If the Public Service Commission approves the proposed water rates, then the monthly water bill for a customer using an average of 4,000 gallons per month will increase from \$25.39 to \$31.43. This is an increase of \$6.04 or 23.80%.

The rates contained in this notice are the rates proposed by Muhlenberg County Water District #3. However, the Public Service Commission may order rates to be charged that differ from these proposed rates. Such action may result in rates for consumers other than the rates shown in this notice.

Muhlenberg County Water District #3 has available for inspection at its office the application which it submitted to the Public Service Commission. A person may examine this application at the District's office located at 4815 Main St, Bremen, KY 42325. You may contact the office at 270-525-6333.

A person may also examine the application at the Public Service Commission's offices located at 211 Sower Boulevard, Frankfort, Kentucky, 40601, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's website at <u>http://psc.ky.gov</u>. Comments regarding the application may be submitted to the Public Service Commission through its website or by mail to Public Service Commission, PO Box 615, Frankfort, Kentucky, 40602. You may contact the Public Service Commission at 502-564-3940.

A person may submit a timely written request for intervention to the Public Service Commission, PO Box 615, Frankfort, KY, 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of the initial publication of this notice, the Public Service Commission may take final action on the application.

REASONS FOR APPLICATION

(In the space below list all reasons why the Applicant requires a rate adjustment. Describe any event or occurrence of significance that may affect the Applicant's present or future financial condition, including but not limited to excessive water line losses, regulatory changes, major repairs, planned construction, and increases in wholesale water costs.)

Muhlenberg County Water District #3 is requesting a 19.46 percent rate increase for its water customers. The rate increase

will generate an approximate total of \$258,478 in additional annual revenue. The District requires the increase for the following reasons:

1. To restore the District to a sound financial condition; and

2. To enable the District to enhance its financial capacity so it can continue to operate its system in compliance with the federal Safe Drinking Water Act, as amended in 1996, and KRS Chapter 151.

In addition, Muhlenberg County Water District #3 requests a \$1.10 per customer water loss surcharge to be used to fund water loss mitigation efforts.

REFERENCES

- A. The Current Billing Analysis results in pro forma water sales revenue of \$1,337,602. This reflects a full year at the retail rates that were effective in 2022 and indicates an increase to water sales of \$55,583 is required.
- B. In 2023 Muhlenberg County Water District #3's board approved an increase to employee hourly wages of \$1.50 starting in 2024 and \$1.00 starting in 2025. Pro forma wages and taxes other than income have been increased \$38,737, and \$1,440 respectively to reflect these changes.
- C. The District pays 100 percent of its employees' single health and dental insurance premiums. The PSC requires that expenses associated with this level of employer-funded premiums be adjusted to be consistent with the Bureau of Labor Statistics' national average for an employer's share of health insurance premiums. Average employer shares from BLS are currently 79 percent for single coverage and 66 percent for families. The PSC also limits expenses associated with dental insurance premiums to 60 percent for single and family coverages. Applying those percentages to premiums to be paid in the current year results in a deduction from 2022 benefits expense of \$10,030.
- D. Muhlenberg County Water District #3's total water loss for 2022 was 19.14 percent. A reduction of \$27,210 to Purchased Water and Purchased Power is necessary to align with Commission precedent.
