RE: Proposed Water Rate Increase

Dear Mr. Greynolds:

The Campbellsville Water & Sewer Committee met on May 11, 2022 and recommended to the Campbellsville City Council an increase in East Casey County Water District's rate for water service from Campbellsville Water.

The Wholesale Water Rate for East Casey County Water District will increase from \$2.54 per 1000 gallons to \$2.95 per 1,000 gallons.

The Campbellsville City Council held its First Reading of the proposed rate increase on Monday, May 16, 2022, and the Second Reading will be heard on Monday, June 20, 2022.

The proposed rate increase will be effective for water used on and after August 1, 2022.

Attached are the following documents, which contain the new rates, the proposed effective date, and other information, as required by the Public Service Commission.

- Customer Notice
- Revised Tariff Sheet
- Proposed Rate Ordinance being considered by the Campbellsville City Council

Sincerely,

Mayor Diane Ford-Benningfield

NOTICE

Notice is hereby given that Campbellsville Municipal Water & Sewer (Campbellsville Water) plans to file with the Public Service Commission on or before July 1, 2022 to increase its rates for wholesale water service to East Casey County Water District effective for service on and after August 1, 2022. The proposed rates are as follows:

<u>Wholesale Water Rate</u>	<u>Current Rate</u>	<u>New Rate</u>	<u>Change (\$)</u>	<u>Change (%)</u>
East Casey County Water District	\$2.54 per 1,000 gallons	\$2.95 per 1,000 gallons	\$0.22 per 1,000 gallons	16%

The rates contained in this notice are the rates proposed by Campbellsville Water but the Public Service Commission may order rates to be charged that differ from the proposed rates contained in this notice.

Water flowing through the meter(s) before the effective date will be charged at the current rates while water flowing through the meter(s) on and after the effective date will be charged at the new rates.

This filing may be examined at the offices of Campbellsville Water located at 110 S. Columbia Ave., Campbellsville, Kentucky 42718 or by contacting Will Reynolds at the same address as above or by phone at (270) 789-3133.

The filing may also be examined at the offices of the Public Service Commission located at 211 Sower Boulevard, Frankfort, Kentucky, 40601, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's website at <http://psc.ky.gov>.

Comments regarding the filing may be submitted to the Public Service Commission through its website or by mail to Public Service Commission, Post Office Box 615, Frankfort, KY 40602.

Intervention by East Casey County Water District or another person with a substantial interest may be requested by submitting a timely written request for intervention by mail to the Public Service Commission, Post Office Box 615, Frankfort, KY 40602. The request for intervention must establish the grounds for the request including the status and interest of the party.

If the Public Service Commission does not receive a written request for intervention prior to the effective date of the proposed rates, the Public Service Commission may take final action on the filing.

WATER PURCHASE CONTRACT

This contract for the sale and purchase of water is entered into as of the _____ day of _____, between the City of Liberty, KY

PO Box 127 - Liberty, KY 42539
(Address)

hereinafter referred to as the "Seller" and the East Casey County Water District

PO Box 56 - Liberty, KY 42539
(Address)

hereinafter referred to as the "Purchaser",

WITNESSETH:

Whereas, the Purchaser is organized and established under the provisions of Kentucky Revised Statutes of the Code of 74, for the purpose of constructing and operating a water supply distribution system serving water users within the area described in plans now on file in the office of the Purchaser and to accomplish this purpose, the Purchaser will require a supply of treated water, and

Whereas, the Seller owns and operates a water supply distribution system with a capacity currently capable of serving the present customers of the Seller's system and the estimated number of water users to be served by the said Purchaser as shown in the plans of the system now on file in the office of the Purchaser, and

Whereas, by Motion No. 2 enacted on the 10th day of April, 2023, by the Seller, the sale of water to the Purchaser in accordance with the provisions of the said Water Purchase Contract was approved, and the execution of this contract carrying out the said Water Purchase Contract by the City of Liberty Mayor, and attested by the Secretary, was duly authorized, and

Whereas, by Motion of the Board of Directors of the Purchaser, enacted on the _____ day of _____, _____, the purchase of water from the Seller in accordance with the terms set forth in the said Water Purchase Contract was approved, and the execution of this contract by the Chairman, and attested by the Secretary was duly authorized;

Now, therefore, in consideration of the foregoing and the mutual agreements hereinafter set forth,

A. The Seller Agrees:

1. (Quality and Quantity) To furnish the Purchaser at the point of delivery hereinafter specified, during the term of this contract or any renewal or extension thereof, potable treated water meeting applicable purity standards of the Kentucky Division of
Water

in such quantity as may be required by the Purchaser not to exceed n/a gallons per month.

Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to U.S. Department of Agriculture, Clearance Officer STOP 7602, 1400 Independence Avenue, S. W., Washington, D. C. 20250-7602. Please DO NOT RETURN this form to this address. Forward to the local USDA office only. You are not required to respond to this collection of information unless it displays a currently valid OMB control number.

2. (Point of Delivery and Pressure) That water will be furnished at a reasonably constant pressure calculated at

6 PSI from an existing 6 inch main supply at a point located
various meters

If a greater pressure than that normally available at the point of delivery is required by the Purchaser, the cost of providing such greater pressure shall be borne by the Purchaser. Emergency failures of pressure or supply due to main supply line breaks, power failure, flood, fire and use of water to fight fire, earthquake or other catastrophe shall excuse the Seller from this provision for such reasonable period of time as may be necessary to restore service.

3. (Metering Equipment) To furnish, install, operate, and maintain at its own expense at point of delivery, the necessary metering equipment, including a meter house or pit, and required devices of standard type for properly measuring the quantity of water delivered to the Purchaser and to calibrate such metering equipment whenever requested by the Purchaser but not more frequently than once every twelve (12) months. A meter registering not more than two percent (2%) above or below the test result shall be deemed to be accurate.

The previous readings of any meter disclosed by test to be inaccurate shall be corrected for the 6 months previous to such test in accordance with the percentage of inaccuracy found by such tests. If any meter fails to register for any period, the amount of water furnished during such period shall be deemed to be the amount of water delivered in the corresponding period immediately prior to the failure, unless Seller and Purchaser shall agree upon a different amount. The metering equipment shall be read on monthly intervals. An appropriate official of the Purchaser at all reasonable times shall have access to the meter for the purpose of verifying its readings.

4. (Billing Procedure) To furnish the Purchaser at the above address not later than the 5th day of each month, with an itemized statement of the amount of water furnished the Purchaser during the preceding month.

B. The Purchaser Agrees:

1. (Rates and Payment Date) To pay the Seller, not later than the 15th day of each month, for water delivered in accordance with the following schedule of rates:

- a. \$ 27,500 for the first 10,000,000 gallons, which amount shall also be the minimum rate per month.
- b. \$ 2.75 cents per 1000 gallons for water in excess of 10,000,000 gallons but less than _____ gallons.
- c. \$ _____ cents per 1000 gallons for water in excess of _____ gallons.

2. (Connection Fee) To pay as an agreed cost, a connection fee to connect the Seller's system with the system of the Purchaser, the sum of _____ dollars which shall cover any and all costs of the Seller for installation of the metering equipment and _____.

C. It is further mutually agreed between the Seller and the Purchaser as follows:

1. (Term of Contract) That this contract shall extend for a term of 45 years from the date of the initial delivery of any water as shown by the first bill submitted by the Seller to the Purchaser and, thereafter may be renewed or extended for such term, or terms, as may be agreed upon by the Seller and Purchaser.

2. (Delivery of Water) That n/a days prior to the estimated date of completion of construction of the Purchaser's water supply distribution system, the Purchaser will notify the Seller in writing the date for the initial delivery of water.

3. (Water for Testing) When requested by the Purchaser the Seller will make available to the contractor at the point of delivery, or other point reasonably close thereto, water sufficient for testing, flushing, and trench filling the system of the Purchaser during construction, irrespective of whether the metering equipment has been installed at that time, at a flat charge of \$ n/a which will be paid by the contractor or, on his failure to pay, by the Purchaser.

4. (Failure to Deliver) That the Seller will, at all times, operate and maintain its system in an efficient manner and will take such action as may be necessary to furnish the Purchaser with quantities of water required by the Purchaser. Temporary or partial failures to deliver water shall be remedied with all possible dispatch. In the event of an extended shortage of water, or the supply of water available to the Seller is otherwise diminished over an extended period of time, the supply of water to Purchaser's consumers shall be reduced or diminished in the same ratio or proportion as the supply to Seller's consumers is reduced or diminished.

5. (Modification of Contract) That the provisions of this contract pertaining to the schedule of rates to be paid by the Purchaser for water delivered are subject to modification at the end of every 1 year period. Any increase or decrease in rates shall be based on a demonstrable increase or decrease in the costs of performance hereunder, but such costs shall not include increased capitalization of the Seller's system. Other provisions of this contract may be modified or altered by mutual agreement.

6. (Regulatory Agencies) That this contract is subject to such rules, regulations, or laws as may be applicable to similar agreements in this State and the Seller and Purchaser will collaborate in obtaining such permits, certificates, or the like, as may be required to comply therewith.

7. (Miscellaneous) That the construction of the water supply distribution system by the Purchaser is being financed by a loan made or insured by, and/or a grant from, the United States of America, acting through Rural Development of the United States Department of Agriculture, and the provisions here of pertaining to the undertakings of the Purchaser are conditioned upon the approval, in writing, of the State Director of Rural Development.

8. (Successor to the Purchaser) That in the event of any occurrence rendering the Purchaser incapable of performing under this contract, any successor of the Purchaser, whether the result of legal process, assignment, or otherwise, shall succeed to the rights of the Purchaser hereunder.

In witness whereof, the parties hereto, acting under authority of their respective governing bodies, have caused this contract to be duly executed in 2 _____ counterparts, each of which shall constitute an original.

PUBLIC NOTICE EAST CASEY COUNTY WATER DISTRICT PURCHASED WATER ADJUSTMENT

Due to increases in the wholesale rate for water purchased from the City of Campbellsville and the City of Liberty, the East Casey County Water District has applied to the Kentucky Public Service Commission for a rate increase to cover its increased costs. The rates contained herein are the rates proposed by East Casey County Water District for all customers, however the Public Service Commission may order rates to be charged that are higher or lower than the rates proposed in this notice. Any corporation, association, body public or person may request leave to intervene by motion within thirty (30) days after notice of the proposed rates change is given. A motion to intervene shall be in writing, shall be submitted to the Executive Director, Kentucky Public Service Commission, 211 Sower Boulevard, P. O. Box 615, Frankfort, KY 40602, and shall set forth the grounds for the motion including the status and interest of the party. The application may be reviewed at the East Casey County Water District at 690 South Wallace Wilkinson Boulevard Liberty, KY 42539 and the Kentucky Public Service Commission office listed above Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Commission's website at <http://psc.ky.gov>.

MONTHLY WATER RATES

	CURRENT RATE	PROPOSED RATE	INCREASE PER 1,000 GALLONS
First 2,000 gallons	\$22.75 (Minimum Bill)	\$23.24 (Minimum Bill)	\$0.49 or 2.15%
Next 3,000 gallons	0.00979 per Gallon	0.01004 per Gallon	\$0.25 or 2.55%
Next 5,000 gallons	0.00940 per Gallon	0.00965 per Gallon	\$0.25 or 2.66%
Next 5,000 gallons	0.00900 per Gallon	0.00925 per Gallon	\$0.25 or 2.78%
Next 5,000 gallons	0.00860 per Gallon	0.00885 per Gallon	\$0.25 or 2.91%
Over 20,000 gallons	0.00781 per Gallon	0.00806 per Gallon	\$0.25 or 3.20%
Average Monthly Bill for 4,000 gallons	\$42.33	\$43.32	\$0.99 or 2.34%

The proposed rates are scheduled to go into effect with the September 2023 meter readings which will be reflected on the first billing following October 1, 2023. The proposed rate increase of \$0.25/1,000 gallons will compensate for the higher wholesale purchase water rates proposed by the City of Campbellsville and City of Liberty.

EXHIBIT D

RESOLUTION

RESOLUTION OF THE EAST CASEY COUNTY WATER DISTRICT, AUTHORIZING THE IMPLEMENTATION OF NEW RATES, SUBMITTING NEW RATES TO THE PUBLIC SERVICE COMMISSION AND AUTHORIZING A REPRESENTATIVE TO SIGN ALL RELATED DOCUMENTS

WHEREAS, the City of Campbellsville and City of Liberty are raising their wholesale cost of water pending approval from the Public Service Commission; and

WHEREAS, the District desires to adjust its rates to its customers to reflect the wholesale rate increases.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the East Casey County Water District as follows:

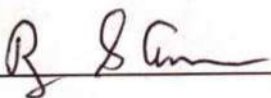

SECTION 1. That the District hereby accepts the rates awarded by the Public Service Commission pending approval and approves the raising of rates by a compensating amount to its customers.

SECTION 2. That the Chairperson is hereby authorized, directed and empowered by the District's Board of Commissioners to execute the necessary documents, and to otherwise act on behalf of the District to implement the changed rates.

SECTION 3. This Resolution shall take effect immediately upon passage.

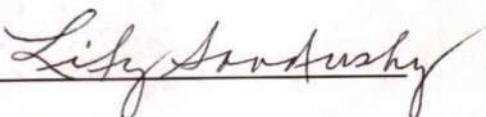

ADOPTED on August 15, 2023.
