1 Customers taking Small Volume Gas Transportation Service ("SVGTS") are not charged the Gas Cost Adjustment because the customer purchases gas from an alternative supplier in Columbia's Customer CHOICE program. An actual gas cost adjustment, currently \$(1.0466) per Mcf, is applicable to volumes delivered under SVGTS if the customer was not supplied under SVGTS in the same billing month(s) one year previous. No change is proposed to the actual gas cost adjustment in this application.
2 Applicable to all Rate Schedule DS customers except those served under Flex provisions.
3 The currently effective Gas Cost Adjustment is shown in both the present and proposed rates, however the Gas Cost Adjustment is revised quarterly and the proposed rates will vary as approved by the Commission. The Gas Cost Adjustment Commodity includes a Gas Cost Uncollectible Charge presently \$0.0103 per Mcf and proposed to be \$0.0057 per Mcf. The Gas Cost Adjustment total applicable to a customer currently served under Rate Schedule GS or IUS that was previously served under Rate Schedule SVGTS is presently \$4.2446 and is proposed to be \$4.2400 only for those months of the prior twelve months during which the customer was served under Rate Schedule SVGTS.
4 The SMRP Rider is listed as it appears in Columbia Gas of Kentucky's tariff. Revised rates proposed in Case No. 2023-00335 have been placed into effect, subject to refund pursuant to the Commission's Order on December 5, 2023. Those rates per Mcf are Rate Schedules GSR & SVGTS: \$0.5301; Rate Schedules GSO, GDS & SVGTS: \$0.3210; Rate Schedules IUS & IUDS: \$0.2011; Rate Schedules IS, DS & SAS: \$0.0587.
5 The Impact of Proposed Rates has been calculated using the SMRP rates currently being billed, subject to refund, as referenced in End Note 4 above.
