RE: Case No. 2023-00401
Peaks Mill Water District
Explanation of Adjustment to Total Retail Metered Sales on
Alternative Rate Filing Application Statement of Adjusted Operations

Dear Ms. Bridwell:

Enclosed for filing in the referenced case is Peaks Mill Water District's response to a request by Kentucky Public Service Commission staff for an explanation of an adjustment to Total Retail Metered Sales on the Alternative Filing Application Statement of Adjusted Operations.

The Statement of Adjusted Operations included Adjustment I which proposed to increase the proforma revenues for the test year by \$17,395. This adjustment was intended to reflect an estimate of the increased revenues anticipated as a result of an increase in customers as well as the changeout of older, under-registering meters with new, more accurate meters.

Sincerely,

A handwritten signature in blue ink that reads "Robert K. Miller".
