RE: Surcharge Report for 05/2026  
Original Case No: 2022-00366  
Surcharge Reporting Case No: 2023-00351

Dear Ms. Bridwell,

Per the Public Service Commission's Order in Case No. 2022-00366 regarding the assessment of a surcharge of \$1.72 on each customer bill over forty-eight (48) months for the purpose of water loss reduction, the Commission required certain information from Mountain Water District to be submitted on a monthly basis in order for the Commission to ensure compliance by the District with the intent and purpose of the surcharge expenditures.

The District began billing the surcharge in mid-January, 2024. Please see the e-filed spreadsheet detailing this information for the month of May, 2026 uploaded to Case No. 2023-00351.

The District's Water Loss Report has been uploaded to the case as well. With the warmer weather the last couple of months we have been able to find more leaks, sweep larger zones, and bring water loss down from the last several previous months. The May percentage was up a bit over April which was caused by the repair of multiple large leaks and that usage was higher than normal.

Please contact me with any questions or concerns you may have with regard to this filing for the surcharge requirements by phone at (606) 631-6165 or via email at [tolson@mtwater.org](mailto:tolson@mtwater.org).

Sincerely,

Tammy Olson  
General Manager  
Mountain Water District
