Re: Case No. 2023-00214

Dear Ms. Bridwell:

Please find enclosed Delta's Quarterly Report of Gas Cost Recovery Rate Calculation, which determines the Gas Cost Recovery to be effective with the first billing cycle of August 2023 that includes meters read on and after July 28, 2023. Delta is also filing copies of the schedules in Excel format. Delta has contemporaneously filed a Petition for Confidential Protection for certain of the information in the Quarterly Report and gas supplier invoices.

In accordance with Ordering Paragraph 2 in the Commission's April 28, 2023 Order in Case No. 2023-00076, Delta collected \$45,130 based on 51,856 mcf in usage May 2023 pursuant to the GCR residual tracker. For the legacy Peoples Gas KY system, \$3,272 was collected based on 4,428 mcf of usage. Subsequent GCR filings will include a report of the prior quarter's GCR surcharge collection, but at present, Delta only has one complete month of collection to report. The next GCR filing will include a report on the collections from May (the same as stated herein), June, and July 2023.

In accordance with 807 KAR 5:001, Section 8(7), this is to certify that Delta's June 28, 2023 electronic filing is a true and accurate copy of the documents being filed in paper medium; that the electronic filing has been transmitted to the Commission on June 28, 2023; that there are currently no parties that the Commission has excused from participation by electronic means in this proceeding,

Please let me know if you have any questions or concerns.

Sincerely,

Monica H. Braun
