RE: Surcharge Report for 03/2026
Original Case No: 2022-00366
Surcharge Reporting Case No: 2023-00351

Dear Ms. Bridwell,

Per the Public Service Commission's Order in Case No. 2022-00366 regarding the assessment of a surcharge of \$1.72 on each customer bill over forty-eight (48) months for the purpose of water loss reduction, the Commission required certain information from Mountain Water District to be submitted on a monthly basis in order for the Commission to ensure compliance by the District with the intent and purpose of the surcharge expenditures.

The District began billing the surcharge in mid-January, 2024. Please see the e-filed spreadsheet detailing this information for the month of March, 2026 uploaded to Case No. 2023-00351.

The District's Water Loss Report has been uploaded to the case as well. Water sales for March were lower than normal causing an increase in the Water Loss Report over February numbers, even though our produced and purchased water gallons are down, demonstrating progress with leak detection and repairs.

The District intends to begin the replacement of the Burning Fork water line as listed in the QIIP this spring. We will be petitioning the Commission in the month of May for permission to proceed with that item that was approved by the Commission for year three (3) of the District's plan.

Please contact me with any questions or concerns you may have with regard to this filing for the surcharge requirements by phone at (606) 631-6165 or via email at tolson@mtwater.org.

Sincerely,

Tammy Olson
General Manager
Mountain Water District
