4 **Response)** Nucor was a new steel mill still under construction when it began taking
5 service under its special contract with Meade County RECC. Under that contract,
6 Nucor paid FAC charges on energy sales prior to the Service Commencement Date,
7 as it was ramping up its business. The FAC has not been charged on sales for service
8 to Nucor beginning on Nucor's Service Commencement Date, which was December 1,
9 2022.

10 Block Mining (formerly, Blockware Mining) was also a new business when it
11 began taking service under its special contract with Jackson-Purchase. Block Mining
12 has not paid FAC charges on market rates sales since that contract became effective
13 on October 14, 2021.

14 Kimberly-Clark has not paid FAC charges on market rate sales under the
15 Standby Service tariff since Kimberly-Clark was moved to Kenergy's Standby Service
16 tariff for March 2022 billing.
