Dear Mr. McNeil:

Re: Amended January 2026 Water Loss Report

Henderson County Water District (HCWD) submits the attached amended Water Loss Report for January 2026.

Upon review of the previously submitted report, HCWD determined that meter rollovers caused residential water consumption for the month to be reported incorrectly. HCWD also determined that fire department water usage for January 2026 was underreported.

Both corrections have been incorporated into the attached amended report so that HCWD's records accurately reflect water usage and water loss calculations for the reporting period.

HCWD will continue to monitor its water usage and water loss data and will work to maintain water loss at an acceptable level.

Thank you for your consideration. Please contact me if you have any questions regarding this filing.

Respectfully,
