RE: Formal Application to Increase Rates Pursuant to
Purchased Water Adjustment Regulation 807 KAR 5:068

Dear Ms. Bridwell:

The Green-Taylor Water District respectfully requests that the Commission allow for an adjustment to our rates in accordance with 807 KAR 5:068 Purchased Water Adjustment clause.

The District was previously notified by its supplier, Green River Valley Water District, that it would increase its wholesale rates by \$0.42 per 1000 gallons. This increase became effective on October 31, 2023. The result of this increase is \$25,032.42 in additional yearly supply cost for the District. This translates into \$0.09 per 1000 gallons of water sold to our customers. Therefore, we propose to increase our rates by that amount.

The following supporting documentation is enclosed for your review:

Exhibit A – Purchase Water Rate Adjustment
Exhibit B – Copy of Green River Valley Water District Notice of an Increase in Wholesale Rates
Exhibit C – Statement of Water Purchased
Exhibit D – Statement of Water Sold
Exhibit E – Notice to Customers
Exhibit F – Revised Tariff Sheet
Exhibit G – An executed copy of the Resolution of the Board of Directors formally authorizing the proposed rates.

The Notice to Customers will be published in accordance with Commission regulations and verification of its publication will be provided to the Commission.

Should you have any questions please don't hesitate to contact me.

Sincerely,

Josh Riggle, General Manager
JR/jlm
