

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC PURCHASED GAS)
ADJUSTMENT FILING OF VALLEY GAS,)
INC.) **CASE NO. 2023-00385**

MOTION FOR CONFERENCE WITH COMMISSION STAFF

Pursuant to 807 KAR 5:001, Section 9(4), Valley Gas, Inc. (“Valley Gas”) moves for the Commission to convene a videoconference in this matter for the purpose of discussing the methodology that Valley Gas should be employed to calculate its Gas Cost Recovery (“GCR”) Rate.

In support of its Motion, Valley Gas states:

- 1. In its Order establishing this proceeding, the Commission stated that Valley Gas was not properly calculating its GCR Rate because it failed to include purchases of gas subsequently sold to Mago Construction Company and sales to Mago Construction Company in its calculations.

- 2. Valley Gas wishes to use the appropriate methodology to calculate its GCR Rate in future quarterly filings. It is uncertain how these calculations should be made since they rely in part on calculations from previous quarterly reports which the Commission deems improperly calculated.

- 3. A conference to discuss the correct methodology for future reports will enable Valley Gas to submit correctly calculated quarterly reports, avoid the need for additional proceedings to review and correct future GCR Rate filings, and avoid Valley Gas and the Commission expending valuable resources needlessly.

4. Valley Gas has approached Commission Staff to request assistance in using the correct methodology to prepare its GCR Rate quarterly reports and has been advised to request a conference.

5. Valley Gas requests the Commission to proceed quickly to address this motion as Valley Gas's next GCR Rate quarterly filing is due shortly.

WHEREFORE, Valley Gas requests that the Commission schedule a videoconference in this matter for the purpose of discussing the methodology that Valley Gas should be employed to calculate its Gas Cost Recovery Rate.
