Dear Martha Sue Robinson,

Enerfin Renewables LLC is a renewable energy company looking to develop a solar project at the intersection of Maxfield and Carrsville Road in Livingston County, KY.

As part of our efforts in getting to know the Livingston County Community, you are invited to a community meeting hosted by Mantle Rock Solar LLC.

The meeting will be on **Thursday, September 28th** from **6:00 p.m. to 8:00 p.m.** at the **Deer Lake Golf Course** located at **140 Deer Lake Lane, Salem, KY 42078**. It is an open house format, so you may come whenever you're available! Light refreshments will be provided.

Mantle Rock Solar is a proposed 65-Megawatt solar project, currently working on an application to construct and operate in Livingston County, at the intersection of Maxfield and Carrsville Road. The project will be 562 acres, with 194 acres north of the intersection and 368 acres south of the intersection.

Enerfin Renewables LLC is a wholly owned subsidiary of Enerfin Sociedad de Energia, S.L.U. (Enerfin), a global energy company dedicated to the development and operation of wind and solar projects around the world.

We have a portfolio of over 1.2 GW of operating projects and 8.4 GW of projects under development. We have projects in Spain, Brazil, Columbia, Canada, Mexico, and are currently developing projects in the United States, Australia, and parts of Africa.

Our projects not only provide clean energy, but also support economic development, adding value to the communities we support. This could be through capital investments, significant new tax revenues, and active partnerships with local schools.

We would love to see you at our meeting as it will serve as a great opportunity to learn about the project and ask any questions you may have. During this meeting, you will have the opportunity to talk with environmental specialists, economic professionals, and our development team all in one setting.

If you can't attend but would still like to learn about the project, please take a look at the project website at <https://www.mantlerocksolar.com/>

We look forward to meeting you on Thursday, September 28th at the public meeting, if we haven't already!

Brad King

Senior Director of Development, Enerfin Renewables

MANTLE ROCK SOLAR PUBLIC MEETING

WELCOME

Mantle Rock Solar Project Overview

- Generate Electricity From Photovoltaic Solar Panels
- Produce 65 Megawatts
- Power Approximately 39,000 Homes
- Study Area - 562 Acres
- Mantle Rock Solar will develop, construct, and operate Project
- Power transmitted to Big Rivers Electric Corporation

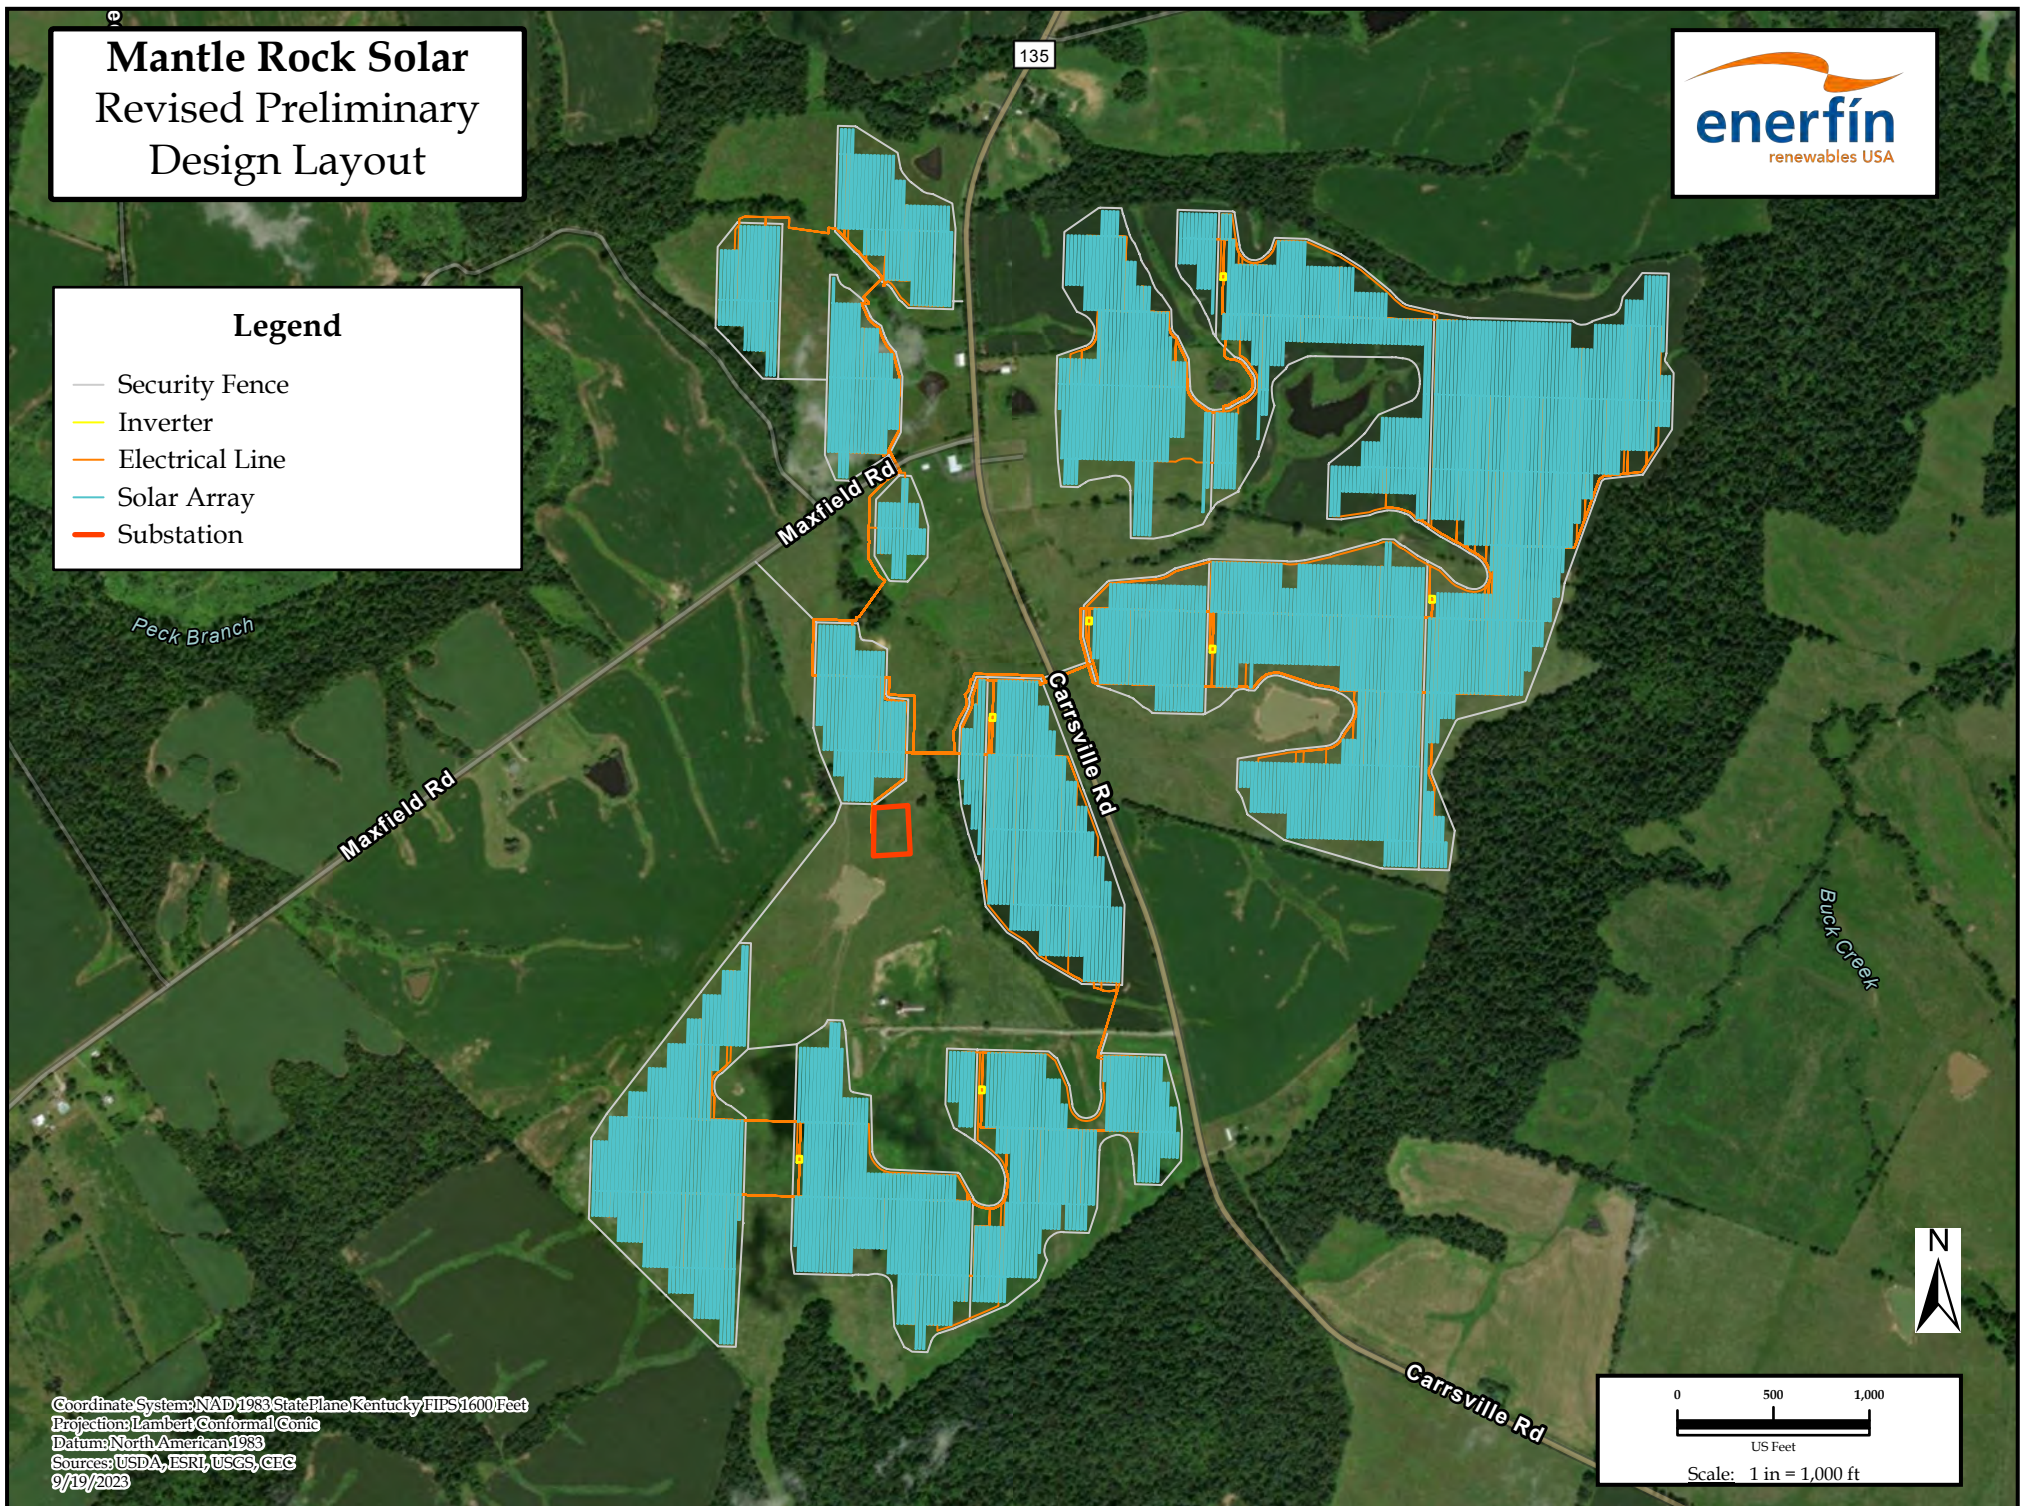

Mantle Rock Solar Revised Preliminary Design Layout

Legend

- Security Fence
- Inverter
- Electrical Line
- Solar Array
- Substation

Coordinate System: NAD 1983 StatePlane Kentucky FIPS 1600 Feet
Projection: Lambert Conformal Conic
Datum: North American 1983
Sources: USDA, ESRI, USGS, CEC

LIVINGSTON COUNTY MIDDLE SCHOOL SOLAR PROJECT

Economic Impacts

- Approximately \$70 Million Investment in Project
- 195 Construction and Linked Jobs (First Year)
- Estimated \$10.7 Million Labor Wages
- One Time Tax Revenues During Construction - \$107,000
- Over \$2 million in Property Taxes Over 30 Years

Property Values

- Evaluated Potential Impact on Adjacent Property Values
- Estimated effect of Solar Project on Character of Nearby Agricultural and Residential Areas
- Considered Setbacks or Distances from Solar Facility Equipment
- Assessed Potential for Screening and Buffering

Environmental Studies

- Critical Issues Analysis
- Phase I Environmental Site Assessment
- Wetland and Stream Delineation
- Threatened and Endangered Species Habitat Assessment
- Bat Mist-net Survey
- Cultural Resources Reviews/Trail of Tears Assessment
- Acoustical Analysis
- Glare Hazard Analysis
