NOTICE

On January 10, 2024, the Kentucky Public Service Commission (PSC) accepted for filing Powell's Valley Water District's (Powell's Valley District) application requesting to increase its revenue from sewer sales by \$7,452, an approximate increase of 5.95 percent. On July 2, 2024, Commission Staff determined Powell's Valley District would require an increase of \$8,408 or 6.71 percent in revenue from sewer sales. Powell's Valley District requests the PSC approve its recommended revenue requirements and that Powell's Valley District be allowed to implement the revised rates as follows:

| Meter Size | | Current | Proposed | | % Increase |
|------------------|---------------------|---------|----------|--------------|------------|
| 5/8" x 3/4" Inch | First 2,000 Gallons | \$27.57 | \$29.42 | Minimum Bill | 6.71% |
| | Over 2,000 Gallons | 0.01378 | 0.01470 | Per Gallon | 6.68% |
| | Flat Rate Customers | \$27.57 | \$29.42 | Minimum Bill | 6.71% |

The proposed rates shall not become effective until the Public Service Commission has issued an Order approving these rates. The rates will increase the monthly bill of a typical residential customer who uses 4,000 gallons from \$55.13 to \$58.82, an increase of \$3.69, or approximately 6.69 percent. For those customers who receive a flat monthly sewer bill, the increase will be \$1.85, from \$27.57 to \$29.42, or approximately 6.71 percent. This filing may be examined at the offices of Powell's Valley District located at 31 Adams Ridge Road P.O. Box 550 Clay City, KY 40312, Kentucky; telephone (606) 663-5870.
