TRANSMISSION SITING

In the Matter of:

ELECTRONIC APPLICATION OF GGSO, LLC	)	
(GAGE SOLAR) FOR A CERTIFICATE OF	)	
CONSTRUCTION FOR AN APPROXIMATELY 240	)	
MEGAWATT MERCHANT SOLAR ELECTRIC	)	Case No. 2023-00369
GENERATING FACILITY IN BALLARD COUNTY,	)	
KENTUCKY PURSUANT TO KRS 278.700 AND 807	)	
KAR 5:110.	)	

STATUS REPORT

GGSO, LLC (“Applicant” or “Gage Solar”), by and through counsel, hereby provides this Status Report to the Kentucky State Board on Electric Generation and Transmission Siting (“Siting Board” or “Board”) in response to the Board’s letter dated August 17, 2026, with respect to above-captioned matter.

On November 15, 2023, the Applicant submitted its Notice of Intent and Election with the Siting Board, receiving case number 2023-00369 in connection with its anticipated application. On November 20, 2023, Gage Solar submitted its Notice of Intent (NOI) to file an application for a Certificate of Construction for an approximately 240 megawatt (MW) merchant solar electric generating facility in Ballard County, Kentucky (the “Project”). The Applicant tendered its Renewed and Restated Notice of Intent (“Renewed NOI”) on August 15, 2024, thereby renewing the prior NOI for the Ballard County solar facility.

On February 10, 2026, the Board issued a letter to Gage Solar requesting a status report on the Project to indicate whether a renewed notice of intent would be filed. Gage Solar submitted its status report to the Board on February 24, 2026.

Gage Solar hereby reports that the Project remains active and is continuing its efforts in optimizing its site plan. The Applicant anticipates retaining the Project's planned 240 MW generation capacity while filing a site plan that reflects a more contiguous layout. Gage Solar reaffirms its intent to file a renewed NOI once the site plan is optimized and respectfully requests the Board to continue to retain the case number originally assigned to the Project.

Dated this 25th day of August 2026.

Respectfully submitted,

/s/Pierce T. Stevenson
