Re: *In the Matter of: Electronic Tariff Filing of Big Rivers Electric Corporation and Kenergy Corp. to Revise the Large Industrial Customer Standby Service Tariff – Case No. 2023-00312*

Dear Ms. Bridwell:

On August 7, 2024, the Kentucky Public Service Commission issued an Order granting the motions for rehearing that each party filed in the above-referenced matter. The Commission also granted the Joint Applicants' request to suspend their obligation to file new tariff sheets until the resolution of the issues that are the subject of rehearing, and acknowledged that the parties were attempting to negotiate a resolution of the issues on rehearing.

The parties have reached an agreement that, if approved, would resolve the rehearing issues, which agreement is memorialized in the attached Settlement Agreement, Stipulation, and Recommendation (the "Settlement Agreement"). Proposed new Standby Service tariffs for Big Rivers and Kenergy are attached as Exhibit A to the Settlement Agreement. Proposed new electric service agreements for Domtar and Kimberly-Clark based on the proposed new tariff sheets are attached as Exhibit B to the Settlement Agreement. Please note that Domtar has executed the Settlement Agreement but has not yet executed its new electric service agreement.

For the convenience of the Commission, redlines showing the changes between the proposed new tariff sheets and the tariff sheets that were the subject of this proceeding are also being filed with this letter.

The parties look forward to the opportunity to discuss the proposed settlement with the Commission and Commission Staff.

Sincerely yours,

/s/ Tyson Kamuf
