

SC Q1-41

| Plant | Weatherization Project Description (completed)           | Cost      | Date implemented |
|-------|--|-----------|------------------|
| GH    | Unit 1&2 Fly Ash Air Compressor Building Enclosure       | \$70,000  | 2019             |
| GH    | Unit 3&4 Fly Ash Air Compressor Building Enclosure       | \$42,000  | 2021             |
| GH    | Unit 3 Circulating Water Pump Lube Water Building        | \$40,000  | 2019             |
| GH    | Coal Yard Mobile Equipment Cold Weather Storage Facility | \$384,000 | 2020             |
| GH    | Unit 4 Circulating Water Pump Lube Water Building        | \$40,000  | 2020             |
| BR    | BRCT 11N2 Gas Regulating Building                        | \$180,000 | 2023             |
| BR    | BRCT 11N2 Pilot Gas Heaters                              | \$8,000   | 2019             |
| BR    | BRCT GT24 Exhaust Pressure Transmitter Heat Trace        | \$5,000   | 2015             |
| TC    | Coal Chute and Water Treatment Building Weatherization   | \$38,354  | 2021             |
| TC    | Misc Building Enclosures and Heater Installs             | \$305,680 | 2019             |
| TC    | TC1 Chemical Injection Skids Weatherization              | \$53,871  | 2020             |
| TC    | Coal Handling External Overhead Door Improvement         | \$13,361  | 2021             |
| TC    | Construction Building External Overhead Door Improvement | \$275,365 | 2022             |
| TC    | Electric Heater Purchase/Install                         | \$210,766 | 2023             |
| TC    | TC1 Building Heating Improvements                        | \$47,860  | 2024             |
| CR    | Cane Run Water Treatment Enclosures                      | \$325,000 | 2016             |
