

**COMMONWEALTH OF KENTUCKY
BEFORE THE KENTUCKY STATE BOARD
ON ELECTRIC GENERATION AND TRANSMISSION SITING**

In the Matter of:

**In the Matter of the Application of Dogwood Corners)
LLC for a Certificate of Construction for an)
Approximately 125 Megawatt Merchant Electric Solar) Case No. 2023-00246
Generating Facility in Christian County, Kentucky)
Pursuant to KRS 278.700 and 807 KAR 5:10)**

WITNESS LIST

Dogwood Corners LLC (“Dogwood Corners”), by counsel, pursuant to 807 KAR 5:0110, Section 6 and other applicable law, and does hereby give notice of its intent to make the following witnesses available for examination at the hearing for this matter which is scheduled for 1:00 p.m. on Wednesday, February 7, 2024.

Megan Stahl will be available to provide testimony regarding a broad area of issues, including general matters relating to the Project site, planning, design, permitting, project schedule, operation, management, environmental surveys, mitigation measures, and communications with local officials and members of the public. Ms. Stahl will also be available to field questions regarding the wetland and waterbody delineation report, for which Ryan Rupprecht was previously listed as a witness as well as the Geotechnical Report, for which Bradley A Reynolds and Lee McCoy were previously listed as witnesses. Ms. Stahl is the project development manager for the Dogwood Corners project and a Development Manager with Oriden.

Seth Wilmore will be available to provide testimony regarding a broad area of issues including general matters relating to the Project site, development of solar facilities, environmental

surveys, permitting, and corporate structure of Dogwood Corners. Mr. Wilmore is the Chief Development Officer at Oriden.

Shane Kelley will be available to provide testimony regarding project the Noise Assessment, the Traffic Impact Study, roadways, and other site-specific features. Mr. Kelley has a Bachelor of Science degree in Natural Resources and Environmental Science from the University of Kentucky. He has been an environmental scientist with Stantec for approximately 10 years and is currently the Natural Resources Team Lead Team lead for Stantec's Kentucky Natural Resources team, over which he manages a team of environmental professionals who specialize in renewables, environmental permitting, the endangered species act, wetland delineations, habitat assessments, Section 7 consultation, 401/404 permitting, hazardous materials assessments, and Phase I ESAs.

Dr. Paul Coomes will be available to provide testimony on the economic impact that the Project will have both in the local and regional areas. His report was filed with the application and supplements thereto have been provided in response to data requests. Dr. Coomes has a Ph.D. in Economics and is a Professor Emeritus of Economics at the University of Louisville, where he started teaching in 1985. Dr. Coomes has provided services to several renewable-energy projects submitted to the Siting Board.

Richard Kirkland will be available to provide testimony on the Kirkland Appraisals property-value report that was filed with the application, as well as respond to questions. Mr. Kirkland has served as an appraiser since 1996. He is a Kentucky and North Carolina State Certified Appraiser, and obtained an MAI Designation in 2001. Mr. Kirkland has submitted numerous property-value reports associated with solar-energy generating facilities that have been accepted by the Kentucky Siting Board.

Respectfully submitted,
