# Kentucky 2025 Q2

## REQUESTS RECEIVED

Requests Received Containing 1 or More Pole Attachment

**36**

Proposed Pole Attachments Associated With Requests Received

| Structure Type | Qty        |
|----------------|------------|
| Pole           | 209        |
| <b>Total</b>   | <b>209</b> |

This data is based on requests that were received during the quarter shown for this report.

## MAKE-READY REQUIRED

Requests Received Containing 1 or More Pole Attachment Requiring Make-Ready

**16**

Proposed Pole Attachments Associated With Requests Requiring Make-Ready

| Structure Type | Qty       |
|----------------|-----------|
| Pole           | 73        |
| <b>Total</b>   | <b>73</b> |

The proposed pole attachment data is based on the total structures associated with a request that requires make-ready on at least one of the structures associated with the request and may include structures that do not require make-ready. Some requests received during the quarter shown for this report have not completed the survey stage to determine if make-ready is required.

## PROCESSING TIME

AVG Processing Time (Days)

**24.44**

Attachments Associated with Requests

| Structure Type | Qty        |
|----------------|------------|
| Pole           | 764        |
| <b>Total</b>   | <b>764</b> |

This data is based on requests that did not require make-ready and were permitted in the quarter shown for this report and requests that require make-ready and the quote has been sent to the new attach in the quarter shown for this report. These requests may have been received in previous quarters.

## COMPLETED REQUESTS

Requests Completed

**98**

Attachments Associated with Completed Requests

| Structure Type | Qty        |
|----------------|------------|
| Pole           | 767        |
| <b>Total</b>   | <b>767</b> |

This data is based on requests that were completed in the quarter shown for this report but may have been received in previous quarters. For purposes of this report, completed requests are defined as requests where all processing, make-ready, construction and post-inspection work has been completed.
