial commitments are generally funded through cash flows from operations, public and private debt offerings, commercial paper markets, and, if and to the extent necessary, borrowings under American Water Capital Corp.’s (AWCC) revolving credit facility, and, in the future, issuances of equity.

The Company expects to fund future maturities of long-term debt through a combination of external debt and, to the extent available, cash flows from operations. Since the Company expects its capital investments over the next few years to be greater than its cash flows from operating activities, the Company currently plans to fund the excess of its capital investments over its cash flows from operating activities for the next five years through a combination of long-term debt and equity in addition to the proceeds from the sales of HOS and the Company’s New York subsidiary. If necessary, the Company may delay certain capital investments or other funding requirements or pursue financing from other sources to preserve liquidity. In this event, the Company believes it can rely upon cash flows from operations to meet its obligations and fund its minimum required capital investments for an extended period of time.

The Company maintains an unsecured revolving credit facility with a diversified group of financial institutions. AWCC’s revolving credit facility is used principally to support its commercial paper program, to provide additional liquidity support, and to provide a sublimit for the issuance of up to \$150 million in letters of credit. On October 26, 2022, AWCC and certain lenders amended and restated the credit agreement with respect to the revolving credit facility to, among other things, increase the maximum commitments under the facility to \$2.75 billion from \$2.25 billion and to extend the expiration date of the facility to October 2027 from March 2025. Subject to satisfying certain conditions, the credit agreement also permits AWCC to increase the maximum commitment under the facility by up to an aggregate of \$500 million and to request extensions of its expiration date for up to two one-year periods. See Part II, Item 5—Other Information for additional information about the amendment and restatement of this credit agreement.

Also, effective October 26, 2022, the maximum aggregate principal amount of short-term borrowings authorized under AWCC’s commercial paper program was increased to \$2.60 billion from \$2.10 billion. As of September 30, 2022, and December 31, 2021, there were no borrowings outstanding under the revolving credit facility. Short-term debt consists of commercial paper borrowings totaling \$634 million and \$584 million outstanding as of September 30, 2022 and December 31, 2021, respectively. The weighted-average interest rate on AWCC’s outstanding short-term borrowings was approximately 3.22% and 0.20% at September 30, 2022 and December 31, 2021, respectively.

Presented in the tables below is the aggregate credit facility commitments, commercial paper limit and letter of credit availability under the revolving credit facility as of September 30, 2022 and December 31, 2021, as well as the available capacity for each:

(In millions)	As of September 30, 2022		
	Commercial Paper Limit	Letters of Credit	Total (a)
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(634)	(75)	(709)
Remaining availability as of September 30, 2022	\$ 1,466	\$ 75	\$ 1,541

(a) Total remaining availability of \$1.54 billion as of September 30, 2022, may be accessed through revolver draws.

(In millions)	As of December 31, 2021		
	Commercial Paper Limit	Letters of Credit	Total (a)
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(584)	(76)	(660)
Remaining availability as of December 31, 2021	\$ 1,516	\$ 74	\$ 1,590

(a) Total remaining availability of \$1.59 billion as of December 31, 2021, may be accessed through revolver draws.

Presented in the table below is the Company's total available liquidity as of September 30, 2022 and December 31, 2021, respectively:

(In millions)	Cash and Cash Equivalents	Availability on Revolving Credit Facility	Total Available Liquidity
Available liquidity as of September 30, 2022	\$ 77	\$ 1,541	\$ 1,618
Available liquidity as of December 31, 2021	\$ 116	\$ 1,590	\$ 1,706

The Company believes that its ability to access the debt and equity capital markets, the revolving credit facility and cash flows from operations will generate sufficient cash to fund the Company's short-term requirements. The Company believes it has sufficient liquidity and the ability to manage its expenditures, should there be a disruption of the capital and credit markets. However, there can be no assurance that the lenders will be able to meet existing commitments to AWCC under the revolving credit facility, or that AWCC will be able to access the commercial paper or loan markets in the future on acceptable terms or at all. See Note 8—Short-Term Debt in the Notes to Consolidated Financial Statements for additional information.

On May 5, 2022, AWCC issued \$800 million aggregate principal amount of its 4.45% senior notes due 2032. At closing, AWCC received, after deduction of underwriting discounts and before deduction of offering expenses, net proceeds of approximately \$792 million. AWCC used the net proceeds of the offering: (i) to lend funds to the Company and its subsidiaries in its Regulated Businesses segment; (ii) to repay AWCC's commercial paper obligations; and (iii) for general corporate purposes.

In April 2022, the Company entered into several 10-year treasury lock agreements, with notional amounts totaling \$400 million, and an average fixed interest rate of 2.89%. The Company designated these treasury lock agreements as cash flow hedges, with their fair value recorded in accumulated other comprehensive gain or loss. In May 2022, the Company terminated the treasury lock agreements, realizing a net gain of approximately \$4 million, to be amortized through interest, net over a 10-year period, in accordance with the tenor of the debt issuance on May 5, 2022. No ineffectiveness was recognized on hedging instruments for the three and nine months ended September 30, 2022.

Cash Flows from Operating Activities

Cash flows from operating activities primarily result from the sale of water and wastewater services and, due to the seasonality of demand, are generally greater during the warmer months. Presented in the table below is a summary of the major items affecting the Company's cash flows provided by operating activities:

(In millions)	For the Nine Months Ended September 30,	
	2022	2021
Net income	\$ 673	\$ 618
Add (less):		
Depreciation and amortization	485	476
Deferred income taxes and amortization of investment tax credits	13	121
Other non-cash activities (a)	(51)	(37)
Changes in working capital (b)	(316)	(118)
Pension and non-pension postretirement benefit contributions	(40)	(31)
Net cash provided by operating activities	\$ 764	\$ 1,029

(a) Includes provision for losses on accounts receivable, pension and non-pension postretirement benefits and other non-cash, net. Details of each component can be found on the Consolidated Statements of Cash Flows.

(b) Changes in working capital include changes to receivables and unbilled revenues, accounts payable, accrued liabilities, accrued taxes, and other current assets and liabilities, net.

For the nine months ended September 30, 2022, cash provided by operating activities decreased \$265 million, primarily due to changes in working capital and deferred taxes. The changes were driven by \$313 million of estimated tax payments for taxable gains on the sales of the Company's HOS business and its New York regulated operations, as well as the contribution of \$45 million to the American Water Charitable Foundation, partially offset by an increase in net income.

Cash Flows from Investing Activities

Presented in the table below is a summary of the major items affecting the Company's cash flows used in investing activities:

(In millions)	For the Nine Months Ended September 30,	
	2022	2021
Net capital expenditures	\$ (1,597)	\$ (1,205)
Acquisitions	(288)	(78)
Net proceeds from sale of assets	608	—
Other investing activities, net (a)	(85)	(70)
Net cash used in investing activities	\$ (1,362)	\$ (1,353)

(a) Includes removal costs from property, plant and equipment retirements.

For the nine months ended September 30, 2022, cash used in investing activities increased \$9 million, primarily due to increased payments for capital expenditures and acquisitions offset by proceeds of \$608 million received from the sale of the Company's New York operations. The Company plans to invest approximately \$2.5 billion across its footprint in 2022.

Cash Flows from Financing Activities

Presented in the table below is a summary of the major items affecting the Company's cash flows from financing activities:

(In millions)	For the Nine Months Ended September 30,	
	2022	2021
Proceeds from long-term debt	\$ 822	\$ 1,113
Repayments of long-term debt	(14)	(370)
Repayments of term loan	—	(500)
Net short-term borrowings (repayments) with maturities less than three months	50	(97)
Debt issuance costs and make-whole premium on early debt redemption	(7)	(26)
Dividends paid	(348)	(318)
Other financing activities, net (a)	63	46
Net cash provided by (used in) financing activities	\$ 566	\$ (152)

(a) Includes proceeds from issuances of common stock under various employee stock plans and the Company's dividend reinvestment and direct stock purchase plan, net of taxes paid, and advances and contributions in aid of construction, net of refunds.

For the nine months ended September 30, 2022, cash provided by financing activities increased \$718 million, primarily due to the repayment in full at maturity of the \$500 million term loan during the first quarter of 2021 and repayments of long-term debt due to the prepayment of \$327 million in aggregate principal amount of AWCC's outstanding senior notes during the second quarter of 2021 with no comparable repayments in 2022. These changes were partially offset by lower proceeds from long-term debt.

Debt Covenants

The Company's debt agreements contain financial and non-financial covenants. To the extent that the Company is not in compliance with these covenants, an event of default may occur under one or more debt agreements and the Company, or its subsidiaries, may be restricted in its ability to pay dividends, issue new debt or access the revolving credit facility. The long-term debt indentures contain a number of covenants that, among other things, prohibit or restrict the Company from issuing debt secured by the Company's assets, subject to certain exceptions. Failure to comply with any of these covenants could accelerate repayment obligations.

Covenants in certain long-term notes and the revolving credit facility require the Company to maintain a ratio of consolidated debt to consolidated capitalization (as defined in the relevant documents) of not more than 0.70 to 1.00. On September 30, 2022, the Company's ratio was 0.60 to 1.00 and therefore the Company was in compliance with the covenants.

Security Ratings

Presented in the table below are long-term and short-term credit ratings and rating outlooks as of October 31, 2022, as issued by the following rating agencies:

Securities	Moody's Investors Service	Standard & Poor's Ratings Service
Rating outlook	Stable	Stable
Senior unsecured debt	Baa1	A
Commercial paper	P-2	A-1

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning rating agency, and each rating should be evaluated independently of any other rating. Security ratings are highly dependent upon the ability to generate cash flows in an amount sufficient to service debt and meet investment plans. The Company can provide no assurances that its ability to generate cash flows is sufficient to maintain its existing ratings. None of the Company's borrowings are subject to default or prepayment as a result of the downgrading of these security ratings, although such a downgrading could increase fees and interest charges under its credit facility.

As part of its normal course of business, the Company routinely enters into contracts for the purchase and sale of water, energy, chemicals and other services. These contracts either contain express provisions or otherwise permit the Company and its counterparties to demand adequate assurance of future performance when there are reasonable grounds for doing so. In accordance with the contracts and applicable contract law, if the Company is downgraded by a credit rating agency, especially if such downgrade is to a level below investment grade, it is possible that a counterparty would attempt to rely on such a downgrade as a basis for making a demand for adequate assurance of future performance, which could include a demand that the Company must provide collateral to secure its obligations. The Company does not expect to post any collateral which will have a material adverse impact on the Company's results of operations, financial position or cash flows.

Access to the capital markets, including the commercial paper market, and respective financing costs in those markets, may be directly affected by the Company's securities ratings. The Company primarily accesses the debt capital markets, including the commercial paper market, through AWCC. However, the Company has also issued debt through its regulated subsidiaries, primarily in the form of mortgage bonds and tax-exempt securities or borrowings under state revolving funds, to lower the overall cost of debt.

Dividends

For discussion of the Company's dividends, see Note 6—Shareholders' Equity in the Notes to Consolidated Financial Statements for additional information.

Application of Critical Accounting Policies and Estimates

Financial condition of the Company, results of operations and cash flows, as reflected in the Company's Consolidated Financial statements, are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. See Part II, Item 7—Management's Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies and Estimates in the Company's Form 10-K for a discussion of its critical accounting policies. Additionally, see Note 2—Significant Accounting Policies in the Notes to Consolidated Financial Statements for updates, if any, to the significant accounting policies previously disclosed in the Company's Form 10-K.

Recent Accounting Standards

See Note 2—Significant Accounting Policies in the Notes to Consolidated Financial Statements for a description of new accounting standards recently adopted or pending adoption.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to market risk in the normal course of business, including changes in commodity prices, equity prices and interest rates. For further discussion of its exposure to market risk, see Part II, Item 7A—Quantitative and Qualitative Disclosures about Market Risk in the Company's Form 10-K. There have been no significant changes to the Company's exposure to market risk since December 31, 2021.

The Company had no derivative instruments, which are exposed to market risk, outstanding as of September 30, 2022.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

American Water maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in its reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including the Chief Executive Officer and the Chief Financial Officer, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objective.

The Company's management, including the Chief Executive Officer and the Chief Financial Officer, conducted an evaluation of the effectiveness of its disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) as of September 30, 2022.

Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that, as of September 30, 2022, the Company's disclosure controls and procedures were effective at a reasonable level of assurance.

Changes in Internal Control over Financial Reporting

The Company concluded that there have been no changes in internal control over financial reporting that occurred during the three months ended September 30, 2022, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION**ITEM 1. LEGAL PROCEEDINGS**

The following information updates and amends the information provided in the Company's Form 10-K in Part I, Item 3—Legal Proceedings, and in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2022 in Part II, Item 1—Legal Proceedings. Capitalized terms used but not otherwise defined herein have the meanings set forth in the Company's Form 10-K. In accordance with the SEC's disclosure rules, the Company has elected to disclose environmental proceedings involving the Company and a governmental authority if the amount of potential monetary sanctions, exclusive of interest and costs, that the Company reasonably believes will result from such proceeding is \$1 million or more.

Alternative Water Supply in Lieu of Carmel River Diversions***Monterey Peninsula Water Supply Project******CPUC Final Approval of Water Supply Project***

In September 2022, the parties completed testimony in the CPUC proceeding to review and approve Cal Am's application to amend and restate the water purchase agreement for the GWR Project. The parties are now meeting and conferring to set hearing dates during the fourth quarter of 2022.

On September 30, 2022, a CPUC-assigned ALJ issued a proposed decision that would, if adopted by the CPUC, authorize Cal Am to enter into the amended water purchase agreement, and specifically to increase pumping capacity and reliability of groundwater extraction from the Seaside Groundwater Basin. The proposed decision sets the cost cap for the proposed facilities at approximately \$45 million, and the remaining \$36 million of costs initially requested have been deferred to a subsequent filing. Under the proposed decision, Cal Am may seek recovery of amounts above the cost cap in a subsequent rate filing or general rate case. Additionally, the proposed decision recommended AFUDC be authorized at Cal Am's actual weighted average cost of debt. On October 20, 2022, the parties filed their comments to the proposed decision. Cal Am currently expects a CPUC ruling to be issued by the end of 2022. After that, this matter will remain open as part of a Phase 2 proceeding to update supply and demand amounts for the Water Supply Project and to address certain of the deferred capital requests.

Coastal Development Permit Application

Cal Am responded to the Coastal Commission's February 8, 2022, request for additional information with respect to the original jurisdiction application that Cal Am had refiled in November 2020. On September 1, 2022, the Coastal Commission deemed Cal Am's application complete. A hearing on the application is expected in November 2022.

On October 5, 2022, Cal Am announced a phasing plan for its proposed desalination plant, part of the proposed Water Supply Project. The desalination plant and slant wells approved by the CPUC and currently pending before the Coastal Commission would produce up to 6.4 million gallons of desalinated water per day. Under the phased approach, the facilities would initially be constructed to produce up to 4.8 million gallons per day of desalinated water, enough to meet anticipated demand through about 2030, and limiting the number of slant wells initially constructed. As demand increases in the future, desalination facilities would be expanded to meet the additional demand. The phased approach seeks to meet near-term demand by allowing for additional supply as it becomes needed, while also providing an opportunity for regional future public participation and was developed by Cal Am based on feedback received from the community.

Dunbar, West Virginia Water Main Break Class Action Litigation

On August 26, 2022, WVAWC filed a Petition for Writ of Prohibition in the Supreme Court of Appeals of West Virginia challenging the West Virginia Circuit Court's July 5, 2022, order certifying a class to address at trial certain liability issues but not to consider damages. The Writ Petition has been supported by an amicus brief filed by certain water and utility industry trade groups. The Supreme Court of Appeals will decide whether to accept the Writ Petition by issuing a Rule to Show Cause.

Chattanooga, Tennessee Class Action Litigation

A hearing that had been originally scheduled for October 2022 to address the question of class certification has been postponed to January 2023.

Other Matters

On April 2, 2021, American Water Resources, LLC ("AWR"), which prior to the sale of HOS was one of the indirect, wholly owned subsidiaries comprising the Company's former HOS operations, received a grand jury subpoena in connection with an investigation by the U.S. Attorney's Office for the Eastern District of New York (the "EDNY") regarding AWR's operations and contractor network in the New York City metropolitan area. On September 9, 2022, a former employee of AWR pled guilty in U.S. District Court to two felony charges in connection with the matters being investigated by the EDNY. The Company continues to believe that the investigation is not focused on the Company and is cooperating fully with the investigation. While it is not possible at

this time to predict the outcome of the investigation or determine the amount, if any, of fines, penalties or other liabilities that may be incurred in connection with it, the Company does not currently believe that the investigation will have a material adverse effect on the Company's results of operations, financial condition or liquidity.

ITEM 1A. RISK FACTORS

In addition to the other information set forth in this report, readers should carefully consider the factors discussed in Part I, Item 1A—Risk Factors in the Form 10-K, and in the Company's other filings with the SEC, which could materially affect the Company's business, financial condition, cash flows or future results. There have been no material changes from the risk factors previously disclosed in Part I, Item 1A—Risk Factors in the Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

In February 2015, the Board of Directors authorized an anti-dilutive stock repurchase program to mitigate the dilutive effect of shares issued through the Company's dividend reinvestment and direct stock purchase plan and employee stock purchase and executive compensation activities. The program allows the Company to purchase up to 10 million shares of its outstanding common stock over an unrestricted period of time in the open market or through privately negotiated transactions. The program is conducted in accordance with Rule 10b-18 of the Exchange Act, and, to facilitate these repurchases, the Company enters into Rule 10b5-1 stock repurchase plans with a third-party broker, which allow the Company to repurchase shares of its common stock at times when it otherwise might be prevented from doing so under insider trading laws or because of self-imposed trading blackout periods. Subject to applicable regulations, the Company may elect to amend or cancel the program or the stock repurchase parameters at its discretion to manage dilution.

The Company did not repurchase shares of common stock during the three months ended September 30, 2022. From April 1, 2015, the date repurchases under the anti-dilutive stock repurchase program commenced, through September 30, 2022, the Company repurchased an aggregate of 4,860,000 shares of common stock under the program, leaving an aggregate of 5,140,000 shares available for repurchase under this program.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

ITEM 5. OTHER INFORMATION

Amendment and Restatement of Credit Agreement

On October 26, 2022, the parent company and AWCC amended and restated that certain Second Amended and Restated Credit Agreement, dated as of March 21, 2018 (the "Existing Credit Agreement"), by entering into that certain Third Amended and Restated Credit Agreement, by and among the parent company, AWCC, each of the lenders party thereto (each, a "Lender"), Wells Fargo Bank, National Association, as administrative agent, JPMorgan Chase Bank, N.A., as syndication agent, and Mizuho Bank, Ltd., PNC Bank, National Association, and Bank of America, N.A., as co-documentation agents (the "Credit Agreement"), with respect to AWCC's unsecured revolving credit facility thereunder. See Part I, Item 2—Management's Discussion and Analysis of Financial Condition and Results of Operations for additional information about the revolving credit facility.

The parent company has executed the Credit Agreement solely to acknowledge and agree that (i) obligations owing by AWCC under the Credit Agreement will constitute "debt" under that certain Support Agreement, dated as of June 22, 2000, as amended by that First Amendment to Support Agreement dated as of July 26, 2000, by and between the parent company and AWCC (the "Support Agreement"), which serves as a functional equivalent of a guarantee by the parent company of AWCC's payment obligations under the Credit Agreement, and (ii) the Credit Agreement contains representations, warranties and covenants that relate to the parent company and that a breach of any of those representations or warranties, or a failure by AWCC to comply with such covenants, could result in an event of default under the Credit Agreement.

The Credit Agreement increases the total maximum commitments under the Existing Credit Agreement to \$2.75 billion from \$2.25 billion and extends the expiration of the Existing Credit Agreement to October 2027 from March 2025. AWCC may from time to time cause the total maximum commitments under the Credit Agreement to be increased, provided that the aggregate amount of all such commitment increases may not exceed \$500 million. AWCC may also request from the Lenders an extension of the expiration date of the Credit Agreement for up to two one-year periods. Such increases and extensions must satisfy certain conditions and, in the case of a request to extend the expiration date of the Credit Agreement, receive approval of the Required Lenders, all as set forth in the Credit Agreement. As of October 26, 2022, no amounts have been borrowed by AWCC under the Credit Agreement, except with respect to letters of credit previously issued under the Credit Agreement's \$150 million letter of credit sublimit.

The Credit Agreement contains certain representations and warranties made by AWCC and the parent company at the time it was entered into and, under its terms, AWCC must be in compliance with specified covenants, including (i) the requirement that AWCC maintains a ratio of total consolidated debt to consolidated total capitalization of not more than 0.70 to 1.0, computed in accordance with the terms of the Credit Agreement, (ii) a restriction on the incurrence of liens (other than liens permitted by the Credit Agreement) on the assets of the parent company, AWCC or any of the parent company's significant subsidiaries, (iii) restrictions on sale-leaseback transactions by AWCC, the parent company or any of the parent company's significant subsidiaries, (iv) not causing the Support Agreement to be canceled or terminated, or amended in such a way as to adversely affect the rights of the Lenders, and (v) AWCC engaging in any business, operations or activities other than financing activities for and on behalf of the parent company and its other subsidiaries. The Credit Agreement does not include any credit rating triggers. Certain of the financial covenants with respect to the facility were increased to reflect changes in American Water's size, business and operations since the execution and delivery of the Existing Credit Agreement.

The occurrence of an event of default under the Credit Agreement could result in the acceleration of the repayment obligations of AWCC thereunder. The events of default in the Credit Agreement include, but are not limited to (i) the failure of AWCC to pay when due principal or interest under the Credit Agreement, (ii) the failure to observe or perform AWCC's covenants contained in the Credit Agreement (including the covenants described in the preceding paragraph), subject in certain circumstances to grace periods and notice requirements provided in the Credit Agreement, (iii) any representation, warranty, certification or statement made by or on behalf of AWCC under the Credit Agreement or under any loan document or other document delivered pursuant to the Credit Agreement or a loan document being incorrect in any material respect when made, (iv) the failure of AWCC, the parent company or any significant subsidiary of the parent company to pay amounts due under certain other indebtedness, (v) the default of the parent company in the performance or observance of any obligation or condition under specified provisions of the Support Agreement, (vi) the occurrence of certain bankruptcy events, judgments or decrees against AWCC, the parent company or any of the parent company's significant subsidiaries, (vii) the failure of AWCC, the parent company or any of the parent company's significant subsidiaries to pay or otherwise discharge certain monetary judgments, (viii) the occurrence of certain events under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), or with respect to certain employee pension benefit plans covered by ERISA, (ix) the unenforceability of any material provision of the Support Agreement, or the assertion by any court or governmental or regulatory body having jurisdiction over the parent company of the unenforceability of any such provision in writing, or the contesting by the parent company of the validity or enforceability of any such provision, (x) the occurrence of a change of control (as defined in the Credit Agreement) involving the parent company, or (xi) the parent company ceasing to own, directly or indirectly, all of the common stock of AWCC.

In the ordinary course of business, certain of the Lenders and their respective affiliates have from time to time engaged, and likely will in the future engage, in transactions with, and from time to time have performed various financial advisory, commercial banking, investment banking, treasury, trustee and other services for, and likely will in the future perform such services for, AWCC and American Water, for which they received, or will continue to receive, customary fees or compensation. In addition, affiliates of certain of the Lenders act as issuing and paying agent or dealer under AWCC's commercial paper program.

The foregoing description of the Credit Agreement does not purport to be complete and is subject to, and is qualified in its entirety by, the full text of the Credit Agreement, which is attached to this Form 10-Q as [Exhibit 10.1](#) and incorporated herein by reference.

Increase in Size of AWCC's Commercial Paper Program

On October 26, 2022, AWCC increased the size of its program to permit the issuance of short-term commercial paper notes by AWCC in an aggregate principal amount not to exceed \$2.60 billion outstanding at any time, an increase from the prior maximum size of \$2.10 billion. The notes issued by AWCC under the commercial paper program are considered "debt" for purposes of the Support Agreement. The offer and sale of the commercial paper notes and related obligations of the parent company under the Support Agreement have not been and will not be registered under the Securities Act in reliance upon the exemption provided by Section 4(a)(2) thereof, and may not be offered or sold absent registration or an applicable exemption from such registration requirements. The information contained in this Form 10-Q shall not constitute an offer to sell or the solicitation of an offer to buy commercial paper

notes issued by AWCC from time to time under its commercial paper program or the related support obligations of the parent company under the Support Agreement.

New 2022 Annual Performance Plan Goals

In alignment with the Company’s commitment to inclusion, diversity and equity, in the first quarter of 2022, two new people-related goals were added to the Company’s 2022 Annual Performance Plan: female percentage of the Company’s overall workforce, and ethnic and racial percentage of the Company’s overall workforce.

THIRD AMENDED AND RESTATED CREDIT AGREEMENT

THIS THIRD AMENDED AND RESTATED CREDIT AGREEMENT, dated as of October 26, 2022 (this “*Agreement*”), is by and among **AMERICAN WATER CAPITAL CORP.**, a Delaware corporation (the “*Borrower*”), the Lenders from time to time party hereto (collectively, the “*Lenders*”), and **WELLS FARGO BANK, NATIONAL ASSOCIATION**, a national banking association, as Administrative Agent for the Lenders (in such capacity, together with its successors and assigns, the “*Administrative Agent*”).

WHEREAS, the Borrower, the Lenders and the Administrative Agent are parties to that certain Second Amended and Restated Credit Agreement dated as of March 21, 2018 (as amended and in effect immediately prior to the date hereof, the “Existing Credit Agreement”);

WHEREAS, the Borrower has requested the Lenders and the Administrative Agent amend and restate the Existing Credit Agreement to modify the Existing Credit Agreement in certain respects;

WHEREAS, the Borrower acknowledges and agrees that the Obligations represent, among other things, the amendment, restatement, renewal, extension, consolidation and modification of the Obligations (as defined in the Existing Credit Agreement) arising in connection with the Existing Credit Agreement and other Loan Documents (as defined in the Existing Credit Agreement) executed in connection therewith; and

WHEREAS, the Borrower intends that (a) the provisions of the Existing Credit Agreement and the other Loan Documents (as defined in the Existing Credit Agreement) executed in connection therewith, to the extent restated, renewed, extended, consolidated, amended and modified hereby, be hereby superseded and replaced by the provisions hereof and of the other Loan Documents; and (b) by entering into and performing its Obligations hereunder, this transaction shall not constitute a novation.

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained, the parties hereto agree that the Existing Credit Agreement is hereby amended and restated, as follows:

ARTICLE I DEFINITIONS

Section 1.01 Certain Defined Terms. The terms defined in this Section 1.01 shall, for all purposes of this Agreement, have the meanings set forth herein:

“*Act*” means the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)), as amended.

“*Adjusted Term SOFR*” means, for purposes of any calculation, the rate per annum equal to (a) Term SOFR for such calculation plus (b) the Term SOFR Adjustment; provided that if Adjusted Term SOFR as so determined shall ever be less than the Floor, then Adjusted Term SOFR shall be deemed to be the Floor.

“*Adjusted Term SOFR Market Index Rate*” means, for purposes of any calculation and with respect to any day, the daily floating rate per annum for one-month Term SOFR plus the Term SOFR Adjustment.

“*Administrative Agent*” has the meaning set forth in the preamble.

“**Affected Financial Institution**” means (a) any EEA Financial Institution or (b) any UK Financial Institution.

“**Affiliate**” means, with respect to any Person, any other Person directly or indirectly controlling (including but not limited to all directors and officers of such Person), controlled by, or under direct or indirect common control with such Person. A Person shall be deemed to control another entity if such Person possesses, directly or indirectly, the power to direct or cause the direction of the management and policies of such entity, whether through the ownership of voting securities, by contract, or otherwise.

“**Agreement**” has the meaning set forth in the preamble.

“**Anti-Corruption Laws**” means all laws, rules, and regulations of any jurisdiction applicable to the Borrower or its Subsidiaries from time to time concerning or relating to bribery or corruption, including, without limitation, the United States Foreign Corrupt Practices Act of 1977, as amended, and the rules and regulations thereunder.

“**Anti-Money Laundering Laws**” means any and all laws, statutes, regulations or obligatory government orders, decrees, ordinances or rules applicable to the Borrower or its Subsidiaries related to terrorism financing or money laundering, including any applicable provision of the Act and The Currency and Foreign Transactions Reporting Act (also known as the “Bank Secrecy Act,” 31 U.S.C. §§ 5311-5330 and 12U.S.C. §§ 1818(s), 1820(b) and 1951-1959).

“**Applicable Percentage**” means, with respect to the Facility Fee or any SOFR Loan, Base Rate Loan or Swingline Loan, at all times during which any Applicable Rating Level set forth below is in effect, the rate per annum for the Facility Fee or such Loan set forth below next to such Applicable Rating Level.

Applicable Rating Level	Applicable Percentage for Facility Fee	Applicable Percentage for SOFR Loans	Applicable Percentage for Base Rate Loans
1	0.060%	0.690%	0.000%
2	0.075%	0.800%	0.000%
3	0.100%	0.900%	0.000%
4	0.125%	1.000%	0.000%
5	0.175%	1.075%	0.075%

The Applicable Percentage shall be determined in accordance with the foregoing table based on the Applicable Rating Level as determined from the Borrower’s then-applicable Moody’s Rating and S&P Rating. Any change in the Applicable Percentages resulting from a change in the Applicable Rating Level shall become effective upon the date of announcement of any change in the Moody’s Rating or the S&P Rating of the Borrower that results in such change in the Applicable Rating Level.

“**Applicable Rating Level**” at any time shall be determined in accordance with the Borrower’s then-

applicable S&P Rating and the Borrower’s then-applicable Moody’s Rating as follows:

S&P Rating/Moody’s Rating	Applicable Rating Level
S&P Rating AA- or higher or Moody’s Rating Aa3 or higher	1
S&P Rating A+ or Moody’s Rating A1	2
S&P Rating A or Moody’s Rating A2	3
S&P Rating A- or Moody’s Rating A3	4
S&P Rating BBB+ or below or Moody’s Rating Baa1 or below	5

The Applicable Rating Level for any day shall be determined based upon the higher of the S&P Rating and the Moody’s Rating of the Borrower in effect on such day. If the S&P Rating and the Moody’s Rating of the Borrower are not the same (*i.e.*, a “split rating”), the higher of such ratings shall control, unless the S&P Rating is below BBB- or the Moody’s Rating is below Baa3, in which case the lower of the two ratings shall control.

“**Approved Fund**” means any Fund that is administered or managed by (a) a Lender, (b) an Affiliate of a Lender or (c) an entity or an Affiliate of an entity that administers or manages a Lender.

“**Assignee**” means the assignee of all or a portion of a Lender’s rights and obligations under this Agreement pursuant to the terms of Section 7.05(b).

“**Assignment and Acceptance**” means an Assignment and Acceptance executed in accordance with Section 7.05(b) in the form attached hereto as Exhibit C.

“**Attributable Debt**” means, on any date of determination, (a) in respect of any Capitalized Lease of any Person, the capitalized amount thereof that would appear on a balance sheet of such Person prepared as of such date in accordance with GAAP, and (b) in respect of any Synthetic Lease, the capitalized amount or principal amount of the remaining lease payments under the relevant lease that would appear on a balance sheet of such Person prepared as of such date in accordance with GAAP if such lease were accounted for as a Capitalized Lease.

“**Available Tenor**” means, as of any date of determination and with respect to the then-current Benchmark, as applicable, (a) if such Benchmark is a term rate, any tenor for such Benchmark (or component thereof) that is or may be used for determining the length of an interest period pursuant to this Agreement or (b) otherwise, any payment period for interest calculated with reference to such Benchmark (or component thereof) that is or may be used for determining any frequency of making payments of interest calculated with reference to such Benchmark, in each case, as of such date and not including any tenor for such Benchmark that is then-removed from the definition of “Interest Period” pursuant to Section 2.18(c)(iv).

“**Bail-In Action**” means the exercise of any Write-Down and Conversion Powers by the applicable Resolution Authority in respect of any liability of an Affected Financial Institution.

“**Bail-In Legislation**” means (a) with respect to any EEA Member Country implementing Article 55 of Directive 2014/59/EU of the European Parliament and of the Council of the European Union, the implementing law, regulation, rule or requirement for such EEA Member Country from time to time which is described in the EU Bail-In Legislation Schedule and (b) with respect to the United Kingdom, Part I of the United Kingdom Banking Act 2009 (as amended from time to time) and any other law, regulation or rule applicable in the United Kingdom relating to the resolution of unsound or failing banks, investment firms or other financial institutions or their affiliates (other than through liquidation, administration or other insolvency proceedings).

“**Base Rate**” means, at any time, the highest of (a) the Prime Rate, (b) the Federal Funds Rate plus 0.50% and (c) Adjusted Term SOFR Market Index Rate in effect on such day plus 1.0%; each change in the Base Rate shall take effect simultaneously with the corresponding change or changes in the Prime Rate, the Federal Funds Rate or Adjusted Term SOFR Market Index Rate, as applicable (provided that clause (c) shall not be applicable during any period in which Adjusted Term SOFR Market Index Rate is unavailable or unascertainable). Notwithstanding the foregoing, in no event shall the Base Rate be less than the Floor.

“**Base Rate Loan**” means a loan that bears interest based upon the Base Rate as provided in Section 2.08(a)(i).

“**Benchmark**” means, initially, the Term SOFR Reference Rate; provided that if a Benchmark Transition Event has occurred with respect to the Term SOFR Reference Rate or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement to the extent that such Benchmark Replacement has replaced such prior benchmark rate pursuant to Section 2.18(c)(i).

“**Benchmark Replacement**” means, with respect to any Benchmark Transition Event, the sum of: (a) the alternate benchmark rate that has been selected by the Administrative Agent and the Borrower giving due consideration to (i) any selection or recommendation of a replacement benchmark rate or the mechanism for determining such a rate by the Relevant Governmental Body or (ii) any evolving or then-prevailing market convention for determining a benchmark rate as a replacement to the then-current Benchmark for Dollar-denominated syndicated credit facilities and (b) the related Benchmark Replacement Adjustment; provided that, if such Benchmark Replacement as so determined would be less than the Floor, such Benchmark Replacement will be deemed to be the Floor for the purposes of this Agreement and the other Loan Documents.

“**Benchmark Replacement Adjustment**” means, with respect to any replacement of the then-current Benchmark with an Unadjusted Benchmark Replacement for any applicable Available Tenor, the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected by the Administrative Agent and the Borrower giving due consideration to (a) any selection or recommendation of a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement by the Relevant Governmental Body or (b) any evolving or then-prevailing market convention for determining a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement for Dollar-denominated syndicated credit facilities.

“**Benchmark Replacement Date**” means the earlier to occur of the following events with respect to the then-current Benchmark:

(a) in the case of clause (a) or (b) of the definition of “Benchmark Transition Event,” the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of such Benchmark (or the published component used in the calculation thereof)

permanently or indefinitely ceases to provide all Available Tenors of such Benchmark (or such component thereof); or

(b) in the case of clause (c) of the definition of “Benchmark Transition Event,” the first date on which such Benchmark (or the published component used in the calculation thereof) has been determined and announced by the regulatory supervisor for the administrator of such Benchmark (or such component thereof) to be non-representative; provided that such non-representativeness will be determined by reference to the most recent statement or publication referenced in such clause (c) and even if any Available Tenor of such Benchmark (or such component thereof) continues to be provided on such date.

For the avoidance of doubt, the “Benchmark Replacement Date” will be deemed to have occurred in the case of clause (a) or (b) with respect to any Benchmark upon the occurrence of the applicable event or events set forth therein with respect to all then-current Available Tenors of such Benchmark (or the published component used in the calculation thereof).

“**Benchmark Transition Event**” means the occurrence of one or more of the following events with respect to the then-current Benchmark:

(a) a public statement or publication of information by or on behalf of the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that such administrator has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof), permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof);

(b) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof), the FRB, the Federal Reserve Bank of New York, an insolvency official with jurisdiction over the administrator for such Benchmark (or such component), a resolution authority with jurisdiction over the administrator for such Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for such Benchmark (or such component), which states that the administrator of such Benchmark (or such component) has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof) permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof); or

(c) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that all Available Tenors of such Benchmark (or such component thereof) are not, or as of a specified future date will not be, representative.

For the avoidance of doubt, a “Benchmark Transition Event” will be deemed to have occurred with respect to any Benchmark if a public statement or publication of information set forth above has occurred with respect to each then-current Available Tenor of such Benchmark (or the published component used in the calculation thereof).

“**Benchmark Transition Start Date**” means, in the case of a Benchmark Transition Event, the earlier of (a) the applicable Benchmark Replacement Date and (b) if such Benchmark Transition Event is a public statement or publication of information of a prospective event, the 90th day prior to the expected date of such event as of such public statement or publication of information (or if the expected date of

such prospective event is fewer than 90 days after such statement or publication, the date of such statement or publication).

“**Benchmark Unavailability Period**” means the period (if any) (x) beginning at the time that a Benchmark Replacement Date has occurred if, at such time, no Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 2.18(c)(i), and (y) ending at the time that a Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 2.18(c)(i).

“**Beneficial Ownership Certification**” means a certification regarding beneficial ownership as required by the Beneficial Ownership Regulation.

“**Beneficial Ownership Regulation**” means 31 CFR § 1010.230.

“**Benefit Plan**” means any of (a) an “employee benefit plan” (as defined in ERISA) that is subject to Title I of ERISA, (b) a “plan” as defined in Section 4975 of the Code or (c) any Person whose assets include (for purposes of ERISA Section 3(42) or otherwise for purposes of Title I of ERISA or Section 4975 of the Code) the assets of any such “employee benefit plan” or “plan”.

“**BHC Act Affiliate**” of a party shall mean an “affiliate” (as such term is defined under, and interpreted in accordance with, 12 U.S.C. 1841(k)) of such party.

“**Borrower**” has the meaning set forth in the preamble.

“**Borrower Materials**” has the meaning set forth in Section 5.01.

“**Borrowing**” means a borrowing hereunder consisting of Base Rate Loans or SOFR Loans made to the Borrower.

“**Business Day**” means a day of the year on which banks are not required or authorized to close in New York City or Charlotte, North Carolina.

“**Capitalized Lease**” of any Person means, subject to Section 1.02, the obligations of such Person to pay rent or other amounts under any lease of (or other arrangement conveying the right to use) real or personal property, or a combination thereof, which obligations are required to be classified and accounted for as finance leases on a balance sheet of such Person under GAAP, and the amount of such obligations shall be the capitalized amount thereof determined in accordance with GAAP.

“**Cash Collateral Account**” has the meaning set forth in Section 6.02.

“**Cash Collateralize**” means, to pledge and deposit in the Cash Collateral Account, or to pledge and deposit with or deliver to the Administrative Agent, for the benefit of one or more of the LC Issuing Banks, the Swingline Banks or the Lenders, as collateral for Letters of Credit, obligations of Lenders to fund participations in respect of Letters of Credit or for the obligations of Lenders to purchase their respective Pro Rata Shares in respect of Swingline Loans, cash or deposit account balances or, if the Administrative Agent and each applicable LC Issuing Bank or Swingline Bank, as applicable, shall agree in their reasonable discretion, other credit support, in each case pursuant to documentation in form and substance reasonably satisfactory to the Administrative Agent and each applicable LC Issuing Bank or Swingline Bank, as applicable. “**Cash Collateral**” shall have a meaning correlative to the foregoing and shall include the proceeds of such cash collateral and other credit support.

“**CERCLA**” means the Comprehensive Environmental Response Compensation and Liability Act, 42 U.S.C., § 9601, *et seq.*, as amended from time to time, and any regulations promulgated thereunder.

“**Change in Law**” means the occurrence, after the Closing Date (or, if later, on or after the date the Administrative Agent or any Lender becomes the Administrative Agent or a Lender, respectively), of any of the following: (a) the adoption or taking effect of any law, rule, regulation or treaty, (b) any change in any law, rule, regulation or treaty or in the administration, interpretation, implementation or application thereof by any Governmental Authority or (c) the making or issuance of any request, rule, guideline or directive (whether or not having the force of law) by any Governmental Authority; provided that notwithstanding anything herein to the contrary, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith and (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a “Change in Law”, regardless of the date enacted, adopted or issued.

“**Closing Date**” means the date of this Agreement.

“**Code**” means the Internal Revenue Code of 1986, as amended from time to time, or any successor federal tax code. Any reference to any provision of the Code shall also be deemed to be a reference to any successor provision or provisions thereof.

“**Commitment**” means (i) with respect to each Lender, the commitment of such Lender to make its Pro Rata Percentage of Loans and to participate in Letters of Credit in an aggregate amount up to the amount set forth opposite the name of each Lender on Schedule I, subject to adjustment on account of assignment pursuant to Section 7.05(b), reduction of the Commitment pursuant to Section 2.10 or 2.24(d), or increase in the Commitment pursuant to Section 2.05, and (ii) with respect to the Lenders collectively, the aggregate amount of all such Commitments.

“**Commitment Letter**” means, that Commitment Letter, dated October 3, 2022 by and among the Borrower, the Parent, Wells Fargo, PNC Bank, National Association, and the Joint Lead Arrangers.

“**Common Stock**” means with respect to any Person, the voting securities or equivalent equity interests of such Person having general voting rights, including the right to vote in the election of members of the board of directors (or persons performing similar functions) of such Person.

“**Conforming Changes**” means, with respect to either the use or administration of Term SOFR or the use, administration, adoption or implementation of any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Base Rate,” the definition of “Business Day,” the definition of “U.S. Government Securities Business Day,” the definition of “Interest Period” or any similar or analogous definition (or the addition of a concept of “interest period”), timing and frequency of determining rates and making payments of interest, timing of borrowing requests or prepayment, conversion or continuation notices, the applicability and length of lookback periods, the applicability of Section 2.13 and other technical, administrative or operational matters) that the Administrative Agent decides may be appropriate to reflect the adoption and implementation of any such rate or to permit the use and administration thereof by the Administrative Agent in a manner substantially consistent with market practice (or, if the Administrative Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Administrative Agent determines that no market practice for the administration of any such rate exists, in such other manner of administration as the Administrative Agent decides is reasonably necessary in connection with the administration of this Agreement and the other Loan Documents).

“**Connection Income Taxes**” means Other Connection Taxes that are imposed on or measured by net income (however denominated) or that are franchise Taxes or branch profits Taxes.

“**Consolidated Tangible Total Assets**” means, as at any applicable time of determination, Consolidated Total Assets less, without duplication, all intangible assets such as goodwill, trademarks, trade names, patents and unamortized debt discount and expense carried as an asset, in each case as set forth in the most recently available consolidated balance sheet of the Parent and its Subsidiaries.

“**Consolidated Total Assets**” means, as at any applicable time of determination, the total assets of Parent and its Subsidiaries as set forth in the most recently available consolidated financial statements of the Parent and its Subsidiaries.

“**Consolidated Total Capitalization**” means at any date of determination with respect to the Parent and its Subsidiaries, determined on a consolidated basis in accordance with GAAP, the sum of (without duplication) (i) Consolidated Total Debt of the Parent and its Subsidiaries, plus (ii) the sum of the capital stock (excluding treasury stock and capital stock subscribed for and unissued) and surplus (including earning surplus, capital surplus, translation adjustment, the balance of the current profit and loss account not transferred to surplus and accumulated other comprehensive income) accounts of the Parent and its Subsidiaries, in each case as shown on the most recent consolidated balance sheet of the Parent and its Subsidiaries delivered pursuant to Section 5.01(a).

- (viii) any interest or title of a lessor or sublessor under any lease permitted by this Agreement;
- (ix) Liens, securing Debt which has neither been assumed by the Borrower, the Parent or a Subsidiary of the Parent nor upon which it customarily pays interest charges, existing upon real property, or rights in or relating thereto, which real property or rights were acquired for right-of-way purposes;
 - (x) zoning laws and ordinances;
 - (xi) Capitalized Leases;
 - (xii) easements, rights-of-way, restrictions, conditions and other similar encumbrances, minor defects or irregularities of title, and alleys, streets and highways, which in the aggregate do not materially impair the usefulness of the mortgaged property in the present business of the Borrower, the Parent or any Subsidiary of the Parent;
 - (xiii) leases of the Properties and other assets of the Borrower, the Parent or a Subsidiary of the Parent, in each case entered into in the ordinary course of business and that do not, individually or in the aggregate, (A) interfere in any material respect with the ordinary course of business or (B) materially impair the value of the property subject thereto;
 - (xiv) Liens arising out of conditional sale, title retention, consignment or similar arrangements for the sale of goods entered into by the Borrower, the Parent or a Subsidiary of the Parent in the ordinary course of business in accordance with the past practices of the Borrower, the Parent or such Subsidiary of the Parent;
 - (xv) bankers’ Liens, rights of setoff and other similar Liens existing solely with respect to cash and cash equivalents on deposit in one or more accounts maintained by the Borrower, the Parent or any Subsidiary of the Parent, in each case granted in the ordinary course of business in favor of the financial institution or institutions with which such accounts are maintained, securing amounts owing to such financial institution(s) with respect to cash management and operating account arrangements, including those involving pooled accounts and netting arrangements; provided that, unless such Liens are non-consensual and arise by operation of law, in no case shall any such Liens secure (either directly or indirectly) the repayment of any Debt;

(xvi) Liens for taxes, assessments or governmental charges or levies not yet delinquent and which may subsequently be paid without interest or penalties and Liens for taxes, assessments or governmental charges or levies which are being contested in good faith by appropriate proceedings for which reserves have been established to the extent required by GAAP;

(xvii) purchase money Liens upon or in any fixed or capital assets, or other property created, acquired or constructed for use in connection therewith or related thereto, to secure the purchase price or the cost of construction or improvement of such fixed or capital assets or such other property or to secure Debt incurred solely for the purpose of financing the acquisition, construction or improvement of such fixed or capital assets or such other property (including Liens securing any Capitalized Leases) or Liens on any such assets or property existing at the time of acquisition thereof; provided, that (i) such Lien attaches to such asset or property prior to, concurrently or within 180 days (or within one year thereafter pursuant to a binding commitment for financing entered into with a lender or investor within such 180-day period) after the acquisition, improvement or completion of the construction thereof; (ii) such Lien does not extend to any other asset theretofore owned by the Borrower, the Parent or any Subsidiary of the Parent except (w) unimproved real property on which the property so constructed or the improvement is located, (x) other property (or improvement thereon) which is an improvement to or is acquired or constructed for use in connection therewith or related thereto, (y) any right and interest under any agreement or other document relating to the property being so constructed or improved or such other property and (z) the stock of any Subsidiary of the Parent created or maintained for the primary purpose of owning the property so constructed or improved; and (iii) the Debt secured thereby does not exceed the cost of acquiring, constructing or improving such fixed or capital assets or such other property;

(xviii) Liens not permitted by the foregoing subsections (i) through (xvii) securing Debt or other obligations in the aggregate principal amount not to exceed 15% of Consolidated Tangible Total Assets;

(xix) Liens created for the sole purpose of refinancing, extending, renewing or replacing in whole or in part Debt or other obligations secured by any Lien, mortgage or security interest referred to in the foregoing subsections (i) through (xviii); provided that the principal amount of Debt or obligations secured thereby shall not exceed the principal amount of Debt or obligations so secured at the time of such refinancing, extension, renewal or replacement and the Lien securing such refinancing, extension, renewal or replacement, as the case may be, shall be limited to all or a part of the Property or assets that secured the Debt or other obligations so extended, renewed or replaced (and any improvements on such Property or assets); and

(xx) (i) Liens created pursuant to the Loan Documents (other than the Support Agreement) and (ii) Liens granted in favor of the Administrative Agent, the Swingline Banks and/or the LC Issuing Banks to Cash Collateralize any LC Issuing Bank's or Swingline Bank's Fronting Exposure.

Section 1.02 Accounting Terms and Determinations. Unless otherwise specified herein, all terms of an accounting character used herein shall be interpreted, all accounting determinations hereunder shall be made, and all financial statements required to be delivered hereunder shall be prepared in accordance with GAAP; provided that, if the Borrower notifies the Administrative Agent that the Borrower requests an amendment to any provision (including any definition) hereof to eliminate the effect

of any change occurring after the date hereof in GAAP or in the application thereof on the operation of such provision occasioned by the promulgation of rules, regulations, pronouncements and opinions by or required by the Financial Accounting Standards Board or the American Institute of Certified Public Accounts (or successors thereto or agencies with similar functions), and such change affects the calculation of any component of any financial covenant, standard or term found in this Agreement (or if the Administrative Agent notifies the Borrower that the Required Lenders request an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP or in the application thereof, then such provision shall be interpreted on the basis of GAAP as in effect and applied immediately before such change shall have become effective until such notice shall have been withdrawn or such provision amended in accordance herewith, and the Borrower and the Lenders agree to enter into negotiations in order to amend such provisions (with the agreement of the Required Lenders or, if required by Section 7.04, all of the Lenders) so as to equitably reflect such changes with the desired result that the criteria for evaluating any of the Parent and its Subsidiaries' financial condition shall be the same after such changes as if such changes had not been made; provided, further that (a) all obligations of any Person that are or would have been treated as operating leases for purposes of GAAP prior to the effectiveness of FASB ASC 842 shall continue to be accounted for as operating leases for purposes of all financial definitions and calculations for purpose of this Agreement (whether or not such operating lease obligations were in effect on such date) notwithstanding the fact that such obligations are required in accordance with FASB ASC 842 (on a prospective or retroactive basis or otherwise) to be treated as a Capitalized Lease in the financial statements and (b) all financial statements delivered to the Administrative Agent hereunder shall contain a schedule showing the modifications necessary to reconcile the adjustments made pursuant to clause (a) above with such financial statements. Notwithstanding the foregoing, the determination of compliance with any covenant contained herein (including the computation of any amounts and ratios) shall be made without giving effect to any election under FASB ASC Topic 825 and FASB ASC 470-20 (or any other Financial Accounting Standard having a similar result or effect) to value any Debt or other liabilities of the Borrower, the Parent or any of its Subsidiaries at "fair value", as defined therein, and Debt shall be measured at the outstanding principal amount thereof.

Section 1.03 Use of Defined Terms. All terms defined in this Agreement shall have the same meanings when used in any of the other Loan Documents (other than the Support Agreement), unless otherwise defined therein or unless the context shall otherwise require.

Section 1.04 Other Definitions and Provisions. With reference to this Agreement and each other Loan Document, unless otherwise specified herein or in such other Loan Document: (a) the definitions of terms herein shall apply equally to the singular and plural forms of the terms defined, (b) whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms, (c) the words "include", "includes" and "including" shall be deemed to be followed by the phrase "without limitation", (d) the word "will" shall be construed to have the same meaning and effect as the word "shall", (e) any reference herein to any Person shall be construed to include such Person's successors and assigns, (f) the words "herein", "hereof" and "hereunder", and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (g) all references herein to Articles, Sections, Exhibits and Schedules shall be construed to refer to Articles and Sections of, and Exhibits and Schedules to, this Agreement, (h) the words "asset" and "property" shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including cash, securities, accounts and contract rights, and (i) in the computation of periods of time from a specified date to a later specified date, the word "from" means "from and including;" the words "to" and "until" each mean "to but excluding;" and the word "through" means "to and including".

Section 1.05 References to Agreement and Laws. Unless otherwise expressly provided herein, (a) references to formation documents, governing documents, agreements (including the Loan Documents) and other contractual instruments shall be deemed to include all subsequent amendments,

restatements, extensions, supplements and other modifications thereto, but only to the extent that such amendments, restatements, extensions, supplements and other modifications are not prohibited by any Loan Document; and (b) references to any applicable law shall include all statutory and regulatory provisions consolidating, amending, replacing, supplementing or interpreting such applicable law.

Section 1.06 Letter of Credit Amounts. Unless otherwise specified, all references herein to the amount of a Letter of Credit at any time shall be deemed to mean the maximum face amount of such Letter of Credit after giving effect to all increases thereof contemplated by such Letter of Credit (at the time specified therefor in such applicable Letter of Credit and as such amount may be reduced by (a) any permanent reduction of such Letter of Credit or (b) any amount which is drawn, reimbursed and no longer available under such Letter of Credit).

Section 1.07 Times of Day. Unless otherwise specified, all references herein to times of day shall be references to Eastern time (daylight or standard, as applicable).

Section 1.08 Rates. The Administrative Agent does not warrant or accept any responsibility for, and shall not have any liability with respect to, (a) the continuation of, administration of, submission of, calculation of or any other matter related to the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, or any component definition thereof or rates referred to in the definition thereof, or with respect to any alternative, successor or replacement rate thereto (including any Benchmark Replacement), including whether the composition or characteristics of any such alternative, successor or replacement rate (including any Benchmark Replacement), as it may or may not be adjusted pursuant to Section 2.18(c), will be similar to, or produce the same value or economic equivalence of, or have the same volume or liquidity as, the Term SOFR Reference Rate, Adjusted Term SOFR, Term SOFR or any other Benchmark prior to its discontinuance or unavailability, or (b) the effect, implementation or composition of any Conforming Changes. The Administrative Agent and its Affiliates or other related entities may engage in transactions that affect the calculation of the Term SOFR Reference Rate, Adjusted Term SOFR, Term SOFR, any alternative, successor or replacement rate (including any Benchmark Replacement) or any relevant adjustments thereto and such transactions may be adverse to the Borrower. The Administrative Agent may select information sources or services in its reasonable discretion to ascertain the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, or any other Benchmark, any component definition thereof or rates referred to in the definition thereof, in each case pursuant to the terms of this Agreement, and shall have no liability to the Borrower, any Lender or any other person or entity for damages of any kind, including direct or indirect, special, punitive, incidental or consequential damages, costs, losses or expenses (whether in tort, contract or otherwise and whether at law or in equity), for any error or calculation of any such rate (or component thereof) provided by any such information source or service.

Section 1.09 Divisions. For all purposes under the Loan Documents, in connection with any division or plan of division under Delaware law (or any comparable event under a different jurisdiction's laws): (a) if any asset, right, obligation or liability of any Person becomes the asset, right, obligation or liability of a different Person, then it shall be deemed to have been transferred from the original Person to the subsequent Person, and (b) if any new Person comes into existence, such new Person shall be deemed to have been organized on the first date of its existence by the holders of its equity interests at such time.

ARTICLE II EXTENSIONS OF CREDIT

Section 2.01 Commitment to Extend Credit.

(a) Each Lender severally agrees, on the terms and conditions set forth herein, to make its Pro Rata Share of Loans (other than Swingline Loans) in Dollars to the Borrower from time to time before the Termination Date; provided that, immediately after each such Loan is made, (i) with respect to each Lender individually, the Outstanding Credits of such Lender shall not exceed such Lender's Commitment, and (ii) with respect to the Lenders collectively, the aggregate Outstanding Credits shall not exceed the Lenders' aggregate Commitment.

(b) Each Swingline Bank severally agrees, on the terms and conditions set forth herein, to make Swingline Loans in Dollars to the Borrower from time to time before the Termination Date; provided that, immediately after each such Swingline Loan is made: (i) the outstanding aggregate principal amount of the Swingline Loans made by such Swingline Bank shall not exceed such Swingline Bank's Swingline Commitment, (ii) the outstanding aggregate principal amount of the Swingline Loans shall not exceed \$200,000,000, (iii) the outstanding aggregate principal amount of the Swingline Loans made by such Swingline Bank, together with the Outstanding Credits (other than Swingline Loans) of the applicable Lender acting as a Swingline Bank shall not exceed such Lender's Commitment, (iv) with respect to each Lender individually, the Outstanding Credits of such Lender shall not exceed such Lender's Commitment, and (v) with respect to the Lenders collectively, the aggregate Outstanding Credits shall not exceed the Lenders' aggregate Commitment.

(c) Within the foregoing limits, the Borrower may borrow under this Section, repay or, to the extent permitted by Section 2.12, prepay Loans and reborrow under this Section at any time before the Termination Date.

Section 2.02 Method of Borrowing.

(a) Each Borrowing shall be made on a Business Day, upon notice from the Borrower to the Administrative Agent, given (i) in the case of a Borrowing that is a Base Rate Loan, not later than 1:00 P.M. on the date of the proposed Borrowing and (ii) in the case of a Borrowing that is a SOFR Loan, not later than 11:00 A.M. on the third U.S. Government Securities Business Day prior to the date of the proposed Borrowing. Each such notice of a Borrowing (a "**Notice of Borrowing**") by the Borrower shall be in substantially the form of Exhibit A, specifying therein the requested (A) date of such Borrowing, (B) Type of Loan to be made in connection with such Borrowing, (C) aggregate amount of such Borrowing and (D) in the case of a Borrowing comprising SOFR Loans, initial Interest Period for each such Loan. The Administrative Agent shall give notice to each Lender promptly upon receipt of each Notice of Borrowing pursuant to this Section 2.02(a), the contents thereof and each such Lender's Pro Rata Share of any Borrowing to be made pursuant thereto. Each Lender shall, before 1:00 P.M. on the date of such Borrowing (or 3:00 P.M. on the date of such Borrowing with respect to Base Rate Loans), make available to the Administrative Agent for the account of the Borrower in same day funds, the proceeds of such Borrowing. Such Borrowing will then be made available to the Borrower by the Administrative Agent by crediting the account of the Borrower on the books of such office with the aggregate of the amounts made available to the Administrative Agent by the Lenders and in like funds as received by the Administrative Agent (or at such other location as may be agreed by the Borrower and the Administrative Agent).

(b) Each Notice of Borrowing shall be irrevocable and binding on the Borrower. In the case of any Borrowing that the related Notice of Borrowing specifies is to comprise SOFR Loans, the Borrower shall indemnify the applicable Lender against any loss, cost or expense incurred by such Lender as a result of any failure of the Borrower to fulfill on or before the date specified in such Notice of Borrowing for such Loans, the applicable conditions set forth in Article III, including any loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or redeployment of deposits or other funds acquired by such Lender as part of such Borrowing when such Loan is not made on such date.

(c) Each Borrowing (whether for a Base Rate Loan or a SOFR Loan) shall be in an aggregate principal amount of \$5,000,000 or any multiple of \$1,000,000 in excess thereof (except that any such Borrowing may be in the aggregate amount of the unutilized Commitment on such date).

Section 2.03 Method of Swingline Borrowing.

(a) Each Swingline Borrowing shall be made on a Business Day, upon notice from the Borrower to the Administrative Agent and a Swingline Bank, given not later than 1:00 P.M. on the date of the proposed Swingline Borrowing. Each such notice of a Swingline Borrowing (a “**Notice of Swingline Borrowing**”) by the Borrower shall be in substantially the form of Exhibit A, specifying therein (i) the requested date of such Swingline Borrowing, (ii) the requested aggregate amount of such Swingline Borrowing and (iii) whether the interest rate for such Swingline Borrowing is to be based on the Base Rate or Adjusted Term SOFR Market Index Rate. The applicable Swingline Bank shall, before 3:00 P.M. on the date of such Swingline Borrowing, make available to the Administrative Agent for the account of the Borrower in same day funds, the proceeds of such Swingline Borrowing. Such Swingline Borrowing will then be made available to the Borrower by the Administrative Agent by crediting the account of the Borrower on the books of such office with the aggregate of the amounts made available to the Administrative Agent by such Swingline Bank and in like funds as received by the Administrative Agent. For purposes of determining the amount of Outstanding Credits of any Lender and the amount of unutilized Commitments, each Swingline Borrowing made by a Swingline Bank will be deemed to comprise outstanding Loans of the Lenders made in accordance with their Pro Rata Percentages. In addition to the Swingline Banks listed on Schedule 2.03, the Borrower may from time to time appoint one or more other Lenders (with the consent of such Lender (which consent may be withheld in the sole discretion of such Lender) and the Administrative Agent (such consent not to be unreasonably withheld or delayed)) to act as a Swingline Bank hereunder. Any such appointment and the terms thereof (including the Swingline Commitment of such Swingline Bank) shall be evidenced by a separate written agreement executed by the Borrower and such Swingline Bank and acknowledged (to evidence its consent as to the identity of such Swingline Bank) by the Administrative Agent. The Administrative Agent shall give prompt notice of any such appointment to the Lenders. Upon such appointment, if and for so long as such Lender shall have any obligation to make Swingline Loans hereunder or any Swingline Loan shall remain outstanding, such Lender shall be deemed to be, and shall have all the rights and obligations of, a “Swingline Bank” under this Agreement.

(b) Each Swingline Borrowing shall be in the aggregate principal amount of \$1,000,000 or any multiple of \$500,000 in excess thereof, or such lesser amount as shall be equal to the aggregate amount of the unutilized Commitment on such date.

(c) Notwithstanding anything in this Section 2.03 above to the contrary:

(i) the aggregate amount of the Swingline Loans outstanding at any time shall not exceed \$200,000,000;

(ii) the aggregate amount of the Swingline Loans of a Swingline Bank outstanding at any time shall not exceed the Swingline Commitment of such Swingline Bank;

(iii) no more than one Swingline Loan may be made on the same Business Day; and

(iv) each Swingline Loan shall be paid in full by the Borrower on the earlier to occur of (x) the fourteenth (14th) Business Day after the date the Swingline Loan is made and (y) the Termination Date; provided, that such payment shall not be made from the proceeds of any other Swingline Loans.

(d) Any Swingline Bank that has made a Swingline Loan may, at any time and from time to time in its sole and absolute discretion, on behalf of the Borrower (which hereby irrevocably directs the applicable Swingline Bank to act on its behalf), by written notice given no later than 11:00 a.m. on any Business Day request each Lender to make, and each Lender hereby agrees to make, a Base Rate Loan in an amount equal to such Lender's Pro Rata Percentage of the aggregate amount of the Swingline Loan outstanding on the date of such notice, to repay the applicable Swingline Bank. Each Lender shall make the amount of such Base Rate Loan available to the Administrative Agent in immediately available funds at the Administrative Agent's office not later than 1:00 p.m. on the day specified in such notice. The proceeds of such Base Rate Loan shall be immediately made available by the Administrative Agent to the applicable Swingline Bank for application by the Swingline Bank to the repayment of the Swingline Loan. No Lender's obligation to fund its respective Pro Rata Percentage of a Swingline Loan shall be affected by any other Lender's failure to fund its Pro Rata Percentage of a Swingline Loan, nor shall any Lender's Pro Rata Percentage be increased as a result of any such failure of any other Lender to fund its Pro Rata Percentage of a Swingline Loan.

(e) On each date a Swingline Loan is made, each Lender shall be deemed to have purchased a risk participation in such Swingline Loan from the applicable Swingline Bank in an amount equal to such Lender's Pro Rata Percentage of such Swingline Loan. If for any reason any Swingline Loan cannot be refinanced with a Base Rate Loan pursuant to Section 2.03(d), upon request by a Swingline Bank with an outstanding Swingline Loan, and notwithstanding whether a Default or Event of Default shall have occurred and be continuing, each other Lender shall fund its risk participation in such Swingline Loan by making available to the Administrative Agent for the account of such Swingline Bank, by deposit to the Administrative Agent's account, in same day funds, an amount equal to its risk participation therein. If and to the extent that any Lender shall not have so made the amount of its risk participation in such Swingline Loan available to the Administrative Agent, such Lender agrees to pay to the Administrative Agent forthwith on demand such amount together with interest thereon, for each day from the date of demand by the applicable Swingline Bank until the date such amount is paid to the Administrative Agent, at the Federal Funds Rate; provided, that if payment is not made within three (3) Business Days of demand, interest thereon shall accrue at the Base Rate plus the Applicable Percentage for Swingline Loans for each day thereafter until paid. If such Lender shall pay to the Administrative Agent such amount for the account of the applicable Swingline Bank, such amount so paid in respect of principal shall constitute a Swingline Loan by such Lender for purposes of this Agreement, and the outstanding principal amount of the Swingline Loan made by such Swingline Bank shall be reduced by such amount.

(f) Any Swingline Bank may and, if such Swingline Bank is a Lender being replaced pursuant to Section 2.23(b), such Swingline Bank shall, resign at any time by giving written notice thereof to the Administrative Agent, the Lenders and the Borrower, with any such resignation to become effective (i) if such Swingline Bank is the Administrative Agent and the Administrative Agent has given notice of its resignation or has been removed in accordance with Section 8.08, on the Resignation Effective Date or Removal Effective Date, as applicable, (ii) if such Swingline Bank is party to an Assignment and Acceptance whereby it intends to assign all of its Loans and Commitment to an Eligible Assignee pursuant to Section 2.23(b) or 7.05(b), on the effective date of such assignment or (iii) otherwise, on the later of (x) 30 days after delivery of such notice or (y) such date as agreed by such Swingline Bank; provided that if such resigning Swingline Bank is the only remaining Swingline Bank at the time of its resignation and there is no Administrative Agent, the Borrower shall have the right to appoint a successor Swingline Bank, which shall be a Lender or an Eligible Assignee reasonably acceptable to the Required Lenders. If no successor Swingline Bank shall have been so appointed by the Borrower, and shall have accepted such appointment, within 30 days after the retiring Swingline Bank's giving of notice of resignation, then the retiring Swingline Bank may, on behalf of the Borrower and the Lenders, appoint a successor Swingline Bank, which shall be a Lender or an Eligible Assignee acceptable to the Borrower. Upon the acceptance of any appointment as a Swingline Bank hereunder by a successor Swingline Bank, such successor Swingline Bank shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Swingline Bank.

(g) Each Lender's obligation to make a Base Rate Loan pursuant to Section 2.03(d) or to purchase and fund risk participations in Swingline Loans pursuant to Section 2.03(e) shall be absolute and unconditional and shall not be affected by any circumstance, including (A) any setoff, counterclaim, recoupment, defense or other right which such Lender may have against the applicable Swingline Bank, the Borrower or any other Person for any reason whatsoever, (B) the occurrence or continuance of an Event of Default, or (C) any other occurrence, event or condition, whether or not similar to any of the foregoing; provided, however, that each Lender's obligation to make Base Rate Loans pursuant to Section 2.03(d) is subject to the conditions set forth in Section 3.02. No such funding of risk participations shall relieve or otherwise impair the obligation of the Borrower to repay Swingline Loans, together with interest as provided herein.

Section 2.04 Letters of Credit.

(a) In addition to the LC Issuing Banks listed on Schedule 2.04, the Borrower may from time to time appoint one or more other Lenders (with the consent of any such Lender (which consent may be withheld in the sole discretion of such Lender) and the Administrative Agent (such consent not to be unreasonably withheld or delayed)) to act as an LC Issuing Bank hereunder. Any such appointment and the terms thereof shall be evidenced in a separate written agreement executed by the Borrower and the relevant LC Issuing Bank and acknowledged (to evidence its consent as to the identity of such LC Issuing Bank) by the Administrative Agent. The Administrative Agent shall give prompt notice of any such appointment to the other Lenders. Upon such appointment, if and for so long as such Lender shall have any obligation to issue any Letters of Credit hereunder or any Letter of Credit issued by such Lender shall remain outstanding, such Lender shall be deemed to be, and shall have all the rights and obligations of, an "LC Issuing Bank" under this Agreement.

(b) Subject to the terms and conditions hereof, each Letter of Credit shall be issued (or the stated maturity thereof extended or terms thereof modified or amended) on not less than one (1) Business Day's prior notice thereof by delivery of (x) a Request for Issuance to the Administrative Agent (which shall promptly distribute copies thereof to the Lenders) and the relevant LC Issuing Bank, and (y) if requested by such LC Issuing Bank, a letter of credit application or other standard form required by the relevant LC Issuing Bank to such LC Issuing Bank. Each Letter of Credit shall be issued in a form acceptable to the relevant LC Issuing Bank. Each Request for Issuance shall specify (i) the identity of the relevant LC Issuing Bank, (ii) the date (which shall be a Business Day) of issuance of such Letter of Credit (or the date of effectiveness of such extension, modification or amendment) and the stated expiry date thereof (which shall not be later than the earlier of (A) one year after the date of issuance of such Letter of Credit and (B) unless cash collateralized (in accordance with the procedures set forth in Section 2.25) in an amount equal to 102% of the LC Outstandings for such Letter of Credit prior to five (5) Business Days prior to the stated Termination Date for the applicable LC Issuing Bank, the fifth Business Day preceding such Termination Date); provided that a Letter of Credit may, upon the request of the Borrower, include a provision whereby such Letter of Credit shall be renewed automatically for additional consecutive periods of one year or less (but not beyond the date specified in clause (B) above) unless the relevant LC Issuing Bank notifies the Borrower and the beneficiary thereof at least 30 days prior to the then-applicable expiration date that such Letter of Credit will not be renewed, (iii) the proposed stated amount of such Letter of Credit, (iv) the name and address of the beneficiary of such Letter of Credit and (v) a statement of drawing conditions applicable to such Letter of Credit, and if such Request for Issuance relates to an amendment or modification of a Letter of Credit, it shall be accompanied by the consent of the beneficiary of the Letter of Credit thereto. Each Request for Issuance shall be delivered by the Borrower no later than 11:00 A.M. on the Business Day immediately prior to the proposed date of issuance (or effectiveness) specified therein. Not later than 2:00 P.M. on the proposed date of issuance (or effectiveness) specified in such Request for Issuance, and upon fulfillment of the

applicable conditions precedent and the other requirements set forth herein, the relevant LC Issuing Bank shall issue (or extend, amend or modify) such Letter of Credit and provide notice and a copy thereof to the Administrative Agent, which shall promptly furnish copies thereof to the Lenders; provided that the relevant LC Issuing Bank shall not issue or amend any Letter of Credit if such LC Issuing Bank has received notice from the Administrative Agent that the applicable conditions precedent have not been satisfied.

(c) No Letter of Credit shall be requested or issued hereunder if, after the issuance thereof, (i) the Outstanding Credits would exceed the aggregate Commitments, (ii) with respect to each Lender individually, the Outstanding Credits of such Lender would exceed such Lender's Commitment, (iii) the LC Outstandings would exceed \$150,000,000, or (iv) the LC Outstandings for all Letters of Credit issued by such LC Issuing Bank would exceed the LC Commitment of such LC Issuing Bank.

(d) By the issuance of a Letter of Credit (or an amendment to a Letter of Credit increasing the amount or extending the expiration date thereof), and without any further action on the part of the applicable LC Issuing Bank or the Lenders, such LC Issuing Bank hereby grants to each Lender, and each Lender hereby acquires from such LC Issuing Bank, a participation in such Letter of Credit equal to such Lender's Pro Rata Percentage of the aggregate amount available to be drawn under such Letter of Credit. Each Lender acknowledges and agrees that its obligation to acquire participations pursuant to this paragraph in respect of Letters of Credit is absolute, unconditional and irrevocable and shall not be affected by any circumstance whatsoever, including any amendment, extension, reinstatement or renewal of any Letter of Credit or the occurrence and continuance of a Default or Event of Default or reduction or termination of the Commitments. Each Lender further acknowledges and agrees that its participation in each Letter of Credit will be automatically adjusted to reflect such Lender's Pro Rata Percentage of the aggregate amount available to be drawn under such Letter of Credit at each time such Lender's Commitment is amended pursuant to the operation of Section 2.05 or Section 2.06, or as a result of an assignment in accordance with Section 7.05 or otherwise pursuant to this Agreement.

(e) The Borrower hereby agrees to pay (through the proceeds of a Borrowing or otherwise) to the Administrative Agent for the account of each LC Issuing Bank and each participating Lender, if applicable, no later than (i) if the Borrower shall have received notice of such LC Issuing Bank's payment pursuant to any Letter of Credit issued by it (such payment, an "**LC Disbursement**") not later than 11:00 A.M. on the date of such payment, on such date, or (ii) if such notice has not been received by the Borrower prior to such time on such date, on the Business Day immediately following the day that the Borrower receives such notice (such date referred to in clause (i) or such Business Day referred to in clause (ii)), the "**LC Reimbursement Due Date**"), a sum equal to the amount of the LC Disbursement plus interest on such amount from the date so paid by such LC Issuing Bank until repayment to such LC Issuing Bank in full at a fluctuating interest rate per annum equal to the interest rate applicable to Base Rate Loans plus, if any amount paid by such LC Issuing Bank under a Letter of Credit is not reimbursed by the Borrower on the LC Reimbursement Due Date, 2%, unless refinanced with a Loan.

(f) If any LC Issuing Bank shall not have been reimbursed in full for any LC Disbursement on the date payment is due from the Borrower pursuant to Section 2.04(e), such LC Issuing Bank shall give the Administrative Agent prompt notice thereof (an "**LC Payment Notice**") no later than 11:00 A.M. on the Business Day immediately succeeding such payment date (such date, the "**LC Notice Date**"). The Administrative Agent shall forward to each Lender no later than 1:00 P.M. on an LC Notice Date, the applicable LC Payment Notice. Each Lender severally agrees to fund its participation in the Reimbursement Obligation of the Borrower to such LC Issuing Bank by paying to the Administrative Agent for the account of such LC Issuing Bank an amount equal to such Lender's participation, plus interest, if applicable, on such amount at a rate per annum equal to the Federal Funds Rate from the LC Reimbursement Due Date to the date of payment to such LC Issuing Bank by such Lender. Each such

payment by a Lender shall be made not later than 3:00 P.M. on the applicable LC Notice Date. Each Lender's obligation to make each such payment to the Administrative Agent for the account of such LC Issuing Bank shall be several and shall not be affected by the occurrence or continuance of a Default or the failure of any other Lender to make any payment under this Section 2.04(f). Each Lender further agrees that each such payment shall be made without any offset, abatement, withholding or reduction whatsoever.

(g) The failure of any Lender to make any payment to the Administrative Agent for the account of any LC Issuing Bank in accordance with paragraph (f) above shall not relieve any other Lender of its obligation to make payment, but no Lender shall be responsible for the failure of any other Lender.

(h) The payment obligations of each Lender under Section 2.04(f) and of the Borrower under this Agreement in respect of any payment under any Letter of Credit shall be unconditional and irrevocable, and shall be paid strictly in accordance with the terms of this Agreement under all circumstances, including the following circumstances:

(i) any lack of validity or enforceability of this Agreement or any other agreement or instrument relating thereto or to such Letter of Credit;

(ii) any amendment or waiver of, or any consent to departure from, the terms of this Agreement or such Letter of Credit;

(iii) the existence of any claim, set-off, defense or other right that the Borrower may have at any time against any beneficiary, or any transferee, of such Letter of Credit (or any Persons for whom any such beneficiary or any such transferee may be acting), any LC Issuing Bank, or any other Person, whether in connection with this Agreement, the transactions contemplated hereby, thereby or by such Letter of Credit, or any unrelated transaction;

(iv) any statement or any other document presented under such Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect;

(v) payment in good faith by any LC Issuing Bank under the Letter of Credit issued by such LC Issuing Bank against presentation of a draft or certificate that does not comply with the terms of such Letter of Credit;

(vi) the use that may be made of any Letter of Credit by, or any act or omission of, the beneficiary of any Letter of Credit (or any Person for which the beneficiary may be acting); or

(vii) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing.

(i) Without limiting any other provision of this Section 2.04, for purposes of this Section 2.04, any LC Issuing Bank may rely upon any oral, telephonic, telegraphic, facsimile, electronic, written or other communication believed in good faith to have been authorized by the Borrower, whether or not given or signed by an authorized Person of the Borrower.

(j) The Borrower assumes all risks of the acts and omissions of any beneficiary or transferee of any Letter of Credit. Neither any LC Issuing Bank, the Lenders nor any of their respective Related Parties shall be liable or responsible for (i) the use that may be made of such Letter of Credit or any acts or omissions of any beneficiary or transferee thereof in connection therewith; (ii) the validity, sufficiency

or genuineness of documents, or of any endorsement thereon, even if such documents should prove to be in any or all respects invalid, insufficient, fraudulent or forged; (iii) payment by any LC Issuing Bank against presentation of documents that do not comply with the terms of such Letter of Credit, including failure of any documents to bear any reference or adequate reference to such Letter of Credit; or (iv) any other circumstances whatsoever in making or failing to make payment under such Letter of Credit, except that the Borrower and each Lender shall have the right to bring suit against each LC Issuing Bank, and each LC Issuing Bank shall be liable to the Borrower and any Lender, to the extent of any direct, as opposed to consequential, damages suffered by the Borrower or such Lender that the Borrower or such Lender proves were caused by such LC Issuing Bank's willful misconduct or gross negligence as determined by a court of competent jurisdiction in a final and non-appealable judgment, including, in the case of the Borrower, such LC Issuing Bank's (x) failure to exercise care when determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof or (y) failure to make timely payment under such Letter of Credit following the presentation to it by the beneficiary thereof of a draft and accompanying certificate(s) that strictly comply with the terms and conditions of such Letter of Credit. In furtherance and not in limitation of the foregoing, each LC Issuing Bank may accept sight drafts and accompanying certificates presented under the Letter of Credit issued by such LC Issuing Bank that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary, and payment against such documents shall not constitute willful misconduct or gross negligence by such LC Issuing Bank. Notwithstanding the foregoing, no Lender (in its capacity as a Lender) shall be obligated to indemnify the Borrower for damages caused by any LC Issuing Bank's willful misconduct or gross negligence.

(k) Notwithstanding anything to the contrary set forth herein, on the Closing Date, the Existing Letters of Credit shall be deemed to be "Letters of Credit" issued hereunder, resulting in Extensions of Credit on such date hereunder.

(l) Any LC Issuing Bank may and, if such LC Issuing Bank is a Lender being replaced pursuant to Section 2.23(b), such LC Issuing Bank shall, resign at any time by giving written notice thereof to the Administrative Agent, the Lenders and the Borrower, with any such resignation to become effective (i) if such LC Issuing Bank is the Administrative Agent and the Administrative Agent has given notice of its resignation or has been removed in accordance with Section 8.08, on the Resignation Effective Date or Removal Effective Date, as applicable, (ii) if such LC Issuing Bank is party to an Assignment and Acceptance whereby it intends to assign all of its Loans and Commitment to an Eligible Assignee pursuant to Section 2.23(b) or 7.05(b), on the effective date of such assignment or (iii) otherwise, on the later of (x) 30 days after delivery of such notice and (y) such date as agreed by such LC Issuing Bank; provided that if such resigning LC Issuing Bank is the only LC Issuing Bank at the time of its resignation and there is no Administrative Agent, the Borrower shall have the right to appoint a successor LC Issuing Bank, which shall be a Lender or an Eligible Assignee reasonably acceptable to the Required Lenders. If no successor LC Issuing Bank shall have been so appointed by the Borrower, and shall have accepted such appointment, within 30 days after the retiring LC Issuing Bank's giving of notice of resignation, then the retiring LC Issuing Bank may, on behalf of the Borrower and Lenders, appoint a successor LC Issuing Bank, which shall be a Lender or an Eligible Assignee acceptable to the Borrower. Except as provided in the immediately succeeding sentence, upon the acceptance of any appointment as an LC Issuing Bank hereunder by a successor LC Issuing Bank, such successor LC Issuing Bank shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring LC Issuing Bank. Except as provided in Section 8.08(d) with respect to any LC Issuing Bank which is a resigning Administrative Agent, after the effective date of the resignation of an LC Issuing Bank hereunder, the retiring LC Issuing Bank shall remain a party hereto and shall continue to have all the rights and obligations of an LC Issuing Bank under this Agreement and the other Loan Documents with respect to Letters of Credit issued by it prior to such resignation, but shall no longer have an LC Commitment and shall not be required to issue additional Letters of Credit or to extend, renew or increase any existing Letter of Credit.

(m) No LC Issuing Bank shall be under any obligation to issue any Letter of Credit if the issuance of such Letter of Credit would violate such LC Issuing Bank's internal policies.

Section 2.05 Increase of the Commitments.

(a) After the Closing Date, the Borrower may on one or more occasions, by written notice to the Administrative Agent and executed by the Borrower and one or more financial institutions (any such financial institution referred to in this paragraph (a) being called a "**Designated Lender**"), which may include, in the Borrower's sole discretion, any Lender, cause new Commitments to be extended by the Designated Lenders (or cause the Commitments of the Designated Lenders to be increased, as the case may be); provided that (i) at no time shall the aggregate amount of all extensions of new Commitments and increases in existing Commitments effected pursuant to this paragraph (a) exceed \$500,000,000, (ii) each such requested increase shall be in a minimum principal amount of \$50,000,000, (iii) each Designated Lender shall (A) be subject to the approval of the Administrative Agent, each LC Issuing Bank and each Swingline Bank (which approval shall not be unreasonably withheld or delayed) and (B) if not an existing Lender, execute all such documentation as the Administrative Agent shall reasonably specify to evidence the Commitment or Commitments of such Designated Lender and/or its status as a Lender hereunder, (iv) immediately prior to and immediately after giving effect to such proposed increase, no Default or Event of Default shall have occurred and be continuing, and (v) the Borrower shall have delivered the documents and certificates required by clauses (1) – (3) below. Extensions of new Commitments and increases in existing Commitments pursuant to this paragraph (a) shall become effective on the date specified in the applicable notice delivered by the Borrower. The Borrower shall deliver (1) a certificate signed by a duly authorized officer of the Borrower to the Administrative Agent, dated as of the effective date of such additional Commitments, stating that all representations and warranties of the Borrower set forth in Article IV (other than the representations and warranties set forth in Sections 4.04 and 4.05(b)) (with all references in such Article to a Borrowing or Swingline Borrowing being deemed to be references to the increase of the Commitments) are true in all material respects as if made on and as of such effective date (other than with respect to any representation and warranty that expressly relates to an earlier date, in which case such representation and warranty shall be true in all material respects as of such earlier date, and except for any representation and warranty that is qualified by materiality or reference to Material Adverse Change, in which case such representation and warranty shall be true in all respects as of such earlier date), (2) evidence of appropriate corporate authorization on the part of the Borrower with respect to the increase in the Commitments and (3) if requested by a Designated Lender, such opinions of counsel for the Borrower with respect to the increase in the Commitments as the Administrative Agent may reasonably request. Any Lender or any other financial institution offered or approached to provide all or a portion of any increase in the Commitment pursuant to this paragraph (a) may elect or decline, in its sole discretion, to provide such Commitment.

(b) The Outstanding Credits will be reallocated on the effective date of such increase among the Lenders in accordance with their revised Pro Rata Shares (and, with respect to any outstanding Loans, the Lenders agree to make all payments and adjustments necessary to effect the reallocation and the Borrower shall pay any and all costs required pursuant to Section 2.13 in connection with such reallocation as if such reallocation were a repayment). Prepayments made under this paragraph (b) shall not be subject to the notice or minimum amount requirements of Section 2.12.

(c) Promptly following the effective date of any Commitment increase pursuant to this Section 2.05, the Administrative Agent shall distribute an amended Schedule I to this Agreement (which shall thereafter be incorporated into this Agreement) to reflect any changes in Lenders, the Commitments and each Lender's Pro Rata Percentage as of such effective date.

Section 2.06 Maturity of Loans; Extension and Termination of Commitment.

(a) Each outstanding Loan (other than Swingline Loans) shall mature, and the principal amount thereof shall be due and payable in full, and the Commitments and the Swingline Commitments shall terminate, on the Termination Date. Each Swingline Loan shall mature, and the principal amount thereof shall be due and payable in full, on the earlier to occur of (i) the fourteenth (14th) Business Day after the date the Swingline Loan is made and (ii) the Termination Date.

(b) The Borrower may request up to two one-year extensions of the Termination Date in effect on the date of any such request (the "**Current Termination Date**") (notice of the exercise of which shall be given by the Borrower to the Administrative Agent in writing at least 30 days prior to any anniversary of the Closing Date). Upon the delivery of such a written request by an authorized officer of the Borrower (an "**Extension Request**"), the Administrative Agent promptly shall deliver a copy of such Extension Request to each of the Lenders. Each Lender, acting in its sole discretion, shall by notice made in writing and delivered to the Administrative Agent on a Business Day not more than 30 days following the date of such Extension Request, advise the Administrative Agent whether such Lender agrees to such extension (each Lender agreeing to an Extension Request within such timeframe being referred to herein as an "**Extending Lender**", and each Lender declining to agree to an Extension Request within such timeframe being referred to herein as a "**Non-Extending Lender**"). Any Lender which has not provided written notice to the Administrative Agent indicating whether such Lender agrees to the requested Extension Request prior to the 30th day following the date of such Extension Request shall be deemed to be a Non-Extending Lender. The election of any Lender to agree to such extension shall not obligate any other Lender to agree.

(c) If Lenders constituting the Required Lenders shall not have agreed to the Extension Request on or prior to the 30th day following the date of such Extension Request, then the Current Termination Date shall not be so extended, the principal amount of all Loans and all other amounts payable under this Agreement shall be payable in full and the Commitment shall terminate on the Current Termination Date.

(d) If Lenders constituting the Required Lenders shall have agreed to the Extension Request on or prior to the 30th day following the date of such Extension Request (such date, the "**Extension Date**"), then the Termination Date applicable to Extending Lenders shall be extended to be the day that is one year after the Current Termination Date; provided, that the Termination Date shall in no event extend beyond the fifth anniversary of the Extension Date. In the event of such extension, (w) the Commitments of each Non-Extending Lender shall terminate on the Current Termination Date, (x) the principal amount of all Loans and other amounts payable to each Non-Extending Lender under this Agreement shall be payable in full on the Current Termination Date, (y) the Lenders' aggregate Commitment shall be reduced by the amount of the Commitment of each Non-Extending Lender unless such Non-Extending Lender is replaced pursuant to paragraph (e) below and (z) the outstanding Reimbursement Obligations will be reallocated on the Current Termination Date among the Extending Lenders in accordance with their revised Pro Rata Shares (and the Lenders agree to make all payments and adjustments necessary to effect the reallocation). Prepayments made under this paragraph (d) shall not be subject to the notice or minimum amount requirements of Section 2.12.

(e) In the event that the Termination Date is extended under paragraph (d) above, the Borrower shall have the right, on or before the Current Termination Date, at the Borrower's sole expense and effort, to require any Non-Extending Lender to assign to one or more Eligible Assignees all of its rights and obligations under this Agreement; provided, that such assignment shall be in accordance with, and subject to the requirements and restrictions contained in Section 7.05.

(f) Notwithstanding any of the foregoing provisions of this Section 2.06, no extension of the Termination Date shall become effective for any Lender unless, on the Extension Date, (i) the conditions set forth in Sections 3.02(b) and 3.02(c) (with all references in such Sections to a Borrowing or Swingline Borrowing being deemed to be references to the extension of the Termination Date) shall be satisfied, and the Administrative Agent shall have received a certificate to that effect, dated the Extension Date and executed on behalf of the Borrower by a Responsible Officer of the Borrower, and (ii) the Administrative Agent shall have received copies (certified to be true and complete by a Responsible Officer of the Borrower) of all governmental approvals (if any) required for each of the Borrower and the Parent in connection with such extension.

Section 2.07 Evidence of Loans.

(a) Each Lender shall maintain an account or accounts evidencing each Loan made by such Lender to the Borrower from time to time, including the amounts of principal and interest payable and paid to such Lender from time to time under this Agreement. Each Lender will make reasonable efforts to maintain the accuracy of its account or accounts, and to update promptly its account or accounts from time to time, as necessary.

(b) The Administrative Agent shall maintain the Register pursuant to Section 7.05(c) and a subaccount for each Lender, in which Register and subaccounts (taken together) shall be recorded (i) the date, amount and Interest Period, if applicable, of each Loan, and whether such Loan is a Base Rate Loan, a SOFR Loan or a Swingline Loan, (ii) the amount of any principal or interest due and payable or to become due and payable to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder from or for the account of the Borrower and each Lender's percentage share thereof. The Administrative Agent will make reasonable efforts to maintain the accuracy of the subaccounts referred to in the preceding sentence and to update promptly such subaccounts from time to time, as necessary.

(c) The entries made in the Register and subaccounts maintained pursuant to Section 2.07(b), and the account or accounts maintained by the Lenders pursuant to Section 2.07(a) to the extent permitted by applicable law shall be prima facie evidence of the existence and amounts of such obligations of the Borrower therein recorded and shall be conclusive absent manifest error. The failure of the Administrative Agent or any Lender to maintain any such Register, subaccount or account, as applicable, or any error therein, shall not in any manner affect the obligations of the Borrower to repay the Loans in accordance with the terms thereof. In the event of any conflict between the accounts and records maintained by any Lender and the accounts and records of the Administrative Agent in respect of such matters, the accounts and records of the Administrative Agent shall control in the absence of manifest error.

(d) Upon the request of any Lender, which request shall be made through the Administrative Agent to the Borrower, the Borrower shall deliver to such Lender a duly executed Note in the form of Exhibit D.

Section 2.08 Interest Rates.

(a) The Borrower shall pay interest on the unpaid principal amount of each Loan from and including the date of such Loan to but excluding the date such Loan shall be paid in full (provided, that if the principal amount of any Loan is borrowed and repaid on the same day, the Borrower shall pay interest on such principal amount at the applicable interest rate for such day), at the following rates per annum:

(i) if such Loan is a Base Rate Loan, a variable rate per annum equal at all times to the Base Rate in effect from time to time plus the Applicable Percentage, payable quarterly in arrears on each Payment Date while such Base Rate Loan is outstanding, on the date of each prepayment to the extent required by Section 2.11(a) or 2.12, as applicable, and on the date such Base Rate Loan shall be Converted or paid in full;

(ii) if such Loan is a SOFR Loan, a fixed rate per annum during each Interest Period for such SOFR Loan equal to Adjusted Term SOFR for such Interest Period plus the Applicable Percentage, payable on the last day of the Interest Period (and, in the case of any Interest Period of more than three months' duration, on each day that occurs during such Interest Period every three months after the first day of such Interest Period), on the date of each prepayment to the extent required by Section 2.11(a) or 2.12, as applicable, and on the date such SOFR Loan shall be Converted or paid in full (provided that Adjusted Term SOFR shall not be available until three (3) U.S. Government Securities Business Days after the Closing Date unless the Borrower has delivered to the Administrative Agent a letter in form and substance reasonably satisfactory to the Administrative Agent indemnifying the Lenders in the manner set forth in Section 2.13 of this Agreement; and

(iii) if such Loan is a Swingline Loan, at the election of the Borrower, a variable rate per annum equal to (A) the Adjusted Term SOFR Market Index Rate plus the Applicable Percentage for SOFR Loans or (B) the Base Rate in effect from time to time plus the Applicable Percentage for Base Rate Loans, in each case, payable quarterly in arrears on each Payment Date while such Swingline Loan is outstanding, on the date of each prepayment to the extent required by Section 2.11(b) or 2.12, as applicable, and on the date such Swingline Loan shall be paid in full.

(b) Subject to Section 7.02, (i) immediately upon the occurrence and during the continuance of an Event of Default under Section 6.01(a), 6.01(g) or 6.01(h) (in the case of Section 6.01(g) and 6.01(h), with respect to the Borrower and the Parent only), or (ii) at the election of the Required Lenders, upon the occurrence and during the continuance of any other Event of Default, (A) the Borrower shall no longer have the option to request SOFR Loans, Swingline Loans, or Letters of Credit, (B) all outstanding SOFR Loans shall bear interest at a rate per annum of two percent (2%) in excess of the rate (including the Applicable Percentage) then applicable to SOFR Loans until the end of the applicable Interest Period and thereafter at a rate equal to two percent (2%) in excess of the rate (including the Applicable Percentage) then applicable to Base Rate Loans, (C) all outstanding Base Rate Loans and other Obligations shall bear interest at a rate per annum equal to two percent (2%) in excess of the rate (including the Applicable Percentage) then applicable to Base Rate Loans or such other Obligations and (D) all accrued and unpaid interest shall be due and payable on demand of the Administrative Agent. Interest shall continue to accrue on the Obligations after the filing by the Borrower (as to itself) or against the Borrower (as a debtor) of any petition seeking any relief in bankruptcy or under any act or law pertaining to insolvency or debtor relief, whether state, federal or foreign.

(c) Term SOFR Conforming Changes. In connection with the use or administration of Term SOFR, the Administrative Agent will have the right to make Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document. The Administrative Agent will promptly notify the Borrower and the Lenders of the effectiveness of any Conforming Changes in connection with the use or administration of Term SOFR.

Section 2.09 Fees.

(a) Except as set forth in Section 2.24, the Borrower shall pay the Administrative Agent, for the ratable benefit of the Lenders, a facility fee (the "**Facility Fee**") equal to the product of (i) the daily amount of the Commitments (regardless of usage), multiplied by (ii) a per annum percentage equal to the Applicable Percentage in effect from time to time. The Facility Fee shall accrue from and including the Closing Date to but excluding the Termination Date and shall be payable in arrears on each Payment Date. Subject to Section 2.24(a)(iii), the Administrative Agent shall, promptly following its receipt thereof, distribute to each Lender all Facility Fees received pursuant to this Section 2.09(a) in accordance with their respective Pro Rata Percentages.

(b) Except as set forth in Section 2.24, the Borrower shall pay to the Administrative Agent for the account of each Lender a fee (the “*LC Fee*”) with respect to each Letter of Credit in the amount equal to the daily amount available to be drawn under such Letter of Credit multiplied by the Applicable Percentage with respect to SOFR Loans (determined on a per annum basis), payable in arrears on each Payment Date. Subject to Section 2.24(a)(iii), the Administrative Agent shall, promptly following its receipt thereof, distribute to each Lender all LC Fees received pursuant to this Section 2.09(b) in accordance with their respective Pro Rata Percentages.

(c) The Borrower shall pay to each LC Issuing Bank such normal and customary costs and expenses as are incurred or charged by such LC Issuing Bank in issuing, effecting payment under, amending or otherwise administering any letter of credit as may be separately agreed between the Borrower and such LC Issuing Bank.

(d) In addition to the fees provided for in paragraphs (a) through (c) above, the Borrower shall pay to the Administrative Agent, for the account of the Administrative Agent and the Joint Lead Arrangers, and to each LC Issuing Bank party thereto such other fees as are provided for in the Fee Letters.

Section 2.10 Termination or Reduction of Commitment.

(a) The Borrower may, upon at least three (3) Business Days’ notice to the Lenders, terminate at any time, or reduce from time to time, in each case without premium or penalty, by an aggregate amount of at least \$5,000,000 (and integrals of \$1,000,000 in excess thereof), the Commitment, the LC Commitment or the Swingline Commitment. If, after giving effect to any reduction of the Commitment, the aggregate LC Commitment, any LC Issuing Bank’s LC Commitment, or any Swingline Commitment exceeds the amount of the Commitment, such aggregate LC Commitment, LC Issuing Bank’s LC Commitment, or Swingline Commitment shall be automatically reduced by the amount of such excess.

(b) All accrued Facility Fees (as provided under Section 2.09) on the Commitment (in the case of a termination of the Commitment) or on the portion of the Commitment being reduced (in the case of a reduction of the Commitment) under this Section 2.10 shall be payable on the effective date of such reduction or termination.

(c) The Borrower hereby agrees to repay the outstanding principal amount of (i) all Loans in full on the Termination Date, (ii) all Swingline Loans in accordance with Section 2.03(c)(iv) (but, in any event, no later than the Termination Date) and (iii) all other Obligations in full on the Termination Date, together with, in each case, without duplication, all accrued but unpaid interest thereon in accordance with this Agreement.

Section 2.11 Mandatory Prepayments.

(a) On each date on which the Commitment is reduced pursuant to Section 2.10, the Borrower shall repay or prepay such principal amount of the outstanding Loans, if any (together with accrued interest thereon to the date of prepayment and any compensation payable pursuant to Section 2.13), and/or deposit funds in the Cash Collateral Account (in accordance with the procedures set forth in Section 2.25) in respect of undrawn Letters of Credit outstanding on such date, as may be necessary so that after such payment and/or deposit, the Outstanding Credits do not exceed the amount of the Commitment as then reduced.

(b) On each date on which any Swingline Commitment is reduced pursuant to Section 2.10, the Borrower shall repay or prepay such principal amount of the outstanding Swingline Loans, if any (together with accrued interest thereon to the date of prepayment), as may be necessary so that after such payment the aggregate unpaid principal amount of Swingline Loans does not exceed the amount of any Swingline Bank's Swingline Commitment as then reduced.

(c) On each date on which the LC Commitments are reduced pursuant to Section 2.10, the Borrower shall provide Cash Collateral (in accordance with the procedures set forth in Section 2.25) for each LC Issuing Bank in an amount equal to the amount by which the LC Outstandings for all Letters of Credit issued by such LC Issuing Bank exceeds the LC Commitment of such LC Issuing Bank as then reduced, if any.

Section 2.12 Optional Prepayments. The Borrower may, upon notice delivered to the Administrative Agent not later than 11:00 A.M. (a) on the date of prepayment in the case of any Base Rate Loan or Swingline Loan, and (b) at least three (3) U.S. Government Securities Business Days prior to such date in the case of any SOFR Loan, prepay any such Loan, without premium or penalty, in whole at any time, or from time to time in part in amounts aggregating at least \$5,000,000 (and integrals of \$1,000,000 in excess thereof) by paying the principal amount to be prepaid together with accrued interest thereon to the date of prepayment and any compensation payable pursuant to Section 2.13.

Section 2.13 Compensation after Prepayment or Conversion. The Borrower shall, upon the demand of any Lender, pay to such Lender any amounts which are required to compensate such Lender for any losses (excluding losses of anticipated profits), costs or expenses incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund or maintain any SOFR Loan, or from fees payable to terminate the deposits from which such funds were obtained, which may arise as a result of the optional or mandatory prepayment or Conversion of any SOFR Loan, on any date other than the last day of the applicable Interest Period, or the failure to prepay any Loan on the date of prepayment specified in any notice of prepayment, except if arising in connection with a Lender becoming a Defaulting Lender and the replacement of such Lender pursuant to Section 2.23(b), or the termination of the Commitment of such Lender pursuant to Section 2.24(d). The amount of such loss or expense shall be determined, in the applicable Lender's sole discretion, based upon the assumption that such Lender funded its Pro Rata Share of the SOFR Loans in the London interbank market and using any reasonable attribution or averaging methods which such Lender deems appropriate and practical. A certificate of such Lender setting forth in reasonable detail the basis for determining such amount or amounts necessary to compensate such Lender delivered by such Lender to the Administrative Agent no later than twelve (12) months after the event giving rise to the claim for compensation (except that, if the Change in Law giving rise to such claim is retroactive, then the twelve-month period referred to above shall be extended to include the period of retroactive effect thereof) shall be promptly forwarded to the Borrower through the Administrative Agent and shall be conclusively presumed to be correct save for manifest error. Unless otherwise provided herein, the amount specified in the written statement of any Lender shall (unless the subject of a good faith dispute by the Borrower) be payable within fifteen (15) days after demand and receipt by the Borrower of such written statement, unless such Lender shall have failed to timely give notice of such claim for compensation as provided herein, in which event the Borrower shall not have any obligation to pay such claim.

Section 2.14 General Provisions as to Payments.

(a) The Borrower shall make each payment of principal of, and interest on, the Loans, the LC Fee and the Facility Fees hereunder in Dollars not later than 1:00 P.M. on the date when due in federal or

other funds immediately available without setoff or counterclaim to the Administrative Agent for the account of each Lender at its Lending Office. Upon receipt by the Administrative Agent of each such payment, the Administrative Agent shall distribute to each Lender, at its Lending Office, its Pro Rata Share of such payment, including each Lender's Pro Rata Share of Swingline Loans purchased by such Lender in accordance with Section 2.03(d). If and to the extent that the Administrative Agent shall not have so distributed to any Lender, at its Lending Office, its Pro Rata Share of such payment, the Administrative Agent agrees to pay to such Lender forthwith on demand such amount together with interest thereon, for each day from the date of demand by such Lender until the date such amount is paid to such Lender, at the Federal Funds Rate.

(b) Subject to the qualifications set forth in the definition of "Interest Period", whenever any payment of principal of, or interest on, the Loans or of Facility Fees or the LC Fee payable hereunder shall be due on a day that is not a Business Day, the date for payment thereof shall be extended to the next succeeding Business Day. If the date for any payment of principal is extended by operation of law or otherwise, interest thereon shall be payable for such extended time.

Section 2.15 Computation of Interest and Fees. All computations of interest for Base Rate Loans and Swingline Loans determined by reference to the Base Rate, in each case when the Base Rate is determined by the Prime Rate shall be made on the basis of a year of 365 or 366 days, as the case may be, and actual days elapsed. All other computations of fees and interest provided hereunder shall be made on the basis of a 360-day year and actual days elapsed.

Section 2.16 Compensation, Additional Interest.

(a) Increased Costs Generally. If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended or participated in by, any Lender (except any reserve requirement reflected in SOFR), any Swingline Bank or any LC Issuing Bank;

(ii) subject any Recipient to any Taxes (other than (A) Indemnified Taxes, (B) Taxes described in clauses (b) through (d) of the definition of "Excluded Taxes" and (C) Connection Income Taxes) on its loans, loan principal, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto; or

(iii) impose on any Lender, any Swingline Bank or any LC Issuing Bank or the London interbank market any other condition, cost or expense (other than Taxes) affecting this Agreement or Loans made by such Lender, Swingline Bank or any Letter of Credit or participation therein;

and the result of any of the foregoing shall be to increase the cost to such Lender, Swingline Bank or such other Recipient of making, Converting to, Continuing or maintaining any Loan or of maintaining its obligation to make any such Loan, or to increase the cost to such Lender, such Swingline Bank, such LC Issuing Bank or such other Recipient of participating in, issuing or maintaining any Letter of Credit (or of maintaining its obligation to participate in or to issue any Letter of Credit), or to reduce the amount of any sum received or receivable by such Lender, Swingline Bank, LC Issuing Bank or other Recipient hereunder with respect to such Loan or Letter of Credit (whether of principal, interest or any other amount) then, upon request of such Lender, Swingline Bank, LC Issuing Bank or other Recipient, the Borrower will pay to such Lender, Swingline Bank, LC Issuing Bank or other Recipient, as the case may be, such additional amount or amounts as will compensate such Lender, Swingline Bank, LC Issuing Bank or other Recipient, as the case may be, for such additional costs incurred or reduction suffered.

(b) **Capital Requirements.** If any Lender, Swingline Bank or LC Issuing Bank determines that any Change in Law affecting such Lender, Swingline Bank, or LC Issuing Bank or any lending office of such Lender, such Swingline Bank or such Lender's, Swingline Bank's or LC Issuing Bank's holding company, if any, regarding capital or liquidity requirements, has or would have the effect of reducing the rate of return on such Lender's, Swingline Bank's or LC Issuing Bank's capital or on the capital of such Lender's, Swingline Bank's or LC Issuing Bank's holding company, if any, as a consequence of this Agreement, the Commitments of such Lender, the Swingline Commitment of such Swingline Bank or the Loans made by, or participations in Letters of Credit or Swingline Loan held by, such Lender, or the Letters of Credit issued by any LC Issuing Bank, to a level below that which such Lender, Swingline Bank or LC Issuing Bank or such Lender's, Swingline Bank's or LC Issuing Bank's holding company could have achieved but for such Change in Law (taking into consideration such Lender's, Swingline Bank's or LC Issuing Bank's policies and the policies of such Lender's, Swingline Bank's or LC Issuing Bank's holding company with respect to capital adequacy), then from time to time the Borrower will pay to such Lender, Swingline Bank or LC Issuing Bank, as the case may be, such additional amount or amounts as will compensate such Lender, Swingline Bank or LC Issuing Bank or such Lender's, Swingline Bank's or LC Issuing Bank's holding company for any such reduction suffered.

(c) **Certificates for Reimbursement.** A certificate of a Lender, Swingline Bank, LC Issuing Bank or other Recipient setting forth in reasonable detail the basis, method and calculations upon which such Lender, Swingline Bank, LC Issuing Bank or other Recipient determined the amount or amounts necessary to compensate such Lender, Swingline Bank, LC Issuing Bank, other Recipient or its holding company, as the case may be, as specified in paragraph (a) or (b) of this Section and delivered to the Borrower, shall be conclusive absent manifest error. The Borrower shall pay such Lender, Swingline Bank or LC Issuing Bank, as the case may be, the amount shown as due on any such certificate within 15 days after receipt thereof.

(d) **Delay in Requests.** Failure or delay on the part of any Lender, Swingline Bank, LC Issuing Bank or other Recipient to demand compensation pursuant to this Section shall not constitute a waiver of such Lender's, Swingline Bank's, LC Issuing Bank's or other Recipient's right to demand such compensation; provided that the Borrower shall not be required to compensate a Lender, Swingline Bank, LC Issuing Bank or other Recipient pursuant to this Section for any increased costs incurred or reductions suffered more than four (4) months prior to the date that such Person notifies the Borrower of the Change in Law giving rise to such increased costs or reductions, and of such Person's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the four-month period referred to above shall be extended to include the period of retroactive effect thereof).

(e) Subject to the requirements of Section 7.05(e), the provisions of this Section 2.16 shall be applicable with respect to any Participant or Assignee, and any calculations required by such provisions shall be based upon the circumstances of such Participant or Assignee.

Section 2.17 Taxes.

(a) **Defined Terms.** For purposes of this Section 2.17, the term "Lender" includes any LC Issuing Bank and the term "applicable law" includes FATCA.

(b) **Payments Free of Taxes.** Any and all payments by or on account of any obligation of the Borrower under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by applicable law. If any applicable law (as determined in the good faith discretion of an applicable Withholding Agent) requires the deduction or withholding of any Tax from any such payment by a Withholding Agent, then the applicable Withholding Agent shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant

Governmental Authority in accordance with applicable law and, if such Tax is an Indemnified Tax, then the sum payable by the Borrower shall be increased as necessary so that after such deduction or withholding has been made (including such deductions and withholdings applicable to additional sums payable under this Section) the applicable Recipient receives an amount equal to the sum it would have received had no such deduction or withholding been made.

(c) Payment of Other Taxes by the Borrower. The Borrower shall timely pay to the relevant Governmental Authority in accordance with applicable law, or at the option of the Administrative Agent timely reimburse it for the payment of, any Other Taxes.

(d) Indemnification by the Borrower. The Borrower shall indemnify each Recipient, within 15 days after demand therefor, for the full amount of any Indemnified Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section) payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate (together with a copy of the applicable documents from the Governmental Authority imposing such Indemnified Taxes) as to the amount of such payment or liability and setting forth in reasonable detail the basis for such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(e) Indemnification by the Lenders. Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such Lender's failure to comply with the provisions of Section 7.05(e) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (e).

(f) Evidence of Payments. As soon as practicable after any payment of Taxes by the Borrower to a Governmental Authority pursuant to this Section 2.17, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(g) Status of Lenders. (i) Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative

Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Sections 2.17(g)(ii)(A), 2.17(g)(ii)(B) and 2.17(g)(ii)(D)) shall not be required if in the Lender's reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing:

(A) any Lender that is a U.S. Person shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax;

(B) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), whichever of the following is applicable:

(1) in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "business profits" or "other income" article of such tax treaty;

(2) executed copies of IRS Form W-8ECI;

(3) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Code, (x) a certificate substantially in the form of Exhibit F-1 to the effect that such Foreign Lender is not a "bank" within the meaning of Section 881(c)(3)(A) of the Code, a "10 percent shareholder" of the Borrower within the meaning of Section 881(c)(3)(B) of the Code, or a "controlled foreign corporation" described in Section 881(c)(3)(C) of the Code (a "**U.S. Tax Compliance Certificate**") and (y) executed copies of IRS Form W-8BEN-E; or

(4) to the extent a Foreign Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN-E, a U.S. Tax Compliance Certificate substantially in the form of Exhibit F-2 or Exhibit F-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit F-4 on behalf of each such direct and indirect partner;

(C) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed copies of any other form prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(D) if a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (D), "FATCA" shall include any amendments made to FATCA after the Closing Date.

Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(h) Treatment of Certain Refunds. If any party determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section 2.17 (including by the payment of additional amounts pursuant to this Section 2.17), it shall pay to the indemnifying party an amount equal to such refund (but only to the extent of indemnity payments made under this Section with respect to the Taxes giving rise to such refund), net of all reasonable out-of-pocket expenses (including Taxes) of such indemnified party and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Such indemnifying party, upon the request of such indemnified party, shall repay to such indemnified party the amount paid over pursuant to this paragraph (h) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such indemnified party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (h), in no event will the indemnified party be required to pay any amount to an indemnifying party pursuant to this paragraph (h) the payment of which would place the indemnified party in a less favorable net after-Tax position than the indemnified party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This paragraph shall not be construed to require any indemnified party to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the indemnifying party or any other Person.

(i) Survival. Each party's obligations under this Section 2.17 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, Swingline Bank or LC Issuing Bank, the termination of the Commitments, Swingline Commitment and LC Commitments, and the repayment, satisfaction or discharge of all obligations under any Loan Document.

Section 2.18 Changed Circumstances.

(a) Circumstances Affecting Benchmark Availability. Subject to clause (c) below, in connection with any request for a SOFR Loan or a conversion to or continuation thereof or otherwise, if for any reason (i) the Administrative Agent shall determine (which determination shall be conclusive and binding absent manifest error) that reasonable and adequate means do not exist for ascertaining Adjusted Term SOFR for the applicable Interest Period with respect to a proposed SOFR Loan on or prior to the first day of such Interest Period or (ii) the Required Lenders shall determine (which determination shall be conclusive and binding absent manifest error) that Adjusted Term SOFR does not adequately and fairly reflect the cost to such Lenders of making or maintaining such Loans during such Interest Period and, in the case of clause (ii), the Required Lenders have provided notice of such determination to the Administrative Agent, then, in each case, the Administrative Agent shall promptly give notice thereof to the Borrower. Upon notice thereof by the Administrative Agent to the Borrower, any obligation of the Lenders to make SOFR Loans, and any right of the Borrower to convert any Loan to or continue any Loan as a SOFR Loan, shall be suspended (to the extent of the affected SOFR Loans or the affected Interest Periods) until the Administrative Agent (with respect to clause (ii), at the instruction of the Required Lenders) revokes such notice. Upon receipt of such notice, (A) the Borrower may revoke any pending request for a borrowing of, conversion to or continuation of SOFR Loans (to the extent of the affected SOFR Loans or the affected Interest Periods) or, failing that, the Borrower will be deemed to have converted any such request into a request for a borrowing of or conversion to Base Rate Loans in the amount specified therein and (B) any outstanding affected SOFR Loans will be deemed to have been converted into Base Rate Loans at the end of the applicable Interest Period. Upon any such prepayment or conversion, the Borrower shall also pay accrued interest on the amount so prepaid or converted, together with any additional amounts required pursuant to Section 2.13.

(b) Laws Affecting SOFR Availability. If, after the date hereof, the introduction of, or any change in, any applicable law or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any of the Lenders (or any of their respective Lending Offices) with any request or directive (whether or not having the force of law) of any such Governmental Authority, central bank or comparable agency, shall make it unlawful or impossible for any of the Lenders (or any of their respective Lending Offices) to honor its obligations hereunder to make or maintain any SOFR Loan, or to determine or charge interest based upon SOFR, the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, such Lender shall promptly give notice thereof to the Administrative Agent and the Administrative Agent shall promptly give notice to the Borrower and the other Lenders (an "Illegality Notice"). Thereafter, until each affected Lender notifies the Administrative Agent and the Administrative Agent notifies the Borrower that the circumstances giving rise to such determination no longer exist, (i) any obligation of the Lenders to make SOFR Loans, and any right of the Borrower to convert any Loan to a SOFR Loan or continue any Loan as a SOFR Loan, shall be suspended and (ii) if necessary to avoid such illegality, the Administrative Agent shall compute the Base Rate without reference to clause (c) of the definition of "Base Rate". Upon receipt of an Illegality Notice, the Borrower shall, if necessary to avoid such illegality, upon demand from any Lender (with a copy to the Administrative Agent), prepay or, if applicable, convert all SOFR Loans to Base Rate Loans (in each case, if necessary to avoid such illegality, the Administrative Agent shall compute the Base Rate without reference to clause (c) of the definition of "Base Rate"), on the last day of the Interest Period therefor, if all affected Lenders may lawfully continue to maintain such SOFR Loans to such day, or immediately, if any Lender may not lawfully continue to maintain such SOFR Loans to such day. Upon any such prepayment or conversion, the Borrower shall also pay accrued interest on the amount so prepaid or converted, together with any additional amounts required pursuant to Section 2.13.

(c) Benchmark Replacement Setting.

(i) Benchmark Replacement.

(A) Notwithstanding anything to the contrary herein or in any other Loan Document, upon the occurrence of a Benchmark Transition Event, the Administrative Agent and the Borrower may amend this Agreement to replace the then-current Benchmark with a Benchmark Replacement. Any such amendment with respect to a Benchmark Transition Event will become effective at 5:00 p.m. on the fifth (5th) Business Day after the Administrative Agent has posted such proposed amendment to all affected Lenders and the Borrower so long as the Administrative Agent has not received, by such time, written notice of objection to such amendment from Lenders comprising the Required Lenders. No replacement of a Benchmark with a Benchmark Replacement pursuant to this Section 2.18(c)(i)(A) will occur prior to the applicable Benchmark Transition Start Date.

(ii) Benchmark Replacement Conforming Changes. In connection with the use, administration, adoption or implementation of a Benchmark Replacement, the Administrative Agent will have the right to make Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document.

(iii) Notices; Standards for Decisions and Determinations. The Administrative Agent will promptly notify the Borrower and the Lenders of (A) the implementation of any Benchmark Replacement and (B) the effectiveness of any Conforming Changes in connection with the use, administration, adoption or implementation of a Benchmark Replacement. The Administrative Agent will promptly notify the Borrower of the removal or reinstatement of any tenor of a Benchmark pursuant to Section 2.18(c)(i)(A). Any determination, decision or election that may be made by the Administrative Agent or, if applicable, any Lender (or group of Lenders) pursuant to this Section 2.18(c)(i)(A), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Loan Document, except, in each case, as expressly required pursuant to this Section 2.18(c)(i)(A).

(iv) Unavailability of Tenor of Benchmark. Notwithstanding anything to the contrary herein or in any other Loan Document, at any time (including in connection with the implementation of a Benchmark Replacement), (A) if the then-current Benchmark is a term rate (including the Term SOFR Reference Rate) and either (1) any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (2) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is not or will not be representative, then the Administrative Agent may modify the definition of "Interest Period" (or any similar or analogous definition) for any Benchmark settings at or after such time to remove such unavailable or non-representative tenor and (B) if a tenor that was removed pursuant to clause (A) above either (1) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (2) is not, or is no longer, subject to an announcement that it is not or will not be representative for a Benchmark (including a Benchmark Replacement), then the Administrative Agent may modify the definition of "Interest Period" (or any similar or analogous definition) for all Benchmark settings at or after such time to reinstate such previously removed tenor.

(v) Benchmark Unavailability Period. Upon the Borrower's receipt of notice of the commencement of a Benchmark Unavailability Period, (A) the Borrower may revoke any pending request for a borrowing of, conversion to or continuation of SOFR Loans to be made, converted or continued during any Benchmark Unavailability Period and, failing that, the Borrower will be deemed to have converted any such request into a request for a borrowing of or conversion to Base Rate Loans and (B) any outstanding affected SOFR Loans will be deemed to have been converted to Base Rate Loans at the end of the applicable Interest Period. During any Benchmark Unavailability Period or at any time that a tenor for the then-current Benchmark is not an Available Tenor, the component of the Base Rate based upon the then-current Benchmark or such tenor for such Benchmark, as applicable, will not be used in any determination of the Base Rate.

Section 2.19 Conversion of Loans.

(a) The Borrower may on any Business Day, upon notice given to the Administrative Agent not later than 11:00 A.M. on the third U.S. Government Securities Business Day prior to the date of any proposed Conversion into or Continuation as SOFR Loans and on the Business Day of any proposed Conversion into Base Rate Loans subject to the provisions of Section 2.18, Convert all Loans of one Type into Loans of another Type or Types or Continue Loans of the same Type having the same or a new Interest Period; provided that no Loan shall be Converted to or Continued as a SOFR Loan if any Event of Default shall have occurred and be continuing. Each such notice of a Conversion or Continuation shall, within the restrictions specified above, specify (i) the date of such Conversion or Continuation, (ii) the Loans to be Converted or Continued and (iii) with respect to any Continuation, or if such Conversion is into, or with respect to SOFR Loans, the duration of the Interest Period for each such Loan.

(b) If the Borrower shall fail to select the Type of any Loan or the duration of any Interest Period for any SOFR Loan in accordance with the provisions contained in the definition of "Interest Period" and Section 2.19(a), or if any proposed Conversion of a Loan to a SOFR Loan upon Conversion shall not occur as a result of the circumstances described in Section 2.18 or 2.19(c), such Loan will automatically, on the last day of the then-existing Interest Period therefor, Convert into a Base Rate Loan.

(c) Each notice of Conversion or Continuation given pursuant to Section 2.19(a) shall be irrevocable and binding on the Borrower. In the case of any Loan that is to be Converted to a SOFR Loan, the Borrower shall indemnify the Lenders against any loss, cost or expense incurred by the Lenders as a result of any failure to fulfill on the date specified for such Conversion the applicable conditions set forth in Article III, including any loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund such SOFR Loan, upon such Conversion, when such Conversion, as a result of such failure, does not occur. The Borrower's obligations under this paragraph (c) shall survive the repayment of all other amounts owing to the Lenders under this Agreement and the other Loan Documents and the termination of the Commitment.

(d) References in this Section 2.18(b) to "Loans" and "Types of Loans" shall not include the Swingline Loans.

Section 2.20 Setoff. Each Lender, Swingline Bank and LC Issuing Bank may at any time upon or after the occurrence and during the continuance of an Event of Default, and without notice to the Borrower, set-off against the Obligations of the Borrower under this Agreement the whole or any portion or portions of any or all deposits and other sums credited by or due from such Lender, Swingline Bank or LC Issuing Bank to the Borrower or subject to withdrawal by the Borrower, whether or not any other Person or Persons could also withdraw money therefrom; provided that in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Administrative Agent for further application in accordance with the provisions of Section 2.24 and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Administrative Agent, the LC Issuing Banks, the Swingline Banks and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Administrative Agent a statement describing in reasonable detail the obligations owing to such Defaulting Lender pursuant to this Agreement as to which it exercised such right of setoff. The rights of each Lender, Swingline Bank and LC Issuing Bank under this Section are in addition to other rights and remedies (including other rights of setoff) that such Lender or LC Issuing Bank may have in law or in equity. Each Lender, Swingline Bank and LC Issuing Bank agrees to notify the Borrower and the Administrative Agent promptly after any such setoff and application; provided that the failure to give such notice shall not affect the validity of such setoff and application.

Section 2.21 Pro Rata Treatment. Except to the extent otherwise provided herein:

(a) Each payment or prepayment of principal of any Loan, and each payment of interest on the Loans, shall be allocated first, to the payment or prepayment of principal of, or interest on, the Swingline Loans (x) initially, if such payment is to satisfy the requirements of Section 2.03(c)(iv), to the applicable Swingline Bank in accordance with Section 2.03(c)(iv) and (y) then, pro rata among the Swingline Banks in accordance with the respective principal amounts of their outstanding Swingline Loans; and second, pro rata among the Lenders in accordance with the respective principal amounts of their outstanding Loans. Each payment of the Facility Fee and the LC Fee, each reduction of the Commitments and each Conversion or extension of any Loan shall be allocated pro rata among the Lenders in accordance with their Pro Rata Percentages.

(b) Unless the Administrative Agent shall have been notified in writing by any Lender prior to a Borrowing that such Lender will not make the amount that would constitute its Pro Rata Share of such Borrowing available to the Administrative Agent, the Administrative Agent may assume that such Lender is making such amount available to the Administrative Agent, and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower a corresponding amount. In such event, if a Lender has not in fact made its share of the applicable Borrowing available to the Administrative Agent, then the applicable Lender and the Borrower severally agree to pay to the Administrative Agent forthwith on demand such corresponding amount with interest thereon, for each day from and including the date such amount is made available to the Borrower to but excluding the date of payment to the Administrative Agent, at (A) in the case of a payment to be made by such Lender, the greater of the Federal Funds Rate and a rate reasonably determined by the Administrative Agent in accordance with banking industry rules on interbank compensation and (B) in the case of a payment to be made by the Borrower, the interest rate applicable to the Loans made in connection with such Borrowing. If the Borrower and such Lender shall pay such interest to the Administrative Agent for the same or an overlapping period, the Administrative Agent shall promptly remit to the Borrower the amount of such interest paid by the Borrower for such period. If such Lender pays its share of the applicable Borrowing to the Administrative Agent, then the amount so paid shall constitute such Lender's Loan included in such Borrowing. Any payment by the Borrower shall be without prejudice to any claim the Borrower may have against a Lender that shall have failed to make such payment to the Administrative Agent.

(c) The obligations of the Lenders under this Agreement to make Loans and issue or participate in Letters of Credit are several and are not joint or joint and several. The failure of any Lender to make available its Pro Rata Share of any Loan requested by the Borrower shall not relieve it or any other Lender of its obligation, if any, hereunder to make its Pro Rata Share of such Loan available on the borrowing date, but no Lender shall be responsible for the failure of any other Lender to make its Pro Rata Share of such Loan available on the borrowing date.

Section 2.22 Sharing of Payments. The Lenders agree among themselves that, in the event that any Lender shall obtain payment in respect of any Loan or any other obligation owing to such Lender under this Agreement through the exercise of a right of set-off, banker's lien or counterclaim, or pursuant to a secured claim under Section 506 of Title 11 of the United States Code or other security or interest arising from, or in lieu of, such secured claim, received by such Lender under any applicable bankruptcy, insolvency or other similar law or otherwise, or by any other means, in excess of its Pro Rata Share of such payment as provided for in this Agreement, such Lender shall promptly purchase from the other Lenders a Participation Interest in such Loans and other obligations in such amounts, and make such other adjustments from time to time, as shall be equitable to the end that all Lenders share such payment in accordance with their respective ratable shares as provided for in this Agreement. The Lenders further agree among themselves that if payment to a Lender obtained by such Lender through the exercise of a right of set-off, banker's lien, counterclaim or other event as aforesaid shall be rescinded or must otherwise be restored, each Lender which shall have shared the benefit of such payment shall, by repurchase of a Participation Interest theretofore sold, return its share of that benefit (together with its share of any accrued interest payable with respect thereto) to each Lender whose payment shall have been rescinded or otherwise restored. The Borrower agrees that any Lender so purchasing such a Participation Interest may, to the fullest extent permitted by law, exercise all rights of payment, including set-off, banker's lien or counterclaim, with respect to such Participation Interest as fully as if such Lender were a holder of such Loan or other obligation in the amount of such Participation Interest. Except as otherwise expressly provided in this Agreement, if any Lender or the Administrative Agent shall fail to remit to the Administrative Agent or any other Lender an amount payable by such Lender or the Administrative Agent to the Administrative Agent or such other Lender pursuant to this Agreement on the date when such amount is due, such payments shall be made together with interest thereon for each date from the date such amount is due until the date such amount is paid to the Administrative Agent or such other Lender at a rate per annum equal to the Federal Funds Rate. If under any applicable bankruptcy, insolvency or other similar law, any Lender receives a secured claim in lieu of a set-off to which this Section 2.22 applies, such Lender shall, to the extent practicable, exercise its rights in respect of such secured claim in a manner consistent with the rights of the Lenders under this Section 2.22 to share in the benefits of any recovery on such secured claim. The provisions of this Section 2.22 shall not be construed to apply to (A) any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement (including the application of funds arising from the existence of a Defaulting Lender), (B) the application of Cash Collateral provided for in Section 2.25 or (C) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans or participations in Swingline Loans and Letters of Credit to any assignee or participant.

Section 2.23 Mitigation of Obligations; Replacement of Lenders.

(a) Designation of a Different Lending Office. If any Lender requests compensation under Section 2.16, or requires the Borrower to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.17, or any Lender delivers notice pursuant to Section 2.18(b), then such Lender shall (at the request of the Borrower) use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable

pursuant to Section 2.16 or 2.17, as the case may be, in the future, or would eliminate or reduce the effect of any Change in Law that resulted in such notice having been delivered by such Lender pursuant to Section 2.18(b), and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) Replacement of Lenders. If any Lender requests compensation under Section 2.16, or if the Borrower is required to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.17 and, in each case, such Lender has declined or is unable to designate a different lending office in accordance with Section 2.23(a), or if any Lender is a Defaulting Lender or a Non-Consenting Lender, then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in, and consents required by, Section 7.05(b)), all of its interests, rights (other than its existing rights to payments pursuant to Section 2.16 or 2.17) and obligations under this Agreement and the related Loan Documents to an Eligible Assignee that shall assume such obligations (which assignee may be another Lender, if a Lender accepts such assignment); provided that:

(i) the Borrower shall have paid (or caused to be paid) to the Administrative Agent the assignment fee (if any) specified in Section 7.05(b)(iv);

(ii) such Lender shall have received payment of an amount equal to the outstanding principal of its Loans and participations in Letters of Credit, accrued interest thereon, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents (including any amounts under Section 2.13 as though such assignment were a prepayment) from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts);

(iii) in the case of any such assignment resulting from a claim for compensation under Section 2.16 or payments required to be made pursuant to Section 2.17, such assignment will result in a reduction in such compensation or payments thereafter;

(iv) such assignment does not conflict with applicable law; and

(v) in the case of any assignment resulting from a Lender becoming a Non-Consenting Lender, the applicable assignee shall have consented to the applicable amendment, waiver or consent.

A Lender shall not be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

Section 2.24 Defaulting Lenders.

(a) Defaulting Lender Adjustments. Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as such Lender is no longer a Defaulting Lender, to the extent permitted by applicable law:

(i) Waivers and Amendments. Such Defaulting Lender's right to approve or disapprove any amendment, waiver or consent with respect to this Agreement shall be restricted as set forth in the definition of "Required Lenders" and Section 7.04.

(ii) *Defaulting Lender Waterfall.* Any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of such Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Article VI or otherwise, and including any amounts made available to the Administrative Agent by such Defaulting Lender pursuant to Section 2.20) shall be applied at such time or times as may be determined by the Administrative Agent as follows: first, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder; second, to the payment on a pro rata basis of any amounts owing by such Defaulting Lender to any LC Issuing Bank or Swingline Bank hereunder; third, subject to Section 2.24(a)(v), if so determined by the Administrative Agent or requested by any LC Issuing Bank or Swingline Bank, to Cash Collateralize the LC Issuing Banks' and Swingline Bank's Fronting Exposure with respect to such Defaulting Lender in accordance with Section 2.25; fourth, as the Borrower may request (so long as no Default or Event of Default exists), to the funding of any Loan in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; fifth, if so determined by the Administrative Agent and the Borrower, to be held in a non-interest bearing deposit account and released pro rata in order to (x) satisfy such Defaulting Lender's potential future funding obligations with respect to Loans under this Agreement and (y) Cash Collateralize the LC Issuing Banks' future Fronting Exposure with respect to such Defaulting Lender with respect to future Letters of Credit issued under this Agreement, in accordance with Section 2.25; sixth, to the payment of any amounts owing to the Lenders, the LC Issuing Banks or the Swingline Banks as a result of any judgment of a court of competent jurisdiction obtained by any Lender, any LC Issuing Bank or any Swingline Bank against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; seventh, so long as no Default or Event of Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; and eighth, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction; provided that if (x) such payment is a payment of the principal amount of any Loans or LC Disbursements in respect of which such Defaulting Lender has not fully funded its appropriate share, and (y) such Loans were made or the related Letters of Credit were issued at a time when the conditions set forth in Section 3.02 were satisfied or waived, such payment shall be applied solely to pay the Loans of and LC Disbursements owed to, all Non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Loans of, or LC Disbursements owed to, such Defaulting Lender. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or to post Cash Collateral pursuant to this Section 2.24(a)(ii) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

(iii) *Certain Fees.*

(A) Such Defaulting Lender shall be entitled to receive a Facility Fee for any period during which that Lender is a Defaulting Lender only to extent allocable to the sum of (1) the aggregate outstanding principal amount of the Base Rate Loans and SOFR Loans funded by it, and (2) its Pro Rata Percentage of the stated amount of Letters of Credit and Swingline Loans for which it has provided Cash Collateral pursuant to Section 2.25 or Section 2.24(a)(ii).

(B) Such Defaulting Lender shall be entitled to receive LC Fees for any period during which that Lender is a Defaulting Lender only to the extent allocable to its Pro Rata Percentage of the stated amount of Letters of Credit for which it has provided Cash Collateral pursuant to Section 2.25 or Section 2.24(a)(ii).

(C) With respect to any Facility Fee or LC Fee not required to be paid to any Defaulting Lender pursuant to sub-clause (A) or (B) above, the Borrower shall (x) pay to each Non-Defaulting Lender that portion of any such fee otherwise payable to such Defaulting Lender with respect to such Defaulting Lender's participation in LC Disbursements or Swingline Loans that has been reallocated to such Non-Defaulting Lender pursuant to clause (iv) below, (y) pay to each LC Issuing Bank and Swingline Bank, as applicable, the amount of any such fee otherwise payable to such Defaulting Lender to the extent allocable to such LC Issuing Bank's or Swingline Bank's Fronting Exposure with respect to such Defaulting Lender, and (z) not be required to pay the remaining amount of any such fee.

(iv) *Reallocation of Participations to Reduce Fronting Exposure.* For purposes of computing the amount of each Non-Defaulting Lender's obligation to acquire, purchase, refinance or fund participations in Letters of Credit or Swingline Loans pursuant to Sections 2.03 and 2.04, the "Pro Rata Percentage" and "Pro Rata Share" of each such Non-Defaulting Lender shall be computed without giving effect to the Commitment of any Defaulting Lender; provided, that, each such reallocation shall be given effect only to the extent that the aggregate amount of each Non-Defaulting Lender's obligation to acquire, purchase, refinance or fund participations in Letters of Credit and Swingline Loans shall not exceed the positive difference, if any, of (1) the Commitment of such Non-Defaulting Lender minus (2) the Outstanding Credits of such Non-Defaulting Lender at such time.

(v) *Cash Collateral, Repayment of Swingline Loans.* If the reallocation described in clause (iv) above cannot, or can only partially, be effected, the Borrower shall, without prejudice to any right or remedy available to it hereunder or under law, (x) first, at the Borrower's election, (A) prepay Swingline Loans in an amount equal to the Swingline Banks' Fronting Exposure or (B) Cash Collateralize the Swingline Banks' Fronting Exposure in accordance with the procedures set forth in Section 2.25 and (y) second, Cash Collateralize the LC Issuing Banks' Fronting Exposure in accordance with the procedures set forth in Section 2.25.

(b) Defaulting Lender Cure. If the Borrower, the Administrative Agent, each Swingline Bank and each LC Issuing Bank agree in writing that a Lender is no longer a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein (which may include arrangements with respect to any Cash Collateral), that Lender will, to the extent applicable, purchase at par that portion of outstanding Loans of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Loans and funded and unfunded participations in Letters of Credit and Swingline Loans to be held pro rata by the Lenders in accordance with their Pro Rata Percentages (without giving effect to Section 2.24(a)(iv)), whereupon such Lender will cease to be a Defaulting Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while that Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change hereunder in any Lender's status from Defaulting Lender to Non-Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

(c) New Swingline Loans/Letters of Credit. So long as any Lender is a Defaulting Lender, (i) no Swingline Bank shall be required to fund any Swingline Loans unless it is satisfied that it will have no Fronting Exposure after giving effect to such Swingline Loan and (ii) no LC Issuing Bank shall be required to issue, extend, renew or increase any Letter of Credit unless it is satisfied that it will have no Fronting Exposure after giving effect thereto.

(d) **Termination of Defaulting Lenders.** The Borrower may terminate the unused amount of the Commitment of any Defaulting Lender upon not less than three (3) Business Days' prior notice to the Administrative Agent (which shall promptly notify the Lenders thereof), and in such event the provisions of Section 2.24(a)(ii) will apply to all amounts thereafter paid by the Borrower for the account of such Defaulting Lender under this Agreement (whether on account of principal, interest, fees, indemnity or other amounts); provided that such termination shall not be deemed to be a waiver or release of any claim the Borrower, the Administrative Agent, any LC Issuing Bank, any Swingline Bank or any other Lender may have against such Defaulting Lender.

(e) **No Waiver.** The rights and remedies against, and with respect to, a Defaulting Lender under this Section 2.24 are in addition to, and cumulative and not in limitation of, all other rights and remedies that the Administrative Agent and each Lender, each LC Issuing Bank, each Swingline Bank or the Borrower may at any time have against, or with respect to, such Defaulting Lender. In particular, subject to Section 7.15, no reallocation under Section 2.24(a)(iv) shall constitute a waiver or release of any claim the Borrower, the Administrative Agent, any LC Issuing Bank, any Swingline Bank or any Lender may have against a Defaulting Lender arising from such Lender having become a Defaulting Lender, including any claim of a Non-Defaulting Lender as a result of such Non-Defaulting Lender's increased Outstanding Credits following such reallocation.

Section 2.25 Cash Collateral.

(a) **Defaulting Lenders Generally.** At any time that there shall exist a Defaulting Lender, within two (2) Business Days following the written request of the Administrative Agent, any LC Issuing Bank (with a copy to the Administrative Agent), or any Swingline Bank (with a copy to the Administrative Agent), the Borrower shall Cash Collateralize the LC Issuing Banks' Fronting Exposure or the Swingline Bank's Fronting Exposure, as applicable, with respect to such Defaulting Lender (determined after giving effect to Section 2.24(a)(iv)) and any Cash Collateral provided by such Defaulting Lender) in an amount equal to 100% of such Fronting Exposure.

(b) **Grant of Security Interest.** Each of the Borrower, and to the extent provided by any Defaulting Lender, such Defaulting Lender, hereby grants to the Administrative Agent, for the benefit of the LC Issuing Banks and the Swingline Banks, as applicable, and agrees to maintain, a first priority security interest in all such Cash Collateral as security for the Defaulting Lenders' obligations to fund participations in respect of Letters of Credit and for the Defaulting Lenders' obligations to purchase their respective Pro Rata Shares in respect of Swingline Loans, as applicable, to be applied pursuant to paragraph (c) below. If at any time the Administrative Agent determines that Cash Collateral is subject to any right or claim of any Person other than the Administrative Agent, the Swingline Banks and/or the LC Issuing Banks as herein provided, or that the total amount of such Cash Collateral is less than the outstanding Fronting Exposure, the Borrower or the applicable Defaulting Lender will, promptly upon demand by the Administrative Agent, pay or provide to the Administrative Agent additional Cash Collateral in an amount sufficient to eliminate such deficiency (in the case of the Borrower, after giving effect to any Cash Collateral provided by the Defaulting Lender).

(c) **Application.** Notwithstanding anything to the contrary contained in this Agreement, Cash Collateral provided under this Section 2.25 or Section 2.24 in respect of Letters of Credit shall be applied to the satisfaction of the applicable Defaulting Lender's obligation to fund participations in respect of Letters of Credit (including, as to Cash Collateral provided by a Defaulting Lender, any interest accrued on such obligation) for which the Cash Collateral was so provided, prior to any other application of such property as may otherwise be provided for herein. Notwithstanding anything to the contrary contained in this Agreement, Cash Collateral provided under this Section 2.25 or Section 2.24 in respect of Swingline Loans shall be applied to the payment of the applicable Defaulting Lender's Pro Rata Percentage purchase of Swingline Loans (including, as to Cash Collateral provided by a Defaulting Lender, any interest accrued on such obligation) for which the Cash Collateral was so provided, prior to any other application of such property as may otherwise be provided for herein.

(d) Termination of Requirement. Cash Collateral (or the appropriate portion thereof) provided to reduce any LC Issuing Bank's Fronting Exposure or Swingline Bank's Fronting Exposure shall be promptly released following (i) the elimination of the applicable Fronting Exposure, including by the termination of Defaulting Lender status of the applicable Lender (or, as applicable, its assignee following compliance with Section 7.05(b)(vi)), or (ii) the determination by the Administrative Agent and each LC Issuing Bank or Swingline Bank, as applicable, that there exists excess Cash Collateral; provided that, subject to Section 2.24 the Person providing Cash Collateral and each LC Issuing Bank or Swingline Bank, as applicable, may agree that Cash Collateral shall be held to support future anticipated Fronting Exposure or other obligations.

ARTICLE III CONDITIONS TO EXTENSIONS OF CREDIT

Section 3.01 *Conditions Precedent to Initial Extension of Credit*. The obligation of the Lenders to make Loans on the occasion of the initial Borrowing, of any Swingline Bank to make the initial Swingline Loan and of any LC Issuing Bank to issue the first Letter of Credit (including the deemed issuance of the Existing Letters of Credit hereunder) is subject to the condition that, on or prior to the date of such first Extension of Credit, the Administrative Agent shall have received the following, each dated as of the same date (unless otherwise indicated), and each in form and substance reasonably satisfactory to the Administrative Agent:

- (a) this Agreement, duly executed by the Borrower, each of the Lenders and the Administrative Agent and acknowledged by the Parent;
- (b) if requested by any Lender, a Note, payable to such Lender, duly completed and executed by the Borrower;
- (c) all documents that the Administrative Agent and the Lenders may reasonably request relating to the existence of the Borrower and the Parent, the corporate authority for and the validity of this Agreement and the other Loan Documents and any other matters relevant hereto, all in form and substance reasonably satisfactory to the Administrative Agent and the Lenders, including a certificate of incumbency of each of the Borrower and the Parent, signed by the Secretary or an Assistant Secretary of the Borrower and the Parent, certifying as to the names, true signatures and incumbency of the officer or officers authorized to execute and deliver the Loan Documents (other than the Support Agreement) to which each is a party and attaching certified copies of the following items: (i) the Support Agreement and the Financial Services Agreement, (ii) the Borrower's and the Parent's Certificates of Incorporation, (iii) the Borrower's and the Parent's bylaws, (iv) the actions taken by the board of directors of the Borrower and the Parent authorizing the Borrower's and the Parent's execution, delivery and performance of this Agreement and the other Loan Documents (other than the Support Agreement) to which each is a party, and (v) all governmental and other third party consents or approvals (if any) required in connection with the execution, delivery and performance of the Loan Documents (other than the Support Agreement) by the Borrower and the Parent;
- (d) an opinion of Morgan, Lewis & Bockius LLP, counsel for the Borrower and the Parent;
- (e) certificates of the Secretary of State of Delaware as to the good standing of the Borrower and the Parent as Delaware corporations;

(f) (i) the unaudited balance sheet of the Borrower as of December 31, 2021 and the related unaudited statements of income and cash flows for the Fiscal Year then ended, and (ii) the audited financial statements referenced in Section 4.05(a).

(g) payment of all (i) fees due to the Administrative Agent, the Joint Lead Arrangers and the Lenders set forth in the Fee Letters and (ii) reasonable and documented fees and expenses of counsel to the Administrative Agent (directly to such counsel if requested by the Administrative Agent) to the extent accrued and unpaid and invoiced to the Borrower prior to or on the Closing Date;

(h) at least five (5) Business Days prior to the Closing Date, all documentation and other information requested by the Administrative Agent or any Lender or required by regulatory authorities in order for the Administrative Agent and the Lenders to comply with requirements of any Anti-Money Laundering Laws, including the Act and any applicable “know your customer” rules and regulations, to the extent reasonably requested by the Administrative Agent or any Lender at least ten (10) Business Days prior to the Closing Date;

(i) at least five (5) Business Days prior to the Closing Date, to the Administrative Agent and directly to any Lender requesting the same, a Beneficial Ownership Certification in relation to the Borrower (or a certification that such Borrower qualifies for an express exclusion from the “legal entity customer” definition under the Beneficial Ownership Regulations), to the extent reasonably requested by the Administrative Agent or any Lender at least ten (10) Business Days prior to the Closing Date; and

(j) such other documents, approvals, and opinions as may be mutually agreed by the Borrower and the Administrative Agent.

Without limiting the generality of the provisions of Section 8.04, for purposes of determining compliance with the conditions specified in this Section 3.01, each Lender that has signed this Agreement shall be deemed to have consented to, approved or accepted or to be satisfied with, each document or other matter required hereunder to be consented to or approved by or acceptable or satisfactory to a Lender unless the Administrative Agent shall have received notice from such Lender prior to the Closing Date specifying its objection thereto.

Section 3.02 Conditions to All Extensions of Credit. The obligation of the Lenders to make (but not Continue or Convert) Loans on the occasion of each Borrowing, of each Swingline Bank to make a Swingline Loan and of each LC Issuing Bank to issue, extend or increase the stated amount of Letters of Credit, including the first Extension of Credit (including the deemed issuance of the Existing Letters of Credit hereunder), is subject to the satisfaction of the following conditions:

(a) the Administrative Agent shall have received a Notice of Borrowing, Notice of Swingline Borrowing or Request for Issuance, as applicable;

(b) all representations and warranties of the Borrower contained in Article IV (other than the representations and warranties set forth in Sections 4.04 and 4.05(b)) which shall only be made and need only be true on the Closing Date) shall be true in all material respects as if made on and as of the date of such Extension of Credit (except that (i) with respect to any representation and warranty that expressly relates to an earlier date, in which case such representation and warranty shall be true in all material respects as of such earlier date, and (ii) with respect to any representation and warranty that is qualified by materiality or reference to Material Adverse Change, in which case such representation and warranty shall be true in all respects as of such date (or earlier date, as applicable);

(c) immediately prior to and immediately after such Extension of Credit, no Default or Event of Default under this Agreement shall have occurred and be continuing; and

(d) immediately after such Extension of Credit, the Outstanding Credits will not exceed the aggregate Commitment.

The making of each Extension of Credit (other than any Conversion or Continuation of a Loan) shall be deemed to be a representation and warranty by the Borrower on the date of such Extension of Credit that the conditions specified in paragraphs (b), (c) and (d) above have been satisfied.

ARTICLE IV REPRESENTATIONS AND WARRANTIES

The Borrower represents and warrants that:

Section 4.01 Corporate Existence and Status. Each of the Borrower, the Parent and each Significant Subsidiary of the Parent has been duly organized, is validly existing and in good standing under the laws of the jurisdiction of its incorporation and is duly qualified to transact business in every jurisdiction where, by the nature of its business, such qualification is necessary, except where the failure to be so qualified would not reasonably be expected to result in a Material Adverse Change. Each of the Borrower, the Parent and each Significant Subsidiary of the Parent has all corporate power and authority to own or lease and operate its properties and to carry on its business as now conducted and as proposed to be conducted.

Section 4.02 Corporate Power and Authority; Enforceability. The execution, delivery and performance by the Borrower and the Parent of this Agreement and the other Loan Documents to which the Borrower or the Parent is a party (i) are within the Borrower's and the Parent's respective corporate powers and (ii) have been duly authorized by all necessary corporate action. This Agreement and the other Loan Documents to which the Borrower or the Parent is a party constitute valid and binding agreements of the Borrower and the Parent, as the case may be, enforceable in accordance with their respective terms, and the Notes, if and when executed and delivered in accordance with this Agreement, will constitute valid and binding obligations of the Borrower, enforceable in accordance with their respective terms, except, in each case, as the enforceability hereof and thereof may be affected by bankruptcy, insolvency, reorganization, moratorium or similar laws applicable to creditors' rights or the collection of debtors' obligations generally and equitable principles of general applicability.

Section 4.03 Non-Violation.

(a) The execution, delivery and performance by the Borrower and the Parent of this Agreement and the other Loan Documents to which the Borrower or the Parent is a party (i) do not conflict with, result in a breach of or constitute a default under any provision of the certificate of incorporation or bylaws (or other analogous formation documents) of the Borrower or the Parent, (ii) do not conflict with, result in a breach of or constitute a default under any provision of any material contract, agreement, judgment, injunction, order, decree or other instrument binding upon the Borrower or the Parent, except to the extent such conflict, breach or default would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Change and (iii) do not result in the creation or imposition of any Lien on any asset of the Borrower, the Parent or any Significant Subsidiary of the Parent (other than Permitted Liens).

(b) The execution and delivery by the Borrower and the Parent of this Agreement and the other Loan Documents to which the Borrower or the Parent is a party, the incurring and repayment by the Borrower of the Obligations, and the performance by the Parent of the Support Agreement do not violate any law, rule or regulation applicable to the Borrower or the Parent, as applicable.

(c) The performance by the Borrower of its other obligations under this Agreement and the other Loan Documents to which it is a party does not violate any law, rule or regulation applicable to the Borrower except where such violation would not reasonably be expected to have a Material Adverse Change.

Section 4.04 Litigation. There are no pending or, to the knowledge of the Borrower, threatened actions or proceedings (including any Environmental Proceedings) affecting the Borrower, the Parent or any Subsidiary of the Parent before any court, governmental agency or arbitrator, that, individually or in the aggregate, would reasonably be expected to result in a Material Adverse Change.

Section 4.05 Financial Information.

(a) The consolidated balance sheet of the Parent and its Subsidiaries, as of December 31, 2021, and the related statements of income and cash flows for the Fiscal Year then ended, reported on by independent public accountants of nationally recognized standing (copies of which have been delivered to the Lenders), fairly present, in conformity with GAAP, the consolidated financial position of the Parent and its Subsidiaries, as of such date, and of their results of operations and cash flows for such period stated.

(b) Since December 31, 2021, there has been no Material Adverse Change.

Section 4.06 Approvals. The execution, delivery and performance by the Borrower and the Parent of this Agreement and the other Loan Documents to which the Borrower or the Parent is a party require no action by or in respect of, or filing with, any governmental body, agency or official or any other Person except where the failure to obtain such approval or such violation would not reasonably be expected to result in a Material Adverse Change.

Section 4.07 Use of Proceeds. The proceeds of the Loans and the Letters of Credit will be used by the Borrower for working capital and other general corporate purposes of the Parent and its Subsidiaries. The Borrower and its Subsidiaries shall not use the proceeds of the Loans and the Letters of Credit (a) in violation of any Anti-Corruption Laws or Anti-Money Laundering Laws, (b) for the purpose of funding, financing or facilitating any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country or (c) in any manner that results in the violation of any Sanctions applicable to any party hereto.

Section 4.08 Investment Company Act; Margin Regulations. Each of Parent and the Borrower is either not an “investment company” under the Investment Company Act of 1940 (the “*Investment Company Act*”) or is exempt from all provisions of the Investment Company Act. Neither the Borrower, the Parent nor any Subsidiary of the Parent will apply the proceeds of any of the Loans, directly or indirectly, for the purpose, either immediate, incidental or ultimate, of purchasing or carrying any Margin Stock, except in compliance with Section 5.02(d).

Section 4.09 Compliance with Laws. Each of the Borrower, the Parent and each Subsidiary of the Parent is in compliance with all applicable laws, regulations and similar requirements of Governmental Authorities (including the Act, Anti-Corruption Laws, Anti-Money Laundering Laws, applicable Sanctions and all Environmental Requirements), except where the failure to be in compliance would not reasonably be expected to result in a Material Adverse Change.

Section 4.10 Compliance with ERISA.

(a) Except as would not reasonably be expected to result in a Material Adverse Change, the Borrower, the Parent, each Significant Subsidiary of the Parent and each other member of the Controlled Group of the foregoing have fulfilled their respective obligations under the minimum funding standards of ERISA and the Code with respect to each Plan and are in compliance in all material respects with the presently applicable provisions of ERISA and the Code with respect to each Plan and have not incurred any liability to the PBGC (other than for current premiums, which have been paid when due) or a Plan under Title IV of ERISA (other than liabilities for benefits and administration and operational expenses incurred in the ordinary course of Plan operations). As of the valuation date immediately preceding the Closing Date, no Plan of the Borrower, the Parent, any Significant Subsidiary of the Parent or any other member of the Controlled Group of the foregoing has been determined to be in “at risk” status (within the meaning of Section 430 of the Code or Section 303 of ERISA), and as of the Closing Date, no such Plan is reasonably expected to become an “at-risk” plan. No Multiemployer Plan is, or is expected to be, insolvent (within the meaning of ERISA Section 4245) or in “critical” status (within the meaning of ERISA Section 304).

(b) All contributions (if any) that the Borrower, the Parent, any Significant Subsidiary of the Parent or any other member of the Controlled Group of the foregoing have been required to make to a Multiemployer Plan have been duly and timely made and none of Borrower, Parent, any Significant Subsidiary of the Parent or any other member of the Controlled Group of the foregoing has incurred any material liability with respect to any Multiemployer Plan other than to make contributions as and when due. None of the Borrower, the Parent, any Significant Subsidiary of the Parent nor any member of the Controlled Group of the foregoing has incurred any Withdrawal Liability that has not been fully paid.

Section 4.11 Environmental Matters. Neither the Borrower, the Parent nor any Significant Subsidiary of the Parent is subject to any Environmental Liability that, individually or in the aggregate, would reasonably be expected to result in a Material Adverse Change.

Section 4.12 Taxes. There have been filed on behalf of the Borrower, the Parent and each Significant Subsidiary of the Parent all United States federal, state, provincial and local income, excise, property and other material tax returns that are required to be filed by the Borrower, the Parent and such Significant Subsidiary of the Parent, and all taxes shown to be due pursuant to such returns or pursuant to any assessment received by or on behalf of the Borrower, the Parent and such Significant Subsidiary of the Parent have been, or within the times required by law will be, paid except (i) where the amount or validity thereof currently is being contested in good faith by appropriate proceedings and reserves in conformity with GAAP with respect thereto have been provided on the books of the Borrower, the Parent or such Significant Subsidiary of the Parent, as the case may be, or (ii) where failure to file or nonpayment would not reasonably be expected to result in a Material Adverse Change.

Section 4.13 No Defaults. Neither the Borrower, the Parent nor any Significant Subsidiary of the Parent is in default under or with respect to any material agreement, instrument or undertaking (other than in respect of Debt) to which it is a party, or by which it or any of its properties is bound which would reasonably be expected to result in a Material Adverse Change. No Default or Event of Default has occurred and is continuing.

Section 4.14 Ownership of Borrower and Operating Utilities. The Parent owns directly or indirectly (i) 100% of the Common Stock of the Borrower and (ii) at least 50% of the Common Stock of each Operating Utility, in each case, free and clear of any Lien other than Permitted Liens.

Section 4.15 Ownership of Properties and Assets. Each of the Borrower, the Parent and each Significant Subsidiary of the Parent has title to its properties and assets sufficient for the conduct of its respective business, except where the failure to have such title would not reasonably be expected to result in a Material Adverse Change.

Section 4.16 Full Disclosure. No written information (other than projections, other forward-looking information and information of a general economic or industry specific nature) furnished by the Borrower and the Parent to the Administrative Agent and the Lenders for purposes of or in connection with this Agreement and the Loan Documents or any transaction contemplated hereby or thereby (when taken as a whole for the purposes for which such information is given and read together with all other previously provided information), contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements contained therein not materially misleading in light of the circumstances under which such statements were made; provided that in the case of projections, such projections were prepared in good faith based on estimates and assumptions believed by the Borrower and the Parent to be reasonable at the time made. As of the Closing Date (or the date of the delivery of any subsequent update), all of the information included in the Beneficial Ownership Certification is true and correct.

Section 4.17 Anti-Corruption Laws and Sanctions. The Borrower and the Parent have implemented and maintain in effect policies and procedures designed to ensure compliance in all material respects by the Borrower, the Parent, the Subsidiaries of the Parent and their respective directors, officers, employees and agents with Anti-Corruption Laws, Anti-Money Laundering Laws and applicable Sanctions, and the Borrower, the Parent, the Subsidiaries of the Parent and their respective directors, officers and employees and to the knowledge of the Borrower its agents, are in compliance with Anti-Corruption Laws, Anti-Money Laundering Laws and applicable Sanctions. None of (a) the Borrower, the Parent, any Subsidiary of the Parent nor any of their respective directors, officers, employees or affiliates, or (b) to the knowledge of the Borrower or the Parent, any agent or representative of the Borrower, the Parent or any Subsidiary of the Parent that will act in any capacity in connection with or benefit from the credit facility established hereby is a Sanctioned Person or currently the subject or target of any Sanctions.

Section 4.18 Margin Stock. The Borrower is not engaged principally or as one of its important activities in the business of extending credit for the purpose of “purchasing” or “carrying” any Margin Stock.

ARTICLE V COVENANTS

Section 5.01 Affirmative Covenants. So long as any Loan shall remain unpaid, any Letter of Credit shall remain outstanding or any Lender shall have any Commitment hereunder, the Borrower agrees as follows:

(a) **Parent Financial Reporting.** The Borrower will cause the Parent to deliver to the Administrative Agent (which shall promptly make such information available to the Lenders in accordance with its customary practice):

(i) as soon as available and in any event within 90 days after the end of each Fiscal Year, a consolidated balance sheet of the Parent and its Subsidiaries as of the end of such Fiscal Year and the related consolidated statements of income and cash flows for such Fiscal Year, setting forth in each case in comparative form the figures for the previous Fiscal Year, all reported on by independent public accountants of nationally recognized standing, with such report to be free of any “going concern” or similar qualification or exception or any qualification as to the scope of such audit;

(ii) as soon as available and in any event within 60 days after the end of each of the first three Fiscal Quarters of each Fiscal Year, a consolidated balance sheet of the Parent and its Subsidiaries as of the end of such Fiscal Quarter and the related consolidated statement of income and cash flows for such Fiscal Quarter and for the portion of the Fiscal Year ended at the end of such Fiscal Quarter, setting forth in each case in comparative form the figures for the corresponding Fiscal Quarter and the corresponding portion of the previous Fiscal Year, all certified by a Financial Officer of the Parent to present fairly in all material respects the financial condition of the Parent and its Subsidiaries on a consolidated basis as of their respective dates and the results of operations of the Parent and its Subsidiaries for the respective periods then ended, subject to normal year-end adjustments and the absence of footnotes; and

(iii) no later than five (5) Business Days following the delivery of each set of financial statements referred to in Sections 5.01(a)(i) and 5.01(a)(ii), a certificate of a Financial Officer of the Parent demonstrating and certifying compliance with the financial covenant set forth in Section 5.01(i).

(b) Borrower Financial Reporting. The Borrower will deliver to the Administrative Agent (which shall promptly make such information available to the Lenders in accordance with its customary practice):

(i) as soon as available and in any event within 90 days after the end of each Fiscal Year, a balance sheet of the Borrower as of the end of such Fiscal Year and the related statements of income and cash flows for such Fiscal Year, setting forth in each case in comparative form the figures for the previous Fiscal Year, all certified by a Financial Officer of the Borrower to present fairly in all material respects the financial condition of the Borrower as of the date indicated and the results of operations of the Borrower for such Fiscal Year;

(ii) as soon as available and in any event within 60 days after the end of each of the first three Fiscal Quarters of each Fiscal Year, a balance sheet of the Borrower as of the end of such Fiscal Quarter and the related statement of income and cash flows for such Fiscal Quarter and for the portion of the Fiscal Year ended at the end of such Fiscal Quarter, setting forth in each case in comparative form the figures for the corresponding Fiscal Quarter and the corresponding portion of the previous Fiscal Year, all certified by a Financial Officer of the Borrower to present fairly in all material respects the financial condition of the Borrower as of their respective dates and the results of operations of the Borrower for the respective periods then ended, subject to normal year-end adjustments and the absence of footnotes; and

(iii) simultaneously with the delivery of each set of financial statements referred to in Sections 5.01(b)(i) and 5.01(b)(ii), a certificate of a Financial Officer of the Borrower stating whether, to the knowledge of such Financial Officer, any Default or Event of Default exists on the date of such certificate and, if any Default or Event of Default then exists, setting forth the details thereof and the action which the Borrower or the Parent, as applicable, is taking or proposes to take with respect thereto.

(c) Other Reporting Requirements. The Borrower will, and will cause the Parent to, deliver to the Administrative Agent (which shall promptly make such information available to the Lenders in accordance with its customary practice):

(i) within five (5) Business Days after a Responsible Officer of the Borrower or the Parent becomes aware of the occurrence of any Default or Event of Default, a certificate of a Financial Officer of the Borrower or the Parent, as applicable, setting forth the details thereof and the action which the Borrower or the Parent, as applicable, is taking or proposes to take with respect thereto;

(ii) promptly upon the filing thereof with the SEC, copies of all reports with respect to material litigation which the Borrower, the Parent or any Subsidiary of the Parent files with the SEC;

(iii) within five (5) Business Days after the furnishing thereof, copies of all financial statements and reports sent to the stockholders of the Parent generally, and promptly upon the filing thereof with the SEC, notice by electronic mail of the filing of any financial statements and reports which the Parent filed with the SEC (other than reports referred to in Sections 5.01(a)(i), 5.01(a)(ii) and 5.01(c)(ii));

(iv) promptly upon receipt thereof, notice of any downgrade in the S&P Rating or the Moody's Rating of the Borrower;

(v) simultaneously with the delivery of the certificate referred to in Section 5.01(a)(iii), if any Subsidiary has become or ceased to be a Significant Subsidiary, a revised Schedule II disclosing the Significant Subsidiaries as of the date of such certificate;

(vi) prompt notice of any proposed waiver, amendment, supplement or other modification of any term or condition of the Support Agreement;

(vii) promptly upon the request thereof, such other information and documentation required by bank regulatory authorities under applicable "know your customer" and anti-money laundering rules and regulations (including the Act), as from time to time reasonably requested by the Administrative Agent or any Lender;

(viii) if reasonably requested by any Lender (through the Administrative Agent) or the Administrative Agent, the Borrower will furnish to the Administrative Agent evidence of compliance with the Margin Regulations; and

(ix) from time to time such additional information regarding the business, financial condition or results of operations of the Borrower, the Parent or the Significant Subsidiaries of the Parent as the Administrative Agent and the Lenders may reasonably request.

(d) Compliance with Laws and Contractual Obligations.

(i) The Borrower will, and will cause the Parent and the Subsidiaries of the Parent to, comply with the requirements of all applicable laws (including the Act, ERISA, Anti-Corruption Laws, Anti-Money Laundering Laws, applicable Sanctions and Environmental Requirements), rules, regulations and orders, except where the failure to so comply would not reasonably be expected to result in a Material Adverse Change. Not in limitation of the foregoing, the Borrower will, and will cause the Parent, each Significant Subsidiary of the Parent and each other member of the Controlled Group of the foregoing to make all payments to each Plan of the Borrower, the Parent, any Significant Subsidiary of the Parent or any other member of the Controlled Group of the foregoing necessary to meet the minimum funding requirements of Section 412 of the Code and Section 302 of ERISA.

(ii) The Borrower will, and will cause the Parent and the Significant Subsidiaries of the Parent to, comply with the requirements of all material contractual obligations (other than

Debt) to which it is a party, except (A) where the necessity of such compliance currently is being contested in good faith by appropriate proceedings and reserves in conformity with, and to the extent required by, GAAP with respect thereto have been provided on the books of the Borrower, the Parent or any Significant Subsidiary of the Parent, as the case may be, or (B) where the failure to so comply would not reasonably be expected to result in a Material Adverse Change.

(e) Payment of Taxes. The Borrower will, and will cause the Parent and each Significant Subsidiary of the Parent to, pay promptly when due all taxes, assessments, governmental charges, claims for labor, supplies, rent and other obligations (other than Debt) which, if unpaid, might become a Lien against the Properties of the Borrower, the Parent or such Significant Subsidiary, except (i) liabilities that are currently being contested in good faith by appropriate proceedings and reserves in conformity with, and to the extent required by, GAAP with respect thereto have been provided on the books of the Borrower, the Parent or such Significant Subsidiary, as the case may be, or (ii) where the failure to pay would not reasonably be expected to result in a Material Adverse Change.

(f) Maintenance of Insurance. The Borrower will, and will cause the Parent and each Significant Subsidiary of the Parent to, maintain with financially sound and reputable insurance companies, insurance on its Properties in at least such amounts and against at least such risks as are usually insured against in the same general area by companies of established repute engaged in the same or similar business as the Borrower, the Parent or such Significant Subsidiary of the Parent, as the case may be.

(g) Maintenance of Properties; Inspection of Property, Books and Records.

(i) Except as permitted by Section 5.02(b), the Borrower will, and will cause the Parent and the Significant Subsidiaries of the Parent to, maintain all of its Properties and assets necessary and material to its business in good condition, repair and working order, ordinary wear and tear excepted, in accordance with standards observed by companies engaged in the same or similar business and similarly situated as the Borrower, the Parent or such Subsidiaries of the Parent, as the case may be, except where the failure to so maintain its respective Properties and assets would not reasonably be expected to result in a Material Adverse Change; provided that nothing in this Section 5.01(g)(i) shall prevent the Borrower, the Parent or any Significant Subsidiary of the Parent from discontinuing the operation or maintenance of any such Properties or assets or disposing of such Properties or assets if such discontinuance is, in the judgment of the Borrower, desirable in the conduct of its business or the business of the Parent or any such Significant Subsidiary.

(ii) The Borrower will, and will cause the Parent and each Significant Subsidiary of the Parent to, (A) keep proper books of record and account in which full, true and correct entries in conformity with GAAP shall be made of all dealings and transactions in relation to its respective business and activities and (B) permit representatives of the Administrative Agent (and any Lender in attendance with the Administrative Agent) to visit and inspect any of its Properties at reasonable business hours upon reasonable notice, to examine and make abstracts from any of its books and records and to discuss its affairs, finances and accounts with its respective officers, employees and independent public accountants; provided that (w) excluding any such visits and inspections during the continuation of an Event of Default, the Administrative Agent shall conduct such visits and inspections at its (and the applicable Lenders') expense and not exercise such rights more often than one (1) time during any calendar year; (x) upon the occurrence and during the continuance of an Event of Default, the Administrative Agent and any Lender may do any of the foregoing at the expense of the Borrower and at any time without advance notice; (y) any such visits or inspections shall be subject to such conditions as the Borrower, the Parent and

each Significant Subsidiary of the Parent, as the case may be, shall deem necessary based on reasonable considerations of safety and security; and (z) neither the Borrower, the Parent or any Significant Subsidiary of the Parent shall be required to disclose any information that is subject to the attorney-client privilege or attorney work-product privilege properly asserted by the applicable person to prevent the loss of such privilege or which is prevented from disclosure pursuant to a confidentiality agreement with third parties.

(h) Maintenance of Existence.

(i) The Borrower will, and will cause the Parent to, maintain its corporate existence except as permitted under Section 5.02(b).

(ii) The Borrower will, and will cause the Parent and each Significant Subsidiary of the Parent to maintain all rights, franchises, licenses and privileges necessary to the conduct of its business, except (x) as permitted under Section 5.02(b) and (y) where the failure to take such action would not reasonably be expected to result in a Material Adverse Change.

(i) Debt Capitalization. The Borrower will cause the Parent to maintain at the end of each Fiscal Quarter a ratio of Consolidated Total Debt to Consolidated Total Capitalization of not more than 0.70 to 1.0.

(j) Compliance with Anti-Corruption Laws and Sanctions; Beneficial Ownership Regulation. The Borrower and the Parent will (i) maintain in effect and enforce policies and procedures designed to ensure compliance by the Borrower, the Parent, the Subsidiaries of the Parent and their respective directors, officers, employees and agents with Anti-Corruption Laws, Anti-Money Laundering Laws and applicable Sanctions, (ii) notify the Administrative Agent and each Lender that previously received a Beneficial Ownership Certification (or a certification that the Borrower qualifies for an express exclusion to the “legal entity customer” definition under the Beneficial Ownership Regulation) of any change in the information provided in the Beneficial Ownership Certification that would result in a change to the list of beneficial owners identified therein (or, if applicable, the Borrower ceasing to fall within an express exclusion to the definition of “legal entity customer” under the Beneficial Ownership Regulation) and (iii) promptly upon the reasonable request of the Administrative Agent or any Lender, provide the Administrative Agent or directly to such Lender, as the case may be, any information or documentation requested by it for purposes of complying with the Beneficial Ownership Regulation.

Documents required to be delivered pursuant to Sections 5.01(a), 5.01(b) and 5.01(c) (other than Section 5.01(c)(ii)) (to the extent any such documents are included in materials otherwise filed with the SEC) may be delivered electronically and if so delivered, shall be deemed to have been delivered on the date (i) on which the Borrower posts such documents, or provides a link thereto on the Borrower’s website on the Internet at the website address listed in Section 7.01; or (ii) on which such documents are posted on the Borrower’s behalf on an Internet or intranet website, if any, to which each Lender and the Administrative Agent have access (whether a commercial, third-party website or whether sponsored by the Administrative Agent); provided that: (i) the Borrower shall deliver paper copies of such documents to the Administrative Agent or any Lender that requests the Borrower to deliver such paper copies until a written request to cease delivering paper copies is given by the Administrative Agent or such Lender and (ii) the Borrower shall notify the Administrative Agent by facsimile or electronic mail (which shall promptly provide notice to the Lenders in accordance with its customary practice) of the posting of any such documents. Notwithstanding anything contained herein, in every instance the Parent and the Borrower shall be required to provide paper copies of the compliance certificates required by Sections 5.01(a)(iii) and 5.01(b)(iii) to the Administrative Agent. Except for such compliance certificates, the Administrative Agent shall have no obligation to request the delivery or to maintain

copies of the documents referred to above, and in any event shall have no responsibility to monitor compliance by the Borrower with any such request for delivery, and each Lender shall be solely responsible for requesting delivery to it or maintaining its copies of such documents.

The Borrower and the Parent hereby acknowledge that (a) the Administrative Agent and/or the Joint Lead Arrangers will make available to the Lenders and the LC Issuing Banks materials and/or information provided by or on behalf of the Borrower and the Parent hereunder (collectively, the “**Borrower Materials**”) by posting the Borrower Materials on SyndTrak Online or another similar electronic system (the “**Platform**”) and (b) certain of the Lenders may be “public-side” Lenders (i.e., Lenders that do not wish to receive material non-public information with respect to the Borrower, the Parent or their respective securities) (each, a “**Public Lender**”). The Borrower hereby agrees that if (x) the Borrower has clearly and conspicuously marked any Borrower Materials “PUBLIC”, which, at a minimum, shall mean that the word “PUBLIC” shall appear prominently on the first page thereof or (y) the Borrower Materials have been filed with the SEC without a request of confidential treatment, (A) the Borrower shall be deemed to have authorized the Administrative Agent, the Joint Lead Arrangers, the LC Issuing Banks and the Lenders to treat such Borrower Materials as not containing any material non-public information (although it may be sensitive and proprietary) with respect to the Borrower, the Parent or their respective securities for purposes of United States Federal and state securities laws (provided that to the extent such Borrower Materials constitute Information, they shall be treated as set forth in Section 7.06); (B) all Borrower Materials marked “PUBLIC” are permitted to be made available through a portion of the Platform designated “Public Investor”; and (C) the Administrative Agent and the Joint Lead Arrangers shall be entitled to treat any Borrower Materials that are not marked “PUBLIC” as being suitable only for posting on a portion of the Platform not designated “Public Investor”. Notwithstanding the foregoing, the Borrower shall be under no obligation to mark any Borrower Materials “PUBLIC”.

Section 5.02 Negative Covenants. So long as any Loan shall remain unpaid, any Letter of Credit shall remain outstanding or any Lender shall have any Commitment hereunder, the Borrower agrees as follows:

(a) Restrictions on Liens. The Borrower shall not, and shall not cause or permit the Parent or any Significant Subsidiary of the Parent to create, incur, assume or suffer to exist, any Lien on or with respect to any of its respective Property, whether now owned or hereafter acquired, except Permitted Liens.

(b) Consolidations; Mergers; Etc. Neither the Borrower nor the Parent shall consolidate or merge with or into, or sell, lease or otherwise transfer all or substantially all of its assets, taken as a whole, to any other Person; provided that (i) the Parent may consolidate or merge with another Person so long as (A) the Parent is the Person surviving or continuing after the completion of such consolidation or merger; (B) after giving effect to such consolidation or merger, the S&P Rating and the Moody’s Rating of the Parent is BBB-/Baa3 or higher; and (C) immediately after giving effect to such consolidation or merger, no Default or Event of Default shall have occurred and be continuing and (ii) the Borrower may consolidate or merge with, or sell, lease or otherwise transfer all or substantially all of its assets to, the Parent so long as (A) in the case of a consolidation or merger, the Parent is the Person surviving or continuing after the completion of such consolidation or merger; (B) the Parent directly assumes all of the Borrower’s obligations under the Loan Documents in accordance with documentation reasonably acceptable to the Administrative Agent; and (C) immediately after giving effect to such consolidation, merger, sale, lease or transfer, no Default or Event of Default shall have occurred and be continuing.

(c) Sale-Leaseback Transactions. The Borrower will not, and will not allow Parent or any Significant Subsidiary of the Parent to, enter into any Sale and Leaseback Transaction unless:

(i) the aggregate amount of the Attributable Debt of the Borrower, the Parent and the Significant Subsidiaries of the Parent in respect of Sale and Leaseback Transactions then outstanding would not exceed 15% of Consolidated Tangible Total Assets, or

(ii) the Borrower, the Parent or such Significant Subsidiary, within six (6) months of the applicable Sale and Leaseback Transaction, retires an amount of secured Debt which is not subordinate to the Obligations in an amount equal to the greater of (A) the net proceeds of the sale or transfer of the property or other assets that are the subject of such Sale and Leaseback Transaction or (B) the fair market value of the property leased pursuant to such Sale and Leaseback Transaction; provided that this Section 5.02(c) shall not apply to any Sale and Leaseback Transaction which (x) is for an initial term of three (3) years or less or (y) which has a sale price of (A) \$1,000,000 or less, individually or (B) \$20,000,000 or less in the aggregate.

(d) Use of Proceeds.

(i) No part of the proceeds of any of the Loans or Letters of Credit will be used for any purpose which violates the provisions of the Margin Regulations. The proceeds of the Loans shall not be used for any purpose other than as specified in Section 4.07.

(ii) The Borrower will not request any Extension of Credit, and the Borrower shall not use, and shall ensure that the Parent and its Subsidiaries and its or their respective directors, officers, employees and agents shall not use, the proceeds of any Extension of Credit (x) in furtherance of an offer, payment, promise to pay, or authorization of the payment or giving of money, or anything else of value, to any Person in violation of any Anti-Corruption Laws or Anti-Money Laundering Laws, (y) for the purpose of funding, financing or facilitating any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, or (z) in any manner that would result in the violation of any Sanctions applicable to any party hereto or any Anti-Corruption Laws or Anti-Money Laundering Laws.

(e) Support Agreement. Subject to Section 7.04(a)(viii), the Borrower shall not, and shall not cause or permit the Parent to: (i) cancel or terminate the Support Agreement or (ii) amend or otherwise modify the terms of the Support Agreement, except for amendments and modifications that do not adversely affect the rights of the Lenders hereunder, in each case, without the prior written consent of the Lenders.

(f) Change in Nature of Business. Except as permitted by Section 5.02(b), the Borrower shall not engage in any business, operations or activities (whether directly, through a joint venture, in connection with a permitted acquisition or otherwise) other than financing activities for and on behalf of the Parent and one or more of the other Subsidiaries of the Parent.

ARTICLE VI DEFAULTS

Section 6.01 *Events of Default.* If one or more of the following events (“*Events of Default*”) shall have occurred and be continuing:

(a) the Borrower shall fail to pay (i) any principal of any Loan or Reimbursement Obligation on the date such payment is due, or (ii) interest on any Loan or Reimbursement Obligation or any other Obligation, within five (5) Business Days of the date such payment is due; or

(b) the Borrower shall fail to observe or perform (or shall fail to cause the Parent and its Subsidiaries or Significant Subsidiaries, as applicable, to observe or perform) any covenant or agreement contained in Section 5.01(c)(i), 5.01(h)(i), 5.01(i), or 5.02; or

(c) the Borrower shall fail to observe or perform (or shall fail to cause the Parent and its Subsidiaries or Significant Subsidiaries, as applicable, to observe or perform) any covenant or agreement contained in this Agreement (other than those covered by Section 6.01(a) or 6.01(b)) and such failure shall continue for a period of thirty (30) days after the earlier of (i) the Borrower's delivery of notice thereof to the Administrative Agent and (ii) written notice thereof has been given to the Borrower by the Administrative Agent or any Lender; or

(d) any representation, warranty, certification or statement made or deemed made by the Borrower in Article IV or by the Borrower or the Parent under any other Loan Document or in any certificate, financial statement or other document delivered pursuant to this Agreement or any other Loan Document shall prove to have been incorrect in any material respect (or for any representation, warranty, certification or statement that is qualified by materiality or reference to Material Adverse Change, in any respect) when made (or deemed made); or

(e) the Borrower, the Parent or any Significant Subsidiary of the Parent shall fail to pay any principal of or premium or interest on any Debt (excluding Debt evidenced by this Agreement and any Notes, but including, for purposes of this provision, obligations of the Parent under Section 4 of the Support Agreement) in an aggregate amount in excess of (i) \$125,000,000, in the case of the Borrower, (ii) \$125,000,000, in the case of the Parent or any Significant Subsidiary other than the Borrower or (iii) \$250,000,000, in the aggregate, in the case of all of the Significant Subsidiaries of the Parent, when the same becomes due and payable (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise), and such failure shall continue after the applicable grace period, if any, specified in the agreement or instrument relating to such Debt; or any other event shall occur or condition shall exist under any agreement or instrument relating to any such Debt and shall continue after the applicable grace period, if any, specified in such agreement or instrument, if the effect of such event or condition is to accelerate, or to permit the acceleration of (with the giving of notice and/or lapse of time, if required), the maturity of such Debt; or any such Debt shall be declared to be due and payable, or required to be prepaid (other than by a regularly scheduled required prepayment), prior to the stated maturity thereof; provided that if such failure, default, event or condition shall be cured by the Borrower, the Parent or such Significant Subsidiary or waived by the holders of such Debt and any acceleration of maturity having resulted from such failure, default, event or condition shall be rescinded or annulled, in each case in accordance with the terms of such agreement or instrument, without any modification of the terms of such Debt requiring the Borrower, the Parent or such Significant Subsidiary to furnish additional or other security therefor, furnish additional or other guarantees thereof, reduce the average life to maturity thereof, increase the principal amount thereof or the interest rate thereon, or any agreement by the Borrower, the Parent or such Significant Subsidiary to furnish additional or other security therefor, furnish additional or other guarantees thereof, or to issue Debt in lieu thereof which is secured by additional or other collateral or additional or other guarantees or with a shorter average life to maturity or in a greater principal amount or with a greater interest rate thereon, then any default hereunder by reason thereof shall be deemed likewise to have been thereupon cured or waived unless payment of the Loans hereunder has been accelerated prior to such cure or waiver; or

(f) the Parent shall default in the performance or observance of any obligation or condition under Section 3 of the Support Agreement as of the last day of any Fiscal Year or Fiscal Quarter of the Borrower; provided that any such default shall not be an Event of Default unless the Borrower has tangible net worth (total assets less liabilities less intangible assets as of such last day), as determined for purposes of the Support Agreement and after giving effect to period-end adjustments in accordance with GAAP, of less than negative \$100,000, and, if such default is capable of being cured, such default shall continue for a period of ten (10) days after a Financial Officer of either the Borrower or the Parent first has actual knowledge of such default; or

(g) the Borrower, the Parent or any Significant Subsidiary of the Parent shall commence a voluntary case or other proceeding seeking liquidation, reorganization or other relief with respect to itself or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, or shall consent to any such relief or to the appointment of or taking possession by any such official in an involuntary case or other proceeding commenced against it, or shall make a general assignment for the benefit of creditors, or shall fail generally, or shall admit in writing its inability, to pay its debts as they become due, or shall take any corporate action to authorize any of the foregoing; or

(h) an involuntary case or other proceeding shall be commenced against the Borrower, the Parent or any Significant Subsidiary of the Parent seeking liquidation, reorganization or other relief with respect to it or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property and such involuntary case or other proceeding shall remain undismissed and unstayed for a period of 60 days; or an order for relief in such case or proceeding shall be entered against the Borrower, the Parent or any such Significant Subsidiary under the federal bankruptcy laws as now or hereafter in effect; or

(i) one or more judgments or orders for the payment of money in an aggregate amount (to the extent not paid or insured) in excess of (i) \$125,000,000, in the case of the Borrower, (ii) \$125,000,000, in the case of the Parent or any Significant Subsidiary other than the Borrower or (iii) \$250,000,000, in the aggregate, in the case of all of the Significant Subsidiaries of the Parent, shall be rendered against the Borrower, the Parent or any such Significant Subsidiary, and such judgment or order shall continue without having been discharged, vacated or stayed for a period of sixty (60) consecutive days after the entry thereof; or

(j) (i) the PBGC shall institute proceedings under Title IV of ERISA to terminate or to cause a trustee to be appointed to administer any Plan of the Borrower, the Parent, any Significant Subsidiary or any other member of the Controlled Group of the foregoing or any Multiemployer Plan or a proceeding shall be instituted by a fiduciary of any such Plan or Multiemployer Plan against the Borrower or any member of its Controlled Group to enforce Section 515 or 4219(c)(5) of ERISA and such proceeding shall not have been dismissed within 30 days thereafter; or (ii) a condition shall exist by reason of which the PBGC would be entitled to obtain a decree adjudicating that any such Plan or Multiemployer Plan must be terminated; or (iii) the Borrower, the Parent or any such Significant Subsidiary, or any member of the Controlled Group of the foregoing shall incur any Withdrawal Liability with respect to one or more Multiemployer Plans, in each case that results or is reasonably likely to result in liability to the Borrower or any Significant Subsidiary in the aggregate in excess of \$125,000,000; or

(k) any material provision of the Support Agreement shall become unenforceable, or any court or governmental or regulatory body having jurisdiction over the Parent, shall assert the unenforceability of any such provision in writing, or the Parent contests in any manner the validity or enforceability of any such provision; or

(l) a Parent Change of Control shall occur; or

(m) except as permitted by Section 5.02(b), the Parent shall cease to own, directly or indirectly, 100% of the Common Stock of the Borrower;

then, and in every such event, the Administrative Agent, on behalf of the Lenders, the Swingline Banks and the LC Issuing Banks, may, with the consent of the Required Lenders (or shall at the request of the Required Lenders), by notice to the Borrower: terminate the Commitment, the Swingline Commitment and the LC Commitment and each shall thereupon terminate and declare the Loans (together with accrued interest thereon) and the Reimbursement Obligations and all other Obligations to be, and the Loans (together with all accrued interest thereon), Reimbursement Obligations and all other Obligations shall thereupon become, immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower; provided that if any Event of Default specified in Section 6.01(g) or 6.01(h) occurs with respect to the Borrower or the Parent, without any notice to the Borrower or any other act by the Administrative Agent or any Lender, Swingline Bank or LC Issuing Bank, the Commitment, the Swingline Commitment and the LC Commitment shall thereupon automatically terminate and the Loans (together with accrued interest thereon) and all other Obligations shall automatically become immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower.

Section 6.02 Cash Collateral Account. Notwithstanding anything to the contrary contained herein, no notice given or declaration made by the Administrative Agent pursuant to Section 6.01 shall affect the obligation of any LC Issuing Bank to make any payment under any Letter of Credit in accordance with the terms of such Letter of Credit; provided that upon the occurrence and during the continuance of any Event of Default, the Administrative Agent shall at the request, or may with the consent, of the Required Lenders, upon notice to the Borrower, require the Borrower to deposit with the Administrative Agent an amount in the cash collateral account (the “**Cash Collateral Account**”) described below equal to 102% of the aggregate maximum amount available to be drawn under all Letters of Credit outstanding at such time. Such Cash Collateral Account shall at all times be free and clear of all rights or claims of third parties. The Cash Collateral Account shall be maintained with the Administrative Agent in the name of, and under the sole dominion and control of, the Administrative Agent, and amounts deposited in the Cash Collateral Account shall bear interest at a rate equal to the rate generally offered by the Administrative Agent for deposits equal to the amount deposited by the Borrower in the Cash Collateral Account, for a term to be determined by the Administrative Agent in its sole discretion. The Borrower hereby grants to the Administrative Agent for the benefit of the Lenders, the LC Issuing Banks and the Swingline Banks, a Lien on, and hereby assigns to the Administrative Agent for the benefit of the Lenders, the LC Issuing Banks and the Swingline Banks all of its right, title and interest in, the Cash Collateral Account and all funds from time to time on deposit therein to secure its Reimbursement Obligations in respect of Letters of Credit or repayment obligations in respect of the Swingline Loans, as applicable. If any drawings then outstanding or thereafter made are not reimbursed in full immediately upon demand or, in the case of subsequent drawings, upon being made, then, in any such event, the Administrative Agent may, and, upon the Borrower’s request, shall, apply the amounts then on deposit in the Cash Collateral Account, in such priority as the Administrative Agent shall elect, toward the payment in full of any or all of the Borrower’s Obligations hereunder as and when such Obligations shall become due and payable. Upon the earlier to occur of (a) payment in full, after the termination of the Letters of Credit, of all Obligations and (b) the date on which all Events of Default shall have been cured or waived, the Administrative Agent will repay and reassign to the Borrower any cash then on deposit in the Cash Collateral Account, and the Lien of the Administrative Agent on the Cash Collateral Account and the funds therein shall automatically terminate.

Section 6.03 Administrative Agent May File Proofs of Claim. In case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceeding relative to the Borrower, the Administrative Agent (irrespective of whether the principal of any Loan or Letters of Credit shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered, by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans, Letters of Credit and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders and the Administrative Agent under Sections 2.09 and 7.03) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same in accordance with this Agreement;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent under Sections 2.09 and 7.03.

Nothing contained herein shall be deemed to authorize the Administrative Agent to authorize or consent to or accept or adopt on behalf of any Lender any plan of reorganization, arrangement, adjustment or composition affecting the obligations or the rights of any Lender or to authorize the Administrative Agent to vote in respect of the claim of any Lender in any such proceeding.

ARTICLE VII MISCELLANEOUS

Section 7.01 Notices.

(a) All notices, requests and other communications to any party hereunder shall be in writing (including electronic transmission or similar writing) and shall be given to such party at its address, or facsimile number or other electronic transmission set forth, in the case of the Borrower, the Parent, the Administrative Agent, the Lenders, the Swingline Banks and the LC Issuing Banks on the signature pages hereto (including, in the case of the Borrower, the Borrower's website) or such other address or facsimile number as such party may hereafter specify for the purpose by notice to the Borrower and the Administrative Agent. Each such notice, request or other communication shall be effective (i) if given by facsimile, when such facsimile is transmitted to the facsimile number specified as provided in this Section and the appropriate confirmation is received, (ii) if given by e-mail, when transmitted to the email address specified in this Section and a written confirmation of such communication is also given by some other method specified in this Section, (iii) if given by mail, 72 hours after such communication is deposited in the mails with first class postage prepaid, addressed as aforesaid, or (iv) if given by any other means, when delivered at the address specified as provided in this Section; provided that (x) Notices of Borrowings to the Administrative Agent and Notices of Swingline Borrowings to the applicable Swingline Bank under Article II shall not be effective until received and (y) notices delivered by facsimile or e-mail, if not given during normal business hours for the recipient, shall be deemed to have been given at the opening of business on the next Business Day for the recipient.

(b) Notices and other communications to the Lenders and the LC Issuing Banks hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Administrative Agent; provided that the foregoing shall not apply to notices to any Lender or LC Issuing Bank pursuant to Article II if such Lender or LC Issuing Bank, as applicable, has notified the Administrative Agent that it is incapable of receiving notices under

such Article by electronic communication. The Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.

Section 7.02 No Waivers. No failure or delay by the Administrative Agent or any Lender in exercising any right, power or privilege hereunder or under any of the other Loan Documents shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by law.

Section 7.03 Expenses; Indemnification.

(a) The Borrower shall pay (i) all reasonable and documented out of pocket expenses incurred by the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers and their Affiliates (including the reasonable and documented fees and expenses of counsel for the Administrative Agent), in connection with the syndication of the credit facility evidenced by this Agreement, the preparation, negotiation, execution, delivery and administration of this Agreement and the other Loan Documents (other than the Support Agreement) or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), (ii) without duplication of any fees separately agreed to by the Borrower, all reasonable and documented out of pocket expenses incurred by any LC Issuing Bank (other than overhead expenses and other similar expenses) in connection with the issuance, amendment, renewal or extension of any Letter of Credit or any demand for payment thereunder and (iii) all documented out of pocket expenses incurred by the Administrative Agent, any Lender, any Swingline Bank or any LC Issuing Bank (including the reasonable and documented fees and expenses of any counsel for the Administrative Agent, any Lender, any Swingline Bank or any LC Issuing Bank), in connection with the enforcement or protection of its rights (A) in connection with this Agreement and the other Loan Documents, including its rights under this Section, or (B) in connection with the Loan made or Letters of Credit issued hereunder, including all such out of pocket expenses incurred during any workout, restructuring or negotiations in respect of such Loans or Letters of Credit; provided that the Borrower shall only be required to pay the fees and expenses for (x) one (1) outside counsel for the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers, the Lenders, the Swingline Banks and the LC Issuing Banks, (y) any local and/or regulatory counsel in any applicable jurisdiction for the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers, the Lenders, the Swingline Banks and the LC Issuing Banks and (z) in the case of an actual or potential conflict of interest, such additional counsel as may be reasonably necessary.

(b) The Borrower shall indemnify the Administrative Agent, each Joint Lead Arranger, each Lender, each Swingline Bank and each LC Issuing Bank, and each Related Party of any of the foregoing Persons (each such Person being called an “*Indemnitee*”) against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities and related reasonable and documented out of pocket costs and expenses (including the reasonable and documented fees and expenses of any counsel for any Indemnitee), incurred by any Indemnitee or asserted against any Indemnitee by any Person (including the Borrower or the Parent) other than such Indemnitee and its Related Parties arising out of, in connection with, or as a result of (i) the execution or delivery of this Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby, the performance by the parties hereto of their respective obligations hereunder or thereunder or the consummation of the transactions contemplated hereby or thereby, (ii) any Loan or Letter of Credit or the use or proposed use of the proceeds therefrom (including any refusal by any LC Issuing Bank to honor a demand for payment under a Letter of Credit if the documents presented in connection with such demand do not strictly comply with the terms of such Letter of Credit), (iii) any actual or alleged presence or release of Hazardous Materials on or from any property owned or operated by the Borrower, the Parent or any of its Subsidiaries, or any Environmental

Proceeding or Environmental Liability related in any way to the Borrower, the Parent or any of its Subsidiaries, (iv) any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory, whether brought by a third party or by the Borrower, the Parent or any of its Subsidiaries, and regardless of whether any Indemnitee is a party thereto, or (v) any claim (including any claim arising from an Environmental Proceeding or Environmental Liability), investigation, litigation or other proceeding (whether or any Indemnitee is a party thereto) and the prosecution and defense thereof, arising out of or in any way connected with the Loans, this Agreement, any other Loan Document, or any documents contemplated by or referred to herein or therein or the transactions contemplated hereby or thereby, including reasonable and documented attorneys' fees; provided that such indemnity shall (x) not, as to any Indemnitee, be available to the extent that such losses, claims, damages, liabilities or related costs and expenses are determined by a court of competent jurisdiction by final and nonappealable judgment (1) to have resulted from the gross negligence or willful misconduct of such Indemnitee or (2) to have resulted from a claim brought by the Borrower or the Parent against an Indemnitee for breach in bad faith of such Indemnitee's obligations hereunder or under any other Loan Document, (y) not be available for any claim, litigation, loss or proceeding that is brought by an Indemnified Person against another Indemnified Person not arising from or in connection with any action or omission of the Borrower, the Parent or any of their respective Subsidiaries or Affiliates (other than against any of the Joint Lead Arrangers, the Administrative Agent or the Co-Documentation Agents in their capacities as such) and (z) be limited in the case of attorneys' fees and expenses to (1) one (1) outside counsel for the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers, the Lenders, the Swingline Banks and the LC Issuing Banks, (2) any local and/or regulatory counsel in any applicable jurisdiction for the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers, the Lenders, the Swingline Banks and the LC Issuing Banks and (3) in the case of an actual or potential conflict of interest, such additional counsel as may be reasonably necessary. This Section 7.03(b) shall not apply with respect to Taxes other than any Taxes that represent losses, claims, damages, etc. arising from any non-Tax claim.

(c) To the extent that the Borrower for any reason fails to indefeasibly pay any amount required under paragraph (a) or (b) of this Section to be paid by it to the Administrative Agent (or any sub-agent thereof), any LC Issuing Bank, any Swingline Bank or any Related Party of any of the foregoing, each Lender severally agrees to pay to the Administrative Agent (or any such sub-agent), such LC Issuing Bank, such Swingline Bank or such Related Party, as the case may be, such Lender's Pro Rata Share (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought based on each Lender's share of the aggregate outstanding Commitments, or if there are no Commitments outstanding, the outstanding principal amount of the Loans, at such time) of such unpaid amount (including any such unpaid amount in respect of a claim asserted by such Lender); provided that with respect to such unpaid amounts owed to any LC Issuing Bank or Swingline Bank solely in its capacity as such, only the Lenders shall be required to pay such unpaid amounts, such payment to be made severally among them based on such Lenders' Pro Rata Share (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought); and provided, further, that the unreimbursed expense or indemnified loss, claim, damage, liability or related expense, as the case may be, was incurred by or asserted against the Administrative Agent (or any such sub-agent), such LC Issuing Bank or such Swingline Bank in its capacity as such, or against any Related Party of any of the foregoing acting for the Administrative Agent (or any such sub-agent), such LC Issuing Bank or any such Swingline Bank in connection with such capacity. The obligations of the Lenders under this paragraph (c) are subject to the provisions of Section 2.21(c).

(d) To the fullest extent permitted by applicable law, the Borrower shall not assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Loan Document, the transactions contemplated hereby or thereby, any Loan or Letter of Credit, or the use of the proceeds thereof. To the fullest extent permitted

by applicable law, no Indemnitee shall assert, and each Indemnitee hereby waives, any claim against the Borrower, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Loan Document, the transactions contemplated hereby or thereby, any Loan or Letter of Credit, or the use of the proceeds thereof; provided that this waiver shall in no way limit the Borrower's indemnification obligations in Section 7.03(b) to the extent of any claim by any Person other than the Borrower, the Parent or any Indemnitee or its Related Parties for any of the foregoing to the extent such claim would be covered by Section 7.03(b).

Section 7.04 Amendments, Waivers and Consents.

(a) Neither this Agreement nor any other Loan Document (other than the Support Agreement (except as provided in clause (viii) below)) nor any of the terms hereof or thereof may be amended, changed, waived, discharged or terminated unless such amendment, change, waiver, discharge or termination is in writing and signed by the Required Lenders, the Borrower and the Parent; provided that no such amendment, change, waiver, discharge or termination shall without the consent of each Lender affected thereby:

- (i) extend the final maturity of any Loan, or any portion thereof (except pursuant to Section 2.06),
- (ii) reduce the rate or extend the time of payment of interest (other than a waiver or rescission of the application of the default rate of interest) or fees hereunder;
- (iii) reduce or waive repayment of the principal amount of any Loan,
- (iv) extend the Commitment of a Lender or increase the Commitment of a Lender over the amount thereof in effect (it being understood and agreed that none of (A) a waiver of any Default or Event of Default, (B) the extension of the Commitment of any other Lender in accordance with Section 2.06 or (C) the increase of the Commitment of any other Lender in accordance with Section 2.05, shall, in any case, constitute a change in the terms of the Commitment of such Lender),
- (v) release the Borrower from all its obligations under the Loan Documents except as permitted hereby,
- (vi) reduce any percentage specified in, or otherwise modify, the definition of "Required Lenders",
- (vii) consent to the assignment or transfer by the Borrower of any of its respective rights and obligations under (or in respect of) the Loan Documents except as permitted hereby or thereby,
- (viii) (x) terminate or otherwise cancel the Support Agreement or (y) amend or otherwise modify the terms of the Support Agreement in any manner that, in the case of this clause (y), adversely affects the rights of such Lender,
- (ix) amend or otherwise modify this Section 7.04; or
- (x) change Section 2.21 or Section 2.22 in a manner that would alter the pro rata sharing of payments required thereby without the written consent of each Lender.

Notwithstanding anything to the contrary herein, (i) no Defaulting Lender shall have any right to approve or disapprove any amendment, waiver or consent hereunder (and any amendment, waiver or consent which by its terms requires the consent of all Lenders or each affected Lender may be effected with the consent of the applicable Lenders other than Defaulting Lenders), except that (x) the Commitment of any Defaulting Lender may not be increased or extended without the consent of such Lender and (y) any waiver, amendment or modification requiring the consent of all Lenders or each affected Lender that by its terms affects any Defaulting Lender more adversely than other affected Lenders shall require the consent of such Defaulting Lender; (ii) no amendment, waiver or consent shall, unless in writing and signed by the LC Issuing Banks in addition to the Lenders required above, affect the rights or duties of the LC Issuing Banks under this Agreement or any Letter of Credit issued or to be issued by it; (iii) no amendment, waiver or consent shall, unless in writing and signed by the Swingline Banks in addition to the Lenders required above, affect the rights or duties of the Swingline Banks under this Agreement; (iv) no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent in addition to the Lenders required above, affect the rights or duties of the Administrative Agent under this Agreement or any other Loan Document; and (v) each Fee Letter may be amended, or rights or privileges thereunder waived, in a writing executed only by the parties thereto.

(b) In connection with any proposed amendment, change or waiver (a “**Proposed Change**”) requiring the consent of all Lenders or all affected Lenders, if the consent of the Required Lenders to such Proposed Change is obtained, but the consent to such Proposed Change of other Lenders whose consent is required is not obtained (any such Lender whose consent is not obtained as described in paragraph (a) above being referred to as a “**Non-Consenting Lender**”), then, so long as the Lender that is acting as Administrative Agent is not a Non-Consenting Lender, the Borrower may, at its sole expense and effort, upon notice to such Non-Consenting Lender and the Administrative Agent, require such Non-Consenting Lender to assign and delegate (or to execute a Power of Attorney to the Administrative Agent for the Administrative Agent to assign and delegate on such Non-Consenting Lender’s behalf) without recourse (in accordance with and subject to the restrictions contained in Section 7.05), all its interests, rights and obligations under this Agreement to an Eligible Assignee that shall assume such obligations; provided that (i) such Non-Consenting Lender shall have received payment of an amount equal to the outstanding principal of its Loans and participations in Letter of Credit payments that have not been reimbursed, accrued interest thereon, accrued fees and all other amounts payable to it hereunder from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts) and (ii) the Borrower or such assignee shall have paid to the Administrative Agent the processing and recordation fee specified in Section 7.05(b) (iv). Notwithstanding anything to the contrary in this Agreement, the return of the Note held by any such Non-Consenting Lender is not a condition to the effectiveness of any assignment pursuant to this Section 7.04(b).

(c) Notwithstanding anything to the contrary in this Section 7.04, if the Administrative Agent and the Borrower shall have jointly identified (each in its sole discretion) an obvious error or omission of a technical or immaterial nature, in each case, in any provision of the Loan Documents (other than the Support Agreement), then the Administrative Agent and the Borrower shall be permitted to amend such provision and such amendment shall become effective without any further action or consent of any other party to any Loan Document if the same is not objected to in writing by the Required Lenders within five Business Days following the posting of such amendment to the Lenders.

Section 7.05 Benefit of Agreement.

(a) This Agreement shall be binding upon and inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; provided that, except as permitted by Section 5.02(b), the Borrower may not assign or transfer any of its interests and obligations without prior written consent of each of the Lenders; and provided further that the rights of each Lender to transfer, assign or grant participations in its rights and/or obligations hereunder shall be limited as set forth in this Section 7.05.

(b) Each Lender may assign to one or more Eligible Assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Loans, its Notes, and its Commitment); provided that:

(i) each such assignment shall be to an Eligible Assignee;

(ii) except in the case of an assignment to another Lender, an Affiliate of an existing Lender or any Approved Fund or an assignment of all of a Lender's rights and obligations under this Agreement, any such partial assignment shall be in an amount at least equal to \$10,000,000 (or, if less, the remaining amount of the Commitment being assigned by such Lender) or an integral multiple of \$1,000,000 in excess thereof;

(iii) each such assignment by a Lender of any portion of its Loans shall be accompanied by an assignment of a constant, and not varying, percentage of all of such Loans, and each such assignment by a Lender of any portion of its Loans shall be accompanied by an assignment of a constant, and not varying, percentage of all of such Lender's Loans;

(iv) the parties to such assignment shall execute and deliver to the Administrative Agent for its acceptance an Assignment and Acceptance, together with any Note subject to such assignment and a processing fee of \$3,500;

(v) except for any (A) Swingline Bank which is a Lender being replaced pursuant to Section 2.23(b), and (B) any LC Issuing Bank which (1) is a Lender being replaced pursuant to Section 2.23(b) and (2) has no Letters of Credit issued by it on such date of replacement, the consents of each LC Issuing Bank and Swingline Bank (such consent not to be unreasonably withheld or delayed) shall be required for any assignment; and

(vi) in connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Administrative Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Administrative Agent, the Pro Rata Share previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Administrative Agent, each LC Issuing Bank, each Swingline Bank and each other Lender hereunder (and interest accrued thereon), and (y) acquire (and fund as appropriate) its full Pro Rata Share and participations in Letters of Credit and Swingline Loans in accordance with its Pro Rata Percentage. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under applicable law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

Upon execution, delivery, and acceptance of such Assignment and Acceptance, the assignee thereunder shall be a party hereto and, to the extent of such assignment, have the obligations, rights, and benefits of a Lender hereunder and the assigning Lender shall, to the extent of such assignment, relinquish its rights and be released from its obligations under this Agreement; provided, that except to the extent otherwise

expressly agreed by the affected parties, no assignment by a Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender. Upon the consummation of any assignment pursuant to this Section 7.05, the assignor, the Administrative Agent and the Borrower shall make appropriate arrangements so that, if required, new Notes are issued to the assignor and the assignee. Each assignee shall deliver to the Borrower and the Administrative Agent certification as to an exemption from or reduction of withholding of Taxes in accordance with Section 2.17(g). To the extent that an assignment of all or any portion of a Lender's Commitment pursuant to this Section 7.05 would, at the time of such assignment, result in increased costs under Section 2.16 or 2.17 from those being charged by the respective assigning Lender prior to such assignment, then the Borrower shall not be obligated to pay such increased costs (although the Borrower shall be obligated to pay any other increased costs of the type described above resulting from changes after the date of the respective assignment).

(c) The Administrative Agent shall maintain at its address referred to in Section 7.01 a copy of each Assignment and Acceptance delivered to and accepted by it and a register for the recordation of the names and addresses of the Lenders and the Commitment of, and principal amount of the Loans owing to, each Lender from time to time (the "**Register**"). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Borrower, the Administrative Agent and the Lenders may treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Borrower or any Lender at any reasonable time and from time to time upon reasonable prior notice. Any assignment of any Loan or other obligations shall be effective only upon an entry with respect thereto being made in the Register.

(d) Upon its receipt of an Assignment and Acceptance executed by the parties thereto, together with any Note subject to such assignment and payment of the processing fee, the Administrative Agent shall, if such Assignment and Acceptance has been completed and is in substantially the form of Exhibit C, (i) accept such Assignment and Acceptance, (ii) record the information contained therein in the Register and (iii) give prompt notice thereof to the parties thereto.

(e) Each Lender may sell participations to one or more Persons (other than a natural Person, or a holding company, investment vehicle or trust for, or owned and operated for the primary benefit of, a natural Person, or the Borrower, or any of the Borrower's Affiliates or Subsidiaries, or any Defaulting Lender) (each a "**Participant**") in all or a portion of its rights, obligations or rights and obligations under this Agreement (including all or a portion of its Commitment or its Loans); provided that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement, and such Lender shall retain the sole right to enforce the obligations of the Borrower hereunder owing to such Lender and to approve any amendment, modification, or waiver of any provision of this Agreement (other than amendments, modifications, or waivers decreasing the amount of principal of or the rate at which interest is payable on such Loans or Notes, extending any scheduled principal payment date or date fixed for the payment of interest on such Loans or Notes, or extending its Commitment). The Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.13, 2.16 and 2.17 (subject to the requirements and limitations therein, including the requirements under Section 2.17(g)) (it being understood that the documentation required under Section 2.17(g) shall be delivered to the participating Lender) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section; provided that such Participant (A) agrees to be subject to the provisions of Section 2.23 as if it were an assignee under paragraph (b) of this Section; and (B) shall not be entitled to receive any greater payment under Section 2.13, 2.16 or 2.17, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a Change in

Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Loans or other obligations under the Loan Documents (the "**Participant Register**"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any commitments, loans, letters of credit or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan, letter of credit or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(f) A Participant shall not be entitled to receive any greater payment under Section 2.13, 2.16 or 2.17 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower's prior written consent.

(g) Notwithstanding any other provision set forth in this Agreement, any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or other central banking authority for such Lender; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

(h) Any Lender may furnish any information concerning the Borrower in the possession of such Lender from time to time to assignees and participants (including prospective assignees and Participants), subject, however, to the provisions of Section 7.06.

(i) Notwithstanding anything to the contrary contained in this Agreement, any Lender may exchange, continue or rollover all or a portion of its Loans in connection with any refinancing, extension, loan modification or similar transaction permitted by the terms of this Agreement, pursuant to a cashless settlement mechanism approved by the Borrower, the Administrative Agent and such Lender.

Section 7.06 Confidentiality. Each of the Administrative Agent, the Lenders, the Swingline Banks and the LC Issuing Banks agree to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its Affiliates and to its Related Parties (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed and required to keep such Information confidential and not to use such Information except in connection with the transactions contemplated by the Loan Documents, and it being further understood that each of the Administrative Agent, the Lenders, the Swingline Banks and the LC Issuing Banks will be responsible for any disclosure or use of such Information by its Affiliates and its employees, officers and directors in a manner not permitted by this Section); (b) to the extent required or requested by any regulatory authority purporting to have jurisdiction over such Person or its Related Parties (including any self-regulatory authority, such as the National Association of Insurance Commissioners); provided that except in connection with any routine bank examination of the Administrative Agent, such Lender, such Swingline Bank or such LC Issuing Bank, such Person or Related Party shall (to the extent permitted by any regulatory authority), at the expense of the Borrower,

provide the Borrower and the Parent with prompt (and to the extent practicable, prior) notice of such requested disclosure so that the Borrower or Parent may seek a protective order or other appropriate remedy and, in any event, such Person or Related Party shall provide only that portion of such Information that in the reasonable judgment of such Person or Related Party, as the case may be, is relevant, advisable or legally required to be provided, to the extent practicable; (c) to the extent required by applicable laws or regulations or by any subpoena or similar legal process; provided that the Administrative Agent, such Lender, such Swingline Bank or such LC Issuing Bank, as applicable, shall (to the extent legally permitted to do so), at the expense of the Borrower, provide the Borrower and the Parent with prompt (and to the extent practicable, prior) notice of such requested disclosure so that the Borrower or Parent may seek a protective order or other appropriate remedy and, in any event, the Administrative Agent, such Lender, such LC Issuing Bank or such LC Issuing Bank shall provide only that portion of such Information that in the reasonable judgment of such Person is relevant, advisable or legally required to be provided, to the extent practicable; (d) to any other party hereto; (e) in connection with the exercise of any remedies hereunder or under any other Loan Document or any action or proceeding relating to this Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder and, in any event, only with respect to that portion of Information that is relevant, advisable or legally required in such Person's reasonable judgment to such exercise of remedies, action or proceeding or enforcement of rights; (f) subject to an agreement containing provisions substantially the same as those of this Section, to any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights and obligations under this Agreement; (g) on a confidential basis to (i) any rating agency in connection with rating the Borrower or this Agreement or (ii) the CUSIP Service Bureau or any similar agency in connection with the issuance and monitoring of CUSIP numbers with respect to this Agreement; (h) with the consent of the Borrower; or (i) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section, or (y) becomes available to the Administrative Agent, any Lender, any LC Issuing Bank or any of their respective Affiliates on a nonconfidential basis from a source other than any Borrower Party (as defined below) that is not known by the Administrative Agent, such Lender, such Swingline Bank, such LC Issuing Bank or such Affiliate to be prohibited from disclosing such information to it by a contractual, legal or fiduciary obligation to the Borrower, the Parent or any of their respective Subsidiaries or Affiliates. Notwithstanding the foregoing, the Administrative Agent and the Lenders may disclose the existence of this Agreement and information about this Agreement to market data collectors, similar service providers to the lending industry and service providers to the Administrative Agent or any Lender in connection with the administration of this Agreement, the other Loan Documents, and the Commitments.

For purposes of this Section, "**Information**" means all information received from any Borrower Party relating to the Borrower, the Parent or any of its Subsidiaries or any of their respective businesses, other than any such information that is available to the Administrative Agent, any Lender or any LC Issuing Bank on a nonconfidential basis prior to disclosure by any Borrower Party. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information. For purposes of this Section, "**Borrower Party**" means the Borrower, the Parent or any Subsidiary, Affiliate, attorney, accountant, auditor, advisor or agent of the Borrower or the Parent.

Section 7.07 Representation by Lender. Each Lender hereby represents that it is a commercial lender or financial institution which makes loans in the ordinary course of its business and that it will make its Loans hereunder for its own account in the ordinary course of such business; provided that, subject to Sections 2.23 and 7.05, the disposition of the Loans owed to such Lender and the Notes held by such Lender shall at all times be within its exclusive control.

Section 7.08 Governing Law. This Agreement and the Notes shall be construed in accordance with and governed by the law of the State of New York.

Section 7.09 Consent to Jurisdiction; Waiver of Jury Trial.

(a) Submission to Jurisdiction. Each of the parties hereto irrevocably and unconditionally agrees that any action, litigation or proceeding of any kind or description, whether in law or equity, whether in contract or in tort or otherwise, against any other party hereto or any Related Party of such Person in any way relating to this Agreement or any other Loan Document or the transactions relating hereto or thereto, shall be brought and maintained in the courts of the State of New York sitting in New York County, and of the United States District Court of the Southern District of New York, and any appellate court from any thereof, and each of the parties hereto irrevocably and unconditionally submits to the exclusive jurisdiction of such courts and agrees that all claims in respect of any such action, litigation or proceeding may be heard and determined in such New York State court or, to the fullest extent permitted by applicable law, in such federal court.

(b) Waiver of Venue. Each party hereto irrevocably and unconditionally waives, to the fullest extent permitted by applicable law, any objection that it may now or hereafter have to the laying of venue of any action or proceeding arising out of or relating to this Agreement or any other Loan Document in any court referred to in paragraph (a) of this Section. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(c) Service of Process. Each party hereto irrevocably consents to service of process effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the address provided for notices in Section 7.01. Nothing in this Agreement will affect the right of any party hereto to serve process in any other manner permitted by applicable law.

(d) Waiver of Jury Trial. THE ADMINISTRATIVE AGENT, THE LENDERS, THE SWINGLINE BANKS, THE LC ISSUING BANKS AND THE BORROWER HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHTS THEY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, OR ARISING OUT OF, UNDER, OR IN CONNECTION WITH, THIS AGREEMENT AND ANY OTHER LOAN DOCUMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER ORAL OR WRITTEN), OR ACTIONS OF THE ADMINISTRATIVE AGENT, THE LENDERS, THE SWINGLINE BANKS, THE LC ISSUING BANKS, THE BORROWER OR THE PARENT. THIS PROVISION IS A MATERIAL INDUCEMENT FOR THE ADMINISTRATIVE AGENT, THE LENDERS, THE SWINGLINE BANKS AND THE LC ISSUING BANKS ENTERING INTO THIS AGREEMENT.

Section 7.10 Interpretation. No provision of this Agreement or any other Loan Document shall be construed against or interpreted to the disadvantage of any party hereto by any court or other governmental or judicial authority by reason of such party having or being deemed to have structured or dictated such provision.

Section 7.11 Counterparts; Effectiveness; Electronic Execution.

(a) Counterparts; Effectiveness. This Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or in electronic (i.e., “pdf” or “tif”) format shall be effective as delivery of a manually executed counterpart of this Agreement.

(b) Electronic Execution of Assignments. The words “execution”, “signed”, “signature” and words of like import in any Assignment and Acceptance shall be deemed to include electronic signatures

or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

Section 7.12 Entire Agreement. This Agreement and the other Loan Documents embody the entire agreement and understanding between the parties hereto and thereto in respect of the transactions contemplated hereby and thereby and supersede all prior negotiations, understandings and agreements between such parties or any of them in respect of such transactions.

Section 7.13 USA PATRIOT Act. The Administrative Agent and each Lender hereby notifies the Borrower that pursuant to the requirements of the Act or any other Anti-Money Laundering Laws, it is required to obtain, verify and record information that identifies the Borrower and the Parent, which information includes the name, address, and taxpayer identification number of the Borrower, the Parent and their Subsidiaries, and other information that will allow such Lender to identify the Borrower, the Parent and their Subsidiaries in accordance with the Act or such Anti-Money Laundering Laws.

Section 7.14 Reaffirmation. This Agreement constitutes an amendment and restatement of the Existing Credit Agreement. Each of the parties hereto acknowledges and agrees that the Obligations represent, among other things, the amendment, restatement, renewal, extension, consolidation and modification of the Obligations (as defined in the Existing Credit Agreement) of the Borrower under the Existing Credit Agreement. Each of the parties hereto further acknowledges and agrees that this Agreement supersedes and replaces the Existing Credit Agreement but does not extinguish the Obligations (as defined in the Existing Credit Agreement) thereunder and that by entering into and performing its Obligations hereunder, this transaction shall not constitute a novation.

Section 7.15 Acknowledgement and Consent to Bail-In of Affected Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the Write-Down and Conversion Powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

- (a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an Affected Financial Institution; and
- (b) the effects of any Bail-In Action on any such liability, including, if applicable:
 - (i) a reduction in full or in part or cancellation of any such liability;
 - (ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or
 - (iii) the variation of the terms of such liability in connection with the exercise of the Write-Down and Conversion Powers of any Resolution Authority.

Section 7.16 Lender Matters.

(a) Each Lender represents and warrants, as of the date such Person became a Lender party hereto, to, and covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arranger and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, the Parent, or any of their Subsidiaries or Affiliates, that at least one of the following is and will be true:

(i) such Lender is not using “plan assets” (within the meaning of 29 CFR § 2510.3-101, as modified by Section 3(42) of ERISA) of one or more Benefit Plans in connection with the Loans, the Letters of Credit or the Commitments;

(ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement;

(iii) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans, the Letters of Credit, the Commitments and this Agreement, (C) the entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement; or

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or such Lender has not provided another representation, warranty and covenant as provided in sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Joint Lead Arrangers and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, the Parent, or any of their Subsidiaries or Affiliates that:

(i) none of the Administrative Agent or the Joint Lead Arrangers or any of their respective Affiliates is a fiduciary with respect to the assets of such Lender (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related to hereto or thereto);

(ii) the Person making the investment decision on behalf of such Lender with respect to the entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement is independent (within the meaning of 29 CFR § 2510.3-21) and is a bank, an insurance carrier, an investment adviser, a broker-dealer or other person that holds, or has under management or control, total assets of at least \$50 million, in each case as described in 29 CFR § 2510.3-21(c)(1)(i)(A)-(E);

(iii) the Person making the investment decision on behalf of such Lender with respect to the entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement is capable of evaluating investment risks independently, both in general and with regard to particular transactions and investment strategies (including in respect of the Obligations);

(iv) the Person making the investment decision on behalf of such Lender with respect to the entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement is a fiduciary under ERISA or the Code, or both, with respect to the Loans, the Letters of Credit, the Commitments and this Agreement and is responsible for exercising independent judgment in evaluating the transactions hereunder; and

(v) no fee or other compensation is being paid directly to the Administrative Agent or any Joint Lead Arranger or any their respective affiliates for investment advice (as opposed to other services) in connection with the Loans, the Letters of Credit, the Commitments or this Agreement.

(c) The Administrative Agent and the Joint Lead Arrangers hereby inform the Lenders that each such Person is not undertaking to provide impartial investment advice, or to give advice in a fiduciary capacity, in connection with the transactions contemplated hereby, and that such Person has a financial interest in the transactions contemplated hereby in that such Person or an Affiliate thereof (i) may receive interest or other payments with respect to the Loans, the Letters of Credit, the Commitments and this Agreement, (ii) may recognize a gain if it extended the Loans, the Letters of Credit or the Commitments for an amount less than the amount being paid for an interest in the Loans, the Letters of Credit or the Commitments by such Lender or (iii) may receive fees or other payments in connection with the transactions contemplated hereby, the Loan Documents or otherwise, including structuring fees, commitment fees, arrangement fees, facility fees, upfront fees, underwriting fees, ticking fees, agency fees, administrative agent or collateral agent fees, utilization fees, minimum usage fees, letter of credit fees, fronting fees, deal-away or alternate transaction fees, amendment fees, processing fees, term out premiums, banker's acceptance fees, breakage or other early termination fees or fees similar to the foregoing.

Section 7.17 No Fiduciary or Advisory Relationship Established By Loan Documents. In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), the Borrower acknowledges and agrees, and acknowledges the Parent's and their Affiliates' understanding, that: (a) (i) no fiduciary, advisory or agency relationship between the Borrower, the Parent and their Subsidiaries and Affiliates and any Joint Lead Arranger, the Administrative Agent, any LC Issuing Bank, any Swingline Bank or any Lender is intended to be or has been created in respect of the transactions contemplated hereby or by the other Loan Documents, irrespective of whether any Joint Lead Arranger, the Administrative Agent, any LC Issuing Bank, any Swingline Bank or any Lender has advised or is advising the Borrower, the Parent or any of their Affiliates or Subsidiaries on other matters, (ii) the arranging and other services regarding this Agreement provided by the Joint Lead Arrangers, the Administrative Agent, the LC Issuing Banks, the Swingline Banks and the Lenders are arm's-length commercial transactions between the Borrower, the Parent and their Subsidiaries and Affiliates, on the one hand, and the Joint Lead Arrangers, the Administrative Agent, the LC Issuing Banks, the Swingline

Banks and the Lenders, on the other hand, (iii) the Borrower has consulted its own legal, accounting, regulatory and tax advisors to the extent that it has deemed appropriate and (iv) the Borrower is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; and (b) (i) the Joint Lead Arrangers, the Administrative Agent, the LC Issuing Banks, the Swingline Banks and the Lenders each is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Borrower, the Parent or any of their Subsidiaries or Affiliates, or any other Person; (ii) none of the Joint Lead Arrangers, the Administrative Agent, the LC Issuing Banks, the Swingline Banks and the Lenders has any obligation to the Borrower, the Parent or any of their Subsidiaries or Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) the Joint Lead Arrangers, the Administrative Agent, the LC Issuing Banks, the Swingline Banks and the Lenders and their respective Affiliates may be engaged, for their own accounts or the accounts of customers, in a broad range of transactions that involve interests that differ from those of the Borrower, the Parent, and their Subsidiaries and Affiliates, and none of the Joint Lead Arrangers, the Administrative Agent, the LC Issuing Banks, the Swingline Banks and the Lenders has any obligation to disclose any of such interests to the Borrower, the Parent or their Subsidiaries or Affiliates. To the fullest extent permitted by applicable law, the Borrower hereby waives and releases any claims that it may have against any of the Joint Lead Arrangers, the Administrative Agent, the LC Issuing Banks, the Swingline Banks and the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

Section 7.18 Acknowledgment Regarding Any Supported QFCs. To the extent that the Loan Documents provide support, through a guarantee or otherwise, for hedging agreements or any other agreement or instrument that is a QFC (such support “**QFC Credit Support**” and each such QFC a “**Supported QFC**”), the parties acknowledge and agree as follows with respect to the resolution power of the Federal Deposit Insurance Corporation under the Federal Deposit Insurance Act and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (together with the regulations promulgated thereunder, the “**U.S. Special Resolution Regimes**”) in respect of such Supported QFC and QFC Credit Support (with the provisions below applicable notwithstanding that the Loan Documents and any Supported QFC may in fact be stated to be governed by the laws of the State of New York and/or of the United States or any other state of the United States):

In the event a Covered Entity that is party to a Supported QFC (each, a “**Covered Party**”) becomes subject to a proceeding under a U.S. Special Resolution Regime, the transfer of such Supported QFC and the benefit of such QFC Credit Support (and any interest and obligation in or under such Supported QFC and such QFC Credit Support, and any rights in property securing such Supported QFC or such QFC Credit Support) from such Covered Party will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if the Supported QFC and such QFC Credit Support (and any such interest, obligation and rights in property) were governed by the laws of the United States or a state of the United States. In the event a Covered Party or a BHC Act Affiliate of a Covered Party becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights under the Loan Documents that might otherwise apply to such Supported QFC or any QFC Credit Support that may be exercised against such Covered Party are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if the Supported QFC and the Loan Documents were governed by the laws of the United States or a state of the United States. Without limitation of the foregoing, it is understood and agreed that rights and remedies of the parties with respect to a Defaulting Lender shall in no event affect the rights of any Covered Party with respect to a Supported QFC or any QFC Credit Support.

ARTICLE VIII AGENCY PROVISIONS

Section 8.01 Appointment. Each Lender, Swingline Bank and LC Issuing Bank hereby designates and appoints Wells Fargo, as Administrative Agent of such Person to act as specified herein and the other Loan Documents, and each such Lender, Swingline Bank and LC Issuing Bank hereby authorizes the Administrative Agent to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to exercise such powers and perform such duties as are expressly delegated by the terms hereof and of the other Loan Documents, together with such other powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary elsewhere herein and in the other Loan Documents, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein and therein, or any fiduciary relationship with any Lender, Swingline Bank or LC Issuing Bank and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any of the other Loan Documents, or shall otherwise exist against the Administrative Agent. The provisions of this Section are solely for the benefit of the Administrative Agent, the Lenders, the Swingline Banks and the LC Issuing Banks and neither the Borrower nor the Parent shall have any rights as a third party beneficiary of the provisions hereof. In performing its functions and duties under this Agreement and the other Loan Documents, the Administrative Agent shall act solely as Administrative Agent of the Lenders, the Swingline Banks and the LC Issuing Banks and, does not assume and shall not be deemed to have assumed any obligation or relationship of agency or trust with or for the Borrower, the Parent or any of their respective Affiliates.

Section 8.02 Delegation of Duties. The Administrative Agent may execute any of its duties hereunder or under the other Loan Documents by or through agents or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. The Administrative Agent shall not be responsible for the negligence or misconduct of any agents or attorneys-in-fact selected by it with reasonable care.

Section 8.03 Exculpatory Provisions. The Administrative Agent and its officers, directors, employees, agents, attorneys-in-fact or affiliates shall not be (i) liable for any action lawfully taken or omitted to be taken by it or such Person under or in connection herewith or in connection with any of the other Loan Documents (except for its or such Person's own gross negligence, bad faith or willful misconduct), or (ii) responsible in any manner to any of the Lenders, the Swingline Banks or the LC Issuing Banks for any recitals, statements, representations or warranties made by the Borrower or the Parent contained herein or in any of the other Loan Documents or in any certificate, report, document, financial statement or other written or oral statement referred to or provided for in, or received by the Administrative Agent under or in connection herewith or in connection with the other Loan Documents, or enforceability or sufficiency therefor of any of the other Loan Documents, or for any failure of the Borrower or the Parent to perform its obligations hereunder or thereunder. The Administrative Agent shall not be responsible to any Lender, Swingline Bank or LC Issuing Bank for the effectiveness, genuineness, validity, enforceability, collectability or sufficiency of this Agreement, or any of the other Loan Documents or for any representations, warranties, recitals or statements made herein or therein or made by the Borrower or the Parent in any written or oral statement or in any financial or other statements, instruments, reports, certificates or any other documents in connection herewith or therewith furnished or made by the Administrative Agent to the Lenders, the Swingline Banks or the LC Issuing Banks or by or on behalf of the Borrower or the Parent to the Administrative Agent, any Lender, any Swingline Bank or any LC Issuing Bank or be required to ascertain or inquire as to the performance or observance of any of the terms, conditions, provisions, covenants or agreements contained herein or therein or as to the use of the proceeds of the Loans or of the existence or possible existence of any Default or Event of Default or to inspect the properties, books or records of the Borrower, the Parent or any of their respective Affiliates.

Section 8.04 Reliance on Communications. The Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any note, writing, resolution, notice, consent, certificate, affidavit, letter, facsimile, statement, order or other document or conversation believed by it in good faith to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including counsel to the Borrower, independent accountants and other experts selected by the Administrative Agent with reasonable care). The Administrative Agent may deem and treat the Lenders, the Swingline Banks and the LC Issuing Banks as the owner of their respective interests hereunder for all purposes unless a written notice of assignment, negotiation or transfer thereof shall have been filed with the Administrative Agent in accordance with Section 7.05. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or under any of the other Loan Documents unless it shall first receive such advice or concurrence of the Required Lenders (or such other number or percentage of the Lenders, Swingline Banks or LC Issuing Banks as shall be necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances as provided in Sections 6.01, 6.02 and 7.04) as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders, the Swingline Banks and/or the LC Issuing Banks, as applicable, against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. The Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, hereunder or under any of the other Loan Documents in accordance with a request of the Required Lenders (or to the extent specifically provided in Section 7.04, all the Lenders, all affected Lenders, all Swingline Banks or all LC Issuing Banks, as applicable) and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders, the Swingline Banks and the LC Issuing Banks, as applicable (including their respective successors and assigns).

Section 8.05 Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default hereunder unless the Administrative Agent has received notice from a Lender, a Swingline Bank, an LC Issuing Bank, the Borrower or the Parent referring to the Loan Document, describing such Default or Event of Default and stating that such notice is a "notice of default". In the event that the Administrative Agent receives such a notice, the Administrative Agent shall give prompt notice thereof to the Lenders, the Swingline Banks and the LC Issuing Banks. The Administrative Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Required Lenders.

Section 8.06 Non-Reliance on Administrative Agent and Other Lenders. Each Lender, Swingline Bank and LC Issuing Bank expressly acknowledges that each of the Administrative Agent and its officers, directors, employees, agents, attorneys-in-fact or Affiliates has not made any representations or warranties to it and that no act by the Administrative Agent or any Affiliate thereof hereinafter taken, including any review of the affairs of the Borrower, the Parent or any of their respective Affiliates, shall be deemed to constitute any representation or warranty by the Administrative Agent to any Lender, Swingline Bank or LC Issuing Bank. Each Lender, Swingline Bank and LC Issuing Bank represents to the Administrative Agent that it has, independently and without reliance upon the Administrative Agent or any other Lender, Swingline Bank or LC Issuing Bank, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, assets, operations, property, financial and other conditions, prospects and creditworthiness of the Borrower, the Parent or their respective Affiliates and made its own decision to make its Loans hereunder and enter into this Agreement. Each Lender, Swingline Bank and LC Issuing Bank also represents that it will, independently and without reliance upon the Administrative Agent or any other Lender, Swingline Bank or LC Issuing Bank and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement, and to make such investigation as it deems necessary to inform itself as to the business, assets, operations, property, financial and other conditions, prospects and creditworthiness of the Borrower, the Parent and their respective Affiliates. Except for notices, reports and other documents

expressly required to be furnished to the Lenders, the Swingline Banks and the LC Issuing Banks by the Administrative Agent hereunder, the Administrative Agent shall not have any duty or responsibility to provide any Lender, Swingline Bank or LC Issuing Bank with any credit or other information concerning the business, operations, assets, property, financial or other conditions, prospects or creditworthiness of the Borrower, the Parent or their respective Affiliates which may come into the possession of the Administrative Agent or any of its officers, directors, employees, agents, attorneys-in-fact or affiliates.

Section 8.07 Administrative Agent in its Individual Capacity. The Administrative Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with the Borrower, the Parent, their respective Subsidiaries or their respective Affiliates as though the Administrative Agent were not the Administrative Agent hereunder. With respect to the Loans and all obligations of the Borrower and the Parent hereunder and under the other Loan Documents, the Administrative Agent shall have the same rights and powers under this Agreement as any Lender, any Swingline Bank and any LC Issuing Bank, in such capacity, and may exercise the same as though it were not the Administrative Agent, and the terms “Lender”, “Lenders”, “Swingline Bank”, “Swingline Banks”, “LC Issuing Bank” and “LC Issuing Banks” shall include the Administrative Agent in its individual capacity, as applicable.

Section 8.08 Successor Agent.

(a) The Administrative Agent may resign at any time by giving written notice thereof to the Lenders, the Swingline Banks, the LC Issuing Banks and the Borrower. Upon any such resignation, the Required Lenders shall have the right to appoint a successor Administrative Agent. Such successor shall be subject to the approval of the Borrower, such approval not to be unreasonably withheld or delayed; provided that such approval shall not be necessary if at the time such successor is appointed there shall have occurred and be continuing an Event of Default described in Section 6.01(a), 6.01(g) or 6.01(h). If no successor Administrative Agent shall have been so appointed by the Required Lenders, and shall have accepted such appointment, within 30 days after the retiring Administrative Agent’s giving of notice of resignation (or such earlier day as shall be agreed by the Required Lenders) (the “Resignation Effective Date”), then the retiring Administrative Agent may, (but shall not be obligated to), on behalf of the Lenders, the Swingline Banks and the LC Issuing Banks, appoint a successor Administrative Agent, which shall be a Lender or shall be another commercial bank or trust company organized under the laws of the United States of America or of any State thereof and having a combined capital and surplus of at least \$500,000,000. Such successor shall be subject to the approval of the Borrower, such approval not to be unreasonably withheld or delayed; provided that such approval shall not be necessary if at the time such successor is appointed there shall have occurred and be continuing an Event of Default described in Section 6.01(a), 6.01(g) or 6.01(h). Whether or not a successor has been appointed, such resignation shall become effective in accordance with such notice on the Resignation Effective Date.

(b) If the Person serving as Administrative Agent (x) is a Defaulting Lender pursuant to clause (d), of the definition thereof, the Required Lenders may, to the extent permitted by applicable law, by notice in writing to the Borrower and such Person, or (y) no longer has any Commitment as a Lender, the Borrower may, to the extent permitted by applicable law, by notice in writing to the Lenders and such Person, remove such Person as Administrative Agent. In connection with such removal, the Required Lenders shall appoint a successor Administrative Agent, subject to the approval of the Borrower, such approval not to be unreasonably withheld or delayed; provided that such approval shall not be necessary if at the time such successor is appointed there shall have occurred and be continuing an Event of Default described in Section 6.01(a), 6.01(g) or 6.01(h). If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after its removal (or such earlier day as shall be agreed by the Required Lenders (in the case of a removal pursuant to clause (x) of this Section 8.08(b)) or the Borrower (in the case of a removal pursuant to clause (y) of this Section 8.08(b))) (the “Removal Effective Date”), then such removal shall nonetheless become effective in accordance with such notice on the Removal Effective Date.

(c) Upon the acceptance of any appointment as Administrative Agent hereunder by a successor Administrative Agent, such successor Administrative Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Administrative Agent, and the retiring Administrative Agent, shall be discharged from its duties and obligations under this Agreement. After any retiring Administrative Agent's resignation or removal as Administrative Agent, the provisions of this Article VIII shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement. In the event that no successor has been appointed on the Resignation Effective Date or Removal Effective Date, as applicable, any Cash Collateral held by the retiring Administrative Agent shall continue to be held by such Person, for the benefit of the Lenders, the Swingline Banks and the LC Issuing Banks, as applicable, until a successor Administrative Agent has been appointed hereunder.

(d) Any resignation by or removal of Wells Fargo as Administrative Agent pursuant to this Section shall also constitute its resignation as an LC Issuing Bank and Swingline Bank. Upon the acceptance of a successor's appointment as Administrative Agent hereunder, (i) such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of Wells Fargo as the retiring LC Issuing Bank and Swingline Bank, (ii) the retiring LC Issuing Bank and Swingline Bank shall be discharged from all of their respective duties and obligations hereunder or under the other Loan Documents, and (iii) the Borrower shall (at the expense of (x) the retiring Administrative Agent, in the case of a resignation by the Administrative Agent and (y) the Borrower in the case of a removal of the Administrative Agent) (A) use commercially reasonable efforts to cause an LC Issuing Bank to issue letters of credit in substitution for the Letters of Credit, if any, outstanding at the time of such succession or (B) make other arrangements satisfactory to the retiring LC Issuing Bank to cause the obligations of the retiring LC Issuing Bank with respect to such Letters of Credit to be Cash Collateralized.

Section 8.09 Other Agents. No Joint Lead Arranger nor any Lender identified as an "Agent" (other than the Administrative Agent) shall have any right, power, obligation, liability, responsibility or duty under this Agreement other than, in the case of any such Person which is also a Lender, Swingline Bank or LC Issuing Bank, those applicable to all Lenders, Swingline Banks or LC Issuing Banks, as applicable, as such. Without limiting the foregoing, none of the Lenders so identified shall have or be deemed to have any fiduciary relationship with any other Lender, Swingline Bank or LC Issuing Bank. Each Lender, Swingline Bank and LC Issuing Bank acknowledges that it has not relied, and will not rely, on any of the Lenders so identified in deciding to enter into this Agreement or in taking or not taking action hereunder.

Section 8.10 Erroneous Payments.

(a) Each Lender, each Issuing Lender, and any other party hereto hereby severally agrees that if (i) the Administrative Agent notifies (which such notice shall be conclusive absent manifest error) such Lender or Issuing Lender or any other Person that has received funds from the Administrative Agent or any of its Affiliates, either for its own account or on behalf of a Lender or Issuing Lender (each such recipient, a "**Payment Recipient**") that the Administrative Agent has determined in its sole discretion that any funds received by such Payment Recipient were erroneously transmitted to, or otherwise erroneously or mistakenly received by, such Payment Recipient (whether or not known to such Payment Recipient) or (ii) any Payment Recipient receives any payment from the Administrative Agent (or any of its Affiliates) (x) that is in a different amount than, or on a different date from, that specified in a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates) with respect to such payment, prepayment or repayment, as applicable, (y) that was not preceded or accompanied by a notice

of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates) with respect to such payment, prepayment or repayment, as applicable, or (z) that such Payment Recipient otherwise becomes aware was transmitted or received in error or by mistake (in whole or in part) then, in each case, an error in payment shall be presumed to have been made (any such amounts specified in clauses (i) or (ii) of this Section 8.10(a), whether received as a payment, prepayment or repayment of principal, interest, fees, distribution or otherwise; individually and collectively, an “**Erroneous Payment**”), then, in each case, such Payment Recipient is deemed to have knowledge of such error at the time of its receipt of such Erroneous Payment; provided that nothing in this Section shall require the Administrative Agent to provide any of the notices specified in clauses (i) or (ii) above. Each Payment Recipient agrees that it shall not assert any right or claim to any Erroneous Payment, and hereby waives any claim, counterclaim, defense or right of set-off or recoupment with respect to any demand, claim or counterclaim by the Administrative Agent for the return of any Erroneous Payments, including without limitation waiver of any defense based on “discharge for value” or any similar doctrine.

(b) Without limiting the immediately preceding clause (a), each Payment Recipient agrees that, in the case of clause (a)(ii) above, it shall promptly notify the Administrative Agent in writing of such occurrence.

(c) In the case of either clause (a)(i) or (a)(ii) above, such Erroneous Payment shall at all times remain the property of the Administrative Agent and shall be segregated by the Payment Recipient and held in trust for the benefit of the Administrative Agent, and upon demand from the Administrative Agent such Payment Recipient shall (or, shall cause any Person who received any portion of an Erroneous Payment on its behalf to), promptly, but in all events no later than one Business Day thereafter, return to the Administrative Agent the amount of any such Erroneous Payment (or portion thereof) as to which such a demand was made in same day funds and in the currency so received, together with interest thereon in respect of each day from and including the date such Erroneous Payment (or portion thereof) was received by such Payment Recipient to the date such amount is repaid to the Administrative Agent at the greater of the Federal Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation from time to time in effect.

(d) In the event that an Erroneous Payment (or portion thereof) is not recovered by the Administrative Agent for any reason, after demand therefor by the Administrative Agent in accordance with immediately preceding clause (c), from any Lender that is a Payment Recipient or an Affiliate of a Payment Recipient (such unrecovered amount as to such Lender, an “**Erroneous Payment Return Deficiency**”), then at the sole discretion of the Administrative Agent and upon the Administrative Agent’s written notice to such Lender (i) such Lender shall be deemed to have made a cashless assignment of the full face amount of the portion of its Loans (but not its Commitments) of the relevant Type with respect to which such Erroneous Payment was made (the “**Erroneous Payment Impacted Class**”) to the Administrative Agent or, at the option of the Administrative Agent, the Administrative Agent’s applicable lending affiliate in an amount that is equal to the Erroneous Payment Return Deficiency (or such lesser amount as the Administrative Agent may specify) (such assignment of the Loans (but not Commitments) of the Erroneous Payment Impacted Class, the “**Erroneous Payment Deficiency Assignment**”) plus any accrued and unpaid interest on such assigned amount, without further consent or approval of any party hereto and without any payment by the Administrative Agent or its applicable lending affiliate as the assignee of such Erroneous Payment Deficiency Assignment. The parties hereto acknowledge and agree that (1) any assignment contemplated in this clause (d) shall be made without any requirement for any payment or other consideration paid by the applicable assignee or received by the assignor, (2) the provisions of this clause (d) shall govern in the event of any conflict with the terms and conditions of Section 7.05 and (3) the Administrative Agent may reflect such assignments in the Register without further consent or action by any other Person.

(e) Each party hereto hereby agrees that (x) in the event an Erroneous Payment (or portion thereof) is not recovered from any Payment Recipient that has received such Erroneous Payment (or portion thereof) for any reason, the Administrative Agent (1) shall be subrogated to all the rights of such Payment Recipient with respect to such amount and (2) is authorized to set off, net and apply any and all amounts at any time owing to such Payment Recipient under any Loan Document, or otherwise payable or distributable by the Administrative Agent to such Payment Recipient from any source, against any amount due to the Administrative Agent under this Section 8.10 or under the indemnification provisions of this Agreement, (y) the receipt of an Erroneous Payment by a Payment Recipient shall not for the purpose of this Agreement be treated as a payment, prepayment, repayment, discharge or other satisfaction of any Obligations owed by the Borrower, except, in each case, to the extent such Erroneous Payment is, and solely with respect to the amount of such Erroneous Payment that is, comprised of funds received by the Administrative Agent from the Borrower for the purpose of making a payment on the Obligations and (z) to the extent that an Erroneous Payment was in any way or at any time credited as payment or satisfaction of any of the Obligations, the Obligations or any part thereof that were so credited, and all rights of the Payment Recipient, as the case may be, shall be reinstated and continue in full force and effect as if such payment or satisfaction had never been received; provided that this Section 8.10(e) shall not be interpreted to increase (or accelerate the due date for), or have the effect of increasing (or accelerating the due date for), the Obligations of the Borrower relative to the amount (and/or timing for payment) of the Obligations that would have been payable had such Erroneous Payment not been made by the Administrative Agent; provided, further, that for the avoidance of doubt, immediately preceding clauses (x), (y) and (z) shall not apply to the extent any such Erroneous Payment is, and solely with respect to the amount of such Erroneous Payment that is, comprised of funds received by the Administrative Agent from the Borrower for the purpose of making a payment on the Obligations.

(f) Each party's obligations under this Section 8.10 shall survive the resignation or replacement of the Administrative Agent or any transfer of right or obligations by, or the replacement of, a Lender, the termination of the Commitments or the repayment, satisfaction or discharge of all Obligations (or any portion thereof) under any Loan Document.

(g) Nothing in this Section 8.10 will constitute a waiver or release of any claim of the Administrative Agent hereunder arising from any Payment Recipient's receipt of an Erroneous Payment.

ARTICLE IX ACKNOWLEDGEMENT

Section 9.01 Parent Acknowledgment. The Parent hereby acknowledges that (a) Obligations owing by the Borrower under this Agreement will constitute "Debt" under the Support Agreement and (b) this Agreement contains representations and warranties and covenants that relate to the Parent and that a breach of any of those representations or warranties, or a failure by the Borrower to comply with such covenants, could result in an Event of Default under this Agreement. Notwithstanding the acknowledgement contained in this Section 9.01, each of the Administrative Agent, each LC Issuing Bank, each Swingline Bank and each Lender acknowledges and agrees that it will have no recourse against the Parent under this Agreement, and the rights and remedies of the Administrative Agent, each LC Issuing Bank, each Swingline Bank and each Lender against Parent shall be solely pursuant to and in accordance with the Support Agreement.

CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER

(Pursuant to Rule 13a-14(a) of the Securities Exchange Act of 1934, as amended,
as Adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002)

I, M. Susan Hardwick, certify that:

1. I have reviewed this quarterly report on Form 10-Q of American Water Works Company, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the consolidated financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Throughout this Quarterly Report on Form 10-Q (“Form 10-Q”), unless the context otherwise requires, references to the “Company” and “American Water” mean American Water Works Company, Inc. and all of its subsidiaries, taken together as a whole. References to the “parent company” mean American Water Works Company, Inc., without its subsidiaries.

FORWARD-LOOKING STATEMENTS

Statements included in Part I, Item 2—Management’s Discussion and Analysis of Financial Condition and Results of Operations and in other sections of this Form 10-Q are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the Private Securities Litigation Reform Act of 1995. In some cases, these forward-looking statements can be identified by words with prospective meanings such as “intend,” “plan,” “estimate,” “believe,” “anticipate,” “expect,” “predict,” “project,” “propose,” “assume,” “forecast,” “likely,” “uncertain,” “outlook,” “future,” “pending,” “goal,” “objective,” “potential,” “continue,” “seek to,” “may,” “can,” “should,” “will” and “could” or the negative of such terms or other variations or similar expressions. Forward-looking statements may relate to, among other things: the Company’s future financial performance, liquidity and cash flows; the timing and amount of rate and revenue adjustments, including through general rate case filings, filings for infrastructure surcharges and other governmental agency authorizations and proceedings, and filings to address regulatory lag; the Company’s growth and portfolio optimization strategies, including the timing and outcome of pending or future acquisition activity; the ability of the Company’s California subsidiary to obtain adequate alternative water supplies in lieu of diversions from the Carmel River; the amount and allocation of projected capital expenditures and related funding requirements; the Company’s ability to repay or refinance debt; the future impacts of increased or increasing financing costs, inflation and interest rates; the Company’s ability to execute its current and long-term business, operational and capital expenditures strategies; the Company’s ability to finance current operations, capital expenditures and growth initiatives by accessing the debt and equity capital markets; the outcome and impact on the Company of governmental and regulatory proceedings and related potential fines, penalties and other sanctions; the ability to meet or exceed the Company’s stated environmental and sustainability goals, including its greenhouse gas emission reduction, water delivery efficiency and water system resiliency goals; the ability to complete, and the timing and efficacy of, the design, development, implementation and improvement of technology and other strategic initiatives; the impacts to the Company of the COVID-19 pandemic; the ability to capitalize on existing or future utility privatization opportunities; trends in the water and wastewater industries in which the Company operates, including macro trends with respect to the Company’s efforts related to customer, technology and work execution; regulatory, legislative, tax policy or legal developments; and impacts that future significant tax legislation may have on the Company and on its business, results of operations, cash flows and liquidity.

Forward-looking statements are predictions based on the Company’s current expectations and assumptions regarding future events. They are not guarantees or assurances of any outcomes, financial results, levels of activity, performance or achievements, and readers are cautioned not to place undue reliance upon them. These forward-looking statements are subject to a number of estimates, assumptions, known and unknown risks, uncertainties and other factors. The Company’s actual results may vary materially from those discussed in the forward-looking statements included herein as a result of the following important factors:

- the decisions of governmental and regulatory bodies, including decisions to raise or lower customer rates and regulatory responses to the COVID-19 pandemic;
- the timeliness and outcome of regulatory commissions’ and other authorities’ actions concerning rates, capital structure, authorized return on equity, capital investment, system acquisitions and dispositions, taxes, permitting, water supply and management, and other decisions;
- changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts, impacts of the COVID-19 pandemic, or otherwise;
- limitations on the availability of the Company’s water supplies or sources of water, or restrictions on its use thereof, resulting from allocation rights, governmental or regulatory requirements and restrictions, drought, overuse or other factors;
- a loss of one or more large industrial or commercial customers due to adverse economic conditions, the COVID-19 pandemic, or other factors;
- changes in laws, governmental regulations and policies, including with respect to the environment, health and safety, data and consumer privacy, security and protection, water quality and water quality accountability, contaminants of emerging concern, public utility and tax regulations and policies, and impacts resulting from U.S., state and local elections and changes in federal, state and local executive administrations;
- the Company’s ability to collect, distribute, use, secure and store consumer data in compliance with current or future governmental laws, regulations and policies with respect to data and consumer privacy, security and protection;
- weather conditions and events, climate variability patterns, and natural disasters, including drought or abnormally high rainfall, prolonged and abnormal ice or freezing conditions, strong winds, coastal and intercoastal flooding, pandemics (including COVID-19) and epidemics, earthquakes, landslides, hurricanes, tornadoes, wildfires, electrical storms, sinkholes and solar flares;
- the outcome of litigation and similar governmental and regulatory proceedings, investigations or actions;
- the risks associated with the Company’s aging infrastructure, and its ability to appropriately improve the resiliency of or maintain and replace, current or future infrastructure and systems, including its technology and other assets, and manage the expansion of its businesses;

- exposure or infiltration of the Company’s technology and critical infrastructure systems, including the disclosure of sensitive, personal or confidential information contained therein, through physical or cyber attacks or other means;
- the Company’s ability to obtain permits and other approvals for projects and construction of various water and wastewater facilities;
- changes in the Company’s capital requirements;
- the Company’s ability to control operating expenses and to achieve operating efficiencies;
- the intentional or unintentional actions of a third party, including contamination of the Company’s water supplies or the water provided to its customers;
- the Company’s ability to obtain adequate and cost-effective supplies of pipe, equipment (including personal protective equipment), chemicals, electricity, fuel, water and other raw materials, and to address or mitigate supply chain constraints that may result in delays or shortages in, as well as increased costs of, supplies, products and materials that are critical to or used in the Company’s business operations;
- the Company’s ability to successfully meet its operational growth projections, either individually or in the aggregate, and capitalize on growth opportunities, including, among other things, with respect to:
 - acquiring, closing and successfully integrating regulated operations and market-based businesses;
 - the Company’s Military Services Group (“MSG”) entering into new military installation contracts, price redeterminations, and other agreements and contracts with the U.S. government; and
 - realizing anticipated benefits and synergies from new acquisitions;
- risks and uncertainties following the completion of the sale of the Company’s Homeowner Services Group (“HOS”) and its New York subsidiary, including:
 - the Company’s ability to receive any contingent consideration provided for in the HOS sale, as well as amounts due, payable and owing to the Company from time to time under the seller promissory note when due; and
 - the ability of the Company to redeploy successfully and timely the net proceeds of these transactions into the Company’s Regulated Businesses (as defined herein);
- risks and uncertainties associated with contracting with the U.S. government, including ongoing compliance with applicable government procurement and security regulations;
- cost overruns relating to improvements in or the expansion of the Company’s operations;
- the Company’s ability to successfully develop and implement new technologies and to protect related intellectual property;
- the Company’s ability to maintain safe work sites;
- the Company’s exposure to liabilities related to environmental laws and similar matters resulting from, among other things, water and wastewater service provided to customers;
- changes in general economic, political, business and financial market conditions, including without limitation conditions and collateral consequences associated with the COVID-19 pandemic;
- access to sufficient debt and/or equity capital on satisfactory terms and when and as needed to support operations and capital expenditures;
- fluctuations in inflation or interest rates;
- the ability to comply with affirmative or negative covenants in the current or future indebtedness of the Company or any of its subsidiaries, or the issuance of new or modified credit ratings or outlooks by credit rating agencies with respect to the Company or any of its subsidiaries (or any current or future indebtedness thereof), which could increase financing costs or funding requirements and affect the Company’s or its subsidiaries’ ability to issue, repay or redeem debt, pay dividends or make distributions;
- fluctuations in the value of benefit plan assets and liabilities that could increase the Company’s cost and funding requirements;
- changes in federal or state general, income and other tax laws, including (i) future significant tax legislation, (ii) the availability of, or the Company’s compliance with, the terms of applicable tax credits and tax abatement programs, and (iii) the Company’s ability to utilize its state income tax net operating loss carryforwards;
- migration of customers into or out of the Company’s service territories;
- the use by municipalities of the power of eminent domain or other authority to condemn the systems of one or more of the Company’s utility subsidiaries, or the assertion by private landowners of similar rights against such utility subsidiaries;
- any difficulty or inability to obtain insurance for the Company, its inability to obtain insurance at acceptable rates and on acceptable terms and conditions, or its inability to obtain reimbursement under existing or future insurance programs and coverages for any losses sustained;
- the incurrence of impairment charges related to the Company’s goodwill or other assets;
- labor actions, including work stoppages and strikes;
- the Company’s ability to retain and attract qualified employees;
- civil disturbances or unrest, or terrorist threats or acts, or public apprehension about future disturbances, unrest, or terrorist threats or acts; and
- the impact of new, and changes to existing, accounting standards.

These forward-looking statements are qualified by, and should be read together with, the risks and uncertainties set forth above, and the risk factors and other statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2021 (the "Form 10-K") and in this Form 10-Q, and readers should refer to such risks, uncertainties and risk factors in evaluating such forward-looking statements. Any forward-looking statements the Company makes shall speak only as of the date this Form 10-Q was filed with the U.S. Securities and Exchange Commission ("SEC"). Except as required by the federal securities laws, the Company does not have any obligation, and it specifically disclaims any undertaking or intention, to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changed circumstances or otherwise. New factors emerge from time to time, and it is not possible for the Company to predict all such factors. Furthermore, it may not be possible to assess the impact of any such factor on the Company's businesses, either viewed independently or together, or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. The foregoing factors should not be construed as exhaustive.

American Water Works Company, Inc. and Subsidiary Companies
Notes to Consolidated Financial Statements (Unaudited)
(Unless otherwise noted, in millions, except per share data)

Note 1: Basis of Presentation

The unaudited Consolidated Financial Statements included in this report include the accounts of American Water Works Company, Inc. and all of its subsidiaries (the “Company” or “American Water”), in which a controlling interest is maintained after the elimination of intercompany balances and transactions. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) for interim financial reporting, and the rules and regulations for reporting on Quarterly Reports on Form 10-Q (“Form 10-Q”). Accordingly, they do not contain certain information and disclosures required by GAAP for comprehensive financial statements. In the opinion of management, all adjustments necessary for a fair statement of the financial position as of June 30, 2022, and the results of operations and cash flows for all periods presented, have been made. All adjustments are of a normal, recurring nature, except as otherwise disclosed.

The unaudited Consolidated Financial Statements and Notes included in this report should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2021 (“Form 10-K”), which provides a more complete discussion of the Company’s accounting policies, financial position, operating results and other matters. The results of operations for interim periods are not necessarily indicative of the results that may be expected for the year, primarily due to the seasonality of the Company’s operations.

Note 2: Significant Accounting Policies

New Accounting Standards

Presented in the table below are new accounting standards that were adopted by the Company in 2022:

Standard	Description	Date of Adoption	Application	Effect on the Consolidated Financial Statements
Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity	Simplification of financial reporting associated with accounting for convertible instruments and contracts in an entity’s own equity. The standard reduced the number of accounting models for convertible debt instruments and convertible preferred stock. This will result in fewer embedded conversion features being separately recognized from the host contract. Earnings per share (“EPS”) calculations have been simplified for certain instruments.	January 1, 2022	Either modified retrospective or fully retrospective	The standard did not have a material impact on its Consolidated Financial Statements.
Disclosures by Business Entities about Government Assistance	The amendments in this update require additional disclosures regarding government grants and contributions. These disclosures require information on the following three items about government transactions to be provided: information on the nature of transactions and related accounting policy used to account for transactions, the line items on the balance sheet and income statement affected by these transactions including amounts applicable to each line, and significant terms and conditions of the transactions, including commitments and contingencies.	January 1, 2022	Either prospective or retrospective	The standard did not have a material impact on its Consolidated Financial Statements.

Presented in the table below are recently issued accounting standards that have not yet been adopted by the Company as of June 30, 2022:

Standard	Description	Date of Adoption	Application	Estimated Effect on the Consolidated Financial Statements
Accounting for Contract Assets and Contract Liabilities from Contracts with Customers	The guidance requires an acquirer recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with Accounting Standards Codification Topic 606, as if it had originated the contracts. The amendments in this update also provide certain practical expedients for acquirers when recognizing and measuring acquired contract assets and contract liabilities from revenue contracts in a business combination.	January 1, 2023; early adoption permitted	Prospective	The Company is evaluating any impact on its Consolidated Financial Statements, as well as the timing of adoption.
Troubled debt restructurings and vintage disclosures	The main provisions of this standard eliminate the receivables accounting guidance for troubled debt restructurings (“TDRs”) by creditors while enhancing disclosure requirements when a borrower is experiencing financial difficulty. Entities must apply the loan refinancing and restructuring guidance for receivables to determine whether a modification results in a new loan or a continuation of an existing loan. Additionally, the amendments in this update require that an entity disclose current-period gross write-offs by year of origination for financing receivables and net investment in leases.	January 1, 2023; early adoption permitted	Prospective, with a modified retrospective option for amendments related to the recognition and measurement of TDRs.	The Company is evaluating any impact on its Consolidated Financial Statements, as well as the timing of adoption.

Allowance for Uncollectible Accounts

Allowances for uncollectible accounts are maintained for estimated probable losses resulting from the Company’s inability to collect receivables from customers. Accounts that are outstanding longer than the payment terms are considered past due. A number of factors are considered in determining the allowance for uncollectible accounts, including the length of time receivables are past due, previous loss history, current economic and societal conditions and reasonable and supportable forecasts that affect the collectability of receivables from customers. The Company generally writes off accounts when they become uncollectible or are over a certain number of days outstanding.

Presented in the table below are the changes in the allowance for uncollectible accounts for the six months ended June 30:

	<u>2022</u>	<u>2021</u>
Balance as of January 1	\$ (75)	\$ (60)
Amounts charged to expense	(10)	(18)
Amounts written off	18	4
Less: Allowance for uncollectible accounts included in assets held for sale (a)	—	4
Balance as of June 30	<u>\$ (67)</u>	<u>\$ (70)</u>

(a) This portion of the allowance for uncollectible accounts is related to the sale of the Company’s New York subsidiary, which was completed on January 1, 2022, and is included in assets held for sale on the Consolidated Balance Sheets as of December 31, 2021. See Note 5—Acquisitions and Divestitures for additional information.

Reclassifications

Certain reclassifications have been made to prior periods in the Consolidated Financial Statements and Notes to conform to the current presentation.

Note 3: Regulatory Matters**General Rate Cases and Infrastructure Surcharges**

Presented in the table below are annualized incremental revenues, excluding reductions for the amortization of excess accumulated deferred income tax (“EADIT”) that are generally offset in income tax expense, assuming a constant water sales volume, resulting from general rate case authorizations and infrastructure surcharge authorizations that became effective in the respective period:

Total infrastructure surcharges	\$ 12	\$ 14	\$ 41	\$ 45

(a) Excludes authorized increase of \$7 million for the three and six months ended June 30, 2021, for the Company’s New York subsidiary, which was sold on January 1, 2022. See Note 5—Acquisitions and Divestitures for additional information.

On June 16, 2022, the Company’s Hawaii subsidiary was authorized additional annual revenues of \$2 million in its general rate case, effective July 1, 2022, excluding agreed to reductions for EADIT as a result of the Tax Cuts and Jobs Act of 2017 (the “TCJA”).

Effective July 1, 2022, the Company’s Pennsylvania and Kentucky subsidiaries implemented infrastructure surcharges for annualized incremental revenues of \$9 million and \$3 million, respectively.

On February 24, 2022, the Company’s West Virginia subsidiary (“WVAWC”) was authorized additional annual revenues of \$15 million in its general rate case, effective February 25, 2022, excluding agreed to reductions for EADIT as a result of the TCJA. The EADIT reduction in revenues is \$2 million and the exclusion for infrastructure surcharges is \$10 million. Staff of the Public Service Commission of West Virginia moved for reconsideration of the final order on several grounds. The Company filed its response to the Staff’s Petition for Reconsideration on March 28, 2022 in support of the authorized revenue requirement. The matter is currently pending.

On November 18, 2021, the California Public Utilities Commission (the “CPUC”) unanimously approved a final decision in the test year 2021 general rate case filed by the Company’s California subsidiary, which is retroactive to January 1, 2021. The Company’s California subsidiary received authorization for additional annualized water and wastewater revenues of \$22 million, excluding agreed to reductions for EADIT as a result of the TCJA. The EADIT reduction in revenues is \$4 million and is offset by a like reduction in income tax expense. On February 16, 2022, the Company’s California subsidiary received approval to increase rates by \$13 million in 2022 escalation increases, excluding \$4 million of reductions related to the TCJA, which is retroactive to January 1, 2022.

On March 2, 2021, an administrative law judge (“ALJ”) in the Office of Administrative Law of New Jersey filed an initial decision with the New Jersey Board of Public Utilities (the “NJBPU”) that recommended denial of a petition filed by the Company’s New Jersey subsidiary, which sought approval of acquisition adjustments in rate base of \$29 million associated with the acquisitions of Shorelands Water Company, Inc. in 2017 and the Borough of Haddonfield’s water and wastewater systems in 2015. On July 29, 2021, the NJBPU issued an order adopting the ALJ’s initial decision without modification. The Company’s New Jersey subsidiary filed a Notice of Appeal with the New Jersey Appellate Division on September 10, 2021. The Company filed its brief in support of the appeal on March 4, 2022. Response briefs were filed on June 22, 2022. The Company’s reply brief is due on August 4, 2022. There is no financial impact to the Company as a result of the NJBPU’s order, since the acquisition adjustments are currently recorded as goodwill on the Consolidated Balance Sheets.

On February 25, 2021, the Company’s Pennsylvania subsidiary was authorized additional annualized revenues of \$90 million, effective January 28, 2021, excluding agreed to reductions in revenues of \$19 million for EADIT as a result of the TCJA. The overall increase, net of TCJA reductions, is \$71 million in revenues combined over two steps. The first step was effective January 28, 2021 in the amount of \$70 million (\$51 million including TCJA reductions) and the second step was effective January 1, 2022 in the amount of \$20 million. The protected EADIT balance of \$200 million is being returned to customers using the average rate assumptions method, and the unprotected EADIT balance of \$116 million is being returned to customers over 20 years. The \$19 million annual reduction to revenue is comprised of both the protected and unprotected EADIT amortizations and a portion of catch-up period EADIT. A bill credit of \$11 million annually for two years returns to customers the remainder of the EADIT catch-up period amortization. The catch-up period of January 1, 2018 through December 31, 2020 covers the period from when the lower federal corporate income tax rate went into effect until new base rates went into effect and will be amortized over two years.

Pending General Rate Case Filings

On July 1, 2022, the Company’s California subsidiary filed a general rate case requesting an increase in 2024 revenue of \$57 million and a total increase in revenue over the 2024 to 2026 period of \$99 million. The requested increase excludes proposed reductions for EADIT as a result of TCJA.

On July 1, 2022, the Company’s Missouri subsidiary filed a general rate case requesting \$116 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges.

On April 29, 2022, the Company’s Pennsylvania subsidiary filed a general rate case requesting \$185 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. Public hearings were held on July 19, 2022 through July 21, 2022. Evidentiary hearings are expected to be held in September 2022.

On February 10, 2022, the Company’s Illinois subsidiary filed a general rate case requesting \$71 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. The requested increase was subsequently updated in the Illinois subsidiary’s June 29, 2022 rebuttal filing, with the request adjusted to \$85 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. Evidentiary hearings are scheduled to begin on August 9, 2022.

On January 14, 2022, the Company’s New Jersey subsidiary filed a general rate case requesting \$110 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. Public hearings were held on April 6, 2022. Settlement conferences commenced in May 2022. The matter remains pending before the Office of Administrative Law.

On November 15, 2021, the Company’s Virginia subsidiary filed a general rate case requesting \$15 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA. Interim rates were effective on May 1, 2022, and the difference between interim and final approved rates are subject to refund. Public hearings are scheduled for September 23, 2022 and evidentiary hearings are scheduled to begin on September 27, 2022.

The Company’s California subsidiary submitted its application on May 3, 2021 to set its cost of capital for 2022 through 2024. According to the CPUC’s procedural schedule, a decision setting the authorized cost of capital is expected to be issued in the fourth quarter of 2022.

Pending Infrastructure Surcharge Filings

On July 8, 2022, the Company’s Tennessee subsidiary filed infrastructure surcharges requesting \$3 million in additional annualized revenues.

On June 30, 2022, WVAWC filed an infrastructure surcharge proceeding requesting \$8 million in additional annualized revenues.

On March 4, 2022, the Company's Missouri subsidiary filed an infrastructure surcharge proceeding requesting \$19 million in additional annualized revenues.

Other Regulatory Matters

In September 2020, the CPUC released a decision under its Low-Income Rate Payer Assistance program rulemaking that will require the Company's California subsidiary to file a proposal to alter its water revenue adjustment mechanism in its next general rate case filing in 2022, which would become effective in January 2024. On October 5, 2020, the Company's California subsidiary filed an application for rehearing of the decision and following the CPUC's denial of its rehearing application in September 2021, the Company's California subsidiary filed a petition for writ of review with the California Supreme Court on October 27, 2021. On May 18, 2022, the California Supreme Court issued a writ of review for the Company's California subsidiary's petition and the petitions filed by other entities challenging the decision. These writs were subsequently consolidated for purposes of briefing, argument, and decision. While the Company's California subsidiary believes the petitions have merit, the process will be lengthy as the matter likely will be remanded to the CPUC for further review of the decision. Furthermore, there is no guarantee that the court will require the CPUC to allow utilities to implement a full decoupling water revenue adjustment mechanism.

Note 4: Revenue Recognition

Disaggregated Revenues

The Company's primary business involves the ownership of utilities that provide water and wastewater services to residential, commercial, industrial, public authority, fire service and sale for resale customers, collectively presented as the "Regulated Businesses." The Company also operates other market-based businesses that provide water and wastewater services to the U.S. government on military installations, as well as municipalities, and utility customers, collectively included within "Market-Based Businesses and Other."

Presented in the table below are operating revenues disaggregated for the three months ended June 30, 2022:

Contract Balances

Contract assets and contract liabilities are the result of timing differences between revenue recognition, billings and cash collections. In Market-Based Businesses and Other, certain contracts are billed as work progresses in accordance with agreed-upon contractual terms, either at periodic intervals or upon achievement of contractual milestones. Contract assets are recorded when billing occurs subsequent to revenue recognition and are reclassified to accounts receivable when billed and the right to consideration becomes unconditional. Contract liabilities are recorded when the Company receives advances from customers prior to satisfying contractual performance obligations, particularly for construction contracts, and are recognized as revenue when the associated performance obligations are satisfied.

Contract assets of \$72 million and \$71 million are included in unbilled revenues on the Consolidated Balance Sheets as of June 30, 2022 and December 31, 2021, respectively. There were \$109 million of contract assets added during the six months ended June 30, 2022, and \$108 million of contract assets were transferred to accounts receivable during the same period. There were \$38 million of contract assets added during the six months ended June 30, 2021, and \$19 million of contract assets were transferred to accounts receivable during the same period.

Contract liabilities of \$82 million and \$19 million are included in other current liabilities on the Consolidated Balance Sheets as of June 30, 2022 and December 31, 2021, respectively. There were \$128 million of contract liabilities added during the six months ended June 30, 2022, and \$65 million of contract liabilities were recognized as revenue during the same period. There were \$90 million of contract liabilities added during the six months ended June 30, 2021, and \$81 million of contract liabilities were recognized as revenue during the same period.

Remaining Performance Obligations

Remaining performance obligations (“RPOs”) represent revenues the Company expects to recognize in the future from contracts that are in progress. The Company enters into agreements for the provision of services to water and wastewater facilities for the U.S. military, municipalities and other customers. As of June 30, 2022, the Company’s operation and maintenance (“O&M”) and capital improvement contracts in Market-Based Businesses and Other have RPOs. Contracts with the U.S. government for work on various military installations expire between 2051 and 2071 and have RPOs of \$6.3 billion as of June 30, 2022, as measured by estimated remaining contract revenue. Such contracts are subject to customary termination provisions held by the U.S. government, prior to the agreed-upon contract expiration. Contracts with municipalities and commercial customers expire between 2022 and 2038 and have RPOs of \$574 million as of June 30, 2022, as measured by estimated remaining contract revenue. Some of the Company’s long-term contracts to operate and maintain the federal government’s, a municipality’s or other party’s water or wastewater treatment and delivery facilities include responsibility for certain maintenance for some of those facilities, in exchange for an annual fee. Unless specifically required to perform certain maintenance activities, the maintenance costs are recognized when the maintenance is performed.

Note 5: Acquisitions and Divestitures***Regulated Businesses******Acquisitions***

On May 27, 2022, the Company’s Pennsylvania subsidiary acquired the public wastewater collection and treatment system assets from the York City Sewer Authority and the City of York for a purchase price of \$235 million, in cash, \$20 million of which was funded as a deposit to the seller in April 2021 in connection with the execution of the acquisition agreement. The system assets serve, directly and indirectly through bulk contracts, more than 45,000 customers. The acquisition was accounted for as a business combination and the preliminary purchase price allocation will be finalized once the valuation of assets acquired has been completed, no later than one year after the acquisition date. The preliminary purchase price allocation consisted primarily of \$231 million of utility plant and \$4 million of goodwill, which is reported in the Company’s Regulated Businesses segment.

In addition to the acquisition of the York wastewater system assets noted above, during the six months ended June 30, 2022, the Company closed on the acquisition of eight regulated water and wastewater systems for an aggregate purchase price of \$25 million. Assets acquired from these acquisitions consisted principally of utility plant.

The pro forma impact of the Company’s acquisitions was not material to the Consolidated Statements of Operations for the periods ended June 30, 2022 and 2021.

On March 29, 2021, the Company’s New Jersey subsidiary entered into an agreement to acquire the water and wastewater assets of Egg Harbor City for \$22 million. The water and wastewater systems currently serve approximately 1,500 customers each, or 3,000 combined, and are being sold through the New Jersey Water Infrastructure Protection Act process. The Company expects to close this acquisition in the second half of 2022, pending regulatory approval.

Sale of New York American Water Company, Inc.

On January 1, 2022, the Company completed the previously disclosed sale of its regulated utility operations in New York to Liberty Utilities (Eastern Water Holdings) Corp. (“Liberty”), an indirect, wholly owned subsidiary of Algonquin Power & Utilities Corp. Liberty purchased from the Company all of the capital stock of the Company’s New York subsidiary for a purchase price of \$608 million in cash. During the first quarter of 2022, the Company recognized a loss on sale of \$2 million.

Sale of Michigan American Water Company

On February 4, 2022, the Company completed the sale of its operations in Michigan for \$6 million.

Sale of Homeowner Services Group

On December 9, 2021, the Company sold all of the equity interests in subsidiaries that comprised the Company’s Homeowner Services Group (“HOS”) to a wholly owned subsidiary of funds advised by Apax Partners LLP, a global private equity advisory firm (the “Buyer”), for total consideration of approximately \$1.275 billion, resulting in pre-tax gain on sale of \$748 million during the fourth quarter of 2021. The consideration was comprised of \$480 million in cash, a seller promissory note issued by the Buyer in the principal amount of \$720 million, and a contingent cash payment of \$75 million payable upon satisfaction of certain conditions on or before December 31, 2023. See Note 13—Fair Value of Financial Information for additional information relating to the seller promissory note and contingent cash payment. For the three and six months ended June 30, 2022, the Company recorded post-close adjustments, primarily related to working capital, of pre-tax income of \$10 million and \$20 million, respectively, which is included in Other, net on the Consolidated Statements of Operations.

The seller note has a five-year term, is payable in cash, and bears interest at a rate of 7.00% per year during the term. The Company recognized \$12 million and \$25 million of interest income during the three and six months ended June 30, 2022, respectively, from the seller note.

The Company and the Buyer also entered into revenue share agreements, pursuant to which the Company is to receive 10% of the revenue generated from customers who are billed for home warranty services through an applicable Company subsidiary (an “on-bill” arrangement), and 15% of the revenue generated from any future on-bill arrangements entered into after the closing. Unless earlier terminated, this agreement has a term of up to 15 years, which may be renewed for up to two five-year periods. The Company recognized \$2 million and \$4 million of income during the three and six months ended June 30, 2022, respectively, from the revenue share agreements, which is included in Other, net on the Consolidated Statements of Operations.

Note 6: Shareholders' Equity

Accumulated Other Comprehensive Loss

Presented in the table below are the changes in accumulated other comprehensive loss by component, net of tax, for the six months ended June 30, 2022 and 2021, respectively:

	Defined Benefit Pension Plans				Accumulated Other Comprehensive Loss
	Employee Benefit Plan Funded Status	Amortization of Prior Service Cost	Amortization of Actuarial Loss	Loss on Cash Flow Hedges	
Balance as of December 31, 2021	\$ (107)	\$ 1	\$ 67	\$ (6)	\$ (45)
Other comprehensive income before reclassifications	—	—	—	4	4
Amounts reclassified from accumulated other comprehensive loss	—	—	1	—	1
Net other comprehensive income	—	—	1	4	5
Balance as of June 30, 2022	\$ (107)	\$ 1	\$ 68	\$ (2)	\$ (40)
Balance as of December 31, 2020	\$ (106)	\$ 1	\$ 63	\$ (7)	\$ (49)
Other comprehensive loss before reclassifications	—	—	—	1	1
Amounts reclassified from accumulated other comprehensive loss	—	—	2	—	2
Net other comprehensive income	—	—	2	1	3
Balance as of June 30, 2021	\$ (106)	\$ 1	\$ 65	\$ (6)	\$ (46)

The Company does not reclassify the amortization of defined benefit pension cost components from accumulated other comprehensive loss directly to net income in its entirety, as a portion of these costs have been deferred as a regulatory asset. These accumulated other comprehensive loss components are included in the computation of net periodic pension cost.

The amortization of the gain (loss) on cash flow hedges is reclassified to net income during the period incurred and is included in interest, net in the accompanying Consolidated Statements of Operations.

Dividends

On June 1, 2022, the Company paid a quarterly cash dividend of \$0.6550 per share to shareholders of record as of May 10, 2022.

On July 27, 2022, the Company's Board of Directors declared a quarterly cash dividend payment of \$0.6550 per share, payable on September 1, 2022 to shareholders of record as of August 9, 2022. Future dividends, when and as declared at the discretion of the Board of Directors, will be dependent upon future earnings and cash flows, compliance with various regulatory, financial and legal requirements, and other factors. See Note 10—Shareholders' Equity in the Notes to Consolidated Financial Statements in the Company's Form 10-K for additional information regarding the payment of dividends on the Company's common stock.

Note 7: Long-Term Debt

On May 5, 2022, American Water Capital Corp. (“AWCC”), issued \$800 million aggregate principal amount of 4.45% senior notes due 2032. At closing, AWCC received, after deduction of underwriting discounts and before deduction of offering expenses, net proceeds of approximately \$792 million. AWCC used the net proceeds of the offering: (i) to lend funds to the Company and its subsidiaries in its Regulated Businesses segment; (ii) to repay AWCC’s commercial paper obligations; and (iii) for general corporate purposes.

In April 2022, the Company entered into several 10-year treasury lock agreements, with notional amounts totaling \$400 million, and an average fixed interest rate of 2.89%. The Company designated these treasury lock agreements as cash flow hedges, with their fair value recorded in accumulated other comprehensive gain or loss. In May 2022, the Company terminated the treasury lock agreements, realizing a net gain of approximately \$4 million, to be amortized through interest, net over a 10-year period, in accordance with the tenor of the debt issuance on May 5, 2022. No ineffectiveness was recognized on hedging instruments for the three and six months ended June 30, 2022.

In addition to the senior notes issued by AWCC as described above, during the six months ended June 30, 2022, the Company’s regulated subsidiaries issued in the aggregate \$11 million of private activity bonds and government funded debt in multiple transactions with annual interest rates of 0.74%, maturing in 2041. During the six months ended June 30, 2022, AWCC and the Company’s regulated subsidiaries made sinking fund payments for, or repaid at maturity, \$7 million in aggregate principal amount of outstanding long-term debt, with annual interest rates ranging from 0.00% to 12.25%, a weighted average interest rate of 2.76%, and maturity dates ranging from 2022 to 2048.

Note 8: Short-Term Debt

Liquidity needs for capital investment, working capital and other financial commitments are generally funded through cash flows from operations, public and private debt offerings, commercial paper markets and, if and to the extent necessary, borrowings under the AWCC revolving credit facility. Additionally, proceeds from the aforementioned sales of HOS and the Company’s New York subsidiary will be used primarily for capital investment in the Regulated Businesses. The revolving credit facility provides \$2.25 billion in aggregate total commitments from a diversified group of financial institutions. The termination date of the credit agreement with respect to AWCC’s revolving credit facility is March 21, 2025. The facility is used principally to support AWCC’s commercial paper program, to provide additional liquidity support and to provide a sub-limit of up to \$150 million for letters of credit. As of June 30, 2022 and December 31, 2021, there were no borrowings outstanding under the revolving credit facility.

Short-term debt consists of commercial paper and credit facility borrowings totaling \$420 million and \$584 million as of June 30, 2022 and December 31, 2021, respectively. The weighted-average interest rate on AWCC’s outstanding short-term borrowings was approximately 1.67% and 0.20% at June 30, 2022 and December 31, 2021, respectively. As of June 30, 2022 and December 31, 2021, there were no commercial paper or credit facility borrowings outstanding with maturities greater than three months.

Presented in the tables below is the aggregate credit facility commitments, commercial paper limit and letter of credit availability under the revolving credit facility, as well as the available capacity for each:

	As of June 30, 2022		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(420)	(75)	(495)
Remaining availability as of June 30, 2022	\$ 1,680	\$ 75	\$ 1,755

(a) Total remaining availability of \$1.76 billion as of June 30, 2022 may be accessed through revolver draws.

(In millions)	As of December 31, 2021		
	Commercial Paper Limit	Letters of Credit	Total (a)
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(584)	(76)	(660)
Remaining availability as of December 31, 2021	<u>\$ 1,516</u>	<u>\$ 74</u>	<u>\$ 1,590</u>

(a) Total remaining availability of \$1.59 billion as of December 31, 2021 may be accessed through revolver draws.

Presented in the table below is the Company's total available liquidity as of June 30, 2022 and December 31, 2021, respectively:

(In millions)	Cash and Cash Equivalents	Availability on Revolving Credit Facility	Total Available Liquidity
Available liquidity as of June 30, 2022	\$ 71	\$ 1,755	\$ 1,826
Available liquidity as of December 31, 2021	\$ 116	\$ 1,590	\$ 1,706

Note 9: Income Taxes

The Company's effective income tax rate was 19.3% and 17.5% for the three months ended June 30, 2022 and 2021, respectively, and 18.8% and 16.3% for the six months ended June 30, 2022 and 2021, respectively. The increase in the Company's effective income tax rate for the three and six months ended June 30, 2022 was primarily due to a decrease in the amortization of EADIT pursuant to regulatory orders.

Note 10: Pension and Other Postretirement Benefits

Presented in the table below are the components of net periodic benefit credit:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2022	2021	2022	2021
Components of net periodic pension benefit credit:				
Service cost	\$ 7	\$ 9	\$ 15	\$ 18
Interest cost	16	16	32	33
Expected return on plan assets	(30)	(32)	(61)	(64)
Amortization of prior service credit	(1)	—	(2)	(1)
Amortization of actuarial loss	5	6	10	13
Net periodic pension benefit credit	<u>\$ (3)</u>	<u>\$ (1)</u>	<u>\$ (6)</u>	<u>\$ (1)</u>
Components of net periodic other postretirement benefit credit:				
Service cost	\$ 1	\$ 1	\$ 2	\$ 2
Interest cost	2	2	5	4
Expected return on plan assets	(5)	(5)	(10)	(10)
Amortization of prior service credit	(8)	(8)	(16)	(16)
Net periodic other postretirement benefit credit	<u>\$ (10)</u>	<u>\$ (10)</u>	<u>\$ (19)</u>	<u>\$ (20)</u>

The Company contributed \$9 million and \$18 million for the funding of its defined benefit pension plans for the three and six months ended June 30, 2022, respectively, and contributed \$9 million and \$18 million for the funding of its defined benefit pension plans for the three and six months ended June 30, 2021. There were \$3 million and \$13 million of contributions for the funding of the Company's other postretirement benefit plans for the three and six months ended June 30, 2022, respectively, and no such contributions for the three and six months ended June 30, 2021, respectively. The Company expects to make pension contributions to the plan trusts of \$18 million during the remainder of 2022.

Note 11: Commitments and Contingencies***Contingencies***

The Company is routinely involved in legal actions incident to the normal conduct of its business. As of June 30, 2022, the Company has accrued approximately \$6 million of probable loss contingencies and has estimated that the maximum amount of losses associated with reasonably possible loss contingencies that can be reasonably estimated is \$3 million. For certain matters, claims and actions, the Company is unable to estimate possible losses. The Company believes that damages or settlements, if any, recovered by plaintiffs in such matters, claims or actions, other than as described in this Note 11—Commitments and Contingencies, will not have a material adverse effect on the Company.

West Virginia Elk River Freedom Industries Chemical Spill

On June 8, 2018, the U.S. District Court for the Southern District of West Virginia granted final approval of a settlement class and global class action settlement (the “Settlement”) for all claims and potential claims by all class members (collectively, the “West Virginia Plaintiffs”) arising out of the January 2014 Freedom Industries, Inc. chemical spill in West Virginia. The effective date of the Settlement was July 16, 2018. Under the terms and conditions of the Settlement, WVAWC and certain other Company-affiliated entities did not admit, and will not admit, any fault or liability for any of the allegations made by the West Virginia Plaintiffs in any of the actions that were resolved.

The aggregate pre-tax amount contributed by WVAWC of the \$126 million portion of the Settlement with respect to the Company, net of insurance recoveries, is \$19 million. As of June 30, 2022, \$0.5 million of the aggregate Settlement amount of \$126 million has been reflected in accrued liabilities, and \$0.5 million in offsetting insurance receivables have been reflected in other current assets on the Consolidated Balance Sheets. The amount reflected in accrued liabilities as of June 30, 2022 reflects reductions in the liability and appropriate reductions to the offsetting insurance receivable reflected in other current assets, associated with payments made to the Settlement fund, the receipt of a determination by the Settlement fund’s appeal adjudicator on all remaining medical claims and the calculation of remaining attorneys’ fees and claims administration costs. The Company funded WVAWC’s contributions to the Settlement through existing sources of liquidity.

Dunbar, West Virginia Water Main Break Class Action Litigation

On the evening of June 23, 2015, a 36-inch pre-stressed concrete transmission water main, installed in the early 1970s, failed. The water main is part of the West Relay pumping station located in the City of Dunbar, West Virginia and owned by WVAWC. The failure of the main caused water outages and low pressure for up to approximately 25,000 WVAWC customers. In the early morning hours of June 25, 2015, crews completed a repair, but that same day, the repair developed a leak. On June 26, 2015, a second repair was completed and service was restored that day to approximately 80% of the impacted customers, and to the remaining approximately 20% by the next morning. The second repair showed signs of leaking, but the water main was usable until June 29, 2015 to allow tanks to refill. The system was reconfigured to maintain service to all but approximately 3,000 customers while a final repair was being completed safely on June 30, 2015. Water service was fully restored by July 1, 2015 to all customers affected by this event.

On June 2, 2017, a complaint captioned *Jeffries, et al. v. West Virginia-American Water Company* was filed in West Virginia Circuit Court in Kanawha County on behalf of an alleged class of residents and business owners who lost water service or pressure as a result of the Dunbar main break. The complaint alleges breach of contract by WVAWC for failure to supply water, violation of West Virginia law regarding the sufficiency of WVAWC’s facilities and negligence by WVAWC in the design, maintenance and operation of the water system. The *Jeffries* plaintiffs seek unspecified alleged damages on behalf of the class for lost profits, annoyance and inconvenience, and loss of use, as well as punitive damages for willful, reckless and wanton behavior in not addressing the risk of pipe failure and a large outage.

In February 2020, the *Jeffries* plaintiffs filed a motion seeking class certification on the issues of breach of contract and negligence, and to determine the applicability of punitive damages and a multiplier for those damages if imposed. In July 2020, the Circuit Court entered an order granting the *Jeffries* plaintiffs’ motion for certification of a class regarding certain liability issues but denying certification of a class to determine a punitive damages multiplier. In August 2020, WVAWC filed a Petition for Writ of Prohibition in the Supreme Court of Appeals of West Virginia seeking to vacate or remand the Circuit Court’s order certifying the issues class. On January 28, 2021, the Supreme Court of Appeals remanded the case back to the Circuit Court for further consideration in light of a decision issued in another case relating to the class certification issues raised on appeal. On July 5, 2022, the Circuit Court entered an order again certifying a class to address at trial certain liability issues but not to consider damages. WVAWC is considering whether to challenge the Circuit Court’s latest certification order.

The Company and WVAWC believe that WVAWC has valid, meritorious defenses to the claims raised in this class action complaint. WVAWC is vigorously defending itself against these allegations. The Company cannot currently determine the likelihood of a loss, if any, or estimate the amount of any loss or a range of such losses related to this proceeding.

Chattanooga, Tennessee Water Main Break Class Action Litigation

On September 12, 2019, the Company's Tennessee subsidiary ("TAWC"), experienced a leak in a 36-inch water transmission main, which caused service fluctuations or interruptions to TAWC customers and the issuance of a boil water notice. TAWC repaired the main by early morning on September 14, 2019, and restored full water service by the afternoon of September 15, 2019, with the boil water notice lifted for all customers on September 16, 2019.

On September 17, 2019, a complaint captioned *Bruce, et al. v. American Water Works Company, Inc., et al.* was filed in the Circuit Court of Hamilton County, Tennessee against TAWC, the Company and American Water Works Service Company, Inc. ("Service Company" and, together with TAWC and the Company, collectively, the "Tennessee-American Water Defendants"), on behalf of a proposed class of individuals or entities who lost water service or suffered monetary losses as a result of the Chattanooga incident (the "Tennessee Plaintiffs"). The complaint alleged breach of contract and negligence against the Tennessee-American Water Defendants, as well as an equitable remedy of piercing the corporate veil. In the complaint as originally filed, the Tennessee Plaintiffs were seeking an award of unspecified alleged damages for wage losses, business and economic losses, out-of-pocket expenses, loss of use and enjoyment of property and annoyance and inconvenience, as well as punitive damages, attorneys' fees and pre- and post-judgment interest. In September 2020, the court dismissed all of the Tennessee Plaintiffs' claims in their complaint, except for the breach of contract claims against TAWC, which remain pending. In October 2020, TAWC answered the complaint, and the parties have been engaging in discovery. The court has entered an agreed scheduling order, which sets a hearing in October 2022 to address the question of class certification.

TAWC and the Company believe that TAWC has meritorious defenses to the claims raised in this class action complaint, and TAWC is vigorously defending itself against these allegations. The Company cannot currently determine the likelihood of a loss, if any, or estimate the amount of any loss or a range of such losses related to this proceeding.

Alternative Water Supply in Lieu of Carmel River Diversions

Compliance with Orders to Reduce Carmel River Diversions—Monterey Peninsula Water Supply Project

Under a 2009 order (the "2009 Order") of the State Water Resources Control Board (the "SWRCB"), the Company's California subsidiary ("Cal Am") is required to decrease significantly its yearly diversions of water from the Carmel River according to a set reduction schedule. In 2016, the SWRCB issued an order (the "2016 Order") approving a deadline of December 31, 2021 for Cal Am's compliance with these prior orders.

Cal Am is currently involved in developing the Monterey Peninsula Water Supply Project (the "Water Supply Project"), which includes the construction of a desalination plant, to be owned by Cal Am, and the construction of wells that would supply water to the desalination plant. In addition, the Water Supply Project also includes Cal Am's purchase of water from a groundwater replenishment project (the "GWR Project") between Monterey One Water and the Monterey Peninsula Water Management District (the "MPWMD"). The Water Supply Project is intended, among other things, to fulfill Cal Am's obligations under the 2009 Order and the 2016 Order.

Cal Am's ability to move forward on the Water Supply Project is subject to administrative review by the CPUC and other government agencies, obtaining necessary permits, and intervention from other parties. In September 2016, the CPUC unanimously approved a final decision to authorize Cal Am to enter into a water purchase agreement for the GWR Project and to construct a pipeline and pump station facilities and recover up to \$50 million in associated incurred costs plus an allowance for funds used during construction ("AFUDC"), subject to meeting certain criteria.

In September 2018, the CPUC unanimously approved another final decision finding that the Water Supply Project meets the CPUC's requirements for a certificate of public convenience and necessity and an additional procedural phase was not necessary to consider alternative projects. The CPUC's 2018 decision concludes that the Water Supply Project is the best project to address estimated future water demands in Monterey, and, in addition to the cost recovery approved in its 2016 decision, adopts Cal Am's cost estimates for the Water Supply Project, which amounted to an aggregate of \$279 million plus AFUDC at a rate representative of Cal Am's actual financing costs. The 2018 final decision specifies the procedures for recovery of all of Cal Am's prudently incurred costs associated with the Water Supply Project upon its completion, subject to the frameworks included in the final decision related to cost caps, operation and maintenance costs, financing, ratemaking and contingency matters. The reasonableness of the Water Supply Project costs will be reviewed by the CPUC when Cal Am seeks cost recovery for the Water Supply Project. Cal Am has incurred \$199 million in aggregate costs as of June 30, 2022 related to the Water Supply Project, which includes \$53 million in AFUDC.

In September 2021, Cal Am, Monterey One Water and the MPWMD reached an agreement on Cal Am's purchase of additional water from an expansion to the GWR Project, which is not expected to produce additional water until 2024 at the earliest. The amended and restated water purchase agreement for the GWR Project expansion is subject to review and approval of the CPUC, and on November 29, 2021, Cal Am filed an application with the CPUC seeking review and approval of the amended and restated water purchase agreement. Cal Am is also requesting rate base treatment of the additional capital investment for certain Cal Am facilities required to maximize the water supply from the expansion to the GWR Project and a related Aquifer Storage and Recovery Project, totaling approximately \$81 million. This amount is in addition to, and consistent in regulatory treatment with, the prior \$50 million of cost recovery for facilities associated with the original water purchase agreement, which was approved by the CPUC in its 2016 final decision.

While Cal Am believes that its expenditures to date have been prudent and necessary to comply with the 2009 Order and the 2016 Order, as well as the CPUC's 2016 and 2018 final decisions, Cal Am cannot currently predict its ability to recover all of its costs and expenses associated with the Water Supply Project and there can be no assurance that Cal Am will be able to recover all of such costs and expenses in excess of the \$50 million in construction costs previously approved by the CPUC in its 2016 final decision.

Coastal Development Permit Application

In June 2018, Cal Am submitted a coastal development permit application to the City of Marina (the "City") for those project components of the Water Supply Project located within the City's coastal zone. Members of the City's Planning Commission, as well as City councilpersons, have publicly expressed opposition to the Water Supply Project. In May 2019, the City issued a notice of final local action based upon the denial by the Planning Commission of Cal Am's coastal development permit application. Thereafter, Cal Am appealed this decision to the California Coastal Commission (the "Coastal Commission"), as permitted under the City's code and the California Coastal Act. At the same time, Cal Am submitted an application to the Coastal Commission for a coastal development permit for those project components located within the Coastal Commission's original jurisdiction. In October 2019, staff of the Coastal Commission issued a report recommending a denial of Cal Am's application for a coastal development permit with respect to the Water Supply Project, largely based on a memorandum prepared by the general manager of the MPWMD that contradicted findings made by the CPUC in its final decision approving the Water Supply Project. In November 2019, discussions between staffs of the Coastal Commission and the CPUC took place regarding the Coastal Commission staff recommendation, at which time the CPUC raised questions about the Coastal Commission staff's findings on water supply and demand, groundwater impacts and the viability of a project that the Coastal Commission staff believes may be a possible alternative to the Water Supply Project.

In August 2020, the staff of the Coastal Commission released a report again recommending denial of Cal Am's application for a coastal development permit. Although the report concluded that the Water Supply Project would have a negligible impact on groundwater resources, the report also concluded it would impact other coastal resources, such as environmentally sensitive habitat areas and wetlands, and that the Coastal Commission staff believes that a feasible alternative project exists that would avoid those impacts. The staff's report also noted disproportionate impacts to communities of concern. In September 2020, Cal Am withdrew its original jurisdiction application to allow additional time to address the Coastal Commission staff's environmental justice concerns. The withdrawal of the original jurisdiction application did not impact Cal Am's appeal of the City's denial, which remains pending before the Coastal Commission. Cal Am refiled the original jurisdiction application in November 2020. In December 2020, the Coastal Commission sent to Cal Am a notice of incomplete application, identifying certain additional information needed to consider the application complete. In March 2021, Cal Am provided responses to the Coastal Commission's notice of incomplete application. On June 18, 2021, the Coastal Commission responded, acknowledging the responses and requesting certain additional information before the application could be considered complete. Cal Am responded with the requested additional information on January 11, 2022, and on February 8, 2022, the Coastal Commission requested additional information. The original jurisdiction application remains pending.

Cal Am continues to work constructively with all appropriate agencies to provide necessary information in connection with obtaining required approvals for the Water Supply Project. However, there can be no assurance that the Water Supply Project in its current configuration will be completed on a timely basis, if ever. Beginning in January 2022, Cal Am expects to be able to comply with the diversion reduction requirements contained in the 2016 Order, but continued compliance with the diversion reduction requirements for 2023 and future years will depend on successful development of alternate water supply sources, sufficient to meet customer demand. The 2009 Order and the 2016 Order remain in effect until Cal Am certifies to the SWRCB, and the SWRCB concurs, that Cal Am has obtained a permanent supply of water to substitute for past unauthorized Carmel River diversions. While the Company cannot currently predict the likelihood or result of any adverse outcome associated with these matters, further attempts to comply with the 2009 Order and the 2016 Order may result in material additional costs and obligations to Cal Am, including fines and penalties against Cal Am in the event of noncompliance with the 2009 Order and the 2016 Order.

Effect of dilutive common stock equivalents	—	—	—	1
Weighted-average common shares outstanding—Diluted	182	182	182	182

The effect of dilutive common stock equivalents is related to outstanding stock options, restricted stock units (“RSUs”) and performance stock units (“PSUs”) granted under the Company’s 2007 Omnibus Equity Compensation Plan and outstanding RSUs and PSUs granted under the Company’s 2017 Omnibus Equity Compensation Plan, as well as estimated shares to be purchased under the Company’s 2017 Nonqualified Employee Stock Purchase Plan. Less than one million share-based awards were excluded from the computation of diluted EPS for the three and six months ended June 30, 2022 and 2021, because their effect would have been anti-dilutive under the treasury stock method.

Note 13: Fair Value of Financial Information

Fair Value of Financial Instruments

The following methods and assumptions were used by the Company in estimating its fair value disclosures for financial instruments:

Current assets and current liabilities—The carrying amounts reported on the Consolidated Balance Sheets for current assets and current liabilities, including revolving credit debt, due to the short-term maturities and variable interest rates, approximate their fair values.

Seller promissory note from the sale of HOS — The carrying amount reported on the Consolidated Balance Sheets for the seller promissory note from the sale of HOS is \$720 million as of June 30, 2022 and December 31, 2021. This amount represents the principal amount owed under the seller note, for which the Company expects to receive full payment. The accounting fair value measurement of the seller note approximated \$693 million and \$720 million as of June 30, 2022 and December 31, 2021, respectively. The accounting fair value measurement is an estimate that is reflective of changes in benchmark interest rates. The seller note is classified as Level 3 within the fair value hierarchy.

Preferred stock with mandatory redemption requirements and long-term debt—The fair values of preferred stock with mandatory redemption requirements and long-term debt are categorized within the fair value hierarchy based on the inputs that are used to value each instrument. The fair value of long-term debt classified as Level 1 is calculated using quoted prices in active markets. Level 2 instruments are valued using observable inputs and Level 3 instruments are valued using observable and unobservable inputs.

Presented in the tables below are the carrying amounts, including fair value adjustments previously recognized in acquisition purchase accounting, and the fair values of the Company's financial instruments:

	As of June 30, 2022				
	Carrying Amount	At Fair Value			Total
		Level 1	Level 2	Level 3	
Preferred stock with mandatory redemption requirements	\$ 3	\$ —	\$ —	\$ 3	\$ 3
Long-term debt (excluding finance lease obligations)	11,200	9,023	50	1,446	10,519

	As of December 31, 2021				
	Carrying Amount	At Fair Value			Total

Long-term debt (excluding finance lease obligations)	10,396	10,121	60	1,637	11,818

Recurring Fair Value Measurements

Presented in the tables below are assets and liabilities measured and recorded at fair value on a recurring basis and their level within the fair value hierarchy:

Liabilities:				
Deferred compensation obligations	27	—	—	27
Total liabilities	27	—	—	27
Total assets	\$ 61	\$ —	\$ 72	\$ 133

Restricted funds—The Company’s restricted funds primarily represent proceeds received from financings for the construction and capital improvement of facilities and from customers for future services under operation, maintenance and repair projects.

Rabbi trust investments—The Company’s rabbi trust investments consist of equity and index funds from which supplemental executive retirement plan benefits and deferred compensation obligations can be paid. The Company includes these assets in other long-term assets on the Consolidated Balance Sheets.

Deposits—Deposits include escrow funds and certain other deposits held in trust. The Company includes cash deposits in other current assets on the Consolidated Balance Sheets.

Deferred compensation obligations—The Company’s deferred compensation plans allow participants to defer certain cash compensation into notional investment accounts. The Company includes such plans in other long-term liabilities on the Consolidated Balance Sheets. The value of the Company’s deferred compensation obligations is based on the market value of the participants’ notional investment accounts. The notional investments are comprised primarily of mutual funds, which are based on observable market prices.

Mark-to-market derivative assets and liabilities—The Company employs derivative financial instruments in the form of variable-to-fixed interest rate swaps and treasury lock agreements, classified as economic hedges and cash flow hedges, respectively, in order to fix the interest cost on existing or forecasted debt. The Company may use fixed-to-floating interest rate swaps, typically designated as fair-value hedges, to achieve a targeted level of variable-rate debt as a percentage of total debt. The Company uses a calculation of future cash inflows and estimated future outflows, which are discounted, to determine the current fair value. Additional inputs to the present value calculation include the contract terms, counterparty credit risk, interest rates and market volatility. The Company had no mark-to-market derivatives outstanding as of June 30, 2022.

Other investments—Other investments primarily represent money market funds used for active employee benefits. The Company includes other investments in other current assets on the Consolidated Balance Sheets.

Contingent cash payment from the sale of HOS—The Company’s contingent cash payment derivative included as part of the consideration from the sale of HOS is included in other long-term assets on the Consolidated Balance Sheets. The fair value of the contingent cash payment is \$72 million, which is estimated using the probability of the outcome of receipt of the \$75 million, a Level 3 input.

Note 14: Leases

The Company has operating and finance leases involving real property, including facilities, utility assets, vehicles, and equipment. Certain operating leases have renewal options ranging from one to 60 years. The exercise of lease renewal options is at the Company’s sole discretion. Renewal options that the Company was reasonably certain to exercise are included in the Company’s right-of-use (“ROU”) assets. Certain operating leases contain the option to purchase the leased property. The operating leases for real property, vehicles and equipment will expire over the next 38 years, five years, and four years, respectively.

The Company participates in a number of arrangements with various public entities (“Partners”) in West Virginia. Under these arrangements, the Company transferred a portion of its utility plant to the Partners in exchange for an equal principal amount of Industrial Development Bonds (“IDBs”) issued by the Partners under the Industrial Development and Commercial Development Bond Act. The Company leased back the utility plant under agreements for a period of 30 to 40 years. The Company has recorded these agreements as finance leases in property, plant and equipment, as ownership of the assets will revert back to the Company at the end of the lease term. The carrying value of the finance lease assets was \$146 million as of June 30, 2022 and December 31, 2021. The Company determined that the finance lease obligations and the investments in IDBs meet the conditions for offsetting, and as such, are reported net on the Consolidated Balance Sheets and excluded from the finance lease disclosure presented below.

The Company also enters into O&M agreements with the Partners. The Company pays an annual fee for use of the Partners’ assets in performing under the O&M agreements. The O&M agreements are recorded as operating leases, and future annual use fees of \$2 million in 2022, \$4 million in 2023 through 2026, and \$48 million thereafter, are included in operating lease ROU assets and operating lease liabilities on the Consolidated Balance Sheets.

Rental expenses under operating and finance leases were \$3 million and \$4 million for the three months ended June 30, 2022 and June 30, 2021, respectively, and \$6 million and \$7 million for the six months ended June 30, 2022 and June 30, 2021, respectively.

For the three and six months ended June 30, 2022, cash paid for amounts in lease liabilities, which includes operating and financing cash flows from operating and finance leases, were \$4 million and \$7 million, respectively. For the six months ended June 30, 2022, there were ROU assets obtained in exchange for new operating lease liabilities of \$3 million.

As of June 30, 2022, the weighted-average remaining lease term of the finance lease and operating leases were four years and 18 years, respectively, and the weighted-average discount rate of the finance lease and operating leases were 12% and 4%, respectively.

The future maturities of lease liabilities at June 30, 2022 are \$5 million in 2022, \$10 million in 2023, \$9 million in 2024, \$9 million in 2025, \$8 million in 2026, and \$88 million thereafter. At June 30, 2022, imputed interest was \$43 million.

Note 15: Segment Information

The Company’s operating segments are comprised of the revenue-generating components of its businesses for which separate financial information is internally produced and regularly used by management to make operating decisions, assess performance and allocate resources. The Company operates its businesses primarily through one reportable segment, the Regulated Businesses segment. “Market-Based Businesses and Other” includes market-based businesses that, individually, do not meet the criteria of a reportable segment in accordance with GAAP, corporate costs that are not allocated to the Company’s operating segments, eliminations of inter-segment transactions and fair value adjustments and associated income and deductions related to acquisitions that have not been allocated to the operating segments for evaluation of performance and allocation of resource purposes. The adjustments related to the acquisitions are reported in Market-Based Businesses and Other as they are excluded from segment performance measures evaluated by management.

As a result of the sale of HOS, the categories which were previously shown as “Market-Based Businesses” and “Other” have been combined and shown as “Market-Based Businesses and Other.” Segment results for the three and six months ended June 30, 2021 have been adjusted retrospectively to reflect this change.

Presented in the tables below is summarized segment information:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read together with the unaudited Consolidated Financial Statements and the Notes thereto included elsewhere in this Form 10-Q, and in the Company's Form 10-K for the year ended December 31, 2021. This discussion contains forward-looking statements that are based on management's current expectations, estimates and projections about the Company's business, operations and financial performance. The cautionary statements made in this Form 10-Q should be read as applying to all related forward-looking statements whenever they appear in this Form 10-Q. The Company's actual results may differ materially from those currently anticipated and expressed in such forward-looking statements as a result of a number of factors, including those that are discussed under "Forward-Looking Statements" and elsewhere in this Form 10-Q. The Company has a disclosure committee consisting of members of senior management and other key employees involved in the preparation of the Company's SEC reports. The disclosure committee is actively involved in the review and discussion of the Company's SEC filings.

Overview

American Water is the largest and most geographically diverse, publicly traded water and wastewater utility company in the United States, as measured by both operating revenues and population served. The Company's primary business involves the ownership of utilities that provide water and wastewater services to residential, commercial, industrial, public authority, fire service and sale for resale customers, collectively presented as the "Regulated Businesses." Services provided by the Company's utilities are subject to regulation by multiple state utility commissions or other entities engaged in utility regulation, collectively referred to as public utility commissions ("PUCs"). The Company also operates other market-based businesses not subject to economic regulation by state PUCs that provide water and wastewater services to the U.S. government on military installations, as well as municipalities, and utility customers, collectively included within "Market-Based Businesses and Other." See Part I, Item 1—Business in the Company's Form 10-K for additional information.

Financial Results

For the three and six months ended June 30, 2022, diluted earnings per share, prepared in accordance with accounting principles generally accepted in the United States ("GAAP"), were \$1.20 and \$2.07, respectively, an increase of \$0.06 and \$0.20, respectively, per diluted share, as compared to the same periods in the prior year. These increases were primarily driven by the implementation of new rates in the Regulated Businesses from infrastructure investments, offset somewhat by impacts from inflationary pressures estimated at \$0.06 to \$0.08 per share for the year-to-date period. Also, included in the results for the three and six months ended June 30, 2022, are \$0.06 and \$0.12 per share, respectively, from interest income earned on the seller note and income earned on revenue share agreements, which compares to Homeowner Services Group ("HOS") operating results for the three and six months ended June 30, 2021, of \$0.08 and \$0.16 per share, respectively. 2022 results also include \$0.04 and \$0.08 per share for the three and six months, respectively, from the final post-close adjustments from the sale of HOS in 2021. See Note 5—Acquisitions and Divestitures in the Notes to Consolidated Financial Statements for additional information.

Growth Through Capital Investment in Infrastructure and Regulated Acquisitions

The Company continues to grow its businesses, with the majority of its growth to be achieved in the Regulated Businesses through (i) continued capital investment in the Company's infrastructure to provide safe, clean, reliable and affordable water and wastewater services to its customers, and (ii) regulated acquisitions to expand the Company's services to new customers. The Company plans to invest approximately \$2.5 billion across its footprint in 2022. During the first six months of 2022, the Company invested \$1.25 billion, primarily in the Regulated Businesses, as discussed below:

Regulated Businesses - Growth and Optimization

- \$1.0 billion capital investment in the Regulated Businesses, the substantial majority for infrastructure improvements and replacements; and
- \$240 million to fund acquisitions in the Regulated Businesses, which added approximately 51,000 customers, in addition to approximately 8,200 customers added through organic growth. This includes the Company's Pennsylvania subsidiary's acquisition of the wastewater system assets from the York City Sewer Authority and the City of York on May 27, 2022 for a cash purchase price of \$235 million, \$20 million of which was funded as a deposit to the seller in April 2021 in connection with the execution of the acquisition agreement.

On March 29, 2021, the Company's New Jersey subsidiary entered into an agreement to acquire the water and wastewater assets of Egg Harbor City for \$22 million. The water and wastewater systems currently serve approximately 1,500 customers each, or 3,000 combined, and are being sold through the New Jersey Water Infrastructure Protection Act process. The Company expects to close this acquisition in the second half of 2022, pending regulatory approval.

As of June 30, 2022, the Company has entered into agreements for pending acquisitions in the Regulated Businesses, including the Egg Harbor City agreement discussed above, to add approximately 29,200 additional customers.

Sale of New York American Water Company, Inc.

On January 1, 2022, the Company completed the previously disclosed sale of its regulated utility operations in New York to Liberty Utilities (Eastern Water Holdings) Corp. (“Liberty”), an indirect, wholly owned subsidiary of Algonquin Power & Utilities Corp. Liberty purchased from the Company all of the capital stock of the Company’s New York subsidiary for a purchase price of \$608 million in cash.

Sale of Michigan American Water Company

On February 4, 2022, the Company completed the sale of its operations in Michigan for \$6 million.

Military Services Group

On June 30, 2022, MSG was awarded a contract for the ownership, operation, maintenance and replacement of the wastewater utility system assets at Naval Station Mayport in Jacksonville, Florida. The contract is effective July 1, 2022 and its total revenue is approximately \$341 million over a 50-year period, subject to an annual economic price adjustment. MSG operates and maintains water and/or wastewater systems and related capital programs as part of the U.S. government’s Utilities Privatization Program. This contract represents the 18th installation in MSG’s footprint and the first contract with respect to a U.S. Navy installation.

Operational Excellence

The Company’s adjusted regulated operation and maintenance (“O&M”) efficiency ratio, which is used as a measure of the operating performance of the Regulated Businesses, was 33.7% for the twelve months ended June 30, 2022, as compared to 33.9% for the twelve months ended June 30, 2021. The ratio reflects an increase in operating revenues for the Regulated Businesses, after considering the adjustment for the amortization of the excess accumulated deferred income taxes (“EADIT”) shown in the table below, as well as the continued focus on operating costs.

The Company’s adjusted regulated O&M efficiency ratio is a non-GAAP measure, and is defined by the Company as its operation and maintenance expenses from the Regulated Businesses, divided by the operating revenues from the Regulated Businesses, where both operation and maintenance expenses and operating revenues were adjusted to eliminate purchased water expense. Operating revenues were further adjusted to exclude reductions for the amortization of the EADIT. Also excluded from operation and maintenance expenses is the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, which is reflected in the Regulated Businesses segment as operation and maintenance expenses, but for consolidated financial reporting purposes, is categorized within other line items in the accompanying Consolidated Statements of Operations. The items discussed above were excluded from the O&M efficiency ratio calculation as they are not reflective of management’s ability to increase the efficiency of the Regulated Businesses.

The Company evaluates its operating performance using this ratio, and believes it is useful to investors because it directly measures improvement in the operating performance and efficiency of the Regulated Businesses. This information is derived from the Company’s consolidated financial information but is not presented in its financial statements prepared in accordance with GAAP. This information supplements and should be read in conjunction with the Company’s GAAP disclosures, and should be considered as an addition to, and not a substitute for, any GAAP measure. The Company’s adjusted regulated O&M efficiency ratio (i) is not an accounting measure that is based on GAAP; (ii) is not based on a standard, objective industry definition or method of calculation; (iii) may not be comparable to other companies’ operating measures; and (iv) should not be used in place of the GAAP information provided elsewhere in this Form 10-Q.

Presented in the table below is the calculation of the Company's adjusted regulated O&M efficiency ratio and a reconciliation that compares operation and maintenance expenses and operating revenues, each as determined in accordance with GAAP, to those amounts utilized in the calculation of its adjusted O&M efficiency ratio:

(Dollars in millions)	For the Twelve Months Ended June 30,	
	2022	2021
Total operation and maintenance expenses	\$ 1,668	\$ 1,698

Adjusted operation and maintenance expenses—Regulated Businesses (i)	\$ 1,132	\$ 1,105
Total operating revenues	\$ 3,822	\$ 3,890
Less:		
Operating revenues—Market-Based Businesses and Other	408	546
Total operating revenues—Regulated Businesses	3,414	3,344
Less:		
Regulated purchased water revenues (a)	152	156
Revenue reductions from the amortization of EADIT	(97)	(69)
Adjusted operating revenues—Regulated Businesses (ii)	\$ 3,359	\$ 3,257
Adjusted O&M efficiency ratio—Regulated Businesses (i) / (ii)	33.7 %	33.9 %

(a) The calculation assumes regulated purchased water revenues approximate regulated purchased water expenses.

Regulatory Matters**General Rate Cases and Infrastructure Surcharges**

Presented in the table below are annualized incremental revenues, excluding reductions for the amortization of EADIT that are generally offset in income tax expense, assuming a constant water sales volume, resulting from general rate case authorizations and infrastructure surcharge authorizations that became effective in the respective period:

Total infrastructure surcharges	\$ 12	\$ 14	\$ 41	\$ 45

(a) Excludes authorized increase of \$7 million for the three and six months ended June 30, 2021, for the Company's New York subsidiary, which was sold on January 1, 2022. See Note 5—Acquisitions and Divestitures for additional information.

On June 16, 2022, the Company's Hawaii subsidiary was authorized additional annual revenues of \$2 million in its general rate case, effective July 1, 2022, excluding agreed to reductions for EADIT as a result of the Tax Cuts and Jobs Act of 2017 (the "TCJA").

Effective July 1, 2022, the Company's Pennsylvania and Kentucky subsidiaries implemented infrastructure surcharges for annualized incremental revenues of \$9 million and \$3 million, respectively.

On February 24, 2022, the Company's West Virginia subsidiary ("WVAWC") was authorized additional annual revenues of \$15 million in its general rate case, effective February 25, 2022, excluding agreed to reductions for EADIT as a result of the TCJA. The EADIT reduction in revenues is \$2 million and the exclusion for infrastructure surcharges is \$10 million. Staff of the Public Service Commission of West Virginia moved for reconsideration of the final order on several grounds. The Company filed its response to the Staff's Petition for Reconsideration on March 28, 2022 in support of the authorized revenue requirement. The matter is currently pending.

On November 18, 2021, the California Public Utilities Commission (the "CPUC") unanimously approved a final decision in the test year 2021 general rate case filed by the Company's California subsidiary, which is retroactive to January 1, 2021. The Company's California subsidiary received authorization for additional annualized water and wastewater revenues of \$22 million, excluding agreed to reductions for EADIT as a result of the TCJA. The EADIT reduction in revenues is \$4 million and is offset by a like reduction in income tax expense. On February 16, 2022, the Company's California subsidiary received approval to increase rates by \$13 million in 2022 escalation increases, excluding \$4 million of reductions related to the TCJA, which is retroactive to January 1, 2022.

On March 2, 2021, an administrative law judge (“ALJ”) in the Office of Administrative Law of New Jersey filed an initial decision with the New Jersey Board of Public Utilities (the “NJBPU”) that recommended denial of a petition filed by the Company’s New Jersey subsidiary, which sought approval of acquisition adjustments in rate base of \$29 million associated with the acquisitions of Shorelands Water Company, Inc. in 2017 and the Borough of Haddonfield’s water and wastewater systems in 2015. On July 29, 2021, the NJBPU issued an order adopting the ALJ’s initial decision without modification. The Company’s New Jersey subsidiary filed a Notice of Appeal with the New Jersey Appellate Division on September 10, 2021. The Company filed its brief in support of the appeal on March 4, 2022. Response briefs were filed on June 22, 2022. The Company’s reply brief is due on August 4, 2022. There is no financial impact to the Company as a result of the NJBPU’s order, since the acquisition adjustments are currently recorded as goodwill on the Consolidated Balance Sheets.

On February 25, 2021, the Company’s Pennsylvania subsidiary was authorized additional annualized revenues of \$90 million, effective January 28, 2021, excluding agreed to reductions in revenues of \$19 million for EADIT as a result of the TCJA. The overall increase, net of TCJA reductions, is \$71 million in revenues combined over two steps. The first step was effective January 28, 2021 in the amount of \$70 million (\$51 million including TCJA reductions) and the second step was effective January 1, 2022 in the amount of \$20 million. The protected EADIT balance of \$200 million is being returned to customers using the average rate assumptions method, and the unprotected EADIT balance of \$116 million is being returned to customers over 20 years. The \$19 million annual reduction to revenue is comprised of both the protected and unprotected EADIT amortizations and a portion of catch-up period EADIT. A bill credit of \$11 million annually for two years returns to customers the remainder of the EADIT catch-up period amortization. The catch-up period of January 1, 2018 through December 31, 2020 covers the period from when the lower federal corporate income tax rate went into effect until new base rates went into effect and will be amortized over two years.

Pending General Rate Case Filings

On July 1, 2022, the Company’s California subsidiary filed a general rate case requesting an increase in 2024 revenue of \$57 million and a total increase in revenue over the 2024 to 2026 period of \$99 million. The requested increase excludes proposed reductions for EADIT as a result of TCJA.

On July 1, 2022, the Company’s Missouri subsidiary filed a general rate case requesting \$116 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges.

On April 29, 2022, the Company’s Pennsylvania subsidiary filed a general rate case requesting \$185 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. Public hearings were held on July 19, 2022 through July 21, 2022. Evidentiary hearings are expected to be held in September 2022.

On February 10, 2022, the Company’s Illinois subsidiary filed a general rate case requesting \$71 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. The requested increase was subsequently updated in the Illinois subsidiary’s June 29, 2022 rebuttal filing, with the request adjusted to \$85 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. Evidentiary hearings are scheduled to begin on August 9, 2022.

On January 14, 2022, the Company’s New Jersey subsidiary filed a general rate case requesting \$110 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. Public hearings were held on April 6, 2022. Settlement conferences commenced in May 2022. The matter remains pending before the Office of Administrative Law.

On November 15, 2021, the Company’s Virginia subsidiary filed a general rate case requesting \$15 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA. Interim rates were effective on May 1, 2022, and the difference between interim and final approved rates are subject to refund. Public hearings are scheduled for September 23, 2022 and evidentiary hearings are scheduled to begin on September 27, 2022.

The Company’s California subsidiary submitted its application on May 3, 2021 to set its cost of capital for 2022 through 2024. According to the CPUC’s procedural schedule, a decision setting the authorized cost of capital is expected to be issued in the fourth quarter of 2022.

Pending Infrastructure Surcharge Filings

On July 8, 2022, the Company’s Tennessee subsidiary filed infrastructure surcharges requesting \$3 million in additional annualized revenues.

On June 30, 2022, WVAWC filed an infrastructure surcharge proceeding requesting \$8 million in additional annualized revenues.

On March 4, 2022, the Company's Missouri subsidiary filed an infrastructure surcharge proceeding requesting \$19 million in additional annualized revenues.

Other Regulatory Matters

In September 2020, the CPUC released a decision under its Low-Income Rate Payer Assistance program rulemaking that will require the Company's California subsidiary to file a proposal to alter its water revenue adjustment mechanism in its next general rate case filing in 2022, which would become effective in January 2024. On October 5, 2020, the Company's California subsidiary filed an application for rehearing of the decision and following the CPUC's denial of its rehearing application in September 2021, the Company's California subsidiary filed a petition for writ of review with the California Supreme Court on October 27, 2021. On May 18, 2022, the California Supreme Court issued a writ of review for the Company's California subsidiary's petition and the petitions filed by other entities challenging the decision. These writs were subsequently consolidated for purposes of briefing, argument, and decision. While the Company's California subsidiary believes the petitions have merit, the process will be lengthy as the matter likely will be remanded to the CPUC for further review of the decision. Furthermore, there is no guarantee that the court will require the CPUC to allow utilities to implement a full decoupling water revenue adjustment mechanism.

Segment Results of Operations

The Company's operating segments are comprised of the revenue-generating components of its business for which separate financial information is internally produced and regularly used by management to make operating decisions, assess performance and allocate resources. The Company operates its businesses primarily through one reportable segment, the Regulated Businesses segment. "Market-Based Businesses and Other" includes market-based businesses that, individually, do not meet the criteria of a reportable segment in accordance with GAAP, corporate costs that are not allocated to the Company's operating segments, eliminations of inter-segment transactions, and fair value adjustments and associated income and deductions related to acquisitions that have not been allocated to the operating segments for evaluation of performance and allocation of resource purposes. The adjustments related to the acquisitions are reported in Market-Based Businesses and Other as they are excluded from segment performance measures evaluated by management. This presentation is consistent with how management assesses the results of these businesses.

As a result of the sale of HOS, the categories which were previously shown as “Market-Based Businesses” and “Other” have been combined and shown as “Market-Based Businesses and Other.” Segment results for the three and six months ended June 30, 2021 have been adjusted retrospectively to reflect this change.

Regulated Businesses Segment

Presented in the table below is financial information for the Regulated Businesses:

Included in operating revenues for the three months ended June 30, 2021 was \$29 million related to the Company's New York operations. Excluding the Company's New York operations, for the three months ended June 30, 2022, operating revenues increased \$37 million, primarily due to: (i) \$33 million increase from authorized rate increases, including infrastructure surcharges, principally to fund infrastructure investment in various states; (ii) \$7 million increase from water and wastewater acquisitions, as well as organic growth in existing systems; (iii) \$6 million net increase as a result of reduced amortization of EADIT, primarily in the Company's New Jersey subsidiary; and (iv) \$9 million decrease in demand, primarily driven by warmer and drier than normal weather in the second quarter of 2021 in the Northeast.

Included in operating revenues for the six months ended June 30, 2021 was \$52 million related to the Company's New York operations. Excluding the Company's New York operations, for the six months ended June 30, 2022, operating revenues increased \$83 million, primarily due to: (i) \$73 million increase from authorized rate increases, including infrastructure surcharges, principally to fund infrastructure investment in various states; (ii) \$12 million increase from water and wastewater acquisitions, as well as organic growth in existing systems; (iii) \$8 million net increase as a result of reduced amortization of EADIT, primarily in the Company's New Jersey subsidiary; and (iv) \$10 million decrease in demand, primarily driven by warmer and drier than normal weather in the second quarter of 2021 in the Northeast.

Operation and Maintenance

Presented in the table below is information regarding the main components of the Regulated Businesses' operation and maintenance expense:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2022	2021	2022	2021
(In millions)				
Employee-related costs	\$ 126	\$ 129	\$ 252	\$ 259

Customer billing and accounting	14	15	27	32
Other	13	11	26	25
Total	\$ 321	\$ 325	\$ 636	\$ 645

Included in operation and maintenance expense for the three and six months ended June 30, 2021 was \$12 million and \$24 million, respectively, related to the Company's New York operations. Excluding the Company's New York operations, for the three and six months ended June 30, 2022, operation and maintenance expense increased \$8 million and \$15 million, respectively, primarily due to increased fuel, power and chemicals costs.

Depreciation and Amortization

For the three and six months ended June 30, 2022, depreciation and amortization increased \$6 million and \$14 million, respectively, primarily due to additional utility plant placed in service from capital infrastructure investments and acquisitions.

General Taxes

Included in general taxes for the three and six months ended June 30, 2021 was \$12 million and \$24 million, respectively, related to the Company's New York operations. Excluding the Company's New York operations, general taxes increased \$3 million and \$7 million, respectively, primarily due to an increase in the New Jersey Gross Receipts Tax and increased property tax assessments.

Provision for Income Taxes

For the three and six months ended June 30, 2022, the Regulated Businesses' provision for income taxes increased \$5 million and \$13 million, respectively. The Regulated Businesses' effective income tax rate was 19.3% and 17.5% for the three months ended June 30, 2022 and 2021, respectively, and 18.0% and 16.7% for the six months ended June 30, 2022 and 2021, respectively. The Regulated Businesses' effective income tax rate for the three and six months ended June 30, 2022 reflects the amortization of EADIT pursuant to regulatory orders.

Market-Based Businesses and Other

Presented in the table below is information for Market-Based Businesses and Other:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2022	2021	2022	2021

Operating Revenues

For the three and six months ended June 30, 2022, operating revenues decreased \$70 million and \$139 million, respectively, due primarily to the sale of HOS. HOS operating revenues for the three and six months ended June 30, 2021 were \$78 million and \$154 million, respectively.

Operation and Maintenance

For the three and six months ended June 30, 2022, operation and maintenance expense decreased \$52 million and \$101 million, respectively, primarily due to the sale of HOS. HOS operation and maintenance expenses for the three and six months ended June 30, 2021, were \$50 million and \$102 million, respectively.

Depreciation and Amortization

For the three and six months ended June 30, 2022, depreciation and amortization decreased \$1 million and \$8 million, respectively, primarily due to the sale of HOS.

Interest Income

For the three and six months ended June 30, 2022, interest income increased \$12 million and \$25 million, respectively, due to interest recognized on the seller note related to the sale of HOS. See Note 5—Acquisitions and Divestitures in the Notes to Consolidated Financial Statements for additional information.

Legislative Updates

During 2022, the Company's regulatory jurisdictions enacted the following legislation that has been approved and is effective as of July 27, 2022:

- Indiana passed Senate Enrolled Act 272, which requires public reporting of a non-jurisdictional utility's asset management programs. Non-jurisdictional utilities are exempt from the jurisdiction of the Indiana Utility Regulatory Commission (the "IURC"). The legislation also creates a water and wastewater research and extension program at a state university to serve as a repository for data collected from utilities. Additionally, the legislation establishes oversight and a receivership program in the IURC for non-jurisdictional utilities with violations that create environmental or human health and safety issues. Legislation was signed by the Governor on March 7, 2022 and became effective on July 1, 2022.
- Indiana passed water and wastewater utility asset financing legislation, Senate Enrolled Act 273, which authorizes the recovery of property tax in Distribution System Improvement Charge filings. The legislation also permits the IURC to allow recovery through tracking mechanisms for changes in property tax and for costs attributable to referenda or action by elected or appointed individuals. Legislation was signed by the Governor on March 10, 2022 and became effective on July 1, 2022.
- Virginia passed Senate Bill 500 and House Bill 182, which requires the Virginia State Corporation Commission, in any future ratemaking proceeding for an investor-owned water/wastewater utility, to evaluate the utility on a stand-alone basis and utilize the utility's actual end-of-test period capital structure and cost of capital without regard to the cost of capital, capital structure, or investments of any other entities with which the utility may be affiliated. Legislation was signed by the Governor on April 11, 2022 and became effective on July 1, 2022.
- Illinois passed House Bill 900/Public Act 102-0698 which contains appropriations to the Department of Commerce and Economic Opportunity of \$3 million for the purposes of the Water and Sewer Finance Assistance Act (H.B. 414/Public Act 102-0262) and \$55 million for the purposes of the federal Low-Income Household Water Assistance Program (LIHWAP). Legislation was signed by the Governor on April 19, 2022 with these provisions of the bill taking effect on July 1, 2022.
- Tennessee passed Senate Bill 2282 and House Bill 2346, which requires all utilities to implement a cyber security plan and update it every two years to provide for the protection of the utility's facilities from unauthorized use, alteration, ransom, or destruction of electronic data. The relevant regulatory body will verify if a utility has complied or impose reasonable sanctions if out of compliance. Utility compliance will be required by July 1, 2023. Legislation was signed by the Governor on June 1, 2022 and became effective immediately.

During 2022, the Company's regulatory jurisdictions enacted the following legislation that has been approved but is not yet effective as of July 27, 2022:

- The Missouri General Assembly passed state and local property tax tracker legislation, Senate Bill 745, which requires a utility to defer to a regulatory asset or liability account any difference in what was actually paid in state or local property taxes and what was used to set the revenue requirement in the utility's most recently completed general rate case. Legislation was signed by the Governor on June 29, 2022 and will become effective on August 28, 2022.

Condemnation and Eminent Domain

All or portions of the Regulated Businesses' utility assets could be acquired by state, municipal or other government entities through one or more of the following methods: (i) eminent domain (also known as condemnation); (ii) the right of purchase given or reserved by a municipality or political subdivision when the original certificate of public convenience and necessity (a "CPCN") was granted; and (iii) the right of purchase given or reserved under the law of the state in which the utility subsidiary was incorporated or from which it received its CPCN. The acquisition consideration related to such a proceeding initiated by a local government may be determined consistent with applicable eminent domain law, or may be negotiated or fixed by appraisers as prescribed by the law of the state or in the particular CPCN.

As such, the Regulated Businesses are periodically subject to condemnation proceedings in the ordinary course of business. For example, a citizens group in Monterey, California successfully added "Measure J" to the November 2018 election ballot asking voters to decide whether the Monterey Peninsula Water Management District (the "MPWMD") should conduct a feasibility study concerning the potential purchase of the Monterey water service system assets (the "Monterey system assets") of the Company's California subsidiary, and, if feasible, to proceed with a purchase of those assets without an additional public vote. This service territory represents approximately 40,000 customers. In November 2018, Measure J was certified to have passed.

In August 2019, the MPWMD's General Manager issued a report that recommends that the MPWMD board (1) develop criteria to determine which water systems should be considered for acquisition; (2) examine the feasibility of acquiring the Monterey system assets and consider public ownership of smaller systems only if the MPWMD becomes the owner of a larger system; (3) evaluate whether the acquisition of the Monterey system assets by the MPWMD is in the public interest and sufficiently satisfies the criterion of "feasible" as provided in Measure J; (4) ensure there is significant potential for cost savings before agreeing to commence an acquisition; and (5) develop more fully alternate operating plans before deciding whether to consider a Resolution of Necessity.

In November 2019, the MPWMD issued a preliminary valuation and cost of service analysis report, finding in part that (1) an estimate of the Monterey system assets' total value plus adjustments would be approximately \$513 million, (2) the cost of service modeling results indicate significant annual reductions in revenue requirements and projected monthly water bills, and (3) the acquisition of the Monterey system assets by the MPWMD would be economically feasible. In November 2020, the MPWMD certified a final environmental impact report ("FEIR"), analyzing the environmental impacts of the MPWMD's project to (1) acquire the Monterey system assets through the power of eminent domain, if necessary, and (2) expand its geographic boundaries to include all parts of this system. In February 2021, the MPWMD filed an application with the Local Agency Formation Commission of Monterey County ("LAFCO") seeking approval to become a retail water provider and annex approximately 58 parcels of land into the MPWMD's boundaries. In June 2021, LAFCO's commissioners voted to require a third-party independent financial study as to the feasibility of an acquisition by the MPWMD of the Monterey system assets. On December 6, 2021, LAFCO's commissioners denied the MPWMD's application to become a retail water provider, determining that the MPWMD does not have the authority to proceed with a condemnation of the Monterey system assets, and on January 5, 2022, LAFCO's commissioners confirmed the denial. On February 28, 2022, LAFCO's commissioners voted to deny the MPWMD's application for reconsideration of LAFCO's confirmation of denial. On April 1, 2022, the MPWMD filed a lawsuit against LAFCO challenging its decision to deny the MPWMD's application seeking approval to become a retail water provider. On June 17, 2022, the court granted, with conditions, a motion by Cal Am to intervene in the MPWMD's lawsuit against LAFCO.

Also, five municipalities in the Chicago, Illinois area (approximately 30,300 customers in total) formed a water agency and filed an eminent domain lawsuit against the Company in January 2013, seeking to condemn the water pipeline that serves those five municipalities. Before filing its eminent domain lawsuit, the water agency made an offer of \$38 million for the pipeline. The parties have filed with the court updated valuation reports. A valuation trial was originally scheduled for October 2021 but has been continued to January 2023.

Furthermore, the law in certain jurisdictions in which the Regulated Businesses operate provides for eminent domain rights allowing private property owners to file a lawsuit to seek just compensation against a public utility, if a public utility's infrastructure has been determined to be a substantial cause of damage to that property. In these actions, the plaintiff would not have to prove that the public utility acted negligently. In California, lawsuits have been filed in connection with large-scale natural events such as wildfires. Some of these lawsuits have included allegations that infrastructure of certain utilities triggered the natural event that resulted in damage to the property. In some cases, the PUC has allowed certain costs or losses incurred by the utility to be recovered from customers in rates, but in other cases such recovery in rates has been disallowed. Also, the utility may have obtained insurance that could respond to some or all of such losses, although the utility would be at risk for any losses not ultimately subject to rate or insurance recovery or losses that exceed the limits of such insurance.

Liquidity and Capital Resources

For a general overview of the sources and uses of capital resources, see the introductory discussion in Part II, Item 7—Management's Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources in the Company's Form 10-K.

Liquidity needs for capital investment, working capital and other financial commitments are generally funded through cash flows from operations, public and private debt offerings, commercial paper markets, and, if and to the extent necessary, borrowings under AWCC's revolving credit facility, and, in the future, issuances of equity.

The Company expects to fund future maturities of long-term debt through a combination of external debt and, to the extent available, cash flows from operations. Since the Company expects its capital investments over the next few years to be greater than its cash flows from operating activities, the Company currently plans to fund the excess of its capital investments over its cash flows from operating activities for the next five years through a combination of long-term debt and equity in addition to the proceeds from the sales of HOS and the Company's New York subsidiary. If necessary, the Company may delay certain capital investments or other funding requirements, or pursue financing from other sources to preserve liquidity. In this event, the Company believes it can rely upon cash flows from operations to meet its obligations and fund its minimum required capital investments for an extended period of time.

The Company's revolving credit facility provides \$2.25 billion in aggregate total commitments from a diversified group of financial institutions. The revolving credit facility is used principally to support AWCC's commercial paper program, to provide additional liquidity support, and to provide for the issuance of up to \$150 million in letters of credit. The maximum aggregate principal amount of short-term borrowings authorized for issuance under AWCC's commercial paper program is \$2.10 billion. Subject to satisfying certain conditions, the credit agreement also permits AWCC to increase the maximum commitment under the facility by up to an aggregate of \$500 million. As of June 30, 2022 and December 31, 2021, there were no borrowings outstanding under the revolving credit facility. The weighted-average interest rate on AWCC's outstanding short-term borrowings was approximately 1.67% and 0.20% at June 30, 2022 and December 31, 2021, respectively.

Presented in the tables below is the aggregate credit facility commitments, commercial paper limit and letter of credit availability under the revolving credit facility, as well as the available capacity for each:

	As of June 30, 2022		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(420)	(75)	(495)
Remaining availability as of June 30, 2022	\$ 1,680	\$ 75	\$ 1,755

(a) Total remaining availability of \$1.76 billion as of June 30, 2022 may be accessed through revolver draws.

	As of December 31, 2021		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(584)	(76)	(660)
Remaining availability as of December 31, 2021	\$ 1,516	\$ 74	\$ 1,590

(a) Total remaining availability of \$1.59 billion as of December 31, 2021 may be accessed through revolver draws.

Presented in the table below is the Company's total available liquidity as of June 30, 2022 and December 31, 2021, respectively:

	Cash and Cash Equivalents	Availability on Revolving Credit Facility	Total Available Liquidity
(In millions)			
Available liquidity as of June 30, 2022	\$ 71	\$ 1,755	\$ 1,826
Available liquidity as of December 31, 2021	\$ 116	\$ 1,590	\$ 1,706

The Company believes that its ability to access the debt and equity capital markets, the revolving credit facility and cash flows from operations will generate sufficient cash to fund the Company's short-term requirements. The Company believes it has sufficient liquidity and the ability to manage its expenditures, should there be a disruption of the capital and credit markets. However, there can be no assurance that the lenders will be able to meet existing commitments to AWCC under the revolving credit facility, or that AWCC will be able to access the commercial paper or loan markets in the future on acceptable terms or at all. See Note 8—Short-Term Debt in the Notes to Consolidated Financial Statements for additional information.

On May 5, 2022, AWCC issued \$800 million aggregate principal amount of its 4.45% senior notes due 2032. At closing, AWCC received, after deduction of underwriting discounts and before deduction of offering expenses, net proceeds of approximately \$792 million. AWCC used the net proceeds of the offering: (i) to lend funds to the Company and its subsidiaries in its Regulated Businesses segment; (ii) to repay AWCC's commercial paper obligations; and (iii) for general corporate purposes.

In April 2022, the Company entered into several 10-year treasury lock agreements, with notional amounts totaling \$400 million, and an average fixed interest rate of 2.89%. The Company designated these treasury lock agreements as cash flow hedges, with their fair value recorded in accumulated other comprehensive gain or loss. In May 2022, the Company terminated the treasury lock agreements, realizing a net gain of approximately \$4 million, to be amortized through interest, net over a 10-year period, in accordance with the tenor of the debt issuance on May 5, 2022. No ineffectiveness was recognized on hedging instruments for the three and six months ended June 30, 2022.

Cash Flows from Operating Activities

Cash flows from operating activities primarily result from the sale of water and wastewater services and, due to the seasonality of demand, are generally greater during the warmer months. Presented in the table below is a summary of the major items affecting the Company's cash flows provided by operating activities:

(In millions)	For the Six Months Ended June 30,	
	2022	2021
Net income	\$ 376	\$ 340
Add (less):		
Depreciation and amortization	321	315
Deferred income taxes and amortization of investment tax credits	(33)	64
Other non-cash activities (a)	(17)	(45)
Changes in working capital (b)	(420)	(136)
Pension and non-pension postretirement benefit contributions	(31)	(18)
Net cash provided by operating activities	\$ 196	\$ 520

(a) Includes provision for losses on accounts receivable, pension and non-pension postretirement benefits and other non-cash, net. Details of each component can be found on the Consolidated Statements of Cash Flows.

(b) Changes in working capital include changes to receivables and unbilled revenues, accounts payable, accrued liabilities, accrued taxes, and other current assets and liabilities, net.

For the six months ended June 30, 2022, cash provided by operating activities decreased \$324 million, primarily due to changes in working capital and deferred taxes. The changes were driven by \$280 million of estimated tax payments for taxable gains on the sales of the Company's HOS business and its New York regulated operations, as well as the contribution of \$45 million to the American Water Charitable Foundation.

Cash Flows from Investing Activities

Presented in the table below is a summary of the major items affecting the Company's cash flows used in investing activities:

(In millions)	For the Six Months Ended June 30,	
	2022	2021
Net capital expenditures	\$ (995)	\$ (752)
Acquisitions	(240)	(39)
Net proceeds from sale of assets	608	—

Net cash used in investing activities	\$ (676)	\$ (834)

(a) Includes removal costs from property, plant and equipment retirements.

For the six months ended June 30, 2022, cash used in investing activities decreased \$158 million, primarily due to proceeds of \$608 million received from the sale of the Company's New York operations offset by increased payments for capital expenditures and acquisitions. The Company plans to invest approximately \$2.5 billion across its footprint in 2022.

Cash Flows from Financing Activities

Presented in the table below is a summary of the major items affecting the Company's cash flows from financing activities:

(In millions)	For the Six Months Ended June 30,	
	2022	2021
Proceeds from long-term debt	\$ 811	\$ 1,102
Repayments of long-term debt	(7)	(364)
Repayments of term loan	—	(500)
Net short-term (repayments) borrowings with maturities less than three months	(164)	(176)
Debt issuance costs and make-whole premium on early debt redemption	(7)	(26)
Dividends paid	(228)	(209)
Other financing activities, net (a)	36	15
Net cash provided by (used in) financing activities	\$ 441	\$ (158)

(a) Includes proceeds from issuances of common stock under various employee stock plans and the Company's dividend reinvestment plan, net of taxes paid, and advances and contributions in aid of construction, net of refunds.

For the six months ended June 30, 2022, cash provided by financing activities increased \$599 million, primarily due to the repayment in full at maturity of the \$500 million term loan during the first quarter of 2021 and repayments of long-term debt due to the prepayment of \$327 million in aggregate principal amount of AWCC's outstanding senior notes during the second quarter of 2021. These changes were partially offset by lower proceeds from long-term debt.

Debt Covenants

The Company's debt agreements contain financial and non-financial covenants. To the extent that the Company is not in compliance with these covenants, an event of default may occur under one or more debt agreements and the Company, or its subsidiaries, may be restricted in its ability to pay dividends, issue new debt or access the revolving credit facility. The long-term debt indentures contain a number of covenants that, among other things, prohibit or restrict the Company from issuing debt secured by the Company's assets, subject to certain exceptions. Failure to comply with any of these covenants could accelerate repayment obligations.

Covenants in certain long-term notes and the revolving credit facility require the Company to maintain a ratio of consolidated debt to consolidated capitalization (as defined in the relevant documents) of not more than 0.70 to 1.00. On June 30, 2022, the Company's ratio was 0.61 to 1.00 and therefore the Company was in compliance with the covenants.

Security Ratings

Presented in the table below are long-term and short-term credit ratings and rating outlooks as of July 27, 2022 as issued by the following rating agencies:

Securities	Moody's Investors Service	Standard & Poor's Ratings Service
Rating outlook	Stable	Stable
Senior unsecured debt	Baa1	A
Commercial paper	P-2	A-1

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning rating agency, and each rating should be evaluated independently of any other rating. Security ratings are highly dependent upon the ability to generate cash flows in an amount sufficient to service debt and meet investment plans. The Company can provide no assurances that its ability to generate cash flows is sufficient to maintain its existing ratings. None of the Company's borrowings are subject to default or prepayment as a result of the downgrading of these security ratings, although such a downgrading could increase fees and interest charges under its credit facility.

As part of its normal course of business, the Company routinely enters into contracts for the purchase and sale of water, energy, chemicals and other services. These contracts either contain express provisions or otherwise permit the Company and its counterparties to demand adequate assurance of future performance when there are reasonable grounds for doing so. In accordance with the contracts and applicable contract law, if the Company is downgraded by a credit rating agency, especially if such downgrade is to a level below investment grade, it is possible that a counterparty would attempt to rely on such a downgrade as a basis for making a demand for adequate assurance of future performance, which could include a demand that the Company must provide collateral to secure its obligations. The Company does not expect to post any collateral which will have a material adverse impact on the Company's results of operations, financial position or cash flows.

Access to the capital markets, including the commercial paper market, and respective financing costs in those markets, may be directly affected by the Company's securities ratings. The Company primarily accesses the debt capital markets, including the commercial paper market, through AWCC. However, the Company has also issued debt through its regulated subsidiaries, primarily in the form of mortgage bonds and tax-exempt securities or borrowings under state revolving funds, to lower the overall cost of debt.

Dividends

For discussion of the Company's dividends, see Note 6—Shareholders' Equity in the Notes to Consolidated Financial Statements for additional information.

Application of Critical Accounting Policies and Estimates

Financial condition of the Company, results of operations and cash flows, as reflected in the Company's Consolidated Financial statements, are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. See Part II, Item 7—Management's Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies and Estimates in the Company's Form 10-K for a discussion of its critical accounting policies. Additionally, see Note 2—Significant Accounting Policies in the Notes to Consolidated Financial Statements for updates, if any, to the significant accounting policies previously disclosed in the Company's Form 10-K.

Recent Accounting Standards

See Note 2—Significant Accounting Policies in the Notes to Consolidated Financial Statements for a description of new accounting standards recently adopted or pending adoption.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to market risk in the normal course of business, including changes in commodity prices, equity prices and interest rates. For further discussion of its exposure to market risk, see Part II, Item 7A—Quantitative and Qualitative Disclosures about Market Risk in the Company's Form 10-K. There have been no significant changes to the Company's exposure to market risk since December 31, 2021.

The Company had no derivative instruments, which are exposed to market risk, outstanding as of June 30, 2022.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

American Water maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in its reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including the Chief Executive Officer and the Chief Financial Officer, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objective.

The Company's management, including the Chief Executive Officer and the Chief Financial Officer, conducted an evaluation of the effectiveness of its disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) as of June 30, 2022.

Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that, as of June 30, 2022, the Company's disclosure controls and procedures were effective at a reasonable level of assurance.

Changes in Internal Control over Financial Reporting

The Company concluded that there have been no changes in internal control over financial reporting that occurred during the three months ended June 30, 2022, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The following information updates and amends the information provided in the Company's Form 10-K in Part I, Item 3—Legal Proceedings, and in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2022 in Part II, Item 1—Legal Proceedings. Capitalized terms used but not otherwise defined herein have the meanings set forth in the Company's Form 10-K. In accordance with the SEC's disclosure rules, the Company has elected to disclose environmental proceedings involving the Company and a governmental authority if the amount of potential monetary sanctions, exclusive of interest and costs, that the Company reasonably believes will result from such proceeding is \$1 million or more.

Dunbar, West Virginia Water Main Break Class Action Litigation

On July 5, 2022, the Circuit Court entered an order certifying again a class to address at trial certain liability issues but not to consider damages. WVAVC is considering whether to challenge the Circuit Court's latest certification order.

ITEM 1A. RISK FACTORS

In addition to the other information set forth in this report, readers should carefully consider the factors discussed in Part I, Item 1A—Risk Factors in the Form 10-K, and in the Company's other filings with the SEC, which could materially affect the Company's business, financial condition, cash flows or future results. There have been no material changes from the risk factors previously disclosed in Part I, Item 1A—Risk Factors in the Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

In February 2015, the Board of Directors authorized an anti-dilutive stock repurchase program to mitigate the dilutive effect of shares issued through the Company's dividend reinvestment, employee stock purchase and executive compensation activities. The program allows the Company to purchase up to 10 million shares of its outstanding common stock over an unrestricted period of time in the open market or through privately negotiated transactions. The program is conducted in accordance with Rule 10b-18 of the Exchange Act, and, to facilitate these repurchases, the Company enters into Rule 10b5-1 stock repurchase plans with a third-party broker, which allow the Company to repurchase shares of its common stock at times when it otherwise might be prevented from doing so under insider trading laws or because of self-imposed trading blackout periods. Subject to applicable regulations, the Company may elect to amend or cancel the program or the stock repurchase parameters at its discretion to manage dilution.

The Company did not repurchase shares of common stock during the three months ended June 30, 2022. From April 1, 2015, the date repurchases under the anti-dilutive stock repurchase program commenced, through June 30, 2022, the Company repurchased an aggregate of 4,860,000 shares of common stock under the program, leaving an aggregate of 5,140,000 shares available for repurchase under this program.

Dear John:

On behalf of American Water Works Service Company, Inc., I am pleased to offer you the full-time position of Executive Vice President, Chief Financial Officer, reporting to M. Susan Hardwick, President and CEO, at our Camden, New Jersey headquarters office. The anticipated start date of your new position will be Monday, May 16, 2022. We are confident that you will find this new role to be personally rewarding and one in which you can make significant contributions to the company. ***The terms of this offer letter are subject to the recommendation of the Executive Development & Compensation Committee and the approval of the American Water Board of Directors.***

Safety, trust, teamwork, high performance, and environmental leadership define our culture – a culture where every employee feels valued and lives up to his or her potential. Creating an environment where differences are embraced and where every person feels engaged and included makes us safer, stronger, and more successful. We believe that our success is based upon our employees having a vested interest in our business. As a part of our team, you will be tasked with helping make a great company even better – in doing so, you will be rewarded for your contributions. The following is our offer to you:

Base Salary: Your annual salary will be approximately \$725,000.00, which will be paid on a bi-weekly basis in accordance with American Water's standard payroll practices. The salary level for your position is 95. Your job performance will be reviewed annually as part of our performance management process, and you may be eligible for a merit increase in 2023.

APP: You are eligible to participate in American Water's Annual Performance Plan with a target award amount equal to 100% of your annual base salary. For 2022 you will be eligible for a pro-rated APP payout based on your date of hire. Awards from the Annual Performance Plan are based on several factors including company performance and attainment of individual performance objectives, and payments may be higher or lower than target.

LTPP: You are eligible to participate in the American Water Long Term Performance Plan (LTPP) and will receive a target opportunity with a fair value equal to 250% of your base salary as of grant date. Your 2022 LTPP grant will be issued and valued as of your date of hire, subject to approval of the Executive Development & Compensation Committee. This grant will reflect a full view grant, and as such, will not be prorated to reflect your start date of May 16, 2022. For reference purposes, awards are currently granted under the terms and conditions of the Company's 2017 Omnibus Equity Compensation Plan (the "Plan") and related grant documents, in the form of restricted stock units and performance stock units, as follows: 30% Restricted Stock Units, 35% performance stock units based on TSR ranking and 35% performance stock units based on an internal measure determined by the Committee. In the event of any conflict between your offer letter and the terms of the award grant documents and the Plan, the terms of the award documents and the Plan will govern. Please note that all employees in salary levels 70 and above are subject to the Company's Executive Stock Ownership Guidelines and Stock Retention Requirements, and you will be required to hold Company stock with a value of 3 times your base salary by May 16, 2027.

In addition, for so long as you remain CFO, equity awards granted to you on and after the date of this offer letter would include specific post-retirement continued vesting provisions applicable to that position. Under these provisions, if you remain CFO for at least three (3) consecutive years (beginning on the date your appointment as EVP and CFO is effective), your equity awards will continue to vest over the normal vesting schedule of the award following a separation of service based upon either normal retirement or early retirement, as follows:

In the event of a normal retirement, defined as having attained age 60 and five years of service, the award will continue to vest in full; and
In the event of an early retirement, defined as having attained age 55 and five years of service, 75 percent of the award will continue to vest.

Benefits: American Water offers a competitive benefits program for you and your eligible dependents. An outline of our benefits is attached for your review. Our benefit plans include medical, prescription drug, dental, vision, flexible spending accounts (Health and Dependent Care), employer paid life/disability insurance, voluntary life insurance, Healthy Solutions incentive based wellness program, employee assistance program and educational assistance. Your enrollment is effective the 1st day of the month after your hire date.

Defined Contribution Plan: You will be eligible to participate in the 401(k) Savings Plan and Defined Contribution plans effective the date of hire. Approximately one week after your hire date, you will receive a letter from Empower advising that you will be automatically enrolled into the plan at a 3% contribution level. If you do not enroll on your own, the automatic enrollment will take place 30 days from the date of the letter. You can stop or change your contribution percentage at any time.

American Water contributes on your behalf an amount equal to 5.25% of your base salary or hourly pay, regardless of whether you chose to make contributions to the 401(k) Plan. Your Defined Contributions will be invested in the same funds as you direct your 401(k) contributions to be invested. If you do not select an investment option, your account balance will be invested in the Vanguard Target Retirement Funds based on when you would attain age 65.

Non-Qualified Deferred Compensation: You will also be eligible to participate in our Non-Qualified Deferred Compensation Plan beginning in 2023, based on annual enrollment in December. The Company may make Employer Matching and Defined Contribution Account contributions as soon as administratively practicable after the end of the applicable plan year. Under the Non-Qualified Deferred Compensation Plan, Employer Matching contributions are immediately vested; Defined Contribution Account contributions will generally vest after five years of service.

Additional Considerations: You will receive a sign-on bonus of \$950,000, within the first 30 days of your continuous employment, subject to applicable withholdings. This bonus is subject to repayment in full if you voluntarily leave the company prior to one year of service.

Relocation: You will be eligible for relocation benefits under American Water's relocation policy according to the parameters of our policy and eligibility criteria as set forth by the IRS. You will be required to sign a Relocation Services Payback Agreement stating that if an employee resigns within 24 months of the effective date of their relocation, they are required to reimburse the relocation expenses to the Company on a pro-rated basis. The terms are confidential between you and American Water. You have elected to receive in cash the lump sum value of the relocation plan in lieu of the services, which has a value of \$120,000. That payment will be made to you within 30 days of your start date and is subject to all applicable withholdings.

Holidays/Vacation: You will be eligible for 25 days of paid vacation, 6 floating holidays and 8 fixed holidays per calendar year. Your time will be pro-rated for 2022.

Sick Days: You are eligible for 10 sick days annually. For the balance of 2022, you will be eligible for 10 sick days.

Executive Severance Policy: You will be an eligible participant under the executive severance policy which provides severance benefits to certain executives whose employment is involuntarily terminated by American Water for reasons other than cause, and other than in connection with a change of control. A copy of the Executive Severance policy has been provided with this offer.

Change of Control Severance Policy: You will be an eligible participant under the Change of Control Severance Policy which provides severance benefits to certain executives whose employment is involuntarily terminated for reasons other than cause or if the executive resigns from employment for Good Reason (as defined therein), and such termination occurs within a period beginning on the date a Change of Control is completed and ending 24 months thereafter

This offer is contingent upon the successful completion and results of both a background check and a drug screen as well as approvals by the Committee and the American Water Board of Directors. You will be receiving an email from our vendor, CareerBuilder, on behalf of American Water Careers, asking you to complete information for the background check and drug screen. Please complete this information as quickly as possible, and report for your drug screening within 48 hours.

Additionally, as part of our new hire process, you will be asked to complete a Form 1-9 in compliance with the Immigration Reform and Control Act after the offer acceptance or no later than the first date of hire. Please refer to this link-[Click Here](#) and follow the instructions. If you experience technical difficulty with this link, please contact your Recruiter.

Your signature below indicates your acceptance of our offer and the terms of employment with American Water. Please review all attachments and sign and return the Confidentiality and Intellectual Property Agreements with your offer letter.

As you will be a Section 16 officer of the Company, American Water may be required to disclose your compensation and/or this offer letter in an SEC filing. Your signature below indicates your acknowledgment of this requirement of your position.

Your signature below indicates your acceptance of our offer and the terms of employment with American Water. Please review, sign and return a copy of this promotion letter.

John, we wish you the best of luck in your new role and future opportunities with American Water!

Sincerely,

M. Susan Hardwick
President, CEO and CFO
American Water

AMERICAN WATER WORKS COMPANY, INC.
2017 OMNIBUS EQUITY COMPENSATION PLAN
STOCK UNIT GRANT

This STOCK UNIT GRANT, dated as of May 11, 2022 (the “Date of Grant”), is delivered by American Water Works Company, Inc. (the “Company”) to _____ (the “Participant”).

RECITALS

WHEREAS, the Board of Directors of the Company (the “Board”) has determined to grant each non-employee director of the Company on the date of the Company’s 2022 Annual Meeting of Shareholders a stock unit grant that will be converted to shares of common stock of the Company, par value \$0.01 per share, (the “Company Stock”) at a later date;

WHEREAS, the Participant is a non-employee director on the Board; and

WHEREAS, the Board has determined that the stock unit grant granted to the Participant shall be issued under the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan (the “Plan”) and the terms and conditions of such stock unit shall be memorialized in this grant (the “Grant”).

NOW, THEREFORE, the parties to this Grant, intending to be legally bound hereby, agree as follows:

1. Grant of Stock Units. Subject to the terms and conditions set forth in this Grant and the Plan, the Company hereby grants to the Participant _____ units (the “Stock Units”). Each Stock Unit shall be a phantom right and shall be equivalent to one share of Company Stock on the applicable distribution date, as described in Paragraph 4 below.
 2. Stock Unit Account. The Company shall establish and maintain a Stock Unit account as a bookkeeping account on its records (the “Stock Unit Account”) for the Participant and shall record in such Stock Unit Account the number of Stock Units granted to the Participant. The Participant shall not have any interest in any fund or specific assets of the Company by reason of this grant or the Stock Unit Account established for the Participant.
 3. Vesting. The Participant shall be fully vested in the Stock Units credited to the Participant’s Stock Unit Account pursuant to this Grant on the Date of Grant.
 4. Distribution. The Stock Units shall be converted to shares of Company Stock and distributed by the Company within thirty (30) days following the earlier of (i) August 11, 2023 (the “Specified Date”) (or, if applicable, the Deferred Date, as defined in Paragraph 5 below), (ii) the Participant’s separation from service (within the meaning of section 409A of the Internal Revenue Code of 1986, as amended (the “Code”) with the Company (the “Separation from Service Date”), or (iii) the date of a Change of Control (as defined below) (the “Change of Control Date”). At the time of distribution, all Stock Units shall be converted to an equivalent number of shares of Company Stock, and the Participant shall receive a single distribution of such shares of Company Stock, which shall be issued under the Plan. For purposes of this Grant, the term “Change of Control” shall have the same meaning as such term is defined in the Plan, except that a Change of Control shall not be deemed to have occurred for purposes of this Grant unless the event constituting the Change of Control constitutes a change in ownership or
-

effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of section 409A of the Code and its corresponding regulations.

5. Deferrals. The Participant may make an irrevocable election to defer the Specified Date (or further defer the Deferred Date (as defined below), if applicable) of all of the Stock Units, plus dividend equivalents earned on such Stock Units as described in Paragraph 6 below, to a later date, provided that (i) the election shall not take effect until at least twelve (12) months after the date on which the election is made, (ii) the deferred Specified Date cannot be earlier than five (5) years from the original Specified Date under Paragraph 4 (or five (5) years from the applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made), and (iii) the election must be made no less than twelve (12) months prior to the date of the Specified Date (or twelve (12) months prior to the previously applicable Deferred Date, if a subsequent deferral of a Deferred Date is being made). To defer the Specified Date, the Participant must elect to defer 100% of the Stock Units, including corresponding dividend equivalents, granted to the Participant under this Grant and complete the deferral election form provided to the Participant, in the form attached hereto as Exhibit A or as may subsequently modified in the discretion of the Board. If the Participant desires to make a further deferral, the Participant must make such election on a separate form provided for such purpose. Any such election shall be made in accordance with section 409A of the Code and any corresponding guidance and regulations issued under section 409A of the Code. Notwithstanding a Participant's election pursuant to this Paragraph, if the Separation from Service Date or Change of Control Date occurs prior to the Deferred Date, the distribution of the Participant's Stock Units, plus corresponding dividend equivalents, will be made as a result of the occurrence of the Separation from Service Date or Change of Control Date, whichever is earlier. If a Specified Date is delayed one or more times pursuant to this Paragraph 5, the new Specified Date shall be referred to as the "Deferred Date."

6. Dividend Equivalents. Until the earlier of the Specified Date (or the Deferred Date, if elected), Separation from Service Date or Change of Control Date, if any dividends are paid with respect to the shares of Company Stock, the Company shall credit to a dividend equivalent account (the "Dividend Equivalent Account") the value of the dividends that would have been distributed if the Stock Units credited to the Participant's Stock Unit Account as of the date of payment of any such dividend were shares of Company Stock. At the same time that the Stock Units are converted to shares of Company Stock and distributed to the Participant, the Company shall pay to the Participant in a lump sum cash equal to the value of the dividends credited to the Participant's Dividend Equivalent Account. No interest shall accrue on any dividend equivalents credited to the Participant's Dividend Equivalent Account.

7. Change of Control. Except as set forth above, the provisions set forth in the Plan applicable to a Change of Control (as defined in the Plan) shall apply to the Stock Units, and, in the event of a Change of Control, the Board may take such actions as it deems appropriate pursuant to the Plan and is consistent with the requirements of section 409A of the Code.

8. Acknowledgment by Participant. By accepting this Grant, the Participant acknowledges that with respect to any right to distribution pursuant to this Grant, the Participant is and shall be an unsecured general creditor of the Company without any preference as against other unsecured general creditors of the Company, and the Participant hereby covenants for himself or herself, and anyone at any time claiming through or under the Participant, not to claim any such preference, and hereby disclaims and waives any such preference which may at any time be at issue, to the fullest extent permitted by applicable law. The Participant also hereby agrees to be bound by the terms and conditions of the Plan and this Grant. The Participant further agrees to be bound by the determinations and decisions of the Board with respect to this Grant and the Plan and the Participant's rights to benefits under this Grant and the Plan, and agrees that all such determinations and decisions of the Board shall be binding on the Participant,

his or her beneficiaries and any other person having or claiming an interest under this Grant and the Plan on behalf of the Participant.

9. Restrictions on Issuance or Transfer of Shares of Company Stock.

(a) The obligation of the Company to deliver shares of Company Stock upon the distribution of the Stock Units shall be subject to the condition that shares of Company Stock be qualified for listing on the New York Stock Exchange or another securities exchange and be registered under the Securities Act of 1933, as amended, and that any consent or approval of any governmental regulatory body that is necessary to issue shares of Company Stock has been so obtained, and that shares of Company Stock may not be issued in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Board. The issuance of shares of Company Stock and the payment of cash to the Participant pursuant to this Grant is subject to any applicable taxes and other laws or regulations of the United States or of any state having jurisdiction thereof.

(b) As a condition to receive any shares of Company Stock upon conversion of the Stock Units, the Participant agrees:

(i) to be bound by, and to comply with, the Company's policies and practices (as they may be in effect from time to time) regarding the restrictions or limitations on the transfer of such shares, and understands that the Participant may be restricted or prohibited at any time and from time to time from selling, transferring, pledging, donating, assigning, margining, mortgaging, hypothecating or otherwise encumbering the shares in accordance with such policies and practices, including without limitation the Company's Insider Trading and Prohibited Transactions Policy and its Personal Securities Trading and Preclearance Practice; and

(ii) that the shares of Company Stock obtained by the Participant upon the distribution of the Stock Units shall not be transferred or disposed of by any means until the Participant owns enough shares of Company Stock, or shares underlying stock units convertible into shares of Company Stock, or time-based restricted Company Stock, to meet or exceed five (5) times the Participant's annual cash retainer, which ownership requirement must be satisfied by the fifth (5th) anniversary of the Participant's commencement of service as a director on the Board.

10. Grant Subject to Plan Provisions. This Grant is made pursuant to the Plan, the terms of which are incorporated herein by reference, and in all respects shall be interpreted in accordance with the Plan. In the event of any contradiction, distinction or difference between this Grant and the terms of the Plan, the terms of the Plan will control. Except as otherwise defined in this Grant, capitalized terms used in this Grant shall have the meanings set forth in the Plan. This Grant is subject to the interpretations, regulations and determinations concerning the Plan established from time to time by the Board in accordance with the provisions of the Plan, including, but not limited to, provisions pertaining to (i) rights and obligations with respect to withholding taxes, (ii) the registration, qualification or listing of the shares of Company Stock, (iii) changes in capitalization of the Company, and (iv) other requirements of applicable law. The Board shall have the authority to interpret and construe this Grant pursuant to the terms of the Plan, its decisions shall be conclusive as to any questions arising hereunder and the Participant's acceptance of this Grant is the Participant's agreement to be bound by the interpretations and decisions of the Board with respect to this Grant and the Plan.

11. No Rights as Shareholder. The Participant shall not have any rights as a shareholder of the Company, including the right to any cash dividends (except with respect to the

dividend equivalent rights provided in Paragraph 6), or the right to vote, with respect to any Stock Units.

12. No Rights to Continued Service. This Grant shall not confer upon the Participant any right to be retained in the service of the Employer (as defined in the Plan) and shall not interfere in any way with the right to terminate the Participant's service at any time. The right to terminate at will the Participant's service at any time for any reason is specifically reserved.

13. Assignment and Transfers. No Stock Units or dividend equivalents awarded to the Participant under this Grant may be transferred, assigned, pledged, or encumbered by the Participant and the Stock Units and dividend equivalents shall be distributed during the lifetime of the Participant only for the benefit of the Participant. Any attempt to transfer, assign, pledge, or encumber the Stock Units or dividend equivalents under this Grant by the Participant shall be null, void and without effect. The rights and protections of the Company hereunder shall extend to any successors or assigns of the Company. This Grant may be assigned by the Company without the Participant's consent.

14. Withholding. To the extent required by applicable law, the Participant shall be required to pay to the Company, or make other arrangements satisfactory to the Company to provide for the payment of, any federal, state, local or other taxes that the Company is required to withhold with respect to the Grant, vesting or distribution of the Stock Units and dividend equivalents.

15. Effect on Other Benefits. The value of shares of Company Stock and dividend equivalents distributed with respect to the Stock Units shall not be considered eligible earnings for purposes of any other plans maintained by the Employer. Neither shall such value be considered part of the Participant's compensation for purposes of determining or calculating other benefits that are based on compensation, such as life insurance.

16. Applicable Law. The validity, construction, interpretation and effect of this Grant shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to the conflicts of laws provisions thereof.

17. Notice. Any notice to the Company provided for in this instrument shall be addressed to the Company in care of the General Counsel at the Company's corporate headquarters, and any notice to the Participant shall be addressed to such Participant at the current address shown on the records of the Company, or to such other address as the Participant may designate to the Company in writing. Any notice shall be delivered by hand, sent by facsimile, e-mail or other electronic means (with confirmation of receipt to be made by any oral, electronic or written means), or enclosed in a properly sealed envelope addressed as stated above, registered and deposited, postage prepaid, in a post office regularly maintained by the United States Postal Service.

18. Section 409A of the Code.

(a) This Grant is intended to comply with the requirements of section 409A of the Code and shall be interpreted and administered to avoid any penalty sanctions under section 409A of the Code. If any distribution cannot be provided or made at the time specified herein or as elected by the Participant, then such distribution shall be provided in full at the earliest time thereafter when such sanctions cannot be imposed. Except according to a valid election made pursuant to Paragraph 5 above, in no event may the Participant designate the calendar year of distribution.

(b) Notwithstanding any provision to the contrary in this Grant, if any of the distributions under this Grant are payable to the Participant upon separation from service (within the meaning of section 409A of the Code) from the Employer, then if at the time of the Participant's separation from service the Participant is a "specified employee" (as such term is defined in section 409A(2)(B)(i) of the Code and its corresponding regulations) as determined by the Company (or any successor thereto) in its sole discretion in accordance with its specified employee determination policy, then all distributions to the Participant pursuant to this Grant shall be postponed for a period of six (6) months following the Participant's separation from service from the Employer. The postponed amounts shall be distributed to the Participant in a lump sum within thirty (30) days after the date that is six (6) months following the Participant's separation from service from the Employer. If the Participant dies during such six (6)-month period and prior to the distribution of the postponed amounts hereunder, the amounts delayed on account of section 409A of the Code shall be distributed to the personal representative of the Participant's estate within sixty (60) days after the date of the Participant's death, and any amounts not delayed shall be distributed to the personal representative of the Participant's estate in accordance with the terms of this Grant.

IN WITNESS WHEREOF, the Company has caused its duly authorized officer to execute this Grant, effective as of the Date of Grant.

EXHIBIT A

SUBSEQUENT DEFERRAL ELECTION FORM

PART A. TIME OF DISTRIBUTION

I, _____, (the "Participant") hereby irrevocably elect to have all of the Stock Units, plus corresponding dividend equivalents, (the "Deferred Units") granted to me pursuant to the Stock Unit Grant, dated as of May 11, 2022, (the "Grant") under the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan (the "Plan") that would have been distributed by American Water Works Company, Inc. to me on the Specified Date (as defined in the Grant), instead be distributed to me on the deferred date designated below (the "Deferred Date"), which date must be at least five (5) years later than the Specified Date, and this election is at least twelve (12) months prior to the Specified Date (to make this deferral election you must defer all of the Stock Units, plus corresponding dividend equivalents, granted to you pursuant the Grant, meaning there is no partial deferral):

Number of Stock Units, and Dividend Equivalents, to be Further Deferred (All Must Be Deferred)	Original Specified Date (Election Must Be Made at Least 12 Months Prior to the Specified Date)	Deferred Date (Must be a date that is at least 5 years later than the Original Specified Date)
100%	August 11, 2023	

PART B. ACKNOWLEDGMENT

I understand and expressly agree that (i) the Deferred Date for the Deferred Units shall be the date I specified in Part A above (which is a date that is at least five (5) years later than the original Specified Date), and (ii) I will not be entitled to receive distribution of the Deferred Units on an earlier date, except in the event that the Separation from Service Date (as defined in the Grant) or the Change of Control Date (as defined in the Grant) occurs prior to the Deferred Date. I also understand and expressly agree that this deferral election is irrevocable, is being made at least twelve (12) months prior to the original Specified Date, and shall not take effect until twelve (12) months after the date on which I make this election. I further understand and agree that the terms and conditions of the Grant and the Plan are hereby incorporated into this form. Lastly, I understand and agree that this deferral election applies to 100% of the Stock Units, and corresponding dividend equivalents, granted to me pursuant to the Grant.

Throughout this Quarterly Report on Form 10-Q (“Form 10-Q”), unless the context otherwise requires, references to the “Company” and “American Water” mean American Water Works Company, Inc. and all of its subsidiaries, taken together as a whole. References to the “parent company” mean American Water Works Company, Inc., without its subsidiaries.

FORWARD-LOOKING STATEMENTS

Statements included in Part I, Item 2—Management’s Discussion and Analysis of Financial Condition and Results of Operations and in other sections of this Form 10-Q are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the Private Securities Litigation Reform Act of 1995. In some cases, these forward-looking statements can be identified by words with prospective meanings such as “intend,” “plan,” “estimate,” “believe,” “anticipate,” “expect,” “predict,” “project,” “propose,” “assume,” “forecast,” “likely,” “uncertain,” “outlook,” “future,” “pending,” “goal,” “objective,” “potential,” “continue,” “seek to,” “may,” “can,” “should,” “will” and “could” or the negative of such terms or other variations or similar expressions. Forward-looking statements may relate to, among other things: the Company’s future financial performance, liquidity and cash flows; the timing and amount of rate and revenue adjustments, including through general rate case filings, filings for infrastructure surcharges and other governmental agency authorizations and proceedings, and filings to address regulatory lag; the Company’s growth and portfolio optimization strategies, including the timing and outcome of pending or future acquisition activity; the ability of the Company’s California subsidiary to obtain adequate alternative water supplies in lieu of diversions from the Carmel River; the amount and allocation of projected capital expenditures and related funding requirements; the Company’s ability to repay or refinance debt; the future impacts of increased or increasing financing costs, inflation and interest rates; the Company’s ability to execute its current and long-term business, operational and capital expenditures strategies; the Company’s ability to finance current operations, capital expenditures and growth initiatives by accessing the debt and equity capital markets; the outcome and impact on the Company of governmental and regulatory proceedings and related potential fines, penalties and other sanctions; the ability to meet or exceed the Company’s stated environmental and sustainability goals, including its greenhouse gas emission reduction, water delivery efficiency and water system resiliency goals; the ability to complete, and the timing and efficacy of, the design, development, implementation and improvement of technology and other strategic initiatives; the impacts to the Company of the COVID-19 pandemic; the ability to capitalize on existing or future utility privatization opportunities; trends in the water and wastewater industries in which the Company operates, including macro trends with respect to the Company’s efforts related to customer, technology and work execution; regulatory, legislative, tax policy or legal developments; and impacts that future significant tax legislation may have on the Company and on its business, results of operations, cash flows and liquidity.

Forward-looking statements are predictions based on the Company’s current expectations and assumptions regarding future events. They are not guarantees or assurances of any outcomes, financial results, levels of activity, performance or achievements, and readers are cautioned not to place undue reliance upon them. These forward-looking statements are subject to a number of estimates, assumptions, known and unknown risks, uncertainties and other factors. The Company’s actual results may vary materially from those discussed in the forward-looking statements included herein as a result of the following important factors:

- the decisions of governmental and regulatory bodies, including decisions to raise or lower customer rates and regulatory responses to the ongoing COVID-19 pandemic;
- the timeliness and outcome of regulatory commissions’ and other authorities’ actions concerning rates, capital structure, authorized return on equity, capital investment, system acquisitions and dispositions, taxes, permitting, water supply and management, and other decisions;
- changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts, impacts of the COVID-19 pandemic, or otherwise;
- limitations on the availability of the Company’s water supplies or sources of water, or restrictions on its use thereof, resulting from allocation rights, governmental or regulatory requirements and restrictions, drought, overuse or other factors;
- a loss of one or more large industrial or commercial customers due to adverse economic conditions, the COVID-19 pandemic, or other factors;
- changes in laws, governmental regulations and policies, including with respect to the environment, health and safety, data and consumer privacy, security and protection, water quality and water quality accountability, contaminants of emerging concern, public utility and tax regulations and policies, and impacts resulting from U.S., state and local elections and changes in federal, state and local executive administrations;
- the Company’s ability to collect, distribute, use, secure and store consumer data in compliance with current or future governmental laws, regulations and policies with respect to data and consumer privacy, security and protection;
- weather conditions and events, climate variability patterns, and natural disasters, including drought or abnormally high rainfall, prolonged and abnormal ice or freezing conditions, strong winds, coastal and intercoastal flooding, pandemics (including COVID-19) and epidemics, earthquakes, landslides, hurricanes, tornadoes, wildfires, electrical storms, sinkholes and solar flares;
- the outcome of litigation and similar governmental and regulatory proceedings, investigations or actions;
- the risks associated with the Company’s aging infrastructure, and its ability to appropriately improve the resiliency of or maintain and replace, current or future infrastructure and systems, including its technology and other assets, and manage the expansion of its businesses;

- exposure or infiltration of the Company’s technology and critical infrastructure systems, including the disclosure of sensitive, personal or confidential information contained therein, through physical or cyber attacks or other means;
- the Company’s ability to obtain permits and other approvals for projects and construction of various water and wastewater facilities;
- changes in the Company’s capital requirements;
- the Company’s ability to control operating expenses and to achieve operating efficiencies;
- the intentional or unintentional actions of a third party, including contamination of the Company’s water supplies or the water provided to its customers;
- the Company’s ability to obtain adequate and cost-effective supplies of pipe, equipment (including personal protective equipment), chemicals, electricity, fuel, water and other raw materials, and to address or mitigate supply chain constraints that may result in delays or shortages in, as well as increased costs of, supplies, products and materials that are critical to or used in the Company’s business operations;
- the Company’s ability to successfully meet its operational growth projections, either individually or in the aggregate, and capitalize on growth opportunities, including, among other things, with respect to:
 - acquiring, closing and successfully integrating regulated operations and market-based businesses;
 - the Company’s Military Services Group (“MSG”) entering into new military installation contracts, price redeterminations, and other agreements and contracts with the U.S. government; and
 - realizing anticipated benefits and synergies from new acquisitions;
- risks and uncertainties following the completion of the sale of the Company’s Homeowner Services Group (“HOS”) and its New York subsidiary, including:
 - the Company’s ability to receive any contingent consideration provided for in the HOS sale, as well as amounts due, payable and owing to the Company from time to time under the seller promissory note when due; and
 - the ability of the Company to redeploy successfully and timely the net proceeds of these transactions into the Company’s Regulated Businesses (as defined below);
- risks and uncertainties associated with contracting with the U.S. government, including ongoing compliance with applicable government procurement and security regulations;
- cost overruns relating to improvements in or the expansion of the Company’s operations;
- the Company’s ability to successfully develop and implement new technologies and to protect related intellectual property;
- the Company’s ability to maintain safe work sites;
- the Company’s exposure to liabilities related to environmental laws and similar matters resulting from, among other things, water and wastewater service provided to customers;
- changes in general economic, political, business and financial market conditions, including without limitation conditions and collateral consequences associated with the COVID-19 pandemic;
- access to sufficient debt and/or equity capital on satisfactory terms and when and as needed to support operations and capital expenditures;
- fluctuations in inflation or interest rates;
- the ability to comply with affirmative or negative covenants in the current or future indebtedness of the Company or any of its subsidiaries, or the issuance of new or modified credit ratings or outlooks by credit rating agencies with respect to the Company or any of its subsidiaries (or any current or future indebtedness thereof), which could increase financing costs or funding requirements and affect the Company’s or its subsidiaries’ ability to issue, repay or redeem debt, pay dividends or make distributions;
- fluctuations in the value of benefit plan assets and liabilities that could increase the Company’s cost and funding requirements;
- changes in federal or state general, income and other tax laws, including (i) future significant tax legislation, (ii) the availability of, or the Company’s compliance with, the terms of applicable tax credits and tax abatement programs, and (iii) the Company’s ability to utilize its state income tax net operating loss carryforwards;
- migration of customers into or out of the Company’s service territories;
- the use by municipalities of the power of eminent domain or other authority to condemn the systems of one or more of the Company’s utility subsidiaries, or the assertion by private landowners of similar rights against such utility subsidiaries;
- any difficulty or inability to obtain insurance for the Company, its inability to obtain insurance at acceptable rates and on acceptable terms and conditions, or its inability to obtain reimbursement under existing or future insurance programs and coverages for any losses sustained;
- the incurrence of impairment charges related to the Company’s goodwill or other assets;
- labor actions, including work stoppages and strikes;
- the Company’s ability to retain and attract qualified employees;
- civil disturbances or unrest, or terrorist threats or acts, or public apprehension about future disturbances, unrest, or terrorist threats or acts; and
- the impact of new, and changes to existing, accounting standards.

These forward-looking statements are qualified by, and should be read together with, the risks and uncertainties set forth above, and the risk factors and other statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2021 (the "Form 10-K") and in this Form 10-Q, and readers should refer to such risks, uncertainties and risk factors in evaluating such forward-looking statements. Any forward-looking statements the Company makes shall speak only as of the date this Form 10-Q was filed with the U.S. Securities and Exchange Commission ("SEC"). Except as required by the federal securities laws, the Company does not have any obligation, and it specifically disclaims any undertaking or intention, to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changed circumstances or otherwise. New factors emerge from time to time, and it is not possible for the Company to predict all such factors. Furthermore, it may not be possible to assess the impact of any such factor on the Company's businesses, either viewed independently or together, or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. The foregoing factors should not be construed as exhaustive.

American Water Works Company, Inc. and Subsidiary Companies
Notes to Consolidated Financial Statements (Unaudited)
(Unless otherwise noted, in millions, except per share data)

Note 1: Basis of Presentation

The unaudited Consolidated Financial Statements included in this report include the accounts of American Water Works Company, Inc. and all of its subsidiaries (the “Company” or “American Water”), in which a controlling interest is maintained after the elimination of intercompany balances and transactions. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) for interim financial reporting, and the rules and regulations for reporting on Quarterly Reports on Form 10-Q (“Form 10-Q”). Accordingly, they do not contain certain information and disclosures required by GAAP for comprehensive financial statements. In the opinion of management, all adjustments necessary for a fair statement of the financial position as of March 31, 2022, and the results of operations and cash flows for all periods presented, have been made. All adjustments are of a normal, recurring nature, except as otherwise disclosed.

The unaudited Consolidated Financial Statements and Notes included in this report should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2021 (“Form 10-K”), which provides a more complete discussion of the Company’s accounting policies, financial position, operating results and other matters. The results of operations for interim periods are not necessarily indicative of the results that may be expected for the year, primarily due to the seasonality of the Company’s operations.

Note 2: Significant Accounting Policies

New Accounting Standards

Presented in the table below are new accounting standards that were adopted by the Company in 2022:

Standard	Description	Date of Adoption	Application	Effect on the Consolidated Financial Statements
Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity	Simplification of financial reporting associated with accounting for convertible instruments and contracts in an entity’s own equity. The standard reduced the number of accounting models for convertible debt instruments and convertible preferred stock. This will result in fewer embedded conversion features being separately recognized from the host contract. Earnings per share (“EPS”) calculations have been simplified for certain instruments.	January 1, 2022	Either modified retrospective or fully retrospective	The standard did not have a material impact on its Consolidated Financial Statements.
Disclosures by Business Entities about Government Assistance	The amendments in this update require additional disclosures regarding government grants and contributions. These disclosures require information on the following three items about government transactions to be provided: information on the nature of transactions and related accounting policy used to account for transactions, the line items on the balance sheet and income statement affected by these transactions including amounts applicable to each line, and significant terms and conditions of the transactions, including commitments and contingencies.	January 1, 2022	Either prospective or retrospective	The standard did not have a material impact on its Consolidated Financial Statements.

Presented in the table below are recently issued accounting standards that have not yet been adopted by the Company as of March 31, 2022:

Standard	Description	Date of Adoption	Application	Estimated Effect on the Consolidated Financial Statements
Accounting for Contract Assets and Contract Liabilities from Contracts with Customers	The guidance requires an acquirer recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with Accounting Standards Codification Topic 606, as if it had originated the contracts. The amendments in this update also provide certain practical expedients for acquirers when recognizing and measuring acquired contract assets and contract liabilities from revenue contracts in a business combination.	January 1, 2023; early adoption permitted	Prospective	The Company is evaluating any impact on its Consolidated Financial Statements, as well as the timing of adoption.
Troubled debt restructurings and vintage disclosures	The main provisions of this standard eliminate the receivables accounting guidance for troubled debt restructurings (“TDRs”) by creditors while enhancing disclosure requirements when a borrower is experiencing financial difficulty. Entities must apply the loan refinancing and restructuring guidance for receivables to determine whether a modification results in a new loan or a continuation of an existing loan. Additionally, the amendments in this update require that an entity disclose current-period gross write-offs by year of origination for financing receivables and net investment in leases.	January 1, 2023; early adoption permitted	Prospective, with a modified retrospective option for amendments related to the recognition and measurement of TDRs.	The Company is evaluating any impact on its Consolidated Financial Statements, as well as the timing of adoption.

Allowance for Uncollectible Accounts

Allowances for uncollectible accounts are maintained for estimated probable losses resulting from the Company’s inability to collect receivables from customers. Accounts that are outstanding longer than the payment terms are considered past due. A number of factors are considered in determining the allowance for uncollectible accounts, including the length of time receivables are past due, previous loss history, current economic and societal conditions and reasonable and supportable forecasts that affect the collectability of receivables from customers. The Company generally writes off accounts when they become uncollectible or are over a certain number of days outstanding.

Presented in the table below are the changes in the allowance for uncollectible accounts for the three months ended March 31:

	2022	2021
Balance as of January 1	\$ (75)	\$ (60)
Amounts charged to expense	(4)	(11)
Amounts written off	7	—
Less: Allowance for uncollectible accounts included in assets held for sale (a)	—	4
Balance as of March 31	<u>\$ (72)</u>	<u>\$ (67)</u>

(a) This portion of the allowance for uncollectible accounts is related to the sale of the Company’s New York subsidiary, which was completed on January 1, 2022, and is included in assets held for sale on the Consolidated Balance Sheets as of December 31, 2021. See Note 5—Acquisitions and Divestitures for additional information.

Reclassifications

Certain reclassifications have been made to prior periods in the Consolidated Financial Statements and Notes to conform to the current presentation.

Note 3: Regulatory Matters

General Rate Cases and Infrastructure Surcharges

Presented in the table below are annualized incremental revenues, excluding reductions for the amortization of excess accumulated deferred income tax (“EADIT”) that are generally offset in income tax expense, assuming a constant water sales volume, resulting from general rate case authorizations and infrastructure surcharge authorizations that became effective in the current period:

(In millions)	During the Three Months Ended March 31,	
	2022	2021
General rate cases by state:		
West Virginia (effective February 25, 2022)	\$ 15	\$ —
California (effective January 1, 2022 and January 1, 2021)	13	22
Pennsylvania (effective January 1, 2022 and January 28, 2021)	20	70
Total general rate cases	<u>\$ 48</u>	<u>\$ 92</u>
Infrastructure surcharges by state:		
Indiana (effective March 21, 2022 and March 17, 2021)	\$ 8	\$ 8
West Virginia (effective March 1, 2022 and January 1, 2021)	3	5
Missouri (effective February 1, 2022)	12	—
Illinois (effective January 1, 2022 and January 1, 2021)	6	7
Pennsylvania (effective January 1, 2021)	—	8
Tennessee (effective January 1, 2021)	—	3
Total infrastructure surcharges	<u>\$ 29</u>	<u>\$ 31</u>

Effective April 1, 2022, the Company’s Pennsylvania subsidiary implemented infrastructure surcharges for annualized incremental revenues of \$2 million.

On February 24, 2022, the Company's West Virginia subsidiary ("WVAWC") was authorized additional annual revenues of \$15 million in its general rate case, effective February 25, 2022, excluding agreed to reductions for EADIT as a result of the Tax Cuts and Jobs Act of 2017 (the "TCJA"). The EADIT reduction in revenues is \$2 million and the exclusion for infrastructure surcharges is \$10 million. Staff of the WV Public Service Commission moved for reconsideration of the Commission's final order on several grounds. The Company filed its response to the Staff's Petition for Reconsideration on March 28, 2022 in support of the Commission authorized revenue requirement. The matter is currently pending before the Commission for its consideration.

On November 18, 2021, the California Public Utilities Commission (the "CPUC") unanimously approved a final decision in the test year 2021 general rate case filed by the Company's California subsidiary, which is retroactive to January 1, 2021. The Company's California subsidiary received authorization for additional annualized water and wastewater revenues of \$22 million, excluding agreed to reductions for EADIT as a result of the TCJA. The EADIT reduction in revenues is \$4 million and is offset by a like reduction in income tax expense. On February 16, 2022, the Company's California subsidiary received approval to increase rates by \$13 million in 2022 escalation increases, excluding \$4 million of reductions related to the TCJA, which is retroactive to January 1, 2022.

On March 2, 2021, an administrative law judge ("ALJ") in the Office of Administrative Law of New Jersey filed an initial decision with the New Jersey Board of Public Utilities (the "NJBPU") that recommended denial of a petition filed by the Company's New Jersey subsidiary, which sought approval of acquisition adjustments in rate base of \$29 million associated with the acquisitions of Shorelands Water Company, Inc. in 2017 and the Borough of Haddonfield's water and wastewater systems in 2015. On July 29, 2021, the NJBPU issued an order adopting the ALJ's initial decision without modification. The Company's New Jersey subsidiary filed a Notice of Appeal with the New Jersey Appellate Division on September 10, 2021. The Company filed its brief in support of the appeal on March 4, 2022. Response briefs are due by May 23, 2022. There is no financial impact to the Company as a result of the NJBPU's order, since the acquisition adjustments are currently recorded as goodwill on the Consolidated Balance Sheets.

On February 25, 2021, the Company's Pennsylvania subsidiary was authorized additional annualized revenues of \$90 million, effective January 28, 2021, excluding agreed to reductions in revenues of \$19 million for EADIT as a result of the TCJA. The overall increase, net of TCJA reductions, is \$71 million in revenues combined over two steps. The first step was effective January 28, 2021 in the amount of \$70 million (\$51 million including TCJA reductions) and the second step was effective January 1, 2022 in the amount of \$20 million. The protected EADIT balance of \$200 million is being returned to customers using the average rate assumptions method, and the unprotected EADIT balance of \$116 million is being returned to customers over 20 years. The \$19 million annual reduction to revenue is comprised of both the protected and unprotected EADIT amortizations and a portion of catch-up period EADIT. A bill credit of \$11 million annually for two years returns to customers the remainder of the EADIT catch-up period amortization. The catch-up period of January 1, 2018 through December 31, 2020 covers the period from when the lower federal corporate income tax rate went into effect until new base rates went into effect and will be amortized over two years.

Pending General Rate Case Filings

On February 10, 2022, the Company's Illinois subsidiary filed a general rate case requesting \$71 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges.

On January 14, 2022, the Company's New Jersey subsidiary filed a general rate case requesting \$110 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. Public hearings were held on April 6, 2022. Settlement conferences are scheduled to commence in May 2022 with evidentiary hearings expected to begin in September 2022.

On December 1, 2021, the Company's Kentucky subsidiary filed a wastewater rate case requesting additional revenues of \$1 million, excluding proposed reductions for EADIT as a result of TCJA. The Company's Kentucky subsidiary requested a four-step rate increase for their wastewater operations with effective dates of June 1, 2022, June 1, 2023, June 1, 2024 and June 1, 2025 for annual amounts of less than \$1 million each year. The Company's Kentucky subsidiary filed their wastewater case under the alternative rate filing process for smaller utilities which calculates an operating ratio of 88% rather than a return on equity.

On November 15, 2021, the Company's Virginia subsidiary filed a general rate case requesting \$15 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA.

On August 18, 2021, the Company's Hawaii subsidiary filed a general rate case requesting \$2 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA. On April 11, 2022, the Company and the Division of Consumer Advocacy submitted a joint letter to the Hawaii Public Utilities Commission indicating that the parties had, in principle, reached a settlement that would resolve all disputed issues in the case. In the joint letter, the parties also requested revisions to the procedural schedule.

The Company’s California subsidiary submitted its application on May 3, 2021 to set its cost of capital for 2022 through 2024. According to the CPUC’s procedural schedule, a decision setting the authorized cost of capital is expected to be issued in the fourth quarter of 2022.

Pending Infrastructure Surcharge Filings

On March 4, 2022, the Company’s Missouri subsidiary filed an infrastructure surcharge proceeding requesting \$19 million in additional annualized revenues.

On March 1, 2022, the Company’s Kentucky subsidiary filed an infrastructure surcharge proceeding requesting \$3 million in additional annualized revenues.

Other Regulatory Matters

In September 2020, the CPUC released a decision under its Low-Income Rate Payer Assistance program rulemaking that will require the Company’s California subsidiary to file a proposal to alter its water revenue adjustment mechanism in its next general rate case filing in 2022, which would become effective in January 2024. On October 5, 2020, the Company’s California subsidiary filed an application for rehearing of the decision and following the CPUC’s denial of its rehearing application in September 2021, the Company’s California subsidiary filed a petition for writ of review with the California Supreme Court on October 27, 2021.

Note 4: Revenue Recognition

Disaggregated Revenues

The Company’s primary business involves the ownership of utilities that provide water and wastewater services to residential, commercial, industrial, public authority, fire service and sale for resale customers, collectively presented as the “Regulated Businesses.” The Company also operates other market-based businesses that provide water and wastewater services to the U.S. government on military installations, as well as municipalities, and utility customers, collectively included within “Market-Based Businesses and Other.”

Presented in the table below are operating revenues disaggregated for the three months ended March 31, 2022:

(a) Includes revenues associated with provisional rates, alternative revenue programs, lease contracts and intercompany rent, which are outside the scope of ASC 606, and accounted for under other existing GAAP.

Contract Balances

Contract assets and contract liabilities are the result of timing differences between revenue recognition, billings and cash collections. In Market-Based Businesses and Other, certain contracts are billed as work progresses in accordance with agreed-upon contractual terms, either at periodic intervals or upon achievement of contractual milestones. Contract assets are recorded when billing occurs subsequent to revenue recognition and are reclassified to accounts receivable when billed and the right to consideration becomes unconditional. Contract liabilities are recorded when the Company receives advances from customers prior to satisfying contractual performance obligations, particularly for construction contracts and home warranty protection program contracts, and are recognized as revenue when the associated performance obligations are satisfied.

Contract assets of \$78 million and \$71 million are included in unbilled revenues on the Consolidated Balance Sheets as of March 31, 2022 and December 31, 2021, respectively. There were \$18 million of contract assets added during the three months ended March 31, 2022, and \$11 million of contract assets were transferred to accounts receivable during the same period. There were \$19 million of contract assets added during the three months ended March 31, 2021, and \$8 million of contract assets were transferred to accounts receivable during the same period.

Contract liabilities of \$20 million and \$19 million are included in other current liabilities on the Consolidated Balance Sheets as of March 31, 2022 and December 31, 2021, respectively. There were \$36 million of contract liabilities added during the three months ended March 31, 2022, and \$35 million of contract liabilities were recognized as revenue during the same period. There were \$57 million of contract liabilities added during the three months ended March 31, 2021, and \$48 million of contract liabilities were recognized as revenue during the same period.

Remaining Performance Obligations

Remaining performance obligations (“RPOs”) represent revenues the Company expects to recognize in the future from contracts that are in progress. The Company enters into agreements for the provision of services to water and wastewater facilities for the U.S. military, municipalities and other customers. As of March 31, 2022, the Company’s operation and maintenance (“O&M”) and capital improvement contracts in Market-Based Businesses and Other have RPOs. Contracts with the U.S. government for work on various military installations expire between 2051 and 2071 and have RPOs of \$6.2 billion as of March 31, 2022, as measured by estimated remaining contract revenue. Such contracts are subject to customary termination provisions held by the U.S. government, prior to the agreed-upon contract expiration. Contracts with municipalities and commercial customers expire between 2022 and 2038 and have RPOs of \$580 million as of March 31, 2022, as measured by estimated remaining contract revenue. Some of the Company’s long-term contracts to operate and maintain the federal government’s, a municipality’s or other party’s water or wastewater treatment and delivery facilities include responsibility for certain maintenance for some of those facilities, in exchange for an annual fee. Unless specifically required to perform certain maintenance activities, the maintenance costs are recognized when the maintenance is performed.

Note 5: Acquisitions and Divestitures***Regulated Businesses***

During the three months ended March 31, 2022, the Company closed on the acquisition of four regulated water and wastewater systems for a total aggregate purchase price of \$5 million. Assets acquired from these acquisitions consisted principally of utility plant.

On April 6, 2021, the Company’s Pennsylvania subsidiary entered into an Asset Purchase Agreement with the York City Sewer Authority (the “Seller”) and the City of York, with respect to the purchase of the Seller’s public wastewater collection and treatment system assets (the “System Assets”). On April 14, 2022, the Pennsylvania Public Utility Commission (“PaPUC”) approved the Company’s Pennsylvania subsidiary’s application to acquire the System Assets from the Seller for a purchase price of \$235 million, plus an amount of average daily revenue calculated for the period between the final meter reading and the date of closing. The System Assets serve, directly and indirectly through bulk contracts, more than 45,000 customers. Assuming no successful contest of the PaPUC’s approval occurs within 30 days thereafter, this approval would satisfy a significant remaining condition to the closing of the transaction, which is expected to occur by or before mid-June 2022.

On March 29, 2021, the Company’s New Jersey subsidiary entered into an agreement to acquire the water and wastewater assets of Egg Harbor City for \$22 million. The water and wastewater systems currently serve approximately 1,500 customers each, or 3,000 combined, and are being sold through the New Jersey Water Infrastructure Protection Act process. The Company expects to close this acquisition in the second half of 2022, pending regulatory approval.

Sale of New York American Water Company, Inc.

On January 1, 2022, the Company completed the previously disclosed sale of its regulated utility operations in New York to Liberty Utilities (Eastern Water Holdings) Corp. (“Liberty”), an indirect, wholly owned subsidiary of Algonquin Power & Utilities Corp. Liberty purchased from the Company all of the capital stock of the Company’s New York subsidiary for a purchase price of \$608 million in cash. During the first quarter of 2022, the Company recognized a loss on sale of \$2 million.

Sale of Michigan American Water Company

On February 4, 2022, the Company completed the sale of its operations in Michigan for \$6 million.

Sale of Homeowner Services Group

On December 9, 2021, the Company sold all of the equity interests in subsidiaries that comprised the Company’s Homeowner Services Group (“HOS”) to a wholly owned subsidiary of funds advised by Apax Partners LLP, a global private equity advisory firm (the “Buyer”), for total consideration of approximately \$1.275 billion, resulting in pre-tax gain on sale of \$748 million during the fourth quarter of 2021. The consideration was comprised of \$480 million in cash, a seller promissory note issued by the Buyer in the principal amount of \$720 million, and a contingent cash payment of \$75 million payable upon satisfaction of certain conditions on or before December 31, 2023. See Note 13—Fair Value of Financial Information for additional information relating to the seller promissory note and contingent cash payment. During the first quarter of 2022, the Company recorded a post-close adjustment totaling approximately \$10 million pre-tax, which is included in Other, net on the Consolidated Statements of Operations.

The seller note has a five-year term, is payable in cash, and bears interest at a rate of 7.00% per year during the term. The Company recognized \$13 million of interest income during the first quarter of 2022 from the seller note.

The Company and the Buyer also entered into a revenue share agreement, pursuant to which the Company is to receive 10% of the revenue generated from customers who are billed for home warranty services through an applicable Company subsidiary (an “on-bill” arrangement), and 15% of the revenue generated from any future on-bill arrangements entered into after the closing. Unless earlier terminated, this agreement has a term of up to 15 years, which may be renewed for up to two five-year periods. The Company recognized \$2 million of income during the first quarter of 2022 from the revenue share agreement, which is included in Other, net on the Consolidated Statements of Operations.

The pro forma impact of the Company’s acquisitions was not material to the Consolidated Statements of Operations for the periods ended March 31, 2022 and 2021.

Note 6: Shareholders’ Equity

Accumulated Other Comprehensive Loss

Presented in the table below are the changes in accumulated other comprehensive loss by component, net of tax, for the three months ended March 31, 2022 and 2021, respectively:

	Defined Benefit Pension Plans				Accumulated Other Comprehensive Loss
	Employee Benefit Plan Funded Status	Amortization of Prior Service Cost	Amortization of Actuarial Loss	Loss on Cash Flow Hedges	
Balance as of December 31, 2021	\$ (107)	\$ 1	\$ 67	\$ (6)	\$ (45)
Amounts reclassified from accumulated other comprehensive loss	—	—	1	—	1
Net other comprehensive income	—	—	1	—	1
Balance as of March 31, 2022	\$ (107)	\$ 1	\$ 68	\$ (6)	\$ (44)
Balance as of December 31, 2020	\$ (106)	\$ 1	\$ 63	\$ (7)	\$ (49)
Amounts reclassified from accumulated other comprehensive loss	—	—	1	—	1
Net other comprehensive income	—	—	1	—	1
Balance as of March 31, 2021	\$ (106)	\$ 1	\$ 64	\$ (7)	\$ (48)

The Company does not reclassify the amortization of defined benefit pension cost components from accumulated other comprehensive loss directly to net income in its entirety, as a portion of these costs have been deferred as a regulatory asset. These accumulated other comprehensive loss components are included in the computation of net periodic pension cost.

The amortization of the gain (loss) on cash flow hedges is reclassified to net income during the period incurred and is included in interest, net in the accompanying Consolidated Statements of Operations.

Dividends

On March 1, 2022, the Company paid a quarterly cash dividend of \$0.6025 per share to shareholders of record as of February 8, 2022.

On April 27, 2022, the Company’s Board of Directors declared a quarterly cash dividend payment of \$0.6550 per share, payable on June 1, 2022 to shareholders of record as of May 10, 2022. Future dividends, when and as declared at the discretion of the Board of Directors, will be dependent upon future earnings and cash flows, compliance with various regulatory, financial and legal requirements, and other factors. See Note 10—Shareholders' Equity in the Notes to Consolidated Financial Statements in the Company’s Form 10-K for additional information regarding the payment of dividends on the Company’s common stock.

Note 7: Long-Term Debt

During the three months ended March 31, 2022, American Water Capital Corp. (“AWCC”) and the Company’s regulated subsidiaries issued in the aggregate \$11 million of private activity bonds and government funded debt in multiple transactions with annual interest rates of 0.74%, maturing in 2041. During the three months ended March 31, 2022, AWCC and the Company’s regulated subsidiaries made sinking fund payments for, or repaid at maturity, \$5 million in aggregate principal amount of outstanding long-term debt, with annual interest rates ranging from 0.00% to 12.25%, a weighted average interest rate of 3.06%, and maturity dates ranging from 2022 to 2048.

In April 2022, the Company entered into several 10-year treasury lock agreements, with notional amounts totaling \$375 million, to reduce interest rate exposure on debt expected to be issued in 2022. These treasury lock agreements have an average fixed interest rate of 2.89%. The Company designated these treasury lock agreements as cash flow hedges, with their fair value recorded in accumulated other comprehensive gain or loss. Upon termination, the cumulative gain or loss recorded in accumulated other comprehensive gain or loss will be amortized through interest, net over the term of the new debt.

Note 8: Short-Term Debt

Liquidity needs for capital investment, working capital and other financial commitments are generally funded through cash flows from operations, public and private debt offerings, commercial paper markets and, if and to the extent necessary, borrowings under the AWCC revolving credit facility. Additionally, proceeds from the aforementioned sales of HOS and the Company's New York subsidiary will be used primarily for capital investment in the Regulated Businesses. The revolving credit facility provides \$2.25 billion in aggregate total commitments from a diversified group of financial institutions. The termination date of the credit agreement with respect to AWCC's revolving credit facility is March 21, 2025. The facility is used principally to support AWCC's commercial paper program, to provide additional liquidity support and to provide a sub-limit of up to \$150 million for letters of credit. As of March 31, 2022 and December 31, 2021, there were no borrowings outstanding under the revolving credit facility.

Short-term debt consists of commercial paper and credit facility borrowings totaling \$321 million and \$584 million as of March 31, 2022 and December 31, 2021, respectively. The weighted-average interest rate on AWCC's outstanding short-term borrowings was approximately 0.26% and 0.25% at March 31, 2022 and December 31, 2021, respectively. As of March 31, 2022 and December 31, 2021, there were no commercial paper or credit facility borrowings outstanding with maturities greater than three months.

Presented in the tables below is the aggregate credit facility commitments, commercial paper limit and letter of credit availability under the revolving credit facility, as well as the available capacity for each:

	As of March 31, 2022		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(321)	(76)	(397)
Remaining availability as of March 31, 2022	\$ 1,779	\$ 74	\$ 1,853

(a) Total remaining availability of \$1.85 billion as of March 31, 2022 may be accessed through revolver draws.

	As of December 31, 2021		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(584)	(76)	(660)
Remaining availability as of December 31, 2021	\$ 1,516	\$ 74	\$ 1,590

(a) Total remaining availability of \$1.59 billion as of December 31, 2021 may be accessed through revolver draws.

Presented in the table below is the Company's total available liquidity as of March 31, 2022 and December 31, 2021, respectively:

	Cash and Cash Equivalents	Availability on Revolving Credit Facility	Total Available Liquidity
(In millions)			
Available liquidity as of March 31, 2022	\$ 75	\$ 1,853	\$ 1,928
Available liquidity as of December 31, 2021	\$ 116	\$ 1,590	\$ 1,706

Note 9: Income Taxes

The Company's effective income tax rate was 18.1% and 14.2% for the three months ended March 31, 2022 and 2021, respectively. The Company's effective income tax rate reflects the amortization of EADIT pursuant to regulatory orders.

Note 10: Pension and Other Postretirement Benefits

Presented in the table below are the components of net periodic benefit credit:

	For the Three Months Ended March 31,	
	2022	2021
Components of net periodic pension benefit credit:		
Service cost	\$ 8	\$ 9
Interest cost	16	17
Expected return on plan assets	(31)	(32)
Amortization of prior service credit	(1)	(1)
Amortization of actuarial loss	5	7
Net periodic pension benefit credit	\$ (3)	\$ —
Components of net periodic other postretirement benefit credit:		
Service cost	\$ 1	\$ 1
Interest cost	3	2
Expected return on plan assets	(5)	(5)
Amortization of prior service credit	(8)	(8)
Net periodic other postretirement benefit credit	\$ (9)	\$ (10)

The Company contributed \$9 million for the funding of its defined benefit pension plans for each of the three months ended March 31, 2022 and 2021. There were \$10 million of contributions for the funding of the Company’s other postretirement benefit plans for the three months ended March 31, 2022 and no such contributions for the three months ended March 31, 2021. The Company expects to make pension contributions to the plan trusts of \$28 million during the remainder of 2022.

Note 11: Commitments and Contingencies

Contingencies

The Company is routinely involved in legal actions incident to the normal conduct of its business. As of March 31, 2022, the Company has accrued approximately \$6 million of probable loss contingencies and has estimated that the maximum amount of losses associated with reasonably possible loss contingencies that can be reasonably estimated is \$3 million. For certain matters, claims and actions, the Company is unable to estimate possible losses. The Company believes that damages or settlements, if any, recovered by plaintiffs in such matters, claims or actions, other than as described in this Note 11—Commitments and Contingencies, will not have a material adverse effect on the Company.

West Virginia Elk River Freedom Industries Chemical Spill

On June 8, 2018, the U.S. District Court for the Southern District of West Virginia granted final approval of a settlement class and global class action settlement (the “Settlement”) for all claims and potential claims by all class members (collectively, the “West Virginia Plaintiffs”) arising out of the January 2014 Freedom Industries, Inc. chemical spill in West Virginia. The effective date of the Settlement was July 16, 2018. Under the terms and conditions of the Settlement, WVAWC and certain other Company-affiliated entities did not admit, and will not admit, any fault or liability for any of the allegations made by the West Virginia Plaintiffs in any of the actions that were resolved.

The aggregate pre-tax amount contributed by WVAWC of the \$126 million portion of the Settlement with respect to the Company, net of insurance recoveries, is \$19 million. As of March 31, 2022, \$0.5 million of the aggregate Settlement amount of \$126 million has been reflected in accrued liabilities, and \$0.5 million in offsetting insurance receivables have been reflected in other current assets on the Consolidated Balance Sheets. The amount reflected in accrued liabilities as of March 31, 2022 reflects reductions in the liability and appropriate reductions to the offsetting insurance receivable reflected in other current assets, associated with payments made to the Settlement fund, the receipt of a determination by the Settlement fund’s appeal adjudicator on all remaining medical claims and the calculation of remaining attorneys’ fees and claims administration costs. The Company funded WVAWC’s contributions to the Settlement through existing sources of liquidity.

Dunbar, West Virginia Water Main Break Class Action Litigation

On the evening of June 23, 2015, a 36-inch pre-stressed concrete transmission water main, installed in the early 1970s, failed. The water main is part of the West Relay pumping station located in the City of Dunbar, West Virginia and owned by WVAWC. The failure of the main caused water outages and low pressure for up to approximately 25,000 WVAWC customers. In the early morning hours of June 25, 2015, crews completed a repair, but that same day, the repair developed a leak. On June 26, 2015, a second repair was completed and service was restored that day to approximately 80% of the impacted customers, and to the remaining approximately 20% by the next morning. The second repair showed signs of leaking, but the water main was usable until June 29, 2015 to allow tanks to refill. The system was reconfigured to maintain service to all but approximately 3,000 customers while a final repair was being completed safely on June 30, 2015. Water service was fully restored by July 1, 2015 to all customers affected by this event.

On June 2, 2017, a complaint captioned *Jeffries, et al. v. West Virginia-American Water Company* was filed in West Virginia Circuit Court in Kanawha County on behalf of an alleged class of residents and business owners who lost water service or pressure as a result of the Dunbar main break. The complaint alleges breach of contract by WVAWC for failure to supply water, violation of West Virginia law regarding the sufficiency of WVAWC's facilities and negligence by WVAWC in the design, maintenance and operation of the water system. The *Jeffries* plaintiffs seek unspecified alleged damages on behalf of the class for lost profits, annoyance and inconvenience, and loss of use, as well as punitive damages for willful, reckless and wanton behavior in not addressing the risk of pipe failure and a large outage.

In February 2020, the *Jeffries* plaintiffs filed a motion seeking class certification on the issues of breach of contract and negligence, and to determine the applicability of punitive damages and a multiplier for those damages if imposed. In July 2020, the Circuit Court entered an order granting the *Jeffries* plaintiffs' motion for certification of a class regarding certain liability issues but denying certification of a class to determine a punitive damages multiplier. In August 2020, WVAWC filed a Petition for Writ of Prohibition in the Supreme Court of Appeals of West Virginia seeking to vacate or remand the Circuit Court's order certifying the issues class. On January 28, 2021, the Supreme Court of Appeals remanded the case back to the Circuit Court for further consideration in light of a decision issued in another case relating to the class certification issues raised on appeal. On July 16, 2021, oral argument was heard by the Circuit Court on the issue of addressing the Supreme Court of Appeals' remand. This matter remains pending.

The Company and WVAWC believe that WVAWC has valid, meritorious defenses to the claims raised in this class action complaint. WVAWC is vigorously defending itself against these allegations. The Company cannot currently determine the likelihood of a loss, if any, or estimate the amount of any loss or a range of such losses related to this proceeding.

Chattanooga, Tennessee Water Main Break Class Action Litigation

On September 12, 2019, the Company's Tennessee subsidiary ("TAWC"), experienced a leak in a 36-inch water transmission main, which caused service fluctuations or interruptions to TAWC customers and the issuance of a boil water notice. TAWC repaired the main by early morning on September 14, 2019, and restored full water service by the afternoon of September 15, 2019, with the boil water notice lifted for all customers on September 16, 2019.

On September 17, 2019, a complaint captioned *Bruce, et al. v. American Water Works Company, Inc., et al.* was filed in the Circuit Court of Hamilton County, Tennessee against TAWC, the Company and American Water Works Service Company, Inc. ("Service Company" and, together with TAWC and the Company, collectively, the "Tennessee-American Water Defendants"), on behalf of a proposed class of individuals or entities who lost water service or suffered monetary losses as a result of the Chattanooga incident (the "Tennessee Plaintiffs"). The complaint alleged breach of contract and negligence against the Tennessee-American Water Defendants, as well as an equitable remedy of piercing the corporate veil. In the complaint as originally filed, the Tennessee Plaintiffs were seeking an award of unspecified alleged damages for wage losses, business and economic losses, out-of-pocket expenses, loss of use and enjoyment of property and annoyance and inconvenience, as well as punitive damages, attorneys' fees and pre- and post-judgment interest. In September 2020, the court dismissed all of the Tennessee Plaintiffs' claims in their complaint, except for the breach of contract claims against TAWC, which remain pending. In October 2020, TAWC answered the complaint, and the parties have been engaging in discovery. The court has entered an agreed scheduling order, which sets a hearing in October 2022 to address the question of class certification.

TAWC and the Company believe that TAWC has meritorious defenses to the claims raised in this class action complaint, and TAWC is vigorously defending itself against these allegations. The Company cannot currently determine the likelihood of a loss, if any, or estimate the amount of any loss or a range of such losses related to this proceeding.

*Alternative Water Supply in Lieu of Carmel River Diversions*Compliance with Orders to Reduce Carmel River Diversions—Monterey Peninsula Water Supply Project

Under a 2009 order (the “2009 Order”) of the State Water Resources Control Board (the “SWRCB”), the Company’s California subsidiary (“Cal Am”) is required to decrease significantly its yearly diversions of water from the Carmel River according to a set reduction schedule. In 2016, the SWRCB issued an order (the “2016 Order”) approving a deadline of December 31, 2021 for Cal Am’s compliance with these prior orders.

Cal Am is currently involved in developing the Monterey Peninsula Water Supply Project (the “Water Supply Project”), which includes the construction of a desalination plant, to be owned by Cal Am, and the construction of wells that would supply water to the desalination plant. In addition, the Water Supply Project also includes Cal Am’s purchase of water from a groundwater replenishment project (the “GWR Project”) between Monterey One Water and the Monterey Peninsula Water Management District (the “MPWMD”). The Water Supply Project is intended, among other things, to fulfill Cal Am’s obligations under the 2009 Order and the 2016 Order.

Cal Am’s ability to move forward on the Water Supply Project is subject to administrative review by the CPUC and other government agencies, obtaining necessary permits, and intervention from other parties. In September 2016, the CPUC unanimously approved a final decision to authorize Cal Am to enter into a water purchase agreement for the GWR Project and to construct a pipeline and pump station facilities and recover up to \$50 million in associated incurred costs plus an allowance for funds used during construction (“AFUDC”), subject to meeting certain criteria.

In September 2018, the CPUC unanimously approved another final decision finding that the Water Supply Project meets the CPUC’s requirements for a certificate of public convenience and necessity and an additional procedural phase was not necessary to consider alternative projects. The CPUC’s 2018 decision concludes that the Water Supply Project is the best project to address estimated future water demands in Monterey, and, in addition to the cost recovery approved in its 2016 decision, adopts Cal Am’s cost estimates for the Water Supply Project, which amounted to an aggregate of \$279 million plus AFUDC at a rate representative of Cal Am’s actual financing costs. The 2018 final decision specifies the procedures for recovery of all of Cal Am’s prudently incurred costs associated with the Water Supply Project upon its completion, subject to the frameworks included in the final decision related to cost caps, operation and maintenance costs, financing, ratemaking and contingency matters. The reasonableness of the Water Supply Project costs will be reviewed by the CPUC when Cal Am seeks cost recovery for the Water Supply Project. Cal Am has incurred \$192 million in aggregate costs as of March 31, 2022 related to the Water Supply Project, which includes \$50 million in AFUDC.

In September 2021, Cal Am, Monterey One Water and the MPWMD reached an agreement on Cal Am’s purchase of additional water from an expansion to the GWR Project, which is not expected to produce additional water until 2024 at the earliest. The amended and restated water purchase agreement for the GWR Project expansion is subject to review and approval of the CPUC, and on November 29, 2021, Cal Am filed an application with the CPUC seeking review and approval of the amended and restated water purchase agreement. Cal Am is also requesting rate base treatment of the additional capital investment for certain Cal Am facilities required to maximize the water supply from the expansion to the GWR Project and a related Aquifer Storage and Recovery Project, totaling approximately \$81 million. This amount is in addition to, and consistent in regulatory treatment with, the prior \$50 million of cost recovery for facilities associated with the original water purchase agreement, which was approved by the CPUC in its 2016 final decision.

While Cal Am believes that its expenditures to date have been prudent and necessary to comply with the 2009 Order and the 2016 Order, as well as the CPUC’s 2016 and 2018 final decisions, Cal Am cannot currently predict its ability to recover all of its costs and expenses associated with the Water Supply Project and there can be no assurance that Cal Am will be able to recover all of such costs and expenses in excess of the \$50 million in construction costs previously approved by the CPUC in its 2016 final decision.

Coastal Development Permit Application

In June 2018, Cal Am submitted a coastal development permit application to the City of Marina (the “City”) for those project components of the Water Supply Project located within the City’s coastal zone. Members of the City’s Planning Commission, as well as City councilpersons, have publicly expressed opposition to the Water Supply Project. In May 2019, the City issued a notice of final local action based upon the denial by the Planning Commission of Cal Am’s coastal development permit application. Thereafter, Cal Am appealed this decision to the California Coastal Commission (the “Coastal Commission”), as permitted under the City’s code and the California Coastal Act. At the same time, Cal Am submitted an application to the Coastal Commission for a coastal development permit for those project components located within the Coastal Commission’s original jurisdiction. In October 2019, staff of the Coastal Commission issued a report recommending a denial of Cal Am’s application for a coastal development permit with respect to the Water Supply Project, largely based on a memorandum prepared by the general manager of the MPWMD that contradicted findings made by the CPUC in its final decision approving the Water Supply Project. In November 2019, discussions between staffs of the Coastal Commission and the CPUC took place regarding the Coastal Commission staff recommendation, at which time the CPUC raised questions about the Coastal Commission staff’s findings on water supply and demand, groundwater impacts and the viability of a project that the Coastal Commission staff believes may be a possible alternative to the Water Supply Project.

In August 2020, the staff of the Coastal Commission released a report again recommending denial of Cal Am’s application for a coastal development permit. Although the report concluded that the Water Supply Project would have a negligible impact on groundwater resources, the report also concluded it would impact other coastal resources, such as environmentally sensitive habitat areas and wetlands, and that the Coastal Commission staff believes that a feasible alternative project exists that would avoid those impacts. The staff’s report also noted disproportionate impacts to communities of concern. In September 2020, Cal Am withdrew its original jurisdiction application to allow additional time to address the Coastal Commission staff’s environmental justice concerns. The withdrawal of the original jurisdiction application did not impact Cal Am’s appeal of the City’s denial, which remains pending before the Coastal Commission. Cal Am refiled the original jurisdiction application in November 2020. In December 2020, the Coastal Commission sent to Cal Am a notice of incomplete application, identifying certain additional information needed to consider the application complete. In March 2021, Cal Am provided responses to the Coastal Commission’s notice of incomplete application. On June 18, 2021, the Coastal Commission responded, acknowledging the responses and requesting certain additional information before the application could be considered complete. Cal Am responded with the requested additional information on January 11, 2022, and on February 8, 2022, the Coastal Commission requested additional information. The original jurisdiction application remains pending.

Cal Am continues to work constructively with all appropriate agencies to provide necessary information in connection with obtaining required approvals for the Water Supply Project. However, there can be no assurance that the Water Supply Project in its current configuration will be completed on a timely basis, if ever. Beginning in January 2022, Cal Am expects to be able to comply with the diversion reduction requirements contained in the 2016 Order, but continued compliance with the diversion reduction requirements for 2023 and future years will depend on successful development of alternate water supply sources, sufficient to meet customer demand. The 2009 Order and the 2016 Order remain in effect until Cal Am certifies to the SWRCB, and the SWRCB concurs, that Cal Am has obtained a permanent supply of water to substitute for past unauthorized Carmel River diversions. While the Company cannot currently predict the likelihood or result of any adverse outcome associated with these matters, further attempts to comply with the 2009 Order and the 2016 Order may result in material additional costs and obligations to Cal Am, including fines and penalties against Cal Am in the event of noncompliance with the 2009 Order and the 2016 Order.

Note 12: Earnings per Common Share

Presented in the table below is a reconciliation of the numerator and denominator for the basic and diluted EPS calculations:

	For the Three Months Ended March 31,	
	2022	2021
Numerator:		
Net income attributable to common shareholders	\$ 158	\$ 133
Denominator:		
Weighted-average common shares outstanding—Basic	182	181
Effect of dilutive common stock equivalents	—	1
Weighted-average common shares outstanding—Diluted	182	182

The effect of dilutive common stock equivalents is related to outstanding stock options, restricted stock units (“RSUs”) and performance stock units (“PSUs”) granted under the Company’s 2007 Omnibus Equity Compensation Plan and outstanding RSUs and PSUs granted under the Company’s 2017 Omnibus Equity Compensation Plan, as well as estimated shares to be purchased under the Company’s 2017 Nonqualified Employee Stock Purchase Plan. Less than one million share-based awards were excluded from the computation of diluted EPS for the three months ended March 31, 2022 and 2021, because their effect would have been anti-dilutive under the treasury stock method.

Note 13: Fair Value of Financial Information

Fair Value of Financial Instruments

The following methods and assumptions were used by the Company in estimating its fair value disclosures for financial instruments:

Current assets and current liabilities—The carrying amounts reported on the Consolidated Balance Sheets for current assets and current liabilities, including revolving credit debt, due to the short-term maturities and variable interest rates, approximate their fair values.

Seller promissory note from the sale of HOS — The carrying amount reported on the Consolidated Balance Sheets for the seller promissory note from the sale of HOS is \$720 million as of March 31, 2022 and December 31, 2021. This amount represents the principal amount owed under the loan. The fair values of the seller note, including any impact of interest rates, approximated \$700 million and \$720 million as March 31, 2022 and December 31, 2021, respectively. The seller note is classified as Level 3 within the fair value hierarchy.

Preferred stock with mandatory redemption requirements and long-term debt—The fair values of preferred stock with mandatory redemption requirements and long-term debt are categorized within the fair value hierarchy based on the inputs that are used to value each instrument. The fair value of long-term debt classified as Level 1 is calculated using quoted prices in active markets. Level 2 instruments are valued using observable inputs and Level 3 instruments are valued using observable and unobservable inputs.

Presented in the tables below are the carrying amounts, including fair value adjustments previously recognized in acquisition purchase accounting, and the fair values of the Company’s financial instruments:

	As of March 31, 2022					
	Carrying Amount	At Fair Value				Total
		Level 1	Level 2	Level 3		
Preferred stock with mandatory redemption requirements	\$ 3	\$ —	\$ —	\$ 3	\$ 3	\$ 3

Total assets	\$ 61	\$ —	\$ 72	\$ 133

Restricted funds—The Company’s restricted funds primarily represent proceeds received from financings for the construction and capital improvement of facilities and from customers for future services under operation, maintenance and repair projects.

Rabbi trust investments—The Company’s rabbi trust investments consist of equity and index funds from which supplemental executive retirement plan benefits and deferred compensation obligations can be paid. The Company includes these assets in other long-term assets on the Consolidated Balance Sheets.

Deposits—Deposits include escrow funds and certain other deposits held in trust. The Company includes cash deposits in other current assets on the Consolidated Balance Sheets.

Deferred compensation obligations—The Company’s deferred compensation plans allow participants to defer certain cash compensation into notional investment accounts. The Company includes such plans in other long-term liabilities on the Consolidated Balance Sheets. The value of the Company’s deferred compensation obligations is based on the market value of the participants’ notional investment accounts. The notional investments are comprised primarily of mutual funds, which are based on observable market prices.

Mark-to-market derivative assets and liabilities—The Company employs derivative financial instruments in the form of variable-to-fixed interest rate swaps and treasury lock agreements, classified as economic hedges and cash flow hedges, respectively, in order to fix the interest cost on existing or forecasted debt. The Company may use fixed-to-floating interest rate swaps, typically designated as fair-value hedges, to achieve a targeted level of variable-rate debt as a percentage of total debt. The Company uses a calculation of future cash inflows and estimated future outflows, which are discounted, to determine the current fair value. Additional inputs to the present value calculation include the contract terms, counterparty credit risk, interest rates and market volatility. The Company had no significant mark-to-market derivatives outstanding as of March 31, 2022.

Other investments—Other investments primarily represent money market funds used for active employee benefits. The Company includes other investments in other current assets on the Consolidated Balance Sheets.

Contingent cash payment from the sale of HOS—The Company’s contingent cash payment derivative included as part of the consideration from the sale of HOS is included in other long-term assets on the Consolidated Balance Sheets. The fair value of the contingent cash payment is estimated using the probability of the outcome of receipt of the \$75 million, a Level 3 input.

Note 14: Leases

The Company has operating and finance leases involving real property, including facilities, utility assets, vehicles, and equipment. Certain operating leases have renewal options ranging from one to 60 years. The exercise of lease renewal options is at the Company’s sole discretion. Renewal options that the Company was reasonably certain to exercise are included in the Company’s right-of-use (“ROU”) assets. Certain operating leases contain the option to purchase the leased property. The operating leases for real property, vehicles and equipment will expire over the next 38 years, five years, and five years, respectively.

The Company participates in a number of arrangements with various public entities (“Partners”) in West Virginia. Under these arrangements, the Company transferred a portion of its utility plant to the Partners in exchange for an equal principal amount of Industrial Development Bonds (“IDBs”) issued by the Partners under the Industrial Development and Commercial Development Bond Act. The Company leased back the utility plant under agreements for a period of 30 to 40 years. The Company has recorded these agreements as finance leases in property, plant and equipment, as ownership of the assets will revert back to the Company at the end of the lease term. The carrying value of the finance lease assets was \$146 million as of March 31, 2022 and December 31, 2021. The Company determined that the finance lease obligations and the investments in IDBs meet the conditions for offsetting, and as such, are reported net on the Consolidated Balance Sheets and excluded from the finance lease disclosure presented below.

The Company also enters into O&M agreements with the Partners. The Company pays an annual fee for use of the Partners’ assets in performing under the O&M agreements. The O&M agreements are recorded as operating leases, and future annual use fees of \$3 million in 2022 and \$4 million in 2023 through 2026, and \$48 million thereafter, are included in operating lease ROU assets and operating lease liabilities on the Consolidated Balance Sheets.

Rental expenses under operating and finance leases were \$3 million for the three months ended March 31, 2022 and March 31, 2021, respectively.

For the three months ended March 31, 2022, cash paid for amounts in lease liabilities, which includes operating and financing cash flows from operating and finance leases, was \$3 million. For the three months ended March 31, 2022, there were ROU assets obtained in exchange for new operating lease liabilities of \$1 million.

As of March 31, 2022, the weighted-average remaining lease term of the finance lease and operating leases were four years and 18 years, respectively, and the weighted-average discount rate of the finance lease and operating leases were 12% and 4%, respectively.

The future maturities of lease liabilities at March 31, 2022 are \$9 million in 2022, \$9 million in 2023, \$8 million in 2024, \$8 million in 2025, \$7 million in 2026 and \$88 million thereafter. At March 31, 2022, imputed interest was \$43 million.

Note 15: Segment Information

The Company's operating segments are comprised of the revenue-generating components of its businesses for which separate financial information is internally produced and regularly used by management to make operating decisions, assess performance and allocate resources. The Company operates its businesses primarily through one reportable segment, the Regulated Businesses segment. "Market-Based Businesses and Other" includes market-based businesses that, individually, do not meet the criteria of a reportable segment in accordance with GAAP, corporate costs that are not allocated to the Company's operating segments, eliminations of inter-segment transactions and fair value adjustments and associated income and deductions related to acquisitions that have not been allocated to the operating segments for evaluation of performance and allocation of resource purposes. The adjustments related to the acquisitions are reported in Market-Based Businesses and Other as they are excluded from segment performance measures evaluated by management.

As a result of the sale of HOS, the categories which were previously shown as "Market-Based Businesses" and "Other" have been combined and shown as "Market-Based Businesses and Other." Segment results for the three months ended March 31, 2021 have been adjusted retrospectively to reflect this change.

Presented in the tables below is summarized segment information:

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read together with the unaudited Consolidated Financial Statements and the Notes thereto included elsewhere in this Form 10-Q, and in the Company’s Form 10-K for the year ended December 31, 2021. This discussion contains forward-looking statements that are based on management’s current expectations, estimates and projections about the Company’s business, operations and financial performance. The cautionary statements made in this Form 10-Q should be read as applying to all related forward-looking statements whenever they appear in this Form 10-Q. The Company’s actual results may differ materially from those currently anticipated and expressed in such forward-looking statements as a result of a number of factors, including those that are discussed under “Forward-Looking Statements” and elsewhere in this Form 10-Q. The Company has a disclosure committee consisting of members of senior management and other key employees involved in the preparation of the Company’s SEC reports. The disclosure committee is actively involved in the review and discussion of the Company’s SEC filings.

Overview

American Water is the largest and most geographically diverse, publicly traded water and wastewater utility company in the United States, as measured by both operating revenues and population served. The Company’s primary business involves the ownership of utilities that provide water and wastewater services to residential, commercial, industrial, public authority, fire service and sale for resale customers, collectively presented as the “Regulated Businesses.” Services provided by the Company’s utilities are subject to regulation by multiple state utility commissions or other entities engaged in utility regulation, collectively referred to as public utility commissions (“PUCs”). The Company also operates other market-based businesses not subject to economic regulation by state PUCs that provide water and wastewater services to the U.S. government on military installations, as well as municipalities, and utility customers, collectively included within “Market-Based Businesses and Other.” See Part I, Item 1—Business in the Company’s Form 10-K for additional information.

Financial Results

For the three months ended March 31, 2022, diluted earnings per share, prepared in accordance with accounting principles generally accepted in the United States (“GAAP”), were \$0.87, an increase of \$0.14 per diluted share, as compared to the same period in the prior year. This increase was primarily driven by continued growth in the Regulated Businesses from infrastructure investment, acquisitions and organic growth. Also, included in 2022 results is \$0.06 per share from interest income earned on the seller note and income earned on the revenue share agreement from the sale of HOS. See Note 5—Acquisitions and Divestitures in the Notes to Consolidated Financial Statements for additional information.

Growth Through Capital Investment in Infrastructure and Regulated Acquisitions

The Company continues to grow its businesses, with the majority of its growth to be achieved in the Regulated Businesses through (i) continued capital investment in the Company’s infrastructure to provide safe, clean, reliable and affordable water and wastewater services to its customers, and (ii) regulated acquisitions to expand the Company’s services to new customers. The Company plans to invest approximately \$2.5 billion across its footprint in 2022. During the first three months of 2022, the Company invested \$437 million, primarily in the Regulated Businesses, as discussed below:

Regulated Businesses - Growth and Optimization

- \$430 million capital investment in the Regulated Businesses, the majority for infrastructure improvements and replacements; and
- \$5 million to fund acquisitions in the Regulated Businesses, which added approximately 1,800 water and wastewater customers, in addition to approximately 3,700 customers added through organic growth.

On April 6, 2021, the Company’s Pennsylvania subsidiary entered into an Asset Purchase Agreement with the York City Sewer Authority (the “Seller”) and the City of York, with respect to the purchase of the Seller’s public wastewater collection and treatment system assets (the “System Assets”). On April 14, 2022, the Pennsylvania Public Utility Commission (“PaPUC”) approved the Company’s Pennsylvania subsidiary’s application to acquire the System Assets from the Seller for a purchase price of \$235 million, plus an amount of average daily revenue calculated for the period between the final meter reading and the date of closing. The System Assets serve, directly and indirectly through bulk contracts, more than 45,000 customers. Assuming no successful contest of the PaPUC’s approval occurs within 30 days thereafter, this approval would satisfy a significant remaining condition to the closing of the transaction, which is expected to occur by or before mid-June 2022.

On March 29, 2021, the Company’s New Jersey subsidiary entered into an agreement to acquire the water and wastewater assets of Egg Harbor City for \$22 million. The water and wastewater systems currently serve approximately 1,500 customers each, or 3,000 combined, and are being sold through the New Jersey Water Infrastructure Protection Act process. The Company expects to close this acquisition in the second half of 2022, pending regulatory approval.

As of March 31, 2022, the Company has entered into agreements for pending acquisitions in the Regulated Businesses, including the York City Sewer Authority and Egg Harbor City agreements discussed above, to add approximately 77,300 additional customers.

Sale of New York American Water Company, Inc.

On January 1, 2022, the Company completed the previously disclosed sale of its regulated utility operations in New York to Liberty Utilities (Eastern Water Holdings) Corp. (“Liberty”), an indirect, wholly owned subsidiary of Algonquin Power & Utilities Corp. Liberty purchased from the Company all of the capital stock of the Company’s New York subsidiary for a purchase price of \$608 million in cash.

Sale of Michigan American Water Company

On February 4, 2022, the Company completed the sale of its operations in Michigan for \$6 million.

Operational Excellence

The Company’s adjusted regulated O&M efficiency ratio, which is used as a measure of the operating performance of the Regulated Businesses, was 33.9% for the twelve months ended March 31, 2022, as compared to 34.1% for the twelve months ended March 31, 2021. The ratio reflects the continued focus on operating costs, as well as an increase in operating revenues for the Regulated Businesses after considering the adjustment for the amortization of the excess accumulated deferred income taxes (“EADIT”) shown in the table below.

The Company’s adjusted regulated O&M efficiency ratio is a non-GAAP measure, and is defined by the Company as its operation and maintenance expenses from the Regulated Businesses, divided by the operating revenues from the Regulated Businesses, where both operation and maintenance expenses and operating revenues were adjusted to eliminate purchased water expense. Operating revenues were further adjusted to exclude reductions for the amortization of the EADIT. Also excluded from operation and maintenance expenses is the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, which is reflected in the Regulated Businesses segment as operation and maintenance expenses, but for consolidated financial reporting purposes, is categorized within other line items in the accompanying Consolidated Statements of Operations. The items discussed above were excluded from the O&M efficiency ratio calculation as they are not reflective of management’s ability to increase the efficiency of the Regulated Businesses.

The Company evaluates its operating performance using this ratio, and believes it is useful to investors because it directly measures improvement in the operating performance and efficiency of the Regulated Businesses. This information is derived from the Company’s consolidated financial information but is not presented in its financial statements prepared in accordance with GAAP. This information supplements and should be read in conjunction with the Company’s GAAP disclosures, and should be considered as an addition to, and not a substitute for, any GAAP measure. The Company’s adjusted regulated O&M efficiency ratio (i) is not an accounting measure that is based on GAAP; (ii) is not based on a standard, objective industry definition or method of calculation; (iii) may not be comparable to other companies’ operating measures; and (iv) should not be used in place of the GAAP information provided elsewhere in this Form 10-Q.

Presented in the table below is the calculation of the Company's adjusted regulated O&M efficiency ratio and a reconciliation that compares operation and maintenance expenses and operating revenues, each as determined in accordance with GAAP, to those amounts utilized in the calculation of its adjusted O&M efficiency ratio:

(Dollars in millions)	For the Twelve Months Ended March 31,	
	2022	2021
Total operation and maintenance expenses	\$ 1,723	\$ 1,658
Less:		
Operation and maintenance expenses—Market-Based Businesses and Other	403	378
Total operation and maintenance expenses—Regulated Businesses	1,320	1,280
Less:		
Regulated purchased water expenses	155	152
Allocation of non-operation and maintenance expenses	29	43
Adjusted operation and maintenance expenses—Regulated Businesses (i)	\$ 1,136	\$ 1,085
Total operating revenues	\$ 3,881	\$ 3,822
Less:		
Operating revenues—Market-Based Businesses and Other	474	532
Total operating revenues—Regulated Businesses	3,407	3,290
Less:		
Regulated purchased water revenues (a)	155	152
Revenue reductions from the amortization of EADIT	(102)	(46)
Adjusted operating revenues—Regulated Businesses (ii)	\$ 3,354	\$ 3,184
Adjusted O&M efficiency ratio—Regulated Businesses (i) / (ii)	33.9 %	34.1 %

(a) The calculation assumes regulated purchased water revenues approximate regulated purchased water expenses.

Regulatory Matters

General Rate Cases and Infrastructure Surcharges

Presented in the table below are annualized incremental revenues, excluding reductions for the amortization of EADIT that are generally offset in income tax expense, assuming a constant water sales volume, resulting from general rate case authorizations and infrastructure surcharge authorizations that became effective in the current period:

(In millions)	During the Three Months Ended March 31,	
	2022	2021
General rate cases by state:		
West Virginia (effective February 25, 2022)	\$ 15	\$ —
California (effective January 1, 2022 and January 1, 2021)	13	22
Pennsylvania (effective January 1, 2022 and January 28, 2021)	20	70
Total general rate cases	<u>\$ 48</u>	<u>\$ 92</u>
Infrastructure surcharges by state:		
Indiana (effective March 21, 2022 and March 17, 2021)	\$ 8	\$ 8
West Virginia (effective March 1, 2022 and January 1, 2021)	3	5
Missouri (effective February 1, 2022)	12	—
Illinois (effective January 1, 2022 and January 1, 2021)	6	7
Pennsylvania (effective January 1, 2021)	—	8
Tennessee (effective January 1, 2021)	—	3
Total infrastructure surcharges	<u>\$ 29</u>	<u>\$ 31</u>

Effective April 1, 2022, the Company's Pennsylvania subsidiary implemented infrastructure surcharges for annualized incremental revenues of \$2 million.

On February 24, 2022, the Company's West Virginia subsidiary was authorized additional annual revenues of \$15 million in its general rate case, effective February 25, 2022, excluding agreed to reductions for EADIT as a result of the Tax Cuts and Jobs Act of 2017 (the "TCJA"). The EADIT reduction in revenues is \$2 million and the exclusion for infrastructure surcharges is \$10 million. Staff of the WV Public Service Commission moved for reconsideration of the Commission's final order on several grounds. The Company filed its response to the Staff's Petition for Reconsideration on March 28, 2022 in support of the Commission authorized revenue requirement. The matter is currently pending before the Commission for its consideration.

On November 18, 2021, the California Public Utilities Commission (the "CPUC") unanimously approved a final decision in the test year 2021 general rate case filed by the Company's California subsidiary, which is retroactive to January 1, 2021. The Company's California subsidiary received authorization for additional annualized water and wastewater revenues of \$22 million, excluding agreed to reductions for EADIT as a result of the TCJA. The EADIT reduction in revenues is \$4 million and is offset by a like reduction in income tax expense. On February 16, 2022, the Company's California subsidiary received approval to increase rates by \$13 million in 2022 escalation increases, excluding \$4 million of reductions related to the TCJA, which is retroactive to January 1, 2022.

On March 2, 2021, an administrative law judge ("ALJ") in the Office of Administrative Law of New Jersey filed an initial decision with the New Jersey Board of Public Utilities (the "NJBP") that recommended denial of a petition filed by the Company's New Jersey subsidiary, which sought approval of acquisition adjustments in rate base of \$29 million associated with the acquisitions of Shorelands Water Company, Inc. in 2017 and the Borough of Haddonfield's water and wastewater systems in 2015. On July 29, 2021, the NJBP issued an order adopting the ALJ's initial decision without modification. The Company's New Jersey subsidiary filed a Notice of Appeal with the New Jersey Appellate Division on September 10, 2021. The Company filed its brief in support of the appeal on March 4, 2022. Response briefs are due by May 23, 2022. There is no financial impact to the Company as a result of the NJBP's order, since the acquisition adjustments are currently recorded as goodwill on the Consolidated Balance Sheets.

On February 25, 2021, the Company's Pennsylvania subsidiary was authorized additional annualized revenues of \$90 million, effective January 28, 2021, excluding agreed to reductions in revenues of \$19 million for EADIT as a result of the TCJA. The overall increase, net of TCJA reductions, is \$71 million in revenues combined over two steps. The first step was effective January 28, 2021 in the amount of \$70 million (\$51 million including TCJA reductions) and the second step was effective January 1, 2022 in the amount of \$20 million. The protected EADIT balance of \$200 million is being returned to customers using the average rate assumptions method, and the unprotected EADIT balance of \$116 million is being returned to customers over 20 years. The \$19 million annual reduction to revenue is comprised of both the protected and unprotected EADIT amortizations and a portion of catch-up period EADIT. A bill credit of \$11 million annually for two years returns to customers the remainder of the EADIT catch-up period amortization. The catch-up period of January 1, 2018 through December 31, 2020 covers the period from when the lower federal corporate income tax rate went into effect until new base rates went into effect and will be amortized over two years.

Pending General Rate Case Filings

On February 10, 2022, the Company's Illinois subsidiary filed a general rate case requesting \$71 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges.

On January 14, 2022, the Company's New Jersey subsidiary filed a general rate case requesting \$110 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA and infrastructure surcharges. Public hearings were held on April 6, 2022. Settlement conferences are scheduled to commence in May 2022 with evidentiary hearings expected to begin in September 2022.

On December 1, 2021, the Company's Kentucky subsidiary filed a wastewater rate case requesting additional revenues of \$1 million, excluding proposed reductions for EADIT as a result of TCJA. The Company's Kentucky subsidiary requested a four-step rate increase for their wastewater operations with effective dates of June 1, 2022, June 1, 2023, June 1, 2024 and June 1, 2025 for annual amounts of less than \$1 million each year. The Company's Kentucky subsidiary filed their wastewater case under the alternative rate filing process for smaller utilities which calculates an operating ratio of 88% rather than a return on equity.

On November 15, 2021, the Company's Virginia subsidiary filed a general rate case requesting \$15 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA.

On August 18, 2021, the Company's Hawaii subsidiary filed a general rate case requesting \$2 million in additional annualized revenues excluding proposed reductions for EADIT as a result of TCJA. On April 11, 2022, the Company and the Division of Consumer Advocacy submitted a joint letter to the Hawaii Public Utilities Commission indicating that the parties had, in principle, reached a settlement that would resolve all disputed issues in the case. In the joint letter, the parties also requested revisions to the procedural schedule.

The Company's California subsidiary submitted its application on May 3, 2021 to set its cost of capital for 2022 through 2024. According to the CPUC's procedural schedule, a decision setting the authorized cost of capital is expected to be issued in the fourth quarter of 2022.

Pending Infrastructure Surcharge Filings

On March 4, 2022, the Company's Missouri subsidiary filed an infrastructure surcharge proceeding requesting \$19 million in additional annualized revenues.

On March 1, 2022, the Company's Kentucky subsidiary filed an infrastructure surcharge proceeding requesting \$3 million in additional annualized revenues.

Other Regulatory Matters

In September 2020, the CPUC released a decision under its Low-Income Rate Payer Assistance program rulemaking that will require the Company's California subsidiary to file a proposal to alter its water revenue adjustment mechanism in its next general rate case filing in 2022, which would become effective in January 2024. On October 5, 2020, the Company's California subsidiary filed an application for rehearing of the decision and following the CPUC's denial of its rehearing application in September 2021, the Company's California subsidiary filed a petition for writ of review with the California Supreme Court on October 27, 2021.

Legislative Updates

During 2022, the Company's regulatory jurisdictions enacted the following legislation that has been approved but is not yet effective as of April 27, 2022:

- Indiana passed Senate Enrolled Act 272, which requires public reporting of a non-jurisdictional utility's asset management programs and creates a water and wastewater research and extension program at a state university to serve as a repository for data collected from utilities. Additionally, the legislation establishes oversight and a receivership program in the Indiana Utility Regulatory Commission for non-jurisdictional utilities with violations that create environmental or human health and safety issues. Legislation was signed by the Governor on March 7, 2022 and becomes effective on July 1, 2022.
- Indiana passed water and wastewater utility asset financing legislation, Senate Enrolled Act 273, which authorizes the recovery of property tax in Distribution System Improvement Charge filings. The legislation also permits the Indiana Utility Regulatory Commission to allow recovery through tracking mechanisms for changes in property tax and for costs attributable to referenda or action by elected or appointed individuals. Legislation was signed by the Governor on March 10, 2022 and becomes effective on July 1, 2022.
- Virginia passed Senate Bill 500 and House Bill 182 which requires the Virginia State Corporation Commission, in any future ratemaking proceeding for an investor-owned water/wastewater utility, to evaluate the utility on a stand-alone basis and utilize the utility's actual end-of-test period capital structure and cost of capital without regard to the cost of capital, capital structure, or investments of any other entities with which the utility may be affiliated. Legislation was signed by the Governor on April 11, 2022 and becomes effective on July 1, 2022.

Condemnation and Eminent Domain

All or portions of the Regulated Businesses' utility assets could be acquired by state, municipal or other government entities through one or more of the following methods: (i) eminent domain (also known as condemnation); (ii) the right of purchase given or reserved by a municipality or political subdivision when the original certificate of public convenience and necessity (a "CPCN") was granted; and (iii) the right of purchase given or reserved under the law of the state in which the utility subsidiary was incorporated or from which it received its CPCN. The acquisition consideration related to such a proceeding initiated by a local government may be determined consistent with applicable eminent domain law, or may be negotiated or fixed by appraisers as prescribed by the law of the state or in the particular CPCN.

As such, the Regulated Businesses are periodically subject to condemnation proceedings in the ordinary course of business. For example, a citizens group in Monterey, California successfully added "Measure J" to the November 2018 election ballot asking voters to decide whether the Monterey Peninsula Water Management District (the "MPWMD") should conduct a feasibility study concerning the potential purchase of the Monterey water service system assets (the "Monterey system assets") of the Company's California subsidiary, and, if feasible, to proceed with a purchase of those assets without an additional public vote. This service territory represents approximately 40,000 customers. In November 2018, Measure J was certified to have passed.

In August 2019, the MPWMD's General Manager issued a report that recommends that the MPWMD board (1) develop criteria to determine which water systems should be considered for acquisition; (2) examine the feasibility of acquiring the Monterey system assets and consider public ownership of smaller systems only if the MPWMD becomes the owner of a larger system; (3) evaluate whether the acquisition of the Monterey system assets by the MPWMD is in the public interest and sufficiently satisfies the criterion of "feasible" as provided in Measure J; (4) ensure there is significant potential for cost savings before agreeing to commence an acquisition; and (5) develop more fully alternate operating plans before deciding whether to consider a Resolution of Necessity.

In November 2019, the MPWMD issued a preliminary valuation and cost of service analysis report, finding in part that (1) an estimate of the Monterey system assets' total value plus adjustments would be approximately \$513 million, (2) the cost of service modeling results indicate significant annual reductions in revenue requirements and projected monthly water bills, and (3) the acquisition of the Monterey system assets by the MPWMD would be economically feasible. In November 2020, the MPWMD certified a final environmental impact report ("FEIR"), analyzing the environmental impacts of the MPWMD's project to (1) acquire the Monterey system assets through the power of eminent domain, if necessary, and (2) expand its geographic boundaries to include all parts of this system. In February 2021, the MPWMD filed an application with the Local Agency Formation Commission of Monterey County ("LAFCO") seeking approval to become a retail water provider and annex approximately 58 parcels of land into the MPWMD's boundaries. In June 2021, LAFCO's commissioners voted to require a third-party independent financial study as to the feasibility of an acquisition by the MPWMD of the Monterey system assets. On December 6, 2021, LAFCO's commissioners denied the MPWMD's application to become a retail water provider, determining that the MPWMD does not have the authority to proceed with a condemnation of the Monterey system assets, and on January 5, 2022, LAFCO's commissioners confirmed the denial. On February 28, 2022, LAFCO's commissioners voted to deny the MPWMD's application for reconsideration of LAFCO's confirmation of denial. On April 1, 2022, the MPWMD filed a lawsuit against LAFCO challenging its decision to deny the MPWMD's application seeking approval to become a retail water provider.

Also, five municipalities in the Chicago, Illinois area (approximately 30,300 customers in total) formed a water agency and filed an eminent domain lawsuit against the Company in January 2013, seeking to condemn the water pipeline that serves those five municipalities. Before filing its eminent domain lawsuit, the water agency made an offer of \$38 million for the pipeline. The parties have filed with the court updated valuation reports. A valuation trial was originally scheduled for October 2021 but has been continued to June 2022.

Furthermore, the law in certain jurisdictions in which the Regulated Businesses operate provides for eminent domain rights allowing private property owners to file a lawsuit to seek just compensation against a public utility, if a public utility's infrastructure has been determined to be a substantial cause of damage to that property. In these actions, the plaintiff would not have to prove that the public utility acted negligently. In California, lawsuits have been filed in connection with large-scale natural events such as wildfires. Some of these lawsuits have included allegations that infrastructure of certain utilities triggered the natural event that resulted in damage to the property. In some cases, the PUC has allowed certain costs or losses incurred by the utility to be recovered from customers in rates, but in other cases such recovery in rates has been disallowed. Also, the utility may have obtained insurance that could respond to some or all of such losses, although the utility would be at risk for any losses not ultimately subject to rate or insurance recovery or losses that exceed the limits of such insurance.

Segment Results of Operations

The Company's operating segments are comprised of the revenue-generating components of its business for which separate financial information is internally produced and regularly used by management to make operating decisions, assess performance and allocate resources. The Company operates its businesses primarily through one reportable segment, the Regulated Businesses segment. "Market-Based Businesses and Other" includes market-based businesses that, individually, do not meet the criteria of a reportable segment in accordance with GAAP, corporate costs that are not allocated to the Company's operating segments, eliminations of inter-segment transactions, and fair value adjustments and associated income and deductions related to acquisitions that have not been allocated to the operating segments for evaluation of performance and allocation of resource purposes. The adjustments related to the acquisitions are reported in Market-Based Businesses and Other as they are excluded from segment performance measures evaluated by management. This presentation is consistent with how management assesses the results of these businesses.

As a result of the sale of HOS, the categories which were previously shown as "Market-Based Businesses" and "Other" have been combined and shown as "Market-Based Businesses and Other." Segment results for the three months ended March 31, 2021 have been adjusted retrospectively to reflect this change.

Regulated Businesses Segment

Presented in the table below is financial information for the Regulated Businesses:

	For the Three Months Ended March 31,	
	2022	2021
(In millions)		
Operating revenues	\$ 778	\$ 755
Operation and maintenance	315	320
Depreciation and amortization	155	147

Other income (expenses)	(44)	(48)
Income before income taxes	196	163
Provision for income taxes	36	28
Net income attributable to common shareholders	160	135

Operating Revenues

Presented in the tables below is information regarding the main components of the Regulated Businesses' operating revenues:

	For the Three Months Ended March 31,	
	2022	2021
(In millions)		
Water services:		
Residential	\$ 428	\$ 430
Commercial	153	144

Industrial	1	1
Public and other	3	4
Total wastewater services	55	50
Other (a)	11	9
Total operating revenues	\$ 778	\$ 755

(a) Includes other operating revenues consisting primarily of miscellaneous utility charges, fees and rents.

	For the Three Months Ended March 31,	
	2022	2021
(Gallons in millions)		
Billed water services volumes:		
Residential	34,160	36,859
Commercial	16,339	15,898
Industrial	8,619	8,069
Fire service, public and other	11,756	10,863
Total billed water services volumes	70,874	71,689

Included in operating revenues for the three months ended March 31, 2021 was \$23 million related to the Company's New York operations. Excluding the Company's New York operations, for the three months ended March 31, 2022, operating revenues increased \$46 million, primarily due to a \$40 million increase from authorized rate increases, including infrastructure surcharges, principally to fund infrastructure investment in various states and a \$5 million increase from water and wastewater acquisitions, as well as organic growth in existing systems.

Operation and Maintenance

Presented in the table below is information regarding the main components of the Regulated Businesses' operating and maintenance expense:

(In millions)	For the Three Months Ended March 31,	
	2022	2021
Employee-related costs	\$ 126	\$ 130
Production costs	84	78
Operating supplies and services	57	57
Maintenance materials and supplies	22	24
Customer billing and accounting	13	17
Other	13	14
Total	\$ 315	\$ 320

Included in operation and maintenance expense for the three months ended March 31, 2021 was \$12 million related to the Company's New York operations. Excluding the Company's New York operations, operation and maintenance expense increased \$7 million primarily due to higher purchased water usage in the Company's California subsidiary and increased chemicals costs across several subsidiaries.

Depreciation and Amortization

For the three months ended March 31, 2022, depreciation and amortization increased \$8 million, primarily due to additional utility plant placed in service from capital infrastructure investments and acquisitions.

General Taxes

Included in general taxes for the three months ended March 31, 2021 was \$12 million related to the Company's New York operations. Excluding the Company's New York operations, general taxes increased \$4 million primarily due to increased capital investments, including acquisitions and an increase in the New Jersey Gross Receipts Tax.

Provision for Income Taxes

For the three months ended March 31, 2022, the Regulated Businesses' provision for income taxes increased \$8 million. The Regulated Businesses' effective income tax rate was 18.4% and 17.2% for the three months ended March 31, 2022 and 2021, respectively. The Regulated Businesses' effective income tax rate for the three months ended March 31, 2022 reflects the amortization of EADIT pursuant to regulatory orders.

Market-Based Businesses and Other

Presented in the table below is information for Market-Based Businesses and Other:

(In millions)	For the Three Months Ended March 31,	
	2022	2021
Operating revenues	\$ 64	\$ 133
Operation and maintenance	50	99
Depreciation and amortization	3	10
Interest expense	(30)	(27)
Interest income	13	—
Income before income taxes	(3)	(8)
Provision for income taxes	(1)	(6)
Net income attributable to common shareholders	(2)	(2)

Operating Revenues

For the three months ended March 31, 2022, operating revenues decreased \$69 million, due primarily to the sale of HOS.

Operation and Maintenance

For the three months ended March 31, 2022, operation and maintenance expense decreased \$49 million primarily due to the sale of HOS.

Depreciation and Amortization

For the three months ended March 31, 2022, depreciation and amortization decreased \$7 million primarily due to the sale of HOS.

Interest Income

For the three months ended March 31, 2022, interest income increased \$13 million due to interest recognized on the seller note related to the sale of HOS. See Note 5—Acquisitions and Divestitures in the Notes to Consolidated Financial Statements for additional information.

Liquidity and Capital Resources

For a general overview of the sources and uses of capital resources, see the introductory discussion in Part II, Item 7—Management’s Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources in the Company’s Form 10-K.

Liquidity needs for capital investment, working capital and other financial commitments are generally funded through cash flows from operations, public and private debt offerings, commercial paper markets, and, if and to the extent necessary, borrowings under AWCC’s revolving credit facility, and, in the future, issuances of equity.

The Company expects to fund future maturities of long-term debt through a combination of external debt and, to the extent available, cash flows from operations. Since the Company expects its capital investments over the next few years to be greater than its cash flows from operating activities, the Company currently plans to fund the excess of its capital investments over its cash flows from operating activities for the next five years through a combination of long-term debt and equity in addition to the proceeds from the sales of HOS and the Company’s New York subsidiary. If necessary, the Company may delay certain capital investments or other funding requirements, or pursue financing from other sources to preserve liquidity. In this event, the Company believes it can rely upon cash flows from operations to meet its obligations and fund its minimum required capital investments for an extended period of time.

The Company’s revolving credit facility provides \$2.25 billion in aggregate total commitments from a diversified group of financial institutions. The revolving credit facility is used principally to support AWCC’s commercial paper program, to provide additional liquidity support, and to provide for the issuance of up to \$150 million in letters of credit. The maximum aggregate principal amount of short-term borrowings authorized for issuance under AWCC’s commercial paper program is \$2.10 billion. Subject to satisfying certain conditions, the credit agreement also permits AWCC to increase the maximum commitment under the facility by up to an aggregate of \$500 million. As of March 31, 2022 and December 31, 2021, there were no borrowings outstanding under the revolving credit facility. The weighted-average interest rate on AWCC’s outstanding short-term borrowings was approximately 0.26% and 0.25% at March 31, 2022 and December 31, 2021, respectively.

Presented in the tables below is the aggregate credit facility commitments, commercial paper limit and letter of credit availability under the revolving credit facility, as well as the available capacity for each:

	As of March 31, 2022		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(321)	(76)	(397)
Remaining availability as of March 31, 2022	<u>\$ 1,779</u>	<u>\$ 74</u>	<u>\$ 1,853</u>

(a) Total remaining availability of \$1.85 billion as of March 31, 2022 may be accessed through revolver draws.

	As of December 31, 2021		
	Commercial Paper Limit	Letters of Credit	Total (a)
(In millions)			
Total availability	\$ 2,100	\$ 150	\$ 2,250
Outstanding debt	(584)	(76)	(660)
Remaining availability as of December 31, 2021	\$ 1,516	\$ 74	\$ 1,590

(a) Total remaining availability of \$1.59 billion as of December 31, 2021 may be accessed through revolver draws.

Presented in the table below is the Company's total available liquidity as of March 31, 2022 and December 31, 2021, respectively:

	Cash and Cash Equivalents	Availability on Revolving Credit Facility	Total Available Liquidity
(In millions)			
Available liquidity as of March 31, 2022	\$ 75	\$ 1,853	\$ 1,928
Available liquidity as of December 31, 2021	\$ 116	\$ 1,590	\$ 1,706

The Company believes that its ability to access the debt and equity capital markets, the revolving credit facility and cash flows from operations will generate sufficient cash to fund the Company's short-term requirements. The Company believes it has sufficient liquidity and the ability to manage its expenditures, should there be a disruption of the capital and credit markets. However, there can be no assurance that the lenders will be able to meet existing commitments to AWCC under the revolving credit facility, or that AWCC will be able to access the commercial paper or loan markets in the future on acceptable terms or at all. See Note 8—Short-Term Debt in the Notes to Consolidated Financial Statements for additional information.

Cash Flows from Operating Activities

Cash flows from operating activities primarily result from the sale of water and wastewater services and, due to the seasonality of demand, are generally greater during the warmer months. Presented in the table below is a summary of the major items affecting the Company's cash flows provided by operating activities:

	For the Three Months Ended March 31,	
	2022	2021
(In millions)		
Net income	\$ 158	\$ 133
Add (less):		
Depreciation and amortization	158	157
Deferred income taxes and amortization of investment tax credits	(61)	26
Other non-cash activities (a)	(11)	(40)
Changes in working capital (b)	(71)	(88)
Pension and non-pension postretirement benefit contributions	(19)	(9)
Net cash provided by operating activities	\$ 154	\$ 179

(a) Includes provision for losses on accounts receivable, pension and non-pension postretirement benefits and other non-cash, net. Details of each component can be found on the Consolidated Statements of Cash Flows.

(b) Changes in working capital include changes to receivables and unbilled revenues, accounts payable and accrued liabilities and other current assets and liabilities, net.

For the three months ended March 31, 2022, cash provided by operating activities decreased \$25 million, primarily due to changes in working capital including the contribution of \$45 million to the American Water Charitable Foundation which was authorized and accrued in the fourth quarter of 2021 and paid in the first quarter of 2022, partially offset by an increase in net income. The decrease in deferred income taxes from the sale of the Company's New York operations is offset in current taxes payable within other assets and liabilities.

Cash Flows from Investing Activities

Presented in the table below is a summary of the major items affecting the Company's cash flows used in investing activities:

(In millions)	For the Three Months Ended March 31,	
	2022	2021
Net capital expenditures	\$ (424)	\$ (342)
Acquisitions	(5)	(3)
Net proceeds from sale of assets	608	—
Other investing activities, net (a)	(20)	(18)
Net cash provided by (used in) investing activities	<u>\$ 159</u>	<u>\$ (363)</u>

(a) Includes removal costs from property, plant and equipment retirements.

For the three months ended March 31, 2022, cash provided by investing activities increased \$522 million, primarily due to proceeds of \$608 million received from the sale of the Company's New York operations offset by increased payments for capital expenditures. The Company plans to invest approximately \$2.5 billion across its footprint in 2022.

Cash Flows from Financing Activities

Presented in the table below is a summary of the major items affecting the Company's cash flows from financing activities:

(In millions)	For the Three Months Ended March 31,	
	2022	2021
Proceeds from long-term debt	\$ 11	\$ 2
Repayments of long-term debt	(5)	(25)
Repayments of term loan	—	(500)
Net short-term (repayments) borrowings with maturities less than three months	(263)	334
Dividends paid	(109)	(100)
Other financing activities, net (a)	13	(4)
Net cash used in financing activities	<u>\$ (353)</u>	<u>\$ (293)</u>

(a) Includes proceeds from issuances of common stock under various employee stock plans and the Company's dividend reinvestment plan, net of taxes paid, and advances and contributions in aid of construction, net of refunds.

For the three months ended March 31, 2022, cash used in financing activities increased \$60 million, primarily due to net repayments of commercial paper borrowings during the first quarter of 2022 offset by the repayment in full at maturity of the \$500 million term loan during the first quarter of 2021.

Debt Covenants

The Company's debt agreements contain financial and non-financial covenants. To the extent that the Company is not in compliance with these covenants, an event of default may occur under one or more debt agreements and the Company, or its subsidiaries, may be restricted in its ability to pay dividends, issue new debt or access the revolving credit facility. The long-term debt indentures contain a number of covenants that, among other things, prohibit or restrict the Company from issuing debt secured by the Company's assets, subject to certain exceptions. Failure to comply with any of these covenants could accelerate repayment obligations.

Covenants in certain long-term notes and the revolving credit facility require the Company to maintain a ratio of consolidated debt to consolidated capitalization (as defined in the relevant documents) of not more than 0.70 to 1.00. On March 31, 2022, the Company's ratio was 0.59 to 1.00 and therefore the Company was in compliance with the covenants.

Security Ratings

Presented in the table below are long-term and short-term credit ratings and rating outlooks as of April 27, 2022 as issued by the following rating agencies:

Securities	Moody's Investors Service	Standard & Poor's Ratings Service
Rating outlook	Stable	Stable
Senior unsecured debt	Baa1	A
Commercial paper	P-2	A-1

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning rating agency, and each rating should be evaluated independently of any other rating. Security ratings are highly dependent upon the ability to generate cash flows in an amount sufficient to service debt and meet investment plans. The Company can provide no assurances that its ability to generate cash flows is sufficient to maintain its existing ratings. None of the Company's borrowings are subject to default or prepayment as a result of the downgrading of these security ratings, although such a downgrading could increase fees and interest charges under its credit facility.

As part of its normal course of business, the Company routinely enters into contracts for the purchase and sale of water, energy, chemicals and other services. These contracts either contain express provisions or otherwise permit the Company and its counterparties to demand adequate assurance of future performance when there are reasonable grounds for doing so. In accordance with the contracts and applicable contract law, if the Company is downgraded by a credit rating agency, especially if such downgrade is to a level below investment grade, it is possible that a counterparty would attempt to rely on such a downgrade as a basis for making a demand for adequate assurance of future performance, which could include a demand that the Company must provide collateral to secure its obligations. The Company does not expect to post any collateral which will have a material adverse impact on the Company's results of operations, financial position or cash flows.

Access to the capital markets, including the commercial paper market, and respective financing costs in those markets, may be directly affected by the Company's securities ratings. The Company primarily accesses the debt capital markets, including the commercial paper market, through AWCC. However, the Company has also issued debt through its regulated subsidiaries, primarily in the form of mortgage bonds and tax-exempt securities or borrowings under state revolving funds, to lower the overall cost of debt.

Dividends

For discussion of the Company's dividends, see Note 6—Shareholders' Equity in the Notes to Consolidated Financial Statements for additional information.

Application of Critical Accounting Policies and Estimates

Financial condition of the Company, results of operations and cash flows are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. See Part II, Item 7—Management's Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies and Estimates in the Company's Form 10-K for a discussion of its critical accounting policies. Additionally, see Note 2—Significant Accounting Policies in the Notes to Consolidated Financial Statements for updates, if any, to the significant accounting policies previously disclosed in the Company's Form 10-K.

Recent Accounting Standards

See Note 2—Significant Accounting Policies in the Notes to Consolidated Financial Statements for a description of new accounting standards recently adopted or pending adoption.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to market risk in the normal course of business, including changes in commodity prices, equity prices and interest rates. For further discussion of its exposure to market risk, see Part II, Item 7A—Quantitative and Qualitative Disclosures about Market Risk in the Company's Form 10-K. There have been no significant changes to the Company's exposure to market risk since December 31, 2021.

The Company had no significant derivative instruments, which are exposed to market risk, outstanding as of March 31, 2022.

ITEM 4. CONTROLS AND PROCEDURES**Evaluation of Disclosure Controls and Procedures**

American Water maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in its reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including the Company's President, Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objective.

The Company's management, including the Company's President, Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of its disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) as of March 31, 2022.

Based on that evaluation, the Company's President, Chief Executive Officer and Chief Financial Officer, has concluded that, as of March 31, 2022, the Company's disclosure controls and procedures were effective at a reasonable level of assurance.

Changes in Internal Control over Financial Reporting

The Company concluded that there have been no changes in internal control over financial reporting that occurred during the three months ended March 31, 2022, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION**ITEM 1. LEGAL PROCEEDINGS**

The following information updates and amends the information provided in the Company's Form 10-K in Part I, Item 3—Legal Proceedings. Capitalized terms used but not otherwise defined herein have the meanings set forth in the Company's Form 10-K. In accordance with the SEC's disclosure rules, the Company has elected to disclose environmental proceedings involving the Company and a governmental authority if the amount of potential monetary sanctions, exclusive of interest and costs, that the Company reasonably believes will result from such proceeding is \$1 million or more.

The SWRCB has scheduled hearings in late October and early November 2022 related to the referral by Cal Am to the SWRCB of certain issues for the SWRCB's expert advisory opinion. The Monterey County Superior Court has set a trial date of October 23, 2023 for the City's lawsuit seeking declaratory relief.

ITEM 1A. RISK FACTORS

In addition to the other information set forth in this report, readers should carefully consider the factors discussed in Part I, Item 1A—Risk Factors in the Form 10-K, and in the Company's other filings with the SEC, which could materially affect the Company's business, financial condition, cash flows or future results. There have been no material changes from the risk factors previously disclosed in Part I, Item 1A—Risk Factors in the Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

In February 2015, the Board of Directors authorized an anti-dilutive stock repurchase program to mitigate the dilutive effect of shares issued through the Company's dividend reinvestment, employee stock purchase and executive compensation activities. The program allows the Company to purchase up to 10 million shares of its outstanding common stock over an unrestricted period of time in the open market or through privately negotiated transactions. The program is conducted in accordance with Rule 10b-18 of the Exchange Act, and, to facilitate these repurchases, the Company enters into Rule 10b5-1 stock repurchase plans with a third-party broker, which allow the Company to repurchase shares of its common stock at times when it otherwise might be prevented from doing so under insider trading laws or because of self-imposed trading blackout periods. Subject to applicable regulations, the Company may elect to amend or cancel the program or the stock repurchase parameters at its discretion to manage dilution.

The Company did not repurchase shares of common stock during the three months ended March 31, 2022. From April 1, 2015, the date repurchases under the anti-dilutive stock repurchase program commenced, through March 31, 2022, the Company repurchased an aggregate of 4,860,000 shares of common stock under the program, leaving an aggregate of 5,140,000 shares available for repurchase under this program.

2017 OMNIBUS EQUITY COMPENSATION PLAN
RESTRICTED STOCK UNIT GRANT

This RESTRICTED STOCK UNIT GRANT, dated as of February 15, 2022 (the “Date of Grant”), is delivered by American Water Works Company, Inc. (the “Company”) to _____ (the “Participant”).

RECITALS

WHEREAS, the Committee (as defined in the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan (the “Plan”)) has adopted a 2022 Long Term Performance Plan (“2022 LTPP”) pursuant to which designated employees will be granted equity awards (collectively, the “Equity Award”) for shares of Common Stock of the Company, par value \$0.01 per share, (the “Company Stock”);

WHEREAS, the Equity Award is comprised of three separate grants: a restricted stock unit and two performance stock unit grants;

WHEREAS, the Committee has determined that the Participant is eligible to participate in the 2022 LTPP and to grant the Participant an Equity Award under the 2022 LTPP; and

WHEREAS, the Committee has determined that the restricted stock unit portion of the Equity Award granted pursuant to the 2022 LTPP to the Participant shall be issued under the Plan and the terms and conditions of such restricted stock unit shall be memorialized in this grant (the “Grant”).

NOW, THEREFORE, the parties to this Grant, intending to be legally bound hereby, agree as follows:

1. Grant of Restricted Stock Units. Subject to the terms and conditions set forth in this Grant and the Plan, the Company hereby grants to the Participant _____ units (the “Restricted Stock Units”). Each unit (a “Unit”) shall be a phantom right and shall be equivalent to one share of Company Stock on the applicable Redemption Date (as defined below).
2. Restricted Stock Unit Account. The Company shall establish and maintain a Restricted Stock Unit account as a bookkeeping account on its records (the “Restricted Stock Unit Account”) for the Participant and shall record in such Restricted Stock Unit Account the number of Restricted Stock Units granted to the Participant. The Participant shall not have any interest in any fund or specific assets of the Company by reason of this grant or the Restricted Stock Unit Account established for the Participant.
3. Vesting.
 - (a) Except as provided in subparagraph (c) below, the Restricted Stock Units shall vest on the following dates (each a “Service Date”), provided the Participant continues to be

employed by, or providing service to, the Employer (as defined in the Plan) from the Date of Grant through the applicable Service Date:

<u>Service Date</u>	<u>Units Vesting</u>
January 31, 2023	1/3
January 31, 2024	1/3
January 31, 2025	1/3

The vesting of the Restricted Stock Units is cumulative, but shall not exceed 100% of the Units subject to the Restricted Stock Units. If the foregoing schedule would produce fractional Units, the number of Units for which the Restricted Stock Units becomes vested on a Service Date shall be rounded down to the nearest whole Unit. The Restricted Stock Units shall become vested with respect to 100% of the Units subject to the Restricted Stock Units on January 31, 2025, if the Participant is employed by, or providing service to, the Employer on such date.

(b) Subject to subparagraph (c) below, if at any time prior to January 31, 2025, the Participant's employment or service with the Employer terminates for any reason, including death or disability, then all of the unvested Restricted Stock Units shall be immediately forfeited and the Participant shall not have any rights with respect to the vesting or the redemption of any portion of the Restricted Stock Unit.

(c) If at any time prior to January 31, 2025, but while the Participant is employed by or providing service to the Employer, a Change of Control (as defined below) occurs, the Company is not the surviving corporation (or survives only as a subsidiary of another corporation or entity (the "surviving corporation")) and the Restricted Stock Units are not converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation), then the portion of the Restricted Stock Units that have not yet vested as provided in subparagraph 3(a) above shall become fully vested on the date of the Change of Control (the "Change of Control Date"). In the event the Participant's Restricted Stock Units are assumed by the surviving corporation but the Participant ceases to be employed by, or providing service to, the surviving corporation (or a parent or subsidiary of the surviving corporation) within twelve (12) months after the date of the Change of Control on account of (i) a termination of such Participant's employment by the surviving corporation (or a parent or subsidiary of the surviving corporation) for any reason other than on account of Cause (as defined below), or on account of death or Disability (each as defined in the Plan), or (ii) a termination of employment or service by the Participant for Good Reason (as defined in the Plan), then the portion of the Restricted Stock Units that have not yet vested as provided in subparagraph 3(a) above shall become fully vested on the date of such termination of employment or service (the "Termination Date"). For purposes of this Grant, "Change of Control" shall mean as such term is defined in the Plan, except that a Change of Control shall not be deemed to have occurred for purposes of this Agreement unless the event constituting the Change of Control constitutes a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of section 409A of the Internal Revenue Code of 1986, as amended (the "Code") and its corresponding regulations. For the avoidance of doubt, if the Change of Control does not constitute a permitted change in control event under section 409A of the Code, then the Restricted Stock Unit shall not vest on the occurrence of the Change of Control. For purposes of this Grant, "Cause" shall mean a finding by the Committee that the Participant (i) has breached his or her employment or service contract with the Employer, if any;

(ii) has engaged in disloyalty to the Employer including, without limitation, fraud, embezzlement, theft, commission of a felony or proven dishonesty; (iii) has disclosed trade secrets or confidential information of the Employer to persons not entitled to receive such information; (iv) has breached any written noncompetition or nonsolicitation agreement between the Participant and the Employer; or (v) has engaged in such other behavior detrimental to the interests of the Employer as the Committee determines.

4. **Redemption.** Unless an election is made pursuant to Paragraph 5 below, the Restricted Stock Units that have become vested pursuant to Paragraph 3 shall be redeemed by the Company on the earliest of the (i) applicable Service Date, (ii) the Change of Control Date or (iii) the Termination Date, (the date of redemption is hereinafter referred to as the “**Redemption Date**”). As soon as administratively practicable following the applicable Redemption Date, but not later than forty-five (45) days following the Redemption Date, (or, if applicable, the Deferred Date, as defined in Paragraph 5 below), all Restricted Stock Units that become vested pursuant to Paragraph 3 above shall be redeemed and converted to an equivalent number of shares of Company Stock, and the Participant shall receive a single distribution of such shares of Company Stock, which shall be issued under the Plan.
