Re: Case No. 2024-00

Dear Ms. Bridwell:

Enclosed for filing in the referenced case is Butler County Water System, Inc.'s (Butler System) application for an adjustment to its water rates. This ARF Application is being filed pursuant to 80 KAR 5:06 and uses the calendar year 2022 as the test year with appropriate adjustments to normalize revenues and expenses.

Butler System's revenue requirement calculation supports an increase in water rates of 34.5 percent. Given the impact that a 34.5 percent rate increase would have upon its customers, Butler System is proposing a two-year rate phase-in. In the first year Butler System proposes to increase its water rates by approximately 18 and by an additional 15 percent in year two.

The Attorney General's Office of Rate Intervention has also been provided with a copy of this application by electronic mail.

Sincerely,

Jacob Cuarta  
General Manager

Providing high-quality  
water services to  
families and businesses  
throughout  
Butler County.
