

THIS AGREEMENT, Made and entered into this 21 day of March

LE000001

Call Sowards
1945, by and between ELIZA TACKETT, widow, JACK SOWARDS and CORDA SOWARDS, his wife, and J. B. SOWARDS Widower, parties of the first part, WARFIELD NATURAL GAS COMPANY, a corporation, party of the second part, and VIRGINIAN GASOLINE & OIL COMPANY, a corporation, party of the third part.

W I T N E S S E T H:

43228-A
THAT WHEREAS, under date of February 16, 1945, Eliza Tackett, widow, made, executed and delivered to the party of the second part herein an oil and gas lease upon a certain tract of land situate in Pike County, Kentucky on the waters of Big Sandy River, recited therein as containing forty (40) acres, more or less, but which by actual survey contains thirty-eight (38) acres, which said lease has been lodged for recordation with the Clerk of the County Court of Pike County, Kentucky; and

36993-A
WHEREAS, under date of July 30, 1930, J. W. Call and Ollie Call, his wife, and Jack Sowards and Corda Sowards, his wife, made, executed and delivered to John Moore, for a period of ten years from that date, an oil and gas lease upon a certain other tract of land likewise situate in Pike County, Kentucky on the waters of Big Sandy River, recited therein as containing two hundred fifty (250) acres, more or less, but which by actual survey contains one hundred thirty-five and seven-tenths (135.7) acres, which said lease is duly of record in said Clerk's office in Deed Book 162, Page 549; and

WHEREAS, by mesne assignments the party of the second part is now the owner of the leasehold estate last aforesaid; and

WHEREAS, by deed dated May 5, 1932 Ollie Call and J. W. Call, her husband, conveyed to Blaine Sowards (being the same person as J. B. Sowards) their undivided one-half (1/2) interest in and to the tract last aforesaid, which said deed is likewise of record in said Clerk's office in Deed Book 209, Page 416; and

WHEREAS, by agreement dated October 25, 1939, Jack Sowards and Corda Sowards, his wife, and J. B. Sowards, single, extended the term of the lease last aforesaid for an additional period of five (5) years from and after July

30, 1940, which said extension agreement is likewise of record in LE000002

Clerk's office in Deed Book 209, Page 321; and

WHEREAS, by agreement dated February 16, 1945, Jack Sowards and Corda Sowards, his wife, and J. B. Sowards, single, extended the lease last aforesaid for an additional period of one (1) year from and after July 30, 1945, which said extension agreement has been lodged for recordation in said Clerk's office.

To all of the above mentioned records and leases reference is here made for all purposes; and

WHEREAS, it is the desire, intent and purpose of all of the parties hereto to merge, unitize and consolidate the oil and gas leases aforesaid to the same and like effect as if one lease had been executed upon the entire unitized area of 173.7 acres, subject, however, to the terms and conditions hereinafter set forth.

NOW, THEREFORE, IN CONSIDERATION OF THE PREMISES, and in further consideration of the sum of One (\$1.00) Dollar and other good and valuable considerations, all cash in hand paid, the receipt whereof is hereby acknowledged, the said parties hereto mutually agree as follows, to-wit:

FIRST: The said parties hereto hereby agree to and do hereby merge, unitize and consolidate the oil and gas leases aforesaid to the same and like effect as if one lease had been executed upon the entire unitized area of 173.7 acres. Said merged and unitized area shall be developed and operated as a single oil and gas lease, and the drilling of one well on the said combined and unitized area shall constitute development of the combined area to the same and like effect as if a well had been drilled on each of said tracts of land within the terms of the leases existing thereon, and the said party of the second part herein shall thereupon be relieved of any further duty or obligation, express or implied, to further develop for oil or gas said tracts of land embraced in the unitized area aforesaid, or either of them, the said parties of the first part agreeing that such development by the drilling of one well thereon shall constitute full, complete and adequate development of

merged and combined tracts of land, the parties of the first part, hereinafter designated, shall participate in the royalties and other emoluments arising therefrom in the following proportions, to-wit:

Eliza Tackett	21.88%
Jack Sowards	39.06%
J. B. Sowards	39.06%

of one-eighth of the oil produced, saved and marketed from said premises, and each shall receive a like amount of the one-eighth of the wholesale value of gas produced, saved and marketed from said premises, which said value shall be determined by the usual customary price paid by the said party of the second part for gas at the mouth of the well in the vicinity of the well to be drilled, as aforesaid, not to exceed in any event however twelve (12¢) cents per thousand cubic feet.

In lieu of the free gas privileges contained in said oil and gas leases herein mentioned, the said parties of the first part hereinafter set out shall be entitled to receive the following volumes of gas per year, to-wit:

Eliza Tackett	100,000 cubic feet to be used exclusively on said 38 acre tract of land
Jack Sowards & J. B. Sowards,) jointly)	100,000 cubic feet to be used exclusively on said 135.7 acre tract of land

all on condition, however, that the said well when drilled produces gas in paying quantities and justifies such deliveries. The provisions of this paragraph are subject, however, to any Federal Order or Regulation affecting the deliveries or use of gas.

All of the terms and conditions of said oil and gas leases, with respect to the laying, maintaining, operating, extending of lines and the use of free gas, are in no wise modified and affected hereby, except as to quantity, as aforesaid, but shall otherwise remain in full force and effect.

THIRD: The completion of a well on any part of the above mentioned merged and combined tracts of land, and the production of oil and/or gas there-

and the said party of the second part is hereby relieved from any further obligation, express or implied, to drill more than one well on the said combined, unitized area, but may from time to time in its discretion drill as many additional wells as it may deem expedient, it being the sole judge of such expediency. It is agreed and understood, however, that nothing in this agreement contained shall be construed as requiring the party of the second part, its successors or assigns, to drill more than one well on said consolidated and combined area. In the event of more than one well the said parties of the first part, set out in Paragraph Second hereof, shall be entitled to the same proportion of the production therefrom.

FOURTH: This agreement and the rights of the respective parties herein, provided a well is drilled as herein provided, shall remain in full force and effect as long as oil and/or gas is or can be profitably produced at any point on said combined area and shall not be affected by the expiration of the primary terms of said oil and gas leases or either of them. The covenants and agreements herein contained shall be binding upon the successors and assigns of the respective parties hereto.

The foregoing provisions hereof are modified to the extent that if upon the production of gas from said premises same is found to contain excessive and objectionable quantities of sulphur, or other deleterious substances, making the same, in the judgment of the said party of the second part, unmarketable or dangerous to market, and in order to make the same fit and suitable for marketing, it becomes necessary to treat such gas for the removal of such sulphur or other deleterious substances, then, in such event, each of the parties of the first part hereto receiving any royalties herefrom shall bear his and/or her proportionate part of the cost of such purification treatment.

FIFTH: The parties hereto for themselves, their heirs, successors and assigns, warrant generally the title to their respective tracts of land and/or interest therein so merged, as aforesaid, and further covenant and agree that if they own an interest in the oil and gas therein less than their

and emoluments provided by the terms hereof shall be paid to the LE000005 the proportion which their true interests bear to the entire property; and the said parties of the first part agree to accept the above mentioned emoluments in the proportions above specified regardless of whether all of the foregoing parties of the first part subscribe hereunto and regardless of whether or not the entire above described acreage is embraced herein.

SIXTH: This agreement shall become null and void and no longer binding upon any parties hereto unless within one hundred twenty (120) days from the date this agreement is full executed, the party of the second part, its successors or assigns, shall commence the drilling of a well on said combined acreage, and prosecute the same to completion with due diligence, the decision as to the advisability of so drilling a well and/or wells on said merged properties being exclusively vested in the said party of the second part, it not being obligated so to do. The time within which said well shall be started and/or drilled, however, shall be extended for a time equal to any delay occasioned by Federal authority pursuant to the provisions of Paragraph Ninth hereof.

SEVENTH: The said party of the third part, under and by virtue of a working agreement heretofore entered into by and between it and the said party of the second part herein, whereby it becomes entitled to the leasehold oil and oil rights in and underlying said tracts of land to the extent of the interest therein of the said party of the second part, joins in this agreement assenting and agreeing to become bound by the several terms, conditions and provisions hereof.

EIGHTH: In all other respects not herein modified the several terms, conditions and provisions of said leases shall remain in full force and effect.

NINTH: It is agreed and understood between the parties hereto that there is in effect a National Executive Order as modified relating to the development of oil and gas properties, and this agreement is contingent, dependent and conditioned upon the said party of the second part being permitted and authorized thereunder to develop as herein provided.

hereunto subscribed their names and affixed their seals and the
of the second part and third part have caused their corporate names to be here-
unto subscribed and their corporate seals affixed all as of the day and year
first above written.

AGREEMENT, Made and entered into this 11th day of August 1943

by and between Beatrice Gibson
party of the first part, hereinafter called lessor (whether one or more) and Lester McCullough
party of the second part, hereinafter called lessee.

WITNESSETH, That the lessor, for and in consideration of _____ DOLLARS (\$_____) cash in hand paid, the receipt of which is hereby acknowledged, and of the covenants and agreements hereinafter contained, has granted, demised, leased and let, and by these presents does grant, demise, lease and let exclusively unto the said lessee, its successors and assigns, the land hereinafter described, with the exclusive right for the purpose of mining, exploring by geophysical and other methods, and operating for and processing therefrom oil, gas, casing-head gas, casing-head gasoline, and the exclusive right of injecting water, brine and other fluids into subsurface strata, with rights of way and easements for laying pipe lines, telephone and telegraph lines, tanks, power houses, stations, gasoline plants, ponds and roadways and fixtures for producing, treating and separating for such products and housing and boarding employees and any and all other rights and privileges necessary, incident to, or convenient for the economical operation alone or conjointly with neighboring land, on said land for the production of oil, gas, casing-head gas, casing-head gasoline, and erection of structures thereon to produce, save and take care of said products, and the injecting of water, brine and other fluids into subsurface strata. All that certain tract of land situated in the _____ County of _____, State of Kentucky, and bounded as follows, to-wit:

On the North by lands of _____
On the East by lands of _____
On the South by lands of _____
On the West by lands of _____
Containing _____ acres, more or less, and being the same land conveyed to lessor by _____

_____ deed dated _____, recorded in Deed Book _____ Page _____
_____ deed dated _____, recorded in Deed Book _____ Page _____
_____ deed dated _____, recorded in Deed Book _____ Page _____

It being intended hereby to include all lands and interests therein contiguous to or appurtenant to said described lands or claimed by lessor. For rental payment purposes said leased lands shall be deemed to contain _____ acres.

It is agreed that this lease shall remain in force for a term of ten (10) _____ years from this date and as long thereafter as oil, gas, casing-head gas, casing-head gasoline or any of them is produced from said leased premises or operations for drilling are contained as hereinafter provided, or shall continue in full force and effect only as to well or wells so used and the ten acres contiguous thereto.

In consideration of the premises the said lessee covenants and agrees:
1st. To deliver to the credit of lessor, free of cost, in the pipe line to which lessee may connect his wells, the equal one-eighth part of all oil produced and saved from leased premises, or at the lessee's option, may pay to the lessor for such one-eighth royalty, the market price for oil of like grade and gravity prevailing on the day such oil is run into the pipe line or into storage tanks.
2nd. To pay lessor one-eighth, at the market price at the well for the gas so used, for the gas from each well where gas only is found, while the same is being used off the premises, and lessor to have gas free of cost from any such well for all stoves and all inside lights in the principal dwelling house on said land during the same time by making his own connections with the wells at his own risk and expense.
3rd. To pay lessor for gas produced from any oil well and used off the premises or for the manufacture of casing-head gas, one-eighth, at the market price at the well for the gas so used, for the time during which such gas shall be used, said payments to be made monthly.

Lessee may use free of royalty, oil, gas and water from said land, except water from Lessor's wells, for all operations hereunder and for repressuring the oil and gas formations in this field.
If no well be commenced on said premises on or before the _____ day of _____ 1943, this lease shall terminate as to both parties, unless the Lessee on or before the said date shall pay or tender, in the manner hereinafter provided, a rental of _____ per acre per annum, payable quarterly in advance, which payments shall confer the privilege of successively deferring the commencement of a well for the periods for which such rental shall be paid.

All rentals or money due hereunder shall be paid by check or draft of Lessee, or any assignee thereof, mailed postage prepaid or delivered to _____ at _____ or to _____ bank at _____ for the credit of the said _____ Agent for Lessor, on or before the date any such rentals or money shall become payable: said bank by a power irrevocable, is hereby made the agent of Lessor to accept all rentals or money paid hereunder, and the same shall continue as the depository of such rentals during the life of this lease, regardless of change in ownership of said premises or said rentals provided, however, that such rental shall not be due, but shall be excused, if on any such rental paying date, or within three months prior thereto, oil or gas, has been or is being produced from said land, or drilling, mining, or reworking operations conducted thereon.

And it is agreed that upon the resumption of the payment of rentals, as above provided, that the last preceding paragraph hereof, governing the payments of rentals and the effect thereof, shall continue in force just as though there had been no interruption in the rental payments.

If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties and rentals here- in provided shall be paid the lessor only in proportion which his interest bears to the whole and undivided fee.
Lessee shall have the right to use, free of cost, gas, oil and water produced on said land for its operation thereon, except water from wells of lessor.

When requested by the lessor, lessee shall bury its pipe lines below plow depth.
No well shall be drilled nearer than 200 feet to the house or barn on said premises, without the written consent of the lessor.
Lessee shall pay for damages caused by its operation to growing crops on said lands.
Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove casing.

If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil and gas, or either of them, be found in paying quantities, this lease shall continue and be in force with like effect as if such well had been completed within the term of years herein, first mentioned.

If the estate of either party hereto is assigned, and the privilege of assigning in whole or in part is expressly allowed, the covenants hereof shall extend to their heirs, executors, administrators, successors or assigns, but no change in the ownership of the land or assignment of rental or royalties shall be binding on the lessee until after the lessee has been furnished with a written transfer or assignment of a true copy thereof; and it is hereby agreed in the event this lease shall be assigned, as to a part or parts of the above described lands and the assignee or assignees of such parts shall fall or make default in the payment of the proportionate part of the rents due from him or them, such default shall not operate to defeat or affect this lease in so far as it covers a part or parts of said lands which the said lessee or any assignee thereof shall make due payment of said rental.

If the leased premises are now, or shall hereafter be, owned in severalty or in separate tracts, the premises nevertheless shall be developed and operated as one lease, and all royalties accruing hereunder shall be treated as an entirety and shall be divided among, and paid to, such separate owners in the proportion that the acreage owned by each such separate owner bears to the entire leased acreage; Provided, however, if the leased premises consist of two or more non-abutting tracts, this paragraph shall apply separately to each such non-abutting tract, and further provided that if a portion of the leased premises hereafter consolidated with other lands for the purpose of operating the consolidated tract as one lease, this paragraph shall be inoperative as to such portion so consolidated.

If at any time there be as many as four parties entitled to rentals or royalties, lessee may withhold payments thereof unless and until all parties designate, in writing, in a recordable instrument to be filed with the lessee, a common agent to receive all payments due hereunder, and to execute division and transfer orders on behalf of said parties and their respective successors in title.

Lessee is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases in the immediate vicinity thereof, when in lessee's judgment it is necessary or advisable to do so in order properly to develop and operate said premises in compliance with the spacing rules or any lawful authority, or when to do so would, in the judgment of the lessee, promote the conservation of the oil and gas in and under that may be produced from said premises, such pooling to be into a unit or units not exceeding 40 acres each, except that in case where it may be necessary or convenient to conform to a unit to survey subdivisions such unit may contain not to exceed 43 acres. Lessee shall execute in writing an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a tract or unit shall be treated, for all purposes, as if production is had from this lease, whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalties hereinafter herein specified, lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the amount of acreage placed in the unit or his royalty interest therein bears to the total acreage so pooled in the particular unit involved. Provided, lessee shall be under no obligation whatsoever, express or implied to drill more than one well to each such unitized tract, regardless of when, where or by whom offset wells may be drilled.

Lessor hereby warrants and agrees to defend the title to the lands herein described, and agrees that the lessee shall have the right at any time to redeem for lessor, by payment, any mortgage, taxes or other liens on the above described lands, in the event of default of payment by lessor, and be subrogated to the rights of the holder hereof, and lessor hereby agrees that any such payments made by the lessee for the lessor shall be deducted from any amounts of money which may become due the lessor under the terms of this lease.

The undersigned lessors, for themselves and their heirs, successors and assigns, hereby surrender and release all rights of dower and homestead in the premises herein described, insofar as said right of dower and homestead may in any way affect the purpose for which this lease is made as recited herein.

Should the depository bank hereafter close without a successor, lessee or his assigns may deposit rental in any National Bank located in same county with first named bank due notice of the deposit of such rental to be mailed to the lessor at last known post office address.

All express or implied covenants of this lease shall be subject to all Federal and State Laws and to all executive orders, rules or regulations of State and Federal authorities and this lease shall not be terminated, in whole or in part, nor lessee held liable for any failure to perform thereunder if such failure is due to or is the result of any such law, order, rule or regulation.

COMMONWEALTH OF KENTUCKY
PUBLIC SERVICE COMMISSION
CASE NO. 2023-00207

Electronically Filed

In the Matter of:

ELECTRONIC INVESTIGATION OF
JURISDICTIONAL STATUS OF
LINDSEY ENTERPRISES, LLC AND OF
ITS COMPLIANCE WITH KRS
CHAPTER 278, 807 KAR CHAPTER 005,
AND 49 CFR PARTS 191 AND 192

AFFIDAVIT

Curtis Ratliff, having first been duly sworn, states as follows from his personal knowledge:

1. I am 69 years old and I am a life-long resident of Pike County, Kentucky. At all times between 1988 and 2017 I was employed by either Lindsey & Elliott Gas Co. or Lindsey Enterprises, LLC, and I am familiar with operations of those companies during that time period.

2. When I began working as described above, I became familiar with the farm tap present on a gas line in the Ford's Branch area of Pike County Kentucky that is subject of this investigation. That farm tap consisted of a tap, a regulator device between the tap and a displacement meter, and the displacement meter, all of which were located within a surface building in the area. My understanding is that all of the line running from that meter to the Ford's Branch area was installed by the residents of that area, or contractors working on their behalf, at their own expense. Further, I understand that the farm tap gas recipients in the Ford's Branch area had previously appointed and utilized an individual named Edgar Moore, now deceased, as their collective representative with regard to the farm tap gas they received. I also understand that from the time the farm tap was first created in or around 1969, two individuals

who received farm tap gas in the Ford's Branch area were nominated and took charge of dealing with any problems with or maintenance of the gas line or other apparatus beyond the meter associated with the farm tap.

3. Until approximately 1992, the residents of Ford's Branch who received farm tap gas paid on the basis of readings made at the meter located in the surface building described above. If some problem arose or maintenance was required on lines, regulators or other apparatus installed or utilized by the farm tap gas recipients in Ford's Branch, then I would turn off the gas at the farm tap until the farm tap gas recipients in Fords' Branch informed me that such work was completed. At that time, I did not conduct repairs or maintenance on the lines, regulators or other apparatus installed by or utilized by the farm tap gas recipients in the Ford's Branch area.

4. Sometime in or around 1991 or 1992, vandals damaged the gauges on the displacement meter described above. Since the farm gas recipients in the Ford's Branch area had installed, on their own initiative and at their own cost, meters on each of their homes or structures, those meters were thereafter utilized for billings.

5. Sometime in the early 1990's but after vandals damaged the meter described above, the farm gas recipients in the Ford's Branch area asked Lindsey Enterprises to assist them with repairs needed on the gas line and other apparatus associated with the farm tap that the farm tap recipients had installed on their own initiative and at their own expense. I did conduct such work for Lindsey Enterprises, which was done on a contract basis between Lindsey Enterprises and the farm tap gas recipients in the Ford's Branch area. During my employment, I was not aware of

any new request for farm tap gas being made by persons associated with new houses or other new structures in the Ford's Branch area described herein, and I never set any gas meter for any structure in that area.

Further the Affiant sayeth naught.

ESTABLISHING DOMESTIC SERVICE

Point of Connection

2. The connection for domestic service shall be at the pipeline of the Company at a point designated by it. The Company will make necessary tap in the line, install the saddles, stops, dnps, three regulators, meter, and other incidental equipment all of which shall be furnished by and at the expense of the Customer, except the saddle and meter which shall be furnished by and at the expense of the Company. The meter shall be installed as close as feasibly possible to the point of connection. The stop, drip, and regulators shall be and remain the property of the Customer and the saddles and meter shall be and remain the property of the Company. To cover a portion of the cost incidental to the installation, the Customer will pay to the Company at the time he executes this contract the sum of One Hundred Dollars (\$100). The Customer shall assume the duty of regulating the flow and pressure on his own service line and house line by the necessary labor, care and supervision of the same so that he may safely conduct gas over his premises at a pressure not exceeding ten (10) ounces per square inch at the meter. The Company shall assume the responsibility of setting the regulators at their proper pressure to effect a ten (10) ounce pressure on the outlet side of the meter at the time of setting. The Company shall repair all leaks which occur between the point of connection and the meter, when such leaks are discovered by or reported to it; provided, however, that the Customer shall pay the Company for any repair or replacement parts incidental to such repairs. The Customer assumes all risks from the outlet side of the meter caused by defects in his service lines, connections and appliances and from all causes incidental to the use of gas. The Customer shall not change the regulator settings or change in any way the installation made by the Company.

Shut off upon Reasonable Notice for Repairs, Nonpayment, Lack of Deposit, Violation, Misrepresentation, Moving, Tampering, Shortages, Larceny, Safety

Customer Installs Service Pipes, etc

3. The Customer shall at his own expense furnish and lay service pipes, fittings, valves and appliances between the meter and the point of consumption of the gas, maintain all the same in good condition and repair, and remove the same when necessary, furnishing such materials, labor and supervision as may be necessary to conduct and burn the gas with safety and shall be liable for any failure to do so. The charter and arrangements of the pipes and appliances through which the gas is transported from the point of connection to the point of consumption shall be subject to the inspection and approval of the authorized agents of the Company as not wasteful of gas and shall be of sufficient size as to permit regulators and meter to function at proper pressure and shall meet the specifications usually required by public utility companies furnishing gas for domestic consumption in Eastern Kentucky. The Company shall be under no obligation or duty at any time to inspect any of said connections, service pipes, appliances, equipment or regulators or be responsible in any manner for the selection, use, and maintenance of same, and shall have no duty or obligation with respect to their care, maintenance, or supervision.

Failure of Supply

Company Released from Claims for Damages

Deposits

4. The Company shall have the right, if it so elects, to require a cash deposit or other guaranty from the Customer to secure payment of bills in accordance with the terms and provisions of the Rules and Regulations of the Public Service Commission of Kentucky pertaining thereto.

Customer Liable for Pressure Leaks, etc.

Customer to give Notice to Company

GAS MEASUREMENT

Meter Tests

5. The measurement of gas by meter shall be conclusive upon the Customer and the Company except when such meter ceases to register, proves to be ineffective, or is found by test not to be accurate within the limitations specified in the rules of the Public Service Commission of Kentucky. In such cases, the consumption for the period in question shall be estimated, taking into consideration the consumption during a comparable period. In the event of the Customer's dissatisfaction with the accuracy of the meter, the Company will, upon written application, have the same removed, sealed and tested and a certificate of the test given to the Customer. If the meter so tested shall be found to be accurate within the limits specified in the rules of the Public Service Commission of Kentucky, the Customer shall, upon presentation of the bill, pay the Company for such test according to the schedule of charges for testing meters formulated by the said Commission. All meter service is based upon a meter pressure, not exceeding ten (10) ounces per square inch. If the gas is supplied at a higher pressure, the meter measurements shall be corrected according to Boyle's Law.

Company may Remove its Lines, etc.

Fifteen Days Notice

BILLS AND PAYMENT THEREOF

Price

6. The Customer agrees to pay the Company for all natural gas delivered hereunder as computed by meter at the point of connection at the rates established therefor by the Public Service Commission of Kentucky. The Company will render invoices to the Customer at regular monthly or bimonthly intervals for the natural gas delivered. Should the Customer fail to pay for gas delivered within thirty (30) days after the date of the invoice, or otherwise default and fail to comply with any of the terms of this contract, the Company shall have the right to apply the above mentioned deposit, if any, to the amount due and turn off the gas upon twenty-four (24) hours written notice without any liability for any injury or damage to persons or property resulting therefrom, and this contract shall thereupon terminate and be of no further force or effect, unless and until the Customer shall within thirty (30) days thereafter pay the amounts still due for gas delivered together with any other charges then due and owing to the Company under this contract, reestablish the deposit, pay to the Company a sum equal to that expense incurred in turning the gas off and on, and otherwise conform to the terms of this contract.

Inconsistent Agreement

Relation to House Bill No. 154

Cut off for Nonpayment

ACCESS TO PREMISES

Right of Entry upon Premises

7. The Company shall have the right to enter upon the premises of the Customer to read, repair, change or remove meters and inspect regulators, and shall also have the right to reclaim any of the property of the Company which may be located on the premises.

TAMPERING

8. Where the service facilities or other equipment have been tampered with resulting in improper measurement of the service supplied, the Customer shall be required to pay for such gas service as the Company may estimate from available information to have been used but not registered by the Company's meter; and in addition thereto, shall be required to bear all costs incurred by the Company for investigations and inspections and for such protective equipment as, in the judgement of the Company, may be necessary.

SHUT OFF PROVISIONS

9. The authorized agents of the Company shall at all times have access to the premises of the Customer, with the right to shut off the gas and remove its property from the premises, upon reasonable notice, for any of the following reasons: for repairs or because of leakage; for non-payment of any bill due under an existing or previous contract, or for failure to make a cash deposit if such be required; for any violation of the contract or of these rules and regulations; for fraudulent representation in relation to the consumption of gas; removal of Customer from the premises; for fraudulent tampering with the meter, regulators or connection; for shortage of gas or reasons of safety; for larceny of gas; for any action by the Customer to secure through his meter gas for purposes other than those contracted for, or for any other party, without the written consent of the Company, for false representation with respect to the ownership of lands upon which the lines of the Company are located.

LIABILITY FOR DAMAGE

10. The Company shall not be liable for damages caused by its failure to deliver gas arising from any cause whatever; nor shall it be liable for any damage to property or injury or death of persons arising or occurring in any manner whatsoever from the use of gas.

11. The Company shall be and is hereby released by the Customer and by all persons and by all members of the Customer's family, from any and all claims for damage, direct or indirect, present or prospective, accrued or which may hereafter accrue, resulting from the failure of gas or insufficient supply thereof, from the construction, operation and maintenance of its pipelines, plants, facilities or other operations; and the Customer agrees to indemnify and save the Company free and harmless from any and all loss, damage, claims, or demands of any kind or character, including, but not limited to loss or damage to property, real or personal, or injuries to, or death of, any person, predated upon or any in wise connected with, related to, or resulting from or arising out of any obligations imposed by this contract.

12. The Customer shall use all due care to prevent waste of gas and the responsibility of detection of defects or leaks between the point of connection and the point of consumption of gas is upon the Customer; and in case of failure or deficiency of gas, irregular supply, leakage, excessive pressure, and other developments incident to handling gas under pressure, the Customer agrees to give immediate notice thereof to the Company; and his failure to do so should loss follow, shall be conclusive evidence of negligence on the part of the Customer. The right of access to Customer's property, provided in Rule 7 above, shall not relieve the Customer of the foregoing obligation.

DISCONTINUANCE OF SERVICE

13. The Company shall not be liable to the Customer for discontinuance of service resulting from the plugging and abandonment by _____, of any of its wells or the curtailment of deliveries under the contract by the negotiated wholesaler, or change in the use by _____ of any of its wells. It is understood and agreed that the line from which the Company splices gas is not permanent and the Company may, at its own discretion, cease to furnish gas, either temporarily or permanently, and may repair or remove its pipeline or change the use thereof. The Company shall not be required to extend or relocate its lines, change the course of the flow of the gas therein, or leave the same in place after they have served the purpose for which they were originally constructed, in order to continue service under the terms hereof. Upon the abandonment or removal of the last of the Company's lines from the lands of the Customer, unless otherwise previously terminated, this contract and all rights thereunder shall thereupon terminate and service to the Customer be discontinued. Either party hereto may cancel this contract on fifteen (15) days written notice without prejudice to the right of the Company to continue its supply to other Customers; and the Company shall not be liable for any deficiency in the supply caused by the use of pumping stations, breakage of lines, or other causes, or for any claim for damage on account of any matters set forth in this paragraph.

AGREEMENTS INCONSISTENT HEREWITH

14. No agent or employee of this Company has authority to make any promise, agreement, or representation inconsistent with these rules and regulations; and no such promise, agreement, or representation shall bind the Company, unless in writing, signed by an executive officer thereof.

15. This contract is entered into between the Company and the Customer because of the provisions of House Bill No. 154 enacted by the General Assembly of the Commonwealth of Kentucky at its Regular 1952 Session and not because the Company is engaged in the business of selling natural gas or because the Company is a public utility. This contract or a schedule embodying the provisions hereof, will be filed with the Public Service Commission of the Commonwealth of Kentucky, if such filing is permitted by said Public Service Commission. Only those parties entitled to receive service under House Bill No. 154 shall be entitled to receive service under this contract. These rules and regulations are conditioned upon the constitutionality of House Bill No. 154. If such bill should be declared unconstitutional, by a court of competent jurisdiction, then these rules and regulations will become ineffective and this contract shall terminate thirty (30) days thereafter.

STATE OF Kentucky
COUNTY OF Pike, to-wit:

NOON 5:30 E000046
3:37

This 9th day of August, 19 76,
Earl Robinson, Fords Branch, Ky.

(hereinafter called "grantor"), in consideration of the sum of _____ Dollars (\$ _____), in hand paid, receipt whereof is hereby acknowledged, doth hereby grant unto Lula Adkins, Fords Branch, Ky.

(hereinafter called "grantee"), his successors and assigns, the right and rights of way, from time to time, to lay, construct, reconstruct, replace, renew, maintain, repair, operate, change the size of and remove pipes and pipe lines and needed appurtenances for the transportation and measurement of oil, gas, or any of the products thereof, gasoline and water, or any or all of the same, at such location or locations as the grantee shall select, on, over and through a certain tract of land situate in _____ County, Pike on the waters of Big Sandy in _____ No. 4 District of said County, and bounded and described as follows:

On the North by lands of _____
On the East by lands of _____
On the South by lands of _____
On the West by lands of _____

and being all or part of the lands conveyed to the grantor, by Dot Adkins and Mable Adkins, by deed dated the 6th day of April, 19 72, of record in the office of the Clerk of said County in Deed Book 503, page 114.

And as further consideration for the grant aforesaid, the grantee hereby agrees to pay _____ Cents (ϕ) per rod for each rod of pipe line laid or to be laid, in or on the hereinabove described premises, which sum is to be paid after any pipe line is constructed.

Grantor does also grant unto the grantee the right to lay additional and other pipe lines and needed appurtenances for the purposes aforesaid, for which additional or other pipe lines the grantee shall pay the price per rod hereinabove mentioned for each additional pipe line so laid.

Grantor does hereby also grant unto said Grantee the right of ingress and egress over the lands of grantors, to and from said line or lines or any of them, being constructed or to be constructed, for the purposes of construction, inspection, repairing, renewing, operating, changing the size of or removing the same, together with the right of removal of such at will, in whole or in part; the grantee, its successors and assigns to select the way of ingress and egress.

TO HAVE AND TO HOLD said easements, rights and rights of way unto the said grantee, its successors and assigns.

The grantee hereby further agrees to pay for all damage done to fences and growing crops of the grantor while laying, repairing or removing said lines; and further that the amount of said damages, if not mutually agreed upon, shall be ascertained and determined by three disinterested persons, one thereof to be appointed by the grantor and one by the grantee, and the third by the two so appointed, and the award of such three persons, or any two of them, shall be final and conclusive.

All of the rights granted and the duties imposed hereby upon the grantor and the grantee, respectively, shall inure to and be binding upon their respective heirs, personal representatives, successors and assigns.

WITNESS the following signatures and seals the day and year first above written.

Signed, sealed and delivered

**RE: Lindsey Enterprises, LLC Natural Gas provided to Ford's Branch
Property Owners**

Dear Charles:

As you know, we previously submitted a proposed Memorandum of Understanding and Agreement to you for consideration by you and the Ford's Branch property owners. It is apparent that we cannot reach an agreement consistent with those terms. Thus, that Memorandum and offer is withdrawn.

Lindsey Enterprises is willing to do the following with respect to the Fords' Branch property owners:

Lindsey Enterprises will pay for delivery and propane tank rental from Ferrell Gas for a period of one year to the 13 farm taps located at Fords Branch. These 13 households will each need to contact Sabra Rutherford with Ferrell Gas in order to set up their own individual accounts before the tanks can be delivered. So as to not create a bookkeeping nightmare with respect to each individual owner, it is reasonable to assume that the property owners can have the tanks delivered and established in their names by June 30. Thus, the one year period will expire on June 30, 2024.

Thompson & Kennedy PLLC

Attorneys at Law

Here is the contact information for Ms. Rutherford:

Sabra Rutherford
Regional Account Manager
East Sales Division
Ferrell Gas
502-523-8506

Please note that Lindsey Enterprises, LLC will cease providing natural gas to the Fords Branch property owners on July 1, 2023. This is dependent upon the continued production of the gas well in sufficient quantities for the Property Owners on this line.

Lindsey Enterprises will send separate correspondence to each of the property owners with this information, but we wanted to provide to you as well.

Sincerely,

Todd P. Kennedy

MEMORANDUM OF UNDERSTANDING AND AGREEMENT

THIS MEMORANDUM OF UNDERSTANDING AND AGREEMENT (the "Agreement") sets forth the terms upon which Lindsey Enterprises, LLC, of 105 Laurel Lane, Pikeville, KY 41501 (hereafter "Lindsey") and certain individuals who live on or about what is known as Ford's Branch in Pike County (hereafter "Property Owners") have come to an agreement and understanding as to the natural gas currently provided by Lindsey to Property Owners.

It is stated that Lindsey provides natural gas to the Property Owners.

The Property Owners confirm that they are current customers of Lindsey and that they each own their individual and respective properties at issue and have authority to enter into this agreement.

Lindsey agrees that it will not cease the natural gas service on October 15, 2022 to the Property Owners as indicated in an August 12, 2022 letter previously sent to the Property Owners. However, it is noted that Lindsey is obligated to and will abide by any valid directives from local, state, or federal officials or agencies which may limit or otherwise affect the natural gas supply to these Property Owners.

During such time as the Property Owners are making diligent efforts with respect to their obligations in this Agreement, Lindsey shall continue to supply natural gas to Property Owners. Wherefore, the previous letters of August 12, 2022 are considered revoked.

If the parties are not able to consummate and lawfully undertake the terms outlined in this agreement, any future communication that may be sent by Lindsey to the Property Owners regarding the cessation of natural gas service to the Ford's Branch property owners will provide at least 60 days notice as to the cessation of service. The date upon which natural gas service may cease will be no earlier than March 15, 2023.

During this interim period, Lindsey will undertake certain elements of maintenance with

respect to the gas lines which may affect the integrity of the gas line and/or the safety to the Property Owners and/or the general public. Lindsey's past maintenance and any future maintenance of the gas lines does not waive Lindsey's position that it is not the owner of said gas lines. Past and future repairs performed and/or paid for by Lindsey will continue to be charged to the customers for reimbursement. The performance of past maintenance and/or maintenance during the Interim period does not obligate Lindsey to perform any maintenance beyond the Interim period.

The Property Owners, jointly and severally agree that they will form a non-profit LLC or other suitable entity which will assume ownership of the gas lines which run from the master meter to the homes of the respective Property Owners. The LLC will be responsible for any and all maintenance with respect to the gas lines from the master meter to the homes. The LLC shall procure a general liability or other suitable insurance policy, with minimum limits of \$1,000,000 per occurrence. Lindsey shall be listed an additional insured under said policy. A copy of the applicable policy and subsequent renewals shall be provided to Lindsey.

During the interim period, the Property Owners confirm their obligation and promise not to undertake any actions with respect to the gas lines which endanger property or the safety of others.

Upon execution of this agreement by all parties, Lindsey will timely start the installation of a master meter at or near the gas well which will provide downstream the natural gas to the Property Owners. This will be at Lindsey's expense.

Upon satisfactory completion of the obligations above, Lindsey will sign a quitclaim deed to each of the Property Owners which transfers any interest Lindsey may have in the gas lines to the property owners. Lindsey will likewise transfer ownership of the gas meters currently in place on or near the residences of the property owners to the LLC.

The Deed will specify and contain language confirming that the obligations of the current

Property Owners as set out in this Agreement and/or in the to be formed LLC will “run with the land” and be binding upon the heirs and assigns of Property Owners and all future owners of said properties.

Upon satisfactory completion of the above, Lindsey will have no liability to the Property Owners or to the public with respect to the gas line beyond the master meter. As noted above, Lindsey denies any past liability with respect to the gas lines and prior and current provision of natural gas to the Property Owners.

During the interim period, Lindsey will continue to charge \$9.00 per 1,000 cubic feet for the natural gas. Upon satisfactory completion of the obligations above, Lindsey shall sell the natural gas to the LLC at the monthly rates per the Columbia Gas Appalachian Index.

The provision of natural gas is dependent upon the continued production of the gas well in sufficient quantities for the Property Owners on this line.

The parties can agree to extend the time periods referenced above by mutual agreement if the parties are working diligently towards completing the steps required and set out herein.

The parties agree that each shall execute or procure and deliver such additional documents and perform such acts as shall be reasonably necessary to evidence or effectuate the terms and intent of the agreement set forth herein.

The parties understand and agree that this Agreement is not, nor is it to construed as, an admission of liability by any of the parties.

The parties further acknowledge, understand, and agree that this Agreement shall bind each of them and their heirs, next of kin, executors, administrators, successors, assigns or any other person or entity claiming by or through them and shall inure to the benefit of each.

Any provision of this Agreement that is unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective only to the extent of such prohibition or unenforceability, without invalidating the remaining provisions. Any such provision or unenforceability in any jurisdiction

shall not invalidate or render unenforceable such provision in any other jurisdiction.

All parties will be responsible for their own costs, fees, and expenses relative to this matter and in completing the actions called for in this Agreement.

The date of the Agreement for purposes of reference shall be the date of the last signature set forth below.

IN WITNESS HEREOF, I HAVE READ THE FOREGOING AGREEMENT, HAVE DISCUSSED ITS CONTENTS WITH MY ATTORNEY, FULLY UNDERSTAND IT, AND SIGN IT OF MY OWN FREE WILL AND ACCORD.

RULES AND REGULATIONS

1. Bills for service will be rendered monthly, the term "month" shall mean the period between consecutive meter readings which shall be taken, as nearly as possible, every thirty (30) days.
2. Bills are rendered on or about the 1st day of the month for service furnished during the previous month and are due on that date. Bills not paid by the 12th of the month shall be subject to a 10 percent penalty on the monthly amount due. A penalty will not be charged on an existing penalty.
3. A charge of \$200 shall be charged for each new service tap, including saddle and first shutoff valve that Lindsey Enterprises, LLC must furnish and install.
4. A reconnection charge of \$25 shall be paid before service is restored following disconnection of service for nonpayment of bills.
5. A reconnection charge of \$100 shall be paid by customers, which request a disconnection and subsequently re-establish service at the same premises within 12 months.
6. A service charge of \$25 will be imposed on any customer whose check is returned from the bank due to insufficient funds. Such account will be considered

in arrears, subject to penalty and possible termination after notice pursuant to KAR 5:006, Section 11.

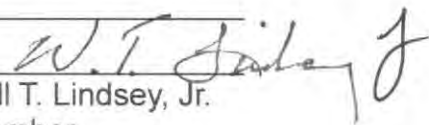

7. A charge of \$15 will be levied when a trip is made to collect a delinquent bill after proper notice.

8. Service will not be discontinued for nonpayment of bills without first having made a reasonable effort to induce the customer to pay the balance due. A 10-day written notice of cut-off will be given to the customer but the cut-off shall not be effected before 27 days after the mailing date of the original bill. This notice is separate from the bill and will include notification of state, local, and federal programs, if any, and their address, which provide assistance in payment of utility bills under certain conditions.

9. For matters not addressed herein, Lindsey Enterprises, LLC adopts the applicable rules of the Public Service Commission.

STATE OF KENTUCKY
COUNTY OF PIKE, to-wit:

This the 22 day of November 1969, Earl Robinson, ^{and Ersie Robinson, his wife,} hereinafter called grantor, in consideration of the sum of one Dollar, (\$1.00) in hand paid, receipt of which is hereby acknowledged, doth hereby grant unto, W. W. Lindsey, Edgar Moore, Henry Adkins, Woodrow Mc Peek, Samuel Casebolt, Robert Boggs, Pearl Casebolt, Charles Branham, Frank Pruitt, Eugene Pruitt, Woody Hall, Sam Jones, Elizabeth Regular Baptist Church, Kermit Coleman, W. H. Ford, Ella Harris, Ruby Hall, John Colson, Gareth B. Belcher, Raymond Harris, Bill Johnson, Lloyd Harris, Clay Harris, Jack Estep, Benny A. Ford, Alvis Casebolt, and Henry Workman, hereinafter called "grantee", their successors and assigns, the right and rights of way to lay, construct, reconstruct, replace, renew, maintain, repair, operate, and remove pipe and pipe lines and needed appurtenances for the transportation and measurement of natural gas at such location as the grantee shall select, on over and through a certain tract of land situate in Pike County Kentucky, on the waters of Levisa Fork of Big Sandy River, and bounded and described as follows:

- On the North by lands of VINCE HARKINS
- On the East by lands of ESTER RATLIFF
- On the South by lands of CHARLIE SOWARDS
- On the West by lands of CHARLIE SOWARDS

and being all or part of the lands conveyed to the grantor by _____
HILLMAN JONES by deed dated the 17 day of
Sept, 1945, of record in the office of the Clerk of said
County in deed book 254, page 605.

Grantor does hereby also grant unto said Grantee the rights of ingress and egress over the lands of grantors, to and from said lines or any of them, being constructed or to be constructed, for the purposes of construction, inspection, repairing, renewing, operating, or removing the same, together with the right of removal of such at will, in whole or in part; the grantee, its successors and assigns to select the way of ingress and egress.

TO HAVE AND TO HOLD said easements, rights of way and rights unto the said grantee, its successors and assigns.

The grantee hereby further agrees to pay for all damages done to fences and growing crops of the grantor while laying, repairing or removing said lines and further that the amount of said damages, if not mutually agreed upon, shall be ascertained and determined by three disinterested persons, one thereof to be appointed by the grantor, and one by the grantee, and the third by the two so appointed, and award of such three persons, or any two of them, shall be final and conclusive.

All of the rights granted and the duties ~~imposed thereby~~ imposed hereby upon the grantor and the grantee, respectively, shall inure to and be binding upon their respective heirs, personal representatives, successors and assigns.

WITNESS the following signatures and seals the day and year first above written.

**PIPE LINE RIGHT OF
WAY GRANT**

TO

Smith Heirs Lease

By *Betty Mullins* D.C.

LE000188

THIS AGREEMENT, made and entered into, this the 12th day of June, 1954, by and between Clyde B. Smith and Leslie Lois B. Smith, his wife, of Topmost, Knott County Kentucky; John Dennis B. Smith and Elaine B. Smith his wife, of Boston, Massachusetts; Curtis B. Smith and Lenore T. Smith, his wife, of Martinsville, Illinois; Alta B. Smith, single, of Dayton Beach, Florida; Shelby B. Smith, of Vallejo, California; Earnest B. Smith and Rachel B. Smith, his wife of Norman, Oklahoma, Alta Logan, single, of Whitesburg, Kentucky; Mae Logan, single, of Oak Ridge, Tennessee Ruth Logan Raleigh and John W. Raleigh, her husband, of Oak Ridge, Tennessee; and Frances B. Smith, single, of Bay City, Michigan, parties of the first part, hereinafter called LESSOR, and W. W. LINDSEY, party of the second part, hereinafter called LESSEE.

WITNESSETH:

That the said lessors in consideration of the sum of One Dollar (\$1.00) the receipt of which is hereby acknowledged and of the covenants hereinafter contained on the part of the said Lessee, to be paid, kept, and performed, has granted, demised, leased, and let, and by these presents does grant, demise, lease, and let, with covenants of general warranty, unto the said Lessee, for the purpose of drilling and otherwise operating for oil and gas, and of laying pipe lines and building tanks, roads, stations, telephone, telegraph, and electric power lines, houses for valves, meters, regulators and other appliances, with all other rights and privileges necessary, incident or convenient for the operation of this land alone and conjointly with neighboring lands, all that certain tract of land situated in the Carrie Precinct District, Knott County, Kentucky, on the waters of Walker's Branch of Troublesome Creek, and bounded substantially as follows:

On the North by Troublesome Creek

On the East by lands of Wiley Combs heirs, Floyd Risner and Will Combs heirs

On the South by lands of Kentucky River Coal Corporation

On the West by the lands of Cornelius Singleton and Carrie Combs heirs,

containing 714 acres more or less. Be the same lands bequeathed to the Lessors herein by Will ~~Book No. 1~~ of Polly B. Smith, dated 3rd day of June, 1939, and recorded in Will Book No. 1, at page 273, and being the same land conveyed from John Martin et al. to Polly B. Smith by deed, dated the 24th day of July, 1902, and recorded in Deed Book 12, at page 27, of the Knott County Court Clerk's Office.

It is agreed that this lease shall remain in force for the term of five (5) years from this date, and as long thereafter as the said land is operated by the lessee, its successors or assigns, in the production of oil or gas in paying quantities.

The Lessee covenants and agrees to deliver to the credit of the Lessors, their heirs or assigns, free of costs, in the pipe line to which said Lessee may connect its wells, a royalty of one-eighth (1/8) of all oil produced and saved from the leased premises, and the lessors shall be paid for the gas produced and marketed from the premises at the rate of one-eighth of the selling price of the gas at the well or

Book 12, at page 27, of the Knott County Court Clerk's Office.

LE000189

It is agreed that this lease shall remain in force for the term of five
(5) years from this date, and as long thereafter as the said land is operated by the
lessee, it's successors or assigns, in the production of oil or gas in paying
quantities.

The Lessee covenants and agrees to deliver to the credit of the Lessors, their
heirs or assigns, free of costs, in the pipe line to which said Lessee may connect its
wells, a royalty of one-eighth (1/8) of all oil produced and saved from the leased
premises, and the lessors shall be paid for the gas produced and marketed from the
premises at the rate of one-eighth of the selling price of the gas at the well or
meter station where it is measured and delivered to the purchaser.

The Lessee covenants and agrees to pay rental at the rate of One Dollar
(\$1.00) per acre per year, after sixty days from the date hereof, and until, but
not after, a well yielding royalty to the Lessor is drilled on the leased premises;
said rental shall be payable quarterly, and the Lessee shall have the right, at its
option, to adjust the first rental payments so that all subsequent rentals shall fall
due on even quarters. Any rental paid for the time beyond the completion of gas well
shall be credited against the first royalty due upon the premises. Upon the drilling
of a well considered non-productive by the Lessee and yielding no royalty for the
further term of 6 months after the completion of such non-productive well, without
rental. Upon the expiration of said 6 months, another well shall be commenced, or, at
the option of the Lessee, the payment of the aforesaid rental shall be renewed, upon
the basis of the actual total acreage covered hereby, less 100 acres for each non-
productive well so drilled upon the premises.

Lessors may lay a line of lines to three gas wells or gathering line of
Lessee on said land and take gas produced therefrom for their use for heat and light
for three dwelling houses on said land at Lessor's own risk, subject to the use,
operation, pumping and right of abandonment of the well or lines by the Lessee. The
first 200,000 cubic feet of gas so taken from each of said three wells each year shall
be free, but all gas in excess of Two hundred thousand cubic feet taken in each year
from each of said three wells, shall be paid for the Lessors at the same rate and at
the same price Lessors are being paid royalty for gas produced from the premises, and
measurement and regulation shall be by meter and regulators set at the tap on the
well or gathering line. This privilege is upon condition that the Lessors shall use
gas with economy, in safe and proper pipes and appliances and shall subscribe to and be
bound by the reasonable rules and regulations of the Lessee. The connection or connections
with the Lessee's wells or line shall be made by the Lessee. Definite and satisfactory
evidence of the right and privilege to, or ownership of, the use of such free gas

In the event of the failure of the Lessors promptly to pay for gas used in excess of said 200,000 cubic feet per year, Lessee, may, if it so elects, in addition to all other legal remedies, apply sufficient of rentals or royalties accruing hereunder to satisfy any sums which may be due for such excess gas. Each and all of the terms, conditions, and provisions hereof, with respect to the use of free gas, shall be fully complied with and all be considered and construed to be conditions precedent to the right to use thereof, it being definitely understood that but three gas privileges, in any event, shall be granted on the entire leased premises.

Payment of all monies herein named or due the Lessors under this lease may be made by cash or check to the following named persons in the following proportions;

Clyde B. Smith - Two-eighths (2/8)
 John Dennis B. Smith - One-thirty-second (1/32)
 Curtis B. Smith - one-eighth (1/8)
 Alta B. Smith - one-eighth (1/8)
 Ernest B. Smith - one-eighth (1/8)
 Shelby B. Smith - one-eighth (1/8)
 Mae Logan - one twenty-fourth (1/24)
 Alta Logan - one twenty-fourth (1/24)
 Ruth Logan Raleigh - one twenty-fourth (1/24)
 Frances B. Smith - three thirty-seconds (3/32)

If the Lessors interest in the leased premises is, or shall prove to be less than the entire fee simple estate therein, or, if the acreage herein recited is in excess of the true quantity of land in said premises, the Lessors covenant and agree, upon demand, to refund excess rentals or royalties paid, and to release, Lessee from the payment of further rentals or royalties in proportion to such outstanding interest or interests in title, or excess acreage, or both. If the acreage recited is less than the true quantity, the Lessee shall likewise, upon demand, adjust rentals paid and to be paid in accordance to the true acreage. In event the Lessors shall upon demand fail to refund any overpayment, Lessee shall have, and is hereby given the right to credit rentals or royalties due hereunder with the overpayment until the amount thereof is fully recovered.

In addition to the covenant of general warranty, hereinabove contained, the Lessors further covenant and agree, (a) that if the lessors' title to the leased premises shall come into dispute or litigation, or, if, in the judgment of the Lessee, there are bona fide adverse claims to the rentals or royalties hereinabove provided for, then the Lessee, at its option, may withhold the payment of said rentals or royalties, until final adjustment or adjudication or other settlement of such dispute, litigation, claim or claims; and (b) that the lessee, at its option, may pay and discharge any taxes assessed against lessors on the leased premises, mortgages, or other lien or liens, existing, levied, assessed, or which may hereafter come into existence or be levied or assessed on or against Lessors' interests in the leased premises, and, in the event it

If the Lessors interest in the leased premises is, or shall prove to be less than the entire fee simple estate therein, or, if the acreage herein recited is in excess of the true quantity of land in said premises, the Lessors covenant and agree, upon demand, to refund excess rentals or royalties paid, and to release, Lessee from the payment of further rentals or royalties in proportion to such outstanding interest or interests in title, or excess acreage, or both. If the acreage recited is less than the true quantity, the Lessee shall likewise, upon demand, adjust rentals paid and to be paid in accordance to the true acreage. In event the Lessors shall upon demand fail to refund any overpayment, Lessee shall have, and is hereby given the right to credit rentals or royalties due hereunder with the overpayment until the amount thereof is fully recovered.

In addition to the covenant of general warranty, hereinabove contained, the Lessors further covenant and agree, (a) that if the lessors' title to the leased premises shall come into dispute or litigation, or, if, in the judgment of the Lessee, there are bona fide adverse claims to the rentals or royalties hereinabove provided for, then the Lessee, at its option, may withhold the payment of said rentals or royalties, until final adjustment or adjudication or other settlement of such dispute, litigation, claim or claims; and (b) that the lessee, at its option, may pay and discharge any taxes assessed against lessors on the leased premises, mortgages, or other lien or liens, existing, levied, assessed, or which may hereafter come into existence or be levied or assessed on or against Lessors' interests in the leased premises, and, in the event it exercise such option the Lessee shall be subrogated to the lien and any and all rights of any holder or holders thereof and may reimburse itself by applying to the discharge of any such mortgage, tax, or other lien or liens, any rental or royalty accruing hereunder, provided, however, that Lessors shall pay taxes only on their interest in the leased premises, and the Lessee shall pay all taxes and assessments and governmental charges of any nature assessed against its interest in the leased premises, including taxes and assessments against its gas wells and pipe lines and equipment and machinery on said premises.

If and when drilling or other operations hereunder are delayed or interrupted by lack of water, labor or material, or by storm, fire, flood, or rebellion, insurrection, riot, strike, differences with workmen, or failure of carriers to transport or furnish facilities for transportation, or as a result of some order, rule, regulation, requisition or necessity of the government, or as a result of any other cause whatsoever beyond the control of the Lessee, anything in this lease to the contrary notwithstanding, provided, however, that such delay or interruption shall not stop the running of time provided for in this lease for longer than six months.

The Lessee shall have the right to assign this lease or any interest herein or any portion of the acreage covered hereby, however, in the event of such assignment of any interest in this lease or any portion of the acreage covered hereby, the assignee shall be bound by all of the terms, condition, covenants, and agreements contained herein to be kept and performed by the Lessee.

The drilling of one productive well on the leased premises shall

taxes assessed against lessors on the leased premises, mortgages, or other lien or liens, existing, levied, assessed, or which may hereafter come into existence or be levied or assessed on or against Lessors' interests in the leased premises, and, in the event it exercise such option the Lessee shall be subrogated to the lien and any and all rights of any holder or holders thereof and may reimburse itself by applying to the discharge of any such mortgage, tax, or other lien or liens, any rental or royalty accruing hereunder, provided, however, that Lessors shall pay taxes only on their interest in the leased premises, and the Lessee shall pay all taxes and assessments and governmental charges of any nature assessed against its interest in the leased premises, including taxes and assessments against its gas wells and pipe lines and equipment and machinery on said premises.

If and when drilling or other operations hereunder are delayed or interrupted by lack of water, labor or material, or by storm, fire, flood, or rebellion, insurrection, riot, strike, differences with workmen, or failure of carriers to transport or furnish facilities for transportation, or as a result of some order, rule, regulation, requisition or necessity of the government, or as a result of any other cause whatsoever beyond the control of the Lessee, anything in this lease to the contrary notwithstanding, provided, however, that such delay or interruption shall not stop the running of time provided for in this lease for longer than six months.

The Lessee shall have the right to assign this lease or any interest herein or any portion of the acreage covered hereby, however, in the event of such assignment of any interest in this lease or any portion of the acreage covered hereby, the assignee shall be bound by all of the terms, condition, covenants, and agreements contained herein to be kept and performed by the Lessee.

The drilling of one productive well on the leased premises shall relieve the Lessee from the payment of delay rentals for six months from the time gas begins to be marketed from said well and yielding royalty to the Lessors, and after six months from the date of completion of such well yielding royalty to the Lessors another well shall be drilled or delay rental shall be resumed and paid thereafter on all acreage covered by this lease, except 100 acres around each well, whether productive or non-productive. Upon the completion of a second productive well yielding royalty to the Lessors, the Lessee shall be relieved from the payment of delay rentals on the whole, of the leased premises for six months from the completion of such well, and at the end of such six months another well shall be drilled or delay rentals shall be resumed on the whole acreage covered by this lease, except 100 acres around each well, whether productive or non-productive. The drilling of three productive wells on the leased premises, yielding royalty to the Lessor, shall relieve the Lessee from the payment of any further delay rentals.

The Lessee may at any time during the term hereof, cancel and surrender this lease, and be relieved of any and all obligations, payments and liabilities thereafter to accrue as to the whole of the leased premises, by the recordation of a release or deed of surrender in the aforesaid County Court Clerk's Office, and the mailing of a check covering all rentals, if any, due up to the date of such cancellation or surrender.

It is agreed that the Lessee may drill as many wells on said land as it desires, and it shall commence drilling of the first well on the leased premises within

30 days from the date of the execution of this lease.

It is agreed that the Lessee shall have the privilege of using free of any charge, sufficient water, oil and gas from the said premises to run all machinery necessary for drilling and operating thereon, and at any time to remove all machinery and fixtures placed on said premises.

No well shall be drilled by the Lessee within 200 feet of the dwelling house or barn now on said premises, except by the consent of the Lessors.

The leased premises may be freely and fully used by the Lessors for farming purposes excepting such parts as are used by the Lessee in operating hereunder.

All the terms, conditions, limitations and covenants between the parties hereto shall extend to and be binding upon their respective heirs, successors, personal representatives, and assigns.

Woodall Dawson
Lease

THIS AGREEMENT, Made and entered into this 22nd day of January, A.D. 1918

by and between Lloyd Dawson and Mattie Harrison
his wife and A.C. Woodall and Myrtle Woodall
his wife

hereinafter called the Lessor; and W.W. Lindsey and J.C. Kindred

hereinafter called the Lessee: That the Lessor, in consideration of one dollar, the receipt of which is hereby acknowledged, and of the covenants and agreements herein contained, does hereby grant, demise, lease and let unto the Lessee for the term of Ten Years (and so long thereafter as said land is operated by the Lessee in the search for production of oil and gas), all the oil and gas and gasoline in and under the land hereinafter described, together with the exclusive right to drill for, produce and market said oil and gas and gasoline, to lay pipe lines and build tanks, stations, telegraph and electric power lines, houses for gates, meters and regulators and all other appliances necessary, incident or convenient for the operation of this land alone and conjointly with neighboring lands, and to possess so much of said lands as may be necessary or convenient for the operation of this land alone and water from said lands in the operations thereon, and the right to remove, at any time, any and all property placed by Lessee in or upon said premises, and Lessor waives the right to claim or hold during or after the term hereof any of said property as fixtures or as a part of the realty, and Lessor hereby warrants generally the title to the land herein leased and to the oil and gas and gasoline produced therefrom.

Said land being situate in Pike County, State of Kentucky, on the waters of Turkey Creek and bounded substantially as follows:
On the North by lands of James Rankin & Harrison lands
On the East by lands of E. Zach Smith
On the South by lands of W. Gray & H. G. Casabell lands
On the West by lands of Wm. May Jr & Joseph Lambert lands
containing 15 1/4 acres, more or less, including lands conveyed to, or inherited by, Lessor by or from J.W. Blair & J.C. Harrison heirs
recorded in Book Page in the County Court Clerk's office of said County.

TO HAVE AND TO HOLD said premises for and during the term aforesaid. No well to be drilled within 200 feet of the barn or dwelling house without Lessor's consent. In Consideration of the Premises, the said Lessee covenants and agrees to deliver to Lessor or to Lessor's credit in tanks, tank cars, or pipe line to which Lessee may connect its wells, a royalty of one-eighth (1/8) of all oil produced and saved from the premises, and to pay for each gas well from the time and while the gas is marketed, at the rate of one-eighth (1/8) of the wholesale market value thereof at the well based on the usual price paid therefor in the general locality of said leased premises, payable such three months, until Lessee shall give written notice to Lessor of its intention to abandon the well, or shall, in fact, plug and abandon the same. Said payments shall commence within ninety days after the completion of each well and shall constitute the entire consideration to such Lessor including the gasoline and other contents thereof. In the event Lessee does not market the gas from said premises, Lessee is to pay delay rentals until such time as said gas is marketed. Said Lessee shall not be required in any event to increase the rate of said gas well payments or said royalty of oil by reason of any royalty or interest in said oil or gas that may have been heretofore sold, reserved, or conveyed by said Lessor or his or their predecessor or predecessors in title or otherwise. And any such outstanding royalty or interest shall be first deducted from the royalties and rentals above provided to be paid or delivered. If the acreage or area herein recited is in excess of the true quantity of land in said premises, Lessee shall have the right to deduct such excess from the delay rental or royalty payments and shall be released from the payment of further rentals or royalties in the proportion to such excess over the true acreage. If the recited acreage or area is less than the quantity of land in said premises, Lessee, on demand, shall pay up arrears or deficiency in rental payments on the basis of the excess over said recited acreage and thereupon pay rental hereunder on the basis of the true acreage. The leased premises may be fully and freely used by Lessor for farming purposes, excepting such parts as are used by Lessee in operating hereunder and Lessee agrees to pay all damages to growing crops not occasioned by the necessary operations under this lease. Lessor shall be entitled to 200,000 cubic feet of gas per year free of cost for domestic use in one dwelling on said premises from any gas well thereon so long as Lessee shall operate the same and the pressure is sufficient for such use, and shall use said gas at Lessor's risk and expense of piping, and subject to the right of Lessee to require Lessor to set a meter and regulator at the tap in the well or line from which said gas is taken for measuring the same, and with economical gas burning appliances (subject to Lessee's approval), and Lessee shall not be liable for any insufficient supply from any cause whatsoever. Lessee is to have in consideration of the premises and the undertakings on the part of the Lessee, the waste and casing head gas from oil wells, and gasoline (with the right to manufacture same), and water for use on or off the premises, and the right to operate and maintain roads, pipe lines, surface roads to and from adjoining lands, provided, however, if said waste or casing head gas be used for the manufacture of gasoline Lessee to pay Lessor their proportionate part of one-eighth (1/8) of the proceeds received from the sale thereof less Lessor's proportionate part of the cost of transportation for each well from which and while said gas is so used.

Lessee agrees to commence a well on said premises within 90 days from the date of this lease or pay to Lessee at the rate of the lease will be void. If a well is drilled on this lease premises, the Lessee shall pay to Lessor the full amount of the royalty on the production of said well, but if a well is drilled on this lease premises and the Lessee fails to pay to Lessor the full amount of the royalty on the production of said well, the Lessee shall continue to pay to Lessor the full amount of the royalty on the production of said well until the completion of one year after the completion of said non-productive well, without regard to the expiration of said lease. If another well shall be completed on said land as it may elect, and the consideration and rentals paid and to be paid constitute full and complete compensation for such privilege.

The Lessee is expressly granted the right and privilege, but shall not be required, to consolidate the leasehold estate or any part or parts thereof created by the execution and delivery of this lease with the leasehold estate or any part or parts thereof in lands adjacent or contiguous to the land herein described. In the event Lessee exercises such right and privilege, the consolidated leasehold estate shall be deemed, treated and operated as though the leasehold estates so consolidated were covered and included in this lease originally, and in such event the royalties payable hereunder shall be prorated and paid to the respective lessors in the proportion which the number of acres of oil and gas owned by such lessor and included in the consolidated estate bears to the total acreage in such consolidated leasehold estate, and a producing well on any portion of the consolidated estate shall operate to continue the entire leasehold estate in the whole of the same for so long as oil or gas is produced therefrom.

It is further agreed that at any time, upon the tender or payment to Lessor, or such agent of Lessor as hereinafter named, in hand, or deposit to Lessor's or such agent's credit in the Bank hereinafter named of One Dollar and all monies for delay then due hereunder, Lessee shall have the right to release and surrender this lease by returning it to Lessor, with the endorsement by Lessee of a surrender hereon, or by recording a release and surrender in the County Clerk's Office, State of Kentucky, either of which Lessor agrees to accept as, and which shall be a full and legal surrender of this lease and of Lessee's right and a cancellation of all liabilities under this lease of each and all parties hereto.

Lessee hereby covenants and agrees that Lessee at its option, but without any obligation to do so, may pay and discharge any and all taxes, mortgages or other liens and encumbrances upon said premises in the event of default of payment by Lessor, and in that event shall be subrogated to all the rights of the holder or holders of such mortgages or other liens and encumbrances, with full right to enforce the same, or may retain for the payment of such taxes, mortgages or other liens and encumbrances the royalties and/or rentals accruing hereunder.

Payment of monies herein named or due under this lease may be made by cash or check payable to Lloyd Dawson and Mattie Harrison and A.C. Woodall and Myrtle Woodall as their joint and several deposit to their credit in the Pikeville National Bank of Pikeville, Ky. or by check made payable to or order and mailed to at P. O. County, State of

It is agreed that 71.42% of the Royalties accruing hereunder shall be allotted to Lloyd Dawson and Mattie Harrison and 28.58% of the Royalties shall accrue to A.C. Woodall and Myrtle Woodall.

The covenants herein on behalf of "Lessor" are the joint and several covenants of said "Lessor" whether one or more persons. It is the intention of both parties to this agreement that the construction thereof shall be governed by the terms of an Act of the General Assembly of the Commonwealth of Kentucky, passed at its regular session in the year 1920, and approved by the Governor on the 18th day of March, 1920, entitled, "An act to standardize, validate and enforce contracts, and leases for lands leased for oil and gas purposes, and to provide for how and when oil wells shall be drilled"; and it is expressly conceded and stipulated by the Lessor that there is no duty or obligation on the part of the Lessee to be implied, nor shall the Lessee be held to have assumed any duty or obligation with reference to the development of said leased premises, or the protection of the same from drainage, except as in said statute or in this agreement expressly provided.

WITNESS the following signatures and seals the day and year first above written.

Witness: x Lloyd Dawson (Seal)
x Mattie Harrison (Seal)
x A.C. Woodall (Seal)
x Myrtle Woodall (Seal)
