RE: Case No. 2023-00400
Muhlenberg County Water District #3
Response to Commission Staff Report

Dear Ms. Bridwell:

Muhlenberg County Water District #3 submits the following comments concerning the Commission Staff Report dated May 30, 2024:

1. Although the District does not agree with the removal of certain labor expenses from nonrecurring charges, the District does not wish to contest that adjustment in this case. The District's failure to object to Staff's findings and recommendations concerning the reduction of certain nonrecurring charges shall not be construed to be a waiver of the District's right to contest a similar finding or recommendation in a future rate proceeding. The District expressly reserves its right to do so.
2. The District would like to request to not implement the \$1.10 surcharge as originally proposed. The District believes that its current efforts to control its water loss has resulted in much lower water loss for 2023 than what is reported for 2022.
3. The District concurs with the remainder of the findings presented in the Staff Report.

4. The District waives its right to request an informal conference or hearing in this case.

Sincerely,
