**MOTION FOR AUTHORIZATION  
TO USE SURCHARGE FUNDS**

---

Comes now Henderson County Water District. (“Henderson District”), by and through counsel, pursuant to 807 KAR 5:001, Section 4, and the Public Service Commission’s (“Commission”) Order of December 13, 2023, and other applicable law, and respectfully moves the Commission to authorize the expenditure of \$2,800 to pay the attached invoice for leak detection services. In support of this motion, Henderson District respectfully states as follows:

1. By Order on December 13, 2023, the Commission approved an unaccounted-for water loss reduction surcharge for Henderson District and ordered Henderson District to file a Qualified Infrastructure Improvement Plan (“QIIP”) with the Commission.
2. Henderson District filed its QIIP in this matter on April 11, 2024, and filed a request for expenditure on June 20, 2024.
3. The Commission’s July 22, 2024 Order reviewed Henderson District’s requests for expenditure of surcharge funds for 1) the payment of leak detection services performed in May 2024, and 2) payment for the purchase of a portable valve exerciser.

4. The Commission ultimately approved the use of surcharge funds to pay for the two requests made by Henderson District, however ordered that the remaining projects listed in Henderson District's QIIP were continued for further discovery.

5. Henderson District respectfully requests the use of \$2,800 for leak detection services performed by Reveal Underground Services in August 2024. Henderson District is attaching the invoice for the August 2024 work performed by Reveal Underground Services as Exhibit A to this Motion.

6. The request for use of surcharge funds to pay for the leak detection services is in alignment with Henderson District's QIIP filed on June 20, 2024 and meets the standard set forth by the Commission for the use of surcharge funds to allow Henderson District to recover costs of its efforts in water leak detection and repair in order to reduce the increased expense and lost revenue from unaccounted-for water loss.<sup>1</sup> Furthermore, the Commission approved the May 2024 invoice for the leak detection services to be paid from the water loss surcharge funds.<sup>2</sup>

WHEREFORE, on the basis of the foregoing, Henderson District respectfully requests that the Commission authorize the use of surcharge funds for the attached \$2,800 invoice for leak detection services.

Dated this 8<sup>th</sup> day of January, 2025.
